VOL. 24 NO. 12 Thursday, March 18, 1971 COPY 10c

### Career Night At Hicksville HS

Four Freedoms Lodge, B'nai B'rith in conjunction with the Hicksville High School PTA is again sponsoring a Career Night at the High School auditorium on Thursday March 25 at 8 p.m. At this function, 25 representatives of business and professional careers will conduct seminars with students and their parents to discuss the qualifications necessary to pursue a career of their choice.

The type of speakers was

decided upon by the students themselves in response to a survey conducted by the High School administration. Two half hour sessions have been planned so that students may look into different careers. All interested students and parents are invited to attend.

In addition to this program, Mr. Fred Ersein who works in Hicksville as a representative of the Nassau County Youth Board will give a brief outline of his goals in this community.

### Gregory Museum Thanks "Contributors"

The Gregory Museum wishes to thank "everyone who contributed to the success" of our "Fantasia On Ice" show at Cantiague Rink. Cantiague Figure Skating Club members and skaters from other leading Skating Clubs did an absolutely marvelous job. Posters were made by BOCES, Val Conover and Laurie Palahnuik. We certainly couldn't have had such a successful turnout without all the help and

cooperation of so many groups, organizations and individuals who helped in the capacity of selling tickets and in so many other ways. Again a million "thanks" for all "your" help, and a special thank-you to Councilman Warren Doolittle who gave the welcome, and Mr. Stephen Goldstein, Vocal Music Teacher at Hicksville High School, who sang the Star Spangled Banner.

### PTA To Hold A Program

The Woodland Avenue P.T.A. will hold a program of interest to all. It will be held on Tuesday, March 23 at 8:00 P.M. at Woodland Avenue School, Hicksville.

Mr. William P. Carl, Chairman; of Lloyd Harbor Study

Group will speak on: "Are Nuclear Power Plants Safe and Clean?" The Atomic Cloud Over Long Island. How Does It Affect You?

A CBS film will also be shown "How Peaceful is the Peaceful Atom."

## Town Civil Service Office Opposed by Residents

Opposition from residents and approval from a Civil Service representative were expressed at the Town meeting Tuesday, March 16th, in connection with the public hearing for the Town Board to consider a proposed Local law to establish a Civil Service Commission in the Town of Oyster Bay.

According to civil service regulations, any town with a

population in excess of 200,000 and all cities have a right to establish their own civil service commission. There is presently a Civil Service Commission for the County in Mineola, where employees of the Town of Oyster Bay must go to take tests and transact other business involved with civil service. The Town of Hempstead has its own commission, as do the cities of Glen

Cove and Long Beach.

Most voluble and colorful in her opposition, Mrs. Harold Kester, of East Norwich, complained that the town tax rate was already too high, and that the Town was proposing to introduce new costs to an already overburdened tax power. "This sinecure of bureaucracy, we can well do without," Mrs. Kester said.

Arthur Gray, a field representative for the Civil Service Commission, spoke in favor of the adoption of a Tobay commission. He said that the Nassau County Civil Service office is not equipped to handle the tremendous influx of people taking exams.

George Morrison, of E. Norwich spoke against the proposal, and recommended that the present facilities of the Civil Service Commission be expanded to meet the needs of the County, opposing "decentralization."

At the close of the hearing, the Board reserved decision.

### Story Hour

In the children's room of the Hicksville Public Library 169 Jerusalem Avenue Story hour for 5½ to 8 year olds on Tuesday at 4 p.m. Preschool story hour for 3½ to 5 year olds on Wednesday at 10:30 a.m.

Movies are shown every 2nd and 4th Saturday at 3 p.m.

### Folk - Rock Concert

A Folk-Rock Concert will be held at the Lutheran High School with the Ted Wuerffel - The Long Island Sound Folk Band, (from Plainview) on March 19 at 8:00 P.M.

Admission will be \$1 for adults and children for \$.50.

## BOCES Officials Warn Of 'Educational Disaster'

Two officials of the Nassau Board of Cooperative Educational Services (BOCES) warned today that "an educational disaster of major proportions" could result if a budget bill now pending in the legislature is adopted.

In a memorandum to Nassau school men and school board members, Dr. William T. Callahan, BOCES superintendent, and Charles W. Colangelo, BOCES board president, warned that the pending budget bill would impose a new and intolerable financial burden on local taxpayers.

They urged Nassau school officials to organize local letter-writing campaigns to defeat the bill.

The bill, S2914-A3464, would change the formula by which the county's school districts are reimbursed for enrolling their students in BOCES special and occupational education programs and for sharing in other educational services provided by BOCES.

Under present state law, local school districts buy services from BOCES and pay tuition to send their pupils to BOCES schools. Later they are reimbursed for a large part of the cost. State

reimbursements to Nassau school districts under the BOCES incentive aid formula are now at a level exceeding \$11 million a year.

The pending budget bill, if adopted, would reduce state aid to Nassau school districts by at least \$550,000 a year, the BOCES officials estimated.

"Obviously that loss could only be made up through increased local taxation," they said. "Just as obviously, most local tax structures could not support the additional burden. The result of this bill's passage, therefore, could be an educational disaster of major proportions."

The BOCES officials said the possibility of the bill's passing is "alarming," since budget bills traditionally are enacted with little legislative opposition.

The BOCES officials further warned that the bill's full implications will not be apparent to many legislators. Since the bill alters the BOCES incentive state aid formula, they pointed out, it appears to affect only the state's boards of cooperative educational services.

But in fact, they added, "all state aid received by the BOCES is passed on, intact, to the local school districts--and thus the loss is theirs, not BOCES'."

PBC AWARDS: Oyster Bay Town Councilman Warren M. Doolittle, right, presents award to Cadet Thomas Wright, age 18, of 22 Hollens Road, Hicksville, as

Lt. Richard Datkin, left, membership officer and William Heinz, Commander, look on. The occasion was a special review

and presentation held by the Hicksville Police Boys' Club Nautical Cadet Unit at Hicksville Jr. High School recently.

## School Art At Library

The Plainview Old Bethpage Public Library is again being graced with the beautiful art of the public school children of the community. From March 12 to March 26 splashing colors and delicate line drawings, striking photos and floating paper mache birds will add color and gaiety to the busy library.

This art show reflects credit on both the talented children and on the public school's excellent art program which is directed by Mr. Charles Burge. The library invites the proud parents and all residents of the community to view this display.

## DEAR FRIENDS:

ONCE AGAIN the Hicksville Rotary Club has appointed Eddie Teverini (owner of the popular Cosmopolitan Beauty Salon on West Marie Street) as its voting delegate at the Rotary International Convention which will be held this May in Sydney, Australia. This is the twelfth year that Mr. Teverini has so represented this Club.

STARTING THIS WEEK, and continuing every week, as we receive their editorials, we have invited the ministers, priests and rabbis of our communities, to be "Guest Editor" of our Church page. Rev. Roland Perez of St. Stephens has been kind enough to help us set this up and is our lead-off "Guest Editor", with Rev. Frederick Harter of St. Ignatius scheduled in two weeks time. We hope you'll enjoy the points of view of these fine men on many different subjects.

ZONING PROCEDURES and how they affect our local residents and taxpayers, begins this week, with an article which covers the elementary part of these zoning procedures. We have more on this subject which is presently being researched, and is scheduled for next week. This is not an easy subject, but it certainly affects every homeowner and resident tremendously. If you have any specific questions or opinions as we progress with this short series on ZONING, let us know and we'll do our best to answer them.

SPEAKING OF ZONING, the entire meeting of the Hicksville Community Council which is scheduled for Thursday April 1st, starting at 8:15 at the Hicksville Library, will be devoted to local zoning, local planning, and exactly how Hicksville homeowners, residents and taxpayers, may most effectively make their wishes known to their elected representatives. We cordially invite you to attend, even if you have not joined the HICKSVILLE COMMUNITY COUNCIL. If you are interested or would like to express your opinions on this subject which is so very important to every Hicksvillian right now, please join us. Mr. Joseph Catalano, well known Hicksville attorney and Mr. Emil Immsberger, president of SPOT (the Society To Preserve Our Town) have been appointed as the HCC's committee, liaison to the Town Board. They will conduct this meeting, at which time we will have maps and much pertinent data, for your consideration. Hope to see you on the first.

UNTIL THEN, stay well,

SHEILA NOETH

## LIBRARY NOTES

The Hicksville Public Library has added to its reference collection the third edition of CARMICHAEL'S MANUAL OF CHILD PSYCHOLOGY, by Mussen, (Wiley 1970, 2 v. 239 pages). The general purpose of this edition is to provide a comprehensive and accurate picture of the current state of knowledge in the psychology of human development. Whole areas of research and theory such as behavior genetics, ethology, and large segments of

developmental physiology, hardly existed 20 years ago, but by 1970, they have achieved scientific maturity and contribute substantially to the field of developmental psychology. Recent social events have also generated more active concern with the potential practical contributions of the systematic study of developmental psychology.

Responding to critical social needs, many developmental and educational psychologists have

Gentlemen:

We, a sixth grade class, are writing this letter to let you know of our concern for our environment.

Our class has started a campaign to collect bottles and cans. We are going to bring them to the Coca-Cola recycling plant on March 20th. We hope to be the first group to bring bottles and cans to the plant. We just started collecting today and we have acquired over 105 items. We will collect twice a day until March 20th. The money we raise will be going towards our school funds.

On March 20th, children from the Burns Avenue School in Hicksville will bring the bottles and cans to the re-cycling plant. We expect many children to come and see us deposit our bottles.

Since we hope to be the first group at the re-cycling plant we think it would be nice if you could be there also with your cameras.

In collecting the items we feel we are helping our environment greatly. We hope you will keep this in mind so that you will see that children can help clean up also.

Sincerely yours,  
Mrs. Silverman's Sixth Grade Class

Dear Editor,

I am shocked by the statement of Commissioner Miller of the State's Mental Hygiene Department that people in his institutions will die if the economies called for by the Ways

and Means Committee are carried out. He has created a cruel and unnecessary concern among the mentally ill and their families.

The Ways and Means proposals would provide 64,910 state employees to care for 86,975 patients or an over-all ratio of three staff members for each four patients.

With the economies recommended, New York State would still be at the forefront in expenditures per mental patient.

These scare tactics in such a sensitive area of human concern create serious question as to Dr. Miller's capacity to head this vital program.

Statement by  
Willis H. Stephens,  
Chairman of Assembly Ways  
and Means Committee

## NEWS from Your Congressman JAMES R. GROVER, JR.

2nd CONGRESSIONAL Dist.

As we've pointed out in the past, certain words or phrases have an emotional impact quite aside from their content. The great majority of the American people have indicated again and again in polls that they are for "Law and Order."

To some, Law and Order stands for bigotry or has a racial connotation. And yet, Law and Order is a natural objective of the great majority of people in a civilized society. The pursuit of happiness, as guaranteed to all Americans is impossible in a society which does not offer its citizens a climate of rule by law and an assurance that order is being maintained by the authorities. Society, to function properly, must provide all of us with security.

While we move forward in making our communities and

streets safe, there is another aspect of Law and Order which deserves scrutiny. As important as the deterrence of crime is the rehabilitation of those who have committed crimes. On these efforts, we have totally failed.

Recent federal statistics show that more than 80 per cent of those arrested and charged with a crime have previous convictions on their records. Of these, 35 per cent show two or more convictions, 46 per cent show one or more convictions. In felony arrests - for serious crimes, 75 per cent of those arrested have records of previous convictions.

Quite obviously, our prisons are punishing those convicted of crimes by denying them their freedom but our penal institutions are not serving a rehabilitative purpose. Are we

not feeding the fires of future crime if we jail impressionable young people only to bring them under the influence of hardened criminals?

We have many dedicated corrections officers and officials who are working under the tremendous handicaps of primitive facilities and policies. Basic compassion and hard common sense demand that we rework our thinking and upgrade our prison facilities so that we break the cycle which has made our penitentiaries an assembly line for criminals. The preservation of law and order puts an increasingly heavy and difficult burden on our police officers; we can help them and ourselves by bringing many who have erred back to the social mainstream of good citizenship.

## Zoning Information Easily Accessible To Residents

"What can we do about zoning changes in our neighborhood?" has been the cry of many a Town of Oyster Bay resident, non-plussed by the changes in his Town, particularly in the case of long-time residents who have seen their communities go from farmland and woods to industrial parks, strings of hamburger stands, and large office building complexes.

There is much that local residents can do and are invited to do within the framework of the workings of Town Government. Residents should first educate themselves to zoning regulations and the workings of the two boards - the Town Board and the Board of Zoning Appeals - who make the decisions which affect the change or modification of zone on property. Residents should also feel free to telephone the Town of Oyster Bay building department to learn what uses are permitted in different zones.

Any resident is welcome to visit the office of the Town Clerk or the Zoning Board to study the complete file on any matter forthcoming before the Town Board or the Zoning Board.

Basically, as most residents know, the town is divided into

areas of property with zoning designations. In the midst of communities, near railroad stations or along major arteries, property is generally zoned for business, of which the two designations are Business "P", neighborhood business with specific types of stores and enterprises allowed and a building height of 30 feet, and Business "G", which permits a office building up to 50 feet and other business, including a gas station, the latter also requiring a special permit use.

In residential zoning, classifications from E to A enlarge the size of the parcel on which one building may be built from 7,000 square feet to two acres.

Other zoning classifications are E-1 for Apartment houses, S-1 for senior citizen housing, Industrial H for light industry.

The Two Boards  
A second step by residents would be to recognize the difference in function of the two Boards which effect zoning. The Town Board makes decisions on local laws, use of funds, parking ordinances, administrative matters within the Town offices, changes in zone, and special

permit uses to conduct specific businesses within designated zones. A dentist who would like to operate in a residential zone and live elsewhere must apply to the Town Board for permission. A developer who wishes to erect a major office building within a neighborhood business zone must apply to the Town Board for a change in zone. The Town Board holds its public meetings every Tuesday at 10 A.M. at Town Hall, Oyster Bay. All residents are welcome to attend and to speak before the Board about matters which arise on the agenda, or after the stated agenda for the day is complete, about other matters which concern him.

Elected for a four-year term, Town councilmen are generally selected to run from different areas of the Town, but once elected represent the Town as a whole.

The Board of Zoning Appeals is an administrative body, its members appointed for five-year terms by the Town Board. The Zoning Board makes decisions on variances in the case of construction which brings side or rear yards below the regulated

## Social Security News

Ques: I understand that disability benefits cannot be paid to anyone 65 or over. What happens when a person who is getting social security disability payments reaches 65? Does he have to apply for retirement benefits?

Ans: No, he doesn't. Actually, this is simply a bookkeeping procedure that takes place

automatically. Benefits are continued, but the payment is made from the social security retirement trust fund instead of the disability trust fund. For any further information contact your Social Security Office at 1505 Kellum Place, Mineola, N.Y. P1 7-5470. Office hours are 9:00 a.m. to 5:00 p.m. Monday through Friday.

## Women's Aux Art Auction

On Sunday, March 21, at 2:00 P.M. the Women's Auxiliary of Long Island Lutheran High School will present an "ART AUCTION" in the gymnasium of the school at 131 Brookville Road in Brookville. Over 125 pieces of selected art and sculpture will be offered at Auction by the Todd Galleries. Donation is \$1 and all proceeds will go toward the landscaping of the school grounds. Mrs. Martin Eberhardt of Hicksville is Chairman of the event.

This past week was a busy one for Hicksville Vamps. A two alarm blaze in a factory and two smokey fires in houses, Eight calls for assistance were received on Friday, March 12, an amount above average for one day.

A General Alarm fire destroyed the roof of the Lad Electronics Building at 7 Commercial St. off New South Road. Two alarms were transmitted and mutual aid from the Jericho Fire Dept. was requested. The smokey blaze forced firefighters to do most of their work in smoke masks. The building sustained considerable damage. Several firemen were treated at the scene for smoke inhalation. Asst. Chief Misturini stated that the probable cause was electrical. The County Fire Marshals office was called in for a routine investigation. The fire occurred on Wednesday, March 10th at 1:11 PM.

A couple of smokey mattress fires kept firemen busy also. They occurred on Wednesday March 10th at 57 Alpine La at 7:09 PM and on Friday March 12 at 49 Grape Lane at 2:07 PM. Damage to the homes were slight. There were no injuries reported. Five Rescue calls kept the Rescue Squad busy also, during the past week.

ST. MATTHEW, 7:1 thru 5  
JUDGE not, that ye be not  
judged. For with what judgment  
ye judge, ye shall be judged: and  
with that measure ye mete, it  
shall be measured to you again.  
AND why beholdest thou the  
mote that is in thy brother's eye,  
but considerest not the beam that  
is in thine own eye?  
OR how wilt thou say to thy  
brother, Let me pull out the mote  
out of thine eye; and, behold, a  
beam is in thine own eye?  
THOU hypocrite, first cast out  
the beam out of thine own eye;  
and then shalt thou see clearly to  
cast out the mote out of thy  
brother's eye.

## Volunteers Needed

Volunteers and retired persons with a specialized background and training in financial reporting, accounting and bookkeeping are urgently needed by the American Cancer Society, Nassau Division, it was announced today by Mrs. Harry Weintraub of Rockville Centre, Chairman of Volunteer Activities.

Mrs. Weintraub said, "We are preparing for our biggest year in the fight to conquer cancer and in order to further our many programs, we will need many volunteers. At the moment volunteers can be helpful in our record department tabulating current financial results. There is much typing and clerical work to

be done in connection with our Cancer Prevention Program now in progress and planning for an expanded educational program in elementary, junior and senior high schools on the subject of smoking. Then too, we can use volunteers to do clerical work in connection with our forthcoming annual crusade which gets underway in April."

Volunteers may help the Cancer Society by giving several hours a week at their own convenience, Mrs. Weintraub stated. They should contact the American Cancer Society, Nassau Division at 1551 Kellum Place, Mineola or telephone Pioneer 6-7530 to make an appointment for an interview.

# Guest Editorial

## J'Accuse !

Perhaps this is a rather discordant note to begin a guest editorial with, but somehow, any sense of false bravado becomes distasteful as one views the disintegration of our Hicksville community as a result of what is euphemistically called "The Master Plan."

Hence the editorial and the title. J'Accuse came from the pen of a literary genius of another century, Emil Zola. He wrote an article accusing the General Staff of the French Army and the political power of the day of playing havoc with the life of one man - Captain Dreyfus. Accused and convicted of treason, Dreyfus was condemned to Devil's Island. The real facts of the case were never permitted to come to light. In truth, a scandal was neatly and disgracefully covered over. Zola, insensed with this monstrous injustice, raised an outcry with this article entitled, "I Accuse!"

The facts today vary, yes! But still there is in the minds and hearts of many of Hicksville's citizenry much of the same sense of indignation so apparent in Zola's time. There can be little doubt that there has been an insensitive, mindless and totally disgraceful posture adopted by the formulators of this Master Plan. Also, here as in the Dreyfus case, human lives are at stake. We are watching as the investment of years of personal toil are being thoughtlessly disregarded. And what of the God given value of human dignity? Have we as a people become so

jaded with the paralyzing comfort of big brotherism that we have lost will to cry out? I cannot and will not believe this!

The questions which rise here are those which we all must feel. Why, for example, cannot the citizens of Hicksville find any information about this community's future? Why and how did the Metropolitan Transit Authority receive such tremendous powers to determine the future of this community? Why is it that our Town Fathers have not for more than three years made one meaningful statement of facts concerning the future of our community? Why is it that there seems to be an unending flow of reports saying "progress is being made" and no one beyond a selected few know what progress is being made in what area? Finally, why is it that Hicksville is slowly becoming a community of Gas Stations and Banks while the streets of Hicksville are a public disgrace?

We read in Scripture:

"For everything there is a season, and a time for every

matter under heaven."

Ecclesiastes 3:1  
I feel that time, that time of raising our voices in righteous indignation and protest has arrived. Accordingly,

I accuse the Town of Oyster Bay of failing miserably in any way meaningfully involve its constituents in the planning of their future.

I accuse the County of Nassau of woefully failing to inform the citizens of Hicksville of its role and responsibility in the development of the "Master Plan."

I accuse the Metropolitan Transit Authority of failing to inform anyone of anything!

The Religious community of Hicksville represents in its makeup probably the truest cross section of our population. While I cannot speak for them in total, there is no doubt that every religious leader is vitally concerned what happens in this community. What happens to Hicksville, happens to people who have been entrusted into our spiritual care.

It is in this spirit that I ask for a new attitude from all the governmental structures involved in this "Master Plan."

In truth, the season of waiting is long over. Fact filled, authoritative answers to the basic questions are long overdue. In a time when we are witnessing across our country a movement towards home determination, can our representatives be so blind as to continue along this path non-involvement?

Yes, the time for answers is here. Will no one step forward?

## Gutter Ball Gossip

By Herb Mahler

My books were under the seat, instead of going to school I hopped the train and went to 43rd & Broadway. It was Monday and my favorite show was about to start. The stage was rising and whose music did I hear? Benny Goodman, Artie Shaw, Tommy or Jimmy Dorsey? NO, just the sounds of the pins of the B.C.A., the program is starting, here comes the first act.

In a beautiful version of "ALL THE WAY," the Hoffmans battered the Brody's 8-3 to increase their lead to three points. The highlight of the number was a solo by Elliot Spencer, a harmonious 225-216 for a 621 series. Milt's 200 was just right for the harmony.

A new juggling act came on and although a few pins were dropped here and there, I must rate the act 4 stars as the Simes violated the Vladems 11-0 to climb into second place. With Florida-tanned Capt. Irsback, Jerry Leight lit up with a 210. Capt. Lou's 203 was just not enough for the losers.

In a Capt's meeting before the program, Bernie Haut the new man who replaced Sid Lowenthal on the Sussmans, was declared ineligible because he doesn't reside in the B.C.A. community. Because of this, Murry played "Who can I turn to" as they lost to the Sexy Sachs 7-4, dropping to third place. Mike Hauptman beat the drums for a 223 but it all came out as a discord.

Dropping two spots to fifth place, the Langs floundered to the Flanders 8-3. Sid with a 201 to save the second, couldn't out-talk Dave Kaye, but then who can? Leo Geyer with a beautiful concerto of wood played to 11-0.

win over the Shapiros with a classical double a 212 and 210. Red Karbel was great on the bass with a 232; for Hy's boys, Artie Meadow, known as "Alices Art," chipped in with a 206.

Next on the bill was a cleaning act as the Golden Goldenbergs wiped the floor with Mr. Goodness Lewis Marks 11-0. Help for Hal was from B. Gurman with a 210. With his new slim figure, Tennis Pro Milt Goldberg rolled a 210 for the losers.

Now only 28 points from the top, the Simons with a new composition called "Watch the Smoke" singed the Holtzmans 7-4. Sid Simon conducted for a 206 which was music to the ears of Lester Goldstein who is singing praises about his team.

In the absence of Capt. Fred, Sy Shostack with a 215 in the last, led the Merry Men of Birchwood Forest, the Rothmans, to a 8-3 win over Sheriff Julie Gershen. Just shows you how a little advice goes a long way. The Robby Goldsteins after a week of psychiatric treatment got off of the couch and wrecked the Warrens 11-0. That's what happens when I open my big mouth too soon.

It's dark outside now and I've already sat through three shows. When I grow up and get married, I hope my kids don't do the crazy things I get away with now.

I just have a nickel left for the Subway. If I lose it, it's a long walk back to the Bronx. This was fun, maybe I'll do it again next week.

Let's have a big response on the Nevele applications. Let's not hear about your grandmother's 150th birthday party in Tibet. See you at the Nevele!

## Letter To The Editor

37 Mellow Lane  
 Jericho, N.Y. 11753  
 March 1, 1971

Dear Art,

I should like to take this opportunity to declare my candidacy for a seat on the Jericho School Board in the May, 1971 election.

My interest and participation in the field of education in Jericho has been continuous since I moved into the District in 1962.

My involvement in the School District includes active membership on the School Budget Panel for the past 4 years, and membership on the Education Committee of the Birchwood Park at Jericho Civic Association for the past 8 years. During the last 5 years I have been in constant attendance at School Board meetings. I have been active in the Jericho Youth Council, and a member of its nominating committee. For two years I was an organizer for the Girl Scouts in Jericho. I have been on the Board of Directors of the East Birchwood Civic Association for 5 years.

For the past 3 years I have been chairman of the Library Committee of the Birchwood Park at Jericho Civic Association and have been on the Board of the Friends of the Jericho Library for 2 years.

My activities as a member of Temple Or Elohim include having served as President of the

Sisterhood for 2 years, and Financial Secretary of the Temple for a year.

I earned my Bachelor of Business Administration degree at the City College of New York, having majored in statistics. I was employed professionally as a statistician for 4 years. At the present time, two of my children attend the Jericho schools.

In addition to my interest, experience and dedication, I believe that I can bring to the School Board a woman's point of view which has long been lacking in Jericho. The community needs a new voice on the School Board. I would like to be your voice.

Very truly yours,  
 Bernice Baiman

To date, "Student Standpoint" has been printed in this paper four times, each time written by Danny Abuhoff, Editor of Jer-Echo. As explained previously, the purpose of this column is to get the viewpoint of the pupils of both Jericho and Syosset High Schools. The Villager has, in the past, urged any such student to prepare an article for "Student Standpoint," but no other writer has come forth. Therefore, the invitation is again extended to our area youths.

## Jericho Little League Opens Slate April 24

The Jericho Little League will open its 1971 baseball season on Saturday, April 24th, according to President Gene Singer. The league, operating under the auspices of the Jericho Athletic Association, will consist of majors, minors and farms.

The majors, made up of 8 teams, will have each team playing a 14-game schedule (each team will play the other seven teams two times) and will be under the guidance of Phil Wasserman, Major League Director.

The minors will have three divisions of 4 teams each and will play an interlocking schedule; each team will play teams in its own division two times, engaging the teams in the other two divisions one time each. This adds up to a 14-game slate for every minor league team, with a director heading each division - Bob Bruner, Saul Friedlander and Herb Nussbaum.

Leo Geyer, Farm Director, will have charge of 8 teams, with each team playing the other seven once in a 7-game schedule.

President Singer also revealed that the majors will play some of its games under the lights at

Cantiague Park on Monday nights later in the season (presumably, starting the middle of May). Except for those games, the majors and the minors will play each Saturday and Sunday at Cantiague, local school fields and Merry Lane Field. The farms play on Saturday only.

Over 400 boys registered for league play this season and Mr. Singer wants it to be known that applications for the Pony League only are still being accepted. Applicants are urged to contact him at WE 5-2438 if they are in the 13-14 year old class and will not reach their 15th birthday until after August 31st. Approximately 25 boys have registered for the Pony League to date but 50 boys are needed to staff enough teams to play an adequate schedule.

A list of sponsors will be forthcoming shortly and details of opening day ceremonies will be revealed within the next two weeks.

Murray Rosenthal is Vice President of the league, other officials are Ken Oringer, Treasurer; Bruce Steinhardt, Secretary; Art Friedman, Equipment Director; and Hal Marlowe, Player Agent.

## Must File For Busing To Non-Public Schools

Parents in the Jericho school districts desiring bus transportation for students attending non-public schools are required by law to file a written application for such service prior to April 1 preceding the school year for which transportation is requested. Applications should be addressed to Mr. George Lesko, Supervisor, Transportation Department, Jericho Public Schools, Jericho, N.Y. 11753.

## The Firebell Sounds But We Don't Answer Yet!

By Mark Saunders

This is the beginning of a series of articles written by the Jericho Auxiliary Fire Dept. The J.F.D. Aux. consists of a group of boys between the ages of fourteen and eighteen, who, under the supervision of the Jericho Volunteer Fire Dept., will be trained in the skills of firemanics.

The auxiliary falls under the jurisdiction of an executive board, which consists of two adult sponsors, the department chief, and the officers of the Auxiliary.

The present officers are: Captain Gerald LaRusso, First Lt. Brian Peralta, Second Lt. Robert Einzig, and Treasurer Mike Lewis.

This fire department, whether it be Auxiliary boys or senior firemen, has a definite responsibility to the people of the community insofar as the prevention of fire and the protection of life and property are concerned. For the Depart-

ment to properly shoulder this responsibility and render efficient service to the public, not only must the calibre and ability of its officers measure up to high standards but every member must be qualified both mentally and physically to carry out the skilled and, at times tedious duties of a fireman. It is the aim of the Jericho Auxiliary Fire Dept. to implant these responsibilities in each and every member. To reach this goal formal instruction (class sessions) conducted by members of the Jericho Volunteer Fire Dept., must be attended by each member of the auxiliary.

The next meeting of the auxiliary will be held on March 24, 8:00 P.M. at the Jericho Fire House on Broadway in Jericho. All interested parties are welcome to attend. Any questions pertaining to the Jericho Fire Dept. Auxiliary should be mailed to Capt. G. LaRusso, Aux., 15 Oakwood Street, Jericho, N.Y. 11753.

(Editor's Note: Mark Saunders is Chairman of Public Relations for the J.F.D. Aux.)

## Tomorrow's Housekeeping

By Samantha of Lestoil Housekeepers Service

Sometimes I think cleaning up after the kids is the most time-consuming job of all. Even if you're lucky enough to have a full-time housekeeper, it doesn't take long to realize that she could spend almost all her time on kiddie stuff—just as you could! Even the toys and the furniture in their rooms need periodic scrub-downs, especially if you live in or near a city.

As with any other cleaning problem, organization counts. So does using a cleaning agent that's powerful enough to get at the grime but gentle enough to leave clothing fibers and painted surfaces intact. Lestoil, with its secret grease-dissolving ingredient, is the strong, safe cleaner that can take on the whole kiddie problem, from dungerees to stubborn, sticky marks and dirt on the wall.

\*\*\*\*  
If you have boys, or young children, or you live in a city, you can plan on monthly room-scrubbing sessions. With half a cupful of Lestoil in half a bucket of warm water, sponge off the woodwork, beds and chests, window sills. If furniture is plastic or formica-coated, follow with a clear water rinsing.

\*\*\*\*  
The same solution works wonders on dirty toys—dolls and dollhouses, trucks, painted wooden blocks, etc. And as with anything the children might put in their mouths, rinse with clear water before drying. (Older kids can do this chore themselves and usually they enjoy it.)

\*\*\*\*  
For crayon marks and stubborn greasy stains on the walls or woodwork use Lestoil full strength on a dampened sponge. Then rinse with clear water.

\*\*\*\*  
Kids are much better at picking up their clothes when they have laundry bags or baskets right in their rooms. Large, lidded baskets are nice. Drawstring canvas bags that can be slung over a bedpost work just as well, and are cheaper. You can get them in an Army-Navy store.

\*\*\*\*  
Greasy or gummy stuff, (like modeling clay, chewing gum,

peanut butter, marshmallow, etc.) comes off everything—bedding, carpets, furniture, clothes (the kids' hair too!) when you use the same dependable cleaner full strength, then rinse.

\*\*\*\*  
Zippered, washable blanket covers are worth the investment you've made in expensive blankets or quilts for the kids. The blanket covers can be laundered weekly, if necessary. Be sure to get the kind that come out of the dryer wrinkle-free.

\*\*\*\*  
Often, children's clothes need special laundering attention and there's just no way around it. Things like grass stains, most paint stains, grease and food stains, and plain old mud need pre-soaking. Following is a foolproof washing machine formula for getting this stuff out—and without adding to the water pollution, because Lestoil's phosphate content is only 15%.

\*\*\*\*  
Pre-Soak  
Water Temperature: Hot or cold.  
Stain Cleaner: Lestoil poured directly on stains.

\*\*\*\*  
Process: Agitate in mix, add clothes, and allow to soak 1 hour, then drain.

\*\*\*\*  
Wash  
Water Temperature: Hot or cold.

\*\*\*\*  
Soap Powder: According to washing machine instructions. (Booster: 1/2 cup Lestoil.)

\*\*\*\*  
(If your washer doesn't have a pre-soak cycle, soak the clothes in a basin or tub of water with Lestoil added, then drain well and put into washer for regular cycle.)

## Pants Plus Dress Is Big Spring Put-On

Get ready to show your true Yankee Doodle colors this Spring with red white and blue rating three rousing cheers as fashion's boldest new mixture for 1969.

McCall's Pattern Fashions magazine for spring salutes the great new tricolor combination with the stand-out cover ensemble pictured above. The jauntily wrapped coat in red white and blue block plaid is tie-belted over a figure-flattering navy dress to complete the dashing effect of this duo which can also go its separate ways. (Coat and Dress Pattern #9629)

Pantsdressing is a new word to describe another new combination—fashion's latest favorite—pants plus a dress. According to McCall's Pattern Fashions editor Phyllis Roderick.

"A whole new free and contemporary attitude toward the clothes you put on your back—and when and how you wear them—is evidenced by the current rage for pants." Mrs. Roderick reports. "What goes on with pants, now is a dress—cropped to tunic length perhaps, but definitely a dress."

There'll be ruffled mini-dresses worn above straight-legged pants, cropped coat-dresses above wide wide-legged jumpuits, bell-bottoms—and stovepipe pants—stirring topped by shirt dresses or tunics for wear both at home and abroad, by day and, very definitely, after-dark.

The magazine's current issue is crammed with colorful de-

signer's finds to help you welcome the new year in flattering style. You'll find fashions whether you're 17 or 70, beginner or skilled needlewoman. Outstanding features include: Embroideries, the Decorative Idea, See Through Sheers, "Seven-ton's" Swathrobes, "Two pages of fashionable 'Quickie' patterns, A Woman's Coordinated Wardrobe and Indian Curves—offering a richly exotic collection of evening and at-home patterns that are surprisingly easy to stitch on your own.

McCall's Pattern Fashions magazine for spring is available now at your local newsstand and wherever McCall's patterns are sold in your neighborhood.

## Franchise Fraud On the Upswing

Government agencies like the Post Office and the Federal Trade Commission as well as Better Business Bureaus across the nation are on the receiving end of mounting complaints about franchise gyps.

Gripes are from people who put up money to "own their own business" but claim they were taken. Among the complaints: overpriced goods from franchisers, sub-quality merchandise, "exclusive" territories that were sold twice, inflated estimates of income potential, etc.

Says Samuel Small, president of Pilot Books, which published the first guidebook on franchising in 1959 when the boom was just a whisper, "the people with just enough money to make that one-time business investment are being hurt—sometimes permanently, with no second chance."

Small's advice: "Forewarned is forearmed. Prospective franchisees should investigate all ads and claims carefully, keep a lawyer on tap, read widely on all phases of franchising and small business management."

For a free digest of low-cost guidebooks on franchising and small business, write Suite 701, 347 Fifth Avenue, New York 10016.

## FULL MEAL SHORT RIB SOUP

A boon for busy cooks, this hearty meat and vegetable soup simmers on the stove, only needing an occasional stir. Then parsley flecked dumplings, made with CREAM OF WHEAT, are cooked in the flavorful broth. It should be served in warm bowls large enough for maneuvering with a knife, fork and big soup spoon. Accompany with crisp crackers and crusty bread sticks.

- 2 quarts water
- 4 teaspoons salt
- 1/2 teaspoon ground black pepper
- 2 bay leaves
- 2 pounds short ribs
- 3 medium carrots, cut into 1 1/2-inch pieces
- 2 medium parsnips, cut into 1 1/2-inch pieces
- 3 medium onions, quartered
- 1 small cabbage, cut into sixths
- 1 1/4 cups milk
- 1 cup water
- 1 teaspoon salt
- 3/4 cup Quick CREAM OF WHEAT Cereal
- 1/4 cup snipped parsley
- 2 eggs, beaten
- Dash nutmeg

Bring first five ingredients to a boil; simmer, covered, 1 1/2 hours. Add next four ingredients; simmer, covered, 1/2 hour, or until meat and vegetables are tender. Cut meat into bite-size pieces; place with vegeta-

And you don't have to worry about these fried shrimp being done because the minute they are brown and crisp, that's it. You can fry them in just enough hot fat to cover well and save yourself the trouble of heating great "deep" quantities.

Use an extra heavy batter, a favorite mix or your own. A fritter-type batter is excellent, substituting lemon juice for the usual sugar. It is a good idea to have the shrimp thoroughly chilled in the can before you start. Pre-chilling firms and protects the texture and always puts them in top shrimp shape for serving hot or cold.

QUICK BREADED SHRIMP  
2 cans (4 1/4 ounces each) shrimp, chilled in the can  
2 eggs  
1/4 cup milk  
1 tablespoon lemon juice  
1 tablespoon melted butter or margarine  
1 cup sifted flour  
1/4 teaspoon salt  
1 teaspoon baking powder  
Bread crumbs, plain or seasoned  
Rinse shrimp in cool water; blot dry. Combine eggs, milk, juice, and melted butter. Add sifted dry ingredients and beat into a smooth, thick batter. Dip shrimp in batter; drain well and dredge in crumbs. Drop into hot fat (375 degrees) and fry one minute or until crisp and golden brown. Serve while hot. Makes 5 servings.

bles in large soup tureen. In saucepan bring milk, water and salt to boil; slowly sprinkle in cereal and cook according to package directions. Remove from heat. Stir in remaining ingredients and beat until smooth. Drop cereal mixture by tablespoonfuls into hot broth. Simmer about 10 minutes, or until done. Spoon dumplings over meat and vegetables; pour on broth. Makes 6 servings, 2 cups soup and 3 to 4 dumplings each.

# ON THE CAMPUS

Deborah A. Kinkella, daughter of Mr. and Mrs. A. Kinkella, 85 Vassar Lane, HICKSVILLE, has attained a "B" average for students during the recently-completed semester at State University College, New Paltz, and has been named to the Dean's List, an honor reserved for those who have earned a "B" average or higher for all studies completed at the College.

Paul L. Backman, son of Mr. and Mrs. Herbert Backman of 8 Brooks Street, HICKSVILLE, has been nominated by a committee of students, faculty and administrators of Southampton College for inclusion in "Who's Who Among Students in American Universities and Colleges," an annual directory of distinguished students. He was chosen for this honor by virtue of his academic standing, service to the community, leadership in extracurricular activities, and future potential.

Among the Nassau County schools scheduled to field six-man teams for the spring meet are the Jericho Senior High School and the Holy Trinity High, Hicksville.

George Francis LaFlare, son of Mr. and Mrs. James LaFlare, 32 MacArthur Ave., PLAINVIEW, has been admitted to Southwestern College for the fall term.

He is interested in football and track, and plans to major in sociology.

Chartered in 1885 by the Methodists of Kansas, Southwestern is a fully accredited four-year liberal arts institution. The coeducational college has an enrollment of 675 students.

Ten area residents were among students named to the most recent Dean's List of The Berkeley School, Hicksville.

Area residents are the Misses Diane Leszynski of 76 Corland Ave., Barbara Seelz of 23 Berry Lane, Laurel Benzaquen of 27 Berry Lane, Theresa Gullo of 4 North Elm St., Laura Menig of 161 Lee Ave., Donna Bruno of 53 Hunter Lane, Kathleen Farnan of 16 East St., all Hicksville; Carol Stuhmer of 3 Charlotte Place, Plainview; Barbara Neill of 12 Helen Court, Bethpage, and Narue Doogan of 3 Middle Lane, Jericho.

There's a Cardboard Neighborhood in Hicksville! Building code examiners need not be alarmed. Mrs. Daniel Ohlas' second grade class at the Fork Lane Elementary School was studying suburban neighborhoods, and as a culminating activity, each child created a replica of his own house and presto... their very own suburb. This was a real fun project for the youngsters, their parents and their teacher.

## Ramblin' Rose

By Rosemary Walsh

Well, that busy exciting week end is over - The New York University Ballet came and performed beautifully to an interested audience. The Symphony concert on Sunday was magnificent and plaudits must go to the conductor, Mr. Horvath and the soloist, Mr. Goleke.

The Girls Tournament was well attended. Dutch Lane won the general activities section and East Street (once again) took the cheerleaders contest.

Mr. Bill Gaberow came to visit and talk about the Second Annual Flag Day Event. He is a very enthusiastic individual and it was my pleasure to assist him in his plans, particularly helping arrange for some fine local people to serve as judges. The event is scheduled for June 13th.

Much remains undone and confirmations from several quarters need to be made but it looks like Hicksville will be the scene of a poetry presentation - current popular poets may gather here - watch for developments.

St. Patrick's Day usually marks the end of winter as Little League augurs the arrival of warmer and sunnier days. Look for the wee lads in baseball garb (they are not leprechauns - maybe they are) to appear on the local green-sward. Under the watchful eye of volunteers they will perform their annual Spring rites. I'll

ramble off visiting with as many of the wee people as possible - Loves ya!

Question: Do you recall what your first job was, the year and the salary?

JOHN A. DIERS, 97 Cedar, Hicksville: "The first year that I worked was around 1921. I was on the farm over in Germany and I had to pay them to work!"

MRS. JOHN S. DIESSO, 15 Kingston, Hicksville: "I worked in New York on ladies' garments. I was only making about \$20 a week. That was about 1937 or 1938."

ERNEST J. DIETERICH, 45 McAlester, Hicksville: "My first job? You're going back a few years. I worked after school for Boback at \$9 a week. That was in 1929."

MRS. RICHARD K. CHRISTENSEN, 194 Spindle Road, Hicksville: "Egad! When I was in school I had a part time job working in Kresge's in Mid-Island Shopping Center when it first opened. Gee! I don't think I was even making a dollar an hour. I think it was 85 cents."

MRS. BERNARD CHRISTIAN, 26 Bamboo Lane, Hicksville: "Yes I do. It is funny. I worked for a blouse firm in New York for \$10 a week, six days a week. That was about 1936 or 1937."

HENRY BERNSEN, 22 Surrey Lane, Plainview: "Wow! I think it was a butcher shop I worked in about 1943. I earned around \$33 a week."

MRS. ABRAHAM BERNSTEIN, 153 Orchard, Plainview: "It was about 1938, a clerical job. I earned \$16 a week. I thought it was good at the time. As a matter of fact, it was exceptionally good."

JOSEPH E. ANDERER, 127 Sutton Drive, Plainview: "My

first job was as an electrician in 1946. I don't recall what I earned."

JULIO MASZE, 1225 Round Swamp Road, Old Bethpage: "I cut paper in a can factory. It was about 1937. I earned \$18.50 a week."

JAMES MATARAGAS, JR. 46 Relda, Plainview: "My first job

was part time after school as a fruit clerk at Smilen Bros. I earned \$30 a week or something like that."

MRS. FRANK MATASSA, 77 East End Avenue, Hicksville: "It was a long time ago. It was a salesgirl's job for Christmas, and I was just out of high school. I guess it was 1941 or 1942. I think I earned about \$13 a week."

## SPORTS

By

Howard J. Finnegan

The success of the newly instituted Hicksville High Winter Track program was not to be measured by individual or team results in 1970.

The worth in the program was aimed at providing Hicksville Trackmen with an outlet similar to that which the boys in schools in Hicksville's Division have. Winter Track is not new.

It caught up with Hicksville even though it took ten years.

As a conditioning avenue for these boys who will go on to Spring Track there can be no doubt that it will be a fine ally.

The program was enthusiastically received and Coach Bob Hilsky conducted a vigorous program.

Benefiting from the program

will be Hicksville's Varsity Track team which has had few moments of greatness in the past three decades.

Coach Jay McAuley has been assigned the task of welding the team into a cohesive unit.

Hicksville gives strong indications that it has the runners but is failing in overall Field Events.

This doesn't brew well towards any plans to unseat the track power over at Syosset but an interesting and respected campaign could be on hand.

The boys who participated in the winter program could give Hicksville the big lift.

The boys who started out in the Winter Track program were: Dan Moran, Marve Drier, Larry

Casassa, Donald Browning, Peter Colling, Vincent Luisi, Richard Luhrs, Kevin Kutner, Thomas Lawlor, Tony Agnese, James Ajello, Richard Allison, Bill Auffant, Brian Austin, Dan Bell, Dave Blaushild, Larry Blauvelt, Ray Brown, James Debbie, Tom Flynn, Joe Donatone, Matt Gaydiano, Dennis Hanifan, Richard Hoffmann, John Kearney and John Kovacs.

Also: Glenn Williams, Tom Mahr, Bob Wascher, Jim Mattis, Tom McNicholas, Garrett Van Houten, Walter Strehle, Kurt Spielman, Sheldon Meliotsky, Ken Meyer, Danny Murphy, Bob Sofia, Robert Scauzillo, Peter Sarandrea, Frank Rybak, Donald Rowan, John Santamaria, Jiff Rizzo and Peter Neers.

## Operation VFW

William M. Gouse, Jr. Post No. 3211

By Lou Palladino

A report was made by Jim Sotille on the awards for Americanism. For those who attended the awards night March 5th, the report was mild compared to the real thing. Officers from County came, as well as others. We had a very nice turnout. The Jr. Unit, along with the president Frances Blesi were there to help serve the refreshment. Jim did a very good job, but he did pull one boo boo. He introduced all the V.I.P.'s except Frances. An oversight to be sure. He, and Cmdr. Frank Aug gave a short interesting talk. Frank was a big help to Jim, and can be proud to have such a diligent worker. Barbara Alonge, 1st prize winner from Holy Trinity High read her essay first, followed by 2 time winner Renne Greenberg, of Hicksville High, then John Kearney 2nd place from Holy Trinity. The other two Stephen Ferrante, and Kim Hoberock weren't there. These kids made real good essays, and I for one, was proud of them. They put on paper what is in the hearts of so many of us, but isn't expressed. With all the publicity in the papers about kids, then seeing, and hearing these youngsters, maybe all is not lost. Seriously it was wonderful experience, and more should be brought to light. Jim even thanked his wife Maryann for the help she gave him for this program. Me thinks maybe Jim is a little henpecked, eh.

Did you happen to see the story on the Congressional Medal of Honor winner George Lang, presented by our President Nixon. We are very proud to claim George as one of our members. We felt, as long as he is a member and won the highest award our country has to offer, then the least we can do is award him a life membership. A sour note on the whole thing, is George is now paralyzed from the waist down. That particular medal doesn't come cheap.

A few happy notes. Smiling Jack Mulligan came to the meeting last and all. Must say he looks very good at this time. Our young tiger Steve Dickson's wife Karen was blessed with a little boy, by name of Stephen Christopher. Steve was proud to pass out cigars to everybody. The best part is both mother and son are home doing beautifully. Congratulations Karen.

The Ladies Aux have their St. Patty's day dance March 31 by the time you read this it will be all over. While on the subject of the Aux., we failed to mention, Lu Blesi the Pres. also gave awards to the winners of Americanism

for the Aux. County Aux Too.

We had no packages to Vietnam report, as Bob McGovern was ailing. Don't forget to turn in a name of some boy there participating in his duty.

Lucky winner of the raffle was Lou Klein. For a guy who claims up quite often. Hey Dot, you better shake him down with some of that money.

Hope to see you at the next meeting.

## J.F. Kennedy Sports Report

The John F. Kennedy basketball team ended a successful season last Saturday. They finished up with a 20-2 record which is the best ever recorded by a plainview basketball team. Kennedy got through the regular season without a loss. They finished up with an 18-0 record and a 12-0 league record. Brad Greenberg was the teams leading scorer with a 22 point average. Bob Dickinson ended up the season with a 17 point average and as the teams leading rebounder.

Kennedy opened up the playoffs in the second round and beat Bethpage easily. They then handed Port Washington a loss in the third round. They played Great Neck North for the North Shore Finals and lost by 3 points in an exciting game. The Eagles

finished up their season with a loss to Calhoun in a consolation game of the Nassau County Finals. Coach Stewart had a very successful season as he finished up with his best record ever. Brad Greenberg and Bob Dickinson are a few of the stars in Nassau County.

size; on signs for office buildings, theatres or other enterprises, and miscellaneous other modifications of zone.

All public hearings before the Town Board or the Board of Zoning Appeals must by law be advertised two weeks ahead of the hearing in local newspapers. Residents within 300 feet of the subject property are notified by certified mail of hearings on zoning changes or special permit use requests. The affidavits of mailing and disclosure and of publication of legal notice must be rendered to the Town Clerk before the public hearing.

Civic Associations

What many residents have done in an effort to defeat a petition before the Town Board has been to organize civic associations, attracting large numbers of residents to combat what they believe is undesirable development. Several civic associations, well established in the Town of Oyster Bay, have recently formed a confederation of such associations in an effort to create a major power in face of zoning decisions, which frequently have been disappointing to them.

## Board Not Absolute

The Town Board is not absolute in its powers in zoning decisions. Once a decision has been made which is opposed, it can be taken to the Supreme Court, which will decide to uphold or overturn it. Such cases are not infrequent. A recent one was the case of the Jack-in-the-Box in Syosset whose petition to erect a drive-through restaurant was opposed by residents and turned down by the Town Board. Jack-in-the-Box went to court and lost when the court upheld the decision of the Town Board.

## Student Loans

Charles F. Kenny, president of Island Federal Savings and Loan Association, today announced that his association is third in New York State in dollar amount of student loans outstanding, according to the records of the New York Higher Education Assistance Corporation.

## B.B.B. Offers Warnings

The Long Island Better Business Bureau today warned against the sales tactics used by some health clubs to induce prospective customers to sign long-term contracts.

John Sullivan, executive director of the Better Business Bureau, said that in recent years some health club customers have been left holding the bag with long term contracts when these health clubs, including well-known firms, went out of business or filed for bankruptcy. The Better Business Bureau offered health club fans the following precautionary advice:

1. Beware of firms who advertise without price information and refuse to quote prices over the phone. The idea behind this operation is to get you to go to the establishment where you will be given the hard sell. To get you to sign a contract, the operator will quote a fictitious "list" price (or "prop" price as it is known in the trade). You will be told that if you sign immediately you will receive a substantial discount. This is false.

2. Beware the operator who tells you only a few memberships are left or that you have only two days in which to sign for a charter membership and save 50 percent.

3. For your own protection,

turned their attention to applied problems such as promoting cognitive abilities, improving teaching techniques, raising the educational and intellectual status of the culturally disadvantaged, understanding the etiology and treatment of mental retardation and psychopathology, and preventing juvenile delinquency. The research findings in these problem areas have both practical and theoretical significance, as demonstrated in this manual, for example, the chapters on early experience, creativity, implications of cognitive development for education, social class and ethnic group influence on socialization, moral values and behavior, behavior disorders and psychosis in childhood.

The manual is a comprehensive sourcebook for advanced undergraduate and graduate students as well as for specialists in many areas of psychology and in related fields such as education, psychiatry, and pediatrics. In brief, the manual should foster the development of new perspectives and insights and, ultimately, it may stimulate some readers.

### LEGAL NOTICE

Oyster Bay (herein called "District"), in the County of Nassau, New York, on August 19, 1970, the qualified voters approved Proposition No. 3 (a) authorizing the Board of Education to purchase, install and replace required instructional equipment and furnishings to be used in the several Schools of the District and to expend therefor an amount not to exceed the estimated maximum cost of \$200,000; (b) voting a tax therefor in the amount of not to exceed \$200,000 to be levied by and collected in installments; and (c), in anticipation of said tax, authorizing the issuance of not to exceed \$200,000 serial bonds and voting a tax to pay the interest on said bonds,

NOW, THEREFORE, be it

RESOLVED BY THE BOARD OF EDUCATION OF UNION FREE SCHOOL DISTRICT NO. 17 OF THE TOWN OF OYSTER BAY, IN THE COUNTY OF NASSAU, NEW YORK (by the favorable vote of not less than two-thirds of all the members of said Board) AS FOLLOWS:

Section 1. The Board of Education of the District shall purchase, install and replace instructional equipment and furnishings to be used in the several Schools of the District. The estimated maximum cost of said class of objects or purposes, including preliminary costs and costs incidental thereto and the financing thereof, is \$200,000 and the said amount is hereby appropriated therefor.

Section 2. Pursuant to said Proposition No. 3 referred to in the Recital hereof and in anticipation of the tax in the amount of \$200,000 hereby voted to be levied by and collected in annual installments for said class of objects or purposes, serial bonds of the District are hereby authorized to be issued in the principal amount of \$200,000, pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (herein called "Law"), to finance said appropriation. The plan of financing is the levy and collection of general taxes for payment of the serial bonds herein authorized and the interest thereon.

Section 3. The following additional matters are hereby determined and declared:

(a) The period of probable usefulness for which the bonds authorized pursuant to this resolution are to be issued within the limitations of Section 11.00 a. (32) of the Law is five (5) years.

(b) Current funds are not required to be provided prior to the issuance of the bonds authorized by this resolution or any bond anticipation notes issued in anticipation thereof.

Section 4. Each of the bonds authorized by this resolution and any bond anticipation notes issued in anticipation thereof, shall contain the recital of validity prescribed by § 32.00 of the Law, and said bonds and any bond anticipation notes issued in anticipation of said bonds, shall be general obligations of the District, and the District hereby irrevocably pledges its faith and credit to the punctual payment of the principal hereof and the interest thereon and there shall be raised annually by tax in all the taxable real property in the District a sum sufficient to pay the principal of and interest on said bonds as the same shall become due and payable.

Section 5. Subject to the provisions of this resolution and of the Law, and pursuant to the provisions of § 30.00 relative to the authorization of the issuance of bond anticipation notes and of § 50.00 and § 56.00 of the Law, the powers and duties of the Board of education relative to prescribing the terms, form and contents and as to the sale and issuance of the bonds, and any

bond anticipation notes issued in anticipation of said bonds, or the renewals thereof, are hereby delegated to the President of the Board of Education, the chief fiscal officer of the District.

Section 6. It is further stated that the validity of the bonds authorized by this resolution, and of any notes issued in anticipation of said bonds, may be contested only if:

(a) such obligations are authorized for an object or purpose for which the District is not authorized to expend money, or

(b) the provisions of law which should be complied with at the date of the publication of such resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity, is commenced within twenty days after the date of such publication, or

(c) such obligations are authorized in violation of the provisions of the constitution.

Section 7. This resolution shall take effect immediately.
