## Council Donates Proceeds From Ecumenical Musical

The Hicksville-Plainview Ecumenical Council turned over a check for \$2,900 to representatives of the Social Enrichment Center in Hempstead. In a brief ceremony which took place at Trinity Lutheran Church in Hicksville, the \$2,900 worth of net proceeds from the recent rock musical "For Mature Adults Only" were given to the Center to assist it in its work with socially disadvantaged young men between the ages of 18 and 23.

The Ecumenical Council voted last January to stage the rock musical for the benefit of the Social Enrichment Center. The play was performed at Holy Trinity Diocesan High School in Hicksville in May to about 2,400 people. Richard Koehnke, Vicar at Trinity and executive producer

of "For Mature Adults Only," commented, "The Hicksville-Plainview Ecumenical Council is most pleased to be able to present this money to the Social Enrichment Center. We feel that the work that the Center is doing is a very positive force in the Mid-Island area, and we are delighted to be able to make this contribution in hopes that the Center will be able to intensify and broaden its work in our communities."

During its two and one half years of existence, the Center has come into contact with over 1,500 young men, giving them food and lodging, clothing, medical care, transportation to job interviews and school, and regular professional counselling. To date, the operations of the Center have

been financed solely through private contributions. The professionals who staff the Center donate their services free of charge.

"The musical received such an enthusiastic positive response," said Vicar Koehnke, "that many persons asked us if it could be performed again this summer. At this time performances are scheduled to take place at the Hofstra University Playhouse on July 31, August 1 and 2, and August 7, 8, and 9. We're hoping that this one venture will not mean the end of something which seems to have been a unique event in this part of Long Island. People who are interested in attending this show can call 627-0807 for further information."

### Important Notice

The Hicksville Board of Education will hold their reorganization meeting on Tuesday, July 7th at 8 p.m. in the Board Room of the Division Avenue Administration Building.

### GOP To Meet

The Ernest F. Francke Republican Club of Hicksville will hold its regular monthly meeting at 8:30 P.M., on Friday July 10. The meeting will be held at the Old Country Manor, Old Country Road, Hicksville, and the program will be an address by TOB Councilman WARREN DOOLITTLE.

### New Children's Theme

What's it like underwater? Come see how we've decorated the Children's Room at the Hicksville Public Library, to illustrate the theme of our Reading Club "Explorers of the Deep". "We extend our thanks to Gertz who lent us some of the material used in our display," said a Library spokesman.

### L.I. Opera Showcase

Oyster Bay Town Supervisor John W. Burke announced today that the Long Island Opera Showcase, which has become Long Island's leading resident repertory opera company since its organization 10 years ago, has scheduled five performances in the Town of Oyster Bay for July.

On Tuesday, July 7, the Mid-Island Shopping Plaza, Hicksville, will present Opera Cameos in a program beginning at 8:30 P.M. Admission is free to all Town residents.

On the program, which is sponsored jointly by the Town of Oyster Bay Department of Recreation and Community Activities and the Mid-Island Merchants Association, are scenes from "Tosca" and "La Boheme" by Puccini and "Faust" by Gounod. Soprano Rhoda Kaplan will sing parts of "Don Pasquale," by Donizetti, in English.

**Hicksville Library Notice**

There is sometimes a delay in sending to our borrowers overdue notices of books due and the fines due on these books.

The reason for this is the use of bulk mailings, as the most economical though not necessarily the fastest way to notify our borrowers.

Since this notice is strictly a courtesy, the due date being on the card in the back of each book borrowed, we urge our patrons to be more conscientious in observing this due date. By returning the books on time, they save the fine of 5 cents per day per book, and relieving an already short staff of the time consuming task of sending out these notices.

## Million-Dollar Special Summer Lottery

The luck of the draw will create an "instant millionaire" with a guaranteed income of \$50,000 a year for the next 20 years in the Million-Dollar Special Summer Lottery to be staged beginning June 12 by the New York State Division of the Lottery.

Acting Tax Commissioner Norman Gallman, announcing the kingsized "special," said it constitutes "the biggest lottery prize ever offered anywhere in the world."

The drawing for the \$1 million first prize and for 153 other grand tier and consolation awards ranging from \$100,000 to \$1,000 and totaling more than \$1,500,000, plus hundreds of "pool" prizes of \$500 each, is scheduled for October.

Tickets for the Special Summer Lottery are priced at \$3 each, and are being distributed today to the more than 12,000 lottery vendors licensed throughout the State. The ticket sales will continue for approximately three months. A special incentive award of \$10,000 will be paid to the vendor who sells the top prize-winning million-dollar ticket.

Commissioner Gallman pointed out that the Million-Dollar Special Summer Lottery is being held in addition to the regular monthly lottery drawing for which top prizes of \$100,000 are awarded for each million \$1 tickets sold.

Referring to recent published proposals for lottery tickets sold through vending machines and legislation enacted by the 1970 Legislature which allows tickets to be sold for less than a dollar, Commissioner Gallman said he saw no conflict between these possibilities and the "instant millionaire" lottery.

"A special committee of top executives within the Department of Taxation and Finance,

headed by Ernest T. Bird, Director of the Division of the Lottery, is studying the possibility of introducing lottery tickets priced at less than a dollar and the use of vending machines," he said.

"Meanwhile, the drawing for the \$1 million prize is expected to stimulate renewed interest in the lottery and re-emphasize the important role it has played in producing more than \$84 million for New York State education without costing State residents a cent in taxes."

more than \$2 million-Dollar Lottery, Commissioner Gallman said. This will be in addition to the approximately \$2.4 million a month which the regular \$1-a-ticket lottery has raised for education each month since it began in June 1967.

## Tobay Sponsors Teen Concerts and Dances

The popular, Friday, night series of teen concerts and dances sponsored by the Town of Oyster Bay are scheduled to start at the Town's four community parks this Friday (July 3) night.

Each park - Bethpage, Plainview-Old Bethpage, Marjorie R. Post and Syosset-Woodbury - will have professional rock, folk and jazz bands on hand for eight consecutive weeks each Friday from 8:30-10:30 PM.

Oyster Bay Town Councilman

Warren M. Doolittle added that the winners of the Town's "Battle of the Bands" contest will receive contracts to perform at these concerts.

Those who have a professional group and would like to perform are asked to contact Lois Manning, Recreation Supervisor of the Cultural and Performing Arts Division, at 921-9944.

These concert - dances are limited to park district residents. Admission is free.

## Hicksville Against Drugs To Meet

# Dear Friends

With all due respects we misquote Mr. Shakespeare "Sweet are the uses of austerity . . . which like a load, ugly and venomous wears yet a precious jewel upon its head". We have yet to see the "precious jewel" which will come to us as a result of Austerity in Hicksville District 17. All we can see as yet is confusion and plenty of it. So, for our mutual information, we will bring you a three-part series on Austerity "What It Is, How It Has Affected Other School Districts Who Have Been On It, and How It Will Affect Us If We Do Not Resubmit Our Budget." This series which will take a fair amount of research, will begin next week. We welcome your comments and suggestions, as it goes along.

And speaking of comments, just for once, we quote from another local publication. . . . "A new board will come into office on July 11th (correction it should be July 7th) with four of the seven members committed to cutting the budget if possible. Informally some of the members say that they can shave about 50 cents per one hundred dollars of assessed valuation off the budget by not expanding some of the executive hiring for the school system. (our comment . . . and needless to say it is meant sarcastically . . .) "That's just great. We can hardly wait for our school taxes to be cut IN HALF! What's the difference how much harm this can do to the children from kindergarten right through high school in our school district! . . ."

Another comment from us . . . "Isn't it going to come as a shock to these board members who discussed this matter 'informally' with this local publication . . . when they discover that over 90 percent of our budget is MANDATED? Or is this new board majority which is by public comment "committed to cutting the budget" planning to disregard State Education Law? How devastating . . . anarchy in District 17! If it wasn't so tragic it would be amusing.

I'm glad to be able to report at least one good thing that the Board of Education of District 17 did at last Tuesday's meeting . . . they voted to include summer transportation for the handicapped in their budget. This program affects 72 children and will cost the district \$8,000.

There is a new youth group being formed in Hicksville, called The Old Country Youth Center. They would like to set up a cultural and recreational program for young teenagers between the ages of 12 and 15. They hope to serve this age group throughout the Hicksville area. Mrs. Virginia Macaluso of 90 Ballpark Lane, Hicksville is the group's secretary. Her telephone number is 433-6904, if you would like further information about this group's plans. One of the leader's is 19 year old Rabbi Peter Mehler who resides at 90 Blueberry Lane. Rabbi Mehler is a State Chaplain. The program which this group is hoping to bring into reality with community help is open to all young people in the 12 to 15 year age group who live anywhere in District 17.

Congratulations to Robert Berkowitz of PLAINVIEW, who won second place in School category and honorable mention in Sports category in the recent Long Island Press Photographers Awards.

LETTERS TO THE EDITOR are almost always welcome, providing they are not just "advertisements in the form of a letter." However, two weeks ago we printed a letter which we received from "J. Pilero of 57

## Letters To The Editor

Dear Mrs. Noeth:  
Due to an oversight in New York State Election laws, many voters were disenfranchised in the primary election of June 23, 1970.

Handicapped people who are unable to get to the polls have as much right to vote as anyone else. Yet there is no provision for absentee ballots under present law.

I am the Democratic candidate for the Assembly from the 8th District. If elected, one of my first orders of business will be to introduce a bill to rectify this unfortunate situation.

Sincerely yours,  
Emanuel Bernstein

Dear Mrs. Migge:  
Plainview Community Representative,

On behalf of the students and staff of Plainview-Old Bethpage High School we would like to express our deep appreciation to you for your news coverage of our school. In addition to providing our community with newsworthy articles it has also made possible student involvement that is most worthwhile.

It is our sincere hope that we will be able to continue this fine working relationship with you next year. Thank you again for your cooperation, patience and understanding.

Sincerely,

Aetha Alexander,

## NO PICKUP ON JULY 4

Oyster Bay Town Supervisor John W. Burke today reminded Town residents that no collections of garbage or refuse will be made on Saturday, July 4 (Independence Day) by the Town's Sanitary Services Division.

Burke said that the collection of garbage will resume on Monday, July 6, but rubbish pickups will not resume until the following Saturday, July 11.

Garbage is classified as remains of food stuffs, i.e., egg shells, coffee grounds, etc., while rubbish is grass clipping, furniture, cartons, etc.

Cedar St., Hicksville". Mr. Pilero phoned us to say that, although he wasn't really in disagreement with the letter, he hadn't written it. It's beyond our comprehension why anyone would write a letter and sign another person's name and address to it. . . . this letter wasn't particularly controversial, or we would have checked it out by phone . . . however . . . Mr. Pilero didn't write it . . . and whoever did, surely needs help. Also, we received a long unsigned letter from "20,000 Voting Commuters", complaining about the escalators at the Hicksville RR Station. We NEVER use unsigned letters. However, we agree that this escalator ought to be fixed, and NOT just before election day. So, we are going to speak to all the members of our Town Board, with the hope that they may correct this deplorable condition with their influence, even though it comes under the MTA of New York State.

Note to our fine Kiwanis, Lions and Rotary Clubs . . . watch next week's HERALD for a special page on "Clubs That Serve Our Community in Many Ways."

Until then, enjoy your Fourth of July weekend. We know that you do not have to be urged to "Honor America" . . . for you all do that 365 days a year in your daily actions.

Sincerely,  
SHEILA

Kennedy notched two goals in that span. The winners scored early in the last period and waited patiently for the telling

late blow.

Hicksville goalie, Paul Kamen, made 12 saves in the nets. He got support from Bill Pearce and Roger König.

The team was directed by Mr. Wayne Bryan.

Hicksville plays Farmingdale this coming Monday night at 8:00 p.m. Next Wednesday Syosset is the opponent. In a major surprise Syosset upset Berner of Massapequa in its opening contest.

## From Congress

Rep. James R. Grover, Jr.

President Nixon, with much concern, signed into law last week a bill which would allow 18-year-olds to vote. The bill originally extended the 1965 Voting Rights Act, which enfranchised nearly 1,000,000 Negroes in the South and should protect the vote of many more over the years. I supported that legislation in 1965 and still do.

When the Voting Rights Act was being debated, there was little or no reference to the purposes of the original legislation but, rather, extended discussion of the Constitutionality of the 18-year voting age amendment which was tacked onto the bill in the Senate, an amendment which eminent Constitutional lawyers and legislators such as the Hon. Emanuel Celler thought fatally defective under our Constitution. I agreed with this premise and felt compelled to vote against a measure which I am convinced is unconstitutional.

Personally, I think that every consideration should be given to lowering the voting age because young people today are better informed than the teenagers of a

generation ago on matters of government and society. I have heretofore many times indicated my support of a Constitutional Amendment to provide for 18-year-old voting and will vote for such an amendment.

Opposition to lowering the voting age was heavy in my last district - wide questionnaire, about 84 per cent being opposed. A recent test in Oregon brought out 63 per cent opposition. Much of this opposition, I am convinced, is due to the unfortunate publicity given a minuscule minority of wild radicals.

It is unfortunate that the President was given a bill which contained two major provisions and it is too bad that the Senate once again resorted to the use of back door legislative technique by thus amending the Voting Rights Act without hearings of study. Whether the end justified the means or not, this particular effort may well run smack into the brick wall of un-Constitutionality and should that be so the approval through State referenda or Constitutional amendment is the only alternative.

## Pavement and Curbing Work Underway in Hicksville

Councilman Warren M. Doolittle today announced that the construction of pavements and curbing in Hicksville is underway at Cantiague Lane, between Sunnyside Lane and Cantiague Rock Road. Doolittle said the con-

tractor and low bidder for the job is Ralph Jannotta, Inc., Glen Cove Road, Greenvale. Work is expected to be completed in July.

The consulting engineers for the project are Sidney B. Bowne and Son of Mineola.

## Flags Are Scarce

Rep. Lester L. Wolff has written to W. Pat Jennings, Clerk of the House, protesting the fact that the House Stationery Room is running three to four months behind in filling Congressmen's orders for U.S. flags.

The Stationery Room is the only Capitol Hill source of flags for Congressmen who present flags to constituents and who fill requests of constituents who want flags flown over the Capitol.

The text of Wolff's letter to Jennings follows:

Dear Mr. Jennings:  
I understand from the Stationery Room that U.S. flags are on back order and flags ordered this week probably will not be delivered for three to four months.

This is an impossible situation for the Members who need flags for presentation to their constituents. I find it difficult to imagine that with all the firms in this country that produce flags that the House of Representatives could have so much difficulty satisfying the requests of Members for flags.

At a time when we are asking Americans to display the flag and with the Fourth of July upon us I would urge that you use whatever flag sources are available so that we can have an adequate flag supply and meet the requests of our constituents.

Your personal attention to this important matter would be appreciated.

Sincerely yours,  
Lester L. Wolff  
Member of Congress

## From Our Postmaster...

The parcel post size limit will be increased to 78 inches in combined length and girth for most shipments between first-class post offices beginning July 1.

The weight limit for most parcels sent from Hicksville, Plainview and

Old Bethpage to other first-class offices will remain at 40 pounds.

The weight and size limits on certain agricultural items as well as parcels sent to or from smaller offices, rural or star routes, military post offices, and all Alaskan

and Hawaiian post offices stay at 70 pounds; with a combined length and girth of 100 inches.

Public Law 89-593 authorized the postal service to increase, in five steps, the weight and size limits on shipments between larger cities. When the final step is taken next year on July 1, 1971, the size limit for most shipments will be increased to

84 inches in length and girth.

In addition to providing service for larger parcels, the Post Office Department is building specialized facilities for handling parcel post and other bulk mail in a number of major transportation centers across the Nation. By providing separate facilities for letter mail and bulk items,

## Children's Story Hour

The Special Story Hour for School Age Children at the Plainview-Old Bethpage Public Library will go on summer hours July 3. The new time will be 2:00 P.M. and this Friday the children will be treated to three excellent stories "Harry by the Sea", "The Giant of Grabbist", and "The Miller, the Boy and the Donkey".

The Department has found, parcels can be handled more quickly and more economically.

## SPORTS

By

Howard J. Finnegan

The school year has concluded and we cannot let it pass without a bow in the direction of Army Tomaini who just completed his first year as Athletic Director.

His office has been most cooperative with the public and press. The atmosphere of the Athletic Department, which is clearly visible to the public, has been revitalized.

He and his coaches can be proud of the 19 scholarships won and gained for Hicksville athletes this year. That doesn't come out easily but is an extension of long years of experience and association. You cannot buy that for your students overnight.

And Hicksville spends less per student on athletics and physical Education than any school in Nassau County.

The door doesn't close on this job, which is most important to the safety and welfare of the schools largest segment of students, at 4:00 p.m. each day.

After attending to the affairs of all eleven elementary schools and the secondary ones during the day, Tomaini spent extensive time in watching the conduct of practices and games at all

schools during the year. His unexpected visits to both boys and girls practices and events prodded the staff to greater effort.

When Lou Millevolte was ill for the final two years on the job the School Board took no action to substitute an Athletic Director.

It produced a deteriorating and almost tragic condition.

We cite but one example. Three times during the 1969 Lacrosse season games had to be stopped because the 8-lb shot was thrown on to the Lacrosse field where unprotected and unsuspecting players were competing.

This occurred because the Shot Put area was placed against the edge of the Lacrosse field due to the encroachment of the building and grounds storage area on the land taxpayers were deluded into voting for as athletic fields.

This unbelievable condition could not get redress from an empty athletic directorship.

It is painful to recall but this Community has experienced one student death because of a Shot Put striking a student in the past. It is inconceivable that it

should risk it again. The Board of Education can be grateful that they had a storng man like Tomaini on the job this year to eliminate such hazardous conditions.

Mr. Tomaini is a giver to the community. He is not a taker. He is a Hicksville resident with children in the Hicksville schools. As an active citizen taxpayer he is aware of expending monies prudently. He has, however, always openly pursued his civil rights to advocate what he earnestly believes is best for the district.

We are most fortunate to have Mr. Tomaini at the helm of one of the Communities most critical posts.

Hicksville High's sensational pitcher, Gary Jackson, has signed with the Washington organization. He has been Geneva rooster of the New York Pennsylvania league. He represents the third player that a major league team has signed after he has completed his high school career under coach Richard Hogan.

The Bonus amounts are rarely, if ever truly, disclosed in these matters. However it must be a measurement of his value that Washington had to outbid a four year scholarship Jackson had from the University of North Carolina.

It has been indicated that the Orange and Black star will pursue his college education concurrent with his professional baseball career.

Plainview zipped in a goal with just thirty seconds left, Monday night, to edge Hicksville, 4-3, under the lights of John Burns Park, Massapequa, in a summer Lacrosse league game.

The league is conducted by the Town of Oyster Bay Recreation and is a stand out activity to interest youth in a vigorous, competitive sport during summer nights.

Hicksville goals against Plainview Kennedy, which is regarded as the best team in the league, were scored by Ted Stearni, he had two, and Rich Leary.

turn are Paul Rupp, age 10, Raymond Cesare, 10 and John Rupp, 8. Councilman Doolittle was the guest of the St. Ignatius Catholic Youth Organization at a recent practice session held at Cantigue Park, Hicksville.

## Check Play Equipment Regularly

When was the last time you looked closely at the children's backyard swings, seesaws, sand boxes, etc.?

**YOUR COOPERATIVE EXTENSION AGENT RECOMMENDS** that you check them regularly.

According to the National Safety Council, weather, time and hard play may have created safety hazards.

The council recommends certain repairs, such as cutting off and filing any protruding bolt ends, checking ropes or chains and filing smooth any other sharp corners or edges.

Another important point is emphasized by the safety council and that is to teach even small children to use the equipment properly and to supervise their play whenever possible.

Avoid summer accidents by checking the play equipment regularly.

Mr. and Mrs. Norbert J. Hemgen of 28 Larch St., HICKSVILLE, have announced the engagement of their daughter, Mary Jo, to John R. Wachter, son of Mr. and Mrs. John Wachter, Nevada St., HICKSVILLE.

The future bride is a graduate of Hicksville H. S. and attended the State University in Farmingdale.

Mr. Wachter is a graduate of Hicksville H. S. and attended Nassau Community College. He has also served a tour of duty in the Army.

The couple plan an October wedding.

Also a cheery note would be appreciated by Mrs. William (Lil) Dorn of HICKSVILLE, who is in the Berkshire Nursing Home, W. Babylon.

Edwin A. Cobb has been promoted to Director of the Egbert Union at Ithaca College effective immediately.

Cobb came to the College in September, 1969 as Assistant Director of the Union. He replaces Leland Spangler who resigned to take a position in Michigan.

Cobb earned his B.S.E. degree at SUNY at Cortland and is

completing his Master's degree in recreational education at Cortland.

He has been employed by the Ithaca Youth Bureau and has been associated with recreational activities in Greene and Rochester. In 1968 he was summer playground supervisor in Groton.

Cobb is a member of the National Recreation and Park Association, American College Unions-International and the National Entertainment Conference.

He and his wife, the former Nancy Urschel of HICKSVILLE, live at 14 Prospect Terrace, Cortland.

James Stephenson of 58 Salem Rd., HICKSVILLE, graduated from Chaminade High School during the annual commencement exercises.

Congratulations to Mr. and Mrs. Fred Youngs, Sr., of 95 East St., HICKSVILLE, who will celebrate their 50th wedding anniversary, Friday July 3. Mr. and Mrs. Youngs are life-long residents of Hicksville and have two children, Fred, Jr. and Mrs. John Robertson of Levittown.

The household of Mr. and Mrs. Sidney Gold, 29 Northern Parkway, PLAINVIEW, has been a busy one last month. Son, Barry Lewis, received a Bachelor of Science in Mechanical Engineering and Industrial Engineering from the University of Toledo, Ohio. Barry is a graduate of Plainview High School. And, daughter, Marlene Janet, is a recent graduate of Plainview High School. She will be attending the University of Bridgeport in September, and will major in Psychology.

# Hicksville Library NOTES

An important event in Nassau County last week. The long awaited Old Bethpage Village Restoration opened, after almost ten years on the planning boards. The Hicksville Library as a member of the Long Island Historical Society was invited to participate in the opening week ceremonies.

We on Long Island are fortunate that we no longer have to travel the many miles to Massachusetts to visit Sturbridge Village, or to Virginia to view Williamsburg as part of the American Heritage. We now have our own authentically historical rural Long Island Village as it was in the mid 1800's just down Old Country Road, a few minutes from Hicksville.

There are eight buildings that are open to the public at the present time, with seven more to be completely restored in the next ten years. The Bach Blacksmith Shop was moved from Old Country Road and Duffy Avenue, right here in Hicksville. The shop is the oldest remaining example of a frame, one-room blacksmith shop operated by William Bach, son of Philip Bach, who originally owned the land. William who built the shop and operated it turned the land and business over to William Jr. who ran the shop until his death in 1960. Mrs. William Bach Jr., his widow donated the structure to The Nassau County Historical Museum for part of Old Bethpage Village. The town will be a complete working village, and

the blacksmith shop will be in full operation making shoes for the farm horses, repairing farm tools, and all the other functions that the "smithy" performed in the "good old days". At the time of our visit the shop was not in operation, because of lack of coal. Unfortunately we neglected to ask why. Perhaps when you visit Old Bethpage Village the furnaces will be in full operation with the bellows blowing, and the anvils clanging.

Some of the other buildings may be familiar to you. The Church building is the old Manetto Hill Methodist Church that was originally located on Old Country Road in Manetto Hill (which later became Plainview). The church was in almost continuous use from 1850 until 1963, at which time its facilities became outgrown by the building boom in the area. It was moved to the present site in 1963 as the very first building in the re-creation of Old Bethpage Village.

Another of the buildings that may be known to Hicksville residents is the Noon Inn. Built sometime between 1831 and 1845, the Noon Inn was originally located at the crossroads of Newbridge and Prospect Avenues in East Meadow. The land was purchased by Sylvanus Bedell in 1831, from a Joshua M. Smith, for \$40.00. The inn was in continuous operation from 1848, when John H. Noon purchased the property, (with many subsequent owners) until 1913. The restoration includes the family living quarters - parlor,

kitchen, and two second floor bedrooms. The furnishings are for the family use, and even include evidence of the tools of the inn-keeper's brother who was a shoe-maker. The bedspreads on the beds were hand woven, and one has the date of 1832 woven on the bottom. They are absolutely beautiful, and may I add in perfect condition. (Wonder if the spreads we buy today will last 138 years?)

The Kirby house is from Clinton and Front Streets in Hempstead, and was donated by the Village of Hempstead Urban Renewal Agency. The land on which this home was built was purchased in 1836, and was used as a tailor shop from 1840 to 1946. Richard D. Kirby, in addition to being a tailor, studied for the ministry, and in 1846 he was appointed to serve as a Methodist minister at Moriches, Long Island. The furnishings reflect the tastes of the Kirby's and one room is set up as Mr. Kirby's tailor shop, as it was when he resided there.

For anyone who is interested in how America became what it is, how it is, for those of us who have lived on Long Island for many years, or those of us who are newcomers to Long Island and are curious as to what it was like many years before even our parents were born, Old Bethpage village is the place to see. The children will enjoy the farm, the farm animals, the actual working crafts shops, and the old country general store. The adults will appreciate the serenity and plain honest beauty of this turn-back in time, a few miles away from the Long Island Expressway and the bedlam of modern life on Long Island.

The village will be open every day of the week all year long, except Christmas and New Years Day.

## Plainview-Old Bethpage Public Library

(Continued from Page 2)

"Forest" by Richter, a poignant story of the confrontation of the American Indian and the White man on the frontier; July 29 "Tuned Out" by Wojciechowska, the tragic effect on a teenage boy of his idolized older brother's drug habit; August 5 "Animal Farm", George Orwell's classic fable of the animal's revolt against totalitarian government; and August 12 "Billy Budd", Melville's saga of the conflict between good and evil and the place of innocent youth in a corrupt world.

Registration for the book discussion group will be held at the library between June 18 and July 3. Registration is limited to Plainview-Old Bethpage teens between 13 and 19. Paperbacks will be available at the library one week before each meeting which will be Wednesday nights at 7:30 P.M.

### SPECIAL STORY HOUR

On these very hot summer days it's sometimes nice to think back to last winter and all the fun it was playing in the snow. On Friday, June 26, at the Plainview-Old Bethpage Public Library's Special Story Hour for School Age Children, "The Summer Snowman" was told. This is the story of a boy who not only thought back to winter fun but actually saved a snowman until July 4. The stories "Part-time Dog" and "An Anteater Named Arthur" will also be told.

On Friday, July 3, the Special Story Hour will feature "Harry by the Sea", "The Miller, the Boy and the Donkey", and "The Giant of Grabbist".

## Summer Film Series For Teens At Library

The exciting feature "Planet of the Apes" with Charlton Heston will start the Plainview-Old Bethpage Public Library's Monday Night Summer Film Series for

Teens. The film will be shown July 6 at 7:00 P.M. in the library's meeting room. No tickets are needed.

### BEFORE FIRE STRIKES HAVE A PLAN! PLAN NO. 2 - APARTMENTS OR OFFICE BUILDINGS

If fire breaks out where you work or where you live, get out as fast as you can. Fire can spread faster than you can run. Don't waste time. Smoke can kill. In heavy smoke get as low as you possibly can, breath air close to the floor which is usually cooler as the heat and smoke tend to rise.

Use stairs instead of elevators to make your escape. Elevators frequently fail to operate in serious fires.

If you are trapped in a room head for a window where you can call for help. Stay close to the floor where air is clearer.

Please Remember - test all doors before opening. If the door is HOT, leave it closed. There is enough heat on the other side to kill. If it is cool, open it slightly and test the air coming through. If the air is hot or under pressure, slam door tight immediately.

If you can't get out, keep a closed door between you and the fire. If there is a window, where you are open it slightly at top and bottom. The smoke and heat will go out the top and clear air will come in the bottom.

Above all don't panic. Many needless deaths occur because people lose their heads and jump or attempt to go through the heat and smoke when rescue is only minutes away.

If others panic, and jam exits, find another escape route. Don't get caught in a mob, and don't re-enter a burning building.

Remember. Know one or two escape routes. Don't panic. Hold a drill now and then to educate your family and your self. Be ready. Don't wait for an emergency to arise. When trouble comes, you will be thankful you had a plan.

## Fire Causes Damage to Bounty Lane Home

While most of the East Birchwood residents were encoined in front of their television sets last Sunday night watching the Eleventh Hour News, a fire was beginning to flare up in a house at 117 Bounty Lane, corner of Maytime Drive, owned by George Diehl. The house was unoccupied at the time as the family had left for vacation that very day.

A neighbor sent in the alarm which was received by the

Jericho Fire Department at 11:12 P.M. Inasmuch as nobody was at home, this means that the fire had a good start and was well underway by the time the alarm was received.

The Jericho Volunteers turned in an outstanding job in putting a good "stop" on the fire despite its head start.

There was fire damage in the basement, attic, kitchen, one bathroom and one bedroom. Estimated damage was \$20,000.

to the structure and \$15,000, to the contents.

Five firemen suffered injuries due to burns and smoke inhalation and were transported to Syosset General Hospital and Meadowbrook Hospital for treatment. The injuries were not serious and all of the men were released after being treated.

The cause of the fire was not revealed by prestime as it was still under investigation by the Fire Marshal's office.

## Work-Study Program By Syosset Students

Sixteen students from Syosset High School, who successfully completed the Distributive Educational Work-Study Program during the school year 1969-70, earned a total of \$23,033 during that period of time. They worked a total of 12,630 hours at an average hourly wage of \$1.82.

School credit was given each student who successfully completed this program. If the student worked between 300-600 hours he/she received 1/2 credit. If the student worked over 600 hours, he/she received 1 full credit.

Some of the businesses in and around Syosset that participated as cooperating employers were: Geon Intercontinental, Kravet Fabrics, S. Klein of Hicksville, Center Hardware, Royal Viking Restaurant, Hecht Foods, Les Fleurs Gallery, Post & Co., Syosset Hospital, House of Nine Fashions, Lady Cake Bake Shop.

Some of the Students have remained on the job as full and part-time employees. "We have hopes of expanding this program to encompass more students and more businesses next term," said Mr. Charles Lehmann, Coordinator of the D.E. Work-Study Program at Syosset High School.

The jobs these students held were sales girls and salesmen, stockboys, waiter and busboys, mail room clerks, warehousing, and an assistant cook. The students from Syosset High who received credit were: Robert Fisher, Debra Cross, John Simmons, Thomas McLaughlin, Fred Cohen, Michael Lovell, Dennis Walsh, Wendy Kaufman, Elyn Brenner, Judi Muchnick, Penny Norman, Gail Harris, Jeff Gadell, Debra Fleischman, Gary Schwartzberg, and Nancy Young. Any employer who would like to participate in this program should send a job resume to Mr. Charles Lehmann, D.E. Coordinator, C O Syosset High School, Syosset, New York 11791. He will contact you once you make the inquiry.

English teacher, Mrs. Myra Kempfer, presents the Peter Goldin Literary Award to Jill Lawrence during a special awards assembly at Syosset High School. The trophy is awarded annually in recognition of high literary achievement by a high school student.

## PRESIDENT'S CORNER

By Don Becker

The new B.C.A. year is in full swing and hence it is time to introduce our Committee Chairmen for the benefit of all members who may have a problem and wish to know which Board Member to contact.

Carrying over their assignments from last year are the following: Villager Editor - Art Rosenthal; Youth and Recreation - Leo Geyer.

Also continuing in the same job which they performed so well in 1969-70, on the distaff side, are: Bernyce Shimberg - Jericho Education; Bernice Baiman - Jericho Library; and Lotte Stein - Spring Dance.

The remaining Committees are chaired by Board Members who have been on the Board in previous years but who have had different committee assignments. Town Planning (Zoning) - Mit Mensch; Health, Safety, Welfare - Jerry Gold; Membership Renewal-Oil Contracts - Bill Siegel; New Membership - Les Goldstein & Erwin Soroka (Co-Chairmen); Syosset Education - Dick Wolfeld.

Rounding things out, B.C.A.'s representative to the Community Joint Civic Councils: for Jericho - Ed Petzholt continues in this slot; for Syosset - Henry Dockswell, a

former Board Member returning to active duty (his popular bowling column, fortunately, has been forthcoming without interruption during the men's bowling season) has volunteered to handle this task.

In the unenviable position of Chairing three Committees at one time is Arline Locker who is B.C.A. representative to the Jericho Blood Bank, Jericho Community Calendar, and who handles B.C.A.'s Sunshine & Condolence assignments.

For those of you unfortunately who missed this May's dance, B.C.A. Officers for 1970-71 are; in addition to the writer; Sam Saitz - First Vice President; Art Rosenthal - Second Vice President; Mike Hauptman - Treasurer; Harry Seaton - Financial Secretary; Irv Herskowitz - Corresponding Secretary; and Annette Grill, who has been doing a fine job keeping our Board Meeting minutes - Recording Secretary.

Completing the roster of this year's Board Members are: Councilman Ralph Diamond, Sy Bruckner, Phil Roggen, Marty Goodman and Sid Gerchick, who, along with the rest of the Board, work actively as members of all our committees.

## Have You Sent In Your BCA Dues?

Last year, the following article was printed in The Villager reminding our readers that some members had not sent in their yearly dues. This article is being reprinted because it is even more timely today.

As the years go by, taxes pile up and bills pile up. Today, we live in a world of paper and practically every bill is paid by check. If a bill is overlooked and not paid, there is always a follow-up bill or notice pointing up the delinquency. No doubt, at one time or another, you have received polite notices such as "Just a friendly reminder that your account is past due."

"Your usual promptness in the settlement of your account will be appreciated." "Have you forgotten to send your remittance covering this past due account?"

Bringing this more into perspective the Birchwood Civic Association had occasion to send follow-up notices to an unusually large amount of members who had not sent in their dues. We all realize that payment of our organization's nominal dues is something that can be easily overlooked, especially as one year follows the next and we find it difficult to remember if the last check sent to the B.C.A. was for this year's dues or last year's dues.

The Birchwood Civic Association, which was organized and operating even before the first brick was set down in East

## Plan To Get Youth Involved In Politics

Nassau County Republican Chairman Joseph M. Margiotta today announced a plan to help get the young people of Nassau County actively engaged in politics.

Margiotta said that he has directed each of the 1,860 Republican committeemen to enlist the service of one young person between the ages of 18 and 22 to work directly with the committeeman during the election campaign this year.

He said that the plan has been endorsed by the party's Executive Committee and the recruitment of young people will begin as soon as possible.

"I believe that this is the first time in the state's history that a political party has proposed such an extensive plan for getting young people involved in politics," said Margiotta.

"The young people are complaining that their voices are not being heard by the establishment. They have turned to demonstrating which, in some cases, has turned violent and caused harm to students and society in general."

"I am a firm believer that change in our system of government must take place peacefully within that system. If a law is bad, change it and make it better," he said.

"I am hopeful that this plan will allow young people the opportunity to get into the political

system and to work within that system to help make the changes that they believe in."

Margiotta said that each young person recruited by a committeeman will work directly with that committeeman in doing the work required by the party of a committeeman.

A committeeman, in the Republican Party, is the indispensable cog in the party organization, according to Margiotta. The committeeman is the unit of the party closest to the voter at the grass roots level and is the party's representative through which the party communicates with the voter and the voter communicates with the party.

He said the first duty of each committeeman is to maintain a personal contact with the voter in his district. Other duties include the circulating of nominating petitions; working to influence new residents, first voters, military voters and absentee voters to register Republican; assisting the community with local problems; and participating in all campaign work, such as helping a candidate greet voters at railroad stations; overseeing and distributing campaign literature; working at local campaign headquarters and many other jobs necessary to help bring victory to Republican candidates.

## Inexpensive Bus Service For Elderly To County Clinics in Plainview

County Executive Eugene H. Nickerson moved today to relieve one of Nassau's serious transportation problems by approving a contract providing for inexpensive bus service for indigent and elderly persons to the County's health and medical clinics at Plainview.

"One of the most frustrating and serious problems of the poor and elderly who require the services of County clinics is their inability to reach them by means of public transportation," Nickerson said.

Nickerson will ask the Board of Supervisors to approve a resolution authorizing a contract between the County and Mid-Island Transit System, Inc., of Westbury, for bus service in "off-peak" hours (8:30 a.m. to 4:30 p.m.) to the Plainview Division of the Nassau Medical Center and the adjacent Nassau County Health Department Plainview Health Center.

The Plainview division of the Medical Center has a child

development center, the only such facility on Long Island, which offers comprehensive treatment for children with physical and emotional disabilities. A second unit is used for patients with tuberculosis and other respiratory diseases such as emphysema.

The Health Department facility has personalized health services offered through the following clinics: chest diagnostic and treatment; chest screening and chest x-ray survey; dental screening prophylaxis; orthodontic screening; comprehensive pediatric and child health; speech therapy; rubella immunization.

Nickerson said the proposed bus will also service employees recruited through job training programs from the disadvantaged areas of the county, and visitors.

The bus, running at 40-minute intervals, will start at the Mid-Island shopping center at Hicksville, travel along Old

Country Road to Round Swamp Road, making all the normal stops enroute. The bus will stop at the health and medical facilities at Plainview, and the newly-opened Old Bethpage Village restoration in Old Bethpage. The final stop will be the Farmingdale Long Island Railroad station. The fare will be 25 cents.

Nickerson said that, according to the terms of the proposed contract, the County will pay the difference between the costs of the bus operation (approximately \$72 a day) and the amount of cash fares collected each day. If the bus collects \$72 or more, the County will pay nothing. The service will be available only on weekdays.

A resolution authorizing the County Executive to execute the agreement on behalf of the County has been forwarded to the Board of Supervisors for inclusion on the July 13 calendar. The resolution is subject to approval by the members of the Board.
