HICKSAITTE BORFICE TO o Discuss **Objectives For Hicksville**

Town Supervisor John W. Burke today announced that the Town will be moving into Phase II of its preparations for a Comprehensive Master Plan for the unincorporated areas of the Town when it holds a public that the town when it holds a public part of the control of the town when it holds a public public with the state of the control of eeting in Hicksville on April 22.

Burke said he has been advised by Dr. Lawrence Ravich, Chairman of the Town Planning Advisory Board, that the ad-visory group and the Town's planning consultant, the firm of Raymond, Parish & Pine, will conduct a meeting at 8 PM in the Hicksville High School, Newbridge Road, to discuss their planning objectives for the central business district of Burke said he has been advised

Hicksville.

The Supervisor said that the consultants will identify major planning issues and formulate a statement of planning policies and objectives that will hopefully serve as a basis for the development of the Master Plan.

The Consultant's statement will, according to the agreement for planning services between the Town and the Consultant, reflect the means and methods whereby the Town may be able to solve its major planning issues, including how its land should be used, and the nature and distrubition of its community facilities.

Dr. Ravich indicated that the purpose of the meetings will be to acquaint the general public with

the Master Plan information base developed in Phase I and the preliminary conclusions drawn thus far.

"The public reactions at the "The public reactions at these meetings, as well as the suggestions made by the audience, will serve as further inputs to the Master Plan," Dr. Ravich said.

The Advisory Board and the Consultagis have already met.

The Advisory Board and the Consultants have already met with community leaders and civic-minded groups in the Hicksville area. Additional public hearings, in Hicksville and throughout the Town, will be conducted in the future, as those involved in the planning process. involved in the planning proce continue to analyze the needs and desires of town residents.

Board Submits Draft Policy

In July, 1970, the Board of Education of Plainview-Old Bethpage determined that one of its major objectives during the ensuing school year was to be the development of a comprehensive policy on students' rights and development of a comprehensive policy on students' rights and responsibilities. During the past nine months, the Board has engaged in a broad effort to formulate such a policy. Among other things it has had several meetings with parents' groups, committees from the student governments of the secondary schools and perpensions time from the student governments of the secondary schools and perpensions time from governments of the secondary schools and representatives from different staff organizations, all of whom had expressed an in-terest in the subject. A draft policy, together with an

opening statement has not been completed. The policy and statement was formally statement statement was formally presented at the meeting of the Board of Education held on April 5th at the John F. Kennedy High School. In order to allow time for consideration and reaction by interested members of the interested members of the community, the Board is scheduled to adopt the policy at its meeting to be held at 8:30 p.m. on May 17th at the Jamaica Avenue School. Jericho Water

There was no opposition at the meeting to the proposed change of boundary of the Jericho water district to conform to present property lines. The boundary had been established in 1911 prior to the establishment of the lot and the establishment of the lot and block index for indetifying

properties. As a result the water district boundary goes through properties, creating problems in apportioning taxes.

Under the conditions of the proposed new boundary certain lands would be ceded to the Glenwood-Glen Head Water District by the Jericho Water District and others would be ceded to Jericho by Glenwood-Glen Head. The net loss to the Jericho water district would be \$466,685 in assessed valuation, or a loss of about \$466. in taxes. About 200 residents are affected by the change in boundary.

Hicksville Community Council Meeting

A brief meeting of the Board of Directors was held prior to the regular meeting of the council. Shelia Noeth called the meeting to order, and those attending, stood and introduced themselves.

stood and introduced themselves. Elery Bean, our program chairman, introduced our speakers for the evening, Messrs. Joseph Catalano, and Emil Immersberger, "their subject for the evening, "What Is Going To Happen To Hicksville". Mr. Bean also indicated the the speakers would welcome questions from the floor.

Mr. Joseph Catalano was first speaker, and in looking into the problems of Hicksville felt we must avail ourselves of every piece of information there is available, because of our location, and then seek a plan. We location, and then seek a plan. We must consider our surrounding or regional area in our planning. Mr. Catalano pointed out that many government officials are concerned about Long Island, surrounded by a body of water, so much shore line, and our means of transportation. At the present time, those living out in Riverhead, etc. must go practically all the way around the island through our area, to get to New York and Connecticut. Mr. Catalano used a map to point out the means of travel showing the the means of travel showing the the means of traver snowing the main routes are east and west, and very little planning for traveling north and south. What should be done now to protect our residence, and our future in Hicksville? Mr.

Catalano noted the first train to come into Hicksville in 1834,— from that time things began to happen. Transportation is the first ingredient from which we first ingredient from which we develope a particular population. Now we have become saturated with people, which will increase even more. Mr. Catalano indicated that our families in the future will probably decrease in size and average out to about two or three children. three children

The Long Island Railroad does not Long Island Rairoad does not afford us the opportunity to go into the city. Why can't we use more buses? Most families have two and even three cars. Cars create a problem on our roads

create a problem on our roads and highways.

Joseph Catalano proceeded to outline what he felt were the priorities in planning our future.

Heading this list was: 1. Parks and Recreation, and 2. Type of housing, particularly low cost housing, to be recommended as a solution for our population solution for our population growth, and still take into consideration the conservation and

maintenance of land. Catalano stated a committee was being formed for faster laison between the Town Board and Hicksville. Our chairman Warren Doolittle

spoke also of the survey being made by the housing authority for low cost housing and senior citizen housing. Councilman Doolittle spoke briefly of what the town is doing in planning the acreage available to them. Parks acreage available to them. Parks and recreation is one of the areas that will be provided for in the plan outlined to the residents of Hicksville for their consideration, by Planning Associates. Mr. Raymond of Planning Associates is ready to submit this plan.

Neil McCormack suggested the School Board should be consulted also, since they are working on a long range plan taking in the next ten years.

ten years. Councilman Doolittle explained the Town is working as rapidly as possible insofar as Hicksville is possible insofar as Hicksville is concerned. Someone wanted to put up a "Burger King". We opposed this because we took the interest of the people of Hicksville into consideration, Moratorium set up because of this, and also to give us more time to complete our "Master Plan". The "Master Plan" has given Hicksville priority.

In response to a question from the audience, Councilman Doolittle advised the reason for

In response to a question from the audience. Councilman Doolittle advised the reason for building a large garage is because of our present inadequate parking facilities. Our next speaker Emil Im-mersberger stated "It is hard to

come up with the answer as to what should be done". We will have to look over the "Master Plan" to be presented by Mr. Plan' to be presented by Mr. George Raymond and answer this question "What do you think of it?" Mr. Immersberger spoke of two excellent reports on Hicksville that has been previously prepared and submitted to our Town officials. Supervisor John Burke had sent out a questionnaire on Hicksville, replys were overwhelming.

Mr. Immersberger stated "One Mr. immersorger stated One thing I like about living in Hicksville, in the city you never have anything to say, out here the people are asking.-What would you like?"

Justification for this project stems from the tremendous volume of boating within the harbor. Last season approximately 500 boats were moored between Centre Island and facilities on the Oyster Bay side of the harbor. On an average weekend as many as 400 boats joined this fleet via launchings from the Roosevelt Memorial Park boat ramps.

We look for a continued increase in activity in the Bayville Creek and West Harbor areas. In addition, the Sewanhaka Yacht Club activity should also pick up as an already large fleet anticipates celebrations com-

Councilman Diamond Addresses Republican Club

April ninth saw the meeting of the Ernest Franke Republican Club of Hicksville, at the Hicksville Masonic Temple. The prime highlight of the evening was an address by Councilman Raiph Diamond of Jericho.

Diamond spoke about the dangers and problems of suburbia-particularly the Town of Oyster Bay. In particular he spoke of the M.T.A. and the U.D.C. and additionally answered some of the questions about the suit against the Town's zoning.

about the suit against the Town's zoning.

The Metropolitan Transit Authority is a state chartered authority with the ability to do what it thinks necessary to transport the people in the New York Metropolitan area. The problem is that it does whatever its executive authority wants without the need to consult with, or even inform local authorities as to its purposes or designs. In Hicksville the M.T.A. is unwilling to devulge the nature of its future operations, and thus makes even more difficult the problem of the Town Board in planning for Hicksville's future. "How can we justify a soning and building pattern when we don't know if the M.T.A. will put up a three twelve or fourteen story building right in the midst?". Diamond asked. The M.T.A.'s activities in Massapequa Park were also mentioned by Diamond as a source of concern. "How would you feel if you woke up one morning to find buildozers in your back yard?", the Councilman queried. Diamond also revealed that recently a meeting had been held between Commissioner Ronan of the M.T.A. and the Town Board and the situation was beginning to be remedied.

The Urban Development Corporation is a danger to suburba Diamond noted. The U.D.C. is potentially the destroyer of the suburbs. It has zoning.
The Metropolitan Transit

the power to go into any area, again without the consultation of the locality, and build whatever it deems fitting. Up to now, with a Republican Governor and legislature it has been forced to abide by a promise not to do so, yet without this check it could move into any town, village, or yet without this check it could move into any town, village, or neighborhood to build whatever it decides upon. There is no way local government can stop it. Diamond asked for changes in the law which created the U.D.C. which would force it to cede some of its power to the people and their local, elected, officials.

Diamond further noted that there would soon be meetings, and open hearings on the future of Hicksville, particularly the central triangle (from Old Country Road to beyond the Railroad station, east to the new home of the Gregory Museum, in

Railroad station, east to the new home of the Gregory Museum, in the Old Court House). Everyone should attend, and speak out, Diamond said. Otherwise if something is done you don't like it will be your own fault. The first meeting will be April 22, at Hicksville High School.

Some of the questionsabout the zoning suit were also cleared up. Councilman Diamond noted that the plaintiffs included six who aiready live in the Town of Oyster Bay (who want low income

already live in the Town of Oyster Bay (who want low income housing to be built), as well as a group which is also seeking the same thing, and finally it is a class action as two imaginary people who live in New York who would like to live in Oyster Bay are named as plaintiffs. The defendants are the Town Board (individually and as a group) and the Town Housing Authority (individually and as a group). The N.A.A.C.P. is not even a party to it. Diamond noted. party to it, .Diamond noted.

Diamond closed noting that in the Town election, this November it was extremely emportant to return a Republican Board which would seek to serve the interests

of the citizens of the Town of Oyster Bay, not New York City. A Republican Board, Diamond stated, is now dealing with the challenges facing the Town. The problems already noted, as well as those of pollution, waste management, and the environment in general; as well as recreation, and the difficult problems of youth, trying to be overcome by the Youth Councils are all being dealt with as a result of a Town Board which is unified in its legislative and executive branches, and must continue to be so.

be so.

At the meeting it was announced that dues notices would be going out to about fourteen hundred. That there were nearly five hundred members now paid up and further nearly forty people were either made or proposed as new members of the club, was also announced. Jerry Trotta, Commissioner of Public Works, and Hicksville's People of President Presentive Leader. Trotta, Commissioner of Public Works, and Hicksville's Republican Executive Leader also announced some of the ideas for the campaign this year, and some of the promotions, etc. recently made. William Buchman also announced that a movement was in the works to change dues to three dollars a year, or \$5.00 a family (man and wife).

the study that he and others had worked on in the planning of Hicksville. Their second report or recommendations were sub-mitted on April 24, 1970. Mr. Kelley pointed out that Hicksville handles more people commuting Kelley pointed out that Hicksville handles more people communing that any other community on Long Island. This is why the town is building the large garage. All along the line, MTA has figured Hicksville as an express stop. Part of what the MTA said 2½ Hicksville as an express stop.
Part of what the MTA said 2½
years ago has already come to
be. Most important thing is that
the town, instead of being in
attle has gone to them and said
"let's talk" so that we will not be
bumping heads, County-StateTown". We know we have to
listen to professional men,— but
we do have a voice in expressing
our views. "How do you feel
about where you live, and what
would you advise? We want it to
be a matter of record. We have
mutual challenges."
A gentleman from the audience
stressed how Hicksville has
become the "Corridor of Nassau
County", and the effect of this on
our community.
Another suggestion from the

Another suggestion from the audience was an in-door swim-ming pool for the community. Town or YMCA could operate it.

Concern was voiced by the property owners in the triangle. How will they be affected by the "Master Plan".

Because of the general interest,

a request was made of Councilman Doolittle to postpone the presentation of the "Master Plan" by George Raymond from April 8th to a later date.

Elery Bean announced there would be a discussion on the school and library budgets at our next Hicksville Community Council was the council of the

next Hicksville Community
Council meeting,--also candidates would be invited to come.
Mr. Thomas Nagle reported on
the successful affair that HAD
sponsored at the Senior High
School in which they earned over
\$500.00. It was also noted that the
excellent behavior of the group
and the clean condition they had
left the building in when closing
at 11:00 P.M. No other

Dr. Walter Dunbar of the Kiwanis asked for everyone's cooperation and help if they can spare the time, during "clean-up week" in cleaning up our community. There are specific areas in our community where we would like to send a group in to-clean up.

Mr. Kenneth Barnes announced the many wonderful programs going on at the library during the month of April which are free to the public. Mr. Barnes also announced the Hofstra String Quartet, would be performing at the Library.
Mr. Barnes reported the Hicksville Regional Beautification Committee had been advised by the Town Board that the Triangle would be land-scaped.

that the Triangle would be land-scaped.

Bill Gaborow extended an invitation to the Flag Day Ceremonies this year, sponsored by The Ernest F. Francke Republican Club to be held on June 13th. Mr. Gaborow advised that contests are already underway in the schools, and that there would be awards. The Flag is a very important part of our life, and we would all take the time to pay tribute on this special day.

FromCongress

Rep. James R. Grover, Jr.

Scratch any Congressman and you'll find an advocate of efficiency in government. You'll find no one in the legislative branch of our lederal government who isn't for a streamlining of the vast federal bureaucracy with the money savings this would bring. And yet, here we are in the second half of the President's term, with no action met on Mr. Nixon's proposals for yet on Mr. Nixop's proposals for an overhaul which would see seven top government depart-ments combined into four.

ments combined into four.

Mr. Nixon isn't the first
President to find that government has gotten too big for
proper controls. Probably every
President since Woodrow Wilson
has despaired of .achieving
responsiveness and efficiency in
the federal establishment. It's

there.

The New York Third States

there
The New York Times, which
doesn't number Richard Nixon
among its favorite people,
editorialized recently that the
President's efficiency program
'is the most ambitious reform of the Federal Government at tempted since the unification of the armed services and the creation of the Defense Depari-ment in 1947." And the Long-Island Press, in commenting on Congressional inaction, noted Republican complaints that "Democrats are not likely to give the President anything that will help his 1972 reelection cam-paign." Federal Government at

paign."

I predicted many weeks ago that revenue-sharing would get the partisan treatment from the Democratic majority in Congress and it has. I'm very much alraid that we can't expect a statesmanlike approach on government reorganization either. In Congress, under the present political leadership, it's still politics first.

Mobile Registration

The Nassau County Board of Elections annual mobile registration campaign wil begin a 20 week tour of the county starting next week.

Commissioners William D. Meisser, Republican, and Marvin D. Cristenfeld, Democrat, announced that the registration trailer will commence a county-wide tour which will take it to 41 communities. communities.

communities.

During the tour the trailer will stop at 23 communities in the Town of Hempstead, eight in North Hempstead and 10 in Oyster Bay. The trailer will stay at each location for a period of two days.

Hours for the trailer will be from 3 to 9 p.m. on weekdays and from 10 a.m. to 6 p.m. on Saturdays.

Saturdays.

Opening day will be Wednesday, April 14th in the village of Oyster Bay. The trailer will be stationed in front of Foodtown on South Street. From there it will move to the Morton Village

shopping center on Old Country Road in Plainview. The dates there will be Friday and Satur-day, April 16th and 17th. The commissioners said they anticipate a heavy turnout of voters this year, mainly because of the Supreme Court ruling or the supreme Court ruling enabling prospective voters between the ages of 18 and 21 to vote in federal elections. Voters under 21 however will not be able to vote this year.

Ginsberg Wants Hicksville Esculator Transfer

Martin Ginsberg (R-Plainview) has introduced legislation in the State sembly to transfer the Hicksville Esculator District from the jurisdiction of the Town of

Oyster Bay to Nassau County's supervision. The Hicksville Esculator District operates esculator facilities at the Hicksville Long Island Railroad terminal.

esculators are inoperable a good portion of the year," Ginsberg stated. "In fact, an investigation of the records of the Long Island Railroad indicate that the esculators have been working less than half the time since their installation. Moreover, they are not even working now." The Oyster Bay now. The Oysus legislator continued-"We're talking about vital facilities for all com-muters who use the Hicksville station including the aged, the handicapped, and the medically indigent."

After a thorough investigation of the Hicksville Esculator District Assemblyman Ginsberg concluded, "It would appear that Oyster Bay Town is apparently unable to cope with the existing problems of operating the esculators at the Hicksville Railroad station. Therefore we can provide relief by transferring the operating

A transfer to Nassau County jurisdiction would broaden the tax base for operating the esculator facilities to include the entire County, and not just Hicksville residents. Ginsberg noted that, the Hicksville residents will get a tax saving which is entirely equitable since the Hicksville station is a Nassau County transportation hub, used by residents of other towns.

Computer mistakes, billing for items never purchased and persistent errors in billing keep the phones ringing at the Consumer Affairs office, reports Commissioner James E. Picken.

A particularly serious complaint was registered by Mr. G., a Long Islander who had used a national credit card for years. Several months ago, be purchased a TV- stereo combination for \$353, and charged it on his credit card. When the set arrived, his wife said the cabinet was ugly, so he returned the set to the store. That month, and for several months thereafter, the \$353 charge appeared on his credit card account. Several letters to the company brought no results, and the \$353 continued to show as an unpaid item, plus steadily mounting "carrying charges."

The cold and foul weather has put a crimp in the athletic schedules at Hicksville High but Track and Field Coach Jay Mcauley is using every delay to improve his team's chances. In this conceded year for the Orange and Black, McAuley refuses to be counted out. He is reinvigorating the Track team and hopes to get a championship contender. He realizes what it would take to unseat the assembleage of talent at Syosset but is using every minute to build in that direction.

Hicksville had four double inners in the Herricks win. Walter Staehle won the 880-

yard dash in 2:05 and also scored

a first in the Discus.

John Kearney ran first in the Mile race and was on the winning Mile race

Larry Blauvelt won the 440-yard dash in 52.7 and was the anchor man on the winning relay

Jim Aiello clocked the 100-yard

team.
Jim Ajello clocked the 100-yard dash in a winning 10:5 and ran on the 880 relay.
Outstanding efforts were made in the triangular meet at Garden City. John Kearney was again a double victor. He negotiated the mile in a smart 4:34 and came back for the tw mile which he took in 10:08.

Bob Scauzillo ripped up the track for a new Hicksville High school record for the 220-yard dash. The time is officially recorded at :22.2.

Hicksville's strength is in the long distances and relay races. Setting a fine pace for the Comets in those events are Vinnie Luisi, Pete Colling. Larry Cassanso,

Colling, Larry Cassasso, don Melnitsky and Jim

Mattis.
The one field event that
Hicksville excells in is the high

jump. In the person of Dan Bell the Orange has a most promising star. He went over the bar at 6 feet 2 inches during the winter indoor camapign and he already has two first places finishes for

Against Herricks he settled for 5 feet, 6 inches and shared first place with two other Hicksville teammates Paul Martin and Jim

on it. Since I have my own social security number, shouldn't it be on my card?

Ans: Not necessarily. The number on your card is determined by the work record under which you have your social security coverage. If you are drawing benefits as a wife, your card will have your husband's social security number on it with a "B" after the number. If you are drawing benefits as a widow, your card will show his number with a "D" after it. For any further information, contact your Social Security Office at 1506. Ques: I was told that my social security benefits would be reduced if I applied at age 62 and would continue at a reduced rate even after I reached 65. Why wouldn't the benefits be in-creased when I became 657

Ans: The payment of benefits before 65 is made possible because of the reduction in the because of the reduction in the amount. A person who chooses to retire early will find that the amount of his check is smaller, but he will be getting the checks over a longer period of time. the public.

The St.Kilian Boychoir is one of the few professional boychoirs in the country, and ranks as one of the finest in the world. In 1985, Pastor Rev. Father Raphael Schoof. O.S.B. organized the group. In the sixteen years, it has grown in ability, artistry, experience and critical acclaim through the efforts of Father Raphael, the musical directors and the several hundred boys who have contributed their time

and energy to make the Boychor what it is today. Mr. Theodore Grudzinski is currently director of the St. Kilian Boychoir.

The group has appeared numerous times in Philharmonic Hall at Lincoln Center with Leonard Bernstein; Carnegle Hall; The United Nations on their 20th anniversary at Tanglewood; Atlantic City and Philadelphia to name some of their major per-formance dates. They are invited to do concerts in Vienna, with the Vienna Symphony in August of
