Hicksville Dem. Club To Hold Forum On 1970 Income Tax Law Changes

The Edward J. Gianelli Regular Democratic Club will hold a forum on the 1970 Income Tax Law changes at their next meeting to be held on Thursday Evening February 18, at the Knights of Columbus Hall, 45 Heitz Place, Hicksville, it was announced today by Helen Dolan, President of the Club.

The forum will be conducted by Jerome Smilovitz, a member of

the club and a Democratic Committeeman.

Mr. Smilovitz, a practicing accountant in Hicksville will discuss the major changes in the new tax law and then conduct a question and answer period among the club's members.

Refreshments will be served after the meeting according to Mrs. Dolan.

Coast Guard Auxiliary Syosset Flotilla 12-6

This Coast Guard Auxiliary will hold its first course in Seamanship and Small Boat Handling on Monday, March 1st, and each and every Monday thereafter for a period of eight weeks. The lessons will be given at the Plainview - Old Bethpage High School on Central Park Road and Southern Parkway, in Plainview, Room 211, from the hours of 8 to 10 p.m. Some of the topics covered will include Rules

of the Road; Safety at Sea; Aids to Navigation; Charts and Compasses; Equipment and Light; and if you have any particular problems or questions, these will be covered too. Anyone may enroll and you are urged to start on March 1st so that you may have the full benefit of all the lessons. If you have any questions in the meantime, you may phone David Baldassare at 516 - 694 - 8484.

Indoor Ice Skating Championships, Feb. 23, 20

County Executive Ralph G. Caso announced that the New York State Indoor Speed Skating Championships will be held at the Canteague County Park artificial ice rink on February 20 and 21.

According to Caso, approximately 200 of the finest speed skaters from the Eastern United States and Canada will compete in contests varying in distances from 220 yards up to two miles. Participants will range in age from 11 years to adults and awards will be presented in 15 separate categories.

"This promises to be one of the best speed skating events of the season," said Caso, "and I invite all Nassau residents to attend free of charge."

The races will begin at 6 P.M. on Saturday, February 20 and 12:30 P.M. on Sunday, February 21. The program is sanctioned by the Middle Atlantic Skating Association and sponsored by the Flushing Meadows Speed Skating Club.

Canteague County Park is located off West John Street in Hicksville.

NEW FACADE: An exact replica of the internationally famous "Gates of Paradise" will be unveiled for public viewing as Trinity Lutheran Church, Hicksville, dedicates its enlarged sanctuary on Sunday, February 21st, at three o'clock in the afternoon. The three ton set of solid bronze doors, overlaid with fourteen karat gold, were cast for the first time by Lorenzo Ghiberti in the 15th Century for the Duomo Cathedral in Florence, Italy, where they now hang at the entrance to the Baptistery. Mr. Bruno Bearzi of Florence, Italy, who poured the castings and overlaid them with gold will be the principal speaker at the Service of Dedication.

Please Fill Out And Return Questionnaire

Hicksville residents have recently received in the mail a questionnaire prepared by the Community Relations Advisory Committee to the School Board. This questionnaire is designed to compile the public's opinions about our district schools — its results will be presented to the School Board and Administration and will be made public.

Please take the time to fill out this questionnaire and return it. No postage is required — just drop it in a mailbox. The Committee would like to have as many returns as possible and request that you mail in the questionnaire by Feb. 24.

East Street School Held Talent Show

East Street School held its first Talent Show recently giving two performances in the school auditorium. Directed by Miss Florence Bowmar and Mr. John Zalewski of the Music Department, students of Grades 5 and 6 were given an opportunity to display individual talent in many categories.

Participating were David Gaudio as Master of Ceremonies, the Mod Girls Chorus with Clint Jones, Frank Principe, and John Giardina on guitars; vocal duets by Lisa Danchig, Valerie Herold, Heidi Jablonowski and Anne Yorke; clarinet solo by Dean Koutsoubis; tap dancing by Erin Baldwin; comedy routine by David Duncanson; an instrumental trio with Matthew Capelli, trumpet, Peter Kwaschyn, saxophone, and John Casalspi, trombone; flute quartet with Elisa DeStefano, Kathleen Mize Laura Rice, and Luann Schwing.

Clint Jones' act — playing the guitar and the harmonica at the same time — was an outstanding highlight of the show. He followed

that solo with a vocal rendition of "I Believe" and accompanied himself on the guitar.

Mrs. Blanche Wainer of the Art Department and Mr. Donald Fournier of the A.V. Department assisted with the production.

Forbids Unauthorized Removal Of Auto Plates

The Senate voted approval of a bill introduced by Senator John D. Caemmerer which prohibits the unauthorized removal of registration plates from any vehicle.

In presenting his measure Caemmerer, who is Chairman of the Senate Standing Committee on Motor Vehicles and Transportation, pointed out that it is part of his continuing campaign to curtail the traffic in stolen cars.

"Since stolen plates are used in auto thefts and the commission

of other serious crimes, this legislation would aid considerably in law enforcement," Caemmerer said.

Presently, he indicated, there is no statute which prohibits or provides a penalty for the illegal removal of registration plates, commonly known as license plates. The new bill would forbid the taking or removing of any registration plate or tag from any vehicle, other than by an owner or someone authorized by him, or by a police officer in the performance of his duties.

Story Hour

In the children's room of the Hicksville Public Library, 169 Jerusalem Avenue, Story hour for 5½ to 8 year olds on Tuesdays at 4 p.m. Preschool story hour for 3½ to 5 year olds on Wednesdays at 10:30 a.m.

The Brillboard

JERRY BRILL

Restaurants have a way of becoming 'in'. Usually, they thus ascend as luncheon places or dinner places. Rarely are they both.

One such Italian restaurant is on the east side of New York and it was up to me, this day, to let them know that they had a columnist waiting for a table.

The lines were long. The crowd was dense (!). This was a Friday lunch and I gave my name to the head waiter. Table for two—duo—to do a story!!!

'Your table will be about twenty minutes, Mr. Grill' he said over a yawn.

'That's Brill', I told him casually handing him several copies of the paper.

He smiled. Few minutes later my story joined me at the bar. The headwaiter must have read the papers in the interim because he rushed over—before the twenty minutes were up—and said, not so casually, 'Your table is ready,

Mr. I'm sorry to have kept you waiting'.

Triumphantly we walked to the table as everyone smiled in obvious acknowledgment. I would be comfortable doing my story right here. Joey Heatherton was my luncheon partner this day and she never looked prettier. I guess by now she knew that a columnist commands respect 'pretty good' in big town, N.Y. We sat down.

'Joey', said I, 'what's your name?'

'What's my name?', asked she. 'You know, real name', said I. 'Joey Heatherton, you ding-a-ling', said she.

Good sense of humor, I thought as the waiter approached with the oversized menu written in Italian.

I called on my continental

INSLI Installs New Officers

The Israel Numismatic Society of Long Island (I.N.S.L.I.) at its last meeting installed the following officers: President: Mel Wacks, (Syosset) Secretary: Morty Zerder (Syosset) Treasurer: Perry P. Rosenfeld (Plainview) and Sgt. at Arms: Manny Rubin (Plainview).

I.N.S.L.I. holds its regular meetings on the 3rd Thursday of each month. Meetings are held at the Syosset Public Library, South Oyster Bay Road (North of LI Expressway) in Syosset. The meetings start promptly at 8 P.M. with lectures, displays and discussions. Doors are open at 7 P.M. for trading, swapping, etc.

At the regular meeting on February 18th, I.N.S.L.I. started with the first part of the new lecture series consisting of a seminar on Numismatics for Beginners and Advanced Collectors.

Guests and Visitors are always welcome. Free refreshments.

As I said, 'Have you any pasta?'

'Pasta! The whole menu is pasta', he said.

Must have been a new guy. Couldn't field the tough ones without phumping. That's the trouble with those places, I concluded.

'Okay', I said, 'I'll start off with, and I was looking up in memory—Joey was impressed—that Rossi appetizer—then some of this boteo Galeano and for dessert—that pasce con gli occhi'.

Oh, wow. I couldn't believe a country boy could handle this in so proficient a manner.

Joey turned to me and said, 'To begin with, you're ordering from the wine list—and that dessert you ordered is the Motto of the house—'Eat with your Eyes'.

I smiled weakly and pointed to a few items which the waiter

- A car fire in the Mid Island Plaza parking field caused severe damage to the vehicle. A dog which was left in the car was released and revived on the scene by firemen Gil Cusick, Jack Huttie and Steve Sulzinski. A reminder to our residents. Often, passing through a shopping area, we see young children left alone in parked cars. As you can see, with the account of the above fire, a fire can strike at anytime. A good rule of thumb to follow is never leave a youngster alone either in a car or a house.
- The new rescue truck has been put into full service. The hydraulic jacks for rescue work and the rescuator arrived this weekend. The truck will respond to all box alarms, general alarms and rescue calls.
- The Hicksville Fire Dept. held an organization meeting Friday Feb. 12 for the newly formed Department sponsored explorer scout post. The meeting drew 29 teenagers and interested parents.
- The requirements for membership are, any boy between the age of 14 to 24, a resident of Hicksville. Any boy interested leave your name at the main fire house on E. Marie St. The Post advisor is Ex-chief John Specht. The limit is 50 members. There will be more information in coming issues of The Herald.
- It was reported that fire officials will arrange a meeting with the water district officials in the near future to discuss the problems recently incurred by the fire department with the local fire hydrants.

Dear Friends

Dear Friends:

Assemblyman Joseph M. Reilly tells us that he is co-sponsoring a bill to create a special Hoover Commission, designed to cut state spending to fit state income.

Said Assemblyman Reilly, "I expect this legislation to gain considerable support at this session because of Governor Rockefeller's new \$8.5 billion budget, which includes tax increases totalling \$1.1 billion. I have repeatedly urged an objective study to promote greater efficiency and economy in state government, and this little Hoover Commission should be able to do the job..

Under this proposal, a 12 member unsalaried Commission would be created, the Temporary State Commission on Efficiency and Economy. Working with the year-old Legislative Commission on Expenditure Review, it would be composed of knowledgeable people from business, industry and commerce.

"We have not had a real, searching investigation into all phases of state government in many years. This commission will have the power of searching investigation, which could result in substantial savings to the taxpayers", he concluded.

We agree with Assemblyman Reilly, up to a point, but sad to say, we recall what happened to the original Hoover Commission Reports, when they were completed.

Our question would be... how can we put teeth into the finds of such a worth-while commission? In a way, we are all like children... we want so many, many advantages... but we do not have the money to make them realities, without going into debt. Witness the condition at present of most of the cities and some of the states in our great country.

What made this country great to begin with was the fact that we were all willing to WORK to make it great... to do our part... to carry our share of the load. Now that we've arrived at the position of world leadership... what comes next... do we emulate the Roman Empire... or have we the courage to buckle down... correct our fiscal mistakes... and, using our own efforts and ingenuity, continue building as we have done in our past? The truth is that only each individual can answer this question... and when enough of us are ready to buckle down to maintain our country's growth and strength (not in words but in actions)... then and then only, will we continue in the right direction.

I believe that many are recognizing these basic facts, and, in ever increasing numbers we are realizing that we must individually, as well as on our own local, state and federal governmental levels, make our feelings known, and use our efforts to constructively correct what is wrong, while building towards what is right and fiscally sound.

If you aren't doing this, you should be. For a dollar wisely spent will bring forth good results, but a dollar wasted is gone forever.

I hope that enough of us care.

Sincerely,
Sheila H. Noeth

LETTERS

Dear Editor:

The American Cancer Society, Nassau Division, wishes to express its gratitude at this time to the many citizens of Nassau and also of Suffolk County who recently responded to a plea for blood donations for a dear child who lived with leukemia from the third to the sixth year of her life. Recent advances in research, chemotherapy, along with ample blood transfusions, made this possible. One senior high school in the county, led by the class president, contributed ten pints of blood. Another twenty-five individuals from varied towns donated their blood! To all these generous persons, we express our thanks. Today, this child died. Each pint of blood contributed time toward further understanding of the leukemic process.

Thank you for caring.

Sincerely,
s/ Virginia H. Trent

Local Man, Commissioner

Dept. of Public Works Expanded

Commissioner G. Trotta

In a move to strengthen the overall administration of the Department of Public Works and provide expanded engineering leadership, the Town Board today filled several key posts and proposed creation of a new Division of Environmental Control and a Bureau of Safety and Security, announced Supervisor John W. Burke.

Gerard Trotta of Hicksville was named Commissioner of Public Works. A top professional Public Health engineer will be appointed to organize and head the new Division of Environmental Control Thomas Earey of North Massapequa, the present Town Security Officer, will be Chief of the proposed Bureau of Safety and Security.

Joseph Branca, a professional engineer and present Deputy Commissioner, was placed in charge of engineering and

Deputy Commissioner Frank Antelomoso, a graduate engineer, was given responsibility for overall administration of the Department of Public Works. Both are presently employed in that department.

George Kunz, Assistant to the Supervisor on DPW matters, was named Superintendent of Highways, replacing John Martling who will function as Trotta's assistant. William Brown of Massapequa Park, the present Deputy Superintendent of Parks, was advanced to Superintendent of Parks to replace Trotta under the DPW reorganization.

Commissioner Trotta, who has a reputation as a tough administrator, is an ex-Marine Corps veteran of Korea who has worked his way up through the ranks in the Department of Public Works since 1957. He was appointed Assistant Superintendent of Parks in 1965 after passing a civil service examination for that post.

Later, he was named Superintendent of Parks and supervised the construction of the Town's multimillion dollar park complexes including community parks at Plainview-Old Bethpage, Massapequa, Bethpage and Syosset-Woodbury, and the John J. Burns Park in Massapequa.

He is also responsible for the maintenance of the Town's more than 170 parklets, ranging in size from one-half to three acres.

"Trotta has done an exceptional job of administering

this network of Town community parks and neighborhood recreational areas which contributed greatly to the reputation Oyster Bay enjoys as having one of the finest park systems in the State," Supervisor Burke said. "He is also thoroughly conversant with maintenance procedures in all DPW divisions and has been responsible for the planning to expand commuter parking facilities.

"Trotta has a reputation for getting things done efficiently and with the professional staff assistance available to him in the DPW, I believe we have a fine team to carry out the projects of the Public Works Department," Burke said.

Burke said the new Division of Environmental Control will have broad responsibilities in the areas of conservation and solid waste management. "The professional who will head up this division," he said, "will be expected to be thoroughly conversant with the national problem of solid waste management and will make recommendations to the Town Board that will be directed toward finding a solution to the disposition of solid waste."

"He will also advise the Town Board, the Commissioner of Public Works and other involved Town personnel, including the Building Department, of any environmental impact to be expected from proposals placed before the Town Board for consideration and decision."

Ramblin' Rose

By Rosemary Walsh

Seems as though winter is waning. The mere writing of these lines is a prediction of a record breaking snow storm. But we can't complain, the total season was not bad. The kids would complain because - thus far - there were no snow days. Sometimes I sort of agree with them. A long day of being snowed in feels good on occasion.

These seasonal comments remind me about some changes. All those basketball leagues are coming down to the end. Our elementary tournament has been a hotly contested one. At this point it is hard to figure who will become the champion. It is a pleasure to watch these well drilled teams play with such fervor.

Meantime the elementary girls are preparing for their annual

contest. They work very hard to do their best on "once a year day."

This next weekend we will be off to Atlantic City to chaperone our magnificent Recorder consort plus the High School Madrigal Singers. They will perform for music educators from all over the north east. The response to the fund raising concert has been more than heartening. Who sez Hicksville lacks culture?? Congratulations go to Mr. William Golee, Mr. Charles Arnold, and Mr. Gerald Burakoff. Remember this concert is February 22.

Hicksville will host the Divisional Wrestling Tournament on February 19th and 20th. The semi-finals are at one P.M. and the finals at 7 P.M. Mr. Amadeo Tomaini, Director of Physical

Education is hosting the event and is assisted by Mr. John Santoro of the Junior High Physical Education Staff.

Elementary baton twirler mothers - do not give up hope. I have it on good source that the recreation program will schedule its twirling lessons during next week. Expect a call from the recreation office about the schedule.

Did you catch Mr. Bruce Duncan, Junior High teacher on the television last week? He was very impressive doing an editorial reply on a major network. His subject is abortion - he speaks from the anti position and does a very good job.

Well, I guess I've rambled enough - See ya around or surely at one of these events.

Town Board Hears Cable TV Petitions

No opposition was voiced, and decision was reserved on the hearing to consider awarding of franchise for community antenna television (CATV) system on the Town Board's Own Motion by All-Towns Cable TV, Inc. at the Oyster Bay Town Board meeting on Tuesday, February 16th.

All-Towns Cable TV, Inc., is a wholly owned subsidiary of Teleprompter, a nation-wide cable tv company, and believed to be the largest of its kind.

Present to speak for All Towns was Les Reed, of Port

Washington, Director of Cable operations for Teleprompter Corp., and Jay Merkel, of Massapequa, a vice president of Teleprompter. Attorney was Morton Levy, of 120 East 50th St., New York City.

According to the proposal, the town would receive 5 per cent of the gross receipts of the enterprise. Installation charge of \$15, and a monthly charge.

The spokesmen said the teleprompter has an option to negotiate with Madison Square Garden to present major sporting

events which are generally blacked out on standard television.

The project would represent about a \$3,000,000 investment to Teleprompter, including probably two towers of about 100 feet in height and overhead or underground cable. Overhead cable, using the telephone company's or the lighting company's poles, would run about \$5,000 per mile, while underground cable would run about \$10,000, they said.

Councilman M. Hallstead Christ said that a proposal for the completion of the project would have to be submitted before the Board could make a decision. Mr. Merkel said that the company would be glad to submit a proposal if this requirement were also applied to other companies seeking to put in cable TV in Oyster Bay Town.

The spokesmen estimated that 20 per cent of the homes in Oyster Bay would be subscribers within a year's time. 40 homes per mile of plant is needed to make the project economical, they said. Mrs. Shirley Lang, of Woodbury, said that cables should go underground, and wondered whether cable TV would interfere with the reception on standard TV. The FCC would not allow such an eventuality, the representatives of Teleprompter replied.

K of C Social Meeting To Be Held

Joseph F. Lamb Council No. 5723, Knights of Columbus, Plainview, will hold a social meeting, Thursday Evening, Feb. 18th, 8:30 P.M. at the American Legion Hall in Plainview.

All brothers of the Council should try to attend. An exemplification of the admission degree will be the feature of this meeting. Seven new incoming members of the council will enter into this degree.

"Relax in Slacks" To Be Held, Feb. 27

Women's American ORT (Organization for Rehabilitation Through Training), announced "Relax in Slacks" with Howie Sacks will be held February 27 at 8:30 P.M. at the Plainview Legion Hall, Southern Parkway, Plainview.

Howie Sacks will lead the group in "adult games" such as "limbo", and "pass the balloon between your legs."

"If you are looking for fun and frolics, if you can laugh at yourself, then you should join

us," said a spokesman for the ORT.

A buffet midnight supper with coffee and cake will be served. The charge is \$11.00, and the proceeds to the scholarship fund, which provides advanced education and study. For any information call 433-0919.

St. Stephen's Celebrates Fastnacht

St. Stephen's Lutheran Church will begin its pre-lenten program on Sunday February 21st, by featuring an old fashioned Fastnacht fellowship party in the church auditorium from 6 to 8 p.m. There will be beverages, a light buffet supper, and "fastnacht" donuts prepared by the ladies of the church. The Banjo Society of Long Island will entertain old and young alike with music for singing and listening with lots of fun in store for all.

The committee on Evangelism at St. Stephen's conceived this program as a good way to prepare for the lenten season. The committee believes that good fellowship is essential to the life of an active congregation. The entire evening is free. The purpose is to re-introduce members and friends to an old custom usually held on the Tuesday evening before Ash Wednesday. Reverend Roland J. Perez announced that beginning with Ash Wednesday, February 24th and continuing until the first week in April, there will be Wednesday evening services at 8 p.m. followed by an informal coffee hour. An invitation is extended to all to join in these services.

Requests Increase For Cabana

Deputy Commissioner Richard A. Fitch announced that he is requesting a rate increase for cabanas and season parking tickets at Nassau Beach. Daily parking fees, cabin rentals and special weekday senior citizen rates will not be increased under the proposal.

The new fee schedule, which would go into effect this summer, calls for an increase from \$5 to \$10 in the season parking sticker which permits an unlimited number of visits. Cabanas, which varied from \$250 to \$325 for a

single family rental depending on the section of the beach, would be increased to a standard \$400. Two-family rentals, now ranging from \$150 to \$200 per family, would rise to \$250, and group rentals, now \$300 to \$400, would go to \$500.

Fitch cited increased salaries of County personnel and other rising operating expenses as the reason for the proposed increases. All fee increases must be approved by the County Board of Supervisors.

HERALD REPORT SCHOOL DISTRICT 17 HICKSVILLE

By Shirley Smith

School Board President, Harry Kersten, announced at last week's Board meeting that there are no plans for mass reductions in the teaching staff. This statement was in answer to rumors that the Board is contemplating large-scale staff cuts in 1971-72.

Board trustee, Neil McCormack, asked Administration to supply the Board with information about the extended learning year—a concept of 45 days of school, 15 days of vacation for the full twelve months.

The Board of Education awarded bids for the Junior High addition—four contracts for the total amount of \$280,197. These bids provide for an August 15, 1971 completion date of all work. There is no provision for penalties if work goes beyond the specified date—to include this clause, the district would also have to provide rewards if the work were to be completed before

Aug. 15. According to specifications set down by the State Education Department, air conditioning must be provided for the new choral room (windows would have to face the track area and would be too impractical.)

General objectives for the language arts, reading curriculum were presented by Dr. Hal Wise, Supervisor of Language Arts. Dr. Wise said these two subject matters have been placed together because each is essential to the other. The objectives he presented are for grades 1 through 12, so the curriculum will flow throughout the school system:

1. Awareness of language as a mode of action, vehicle for thought and factor in molding

- one's outlook.
2. Discovery of likenesses and differences among different forms of language.
3. Increase in ability to express self well
4. Effective use of language for various purposes
5. Recognition of importance of language in increasing scope of one's society and environment.
6. Regard of language as man's most important tool in life.
7. Development of love of reading, and knowledge and appreciation of cultural heritage and values.

Dr. Manus Clancy, Supervisor of Social Studies, presented objectives for the kindergarten through 12th grades:

1. Effective use of analytic and scientific procedures—identifying and defining problems, obtaining information from a variety of sources, etc.
2. Relevant knowledge of major ideas and concerns of social scientists—e.g., un-

Gutter Ball Gossip

By Herb Mahler

It was Washington's Birthday and I cannot tell a lie. I would have preferred to spend Monday playing golf at some warm island in the Bahamas but the spirit that is the B.C.A. kept me and a handful of others here. Of course a few other factors enter into it, like money, time, being cheap; but that is another story, so let's see what happened to the fighting few.

The League Leaders, the Simons, took on Lang's Lovers and tipped through the Tuffs for an 8-3 win to retain the lead with 45 points. Capt. Sid resisted with a 204 in the second but it was far short of what was needed.

Co-Leaders with the Simons are the Sensational Sussmans as they climbed over the bodies of Shapire's Shoppers 11-0 to attain this coveted position. In the last game, Irv Harkowitz's 224 and Capt. Henry's 211 were the guiding lights to the 2628 scratch.

The Mitt Hoffmans, who refuse to be counted out, tangled with the Gallant Gerdens and took them 6-3 to move into fourth, 4 points behind. Elliot Spencer's 221 in the second and Bill Kellerman's 233 in the third were MIT's Hatcher men this week.

The Fighting Flanders created a tidal wave and proceed to drown the Warrens 11-0. In the process, they rolled a new High Handicap series of 2782. Burt Benjamin's 204 and Buddy's 204 in the last led the way backed up by D. Kaye's 555 series and Mac-Cushing 512. While treading

water, Herb Mahler crashed his way to a sparkling 200, just 100 pins short of a perfect game.

Goldstein's Gladators met the Vladens and when the battle was over Robby's Rioters had a complete victory 11-0. Robby's strong right arm, Fred Switzman, was there with a timely 217.

The Brody's, with Herb still absent, met the Simons head to head but Sids men outlasted the opposition 6-5. Bill Sussman's 215 and Eli Stampler's 200 in the first were not enough to go all the way; however, with 38 points they are still in fifth place.

Hal Goldenberg welcomed Sam Springer back from his sabbatical in time to help his team outlast the Geyers 6-5. Sam's 301 in the first and Al Gorman's 301 in the last did the job.

The Marks tangled with the Sachs and when the totals came in Lewis Legion was victorious 6-3. Capt. Lewis, as he wants to be called, had a good night with a double of 210 and 216 aided by the big seat of Milt Goldberg with a 280.

The Holtzmans, with a 203 from Sid, took a mere 4 points from the Rothmans who bowled with only two men.

In the good news dept., it's straight ahead to recovery for Sid Lowenthal who will be home within two weeks. Drop him a card at Nassau Hospital in Mineola; it gets to be a long day and he will be happy to hear from you boys.

Jericho Youth Council

by Bernyce Shimberg

The Jericho Youth Council held its monthly meeting on Thursday, February 11th.

Mrs. Arline Cohen reported for the Personnel Committee, which was formed to seek a Youth Coordinator, that they have scheduled interviews with several people who appeared to meet the qualifications and will report back to the Council next month for final approval of the person selected.

Carol Sloane reported for the Fund Raising Committee that the Jericho Youth Council has already received a donation from The Friends of the Jericho Public Library, and commitments for donations from the West Birchwood Civic Association and the (East) Birchwood Civic Association at Jericho Inc. Future plans for fund-raising will involve letters going out to other

organizations asking for donations, as well as a door-to-door campaign for funds combined with distribution of flyers explaining the purposes of the Jericho Youth Council. Many other ideas for fund-raising were discussed and the committee will report on further plans next month.

Mr. Stevens, Chairman of the Jericho Youth Council, stated that the application for the grant of \$2500 from the Town of Oyster Bay has been sent in and the Council is awaiting its approval and subsequent grant of funds. Meanwhile, the Council is looking into the possibility of setting up headquarters in the basement of one of the elementary schools in the district.

The next meeting of the Jericho Youth Council is scheduled for Thursday, March 11th, at 8 P.M. in the Speech and Drama Room of Jericho High School.

Music Conference To Hear Local Students

Carol Sadowski, Steven Molina and Michael Ricciardi, three outstanding Jericho students, will represent Long Island at the Music Educators National Conference, to be held in Atlantic City on February 26.

Carol, a Jericho High School violinist, will join bassists Steven, a senior, and Michael, from the Robert Williams School, in a string demonstration which will be a feature of the Long Island portion of the present-

Jericho Senior High School students who expect to complete their secondary school requirements and to enter college in 1972 should register in the Guidance Department now to participate in the 1971-72 National Merit Scholarship program, Principal Dr. Paul McKee announced today.

The first step for all students who wish to enter the nationwide Merit Scholarship competition is to take the National Merit Scholarship Qualifying Test (NMQST). The test will be given only once during this school year. Our school is scheduled to give

the NMQST at 9:00 a.m., Saturday, February 27.

Taking the NMQST is also the first step for students who wish to participate in scholarship programs administered by the National Merit-Scholarship Corporation (NMSC).

NMQST participants pay a \$2.50 test fee, including administrative costs of testing on a nonschool day.

When his NMQST scores are reported, each participating student will receive a handbook to help him understand his scores and compare his test performance with that of other

high school students across the country.

The highest-scoring students in each state will be named Merit Program Semi-finalists and, if they advance to Finalist standing, they will be eligible for Merit Scholarship consideration. In addition to the National Merit Scholarship financed by NMSC, more than 450 business corporations, and individuals offer scholarships through the Merit Program.

About 24,800 students have won Merit Scholarships in the fifteen programs to date.

There will be a public hearing regarding the referendum to condemn land for Jericho Library parking on Tuesday, Feb. 23, at 8:45 PM in the Speech & Drama Room at the Jericho High School.

Budget Review Panel Begins Budget Study

How can a community assist its Board of Education and staff in reviewing school budget proposals? Thirty two interested Jericho residents began an annual study of educational needs and proposed costs, in the first Budget Review Panel meeting on February 4.

Howard Jankowitz, President of the Board, welcomed representatives from the district's PTA and Civic Association groups and other involved citizens.

David Nydick, Superintendent of Schools, stated that the "budget preparation begins in October, when every staff member is involved in determining educational needs for the following year." This year's approach to the budget, according to Mr. Nydick, will reflect "an unusually deep consideration of both quality education and the current financial situation." Mr. Nydick explained the design of the 1971-72 school budget: "Our goal is to present a budget which recognizes the economic problems, but which also permits continuance of high quality services and programs without Jericho's having to move backwards."

There is a goal of holding expenses in all items, other than personnel and employee benefits which are negotiated items to an estimated 7.6 percent cost of living increase. Mr. Nydick further mentioned that "any new programs that will be developed within the indicated budget will not require additional expenses."

Alan Arnold, instrumental teacher, will accompany his students to the Atlantic City convention.

The U.S. farm labor force averaged 4,486,000 workers in 1970, down about two and one-half percent from a year earlier.

Guatemala is the only country in Central America that grows wheat, providing for about one-third of its total needs.

PTSA Art Auction

An Art Auction, sponsored by the Jericho Junior-Senior High School Parent-Teacher-Student Association will take place on Sunday, February 28th, starting at 1:00 P.M., in the High School gymnasium.

The auction, arranged by Graphic Arts of Great Neck, will offer an array of oils, water colors, etchings and lithographs, signed and numbered by famous

artists, this will be an opportunity to purchase a work of art at substantial savings over current gallery prices.

Pictures will be on view starting at 1:00 P.M. The auction will take place between 2-5 P.M. Admission is free! COME ON IN! Enjoy yourself - whether you're looking for the den or just looking.

TEENAGE TROUPERS: Cast members of "Aladdin and the Magic Lamp", which is being performed by the Town of Oyster Bay Teen Repertory Theatre at various schools in the Town, get together for the photographer at a recent performance. The players are: from left to right, Jo

Ann Arreola (Farmingdale), Eric Breiman (No. Massapequa), Tom Moore (Mill Neck), Sandy Lane (Plainview), Theo Daglis (Massapequa), John Fitzgerald (No. Massapequa), Virginia Ann Frederick (Old Bethpage) and, seated, Elise Goldstein (Jericho).

DEFENSE: Defense is what makes today's top basketball teams go, and Oyster Bay Town Councilman Ralph Diamond, while no threat to Walt Frazier of the New York Knicks, gives trouble to a youngster getting off a shot on a recent Saturday morning at Jericho Junior High. Diamond joined the youngsters

who are participating in a Town Recreation Department program run in conjunction with many of the school districts within the confines of Town. For further information on the schools and athletic facilities available call the Recreation Department at WA 1-5875.

SPORTS

By

Howard J. Finnegan

The most attractive event this week-end that appears on the sports calendar is the North Shore Section one wrestling championships.

The title matches will be held in the Hicksville High Boy's High gym.

The proceedings start Friday at 4:00 p.m. and run almost to mid-night.

The semi-final bracket is scheduled for Saturday afternoon with the finals carded for Saturday night.

3,000 fans are expected to witness the overall tournament.

On the basis of its total domination of dual meets during the season, Farmingdale is rated the odds on favorite to annex the title.

Hicksville hopes rest on undefeated Kirk Jurgeleirsh and Lou Chiodo. The orange and Black wearers will be in line to pick off a title.

Comprised of a base of ex-Hicksville High stars the Mid-Island Athletic Club Lacrosse team has decided to play on St. Raphael's field in East Meadow again this year.

Four games this spring will be under the arc-lights.

Joe Sarno is a leading organizer of the team that hopes to come out from behind the shadow of the Long Island Lacrosse Club which is the

National Independent Champion.

Games are scheduled with all the leading independent clubs on the East Coast.

This cruel 1971 basketball campaign took its most agonizing turn against Hicksville, Tuesday night, as McArthur defeated the Comets, 63-61, in overtime.

The defeat cost Hicksville a berth in the playoffs.

Hicksville on the solid work of Paul Krobber and Mort Weinbrab had built a six point lead with a minute and a half left but flagrant turnovers enabled the hosts to tie it 55-55.

The Comets withstood a 14 point comeback by Clark just three nights before as a sharp pass from Weinbrab to Krobber caged the winning goal, 51-49, with just four seconds left.

It was the last league game between The Rams and the Comets since they will be realigned next year in different divisions.

Hicksville had a 20-4 edge in the series.

were also treated to a demonstration of Project PLAN by Mrs. Marge Giannelli, 4th grade PLAN teacher, and Mr. Herbert Cavanagh, Principal of Woodland Avenue School. Mrs. Giannelli showed how a student would proceed in completing a TLU (teaching-learning unit) — teacher explanation, film strips, use of language master, ear phones and tapes. She explained the child may work alone or in small groups.

This demonstration was followed by a question and answer period, and by a discussion of an evaluation of Project PLAN By Erwin Rozran, Administrative Assistant. Various criteria were used in the evaluation—e.g., standardized

tests, Regents exams, teacher reports. Although there is some disappointment in math and science at the High School level—PLAN students scored lower than others on Regents (these two subject matters are being looked into)—Mr. Rozran's report showed general approval of Project PLAN. It is not a cure-all, but in the field of individualized study it does offer the best methods at the present time, according to the report. Superintendent Donald Abt said there are only three complete systems for individualized study and PLAN is the best of these.

Mr. Kershen asked why there has been no objective evaluation of Project PLAN. At this point, there are inadequate standards by which such an evaluation can be made, said Mr. Rozran. A comparison with the regular classroom situation is not a good

method, he stated. Mr. Kershen felt, after 3½ years of use in our district, PLAN should be evaluated objectively. Mr. Abt answered that most evaluations of an educational innovation take place after five years.

All students are suitable for Project PLAN, said Principals Herbert Cavanagh and Raymond Rusch. It was brought out, however, that students who enter PLAN in the early elementary grades do adjust better—those entering at the secondary level have already established study and work habits that are not always easy to change.

Project PLAN has been in use in our district 3½ years and has been largely financed by Westinghouse. Although this corporation will not continue to pay next year, Mr. Abt reported there will be no substantial increase to the district for PLAN.

Hicksville High School Girls Field Hockey

Doreen Harvey, Peggy Hoosack, and Helen Haeppli (L. to R.) Most Valuable Players of Hicksville High School's Girls Field Hockey happily prepare to retire their sticks at the end of the undefeated 1970 season.

Under the direction of Coach Ethel Allman, the girls ended the season with a 5 win - 2 tie record. To add to their glory the girls also placed first in the Nassau County Playday sponsored by the Long Island Field Hockey Association. Strenuous practice resulting in skill and determination to triumph characterized the team.

Their game against Carle Place was the most important single event of the season. Carle Place has been the number one team on L.I. for many years. This

season no team had scored against them. In that game Hicksville proved to be a champion team by tying the game with a 3-3 score.

The team scored a total of 19 goals, 8 of which were made by sophomore Arlene Travis. Only 5 goals were scored against Hicksville's defense, which was exceptionally strong due to the fine playing of M.V.P. Peggy Hoosack at center half back, and seniors Arlene Gottesman and Nicki Korman at fullback.

The girls squad loses four seniors this year; Arlene, Nicki, Eileen Schauer and Doreen Harvey all strong assets and decisive players in a most successful season.

Accident Reports

The following accident reports have been released by the Second Precinct, Woodbury:

Feb. 11 - 5 p.m. - Automobile accident occurring on Bay Ave. at Prospect St., Hicksville, involving cars driven by Everett C. Bartow, 93 Bethpage Rd., Hicksville, and Wayne R. Poole, 5 Suggs Lane, Hicksville. The accident occurred as the Bartow car was travelling south on Bay Ave., and the Poole car was exiting from a private parking field to go east on Prospect St., when they were in collision. Injured and taken to Syosset Hospital were Everett Bartow, 58 lacerations of the lip and nose; Hannah Bartow, 51, contusions of the left shoulder, and Paul Bartow, 17, lacerations of the forehead.

Feb. 14 - 12:40 p.m. - Fatality - Mary C. McKinnon, 56 Strong St., Hicksville. Date of birth, 3/11/78. Pronounced dead by Dr. E. Aronow at 12:40 p.m.

Feb. 12 - 10 p.m. - Automobile

accident occurring on South Oyster Bay Rd. at Parkway Dr., Plainview, involving cars driven by Anne M. Kaskowski, 44 Devins Ave., Syosset and Robert M. McAllister, 2 Venus Rd., Syosset. The accident occurred as the Kaskowski car was travelling north on South Oyster Bay Rd., and the McAllister car was travelling south on South Oyster Bay Rd., making a left turn to go onto the Parkway, when they were in collision.

Feb. 13 - 1:47 a.m. - Automobile accident occurring on Newbridge Rd. at W. Marie St., Hicksville, involving cars driven by Ronald F. Desbent, 53 Narcissus Ave., Hicksville, and Thomas Flannigan, 58 Cedar St., Hicksville. The accident occurred as the Desbent car was travelling south on Newbridge Rd., and the Flannigan car was travelling west on W. Marie St., when they were in collision. Injured and taken to the Nassau County Medical Center was Thomas Flannigan, 19, possible concussion and dislocated neck.
