Results Of Latest Nassau Water Study To Be Told To L.I. Water Conference

A detailed in-depth analysis of the actual condition of Nassau's water supply now and for the next 50 years will feature the meeting of the Long Island Water Conference slated for Monday, September 27. The meeting will be held at Fox Hollow Inn, Woodbury, at 8:30 P.M.

Featured speaker will be Robert L. Hall of the Chicago engineering firm of Greeley and Hansen which recently completed the Comprehensive Water Supply Study (CPWS-60, June 1971) for Nassau County. Mr. Hall, engineer and project manager for the water study, will discuss the study and its

recommended plans to meet Nassau's projected water supply needs for two periods: now through 1990, and 1990 through 2020.

The study's report was prepared by Greeley and Hansen, assisted by the Long Island engineering firm of Holzmacher, McLendon and Murrell and the Comprehensive Planning Committee of the Long Island Water Conference.

The Comprehensive Master Plan Development Study, which Mr. Hall will discuss, is intended to be a flexible planning guide for Nassau County for the next fifty years. It includes a program of

both immediate and long-range steps to implement a water supply plan for the entire county, with the capability of being modified and adapted to variations from the projected development of land, population and technology.

The scope includes the engineering comparison of various available alternatives for meeting future needs and the outlining of various physical elements required for the execution of these plans. The physical elements include water sources, treatment facilities, transmission and principal trunk mains, pumping stations and storage facilities.

JERRY BRILL

October 3 is a big day in Saigon. For on that historic date, the democratic government of Viet Nam is holding a presidential election. With Nguyen Van Thieu as the only candidate!!

President Thieu has a lot of advisors in this one. Some say it'll be his toughest election ever. Reliable sources confirmed a meeting over the weekend to map strategy.

"We're weak in the usually strong Buddhist areas," Mr. President, said a General. "I respectfully recommend heavy campaigning in the 2 weeks that remain."

Thieu had a pained look. He had never been behind before. "I'm confident that the voters in the normally loyal South will see that I'm the best qualified candidate," he said.

"But," said a moonlighting newspaperman, "students burned you in effigy last night."

"As long as it's not the electoral college, who really cares?" he asked. The advisors nodded,

convinced more than ever that Thieu was really the best qualified candidate for the job. "Where else must we concentrate?" Thieu asks.

"Cookie County in the Central Plains looks difficult. Mayor DaLee has always had a strong machine. And he needs more patronage," said a Senator.

"Maybe we should look for another line on the ballot? Like a cross endorsement?" said another fellow.

"O," said Thieu, "but I think I've got it. How about a debate on national TV?" They nodded enthusiastically. He was indeed the best qualified candidate, with that kind of courage.

"But there is no opponent!" said the General.

"Then put up an empty chair. The yellow dog didn't even show up!" said Thieu.

"Is it too late for a poll?" asked a member of the National Assembly, so we can see where we stand?"

P.T.A.'s First Meeting, Sept. 27

The Hicksville Junior High Parents-Teachers-Association, Jerusalem Ave. will hold their first meeting on September 27, at 8:15 p.m. Parents will meet with Assistant Principals.

"I feel that that's a little risky," said Thieu. "But darn good thinking." The large group moved uneasily in their easy chairs.

"I recommend," said the Senator, "a whistle stop tour in their areas of strength!"

"I am not afraid," said Thieu. "A Leader must have the courage to take his story directly to the people. I categorically state that I am willing to do this."

The Senator took off his glasses. "I don't like to bring this thought to you gentlemen, but what do we do about write-ins?" "I never thought about that,"

A.J.C. Attacks TOB

The Long Island Chapter of the American Jewish Committee will participate in the legal attack that has been brought against the present zoning and land use policies of the Town of Oyster Bay.

Walter Brecher, president of the Chapter, announced today that the Long Island Executive Board of the human relations agency has unanimously voted to file a legal brief in support of the litigation that is presently before the Federal District Court (Eastern District).

"After careful study of the issues," said Brecher, "we have concluded that the Town's severely restrictive zoning policies fail to take into account the pressing housing needs of many low and moderate income people, white and black, including veterans, aged and retired couples, young marrieds and 'blue collar' workers. Brecher noted that the Chapter has retained David K. Kadane to prepare the legal brief it will file.

Mr. Kadane, who is a professor of law at Hofstra University Law School, stated that the Town of Oyster Bay's zoning policy restricts residential construction to lots of one acre or larger and makes, "substantially no provision for multiple-dwelling housing. We will ask the Court to rule that a government arbitrarily abuses its zoning powers when it fails to take into account the housing needs of large numbers of its constituents."

George Berstein, chairman of the Chapter's Housing Task Force, pointed out that the Town has actively encouraged industrial development, which augments its tax base. "By restricting residential housing," he said, "the Town effectively prevents large numbers of people from residing near their places of work or from moving into the Town to take advantage of job opportunities. Industry is also penalized, since restrictive zoning also inhibits an employer's ability to recruit labor," Berstein added.

According to Berstein, "AJC is not advocating the abolition of zoning. We support an equitable zoning policy to meet the needs of various population groups in the light of current circumstances." Brecher indicated that the Long Island Chapter issued a statement on suburban housing problems in March, 1970. "At that time," he said, "we urged voluntary action by Town and village governments to ease zoning and building code restrictions to help overcome the county-wide housing shortage of 25,000 units." He added, "It is our Board's reluctant conclusion that there is no real alternative to an attempt to make a breakthrough in the courts."

Professor Kadane concluded, "The time has come for the courts to decide whether local government can frustrate efforts to achieve sound and comprehensive planning on a regional basis."

Burke Disturbed Over Attempts To Usurp Local Zoning Powers

Town Supervisor John W. Burke stated that he was disturbed over pending national and state legislation which could usurp local zoning powers.

Burke said he was referring to the Coastal Zone Management Act which is now under serious consideration before Congress, and the "Community Development" Constitutional Amendment that may be placed before the voters of New York State in November.

Burke said that he has frequently stated his opposition to any legislation which would detract from the vital powers of local government, both village and town. He said that he supported attempts by the Nassau County Village Officials Association and other groups in their efforts to block such

proposed legislation.

Burke explained that the Coastal Zone Act would encourage states to establish controls over areas bordering on oceans, with the state deciding the depth of the ocean front over which it would exercise zoning control.

"In an area such as Long Island this could signify a dramatic change in zoning control," Burke charged. "I feel some shoreline control is needed, but not at the expense of home rule."

Burke said the "Community Development" Act would permit the state and authorized municipalities to grant or lend money to individuals as well as public corporations for the purpose of developing projects

deemed needed by the state, but not approved by a local municipality.

According to Burke, the article also allows the acquisition of property through the right of eminent domain, or other methods, for community development purposes and even allows the state to grant subsidies or authorized tax exemptions or abatements for the individuals, partnerships, trusts, associations or private and public corporations contracting with the state.

The Oyster Bay Supervisor said he has been in constant touch with those legislators representing the 360,000 people in Oyster Bay to keep abreast of and work against this and similar types of legislation.

Margiotta Reelected Nassau GOP Chairman

Assemblyman Joseph M. Margiotta was tonight reelected Chairman of the Nassau County Republican Committee at the Party's biennial reorganizational convention at the Holiday Inn, Hempstead.

In other action, the 1,898-member committee elected Mrs. Isabel Dodd of Sea Cliff party secretary, Stanley Krause of Mineola treasurer, 19 vice-chairmen, and 90 executive committee members, including ten new leaders.

Earlier the town Republican Committees of Hempstead, North Hempstead and Oyster Bay reelected town party chairmen. Reelected were Assemblyman Margiotta in Hempstead, County Comptroller Angelo Roncallo in Oyster Bay and State Senator John Caemmerer in North

Hempstead. Margiotta's reelection was his second to a full two-year term as Chairman. He was first elected County Chairman in 1968 to succeed the late Senator Edward J. Speno and then reelected to his full two-year term in 1969.

In accepting the chairmanship, Margiotta said that "your action tonight is another proud moment in my life, especially coming within 24 hours of the great victory achieved last night when our party demonstrated its great strength in winning decisively the write-in primary for Carmelo Tese in Oyster Bay."

In nominating Margiotta for the powerful post, Angelo Roncallo called him one of the greatest political leaders this state has ever known, a tireless worker who cannot do enough for the Party.

REPORTS

This week I have proposed to the Town Board the creation of a Town Environmental Control Commission to provide a more effective means of preserving the Town's natural heritage.

Oyster Bay Town has consistently demonstrated its leadership in the area of conservation and environmental control. We were the first town on Long Island to create a full-time, professionally staffed Division of Environmental Control. Earlier, the Town Board established a Town Beautification Authority, which, with its subsidiary regional beautification com-

mittees, has contributed a great deal towards our goal of preserving and restoring our environment.

But now, I feel it would be timely to broaden the scope of our activities and take a more realistic approach toward the wide range of environmental problems facing the Town. I have proposed a commission of from five to nine members, with provision for two members in the 16 to 21-year age group, who would serve without compensation. The members would be citizens of Oyster Bay Town who have demonstrated a keen interest in and awareness of

environmental management problems.

It is our intention to tap the extensive environmental talent pool available in our Town. It will also provide an excellent opportunity for greater citizen involvement in the preservation of our suburban environment. from Your Congressman
JAMES R. GROVER, JR.

2nd CONGRESSIONAL Dist.

One of the major issues confronting Congress is the question of welfare and President Nixon's proposals for welfare reform. Recent revelations of the effect of local crackdowns have made many of us cautious concerning any proposal which would provide for federal control of our monstrous welfare system. Supervision has been extremely difficult under state and local control — it would be well nigh impossible in a system financed

and controlled by the federal government.

New York State's experience with its new requirement that able-bodied welfare recipients work for their checks has raised major questions on how many of these recipients are genuinely in need. Eighteen per cent of checks sent to employment offices went unclaimed during the first month of the program. Of 12,648 welfare recipients referred to jobs, only 1,537 took them.

It appears that thousands of checks were being mailed in New York City to non-existent as well as non-eligible persons. And as though to scatter salt over an already wounded public purse, City Human Relations Administrator Jule Sugarman called the 45,000 welfare checks fraudulently cashed last year a drop in the bucket and not worth worrying about.

There is deep concern in

Hicksville Public Library

Happy faces are here, there, and everywhere at the Children's Room of the Hicksville Public Library. Come see them at "Poetry Court", "The Arts Place", "Animal Trail", and "Picture Book Corner". Our bulletin board features a big smiling face hovering over our display of humorous books. Our books about Jewish holidays are also on display this month and they are located near "Encyclopedia Circle".

Story Hour registration has been going on this month and will continue until October 7, the day of the first story hour. This year we have scheduled two story hours for youngsters 3 1/2 to 6 years of age. They both will be held on Thursday, one at 10:30 a.m. and the other at 1:30 p.m. You may register your child for either session by coming to the Children's Room or by telephoning the library at WE 1-1417.

The Children's Room has also scheduled a Homemaking Program which will take place at the same time as story hour. This will enable mothers of preschool children to benefit from an adult program. The first session of the course will be devoted to "Casseroles".

Creative children in grades five through eight will be particularly interested in our "Craft Workshop".

Students will be registering for this course from September 27 to October 2 in the Children's Room. The "Craft Workshop" will be given for boys and girls in grades five and six, from 10 a.m. to noon, starting Saturday, October 9, and continuing on alternate Saturdays till December 18. The course will be held from 1:30 to 3:30 p.m. on the same dates for students in grades seven and eight. The fee is two dollars.

Third graders who love to write will be interested in our story writing contest. Henry Z. Walck, Inc. wants these chipdren to write a story which will accompany the pictures in the textless book "The Christmas Kitten" by Ruth and Latrobe Carroll. The children's room has several copies of this book which may be borrowed for one week. The contest started on September 7 and will end December 10. Many prizes will be awarded. For further information call or visit us soon.

Our movies will resume on Saturday, November 13 at 3:00 p.m. The first features for this season will include, "Billy the Kid", "Kontiki Kids", and "When Knights were Bold". All three are about the adventures of the "Magnificent Six and 1/2 Gang". The films will be of interest to children from kindergarten level to grade seven.

Trinity Lutheran Church, W. Nicholas St., on Wednesday, Sept. 29th at 8:00 P.M. Other plans include needlework course offerings, a "money" bowling league, and a Hicksville - wide pingpong tournament. Above, Auxiliary director Mrs. Irmgard Teuchler, center, and Mrs. Gladys Kist, right, both of

Hicksville, discuss meeting plans with Mrs. Terry Danziger, Executive Director of the Society. Representing the first major step to help our local disabled, the Auxiliary needs members, helpers and doers. Please call Mrs. Teuchler at 935-6163 to join the fight against crippling.

Burke Named "Man Of The Year" By Columbus Lodge, Sons Of Italy

Town Supervisor John W. Burke has been named "Man of the Year" by Columbus Lodge No. 2143 of the Order, Sons of Italy in America, it was announced by the Columbus Lodge Venerable John B. Dorsi.

"The membership and officers of the Lodge selected John Burke for this honor because of his dedicated service to the people of Oyster Bay," Dorsi said. "He has shown himself to be an outstanding citizen as well as a dedicated public official."

Dorsi cited Burke's actions in anti-pollution control, the development of the first Town Youth Bureau on Long Island, the formation of a Drug Abuse Control Agency, and his strong opposition to the discharge of sewage into South Oyster Bay waters.

"His concern for the people of Oyster Bay Town," Dorsi added, "is also shown by his continuous efforts in the preservation of the suburban character of this community." He noted that Burke created the Environmental Control Division, established the first installation of pollution control devices at the Town incinerator.

Another noteworthy accomplishment was the creation of the non-partisan Planning Advisory Board to assist in developing a master plan to protect our Town's suburban characteristics.

Burke also planned and developed five Senior Citizen housing projects. Concerned over the plight of the financially burdened homeowner, he instituted strict budget-control procedures to reduce Town expenditures and has proposed a budget to the Town Board that, if adopted, should result in no increase in taxes for the coming year.

Burke will be the guest of honor at a dinner-dance at the Columbus Lodge in North

Massapequa on Saturday evening, September 25, at 8 P.M.

Polo At Bethpage

The Metropolitan League Match between Westbury and Bethpage at Bethpage State Park on Sunday September 26th will settle a three team rivalry between Aiken, Bethpage and Westbury, the Westbury four Fred Zeller, Frank Rice, Alan Corey III and Allen Jenkins, winner in the game on the 19th, to put the heat on Bethpage's Bob Lubash, John Gayer, Dave Rizzo and John Greenleaf, each team now having two wins, one tie and no losses. Aiken in the red with no wins and four losses. Polo at the park has another month to go before season's end, end several tournaments on the agenda yet to be played.

In the Westbury-Aiken League Match on September 19th the Westbury Quartet Fred Zeller, Frank Rice, Alan Corey III and Allen Jenkins, ceding two goals to Aiken's Tos Monasco, Paul Rizzo, C.H. "Pete" Dostwick and Fred Zeller climbed steadily forward overcoming a five to one deficit at the end of the first chukker, blanking Aiken in the next five. Four goals by Corey one one each by Herkens and Rice, Rice alancing in the clincher with one minute to play, a bad spill in the fifth chukker no upset, gave Westbury their six to five victory. Good teamwork throughout and an all around both Westbury and Aiken were in excellent form. Boswick's outstanding plays giving Westbury a pitched battle to the end.

It's polo time every Saturday afternoon at 3:30 P.M. at the Bethpage State Park Polo Field, the games always exciting, the park cool in the summer and colorful in the fall, a delightful place to spend a few hours. Admission to adults is \$1.50, youngsters under twelve accompanied by an adult admitted free, and no matter what age polo has a winning appeal. It's the complete accord of horse and rider that makes this sport outstanding, an all around display of team-play seen in no other game. Roamy stands to view the action and a large area to roam about adds to everyone's comfort, children no problem as they join in the fun time at the park.

SHRIMP HIDE IN MYSTERY DISH

This is an improbable dish. A glance at the list of ingredients will say why. But it works in mysterious ways and beautifully. Verbalizing of first tasters a nearly always the same. "This is good! What's

in it?" The final dish is just as unusual as its name. Loaf, Shrimp, but the shrimp are anything but lost. They merely hide in the general succulence until discovered. This is a fast, easy dish to bring to the table.

SHRIMP PERDU

- 1 can (4 1/2 ounces) shrimp
- 8 slices bread, slightly stale, well buttered
- 1 cup (about 1/4 pound) grated Gruyere or Swiss cheese
- 3 eggs
- 1 1/2 cups chicken broth or bouillon
- 2 teaspoons Worcestershire sauce
- 1 tablespoon Dijon style mustard
- 1/4 cup dry sherry or vermouth

Drain shrimp, reserving liquid. Preheat oven to 350 degrees. Place 4 slices of the bread in an 8 x 8-inch baking dish, buttered side down. Spread with half the cheese; "dot" with shrimp; top with remaining cheese. Place the other slices over the first, buttered side up. Whisk together eggs, broth, shrimp liquid, seasonings, and wine. Spoon mixture over the bread. Sprinkle liberally with bread crumbs; dust with paprika. Bake about 40 minutes. 4-6 servings.

Social Security Question Box

Question: A woman who helps me with my cleaning every week also works in several other homes. She says that since one of her other employers is reporting her wages for social security I do not need to report what I pay her. Is this true?

Answer: Not necessarily. If you pay her \$50 or more in a calendar quarter of the year, you are required by law to report her wages and to send in the social security contributions -- no matter how many of her other employers may also be reporting her wages. Any social security benefits payable to her in the future will be based on a record of all her wages reported during her working years.

Hicksville Prospects: Fourth in League behind Fort Washington, Syosset, Farmingdale.
Saturday's Winner: Hicksville, 20-14.

Hicksville's Jeff Doolittle came within a whisker of upsetting Northern Michigan for Hofstra College.
Completing 17 of 28 passes for 178 yards the ex-Cornet quarterback had the powerful visitors on edge all night before one bad defensive play in the secondary allowed a 14-7 Michigan victory.

As juniors last year the Northern Michigan crew wrecked Howdy Meyers team 49-0.
Doolittle scored the one Hofstra touchdown. He rolled out and pitched another from the one yard line but the official made the absurd ruling that the Dutchmen had too many men downfield.

Hicksville players had a hand in trying to stem the Lehigh tide against Post College. Quarterback Brian McAuley got two shots and completed both while Jim Carra accepted seven passes from the combined Post Passing attack. It wasn't enough. Lehigh won 24-14.

New Town Legislation

Ralph Diamond, senior councilman on the Oyster Bay Town Board, announced that the Board has adopted legislation that will affect professionals operating in residential homes while not living there.

Diamond said the Board, by a unanimous vote, approved legislation prohibiting professionals (doctors, lawyers, dentists, teachers, etc.) from conducting business in a residential area if they do not live there. The Board took the action

at a public hearing on Tuesday, September 14.

"This means that professionals, who are allowed to operate businesses from their homes, may no longer conduct a business if they establish a residence elsewhere," Diamond explained.

Diamond said this amendment to the Building Zone Ordinance of the Town will become effective on January 1, 1972, and it does not affect those professionals who have received a special permit use in the past.

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Organizational, community and general interest news should be submitted typewritten or printed, double-spaced, in duplicate. Either drop off or mail to Editor 13 Millpond Street, Jericho. Deadline for insertion - Monday noon. Telephone WE 8-1965.

Thank You Note From Reichgott To B.C.A.

Gerry Reichgott of 99 Birchwood Park Drive was stricken with a heart attack a few weeks ago while vacationing in Puerto Rico with his wife, Florrie. He is improving steadily at a Puerto Rican hospital and will be able to come home within a month.

The members of the Birchwood Civic Association's Summer Mixed Bowling League, with whom the Reichgotts were bowling this summer, sent a gigantic get-well card to Gerry, signed by all the other members, including good wishes and witty

sayings. Lorraine Simon, who was "chairman" of the card signing, sent the card to Gerry and, in turn, received the following letter.

"To B.C.A.
 Gerry and I wish to thank you for your warm, friendly and kind good wishes.

At a time like this, nothing else really matters.

In time, and with Mozel, we will be back to try again!

Our best regards to some swell people,

Florrie & Gerry."

Musicales To Be Held By Chamber Orchestra

Something very exciting is happening in Jericho. A group of talented, trained, professional musicians have formed the New Chamber Orchestra, under the direction of Gene Forrell, conductor of the Master Virtuosi at Carnegie and Philharmonic Hall.

Cora Gordon, the principal violin soloist, who was the guiding light in the conception of this ensemble, has a formidable resume. A graduate of the High School of Music and Art and Bermingham College, she was the winner of Musical Talent in our schools - a program sponsored by WQXR. Miss Gordon, also the winner of the Annual Federation of Music Clubs Awards, has given numerous New York recitals, and has studied under Boris Kroll at the Mannes College of Music. She has performed in the New Hampshire Festival Orchestra, the Huntington Orchestra, the Williams College Orchestra, and

the Marlboro Festival Orchestra under the direction of Pablo Casals. Miss Gordon has played in the American Symphony Orchestra under Leopold Stokowski.

Another well known violin soloist, Alan Arnold, is a teacher here at Jericho High School.

The New Chamber Orchestra would like you to join them for a musicale and reception at Gullery Galleries, 62 Maiden Lane, Jericho, at 9 P.M. on Saturday evening, October 2nd. The featured soloist for the evening will be Ted Bergman who will perform in the Mozart Clarinet Quintet. The evening is to acquaint the Jericho residents with their new orchestra and hopefully establish patronage for this cultural endeavor.

Admission is by invitation only. For information, call Murray Silberman at (516) GE 3-6324.

Landscaping with Tulips

Planted in the fall to bloom in spring, the tulip lends itself admirably to landscaping. To help you, here are some basic guidelines.

Combinations. A successful bulb garden is based upon a complimentary combination of early, mid and late spring tulip bulbs. This way, you'll have a continuous flowering of spring bulbs. Carefully blend the tall, stately tulips with the smaller and more delicate variety.

Clumps. Nothing looks more desolate than a row of single tulips. For a really colorful effect, plant bulbs of the same variety and color in clumps or masses. This gives your garden maximum visual impact whereas mixing varieties and colors dilutes the overall effect.

Color. Just as in the living room, there are certain colors which clash. For example, some gardeners feel that orange and purple don't go together. However, white and

red tulips do go together, as do yellow and red tulips.

Height. The different varieties of tulips grow to varying heights. The popular Kaufmanniana and Greigi, for instance, are only 8 to 12 inches tall whereas the classic Darwins and Darwin Hybrids grow two to three feet tall. Low-growing bulbs look best in front of a border or along the outer perimeter of a bed, while the taller tulips look best when planted in big clusters by themselves.

Sequence. To insure that your garden stays in bloom for the whole of Spring, you should design your landscaping to include early, mid and late-blooming tulips. To give you some idea, tulips usually bloom in the following sequence: Fosteriana, Kaufmanniana, Praestans, Greigi Hybrids, Single Early, Double Early, Mendel, Triumph, Darwin Hybrids, Parrot, Darwin Cottage, Double Late and Lily-flowered.

YOUR DENTAL HEALTH

By PERCY T. PHILLIPS, D.D.S.

Secretary, The Dental Society of the State of New York

The week of October 17 to 23 is 1971 annual National Community Health Week. A major purpose is to stress that dental health and general health are inseparable and that dentistry, therefore, is vital to individual and community well being.

Dentists and dental societies are integral members of your community's health team. Here are some of the ways they serve:

- Public service programs for mouth hygiene education, through newspapers and radio-TV, printed literature and speakers bureaus.
- Meetings, lectures, seminars and scientific journals provided by the state and local district dental societies to help keep busy practicing dentists abreast of progress in public health and technological fields.
- Support of state health authorities, legislators and the Citizens for New York State Fluoridation in efforts to afford all communities the health and economic benefits of water fluoridation.

HAMBURGERS WITH ITALIAN ACCENT

A flavorful tomato sauce spooned atop a juicy hamburger served on a English muffin changes this popular American dish into a hearty Italian one. Season the sauce with oregano and onion or use a canned sauce and flavor to suit your own taste.

The Test Kitchen of Thomas' Specialty Baked Products suggests that the best way to split an English muffin is to score with the tines of a fork and then gently pull apart. Toast in any type toaster then butter or spread with margarine. English muffins are at their best when served fresh from the toaster.

Italian Hamburgers

Margarine or butter
1/4 cup chopped onion
1 (15-ounce) can tomato sauce
1/4 teaspoon dried oregano leaves
4 Thomas' English muffins

Dash garlic salt
1 pound ground beef
1 teaspoon salt
1/4 teaspoon pepper

Melt 1 tablespoon margarine in skillet over medium heat. Add onion and saute about 3 minutes or until golden brown. Stir in tomato sauce, oregano and garlic salt. Bring to boil; reduce heat and simmer 20 minutes. Mix together beef, salt and pepper. Shape into 4 patties. Broil to desired doneness. Split English muffins by scoring with tines of fork and then gently pulling apart. Toast; spread with margarine. Place hamburgers on 4 muffin halves. Spoon tomato sauce over hamburgers. Serve with remaining muffin halves. Makes 4 servings.

Ten Tips for Fall Planting

By following these simple gardening tips now, you can have an eye-catching display of beautiful flowers next spring.

1. Order early to be certain of the best selection. Plant immediately after bulbs' arrival. If not possible, open the bags and store in a cool dry place until ready to plant.

2. Buy good quality Dutch bulbs. They're specially selected and have to pass stringent Department of Agriculture examination.

3. Plant your bulbs in well drained soil. Fork in sand, peat or vermiculite to improve drainage if necessary.

4. Plant before frost hardens the ground. Daffodils and minor bulbs should be planted as early as possible. Tulips and hyacinths can be planted between September 1 and December 15. In the South, bulbs can be planted one month later.

5. Bulbs should be planted, pointed ends up, 6-8 inches deep for daffodils, tulips and hyacinths and 3-4 inches deep for crocuses, muscari and most other small bulbs.

6. Water the planted areas well after planting and also throughout the Fall if there is insufficient rain.

7. Cover bulb beds with a mulch to help retain moisture and retard soil from heaving during the late winter. Remove mulch after shoots appear.

8. Spring flowers that grow from bulbs appreciate having the surface soil about them loosened from time to time.

9. Never leave faded or dead petals to drop as this is bad for the plant and for the soil.

10. Remember that bulbs can be grown anywhere — in beds, borders, shrubbery, rockeries, orchards, woodlands, lawns, on walls, in tubs or window boxes. For really colorful visual impact, plant bulbs in groups or in clusters.

Section 499 Site Plan Review. In a G-1 business district, no permit shall be issued by the building department for the erection of any structure or for any use of land which is not in conformity with a site plan approved by the town board, after review by the planning advisory board.

Procedure. In considering and reviewing site plans, the planning advisory board shall take into consideration the public health, safety, and welfare, the comfort and convenience of the public in general and of the occupants of the proposed development and of the immediate neighborhood in particular; and may prescribe such appropriate conditions and safeguards as may be required in order that the result of its action shall, to the maximum extent possible, further the expressed intent of this ordinance and the accomplishment of the following objectives in particular:

(1) That all proposed traffic access ways are sufficient but not excessive in number; adequate in width, grade, alignment, and visibility; not located too near street corners or other places of public assembly; and comply with other similar safety considerations.

(2) That adequate loading spaces are provided to prevent truck parking in public streets, and that the interior circulation system is adequate to provide safe accessibility to loading bays and building services.

(3) That all service areas are reasonably screened at all seasons of the year from the view of adjacent streets and that the general landscaping of the site is such as to enhance the suburban character of the town and is in character with that generally prevailing in the neighborhood.

(4) That all existing trees over eight (8) inches in diameter, measured three (3) feet above the base of the trunk, shall be retained to the maximum extent possible.

(5) That all plazas and other paved areas intended for pedestrians shall use decorative pavements and shall use plant materials so as to prevent the creation of vast expanses of pavement.

(6) That all outdoor lighting is of such nature and so

arranged as to preclude the diffusion of glare onto adjoining properties and streets.

Prior to the submission of a formal site plan, a pre-submission conference shall be held wherein the applicant shall meet in person with the planning advisory board or its designated representative, to discuss the proposed site plan so that the necessary subsequent steps may be undertaken with a clear understanding of the board's requirements in matters relating to the development of the site. Within six (6) months following the pre-submission conference, two copies of the site plan and any related information shall be submitted to the building department at least ten (10) days prior to the planning advisory board meeting at which review is requested. If not submitted within this six (6) month period, another pre-submission conference may be required.

The building inspector shall certify on each site plan or amendment whether or not the plan meets the requirements of all zoning ordinance provisions other than those of this section regarding site plan review. The building department shall retain one (1) copy, and send one (1) copy to the planning advisory board, at least eight (8) days prior to the planning advisory board meeting at which the site plan review is requested.

The planning advisory board shall act to approve or approve with conditions any such site plan within sixty (60) days after the meeting at which approval is requested. Failure to act within sixty (60) days shall be deemed approval. Conditional approval by the planning advisory board shall include written findings upon any site plan element found contrary to the provisions or intent of this ordinance.

Review of amendments to an approved site plan shall be performed in the same manner as the review of the original site plan.

Site Plan Elements. The applicant shall cause a site plan map to be prepared, at a scale sufficient in size to permit an adequate review, by an architect, landscape architect, civil engineer, surveyor, land planner, or other competent person. The site plan shall include those of the elements listed herein which are appropriate to the proposed development or use as indicated by the planning advisory board in the pre-submission conference. Margiotta Supports Governor On Attica

Assemblyman Joseph M. Margiotta today commended Governor Rockefeller for the courage he demonstrated during the past four days of rioting at Attica State Prison, especially in supporting Correction Commissioner Russell G. Oswald's decision to storm the prison to release the guards being held hostage by rebellious prisoners.

"In my dealings with Governor Rockefeller, I have always found him to be most sympathetic in dealing with human life. His decision to support Commissioner Oswald must have been for him a terribly agonizing one, but it was the right decision," said Margiotta.

"It took a man of great courage and strength to resist the militant's attempts to destroy our penal system by demanding amnesty for crimes committed during the riot and to attempt to bring government to its knees by

demanding that the Governor personally negotiate with the rebels."

"Our government and penal system cannot be ruled by those who clearly demonstrated their complete lack of respect for human life and it can certainly not be dictated to by those who would bargain while holding a knife to another's throat," he said.

"Although all the facts surrounding the Attica riot are not yet known, I believe that the prisoners were given every opportunity to bring about a peaceful solution to their grievances.

My sympathy goes out to the families of the guards killed at the prison, and I commend the Governor for once again demonstrating his great courage and determination to protect all the people of this state," said Margiotta.

Social Security

Question: I just started working and paying into social security. Can you tell me how long a person must work under social security to be eligible for benefits at retirement age?

Answer: Anyone starting his or her working career now will be fully insured for retirement benefits after 40 quarters (10 years) of work under social security. But don't forget that younger workers are also protected by social security disability and survivors insurance before they have worked that long.

visory Board on matters affecting the environment, developing a program of public information on the subject, and serving as a coordinating force with local groups and institutions as well as liaison with state and federal agencies.

TOWN NOTES: I have asked our state legislators to keep an eye on a prefilled bill proposing a relaxing of the New York State standards governing the amount of suspended solids permissible in effective secondary treatment of sewage. With the threat to our coastal waters from pollution increasing every day, any such proposal is unconscionable and illogical.

Among the many signs of

Grover Column

(Continued from Page 4)

Washington over the welfare picture and officials have noted that the New York State crack down showed up in a leveling off of the welfare load curve compiled by the Department of Health, Education and Welfare. I am working on a loophole which has burned up in the immigration law and which needs closing. This concerns immigrant visas, which are granted on the promise of a resident sponsor that the immigrant will not become a public charge. Too many of those coming into this nation have become just that because the law doesn't provide for any liability on the part of the sponsor. We are working on legislation which would require that the sponsor repay the government where an immigrant goes on welfare. Quite obviously, the American taxpayer has enough of a load to bear with our own needy.

The tightening of welfare administration in New York State indicates that, while state and local governments may need more federal assistance, they can do a job of administration which can materially reduce our shocking welfare burden.

Town Supervisor John W. Burke announced the registration schedule for the fifth annual Town of Oyster Bay Ice Skating School. The school, which is self-sustaining, will run from November 15 through March 12 under the guidance of Mrs. Pat Walcott.

Burke said that more than 600 students are expected to avail themselves of instructions offered by professional skaters in the three Town ice rinks located

In group instruction, skaters will be placed in the beginner, intermediate and advanced levels with a maximum of 10 students per class. The cost of group lessons will be \$20 for 10

half-hour lessons.

Private instruction, which includes free style, figure and dance lessons by appointment, will offer five half-hour lessons for \$32.50.

At the Syosset rink, membership in the Tobay Figure Skating Club is open to all advanced students and offers 10 special 1½-hour lessons for \$45.00.

CHIEFS CHAT: Hicksville Fire Chief Mel Voorhies, center, and Walter Nygren, left, Parade Chairman, officially welcome Oyster Bay Town Supervisor John W. Burke to the 43rd Annual Labor Day Parade and Tournament.

Operation VFW

William M. Gouse, Jr. Post No. 3211 By Lou Palladino

The summer is about over, and the meetings go on as usual. At the last meeting we are proud to say we proud to say we acquire three more new members. A young Vietnam Vet, Artie Marks, and two WW2 Vets Sal Gurricca, and Joe Selvaggi. Welcome fellas and get active so you too can have your say. If between the three, only one idea comes up, the Post is on the plus side.

Also at the meeting was Bob Dethopson, one of your young tigers. Bob is finally out of the hospital, and we were all glad to see him attending. Good to see you fella.

Mike Znack our service officer reported, Northport Hosp. building eleven will be available to Vets for medical and surgical needs, other than mental cases sometime in October. This was a much needed facility for Nassau and Suffolk Vets. It will make it much easier for those in need, to get to the hosp. and for their families to visit. Hope nobody has to go for attention, but it'll be there if you need it.

Jim Sotille reports his Voice of Democracy is starting to roll. Posters are being placed in the school and though Hicksville. This is a fine opportunity for the youngsters to compete for a

SCHOLARSHIP WINNER: is Valerie Koltar with Cmdr. Ed. Chwalitz, who will attend Nassau Comm. and Barry Cynowicz who couldn't be present, and will attend Buffalo U.

scholarship. Even the lesser prizes is something to be proud of. Any kind of award for putting in writing what you think of the good fortune of being American should be a boost to your pride a

citizen of our great, Republic.

It may seem like flag waving, but with all our faults, can you think of a better place to live.

Another deal coming Sept. 27th. We will be taking about 30 wheel chair cases from St. Albans Hosp. to Shea Stadium for a night baseball game. Buses will pick them up and drop them off, Bob Keck is handling this caper. Of course some of our own members will be there to help out them on, and take them off the bus.

Lucky winners at the last meeting was Bob Oberyemeyer. Oh well, hope to see you at the next meeting, Sept. 27th.

Library Set Dates

Monthly book talks will take place at the Jericho Jewish Center on: September 27, November 29, January 24, February 28, March 20, April 24 and May 22.

Stimulating discussions will be led by head Librarian, Dottie Mills. Time each Monday will be from 10 a.m. to 12 p.m. Coffee and cake will be served. The agenda

for September 27 will be discussion of books to be chosen and organization for future meetings.

The Book Talks are free to all members of the Friends of the Jericho Public Library (\$1.00 to non members). There will be no charge for the September meeting.
