No Opposition to Broadway Auto Clinic

No one stepped forward to oppose the petition of Anthony LaRocca for a special permit use to erect and operate a "Millex" automobile tune-up and diagnostic center on Broadway in Hicksville at the Town Board meeting in Oyster Bay on Tuesday, July 13th.

In a presentation by attorney Julius Scavuzzo, of Mineola, the petitioner described a 66' x 30' building to be erected and to contain five bays and waiting rooms. Millex, a franchise operation, has similar clinics in Garden City and Hewlett. The building would be in a colonial style with "Cedar Shakes," a decorative split wood shingle face.

Mr. Scavuzzo said that all work would be conducted indoors. There would be no gas or oil sold. The strict purpose of the operation would be to diagnose problems in different systems of automobiles, and to do tune-ups. Not a discount operation, prices would be similar to those available elsewhere, but all jobs would carry a four-month or 6,000 mile guarantee.

The Town Councilmen were concerned with the narrow width of a driveway (8 feet) on the north side adjacent to Botto Bros, which would provide access to a parking area in the rear.

At the close of the hearing, the Board reserved decision.

Gutheil Kicks Off Campaign In Oyster Bay

Rev. Robert Gutheil, candidate for the Democratic nomination for Town Supervisor, kicked off his petition drive today with a walking tour of Oyster Bay.

Gutheil and his shirt-sleeve entourage started at 6:30 a.m. greeting commuters at the Hicksville railroad station and spent the rest of what turned out to be the hottest day of the year touring shopping centers in Jericho, Plainview, Syosset, Oyster Bay and Massapequa.

By sundown, some 200 signatures had been collected on Gutheil's designating petitions. Best news of the day came when a youthful supporter announced that the 26th constitutional amendment had been ratified, giving 18-21 year olds the right to vote in the coming election. "The young people have been giving us tremendous help and support all along and we're delighted that they've finally won the right to have their say at the polls," Gutheil said.

Burke Pledges Triangle Will Be Suburban

MRS. D. KLEIN
12 HICKS CIR.
HICKSVILLE, NY 11801

Supervisor John W. Burke said that he would recommend to the Town Board revision of those portions of the planning proposals for the Hicksville Triangle that include excessive building heights and residential densities. At the same time, Burke praised the Planning Advisory Board and planning consultant for those features of the Hicksville plan which provide for broadening the community's tax base, landscaped open space, future parking and traffic needs and orderly business development.

He said housing densities should be compatible with those presently permitted under the Town senior citizen housing program and could provide for garden type and town house development. Commercial development would be limited to five stories.

Burke said the Hicksville public meeting confirms the long-held view of the Town Board that the residents want a plan that will

be an effective instrument to promote the suburban characteristics of the Town.

Councilman Warren M. Doolittle of Hicksville pointed to the large attendance at the July 12th meeting held in the Hicksville High School to discuss the planners' special study of the Hicksville area and said this was an illustration of true participatory democracy and demonstrated the Town's effort to get a good attendance so that the local residents could participate in the planning program.

"These types of sessions have two major benefits," Doolittle said. "They give the people an opportunity to express their views and they provide elective officials, who make the ultimate decisions, with the kind of information that enables them to respond more effectively to these views." Doolittle continued, "The input received from local residents at these public sessions is a valuable tool that will be used effectively in the production of

the Master Plan, and is the only way we can get a plan that represents a cross-section of the community's feelings.

"In Hicksville," he said, "we must have a plan that will prevent honky-tonk development of the business area, especially that section on the west side of Broadway bounded on the south by Old Country Road and on the north by the Hicksville railroad station. The final Master Plan will do that," he noted, "and it will be in accordance with the wishes and desires of Hicksville residents. The other alternative is no plan at all which, if such a condition were permitted to occur, would be a great disservice to Hicksville."

Supervisor Burke said, "The entire planning effort undertaken by the Planning Advisory Board, consultants and the Town Board is aimed at preserving the Town of Oyster Bay as the leading suburban community in Nassau County. We are committed to that goal."

Candidates Speak Out At Meeting

Two candidates who will oppose present Oyster Bay Town Councilmen at the primary vote in September stepped forward to speak after the finish of the stated agenda at the Town Meeting in Oyster Bay on Tuesday.

Mrs. Lorraine Newman, of Massapequa, deplored the closing of the Oyster Bay Planting Arboretum in Upper Brookville by New York State. Formerly under the direction of the State University at Stony Brook, the arboretum was transferred to the Department of Parks and Recreation and then closed because of lack of funds to

maintain it. As it stands now, it is due to reopen on October 1st. Mrs. Newman asked the Town Board to make every effort to have the arboretum re-opened, so that the Long Island community might enjoy this nature spot.

Mrs. Newman also said that there should be more women in politics, and particularly a woman represented on the Oyster Bay Town Board. Mrs. Newman will oppose Councilman Joseph Saladino at the primary on September 14th.

Rev. Robert Gutheil, of Syosset, who will oppose councilman Lewis J. Yewell, in the democratic primary in Sep-

tember, brought up the question of revenue sharing on Mitchel Field. His speaking was spurred by the actions that morning by the Hempstead Town Board, which would allow a ten-story hotel to be constructed on the Mitchel Field site. He believed that this was county land, all of the county should benefit by the revenue, not just the immediate district around the Field. He asked the Town Board to investigate means of sharing the income from Mitchel Field operations.

Rev. Gutheil is the pastor of All Saints Lutheran Church in upper Brookville.

GREETING COMMUTERS: Rev. Robert Gutheil, candidate for the Democratic nomination for

Supervisor of Oyster Bay, chats with young voters Gwenn Grossman, left, and Ann Vaffer

at the Hicksville railroad station, first stop in his daylong campaign tour of Oyster Bay.

Supervisor JOHN W. BURKE.....REPORTS

One of the most serious problems facing the youth of our Town today is that of drug abuse and narcotics. It is a problem that we must squarely face now, otherwise it will be a worse one

tomorrow. Accordingly, I have established, with the Town Board's approval, a Drug Abuse Control Agency, the first of its kind, I believe, on Long Island. Heading up the agency will be

Mrs. Adeline Petito, an attorney with extensive experience in both narcotics abuse control as well as governmental operations. One of her most effective attributes, however, will be her excellent rapport with youngsters. She can communicate the horrors and dangers of drug abuse to them and also be an understanding, helpful counselor who will listen to the problems that drive them to drugs.

The Drug Abuse Control Agency (DACA for short) will coordinate all existing and future drug programs under a comprehensive plan for narcotic and drug abuse control. It is our responsibility to do everything we can in the way of prevention

and education to combat this scourge.

Through DACA we will be able to avoid duplication of services and provide the many concerned groups with the leadership and direction needed for an effective program. The smaller groups and organizations will also be able to share in services that would otherwise prove too expensive or difficult to provide by themselves. We want to insure complete, coordinated support for all the drug abuse programs being offered throughout the Town.

DACA will be involved in the development of drug programs for local youth councils, education programs for adults as well as school children, and the organization of a speakers' bureau. The agency will also provide assistance to the various "hotlines" now in operation and offer counseling and information or referral services.

TOWN NOTES: We're continuing the fight against the proposed change in the Town's equalization rate. This week a team of Town staff experts presented our case before the State Board of Equalization and Assessment in Albany. The equalization rate is established for all the cities and towns by the State Board as a means of apportioning state aid to school districts. The proposed change from 28 percent to 25 percent

could mean a loss of over \$3 million to the Town's school districts.

You may have seen the editorial on station WPIX, Channel 11, supporting another "feasibility" study on the Oyster Bay-Rye bridge. We can see little value in any more such studies or in the bridge itself - and I will be appearing on WPIX during the week of July 12 to tell our side of the story.

I've just caught the first performance of "The Emperor's Daughters" at the Syosset-Woodbury Park this week, and even though I don't claim to be a professional critic I strongly recommend that you see this zany comedy when the Town's Teen Repertory Theatre presents it in your community. Performance schedules are available at your local community park or library. Another performance I can heartily recommend is "East Side, West Side Revue" - a magnificent medley of the popular tunes of yesterday. Try to catch one of the following performances: Plainview-Old Bethpage Community Park, July 14, Syosset-Woodbury Community Park, July 28, or Bethpage Community Park on August 4.

NEWS from Your Congressman JAMES R. GROVER, JR.

2nd CONGRESSIONAL Dist.

Turkish officials have agreed, not without considerable pressure from U.S. officials, to wipe out the legal opium agriculture which provides the basis for most of the heroin being smuggled into the United States. In return, we will provide American aid to help Turkish farmers convert to the raising of other crops.

It took our government many years of twistings and turnings to reach this point. Before the administration could bring its "muscle" to bear on Turkey, we went through more than a decade of delay. We had to win public

recognition of the fact that addiction was not a peculiar affliction of the poor, that drugs were almost as prevalent in affluent areas as in the ghettos.

And then, we had to wait while state and federal governments tried various programs, cures and treatments. We have been slow to recognize that treating the symptoms of addiction is only part of the answer, that we must also take whatever measures are necessary to cut off the flow of illegal narcotics into this country.

If the Turkish ban is as successful as we hope it will be—and this will require surveillance both

on the ground and from the air—this will free enforcement agents to combat the illegal flow of drugs from India and Southeast Asian nations which also produce the poppy. Considerable attention will also have to be paid to Rance's role as a refiner of pure heroin from the raw plant.

It is too early for much optimism but America has secured its first success in warning other nations that we will no longer provide aid funds to any country which plays a role in the drug traffic that is ruining so many of our young people.

Hicksville Master Plan Revealed

More than 500 people turned out at the Hicksville Senior High School Monday to hear the plan proposed by the Town of Oyster Bay Planning Advisory Board.

The plan calls for office buildings as tall as 8 stories but only covering 30 percent of the land with park like landscaping on the balance of the plot. Incorporated into the plan was a 12 acre residential area with limitations for three story garden apartments or town houses for newly weds or people who feel their homes are too large now but wish to remain in Hicksville in a small apartment.

The residents were not happy with the plan, feeling there would

be an influx of people and cars into Hicksville. Questions about added police and fire protection were asked. Many people wanted the plan put to a referendum in November.

Supervisor Burke, who attended the meeting, but did not speak during it, later said some action must be taken by August 4 when the moratorium on building permits will expire in Hicksville.

Record Breaking Telethon

Final tabulation of collections from pledges, made during the 20th Annual Greater New York United Cerebral Palsy Telethon last January, reveals that the public contributed a record-breaking total of \$1,566,465 to the health agency. The announcement was made by Leo Hausman, President of UCP-NYC.

The program was telecast on the weekend of January 30-31, over WOR-TV (Channel 9), and was hosted by Dennis James, Steve Lawrence, Eydie Gorme, Jane Pickens Langley and Morty Gunty.

When the show went off the air, the closing figure announced was \$1,527,473 in pledges. Later that evening, after the IBM computers had completed all tabulations, the figure rose to \$1,684,371. For the next five months, volunteers of UCPNYC continued to process and follow up on the pledges, until the telethon books were closed at the end of June and the final figure was reached.

The result represented over 93 per cent of pledges collected, while expenses were under 10 per cent of collections. It was the most successful telethon in the twenty-year history of the UCP series.

TO THE EDITOR

THE CIRCUS COMES TO HICKSVILLE!

On Tuesday, July 6, we were privileged to attend the preview of the Bruno & Fetta Circus which has now established year round quarters in Hicksville.

We understand that performances of this group will take place on the second and last

Tuesday of each month at the Administration Bldg., Division Avenue, Hicksville. All shows will start promptly at 8 P.M. Admission is free!

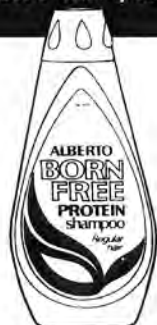

In the center ring Mr. G. Thomas Muratore will act as ringmaster with four of the Bruno & Fetta puppets.

Religated to the third (and back) ring are the dedicated and talented performers for the district - the Superintendent and his assistants, School Attorney and Clerk, Business Manager, etc. They will have an opportunity to observe the four puppets and ringmaster from the back - lucky for them!

We understand (on reliable authority, of course) that the third and front ring (between the audience and the board) has been reserved for special occasions when Mr. Bruno and/or Mr. Fetta will grace the community with individual appearances in starring roles.

This is a performance you cannot miss! So join us all some night and enjoy the spectacular! Hicksville education may not be improved but your taxes will be reduced (by order of the Board) and your funny bone will be tickled (also by the Board).

SPORTS

By

Howard J. Finnegan

Joe Milito lifted a long fly ball that enabled Tom Monaskie to tag at third, and beat the relay home, to tie Pepsi Cola 8-8. That set the stage for our Hicksville Fire Department Softball team to win 9-8 in the final inning as Jim Huttie chased home Russ Lewis with a single.

That gave Hicksville a 5 and 4 record in general division play. The Firemen compete against General Instrument, Pepsi, Coke, Amperex and Fairchild. Games are played at Cantiaque Park, Bellmore, Wantagh and Eisenhower Parks.

Secondbaseman Rich Humann is the leading slugger of the club with a .762 average and 26 total losses.

Right Fielder Bill Meyers raps along at .600 with 21 total bases. Centerfielder Don Moore has a .545 batting average. He is closely followed by leftfielder Tom Monaskie's .520.

At short Jim McGlaughlin has turned in an even .500 mark.

Alternating in right field, Frank Lombardi has a .455 average. Jim Taxter supports his pitching chores with a .435 listing.

Jim Huttie at first and Bob Telender are recorded at .428.

In a less number of appearances at the plate Ken Brody has .375, Rick Rossi .388, Russ Lewis .417, Vic Nowrocki .333, Steve Sulzinski .600, and Joe Milito .063.

In total hits its Humann at 16, Monaskie with 13 and Moore at 10.

The firemen have a big job in front of them in the attempt to overtake league leading Amperex.

Clearly the establishment of the major softball power on Long Island was not finalized in the Rheingold Holiday slow-pitch tournament.

Jim Fallon's Hicksville Astros bounced right back from the final game defeat to bombard County Sports 36-16 in a Jones Beach game. The Astros were a determined group and lofted 19 home runs out of the ball park. The second game had to be

cancelled, although the Astros were willing to give it a try, since no less than 14 softballs were stolen.

The issue of who is best won't be officially decided until the ASA playoffs in the Metro zone in August.

The winner will represent the area in the ASA regionals and hopefully the world's tournament.

County also had a hard session with Little Ceasers of Detroit at The Huntington Y.M.C.A. Field, Saturday night.

The current worlds champions from the Motor City won 28-6 and 13-7. Hicksville's Bill Luft and Bruce Cerone combined for six County hits in the doubleheader.

This Saturday night County will play York, Penna., under the arces at Huntington.

Hicksville Freds Inn won many plaudits for its 17-14 and 9-8 efforts against Grumman's in the Cantiaque open slo-pitch softball loop.

Freds Inn now leads the league with 6-2 record. Next game is Sunday night (free admission) at Cantiaque.

BCA Meets With Builder; Asks Additional Data Re Anticipated Apartments

970 will be the number of apartment units in the development planned for the 68-acre Lehman Estate if the builder's request for rezoning is granted by the Oyster Bay Town Board. This was reported in an on-site meeting last Saturday by Charles Fiesel, attorney and officer of the corporation planning Long Island's largest apartment complex for Jericho.

Presidents of the Birchwood and the West Birchwood Civic Associations were present, along with the zoning committees of both organizations.

NO MASTER PLAN

It was expressed to Mr. Fiesel that many in the community feel at a disadvantage in reaching an intelligent judgement about this proposed construction without knowing what the Jericho portion of the TOBAY Master Plan recommends for this area. There are about 700 acres that could potentially be rezoned. These apartments would occupy just 68 of this total. Therefore, it was stated, it's impossible for the community to evaluate the planning for this single area.

Mr. Fiesel agreed that the Master Plan might be helpful to the community and stated he would try to get basic information about the plan. Also, he agreed to a second meeting with community representatives in response to a request for a specific site plan. However, an invitation to a possible open town meeting preceding the Town Board hearing on July 27 was declined by the builder.

SCHOOL DETAILS

According to Mr. Fiesel, 150 to 175 students would be added to the School District. The school board, it is reported, estimates the addition of 200 students.

An assessment of \$4,000,000 is projected for the development. This will generate \$473,000 per

year in school taxes, based on the current anticipated tax rate of \$11.83, \$1,000.

(The per-child education in Jericho is approximately \$2,000. Cost of 200 students is therefore \$400,000.)

\$550 RENTS

Apartments in the complex will rent for \$275 for an efficiency, \$550 for a 2-bedroom apartment. Only 20 percent of the total number of apartments will contain two bedrooms, however, explaining the relatively small number of children anticipated.

Current plans call for a seven acre recreation area toward the rear of the property. This recreation area will be maintained as a paid-membership club for residents with two swimming pools, tennis courts, and a restaurant in the original mansion-turned-clubhouse.

The two story apartments will occupy 19.7 acres of the total 68 acres, according to Mr. Fiesel. Parking areas will cover an additional 30 acres (space for 1,500 cars, with 200 square feet required for each car). Roadways will occupy additional space, of course. There will be three entrance exits, all on the westbound service road of the LIE.

Garbage disposal will be by private sanitation company.

SYOSSET COMPARISON

The builder's most recent apartment development is Fairhaven in Syosset, on Jericho Turnpike at the Oyster Bay Expressway. There, 480 apartments occupy 30 acres - about half the Jericho number on somewhat less than half the acreage. However, Mr. Fiesel reports that the Jericho apartments will be about 10 percent larger; therefore the building density is comparable. Only 41 children attend Syosset schools from these apartments.

Installation Held By Pioneer Women

The installation of officers for the North Shore Club of Pioneer Women of Jericho took place last week at the Jericho Jewish Center. Starting its 14th year in the community, a review of the past years of achievement was presented by the past presidents of the club and their husbands.

Sylvia Wishner will be serving as President and Bobbi Soroka will act as Vice President. Others elected to office were Joan Cohen, Recording Secretary; Barbara Rubin, Corresponding Secretary; Yetta Parker, Treasurer; Pat Coniglio, Financial Secretary; Judy Cole and Sonny Flounz, Fund Raising; Phyllis Horowitz and Judy Solomon, Membership; Rina Miller and Dotty Miller, Program.

The North Shore Club is active the year round raising funds for Israel. In the Fall, the club will conduct its annual membership drive.

BULLETIN

Through the intervention of Councilman Ralph Diamond the Public Hearing on the proposed 970 Apartment complex in Jericho, originally scheduled for the morning of Tuesday, July 27 has been rescheduled for 8:00 PM so that more interested residents may have the opportunity to attend.

Public Hearing - Town Hall - Oyster Bay - Tues. July 27 - 8:00 PM

Syosset Board Of Ed. Holds Annual Meeting For Re-Organization

C. Nicholas Penna was elected President of the Syosset Board of Education at the annual reorganization meeting held at South Woods Junior High School on Tuesday, July 6th. At the same time, Mrs. Alice Willett was elected vice-president for the 1971-72 school year.

Joining the Board after election to trustee positions at the annual meeting in May were Mrs. Joan Davidson and Dr. Thomas Mader. Dr. Mader holds the seat held by former Board of Education President, Simeon A. Wittenberg, who was recently elected to the Board of Cooperative Educational Services and did not seek re-election to the Syosset Board. Mrs. Davidson was elected to the seat formerly held by Mrs. Elisabeth Babcock, who declined to seek re-election after school board service totaling forty-eight years.

Mr. Penna has been a member of the Syosset Board of Education for the past six years and had served for the last two years as vice-president. He is an executive with the New York Telephone Company and has been extremely active in school, civic and community affairs during the more than eighteen years in which he has been a resident of

Syosset.

Mrs. Willett is serving her fourth year as a member of the Board of Education, and is active in local, statewide and national educational activities. She served as president of the New York State Parent Teachers Association and has been named to a number of state committees studying children and education. She served as New York State representative to the recent White House Conference on Children.

In other action at the reorganization meeting the Board of Education voted the following appointments:

Mrs. Elizabeth Kappstatter as District Clerk; Mrs. Elizabeth Cheshire as Secretary to the Board of Education; Mr. James Farren as District Treasurer; Mrs. George Pratt as attorney for the school district; the firm of Sommerfield, Hermle & Schwartz as auditors for the school district; and Mrs. Shirley Dworkin as internal auditor for the school district.

The Syosset Tribune and Oyster Bay Guardian were designated as official newspapers of Central School District No. 2, Syosset, for the publication of official notices.

Youth Council Holds Coffeehouse Meeting

By Elaine Hauptman

On Tuesday, July 6th, the Jericho Council held its meeting at the new Coffeehouse located at George A. Jackson School.

Mr. Fink, the Council's Guidance Counselor, is planning several programs for the youth of Jericho. In the works at the present time is a group of youths who want to motor bike under Mr. Fink's direction. Also, many of the teenagers have suggested camping as a way to organize their summer recreational time. Another contingent is interested in starting a small craft factory where various crafts such as leathermaking, metalcraft, woodworking, and sculpture could be applied.

Mr. Fink feels that the Coffeehouse should be a meeting

place to get ideas of what the youth wants. No prearranged programs should be offered. The activities should emanate from the teenagers according to their own interests and needs.

One of the fund raising projects for the summer will be the recycling of newspapers. If you have newspapers, please contact Linda Abraham at 681-6855 who will arrange for them to be picked up.

A steering committee meeting will be held this week and the Council hopes to get a grant of \$2,000, to hire trained "volunteers" to help at the Coffeehouse. The Coffeehouse is open every Friday evening from 8 P.M. to 11 P.M. Every youth in Jericho is invited.

EAGLE AWARD: Scout Lee R. Weiss of Troop 172, Hicksville, receives certificate of merit from Oyster Bay Town Councilman Warren M. Doolittle upon his achieving the rank of Eagle

Scout. Sharing in the occasion are his parents, Mr. and Mrs. Irving Weiss of Jericho and Scoutmaster Stanley Woodcheke of Troop 172.

Tournament Play July 20th Aug Wedding For D Silverblank

Tournament play begins on Monday, July 19th for Little League Baseball and, for the first time, Jericho will field a team in the Major League section.

The Jericho entry, composed of boys 11 and 12 years old who participated in the Major League this season, drew a bye on opening night. The first game for the team will be on Tuesday, the 20th, 6 P.M., at East Meadow's Hearth Lane Field against Monday's winner of the game between Syosset South and Plainview East.

Jericho's 14-player roster consists of the following boys: Bobby Aldort, David Carol, Clark Chodes, David Ellenbogen, Clark Hamber, Robert Hirschhorn, Jeff Kranz, Robert Locker, Arthur Reine, Robert Reuben, Richard Rosenthal, Jonathan Sines, Robert Simins and Lou Wasserman. Team manager is Art Rosenthal; Howie Schultz is coach.

The Tournament schedule has

been drawn on the basis of single elimination with the district tournament (Central Nassau) being held the weeks of July 19th and 26th. The week of August 2nd is for section and sub-section play with division play scheduled for the week of August 9th. The week of August 16th will see region play, with the Little World Series set for the week of August 23rd in Williamsport, Pennsylvania, the home of Little League Baseball.

Wins Pet Show Honors

The 2nd Annual Pet Contest was held recently at Cantiague Park and for the second time in a row, "Laddie Lazarus" won first place for the most talented dog. Laddie also won 3rd place honors for best dog.

Loudly cheering Laddie on were owners Lisa (who helped Laddie with his routine) and

Mr. and Mrs. Irving Silverblank of 90 Birchwood Park Drive announce the engagement of their daughter, Darlene June, to Mr. Arnold Marc Berman, son of Mr. and Mrs. Stanford Berman of 331 Woodbridge Lane, Jericho.

Miss Silverblank graduated Magna Cum Laude from the University of Michigan in May of this year with a degree in Engineering.

Mr. Berman is studying medicine at Boston University Medical School. He plans to specialize in space medicine.

Plans have been made for a wedding on August 29th at the North Shore Synagogue in Syosset.

Keith Lazarus, Jericho residents. In the cheering section were: Marie Floccari, Harry Finkel, Philip Dinbohr and the Weinman brothers, Mark, Neal and Jay. Tricks performed by the canine contestants included jumping through hoop, dancing, etc.

HICKSVILLE AMERICAN LITTLE LEAGUE INC.

"AA" League

by Charlie V. Rollins

The time is 6pm, the place is Cantiague Park, field No. 3. The event—the 1971 All Star Game between the "AA" League All Stars and The Major League's Long Island National Bank. The game was no contest at all as LINB flew away with the game winning it by a score of 20-2. The outstanding plays or players are of no importance at this time. Although this was an official game and will go on record as such. The point of the game was to impress on the "AA" All Stars what kind of rough and ready team they will be facing next season in the Major Leagues. The boys in the Major Leagues are much faster. Their reaction to fast pick up and fast throws were amazing to watch. The cooperation and team work would equal any professional baseball game.

I have watched a lot of boys come up from B league to the "A" League to the "AA" League and on up to the Major League and the progress of these boys simply amaze me. It has to be due mainly to the patience and fortitude of their managers and coaches.

I want to at this time compliment the managers and coaches of all the teams of this season in the three leagues of a job well done. Remember win or lose your job was to teach sportsmanship and this you did very well.

And to the fans, it seems we always see the same faces every game. I want to say "Thank You" from all the boys and every one connected with Little League in Hicksville.

The next one I wish to thank "Our Sponsors" without whom their would be no Little League, we sincerely say "Thank You". I implore everyone to support our sponsors. Last but not least I wish to say a special Thank You to my

two able assistants Bob Cassagne covering the "A" League and Mike Pakaluk covering the Major League and I hope to work with these gentlemen next season. I enjoyed working with my fellow sportswriters....

I have been given the honor of being the scorekeeper at the tournament games for the All Stars of the Major League against the All Stars of Westbury League. The game will be covered by the Major League's favorite sportswriter Mike Pakaluk. Hope to see you at the game on July 19, at 6 pm. Instructions on how and where the All Star game is to be played. OPERATION V.F.W.

A piece of good news for the young vet, our resolution on housing has been approved by Dept V.F.W., and will be brought to the next Assembly session. This idea made lots of work for our Legislative Committee. Even if nothing comes of it, you have to be proud of this group, who put in lots of time and energy in trying to help their fellow vets. Of course we had a very able assist from our good friend and assemblyman Marty Ginsberg.

While on the subject of resolutions, Dept. VFW is trying to get one passed for the drug addicted Vet. It seems they receive discharges that are other than honorable. Our local, State and Federal authorities try to help civilians who are addicted, yet our young men who are serving our country, and in lots of cases, with their lives, are being condemned. Many were not in touch with this terrible thing before serving, and still they are condemned. It just doesn't sound right. Its possible that action will be taken to help these young men, and a good bet other organizations will be trying too.

From a recent issue of the Herald, the paper had pictures of two comrades serving with distinction at their particular work. Good old Artie Rettberg was presented a 20 year pin by

NC Administrative service, Artie is a long time member of our post, and not too long ago, a very active and helpful one. This other was Gigger O'Dell, oops, I mean Vern Wagner. He was reelected president of some long named funeral Assn. He had lots of plus signs in Community and organization activity. He looked so distinguished, almost didn't recognize him. He's so active, where does he get the time to bowl on Friday nights. Get him to tell you about the 278 game he bowled one night. Even woke Alice up to tell her about it.

We missed notifying you that Rita Aug was given an award by Dept. VFW in N.Y. for Community service. We know its quite an honor Rita, so congratulations. It wasn't an oversight, just heard about it too late.

An attempt is being made, to get the singing Boys of L.I. to go to Northport Hospital, to a ward party for the entertainment of these unfortunates.

Come on out to the next meeting and get acquainted.

Listen Veterans

NEWLY DISCHARGED
VETERANS are reminded that benefits under the GI Bill have varying deadlines. For some benefits, like insurance conversion, dental care, educational opportunities, certain periods of time following discharge have been set for applying. For other benefits, like compensation, pension, hospital care, there are no set deadlines. Newly discharged veterans will find it to their advantage to check on their individual deadlines for benefits. They can do so by contacting the local New York State Division of Veterans' Affairs counseling center located at 320 Old Country Road, Garden City.

HABITS ARE TOUGH TO
GET RID OF, especially if they are old ones. A good one for veterans to give up is that of riding the grace period on their GI insurance. This habit has caused many a veteran to find his policy has lapsed because he continually used up the grace period in paying his premiums and, when he forgot to make a payment, the grace period was

up. Result - lapsed insurance. Best advice in a case like this is to pay the premiums by the due date!

SELLING YOUR GI LOAN:
FINANCED HOME? If you are, then be sure you get a release from liability from the VA! You can get the release if the purchaser obligates himself by contract to assume all of the liabilities of your loan, and the VA is satisfied that he is an acceptable credit risk. Failure to get the release could complicate things for you should the purchaser default on the mortgage, placing the responsibility back on your shoulders.

MOBILE HOMES can now be financed under the GI Bill's home loan program. The maximum loan is \$10,000 for twelve years. Other terms and amounts are available to purchase a suitable lot for the mobile home.

Basketball Clinics

A series of Basketball Clinics will be held at Cantiague Park West John St., Hicksville. The times for them will be Monday, July 26, 7 PM, Wednesday, July 28, 7 PM and Monday, August 16, 7 PM.

Nursery School To Begin 7th Year

Good Shepherd Lutheran Nursery School, Plainview will begin its Seventh Year of operation in September. Serving parents from the communities of Plainview, Old Bethpage, Syosset, Woodbury, Hicksville and Bethpage, Good Shepherd will feature some newly installed equipment for the playground. A 26' diameter geodesic dome, capable of accommodating and developing the muscles of some 30 children all at one time, will be the most popular item to be enjoyed by the children.

A full program of preschool activities including materials designed to develop the visual perception and motor coordination of young children will be offered under the supervision of Mr. Rodney Schabel, Principal of the School. For information call 931-4220 or 931-3966.

HAD

HICKSVILLE
AGAINST
DRUGS
BOX 406, HICKSVILLE.

The HAD Program (Help-Aid-
Direction), the Hicksville drug
abuse and assistance group,
informs the HERALD of a
dangerous movement by heroin
dealers to dilute the drug with a
poisonous chemical.

This practice of diluting heroin
with a substance called
hydroquinone was started only
recently. USUALLY, A DEALER
WOULD "beat" the drug with
quinine powder, so that he would
reap more profit from his
"customers"-the addict on the
street. Quinine is a non-toxic, but
expensive substance.

The newly found dilutant,
hydroquinone, looks, feels and
tastes very much like the
previously used dilutant. The

reason it is being used is that it
sells for \$2.50 a pound.

Hydroquinone is a poisonous
chemical that is used to make
photographic negatives. It is
similar to benzene, and is an
ingredient in developing solution.

The New York Poison Control
Center states that only two grams
of dangerous hydroquinone when
injected, can be fatal.

A nickel bag of "dope" (costs
\$5.00) contains an average of one
and a half to two grams total
weight. Thus, only two bags of
heroin could give an addict a
fatal dose of hydroquinone.

The Editor of the HERALD was
informed by the spokesman from
the HAD Program that, "It's bad
enough that an addict can
eventually die from shooting

"dope". But when he or she in-
jects poison, about 90 per cent of
the volume of the bag of heroin,
into the bloodstream, the only
thing that can be done is to cart
that person to the morgue."

A fatal dose of hydroquinone
brings about immediate death to
the user.

The person from HAD
recommends that all addicts in
the Hicksville area be informed
by their friends of the poisonous
chemical possibly added to drug.

"We have to do something
about both the drug problem in
our town and also this disastrous
movement of adding
hydroquinone to "dope," he said.

Boating Accidents

"If more boatmen would ob-
serve a few simple safety rules
and be more courteous, accidents
and fatalities could be drastically
reduced," says Mr. Henry Hart-
mann, Safety Director, Nassau
Chapter of the American Red
Cross.

"Capsizing accounts for more
lives lost in boating accidents
than any other type of casualty,"
says the American Red Cross
safety director. Nearly 600
persons each year die as a result
of boats overturning.

Largest number of boating
accidents - more than 1,250 a year
- result from collisions with other
vessels. Common boating
courtesies would have prevented
many of these incidents.

"Best safeguard against
boating fatalities is to know how
to take care of yourself and
others who may need assistance
in the water," said Mr. Hart-
mann. "If we could make every
boater a good swimmer, we'd
eliminate the need for emphasis
on many other aspects of safe
boating."

SECOND TERMERS: John W.
Burke, who is a candidate for re-
election to his second term,
shakes the hand of Leo J.
Gugerty, whom Mr. Burke in-
stalled recently as second-term

president of the Plainview-
Bethpage Chamber of Com-
merce. Installation ceremonies
took place at the Andriens
Restaurant, Plainview.

Motorcycle Lights Must Be On

Motor Vehicle Commissioner
Vincent L. Tofany reminded
motorcyclists that they must use
their lights whenever they travel
on a public highway in New York
State.

Noting that motorcycle usage
is expected to increase after the
close of the school year, the
Commissioner called attention to
a Vehicle and Traffic Law
amendment which, since

January 1, has required that
every motorcycle display a
lighted lamp at the front and rear
even when operated during
daylight hours.

The lone exception under this
law are municipally owned
motorcycles when driven at
speeds under 20 m.p.h. for the
collection of parking fees or for
the enforcement of traffic
regulations.

**A word in private about
that itch you
can't scratch in public.**

It's jock itch. Jock itch is a fun-
gous infection.

That's why it keeps coming
back even though you've tried
all sorts of remedies, includ-
ing baby powders and salves.
They may be okay for dia-
per rash. But not jock itch!

Now you can get relief
with new Cruex®. A spray-
on powder specifically made
to fight jock itch.

Cruex spray soothes itchy,
inflamed skin. Cushions
against further irritation.
Cruex absorbs sweat (one

important factor in the growth
of Tinea cruris fungi).

Its medication directly at-
tacks fungi. That's why using
Cruex before and after athlet-
ics can stop jock itch before it
starts.

Cruex spray cools; gets
into hard-to-get-at places.
(And you don't make it sting
or burn by rubbing, dab-
bing, smearing or spreading
anything on.)

Cruex spray is easy on
you. It's strictly hands off.

"Big Name" Summer Concerts

A series of "big name" summer concerts to be offered free to the public at county parks was announced by Nassau County Executive Ralph G. Caso.

The programs, presented by the county's Office of Cultural Development, will include:

The Clancy Brothers, Monday, July 19 at Wantagh Park; Peter Nero, Friday, July 23 at Lakeside Theatre, Eisenhower Park;

All Star Jazz Festival (featuring Duke Ellington and other jazz greats), Sunday, August 29 at the Lakeside Theatre;

Lionel Hampton, Friday, Sept. 3 at the Lakeside Theatre;

The New Kingston Trio, Friday, Sept. 10 at the Lakeside Theatre.

All programs will begin at 8:30 p.m.

"Listening to great music under the stars is one of the true pleasures of summer and I'm

delighted that we can present such outstanding names to the public this year," Caso said.

In the playoffs for first place this week Students Bus took the first game 9 to 2. Local 1298 came back to win the second with a squeaker 4 to 3. However Students Bus was not going to be denied first place as they decisively bombarded Local 1298 in the rubber game 12 to 3.

MAJOR LEAGUE HIGHLIGHTS by Wally Collins

Herricks Oilers winners of the second half played Roberts Chevrolet winners of the first half in a two out of three series for first place for the season.

In game one Herricks beat Roberts Chevrolet 3-0 behind the shutout pitching of Tom Daly. Jimmy Johnson pitched good ball for Roberts had no offensive help from his team mates. Joe Fuchs and Tom McGrath played excellent defensive ball for Herricks. Tom Daly and Mike Palahnuk provided the key hits for the Herricks Oilers.

In game two Herricks came from behind to beat Roberts 6-3. Joe Fuchs out pitched Elliot Ross of Roberts for the victory. Tom McGrath again excelled

defensively for Herricks. Congratulations Carmine, Ed, and Jack on a splendid come from behind season and a well deserved win.

Howie Taylor president of the Hicksville Baseball Association and Major League Director Wally Collins announced the selection of the Hicksville National Little League Tournament Team.

The coaching staff consists of Art Torrellas as Manager, Lou Caporale as Coach, and Wally Collins as Business Manager.

The players are: Bill Bailey, Ron Collins, Steve Dileonzo, Kevin Fink, Joe Fuchs, Mike Manning, Bob McAuley, Tom McGrath, Doug Mizzi, Danny Mullin, Elliot Ross, Billy Schwartz, Girard Skacee, and Mike Torrellas. The following boys were picked as alternates and will play if one of the first fourteen boys can not make a game: Jim Bruckner, Karl Fisher, Jimmy Johnson, Cliff Ostrander, Greg Paulin, and Hank Williams. The first Tournament game is scheduled for 6:00 Tuesday July 20 at Plainview against Syosset North Little League.

Hearing Aid Batteries

State Tax Commissioner Norman Gallman announced that effective July 1, the sale of hearing aid batteries which are clearly labelled by the manufacturer for use in hearing aids will be exempt from New York State and all local sales taxes.

This exemption, Mr. Gallman said, does not apply to batteries of similar construction and voltage that are sold for use in electric watches, photographic light meters or any purpose other than for hearing aids.

Mr. Gallman said this action is an extension of the present sales tax exemption for hearing aids and their replacement parts.

ALAN SKOLNICK (L.) of Plainview shows his "baby" fingers to Steve Simels of Teaneck, New Jersey, during the first rehearsal for "Infancy," one

of three Thornton Wilder one-act plays to be presented at C.W. Post College at 7:30 p.m. July 22-24 and 27-31. Skolnick and Simels portray babies who "discuss"

their parents and their hangups in depth. "Childhood" and "The Long Christmas Dinner" complete the evening of Wilder plays.

Season Ends

Our regular season was finally completed when VFW defeated Gilson Knitwear to win the Major league title. It was interesting to note that in all three divisions of our league, no one team won both halves. This led to a very exciting and interesting season.

On Monday July 19, 1971, our Major league All Stars will play Westbury in the start of the Little League divisional tournament. The game will be played at the Heath Lane field at 6 P.M. Health Lane is behind the children's court just off Old Country Rd. in Westbury. We hope to have as many parents as possible attending our tournament games. Who-knows, maybe we will end up in the Little League World Series. According to Al Poggiali who will manage our all stars, we have selected a good hitting and fielding team. We wish them luck.

Our drawing for the bike and two free dinners took place during the AA championship playoff game between Gertz and Firestone. The lucky winners were Joseph Pizzo of Agway, who won the bike and Allen Roberts of Firestone who won the two free dinners at Iannone's Restaurant. Please return all uniforms as soon as possible to your manager or drop them off at 108 Wilfred Blvd. or 152 Ohio Street.

MICKEY ROONEY IN PRE B'WAY MUSICAL, "W.C." TO WESTBURY

Mickey Rooney stars as W.C. Fields in a new musical, "W.C." which co-stars Bernadette Peters and opens an engagement at the Westbury (L.I.) Music Fair, Tues., July 20-25. Tickets at the box-office & at Ticketron (212) 644-4400. For information, call 333-0533.

Showcase To Perform Two Free Opera Evenings

The Long Island Opera Showcase will present two free evenings of "Opera under the Stars."

On Saturday evening, July 17, at 8 P.M., "LA TRAVIATA" may be heard on the mall in Long Beach. The leading roles will be sung by Marilyn Kaplan, soprano, and tenor, Nino Mascolo. Wednesday evening, July 21, at 8:30 P.M., the Showcase will perform Strauss's comic opera, "DIE FLEDERMAUS", at the Bethpage Community Park, Stewart, Ave.

Bethpage. It will feature sopranos Mildred Pitchon, and Rhoda Kaplan; tenor Jack Pitchong, and Blaine Courtney, baritone.

Both productions will be staged and costumed, with full chorus and orchestra under the direction of Maestro Bernard Hart. In case of rain, they will be performed on the following evening.

We suggest you bring your own chairs or blankets, as seating is limited. For further information, call the Showcase at IV 3-8067.

International Nights Series

Nassau County Executive Ralph G. Caso announced that the third program of Eisenhower Park's International Nights series will honor Puerto Rico. The program will be held at the Lakeside Theatre on Monday evening, July 19, beginning at 8:30 p.m.

The performance, sponsored by the F & M Schaefer Brewing Company, will feature Los Muchachos De San Juan. Folk songs and dances which have evolved from the time when European civilization first influenced the inhabitants of the island will make up the program.

PAT CAREY, 18, of HICKSVILLE, has been selected as a finalist in the annual Miss No-Cal Contest during auditions held at the Travelers Hotel, Queens, and the Garden City Hotel, Garden City, L.I.
