## Plainview Poetess

At the Joyce Road School in Plainview, Mrs. Bretzfield's Sixth Level Class was involved in a creative writing lesson which centered around poetry. The boys and girls were asked

to pick a theme in relation to contemporary problems, and the following poem by Barbara Cassidy, 11-years old, is an example of the work that resulted from this discussion:

### THE FREEDOM BOAT

If all the world would come to love,  
And everyone would do their stuff,  
The job of peace would be half done,  
And even half's enough,  
For when a world's as bad as ours,  
And war is in such quantity,  
And hate makes up so much of life,  
We've got to try as hard as can be,  
Come listen now, for if you don't,  
And keep covering your ears  
With the collar of your coat,  
If you ignore the words I say,  
You've surely missed the Freedom Boat.

The installation of the Jewish War Veterans held on Sat. Feb. 14, at the East Nassau Hebrew Congregation. From left to right: Charles Kittenplan, the new Commander, William Olitsky, the first Commander of the Post, William Selikov, the immediate past commander. ## Commissioner Looney Asks For New Drug Legislation

Nassau Police Commissioner Francis B. Looney, president of the New York State Association of Chiefs of Police, will ask for drug legislation to provide the option of quarantine treatment or supervised rehabilitation treatment for first offenders in lieu of arrest.

"The present construction of the law," Looney said, "gives police no option. If we have evidence of a crime we must arrest. We have no choice, even though we know the tragic consequences of an arrest record for young people."

The proposed legislation would approach the drug-use problem among the young from a medical view-point. It would recognize the fact established by recent experience that sellers and suppliers of illegal drugs and narcotics, particularly on the street and school level, are also users. As such, they are, in effect, "disease carriers," and should be treated as such.

"We know," Looney said, "that drug abuse on the high school level is growing, and I'm not talking about glue-sniffing, pills

and pot, which is a sufficiently serious problem. I'm talking about a known increase in the use of hard narcotics, such as heroin."

"As things stand now, young people are arrested on drug charges; appear in court; and freed to either await trial or on probation, and return to the environment in which their actions resulted in arrest. There, the illegal action is renewed."

"It is our belief that the chain-reaction among teenagers must be broken. It is the teenagers and becomes a seller or supplier. It is a tragic mistake to send the known and unrehabilitated user back to school before a course of treatment and rehabilitation is completed."

"We are asking the legislature to give us the option to turn first-offenders over to a medical-social facility for quarantine treatment or supervised rehabilitation treatment."

"It is our feeling that this can be another valuable action in halting the spread of drug use among the young; a necessary step to prevent this disease becoming epidemic."

Those promoted to Vice President were: John J. Rieger, Martin B. Woods and Herbert J. Small; William J. ## Potholes Ahead

John C. Martling, Superintendent of the Town of Oyster Bay Highway Department, said today that a recent tour he has made of the Town's more than 700 miles of roads indicates 1970 will unfortunately be a boom year for potholes.

"I have been with the Highway Department since 1955," Martling said, "and this has to be one of the worst years I have encountered as far as problems relating to potholes."

The pothole season will not peak until mid-March, but already the Highway Department has begun receiving calls asking for repair work.

"We are aware of the problem locations," Martling said, "and we are working on them. But, the fluctuating weather - cold one day and warm the next - is making the job much more difficult."

Martling said the Highway Department was able to make a recent purchase of 500 tons of "cold patch" asphalt for emergency repairs. "Hot patch," which is used for the more permanent repairs, is not marketed until April.

Martling said the public should be aware that the Highway Department considers the repair of potholes a priority matter, but that the major repairs cannot be started until the weather warms and hot asphalt is available.

## Want A Job For A Few Weeks This Spring?

The U.S. Bureau of the Census needs local people to work on the 1970 Census of Population and Housing in this area. It was announced today by Louis W. Peters, District Manager of the census.

The jobs to be filled will be as census takers who will call upon households that have not mailed back their census forms or who have mailed back incomplete ones. Generally, they will work

near their own neighborhoods.

Jobs will last from three to five weeks in April and May. Some work will be done evenings and on Saturdays as some people are at home only during those times.

Applicants must be American citizens, 18 or older, and must pass a written test to show ability to follow printed instructions and do simple arithmetic. They must also be in good physical condition for walking, standing, and

climbing stairs. Most should have a home telephone, and for some a car will be necessary.

The District Manager is urging housewives, especially, to apply. He says past experience has shown the Census Bureau that they are careful, conscientious workers, and unlike most men, who have regular employment, they can take on short-term jobs. And he adds that most housewives welcome the chance to earn some extra money.

The Census Bureau is an equal opportunity employer.

Interested persons should apply at 94 No. Broadway, Hicksville or Bureau of the Census, 67A Nichols Court, Hempstead.

## Dear Friends

Beginning next week, and continuing for the next eight weeks, THE HERALD will bring you a series of feature articles on THE FUTURE OF HICKSVILLE. This will contain a summary of the Advisory Transportation Committee's Fact Finding brochure, and other pertinent information. We also suggest that any questions you may have as this series progresses, send them in and hopefully, we will answer them for you, with whatever information is available at that time. Sometime in April or May, the second brochure, which will contain specific recommendations, will be coming out. With the background of the first brochure and the series, we should be able to come to realistic conclusions on the subject of the future of the business area of our town.

There will be much more about this subject at the meeting of the HICKSVILLE COMMUNITY COUNCIL, set for this coming Thursday evening, March 5, 8:30 sharp at the Hicksville Library. Why not join us?

## Caso To Run For County Executive

Citing a "crisis of confidence and credibility," Hempstead Town Presiding Supervisor Ralph G. Caso, vice chairman of the Nassau County Board of Supervisors, has announced he will run for the office of Nassau County Executive.

In a toughly worded statement, Caso declared that the current county administration, the entire Democratic government philosophy, "is tired and outdated and no match for the complexities of a new age."

He added: "Broad new horizons lie ahead in this pivotal decade and I believe that my background, my knowledge of government, my experience and my accomplishments qualify me to take the reins."

Caso said he views town, village, city and county government as partners in a mutual enterprise, not competitors, and pledged to work closely with other municipalities to resolve the county's problems.

During his nearly 10 years as a member of the Nassau Board of Supervisors, Caso said, he "learned how different layers of government might have cooperated - and prospered through the relationship - and I saw this precious opportunity squandered."

Labelling the county executive a "lame duck," Caso served notice that he intends to "scrutinize his conduct - political and governmental - and call him to accounts whenever and wherever the need arises."

Caso revealed that he will recommend that the Nassau

Ralph G. Caso

Board of Supervisors not appeal the recent court decision ordering reapportionment of the board. He said he is formulating a "workable and acceptable plan" and that he will divulge that plan in the coming months. Turning to his program, he ticked off the issues that he will stress during the county executive campaign. He reviewed his accomplishments in the field of environmental protection in the town and promised to carry over his concern for the quality of life to the county executive's office.

"One of my first moves will be to tap federal funds that become available as part of President Nixon's environmental protection program," he said.

On the subject of crime and

Dear Editor:

Your article on the "Snowmobile Law", page 5, Feb. 12, was most interesting. I would like to further suggest an item or an editorial on gasoline powered, so-called "Mini-Bikes".

It appears that some parents are either naive or just don't give a damn.

I make deliveries throughout the Hicksville, Jericho and Syosset residential areas. Every day I see more mini-bikes being operated by youngsters on public streets including after dark with no lights.

One wonders if the parents of the children concerned are aware that the operator of such vehicles on a public street

## Ramblin' Rose

By Rosemary Walsh

Some of our winter programs have come to a close for the season. The Elementary Boys' Basketball Tournament ended, as reported last week. A few others are about to wind up. The high school basketball tournament, the floor hockey tournament, and the ice hockey club—just to mention a few. In front of me are the final results of the Hicksville Recreation Box Lacrosse League.

The Box Lacrosse Champions are the Apaches with a 5-0 record. They were followed by the Iroquois, Sioux, and the Mohawks. It was an exciting season. Player-Coach Chuck Arnone led the Apaches to the top. He scored 19 goals and had 16 assists. Second highest scorer was Wayne Thiel with 21 goals and 9 assists. Howie Schack supervised the league. (Aren't you surprised at all the areas we cover—I'm right here and it never ceases to amaze me.)

The skiers are still coming on strong with about 3 trips to go. This has been a good year for our downhillers.

Just as we were about to take a long deep breath before the spring rites (budget etc.) some young people approached us with 3 new ideas. Joseph Calamusa and John Pius are pressing for a karate club. Richard Calma and Nancy Dellamura want us to start a Hicksville Civil Air Patrol. Wayne Sternberger is pressing for a scuba diving club. Well—here we go again. (Good Lord, I've become a skier but now karate, scuba diving and flying—where will this job end, the moon, maybe?) But activity is the name of the game and we're glad to support all such good ideas.

This past Saturday was a good one. Plus the regular programs we hosted two big ones. A recorder Festival took place at Burns Avenue under the presence of Gerald Burakoff and William Goleeke (we also ran into George Jackson enjoying the marvelous sound of the recorder.)

The Junior High Gym and Cafeteria really jumped. Hundreds, perhaps thousand of Girl Scouts and Brownies flocked to what appeared to be a whopping success. They must be still counting the proceeds. All of these funds are scheduled to go to their camp program. Congratulations on a splendid affair and such excellent volunteer workers.

A last bit of good news is about a dear friend—Jim Curran. You

will remember him as a former Junior High teacher, then social studies supervisor. From here he went on to Freeport as assistant principal at the junior high. His next promotion was to principal of the senior high. Last night he called to tell us he has been appointed assistant Superintendent for Instruction at Huntington. He joins another old friend, Bill McCarthy, who is their other assistant. We let two good ones get away that time.

It feels so good to report all this good news but I must ramble off now—got to go skiing again.

Loves ya

BURNS AVENUE P.T. A. President, Mrs. Pat Olson (r.), and her cultural chairman, Mrs. Elise Harris, flank sculptor Kenneth Cook, whose work they purchased for the lobby of the school. Intrigued students are fascinated by this work, which they can touch as well as view. A contest to name the sculpture will be held at Burns with each student (hopefully) submitting a title.

ST. MATTHEW, CHAPTER 23  
Verses 36 through 40

MASTER, which is the great commandment in the law?

JESUS said unto him, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind.

THIS is the first and great commandment.

AND THE SECOND is like unto it... Thou shalt love thy neighbor as thyself.

ON THESE TWO commandments hang all the law and the prophets.

## Hicksville TARS Reorganize

On Friday, February 20 the Hicksville Teen-Age Republican Club had its first official meeting since its reorganization. The twenty-odd teens present heard Mr. William Gaborow, Mr. William Maher, Mr. Robert Jackson, and Mr. John Budnick speak on various portions of the club's future.

The club heard and approved the resolution of Mr. William Gaborow to make Flag Day, June 14, a national, state and local holiday, asking Assemblymen Ginsberg and Reilly and State Senator Cammerer to push for the early adoption of this idea as law.

Mr. William Maher, President of the Benest Franke Republican Club of Hicksville Inc., was also present, speaking about the problems that the club would face in its future. He emphasized that the club should not be totally political but also emphasize social and community service work in its activities.

The Vice President of the Hicksville Republican Club, Mr. Robert Jackson, spoke about the "nuts-and-bolts" part of making

the club work and stated that the Hicksville Republican Organization was fully behind the club in its activities. Mr. John Budnick, President of the Hicksville Young Republicans, also spoke. He noted particularly the trip to the United Nations being planned for the end of March and the State TAR day trip to Albany and the activities to be featured there (Gov. Rockefeller, Lt. Gov. Wilson, State Party Chairman Lunsigan, luncheon, and other activities) and noted that everyone should be ready with their forms as soon as possible.

Miss Carol Budnick, Chapter President, appointed Miss Jean Jackson as Election Committee Chairman for the elections which are to be held next month. Mr. Mike Bronzino was appointed social activities chairman.

The next club meeting, it was decided would be Friday, March 20, at which time elections would be held. The club will meet downstairs of the Seaman-Eisemann Insurance Building, 167 South Broadway.

## Fire Destroys Home In West Birchwood

On Sunday, February 22nd, the Jericho Fire Department responded to a house fire at 414 South Marginal Road. The initial alarm was received by the Fire Department at 11:20 A.M. from a resident across the expressway on North Marginal Road. The first engine company arrived at 11:23 A.M. and found the house fully involved with fire showing through the front, rear and roof. Extremely heavy smoke and high winds prevailed throughout the fire. The occupants, Michael P. DiBari and family, had already evacuated their

home. The family dog was later rescued at the rear of the building by firemen. Mr. DiBari was transported to the Meadowbrook Hospital burn center with multiple burns.

Fourteen Volunteer Firemen from the Jericho Fire Department sustained injuries, mainly burns, caused by the intense heat and flying embers. Although the flying embers blown by the high winds caused several brush fires, the neighboring homes were protected from damage from fire by the Fire Department.

## Report On Israel Set For Mar. 13

At Sabbath Services on March 13th at 8:45 P.M., Rabbi Rose of Temple Or Elohim will report back on his trip to Israel as a delegate to the Central Conference of American Rabbis Convention which is being held in Jerusalem March 6-10. For the first time in the history of the American rabbinate, a major American rabbinical organization will hold its annual meeting in the Holy City. Overall, there will be a party in excess of 400 attending the sessions. The primary object of the Reform Rabbis Convention is to show a deep sense of solidarity with Israel in this hour of crisis. In addition, the Hebrew Union College, which is the seminary for training of Reform Rabbis, has made it a requirement that one year of studies will be spent in Israel to provide every Rabbi with an excellent facility in handling Hebrew.

The public is cordially invited to attend the services which begin at 8:45 P.M.

## Ten Pin Talk

By Henry Dockswell

The long 3 day Washington's Birthday weekend seemed to have brought with it a malady called Bowling Anemia. The 200 bell rang only 11 times last Monday night and that hasn't happened in a long time. All that malarkey about "I'm tired Monday night that's why I can't bowl you should've seen me yesterday" doesn't look like to real an excuse.

A few of the guys did pretty well though. Art Rosenthal for instance. He watched his teammates, the Sid Simons, lose the first game to the Herb Brodys. Ed Roseman had smacked a 200 but Cap't Brody nullified that one with a 215 and the Brodys had the first one. Then Art took a hand. He rolled a 213 and a 212 to bring the Simons a 7-4 victory.

Sy Bruckner came up with a clutch big one in the rubber game to clinch an 8-3 win for the Hy Shapiros. Looking nice and tanned from his recent vacation Sy rapped a beauty, a 231, to beat the Milt Goldbergs and advance the Shapiros to a tie for 2nd place.

The guy that got the best game of the night was lucky Sid Sachs (lucky because he still retains his sanity). Sid fired a 236 in the second game to lead his men to a game total of 898. Pretty good total, but not good enough. The Ralph Diamonds, without any regard for other peoples feelings, racked up a 905. The Diamonds won 8-3 and buried the Sach's deep into 19th place (and that's

not a misprint). Milt Hoffman had kind of a mixed feelings night. A good feeling when he bowled a pretty 221 but a bad one as he watched his league leading teammates get beat. They were bowling the 5th place Leo Geyers and Leo's men took the first two games right off the bat. It wasn't until Murray Sussman threw a 211 in the last game that the Hoffmans salvaged three points. They fell to 5th place and the Geyers rose to that 2nd place tie with the Hy Shapiros.

The Simes' Boys took over undisputed possession of the league lead. No individual heroics, just a workmanship team effort. They have the second lowest team average in the league and that's their secret. They get a handsome handicap each week and they put it to good use. The only series they lost this Second Half was when they had to spot the opposition. This week they met the Julie Gershens and with the 43 pin handicap they almost scored a shutout. The second game ended in a tie so the Simes' settled for a 9 1/2 - 1 1/2 victory. Cap't Julie didn't bowl, because of some minor surgery, but he should be back in a few weeks.

Two teams scored shutouts. The 15th place Sid Holtzmanns clobbered the 10th place Norm Neys, rose four positions to 11th and drove the Neys down to 15th. The 11th place Lew Marks' upset the 3rd place Murray Kowlowitzes when Lou Vlamend, 205 and Harry Seaton, 200 teamed up to lead the Marks' to the shutout win. The Marks' took a mighty jump up to 6th and the Kowlowitzes fell helplessly down to 7th.

Honorable mention is hereby given to Red Karbel who was the last of the men to ring the 200 gong this week with a 207.

To walk beautifully - slow down, straighten up! Instead of tipping forward, swing legs out from hips.

While you sleep your face gives off excess oil. Stay clear skinned via a morning facewash with soap.

For the "opening rose" mouth: put on medium shade lipstick; outline in darker shade; make "O" circle of light shade around inner edges of mouth. Blend delicately.

Beauties of the Court of George I in England swallowed tiny doses of quicksilver to obtain a "white and fair complexion"

A droopy wig can mean too much city soot or sea air. Have wig cleaned more often for bright good looks.

Italian Americans, arise! come to the Hicksville Public Library - the next best thing to visiting the land of your fathers - though airfares are down, it's still cheaper to go by book!

For a good story of Italy try **AMADEO** by D. Barclay; the heartwarming story of a boy from a convent orphanage running away to find his mother, brings to you some of the sunshine and faith of Italy, or **THE SECRET OF SANTA VITTORIA** by R. Crichton, will renew your pride in every drop of Italian blood, even better than the excellent movie, it tells how the villagers kept their wine from the Nazis.

To teach the youngsters about the old land try **ITALY** by R. Steel (conditions today) **THE WONDER OF ITALY** by O. Cook; **THE ITALIAN STORY; FROM THE ETRUSCANS TO MODERN TIMES; OR THE ITALIANS** by Barzini. On Italians in the new world, try **THE STORY OF THE ITALIANS IN AMERICA** by Musmanno and **THEY CAME FROM ITALY** by Marinacci - they are the stories of famous Italian Americans.

For an armchair trip: **NAPLES** by Jan Lukas (ah, Napoli!); **ROME FOR OURSELVES** by A. Mennen - good pictures; **SICILIAN ROUND-ABOUT** by E. Bonner - more lovely scenes; **THE POPE'S BACKYARD** by C. Pepper - a picture tour of the Vatican;

**FODOR'S GUIDE TO ITALY** - practical information on what to see and where to stay; **PASSAGES FROM THE FRENCH AND ITALIAN JOURNALS** of Nathaniel Hawthorne (Italy in 1858 and 1859).

To teach the kids the language: **AN INVITATION TO ITALIAN** - simple guide by Madrigal; **ITALIAN IN A NUTSHELL** by Milela (Pocket-size volume).

For the edification of a new daughter-in-law: **THE FOOD OF ITALY AND HOW TO PREPARE IT** by E. & M. Knopf; **PASTA!** by E. Gendel (these are Italian authors?).

How about the great Italian art? See these volumes: **FLORENTINE ART** by Schott; **ITALIAN PAINTERS OF THE RENAISSANCE** by Berenson; **MICHELANGELO** by Wadley; **BOTTICELLI** (in full color) by Venturi; **ANDREA DEL SARTO** by Freedburg; **VENETIAN PAINTING** by Valescchi; There are also whole volumes on Da Vinci, Lotto, Giotto, Mantegna and others.

Then you might find use for **Follett-Zanichelli ITALIAN ENGLISH DICTIONARY** - 1864 pages with Italian abbreviations, weights and measures, idioms, technical terms, and there are two other Italian-English dictionaries in addition to Carla Pekelis' **DICTIONARY OF COLORFUL ITALIAN IDIOMS**.

## Caso To Run For County Executive

(Continued from Page 4)

drug abuse, he pledged to cooperate with local anti-addiction programs, to seek harsher penalties for drug pushers and to strengthen the hand of law enforcement officials in dealing with crime.

Caso said he will seek a countywide housing study to pinpoint the areas where the real need for public housing exists and where land is available.

"I do not intend to espouse a program which will be a threat to communities and which would destroy local autonomy," he said. "I will work shoulder to shoulder with local elected officials in contrast to the county executive who, like a spoiled child who doesn't get his way, is spiritlessly promoting the creation of a state agency which would override local zoning control."

Caso said "he favors federal takeover of welfare programs and said he will insist on 'stringent but compassionate administration of the Welfare system to weed out the goldbricks and insure that assistance gets to those who need it so badly - the aged, the infirm and the dependent.'"

On the subject of Mitchell Field, Caso said: "There is much that I approve and much that I dislike in the plan advanced by the Mitchell Field Development Corp. In the course of the campaign I will detail my own blueprint for Mitchell Field."

Caso said that as county executive he would gladly "don the mantle of leadership as a spokesman for suburbia," a role that he said the county executive has failed dismally.

## Institute Day

Today will join with Plainview Jericho and Tikkah Chapters of Hadassah to sponsor Institute Day on Thursday, February 26th at 10:00 a.m.

This year's topic is "Concepts in Judaism, conservative Judaism and the reconstruction movement."

Hadassah is pleased that Rabbi Bernard A. Rubinstein and Rabbi Elliot T. Spar will be guests for the day. In addition, a delicious luncheon is planned for those present. There is a \$3.00 donation, and for those with small children a baby-sitter will be provided for \$5.00 extra. Tickets may be obtained from Mrs. Phyllis Adelsberg, GE 3-2028, said a spokesman for Hadassah.

**GOOD CITIZENS HONORED BY DAR:** L-R - Miss Sharon Dr. Baird of Hicksville High School, Miss Barbara Ann Schramm of Lutheran High School and Miss Carol Ann Cuccu of Oyster Bay High School were honored by the Oyster Bay D.A.R. Chapter as Good Citizens for 1970 graduating classes from their respective schools. Each young lady was awarded a gold medal, a certificate and a gift of historical readings. Mrs. Mainard L. Chittenden, past regent of the chapter, was chairman of the awards program. Mrs. Joyce Perret, regent, presented the winners with their awards. A Candlelight Tea was held following the ceremony. Parents and other family members of each young lady were present to see the awards ceremony and to hear each winner give a short speech on her personal opinion of the lowering of the voting age. It may be interesting to note that one speaker was definitely for the proposal to lower the age, one definitely against it, and the third was equally divided in her pro's and con's.

## At The Zoning Board Of Appeals

Exclusive to the Herald  
By Nassau News Service

At its executive session on Tuesday, February 24th, the Oyster Bay Town Board adopted resolution to amend the Jericho Parking Ordinance regarding truck traffic, parking and stops.

The "No Parking-Both sides" sign will go down on Rockland Drive at Marginal Road. "No Parking Anytime" signs will go up on Rockland Drive for a distance of 200 feet south of Sullivan Street. The "No Stopping" sign will be removed from the east side of Manhattan Drive near Manhattan Court.

A "No Stopping during School Hours" rule will apply to the east side of Manhattan Drive where the "No Stopping Anytime" rule formerly applied.

No Trucks over 4 Tons Gross Weight will be allowed on Aberdeen Road between Jericho Turnpike and Harwick Road. The same rule applies to Harwick Road between Jericho Turnpike and Aintree Road and Roxbury Road between Jericho Turnpike and Aintree Road.

There was no opposition voiced at the public hearing of the Town of Oyster Bay Zoning Board of Appeals on February 19th to the application of Frank X. Mascioli for a variance to erect an office building with two-level parking structure occupying greater than 60 per cent of the plot area and having less average front set back and rear yard.

The unusual application refers to a building to be constructed on the West Side of Brush Hollow Road with egress both to Brush Hollow Road and Jericho Turnpike. The Turnpike side is higher, providing entrance to the second parking floor. The Brush Hollow Side, which is lower, will provide entrance to the lower floor, which will be dug out to a degree to accommodate parking. Over the two parking floors will be two floors of office space with an aggregate area of 50,000 square feet of floor space. The rear deck of the building will be only 6 feet from the property line.

The building, on property now zoned Business F, will be 35 feet high on the Jericho Turnpike side, which is within zoning regulations. On the Brush Hollow Side, however, with depressed parking area, it will exceed 50 feet height, more than 15 feet over zoning regulations.

The matter was put on the holdover calendar pending communication from the Nassau County Planning Commission.

**Mother Daughter Granted**  
A permit was granted at the public hearing of the Town of Oyster Bay Zoning Board of Appeals to George E. Eldi, Jr., of Hicksville, to install a second kitchen for use as a mother-daughter dwelling. The residence is on the southeast side of Lee Avenue about 150 feet east of Auburn Lane.

A number of residents of property adjacent to Holy Trinity Diocesan High School, Newbridge Road, Hicksville were present at the February 19th meeting of the Zoning Board of Appeals in Oyster Bay to protest that athletic field, which were to have been removed by the end of 1970, were still present and more objectionable than ever.

Mrs. Thelma Sirower, 41 Cherry Lane; Otto Liban, 83 Fox Place, and Anthony Rossi, 84 Fox Place spoke in protest of the delay. The bleachers were erected in the spring of 1969 along the property lines of local residents. In October, 1969, a group protested to the Zoning Board, and the Board gave the Diocese 90 days in which to take them down. The contractor for the Diocese requested another 90 days in which to remove them. He was granted the additional 90 days, and assured the Zoning Board that the bleachers would be removed by that time.

At its executive session on Tuesday, February 24, the Oyster Bay Town Board adopted a resolution to amend the Plainview Parking Ordinance in regard to stop signs, school crossing sign other regulations.

The stop sign at Diamond Drive and Manetto Drive will be removed. Stop signs will be installed on Maple Gale at Evelyn Road. Stop signs will be installed for eastbound traffic on Stevens Lane at Maplewood Drive and for westbound traffic on Shtel Road at Maplewood Drive. Traffic eastbound on Mark Place will stop at Grace Street. Stop signs will be placed on Commercial Street, Express Street and East Ames Street at Executive Drive.

A "stop-school crossing" sign of the hinged type will arrest traffic north and south on Central Park Road at Southern Parkway. The "No Stopping Bus Stop" rule at Robert Street and Haypath Road will be rescinded. The sign will be moved 96 feet west.

A "Do Not Block side Road" sign will go up on Old Country Road 26 feet west of Janet Drive.

said there was presently more fertilizer stored outdoors on the land than there would be in Agway's plan. He added that the Agway installation would broaden the neighborhood's tax base, and would be more beneficial than the construction of 18 homes, as proposed by the Holy Family Parish Council.

Some quiet murmurings of protest among the audience throughout Mr. Shepp's presentation turned to belly laughs when Mr. Shepps suggested that Agway's major Sunday morning business would be the "sale of flowers to churches." Mr. Schoepflin admonished the audience that the "petitioner had a right to be heard."

Mr. Schoepflin took opposition to Mr. Shepps next statements that "it is not fair to have to continue a business where it will fail," and that the "use of the premises is already set." Holding up a copy of the February 12th issue of the Mid-Island Herald

containing a front page article on Mr. Wettureau, he said, "it says here that Mr. Wettureau's business is not going to fail, and that he wants to move his quiet business to East Quogue."

He then said that Agway does not inherit Mr. Wettureau's use of the property, in that Agway was a large commercial enterprise as contrasted with local farming.

After reading the names of persons who had written letters to the Zoning Board regarding this matter, Mr. Schoepflin opened the floor to residents. Mr. John P. O'Rourke, of the Holy Family Parish Council, said that while Sunday morning might be quiet for Agway, the church had recently begun masses at 5 P.M. on Saturday, which are so crowded as to allow only standing room. He felt traffic from parishioners and Agway's Saturday afternoon customers might cause a problem.

Joseph Magee, of 37 Arch Lane, deputy Town Clerk but acting as a private citizen in this matter, submitted the names and addresses of those attending the hearing. Thomas Maloney, of the Holy Family School Board, 8 Sunnyfield Road, expressed his concern about the number of children using Newbridge Road to attend Hicksville High School, Holy Family Grammar School and Holy Trinity High School.

**Church Should Buy Land**

The Right Reverend Martin J. O'Dea expressed concern that Agway might expand in time and become a real nuisance.

At this point, Mr. Schoepflin suggested the church ought to buy this land and that Mr. Wettureau should get a fair price. He added that although it would

be costly, it would be a good investment for the church.

Others who appeared in protest were Cornelius McCormick, of the Hicksville School Board and Harold Kroner, 37 Ellwood Avenue. Mr. McCormick said that he would like to see cooperation between town and local groups to put senior citizen housing on this parcel of land.

## New Security Firm

Several months ago a newly-formed Licensed Private Investigator's Agency opened in the Village of St. James, Suffolk County, Long Island. The firm is owned and directed by a former First Grade Detective of the New York City Police Department, Mr. Thomas F. The Agency specializes in PLANT SECURITY, an area requiring a high degree of professional police experience and training. Hicksville High capped the biggest second half comeback in its 47-year basketball history, Tuesday night, as it defeated Plainedge's finest team 62-44 to win second place in the North Shore Section One race.

Hicksville swept the slate of six second half league encounters to complete a banner season of 13 victories and 5 defeats.

As coach Buddy Byran and his assistant Nick Manfredo built this club they played a hard schedule to gain the results. It was not a lollipop schedule. The Comets lost three games to clubs rated in the top ten of Nassau - Uniondale (16-2), Syoset (17-1) and Bethpage (16-2).

The Orange and Black thus boasts high-credentials for the Nassau Playoff tournament which has its first round Friday (to-night) and the second round Tuesday afternoon.

Pairings and court sites were to be announced late Thursday after the Herald press deadline.

In an earlier encounter Plainedge slipped past the Comets who were without the services of Rich Berg. This time both teams were under the strain of 8 and 3 league records and sorely wanted the second place prize.

Rich Miracola fired Hicksville in the first half with 8 points and the Comets held an uneasy 25-18 halftime lead.

Playing his farewell game on the Hicksville court, Don Masey came to the fore. He dominated both backboards and stated a varied assortment of point production which total 21 and left Plainedge reeling.

He strung seven straight points together at the start of the fourth period and issue found Hicksville in the vain 44-29 with six minutes left.

This left coach Bryan with a chance to clear his bench and withdraw the Senior trommen Joe Zuckerman, Miracola and Joe Schrieber to the plaudits of an appreciative crowd.

The final thunderclap of applause was for the departure of Masey. It was a genuine standing ovation acknowledging his three backbreaking seasons for the Hicksville center. Those years he proved to be the best at the position in the history of the school.

For coach Byran it realized a three year winning percentage of .636 achieved on 35 wins and 20 defeats. Had he chosen to avoid such court powers as Hempstead, Uniondale, Bethpage, Long Island Lutheran, Great Neck North etc. the record could have easily been 45 and 10.

However he then would not

have a team capable and ready for these 1970 playoffs.

We believe that this club will be the first one in Hicksville to advance to the North Shore semis at least. Hicksville will win Friday and Tuesday rounds.

You have to admire the battle that the Hicksville Junior High 7th and 8th grade team gave before losing to Bethpage, 49-44. In a trying season for the learning Blue and White the effort was one to be proud of.

Vinnie Miracola scored 19 points and grabbed 15 rebounds for a fine afternoon. Frank Nobile came up with 10 points and Jim Wittenborg had 8. Bill Kirsch, Brian Loftus, Ned Director and Rich Holly had 3, 2 and 1 points respectively.

By refusing to get discouraged team members show a lot of promise for future Hicksville years according to coach Jay McAuley.

The smiles were broad and wide when the Hicksville Junior Varsity completed a 66-43 win over Plainedge. The season concluded on that high note as the team had a 17 won and 1 lost record.

A picture of that happy group is below.

Hicksville High qualified eight men for the North Shore Wrestling championships to be held at Syoset High this weekend.

Rich Kowalchuk won an 8-3 routine 175-pound match and he is regarded as the Comets brightest hope on the championship mats.

In the Division One championships Bruce Hirschfield won third place in the 107 group. 123-pound honors went to Tony Defendis in an exciting 8-3 match. At 137 Lou Chioda won first place from Farmingdale's top contender 6-1.

John Weiler had a hard match and lost the 137-pound consolation 4-3.

The 155-pound meeting was the most explosive as Farmingdale's Rick Gerardi, selected as the outstanding wrestler of the meet, barely decided the Orange and Black's Kirk Jugelivitch 6-3. There were more than one cat for the official interpretations handed down in this match.

Tony Gacomaggio took third place in the 165-pound event.

In a hotly contested match Hicksville's Tony Yanotti was defeated, 1-0, in overtime on an official's decision. That was at 185-pounds.
