## New Board To Present New Reduced Budget

By dint of scrounging around in five areas, the present school board of Hicksville District 17, the majority of which has publicly announced "it is dedicated to cutting the budget", has prepared a new budget in the amount of \$20,883,781 - which will be presented for a vote of the District's registered residents on Wed., August 19th.

**Area One: From Board of Education**  
Funds for negotiator \$15,000.

**Bd of Ed Conference**  
expenses 1,340.  
Sub Total \$16,340

**Area Two: From Central Administration**

Eliminate one NCR machine \$3,000  
Central Administration

conference expenses 850  
From School-Community Relations Committee 3,000

Sub Total \$6,850

**Area Three: From Instructional day school:**

Eliminate one attendance teacher \$15,000.

Reduce number of medial examinations to Kindergarten, 3 - 7 - and 11. (according to new State law, Chapter 783 12,800

From intra-mural sports program (cutting it in half) 3,000

From the District's Contingency Fund 200,000.

(Eliminating it completely)  
Sub Total \$230,800

**Area Four: From recreation:**

Eliminate summer recreation \$25,000.  
(a limited summer recreation program is paid for this year by the Town of Oyster Bay, in the amount of \$15,000)

**Area Five: From summer transportation**

for the handicapped \$15,000.

This because of the

difference between the actual number of children using this service as against those to whom it is available)  
Grand Total \$293,990.00

On the revenue side, the fact that the Town of Oyster Bay has paid for the short-term summer recreation program \$15,000. must be added.

And, on the revenue side, negotiations have now been completed with the banks, and \$18,000. additional in interest should be added.

These figures will present an increase in the tax rate of District 17 of \$1.14, instead of the increase of \$1.41 previously voted down. This is a reduction of 27 cents. Of course, complete elimination of the contingency fund is controversial. The HERALD will discuss this in detail next week.

The Board gave no consideration to resubmitting either of the propositions previously to be considered...one of \$300,000 to affect larger quarters for the dangerously crowded Junior High School, the other of \$200,000. for needed equipment and materials and labor for District 17 maintenance, etc.

The Board meeting at which these matters was made public was held on Tuesday July 21st. The meeting lasted less than twenty minutes. It was conducted by the board's new vice-president Thomas Muratore. Absent on vacation was the Board newly elected president Harry Kershen and Board Member Cornelius McCormack.

The Board voted to mail a budget brochure to each home in the District. They also cancelled their regular July meeting and August 11th meeting.

They announced a public hearing on the new reduced budget on August 4th. Registration will be held on Aug 12 from 10 to 10.

## Children Busy at Library

The Children's Room is buzzing with activities these days due to the Summer Reading Game. The exciting world of "Oceanography" - a good switch from last year's equally thrilling theme "Space" - has made the children aware of the fascinating underwater world.

One gets the feeling he needs an aqualung when he enters the Children's Room, a fantasy world created with tissue paper fishes and algae suspended from the ceiling, gently swaying when a wisp of air breezes by.

We even have a few sinister looking octopi, sea horses and bubbles. Schools of playful marine life darting in and out of green algae and fishnets grace the walls. "said a Library spokesman.

For curious readers, a variety of shells, starfishes and corals are on two small tables to see and touch.

The Summer Reading Game, Explorers Of The Deep, is now in full swing. Of the 238 young people registered, 30 have finished their necessary quota of six books, four students have completed their second submarine trip around to the treasure, and five are on their

third tour.

"You can see from the above statistics that the submarines in the treasure search have been deep-sea diving," she continued.

"Our younger group, ages five through eight, sixty in number, have been enjoying stories, filmstrips and finger games every Friday morning since July 11. This program will terminate on August 15 with a party for all participants," she mentioned.

## Teen Dems To Meet

On Thursday, July 30, the Hicksville Teen Democratic Club will hold its monthly meeting. The place is the United Methodist Church on Old Country Road and Nelson Avenue. The time is 7:30 P.M. Citizens of all ages are urged to attend. The 1970 elections will be discussed.

## Meetings Cancelled

The Board of Education of Hicksville School District 17, has cancelled both their July 28th and August 11th meetings.

The recognition was also given to honor Mr. Koutensky for his role as a founder and past president of the Hicksville Business Men's Association, which later merged with the Hicksville Chamber of Commerce, his past services to the Hicksville Fire Department and his past presidency of the Long Island Banker's Association.

Mr. Ocker is a lifelong resident of Plainview. "Just imagine, I was only one year old when he started with the bank," he said, as he made the presentation.

NEIGHBORS GET TOGETHER: The residents of Prince Street, Hicksville, held their ninth annual Block Party on Saturday, July 18, beginning at 7:00 P.M.

This year's Mayor of Prince St. was Frank Sototallaro, who was in charge of refreshments and activities for the evening. The food, which was prepared by all the neighbors, was delicious. The neighborhood children performed... and of course they were all "stars".

There was music, singing and dancing... and everyone had a most enjoyable evening. (Photo by Charbonnet)

# For Mature Adults Only

Long Island's first multi-media rock musical, "FOR MATURE ADULTS ONLY", is scheduled to raise its curtain in the Playhouse on the Hofstra University Campus, in Hempstead, on July 31. Subsequent performances are on successive weekends, Aug. 1 and 2, and again on Aug. 7, 8, and 9.

The following eight young Hicksvillians are in the cast: **PETER DUNNE** of 39 Elwood Ave. Peter is currently attending Lutheran High School. His role in the show is that of "Paul". He plans to attend Columbia University with a major in Political Science and a possible career in Law.

**AL SQUILLANTE** of 8 Myer Ave. Al's role in the play is that of "Juan" to whom the reality of hunger comes early. Al's father runs a food store here in Hicksville, on W. John St. and Al, can usually be found behind the counter.

**LYNNE BARKER** of 25 Miller Rd. Lynne's role in the show as "Stevie" echoes the cries of girls who seem to be labelled as clowns, always good for a laugh or a joke. Lynne's brother apparently has an eye on a performing career already, for he has mastered the art of singing at the age of three, and regularly serenades the family with "Let It Be".

**ADELINE CIANNELLA** of 124 Jerusalem Ave. Addie attends Hicksville High, and says she would like to pursue a dramatics career in college. Her role as "Pam" depicts some of the experiences encountered while experimenting with drugs. Addie's father, Fr. Ciannella, of Holy Trinity Episcopal Church, kindly donated the facilities of his parish hall for the rehearsals.

**WENDA GROPP** of 42 Briggs St. Wenda also attends Lutheran High, where she has appeared in several drama presentations. With an extensive background in dance, Wenda is serving the cast as asst. to the choreographer, John Montgomery. In her role as

"Candy", she expresses the despair of loneliness felt by so many young people, as well as adults. Wenda also looks forward to a theatrical career.

**CELESTE HOGAN** of 153 Fourth St. Celeste graduated this year from Hicksville High, where she appeared in a good many productions. In F.M.A.O. Celeste bemoans the fate of those who, as one of her lines states, "weren't given a pretty face." As one of the original cast members, in the Hicksville production back in May, Celeste speaks for many of the cast when she describes the unusual depth of love, and feeling of community that has grown up among the cast members since the show began. She is not alone when she relates how much this show has changed her outlook on life, and, most important, people.

**JON D. REISER** of 2 Primrose Lane. Jon is another recent alumnus of Hicksville High, and plans to attend Harper College in the fall, with a major in music. As "Tom", Jon speaks of the lingering effects of the first great love in his life, and the sadness with which he recalls the unhappy ending it had. Jon feels a strong calling to do whatever he can to "help end the war".

**JOAN BROUSSEAU** of 76 Twin Lanes Ave. Joan brings a quality of spontaneous professionalism to F.M.A.O. in her role as "Clara", the only member of the group alleged to have attended college. Joan is currently at Lutheran High, and has had her eyes on Drexel College for the future. With drama experience at Lutheran High, Joan is a valuable addition.

The book by the same title was written by Norman C. Habel, a Lutheran professor of Old Testament at Concordia Seminary in St. Louis, Mo. It was titled "FOR MATURE ADULTS ONLY" in accordance with the feeling that if adults could hear what young people have to say, and were mature enough to appreciate what was being said, a well publicized "gap" might be bridged.

In January of this year, a continuity script by Larry Mohr was added to the songs and poems of the book, and the show was performed to standing ovations from the nearly capacity crowds in the Holy Trinity High School auditorium. The Hofstra production contains many improvements and refinements on the original, and with a thoroughly professional staff, an exuberant cast, and one of the finest theatrical facilities in the New York area.

My, oh, my - we are really, really busy. Our program, has caught on - things are bursting

out all over (I know it should be June but here it's July). Trips are going all over - and the kids are

enjoying the new rides at Adventureland and Playland. Swimming is great on the beach trips.

As usual our softball tournament is a hot series. Burns Avenue School's Marty Diaz turned in a no hitter. That's great shakes for an elementary youngster. The girls are playing their own tournament - sort of a feminine power movement.

Last Friday was our umpteenth "Parade on Wheels." The usual and unusual appeared as it always does. Winners at Burns and Willet have been reported.

They are:

## Syosset Schools Act To Curb Vandalism

Vandalism resulting in at least \$4,500 in damages to school property in less than three weeks since the closing of school has forced the Syosset School District to request increased patrol of school property by the Nassau County Police Department, according to Superintendent of Schools, Dr. Edward J. Murphy.

Large numbers of windows have been broken at the Village, Split Rock and South Grove Schools, said Dr. Murphy, in addition to vandalism at other schools. As a result, the district has asked for increased surveillance by regular police and plainclothesmen, and has expanded the district's internal security force.

Dr. Murphy added that a 24

hour electronic monitoring service has been installed in all schools, automatically alerting police of attempted break-ins. Parents are further advised that horseback riding and the use of mini-bikes and other motorized vehicles are not permitted on school grounds.

Dr. Murphy warned that the district's policy of pressing charges to the full extent of the law will be followed for any individual apprehended for damaging school property. He added that parents will also be required to make restitution to the school district for any damage to school property resulting from vandalism by their children.

## BCA Director Named By Nickerson Siegel Appointed To County Consumer Board

William D. Siegel of 38 Magnolia Lane, Jericho was

appointed to the Nassau County Board of Consumer Affairs by County Executive Eugene H. Nickerson last Friday.

Siegel is an attorney with offices in Mineola and from 1963 to 1968 served as deputy county attorney. He was also counsel to the Nassau County Advisory Committee for Consumer Affairs; counsel to the Department of Consumer Affairs after it was formed; and counsel to the Nassau County Planning Commission.

This Spring, Siegel was Chairman of the Jericho Com-

munity Drive for Cerebral Palsy. He is a director of the Birchwood Civic Association, now serving his second year on the Board.

Siegel, a graduate of Syracuse University (1960), graduated from Columbia Law School in 1963.

The post to which he was just appointed embraces a term of 3 years and is subject to confirmation by the Board of Supervisors. The Board of Consumer Affairs is an advisory committee for the Commissioner of Consumer Affairs which recommends legislation and programs necessary for the protection of consumers.

## Jericho Utilizes Student Volunteers In Summer Program

What do Jericho's young people do in the summer if they are not participants in the district's summer programs? They work in the district's programs, serving as volunteer student aides in the Recreation and ESEA Title I Programs.

Twenty seven students of junior and senior high school age are the valuable assistants in the many varied summer activities being conducted at the Robert Seaman School and at the Jericho High School Pool. The helpful and involved young people are: Richard Alfieri, Debbie Averack, Colleen Burnes, Steve Caputo, Emma Cincinnati, Mark Cohen, Debbie Esernio, Peggy Gould, Larry Licht, Barbara McDonald, Michelle McDonald, Patti O'Neill, Dana Perna, Lisa Perna, Carolyn Polito, Beth Rose, Christine Rose, Freda Salafino, Peter Schreiber, Laurie Siegel, Gail Spiegel, Joel Stern, Gwen Sylvan, Lorraine Vizza, Jo Ann Weber, Gary Wolf, Penny York.

The student aides help children and teachers in Kiddie Klubs, with arts and crafts, sports, swimming, science projects, trips, dramatics and special events. Some aides have even been seen as "Snoopy" and "Charlie Brown" during a recent variety show act. Others have helped make "volcanoes" for an eruptive demonstration.

Raymond Cahalan, Associate

Director in charge of the Recreation Program, remarks: "The unbounded enthusiasm of our volunteer aides has helped make this summer one of our happiest seasons."

Robert Perna, Administrative Assistant to the Superintendent, agrees, adding that perhaps the most vital service provided by the student aides is in "their ability and willingness to act as 'Big Brothers and Sisters' to the younger children."

The twenty regular Jericho teachers who comprise the summer programs' staff and also find special delight in having their students "work with them" and consider the student aides to be an integral part of the "faculty." The student aides joined the teachers for a special Orientation Program during which they were assigned to specific duties, based upon their talents, skills and preferences.

## Pool Safety

Over 60 percent of the drownings each year result when people who have no intention of getting wet fall into the water from docks, boats, bridges, shores or pool decks. Frequently they are only a few feet from safety, the American Red Cross reports.

A majority of the remaining 40 percent drown while swimming or playing in the water, again many of them almost within reaching distance of safety.

"Most drownings result because people violate or ignore good water safety practices," states Cliff E. Lundberg, Eastern Area director of Red Cross Safety Programs. "Drownings can be reduced if people will learn to swim and develop skill and knowledge that will contribute to safety in, on and around the water. Red Cross hopes through its, swimming and lifesaving courses, to create in every individual an awareness of accident causes and ways in which accidents can be prevented."

Statistics reveal that drownings around the homes—in pools, bathtubs, wells, cisterns and cesspools—claim over 700 lives each year.

Three chief causes of home pool drownings are temporary lack of qualified adult supervision; absence of, or inadequate safeguards such as fences and rescue equipment; and the inability of victims to float or swim.

The home pool drowning rate is highest among children under four, the safety director said. Therefore, home pool owners should take regular precautions around the pool site and make the area "kidproof."

Lundberg stressed that one way to make sure children can't accidentally fall into the pool is to erect a fence of sufficient height around the facility, keeping the gate locked at times when there is no supervision available for swimmers.

The shallow and deep ends of the pool should be clearly marked with buoy lines. Breakable items such as glasses and bottles should not be allowed around the pool area. And pool rules should prohibit or "horseplay" near the pool edge.

"No matter how many safety measures are taken," said Lundberg, "the best way to help

## SPORTS

By Howard J. Finnegan

The man with the determination to make it big, with only an outside chance, gets and deserves considerable attention.

Such an individual is ex-Hicksville High School football star (1962-63) Vince Hannigan who is preparing for his second season at Tackle for the Long Island Bulls of the Atlantic Coast Conference.

Hannigan proved a solid discovery for the Bulls when they held an open invitation in 1969 for interested candidates.

The Bulls are exploiting, in a flood of press coverage, the success with the open tryouts and Hannigan's signing. It is a vehicle to stimulate other undiscovered talent to come forward.

Hannigan's size and build are impressive. He weighs in at 270 pounds and stands six feet, three inches.

He played in every game of the Bulls last season when they compiled a five won and six lost record — mostly lacking a scoring punch.

The Bulls proved to be the outstanding defensive team in the league. Only 175 yards total offense per opponent was allowed during the campaign. Hannigan was cited for his efforts in that accomplishment.

Vince now lives in Holbrook with his wife, Barbara, and daughter, Kimberly Ann. Barbara is the former Barbara Szpankowski of Hicksville.

He is a member of the Suffolk County Police Department assigned to the motorized communications Department. In all interviews Vince never fails to refer to the football background gained at Hicksville High School under coach James Grantham. He was defensive end on two outstanding eleveners.

He is also proud of the 1963 Hicksville Baseball team which went all the way to the Nassau County finals. On that team he was the Orange and Black's first string catcher.

He keeps in trim with a constant weight lifting program and rigorous practice in 20 and 40 yard dashes.

Hicksville fans can watch him perform on the Astro-Turf at Hofstra College where the Bulls play all their home contests. The season starts in mid-September.

The supreme hope is that Vince's work will warrant him a try with the New York Football Giants. The Bulls were formerly a farm club of the Giants but the need to cast aside the shadow of anti-trust lead the parent club to sever official connections.

However Giant coach, Alex Webster, and owner, Wellington Mara, will still walk the sidelines at the Bull home games. It is a chance that circumstances and unrelenting determination would open the door for a fellow with an outside chance.

One of the many Hicksville fans who are Bull and Vince Hannigan supporters at Hofstra is his father Vince.

Vince senior is the very cooperative Customer Relations man for the Hicksville Post Office complex.

Secondbaseman Charlie Reilly of Hicksville garnered all the honors at the Bronx Invitational baseball tournament, Saturday.

His two home runs, one with the bases loaded, was responsible for the Long Island Connie Mack All-Stars 5-4 championship victory.

Selected from the Sutter's Monumental Works team of Hicksville his stick work and fine play in the field won him the big trophy as the day's most valuable player.

Represented at the tourney were two All-Star squads from the state of New Jersey and one from the host Bronx.

Charlie played for two excellent seasons under Coach Dick Hogan of Hicksville High and Now attends Adelphi University.

## Plainview Tied For TOB Lacrosse Top Spot

The Farmingdale Apaches and Plainview Algonquins continued to scalp their opponents in the Town of Oyster Bay Summer Lacrosse League. These two teams are tied for the top spot with 3-0 records after two weeks

of competition. The Massapequa Utes are in third with a 2-1 mark. After an opening week of low-scoring action the tempo picked up. The Algonquins racked up 17 goals in their two victories including a 10-2 verdict over the

Plainview Sioux. Farmingdale's Apaches found scoring more difficult but still turned in two victories on a total of eight goals.

The Utes scored a goal in every period - including two by Ernie Olson - to whip the Massapequa Iroquois, 4-1, in a battle of neighborhood teams. In one of the weeks closest games Chick Chiotto and Steve Induddi scored goals to help the Hicksville Mohicans over the Syosset Commanches, 2-0.

## Long Island Regent Calls For Abolition Of Voting On Annual School Budgets

Theodore M. Black of Sands Point, member of the New York State Board of Regents representing Nassau and Suffolk counties, said today that he will propose 2 major changes in financing our schools, as well as elimination of the annual vote on school district budgets, to the Fleishmann Commission which is studying all aspects of the quality, cost and financing of elementary and secondary education in New York State.

The Commission, chaired by Manly Fleishmann of Buffalo, is composed of outstanding New York citizens selected jointly by Governor Rockefeller and the Board of Regents, with funds provided by the Legislature.

Blaming the rash of school budget defeats in the bi-county area of Nassau and Suffolk largely on a "taxpayers' revolt", Mr. Black said, "there has to be a major shift from the inequitable tax on real property to other taxation methods to pay for the education of our children."

He stressed that it is "doubly important that more equitably based types of taxes, whether imposed by the local community or the State, assume a far greater part of the educational burden." He added that such a shift in taxes for education be accompanied by "simultaneous and proportionate relief of the beleaguered local property taxpayer." He indicated that revenue sharing by the Federal government to the State would help to provide the much needed tax relief.

Mr. Black pointed out that it is only

school and library district annual operating budgets which are subject to a public referendum. At every other level of government, Federal, State and local, elected representatives set the budget and tax rates after public hearings, with the "remedy for abuses waiting at the polls next Election Day."

"I see no reason why we should not entrust our local school and library boards - our own neighbors - with this reviewable discretion," the Long Island Regent stated. "It should be kept in mind that less than 15 cents of every school dollar is governed by the voter's decision, because more than 85 per cent of the school district's operating budget is made up of fixed costs which the voter cannot alter or eliminate."

Mr. Black, who served on the Committee on State Finances, Taxation and Expenditures at the New York State Constitutional Convention of 1967, said that he favored continuing public referenda on school capital construction bond issues which pledge future taxes to amortize building projects over long periods. Mr. Black said he hoped taxpayers' associations would avail themselves of any opportunity to be heard by the Fleishmann Commission.

"Sweeping reforms in education can only be sparked by a public strongly convinced of the need for them," he said. "Lacking solid evidence of popular support, no legislator can properly be blamed for hesitating to propose radical changes of this sort."

**ELECTIONEERING:** Mingling with throng at local beaches last weekend were Hempstead Presiding Supervisor Ralph G. Caso and Governor Nelson A. Rockefeller. They greeted young and old in large numbers in an effort to gain support in their election drives. Caso wants to become Nassau County Executive, while the Governor seeks, his fourth successive four-year term.

- 17 - 11:41 P.M. - Malicious false alarm - Newbridge and W. Nicholas St.
- 18 - 1:23 P.M. - Malicious false alarm - Barry Dr. and Robbins La.

A total of 5 malicious false alarms kept Hicksville volunteers busy this past week. There has been 85 false alarms to date. The fire alarm boxes (284) have been placed so as to aid a resident in time of fire or emergency. Hicksville has more fire alarm boxes than any other village on Long Island and surpasses many small cities.

We ask our residents to aid us in cutting down the number of false alarms. This can be done by instructing the children from pre-school age on up through high school that the familiar red box on the street is for fire, not for fun. There seems to be many older children and adults who get some sort of twisted pleasure out of seeing the fire engines responding to their handy work. The cost to the taxpayer, the risk of firemen's life and also taxpayers lives is severe. We ask our residents to help us cut down this waste of money and time by informing the children of the dangers and penalties for sounding a false alarm. The New York State Penal Code Section 1424 reads as follows:

False alarms of fire: Interference with fire alarm systems.

- (1) Any person who shall willfully tamper, meddle or interfere with any station, or signal box of any telegraph, telephone, or radio fire alarm system, or any auxiliary fire appliance, or who shall willfully break, injure, deface or remove any such box or station, or who shall willfully break, injure, destroy or disturb any of the wires, cables, ducts, poles, towers, or other supports connected with a fire alarm system shall be guilty of a misdemeanor, punishable by imprisonment for not more than one year, and or a fine of not more than one thousand dollars.

When you stop and think of the dangers involved, this penalty is not severe enough. Recently a bill was proposed to make the charge a felony if injuries or loss of life resulted from a false alarm. The thrill of sounding a false alarm is not worth a jail term. We also call attention to the law that says defacing an alarm box is also punishable. We ask our residents to help curb this act of vandalism. Recently the alarm boxes were cleaned and painted in one section of the village. The box at Elm St. and Howard was completely defaced in one day, so badly it doesn't resemble a fire alarm box. The crime of it all is that this box is in the middle of a residential area, in front of several homes. Yet nothing is done to curb this waste of money. The importance and need of an adequate fire alarm system is outstanding. Your fire tax rate is cheaper because of the fire alarm system. This system is of great value to you and the fire department, who stands between the town and destruction. Let us not abuse it. Please give us your support.
