NEWS ROUND-UP

Census '70

At a ceremony last week Mr. Ralph G. Cascardi, Postmaster of Hicksville, cut a length of computer tape, officially opening the district office in Hicksville from which the 1970 Census of Population and Housing will be directed in this area. Dorothy A. Duggan, Manager of the district office, explained that computer tape is symbolic of the Census Bureau's modern electronic equipment that will process the data collected in the census. Others attending the ceremony were: Councilman John S. DaVanzo, representing Town Supervisor Robert Meade of North Hempstead; Hempstead Presiding Supervisor Ralph Casso; Councilman Frank O'Connor of Oyster Bay.

To Hear Caso

The Ernest F. Francke Republican Club of Hicksville will hold its regular monthly meeting at 8:30 P.M., on Friday March 13. The meeting will be held at the Old Country Manor, Old Country Road, Hicksville.

Operation VFW

William M. Gouse, Jr. Post No. 3211
by Eddie Klebing

IS THE NIXON ADMINISTRATION ANTI VETERAN?

Members who read the article "A DISMAL SHOWING - Administration Record is Anti Veteran" in the December issue of their V.F.W. magazine should be fully aware now of the urgent need for a much needed change in the administration's attitude toward the V. A. hospital program.

The dismal record the administration is showing in veterans affairs falls short of the

promises made by the President earlier last year.

In the article Congressman Olin E. Teague, chairman of the House Veterans Affairs Committee, mentioned some 20 million dollars of modern medicines advanced technological equipment now standing idle - due to lack of personnel to operate it.

On Christmas Day, 1969, an article about the growing crisis in the veterans hospitals appeared in the Washington Post. On January 27, Congressman Teague had the story included in

REMIGIO E. FERRARA, State Commander, Veterans of Foreign Wars, presents 100 percent Membership Plaque to Harry Wirth, Commander William M. Gouse Jr. Post 3211, HICKSVILLE. Looking on is Nassau County Commander Alphonse Villari.

the Congressional Record (page E 356).

In essence the article blames a budget trimmed down by the Nixon Administration, for which 80 per cent would go for salary increases; rising costs of medical equipment and shortages of doctors, nurses and other personnel.

Congressman Teague, in the article, accused the administration of reducing medical care in VA hospitals to second class status and asked for a meeting with the President to discuss the situation.

Continuing his fight for the improvement of veterans hospitals, Chairman Teague, in an article appearing in the January 21 issue of Army Times again charged the administration of ignoring medical needs of wounded veterans and pledged to deal with the problem forcefully early. The chairman stated the VA hospital system will have priority attention in the committee this year.

From time to time Congressman Teague has risen in the House to remind his fellow lawmakers the serious situation facing the VA hospital system. For example:

February 10 - Arkansas VA hospitals facing funding and staffing problems.

February 16 - VA hospitals in Illinois understaffed and underfunded.

It's the same story with hospitals in Montana, Alabama, Salt Lake City, Georgia and other veterans hospitals throughout the nation.

The need is urgent to correct the deficiencies in our VA hospitals. Our wounded veterans from Vietnam return as first class citizens and should be treated accordingly in veterans hospitals. The Administration must look into the crisis of our eroding VA hospital system now before it is too late.

A.L. Auxiliary

The annual dinner honoring the department President of the American Legion auxiliary Mrs. Ann J. Robinson, of Poughkeepsie, will be held on Thursday, March 12th, at "Old Country Manor", 244 Old Country Road, Hicksville, at 6:30 P.M.

At this time Mrs. Robinson will be informed of all work done by Nassau County Auxiliary members and a highlight of the evening will be the presentation of a check to her by Mrs. Cynthia Hochbrueckner, Nassau County Chairman. This check will go to the special project of the department president which is a "Recreation Building for Retarded Children".

St. Johns Alumnae

In keeping with the sanctity of the Lehten period, the St. John's University Alumnae Association will sponsor a mass and illustrated lecture on Padre Pio of Pietrelcina on Thursday, March 12, at 8 p.m. at the University's Jamaica campus, Grand Central and Utopia Pkwy.

The 8 p.m. mass celebration will be in the Our Lady of Lourdes Chapel which is located between St. Augustine Hall (the library) and Marillac Hall. The mass will be followed by a lecture illustrated with slides on the Italian Capuchin Franciscan priest who carried the Stigmata

from 1918 until his death a few years ago. Guest speaker will be Mr. Joseph Peterson of the Sacred Heart Parish in Yonkers, she was a personal friend of the priest since their meeting during WW II. Padre Pio is the only priest to carry the Stigmata, the Christ-like bleeding wounds in the hands, feet and left side. He amassed a following of millions of admirers and is credited with hundreds of miraculous intercessions and cures.

For further information, please contact the University Alumni Relations office at the Jamaica campus by calling JA 6-3700.

Police Awards

Nassau Police Commissioner Francis B. Looney today released the names of 96 members of the force who will receive meritorious police service awards on Tuesday, March 3 at 2:00 P.M. in the Assembly Hall, Police Headquarters, Mineola.

The five top awards, Exceptional Police Duty Certificates, will go to Detective Arthur L. Cunn of the Public Safety Squad; Detectives Peter Kurtz and Richard Sinski of the Forgery Squad; and Detectives Anthony Miraval and Lincoln Wangerien of the Burglary Squad.

Cunn of Hicksville, was cited for his skill and courage in climbing a water tower, locating, and safely retrieving a jar that was half filled with an explosive liquid, on March 21, 1969. That evening an anonymous caller reported that a bomb had been placed on the water tower on Drexel Avenue, Westbury. The Public Safety Squad responded and Cunn, flashlight in hand, climbed the 160 feet tower and spotted the device perched on a crossbeam 90 feet above the ground. He crawled along the crossbeam, retrieved the jar, put it in his pocket and precariously descended the tower. The device proved to be a high order explosive, blasting flames 100 feet in the air when it was detonated in the bomb truck's explosive tank.

Among the Excellent Police Duty Award winners are: Detective Lieutenants Daniel P. Quido of Mineola and Richard C. Ketcham of Hicksville; William J. Bruning of Plainview, John T. Micena of Levittown, Edward H. Quinn of Levittown, Alfred S. Vinciner of Levittown; Carmine Bianco of Jericho, Ronald D. Dillon of Levittown, Albert J.

Dear Friends

The Sustaining Membership Enrollment Campaign of the Nassau County Council, Boy Scouts of America has opened throughout the County, according to Charles S. Rockwell, President of Sperry Gyroscope and Council Enrollment Chairman. "Memberships are in three categories", he explained, "which will give all those interested in Scouting an opportunity to enroll as members.

Major Memberships are \$100.00 and up; General Memberships at \$25.00 to \$99.00, and Associate Memberships range from \$10.00 to \$24.00, according to Mr. Rockwell.

Heading up the Enrollment Campaign in Hicksville as Chairmen are Mr. Kingsly Kelly and Mr. Henry Brenner, in Plainview Mr. Andrew Cacciola and Mr. Al Govanelli, in Jericho Mr. Burt Titus and in Levittown Mr. George Nager and Mr. Wilson Meyer.

The enrollment effort is scheduled to be completed by April 1st, by which time, it is hoped, the goal of \$470,850 in memberships will be achieved. Mr. Rockwell indicated that the success of the Scouting Program in the County for 1970, is dependent on reaching this goal. All friends and families of Scouts will be invited to enroll to insure the continuance of the benefits of the Scout Program to more boys. They may enroll through the local committees in Hicksville, or send their Membership fee directly to the Nassau County Council, Boy Scout Service Center, Shelter Rock Road, Roslyn, N.Y. 11576.

AN ECLIPSE OF THE SUN is very rare, although we don't mind dating ourselves...we do remember one when we were very young! There will be one on Saturday, March 7, starting at 12:25 p.m. and reaching its peak at 1:42. Several major television networks plan to cover this exciting event live, also. We understand that it is not wise to stare directly at the sun as it is bad for the eyesight. So, perhaps TV would be a safer way to watch this exciting event.

As we promised, the first installment of our feature series, THE FUTURE OF HICKSVILLE, is in this issue. If you have any questions, as we go along, send them to us at One Jonathan Ave., Hicksville, 11801 and we'll do our best to answer them for you.

Until next week, stay well.

Sincerely,

Hicksville The Threshold of Change Potential Tobay Hub Should Prepare For Growth, Says Planning Commission

Exclusive to the Herald
 By Nassau News Service

This article is the first of a series of eight articles based on the 49-page brochure, "Hicksville: A Framework for the Future," published by the Nassau County Planning Commission in conjunction with the Hicksville Citizens Advisory Committee for Transportation and Development. The brochure, subtitled "Vol. 1, Survey & Analysis," will be followed by another to be published in May.

In the summer of 1968, the Town Board of Oyster Bay established the Hicksville Citizens Advisory Committee for Transportation and Development to work with the Nassau County Planning Commission in analyzing Hicksville's growth and position in the county, with the companion attempt to foresee and devise means of meeting future challenges to the changing community.

Why does Hicksville rate this attention? A motorist driving north on Broadway from Old Country Road to Jericho Turnpike, or a hurried commuter standing in a jammed train to New York City can answer this question almost as well as the experts. In population (50,705), Hicksville has grown faster since 1950 than any other community in the county. It has the greatest number (4,200) of commuters using the local railroad station; it has come to be served by one of the most complete and efficient networks of access highways; it has become a retail and commercial center, the local of major retail store branches and headquarters of numerous companies.

Along with this Topsy-like growth has come the deterioration and loss of effectiveness of the downtown area, unwieldy land parcels formed by road widenings, an increase in traffic flow through downtown, pressure for more parking, more effective bus service, increased demand for commercial and apartment units.

In view of Hicksville's unique location in terms of rail road and automobile routes, Hicksville has grown and continues to grow in a somewhat haphazard manner as a result of external forces. The Town Board and the planning experts are certain that Hicksville will someday become the commercial and retail hub of the Town of Oyster Bay.

Standing on the threshold of becoming a leading suburban downtown, wherever possible, they say, local and regional efforts should be devoted to the realization of this tremendous potential.

205-Acre Focus

The downtown area, which can be considered an "old" area in terms of the condition of its structures, is the area in which major changes can be expected in Hicksville's landscape during the next ten years. More parking, better transportation facilities, more commercial and apartment units will be needed, says the Planning Commission.

The report's purposes, the focal area of Hicksville is a 205-acre square of land bounded on the south by Old Country Road, on the North by Sears and Mid-Island Plazas on the east by Avenue and the Road and straight perpendicular Road Northeast west of

from consideration land used for roadways, the total number of acres studied is 132.

This amounts to only 5 per cent of Hicksville's land, but says the Commission it is the key five per cent which, as changes occur, will have its repercussions throughout the entire community.

Tied in with this concern for the downtown area is the commission's proposal of a major transportation facility, to be built by the Metropolitan Transit Authority. To consume a sizeable segment of land in the vicinity of the railroad, it will include parking, rail-bus connections and supporting commercial uses.

Meeting the Challenge
 Changes are expected to come

to this area of Hicksville with or without a plan because of expected population growth - if not in Hicksville, then in surrounding areas; economic expansion; and improvement in transportation facilities.

Without a plan, this section of Hicksville could become a hodge-podge of uses on small building plots, reducing the value of residences and commercial buildings in the area and not fulfilling the tax potential this area should bring in. With a plan, says the Commission, large blocks of property will be given over to specific uses which can live happily side by side, resulting in a beautification and increase in effectiveness of this area.

Next week: Hicksville's Unique Location.

Jericho Rezoning Denied

The petition for a change of zone from Residence C to Business G for the 11-acre parcel occupied by the Jericho Country Club on Jericho Turnpike against which major opposition was staged at its January 13th hearing, was denied at the Executive Session of the Oyster Bay Town Board on Tuesday, March 3rd.

About 150 citizens, mostly from the Birchwood Park Development, appeared at the January 13th hearing to present what Supervisor John Burke called a "well-organized protest campaign."

The application of David Levine, William Greenberg, et al, was made in order to erect a major office building with a 1,000 car parking lot.

Council Ralph Diamond, a resident of Jericho, issued a statement which read: "The main reason influencing the decision in this matter was the dangerous traffic condition that would have resulted when a proposed office building had been located on this site. A detailed study of the testimony given in the public hearing indicated that there was no safe way that the volume of cars exiting from the proposed office building could travel in a westerly direction."

Diamond said "these cars would therefore use Marion Lane and the interior streets of the Birchwood Development, creating havoc in that area."

He said that the present owner of the country club site was now precluded for the period of one year from bringing another application before the Town Board for the same type of zoning release. An application for a different use could, however, be brought at any time.

B'way Lawyers Get Zone Change

The Town Board of Oyster Bay at its executive session on Tuesday, March 3, moved to grant a zoning change from Residence D to Business G to Edward Blodnick and George Haber for property fronting on Broadway about 66 feet west of Lee Avenue.

Messrs. Blodnick and Haber are attorneys with the firm Kanter, Blodnick and Haber, whose offices are housed in the

building presently on the property, along with other offices. The original zoning on the property calls for Business G 100 feet deep from Broadway prior to its widening, which made the business area only 80 feet deep.

The attorneys petitioned that the entire property be zoned Business G to permit the erection of a one-story addition at the rear of the building.

Country Club Application Denied by Town Board

By Art Rosenthal

Councilman Ralph Diamond advised The Villager that he recommended a denial of the application to rezone the Jericho Country Club property and that the Town Board unanimously voted to deny the application.

Diamond stated that the main reason influencing his decision of denial was the dangerous traffic problem that would have resulted by the construction of an office building on that site. A detailed study of the testimony given at the public hearing indicated that there was no safe way that the volume of cars exiting from the proposed office building could travel in a westerly direction. Those cars would, therefore, use Marion Lane and the interior

streets of the Birchwood community.

Diamond, in response to The Villager's question as to the applicant's present legal rights and remedies, stated that the applicant could now do the following: a) commence an Article 78 proceeding in the Supreme Court against the Town Board to reverse its decision, b) operate a country club pursuant to its special use permit, c) build homes. Diamond further pointed out that the owner of the country club site could not for a period of one year bring another application before the town Board for the same type of relief. An application for a different type use could be brought at any time.

A WINNER: Syosset High School home economics teacher, Mrs. Marilyn Law, samples a culinary effort prepared by Jacqueline Hess. The Syosset Senior was recently named a winner of the 1970 Betty Crocker Homemaker of Tomorrow Award by General

Mills. Award was based on scores in a homemaking knowledge and attitude test taken by high school senior girls in December. The daughter of Mr. & Mrs. William E. Hess, 66 Stuart Drive, Syosset, Jacqueline is now eligible for one of 102 college scholarships totaling \$110,000.

Budget Review Panel Confers With Board

Twenty four Jericho residents met recently with the Board of Education at the initial Budget Review Panel session to study and help develop the proposed 1970-71 school budget.

Howard Jankowitz, President of the Board welcomed representatives from the district's PTA and Civic Association groups and interested citizens. David Nydick, Superintendent of Schools, indicated that "while most communities present a total budget, already prepared, this Board is actually preparing a proposed budget with the community." In this manner, Jericho residents receive budget materials for review and are in a position to better understand budget areas and to provide information to their neighbors.

As has been Jericho's tradition, the Budget Review Panel considers the educational needs of the children of the district and the proposed costs to meet these needs.

The areas under study at the initial meeting were codes concerning the Board of Education, Central Administration and Community Services.

The next meeting will be held at 8:15 p.m. tonight in the Senior High Library. The items to be discussed are: Transportation,

Ten Pin Talk

By Henry Dockswell

The Bowling Bombers of the BCA improved the quantity of 200 games somewhat over the previous week but the quality was outstanding. Three men broke that elusive 600 mark for a 3 game series.

The biggest man of the three was Lou Videman. He boomed a 225 in the first, a 246 in the third and sandwiched a meager 181 in the second for a New Hi Series Scratch of 652. His teammate, Harry Seaton, fired a 219, a 214 and a tired 197 for a beautiful 630 which is a New Hi Series Hdcp. of 747. Needless to say such blasting shattered a few team records and the Low Marks' now hold Hi Team Game Scratch of 964 and Hi Team Series Scratch of 2818. The opposition, the Milt Goldbergs, bore the brunt of this blasting and dug deeper into 17th place. The Marks' rose to 3rd in a race where the 12th place team is only 11 pts. behind the league leader.

The third man Nat Warren, cracked his big one, a 220, and then followed with a 192 and a 191 for his best series of the year, a 603. His Capt., Ralph Diamond, threw a 215 for the cause and the Diamonds shut out the league leading Ivy Simes' to really tighten up the race. The Simes' fell to 4th and the Diamonds rose to 8th only 7 pts. out. The mention of Nat Warren's name reminds us that 3 weeks ago we forgot to report that Nat made the almost impossible 8-10 split. Evidently he was warming up for this display.

There were 6 shutouts this week. The two aforementioned ones and 4 others:

The Herb Brodys, led by Jerry Leight's 211 and Capt. Herb's 203, clobbered the toothless Sid Sachs'.

The Sid Holtzmans, led by Capt. Sid's 203, whitewashed the Bill Sussmans despite Buddy Flander's valiant 226 in a losing cause.

The Murray Kowlowitzs, led by that new terror of the boards Norman Kowlowitz, blanked the Bill Kellermans. Norm hit a 212, his second good one in three weeks.

The Sid Simons, you might say, go as Art Rosenthal goes. Three weeks ago Art started toowellike his old self and they won their first series of this Second Half. He has continued his pace and this week his 210 led the way for the Simons shutout victory over the Gershenshies Julie Gershens. Julie may be back next week.

Meanwhile, sitting in 1st place are the Hy Shapiro's who rose to that position when they defeated the Bernie Kaplans 8-3. In 2nd place are the Leo Geyers. Leo rapped a 202 in the second game and believe it or not that was the one game the Geyers lost as they beat the Norm Neys 7-4.

Milt Hoffman was the only other man to hit the 200 gong. He threw a 206 but it didn't help his team as they lost to the Red Karbels 8-3.

Excerpts From Recent Meetings

Jericho Board of Ed Highlights

Driver Education Program:

Mr. Nydick recommended that the driver education program be made available to those students in the Junior Class who will be 17 years by the end of the course. The extension of the program during the second semester for 104 juniors will be the first step in making the program available to 211 eligible juniors beginning with the next school year.

January Student Enrollment:

Mr. Nydick reported that pupil enrollment for January was 3,920, an increase of four students over the previous month.

ESEA Title I Program:

The Board authorized Mr. Nydick to apply for a grant of federal funds for the continuation of Title I Programs which provide individualized instruction for resident students with the greatest economic and educational disadvantages. A recent film presentation and report by Robert Ferns, Administrative Assistant to the Superintendent, indicated positive reactions and progress of pupils in Title I summer learning activities.

Physical Education Programs

David Nydick, Superintendent, and Robert Manheimer, Assistant Superintendent, introduced Domenick Morelli, Chairman of Physical Education, who reported on the modifications and improvements which have been made in the secondary physical education programs. A film illustrated such new activities as snorkeling, scuba diving, surf boarding, diving, water polo, indoor archery and modern dance. Mr. Morelli indicated the success of such co-ed activities as volleyball and archery. A wider range of activities, both required and elective is resulting in greater student interest and better use of staff specialties.

Approval of Policy on Summer Sabbatical Leaves

The Board of Education approved a revision in policy which will grant a teacher who has completed a minimum of seven years of continuous service in Jericho a summer sabbatical for graduate study. The course of study, as approved by the Board, must be completed within three summers. The advantage of this new program too the district is that students will continue to receive a teacher's full services during the regular school year without interruption.

Citizens Committee to Study Taxation

The Board announced that Mr. Nydick is organizing a joint committee of citizens and staff to urge the legislature to carry a fair share of the rising costs of public education. Mr. Nydick and members of the Board urged citizens to become actively involved in a community effort to study alternatives for more equitable taxation and to participate in a strong drive to insure Jericho's fair share of state aid. It was pointed out that the new laws on state aid will cost the Jericho School District more than \$400,000. The governor's proposal only returns \$20,000 in operating aid.

Project By Students To Benefit Indians

Printed below is a letter received last week by Don Becker, president of the Birchwood Civic Association, which concerns a project sponsored by students of Jericho High School to assist the Sisseton-Wahpeton Sioux Tribe. The letter will be presented to the BCA Board of Directors for decision. However, as a public service, The Villager wants its readers to be aware of this commendable project should anyone desire to assist financially as an individual.

Dear Mr. Becker,

The Student Action Movement of Jericho High School is attempting to finance a project for the benefit of the Sisseton-Wahpeton Sioux Tribe. This project entails the purchasing of a number of young heifers which will be raised by the teenagers of the tribe. The purpose of this project is to show the Indians the modern methods of raising cattle. This project is self-perpetuating because as the calf

reaches maturity it will be bred, returning the offspring to the project for future use.

For this project to be instituted we need \$1200. Our club has tried numerous ways to raise this money, one of which was our recent Folk Festival, but we still find we are short of our goal and our time is running out. For this project to be a success it must be started this spring, leaving us with a March 15 deadline to meet.

We therefore appeal to your generosity in helping us to initiate this program. Your donation would be greatly appreciated. Checks should be made payable to Jericho High School and sent to the Student Action Movement in care of Jericho High School. Donations are tax deductible.

We sincerely hope you can appreciate our problem and will respond to the plight of these forgotten Americans.

Yours truly,
 Co-chairmen
 Richard Sirota
 Richard Gordon

Jericho GOP Opposes Goodell's Nomination

The Jericho Republican Club voted to oppose Senator Goodell's effort to obtain the Republican nomination for Senator.

Ralph Diamond, Jericho Republican executive leader,

stated that the Club's members took their action because they felt that Senator Goodell's recent statements regarding domestic matters were not in tune with a Moderate Republican philosophy.

Verses 16 through 20

WASH YOU, make you clean; put away the evil of your doings from before mine eyes; cease to do evil;

LEARN TO DO WELL; seek judgment, relieve the oppressed, judge the fatherless, plead for the widow.

COME NOW, and let us reason together, saith the LORD, though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool.

Hearing Set On South O. Bay Rd. Rezoning

The Oyster Bay Town Board, at its executive session Tuesday, February 24, set for March 31st the public hearing on the petition of Theodore Fastook for a change of zone from Residence D. to Business F District at Hicksville on the west side of S. Oyster Bay Road about 315 feet north of Garden Street. The Board also directed the Town Attorney to advertise the hearing in local newspapers, including the Mid-Island Herald.

According to the petition filed in the office of Town Clerk, Mr. Fastook, of Remsen Street, Brooklyn, is the fee owner of the property, which is an irregular shaped parcel with 74 feet frontage on South Oyster Bay

Road and a depth of 124 feet. The property is now occupied by two buildings which serve as insurance and real estate offices under a special permit use.

The change of zone, the petition states, is needed to permit the use and maintenance of the present buildings for office purposes.

The surrounding area described in the petition is zoned Residence D. with Special permit uses for doctors and dentists. There are a gas station and a park across the street.

New Committee

An Ad Hoc Committee for the selection and promotion of independent and qualified school board candidates has been formed in Hicksville.

"This committee is non-political, and non-sectarian and

welcomes any high-minded parent or taxpayer in the District for the purpose of running as a candidate for the Board of Education," said a spokesman for the Committee.

"We seek to screen, select and actively support those qualified candidates, who believe in working for quality education," he continued.

"Those interested please call GE 3-6472 or ED 4-3157 after 7 p.m.," he concluded.

The Executive Board of this Ad Hoc Committee is made up of Marvin Goldberg, David Trabich, Omus Maiers, Eugene Jumanow and Louis Caporale.

League will hold a final registration for boys who want to play organized baseball this year.

Parents will be able to register their boys Saturday Mar 7 from 10 P.M. to 2 P.M. and Sunday Mar 8 from 1 P.M. to 4 P.M. at Levittown Hall, Levittown Parkway and Beech Lane.

The Hicksville National Little League boundaries are the L.I.R.R. tracks on the north, the west side of Jerusalem Ave. to the east. The school district lines to the South and West.

Pony, Colt and Connie Mack Leagues are open to boys age 13 to 18 and covers all of Hicksville. Mayor League tryouts begin March 14. YOU MUST BE REGISTERED TO TRYOUT. As

soon as the tryouts for each league is completed and teams formed, registration for that league will be closed.

If you require further information please call Mr. Lou Caporale, GE 3-9328 or Mr. Ernie Sardi, WE 5-7930.

HHS Alumni

The Annual Meeting of the Hicksville High School Alumni Association will be held at the Hjeksville Senior High School on Monday, March 9, at 8:30 P.M., at which time election of officers for 1970-71 will take place.

All Hicksville High School graduates are cordially invited to attend.

In the past, it has often been desirable to have music in the cafeteria. However, various efforts in providing this music have proved unsatisfactory due to Teacher Complaints and excessive volume. In an effort to compromise between these extremes, the Communications center has established an AM Radio station to serve the students here at Plainview High. WPLI at 640 Kc AM is presently broadcasting during the 6th period. This station has been authorized by the Federal Communications Commission to operate within a given range to cover all of the High School and its grounds. Plans are presently underway to extend broadcasting into the 4th and 5th periods. John Lombardi, head engineer, tells us that WPLI's programming will consist of a top 40's program, a hard rock program, and a program taking a look at the 60's. The program schedule will be announced over WPLI.

On Wednesday, February 18th, 14 students boarded a bus for Washington, D.C. The United Nations Club was on its way to a nationwide U. N. Invitational Conference and General Assembly. The Students, along with 2 teacher-chaperones,

arrived at 11:00 P.M. after a grueling 7 hour trip. They spent the night in a hotel.

The following morning was devoted to sight-seeing. Many of the members saw a live session of both Houses of Congress. Others visited the Washington Monument, the Lincoln Memorial, and the White House. That evening was spent in committee sessions.

On the morning of the third day all of the representatives at the Conference visited the respective embassies of the countries they represented. Our students went to the Belgian Embassy. The afternoon was spent in committee session, followed by the first meeting of all 800 representatives in the General Assembly.

The last day was used for a second session of the General Assembly. Richard Grandofsky, our U.N. Club's vice-president, spoke before all 800 representatives on the topic of "The Sovereignty of Nations."

Although exhausted from travel and talk, the students found the trip stimulating and enriching.

In the annual Senior-Underclassmen Basketball game, the Seniors managed to

STEVE LAMMER, a student at Plainview High School who has received a lion's share of honors for his trumpet soloing. Steve was named a member of the All Regional Band (North Nassau) four years in a row, and this year he was named a member of the All State Band.

The senior at PHS was a soloist with the Plainview Band in 1967 and will appear again as soloist with the Band at the Winter Band Festival on the 5th of March at 8:15 p.m.

4-H News

The 4 H Club Ladybirds are in the middle of making the green and white striped uniforms. Their leader is Mrs. Miklas and the project is being done at the Derris and Levine's houses.

There are six 4 H Red Barons. So far this year the girls have done Swedish Weaving and box decorating. In January they went ice skating at Cadesague Park and had a ball.

Last week the 4 H Bluebirds finished their first project "Bake a Better Cake" The next project will be knitting scarves and headbands.

Last month the 4 H Teen Club met at John F. Kennedy High School for their monthly meeting. They discussed collecting for the Multiple Sclerosis Foundation. Each girl will receive a kit in the mail which will contain receipts for contributions which will be made on their own books.

Demonstration Day is March 7th at which time most girls who have been in the club more than a year will demonstrate how to prepare food, sew, woodworking and other 4 H projects. They all hope to win Blue Ribbons.

salvage a victory against an inspired Underclassmen team. Final score: Seniors 28 - Underclassmen 26.

When looking for a replacement for Mr. Hutchison, the choral director, Plainview High was lucky to find one as distinguished as Andre Weiss. Mr. Weiss, who fled Roumania in 1961, has led Orchestral and Operatic pieces in Hamburg, Germany, and has played a piano recital on German National television. After winning the international competition for conductors in Becancon, France, Mr. Weiss conducted for three years at the Ruffino Opera Association in New York City. As students in Plainview High have learned, Mr. Weiss is a perfectionist and we are extremely proud to have him as a member of our faculty.

Book Club

The Plainview Women's Book Club will meet on Monday, March 9th at 8:30 p.m. at the home of Marion Valtzman, 25 High Ridge Road, Plainview.

Ayn Rand's "The Virtue of Selfishness, a New Concept of Egoism" will be discussed. If interested please call: 692-5489.

AWARD WINNING BOOKS AT LIBRARY

The National Book Awards for 1969 were announced on March 3. The winners were Joyce Carol Oates for her novel "Them", Lillian Hellman for her memoirs "An Unfinished Woman", Dr. Erik H. Erikson for "Gandhi's Truth", a study of the Indian leader's doctrine of nonviolent resistance, T. Harry Williams for his biography "Huey Long" and Isaac Bashevis Singer for his children's book "A Day of Pleasure: Stories of a Boy Growing Up in Warsaw".

The Plainview-Old Bethpage Public Library congratulates the winners. Plainview-Old Bethpage residents who heard Isaac Bashevis Singer speak about his book at a library sponsored lecture last year were particularly thrilled that he won this important award. The award winning books are all owned by the library as well as earlier works by these authors. Miss Oates, a 31 year old author who writes about the complexity of life in America is well represented in the library. We have five of her novels including "A Garden of Earthly Delights" and "Expensive People" which were nominated for awards in 1968 and 1969, her book of poetry "Anonymous Sins" and her book of short stories "Upon the Sweeping Flood."

Miss Hellman's plays have long been favorites of Plainview-Old Bethpage residents and the library is well stocked with them. "Little Foxes", "Watch on the Rhine" and "Toys in the Attic" are among her most popular. T. Harry Williams whose biography "Huey Long" won the award this year has four other titles in the library, "Americans at War, the Development of the American Military System", "A History of the United States", "Lincoln and the Generals", and "Lincoln and the Radicals".

Elizabeth Bishop, this years poetry winner is well known to Plainview-Old Bethpage poetry lovers. The library owns in addition to "The Complete Poems", "The Ballad of the Burglar of Babylon", "Brazil", "Poems: North and South" and "Questions of Travel".

The library owns 12 books by Isaac Bashevis Singer. They are "The Estate", "The Family Moskat", "Gimpel the Fool", "In My Father's Court", "The Magician of Lublin", "The Manor", "Satan in Goray", "The Seance", "Short Friday", "The Slave", "The Spinoza of Market Street" and "When Shlomo Went to Warsaw".

Library Director Stanley Eddison invites all residents who are as yet unfamiliar with these books to visit the library and judge them for themselves. The library is open 9:30 A.M. to 9:00 P.M. weekdays and 9:30 A.M. to 5:30 P.M. on Saturdays.

Drug Foe To Speak

Mr. Dave Avery, a recent college graduate who has vowed to warn others about the escalating drug problem in the United States, will speak here in Levittown on March 12th. His talk, entitled "Drugs and Youth: The De-Generation Gap" will be held at Levittown Hall at 8:00 p.m. The program will be sponsored by the local affiliate of the Movement to Restore Decency: (MOTOREDE).

Avery's talk here is part of a three-week tour sponsored by various MOTOREDE Committees. The local MOTOREDE Committee is chaired by Joseph M. Noonan who wishes to invite all interested people to attend. Local sponsors of MOTOREDE include Robert Hoshino, John Kilbride, Anthony J. Fassino, M.D. Joseph Curran, and many others.

Tickets are \$1.50 in advance or \$2.00 at the door. Students \$1.00, may be obtained by writing Levittown MOTOREDE Committee, P.O. Box 215, Levittown, N.Y. 11756, or at the door the night of the speech.

HICKSVILLE LIBRARY NOTES

Symphonies, rock and roll, operas, the Beatles, Shakespeare's plays, Rod McKuen, Viennese waltzes or Bob Dylan -- this veritable smorgasbord of home entertainment, plus more -- is yours for the asking now at the Hicksville Public Library.

In line with the Library's new policy, announced last week in this paper, records of all kinds will now be available without charge to the Library's registered borrowers. All albums may now be borrowed free for seven days, with the usual overdue charge of five cents a day for each record kept beyond this period.

Earphones are still available for listening to the collection on one of the Library's two turntables -- and may be borrowed at the Main Desk upon presentation of a Hicksville Library card.

Visitors to the Music Room will also find, on the card catalog, new purchase request forms. Any borrower who has a special request is welcome to fill out a

form and leave it at the Main desk. The Library will try to fill requests wherever possible.

To acquaint our readers -- and listeners -- with some of the records available to them, we are listing below a sampling of the records added to the Library's collection this week:

Puccini: MANON LESCAUT, starring Albanese, Bjorling, and Merrill. Rome Opera House Orchestra, Jonel Perlea conducting.

Mozart: TWO-AND THREE-PIANO CONCERTOS. London Philharmonic and Bath Festival Orchestras, Yehudi Menuhin conducting. Menuhin Family, soloists.

Schumann: CARNAVAL, Op. 9; FANTASIA IN C, Op. 17. Claudio Arrau, piano.

R. Strauss: ALSO SPRACH ZARATHUSTRA. Los Angeles Philharmonic Orchestra, Zubin Mehta conducting.

John Lennon and Yoko Ono: WEDDING ALBUM; Beatles: ABBEY ROAD; THE YELLOW SUBMARINE.

TENDER TRAP FOR THE HUNGRY MALE

If you're determined to land your man in 1970, don't underestimate the power of a romantic, home-cooked dinner. Particularly one that proves you can turn a small food budget into a culinary coup.

If you're not so sure of yourself in the kitchen, play it safe with a little outside help. There are two kinds of dinners that virtually every man falls for—plain steak, potatoes and salad or a meat recipe that's seasoned so magnificently he's convinced you're a natural wonder in the kitchen.

To turn that trick, here's a recipe that sounds fancy, looks elegant and tastes delicious—but it's made from an inexpensive cut of chuck. It's quick to prepare too, because it uses the easy 15-minute meat marinade mix that eliminates the need for pre-browning and is already delectably seasoned. It's called Pot Roast Florentine, a handsome roast dressed with a superb tomato sauce.

POT ROAST FLORENTINE

- | | |
|---|---|
| 4 lb. chuck roast, 7-bone or round bone arm | 1 large clove garlic, pressed or minced |
| 1 package Adolph's 15-Minute Meat Marinade | 2 8-oz. cans tomato sauce |
| 2 3/4 cup cold water | 1 teaspoon sweet basil |
| 1 large onion, finely chopped | 1 4-oz. can mushrooms, stems and pieces with liquor |

Pour contents of 15-minute meat marinade package into Dutch oven or deep pot with tight-fitting lid. Add all ingredients except mushrooms and blend thoroughly. Place meat in this marinade. Turn and pierce all surfaces of meat deeply and thoroughly with fork. Marinate only 15 minutes, turning several times.

Cover and cook in preheated 325° F. oven, or simmer slowly over low flame, until tender, a total of about 1-1/2 to 2 hours. Add more water, if necessary or desired. No browning necessary! The Adolph's marinade mix gives it a rich, golden-brown color.

Remove pot roast to heated platter large enough for carving. Add mushrooms and liquor to gravy in Dutch oven; heat through and serve over meat sliced in thin slices at a 30-degree angle. Makes 4 to 6 servings.

Make Your Own 'Sunscope' for March 7 Eclipse

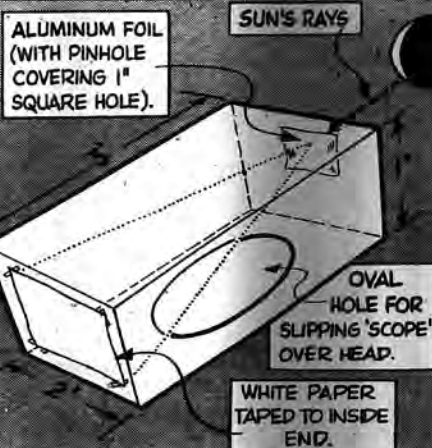

If you plan to watch the eclipse of the sun which will occur on Saturday, March 7, avoid looking directly at the sun! The New York State Optometric Association warns that serious and permanent damage to your eyes can result. The sun's rays can burn or coagulate a spot on the eye's retina causing an area to become permanently blind.

However, you might not want to miss watching this nearly-total eclipse since another of its magnitude will not be visible in the New York State area for the next 174 years. The Optometric Association suggests that you can watch it safely by making and using a

"Sunscope" for viewing the eclipse. Here's how:

1. Fasten a piece of white paper over the inside of one of the small ends of an oblong grocery carton, measuring about 1 by 2 by 3 feet.

2. Cut a one-inch-square hole in the opposite small end and cover the hole with aluminum foil.
3. Make a pinhole in the foil.
4. Cut a hole somewhat larger than your head in the bottom of the box, so that you can slip the box over your head.

5. Seal all light leaks with black tape or paper.
6. To use the "sunscope" for viewing, stand with your back to

the sun, the box over your head, and look at the image projected through the pinhole onto the white paper.

7. Do not look at the sun directly through the pinhole—Look at the image projected on the white paper.

The Eclipse Will Start 12:25 PM And Will Peak At 1:42 PM

HOME BUYER

Home Is Peculiar Purchase

A home is a peculiar kind of purchase—quite different from buying other items such as a coat or a television set which you own outright. Although you may be the only purchaser involved in a home buying transaction, others may also claim rights in the property. Sometimes these rights prove valid.

For example, there may be an easement to restrict your use of the land. The seller of the home may not have paid his taxes—and the debt may be lodged against the real estate as a lien. A previously undisclosed heir of a former owner may appear and claim a share of the value of the home. These are just a few of the kinds of problems that can and do occur.

Your deed to the property does not eliminate claims that others may have. It simply transfers the seller's right of ownership to you.

Many home buyers find it prudent to check for possible claims against their real estate before they purchase. This can be accomplished by a title search of separately located public records for matters affecting real estate. Also, protection can be obtained against possible hidden land title problems that even the most thorough search won't reveal through purchasing owner's title insurance.

A search reveals information found in public records—like unpaid taxes. Owner's title insurance safeguards you against financial loss from hidden title problems such as a forged deed that conveys no title. For a free booklet, *Get The Most For Your Money When You Buy A Home*, write American Land Title Association, Box 566, Washington, D.C.

Sea and Sand!

Section of the 26-mile-long beach on the Mississippi Gulf Coast.

Another Riviera tropic—this is the Mississippi Gulf Coast. It's a rare combination of sun, sand, and sea. Spring, summer, winter or fall, the Mississippi Gulf Coast offers a rare combination of sun, sand, and sea. A beautiful 26-mile-long white sand beach and 4500 modern motels overlooking the Gulf. Along with its sunny and varied resort appeals, the Mississippi Gulf Coast has a history that dates back 200 years. History and vacation fun have combined to make the Mississippi Gulf Coast a fun spot for everyone.

SAVORY STEAK ROLL-UP

- | | |
|---|--|
| 1 1/2 lb. flank steak | 1 teaspoon salt |
| 4 cups soft bread crumbs (about 8 slices) | 1 teaspoon pepper |
| 1 cup butter, melted | 1 teaspoon basil |
| 2 tablespoons chopped celery | 1 teaspoon marjoram |
| 2 tablespoons minced onion | 1 beef bouillon cube |
| 2 tablespoons minced parsley | 1 cup hot water |
| | 1 can (4 oz.) mushrooms, sliced optional |

Score one side of steak. Combine bread, butter, celery, onion, parsley and seasonings. Firmly pack stuffing in unscored side of steak. Roll up jelly roll fashion, starting at long end; tie or skewer together. Broil on broiler rack in water, pour over steak. Bake in preheated 350° oven 2 hours, or until tender. Baste occasionally with broil. Add mushrooms 1 hour before serving.

English-Accented Corn Bread

Sally Lunn is a traditional English bread that has also won American favor. Originally a yeast loaf, often baked in a Turk's head mold, the bread was adapted to the quick bread method by ingenious American cooks. Baking powder reduces preparation time and beaten egg whites, folded into the batter, give the bread its customary lightness.

Another New World addition is enriched corn meal, a staple of so many American kitchens. Corn meal adds a subtle flavor and slightly crunchy texture that is truly delightful. Attractive Sally Lunn Ring is delicious with butter and marmalade. Serve it with tea or coffee and bring a charming custom of the British tea table to your own table soon.

SALLY LUNN RING

Makes one 1 1/4-qt. ring mold

- | | |
|--------------------------------|-----------------------------------|
| 3/4 cup enriched corn meal | 1 tablespoon baking powder |
| 1 cup sifted all-purpose flour | 3 tablespoons butter or margarine |
| 2 tablespoons sugar | 3 eggs, separated |
| 1/2 teaspoon salt | 1/2 cup milk |

Heat oven to hot (400°F.). Sift together corn meal, flour, sugar, salt and baking powder into medium-sized bowl. Cut in butter until mixture resembles coarse crumbs. Beat egg whites until stiff peaks form. Beat together egg yolks and milk. Add to corn meal mixture, stir until dry ingredients are moistened. Fold in stiffly beaten egg whites.

Pour into well-greased 1 1/4-qt. ring mold. Bake in preheated oven (400°F.) 25 to 30 minutes. Serve hot with butter and marmalade.

CALIFORNIA AVOCADO DIP

- | | |
|--|-----------------------------------|
| 2 soft California Avocados, mashed or pureed | 1/2 teaspoon Worcestershire sauce |
| 3/4 teaspoon seasoned salt | Dash Tabasco (optional) |
| 1 tablespoon lemon juice | |

Mash avocados with fork, blender or pass through sieve. Blend in other ingredients. Makes about 2 cups.

Tomorrow's Housekeeping

By Samantha of Tomorrow's Lestail

I used to have a thing about entertaining. I actually discouraged friends from dropping by, (they had to call and warn me, first,) and anything as major as a party I put off forever.

Why? I didn't want visitors unless my house was positively gleaming—not a speck of dirt anywhere, the silver out and shining, fresh flowers, polished floors, the works! What I wanted, only a full staff of servants could have produced—yet the only person around to polish the silver was me!

Finally, I devised some tricks to create the illusion of polish and gleam. It's only a surface illusion, but it keeps people thinking I'm some sort of housekeeping genius.

Quickie bathroom cleanup: I keep a spray bottle filled with one part Tomorrow's Lestail, 8 parts water hidden behind the window curtain. On the guest alert, I spray tub, sink—even smudges on the floor—and wipe them clean in a flash with a used bath towel. Then I throw all used towels in the hamper, whip out guest towels and guest soap and my bathroom's ready for the Queen of Sheba.

Know how to keep your silver tarnish free and ready to display at any moment? Keep it tightly tied in plastic bags. Air can't get in so silver stays bright for ages.

To give wood floors and furniture instant gleam, put a few drops of lemon oil on a soft cloth. Slide it over furniture, then push it around floors with a mop. This won't produce a hard, protective surface but it does give a gleaming wood effect, plus the fresh smell of lemon oil.

Fresh flowers add a special look, but they're expensive and sometimes unavailable. Consider investing in some really good fakes. A big bunch of red felt poppies stuck in a clay pot can be kept in a closet and hauled out whenever company's coming.

Nothing signals a messier house like grimy woodwork. With straight Lestail on a dampened sponge you can quickly eliminate obvious fingerprints on doors and frames in one sweep with no second-round rinse off. (It's the one all-purpose cleaner with a grease solvent, that's why.)

A nice, big clutter-catcher in the living room lets you straighten up in the time it takes someone to ring the doorbell. A tall, lidded basket will serve as an end table and also store toys, magazines and papers in a hurry.

Avoid overhead lighting like the plague. It reveals anything dingy—and every last cobweb! Low lamps cast a warm, inviting glow and also distract from dust.

Ramblin' Rose

By Rosemary Walsh

This week I want to talk to you all about winners. And do we have them! Starting, of course, with Hicksville itself. (I'm sure Howie will tell you all about our marvelous cinderella basketball team.) I'm referring to the smaller happenings. Once again our Ice Hockey finished the league unbeaten. This is a real precedent.

Two other winners are Susan Dircks and Debbie Somerville. Many years ago Hicksville had an olympic bicyclist. These two may follow that same path in years to come. Susan and Debbie of the Hicksville Gymnasts Club entered the Y.M.C.A. Open Gymnastic Championships at New Canaan, Connecticut. There were 161 competitors from 5 states. Debbie took first place in the vault. Susan took fifth place in the all-round. Susan also took second place on the beam.

Several weeks later Susan took first place on the beam at a Novice A.A.U. meet at Island Trees High School. It looks like we have some real winners in these two misses.

Captain "Buddy" Bryan conducted the Hicksville Recreation Basketball League. There were 8 teams in the league. After 14 games four teams made it to the finals. The "M.C.S." captained by John Lupsky, Ken Knapp, Jim Acerra, and two brother combinations, Rich and Paul Krabbler plus Jimmy and Larry Kischuk won the championship. Dennis Mulligan was high scorer for the league. Congratulations, winners!

A future winner—Mrs. Christine

Cahalan of the Junior High P.T.A.—will present "Swing Into Spring," a fashion show for mother and daughter on Monday, March 9, at 8 P.M. Door prizes will be awarded and refreshments will be served. Students, teachers, and secretaries will do the modeling.

Another past winner was "The

Man Who Came to Dinner" done by the high school seniors of the Thespian Society. It was a great show and another big success for our dramatic talents at the school.

And last, but not least, last week's ski trip was a winner.

On that note I shall ramble off.

NOTES OUT OF SCHOOL

By ANTHONY CECERE

H.H.S.

While I was recently rummaging through some old newspapers, I happened to notice some columns that were written about the Hicksville High School in the Herald. Upon inquiring, however, I found that the idea of jotting down trivia about the high school had been forsaken. So, as I am fond of newspapers and trivia, I decided to revive the idea. Here then are some non sequiturs about the school.

How many of you know that there is a first-rate music department at our school? Just as I suspected. Well, it's really true, and the only way that you can find out is to come to their concerts. The next concert happens to be on March 26 at 8:00 P.M. By the way, the concert is free. The program consists of solo and ensemble performances and is sponsored by the Modern Music Masters (known among

friends as Tri-M). Even though the concert will be a great display of talent, there is an ulterior motive for going. First of all, few people come to these affairs, which is extremely depressing when you consider the time and sweat that goes into a performance of this kind. Secondly, free refreshments will be served.

An interesting idea came up in the All-School Council the other day. Part of the interest was generated by the idea's name, which is (get this) Freaky Friday. Freaky Friday is a school day that would be devoted to a day of electives rather than to regular classes. This would mean that a student could attend a seminar on photography or creative writing or, aviation or anything else that we can allow. Of course, the idea is still in the committee stage, but there are some hopes for it.

Trustees of The Gregory Museum reviewing pictures of the interior of the old court house. Plans are currently underway for The Gregory Museum to take possession of the court house for use as a museum devoted to educating children and the general population in the study of rocks, minerals, and earth science. Left to Right: Dr. Frederic Hill, George Sackon, and architect Caleb Hornbostel.

County High School Sophomores To Unite

Hicksville High School sophomore class officers, Michael Malter, Joy Thaler, Lori Mayer, and Laurie Schneider have sent invitations to twenty-five Nassau County high schools inviting their sophomore class officers, or representatives, and their faculty advisors to an innovative meeting to be held at Hicksville High School on Friday, March 13th at 3:00 P.M. To date, a good number of those asked have eagerly accepted.

The purpose of the meeting is to share experiences, common goals, and beliefs. It is also hoped that the group as a whole will find a charitable cause

that all the schools involved will be willing to support. In numbers there is strength.

Sponsors Wanted For LL Baseball

There are several openings for any business man who would like to help the boys in Hicksville to play organized baseball.

THE HICKSVILLE BASEBALL ASSOCIATION has an organization of over 40 Little League, Pony, Colt and Connie Mack baseball teams and keep over 600 Hicksville boys from age 8 to age 19 active in playing organized baseball during the spring and summer. Any business that would like to help these boys can have a team named after them for a tax deductible contribution.

Please contact Mr. Lou Caporale, 44 Boxwood Lane.

SPORTS

By

Howard J. Finnegan

NEIL DUNCAN OF HICKSVILLE, WON THE 134 POUND NATIONAL JUNIOR COLLEGE WRESTLING CHAMPIONSHIP, WEARING THE COLORS OF KEYSTONE JUNIOR COLLEGE, AT THE NATIONAL CHAMPIONSHIPS AT WORTHINGTON, MINNESOTA, SATURDAY NIGHT.

It is the first NATIONAL CHAMPIONSHIP won by an ex-Hicksville High Athlete in the sport. It is an additional laurel secured by a former wearer of the Orange and Black in a year of growing recognition for former students of the school.

It represented an undefeated season for Neil who has put forth a determined effort in the sport. He completed the season with 13 straight wins since recovering from a torn cartilage operation in early January.

In a remarkable comeback he won five dual meets in the remainder of the scheduled season.

Out in Worthington, Minnesota he had to go five matches to annex the title. He won 6-3, 8-2, 7-1, scored a semi-final pin in one minute and 5 seconds and in the clincher won streaking 12-2.

He won his way to the finals by becoming the regional champion, the week previous at Toms River, New Jersey.

When he completed his Junior College course in May he will have to select from one of the Major colleges who would very much like to have him perform for them in his last two seasons.

Neil is the son of Mr. & Mrs. Murray Duncan of East Street. Mr. Duncan is principal of Old Country Road Elementary School in Hicksville.

In the refined company of veteran, Carle Place, Hicksville High could not overcome a bad shooting spell in the second period as it was eliminated from the 1970 basketball playoffs, 75-52, on the neutral boards at Garden City.

The Orange and Black, missing easy shots underneath, held even at 13-13 as the first quarter passed. In the second stanza, Carle Place blitzed out to a 36-18 halftime advantage.

Hicksville made a gutsy try in the third period. It had Carle Place to the brink as it used an all court press. The ultimate victors had to combat with fouls and they mounted on the board.

However, Hicksville was even colder than usual from the foul line and missed repeatedly. The score was reduced to ten in the third period and Carle Place was in foul trouble.

The gap could not be closed however since the Comets missed the first shot on the one and one try 17 times. As Hicksville was attaining 0 out of a possible 34 points Carle Place, 15-2 on the regular season, refreshed and extended a 56-43 quarter lead into a complete rout.

Hicksville had used a brilliant rally to defeat Plainview 59-57 in the playoffs first round.

The Comets trailed at one point by 15 points. A switch to a zone defense bottled the Gulls attack and the Orange closed to within 5 at halftime.

Rich Miracola stunned the crowd at Great Neck South with five baskets from the corner in four minutes as Hicksville outtraced the Gulls 16-2 to start the second half.

When center Don Massey was hit with his fourth foul, with seven minutes remaining, Hicksville had to hit the breaks. Plainview came with two on four occasions but fouls by Joe Schriber and Rich Berg (4) in the clutch won the game.

In the North Shore Wrestling finals at Syosset High, Hicksville's Rich Kowlachuk maintained a sensational sweep to the 175-pound championship.

Aggressive and all business, Rich pinned two of his opponents and shutout three others in gaining decisions. The championship match saw him score a decisive victory with a pin in the second period.

Kowlachuk is undefeated this season to date and is the pride of Orange and Black followers.

He will seek the Nassau crown and the right to go to the State championships at Clarke High in South Westbury this week-end.

Seven other Hicksville wrestlers are also qualified for the Nassau County championships.

PRESIDENT JULES BENDER

SEC. MANAGER CHARLES A. VOORHIES

In Washington, few figures are viewed as apprehensively and with as much misinterpretation as the national unemployment rate.

This unemployment percentage is currently at 3.4 percent. This means that roughly 2.7 million are jobless.

But does this mean, as most news stories on unemployment might lead one to believe, that almost three million are destitute and wondering where the next meal will come from?

Not at all. About one million of the unemployed are teen-agers. About half are looking for their first job.

Among the others unemployed, half are females, many of whom are not the principal wage earners in their families.

Of the million unemployed males 20 years and older, only about half are married men.

Moreover, unemployment is mostly a brief period between jobs - or between school or housework and a job. Nearly two-thirds were either working in the

prior month, or not looking for a job.

Stated another way, fewer than half of the currently unemployed have been unemployed for as long as five weeks. Only 5 percent - about 150,000 - have been unemployed for as long as six months. This is the hardcore group that should be our frame of reference when we talk about "the unemployed." Their plight is certainly serious, but 150,000 persons in that position is a far cry from 3,000,000.

Hypoglycemia

The regular open discussion meeting of the Long Island Chapter of Health Frontiers Foundation, Inc., for hypoglycemia - low blood sugar will be held on Tuesday, March 10 at the Plainview-Old Bethpage Public Library, 999 Old Country Road, Plainview, N.Y. at 8:30 P.M. Free admission, and literature. General public invited. For information call PY 6-9835 days - CA 1-5957 evenings.
