CHAMBER OF COMMERCE

931-7170

FELLOW MEMBERS AND HICKSVILLE WELL-WISHERS

At our May meeting it was agreed that the Chamber would lend its support to assisting and promoting, a well-deserved Hicksville activity, The Gregory Museum, to become established in the Old Court House, on Heitz Place. The occupation of the Museum of this historical landmark will preserve it for the Community.

The Gregory Museum is a complete, non-profit, educationally oriented institution whose origin and flourishing in Hicksville is hailed as a most singular accomplishment.

The Gregory Museum is dedicated to Earth Science Education through the display, teaching and research in the Science of the Mineral Kingdom, i.e., mineralogy, geology, lithology, metallurgy and lapidary arts. The plans also provide for some Natural History exhibits and the display of material from Hicksville community life.

The rehabilitation of the Old Court House will be undertaken in three phases. Currently underway is phase I, to provide the restoration of the exterior, installing the essential utilities, painting, construction of the major display or exhibit area on the main floor (see sketch). The work is being accomplished by use of volunteer aid, (Union agreement) and contributions. Estimated cost about \$25,000.00, which must be covered by popular subscription.

The Gregory Museum is an exclusive Hicksville community project which can become of Nation-wide significance - through your support or participation. Immediately are needed - materials and equipment - as well as funds for the purchase of supplies and services. Call us for information as to how you can assist in the worthwhile remarkable effort being made.

YOUR HELP IS URGENTLY REQUESTED TO MAKE THIS CHAMBER PROGRAM A SUCCESS.

Young New Yorkers for Rockefeller is a statewide organization of young people between the ages of 16 and 26 actively working to re-elect Governor Rockefeller and his running mates.

In making the announcement, Alan Porkolab, state director of the group, attributed the over-

whelming backing of Governor Rockefeller by young people to "their increased awareness and appreciation of the experience, dedication and dignity that this man has brought to state office."

Porkolab added that young people from more than one hundred high schools in New York State were also lending their efforts to this campaign.

Town Board Seeks

Moratorium On Construction

Oyster Bay Town Supervisor John W. Burke announced that the Town is considering the passage of a local law to provide for a moratorium on issuance of building permits in an area of Hicksville commonly known as the "Downtown Business District". The Supervisor said

hearings on the law will be conducted on October 20th.

He said the legislative intent of the law is to limit construction in order to insure implementation of the master plan now in preparation for the Town.

He said, "The planning firm of Raymond, May, Parish and Pine,

which has been hired to assist the Town Board in developing a master plan, will concentrate on the Downtown Business District because of its important position in the overall planning picture."

The law would prevent the issuance of any building permits for the construction, erection, alteration or extension of any building or structure within the prescribed area for a period of six months from the effective date of the law.

The area in question has also been under study by the Hicksville Citizens Advisory Committee for Transportation and Development. Its rough boundaries are the Sears and Mid-Island Shopping Plaza on the north; Bay Avenue and the LIRR on the east; Old Country Road on the south and a westerly line from Strong Street continuing southerly to a point where Newbridge Road intersects with Old Country Road.

Burke said that three major exogenous factors - population growth, economic expansion and transportation improvements - which were generated from outside the local community by forces over which the Town Board had no control - have changed the complexion of Hicksville's "Downtown Business District."

The land involved amounts to 205 acres which represents only five per cent (5 per cent) of the land in Hicksville and three per cent (3 per cent) of the total land area in the Town," Burke said. "However, the proper development of this limited area will substantially affect the surrounding communities, the County and the Metropolitan Region."

Girl Scout Senior Troop No. 17 of Hicksville recently held a capping and graduation ceremony in the Hicksville Senior High. Our Senior Adviser's Mrs. William Willis and Mrs. Recco Cannizzaro presented Carol Schahner, Susan

McNally, Gail Callahan, Judy Bernstein, Barbara Allen, Ann Day, and Patti Willis with their "Mortar Boards". Congratulations Girls. Missing from the picture is Virginia Kellner, Linda Styczynski.

Buckley To Be At Rally

Don't miss the famous author of National Review, William F. Buckley, and James Buckley, the Conservative Party Candidate for United States Senator from New York at a rally at the Garden City Hotel, October 14, at 8:30 P.M.

All the Conservative candidates in Nassau County are expected to be at the rally. Jim Buckley's reception has been

tremendous wherever he goes on Long Island, for this has truly been a "grass roots movement," therefore a tremendous turnout is expected.

Seek Rezoning

To Business

There was no one present, and no letters were written to oppose the petition of Jerry Spiegel for a change of zone from Residence D to Business F, District for a 43,900 square foot lot on the north side of West John Street, 161 feet east of the intersection of Maple Avenue, Hicksville.

Attorney Fred Ahearn of Hicksville who presented the petition, said he had the written approval of the rezoning of 17 residents and one non resident in the immediate area. Petitioner proposes to erect a two-story building with parking for 171 cars on the parcel, which is located about 400 feet northeast of the Post Office. Mr. Spiegel is the contract vendee of the property, which now has a 2 1/2 story dwelling on it.

At the close of the hearing, the Town Board reserved decision on the petition.

Hicksville Republican Dinner Held Oct. 2

By John Budnick

A dinner, at the Old Country Manor, in Hicksville, on Friday, October 2, for the members of the Ernest Franke Republican Club of Hicksville was held. The nearly two hundred there were treated to an Italian cuisine, featuring, spaghetti, meat balls, vino, and coffee, all for one dollar. The crowd there heard Harvey Stone, of television fame, as the dinner progressed, with a beautiful comedy routine. The event, subsidized by the club, every fall then ended, and the meeting part of the evening began.

At the meeting itself, there appeared State Senator John Caemmerer, of the Fifth Senatorial district, which includes Hicksville and Jericho, who emphasized the accomplishments of the Republican Legislature and Governor, who working together were moving to insure the safety of the suburbs, from the blight of "citification". The Senator reasoned that those here, in Nassau County, were here because it was not Queens, part of the City of New York, and that as such was the case, it was necessary for the elected officials representing Nassau to be aware of this and act to preserve the suburban climate to the utmost, and to move to better it. Senator Caemmerer noted that the Democratic Party that now seeks to run New York State, headed by men from Manhattan, and New York City (Goldberg, Wolinsky,

Zaretaki, as well as Basil Patterson, who represents Harlem, yet lives here in the suburbs) has stated, continually that it seeks to serve the interests of the cities, and has attacked the basis of suburban living, the power of the locality to decide its own destiny, by virtue of its zoning powers. Take away this and the suburbs become defenseless. To maintain our way of life, Senator Caemmerer argues, we must turn back the Democratic onslaught, and move to help all of the citizens of New York State, but not at the cost of harming others irrevocably.

A report on the Teen Age Republicans (T.A.R.s) Club, which proudly displayed its new banner, presented to the club by Congressman James Grover, and announced several new members and progress in all areas in the past months.

The Awards Committee presented golden membership cards to all club members over sixty-five and who have been club members for over twenty five years. They were William and Nelly Reichert, Henry Schnepf, John Kraft, Henry Beil, Philip and Catherine Schaefer, and Pearl Franke. Citations, for meritorious service to the club, were presented to John Jeanson, Henry J. McInnes, William Gaborow, and James Mathews.

A final word, that registration to vote was on October 3, 5 and 6 was made before the meeting adjourned.

Let's Look At The Record

We are not deceived by trumped-up pre-election charges, from whatever side of the aisle they come. We feel sure that more and more of you feel the same way.

Actually, a man's record speaks for itself. It is up to each one of us to inform ourselves on the records of each candidate and then cast our votes for those whose records come closest to what we ourselves believe in. Again, we see that more and more of you are doing just this...as the results of recent elections prove.

This is our government in action...this is our way of life...and remember, no one can cast your vote for you. As the old saying goes, "The buck stops here." Our form of government, in the final analysis belongs to each one of us...no one of us can pass the buck...we must cast our own vote...and do it as intelligently as possible. This is where a man's record speaks louder than any pre-election charges or promises.

Remember, it's as simple as this:

- (1) Check on the record of those running for office.
- (2) Decide for yourself
- (3) VOTE

Hofstra Moderates Win

By John Budnick

Today, October 7, 1970, it was announced that the United Student State had won the Presidency and Vice Presidency of the Hofstra University Student Senate, and had made significant inroads on the majority held by the New Student Community in the Senate.

The United Students group, opposed to campus disruption and opposed to radical conflict and confrontation, which is made up of diverse campus elements, ranging from conservative, focusing upon moderate and going to liberal and drawing strength from all segments of the college community which elected Paul Hearne, a moderate political science major, and Lu Figgs, who has been combatting radicalism on campus all through his term as Student Senator, now faces its greatest test. Last night even as optimism, jubilation, swept United Students Headquarters, and spilled over into a victory party at Bill's Meadowbrook some cooler heads had begun to contemplate the problems ahead. As only one half of the Senate was up for election well over 50 percent of the Senate was still made up on members of the New Student Community. The New Student Community is the coordinating radical body on campus, and was responsible for, last year, sit-ins, strikes, demonstrations and other disruptive behavior. The leader of the group, Norman Coleman, who was defeated for the Presidency, espouses "Revolutionary Principles", and was returned as a Senator in his Constituency, it is believed, will wage a continual battle in the Senate against the United Students officers who have replaced him.

Most disturbing is the fact that a Student Strike is scheduled for October 15, and other related activities leading to a mammoth march on October 31 is being undertaken by the New Student Community. It is expected that the New Student Community Senators will move to pay the expenses for both out of the Student Treasury, as was done last Spring. Clashes are expected to last over this and similar issues until the next Senate election, in January, at which time the remainder of the Senate will stand for reelection.

United Student leaders were elated over the large turn out for the elections, in which over 1,800 voted. They are demanding that the system of voting be reorganized, and that more polling stations, more machines, and closer supervision of the elections be made, as they feel that many commuter students found themselves unable to vote due to the time element, when waits of up to one hour were required to get to vote.

Peter Schmitt, United Students Campaign Manager, asked to describe the elections called them fabulous, yet another United Students leader though was heard to say that the battle was just beginning, and now all the support possible was necessary to move onward.

Marriage

Announcement has been made by Mr. and Mrs. Bertram Chernow of HICKSVILLE, of the marriage of their daughter, Ellen Kay, to Charles P. Seyfert, son of Mr. and Mrs. Charles Seyfert, of Elmont on Sept. 20.

DON'T BE A POLITICAL DROPOUT

Dear Friends...

AS WE MENTIONED several weeks ago, our Town Board yesterday proposed a six-month ban on building permits in downtown Hicksville. What we didn't know until yesterday was the date of the public hearing on this proposed ban, which is Oct. 20th...so, if you are interested, put this date down on your calendar. We're sorry that this wasn't considered sooner, for it looks as if the court's have permitted a Burgerking to be built on Broadway across from Goldman Brothers. Of course, our Town Officials fought it, but, the court's ruled in its favor. So, another Nathan type building will be downgrading Hicksville.

AS WE GO TO PRESS, our own Hicksville Community Council will be listening to Mr. George Raymond, Senior Partner of the firm of Raymond Parish and Pine, Inc. whose planning services are being used by our Town Board at present. Because of Hicksville's size, its great potential and the proposed Metropolitan Transportation Authority plans to locate a major transportation facility here, we expect Hicksville to be first on the list of the work to be done by the Planners. Then, if we are in agreement, it is to be hoped that executing the plans for Hicksville, will not lag far behind. More of this in detail next week.

CONGRATULATIONS to our Supervisor, John Burke, who is big enough to admit and rectify a mistake when it inadvertently occurs. We refer to the fact that Mr. Burke has ordered the TOB Building Dept. to withdraw the building permit issued incorrectly on the second building being erected on the corner of Newbridge and Duffy.

We hope you have the opportunity to read the HERALD's editorial this week. Please don't get up-tight if you do not agree with all or our endorsements. We have crossed our own party lines twice...because we honestly believe the opposing candidate will do a better job. You may disagree completely...that's OK...but don't forget to vote. This is the only country in the world, where your vote really means something today.

Until next week, stay well, and don't waste a day,

Cordially,
Sheila

Mrs. Petito To Support Town Supervisor Caso

Hempstead Town Presiding Supervisor Ralph G. Caso expressed "deep gratitude and appreciation" to Mrs. Adeline Petito, widow of Nassau Family Court Justice Michael N. Petito, for her endorsement of his candidacy for Nassau County Executive.

Mrs. Petito, a Democrat whose husband was the Democratic supervisor of Oyster Bay Town before his election to the bench, announced at a press conference that she was not leaving her party, but that her party had left her.

"I know that most of my fellow Democrats do not wish the extreme elements within our party the luxury of degrading our institutions, our courts, our police and our Constitution," she said. "I seek to support those politically who to me represent moderation and the ability to work out the serious problems of our day within the framework of our laws."

"I consider Ralph Caso to be such a man and I will support him in his bid to become Nassau County Executive."

She also praised Caso's record during his 18 years in government as a leader in conservation, recreation and parks development and the fight against narcotics.

"Mike Petito and I were very close and his untimely death was a great personal loss to me," Caso said. "I am deeply honored by the confidence his widow has expressed in me."

Mrs. Petito will work on the Democrats for Caso Committee headed by Richard Rocchio of Hempstead. Other prominent members of the committee include Luke A. Mercadante, former Democratic mayor of Glen Cove; Rockville Centre Mayor John Anderson; Julius Kamhi of North New Hyde Park, a democratic committeeman and former State Assembly candidate, and Louis L. Lefkowitz, chairman of the board of Long Beach Memorial Hospital.

Series On Ladies Clothing

Ladies, the Hicksville Public Library is beginning an afternoon series just for you. On Thursday, October 15 at 1:30 p.m. the first of the programs will begin. With the cooperation of the Nassau County Cooperative Extension we are sponsoring a lecture and film slides by Mrs. Brenda Kurtzman, of the County Cooperative Extension, on "Clothing and the Woman's Role".

The presentation includes the history of woman's styles in the United States from Victorian days to now, with asides on how certain fashion trends changed women's role in history.

Mrs. Kurtzman is a professional Home Economist. She received her Bachelor Degree in Home Economics

Education at Buffalo University and her Masters Degree from Queens College. Mrs. Kurtzman has traveled throughout Nassau County with her "little" projector and slides discussing fashion to ladies in schools, libraries, churches and various other organizations many times. She enjoys doing it, because of the many people that she meets and the variety of questions that she is asked. Each audience is different and all are a challenge to her.

The program will be held in the Library auditorium and all are welcome. Come with a friend and all your questions about the mid-mini controversy, and anything else pertaining to fashion you are curious about.

Sheriff Maher, Speaks On Drugs

Joseph Maher, Sheriff of Nassau County, will speak on "Crime and Punishment in Nassau County" at the Mid-Island (Levittown) Brar h meeting of the American Association of University Women to be held in the home of Mrs. Frank McGee, 235 Jerusalem

On Tuesday, Oct. 13 at 1 PM there will be a tour of the Nassau County Jail. Please contact Mrs. Alex Walordy (334-2430) for transportation.

Hicksville Library NOTES

You will probably spend forty to forty-five years of your life working — it would be a needless catastrophe to spend it doing something that bores you or that gives you little personal satisfaction. Too many people get into their life work by accident — an investment of a few hours at the library can bring rewards for the rest of your life.

There are occupations to be followed today that your grandmother never heard of — indeed, perhaps that you are not yet aware of — see CAREERS IN THE AGE OF AUTOMATION or CAREERS IN CONSERVATION or WARRIORS FOR THE POOR. How about occupations that have not yet been done in your family — we have information on careers in museums, in international service, in interpreting, in law enforcement, in social work, in journalism on the clergy and

what they actually do in today's changing world.

We have a series of books in our teen age section which give practical information about the skills needed (and where to acquire them) and the opportunities available in many diverse fields from the appealing world of the airline stewardess to the serious area of the nuclear energy field. We have books to help you with part time and summer jobs, too.

Our career files consist of pamphlets on such contrasting occupations as agricultural specialist, carpenter, medical technologist, police officer, metal industry worker, etc.

Since personal satisfaction is also founded on a well rounded personality and solid family life you might try titles such as:

The Girl That You Marry
The Man That You Marry
Your Future as a Husband
Young People and Sex

Then there is that bugaboo the draft — make the most of your military service, see:

The Draft and You
How to Serve and Get Ahead in the Armed Forces

Service Women and What They Do

Many older people on Long Island are taking advantage of the low cost community colleges and in some cases getting more out of education than the youngsters. Some are preparing for new careers in middle life, perhaps because of the loss of many defense related jobs in the area or just because they want to do something more worth while. We have lists of vocational and correspondence schools covering occupations like travel agent, hotel management and books on the mail order business and franchising which are not geared for the very young.

Hicksville High, listless and inept, put its own hand to its own throat, Saturday, and strangled the life out of this pointless 1970 playoff football season by losing to Herricks, 14-7.

It was the first game of the traditionless campaign and only brought out 2,300 fans in the Hicksville stands.

In gaining its first gridiron victory ever over the Orange and Black, the Garden City Park school used a recovered fumble on the Hicksville four yard line and a partially blocked one yard punt in the fourth period to set up its two scores.

Hicksville used its only sustained drive of 33 yards in the third period to take a 7-6 lead.

A poor Herricks punt went out on the visitors own 33.

Jim Ajello ran for ten yards. He came immediately back for three

more.

Charles Induddi hit for 6 yards and then took a jump pass from quarterback Bill Meddis to the two yard line.

Meddis rolled out to the left and circled in for the Hicksville touchdown.

The only polished execution came on the extra point when Tom McAuley held for Tony DiLorenzo's kick.

The Hicksville defensive line contained 35 running thrusts for a total of 73 yards and the visitors had only one completion in nine passing attempts.

It was the offensive line which completely gave way. Hicksville gained 61 net yards rushing and only had 21 plays to do it in.

Induddi gained 34 yards in 8 attempts.

Tony Esposito had a net of 11 in five cracks.

Quarterback Meddis never got

a chance to prove anything as he was constantly overwhelmed by the Herricks rushing.

He completed three passes for 40 yards. Induddi had two receptions for 27 and Ted Stefanw one for 13.

Hicksville was intercepted twice and lost the ball four times on fumbles.

Richard Leary and Ed Grams each intercepted for Hicksville but on the ensuing downs fumbles lost possession.

Hicksville and Herricks each managed four first downs.

It was in punting that the Comets appeared particularly unschooled. Meddis was so rushed that he barely got two off that just managed 30 yards and the other two were blocked.

Herricks scored the winning marker with 5:13 remaining and used its only pass completion for a two point conversion.

Hicksville fumbled after the kickoff.

The Comets travel to Plainedge on Monday, Columbus Day for a second league contest.

Last year the Red Devils embarrassed the Orange by standing firm for a scoreless deadlock.

Another failure Monday will relegate Hicksville to playing its final two games against obscure opponents on obscure fields for the ridiculous prize of fourth or fifth place in this droll playoff system.

The excitement of redeeming a campaign against a traditional non-league opponent is gone.

There will be one good point. Not many people will be watching!

Our selection Monday: Hicksville 12, Plainedge 6.

The Cross-Country meet scheduled for Sunken Meadow in Suffolk County for Saturday has been cancelled because of the Jewish High Holy Days.

Quarterback Jeff Doolittle was in complete command as Hofstra College defeated Southern Connecticut University 33-3. He passed well and handed-off excellently as the Dutchman pounded out the ground yardage.

He had 8 completions in 15 attempts for 98 yards and two touchdowns. He completely had the bigger Connecticut team off balance as Hofstra won its second in a row with him at the helm.

The Long Island Bulls got a real beating against Jersey 45-6 but Bruce Cerone continued to prove he can catch the ball. He got the only Bull TD.

Polo At Bethpage State Park

The sudden storm that hit Bethpage and environs before gametime washed out the scheduled polo match at the Bethpage State Park Polo Field on Sunday September 27th, the New Zealanders to participate just as disappointed as the other players who were lined up in forgoing the chance of giving the fans a taste of how it's done in their country. Now it's the finals of the Shaw W. Robinson Memorial Tournament for Sunday October 4th, the elimination game having been played on September 13th, Meadowbrook's Fred Braunstein, Tom Monaco, Alan Corey III and Allen Jenkins coming out on top in their encounter with Oyster Bay's Ted Shapiro, Paul Rizzo, Fred Guest and Fred Zeller. The finals had been put off because of the inability of one of the players to make it for the week following.

It will be Meadowbrook with Fred Braunstein, Tom Monaco, Alan Corey III and Allen Jenkins against Bethpage lining up with

Peter Henderson, John Gayer, Dave Rizzo and John Whittemore for the finals on the 4th. The Shaw W. Robinson Tournament, honoring a fine Long Islander, was put into play in 1967 and Meadowbrook, winner in 1969, will go all out to hold on to the trophy. Bethpage pushing just as hard to take it away from them.

Discounting sudden storms, the polo game every Sunday afternoon starts 3:30 P.M., the time spent at the Bethpage Park Polo Field pleasurable entertainment for everyone. Admission is \$1.50 and no charge to young people under twelve accompanied by an adult, the youngsters enjoying every moment of their stay. It's always fun at the polo field, the stands comfortable for seating and the surrounding space ample for parking cars. Refreshments are near the field and many who come to the game like to stretch out on the grassy area as they watch this exciting sport. Bethpage Park is a particularly beautiful part of Long Island, the polo field one of the finest.

Ten Pin Talk

by Henry Dockswell

We knew it was just a matter of time for the league to heat up. Last week we commented on the scarcity of 200 games when only 12 of them hit the mark but this week the gong really rang, 27 times the Magic Circle was broken into. Two of the guys racked up triples and four of them clouted doubles.

Sid Holtzman, if he had hair, could be called the fair-haired boy. He boomed a 208, a 200 and a 245 for a mighty 654 series and an 11-0 victory for his team. Almost single-handedly he crushed the Nat Warrens and lifted his men from 4th place to undisputed possession of the league lead. Sid now holds Hi Series and Hi Game Honors and although he can't win both he is listed as such for awhile.

Leo Geyer was the other triple-threat man. He pounded a 208, a 200 and a 212 for a fine 614 series and he too did a Captain's job of leading his men to an 11-0 shutout win over the opposition. They creamed the Murray Sussmans even though Mike Hauptman threw a 208 and Harry Seaton tossed a 216 to no avail. The Geyers jumped from 8th to a three-way tie for 3rd.

Of the four men who struck doubles two of them were on the same team. Sam Briendel and his Captain, Robby Goldstein, did the doubles act. Robby threw a 209 and a 202 for 2 out of three but Sam went him one better as he rolled 2 out of 2. Sam missed the first game, which his teammates lost to the Sid Simons when Les Goldstein fired a 204, but he then proceeded to rack up a 209 and a 223 to lead the Robby Goldsteins to an 8-3 victory and 2nd place. Capt Sid Simons threw a 202 along the way but it wasn't enough to ward off the defeat and the Simons dropped to 3rd.

Buddy Flanders, third man of the doubles quartet, hurled a 205 and a 219, got help from teammate Burt Benjamin with a 203 and "Flander's Floozies" trimmed the Freddy Rothmans 8-3.

Last of the doubles men was Sam Springer. He cracked a 200 and a 205 and saw his teammates, the Hal Goldenbergs, lose both of those games. The only game they did win was the first one when the opposing Capt., Sid Sachs, threw his good one, a 205, to watch his guys drop that one. Kind of topsy turvy but when the confusion cleared the Sachs' were on top 8-3.

The Lou Vladems had a good night. Marv Kahn rolled a 201 and then Lou curved his nightly crusher, a 203, to plaster a shutout onto the last place Herb Brodys. The Brodys sunk a little deeper into the cellar but the Vladems rose to 3rd to complete the 3-way tie for that spot.

Herb Koenigsberg 203, Bernie Lieberman 202, Irv Simms and Mill Goldberg with 201's and Mill Hoffman with a 200 closed out the evening's individual heroics.

I see great opportunity for the future but only if we recognize the serious needs of our society, including the challenge of teaching the culturally disadvantaged child and are willing to work cooperatively towards solutions."

Reverend Robert Gutheil, Pastor of All Saints Lutheran Church, blessed the audience and praised the cooperation of home, church, and school in seeking mutual values for youth. The October meeting is also Ex-Chiefs night an annual function held to honor the Ex-Chiefs of the Department.

In conjunction with Fire Prevention work, the main fire house on E. Marie St. will be open for inspection. Fire prevention literature will be available. There will be no scheduled tours as The Hicksville Fire Dept. open house demonstrations are held just before Christmas, but the house is open to our residents to come in and inspect the equipment. The Fire Prevention Bureau under Deputy Chief Misturini is holding a fire Prevention Poster Contest in the Hicksville Schools. This is an annual event. Posters will be judged this week. A Photo and winners names will be published later this month.

We wish to remind our Residents to use Caution when leaving children home alone. Children left Alone - Can Perish in a Fire.

DO YOU EVER - Make a quick dash to the store while your small children are playing or watching TV?

DO YOU EVER - Run one of the children to School or to some appointment, leaving the other children alone for a few minutes?

DO YOU EVER - Visit NEXT DOOR WHILE YOUR CHILDREN ARE HAVING THEIR NAP?

Small children are pathetically helpless to escape without adult aid. You read it in your newspapers. Children injured or killed due to a space heater tipped over, playing with matches, playing with articles in the Medicine Cabinets. All too often children try to hide in the house instead of escaping from fire.

CHILDREN NEED HELP. ALWAYS PROVIDE IT

Take them with you on the briefest errand, or leave them with a competent older family member or baby sitter. Tell the sitter, that in case of fire, to get the children out of the house First, at the very first suspicion of fire. Show the sitter the escape routes in your home, tell them how to contact the Fire Department. If ever tempted to leave them alone - Dont - Imagine the horror of returning to find a fire engine at your home!

MAKE SURE THE ANSWER TO THESE QUESTIONS IS "YES"

1. Do Parents and Baby Sitter know one another?
2. Is the Sitter adequately trained?
3. Does the Sitter have a sense of responsibility and like children?
4. Has the Sitter met the children and any pets, especially the watch dog?
5. Does the sitter understand, that in case of Fire she should get the children out of the house, call the Fire Department, and notify the parents, IN THAT ORDER?
6. Have the parents shown the sitter all the exits, how to get the children out of the house in case of fire?
7. Have they left instructions to be followed in case of a small burn, a tiny cut, a scraped knee or other minor injury?
8. Does the sitter know that she should keep the children out of the kitchen if possible, that matches, electric cords, and appliances are not playthings?
9. Is a flashlight handy to use in case the lights fail?
10. Have the parents promised to come home at the hour agreed upon, and to call if delayed?
11. Have suitable arrangements been made for seeing the sitter home?

Make every week fire prevention week in Hicksville. Use common sense. Protect your loved ones and yourself. Know how to escape from your home, keep matches out of reach of children, keep flammable liquids out of the house. Know what to do in case of fire or injury. Be careful with smoking, always crush your cigarette when finished. Don't smoke in bed. Don't leave the children home alone. Teach them that the Red fire alarm box on the street corner is for fire. Not for fun. Tell them the dangers of playing on or near the Rail Road tracks, the danger has increased now with the 3rd Rail being energized in the Hicksville area. Make your own Fire Inspection in your home. Keep it safe from Fire. Clean up - Don't Burn U!

Art Exhibition In C.W. Post

An exhibition of some thirty paintings and drawings by Stan Brodsky opened today in the C.W. Post Center Library Gallery in Brookville. The works include paintings in oil and in acrylic, casein, and watercolor as well as drawings in chalk and in pencil; the pieces are of various sizes and center on figures in everyday scenes and landscapes incorporating both land and water. The exhibition will continue through Friday, October 30. The gallery is open from noon to 4 pm Monday through Saturday. Admission is free.

A professor of art at C.W. Post College, Stan Brodsky is well known in the field of art as an artist. His one-man shows include the Fontana Gallery, Narberth, Pennsylvania, (1970), the South Huntington Library (1970), and the Roko Gallery in Manhattan (1968); his work has been exhibited in a number of group shows, including the Galerie Transposition, Paris, France, (1965), the Butler Institute of American Art, Youngstown, Ohio, (1968), and the National Painting Show, Washington, Pennsylvania, (1968).

V.F.W. Sponsors Scholarship Program

"Students win more than awards and scholarships when they participate in the V.F.W. Voice of Democracy Scholarship Program," said Chairman Joan Chwalisz of District No. One, in discussing the scriptwriting program conducted annually by the Veterans of Foreign Wars.

Some of the fringe benefits, according to Joan Chwalisz, are increased self-confidence, greater poise, the ability to communicate and valuable practice in expressing ideas clearly. For the State winners, there is also the broadening experience of a five-day tour of Washington, D.C., and the opportunity to make lasting friendship with the other state winners.

In the ten years that the Veterans of Foreign Wars has been sole sponsor of the Voice of Democracy Program, more than 4,000,000 high school students have participated. Entrants must write and then tape-record a three-to-five minute broadcast script expressing their personal views on Freedoms Heritage. From among the state winners, five national winners are chosen to receive a total of \$22,500 in scholarships.

"One of the greatest benefits to young people who take part in the program, is that by thinking, writing and speaking on the heritage of freedom, they gain a

better appreciation of democracy in action" Mrs. Chwalisz, said.

Bernard Lipsky, a Plainview resident, has just been elected senior vice president of Compton Advertising, Inc., Compton, with offices in 23 countries, is one of the ten largest advertising agencies in the world.

The Lipskys, who live at 19 Coronet Lane, have four children, Jeffery, 18; Mark, 13; Deborah, 11; and Scott who is 6.

Postal Operations Supervision Course

Hicksville Postmaster Ralph G. Cascardo proudly announced that a "Postal Operations Supervision" program will be initiated in Hicksville this month.

A full time two week course designed to provide the postal line supervisor with an appreciation of principles, concepts, guidelines, and some techniques of general management and leadership will be offered. "Our primary aim is to strengthen and improve the U.S. Postal Service" Mr. Cascardo said.

This program, a first in the Long Island area, will be made available to supervisors from the 74 Hicksville Satellite Post Offices.

The program will begin on Monday, 8:00 AM, October 19, 1970 at the Hicksville Public Library, 169 Jerusalem Avenue, Hicksville. On this opening day Postmaster Cascardo and other postal officials will participate in a kick-off launching ceremony.

Police Tests Scheduled Oct 17

In a joint announcement, the Nassau County Civil Service Commission and the Nassau Police Department reported that 2,064 men have applied for patrolman jobs in the county.

A written examinations scheduled October 17.

According to Adele Leonard, executive director of the Civil Service Commission, the number of applicants is one of the highest in recent years.

"In the past two years," she added, "we have handled 4,791 applicants for four previous tests."

Nassau Police Commissioner Francis B. Looney expressed satisfaction with the number of applicants. "It is reasonable convincing evidence," he said, "that more and more young people are looking at law enforcement and seeking it out as a rewarding career. It helps us maintain the high caliber police officer Nassau County residents want."

By Lou Palladino

The Cocktail party was here and gone. The ones that attended know what a bang up time was had by all. Those that didn't go, put it down on your calendar, when the next one is announced. Plenty to drink and eat, with a lot of good fellowship. County Cmdr. Earl Ellis, and his Dr. Vice Walt Borzym came. Our Cmdr. Frank Aug even took a picture with Earl. Being attracted to the female sex, I thought they were both ugly. Seriously, it was a nice shot of the two. Harry Wirth and Bob Kick did a great job, and for such a reasonable price. The Rock, Parella, & Brian Mass were the bartenders, with an assist from Bob. All that were asked, agreed on the fine time they had. All the super adjectives aren't used, because due to personal problems we couldn't attend. (cesspool troubles). So again you are reminded, put it down in your little black book when you are notified about the next party, because you will be told and in plenty of time.

In the words of our bingo chairman, Frank Hest, Help! Help! Help! He says, we never have too many hands to work with. We do need more men to accommodate the players. It would make Frank very happy if you can give even one hour at a time. If enough fellas turn out, we wouldn't need any more than that. It would give a little break to all the guys who go faithfully every week. The unofficial word is that we will be receiving an okay from the bingo commission.

The approval is supposed to be in the mail. However, we hadn't gotten it, at the last meeting, so it's not yet okay. According to the information we have, they are being very considerate, meeting with most of our requests. They are particularly pleased to see how generous we have been with our donations. So if all this goes according to Hyle, then we will be starting full scale on our new building. This is our aim and our dream. Maybe in the near future, you will be seeing erecting, and then you'll know, this is not all talk. So comrades, give a little time to help. Every little bit helps.

All Vets organizations are trying to get up enough money to put carrillon bells in L.I. National Cemetery. So we made a sizeable donation. This is not a pleasant subject, after mentioning cocktail parties, erecting new

If you're too old to have
diaper rash...

It must be
something else.

It's jock itch. Jock itch is a fungus infection.

That's why it keeps coming back even though you've tried all sorts of remedies. Including baby powder and talcum. They may be okay for diaper rash. But not jock itch!

Now you can get relief with Cruex®. A spray-on powder specifically made to fight jock itch.

Cruex spray soothes itchy, inflamed skin. Cushions against further irritation. Cruex absorbs sweat (the important factor in the

growth of Tinea cruris (fungi.) Its medication directly attacks susceptible fungi.

That's why using Cruex before and after exercise can help stop jock itch before it starts.

Cruex spray cools, gets into hard-to-get-at places. (And you don't make it sting or burn by rubbing, dabbing, smearing or spreading anything on.)

Cruex spray is easy on you. It's strictly hands off. At your pharmacy - CRUEX®

Cruex. Guaranteed to work or your money back.
