Budget To Be Resubmitted

By Shirley Smith

For the standing-room-only crowd, Tuesday was a night to remember. After calling the meeting to order and voting on the first item of business, Board president, George Jackson, resigned as a School Board trustee. Mr. Jackson's term was due to expire June 30 (he had not sought re-election), but he felt the new Board should begin now the task of administering the district. Mr. Jackson's resignation came as a complete surprise to those in the audience and is certainly a loss to the district. As expressed at the meeting, he has devoted many hours to working for the good of our children and the betterment of our schools. We thank you, George Jackson, for your nine years of service to our community.

the first public notice, the new vote will be June 30. The same budget (\$21,177,771) will be resubmitted - no change from the budget submitted June 9. Two propositions will also be presented: (1) \$300,000 for the addition to the Junior High and (2) \$200,000 for instructional equipment for all schools. An additional registration day will be held Monday, June 22 - 10 a.m. to 10 p.m. in the Administration Building, Division Avenue.

Many pros and cons were offered before voting to resubmit the budget. Mr. Kershen felt any vote should wait until after July 1 when both newly-elected Board members have been installed. He feels a re-vote before July 1 would be an attempt of a lame-duck Board to impose something on the new Board for the duration of the 1970-71 school year.

school (both secondary and elementary), driver education and a slightly curtailed recreation program this summer - regardless of the outcome of the second budget vote. \$15,000 will be spent on recreation. Joseph Madden, Director of Recreation, said this sum includes salaries and the district could have 75 percent of last year's program with this money. The program would be cut either in length or by eliminating some activity - the details will have to be worked out. The \$15,000 sum will be matched by an equal amount from the Town of Oyster Bay - our district must spend this money in order to receive funds from the Town.

It is not yet known how the outcome of the June 30 vote will affect summer transportation for the handicapped. The Board signed a contract for this service at its last meeting, but it is doubtful whether the transportation can be offered if the district is on austerly. Joseph Catalano, School Board attorney, will get more information on this matter and present it to the Board. This program affects 72 children and will cost the district \$8000.

However, Neil McCormack said the present Board has a responsibility to carry out its duties until June 30 - without a budget the district would be on austerly July 1 and the present Board should try to get a budget passed before this.

Comments also came from the audience, several questioning the Board's decision to establish Tuesday's meeting as the first public notice of a district vote. They felt publication should be through the press, as it has been on past votes.

By a unanimous Board decision, Hicksville will have remedial summer

Salaries for the district's four top administrators (for the 1970-71 school year) was set.

TARS Meeting

The TARS, (Teen-Age Republicans), of Hicksville, will be holding their next meeting, Friday, June 19 at 8:00 P.M., in the Seaman-Eisemann Building.

After Mr. Jackson's resignation, Thomas Clark was installed to fill the vacancy. Mr. Clark was elected to fill this position beginning July 1, but he began his duties Tuesday night.

A majority decision of the Board ruled that the Junior High student who failed to stand during the Pledge of Allegiance and the National Anthem was insubordinate. If he again refuses to stand, he will be expelled. Mr. Kershen did not vote with the majority on this decision. This case is scheduled to be heard in court June 24.

BOARD VOTES TO RESUBMIT BUDGET

After a lengthy discussion, confusion over parliamentary procedure and an executive session, the Hicksville School Board passed a motion made by William O'Donnell to resubmit the budget Hicksville voters defeated June 9. The vote was 4 to 3 - Harry Kershen, Thomas Muratore and newly-installed Thomas Clark voting against the motion. Education law-effective January, 1968 - allows a school board to resubmit a defeated budget 14 days after the first public notice. With Tuesday night's meeting serving as

Burke Recommends Planning Advisory Board Members

Oyster Bay Town Supervisor John W. Burke today presented his fellow Town Board members with the names of the nine non-salaried men he is recommending for positions on the Town's first Planning Advisory Board.

Burke who called for the creation of this planning body during his campaign for election last fall, said he expected the Town Board to vote on his recommendations at its next meeting, Tuesday, June 23.

"This culminates a six month effort and search to get highly qualified residents with good community background and will make next Tuesday a most important day in the 317-year history of the Town of Oyster Bay," Burke said. "I expect Town Board approval of the planning firm of Raymond, May, Parish and Pine on that date and I feel certain that the Board will recognize my efforts to select a non-partisan, 'blue-ribbon' group of citizens for the Planning Advisory Board."

Burke said the establishment of the Planning Advisory Board is the best vehicle to regulate development and growth in the Town of Oyster Bay. These advisors, assisted by competent and recognized experts, will know the direction a community seeks and will provide the design for its needs accordingly.

Burke said that he expected the Planning Advisory Board is the best vehicle to regulate development and growth in the Town of Oyster Bay. These advisors, assisted by competent and recognized experts, will know the direction a community seeks and will provide the design for its needs accordingly.

Burke said that he expected the Planning Board and the planner to "advise-not direct" the elected representatives on the creation of a Town Master Plan. "I do not want to presume what

the Master Plan will be," Burke said. "But one thing I will insist upon is that the Planning Advisory Board and the planner at all times protect the environment of the Town of Oyster Bay. Our natural resources, including wetlands and parklands, must effectively be preserved through planning and conservation measures. The Town of Oyster Bay will not be buried under concrete in the interest of questionable progress."

The Supervisor continued: "I see, as our obligation, the formulation of planning concepts designed to respond to what the Town's people really want for their Town. It will not do to accept urbanization when the people really want suburbia; it will not do to accept high-rise when people have come here to live away from the shadow of a city skyline."

Burke added that although the Planning Advisory Board's immediate task will be to assist the Town Board with its preparation of a Master Plan for the Town and to work on any matters which may be related to

land use and planning functions, in future years it may be appropriate for the group to render an on-going planning service by reviewing and making recommendation on applications for zoning changes.

Among the nine names submitted by the Supervisor include representatives from the communities of Hicksville, and Plainview and the backgrounds of the men run a professional gamut that includes a doctor, engineer (2), attorney, architect (2), businessman, educator and real estate expert.

Many of the nominees have already served on planning advisory groups ranging from the neighborhood and school district level on up to the Nassau County Planning Commission.

Paul Richard De Cicco of 117 Grace Street in Plainview is a nominee. Mr. DeCicco received his bachelor and masters degrees in civil engineering from Polytechnic Institute of Brooklyn and has completed course work toward a doctorate in Sanitary

New Roads—New Rules!

More than 56,500 men, women and children were killed in highway crashes in 1969, according to the annual highway accident data booklet published by The Travelers Insurance Companies. The toll was up from the 55,300 killed a year ago.

Figures in the booklet show that excessive speed was the chief cause of death, that drivers under 25 years caused a disproportionate number of accidents, that three out of four people were killed or injured on dry roads in clear weather, and that crossing between intersections was the major factor in the deaths of nearly 10,000 pedestrians.

A growing problem for many drivers is the interstate highway. Seen from an airplane, these ribbons of concrete and tar present an impressive design. But to a driver they can be a trap—a fatal trap.

Many drivers do not know what a "yield" sign really means, or recognize the crucial importance of minimum and maximum speeds, the danger of blocking the outside, passing lanes, or know how properly to change lanes.

Outmoded or improperly designed highways—whether because of terrain or poor judgment—and the lack of a uniform highway sign code tend to confuse drivers. The stranger to a highway slows down while the native zooms by, setting the stage for an accident.

The annual survey asserts that driving on some interstate highways can be likened to a war. The driver must arm himself with concentration, a defensive attitude and a serious study of the new rules of the road.

Dear Friends

I had the pleasure of listening to Congressman James Grover at the June meeting of our Republican Club. What he said regarding who really is attempting to bring peace in Vietnam, made a lot of sense to me. During the summer I'll ask Congressman Grover to give me these facts and figures and print them so that you can all know.

Flag Day ceremonies both at the Kennedy Memorial and at the Old Court House, were impressive. It's great to forget our minor differences and rally around our flag... a flag that represents a country that came into existences so that people would have the right to differ (among other things). I just wish that we could all learn to differ amicably... so that the truth could eventually be arrived at. Perhaps we will some day. Bdt today... right now... there is still plenty that unites us. Thank God.

Installed As New Pastor

This past Sunday, June 7th, The Rev. A. Joseph Essington, Jr., was installed as Pastor of the Faith Baptist Church of Plainview.

Pastor Essington graduated from Shelton College in June 1965, and since then has completed most of the requirements for his Master's Degree from Queens College.

Upon graduation from college he received the Outstanding Christian Service Award. Since then, he has served for one year

as Chaplain of McAuley Water Street Mission in New York City, one year as Seventh and Eight Grade Teacher in the Flushing Christian School, and three years as a Junior High Teacher in the Huntington Christian School. Since coming to Long Island, he has preached in many of the Bible-believing churches here.

Pastor Essington will continue to teach in the Huntington Christian School, in addition to his pastoral duties.

Letters To The Editor

TO THE CLASS OF 1970: At commencement time a lot of congratulations are handed out to those who have made it through high school and are heading out to jobs or college.

I've got some congratulations, too—for those who have stayed clear of the drug scene or decided not to let illicit drugs play a part in their lives. It's a wise choice.

From where I stand the drug abuser is strictly a bad scene. And I'm mighty thankful that so many of you have chosen to pass it by.

Many of you have had to make that decision under great pressure from those of your peers who want and need your approval for their cop-out. I also know that these pressures won't stop with the award of your diploma. For many of you they will increase at college or in the community.

You might be interested to know that there's a character the research scientists call the 'inducer.' He's a user-pusher of drugs who really isn't in the game for the money. The inducer has a hang-up. He needs your company so that he can feel he has approval for doing what he knows is not best for himself or society. Actually your disapproval may help him get back on the right track.

Again, congratulations to the members of the Class of 1970, especially those who haven't commenced the drug abuse scene.

(Signed) A Concerned Citizen.

Dear Editor:

I'm completely fed up with what is going on in our great country today. All these riots, strikes, demonstrations and other things—it makes it hard to be proud of your country sometimes.

What really burns me up inside is the lack of knowledge most people have on important matters. I can see where it comes from—apathy.

Yes—I will still attend those colorful parades and proudly wave Old Glory. You don't find many people these days that love our democracy and practice it!

How on earth are we going to keep Communism out, if people don't practice democracy?

It's a crime close to treason that so few people are concerned about their privilege of voting. Not many people voted last Tuesday, budget day. Also, not many people know about the budget or who was running for office.

Schools are important to our society. They are very necessary. So is enough time and room to eat lunch. A good education will help keep our country strong.

If you vote no on budget day, you should be ashamed of yourself for being fooled by people who only want power for themselves. They really don't care about our children!

If you vote no, I feel you are doing a wrong deed to your country and your children.

To All Hicksville Firemen

I am writing this note to thank all of you for the wonderful way in which you handled the fire at my home.

April 28, at 136 Miller Rd., Hicksville, our home, was on fire, as you know. I had heard stories of how foremen do more damage to a home than the fire does. I know now that this is not true, at all. I was amazed to see how much care and concern you men showed by covering furniture, carefully laying down fragile lamps and statues in an effort to save them from damage.

You took time to do so in a house full of choking smoke and of course, fire. You fellows are really great. We can't thank you

Tobay Creates Action Line

Oyster Bay Town Supervisor John W. Burke today announced the creation of a "TOB Action Line" telephone in Oyster Bay Town Hall to guarantee that all inquiries receive prompt attention.

Burke, who promised to make this service available during his campaign for election last fall, said that all calls to the Action Line number (516-922-7676) would be handled by a special staff. The line will be open on a Monday-through-Friday basis from 9 AM to 4:45 PM.

The calls will be directed to the proper department and the person routing the calls will be trained in the intricacies of local government to lessen the chance of error.

Burke added that in addition to insuring callers quick answers and guidance on their Town-related problems, the staff would be able to spot many potential problems as they develop.

"In addition, many complicated matters will be pursued directly by the Action Line staff and referred to the proper officials for follow-up where

necessary." Burke said he felt it was incumbent to keep the lines open to the general public. "I insist that we make it as easy as possible for residents to communicate with officials," Burke said. "And I insist that they should get the prompt answers they deserve."

"Sometimes the frustration of being unable to get through to the proper authority on the phone is far greater than the annoyance that prompted the call in the first place," Burke said. "Businesses strive to solve problems of this type and we are in the business of solving the problems of our residents."

Burke said that all new Town residents would receive a convenient adhesive label in the mail which may be placed on the telephone receiver. Town residents may also request a label by writing directly to the Supervisor at Oyster Bay Town Hall, Audrey Avenue, Oyster Bay, or by calling Action Line.

Additional distribution will be made through Chambers of Commerce, libraries and service clubs.

Archery Tournaments To Be Held at Center

Public Works Commissioner Herbert J. Simins announced that two Archery Tournaments will be held at the County Archery Center on Saturday, June 20, and Sunday, June 21.

On Saturday, beginning at 9 A.M., Newsday will hold its 6th Annual Junior Archery Tournament. The free event is open to young archers between the ages of 9 and 17.

Contestants will compete in a total of six categories with first, second and third place trophies going to the winners in several categories. In addition, target awards will also be presented.

On Sunday the Nassau Bowmen will sponsor a FITA Tournament. The tournament, beginning at 9 A.M., is open to archers age 9 and

enough. Thanks again.

Sincerely,
George and Florence Remy

over and will be governed by the Federation of International Target Archery rules.

First, second and third place trophies will be presented in 4 age categories.

Contest fees are \$1.00 for ages 9 through 15 and \$2.00 for 15 and over.

The County Archery Center is located off Merrick Avenue just south of Hempstead Turnpike in East Meadow.

Around Our Town

Barry J. Bernstein of 19 Ketchum Avenue, HICKSVILLE, has just recently returned from Colorado while looking for various minerals and stones, he found the skull of an animal, and showed it on display at a school in Patchogue. This summer he will be doing some volunteer work for the Glen Voe Museum. Good luck Barry on your collection.

Ramblin' Rose

By Rosemary Walsh

Whoopee, hallelujah, we have a chance to brighten our town again. Yes, our Board of Education voted to maintain many programs through the summer. Yours truly is especially happy about recreation which can be operated due to the funds received from

the Town of Oyster Bay. You will also have an opportunity (as I'm sure is published elsewhere in the paper) to vote again on June 30. If you're not already registered you may do so on June 22 at the Administration Building, 10 A.M. - 10 P.M. (Come on you 21 and over who never voted before and

missed your chance last month because of school etc., get out.) Yours truly was one of many guests invited to attend a Knights of Columbus ceremony honoring Gardner Gregory last evening. But, unfortunately, the Board Meeting had to be a priority item as Gardner and I'm sure you can

understand. Sunday's Flag Day ceremonies were beautiful, stimulating and a bit tearful, too. Heaps of credit should go to Bill Gaborow and his tremendous committee. As for the young contestants and their inspirational endeavors words cannot express their depth, and feeling for "Our Country", makes me proud to say I'm an American. We may have our differences on some issues, but we can also agree on the important things. I am sorry that I must ramble

so briefly, but the priority item at the moment is to plan the program. Loves ya!

Ten Commandments Of The Highway

Safe vehicles are only as safe as their operators make them.

Trucks account for 16.4 per cent of the registered vehicles in the United States. However, only 11 per cent of the vehicles involved in accidents are trucks. Automobiles, on the other hand, make up nearly 86 per cent of the vehicles involved in accidents, while having a substantially smaller proportion of the registered vehicles.

The average driver might do well in paying some heed to the truck drivers' "Ten Commandments of the Road." Certainly, they would help reduce all types of vehicle accidents, if drivers everywhere would follow them:

I. Check brakes, lights, and other equipment before starting out, and periodically during each trip.

II. Park all personal problems at the curb when starting to drive.

III. When on the road, observe all state laws and respect the laws of nature governing momentum, deceleration, centrifugal force, and gravity.

IV. Watch out for children and pedestrians.

V. Don't tailgate! Keep enough distance between your vehicle and the one ahead to allow faster vehicles to pass. Make every proper effort to permit following traffic to pass on long grades and permit delayed traffic to pass at the top of a long grade.

VI. Never debate the right-of-way -- give it!

VII. Never take a drink while on the road or before starting a trip.

VIII. Don't fight sleep. If drowsy, get off the road and take a short rest.

IX. Don't hesitate to slack off and be ready to stop the instant potential danger appears. Drive so that your vehicle is under control at all times.

X. Give other motorists the breaks that you wish he'd give you!

READ THE LEGALS

From Our Postmaster...

Postmaster General Winton M. Blount warned today that a "widely misunderstood" issue has been seized upon by opponents of meaningful postal reform in a last-ditch effort to kill legislation to modernize the postal system.

"Opponents of Postal Reform would have the public and the Congress believe that the Administration advocates and the postal reorganization bill proposes that there be a union shop in the postal service. 'This is utter nonsense,' Mr. Blount said.

The Postmaster General said the effort to reform the nation's postal system should not be the vehicle for overhauling the nation's labor laws, "but that is exactly what opponents of the postal reorganization bill are endeavoring to engineer."

"What the Administration has consistently proposed since we first asked for postal reform last year is simply this," Mr. Blount said: "That strikes by postal employees be prohibited by law; that collective bargaining be provided, including impasse resolving procedures and culminating, where necessary, in binding arbitration; and that labor-management relations otherwise be governed by the same basic laws that apply in the private sector—including state right to work laws."

"This means that, with few exceptions—the main one being that postal employees would be prohibited from striking—the postal service would operate under the labor-management provisions of the Landrum-Griffin Act and the National Labor Relations Act as amended by the Taft-Hartley Act—the same labor-relations laws that govern private industry.

"There is no legitimate way that this can be construed as an endorsement of or a commitment to a union shop for the post office. This is a spurious issue, thrown up as a last-ditch blockade to desperately needed and long

overdue postal reforms," the Postmaster General contended. He said the National Labor Relations Act, as amended by the Taft-Hartley Law, would make it an unfair labor practice for the management of the Postal Service to refuse to engage in collective bargaining with recognized representatives of its rank and file employees over wages, hours, and, in general, other working conditions that are subject to collective bargaining in the private sector.

"So, to the extent that union security provisions are bargainable in private industry, they would be bargainable in the Postal Service," Mr. Blount said.

"However, a statutory duty to bargain over a union demand does not imply—nor should it be construed as—a statutory duty to agree to that demand. In fact, right-to-work laws in 19 states would specifically prohibit execution of such an agreement in those states."

"The Administration has never agreed that there should be a union shop for the Post Office Department, nor does it now," he stressed.

"The need for a workable

postal reorganization bill is acute," Mr. Blount said. "It would be extremely unfortunate if Congressional consideration of this vital measure were clouded by public misun-

derstanding of the labor-management provisions of the bill, or if the reform proposal fell victim to an abortive effort to change the labor laws of the country."

Men In Service

Army Second Lieutenant Kevin J. Leavay, 23, son of Mr. and Mrs. Edward T. Leavay, 67 Chimney Lane, LEVITTOWN, recently participated in the International Swim Meet in Germany.

Lt. Leavay competed in the swimming meet with members of the German Armed Forces and was awarded a German Army Patch to show that he competed and that he served in the Sixth Army District of West Germany.

Overseas since February of this year, he is motor officer of Battery B in the VII Corps' 1st Battalion, 33rd Artillery near Ansbach.

Lt. Leavay received a B.S. degree in 1969 from St. Bonaventure (N.Y.) University and entered the Army in October of that year.

His wife, Katherine, lives at 12 Myers Ave., Hicksville.

60,000 Navy, Marine Corps, Army and Air Force support troops which operated against an additional force of Atlantic command units.

He is serving with Marine All-Weather Attack Squadron-332, Marine Aircraft Group-14 at Marine Corps Air Station, Cherry Point, N.C.

Second Lieutenant Robert K. Calzetta, 23, a 1970 graduate of the University of Dayton, Ohio, recently received his Army Reserve commission through the Reserve Officers' Training Corps program at the school.

As an ROTC cadet, Lt. Calzetta, son of Mr. and Mrs. Robert L. Calzetta, 78 Horn Lane, LEVITTOWN, was trained in various subjects which provided him with the skills necessary to command.

Airman Brian C. Schnakenberg, son of Mr. and Mrs. Robert Schnakenberg of 143 Cottage Blvd., HICKSVILLE, has completed basic training at Lackland AFB, Tex. He has been assigned to Lowry AFB, Colo., for training in the munitions and weapons maintenance field. Airman Schnakenberg, a 1967 graduate of Hicksville High School, attended Valparaiso (Ind.) University.

Army Sergeant Gary J. Porcano, son of Mrs. Ann Porcano, 41 Libby Ave., HICKSVILLE, recently received the Purple Heart at Ft. Hood, Tex.

Sergeant Porcano received the award for wounds received in action while serving in Vietnam.

A radar sergeant with Headquarters Company, 7th Battalion, 6th Infantry, 2d Armored Division, he entered the Army in October 1968 and completed basic training at Ft. Jackson, S.C. He has also received the Army Commendation Medal and the Combat Infantryman Badge. The 21-year-old soldier is a 1968 graduate of Hicksville High School.

Cadet Quinlan, who was one of 209 cadets to be graduated at VMI commencement exercises, is the son of Mr. and Mrs. Frank E. Quinlan of 44 Garnet Lane.

SPORTS

By
Howard J. Finnegan

With the exception of one bombing at the hands of East Meadow, Hicksville Junior High's 1970 baseball record of 7 wins, 6 defeats and one tie is replete with respectable scores.

After a 16-1 drubbing by East Meadow, Hicksville only bowed in the return match, 5-4. It was the rare double defeat on the season.

Hicksville has fast been losing ground on the varsity level since Farmingdale has two Junior High Schools developing athletes. The future Comets lost 4-1 to Howitt of Farmingdale but came back the second time with a 4-3 victory.

It was a double win over the other Daler Varsity feeder, Mattin. The scores were 5-4 and 3-1.

Thompson, one of two Junior Highs feeding Syosset Varsity material, won the first game but Hicksville reversed the 3-2 score in the second meeting.

Against Salk Junior High Coach Fred Healdy's team bowed 1-0 and tied 0-0.

It was a split with Bethpage and 5-2 and 3-0.

Hicksville achieved a winning season by mastering Island Trees Twice. The winning verdicts were 5-2 and 7-5.

Boys who participated in Junior High baseball were: Glenn Wolfson, Ray Sloane, John Portschy, Paul Parsons, Tom McNicholas, John Huffer, Rich Holly, George Gramaglia, Tony DiLallo, and Bob DeVito.

Also Carmine Castellano, Tom Bergin, Bob Bergin, Pat Buonincontro, Tom Desimone, Tom Falkenberg, Rich Grant, Bob Horowitz, Jack Levison, John Micracolo, Glenn Pfaffle, Paul Rabin and Bob Wascher.

These boys have made a commendable start in baseball. Without a school Budget interscholastic athletics are endangered in Hicksville. At one

time it was inconceivable that the community would stand for such a condition. It is not now.

If the Budget is not passed the future of these athletes will be destroyed. Scholarships would be lost not for just one year but for many. Lack of athletic continuity forces college scouts to turn away for many years.

The influences of life in Hicksville that a school barren of extracurricular activities would bring forth are too serious to consider. Even under the "Let's Punish For One Year Theory."

Jim Fallon's Hicksville Astro's put on a driving rally to defeat the accredited Empire Venging-County Sports team in the first big Slo-Pitch meeting of the year.

The two Long Island Challengers for the World's Championship met under the lights of Jones Beach Stadium, Saturday, and Empire-County leaped in front 12-3.

Jim Fallon's kept coming back and won a thrilling 19-18 fence buster.

These two teams will be in the big Fourth of July Week-end Tournament which will have 14 of the best Eastern United States teams as competitors. The World's Champion, Joe's Pizza from Florida, will be the headline attraction.

Most of the action will take place at Cantiague Park in Hicksville.

Rheingold Breweries is picking up the sponsor tab for the big event.

That is a big boost to the sport on Long Island. Sponsorships have gotten real expensive. That is why Empire Vending and County Sports have a combined name.

Fallon's of course is the Oldsmobile Dealership on South Oyster Bay Road and the Astro's are the restaurant motels in Hicksville.

Achievement Award

Bernard Seldon, CLU, of Plainview has been awarded New England Mutual Life Insurance Company's highest achievement award.

An associate of New England Life's New York City-arks agency, Seldon was personally given the Vanguard Award by company president, Abram T. Collier at recent ceremonies in Colorado Springs, Colorado.

A Chartered Life Underwriter, Seldon specializes in business insurance. A World War II Army veteran, he is also a comedy script writer.

The Vanguard Award was presented at the annual meeting of New England Life's Leaders Association. It was established by the company in 1960 and has since been won by only 81 of the company's 2200-man field force. In order to qualify, an agent must hold the academic Chartered Life Underwriter designation as well as life membership in the Leaders Association, the industry's Million Dollar Round Table and New England Life's Hall of Fame.

Seldon and his wife, Dorothy, live at 30 Phipps Lane. They have two children.

C.A.P. Annual Awards Ceremony

Hicksville - Levittown area Cadets Scott Cawein, David Coles, Kenneth Pritchard and Tom Rilly, and Senior staff officer Lt. Joan A. Flower represented Nassau Squadron No. 4, Civil Air Patrol, at the annual awards ceremony honoring the Royal Canadian Air Cadets at Westchester County Airport.

Unity and cooperation for a common purpose was the theme of the ceremony.

An active program centering around model rocketry is being planned for summer meetings at Mitchell Gardens starting Tuesday, June 19th at 7:30 PM. For further information, please write P.O. Box 124, East Meadow, New York 11554.

On The Campus

Miss Joan Carol Mason of 91 Nassau Avenue in PLAINVIEW, daughter of Mr. and Mrs. Sidney E. Mason was graduated with a B.A. from William Smith College, Phi Beta Kappa. Joan was consistently on the Dean's List and has accepted a teaching assistantship at the University of Miami, Coral Gables, Florida.

Varsity Tennis Team At J.F. Kennedy High

Seniors Lester May and Neal Mitchell provided a first in Plainview sports history, when they helped to lead Nassau County to the New York State High School Tennis Championship, in matches held at Great Neck South High School on June 5. May and Mitchell had become the first Plainview netmen to ever qualify for the state tournament by finishing third in the Nassau County

Section 8 Championships. In Friday's State Playoffs, Nassau defeated Westchester County by only 1 point, 16-15. In a morning match, played indoors because of rain, the Kennedy doubles team lost to Westchester's doubles from Scarsdale High School. Ignited by this first disappointment, May and Mitchell easily won their remaining two matches of the tournament. Against Suffolk County, they

defeated a Bayshore doubles team by an 8-4 score. Bayshore had not lost in 95 straight matches in their own league. In the last match, with the pressure on because of the close team score, the Kennedy seniors closed out their varsity careers with an overwhelming victory over Rockland County's team from Spring Valley High School by an 8-1 margin. B.C.A. Service Award

by Bernyce Shimberg

The Birchwood Civic Association award for "Outstanding Service to the Community" by a senior of Jericho High School will be presented to Janet Meyers at the Awards Assembly on Thursday, June 18, 1970, 8 PM, at the Jericho High School auditorium.

Janet was selected by the Awards Committee of Jericho High School for her community service through the Student Action Movement, of which she was secretary. She helped organize and conduct the annual UNICEF drive at Halloween; she organized and ran the cake sales sponsored by S.A.M. to raise funds for the American Indian; she arranged for the members of S.A.M. to visit the Holly Patterson Home for the Aged and entertain the residents on several occasions; she helped organize Jericho's participation in the

annual Rainbow Tag Day Appeal for funds for Cerebral Palsy; she gave of her time and service during the week-ends that S.A.M. sponsored work days and participated in the baby-sitting service offered by S.A.M.; as secretary of S.A.M., she spent many hours writing letters to government agencies trying to find out how young people could aid the unfortunate, and sent letters to various community groups soliciting aid and expressing appreciation when aid was offered. In addition to this, Janet aided in conducting the transportation survey in Jericho, and offered her secretarial services to the Student Council and made signs for the various events sponsored by the Council.

Janet is the daughter of Mr. and Mrs. Charles Meyers, 24 Westmoreland Drive, Jericho.

Steinberg New Knights Of Pythias Chancellor

On Monday evening, June 8th, of the Jericho Lodge of the Knights of Pythias held their installation ceremony at the Jericho Fire House.

Harold Steinberg, past vice chancellor, was selected as Chancellor/Commander for 1970-71.

Jericho Lodge No. 846 has been in existence for over 10 years. In his acceptance speech, the new Chancellor/Commander stressed the theme, "Friendship" as the chief reason for the Knights' spirit and success.

A new executive board for the Lodge was installed and bowling trophies distributed. Music and refreshments rounded out the evening.

Steinberg's wife, Mimi, is a past president of the local chapter of Pioneer Women. The Steinbergs and their two daughters reside on Forsythia Lane, Jericho.

Musical Trio Formed

Three Jericho youths have formed a musical combo and are available for bookings for teenager affairs. Interested parties are asked to contact Jay Sekulow, leader, at 433-4249.

Firefighting "personnel" treat calcium hypochlorite with great respect. When the material is decomposing it produces fumes and gases, principally chlorine, in more than sufficient quantities to be lethal. One part per million parts of chlorine in air will produce symptoms after several hours of exposure: 40-60 ppm exposure for 30 minutes is a dangerous concentration; and a few breaths of a concentration of 1000 ppm is likely to cause death.

When called to alarms involving this material, firefighters wear full protective gear and self-contained breathing apparatus. Special care is taken to adequately cover the areas of the body that might be only scarcely protected by the turnout gear, such as the wrists and the neck. Upon returning to quarters, firefighters promptly wash off any of the chemical that might have come into contact with large amounts of water.

Fire departments provide a valuable service to their communities by warning pool owners of the dangers of this type of sanitizing agent and urging them to carefully read and follow the directions and make every effort to keep contaminants away from the stored materials.

From Office Of Supt. Of Syosset Schools May Report Excerpts

BOARD OF EDUCATION AND STA REACH AGREEMENT:

The Superintendent is pleased to announce that, after extensive work by both parties, the Board of Education and the STA have reached agreement on the terms and conditions of employment for all teachers.

The Board of Education tentatively approved this agreement on May 25th and the agreement was ratified by the Association membership on Wednesday, May 27.

A formal resolution to ratify this agreement is presented under new business.

SYOSSET HIGH SCHOOL GRADUATION EXERCISES:

The Syosset High School graduation exercises will be held on Sunday, June 21, 1970, at 2:00 p.m. As in the past several years, the exercises will be held outdoors in order to accommodate the large attendance that this program draws annually. The graduates will receive their diplomas from Mr. Simeon Wittenberg, President of the Board of Education.

RE-DISTRICTING:

Re-districting of elementary pupils in accordance with the Superintendent's recommendation has been approved by the Board of Education at the special meeting of May 25. Orientation programs are under way in each of the receiving schools for both children and parents. The schedules are as follows:

- June 5 - 9:30-11:00 at Berry Hill receiving from Split Rock and Village Schools
- June 8 - 9:30-11:30 at Robbins Lane receiving from Locust Grove, Split Rock, and Berry Hill
- June 9 - 9:30-11:00 at Summers School receiving from Robbins Lane.

SUMMER CURRICULUM WORK:

Summer curriculum work on the elementary level will be scheduled in the following areas: (1) social studies; (2) art; (3) music; (4) mathematics; (5) physical education; (6) health, in the areas of tobacco, drugs, alcohol, and family life.

Summer curriculum work on the secondary level will emphasize the development of new courses approved for the 1970-71 school year by the Secondary School Curriculum Council. Members of the professional staff will develop curriculum areas in sociology, consumer education, ecology, health, junior high school English and 10th grade unified English and social studies program.

A resolution covering summer

curriculum work appears under new business for the Board's consideration.

FM LOCAL RADIO STATION:

Discussions are currently underway between members of the administrative staff and several secondary school students who are interested in the possibility of developing a local radio station which could emanate programs from Syosset High School. The students have contacted the FCC for information with regard to regulations and they are now in the process of developing an analysis of time and cost requirements. The station is being considered as an available public relations contact for the District between and among students, professional staff members and the community at large.

PUBLIC HEALTH LAW AMENDED:

We have recently been informed by the Nassau County Department of Health that Section 2164 of the Public Health Law has been amended and now requires that children entering school must also be vaccinated against rubella (German measles). This requirement brings the number of mandatory immunizations to four; small pox, measles, poliomyelitis, and now, rubella.

Exceptions to this amendment may be made if the physician indicates that immunizations cannot be given for reasons of health or if the parent presents a written statement that he is a member of a religious organization which opposes the practice of immunization.

This information will be communicated to the public and the necessary procedures will be developed so that we can comply with this new legislation.

TRANSPORTATION:

Transportation routes for the 1970-71 year are currently being developed. The problem of developing the routes for the new school year has been complicated due to the following factors:

1. An increase in the number of private schools requesting transportation for individual students;
2. The decrease in State Aid for expenditures made for the 1970-71 year;
3. The added traffic congestion within Central School District No. 2.

With these factors in mind, every effort is being made to consolidate runs in order to provide the safest and most efficient routing at the least possible cost. The administration is also exploring the possibility of sharing routes with surrounding school districts for out-of-district transportation.

Jericho J.C. Installs June 24th

On Wednesday, June 24th, 8:30 P.M., at the Jericho Jewish Center, the newly elected officers and Board of Directors of the Congregation, Sisterhood, Men's Club and Parents Council will be formally installed.

The outgoing Board Members and Officers will also participate in the installation ceremonies. Mrs. Jay Lewis, President of Sisterhood, Mrs. Leonard Berger, President of the Parents

Council, Mr. Calvin Zemsky, President of the Men's Club, will continue to serve another year. Mr. Henry Berman, President of Congregation, will retire his position and will be succeeded by Dr. Harry Elkin.

A champagne cocktail reception and other refreshments will follow installation. Everyone is welcome to join in the festivities.

JERICO FIRE BELL

WRITTEN MONTHLY BY THE MEMBERS OF THE JERICO VOLUNTEER FIRE DEPARTMENT IN THE INTEREST OF FURTHERING COMMUNITY RELATIONS.

It always seems rather unlikely that a fire department would receive a call for a serious chemical fire in a private dwelling. It seems even more unlikely that such a fire would possess dangerous and lethal characteristics.

But none-the-less these odd fires are occurring with alarming frequency throughout the Country, as the rule between June and September, and always at dwellings where there is a swimming pool. That is the clue.

These fortunate homeowners that have swimming pools larger than the kiddie wader styles usually have the means to filter the water, and usually they are careful to keep the water well sanitized through the use of chemical additives. Unfortunately, they are not as careful in storing and handling these chemicals, and sanitizing agents have been the cause of many serious fires.

Calcium Hypochlorite is the chemical that is most generally used for water sanitization purposes in backyard pools. It does basically the same thing that liquid chlorine does in the club and community pools; that is, it disinfects the water by chlorine addition. The chemical is distributed in the form of a dry powder, a granular material, or a tablet. Packages range in size from a few pounds to several

hundred pounds, and the material is marketed under a number of trade and proprietary names. The chemical is not combustible and is stable under ordinary conditions, but there is similarity to an otherwise harmless commodity ends.

Calcium Hypochlorite is a very reactive and powerful oxidizer, particularly when moistened or mixed with most acids. In contact with organic or oxidizable and combustible materials, it may form a mixture that spontaneously bursts into flame, and in some cases it undergoes accelerated decomposition and violent eruption, especially when wet.

The types of organic and combustible materials that are possible contaminants include ordinary household products, cleansing and disinfecting agents such as pine oil, mineral oils, kerosene, turpentine, lubricants and grease, certain beverages, tobacco, paper, rags and other similar products.

Many incidents have been reported that illustrate the two-faced character of this seemingly harmless material.

Ignition of the material occurred when the granules were scooped from the container in a glass measuring cup that had been used for the preparation of an insecticide.

A violent eruption occurred when a man mixed acid (normally used to raise the pool water pH) with the calcium hypochlorite granules. Exposure to the liberated chlorine gas almost killed him when it paralyzed his throat muscles and stopped his breathing.

A fire occurred in the granule container when a housewife used the glass measuring cup that she ordinarily used to measure the detergent for her washing machine.

Eruption of the contents of a container occurred when a man leaning over the barrel with a cigarette in his mouth and the ash dropped into the granules.

There are many more on records on record, almost all caused when foreign matter was inadvertently introduced into the container.

Around Our Town

by Linda Noeth Scotti
796-1286

Mr. and Mrs. Joseph Fox of 17 Ullica Ave., Hicksville celebrated their 55th wedding anniversary on June 9th. Open house was held for relatives and friends on Sunday June 7th between 2 and 7 p.m.

Participating in the town's new Supervisor's Intern Program is Jean Sansivero which is designed to give young people a chance to work in government during the summer.

Jean 22, is the daughter of Mr. and Mrs. Albert J. Sansivero, of 43 Roxton Rd. Plainview. A 1966 graduate of Our Lady of Mercy Academy in Syosset, Miss Sansivero is majoring in Elementary Education at the State University at Cortland, where she is a senior.

Misses Susan Schultes of 58 Edward Ave., Hicksville, and Valerie Zizza of 11 Floral Dr., Plainview, attended a Berkeley School luncheon recently. Miss Zizza was selected to sit on the dais as representative of the Hicksville school.

Among the newly elected of the Nassau Heart Association membership to the Board of Directors was Mark Kenyon, Ph. D from Jericho.

A \$66,309 government contract for electronic supplies has been awarded to AMPEREX ELECTRONIC CORPORATION, 230 Duffy Ave., Hicksville, by the Defense Supply Agency's Defense Electronics Supply Center in Dayton, Ohio.

The contract calls for 11,532 election tubes, type 6939, to be manufactured in accordance with military specifications at the contractor's plant in Hicksville.

The household of Mr. and Mrs. Christopher Reimels, Sr., 128 7th St., HICKSVILLE, has been a busy one. Sgt. William Reimels returned from Vietnam; Joseph Reimels was recently graduated from Niagara University and married Sharon Jean Steele at Sacred Heart Church, Niagra Falls, on May 23; Tom Reimels graduated from St. Dominic's High School, Oyster Bay, and Robert Reimels will graduate from St. Ignatius Loyola Grammar School.

Accepted for the enrollment at the Ted Williams Camp for Baseball Summer Camp, was Thomas K. Hogan, son of Mr. and Mrs. Thomas L. Hogan, of 5 Gardenia Lane, HICKSVILLE. Thomas attends Our Lady of Mercy School in Hicksville.

Engagement Announced

Mr. and Mrs. Paul Waskewics, formerly of 50-16th Street, Jericho, now residing at 3 Lincoln Avenue, Massapequa, announce their son Paul A. Waskewics engagement to Miss Mary Mullin. Mary is the daughter of Mr. and Mrs. F. Mullin, 66 Kuhl Street, Hicksville. They have set the wedding date for Sept. 26, 1970 at St. Pauls Church in Jericho. They will be honeymooning in different parts of Europe.

Two New Vice Presidents named Robert A. Lockwood and Michael Zara both of Hicksville by the Board of Directors of SERVO CORPORATION OF AMERICA at its annual meeting on May 28.

Mr. Zara and Mr. Lockwood are newcomers to the list of officers. Mike Zara has been with Servo for over 11 years and has

been responsible for the outstanding sales growth in the international area. He holds an A. B. degree from Harvard University.

Bob Lockwood joined Servo in 1969 with outstanding previous sales experience in the Litcom Division at Melville, Long Island and as Vice President of Marketing for a number of years

with Aeroflex Laboratories in Plainview. He is a graduate engineer from Syracuse University and has also completed studies at Harvard Business School.

Dr. John Lo Gerfo of 45 Roxton Road, PLAINVIEW, has been promoted to Full Professor of Biology at C.W. Post College.

Dr. John Lo Gerfo joined the C.W. Post faculty in 1958 with the rank of Instructor. He is one of 24 faculty members to receive promotion effective with the fall 1970 academic year.

Starke-Hagstrom

Mrs. William J. Starke, formerly of HICKSVILLE, wishes to announce the marriage of her daughter Carole Ann, to Donald Noel Hagstrom, which took place on the 16th day of May at the Lutheran Church of the Holy Trinity at Cherry Long Beach, California.

Congratulations to Jimmie Buck and Ronnie Proffe who took part in the graduation exercises at Willets Avenue School. They attended the Pre-Kindergarten classes.

Singing Boys Of Long Island Annual Concerts On June 24 & 25

The Singing Boys of Long Island is a non-denominational choral group, whose ages range from 10 years to 18 years. The boys are selected through auditions held every September, and membership is open to any Long Island boy.

After extensive training and development, rehearsals being a minimum of 6 hours a week, a boy then becomes eligible to join the Concert Choir.

The 30-voice Concert Choir is maintained for public performances which range from local presentations to New York appearances. The Choir has appeared on college campuses, for private receptions, and political events. Recent appearances have included programs at New York City Hall for Mayor Lindsay, a

Long Island Choral Group And Their Director

combined concert with the Concert Choir of Pace College, N.Y., and the President's Reception for Dr. Mortola at the Pace College, New York City Campus.

The Singing Boys of Long Island strive to maintain a rich choral tradition ranging back to the Renaissance period. Their repertoire consists of music of all periods, from Byrd, Weekles, Bach, Schubert to Britten.

The Choir composition is based upon the famous St. Thomas Choir of Leipzig, Germany, whose renowned Choir master was Johann Sebastian Bach. This is a special sound, and if the music of the great masters is to be recreated as it was meant to be, and if it is to remain pure in style, it must be sung as it was in the past by choirs of men and boys. The Singing Boys of Long Island strive to maintain this example of musical excellence.

The Choir, under the able direction of Mr. Gerald F. Barker, of Hicksville is working for topmost goals. Mr. Barker is a world traveler, having travelled extensively throughout the United States and having made four trips through Europe, as well as the Middle East, Asia, and the Orient, observing many outstanding musical organizations and programs. He has studied under the direction of Ferdinand Grossman, the

Senior Girl Scout Conference

Next June 26-28, approximately 100 Mid Island Council Senior Girl Scouts and an equal number of Senior Scouts from all over Region I (which includes many of the States on the Eastern Seaboard) will be involved in a most interesting undertaking. It will be Mid-Island Council's second Senior Girl Scout Conference, entitled "Listen People".

As the name implies, the Conference deals with communications. The girls will come together with the purpose of exchanging ideas on such weighty subjects as "The Generation Gap", the changes and conflicts in religion that exist today, the ideological differences between nations, the gap which exists between peoples of different social and economic backgrounds and the trouble we have seen recently on college campuses all over our country. Forums will be held on each of these subjects at which the girls

will discuss the underlying causes behind the breakdown of communications between people.

The Conference will be held at the State University Agricultural and Technical College at Farmingdale, New York. This will offer the girls a homey and relaxed atmosphere in which to conduct their Conference. The girls will arrive Friday evening and stay until Sunday afternoon. In addition to forums being offered on Saturday, there will be a banquet on Saturday night, entertainment by Los Amigos, and ample time for the girls to get acquainted.

As you can see Senior Girl Scouts are not just those girls who do arts and crafts. Their program reaches far beyond that. It helps to make them aware of the world around them, and leads them to seek answers to its problems.

This June, with Mid-Island Council's backing, 100 Senior Girl Scouts will do just that.

Wednesday and Thursday evenings, June 24th and 25th, at 8:00 P.M. Tickets for this concert cost \$1.00.

The Choir is presently making preparation to tour England for two weeks during July, and will be appearing at various Cathedrals, Embassies, and schools.

Hicksville Postmaster Ralph G. Cascardo stated today that the Self-Service Postal Unit, located in the lobby of the main post office at 185 West John Street, has proved successful as a supplement to existing postal services.

Mr. Cascardo noted that this unit, in operation since November 1969, is open from 6:00 A.M. to 10:00 P.M. daily, 7 days a week, 52 weeks a year.

The unit meets basic mailing requirements. Users can buy stamps, envelopes, postal cards, and minimum parcel insurance from vending machines. Letter and parcel scales allow simple determination of required postage.

There are also bill and coin changers and a 1,650 page ZIP Code Directory. In addition, a telephone has been installed should any assistance be required. A qualified postal clerk will answer all questions and provide the necessary information.

Hot Ashes A Problem

Oyster Bay Town Councilman Warren M. Doolittle today asked town residents to cooperate with the employees of the Town's Sanitary Services Division by making sure that all hot ashes from charcoal fires are out before placing in garbage cans.

Doolittle added that hot ashes have smoldered and caused fires on sanitation vehicles. Although the fires were never serious, it necessitated dumping the load as a preventive measure. It was then necessary to call in the local Fire Department to put out embers and then a highway vehicle to remove the debris from the street.

"All of these actions are a financial loss to the taxpayer," Doolittle noted. "Caution should be exercised."

PROUD MOMENT: Oyster Bay Town Councilman Warren M. Doolittle, right, presents top teen award to Carmella De Vito as Robert Kuhr, recipient of Honorable Mention looks on. The youngsters, both Hicksville residents received awards at a reception honoring Teen Volunteers working with the Association for the Help of Retarded Children (AIRC).

IN CONTEST: Pictured above is the Plainview High School Musical Corps which appeared in the N.Y. State Twirling Association final contest in Central Islip.

The group was formed this year to present shows combining music, precision drill, and modern dance with batons. They have appeared in school assembly programs, competitions, and a NY Mets game. Their final appearance this was the determine first and second place in New York State.

The Corps is sponsored by Misses Phyllis Rizzo and Sandra Ginsberg, and directed by Mr. Howard Carsten. Student leaders are Stan Ruszkowski and Pat Langton; Majorettes are Karen McGuigan and Michelle Taussig.

Lutheran High Summer Programs

For the third year in a row, "Night and Day" will be the theme for the annual Lutheran High Basketball Sport School.

The day sessions, which marked the opening of the Lu-Hi program in 1963, quickly grew to turnover status and in 1968 the registration was so large that night clinics were scheduled to meet some of the demand.

This year, three two-week sessions are slated, June 29-July 10, July 13-24 and July 27-Aug. 7, to for the daytime cagers. Night sessions will be held July 13-24 and July 27-Aug. 7. All sessions have been sold out for weeks.

Frank Gugliotta, one of the outstanding basketball mentors in Suffolk County and with 18 seasons at Wall Whitman High School, returns as director of the day Sport School. Rev. Ed Visscher, former Lutheran High head coach and founder of the Lu-Hi program will once again direct the evening clinics.

In order to offer a complete cage program for boys on the elementary junior high and high school level, Gugliotta and Rev. Ed. Visscher have assembled an outstanding lineup of top coaches from every level of the sport.

Among Top Ten

Frank Geslak, son of Mr. and Mrs. Frank Geslak of HICKSVILLE, who is presently a chemistry teacher at E. L. Vandermeulen High School in Port Jefferson, has been selected as a member of the examinations committee of the American Chemical Society. This committee is charged with developing examinations for over 25,000 students throughout the United States in advanced and honors chemistry courses. The examination is also used as a guide by teachers in schools and

universities in over 40 countries. William Thornewell, chairman of the Teacher Recognition Committee of the Suffolk County Chapter New York State Society of Professional Engineers, cites Mr. Geslak "among the top ten math or science teachers in Suffolk County".

Mr. Geslak attended St. Ignatius and Hicksville High School before graduating from Albany State, and getting his Masters at Penn State on a fellowship. He has had a few fellowships at Clarkson and Cornell and is presently working on further degrees at Adelphi University.

Collegiate head coaches on hand for the Lu-Hi sessions will include Frank Layden of the University of Niagara, Bob Harrison of Harvard University, Gary Walters, who just moved from Middlebury to Union College, and Pete Carril of Princeton University. College assistant mentors on the Lu-Hi staff include Joe Ford of Navy, Gwyn Rees of Queens, Albie Swartz of Hofstra and Ari Hyland of Princeton.

From the high school ranks will be Neil Gedeberg of Holy Trinity, Jim Amen of Plainview, John Mills, former head coach at Hempstead and Phil Robinson who took over for Rev. Visscher at Lutheran.

Junior high pilots Sal Achille (Brookside), Jerry Greenblatt (Lawrence Roads), Chris Rau of Trinity Lutheran in Hicksville and Rich Rausch of Grace, Malverne round out the staff.

Guest lecturers will also be scheduled and among those returning from 1969 will be Paul Lynner of Hofstra, George Kaffan of C. W. Post College and Bruce Webster of the University of Bridgeport.

Summer Ice Skating Starts June 19

Cantiague Park's second season of summer ice skating will get under way at the indoor rink on Friday, June 19, Public Works Commissioner Herbert J. Simins announced today. The rink will offer regular public skating sessions, a speed skating program, hockey clinic, hockey leagues and instructional sessions.

The public skating sessions run from 1 P.M. to 3 P.M., Monday through Friday and from 8 P.M. to 10 P.M. on Saturday and Sunday evenings. Admission is \$1.00 for adults and 50 cents for children.

The special speed skating sessions, which are free, will be held on Tuesday evenings from 9 P.M. until 11 P.M. beginning June 23. Prospective participants must register at the rink before the 23rd and supply their own speed skates. There are no age restrictions.

Ice hockey leagues for boys and instructional sessions will occupy most of the remaining rink time with a previously announced hockey clinic conducted by New York Ranger players functioning from July 13 through 24.

New Identification For Nassau Cty. Park Admission

Public Works Commissioner Herbert J. Simins today announced that automobile bumper decals will be used instead of permits as identification for admission to Nassau County parks. The decals are now being mailed out to all holders of 1968-69 and 1969-70 permits. Accompanying instructions will direct recipients to place the decals on their front car bumpers on the driver's side.

"Substitution of decals for permits offers two main advantages", Simins said. "First, it should result in less delays at Park entrances since gate attendants can spot bumper decals faster than they can examine permits. Second, the cost involved in processing, printing and mailing some 150,000 permits each year can be virtually eliminated after this year since we will then be handling only new residents, people acquiring new cars and those whose decals are lost or destroyed."

"The decals will be 'permanent', Simins added, "in the sense that as long as a resident retains his present automobile he need not apply for a new decal".

Multi-car families may request additional decals by sending a postcard to DECAL, Recreation Administration Building, Eisenhower Park, East Meadow, N.Y. 11554. Residents who do not now hold permits or who acquire new cars may also submit requests to the same address.

During the period required to mail out decals to the 300,000 present permit holders, expired permits or other proof of Nassau residency will be accepted.

Men's Handball Tournament, June 27

Cantiague County Park will hold a Men's Handball Tournament on Saturday, June 27, between 9 A.M. and 2 P.M., Public Works Commissioner Herbert J. Simins announced today.

Players must be at least 16 years of age and medals will be awarded to winners. Participants must register at the Cantiague Park office no later than June 20.

Cantiague County Park is located on West John Street in Hicksville.

Hicksville Library NOTES

FOREIGN LANGUAGE BOOKS AVAILABLE AT THE LIBRARY

Curious library patrons occasionally note a small selection of foreign language literature in the Browsing Section. Some of these browsers make the assumption that this is the total of the library holdings in other languages than English.

But this assumption is wrong. The books in this area are merely foreign language books loaned temporarily to Hicksville from the Nassau Library System.

A far larger selection of foreign language books are owned by the library and housed in the regular stacks, mainly in the 830 to 860 classification numbers. Here you will find many of the better titles in German, French, Italian and Spanish literature in their original languages. You will also find a scattered selection of books in other languages in the 870's through the 890's.

Most foreign language books, but not all, will be found in the above classifications which are for literature. A political treatise by Rousseau in French or by Machiavelli in Italian, or a philosophical work by Unamuno in Spanish will be found elsewhere.

We find that students of foreign languages make good use of this collection. Another good source of users consists of older people who like to read in what was their original language.

It has occurred to us that a good potential use of these books is by people who have studied a foreign language in school and would like to brush up on their facility.

As well as the classics, we have the works of many currently popular writers in their original language. For example, Boll, Grass, Hochhuth and Hesse in German; Camus, Malraux, Robbe-Grillet, Sartre in French;

Guareschi, Moravia, Soldati in Italian; Cela, Gisonella, Jimenez in Spanish.

If a person should feel the desire to read some of these works in the original but feels that he lacks the necessary background knowledge, the library would have the English translations of the works of these and many other writers which he could use as a crib.

Also, if you are looking for a foreign language title which we do not own, a request to one of our reference librarians will set in motion an attempt to obtain it for you from the Nassau Library System or another library.

Fun At Library

Hey kids! Summer days are fun days at the cool Plainview-Old Bethpage Public Library. We will have two reading clubs this summer, "The Mighty Dragon" for 7 and 8 year olds and "Explorers of the Deep" for 9 to 12 year olds. Registration for these clubs starts June 22 at Mrs. Healing's desk in the Children's Room.

The Reading Clubs meet for 7 weeks between July 6 and August 17. Club members are to read at least 8 books and come to the library each week to make their reports.

Each child who reads at least 8 books will win a diploma and be entitled to the SECRET SPECIAL TREAT that Mrs. Healing has planned for the winners.

In addition to the Reading Clubs we are having a Tuesday Summer Film Festival which features films specially chosen for children between the ages of 6 and 12. They will be shown each Tuesday at 2:30 P.M. in the library's meeting room. The selections are: July 7 - THE MAN FROM BUTTON WILLOW - An exciting full length Western cartoon featuring the voices of Howard Keel and Dale Robertson; July 14 - THE BOY WHO LOVED HORSES - A boy steals a magnificent white Lippizan stallion to save the horse from being killed; July 21 - WILLY MCBEAN AND HIS MAGIC MACHINE - Willy travels back through time in this wacky comedy; July 28 - LITTLE LEAGUE MOOCHIE - Walt Disney's hilarious account of a 10 year old determined to make the team; August 4 - UNDERWATER - A sunken treasure, sharks and hijackers add up to exciting undersea adventure; August 11 - 5,000 FINGERS OF DR. T - A musical fantasy with Peter Lind Hayes, Mary Healy and Hans Conried. The story is by Dr. Seuss; and August 18 - EMIL AND THE DETECTIVES - A Walt Disney thriller about a group of young boys versus 3 masterminds of the European underworld.

Children's Special Story Hour

On these hot summer days Plainview-Old Bethpage 5 to 7 year olds are finding a fun way to cool off. On Friday afternoons at 4:00 P.M. the air conditioned Public Library has a Special Story Hour for them. This Friday, June 19, three stories will be told. They are "Alexander and the Wind-Up Mouse", "Crocodile and the Hen", and "The Traveling Musicians".

Scientific Congress

Twenty-six groups of Long Island high school students and their teachers, working together as scientific teams, reported their findings at the Scientific Congress of the "Seminar in Biological Research Techniques" offered by the Waldemar Medical Research Foundation of Woodbury, New York, and supported by the National Science Foundation.

The Congress met at the John F. Kennedy High School, Plainview, on June 10.

Dr. Leo Gross, Conference Chairman and Director of Educational Programs at Waldemar, announced that student reports presented in the fields of bacteriology, cell growth, embryology, cell parasitology, Professor George Keith Russell of Adelphi University delivered the keynote address on the topic of "Studies in Human Chromosomes."

Among the participants in the Scientific Congress were: From John F. Kennedy H.S., Plainview, under the teacher

supervision of Mr. Jeffrey Elias in Bacteriology were, Paul Autler, Scott Green, Jill Hieberg, Janice Kerner, Frank LaBarbera, and also; from John F. Kennedy H.S., under the supervision of Mr. Irwin Stewart in Cell Growth were, Celia Cohen, Robert Davis, Andrea Feldman, Holly Nacht, and in Embryology under the supervision of Mr. Robert A. Dornemann, also of John F. Kennedy H.S. were, Karen Creaven, Douglas Greger, John Maskell, Stuart Siris and Michael Weiss.

From Holy Trinity H.S., Hicksville, under the supervision of Sr. Elizabeth Ann Logan in Cell Growth was, Maryann Cooney, Denise Donohue, Kevin Lawrence, Kevin McAndrews, Peter Ober, and Robert Pereria, and also from Holy Trinity in Embryology, under the supervision of their teacher Sr. Agnes M. Cunningham was Frank Ambrosino, Gary Beckmann, Maureen Delaney, Kathleen Donohue, Joanne McCarthy and Mark Sudwischer.

Deaf Student Wins Scholarship

Mary E. Rosnack of Plainview, has been honored with the annual Scholarship Award of the Federation of Jewish Women's Organizations (N.Y.) which is presented through the Alexander Graham Bell Association for the Deaf.

A deaf student, Miss Rosnack is on the "Dean's List" at Molloy College, Rockville Center, where she is studying for her B.S. degree in biology. She graduated from Plainview Senior High School in 1966 and is the daughter of Mr. and Mrs. Edward Rosnack.

The Alexander Graham Bell Association for the Deaf, an international philanthropic agency organized in 1890, is active in promoting the use of residual hearing and the teaching of speech and lipreading to deaf children.

From the kitchen of JOAN AMUNDSEN

Do you have the same problems with vegetables that most of us have? Now which one doesn't like peas? How do I disguise the spinach this time? I guess there's at least one picky eater in every family although I've yet to find him in mine. In fact I have one son who'll eat just about anything that doesn't eat him first. Nonetheless, vegetables are an evil every mother must contend with and they can be made quite palatable too in the process. Ask my son his favorite vegetable and he'll probably answer "fried spinach." It really isn't though, it's just that it's cooked in a frying pan.

Fried Spinach

3 slices bacon
¼ cup chopped onion
2 tsp. flour

27 oz. spinach, drained (save the juice)
nutmeg

Dice bacon into fry pan and cook until crisp. Remove bacon and saute onion in the bacon fat. When onion is transparent, add bacon and flour to pan and stir. Add all the drained juice from spinach. Cook and stir til thickened. Chop spinach and add. Heat thoroughly. Add dash of nutmeg.

The next best thing to raw carrots sticks is:

Steamed Carrots

1 lb. carrots
1 onion cut in rings

½ cup water
½ stick margarine

Scrape and cut up carrots. Put in pot with tight fitting lid. Add onion, water and margarine. Cover and cook until tender. stirring occasionally.

Another good recipe is:

Skillet Cauliflower

1 large head cauliflower
2 tsp. margarine
¼ cup chopped onion

1 cup water

1 envelope instant beef broth
salt and pepper to taste

Wash and trim cauliflower and separate into flowerets. Cut into slices. Sauté onion and cauliflower in a large fry pan. Add water and beef broth, salt and pepper, and stir. Cover and cook about 10 minutes or until cauliflower is still slightly crisp but tender.

Maybe some of you have some favorite recipes you'd like to share with us. If so, just send them to me in care of the Mid Island Herald, One Jonathan Ave., Hicksville, N.Y. 11801.

The month of May was a busy one. Several building fires during the month kept the volunteers busy, along with 7 false alarms.

On Saturday June 13 at 3:52 PM a 2 alarm fire, which started in a storage shed in the rear of the Contact Industries on South Oyster Bay Rd., spread to a car, a large pile of wood loading skids, 2 freon gas tanks, and then caught on to the south wing of the Astro Motel. First arriving Engine companies found a fully involved fire threatening 2 50' freon gas tanker trailers. 2 smaller tanks had already burst. Approximately 40 persons were evacuated from the Motel. 4 rooms of the Motel incurred slight fire damage. Hose lines kept the 2 tankers cool and removed the accumulations of gas. Quick action by the Vamps prevented serious damage to the large Motel. After 2 hours the occupants were allowed to return. 75 men and 9 pieces of apparatus responded, under the direction of Chief Voorhies.

Remember - A flashing blue light - means a fireman is responding to an alarm - please give him the courtesy of the road.
 Please display your house number so it is visible from the street.
 Thank you

Band Battle

Oyster Bay Town Councilman Warren M. Doolittle announced today that the Town's Department of Recreation and Community Activities is now accepting application for competition in the Fifth Annual Battle of the Bands.

"All members of participating groups must be Tobay residents, 18 years of age or under," Doolittle said. "In addition, the band may consist of no more than eight members."

Last year, a Hicksville group, "The Blue Glass Illusion," placed first in Tobay competition and for the second year morning, a Tobay band, "The Morning Rain" from Massapequa, won first place in the Nassau County Finals.

Sectional contests will be held at each of the Town's four community parks. Two semi-finalists will be selected from each sectional grouping and these winners will participate in the Town finals. The top three bands will represent the Town of Oyster Bay in the county finals.

Doolittle added that top bands from each sectional contest will be engaged to play at teen dances in the Town's four community parks this summer.

Closing date for entries will be July 1st. For further program information and applications please contact Mrs. Lois Manning, Town's Cultural and Performing Arts Division, 7800 Jericho Turnpike, Woodbury or call her at 921-3944.

Among those appointed to the Nassau County Police Department were Peter C. Brock of LEVITTOWN and Edward J. Deegan of HICKSVILLE. After being sworn in by Commissioner Looney, the new recruits began a 14 week course of classroom study and practical patrol in the Police Department Training Center, Mineola. They will assume their full duties after successfully completing the course.

County Recreation News

Young ice hockey players who find the normal May to September hiatus a drag have been urged by Public Works Commissioner Herbert J. Simms to sign up for the summer hockey league at the Cantiague County Park indoor rink in Hicksville. Registration will begin Monday, June 1, and continue until the program is filled.

Plans call for three leagues based on age: 9-11, 12-14, and 15-17. Both individuals and organized teams may register. Players must supply their own approved safety equipment, stick and skates.

Further information may be obtained by calling Cantiague Park, IV 9-9660, Est. 302.

Simms also announced that Cantiague will hold a series of Adult Tennis Tournaments between June 13 and June 23.

The tournament is open to both men and women over 18 years of age who reside in Nassau. The contest will cover 3 categories: Men's singles, Saturday, June 13, registration deadline June 7th; Men's Doubles-Saturday, June 20, registration - deadline June 14th; and Mixed Doubles-Monday and Tuesday, June 22, 23 (registration deadline June 21).

Contestants may enter one or more events. All matches are two of three sets and players must supply their own balls. Medals will be awarded to winners.

In the top picture shown is the pre-kindergarten graduation at Old Country Road School, Hicksville, which six classes of pre-school children graduated this week. The pre-school program was founded four years ago under the sponsorship of the P.T.A. and the guidance of the kindergarten teachers, Mrs. Schlecker and Mrs. Wade.

In the lower picture, pre-school staff, from left to right, Mr. Jack Meller, Ass't Princ., of Old Country Road School, Dorothy Murray, teacher, Ellie Ann Conklin, Chairman, and Marce Mantello, Co-Chairman.

This program familiarizes pre-kindergarten children with their surroundings and materials they will use when they enter school.

Monthly Meeting

Guest Speaker will be Larry Bogart of the Anti - Pollution League. On the same program will be Recovered Cancer Victims to tell their personal account of the non-toxic, little - known or publicized therapy which saved their life. Free Admission. For information call (516) WE 5-6359 or (516) AR 1-6485.

Mr. Maher, the principal and the faculty of Willett Ave School in Hicksville presented the cafeteria staff: Mrs. Kathleen Hession (left), Mrs. Edith D'Amato (center), and Mrs. Thelma Lewander (right), with corsages and candy on Teacher's Recognition Day.

Bicycle Safety

Oyster Bay Town Councilman Philip B. Healey said that all bicycle owners should obtain a safety "check-up" inspection of their bicycles to be sure that all mechanical parts are in good working order before taking to the road this summer.

"A visit to your bike repairman to replace broken or worn out parts is recommended to insure safer bicycle riding and more enjoyment," Healey said.

To help avoid accidents, Healey suggested that smart bicyclists walk their bikes at busy corners, give hand signals

where required, ride on bicycle paths wherever provided and be courteous to other drivers.

Copies of a bicyclist's book of rules is available to residents by writing to Lt. John Blenn, Accident Prevention Bureau, Nassau County Police Headquarters, 1490 Franklin Avenue, Mineola, New York, 11501.

New Appointments

Nassau Police Commissioner Francis B. Looney appointment patrolmen to the Department. They are James J. Bresnahan of LEVITTOWN, Anthony F. Esposito of HICKSVILLE, Thomas J. Purcell of LEVITTOWN, Allan J. Stawinski of PLAINVIEW, and Richard G. Winwood of LEVITTOWN.

As anti-inflation policies take hold in the coming months, the question of working time lost from labor disruptions becomes more significant. The impact of work stoppages - strikes and lockouts - can be measured in several ways. One is by the number of stoppages that occur. Another is by the percentage of working time lost. The two measurements do not necessarily follow the same trend. The chart above, for instance, shows that the 32-100ths per cent of working time lost from all work stoppages last year was the highest since 1959. But, based on the first nine months of this year, it is now

running at a rate of only 19/100ths per cent. Yet, the number of stoppages - some 4,510 - set a new record for the nine-month period. The per cent of working time lost will likely turn upward, too, as a result of the strike called against General Electric. In recent years there has been an increase in the number of stoppages lasting three months. But there has been no change in the principal cause: Wage demands.

Engineering at New York University. His professional background includes membership in the New York Water Pollution Control Association and he is Regional Representative of the New York State Department of Education, Higher Education Facilities Planning Committee. He is an author of many publications on sanitary sewer systems and waste water collection methods. Prior administrative assignments include roles as director of physical planning for Poly Tech and Institute Director and Coordinator for Development of a Master Plan for the Brooklyn Campus. He has served as director for the Center of urban Environmental Studies at Poly Tech, as com-

puter consultant in environmental planning for the Metropolitan Sanitary District of Greater Chicago and in the same role for the Transportation and Land-Use Study Agency in Detroit. He has been Chairman, Building Committee for Central School District No. 4 during that district's construction period of six new schools in a six year period.

George C. Karlson of 55 Walter Avenue in Hicksville is also a nominee. Mr. Karlson, the President of Karlson & Reed Construction Co., Inc., contractors engaged mainly in underground utility installation, has lived his entire life in the community of Hicksville. He attended Yale University. Mr. Karlson has distinguished himself in the past as a member of the Nassau County Planning Commission (January, 1951 to January, 1962) and served for a three year term as a member of the Town of Oyster Bay Housing Authority. Although no longer affiliated with any financial institutions, Mr. Karlson has served as a director of three banks; Bank of Hicksville (merged into Meadowbrook National Bank); Meadowbrook National Bank (now National Bank of North America); and recently the Long Island National Bank. He is presently director of the Monon Railroad (formerly Chicago, Indianapolis and Louisville Railroad).

team this year, will continue his education at Case Western Reserve University in Cleveland, hoping for a career in medicine. Neal Mitchell will attend East Stroudsburg State College in Pennsylvania, a tennis powerhouse, on a tennis program.

May and Mitchell had advanced to the State title in the Nassau County Tennis Tournament. Defeating Massapequa, Lawrence, and a tough Hicksville team in the early rounds, Kennedy moved into the semi-finals against Great Neck North. After suffering their only loss of the tournament to North, they battled arch-rival Westbury in the consolation finals. They lost an overtime first set, 5-7, but then showed the courage so often present in their matches by breaking Westbury's serve in the first game of the second set. Kennedy moved on to win the second set, 6-2. Playing their finest tennis of the year, May and

Mitchell then won the pressure match at 6-1 and received trophies for their victory. Other winners in Nassau County and players in the New York State tournament were: Gary Reiner (Herricks), Michael Fishback (Great Neck North); James Landes (Great Neck South); Neal Edwab (Wheatley); and in doubles, teams from Great Neck South and North, as well as Kennedy H.S.
