District 17 Board Adopts Budget

At the Board Meeting of Tuesday, April 28, the Board of Education adopted the proposed 1970-71 school budget. The budget adopted is in the amount of \$19,889,771. This represents an increase of \$1,020,616 over last year and approximately a 24 cent increase per hundred dollars of assessed valuation for 1970-71. The tax estimate does not include costs arising from negotiations. These negotiations are still in progress. The largest part of the budget increase is due to the increased costs of transportation, automatic salary progression and BOCES fees.

In addition the Board of Education, through direct referendum, is presenting a proposition in the amount of \$500,000. \$300,000 of this is for the addition of cafeteria space, a music room and an additional corridor at the junior high school.

The remaining \$200,000 submitted to bond issue is for instructional equipment. The anticipated tax increase for this proposition is 4 cents per hundred dollars of assessed valuation.

The combined tax increase per hundred dollars of assessed valuation for the proposed budget and referendum is 28 cents.

Defeat Motion To Oppose Hicksville Teen

A meeting of the Hicksville Teen Dems was opened at 7:45 P.M. by its President, Jim Fouassier. A moment of silence was observed for students at Kent University that lost their lives. Following reading of the minutes of the previous meeting and the treasurer's report a resolution was introduced by a member for adoption. The resolution opposed President Nixon's policy in Southeast Asia. A lively discussion followed. When brought to a vote the resolution was defeated. The picnic committee indicated that the annual outing would be held in May rather than June, being as June is close to end-term and Regents examinations. Cost of the picnic to members will be \$1. Nominations were then accepted for future officers. At present the Club is seeking members of Junior High School age. The guest speaker, Mr. James

Davis of the Glen Cove chapter of the NAACP was introduced by President Fouassier. Mr. Davis informed the group that the NAACP is over 60 years old and is the oldest organization of its type in the United States. There are approximately 1,500 chapters in the 50 states, with 15 chapters on Long Island. New York State has approximately 80,000 members including whites.

It has been found that only certain areas of Long Island are getting black populations because of discrimination, Mr. Davis stated. To prove this existence 5 teams of blacks and a similar number of white teams were formed to seek housing in the Town of Oyster Bay. At least 22 cases came up where charges could have been lodged with the State of New York. The results of the teams efforts were presented to the Town Board by the NAACP. The Association was

Meet NAACP Leader

informed nothing could be done to correct this situation on the local level. It would have to be accomplished at the State level.

Mr. Davis also advised that the Glen Cove chapter of the NAACP is trying to get a local open housing ordinance passed in the Town of Oyster Bay. A study completed by Suburban Action, for the NAACP, calls for the rezoning of 50 percent of the Town's 1,500 vacant acres to higher densities and assumes that 5,750 households will live on rezoned land as follows: 1.) 20 percent or 300 acres of these 1,500 acres to be rezoned to multifamily uses at a gross density of 30 units per acre and a net density of 15 units per acre. This would yield a total of 4,500 units in multifamily structures. 2.) 30 percent or 450 of these 1,500 acres would be rezoned to a gross density of 4 units per acre and to a net density of 2.7 units per acre. This will yield 1,250 units which will be constructed as single family detached homes, or in planned unit developments.

The report further indicates that these 5,750 units would be developed on land currently zoned for only one and two acre lots. Under the present zoning only 350 units could be built on these 750 acres.

Mr. Davis also informed the Club that the NAACP is taking an option on 360 acres of land in the Town of Oyster Bay and seeks to rezone the land for 1.4 acre or less building plots. The Association expects its plans to be turned down by the Town Board and is prepared to go to the United States Supreme Court under the 14th Amendment. TOBAY is being used as a test area because of its dissimilar practices. Mr. Davis expressed dismay that the Town does not have a master plan.

H.A.D. Schedules Mass Meeting On Drugs

Hicksville Against Drugs, a new community organization, invites the public to a mass meeting on Monday, May 11th. It will take place at 8:15 P.M. in the auditorium of Holy Trinity High School. Attendees are requested to use the Newbridge Road entrance to the parking field. The program will take several approaches. Three short films will be shown. Current users, former users, and parents of former users will be interviewed. A panel of experts will be present to answer questions about

various aspects of the problem.

The Hicksville Against Drugs group was recently organized due to a concern about the drug problem. Individuals representing many segments of the community have been meeting regularly. They have studied and discussed all aspects of the problem and concluded that a mass community meeting is necessary. The Hicksville Public Schools is cooperating by mailing and distributing flyers announcing the meeting.

Hicksville Baseball Association Opens 1970 Season, May 2

The Hicksville Baseball Association opened its 1970 season last Saturday, May 2. We were fortunate to have a beautiful day and there was a large turnout of parents and friends at the ceremonies. The Chas. Wagner American Legion Post Band and the "Bel Aires" and Post Color Guard lead the parade of all the National League Teams prior to the ceremonies. Lou Caporale President of the Hicksville Baseball Association gave the assembled teams the first pep talk of the season and then introduced the guest speakers, Oyster Bay Town Councilman Warren Doolittle, Director of Recreation for Hicksville Schools Joe Madden, and his assistant Rosemary Walsh. Rev. Douglas R. MacDonald of Parkway

Community Church gave the invocation.

After the ceremonies all the Little Leaguers had their team pictures taken by Steven's Studio of Hicksville. Mr. Fred Sutter of Sutter Monumental Works threw out the first ball and 1970 National Little League season was officially on. All the members of Boy Scout Troop 158 were on hand and did yeoman work at the refreshment stand selling hot dogs and soda. All proceeds from the sale went to Troop 158. They will be at the same old stand every Saturday for the season.

Saturday games are at 9:00 A.M., 10:00 A.M. and 12:00 Noon. Weekday games will start not later than 6:15 P.M.

New Traffic Pattern

Public Works Commissioner Herbert J. Simins today announced the establishment of a new traffic pattern at the South Oyster Bay Road - Plainview Road - Old Country Road intersection in Plainview effective Monday May 25. Beginning that date, the east-bound Plainview Road connection to Old Country Road will be closed and motorists traveling east on Plainview Road will be directed to turn right at New South Road and then left at Old Country Road to continue their journey.

"The change in the traf-

fic pattern at this location will eliminate a hazardous zig-zag crossing movement of cars proceeding east on Old Country Road or south on South Oyster Bay Road from Plainview Road and cars on Old Country Road turning left onto South Oyster Bay Road", Simins said. "The move will in no way affect motorists west-bound on Old Country Road seeking to turn onto Plainview Road."

Plainview Road will continue to remain two-way from New South Road to South Oyster Bay Road for local traffic.

Waterways Ordinance

The Town Board unanimously adopted a rigid new Waterways Ordinance recently. Collaborating on the study were Councilmen M.H. Christ and P.B. Healey.

"The ordinance prohibits the dumping of pollutants into the water and the anchoring of boats in channels," Healey said. "This is a common problem on any body of water."

Healey said the ordinance permits water skiing only within a safe distance from bathers and prohibits water skiing at night. It also demands that water skiers have at least two people aboard the boat pulling them as an additional safety measure.

Also included in the ordinance is the prohibition of skin diving near channels, swimmers and boats and the requirement of red flags near diving areas.

It limits the speed of boats to five miles per hour in certain areas and calls for the same

enforcement of alcoholic consumption as is provided by Motor Vehicle Law.

Christ said the ordinance also provides that no person shall operate a boat propelled wholly

or partly by an engine without having the exhaust from the engine run through a muffler or controlled by the introduction of water into the exhaust pipe or line.

From Our Postmaster.....

Hicksville Postmaster Ralph G. Cascardio advises Hicksville, Plainview and Old Bethpage postal patrons to send all letters over 250 miles away via air mail for faster service.

While it is a known fact that all first-class mail moving between points more than 250 miles apart is carried via air the fact is that first-class mail moves on a space available basis only. Air mail receives priority handling by all

air carriers from point of origin to destination.

Mailers should separate air mail from other mail with rubber bands, pressure sensitive bundling bands, or by other methods to insure securing the full advantages accorded this class of mail.

Safety Guides For Pool Owners

Oyster Bay Town Councilman Ralph Diamond, who last year authored legislation calling for safety fencing around most of the pools found in the backyards of homes throughout the Town, today reminded pool owners that safety still remains in their hands.

"Your Town Board can legislate into effect certain safety measures Diamond said, "but it is of vital importance that the individual pool owner assume the major burden of responsibility."

Diamond recommended that all pool owners check electrical wiring and accessories to see that they are in operable condition before the swimming season starts. "Electrical appliances and swimming pools provide a hazardous combination," Diamond said.

"Many upper respiratory infections may also be traced to improper maintenance of privately owned swimming pools and owners should familiarize themselves with the health standards for various chemical levels," Diamond said. He also issued a reminder never to store chlorine in the home or an area where accidental spillage could result in a concentration of harmful gases.

Another safety measure the Councilman pointed out is the draining of a pool before going on

AAUW Holds Election

The Mid-Island chapter welcomes new members throughout the year and is open to all women college graduates in the local areas of East Meadow, Westbury, Levittown, Hicksville, Wantagh and Syosset.

vacation and the disconnection of all electrical connections.

"But remember," Diamond said, "the best preventative safety step anyone can take is caution. Pool accidents do not occur when proper supervision is provided by parents or guardians."

Dear Friends:

Congratulations to Ed Farrell of the Hicksville International Little League who received a plaque from this League, at their opening ceremonies, for seventeen years of distinguished service to the League and a tremendous service to our young people.

May 11 to 17 is National Salvation Army Week and we take this opportunity to salute this great organization which has helped millions of people since they organized 90 years ago. At present, the Salvation Army, which is an international religious and charitable organization has two million members at work in 70 countries. And they will continue to grow both in membership and in the numbers of those they help... especially if you help them too.

On Saturday, May 9th, members of Hicksville Explorer Posts 435 and 800, along with Mr. George Jackson and Dr. Frederick Hill, will meet at 8 a.m. in front of the Old Heitz Place Courthouse, soon to be occupied by the Gregory Museum. The boys have volunteered their time to clean the debris inside the building and help ready it for its conversion to the museum. Plans call for interior changes for the museum, but the exterior will be preserved as an historic Hicksville landmark. Messrs Jackson and Hill are members of the museum's Board of Directors specifically involved with the building committee.

Mrs. Effie Krogman's mother, Mrs. A. Albert attended the Firemen's Memorial ceremonies at HHS on Sunday and while there lost her eyeglasses. If anyone came across them, please contact Mrs. Krogman at Montana Real Estate Agency, at WE 8-3600.

A reminder... the Ladies Auxiliary of the Charles Wagner Post American Legion have scheduled a card party for Friday, May 8th at 8:15 p.m. at the Post Hall. Donation is \$1.50. American Legion Poppy Day this year is May 15th. "Please buy and wear your poppy proudly to let the disabled veterans in hospitals know they are not forgotten."

DON'T FORGET the Hicksville Community Council meeting, scheduled for next Thursday evening, May 14, 8:15 p.m. in the Library. An informative meeting is planned which will include information on the school and library budgets, plus time allotted for any candidates running for the Board of Education and the Library Board. Although representatives of all Hicksville organizations are present at these meetings, in order to take back information to their own groups, individual residents of Hicksville are more than welcome. So, come on down... we'd like you to hear our program, and of course, if you have any questions or problems you would like to bring up, a part of each meeting is always set aside for this purpose.

I'm sure you are all as shocked as I am about the tragic events at Kent U. in Ohio... and all the other violent protesting that is being organized by the enemies of our country and by people who are skilled at duping the minds of our young people with half truths. There are no easy answers in today's world of instant communication of events, but not of truths. We can only pray that our citizens, whatever their beliefs, talk together... even differ, at times, but not with violence, as those who wish to destroy our country, would encourage our young people to do. Let us listen... let us talk together... we are stronger than those who would divide us. And let us never give in to mob rule.

Hicksville: The Threshold of Change

Plans Not Definite for Next Report, Transportation Hub

This is last of a series of eight articles based on the 49-page brochure, "Hicksville: A Framework for the Future," which is the work of the Hicksville Citizens Advisory Committee for Transportation and Development, working in cooperation with the Nassau County Planning Commission. A follow-up to the present brochure, which is a survey and analysis, will be published in the near future.

The brochure, "Hicksville: A Framework for the Future," we hope, has become well known to Hicksville residents, not only through this series of articles but also through its availability at the Hicksville Public Library free of charge. At a check about a month ago, the library's supply had been exhausted.

Hicksville-ites know, by now, to look forward to great changes in the downtown sector of their community. At some undetermined date in the future, they will see a mammoth surface transportation facility arise in their midst. They can also expect to see apartments going up, increased commercial building, better parking arrangements and smoother traffic flow.

All of these aspects and many more are covered in the analysis of Hicksville's downtown in the brochure produced by the Hicksville Citizens Advisory Committee for Transportation and Development, a committee appointed in the summer of 1968 by the Oyster Bay Town Board. The brochure also shows that Hicksville enjoys a unique central location which has made it a natural center to which people and business have gravitated. This unplanned growth must be controlled if Hicksville is to be an effective community, says the Citizens Advisory Committee. The Committee points out that a major portion of the structures in the downtown area are, in their terms "declining, deteriorating or dilapidated," and will be replaced probably within the next ten years.

Vol. 2 Not Ready
A check with Kingsley Kelley, of Seaman & Eiseman, president of the Citizens Advisory Committee, reveals that the date of publication of Vol. 2 of "Hicksville: A Framework for the Future," is uncertain. The committee had its first meeting with the Oyster Bay Town Board about two weeks ago, at which

the first draft of the brochure was presented and discussed. Mr. Kelley said the Committee requested an expeditious review by the Town Board of this final phase of the report on Hicksville.

He said this report general recommendations based on the survey and analysis, but that he did not feel free to release any specifics in view of the fact the work was still under consideration.

M.T.A. Vague

Mr. Dave Baxley of the Metropolitan Transit Authority, could not give any target date for the beginning of the construction of the major transportation facility in Hicksville. He said that the project is now in "internal study" as far as Hicksville is concerned by the M.T.A.'s Transportation Planning Department, under the direction of Stanley Lewis.

Other aspects of the facility on which Mr. Baxley could shed no light were its expected cost or location and what exactly it would contain. He did say it would be "designed as a meeting point for all modes of ground transportation - private auto, bus, railroad. He said it will contain 'whatever facilities and amenities' would be useful to those using the center. It is presumed that by this he means stores, offices, eating places, etc. He said it is also possible that it will include auto parking.

At the time plans are definite, Mr. Baxley said, the necessary land will be acquired. Another such facility is planned for Great Neck.

The Committee's work appears admirable to those who have read the brochure and are eagerly awaiting the final phase. Kingsley Kelley said, "You can always plan - that doesn't mean it will get done." Planners are banking heavily on the cooperation of Hicksville residents to make their community effective through planning.

Betty Boop Is Big Business

By Bruce Goldstein

Any Hicksville High-schooler who isn't blind will notice that a good percentage of the student body (not exactly a large percentage, but a good one) has been sporting attractive black and white pins, on which is the face of that not-forgotten figure of the past Betty Boop. I am not ashamed to say that I am the individual behind this little movement (of 200 students), as I am the president and founder of the International Betty Boop Fan

Club. So many people have asked me how I happened to found this peculiar organization, that I would like to explain just that in this article.

In 1967 I chanced upon a boutique in New York called Fandango, which sold antiques of the 1930's, and which had pictures of Betty Boop all over. The first time I set eyes upon the shop was the time I conceived the Betty Boop Fan Club: "camp" was at its height, and I figured

that such a club would be as "camp" as anything can possibly be "camp". After a few visits to Fandango, I became friendly with its owner, Kenny Kneitel, who was, I found, the grandson of Max Fleischer, the creator of Betty Boop. Kenny secured for me a letter of authorization from Fleischer, and the B. B. F. C. was officially launched. I then had buttons, membership cards, newsletters, and film lists made. After placing a few choice spots

of advertising in magazines in 1968, I began getting letters from all over the country from people who wished to join; I've gotten letters from people in Alaska, Hawaii, Canada, Puerto Rico, and England. By the end of the year, the club had over 500 members, and it has much more today. In fact, there are so many members in California alone especially on the Berkeley campus) that I had to invest my Californian cousin as that state's chapter president (yes, I know that's neopresidism).

Today, the club is still booming. We recently held a Betty Boop Look-Alike contest, which was won by a girl in New

Jersey. We have a Betty Boop magazine coming up, as well as tee-shirts. I myself will soon be interviewed about the club on Newark College of Engineering radio station WNCE.

By the way, so many older people have told their kids that the voice of B. B. was flapper singer Helen Kane that I must now set the matter straight. Of course, Helen served as the inspiration for Betty, but her voice actually came from Mae Questel (also the voice of Popeye's girl Olive Oyl). Mae has been recently seen on TV as the "Who Stole My Coupon?" Massacre and as Mrs. Strakosh in Funny Girl.

Who are you? Where was your family a hundred or a hundred and fifty years ago? Are you passing the traditions of the old country on to the children? Besides appreciating the United States, do they know and feel pride in the land of their fathers? Do they know why the family found it necessary to come thousands of miles to a strange land to find another life?

If your family came from middle Europe, come to the Hicksville Public Library and have an enjoyable hour browsing through our collection to see what we have on the old country. Try these:

to recall the history and the conditions that caused emigration:

Two serious fires in the last week kept firemen busy on Tuesday 4-28-70 at 4:01 pm a General Alarm was sounded for an attic fire 136 Miller Rd. 7 Pieces of Apparatus and 75 Men responded, under Chief Voorhies. The blaze required firemen to use Air Masks because of heat and heavy smoke. The damage was confined to the attic and was considerable. Some water damage occurred on the first floor. The furnishings were covered with salvage covers to protect them from the water. No injuries were reported.
Wednesday night at 9 pm a general alarm fire caused heavy damage to the basement of the Fairhaven Garden Center on North Broadway. 90 men and 8 pieces of apparatus responded under Ast. Chief Mario Misturini. Heavy Smoke condition again hampered firemen from entering the basement. The departments 2 High expansion foam units were used to douse most of the flames so firemen could enter the basement and extinguish the remaining fire. A basement fire is one of the most difficult fires to combat. In most cases the fire has only one way to travel, and that is up, the same stairs the firemen must use to gain access. The result is often very heavy smoke and heat and even with air masks the work is exhausting. Damage was confined to the Basement. Very slight damage was incurred on the ground floor and as a result the firm opened for business the following day.

Ramblin' Rose

By Rosemary Walsh

Just when we thought Spring really was sprung; the beauty, the color, the grass cutting and all that goes with it, brrr we are freezing again - Guess all we can do is wait. But there is one group not waiting - that's our ball players - do you see them all over? We attended our second Little League Opening last Saturday for the Hicksville Baseball Association and it is such a joy to see all those little guys out there in the caps (that seem to come down over their ears), the pants that are so long that you catch only a wisp of a sock, and a glove that's as big as their chest - they are adorable. In a few years so many of them may be playing big league ball, after all Tom Seaver started that way. I must say that all the members of these Little League groups deserve such credit for their work and dedication with these boys. (By the way Lou Caporale, President of this league, could hire out as a permanent Master of Ceremonies, he was excellent - and good looking too.) At both openings I've been honored to attend, a moment of silence was observed in memory of the two men who were always there in the past, the late Honorable Judge Michael N. Petito, and Councilman Carl Grunewald. It was touching and quite fitting I believe for they were dedicated to our community.

There are two important meetings coming up next week

which you can read about elsewhere in the paper, but just as

a double reminder - The Hicksville Against Drugs meeting on May 11 at 8:15 P.M. at the Holy Trinity High School, and Hicksville Council Meeting in the Library on May 14 at 8 P.M.

Well I guess that's about it for this week, I was rather chatty last week so I'll just ramble off Loves ya!

By

Howard J. Finnegan

On the verge of elimination from the 1970 baseball playoffs, Hicksville rose up with swinging bats to best second place Plainedge, 8-0, Tuesday.

Gary Jackson hurled four hit ball, struck out 11 and issued one free pass.

The awakened Hicksville lumber blasted three home runs over the Plainedge fences.

Doug Breussch, Matt Tedesco and Bobby Wwaub struck the four masters.

In addition Waub handled Jackson's offerings behind the plate. It was a late fill in for Coach Wrb Hogan and Waub did a courageous job.

Coach Bud Bryan of Hicksville High basketball is beaming since two of his recent players have nailed down impressive scholarships.

Center Don Massey, whom Bryan insists is still one of great underestimated players from Nassau County has been selected by Clark University, Massachusetts, to receive its full four year scholarship award.

The grant is reported to be worth twelve thousand dollars. Massey's team mate, Rich Miracola, on Bryan's 1970 13 won 5 lost team will attend Nichols College in the same state.

He has been awarded an undisclosed scholarship.

Rich Kowalchuk, he would be hard dispute as Hicksville's greatest scholastic athlete - can select John's Hopkin's University for his education.

A full four scholarship has been granted to him by the Maryland school.

As reported in the Herald some months back Kowalchuk was runner up in the selection of Hofstra University as the Athlete of the Year in Nassau County.

While second place for such an award is distinction money are puzzled.

The decision was made before the end of the wrestling season. That certainly would seem to

exclude participants in spring sports such as baseball, track and Lacrosse.

Lacrosse is a game Kowalchuk excels at.

Hicksville's Lacrosse team will be under the Arc lights at Hofstra College Friday night, in what is regarded as a toss up match against Clarke.

The return to the Astro-Turf comes at an appropriate time for the Orange & Black.

The Comets gave it a furious effort against Herricks and MacArthur. They come up losers 8-5 and 7-5 against the number three and four rated teams in the county.

Coach Will Meyer's still hopes for a playoff berth if the players sustain the hard work in those two defeats. Our selection, Hicksville 8, Clark 6.

There is a smoldering and growing reaction to those Principals and School Superintendents on the North Shore who kicked their own Tax payers and student bodys in the teeth by approving that phony football playoff plan.

This coaches dream which cannot establish a county champion since at the outset it excludes 40 schools from consideration as champion gets worse with each revelation.

Example: Next fall Hicksville and Syosset play to a 19-19 tie to finish in a deadlock for section one honors at 4-1-1.

The playoff generals will decide who goes against the section II champion for the County Championship on the basis of who scored the most yardage on first downs.

The one eliminated will drop to the meaningless play off round for a nothing award.

Some Playoff! Some Champion.

The school which has the manager or chart men best in math will win.

CURVE BALL: Oyster Bay Town Councilman Warren M. Doolittle demonstrates how to throw a curve ball to Little Leaguers John Tuercher, second left, and John Harkin as Bob Pirrung, President of the Hicksville International Little League, beams approval. Ralph McGee, three goals, three assists, Richard Hirsch, three goals, five assists, Ray Ralph, three goals, one assist, Jimmy Hargreaves, two goals, Ricky Kramer, one goal, one assist, Bill Di-Dio, one goal, Cary Kornreich and Dave Rosen, one goal each.

Kennedy Lacrosse Team is currently 5-0 in North Shore Division III Lacrosse League. Their overall record is 6-5 with a current six game winning streak. On May 4th, one of Long Island's major publications ranked Kennedy No. 6 out of the county's

top ten Lacrosse teams.

John F. Kennedy Baseball Team defeated Levittown Division in upset fashion 3-2 on Wednesday, April 29th. Don Bouchman pitched the Eagles to

their second league win and knocked the league-leading Division Dragons to their first league loss in eight games. The win was helped by hits from Steve Kozil and home run by Bob Dickenson.

MATTHEW 25
Verses 35 through 40
FOR I WAS HUNGERED, and ye gave me meat; I was thirsty, and ye gave me drink; I was a stranger and ye took me in; NAKED, and ye clothed me; I was sick, and ye visited me; I was in prison, and ye came unto me.
THEN shall the righteous answer him saying, Lord, when saw we thee an hungered, and fed thee or thirsty and gave thee drink?
WHEN saw we thee a stranger and took thee in? or naked and clothed thee?
OR WHEN saw we thee sick, or in prison, and came unto thee?
AND the King shall answer and say unto them, Verily I say unto you, INASMUCH AS YE HAVE DONE IT UNTO ONE OF THESE MY BRETHREN, YE HAVE DONE IT UNTO ME.

Plainview High School News

By Andy Kagan
and Adam Strum

On Friday, April 24, Plainview High School sponsored a seminar on air pollution. The speaker, Mr. Quinlan, was from the Nassau County Police Department. He discussed the present problems and the work being done to remedy these problems. He talked about the new low-grade pollutant fuels. There are laws on the books now that are helping to curb pollution. For instance, if you see someone burning leaves, you can and should call the police and report this.

After the lecture Mr. Quinlan held a short question and answer period. The seminar lasted for 1 1/2 hours. The students felt that this was a most informative seminar.

On Thursday, April 30, Plainview will be sending three students to Mineola to participate in "Boys and Girls Day." Students from all of Nassau County will be taking over various public jobs such as county executive, district attorney, judge, juror, town supervisor, county clerk, etc. They will learn about the jobs and their importance. The three representatives from Plainview High School are Ronny Cohen, Marian Gewirtz, and Cary Kessler. We congratulate them and hope they have a good time.

On Thursday, May 7, Plainview High School's Band and Twirling Corps will travel to Falls Church, Virginia, 18 miles south of Washington D.C., in order to participate in an exchange concert with the Falls Church Band. We will tour Washington, D.C., play concerts together, and have a dance or two. The

following week, the Falls Church Band will travel to Plainview for a similar program. They will tour New York City also. We urge all to attend the concert in Plainview on May 15th.

Preparations for the Drama Cadet production of "The Crucible" are in the final stages. Arthur Miller's magnificent play is being directed by Mr. Maze of the English Department. Sporting a host of talented students, the play will be presented on Saturday, May 9th, Friday, May 15th and Saturday, May 16th. From early indications the show promises to be a winner with exquisite scenery and superb acting. With all these pluses in its favor, the show stands as one that should not be missed.

After fourteen hours of cheerleading clinic sessions and two days of tryouts the Varsity and Junior Varsity cheerleaders for next school year were selected by a four member panel. The contestants were judged on their ability to do the various acrobatics required, their appearance and attitude, and their voice. Ten Pin Talk By HENRY DOCKSWELL

When this column misses an issue it seems to be an open invitation for the league to bomb those pins like crazy. That's what happened two Mondays ago. 19 guys racked up 24 games of 200 or better. Amongst them was a triple by Sid Simon (206, 202, 207), doubles by Sid Lang (244, 221) and a New Hi Series (658), Hal Goldenberg (246, 200 and a 643 series) and Sid Sachs (236, 202).

This week 21 men cracked the Magic Circle 24 times and amongst them were three doubles: Sid Holtzman (256, 215 for a 630 series), Buddy Flanders (214, 206 for a 614 series) and, you better sit down for this one, Herb Mahler 214, 205 for a 600 series).

The fine caliber of the bowlers in our B.C.A. league is indicated when we find that of the 40 men that stepped to the line these past two weeks and rang the 200 gong only 4 of them were repeaters: Bernie Kaplan 224 last week and a 226 this time, Hy Shapiro a 209 and then a 214, Hal Goldenberg repeated with a 205 to put a frosting on last week's double and Sid Lowenthal who waited 32 weeks for his first one, a 207 and then came right back with a 210.

The Leo Geyer's are still in 1st place and right now with 3 weeks left to go they are 14 points ahead of the 2nd place Bill Sussmans. The Sussmans jumped into 2nd this week from 6th place when they bombed the Simes' into submission 11-0. Cap't. Bill added a 215 to Buddy Flander's double and the Simes' were sunk even though Cap't. Irv. threw a 207.

In 3rd place, 16 points behind, are the Herb Brodys and there's a tie for 4th between the Murray Kowlowitzs and the Sid Simons who are 16 1/2 points away.

Once again, as in the last four weeks of the First Half, the league is awarding special prizes for Individual and Team Achievement on a handicap basis. This week the prizes were for Hi Game with Handicap, The two highest games, including handicap, would win a gift certificate of \$20 and \$10 respectively.

Sid Holtzman walked off with the \$20 prize this time. He boomed a 256 which plus his 21 bhcp. gave him the top score of 277. And in case there is any doubt as to who likes money I give you Phil Wasserman. The last time this prize was offered Phil blasted a 255 to take top money. Since then, 18 weeks ago, Phil didn't even dent the Magic Circle, but dangle the green stuff in front of him and he seems to go berserk. He cracked a 221 which plus his 35 bhcp. gave him a 256

and the \$10 prize. Next week the prizes will be for First and Second Hi Individual Series, including handicap of course, and the prizes will be of the same denomination.

Three teams scored shutouts this week. The Bill Sussmans as we mentioned earlier, the Ralph Diamonds who clobbered the 2nd place Murray Kowlowitzs and dropped them to 4th, and the Bill Kellermans who gained their second shutout in a row to go from 14th to 8th place in two jumps. Two more jumps like that and the Geyers would shudder at the result.

Here are the rest of the fellows who in the last two weeks achieved honorable mention: Robby Goldstein 219, Bill Kellerman 218, Sy Bruckner 217, Milt Goldberg 214, Bernie Lieberman 214, Charlie Smith 213, Sam Springer 213, Murray Sussman 212, Abe Eisenman 211, Julie Gershen 209, Red Karbel 207, Murray Gittelman 206, Art Meadow 206, Mel Locker 205, Ed Roseman 204, Sam Briendel 202, Lou Truchil 201, Art Rosenthal 201, Sy Schoenack 201 and Nat Warren, Ralph Diamond, Irv Galt and Lou Vlamend each with a 200 on the nose.

The league, and we are sure the whole community, wishes to express its sympathy to Leo Geyer on the loss of his mother.

A Letter to the Editor

Dear Editor:

Everybody agrees that the base of support for public education must be extended. Everybody agrees that the homeowner must have some relief as his tax bill soars and will continue to soar year after year. Nevertheless concerned citizens and Civic Associations throw up their hands, say they have no choice, and almost always endorse school budgets and candidates pledged to its support.

What would occur if a real taxpayers revolt broke out? What if a majority of Long Island districts went on an austerity budget by defaming their budgets on the third and fourth attempt? Might not our elected leaders, especially state legislators take action lightening the burden on the homeowner, broadening the tax base for education. Wouldn't local school districts receive federal and state funds that we do not get now, once Albany pressures Washington and some sound plan is agreed upon?

What is the alternative? Most citizens will gladly pay increased taxes for improved quality education and other school ex-

A rise in temperature, a warm breeze, and before you know it we're planning our first campout of the year. We are a family of campers and enjoy the clear fresh smell of a pine woods and the quiet and relaxed feeling it leaves with you. We found just the place last summer at Stewart's Pond in Hadley N.Y. It's a small and very secluded campground very near to Sacandaga Dam where the fishing and swimming are good family fun.

Of course this kind of relaxed living leaves the chief cook with 5 enormous appetites to satisfy. There is no quicker way to get the family out of sleeping bags and into jeans than the smell of coffee perking and bacon sizzling over an open fire. For a real treat try some gourmet scrambled eggs:

Into 6 well beaten eggs add salt and pepper to taste and 1/2 can of cream of chicken or cream of mushroom soup undiluted. Cook thoroughly in fry pan with a little butter added. Serves about 4. This is especially good over some toast made over the open fire, although I haven't fully mastered this technique. It either turns out as dry bread or a burnt sacrifice.

One night we planned a gourmet dinner complete with virginia ham. And there we were

with no pan to roast it in. They say necessity is the mother of invention so we improvised. We placed the opened 5 lb. canned ham on the grate directly over the fire and let the gelatine boil off. We then added a small can of crushed pineapple, juice and all, and sprinkled brown sugar over the whole works. Just make sure your fire doesn't get too hot and in about 30 to 45 minutes you have a delicious baked ham. Hash brown potatoes from a boxed mix and a tossed salad completed the meal. We also discovered we had no carving board so we just covered the end of a picnic bench with aluminum foil and voila!

A delicious dessert was made for us by one of our campsite neighbors who teaches at our high school, Helen Putterman made hot cherry pielets with slices of bread and canned cherry pie filling. The bread is buttered on the outside and sandwiches the pie filling. The pie is then placed in one of those new teflon coated hamburger press and cooked over the fire till bread is toasted and filling is hot.

We enjoyed many other goodies, such as steak, chicken, hamburger stroganoff, and "mother's mess", (which is a favorite of the kids around our campsite) but then that's another story.

Memorial Services Held

Hicksville Fire Dept. was host for the annual firemen's united memorial services, Sunday May 3rd. Approx. 500 firemen for the 72 Nassau Fire Depts. marched from Hicksville Fire Headquarters to the Division Ave. High School. Services were held for all the deceased firemen of Nassau County in the past year. This service is held every year, with a different Dept. hosting. The Committee under Ex-Chief Sam Weiss worked hard and the result was a fine service in honor of deceased firemen. Eleven of which were Hicksville Firemen. An excellent performance was turned in by the Hicksville High School Band under the direction of J. David Abt, and the Trinity Lutheran Choir led by Charles Bjelhm without the help of these two groups our services would not have been complete. Many compliments were received and we wish to thank both groups for their help.

Nassau Police Commissioner Francis B. Looney, L., congratulates Det. Arthur Cunn of HICKSVILLE, on receiving the Exceptional Police Duty Certificate, while Det. Peter Kurtz, of Oceanside, Anthony Miraval of Syosset; Richard Simski of Glenwood Landing; and Lincoln Wangerien of Massapequa look on.

Police Awards

Nassau Police Commissioner Francis B. Looney recently announced the names of 96 members of the force who received meritorious police service awards at ceremonies held at Assembly Hall, Police Headquarters, Mineola.

The five top awards, Exceptional Police Duty Certificates, went to Detective Arthur L. Cunn of the Public Safety Squad; Det. Peter Kurtz and Richard Simski of the Forgery Squad; and Det. Anthony Miraval and Lincoln Wangerien of the Burglary Squad.

Cunn, of HICKSVILLE, was cited for his skill and courage in climbing a water tower, locating, and safely retrieving a jar that was half filled with an explosive liquid on March 21, 1969. That evening an anonymous caller reported that a bomb had been placed on the water tower on

Drexel Ave., Westbury. The Public Safety Squad responded and Cunn, flashlight in hand, climbed the 180 foot tower and spotted the device perched on a crossbeam 90 feet above the ground. He crawled along the crossbeam, retrieved the jar, put it in his pocket and precariously descended the tower. The device proved to be a high order explosive, blasting flames 100 feet into the air when detonated in the bomb truck's explosive tank.

Excellent Police Duty Award winners were: Detective Lieutenant Richard C. Ketcham of HICKSVILLE; Sgt. William J. Bruning of PLAINVIEW; Patrolmen Carmine Bianco of JERICHO, Albert J. Desocette of PLAINVIEW, Salvatore V. Mandra of HICKSVILLE, Valentine Regitz of OLD BETHPAGE; and Policewoman Diane M. Berni of PLAINVIEW.

Deaf Student Wins Honors

Miss Mary Ellen Rosnack, a junior at Molloy College, has been named to the Dean's List for the second time. Mary Ellen is a deaf student believed to be one of very few known deaf students to complete her education entirely within a regular school system. Mary Ellen was honored at the Founders' Day Convocation on April 21, at Molloy.

Daughter of Mr. and Mrs. Edward Rosnack of 25 Knickerbocker Road, Plainview, Mary Ellen is a product of the New York League for the Hard of Hearing, located at 71 West 23rd Street in Manhattan. From the time that she was 18 months old and fitted with her first hearing aid, until she reached junior high school, Mary Ellen was under the tutoring and guidance of the League. "I never attended schools for the deaf," she explained. "My mother wanted me to be able to get along in the world of the hearing, so in addition to taking me to the League for auditory training, she also took the John Tracy Course, with emphasis on giving the parents of deaf children the skills they need to teach their child how to lipread and how to speak. We spent many hours every day working at this."

Mary Ellen attended public schools in Plainview, from kindergarten through high school. "When I reached the secondary level, most of my teachers would spend about one hour a week going over the material I missed in class because of my hearing loss. They were very encouraging."

At Molloy, Mary Ellen has two or three students as notetakers in each class. They place a carbon paper under their own work and give the copy to Mary Ellen at the end of class. That, coupled with the teacher's cooperation in speaking slowly while facing Mary Ellen, has spelled out remarkable success for this

student who must read lips in order to understand. A biology major, Mary Ellen plans to do graduate work and plans a career in research. During her summer vacation last year, she worked in the Microbiology Lab at Mercy Hospital, Rockville Centre, and hopes to do the same this year.

"If more parents of deaf youngsters would take the time that my folks took, their children could also succeed in the world of the hearing," Mary Ellen said. "I transferred to Molloy in 1968 as a sophomore from Rosary Hill College in Buffalo. I preferred to be closer to home. Molloy has a very friendly atmosphere and everyone has been very helpful," she said.

Mary Ellen has helped others too. For the past two years she has taught the same deaf girl through volunteer work with the diocesan Confraternity for the Deaf. Now the little girl has received sufficient religious instruction to make her First Communion on May 10. Student and teacher alike share the excitement of this accomplishment.

Mary Ellen has also served as a member of the Science Club, contributing to the science newspaper at Molloy.

In addition to her parents, Mary Ellen credits the New York League for the Hard of Hearing with much of the inspiration for her success. "The director gave me the aptitude test which determined my interest and aptitude for science," she said. She is also especially grateful to Sister Justine Jones, O.P., Ph.D., chairman of the biology department, for encouragement and assistance in choosing the correct courses for admission to graduate school.

On April 21, Mary Ellen received a white fourragere symbolic of a full year on the Dean's List.

Muriel Grossfield, who was Hicksville's Olympic coach in 1968, and a former Olympian herself, agreed to be Debbie's coach for the day.

Winning the championship means that Debbie will not be able to win medals in local competition. Next year she will continue in age-group and out-of-district meets. She is planning to attend college and hopes to carry on as part of a college gymnastic team.

The Winners

The prize winners at the Hicksville Firestone Store were Robert Warbington of 1164 E 225th St., Bronx, who won a set of new 500 tires; D. Stiegelmaier of 3874 Marilyn Dr., Seaford, who won a Bensus electric watch, and R. Vayohn of 1 Grey Lane, Levittown, who won a Polaroid camera.

HICKSVILLE HIGH SCHOOL DANCE BAND TO GIVE Benefit Concert for Gregory Museum; The Hicksville High School Dance and under the direction of Mr. David Abt, will give a benefit performance on MAY 20, at 8:00 P.M. in the senior high school auditorium.

The members of the band have volunteered their time and talents to help the GREGORY MUSEUM commence a massive fund raising drive that will enable the museum to relocate at the Old Town Hall on Heitz Place in Hicksville.

This well-known group will feature "Big Band Sounds of the 30's and 40's" a program they are becoming quite noted for.

Sonations will be \$1.00 and tickets can be purchased from several places around town: Hicksville Public Library, Charlie K's Lounge on Broadway, Bethpage Public Library, Hicksville High School ticket booth, in the main lobby-May 18, 19, and 20th; and by calling Mrs. Sue Paiguta, concert chairman at We. 8-1253.

May 20th is also known as Hicksville Historical Day-the day set aside for celebrating the founding of this well-over 300 year old town.
