

Hicksville • Jericho

VOL. 24 No. 32 Thursday, August 19, 1971 COPY 10c

Summer Vandalism At Hicksville Schools

Once again, the Hicksville Public School System wishes to bring to the attention of students, parents, taxpayers and all concerned citizens, the condition of the schools in this district. This summer there has been much defacing of the exteriors of the elementary schools, many windows have had to be replaced, (185 panes in one school alone), and the constant removal of dangerous litter from school grounds has taken much more time than should normally be allotted for this task.

Although the actual cost of summer vandalism has not been established to date, it is expected to be considerable.

Taxpayers are again to be

reminded that State legislation provides that the parent or legal guardian of a child over ten and less than eighteen years of age, shall, if such child willfully, maliciously, or unlawfully damages or destroys property owned or maintained by another, be held liable for such damage. The Hicksville Board of Education adopted a resolution earlier this year enabling them to recover the cost of damage - up to \$500 caused by vandalism.

It should also be noted that the monies used for the replacement and repairs of damages could be spent for items that would provide further educational and enjoyment opportunities for all residents of Hicksville.

HICKSVILLE SCHOOLS: Just one section of many broken windows at the Fork Lane School is shown here, top picture; panes have been replaced temporarily

with Plywood. In the bottom picture, shows where it once said Dutch Lane School. Letters have been removed, broken or destroyed completely.

VISITS SEATTLE

Navy Petty Officer Third Class Franklin S. Hamilton, son of Mrs. Doris R. Youngman of 25 Ketchum Ave., HICKSVILLE, is serving aboard the USS Vega which recently visited Seattle, Wash., and participated in the 22nd annual "Seafair" celebrations.

Eight other U.S. Navy and five Canadian Navy Vessels were Seattle's guests of honor during the four-day festivities which included parades, costume balls, water events and music festivals. Hamilton is a graduate of Hicksville High School, Hicksville.

"Proper Growth Impeded"

Citizens Advisory Committee Issues Statement

At a recent meeting the Hicksville Citizens Advisory Committee for Transportation and Development which is made up of the following members, Chairman Kingsley Kelley, Messrs. Peter Fallon, Pierre Charbonnet, Edward Morris, Henry Brengel, Sr., Thomas Braun, Louis Siegler, Girard Trotta and Harold Holden.

The Committee issued the following statement:

"The Hicksville Citizens Advisory Committee for Transportation and Development keenly regrets the apparent rejection by the Oyster Bay Town Board of the suggestions made by this non-partisan group appointed in 1968 and the Board's dismissal of most of the major recommendations made by the Town's Planning Advisory Board. These two separate studies, conducted with the assistance of two separate professional planning groups have both pointed out the need for housing, revision of the height restrictions to provide for 8 story maximum buildings in the downtown area, improved transportation and parking, and other changes in the triangle designed to assure the most advantageous development during the inevitable economic and social pressures of the next 20 or 30 years. Both studies incorporated proper safeguards designed not only to preserve open green space but to enhance both green space and aesthetics, thus maintaining and increasing a realistic suburban appearance.

"Watered Down" Version
The Advisory Committee firmly rejects the watered down version of these suggestions as

most recently proposed by the Town Board. We think the Board ignores both economic facts and human needs of residents of all ages in both Hicksville and the Town. The housing needs of Senior Citizens and young people have been well documented and will not be answered by the cry of "no more Jamaicas". The railroad station is here to stay and high speed transportation is already in its early phase meaning that the area will be more of a transportation center than ever, bringing increasing numbers of commuters to Hicksville and generating demands for office buildings, residences and parking convenient to the rail facilities. A golden opportunity is here for orderly development of this small but significant area if intelligent, courageous and realistic planning is forthcoming from community leaders. Instead we have a proposal that provides for buildings only 10 feet higher than presently permitted and is saddled with a requirement that substantially all parking be within structures. Yet no provision has been made to provide parking on an area-wide basis.

"Sloped Zoning" Concept

"Our plan provided for a mix of land uses geared to the existing availability of mass transit. It provided for 8 story buildings close to the station primarily for offices, but with retail occupancies on the first floor. The plan also permitted housing in these structures as well as garden apartments on the periphery. It was the intent to slope the zoning away from the station both in intensity and height to be compatible with the surrounding single family residential character further removed from the station. By providing bonuses for the assemblage of property and

permitting combination of office, retail and housing, the parking needs would be reduced and the aesthetics accordingly improved. Economically, it is estimated the area could be assessed as much as 20 million dollars compared with the present approximately only 8.7 million dollars total assessment, this considerably broadening the tax base.

Growth Potential Destroyed

"The plan advocated by the Town Board, can only result in more problems for Hicksville. If developed in this manner only the small, unimpressive and low valued building will be built with more than half of each site devoted to parking thus allowing little or no green space. The pressure for prestigious housing and office space will continue to occur in Jericho, Syosset and Woodbury away from any form of mass transit. As long as land is continually rezoned in these areas, Hicksville with its new restrictions will continue to be devoted to its most recent growth-small office structures, auto dealers, gas stations, inns, pancake houses and commercial use of existing residential structures.

"Growth will occur in any case, the question is whether it will be the proper kind and in the proper place. Hicksville is more likely to further deteriorate and become another Jamaica without proper planning than with such planning.

"After three years of intensive study developing two independent reports that reached the same basic conclusion, the Town Board has essentially abandoned this work and instead in approximately one month have come forth with a proposed zoning that has no basis in economics, land use, transportation, or history-only personal emotions appear to have been considered."

Silent Screen Classic Series

On Wednesday, August 25, the Hicksville Public Library will screen the last of the Silent Screen Classic Series for the season. The presentation will be the fabulous Rudolph Valentino in "Blood and Sand" co-starring Lila Lee and Nita Naldi. This film was directed by Fred Niblo in 1922.

Valentino attained fame and popularity that no star has exceeded since. His graceful gestures and his sultry-love-making endeared him to women audiences. More than forty years since his death there is a cult of Valentino admirers who still pay homage on the anniversary of his death (many of whom were not yet born when he died).

This last offering of the Hicksville Library Film Series is really "topping the cake". We do, however advise you to come early to get a seat, the other three film programs played to capacity crowds.

BOCES To Graduate Practical Nurses

Three Hicksville girls will graduate August 9 from a two-year practical nursing course given by the Nassau Board of Cooperative Educational Services (BOCES).

Patricia Guerra of 27 Willets Avenue, Jane E. Logan of 17 Rover Lane, and Jane Niemczyk of 27 Ketchum Avenue, all of whom graduated from Hicksville High School in June, have trained with BOCES, on a part-time basis, for the past two years. They attended classes at the BOCES Northeast Area Center, Syosset, and took 1200 hours of clinical training at Central General Hospital, Plainview. Miss Niemczyk received an award as an outstanding student in the BOCES program.

The three girls and 45 other graduates will receive their practical nurse pins in a can-

died ceremony August 9 at Westbury High School, Westbury at 8 p.m.

Speakers will include Dr. William T. Callahan, executive officer of the BOCES, Frank J. Wolff, BOCES assistant superintendent for occupational education, and Bertran F. Wallace, BOCES supervisor of occupational education.

Pins will be presented by teachers from the four occupational education centers at which the girls trained: Mrs. Rosemary Proulx, Northeast Center; Mrs. Joan Grimaldi, Northwest Center; Miss Dolores Chrapek, Southeast Center; and Mrs. Louise Gilbert, Southwest Center. Music will be furnished by "The Strangers," a BOCES student group under the leadership of Mr. Richard Lagnese. The public is invited.

The Brillboard

JERRY BRILL

On Friday, I walked into The Potpourri Sportswear shop in Merrick to buy a gift. It's a ladies' place.

"Hi," said the pretty gal.

"Hello," said I. I hardly knew her!

"Can I help you?" she asked.

"Yes," said I, "I'm Jerry Brill and I'd like a present for my aunt."

"I'm Terry McGuire," she said, "and what did you have in mind?"

Pretty smart remark for Merrick, thought I.

"Not Dick McGuire, the

basketball great's wife?" I asked.

"That's right," she said.

"Well," said I, "what have you got in a hoopskirt?"

"Hoopskirt?? They're not wearing them anymore!" said Terry, "but this chain belt would be nice!" She pivoted like her husband.

"A new customer came in and asked her a question. I was being picked off. I called to another salesgal. 'You there, number 40, where is the sale section?'" A forward question. "Is all this stuff on sale?" I asked Terry. She nodded.

I liked the slacks. I asked the price. She told me. I didn't really like the slacks.

I moved to the tennis slippers. I liked a tennis slipper. I asked the price. She told me. I liked the tennis slipper.

"You seem to favor the merchandise here," she said. It was in the rear near the courtyard.

"Guess that's why they call me a good back court man!" I said.

She smiled condescendingly.

I brought the tennis slipper to her. Terry went behind the desk and into the key. She stayed 24 seconds!! "This slipper is permanent press," she said. "I guess we might say in here that it's an all court press. Heh Heh," I said. She had been patient.

So, Terry McGuire, wife of the Knick great, wrapped my present as the buzzer sounded ending the sale.

She passed it over to me and I left — and alas — the game was over!!!

THE SOCIETY SAUCE — Sat stopped in West Hampton at THE PATIO where the atmosphere is early '40s. Dancing and good food here. Also landed at THE YARDARM where lotsa pretties and their fellas bivouac 6 fathoms deep at the bar. At VIRGIL'S in Port Wash. Thurs. nite. Piano bar is fun... THE OUTRIGGER in Freeport same nite with wall to wall people including South Shore jeweler GUS FRANZESE quick snacking the pu pu platter...

AFTER INSTRUCTION at Eisenhower County Park's baseball clinic, seven year old CRIS Delardi of Hicksville posing with Yankee outfielder Felipe Alou. The clinic was held on June 28 and was sponsored by the Getty Oil Company. 3,500 Nassau youngsters showed up for the event.

Accident Reports

The following accident reports for the local area have been released by the Second Precinct, Woodbury:

Aug. 10-12:20 p.m.-Automobile accident occurring at Newbridge Rd. at Duffy Ave., Hicksville, involving cars driven by Printafillos Karignius, of 10 Seymour Lane, Hicksville, and Virginia G. Daley, of 2 Admiral Lane, Hicksville. The accident happened as the Karignius car was travelling south on Newbridge Rd., turning left onto Duffy Ave., and the Daley car was travelling north on Newbridge Rd. Injured and taken to Central General Hospital were Printafillos Karignius, laceration of the nose; and Virginia Daley, possible fracture of the left arm.

Aug. 11-12:45 p.m.-Automobile accident on Old Country Rd. at Jonathan Ave., Hicksville, involving cars driven by Frederick G. Barning of Key Biscane, Florida, and Constance Kraus of 24 Cedar St., Syosset. The accident occurred as the Barning car was travelling west on Old Country Rd., and the

Kraus car was travelling west on Old Country Rd., stopping to make a left turn into Jonathan Ave. Injured and taken to Central Hospital was Stefan Kraus, abrasions of the head.

Aug. 11-2:25 p.m.-Automobile-pedestrian accident occurring in the private parking area of the Great Bear Tire Co., on N. Broadway, Hicksville, involving a car driven by Walter McDonald, of E. Northport, and a pedestrian, Denny Schluck, of 1131 So. Broadway Hicksville. The McDonald car, while backing up in the parking area, struck the pedestrian who was crossing the lot. Denny Schluck was taken to Syosset Hospital.

Aug. 15-12:55 p.m. Automobile accident on Rte. 495, 3/4 of a mile south of South Oyster Bay Rd., Syosset, involving cars driven by Walter Meneses, of Dobbs Ferry; Denise D. Herb, 18 Bishop Lane, Hicksville, and Ronald J. Frisch, of Bayport, N.Y. The accident occurred as the Meneses car was slowing on Rte. 495, to allow vehicle access to the parkway, was struck in the rear by the

Herb car, which in turn was struck in the rear by the Frisch car. All cars were eastbound. Injured and taken to Syosset Hospital were Donald P. Cook, of 16 Washington St., Hicksville, a passenger in the Herb car, possible neck injury and abrasions of the left arm; Denise Herb, possible neck injury and contusions of the right elbow; Joan A. Frisch, lacerations and contusions of the knee and legs, contusions of the forehead; Stacey Ann Frisch, possible concussion; Walter Meneses, contusions of the neck and shoulder; Celeste Meneses, possible neck injury.

Aug. 16-11:50 a.m.-Automobile accident occurring on Birchwood Park Dr. and Village Dr., Jericho, involving cars driven by Ellen Lefton, of 10 Mellow Lane, Jericho; and Ileen C. Meltzer, of 236 Martin Dr. Syosset. Both cars were travelling east on Birchwood Park Dr., when they were in collision. Ileen Meltzer was taken to Syosset Hospital with multiple lacerations of the chin and legs.

Tobay Sponsors Law Career Seminar

Town Attorney Bernard F. McCaffrey announced that the Town is sponsoring two seminars on "Careers in Law."

"With the rapid rise in applications to law schools throughout the country, it was felt that a seminar to explain the many facets of a law career would be helpful to high school and college students alike," McCaffrey said. The seminars, the first of their kind on Long Island, will be held at 8:00 PM at the community centers at Syosset-Woodbury Community Park on Wednesday, August 25, and the following evening, August 26, at Marjorie R. Post Community Park, Massapequa.

Speakers from various departments in Nassau County and Oyster Bay Town govern-

ments will discuss their fields of specialty. The seminars are free, McCaffrey said, and open to anyone interested in a law career.

The program includes discussions on consumer protection law by a representative of the Nassau County Consumer Protection Agency, poverty and the law by an Economic Opportunity Commission representative, members of the Town Attorney's office on environmental law and public service, and municipal and regulatory law by a member of the County Attorney's staff.

A question and answer period will follow each presentation.

McCaffrey, a specialist in municipal law, will be moderator at both sessions.

Happy Birthday

Carol Rozek, goes to Hicksville Junior High School and will be celebrating her birthday on August 31.

Stephen Rozek, her brother, will be celebrating his birthday on August 29. He is in the Navy,

on the sub-tender, U.S.S. Howard W. Gilmore, stationed in Key West, Florida.

He will be going to service school in Charleston, South Carolina, for training in fire fighting and then hopes to be home on leave on the end of the month.

Dear Friends ...

OVER FIFTEEN HUNDRED residents of Hicksville School District 17 are angry enough to petition the Commissioner of Education for the removal of the present Board of Education. They feel that being elected to any office in our Country is not a carte blanche to do whatever one wishes without intelligent reasons and without informing the public of these reasons.

THIS BOARD OF EDUCATION (with those who voted "no" excepted) apparently feels that they have this right. Therefore, they should expect such a reaction from all residents who disagree with this dictatorial, unAmerican stand.

IT IS DOUBTFUL that this petition will be successful, in my opinion. But it should at least give these members of the Board of Education of District 17 second thoughts as to the methods they are using to continue this unexplained course of action they are pursuing so blindly.

AN ART SALE to benefit the United States Olympic Team, is scheduled for Saturday, Aug. 21 from 11 a.m. to 9 p.m. and Sunday, Aug. 22 from 11 a.m. to 5 p.m. at 5 Essington Lane in Dix Hills, which is off Exit 50 of the LIEX or, phone 643-7285 for further details. Original lithographs, signed, numbered by such artists as Chagall, Picasso, Dufy and Miro, are available at unbelievably low prices. Don't miss this sale.

Don't forget the vote on several small propositions on Aug. 24th at the regular Plainview polling places. These small amounts will help to avoid a complete austerity budget which this district will otherwise have to operate on.

Until next week, stay well, and, if you can, keep your cool.

Sincerely,
Sheila Noeth

HIGH TIMES: Scott Scialdone, 6, of 210 Cottage Blvd., Hicksville, and Oyster Bay Town Councilman Warren M. Doolittle share a good time on the Sky Ride at Adventurer's Playland, Farmingdale. Scott was one of

the youngsters in the Town's recreation program for the handicapped who participated in the annual outing provided by the management of the amusement park.

Supervisor
JOHN W. BURKE

REPORTS

Of all the solid waste disposal problems facing our municipalities today, one of the more obvious is the abandoned car. Although the junked or abandoned car is only a small portion of the solid waste discarded by the public, the sheer mass of each vehicle makes it a prominent eyesore along our streets and highways and requires special equipment to remove it.

Even more important, abandoned vehicles restrict normal traffic flow and have a dangerous fascination for children. They are also a potential fire and explosion hazard and attract an unsavory element as a source of plunder.

Faced with this growing nuisance, the Town instituted an abandoned car program in April, 1970. Since then, over 500 junked cars have been removed from roads and vacant land in our community through a cooperative agreement with a

private salvage firm. Recently, the Town purchased its own wrecker, which has considerably expedited this service. In most instances abandoned cars are removed within 48 hours of notification to Oyster Bay Town's Department of Public Works, after clearing this operation with local police authorities.

The new wrecker is specially equipped to handle both towable cars as well as parts from stripped vehicles left behind. After picking up the abandoned car, the Town's wrecker delivers it to a local salvage firm for recycling as metal scrap. This program not only eases the burden on the Town's own disposal facilities, but also contributes to the solid waste recycling concept.

If this blight has hit your neighborhood, call the Department of Public Works at 921-7447 giving the location and condition of the abandoned vehicle.

TOWN NOTES: The Town's Department of Public Works is currently developing plans and specifications for a number of new parking facilities in the communities of Locust Valley, Bethpage and Massapequa, plus the refurbishment of two parking fields in Hicksville.

I want to publicly commend the many Town employees who worked far into the night last week after heavy rain storms flooded the basement of Town Hall to a depth of 6 feet.

Despite the beautiful summer weather we are currently enjoying, plans are already underway for the winter ice hockey and ice skating instruction programs conducted by the Department of Recreation at the Syosset-Woodbury, Bethpage and Marjorie R. Post Community Parks. More detailed information should be available at these locations after September 1.

LETTERS TO THE EDITOR

Dear Editor:

The factual presentation of reporter Shirley Smith, on the happenings at the Hicksville School District 17 board meetings is helpful and appreciated. The facts of the matter appear to be such, that the charges leveled at the Board of Education are much too mild. More specifically the demands by Mr. Muratore and Mr. Clark of a retraction of Mrs. Rosmans remarks, coupled with a threat of non-cooperation directed at the Hicksville High School P.T.A., smack of blatant blackmail. Their behavior stands comparison with the likes of Stalin, Hitler and Mussolini.

As to Mr. Fetta's charge contained in his letter to the editor regarding the politizing of the community, he has drawn the right conclusion but for the wrong reason. The School Boards in temperate and dictatorial behavior are by far the most effective force in the process of politization of the Hicksville residents.

I am also glad that Mr. Fetta is not teaching math in our district. Math being a logic science, one salary plus one salary add up to two salaries, no matter what tortuous reasoning he wishes to use.

I am saving the clipping of Mr. Fetta's letter to the editor and am hopeful that the Editor will see fit to rejoin the letter alongside the new-tax rate six months hence. The newspapers have already carried the story of the virtual

nonexistent growth in the Nassau tax base.

Sincerely yours,
Herbert Klein

Dear Editor,

I am one of the many Hicksville citizens who are asking how this new "economy-minded" school board will attempt to justify paying the equivalent of two Superintendents salaries.

Mr. Fetta says this is a "good question" for the uninformed. I find that after reading his letter of Aug. 12 I am still uninformed as to why this new board "found it necessary to change the duties of the Superintendent". That is the key question which no one seems willing to answer, and the public has a right to know! Why are we being forced to pay two salaries for essentially the same job? I wonder how long it will take for even the most faithful followers of the group in the driver's seat to begin to suspect that we are all being used to finance a personal vendetta.

It is more than possible that in the long run some of the "economies" being touted by the present board majority and their mentors will prove to be false economies for which we will all pay more. Proponents of the present board's actions most conveniently fail to mention that when Hicksville previously applied for "supplemental tax

rolls" it resulted in a loss of money due to the cost of double assessment and loss of subsequent state-aid. This was explained by both Mr. Abt and Mr. McCormack at the board meeting, and even caused one majority member to have pause for thought. However, since instructions to the present board majority evidently do not cover "What to do in case you have an independent idea" they plunged ahead in a blind block.

Supposed surplus cut from the budget will be conspicuous by its absence from future budgets in the income-producing column. It will not be available to offset the sure rise in our taxes as a result of the revised equalization rate. Finally, thousands and thousands of dollars claimed as "cuts" from the budget were windfalls which would have come to our district as income no matter who or what sat on the Board of Education!

Those of us who disapprove the present board's actions have been characterized by Mr. Fetta as "disgruntled".

Wrong word, Mr. Fetta...it's "disgusted".

Norma Dagna

Editors Note: A letter we received from former Board Member Marvin Goldberg will appear next week. Sorry, but our typing staff is sadly depleted due to vacations, and this interesting letter wasn't typed.

Builders Training Course

The 25th session of the Builders Training Course of the Long Island Builders Institute will get under way on October 5, it was announced by Richard D. Shoenfeld of Huntington, President of the LI.B.I. At the same time, Mr. Shoenfeld announced that Leslie L. Lowey, P.E. of Great Neck will serve as director of the course for the 13th consecutive year, more than half of its length.

Shoenfeld said that he was especially gratified that Mr. Lowey will again be able to serve as the "Dean" of the course, because it has made its greatest

advances, both in scope of the subjects covered and in enrollment, under his leadership.

The Builders Training Course, which has won national recognition in the form of an award from the National Association of Home Builders, and which has served as a prototype for similar courses sponsored by other builder associations throughout the country, encompasses 105 hours of instruction by experts in a variety of fields recruited mainly from the members of the Institute. There are 35 evenings devoted to the course, with three

hours each evening, during which two subjects are discussed.

To date, Mr. Shoenfeld noted, more than 1000 persons have taken the course, and many of them are active in the residential building field on Long Island, elsewhere in the metropolitan area, and in more distant locations. Registration for the course is now open, and interested persons may have a brochure with complete details as to subjects and lectures on request from "Training Course" Long Island Builders Institute, P.O. Box 278, Hempstead, N.Y. 11551.

State Motor Vehicle Commissioner Visits Human Resources Center

State Senator John D. Caemmerer (East Williston) and Vincent L. Tofany, Commissioner of the Department of Motor Vehicles of the State of New York, visited Human Resources Center, in Albertson, last week.

Purpose of the visit was to discuss with Human Resources Center President, Dr. Henry Viscardi, Jr., problems of transportation of the physically disabled, and the need for establishing a Center as a state and national resource of information, advice and training for the disabled in adapted driver education. This would include a conference with the New York State Department of Motor Vehicles, the Department of Transportation, and others interested in rehabilitation to determine needs, the collection of data on present resources, the development of adapted driving instruction curricula, and recommendations and goals regarding the evaluation of programs, vehicles and equipment for the handicapped.

Human Resources Center conducts a school for some 200 disabled children, a non-profit work facility for the handicapped adult, and a training program. All of them travel to the Center each day either by public transportation, on specially designed buses, or in their own cars.

Tofany and Caemmerer, who serves as Chairman of the Joint Legislative Committee on Transportation, were particularly interested in the types of busing available for the handicapped, and the degree of

PROBLEM: State Senator John D. Caemmerer, (left), and Vincent L. Tofany, Commissioner of the Department of Motor Vehicles of the State of New York observe a physically disabled student being secured in an adapted school bus at Human Resources School. The purpose of their visit was to discuss

problems of transportation of the disabled and possible solutions with Human Resources President, Dr. Henry Viscardi, Jr.

She is one of the 200 severely disabled youngsters who attend Human Resources School in Albertson, and who depend upon special buses for transportation to and from the School each day.

safety which could be provided to each disabled individual riding in such a vehicle.

The Center has recently completed the designing of a new adapted school bus. Built to hold fifteen wheelchairs and eight, ambulatory disabled pupils, the bus will have a chassis similar to that of a standard fire engine, and will be fully equipped to provide a smooth and safe ride.

Caemmerer has recently been developing proposed legislation

which would regulate training procedures and requirements. Viscardi is former chairman of the Committee on Transportation of the President's Committee on Employment of the Handicapped, which created a design which could make subways accessible to the disabled.

CD Auxiliary Police To Serve

All units of the Civil Defense Auxiliary Police in Nassau County have been asked to report for duty at the Mid-Island Shopping Plaza in Hicksville on Labor Day on the occasion of the parade and drill of the Hicksville Fire Department.

Policemen will assist the County Police Department in maintaining traffic control and public safety during the event. The Fire Department parade and drill traditionally draws large crowds of spectators. The Auxiliary Policemen will work with the 2nd Precinct of the Nassau Police Department and will report in at 8 a.m.

When your feet need protection on the job, buy a pair of Herman safety toe shoes.

They feel as good as they look.

Dance Program To Start

Nassau County Executive Ralph G. Caso announced the start of a major dance program to involve young people in the arts.

"The programs offers young dancers the opportunity to participate in a coordinated, professional program," Caso stated. It will be developed in three phases under the auspices of the Nassau Office of Cultural Development and its director, John Maerhofer.

The Nassau County Dance Company will initiate the program with a series of auditions at the Hofstra University Playhouse on August 22 and September 19. Registration begins at 10 a.m. Competitors will be judged by a panel of dance personalities and

selected dancers will participate in the Professional Performing Ensemble, as well as a new apprentice program.

The County Dance Company is comprised of three groups - the Professional Performing Ensemble, the Apprentice Training Program and the Junior Dance Company. Starting next month, the Professional Ensemble, will give fifty performances in county schools.

The apprentice program will consist of compulsory classes followed by a three-hour workshop in classical repertory taught by Andre Eglevsky.

Additional information may be obtained by contacting the Office of Cultural Development at 535-3044.

Road Improvement Contracts Approved

Contracts totaling \$115,736.50 have been awarded by the Town Board for road improvements in Hicksville, Town Councilman Warren M. Doolittle announced.

One contract, in the amount of \$36,839, was awarded to Cal Construction Corporation of Copiague for the installation of gutters, curbing and pavement along West Barclay Street between West John Street and Marion Street. The project, currently underway, is slated for completion by late September.

Another contract for

\$78,897.50 was awarded to Amfar Asphalt Corporation of Kings Park for paving and curb installation on Cherry Street between Newbridge Road and Lantern Road. Work is expected to commence this week and is scheduled for completion in October.

The contracts were awarded to the qualified low bidders upon the recommendation of Gerard P. Trotta, Commissioner of the Department of Public Works, and George E. Kunz, Superintendent of Highways for the Town of Oyster Bay.

MOBILE HOME: Nassau County Executive Ralph G. Caso, center, greets Daniel O'Neill, assistant director of Topic House, the county's residential drug treatment and rehabilitation center at Mitchel Gardens, at today's opening of a mobile home that will be used as a medical facility. Looking on is Charles McGowan, Topic House director. Eleven other mobile homes that will house addicts in the program also were opened.

Old Time Country Fair

In June the Hicksville Public Library announced an "Old Time Country Fair" to be held on Friday and Saturday, September 24 and 25 in the library auditoriums. So far the entry applications returned have been very satisfying. We have entries in all the important categories, however the more entries there are, the more competition there will be for the contestants. Closing date for entries is August 27. There are more applications available at the library and on the bookmobile. Materials to be judged must be in the week of September 20. The prizes to be awarded will be blue ribbons, red ribbons, and honorable mention. The baked goods and the jams, jellies and candies will be sold at the Fair. The proceeds from the sales will be given to the Library for a special fund. The Hicksville Homemakers Council is co-sponsor of the Fair and is helping with all the planning and the setting up of the booths. Mrs. Helen Hannah, this year's chairman of the group, and Mrs. Terry Gallagher, her very able

assistant, are two of the ladies who are doing so much in planning this event for the library.

We are planning many surprises to the fair-goers. We hope to have a display of antique cars on loan to us from a member of the Hicksville community who has several of these rare and valuable cars. We also will have a display of memorabilia on loan to us from the Long Island Historical Society pertaining to all the home-making equipment used by our ancestors here in Nassau and Suffolk counties. All in all this "Country Fair" promises to provide us with a bit of local history as well as fun for the entire Hicksville community.

If you have any hand-crafted articles or plants or needlepoint or embroidery or beading or weaving or prize cakes or bread specialties — or any of the old-time homerecrafts that you are proud of, enter them in Hicksville Public Library's first "Country Fair," and see how many ribbons you can come home with. See you at the Fair!!!!

Christian Science

Man's right to insight and wisdom will be brought out Sunday at Christian Science church services.

"If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him." This Bible promise will open the Responsive Reading, "Mind" is the subject of the Lesson - Sermon.

From Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will be among those read: "A knowledge of the Science of being develops

the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms. It raises the thinker into his native air of insight and perspicacity."

First Church of Christ, Scientist, Levittown, 80 Bellmore Road, holds services at 11:00 AM. All are welcome

"Discovery" Is Theme

At Holy Trinity High School

The 1971-72 school year at Holy Trinity diocesan high school will feature an exciting idea. For the first time anywhere in the New York area, a school will focus its entire curriculum around the student-centered "Discovery" program in religious education. This concept, relatively new to the eastern part of the country, places the emphasis on letting students learn for themselves how they can best relate to God. The school will utilize a special schedule in which each student "takes" religion once a week for a two-hour period.

St. Ignatius Fair

A "Gay 90's" theme will be featured at the St. Ignatius Fair on Friday, Saturday and Sunday, August 27, 28 and 29 at the St. Ignatius R. C. Church, on Broadway near E. Nicolai Street.

Amusements will include rides, refreshments and games of skill.

New Plan For Small Investors

A new plan which enables the small investor to buy high-interest paying corporation bonds was announced by a Syosset securities brokerage firm, Preston Pumphrey & Co. The plan is similar to the popular monthly investment plan of the New York Stock Exchange which is limited to stocks.

The Preston Pumphrey & Co. plan is for the purchase of American Telephone & Telegraph Co. 8 3/4 per cent bonds due May 15, 2000. The minimum investment is only \$50.

While bonds have paid high interest rates in recent years, the small investor has been largely excluded from this market because most bonds sell in large denominations. The Preston Pumphrey & Co. plan lets the small investor buy a fraction of a bond and accumulate the fractions until he has one or more full \$1000 bonds. Interest is paid by AT&T twice a year, May 15th and November 15th, and the investor may either compound his in-

Temple Sponsors Open House

On Monday evening, August 23rd at 8:00 p.m., Temple Beth Elohim, a Reform Jewish congregation located at 926 Round Swamp Road, Old Bethpage, will hold an "Open House" for the unaffiliated residents of our area. The Temple, commencing the 17th year of service as a religious institution in the community, has recently undergone an extensive building expansion program and offers a full range of religious, cultural,

educational and social activities to meet the needs of all members of the family. This evening offers an ideal opportunity to have your questions answered concerning Reform Judaism and affiliation. Interested families are invited to attend the Open House or call MY 4-4544 for further information or for information regarding cards of admission for unaffiliated families to High Holy Day Services.

Obituaries

Ernest Janowitz of HICKSVILLE, died on August 15. He is survived by his wife Helen, and one sister.

Services were held by the Thomas F. Dalton Funeral Home and Mass of the Resurrection was vestment by reinvesting the interest or have a check sent to him.

A free pamphlet about this plan is offered by Preston Pumphrey & Co. 75 Jackson Avenue, Syosset, New York 11791

at St. Ignatius R.C. Church. Interment was at Long Island National Cemetery.

Frieda Robrecht of PLAINVIEW, died on August 16. She is survived by her son Adam and grandchildren Adam Robrecht, Jr., and Christine.

She reposed at the Henry J. Stock Funeral Home in Hicksville and religious services were held that following Wednesday.

Interment was at Plain Lawn Cemetery in Hicksville.

Polo at Bethpage

Brookville and Westbury will stir things up on the polo field at Bethpage State Park on Sunday August 22nd, Frank Mortimer, John Greenleaf, Alan Corey III and Fred Zeller the Brookville four-Ted Brinkman, John Gayer, Ted Shapiro and John Whittemore the Westbury quartet. No matter how the teams line up the sparks will fly in all directions.

Swinging along without a hitch the game between Locust Valley and Sands Point on August 15th ended thirteen to nine for Locust Valley, individual silver trophies donated by Le Pavillon, a fine restaurant on East 57th Street in Manhattan, going to the victors. Due to the absence of two of the scheduled players the teams were re-aligned to provide better balance—John Whittemore, John Gayer, Russell Corey and John Greenleaf lining up for Locust Valley-Bob Lubash, Tom Monaco, Dave Rizzo and Fred Braunstein for Sands Point, the jet action bouncing back and forth as both teams made for the goal posts. With never a dull moment throughout Corey, six goals to his credit, pounded in

three of them in two and a half minutes in the fourth chukker while Rizzo turned this trick in three and a half minutes in the fifth, his total matching Corey's. Gayer and Greenleaf added to Corey's six but it was a four way winner for Locust Valley and an all-around great game on both sides.

Games begin at 3:30 P.M., admission \$1.50 and free to children under twelve accompanied by an adult, the youngsters "having a ball". Watching a polo game at Bethpage State Park is what it takes to give a Sunday afternoon a special punch, excitement coupled with relaxation and fun for the entire family. There are special stands for seating, a lovely grassy area to loll about and a game where horse play added to man's ability gives that zing that no other sport displays, a togetherness that makes polo one of the greatest sports in the world. And with the cool loveliness of Bethpage State Park surrounding the field what better way to take a Sunday break?

Supervisor Burke, Purcell's Radio Guest

Local government will be the topic when the "Viewpoint" microphone focuses on an exchange of ideas between Oyster Bay Supervisor John Burke and Hempstead Presiding Supervisor Francis T. Purcell. The program is slated to be aired on Sunday morning, August 22, at 11:30 over

radio station WGBB 1240 on your AM dial.

The discussion, between the two veterans of local government, will focus on some of the problems that are facing their towns, including solid waste disposal, capital projects and town-wide planning.

HELPING TO KEEP AMERICA BEAUTIFUL: In June over six million members of the Boy Scouts of America went to work on a single anti-litter project to focus attention both nationally and locally on cleaning up litter across our Country.

Here are some pictures of local scout activities. In the upper left hand picture Pink Panther Patrol Leader First Class Scout Jim Flynn with Second Class Scouts Kevin McCabe and Asst. Patrol Leader Frank Guzzone all of Hicksville Troop 172, are preparing evening chow. In the upper right hand picture we see the Scouts of Hicksville Troop 378 cooking evening chow. Note the well-stocked food box in right background.

In the center left hand picture Second Class

Scout Alan Fred prepare french fries for boys in Hicksville Troop 378. In the center right hand picture Life Scout Rob Michaels, on the right instructs Paul Smith and Tenderfoot Raymond Morris (with log) in "Knife and Axe" at Muttontown National Preserve (Troop 421, Hicksville.)

In the lower left hand picture, Second Class Scout Frank Occhiogrosso of Troop 423, Old Bethpage, enjoying his own hamburger after helping clear firetrail at Muttontown Nat. Preserve. In the lower right hand picture, let us have Second Class Duncan Brown with Scouts Steven Sangesland, Alan Ehl and Kevin Osterberry, all of Plainview Troop 593, preparing fuel and fire pit for evening chow.

Hunter Safety Training Program

Nassau Police Commissioner Louis J. Frank today announced that county police will conduct a certified Hunter Safety Training Program, beginning on August 19. The New York State Conservation Law requires hunting license applicants to take four

hours of instruction in a certified hunter safety program before hunting licenses can be issued. Hunters are exempted from this requirement only when they show proof that they previously held a hunting license in New York State or in another state.

Persons interested in taking the course must complete application blanks and register before attending the course. Applications for the Hunter Safety Training Program can be obtained from any of the eight county police station houses, and at the Reception Desk, Police Headquarters, Mineola.

Classes will be conducted at the Nassau County Police Outdoor Range, Weir Street, Hempstead, on: August 19; September 2, 16 and 30; October 14 and 28; and November 4. Each class will begin at 7:15 P.M. and continue for four hours. Every student

enrolled in the program must attend one four hour class and pass a test before receiving a certificate.

Instruction will be conducted by members of the county police Firearm Training Bureau, all certified by New York State as Hunter Safety instructors.

Hunter Safety instruction will cover proper handling of firearms; causes of firearm accidents; Conservation law, nomenclature of rifles, shotguns and ammunition; sight alignment; sight picture; the ten commandments of safety; unloading firearms; care and maintenance of firearms and ammunition, and finally, the Hunter Training Student Test.

Applicants are reminded that they must complete the application form and pre-register before reporting for class.

Bicyclists - - Know Your Rules Of The Road

Every year hundreds of boys and girls across the nation are killed in bike accidents and in the vast majority of bike-car collisions the youngster, not the driver, is at fault, Don Costa, safety director of the Allstate Insurance Companies points out.

In four out of five cases the cyclist has violated a law or traffic rule. Most often the youngster was killed because he mistakenly took the right of way, made an improper turn or disregarded a stop sign or traffic signal. Other causes include riding in the center of the street, on the wrong side of the street

facing traffic or carrying passengers.

Allstate's safety director reminds parents that in most states bikes are governed by the same laws as motor vehicles, and riders are required to obey traffic laws.

Bikes should match the size of their riders and should be adjusted properly, Costa advises. Generally, the small 20-inch wheel fits the 5-7 age group; the 24-inch wheel is designed for 8-10 year olds; and the standard 26-inch wheel is for anyone 11 or older.

The Villager

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Organizational, community and general interest news should be submitted typewritten or printed, double-spaced, in duplicate. Either drop off or mail to Editor, 13 Millpond Street, Jericho. Deadline for insertion - Monday noon, Telephone WE 8-1965.

FLASH - The Villager has learned that as a result of the efforts of Councilman Ralph Diamond, the continuation of the garden apartment application will be adjourned to November 16th. The hearing will be held in both the day and night. Councilman Diamond made the recommendation to the Town Board in order to give the public and the civics a full opportunity to review the Jericho master plan, before reaching a decision as to its recommendations of the garden apartment application.

Members and Pupils Sought By Temple

Temple Or Elohim, 18 Tobie Lane, Jericho, a reform congregation, reminds all unaffiliated families in the Jericho - Syosset - Hicksville area that it is now accepting new members and religious school registrations.

Mal Ratner is Chairman of the Membership Committee and he has requested the cooperation of current members of the Temple in recommending prospects for new membership. For further information, call the Temple office (433 - 9888) or Mal Ratner (WE 8 - 9679).

Opening School Dates and Registration:
 Tuesday, September 14th - 4:30 - 6:30 P.M.
 Thursday, September 16th - 4:30 - 6:30 P.M.

Pioneer Women Bowling League Has Openings

The Jericho Club of Pioneer Women will again sponsor a Winter Bowling League. The ladies will bowl at Syosset Lanes on Monday afternoons, starting September 13th.

There are still a few vacancies and anyone wishing to bowl should contact Iris Press at 681-8155 for further information.

Gutter Ball Gossip Goes Mixed

By Herb Mahler

Here it is in the so called, good old summer time and our mixed league is in action again. The faces are mostly the same, but there are some new ones to add a little spice to our Mondays.

If you asked me who is in first or last place at this moment, I cannot in all honesty tell you. As for myself, it's walking the length of the alley recounting a week - end or golf game with various friends.

For our wives, however, it's a different ball game. It's what is known as a night out. This comprises not cooking at home because how can the little women prepare dinner and be ready to bowl by nine? Then it's the fashion show. What can she wear that is new and different?

It's practice time, but she is still saying hello to the same friends she was on the phone with two hours before. It's her big moment. If she makes the spare then we win. In the gutter again; does the pain in my stomach show in my face?

If, in the course of the game you try to help your mate, it turns out that you are picking on her because, after all, she is trying the best she knows how. Now that you have learned your lesson the hard way, and do not make any comments on her missed or lost spares, your trouble continues. What's the matter, don't you care how I do? You tell all the other wives where to stand, what about me? In the words of Joan of Arc as the flames grew higher, "Who needs this?"

In all the confusion, the announcement comes over the loudspeaker, Mrs. Zoloshitz just bowled her first 175 game. Pandemonium has broken loose. Her friends shout their delight and run over to extend congratulations. Her dutiful husband, who on the way to the alley has had a hot argument, now considers her a combination of Elizabeth Taylor and an Olympic star. With this one game, his chest expanded 6 inches, her cooking became gourmet, and his home became a symbol of order.

Have you ever considered the value of a quarter these days? In our inflationary times not much, but in the bowling alley it is worth its weight in gold. It's these quarters that start the adrenalin flowing in the veins of the "Action Boys". Sam Springer, Doc, Goldenberg, "Mr. Goodness" Mr. Marks, Herb Mahler and the axis of it all, the frantic furrier, Irv. Simes. To take it all, which adds up to a dollar creates the same feeling David must have felt as he knocked Goliath out of the box. It's a sight to see the vultures gathering as Irv finishes his last game.

If, in all this, I have failed to mention the political discussions that

(Continued on Page 6) -

New Happenings At The Jericho Youth Council

By Elaine Hauptman

Many exciting events took place at the Jericho Youth Council's meeting on Thursday evening, August 12th.

Our Council was invited to participate in a town-sponsored Youth and Government Committee. Eleven Youth Councils from various Nassau towns will be involved in this project which will receive a grant of \$11,000 from the Narcotics and Drug Administration. This grant, hopefully, will act as a preventative measure and will involve the town's youth in various constructive projects.

A youth leader between sixteen and twenty-one years of age will be chosen to represent each Youth Council. This representative will act as a liaison between the Town of Oyster Bay and the Youth Council. He or she will be paid by the town and will be expected to work anywhere from two to ten hours weekly.

The first project to be undertaken by the Jericho Youth Council is to improve the aesthetic appearance of the Floyds and Birchwood Shopping Center. As you know, lanes have been newly painted and arrows -

depicting the proper direction should help to alleviate the traffic situation. Groups of volunteer students will help to beautify the area by cleaning up debris and planting flowers and shrubs along Jericho-Broadway Road.

If, after the ecology project is completed, the storekeepers do not comply with the new code of beautification, fines will be administered to the delinquent store owners. Both the Youth Council and the Town of Oyster Bay will share in the proceeds of these fines. This is only the first of many constructive projects to be selected by the Jericho Youth Council.

The Nominating Committee is now meeting to select a new slate of officers for the Executive Board of the Youth Council for the 1971-72 Semester.

For the remainder of the summer, the Coffeehouse will be opened on Tuesday and Friday evenings.

The next regular meeting of the Jericho Youth Council will be held on Thursday evening, September 9th, at 8 P.M. at the Coffeehouse located in the Jackson School.

HERALD NEWS COPY
DEADLINE WEDNESDAY
AT NOON

ON THE CAMPUS

Receiving a degree from the Ohio University during the past academic year was John Cahrls, 19 Edgewood Gate, PLAINVIEW.

Robert Salik will be returning to Indiana University's School of Music soon. He has completed his sophomore year and was recently named to the University's Dean's List. He is also President of his dormitory and sits on a policy-making committee for Indiana University Halls of Residence.

Joyce Paternoster a sophomore Honor Student at C.W. Post College, has been awarded a \$600 music scholarship in addition to her 3.4 academic scholarship.

She has been and is currently on the Dean's List and has been complimented by the director of the Honors Program for her "impressive academic performance during the past academic year" 1970 - 71.

White Plains Region administrators named those who earned licenses as nursing home administrators as the result of a recent examination. They are Bernard Ginsberg, 6 Irene Lane North, PLAINVIEW. Dr. Anton Notey, 888 Old Country Road, PLAINVIEW. Ronni F. Rosenberg, 8 Abbey Court, PLAINVIEW, and Bert Speer, 60 Stevedore Lane, LEVITTOWN.

Two PLAINVIEW area residents, students at State University College at Potsdam, have been named to the President's Honor List at the college. Each of these students received an academic average of 3.25 or better of a possible 4.0 for the second semester. They are Elizabeth Burke, 84 Parkview Street, PLAINVIEW, a freshman psychology major, and Glenn B. Kantor, 4 Rose Place, PLAINVIEW, a senior music education major.

Two students from HICKSVILLE, have been accepted as members of the September Freshman class at Clarkson College of Technology. They are Raymond W. Frohnhauer, son of Mr. and Mrs. Raymond J. Frohnhauer, six Ernest Avenue, will be majoring in chemical engineering. Richard B. Marrone, son of Mr. and Mrs. Benjamin J. Marrone, 292 Plainview Road, will be majoring in industrial management.

Hospital Employee Spends Vacation Helping Vietnamese

For most people, vacation means a chance to take things easy and to enjoy themselves. For Chemistry Supervisor Mary Lou Ahearn of North Shore Hospital it meant a chance to travel halfway around the world to help other people.

Miss Ahearn paid out \$1,300 of her own money to buy a round-trip ticket to Kontum, Vietnam, where she spent a month working as a volunteer among the Montagnard people in the Minh Quy Hospital. She was directed to this hospital by the Catholic Medical Mission Board where she had applied for overseas assignment. She selected Vietnam, not because of the war, but because she wanted to see the Far East.

The part of the Far East she saw generally is not listed in the tourist folders. The Montagnards are a mountain people who endure extreme poverty and are afflicted by a great deal of disease, including malaria, cholera and tuberculosis. About 11 years ago, Dr. Patricia M. Smith, a Seattle, born physician, volunteered for two years of service in Vietnam. She is still there, operating the hospital at which Miss Ahearn spent a month as one of four technicians helping to train the local populace in laboratory techniques, and assisting Dr. Smith in caring for the sick.

"The volunteers lived in a house nearby and we spent most of our time working in the hospital. The conditions there are primitive compared to what I am

used to at North Shore Hospital, nevertheless we were able to conduct tests and to instruct some of the Montagnards in the basics of chemistry," Miss Ahearn said.

For recreation the workers could choose from a swim in the river or an occasional movie at a U.S. Army base, located about a mile and one-half away.

"The military were near and the area was surrounded by the evidence of the war. The Montagnards, some of whom were fighting on each side, were mainly affected in that they were uprooted from their homes as the tide of battle changed. We dealt mainly with victims of diseases which their abject poverty and this uprooting caused, rather than with war wound casualties," she said.

Miss Ahearn herself has strong feelings about the war but she prefers to talk rather of the plight of the natives with whom she dealt, who were "friendly people who are extremely grateful for the assistance they receive from the West."

"Dr. Smith is the only full-time physician at the Hospital but she is assisted by volunteers - doctors, nurses and technicians. At the time I was there there were five Americans, one Australian and one Frenchman. In addition, a staff of about 60 Montagnards help Dr. Smith run the hospital. Unfortunately the volunteers leave and at times Dr. Smith is hard-pressed to keep up with demands," she said.

"Dr. Smith does an outstanding job but there still is need for great improvement. The hospital has electricity only part of the time and modern equipment is all but absent from the 'schoolhouse-hospital' which has about 90 beds. The original hospital located two miles outside Kontum was bombed during the 1968 Tet offensive and Dr. Smith transferred her operation to a former schoolhouse in the village. Frequently there are more than one patient in a bed, especially where children are involved," Miss Ahearn said.

This was not Miss Ahearn's first stint as a volunteer. She spent five years in a 125-bed hospital in Georgetown, Guyana, South America. She returned to the United States because she felt that she was not keeping abreast of latest developments in science. However, she did not lose her desire to help the unfortunate, hence her appeal to the Catholic Medical Mission Board for this assignment.

Originally from Sea Cliff, Long Island, Mary Lou now resides in Mineola. She enjoys travel and she enjoys helping people, so this chance to go to Vietnam seemed like an opportunity to combine both desires.

"I'm grateful that I am in a position to be able to help others, even in this small way," says Miss Ahearn.

Most people do not dismiss her dedication so casually. Truly she is a neighbor of whom all Long Islanders can be very proud.

Season At Jones Beach Theatre Wanes

The neatly wrapped recreation package offered daily at Jones Beach State Park, New York's world-famous oceanfront resort is available for only a few days more.

The one-day vacation begins with a pleasant drive along Long

Island State Parkways and crossbay causeway, and ends with opportunity to attend the Guy Lombardo-produced Rodgers and Hammerstein musical classic, THE SOUND OF MUSIC. In between are the pleasures of beach and surf,

games for children and adults, delectable dining or snacking, at the theatre and boardwalk restaurants, or at any of the handy refreshment stands.

The waning season should not be a repetition of last year when so many last-minute ticket seekers found themselves unable to see the show because they could not obtain reservations. The time to arrange for tickets is now.

Constance Towers and John Michael King starring as Maria and Captain von Trapp have won the plaudits of the many thousands who first saw the show on Broadway some years ago, and who believe the presentation at the beach theatre is better because greater latitude is possible on the bigger outdoor stage.

Proof that THE SOUND OF MUSIC is one of the best musical extravaganzas produced through the years at the beach is found in the fact that two-season attendance figures show it to be far ahead of such favorites as SOUTH PACIFIC and MARDI GRAS, among others.

THE SOUND OF MUSIC is family entertainment. It has everything: a nice story, beautiful song, lilting music, marvelous lighting, colorful costumes, also impressive sets portraying the towering Austrian Alps.

With the performance as the high point in a one-day beach vacation, Mr. Lombardo and the Long Island State Park Commission have arranged a kind of near-magic in entertainment capping it with a dance-hour after the show to the music of the Royal Canadians.

To assure a memorable experience reservations for THE SOUND OF MUSIC should be made now. Final curtain is on September 5.

To assure a memorable experience reservations for THE SOUND OF MUSIC should be made now. Final curtain is on September 5.

NOW IT'S THE LAW: The new consumer-protection, automobile title law is signed by Governor Nelson A. Rockefeller. At his side is the man who spearheaded the landmark legislation, Senator John D. Caemmerer (R, East Williston) Chairman of the Senate Committee on Motor Vehicles and of the Joint Legislative Committee on Transportation. Effective next July 1, the new law calls for 1973 and later model cars registered in the State to be issued a title certificate, somewhat similar to a real property deed, listing all buyers and sellers of the vehicle, and any unresolved liens on it. Major benefits the public can

expect, Senator Caemmerer disclosed, include: higher recovery rates of stolen vehicles and discouragement of professional thieves because of tightened ownership transfer procedures, lessened danger of undisclosed liens on cars, clearer proof of ownership when selling vehicles or applying for emergency loans, and a letup in spiralling auto theft insurance costs. Watching the signing from the rear are Commissioner Vincent L. Tofany (center) of the Department of Motor Vehicles, and Robert Turner and James O'Hara, officials of the National Auto Theft Bureau.

MEN IN SERVICE

Kenneth J. Philcox, son of Mr. and Mrs. Kenneth J. Philcox of 120 Fifth Ave., HICKSVILLE is participating in a U.S. Air Force Reserve Officers Training Corps (AFROTC) field training encampment at Dover AFB, Del.

During the encampment, cadets become familiar with the life and activities on Air Force bases and can examine career

opportunities in which they might wish to serve as officers.

Other highlights of the course include survival training, aircraft and aircrew indoctrination, small arms training and visits to other Air Force bases.

Cadet Philcox is a member of the AFROTC unit at South Dakota State University. He is a '67 graduate of Hicksville Senior

High School.

Navy Seaman Apprentice William C. Wandelt, of 133 First St., HICKSVILLE, has reported for duty with Helicopter Combat Support Squadron Four at the Naval Air Station, Lakehurst, N.J.

He is a 1969 graduate of Hicksville High School.

Denial Of An Application

Four parking spaces for three dentists, their patients, and the family of the applicant are not enough, and failure to provide the required number (7) would create additional problems on an already-crowded street, the Nassau County Planning Commission said today. The Commission recommended denial of an application by a Hicksville dentist for a waiver of off-street parking and rear-yard requirements for property located at 415 Jerusalem Avenue. The applicant, who lives and practices dentistry in the one-family dwelling, proposes to

expand the office so that two more dentists can share the premises.

The Planning Commission, in forwarding their recommendation to the Town of Oyster Bay Zoning Board of Appeals, said that by failing to provide sufficient parking, the applicant would force patients to park on the street or on neighboring properties, creating hazards and slowing the flow of traffic.

The Planning Commission reviews such applications pursuant to the General Municipal Law.

MEN IN SERVICE

First Lieutenant Maurice J. O'Connell, son of Mrs. John J. O'Connell of 147 S. Forest Ave., Rockville Centre, has arrived for duty at George AFB, Calif.

Lieutenant O'Connell, an intelligence officer, is assigned to a unit of the Tactical Air Command which provides combat units for air support of U.S. ground

forces. He previously served at Bien Hoa AB, Vietnam.

The lieutenant, a 1963 graduate of Pius X High School, Uniondale, N.Y., received his A.B. degree in history in 1968 from St. Michaels College, Winoski, Vt.

His wife, Mary, is the daughter of Evan K. Hildebrand of 464 Division Ave., HICKSVILLE.

BUSINESS OPPORTUNITIES

AN HONEST-TO-GOODNESS business opportunity for people who are serious about getting ahead - 433-5106. (J22-pd)

UNUSUAL BUSINESS OPPORTUNITY: Openings available for those ambitious enough to want their own business. This is an opportunity where:

- You can build a business without leaving your present work.
- You do not have to risk capital.
- You can build a sizeable royalty income in a FEW years which will stay with you indefinitely.
- You can relocate and your business will follow you.
- You can be your own boss and set your own hours.

INCOME figures are high... be they part-time or, if you so desire on a full-time basis. But they are more than adequate to keep up with today's inflationary cost of living and then some. There is no other business like this in America today.

IF YOU WOULD LIKE TO try your hand at building a business and are willing to set aside at least one evening a week that would insure financial independence, phone IV 3-4100 on any Friday, between 9 and 4:30 for time and place of next meeting.

William M. Gouse, Jr., Post No. 3211

By Lou Palladino

It's been some time since you have heard from our post. Our meetings are still every second and fourth Monday of the month, but it seems that these summer months, there isn't too much action. What, with vacations, and the weather things do ease up a bit.

We had our annual picnic at Teddy Roosevelt park in Oyster Bay, and from this viewpoint it was great. Bob Keck, Rock Parrella, and Carl Probst were co-chairman, and what a committee they had. Most of them started at 4:30 A.M. and heaven knows what time they finished up. They even had Eve Collins, Millie Gennarro, Phyllis Sagadinski, and Sharon Wurth working hard. These guys are slave drivers. The girls worked very hard doing their bit. Some others were there too, but didn't know their names, Carl's Wife, The Rocks girl, Bob's wife. Every thing went along so smooth even the clams was controlled so the lines wouldn't be too long. There was a beer truck from Ballantines, with spigots on the outside wall of the truck, so the tap beer always came out cool and refreshing, and never flat.

There were games for the children, and an egg throwing contest which is always good for a belly of laughs. Carl said that over 600 adults and children were in attendance. Harry Wurth rented a bus and went to St. Albans Hospital and picked up 19

young wounded vets. After the festivities he returned them. Everybody seemed to have a nice time.

There is one complaint, I still have my stub for the clams, when do I get them. To the entire committee, congratulations on a job well done, but how about my clams.

Our post added a new member to its roll. He is Pete Guiliano, a W.W. 2 Vet, sponsored by our young tiger and Sr. Vice, The Rock. We extend a cordial welcome to Pete, to be one of us. Sizeable donations were made to the National Multiple Sclerosis, American Cancer Society, The USO and our own Northport Hospital.

Lucky winners at the last meeting was Al Wangenheim. Don't know how these guys do it. You know the old saying, always a bridesmaid, but never a bride. That's me, a born loser. So come on out to the next meeting and have your say on our doings. Who knows, you may win the raffle, and tell me how.

Oh yes, about our new building - No Comment!!
Don't forget to notify us, if you know of one of our boys in Vietnam or Korea.

WILLIAM R. BARTMON, Jr. of 2 Craig Street, Jericho, has been named national vice president of New York Life's 1971 Top Club, according to Leland F. Lyon, senior vice president in charge of marketing.

Mr. Bartmon joined the company in 1953 and qualified for an honor club in his first year. Since 1962 he has been a member of the Presidents Council, which is composed of New York Life's most successful agents, and a life and qualifying member of the industry - wide Million Dollar Round Table. He has earned the National Quality Award of the National Association of Life Underwriters for 10 consecutive years.

Mr. Bartmon earned the industry's Chartered Life Underwriter (C.L.U.) designation in 1965. A graduate of the Brooklyn College of Pharmacy of Long Island University, he was retail pharmacist before joining New York Life.

From Your Congressman

James R. Grover, Jr.

There has been a considerable shift in the Second Congressional District's opinion on a number of national issues and a hardening of existing opinion on others.

On the basis of more than 10,000 questionnaires returned to my office by district residents, this shift is evident in a comparison of this year's response and last year's on the proposed Vietnamization of the war and on the 18-year-old vote.

This year, almost half of those responding, 47.9 per cent, favor Vietnamization, 10.1 per cent favor escalation to a military victory and almost 40 per cent favored immediate withdrawal of our troops. This is a marked swing toward disengagement from the 1970 results, which showed 49.6 per cent for Vietnamization, 18.3 per cent for escalation and only 27.1 per cent

for withdrawal. Although the 18-year-old vote is now fact, it's interesting that such liberalization of voting privilege is favored only this year by a bare plurality. In 1969, 31 per cent favored the youth vote against 62 opposed and last year the margin was 37 per cent for, 55 opposed.

Suburban frustration has shown in a stronger insistence on compulsory arbitration in public service employment labor disputes. Fiscal conservatism is still strong in our area as indicated by the high percentage of support for the President's revenue-sharing plan. Only 1.3 per cent of those participating in the poll want to see the present welfare system continued. More than 60 per cent support President Nixon's work incentive program in spite of the guaranteed income provision.

GOP Press Secretary

Assemblyman Joseph M. Margiotta, Chairman of the Nassau County Republican Committee, announced that former Long Island Press reporter Frank DeStefano has been hired as press secretary for the Republican Committee. He is replacing Robert K. Kushner, who, after four years, left for a position in Nassau County government.

DeStefano, 26, joined The Press in 1962, where he started as a copy boy while attending evening classes to gain a B.A. from Queens College of the City University of New York. Since February, 1967 he has been

covering Nassau County as a reporter.

During that time he has handled news events affecting Nassau residents on the village, town, city and county levels. He has done features on school district matters, community concerns, political events and the operations of, and people involved in, all levels of government.

DeStefano lives in Bayside, Queens, New York with his wife, Anne, and their son.

He can be reached at Nassau County Republican Headquarters at 516-741-7300 or at home at 212-428-5117.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING BY THE BOARD OF ZONING APPEALS

Pursuant to the provisions of Article 12, Section 2-3.0, of the Building Zone Ordinance, NOTICE is hereby given that the BOARD OF ZONING APPEALS of the Town of Hempstead will hold a public hearing in the Town Meeting Pavilion, Town Hall Plaza, Main Street, Hempstead, New York on August 25, 1971 at 9:30 A.M. to 2:00 P.M. to consider the following applications and appeals:

OYSTER BAY, NEW YORK BY ORDER OF THE BOARD OF APPEALS

MEN IN SERVICE

Airman First Class Dianne G. Valdes, daughter of Mr. and Mrs. O.L. Rahm, 33 Fulton Ave., HICKSVILLE, has arrived for duty at McConnell AFB, Kan.

Airman Valdes, a weather observer, is assigned to a unit of the Air Weather Service which provides weather information for military flight operations.

A 1969 graduate of Hicksville High School, she attended Nassau Community College at Garden City, N.Y.

Army specialist four Irven T. Carpenter, son of Mr. and Mrs. Allen S. Carpenter, 11 Loretta Lane, HICKSVILLE, recently was named soldier of the month for the 1st Battalion, 17th Artillery at Ft. Sill, Okla.

He was selected for his soldierly appearance, knowledge and performance of duties and military courtesy.

Spec. Carpenter is assigned as a clerk for the artillery's battery B.

His wife, M. Gretchen, lives in Lawton, Okla.

Army Second Lieutenant Lawrence B. Wallace, whose parents, Mr. and Mrs. Lawrence W. Wallace, and wife, Nancy C. Wallace, live at 95 Dean St., HICKSVILLE, recently completed a nine-week air defense artillery officer basic course at the U. S. Army Air Defense School, Ft. Bliss, Tex.

The lieutenant received his Bachelor of Business Administration degree from the St. Bonaventure (N. Y.) University in 1970.

Army Private Michael E. O'Rourke, son of Mr. and Mrs. Charles H. O'Rourke, 12 Gables Road, HICKSVILLE, recently completed eight weeks of basic training at the U. S. Army training center, Infantry, Ft. Dix, N. J.

He received instruction in drill and ceremonies, weapons, map

reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

First Lieutenant Vincent E. Piacenti, son of Mr. and Mrs. Edward Piacenti of 18 Linden Blvd., HICKSVILLE, is on duty with a Strategic Air Command (SAC) unit at Andersen AFB, Guam.

Lieutenant Piacenti, an intelligence officer, is assigned to a unit of the Eighth Air Force which represents SAC in the Pacific.

The lieutenant was assigned at Offutt AFB, Neb., before arriving in the Pacific.

A 1965 graduate of Hicksville High School, he received his B. A. degree in education in 1969 from Akron University where he was commissioned upon completion of the Air Force Reserve Officers Training Corps program. He is a member of Sigma Pi.

His wife is the former Carol A. Dukeman.

Airman Edward J. Davis, an Air Force communications specialist at Patrick AFB, Fla., provided support essential to the success of the Apollo 15 mission which took Astronauts David R. Scott, James B. Irwin and Alfred M. Worden to the moon and back.

Airman Davis, son of Mr. and Mrs. Frank DiGaetano of 42 Pine St., HICKSVILLE, is a member of the 2179th Communications Squadron of the global Air Force Communications Service.

The airman and other squadron personnel provided direct support for a variety of Apollo 15-related functions of the Air Force Eastern Test Range and the National Aeronautics and Space Administration's Cape Kennedy.

Before beginning his current assignment at Patrick, Airman Davis was assigned at Sheppard AFB, Tex.

The airman is a graduate of Hicksville Senior High School.

Free Chest X-Rays

Free chest X-rays will be offered to Nassau County residents 18 years of age and over, on Monday August 23, by the TB and Respiratory Disease Association in cooperation with the Nassau County Department of Health.

The mobile unit will be located in West Hempstead on Klein's parking lot on the Rockaway

Boulevard side. The hours will be from 2 to 6 p.m.

These screening X-rays may detect early tuberculosis and other significant chest abnormalities. Reports will be sent to personal physicians. Persons who have not had annual chest X-rays are urged to take advantage of this service.

Fire Chiefs Council To Meet

The Twenty-Fifth Annual Seminar of the Nassau County Fire Chiefs Council will be held at Nassau Community College in Hangar No. 3 on Wednesday, October 13 and Thursday, October 14.

Chief "Andy" Steinmuller and the Committee have planned an excellent program that includes several outstanding speakers and many topics of interest.

Fire Marshal Lloyd G. Ryan, Assistant Fire Marshals Joseph G. Boslet and Richard F. Lehr will answer any questions you may have concerning the Office of the Fire Marshal.

Chief Steinmuller has predicted that there will be more exhibits this year, which should be of great interest to you and your department and we hope will double the attendance. Gifts will be given out to everyone attending.

Tobay Board Denies Expansion Bid By Astro Motor Inn

Oyster Bay Town Councilman Warren M. Doolittle said this week that the Oyster Bay Town Board acted on behalf of Town residents in denying a request for a special permit use that would have allowed the Hicksville Astro Motor Inn to expand.

The Astro Motor Inn, located on South Oyster Bay Road, south of Old Country Road had sought permission on April 27, 1971, to add 32 additional motel units to

its present total of 88.

"There were no appearances against the proposal by residents in this case, but the Board has an obligation to serve as a watchdog for the proper growth of the community," Doolittle said.

"We feel that adequate and sufficient parking could not be provided for the prospective patrons of the motel and its facilities if we approved this application."

Doolittle said he and his fellow board members were also concerned that granting of the application would produce additional traffic hazards and that the subject premises were not readily adaptable for the requested use. "The height of the contemplated improvements would also not be compatible with the heights of structures in the area and would adversely affect the value of neighboring homeowners," Doolittle added.

Question: What is your opinion of President Nixon's policy as announced in his speech last weekend?

IRVING BURSTEIN, 2 Gull Rd., Hicksville: "Too late. He should have done it a year ago. He didn't go far enough. He should also cut down the profit on the interest rates. It ties the poor man down. No salary increase, and the banks are on him. It's creating a tight money market. He's got to go all the way — he can't go half way."

MRS. ANTON V. BUECHLER, 53 Amboy Ave., Plainview: "I think something had to be done. At least he's trying. It might work pretty well for some people, but not everyone. It might be hard for the worker, not getting an increase. I think everyone should stand behind him and give it a chance. He's trying."

ROBERT BERRYMAN, 4 Eleanor Lane, Plainview: "I am of a 'wait and see' attitude more than anything else. I am waiting to see a lot of questions answered. I am waiting to see what a wage

freeze is and who it applies to and whether it is legal or not. It would seem that the President is responding more to problems of the dollar overseas than employment. As I see it, our economy was fine until Sunday night. That's what he had been saying. It appears to be a hastily prepared move, but it might be just what is needed. It seems he waited until some major strikes were settled, the railroad and others, before taking the step."

E.C. BUETTENMULLER, 402 Woodbridge La., Jericho: "I think, like many other people apparently, his decision to be decisive and broad in his presidential order was long overdue. The wage and price freeze and the measures he has taken on an international and local basis should, I hope, improve the economic picture — our spiraling inflation and the dollar situation. He has taken the bull by the horns — something he hasn't been willing to do, evidently, but which he finally did."

ROBERT P. BIRKEL, 5 Amherst Rd., Hicksville: "I think it's excellent, all parts of it."

IRVING FISHMAN, 7 Merit La., Jericho: "I think it is a very good one. It is a necessary move on his part. Perhaps a little late, but still necessary."

MRS. EDWARD FISCHER, 129 Wilfred Blv., Hicksville: "Some of it sounds pretty good. I don't know how much it involves, but the freeze on prices is very good, with the way things have been going up. Perhaps we'll be able to save a few pennies here and there."

MRS. IRVING L. FISCHMAN, 3 Village Drive, Jericho: "I am very glad to hear that it happened, and it should have happened a long time ago."

MRS. LAWRENCE J. FITZGERALD, 51 Bridle Lane, Hicksville: "I think it is pretty great at this point. I am hoping it follows through the way he says it will."

MRS. ARMAND BRUNSWICK, 23 Hodgerow La., Jericho: "Since my husband is in the import line,

Environmental Essay Contest

Town Supervisor John W. Burke today named three men to serve as judges for the Environmental Control Essay Contest which the Town is co-sponsoring along with the Hicksville Lions Club and other service organizations.

The three judges are Richard D. Maggi, director of oceanography for Conrac Corporation; Robert W. Johnson, associate professor of biology at Hofstra University and conservation advisor to the Town, and Anthony S. Taormina, principal fish and wildlife biologist of the New York State Department of Environmental Conservation.

The three judges will be charged with grading essays on the contest theme which was announced by Burke in April. There will be winners in three divisions — High School, College and Non-Student — each eligible for divisional prizes of \$350. Burke said the essays, which

we are very distressed about it. As far as the wage and price controls are concerned, I think they are long overdue. All in all it is too little and too late. The import tariff is going to seriously affect our relationships internationally. The dollar value overseas has dropped because we have been importing more than we have been exporting. I wonder if we're making ourselves that attractive so that foreign countries will buy from us. Why haven't we been able to compete in the foreign market? Our workmanship is very slipshod. Compare products made here and abroad and you'll see that theirs is of superior quality. Look at the number of foreign cars in this country."

may range from 1,000 to 10,000 words, will be graded on effort, clarity of thought and expression, originality and as a contribution to the solution of an environmental problem. The essay topics include pollution caused by run-off of surface water into drainage systems; pollution caused by industrial plant waste, including surface, sub-surface and solid wastes; preservation of ground water quality; and the effect of a suburban environment on native wildlife, marine life and/or wildowl.

Mr. Maggi, a Hofstra University graduate, resides at 8 Summit Court, Oyster Bay, and has a rich background in sales and management, including executive positions with Sperry Gyroscope Company. He organized, staffed and directed the oceanographic instrumentation as well as computer peripherals and display systems at Conrac. He is a member of the International Oceanographic Foundation, Marine Technology Society and the American Institute of Aeronautics and Astronautics. Mr. Johnson, a former Town resident now residing in Uniondale, received B.A. and M.A. degrees in biology at Hofstra and earned a Ph.D. in wildlife management at Cornell University. Mr. Johnson is a member of the American Association for the Advancement of Science, Wildlife Society, Littoral Society, Ecological Society of America and has done research on Long Island conservation problems.

Mr. Taormina started his professional career in 1949 with the State Fish and Game Division. He now administers and coordinates programs effecting fresh water fisheries and wildlife for the Long Island region.

Burke also issued a reminder that the deadline for receiving the essays has been extended to September 20, 1971, to insure sufficient time for preparation of entries.

RULES OF THE ROAD (Continued from Page 8)

A coaster brake is a prime requisite for younger children. It is difficult for children to readily get their fingers around the controls of hand brakes to give a good, hard squeeze for sudden stops.

A light and a warning device are absolutely essential. A horn or a bell can be heard much more clearly than a shout. A light is necessary for both night riding and riding on dark days.

Two optional items that will help make your child's bike safer to ride are a basket or saddlebags in which to carry books and packages so that both hands can be left free for steering. The second is reflective tape, which glows and makes the bike much easier to see at night. Two short silver strips on the front forks and three short red strips on the rear fender.

At Levittown Hall

At the Levittown Hall on Wednesday August 25 the Camp Fire Girls of Hicksville will meet at 8:30 p.m.

On Thursday, August 26 the Hicksville Baseball Association, Women Aux will meet at 8:00 p.m.

Sail the Persian Gulf... Bask in a warm Caribbean sun or... Ski the Alps, but...

LET YOUR VACATION DREAMS COME TRUE

The Jones family is having the time of their lives this summer because they knew how to tap the pooled resources of their community. Like generations of Long Island's before them they've learned that they can always rely on the L.I.N.B. in matters involving "people helping people." Banks are people. If your vacation dreams are in need of fulfillment, it's time you stopped into any one of our ten conveniently located offices, today. We're prepared to lend you the world (not for keeps).

You'll learn for yourself why we call ourselves...
