International Night

Nassau County Executive Ralph G. Case announced that the fourth program of Eisenhower Park's continuing series of International Nights will highlight Japan, in music and dance. The program will be held at the Lakeside Theatre on Monday evening, July 26, beginning at 8:30 p.m.

The performance, sponsored by the F & M Schaefer Brewing

Company, features Fusako Yoshida, renowned Koto player (Japanese stringed instrument), Nobuko Shimazaki, traditional Japanese dancer, and Chieko Sakata, TV and stage star who sings in both traditional and operatic style.

Because of limited seating facilities residents are requested to bring their own beach chairs and blankets.

Gregory Museum Receives Historic Donations

History will live again at the Gregory Museum if some old-time residents have anything to say about it. Judging by the response to the museum's requests by Richard Evers, Jr., High Social Studies Teacher, and Kenneth Barnes, Hicksville Library Director, both Co-chairmen of the Historical Committee of the Gregory Museum, for the donation or loan of objects relating to the community's past, glimpses of bygone times will be a regular feature. Several hundred people had a chance to view some of the Historical Donations at the Open House Held at the Old Court House-new home of The Gregory Museum, following Flag Day Ceremonies at Kennedy Memorial. An interested group is looking at old newspaper clippings and photographs of Hicksville, as well as building plans and pictures of work done. Some generous benefactors of donations are Milton Levitt, donating a set of leatherworking tools owned by the Late Ben Levitt, his father, who founded Hicksville auto upholstery business; Miss Gertrude Wettaraer, retired Departmental Chairman of Social Studies of Hicksville High School, who has promised materials which relate to her father, the Late William Wettaraer's Sewing Factory, first in Hicksville in 1910; Mrs. Dorothy Fricke of Hicksville and Mr. and Mrs. Edward Becker of

Hempstead offered two fine collections of large photographs of economic life in Hicksville at the turn of the century; one photo is of the Bach Blacksmith shop now part of the Restored Village of Old Bethpage; Mrs. George Mill of Hicksville offered a large 1925 Aerial View of Hicksville's houses, and tailoring equipment of Late father Conrad Duerr, tailor shop in 1905; and Pastor Stammel of the Trinity Lutheran Church made available reproductions of the treasured pictures of the earliest Church Congregation in the community; Mrs. Olga Hoebel donated Indian Artifacts from the Manetto Hill area and other items which belonged to her late husband, Louis Hoebel; Mr. and Mrs. James Hennessey are making available some Real Estate Developers' Advertisements of the development of the East Street Area of the past. If you have any historical items which you would like to loan or donate for display in the new home of the Gregory Museum contact either Mr. Evers or Mr. Barnes at the Gregory Museum or the Hicksville Public Library. Many donations of money or materials for building is needed to carry through on the heating and air-conditioning work to be done at the Museum, if you can help call Ov 1-6041. Reduced Budget To Be Presented

by Shirley Smith

The Board of Education voted to eliminate \$611,161 from the 1971-72 proposed budget which was defeated June 8. This reduction will cut the tax rate increase from 87c to 36c per \$100 assessed valuation.

Responding to a memorandum from Board president, Thomas Muratore, instructing Administration to come up with a \$500,000 reduction in the budget, Superintendent Abt outlined portions of the budget where expenses could be curtailed and where new monies had become available.

1. A reduction of \$50,000 due to a drop of 25 students attending BOCES

2. BOCES receipts totalling \$294,161 more than had been anticipated.

3. An agreement with the HCTA to relax some contractual agreements possibly volunteer curriculum work for 1971-72, resulting in a \$150,000 savings to the district.

4. \$47,000 reduced by cutting substitutes' pay from \$40 a day to \$35 a day (state education law no longer requires that substitutes be paid a percentage of the base salary)

5. \$50,000 cut from debt service, due to decrease in interest rates.

6. \$30,000 taken from retirement, due to reduction in substitute pay.

During discussion of the proposed cuts, Mr. Abt listed other areas in which cuts could be made, but added he didn't recommend these.

1. \$175,000 by selling bonds on the Junior High construction rather than using tax anticipation notes. Although this would be a savings for the taxpayers in the immediate future, it would eventually cost double, due to interest rates over a long period of time.

2. By changing the policy of

requiring a three months reserve of all necessary educational supplies, \$150,000 could be cut from the budget. However, this might leave the district short at some critical time. Also, if suppliers were to go on strike, delay in securing supplies could pose a hardship.

Mr. Muratore asked if the HCTA membership would go along with any changes in contract agreed to by their negotiating team, Administration and the Board. James Baker, HCTA treasurer, stated the members had given the team authority to discuss changes, but final authority would rest with the members who would have to vote in September. Mr. Baker said he felt reasonably sure that the vote would approve recommended changes in order to reduce the budget.

Trustee Neil McCormack didn't think the Board should go ahead and count on the \$150,000 cut in the teachers' contract. He moved that the budget be reduced by \$400,000. There was no second and Tom Clark's motion for the \$611,161 reduction passed, Mr. McCormack voting no.

During the public's portion of the meeting, in which each person was kept to a three-minute limit by Mr. Muratore's egg-timer, Mrs. Tom Carton asked if the "new curriculum" being printed at Lee Avenue School had been approved by the Board. She was concerned that the material involved individualized instruction and eliminated the tracking system. Mr. Abt reported that the curriculum, now being printed, has been in the process of revision this past year. It is not new curriculum but updating of the current material. This curriculum, copies of which the Board has received, will not go

into effect until approved by the School Board. The printing (reproducing from stencils) was being undertaken now so that copies would be available - if copies had to be made for the Board members, then more could easily be printed at the same time. Revisions can still be made. Later in the meeting the Board gave approval to Administration to continue running off copies of the curriculum revisions.

Barbara Rosman, president of the High School PTA, read a letter from a recipient of one of the PTA's scholarships. The student related his progress at college and praised his educational background at the High School, which had made possible his success, thus far. Mrs. Rosman stated she hoped our school system would continue to make such letters possible.

The Board decided to postpone decision on the data processing contract with BOCES, which will cost the district \$100,000 (73 per cent of which is reimbursed by the state) for the 1971-72 school year. After some discussion as to the quality of the services performed, primarily dealing with payroll, Mr. McCormack moved to accept the contract. The motion was defeated by a tie vote, since all motions require four votes to pass. Voting yes: McCormack, Zindulka, Pappas. Voting no: Bello, Clark, Muratore. Mr. Kershen was not at last Tuesday's meeting. The Board will discuss the contract at a later meeting, after studying it some more.

Registration dates for the August 10 vote are Wednesday, July 28 from 10 a.m. to 8 p.m. and Wednesday, August 4 from 10 a.m. to 8 p.m. Budget hearing is Tuesday, July 27 following the Board meeting, at 8 p.m. in the High School auditorium.

Supt. Donald Abt Honored

The Superintendent of Hicksville Public Schools, Mr. Donald F. Abt, was honored at a luncheon on July 21, by the Lutheran and Catholic school administrators of Hicksville. The luncheon took place at Murrant's Seafood House in Hicksville.

Mr. Abt was presented with a plaque for his efforts in promoting a spirit of friendly cooperation among all of the schools in Hicksville.

Making the presentation to Mr. Abt was Dr. Richard H. Engebrecht, Superintendent of Schools for the Lutheran Missouri Synod Schools and Rev. Patrick J. Young of Holy Trinity Catholic High School. Dr. Engebrecht was formerly principal of Trinity Lutheran School in Hicksville.

Mr. Abt has served in the Hicksville public schools for some twenty years. He was both an elementary and high school principal, and later became assistant superintendent. For the

past ten years he has served as Superintendent of Schools.

Mr. Abt noted that, "During the past twenty years, the schools of Hicksville, both public and religious, have experienced tremendous expansion. I feel privileged to have been able to assist in this remarkable growth. I am particularly pleased that with all of the problems associated with such growth, we have been able to maintain a fine spirit of cooperative friendship with the religious schools of the district."

Hicksville C of C Urges Action On Triangle Plan

The Directors of the Hicksville Chamber of Commerce, in a special meeting July 16, 1971 considered the "Triangle Plan" as presented by the TOBAY Planning Advisory Board to the townspeople of Hicksville in two public assemblies. The Directors, with certain reservations, concur in the overall aspects of the report, in its original text.

The Chamber Directors make note of the fact that the final report of the Hicksville Citizen Advisory Committee for

Transportation and Development has never been released. They believe that the release of such report is essential in making a complete evaluation of the plan as advocated by the TOBAY Planning Advisory Board. For the best interests of Hicksville, it is suggested that the most desirable features of both these studies be incorporated in any final proposal.

The Hicksville Chamber of Commerce desires to cooperate with the Town Board and its Planning Advisory Board in their efforts, but time is of the essence to Hicksville. It is imperative that proposals both aesthetically pleasing and economically sound, affecting the Hicksville "Triangle" be presented without delay to the Town Board for final affirmative action.

SPOT Members Polled

SPOT members are being asked to vote for or against the Hicksville Triangle Plan, plus a suggestion to bring the Oyster Bay Town Hall to Hicksville. A lengthy letter, plus eighteen questions and correct answers, for the information of all paid-up SPOT members, was mailed early this week, in order that this organization may take a stand based on a membership vote.

Mr. Emil Immesberger, president of SPOT, suggests that members all read over the information and, mail in their vote on these important matters to 175 Scooter Lane, Hicksville.

Members were also urged to read the Master Plan - copies of which are available at the Hicksville Library and at the Town Hall Annex on Broadway. Votes should be in by July 24th. Man and wife each have one vote.

Win Third Place

The St. Ignatius Girl Cadet Corps of Hicksville traveled to Lynn, Massachusetts this past week from July 15th to 17th to participate in "The World Open Drum and Bugle Corps Championship" along with 93 other corps from the United States and Canada.

"We are very proud to announce that our girls placed third in the All-Girl Contest. The girls will put on an exhibition at their Pageantry in Brass show this coming Saturday night," said a spokesman for this fine Cadet Corps.

Supervisor JOHN W. BURKE.....REPORTS

The preservation of the suburban way of life that all of us enjoy in the Town of Oyster Bay is the foremost objective that shapes the policies and programs of your Town government. It is our prime responsibility to administer and control every aspect of land-use and development so that it reflects the real desires and needs of the community.

The primary means used by the Town Board to implement this policy are the zoning ordinances and the building codes. With zoning, certain land uses are reserved for specific areas to assure community stability and orderly development.

These are the tools with which our suburban environment is maintained; however, like any tool, it requires a mechanic skilled in its use and blueprint for him to follow in order for the tool to be used to its fullest potential. Our craftsmen are your Councilman on the Town Board, and their blueprint is the master plan now being developed by the Planning Advisory Board with the assistance of a professional planning consultant.

The Planning Advisory Board, incidentally, is composed of nine Town residents who have demonstrated a sincere interest in the future of the Town and serve without compensation.

The master plan is your plan; and, therefore, it must embody the thoughts and needs of all of the citizens. This was so emphatically demonstrated at the recent town meeting in Hicksville where the Planning Advisory Board presented its proposals for that community's central business district. Strong objections were voiced to several

sections of the plan - particularly those dealing with excessive building heights and residential densities.

Accordingly, I am recommending to the Town Board that these portions of the plan be revised to conform more closely with the wishes of the people. Based on the suggestions that many of you took the time to give me following the meeting, I am recommending that housing densities be reexamined, and that commercial development be limited to five stories.

This meeting exemplified the most essential element of the planning process: the maximum participation of the citizens involved.

Planning is essential to insure continued intelligent management of our valuable natural assets. Your active participation in its development will assure its success.

TOWN NOTES: To assist local recycling drives, the Town is offering free decals of the recycling symbol to display on doors or windows of the homes of those residents willing to participate in local drives collecting paper, aluminum or glass. Interested groups should contact Environmental Control Director Dave Matrici at 921-7347.

Our task force to Albany on the equalization rate fight was complimented by the State Board on its presentation. We expect to have a decision on this matter before the end of the month.

I'm gratified to report that 10 high-ranking State and Federal officials are backing the Town in its efforts to acquire the 43-acre, surplus Nike base in Brookville for open space.

Dear Mrs. Noeth:
As you know, the Hicksville Rexall Drug Store, which I owned and ran for the past twenty years is permanently closed and we are out of business. We are retiring. At this time I'd like to publicly thank all the loyal and wonderful customers whom it has been my pleasure to serve for these many years.

My wife and I will still be Hicksville residents although our plans for the future may include some traveling.

The years and Hicksville have been good to us and we look forward to our retirement among our friends and neighbors.

Sincerely,
Murray Racheelson

Dear Editor:
It would be most helpful if this newspaper could list what residents can do to help in the fight against pollution.

For example, where in our area, can we deposit our newspapers, bottles, aluminum cans, etc.

There must be others who feel as much in the dark as I do.

Is there any indication that the town of Oyster Bay is considering a recycling program?

Yours faithfully,
Mrs. Camilla Thompson

(Editor's Note: We checked with Town Authorities...although they do not have a recycling program at the present time, if you call them at 921-7347, they'll be glad to let you know the nearest places to you where this is being done.)

Dear Editor:
We live in an era where so much good is taken for granted that I wonder whether or not we have forgotten how to show appreciation? I would like, therefore, to take time out and thank our Superintendent, Mr. Donald Abt, our other Administrators and our teachers. The cooperation and dedication of our school family, at this most crucial time, enabled our Ad-

ministrators to present to the people of Hicksville, a reduced school budget without affecting our children's educational programs. That took sacrifice and team work! Thank you all for a "job well done".

Sincerely,
Adele Weiss

AN OPEN LETTER OF THANKS TO SUPERINTENDENT ABT, THE ADMINISTRATION AND OUR TEACHERS:

As a parent, concerned with the education of her children, and as a taxpayer concerned with ever rising taxes, I wish to thank publicly Mr. Abt, his staff, and our teachers. When the school board instructed the Superintendent to come up with a \$500,000 budget reduction, my fear of educational sacrifices outweighed the pleasure of a tax reduction.

I am happy to say that after much deliberation and with the cooperation of our teachers, the budget has been reduced by \$611,161.

Thank you again, Mr. Abt, for reducing my taxes but not the educational standards of Hicksville schools.

A grateful parent,
Mrs. Irwin Skolnick

Hicksville Board of Education
Administration Building
Division Avenue
Hicksville, New York 11801
Gentlemen:

I am afraid you have made several mistakes and misinterpretations of my reporting and my letter.

I am not employed by the Mid-Island Herald. The "Meet Your Neighbor" column which I write with Mrs. Skolnick is done without remuneration. The "Herald Report" on July 8, was done also without pay and done by me only because the regular reporter was out of town. Obviously you have confused what I hope was a straight job of

reporting in the column with a letter to the Editor which was very personal, indeed.

I am truly bothered by your selection of one local newspaper for the very reasons stated by Mr. Morgan in an editorial note below your letter. I do not defend any one newspaper, only the wisdom of using any one newspaper (and this statement was not in my letter, but reported as Board action in the column).

Sitting with one's back to another person is rude and obviously the Board saw something wrong in such an arrangement since it has been changed. It would be interesting to know just which of you sat up all night, planning such important matters in order to conduct business in a professional manner, such as furniture arrangement. And was the purchase of a 3-minute egg-timer considered a "contingent" expense made with the taxpayers' money?

I did not say the "Board" did not want a public budget hearing. I said that Mr. Muratore seemed not to want one. He stated, again, on July 13, that it was "not necessary".

I believe you had better take seriously all residents of Hicksville since you represent us all. It is not up to me to publicly invite people to meetings, but up to you, the Board of Education. Personally, I think everyone should witness what transpires, including the professionals who have bent to the tune of over \$200,000.00 to help reduce the budget.

Lastly, I would be curious to know just which members of the Board are responsible for the letter to me, since no names were signed. Was a vote taken to instruct the secretary to send a reply, or is this another example of "railroading"?

Yours very truly,
Barbara S. Roeman

The U. S. Postal Service on July 1 marked the 100th anniversary of establishment of free city delivery service with a record of more deliveries to more Americans than ever before. Postmaster General Winton M. Blount reported today.

Mr. Blount reported that during the 1971 fiscal year, just closed on June 30, city delivery services were provided for more than one million additional residential families and 38,000

more businesses.

Today, there are about 134,000 delivery routes - business, residential and mixed business - operating out of 8,389 post offices, serving an estimated total of 52.5 million families and nearly 5 million businesses - an all-time record for city delivery services, he noted.

The 100th anniversary of free city delivery on July 1, 1971 - coincident with the official start on July 1 of the U. S. Postal Service under its newly reorganized status - recalled the inauguration of this service on July 1, 1863, under legislation signed March 3, 1863, by President Abraham Lincoln.

A Cleveland Post Office window clerk, Joseph W. Briggs, is credited with conceiving and helping to push through to completion the first city delivery system, and Cleveland was among the first cities receiving the service.

Historical accounts indicate Mr. Briggs was inspired to crusade for free city delivery after seeing long lines of women outside the Cleveland Post Office in the early 1860's waiting in the

snow to receive mail from husbands away fighting in the Civil War.

During the Civil War period, on November 1, 1864, the Postal Service also instituted the postal money order system, largely to provide Union soldiers with a safe means of sending money home.

Rural delivery service did not come along until October 1, 1896, although pressure for this service began to build among rural residents, as an indirect result of Mr. Briggs' efforts, when they saw city dwellers getting the service.

Rural delivery service - observing its 75th anniversary on October 1, 1971, also has established new records of service. Today, more than 11,000,000 rural families are served over rural routes - another all-time high.

Under liberalizations of rural delivery standards, ordered by the Postmaster General last year, more than 300,000 persons who formerly had to travel to the post office to get their mail have now received rural carrier delivery for the first time.

The hair as well as the hair can often be trained properly through the use of a brush.

From Your Congressman

James R. Grover, Jr.

Those who feel that the nation is safer when Congress is in recess will be able to breathe a bit easier next month because the nation's lawmakers will be taking their annual month-long vacation. Not too long ago, when the world and the nation moved a bit slower, there was no such thing as an August recess because Congress would have

gone home for good by the end of June.

There will always be complaints about Congress - that it's moving too slow or that it's proceeding too quickly. This corner feels that it's barely moving at all and that our high hopes in the wake of Congressional reform legislation approved last year have simply

not been realized.

It's our hope that the Democratic leaders, whose majority controls the working of Congress, will get back to the grass roots during the August recess. This Congressman gets home each week and has heard some plain talk from the people of this district about problems and solutions. But the Democratic leadership in Congress doesn't get that opportunity and maybe the trip back home will bring it face to face with realities and end the lag which has stalled action of so many administration proposals.

This August recess is a good thing for the health of Congressmen but it may also prove to be a great thing for the health of the country.

At the Library

In April 1971 the Hicksville Public Library inaugurated a new service to the community - Art Prints on 4-week loan. Through the Nassau Library System the library borrowed 30 prints from the Hewlett-Woodmere Library Art Print Department for a two month trial period. The project was so successful that by the middle of June we had to request 30 more to satisfy Hicksville Library borrowers. Now the library has purchased 12 framed Art Reproductions of our own to be

loaned out on the same basis. The art prints are loaned the same as books. Reserves can be made in advance on any print that is not available at the time. The reserve list will be filled as soon as the prints are returned by the previous borrower. The prints that the library has acquired are all beautifully framed and range from Rembrandt to Picasso. All the patrons of Hicksville Public Library, if they wish can now have a magnificently framed masterpiece in their home for four weeks at a time. Come in and browse through our selections and make a note of what picture you can hang in your home. Only one picture may be borrowed at a time. From time to time the library will add more prints to the collection, until that time when we can supply all you are interested without too much of a delay.

Army Private Jimmy A. Ujvari, 24, son of Mr. and Mrs. Charles A. Ujvari, 56 Alpine Lane, HICKSVILLE, recently completed an eight-week hawk missile crewman course at Ft. Bliss, Tex.

He learned all phases of the firing and tracking systems of the Hawk, which is an intermediate-altitude missile designed to intercept supersonic aircraft at tree-top level.

Midshipman Robert G. Bickard, son of Mr. and Mrs. Edward Bickard of Two Cottage Blvd., HICKSVILLE, is now undergoing three weeks aviation induction training at the Naval Air Station, Corpus Christi, Tex.

His training includes actual flight training in the T-34B "Mentor" aircraft, orientation flights in the multi-engine TS-2A "Tracker" and TF-9J "Cougar" jet.

He is one of 25 Midshipmen from the Naval Reserve Officers Training Corps Unit at the University of Colorado at Boulder.

James D. Stephenson, son of Mr. and Mrs. Clyde R. Stephenson, 58 Salem Road, HICKSVILLE, has recently completed the first increment of Officer Candidate School (PLC) United States Marine Corps at MCB Quantico, Virginia. Within this program he will continue his studies at St. John's University, Jamaica.

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Organizational, community and general interest news should be submitted typewritten or printed, double-spaced, in duplicate. Either drop off or mail to Editor, 13 Millpond Street, Jericho. Deadline for insertion - Monday noon. Telephone WE 2-1925.

Apt. Hearing Scheduled Tuesday Night, July 27; Large Turnout Is Urged

Tuesday, July 27 at 8 P.M., is the time set for the Town Board's hearing of the request to downsize 68 Jericho acres for a 980 apartment complex, Long Island's largest. The evening scheduling was arranged by Ralph Diamond, Town of Oyster Bay Councilman and Birchwood Civic Association board member, to permit full community participation.

At its meeting on July 20, the Board of Directors of the B.C.A. reiterated its support of its original stand that this hearing should not be held until the master plan for Jericho is available for study. Only in context of this master plan, it is felt, can the impact of the development be estimated by the community. The apartments would add approximately 2700 people, about 20 percent, to the population of the Jericho School District. Student population would be light, however.

Ralph Diamond, in a letter to the B.C.A., has stated that he will do everything in his power to hold

the Town Board's decision-making until after the master plan is presented. However, it is felt by many that the public hearing, preceding the appearance of the master plan, eliminates the community from intelligent participation in the zoning decision.

At the invitation of the Birchwood Civic Association, representatives of several community organizations joined the B.C.A. board members on Tuesday, July 20, to establish a viewpoint consensus. Attending were citizens from the West Birchwood Civic Association, Oakwood-Princeton Park Civic Association, Westbury Greens, Jericho Park, Post Homes, Cardinal (East Hills) and Brookville Taxpayers. All agreed to encourage community attendance and to support the view that the hearing is premature, that an opportunity for expression of a community viewpoint should be allowed after the master plan is presented to the community.

Frankel-Zeger Wedding

Miss Sheryl Lynn Zeger, daughter of Dr. and Mrs. Jack Irving Zeger of Port Jervis, New York, was wed to Paul Jay Frankel, son of Mr. and Mrs. George J. Frankel of 26 Fountain Lane, Jericho, in Temple Beth El, Port Jervis, by Rabbi Dr. Henry Katz, on June 12th.

The bride, given in marriage by her father, wore a gown of imported silk organza and Venetian lace styled with an Empire waist. She carried Lilies-of-the-Valley and carnations.

Miss Stephanie Cuddeback of Port Jervis, a classmate of the bride, served as Maid of Honor. Miss Alice Frankel, sister of the groom, and Miss Gaby Schneider of Jamaica, N.Y., cousin of the bride, were bridesmaids. They each wore matching pale yellow chiffon gowns and carried wicker baskets of daisies and wildflowers.

Lee Frankel, brother of the groom, served as best man. Ushers were Robert Gardner of Devon, Pa., and Boyd Doty of Washington, D.C., both classmates of the groom, and Joel Zeger and Brian Zeger of Port Jervis, brothers of the bride.

After the ceremony, a reception was held at the Flo-Jean Restaurant, Port Jervis. The newlyweds then left for a honeymoon in Ochos Rios, Jamaica.

The bride is a graduate of Russell Sage College, Troy, N.Y. The groom, a graduate of Rensselaer Polytechnic Institute, Troy, N.Y., is an electrical engineer at Bell Telephone Laboratories, Whippany, N.J. He is studying for his master's degree at Stevens Institute of Technology, Hoboken, N.J. The couple will reside in Parsippany, N.J.

Youth Council Starts Recycling Project

The Jericho Youth Council has begun a recycling project. All old newspapers, bottles, cans and magazines will be picked up at your home and brought to a recycling plant.

You can arrange for a pickup by calling Mike Leshin at 681-7228 or Barry Kornblum at 681-3556. The more you have to pick up, the happier they will be.

Jericho Library Keeps Residents Informed of Latest Occurrences

Here are the up-to-the-minute happenings at the Jericho Public Library:

(a) Parking Property Acquired on July 8th

(b) Final Plans for New Building Approved by State on June 29th

(c) Construction Bids Set to be Opened August 3rd.

Meanwhile, the following services are currently available:

(1) Library Service to Continue during Construction

(2) Summer Hours in Effect

(3) Summer Reading Program Under Way.

PARKING AREA

With the community's affirmative vote on May 5th, the Library Board immediately set in motion the acquisition of the property behind the Library for its new parking facility. Fortunately, the Library Board and School Board did not have to institute lengthy and expensive condemnation proceedings. The Library's attorney negotiated an outright purchase. On July 8th the land became School District No. 15 property, the School Board taking title for the Library for a sum well within the amount permitted by the public vote in May.

Bids for the construction of the parking facility will be sought at the same time as those for the new library building.

BUILDING PLANS

On June 29th, the State Education Department in Albany gave final approval to the building plans submitted by the Library's architects, Bentel and Bentel. Mr. Fred Bentel himself "shepherded" the plans through the Department that day. With this final approval, the School Board has been able to advertise for bids from contractors. The

advertisement appeared as of July 12th.

OPENING OF BIDS

On August 3rd, the School and Library Boards will meet jointly in the Speech and Drama Room of Jericho High School at 5:15 P.M. to open the contractors' bids for construction of the new Library Building and for the parking facility behind it.

LIBRARY SERVICE DURING CONSTRUCTION

The Library Board has decided not to move the present temporary structure from its current site during the new Library's construction period. Current costs for moving the temporary building, preparing a different site, and re-establishing the structure on the new foundation far exceed estimates received last year for the same work.

Therefore, a number of changes were made in the structural and site plans for the new building so that the foundation could be placed several feet behind the present building, thus making it possible to retain the temporary building on its present site and give the community uninterrupted service during the construction period.

SUMMER HOURS

During July and August and up to September 6th, the "summer schedule" for the Jericho Public Library will be:

Monday	10-9
Tuesday	10-5
Wednesday	closed
Thursday	10-9
Friday	10-5
Saturday	closed
Sunday	closed

As of September 6th, the Library will resume its regular schedule: Saturdays from 10 A.M. to 5 P.M., Sundays from 1 p.m. to 5 p.m.
