The Brillboard

JERRY BRILL

'Til recently, the Governor thought that chemin de fer was a French diplomat! Not anymore. Because it's on the drawing board that New York State will have licensed gambling within 3 years. However, he will need his top advisors—and a gambling expert—to guide him. He'll call on a committee of the Attorney General, the Majority Leader of the State Senate, the Speaker of the Assembly and a gehunclid daddling clouter name of One Eye Fagan!

'Governor,' the Majority Leader says, 'the Derby is coming up and that's our chance to kick this thing off to tremendous revenue.'

'The Derby? Do we bet on hats? asks the Governor.'

'That's a race,' says the Speaker, 'with the top horses in the world. The potential take,

Governor, is 50 million a year'. 50 million, eh? asks the Governor. 'Perhaps One Eye could tell us more about it.'

'First, a few questions,' says Fagan blinking his eye. 'In the take, who gets the vig?'

'Well,' says the Attorney General, 'the House, of course'.

'How about the Senate?' asks the Majority Leader. 'And the Assembly,' adds the Speaker.

'There'll be alot of smart money on that one. Especially since First of May is going, Fagan shutting his eye in thought.'

'That's right,' says the Attorney General, 'and he'll be carrying the silks of Caumet'.

'You mean we wager on a textile salesman?' asks the Governor.

'No. But...Fagan will worry about that, we have a program to

Music Series Began At Library

On Sunday, October 3, 1971 the Hicksville Public Library begins the 1971-72 Music Series with a very unusual concert. Sunanda Ghosh Dastidar will perform on the sitar in a Music of India RECITAL.

Mrs. Ghosh Dastidar was born in Calcutta, the cultural hub of India, and holds a degree of Master of Arts from the university there. She began her musical career under the guidance of the well known

musician, Gangapada Acharaya. She later studied at the school of Enayat Khan, one of the exponents of classical Indian music.

The library program will consist of three Ragas. Each Raga will have first the Alap, then the Gat and finally the Jhala. Mrs. Ghosh Dastidar will speak about her instrument and the nature of the Raga themselves. The sitar will be accompanied by another in-

strument called Tabla (the drum).

This is only the first of a ten part concert series for the season. Our programs are subsidized in part by the Music Performers Trust Fund and the Nassau County Department of Cultural Development under the chairmanship of Ralph Case.

All of the Library concerts are held Sunday afternoons at 3 p.m. in the library auditorium. The community is welcome to attend.

map,' says the AG. The Governor leans back in thought and says, 'Is all the betting to be done at the thoroughbreds? I find that most of my contemporaries are taken with whist, euchre and cribbage. How about them?' He smiles for his contribution.

'Look,' says one Eye, 'the flats, the O sheels and the guys that like the Mississippi Marbles. They're the ones that'll give us our take'.

'They continue to discuss the potential income.

50 million?' asks the Governor reflectively. 'eh?'

Not bad for a state that's almost mahula,' says One Eye. The boys have their interest impaled at an inordinate level.

'Gimme the knockdowns,' says the Governor.

'Upstate, I figure for the Abyssinian Polo. The dice. We don't take no guys with Michigan rolls. We screen everyone.'

Maybe even issue licenses from the Motor Vehicle Bureau!

says the Speaker.

'Yeah,' says One Eye, 'For New York City we put the parlors because they got the numbers. We also put the numbers there because they got the parlors. In the post hole, we move in 2 more trot tracks. So we end up with dice, wheels, trots and flats. Then we follow with slots, policy slips and roulette. And that's our parley'.

The boys begin to file their nails at the table, and put their knees up against the sides.

'50 million, eh?' adds the Governor. 'This could be the spot we're looking for. But I want no boat rides and no shell games. Anyone that comes in with fish-backs or phoney claimers will eat snowballs, you get that you guys?' They nod He continues.

'We're on the boost in this one for an 8 figure haul. You, Earl, you and your boys handle the Eastern take. You Perry, you watch the claimers. We're all going up against the watch, so noone takes a broke, hear?' Malcolm, after the Lieutenant Governor joins the group reluctantly—'you keep an eye on the overlays'.

Fagan interrupts with 'I'll keep the other eye on them'.

'Right—and all of you will take your orders from One Eye Fagan here. Any Questions?' asks the Governor.

The Majority Leader asks, 'Suppose one of my more finicky Senators objects. Then what?'

The Governor narrows his eyes. Fagan narrows his eye. 'Bury him in committee,' says the Governor.

They stand. The meeting is

over. They walk over, kiss the Governor on each cheek, and leave for their long sleek limosines and the bumpy ride home.

Town-School Officials to Meet on Coordinated Attack Against Drug Abuse

Town Supervisor John W. Burke endorsed a scheduled meeting of the 11 School District Superintendents with members of the Drug Abuse Control Agency at a luncheon at the Holiday Manor in Bethpage, on Thursday, September 30, at 12:30 P.M.

The agency, headed by Adeline Petito, widow of former Town Supervisor Michael N. Petito, arranged the luncheon to outline the work of the DACA to date, and to seek the assistance of the educators to strengthen the program against the drug blight which has become part of almost every community.

"This is one of the most important meetings of the entire program," Supervisor Burke said today. "With the coordinated support of members of the school districts, it will further strengthen the agency by establishing a direct line of communication between the student and the educators. It will be invaluable in the effort we are making to control drug abuse."

Mrs. Petito was selected by Supervisor Burke to serve as co-ordinator when the Drug Abuse Control Agency was formed last June. Her background in the overall effort to combat narcotics

and her knowledge in the Town and governmental framework made her an ideal selection for the post.

"Mrs. Petito has made great strides since the inauguration of the drug abuse program this far," Supervisor Burke said. "It is a tremendous responsibility that may well decide the future of our community because the very lives of our young people are involved."

In discussing the luncheon, Mrs. Petito remarked: "Our agency has established a department for the benefit of the eleven school districts in order to mutually pool all of our resources towards combating the ever-increasing dangers of drug experimentation among our young people."

"The luncheon meeting will serve to discuss our future plans and possibly avoid duplication of our efforts in the promotion of programs that will fit the needs of school districts," Mrs. Petito explained.

The Drug Abuse Control Agency is under the administrative control of James Arvanitis, Director of the Department of Recreation and Community Activities in the Town of Oyster Bay.

National Merit Semifinalists

In the National Merit Scholarship Qualifying Test administered throughout the country last February, seven Hicksville High School students reached semifinalist status. The seven were: Dominick Bruno, Barry Dastin, Steven M. Goldberg, Mark D. Ludman, Michael A. Matzka, Ira Smilovitz, and Kenneth A. Wexler.

The approximately 15,000 Semifinalists thus appointed in the nation are the most intellectually talented high school seniors. They will compete for 3,000 Merit Scholarships to be awarded in 1972. More than 655,000 student in 16,600 schools took the exam.

Letters of Commendation honoring them for their high performance on the NMSQT will be forwarded shortly to the runner-ups. Mr. Raymond Rusch, Principal of the Senior High School, when announcing the names of our seven students

said, "These students bring honor not only to themselves, but to their families, their teachers, and the community. The future success of these young people will, however, depend upon their ability to become productive at the high intellectual level that they are capable of attaining."

Wild Strawberries at Library

Dear Friends:

SUNDAY was a busy day for the Hicksville Volunteer Fire Dept. ... what with a fire of suspicious origin at the Hicksville Republican Headquarters at 18 Marie Street (see Charbonnet pictures on this page) ... and shortly afterward a tree fire in the town owned acreage across Old Country Road from "One Jonathan Avenue!"

IN ALL of our communities, it is good to know that we are protected by our fine volunteer firemen, 24 hours a day. We know you won't forget this when they hold their annual fund drive in your community. Imagine how much higher our taxes would be if these fine volunteers had to be replaced by paid professionals!!

On Saturday I visited the old country fair at the Hicksville Library (pictures on another page) and it was so interesting to see the tremendous number of articles on display. Details of the judging and of the winners are covered in this library's column. All in all, I believe that this event was highly successful and our hard-working library staff hope to make it an annual event. We hope so too.

A HAPPY BIRTHDAY to Mr. Alfred M. Kunze of Hicksville who celebrated his 75th yesterday (Sept. 29th). May you have many more. Mr. Kunze, many more years in which to enjoy good health and to continue your fine activities in the Senior Citizen Organization and other groups in which you serve so efficiently. Mr. Kunze also received birthday greetings from President Nixon, past-president Johnson and many other nationally prominent figures, who have known him because of the years of service to his fellow man for which this week's HERALD we have five, yes, we repeat, five, local features, which we didn't have room for in this week's issue. That we are sure will be informative and interesting to all our subscribers, so, we urge you enthusiastically don't miss an issue ... and, until next week, stay well.

SHEILA

Supervisor JOHN W. BURKE.....REPORTS

The Town's Drug Abuse Control Agency is taking a significant step this week with a meeting of its staff and the superintendents of the 11 school districts in the Town.

At the meeting, Adeline Petito, coordinator of the agency, will outline its plans and programs and seek the assistance of the educators in strengthening the program.

I consider this meeting a key milestone in the program. With DACA serving as a coordinating force, the efforts of the school districts in combating drug abuse should be significantly enhanced. Our educators have a strong communications link with the younger generation, and it is our intention to exploit this relationship to the fullest.

It has been asked, do we really have a drug problem in the Town of Oyster Bay? The answer is, we

most certainly do! It has not yet reached the epidemic proportions of some areas of our country, but it is real and exists in Oyster Bay.

Nassau District Attorney Bill Cahn recently called narcotics addiction one of the most profound social problems of our society. He noted that in some areas of the country 25 percent or more of today's youth have experimented with marijuana, LSD, barbiturates, amphetamines and glue sniffing.

In Cahn's opinion, the problem of drug abuse is so vast in its dimensions and so pregnant with possibilities of further expansion that it will require corrective action of a scope far beyond anything which has ever been attempted.

I believe DACA has made great strides in its program this far, but we must do even more.

TOWN NOTES: The Small Business Administration has set up a special disaster team at the Town Hall Annex in Hicksville to handle applications for loans to repair flooding damage from tropical storm Doria. Homeowners as well as businessmen who suffered damage from rising waters qualify for these long term, low cost loans. Call the SBA at 931-7630 for more information.

The Town is starting a new leaf collection program this fall in which residents are asked to collect and bag all fallen leaves on their property. This will expedite our leaf collection operations without the need for additional manpower or special equipment. We hope that you will cooperate to make this program a success.

From Your Congressman

James R. Grover, Jr.

This is written some days after the Attica Prison tragedy when much of the analysis has been made, after most of the charges have been hurled, when some of the serious thought has begun. This was an ironic tragedy in more ways than the loss of life when we consider that only weeks before this rebellion, State Corrections Commissioner Oswald had ordered the playing of a taped message to Attica's inmates, reciting reforms and improvements and promising more at the prison. U.S. Attorney Gen. Mitchell had made a major move toward penal improvement by scheduling for December a White House conference on penal institutions, correction and rehabilitation. Perhaps some prisoners cannot wait for improvement in their conditions.

I was struck by the general tone of news reports concerning the Attica uprising. After sampling several of the reports, you'd never know that prisoners had attacked their guards, were holding many hostages and had killed at least one prison employee before starting negotiation. The general impression given was that New York State, its Governor and all prison officials were the criminals and that "the Attica 1200" were a heroic band who'd never staged a holdup, killed anyone or committed any crime more serious than jaywalking.

That great defender of civil liberties, attorney William Kunstler, charged Gov. Rockefeller after Attica was retaken with being a murderer. Kunstler, of course, didn't criticize the rebel prisoners. It was, he in fact, who "set them up" to resist all-out for amnesty when he lied to them that African representatives were waiting outside the prison to whisk them off to "non-imperialist nations."

With the desperate maniacal prisoners tunneling and digging in for a siege, musing the walls with explosives, manufacturing an arsenal of lances and knives in the prison shop and assigning executioners for the hostages

Dear Friends:

SUNDAY was a busy day for the Hicksville Volunteer Fire Dept. ... what with a fire of suspicious origin at the Hicksville Republican Headquarters at 18 Marie Street (see Charbonnet pictures on this page) ... and shortly afterward a tree fire in the town owned acreage across Old Country Road from "One Jonathan Avenue"!

IN ALL of our communities, it is good to know that we are protected by our fine volunteer firemen, 24 hours a day. We know you won't forget this when they hold their annual fund drive in your community. Imagine how much higher our taxes would be if these fine volunteers had to be replaced by paid professionals!!

On Saturday I visited the old country fair at the Hicksville Library (pictures on another page) and it was so interesting to see the tremendous number of articles on display. Details of the judging and of the winners are covered in this library's column. All in all, I believe that this event was highly successful and our hard-working library staff hope to make it an annual event. We hope so too.

A HAPPY BIRTHDAY to Mr. Alfred M. Kunze of Hicksville who celebrated his 75th yesterday (Sept. 29th). May you have many more. Mr. Kunze, many more years in which to enjoy good health and to continue your fine activities in the Senior Citizen Organization and other groups in which you serve so efficiently. Mr. Kunze also received birthday greetings from President Nixon, past-president Johnson and many other nationally prominent figures, who have known him because of the years of service to his fellow man for which this Hicksvillian is known to us all.

In next week's HERALD, we have five ... yes, we repeat ... five ... local features, which we didn't have room for in this week's issue ... that we are sure will be informative and interesting to all our subscribers ... so, we urge you enthusiastically ... don't miss an issue ... and, until next week, stay well.

Supervisor JOHN W. BURKE.....REPORTS

The Town's Drug Abuse Control Agency is taking a significant step this week with a meeting of its staff and the superintendents of the 11 school districts in the Town.

At the meeting, Adeline Petito, coordinator of the agency, will outline its plans and programs and seek the assistance of the educators in strengthening the program.

I consider this meeting a key milestone in the program. With DACA serving as a coordinating force, the efforts of the school districts in combating drug abuse should be significantly enhanced. Our educators have a strong communication link with the younger generation, and it is our intention to exploit this relationship to the fullest.

It has been asked, do we really have a drug problem in the Town of Oyster Bay? The answer is, we

most certainly do! It has not yet reached the epidemic proportions of some areas of our country, but it is real and exists in Oyster Bay.

Nassau District Attorney Bill Cahn recently called narcotics addiction one of the most profound social problems of our society. He noted that in some areas of the country 25 percent or more of today's youth have experimented with marijuana, LSD, barbiturates, amphetamines and glue sniffing.

In Cahn's opinion, the problem of drug abuse is so vast in its dimensions and so pregnant with possibilities of further expansion that it will require corrective action of a scope far beyond anything which has ever been attempted.

I believe DACA has made great strides in its program this far, but we must do even more.

TOWN NOTES: The Small Business Administration has set up a special disaster team at the Town Hall Annex in Hicksville to handle applications for loans to repair flooding damage from tropical storm Doria. Homeowners as well as businessmen who suffered damage from rising waters qualify for these long term, low cost loans. Call the SBA at 931-7630 for more information.

The Town is starting a new leaf collection program this fall in which residents are asked to collect and bag all fallen leaves on their property. This will expedite our leaf collection operations without the need for additional manpower or special equipment. We hope that you will cooperate to make this program a success.

From Your Congressman

James R. Grover, Jr.

This is written some days after the Attica Prison tragedy when much of the analysis has been made, after most of the charges have been hurled, when some of the serious thought has begun. This was an ironic tragedy in more ways than the loss of life when we consider that only weeks before this rebellion, State Corrections Commissioner Oswald had ordered the playing of a taped message to Attica's inmates, reciting reforms and improvements and promising more at the prison. U.S. Attorney Gen. Mitchell had made a major move toward penal improvement by scheduling for December a White House conference on penal institutions, correction and rehabilitation. Perhaps some prisoners cannot wait for improvement in their conditions.

I was struck by the general tone of news reports concerning the Attica uprising. After sampling several of the reports, you'd never know that prisoners had attacked their guards, were holding many hostages and had killed at least one prison employee before starting negotiation. The general impression given was that New York State, its Governor and all prison officials were the criminals and that "the Attica 1200" were a heroic band who'd never staged a holdup, killed anyone or committed any crime more serious than jaywalking.

That great defender of civil liberties, attorney William Kunstler, charged Gov. Rockefeller after Attica was retaken with being a murderer. Kunstler, of course, didn't criticize the rebel prisoners. It was, he in fact, who "set them up" to resist all-out for amnesty when he lied to them that African representatives were waiting outside the prison to whisk them off to "non-imperialist nations."

With the desperate maniacal prisoners tunneling and digging in for a siege, mining the walls with explosives, manufacturing an arsenal of lances and knives in the prison shop and assigning executioners for the hostages

New Town Youth Council Joins In War On Drugs

Another important step in the fight against drugs in the Town of Oyster Bay will be realized Oct. 1 when Town Supervisor John W. Burke officially inaugurates a training course for 11 Youth Council members—one from each school district—who will participate in community issues and problems. It is the first project of its kind on a Youth Council level.

The new group will serve as Action Project Coordinators in their respective communities. They were chosen by a screening board after passing requirements which included Youth Council membership; at least 17 years of age; a student in good standing and a capable organizer.

"It is indeed a pleasure to welcome these young people into this all-important program," Supervisor Burke said yesterday. "Their job ahead is just as serious and important as any government agency in our community."

"Following their two-week training period, each coordinator will be responsible for organizing and initiating action on projects of concern to the youths in their respective Councils."

"Their desire to become involved in community government and problems is a true indication that many of our young people have a deep concern for

critical social issues.

"I am confident this new team will contribute strongly to the drug abuse program in our area. For one thing, they will be accepted more readily by the youngsters of their own age who have been exposed to drugs. If they can alert some of these unsuspecting young people to the dangers of marijuana and pill-popping, they could well detour a kid starting on a 'kick' road which usually leads to the most deadly habit of all—heroin," the Supervisor said.

The teenage coordinators will be trained by the Youth Bureau personnel and will be salaried as part-time workers at \$1,000 a year. The money will come from the State Narcotic Addiction Control Commission. Mrs. Adeline Pettit, coordinator of the Oyster Bay Drug Abuse Control Agency, will play an important role in the training of the new group.

James Arvanitis, Director of the Department of Recreation and Community Activities said the training classes will be held at the Youth Bureau headquarters, 7800 Jericho Turnpike, Woodbury. James J. Dahl, coordinator of Community Youth Services will head the orientation program for the new group.

Howard J. Finnegan

Hicksville lost the opening game of the 1971 football season to Herricks, 32-20.

It was the seventh straight league loss over two years dating back to the winless league campaign of 1970.

Played at Herricks the game saw Hicksville penalized 16 times mostly for organizational failures.

Key to the defeat were three Hicksville fumbles inside its own ten yard line that Herricks team covered. They were immediately converted into three touchdowns.

Hicksville is at home this Saturday against Plainedge.

It will be then or never.

Hicksville 22. Plainedge 19

It was expected to be a rebuilding year for Hicksville Cross Country but Coach Bob Hisky is counting on the determination of a sophomore laden team to adjust its aim just a bit higher in 1971.

If all develops well the Orange and Black could make a vigorous defense of its Divisional championship.

Seniors Vin Luisi and Larry Casassa are counted on for anchoring seasons. Both lads have the desired good attitude and

work extremely hard according to their coach.

It falls to two Juniors, Dan Bell and Tom-Mater along with sophs Joe Leo, Hugo Lorch, Bill Auffant and Paul Carerra to round out a contending varsity. All have been impressive in training.

The following boys comprise the 1971 Hicksville High Cross Country team: Vin Luisi, Larry Casassa, Richard Allison, Joe Leo, Hugh Lorch, Paul Carerra, Bill Auffant, Dan Bell, John Kovacs, Brian Austin, Tom Maier, Kyle Luhrs, Bob Judge, Paul Hucklestein, Bob Bischoff, Colin Yale, Dave Nolte, Jim Wheeler, Brian Scott and Brian Coburn.

Hicksville's Jeff Doolittle is once again firmly entrenched at quarterback for Hofstra College. He lead the flying Dutchmen to a 28-22 victory over Maine, Saturday.

He completed eight of 14 passes for 133 yards and two touchdowns and ran another in himself on a 60-yard run.

Hofstra will be at home this Saturday night against Delaware State. 8:00 p.m.

The Hicksville influence was dominant as Post College got its first 1971 gridiron win over

Wagner, 21-15.

Fullback Ron Carmen did the heavy load work for the Brookville contingent with 89 yards in 15 attempts. Flanker Jim Carra continued this amazing pass reception work as he pulled in 5 passes with two carrying into the endzone.

The fans are slowly but surely finding their way to Freeport Stadium to see the Long Island Chiefs and the Pass snaring of Hicksville's Bruce Cerone. The Chiefs hope to follow last week's win over Philadelphia with a victory over New Jersey in their return to the Stadium, Sunday afternoon, October 10th.

Although they suffered a 3-0 rebuff to Herricks and a close 1-0 loss to Plainedge in opening league games, the Hicksville High Soccer players are working hard to turn the season around.

Members of the Varsity Squad are Dave Brady, Robert Bungert, Mike Cmar, Cliff Garone, Victor Herr, Phil Krumm, John Liberatos, Robert Mayfield, Steve Maida, Tom Murphy, Mike Nebitt, Steve Petersen, Stuart Schwartz, Edward Scanlon, Glenn Skrynecki, Mark Shikowitz, William Sloane, Nick Sotirhas, Steve Sulzinski, and William Wayne.

St. Ignatius Rolls On

St. Ignatius Apollo's of the C.Y.O. Teen Soccer League won their third game of the season when they defeated Our Lady of Lourdes of Massapequa Park 7-0. Leading the scoring for St. Ignatius was "Duke" Daly with his second and third goal of the season.

In the midget division St. Ignatius Santo's leads the league with a 3-0 record. This past Saturday they posted their third win when they defeated Corpus Christi 7-0. Steve Solaski and Jackie Jablowski each dented the Neats twice. The Santo's defense has been outstanding. They have not given up a goal this season.

POLO AT BETHPAGE STATE PARK

Now it's a run for the trophy in the Dover House Tournament put into play in 1966 by Dover House, a Burt Bacharach restaurant on the Island, two elimination games to go to Hickox Field in Old Westbury on September 28th and 30th, the finals to hit the polo field at Bethpage State Park on Sunday October 3rd. In the first match Westbury with Mike Gerard, Kurt Rosche, Allen Jenkins and Fred Zeller will have it out with Brookville lining up with John Whittemore, John Greenleaf, Ted Shapiro and Tom Monaco and in the second Huntington fielding Fred Braunstein, John Gayer, Paul Rizzo and Peter Daly will take on Bethpage's Frank Mortimer, Peter Henderson, Dave Rizzo and Ted Brinkman, winners in both games to put on an action packed bid for the coveted prize, giving fans a great game!

It was another great game on Sunday September 26th as Bethpage with Bob Lubash, John Gayer, Dave Rizzo and John Greenleaf played the winning card in the last of the

October 16th. That Wednesday will be the last week that the league bowls for average.

For further information, contact Elene Arowesty at OV 1-1479.

Metropolitan League Matches against Westbury, lining up with John Whittemore, Frank Rice, Alan Corey III and Allen Jenkins, taking the hard earned individual League trophies in a non-stop barrage of punches by Westbury, four to three the final score. With a two goal handicap as a starter and two goals by Lubash in the first chukker Bethpage held on, Westbury's severe lashing out during the entire game not stopping their counter attack, Westbury's continuous drive blanking them in five chukkers. Three minutes to play, Corey's long hit that stopped inches short of the goal line was knocked out by Lubash, a sudden death play-off squashed.

Win or lose the polo games at Bethpage State Park never put any punches the teams always ready to deliver an exciting and entertaining afternoon to those who come to see this great sport. Games start at 3:30 P.M., admission \$1.50 and free to youngsters accompanied by an adult.

National honors for outstanding safe driver performance were won by the HICKSVILLE Post Office in the Post Office Division of the 40th National Fleet Safety Contest conducted by the National Safety Council.

The Hicksville, Post Office Inter-City Fleet, consisting of 83 motorized vehicles and 142 Drivers was awarded First Place in the U.S. Post Office Inter-City Fleet Contest. The award is based on safety performance from January 1970 through December 1970. During this period, the vehicle drivers operated 1,961,375 miles and had 8.12 accidents per 1,000,000 miles of operation.

William P. Bowling, Chairman of the National Fleet Safety Contest Committee, extended his congratulations to the winning fleet and expressed appreciation for its participation in the contest. Additional honors will be received by the Hicksville Post Office at ceremonies held in conjunction with the 59th National Safety Congress and Exposition in Chicago on October 28, 1971, at the LaSalle Hotel.

All accidents as defined by the American National Standards Institute, were counted in the contest. Winners were determined after inspection, and verification of their records by an auditor appointed by the National Fleet Safety Contest Committee.

The First Place winners will receive additional recognition at an award luncheon sponsored by General Motors Corporation in the LaSalle Hotel's Grand Ballroom in October. More than seven hundred safety experts from the nation's motor transportation industry are expected to attend the luncheon.

Over 2600 fleets, consisting of more than 345,000 vehicles, travelled more than six billion, seven hundred and fifty million miles during the contest year.

The combined average frequency rate of 12.06 accidents per 1,000,000 miles represented a slight decrease over the previous

contest period.

Another First at Trinity Lutheran

The Reverend Edward H. Stammel, pastor of Trinity Lutheran Church of Hicksville, New York, gives Mr. George Karlson the first copy of a booklet, describing the "Gates of Paradise" together with the colored postal card of the doors. Mr. Louis G. Dettloff, former president of the Congregation, and chairman of the Building Expansion Program, looks on. The replica of Lorenzo Ghiberti's "Gates of Paradise" produced from the molds by Bruno Bearzi of Florence, Italy, hang at the entrance to the enlarged facade of Trinity Evangelical Lutheran Church, 40 West Nicholas Street, Hicksville, New York. They were a gift in loving memory of Katharine M.

and Kenneth D., wife and son of George C. Karlson.

This three ton, sixteen and one half feet high, gilt over solid bronze work of art is declared the most beautiful and most famous set of doors in all the world.

The "Gates of Paradise" may be viewed every Sunday at noon or by appointment (phone: 931-

2225). The sixteen page descriptive booklets and postal cards may be purchased at those times. To order booklets or cards by mail, kindly write to "Gates of Paradise", Trinity Lutheran Church, Hicksville, New York 11801. (Booklets \$1.50 each; Postal Cards 15 cents each).

Old Time Country Fair Memories

The Hicksville Public Library Old Time Country Fair is just a memory now, but what a pleasant memory! The Fair that was held on Friday and Saturday, September 24 and 25 in the lower level of the Library, was truly one of the most memorable events to take at the Library for many a year. There were almost 700 individual items entered in the many separate categories and each should have been a winner for originality and craftsmanship. The judges were overwhelmed by the quality and workmanship in their divisions and really had a herculean task arriving at their final decisions.

The judges were all local experts in their fields, with one professional judge, Mr. Walker from the New York State Department of Agriculture, who chose the winners in the plant, vegetable and flower arrangements division. Mrs. S. Giovenco was the sewing judge, Mrs. F. Horning was the art judge, Mrs. Q. Stenger, Mrs. D. Cohen, Mrs. H. Hannah, Mrs. G. Spinner were the judges in the

needlework, baking, crafts, woodworking, jelly making and the potpourri divisions.

A list of the first prize winners follows: Mrs. L. Schafer, Mrs. M. Lesser, Mrs. N. Baldwin, Mrs. R. Gabriel, Mrs. A. Thompson, Mrs. T. Gill, Mrs. A. Boos, Mrs. C. Verity, Miss S. Cressman, Miss L. Small, Miss L. Rennie, Miss K. Sarli, Miss C. Stein, Mrs. J. Denny, Mrs. T. Healy, Miss M. Fleckenstein, Mrs. R. Kear, Mr. C. Nass, Miss J. Sanetti, Mrs. L. Testa, Miss B. Serrapica, Mrs. G. Spinner, Mrs. V. Lesser, Mr. P. Collins, Mr. A. Lavorgna, Mr. R. Puko, Miss A. Huenlich, Miss S. Dircks, Mrs. J. Schachter and Sister Mary Walters.

There is no space to list the second prize and honorable mention awards in this issue. In the following weeks we will list the other prize winners.

The Hicksville Public Library

wants to express its gratitude to all who made this first Old Time Country Fair the success it was. There are many people who were anonymous in the help they gave by the many hours they contributed in helping the Library staff - a special thanks to them. To the Nassau County Homemakers Council, Hicksville division members who helped at the very beginning until the long final hours at the end, we are grateful. To the judges who volunteered their time and their knowledge. To Mr. J. Bowra, who loaned his 1915 Model T Ford for the front lawn display, to the Long Island Craftsmen Guild who put up an exhibition of their handworks, and to all of you - thank you.

We hope to make this an annual event and all who participated this year will do so again for a bigger and better Fair next year (if it is possible to have a better one.)

GUTTERBALL GOSSIP

By Herb Mahler

After a week layoff, the men rushed into the alleyway with a determination not to repeat the fiasco of the first night. Again the good men of Birchwood were shot down as the two hundred games seemed to be a thing of the past. As the evening continued, we even made the N.Y. GIANTS look good.

Rapid Robby Goldstein sent his men against the Army of muscles Geyer and turned Leo's Lions to pussycats as they tamed them 19½-10½ to retain first place. Robby rolled a fine 227 to lead his men to a well-deserved win.

Our new captain, Bernie Kaplan, had the hot hand of the evening. As he scored with a great 201, 204 for a 604 series, he cooled "Mr. Warmth" Herb Brody 25-5 to go into second place. Bernie had been bowling well last year and so far this year and his team could well be the one to watch.

Dropping one notch to third, all the Kolowitz boys could do was tie the fighting Sussmans 15-15. This is the second tie in a row for Murray's men. I suspect they don't want to hurt the other team.

The big jump was the Vladems as they creamed the Sachs 28-2 to go into a tie for fourth. Lew had some help on this one as Gil Stein contributed a 218 and Lew pit-

ched in with a 205. Sad Sid took over the cellar.

Red Karbel with shaking Marv Kahn at his side silenced the Simple Simons 19-11 to go into a tie for fourth.

Next, we have Buddy's Boys as the flanders hacked the Holzman's 17-13. All Buddy could do was an anaemic 222 which isn't too bad for a beginner in his first year.

The Warren's showed their teeth taking the measure of our famous YO-YO Hoffmans 17-13. Milt had the Hi game of the season with a 236.

The Springers climbed out of last place with a 20-10 win over Wild Bill Kellerman's roughnecks. It was the mad professor Bernie Roth who contributed the big one for Bill with a 205.

Finally Friendly Freddie Rothman gave us all pleasure with his win over "Mr. Goodness" Lewis Marks 19-11.

Now that we have a little better knowledge of our new system, I think it is a lot more fun but not for me as I was annihilated in my three games.

Have a nice holiday and for the members leaving our shores for some golf in the sun have a good time.

See you at the Nevele!

Roth Selected as New Director of B.C.A.

The Board of Directors of the Birchwood Civic Association, at its regular September meeting held last week at the Syosset Library, elected Dr. Bernard Roth as a director of the organization.

Dr. Roth resides at 53 Merry Lane with his wife and two children. He replaces Dick Wolfeld of 35 Forsythia Lane who resigned last month.

Open House on Oct. 3 at Jericho Firehouse

The Jericho Volunteer Fire Department will hold its annual Open House, in celebration of National Fire Prevention week, on Sunday, October 3rd, from 11 AM to 3 PM. In addition, the members of the department will conduct actual fire fighting demonstrations.

The children will enjoy the fire engine rides, fire hats, flag decals and refreshments provided free by the members of the Jericho Fire Department. All Jericho Fire district residents are invited to attend. The date again, Sunday, October 3rd, 11 AM to 3 PM.

ANNUAL FUND DRIVE: Oyster Bay Town Councilman Ralph Diamond, center, helps kick off annual fund drive of the Jericho Volunteer Fire Department as Lieutenant Leon Maufroy, assistant chairman of the fund

drive, hands the first of several thousand requests for assistance to postman Paul Kandel for mailing. Lieutenant Maufroy is seated in one of the department's new 1250 gallons per minute pumps.

Sisterhood Features Science of Astrology

"Zodiac and the Age of Aquarius" - sound fascinating? It is. The Program Planning Center of the National Bank of North America has generously obtained Mrs. Creda Ross, a graduate of the American Academy of Dramatic Arts and a professional dramatic actress, to discuss the science of astrology with the Sisterhood of Temple Or-Elohim. Mrs. Ross is a member of the

Astrosophical Society of America and is a professional caster of horoscope charts.

The theme for this exciting meeting, to be held at the Temple on October 5th, Tuesday evening, will be the interpretation of the Zodiac - the how, what, where, why and how. Individual horoscopes will be analyzed and the astrological meanings of the signs of the planets and how they

affect you will be explained.

If you are interested in astrology and fascinated by horoscopes, extrasensory perception, and palm reading, this should be a meaningful evening for you. If you are a novice or a non-believer, this should build a new awareness and be a discovery for you. If you have never thought much about astrological charts, perhaps this will be the beginning of a fascinating study in a previously untapped existence. Come and see for yourself.

CAUTION! This speaker will begin promptly at 9 P.M. The business meeting will follow the guest artist. Please try to arrive by 8:45.

Eleven Students Named Semifinalists In Program

Principal, Walter M. Yannett, has announced that eleven students at Syosset High School have been named semifinalists in the 1971-72 National Merit Scholarship Program.

The students are Suzanne G. Berger, Peter T. Fong, Steven M. Freeman, Karen A. Goodrum, Richard P. Herzer, Charles P. Lollo, Walter Neboshynsky, Louis H. Philipson, Douglas B. Shapiro, Merryl A. Sloane, and Daniel H. Squire.

The approximately 15,000 semifinalists appointed today are among the nation's most intellectually talented high school seniors. They will compete for some 3,000 Merit Scholarships to be awarded in 1972.

The semifinalists were the highest scorers in their states on the National Merit Scholarship Qualifying Test (NMQST), which was given last February to more than 65,000 students in about 16,600 schools nationwide. They constitute less than one percent of the graduating secondary school seniors in the United States.

The semifinalists are representative of the country's most intellectually able young people, according to Edward C. Smith, preside of the National

Merit Scholarship Corporation (NMSC). "From this group will come many future leaders in business, industry and the professions," he said.

"These students bring honor not only to themselves, but also to their families, their teachers and their communities. The future success of these young people will, however, depend upon their ability to become productive at the high intellectual levels that they are capable of attaining."

Semifinalists must advance to finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become finalists by receiving the endorsement of their schools, substantiating their high NMQST performance on a second examination and providing information about their achievements and interests.

About 96 percent of the semifinalists are expected to become finalists and each will be considered for one of the 1,000 National Merit \$1,000 scholarships which are allocated by state. Many will also be considered for the renewable four-year Merit Scholarships provided by some 500 corporations, foundations, colleges, unions, trusts, professional associations, other organizations and individuals.

Names of the winners in the 1971-72 Merit Scholarship Program will be announced in the spring of 1972. Some 28,000 students have received Merit Scholarships in the sixteen annual programs to date. About \$81 million in financial assistance to Merit Scholars and their colleges has been expended or committed through the Merit Program.

New Cub Pack to be Formed at Jackson

By Hank Fischman

A new enlightened Cub and Webelos pack is in the process of being formed at the Jackson School. Boys 8, 9, and 10 years old are eligible to join.

For the first time in this area, the pack will be run by men; with the women doing women's work. We are planning many creative and interesting activities so that each boy can feel he has accomplished something on his own.

We all hear the youth of our country talking about generation

gaps and lack of communication between parents and children. What it all boils down to is sons and daughters, fathers and mothers must start to identify with each other at an age when it will be meaningful.

This is what scouting is all about. Parents working with Their Children watching and helping them accomplish and achieve.

Any Questions? Call Hank Fischman 938-4483 or Arnie Nagler 433-7267.

Youth Council News

Street Resurfacing Slated for Jericho

Town Councilman Ralph Diamond said that the Department of Public Works is preparing plans and specifications for the resurfacing of a number of streets in Jericho. Diamond reported that the highway improvements were recommended by Public Works

Commissioner Gerard P. Trotta and include Seaman Road, Halsey Avenue, Leahy Street, Columbia Street and adjacent areas.

When the design phase is completed by the Department of Public Works and its consulting engineers, the Town Board will authorize public bidding on the project.

From Your Congressman (Continued from Page 4)

who were dressed in prison garb to be used as human shields, delay surely meant a greater loss of life.

Militant radicals of the left are for the moment off the President's back to "get Rocky" but most reasoning critics who are shocked by the tragedy when

reviewing the episode in the objective perspective of time and fact will conclude that the Governor had no alternative.

Operation VFW

William M. Gouse, Jr. Post No. 3211

By Lou Palladino

A trip is being planned for October 17th to the museum of Natural History Planetarium. Don't know if that's one or two places. The 17th is on a Sunday and the ages for the children is 10 through 13. Mike Monteleone made this report. The bus will hold 36 kids and 8 adults. So you should be hearing from Mike pretty soon.

Testimonial dinner being past county Cmdr. Earl Ellis, and we are sending our own Cmdr. Ed Chawalsz and his wife Joan. The 1st district also having one, which they'll attend. Not giving you news on District or County, but letting you know our Commander's doings. Obligations must be fulfilled, and he's the boy to do it.

Dinner Dance tickets for February will be made up and distributed in the near future. This year it will be held at the New Hyde Park Inn. We were quite crowded last year, and figured to need a larger place.

Those of you having attended past affairs, know we always have a great time, with plenty of everything, and this year we have our young tiger, Bob Keck, in charge, and he's an old pro at these things, young as he is.

Good old Frank Aug is still receiving awards for the great job he did last year. This one came from Dept. and we had it embossed in wood for him. It's for his Americanism and its programs.

Bingo is still going strong and we always can use and need plenty of help.

Again we say, please notify us if you know any young man serving in Vietnam or Korea. We wish to do what we have pledged, and only you can help us accomplish our mission.

Come on out to the next meeting.
