### Teen-Age Rep. Club To Meet

The Teen-Age Republicans of Hicksville will hold their regular monthly meeting on Friday

October 15, at 8:00 p.m. The meeting will be held at Republican Headquarters at 18 West Marie Street, Hicksville.

**ROW A:** The campaign to get voters to vote Row "A" Republican got underway in Hicksville recently when the Town GOP Committee opened Republican Campaign Headquarters at 18 West Marie Street. A host of youngsters joined some of the Town can-

didates for the traditional ribbon-cutting ceremonies. Town Supervisor John W. Burke is about to wield the scissors. Other candidates in the photo are Councilman Joseph J. Saladino (1.) and Councilmen Diamond, Doolittle and Mosca as well as Mrs. Isabel Dodd, candidate for Town Clerk.

## Board Answers Petitions

MRS D KLEIN  
12 HICKS CIR  
HICKSVILLE NY 11801

The Board of Education of Hicksville School District 17, which had been properly served with petitions signed by 1500 district residents, answered these petitions twenty one days after they had been served.

These petitions, which were directed to New York State Commissioner of Education Ewald Nyquist, requested a hearing for removal of this Board of Education on the grounds that no charges whatsoever had been filed against Donald Abt, former Superintendent of Schools of this district. Mr. Abt, whose contract with the district does not expire for two years, was removed from the superintendency which he had held for eleven years, and placed for the balance of his contract in a newly-created position termed "Professional Educational Consultant", at the same salary he was receiving as superintendent. This position never existed before, is not

clearly defined, and in all probability will cease to exist at the termination of Mr. Abt's contract. The Board of Education has since hired a new superintendent. These two actions will cost the district approximately \$100,000.00 of unbudgeted money. The petitions state that the fact that this Board brought no charges against Mr. Abt deny him the right to due process.

In their reply to the Commissioner, the Board of Education defended themselves by stating that they received the consent of Mr. Abt. In a letter to the Commissioner, refuting this reply, Charles Loiacono stated that this was "a subterfuge designed to dupe the residents of Hicksville and to squander their money".

The Board's second defense was that "they were acting with the intent and purpose of properly discharging its duties in

procuring and establishing a proper superintendence, management, and control of the schools with the district." Mr. Loiacono answered, "if this was so, then the residents of Hicksville had a right to know what specific shortcomings the superintendent was guilty of, the Board had an obligation to charge him, and the superintendent deserved every right to due process."

In conclusion, Mr. Loiacono has asked the Commissioner "to grant the original remedy sought and remove the Hicksville Board of Education for willfully violating a lawful requirement of the Commissioner of Education, for showing want of due diligence in dealing with school finances, and for knowingly neglecting their duty."

The petitioners are presently awaiting action by the Commissioner, probably in the form of a hearing.

### 50th Anniversary Dinner-Dance

The Ladies Auxiliary of the Charles Wagner Post No. 421, Hicksville, held their 50th Anniversary Dinner-Dance on September 25th. It was a huge success and enjoyed by all.

The members of the Auxiliary were pleased to honor those Charter Members who were able to attend - Mrs. Anna Brengel, Mrs. Mayme Davis and Mrs. Jeanne Stillger. We were sorry Mrs. Ada Herfort was unable to be with us. These are some of the women who worked hard and long to start the Auxiliary and it was time we showed our appreciation for their efforts.

The next regular meeting will be held on November 5th at 8:15 P.M. We urge all members to attend as this is the night the County Officers will be our guests.

We also wish to remind the members that we are asking for gifts for the Northport Gift Shop. They must be brought to our next meeting.

### Yevoli Receives Award

Oyster Bay Town Councilman Lewis J. Yevoli has been selected to receive the Christopher Columbus Award. "In recognition of his participation in Italian-American Community affairs."

Councilman Yevoli was named the recipient of the award by Board of Governors of the Federation of Italian-American Democratic Organizations of New York State.

The award was presented to him at the Federation's Columbus Observance Luncheon on Saturday, October 2nd at the Statler Hilton Hotel in New York City.

### Enters U.S.A.F.A.

Cadet Peter J. Penta Jr., son of Mr. and Mrs. Peter J. Penta Sr., 3 Dawn Lane, HICKSVILLE, is one of more than 940 cadets who have entered their junior year at the U.S. Air Force Academy.

### Leaf Collection Program

The Town of Oyster Bay will, according to Town Supervisor John W. Burke, begin a new leaf collection program this fall that will seek the cooperation of residents to collect and bag all fallen leaves on their property, as follows -

1. Residents would be required to supply and purchase their own bags - the Town would not supply or distribute bags.
2. From October 1 through December 1, residents in the unincorporated areas would place bagged leaves at their curb for collection on the same day as their normal garbage. In this

manner, residents would have an opportunity to dispose of the leaves three (3) days a week.

3. Town roads (nearly 700 miles of them) will still require cleaning in the same manner as in the past. But, the mandatory bagged leaf program will decrease the volume of leaves that require collection by highway crews, negating the need for the Highway Department to purchase additional equipment and increase manpower.
4. A number of sites located throughout the Town will be available to residents who desire to transport their own bagged leaves.

### Board Meeting

Holy Family School Board Meeting will be held Thursday, October 14 at 8:30 P.M. in the School Cafeteria.

Sister Kathleen Gorman, O.P. will be the guest speaker. Her topic will be "The Math Curriculum at Holy Family School". Sister Kathleen is the Math Coordinator for the school and will explain the new grouping program within the 7th & 8th

grade classes. Sister Kathleen's discussion will enable the parents to understand the methods and expectations of the Home Room Teacher.

The Math program for Grades 1 to 6 will be briefly explained. Sister Kathleen has Certification in Math in Grades 7 to 12 and will receive her Masters Degree from Manhattan College in June. All interested parents are urged to attend this meeting.

### Back To School Night-Oct 14

The Hicksville High School PTA will hold its "Back To School" Night on Thursday, October 14th at 8:15 p.m. Parents will have the opportunity to hear

an address by Dr. Jerome Niosi, Superintendent of Schools - and then to follow their child's curriculum. Refreshments will be served at the end of the program.

### Hicksville Highway Improvements

Town Councilman Warren M. Doolittle said today that the Department of Public Works is preparing plans and specifications for the resurfacing of various streets in Hecksville.

Doolittle reported that Public Works Commissioner Gerard P. Trotta and Highway Superintendent George Kunz recommended the highway im-

provements in an area north of Woodbury Road, including Arpad Street, Colony Street, Julian Street, Liszi Street, Regent Street, Pollock Place, Linden Avenue and adjacent areas.

When the design phase is completed by the Department of Public Works and its consulting engineers, the Town Board will proceed with public bidding on the project.

JERRY BRILL

In times like these, when the iconoclast is at the apex of transposition, the Folkway becomes antiquated and the more a point of ridicule! President Nixon's Supreme Court Complex reflects this clearly. I can certainly understand.

In a period of one week, the late Justice Hugo Black and Justice John Harlan resigned, and Representative Richard Poff asked not to be considered as a replacement. The conclusion must be in the tide of the time. As Nixon should appoint a proven felon in order that decisions have the benefit of broad minded opinion! Such a man could be Dutch Foster.

The president, not wanting to

risk another Haynesworth or Carswell rejection, would interview Dutch before announcing his nomination.

'Dutch, I am considering you for the Supreme Court in order that a more ecumenical view be derived. What have you done to now??'

'One to three for burglary at the rock, 5 to 7 for armed robbery at Attica and 2 to 4 for assault at Quentin,' he'd answer.

'I see, Dutch, Nixon would say removing the gold silent butler from his desk, what is your position on our China policy??'

he'd ask searchingly.

'Listen, if it's due, pay it,' Dutch answers.

'Pay it—I see, and Dutch, in the light of your record, can you find any justification whatsoever—for the pressing problems of the Security and Exchange Commission??'

'Yes, I would ask for no solitary confinement, better food and more time in the yard. That's what I think,' says Dutch. He adjusts his shoulder holster.

'Does your civil conscience embrace the Dred Scott decision??' the chief executive asks.

'Did it go the full ten rounds??'

asks Dutch.

The President moves the family picture to think 'Dutch, this is the highest court in the land. One in which integrity is impaled in it's chronicle. Your opinion will be one of nine to structure the very foundation of

## Menuhin Concert

The Salvation Army, in cooperation with the Nassau County Women's Division, will hold a one night benefit performance by internationally renowned concert artists Yehudi and Hephzibah Menuhin at the C.W. Post College in Brookville, Long Island on Saturday, February 5, 1972. This appearance is the only local one of their first American tour since 1961 and is "news of the first magnitude to music lovers".

Mrs. John R. Gummarsall, Jr., Chairman of the Division, has announced that only a limited number of tickets are available for this outstanding event and suggests that orders for them be placed at the earliest opportunity. Tickets are \$15 per person, or two for \$25. Checks or

the future. Can you tell me what you think of Preventive Detention??'

'No, I can't, says Dutch.

'I see. How about the Kansas Nebraska Canon of '54. What did you think of that??'

'I've always enjoyed a good Big Ten game. I think I had Kansas in that one. Lost a boodle, Dick. A boodle.'

'Oh??' says the nation's top executive. 'A final queerie, Dutch. What is your feeling on the new Bank Policy of tight money??'

'I think nitro is probably the answer to that,' says Dutch.

The nation's leader walks him to the door. Approval of Dutch Foster would be almost certain. Especially in the light of the chief's recent choices??'

**HICKSVILLE HIGH SCHOOL** has the distinction of being the first school in New York State to have a unique electricity - electronic laboratory especially designed for those students enrolled in courses where they study the fundamentals of electricity and electronics. The physical lay-out of this laboratory consists of several long tables that are furnished with individual meters, voltage regulators and switches, as well as containing drawers stocked with the necessary wires and

tools. The tables provide 16 individual work stations so that many students can work simultaneously.

In addition, a separate, but duplicate, unit is set up in front of the classroom for the teacher to use for demonstration and lecture purposes.

Peter DiMichele, the teacher who, over a period of several years, designed this particular lab, after carefully assessing the needs of his students, watches as the young electricians - to be wire an electric circuit.

# Efforts Made to Solve Potential Traffic Hazards

Although the regular meeting of the Nassau County Board of Supervisors was fairly brief (45 minutes) and for the most part unemotional, several items of interest to residents county-wide and in particular to residents of the Town of Oyster Bay arose during and after the stated calendar.

The question of mass transportation and its inadequacy in the Town of Oyster Bay was on consuming interest to speakers Leonard London, trustee of the Syosset Library Board, and representative of several Syosset civic associations and to Robert Gutheil, of Syosset, Democratic nominee for supervisor of the Town of Oyster Bay.

Both spoke regarding an appropriation of monies for the move of TRIP (Transporting Reporting Information Program) from C.W. Post College to the County Office Building and a resolution authorizing an agreement with the Tri-State Transportation Commission whereby funds appropriated (\$100,000) would be reimbursed by the commission.

Mr. London underscored the inadequacy of the mass transportation system in Oyster Bay

Township, expressing the hardship such lack puts upon young people who wish to take jobs or use recreation facilities, but lack transportation, and upon others who do not have cars. He urged the board to "take whatever funds are available and to consider the correction of this problem." He said he had asked the Town Board to post signs and schedules at bus stops.

Robert Gutheil said the supervisors were "spending \$100,000 to create a product that no one was willing to buy," because of inadequate service, unavailability, and high fares. He suggested a County Transportation Authority be formed.

### Lottery Revenues

Of interest to all county residents was the allocation of the sum of \$138,055.47 received by Nassau County from New York State as its share of revenues from the New York State Lottery. Funds were allocated to school districts in each of the three Nassau County Towns on the basis of resident weighted average daily attendance during the school year 1969-70. Allotments to key Oyster Bay school districts, to take effect im-

mediately, are:

School Dist. No.	R.W.A.D.A.
2 Syosset	9,620.41
4 Plainview	11,178.75
15 Jericho	4,216.35

### PTA's For Safety

Mrs. Carolyn Scherrer, of Valley Stream, speaking for the Nassau District PTA as its Safety Chairman, urged the Supervisors to knock down on the Nassau County Police Department to enforce traffic regulations regarding cyclists, and to inflict penalties on cyclists who go against the traffic laws. "Cyclists are to obey the same laws as automobiles," Mrs. Scherrer said. All for the new popularity of bicycles among people of all ages, Mrs. Scherrer said they are "ecologically clean." Hempstead's Presiding Supervisor Francis Purcell, officiating in the absence of County Executive Ralph Caso, assured Mrs. Scherrer that the Police Commissioner would be made aware of her statements.

## Gifts From Nature Lectures

Is it possible to make holiday gifts at low cost and help the environment at the same time? Yes indeed! On Thursdays, October 14 and October 28, at 8:00 P.M. craftsman and ecologist extraordinaire, Dorothy Wade will give two lecture demonstrations, entitled GIFTS FROM NATURE and FROM TRASH TO TREASURE. She will show and explain what she herself has done and what you too can do to turn the gifts of nature and the discards of civilization into really beautiful and worthwhile holiday

gifts. Now is the time to start gathering and saving your materials. Start saving dried flower heads, weeds, Queen Anne's lace, acorns, sea shells and pine cones. Press the wild flowers and grasses. Also save shoes, oatmeal and small round cheese boxes, coat hangers, brown paper bags, odd scraps of cloth and wall paper.

Mrs. Wade now has a display at the library showing some of the simple but beautiful gifts she herself has made from nature's and man's leftovers.

# Progress Reported On Junior High Construction

by Barbara Rosman

Although the school board meeting of September 29, lasted nearly 4 hours, very little was accomplished.

One hour of the meeting was taken by the general public (limited on the agenda to 15 minutes). Many parents questioned the board as to when they were planning to either build a doorway or break down the wall between two 2nd-grade classrooms now being used for Individualized Instruction at Burns Avenue School. Even after Mr. Muratore requested no more questions on the subject still more parents rose to question the matter. In answer to these questions the board replied they were not sure just what has held things up. Another parent questioned as to whether all monies are being spent in Individualized Instruction rather than Tracking and what is the substitute for Tracking? Dr. Cadden replied that although there is no tracking in the elementary schools, the board policy on Tracking remains the same. Further questions were

raised regarding Individualized Instruction. At this point the board went into executive session which lasted an additional hour. Upon their return, Mr. Muratore stated that by the meeting of October 12 a determination will be rendered by Dr. Niosi regarding Individualized Instruction. Mr. Muratore also announced at this time that litigation and a petition had been brought against the board and that the petition had been received and filed.

Dr. Hill stated that the Junior High construction was complete as follows: electricity, 80 percent; plumbing, 85 percent; heating, 90 percent; general contracting, 70 percent; with a final completion date of late November. Mr. McCormack suggested some pressure be put on the contractor to be sure the date is adhered to.

After the usual approval of bills, awards of bids and personnel (with the exception of extra-duty compensation at the Junior High), the board tabled

the approval of new library books. A motion was made to approve building requests made by PTA. The motion was carried with Mr. Clark and Mr. Muratore abstaining.

Health Education curriculum, Strand II (Drugs, Alcohol and Tobacco) was untabled. After some discussion as to the late hour and the fact that the appointed committee had made its recommendations and the board should go along with their recommendations, the board voted to delete a learning activity in High School, under sub-strand alcohol:

"Psychodrama... Husband or wife, children, neighbor, employer, bartender." At this point, a point of order was called to continue the meeting (it was midnight). This motion requires a unanimous vote and as Mr. McCormack voted "No," the meeting was adjourned without the approval of the State-mandated Strand II of the Health Education curriculum.

The board meets next on Tuesday, Oct. 12 at 8:00 p.m.

## Dear Friends:

THIS WEEK has been quite a hectic one for us. Add to it a really bad cold and you have a "cop-out" from me on the number of matters I wanted to discuss with you in this column this week. We had hoped to be able to discuss the proposed amendment to Article XVIII of the New York State Constitution, upon which we will be asked to vote on Nov. 2nd. This amendment, generally referred to as the Community Development Article, seems to us to infringe upon the power of local zoning. We are checking it out further and will be taking a stand on this all-important matter before election day. In the meantime, if you have views, one way or the other, on this Amendment, we'd like you to share them with us. We might just be opening a Pandora's box, if we give away the right to control our own zoning.

We are pleased to report that the Town of Oyster Bay has progressed considerably in the amount of housing planned throughout the township. And, important as this is, it could get out of hand. I'd like to see less subsidized housing and more job training so that people could earn their own homes, even as you and I did and many still do. If this makes me old fashioned, so be it. I feel that self respect comes, to some extent, by working for what one wants. We all realize that serious illness can change the story but we do not believe that it exists to the extent that some planners insist. Let's help others to help themselves...that's what has always made this Country the greatest, and I cannot see changing it now. But that's only my opinion. Let's hear yours.

As to the newly proposed Transportation Bond Issue...much more on this next week.

By the way, I received an interesting news release from a group named "Citizens for Better Government, Hicksville, New York". There is only one thing wrong with this release...it has no name on it at all, and I've never heard of this organization. Please send in the release again, with the names, and phone numbers of several of your members, and I'll be glad to give your information consideration. This release, like an unsigned Letter to the Editor, cannot be considered until you identify yourselves. Let us hear from you.

Until next week, stay well (I'll try this, too).

Question: How has the wage-price freeze affected your life?  
MRS. JOHN S. ROBERTS, 5 Fairview Ct., Hicksville: "Well, I haven't seen any direct results. I haven't seen any prices go down, but my husband was due for a raise which he didn't get, so I don't like it too much. I think in the long run, however, it will benefit us - at least I hope so."

MRS. JOSEPH G. ODER-MATT, 73 Martin Ct., Jericho: "Not really at all. I haven't noticed any change because of it."

MRS. JAMES H. O'DELL, 77 8th St., Hicksville: "Very badly, because my husband has been on strike with the New York Telephone Company for ten

REPORTS

Autumn and its colorful display of changing foliage is, for most of us, a pleasure to behold; however, to the Department of Public Works, it means the added burden of collecting and disposing of fallen leaves.

As with most municipalities, Oyster Bay Town has had a difficult time keeping up with this chore since 1967 when the Nassau County Air Pollution Ordinance properly, I think, restricted the burning of leaves to achieve a significant improvement in air quality. One solution would be the purchase of additional specialized equipment, such as vacuum trucks and compactor trucks, plus the necessary additional manpower to operate them.

However, another, less costly but still practical approach was decided upon. Residents are

being asked to collect all fallen leaves on their property and bag them in reusable or single type containers such as plastic bags. These would then be left at the curb on normal garbage collection days for pickup. Our Highway Department will still take care of clearing the nearly 700 miles of Town roads, but the leaf bagging program should alleviate the volume they would otherwise have to handle.

Based on an experimental program carried out in Massapequa in 1969, this program should be successful, but it will require the full cooperation of all Town residents.

On another aspect of waste disposal, the Town is seeking a federal grant to support a broad-based study of solid waste recycling and the construction of a pilot

plant to test a new process of solid waste treatment for recycling. The latter has some exciting possibilities. It is called the Nitrocell Process in which cellulose-based waste materials are reduced into a series of marketable end products, such as rayon and paper pulp. It also recovers other chemicals that are valuable for industrial use.

The system offers the potential of a practical non-polluting solid waste disposal method that produces marketable products.

TOWN NOTES: A reminder: In observance of Columbus Day (Monday, October 11) and Veteran's Day (Monday, October 25), there will be no pickup of garbage or refuse in the unincorporated areas of Oyster Bay Town.

**NEWS**  
from Your Congressman  
**JAMES R. GROVER, JR.**

2nd CONGRESSIONAL Dist.

With our present interest in economic problems, two Chinas, prison reform and professional football, the Panama Canal and the Panama Canal Zone are not of great current concern to the American people, although they should be. It isn't so long ago that few of us were giving any thought to Cuba.

A fair amount of my work as Congressman does concern the Canal Zone, because I'm a member of the Panama Canal Subcommittee of the House Merchant Marine and Fisheries Committee. The United States is facing a determined propaganda attack, even threats of possible future conflict in the Canal Zone, in a major Communist-encouraged effort to make us give up this vital link between the Atlantic and Pacific.

This effort has been going on for some time. A treaty negotiated during President Johnson's administration would have had us give up our control and sovereignty over the Canal Zone. But the Senate did not ratify the treaty. Efforts are underway to influence the present administration toward a giveaway of our vital positions which we have held during most of this century.

The Panamanian government is speckled with Communist influence and is a virtual dictatorship since the coup of 1968. All Panamanian newspapers persistently refer to "the Capitalist running dogs of the imperialist U.S." It is rumored that Russian "technicians" are visiting Panama and stories go so far as to suggest that Cuban

revolutionaries are training Panamanian guerrilla and sabotage teams in jungles adjacent to the Canal.

The canal is vital to our security and, not only to our shipping but to that of the free world. President Nixon wisely refused a recent recommendation to deactivate our Southern Command, headquartered in the Canal Zone, as an economy move. On the contrary, we would beef up and modernize our canal defenses, our only national defense facilities south of the Texas border, and resist and reject the expected recommendations of the State Department that we accede to Panama's desires that "Yankee Go Home," even if little by little.

From Our  
Postmaster  
Ralph Cascardo  
\*\*\*\*\*

Hicksville Postmaster Ralph G. Cascardo announced that the Hicksville Post Office and its stations and branches will follow regular holiday schedules on Columbus Day, Monday, October 11.

No regular window or delivery services will be available on Columbus Day, but special delivery services will be provided. The Main Post Office Lobby will remain open for access to lock boxes and the Self Service Postal Unit.

Collections from street letterboxes will be on holiday schedules and will include pickups from "airmail only" and "next day service" boxes.

On the Saturday preceding the holiday, October 9, regular Saturday schedules, including window and delivery services, will be observed.

PLEASE NOTE: The Self Service Postal Unit located at the Hicksville Main Office is never closed.

Howard J. Finnegan

Hicksville lost its eighth straight league football game to Plainledge, 18-8, Saturday.

The Comets gave a good account in trying to come back after a 12-0 halftime deficit.

At one point it closed to 12-8 and the rain drenched crowd of less than 1,000 perked its interest.

A 76 yard bolt up the middle added the visitors final score and ended orange hopes.

Hicksville entertains Farmingdale this Saturday. The Walters come in the contest rated number three in the County and Hicksville, which once commanded this series with an iron hand, is due for another rude afternoon.

Our Prediction Farmingdale 24, Hicksville 12

The Hicksville Junior Varsity defeated its Plainledge counterpart 14-0 in a morning contest.

Hicksville's Soccer team hasn't had a break and is off to one of its poorest starts on record.

However after being shut-out 3-0, 1-0, 1-0 in the first three outings the young Comets showed a lot of spirit before bowing 3-2 to Clarke.

Vince Hannigan, ex-Comet great, attended part of the Hicksville-Plainledge Contest. He is now a member of the Long Island Chiefs Football team and had to leave early for a Saturday night game in Connecticut.

He has rejoined the other Hicksville star Bruce Cerone with whom he played on the now defunct Long Island Bulls.

The Chiefs play at home in Freeport Stadium this coming Sunday.

It was almost automatic for Brian McAuley down in Greensboro, North Carolina, Saturday, as he converted six straight points after touchdown

in Post College's 50-16 victory over Guilford College.

His last or seventh attempt was wide.

Freelove outstanding Hicksville gridiron ball carrier, Ron Carman, garnered two of the touchdowns, one on a 5 yard pass and a 12 yard run.

The other Hicksville stringman for Post-Jim Carralialled on a 28-yard pass.

Tickets for the Hicksville Alumni Buffet-dance in honor of Chet Jaworski, former Athletic Director and now Assistant Principal at HHS, have been scooped up at a record pace.

The event is just a week away-October 16, 1971 at the Bethpage Country Club. The entire cost of the evening is just ten dollars per person. Remaining tickets are on sale at Holden's Stationery, Broadway, Hicksville.

## Presented An Engrossed Scroll

Mr. Charles Montana and Mr. William Payoski were presented an engrossed scroll on October 5, 1971 by the Continental Insurance Companies in honor of the Montana Agency, Inc., Twenty Five Years of representation.

United States and Canada now numbers over 25,000. Of these, thousands have represented us for twenty-five, thirty-five, fifty, and more years.

"Without the strong support of all Continental Insurance agents, our companies could never have attained the position we hold today in the insurance industry."

Presentation was made by Mr. Robert W. Earley, Production Superintendent on behalf of the company, who said in part: "Our organization has grown and prospered during your period of association and we wish to acknowledge your contribution to this success."

"We thank you for your loyalty and sincerely trust that your splendid representation of this company will continue for many years to come."

### A Message From The President

For those who have made reservations for the Dinner Awards Night, please mail your remittance as soon as possible. If you have not made reservations as yet, please call me at Ge. 3-9329. There are still some seats available. Some of the guests attending are

Supervisor John Burke, Councilman Warren Doolittle, Ed Kranepool of the New York Mets and representatives of our various sponsors.

We plan to seat according to teams, but if you have a preference, please advise us.

There will be no tickets

sold at the door. Tickets will be mailed to you as soon as we receive your check or money order. We hope to make this awards night a big success, but we need your cooperation.

Sincerely,  
Bob Willis

### POLO AT BETHPAGE STATE PARK

It's to be the finals of the Shaw W Robinson Memorial Tournament at the Bethpage State Park Polo Field on Sunday October 10th, the semi-final at Hickox Field on Thursday October 7th to decide which team will fight it out for the honor of winning the outstanding tournament trophy, this tournament staged every year since 1966 in remembrance of an outstanding Bethpage resident appreciated by everyone-on and off the polo field. On Thursday the 7th it's Westbury lining up with Fred Braunstein, Tom Monaco, Alan Corey III and Allen Jerkens against Bethpage teaming up with John Greenleaf, John Gayer, Dave Rizzo and Peter Daly, the winners to tackle Brookville's John Whittemore, Paul Rizzo, Russell Corey and Frank Mortimer in the finals on Sunday the 10th-a match sure to be a whiz bang performance.

Wild was the name of the game on Sunday October 3rd, the Huntington quartet Peter Daly, John Gayer, Frank Rice and Fred Braunstein overtaking Westbury's four: Mike Gerard, Curt Roache, Fred Zeller and

Alien Jerkens and going on to best them in Dover House Tournament Finals at Bethpage Park despite a relentless battering from Jerkens and Roache, both scoring twice with Zeller and Gerard hard behind them. Gayer's three goals in the third chukker pushed Huntington to the forefront, which position they held, their total, Gayer with six and one each by Rice and Daly, giving them an eight to four victory.

Just two more weeks for polo at Bethpage State Park, the wind-up on Sunday October 17th, the games from the start of the season to the finish always exciting, each player adding their bit to make every match worthwhile coming to see. It's gametime at 3:30 P.M., admission \$1.50 and free to young people under twelve accompanied by an adult, everyone enjoying an afternoon watching one of the world's most colorful sports in one of New York State's most beautiful parks, the roomy stands and large area surrounding the polo field making for comfort and relaxation.

### Men In Service

# Hicksville Library NOTES

In the issue of last weeks paper the Hicksville Public Library listed the first prize winners of the first Old Time Country Fair held at the Library September 24 and 25. Inadvertently the names of four of the Blue Ribbon winners were left off the list. To these people we apologize for the error. They are Mrs. D. McGrath, Mrs.

M. Bach, Mrs. R. Eichler, and Mrs. B. Kessler. Second prize winners are as follows: Mrs. J. LaNasa, Mrs. J. Hundt, Mrs. W. Sarnelli, Mrs. A. Klein, Mrs. A. Stein, Mrs. W. Van Allen, Mr. G. Williams, Miss H. Lambert, Mrs. I. Finnin, Miss J. Sanetti, and Sister Mary Walters. The honorable mention ribbons

were given to the one of a kind entries. Since there was no competition in these items, the green ribbons were presented even though they surely could all have been blue ribbon award winners.

Miss L. Fleckenstein, Miss L. Fleckenstein, Miss H. Lambert, Miss A. Huenlich, Mrs. D. Cohen, Mrs. R. Walker, Mr. G. Williams, Mrs. A. List, Miss S. Mackin, Mr. T. MacKenzie, Mrs. G. Fassler, Mr. W. Schmalenberger, Mrs. H. Woodworth, Miss M. Todd, Miss R. Loboanico, Miss K. Sarli, Mrs. S. Piscitrilli, Mrs. A. Freeman, Mrs. D. Rottkamp.

We neglected to mention the help of Mrs. E. Fleckenstein's 4 H group that entered the Old Time Country Fair as a community help project. These girls were from 10 years to 12 years old and won several awards for their group. Thank you, 4H.

Next years fair is already in the planning stage. We learned much from the first effort, and hope that the others will be even more successful. If there are any ideas that we were not aware of, call the library and let us know for

inclusion in the fair for next year.

Works of arts by inmates of correctional institutions will be on view at the Hicksville Public Library during October. Titled "Correction on Canvas", the collection is composed of 12 works, typical of hundreds produced in institutions throughout the State in the prison art program, which was started almost six years ago.

The exhibit is loaned to the Hicksville Library through the courtesy of Senator John R. Dunne, Chairman of the Senate Committee on Crime and Correction.

One of the objectives of the art program has been to break down the misleading stereotype of the criminal. The more than 700 pictures produced under the program, Senator Dunne points out, attest to the fact "that convicts are sensitive, emotional human beings."

Most of the pictures exhibited are oils. Subjects include portraits, still life paintings, landscapes and op art.

"Correction on Canvas" is the latest of several shows which are

circulated to the public libraries of Nassau County by the Nassau Library System, the cooperative Service Center for the libraries.

Also on display at this time is an exhibit by students of Mrs. Naci McDonald. Mrs. McDonald, a Hicksville resident, is an artist who is a victim of multiple sclerosis, and has been painting with a paint brush held in her mouth since she was stricken.

Last year a group of girls from Meadowbrook Triangle come to give therapy to Mrs. McDonald as a community effort. Mrs. McDonald, in gratitude for the girls care and massages, asked them if they would like to learn to paint. This exhibit is the result of the lessons given to them by Mrs. McDonald. She teaches three classes a week to the girls and some of their friends.

Assemblymen Martin Ginsberg will be on hand Thursday morning, October 7th at 10:30 a.m. to open the exhibit to the public

## To Study In Spain

Janet Murtha of Hicksville, a Spanish major at State University College at Potsdam, will spend the 1971-72 academic year studying in Spain as a participant in the Potsdam Overseas Program.

Miss Murtha is one among 30 State University College at Potsdam students who will study at the University of Madrid. An additional 34 students will study in France on the Potsdam Overseas Program.

Full credit for courses she will take in Spain will be transferred to Miss Murtha's academic record at Potsdam. These courses will include Spanish language, literature, civilization, art and history. She will have ample time for touring in Spain on her own and on organized field trips.

Miss Murtha is the daughter of Mr. and Mrs. John A. Murtha, 162 Blueberry Lane, Hicksville.

By Linda Noeth Scotti 796-1286

Congratulations to Mr. and Mrs. Peter Maurotheris of Hicksville, on the birth of their son Nicholas Peter, born on September 28. Nicholas is their first child.

On the Board of Directors for the Nassau County Chapter, Cystic Fibrosis is Mrs. Gerald Berger of PLAINVIEW, who was elected for the 1971-72 year.

Happy Birthday to Debbie Kurtz of 109 10th St., HICKSVILLE, who will be 14 years old on Oct. 11.

Mr. and Mrs. James Maguire of 60 Croyden Rd., Mineola, have announced the engagement of their daughter, Patricia, to Peter Marion, son of Mr. and Mrs. John Marion of 150 W. Marie St., HICKSVILLE.

Patricia is a graduate of St. Dominic's High School and Peter is a graduate of Hicksville High School. They are both employed by the N.Y. Telephone Co.

They plan a March 4th wedding. Congratulations.

Send get well wishes to Paul Penndorf of HICKSVILLE, who is presently in New York Hospital.

Debra Brandon, daughter of Dr. and Mrs. William Brandon, of 82 Fox Pl., HICKSVILLE, will be 15 years old on Oct. 16. Happy Birthday!

A Barn Dance will be held on Oct. 15 at 8 p.m. at St. Stephen's Lutheran Church, Old Country Rd., HICKSVILLE.

An invitation is issued to all boys of the town who are 8 years old or in the 3rd grade to join Cub pack No. 293. They are asked to come with a parent to the next meeting which will be held on Thurs., Oct. 14, at 8:15 p.m. at the

United Methodist Church, Old Country Rd., HICKSVILLE.

The Manuel Siegel family of PLAINVIEW, has recently moved to Cutchogue. The new address is Vanston Rd., Nassau Point, Cutchogue, N.Y. Good Luck in their new home.

Get well wishes go to Marion Flanagan of PLAINVIEW, who recently spent some time in Nassau Hospital.

Sincere condolences to the family of Charles Voorhies, of Barnum Ave., PLAINVIEW, who passed away on Oct. 4. Mr.

Voorhies, a long time resident of this area, had been secretary-manager of the Plainview-Old Bethpage Chamber of Commerce and former district clerk of the Plainview School District.

Dr. Lowell D. Glatt of 32 Salem Rd. HICKSVILLE attended an all-day symposium on new soft contact lens materials at the New York Hilton Hotel today. William M. Gouse, Jr., Post No. 3211  
By Lou Palladino

Not too much of a turnout for the last meeting but for good reason. This was the night we took a group of wounded young men from St. Albans Hospital to Shea Stadium. Many of these fellas have to be helped on and off the bus. So it took quite a few of our boys to accomplish this. They even got to see a pretty good ball game, that went to extra innings. The only sad note was the mets lost. They weren't going

anywhere anyhow, so it wasn't that important. This little item seems quite important, so here goes, if you are a widow of a veteran, and received a widows pension, then remarried. If you again became a widow, either by death or divorce, you may apply for your former widows pension. You can apply at the V.A. 320 Old Country Road, Mineola, or stop at the Oyster Bay building on Broadway, Hicksville.

Maybe you know of someone in this position. Oh yes we did get another new member. Fella named Mike DiPaoli, a Vietnam Vet. Welcome to our group. Glad that you are one of us. I think? Seems this guy is sharp and bears a little watching. He was asked to pick the

weeks. I think the union made a blopper in not accepting the contract in July. They're just a little bit too stubborn. They don't want to give in. They want to say to the men, "look what we did for you." My husband wanted to retire at the beginning of this year. Of course retirement benefits are based on your past salary, and his salary has been pretty low this year with the strike.

FRANK McCARTHY, 11 Cedar Dr., Plainview: "What I think has happened is that the wage price freeze has hit the middle income individual but hasn't done anything to help consumer prices, which are coming from the large retail stores."

MRS. FRANK McDONALD, 1 Miburn, Hicksville: "It really hasn't affected mine because I'm

lucky winner of the raffle. You know who he picked don't you. That's right, none other than himself. All kidding aside, He's a nice young man, and it's a pleasure to have him as part of us."

There were quite a number of donations made, but didn't write them all down. So we'll spare you all that.

Our Cmdr. Ed Chwalisz was given tickets to attend Dept. Dinner with his wife Joan. Eddie boy, you and the Mrs. are going to put on a little extra weight if you aren't careful.

You already know who the lucky inner was. We went through the meeting pretty fast. So hope, you'll come to the next meeting in October.

on a pension. Maybe it will have an effect because prices don't go up, but that's the only way.

MRS. CHARLES HYDO, 81 Cedar Dr., Plainview: "I can't say that it really has. I think prices are basically the same when I go to the stores every week. Other than that I haven't found any change at all."

MRS. BERNARD GRAND, 20 Myron Rd., Plainview: "I teach in Suffolk County. They just rescinded my raise. They don't know until when, or how long, but we just got notice of it in the mail. What a coincidence, you're calling now - I just opened the letter. I guess most teachers' salaries have been frozen, at least for the time being. After that, who knows?"

MRS. K.A. GRANT, 41 Ace La., Hicksville: "None whatsoever - neither up nor down."

MRS. IRVING GRAPEL, 48 Middle La., Jericho: "My husband has his own business so it hasn't affected us at all. I find prices the same. Taxes are still high. If they would put a freeze on, or lower taxes, that would be good!"

MRS. ARTHUR M. GREEN, 155 Spindle Road, Hicksville: "I don't think it really has affected us as far as wages are concerned. I have feelings about it - I feel it has helped big business and I don't think it has helped ordinary people who are buying, because big business puts prices on things, and who's the winner?"

The big companies, such as the telephone company and others who wanted to raise their prices did so before the freeze and I think the rest of us have to bear the burden."

MRS. JAS. B. HUBBS, 43 Underhill Ave., Hicksville: "Not too much. Things are pretty stable as far as I'm concerned."

MR. ROBERT G. HUETHER, 91 Jerusalem Ave., Hicksville: "Not at all, - yet. It's hard to tell. Give it another month, and we'll find out. I'm 100 per cent behind it. I think he (Nixon) should have done it 6 months ago. Let's give the man a chance."

## New Symbol For Cooley's

### Anemia

The Cooley's Anemia Blood & Research Foundation for Children, Inc., has recently introduced a new symbol...designed by Horace Sadowsky & Associates, Hicksville.

Cooley's Anemia, medically known as Thalassemia, is at present, an incurable childhood blood disorder requiring regular and frequent blood transfusions to keep its young victims alive.

The Foundation is a voluntary health agency with chapters throughout the country. All its efforts are dedicated to the control and eventual eradication of Cooley's Anemia.

Ann Freedman, Director of the Foundation, said, "This assignment was difficult. We needed a new, contemporary symbol that graphically conveyed the meaning of our Foundation and reflected the seriousness and dedication of our purpose...and the Sadowsky organization came through beautifully."

As a direct result of the initial assignment, the Hicksville based ad agency and graphic design firm has been retained by the Foundation to handle their advertising program and the design of all collateral material, including: Memorial brochures, a "Grants" brochure, educational literature, mat ads, posters, press kits, etc.

# Jericho Achieves A Resident Orchestra

by Elaine Hauptman

Music is an elusive art. It is not something you can touch, or see, or materially acquire. It is not a tangible substance. Yet, without music there is no life.

When the people of Jericho turned out so completely at Gillary Galleries on October 2nd for the renaissance of the New Chamber Orchestra, one could sense the excitement in the air. Surrounded by the magnificence of Gillary Gallery, where so many of our local artists are in display, the audience felt engulfed by beauty - beauty of painting, of sculpture, of music and of people who care.

The Mozart Quintet performed by soloist Ted Bergman and accompanied by Cora Gordon Silberman and Isadore Newman on violin, Alan Arnold on viola, and Alex Goldfield on cello, perhaps best personified the entire evening. The camaraderie felt among the instrumentalists in the quintet pervaded the entire audience. Everyone present, from Gene Forrell, the new conductor of the Chamber Orchestra, to Israel Goldstein, who will sing solo in concert on November 20 and 21st., to Mr. Maierhoffer, who is the cultural supervisor of the Fine Arts in Nassau County, and to each and every individual who gave of his time, his money, his culinary arts, and his entire self to establish patronage and love for Jericho's New Chamber Orchestra, this feeling of mutual hope existed.

No longer will the populace of Jericho be forced to brave the New York traffic to hear a professional orchestra perform Vivaldi, Mozart, Bach, and Beethoven. Now, because of the dedicated persistence of Cora Gordon Silberman, Jericho has joined the ranks of Great Neck and Huntington. When one considers the physical size of Jericho and realizes the sense of accomplishment we must feel when the new Chamber Orchestra will perform at Robert Williams School on November 20th, our pride should overwhelm us.

The idea of the New Chamber Orchestra was conceived by Cora Gordon Silberman three years ago. Cora, who had already been solo under Pablo Cassals, and Leopold Stokowski, had an overwhelming desire to play Vivaldi's "The Four Seasons." What seemed quite natural to Cora was to gather together twenty or so musicians who could perform with her. Thus, the New Chamber Orchestra was born. Until this year, this ensemble was supported by personal friends and those people in Jericho who were involved professionally in music. At the insistence of her capacity audiences at last year's concerts, the pleadings of her students and fellow musicians and the tremendous cultural need in Jericho for an orchestra of its own, Cora and her husband Murray set out to establish Jericho as a permanent home for the New Chamber Orchestra.

This culmination of three years' efforts was realized on October 2, when the capacity audience enjoyed beautiful music, inspiring art, and excellent food at Gillary Galleries. Present also were a reporter and a photographer from the New York Times. Never before in Jericho had a Times reporter felt an event of the arts so newsworthy as to give it such complete and absolute coverage. The Times reporter stated that he felt inspired to see that so many people had worked so hard and for so long to achieve a cultural coup in Jericho. He enjoyed Cora's magnificent performance of Saint Saens, and Mendelssohn's "Rondo Capriccioso." Both the Times reporter and the photographer said that they had a marvelously delightful and aesthetically satisfying Saturday evening.

So many people are needed to continue to coordinate this cultural endeavor. They need people who are business minded, art minded, financially minded, anyone who cares about anything about music in Jericho. Please contact Murray Silberman at GE 3-6324.

## Jericho Blood Bank At Firehouse Oct. 27

Another "first" in community service has been established in Jericho. This is known as the "Jericho Community Blood Bank", and may be the first of its kind in the United States. The blood bank originally began as a necessity and since, has snowballed into a community project, with some 9 organizations endorsing it and cooperating in it.

The unique organization operates in a simple manner. In order to become a member you need only give a pint of blood. If you are unable to give your quota, you may get someone else to give or if you are prepared to give and are rejected for medical reasons, you automatically become a member (both husband and wife). As soon as you are a member, you are eligible for blood when needed, to protect

your family. There is no limit on amount, and no replacement if you should use blood from the bank. This is the only blood bank in the United States where the members are required to give blood only once a year, then only if needed, or in case of an emergency, and where blood is supplied in unlimited quantities. The blood is stored with the inter-county blood bank and used as needed.

This unique service is beginning its fall campaign. The bloodmobile will be at the Jericho Fire House on October 27th between the hours of 3 to 9 P.M. We urge all residents of Jericho to help further this worthwhile cause, and join the Jericho Community Blood Bank.

Additional information may be obtained from Morton H. Mann, Telephone OV-1-1584.

### Bowlers Attention

Two openings exist in the BCA Men's Winter Bowling League. Interested parties are asked to contact Vice President Bill Sussman at OV 1-3634.

The league, which bowls every Monday night at Syosset Lanes, is open only to paid-up members of the Birchwood Civic Association.

### Jericho Library Bd. Meeting Oct. 12th

The next regular meeting of the Jericho Public Library Board of Trustees will be on Tuesday, October 12th at 8:45 P.M. in the Junior High Library.

### Cancer Care Chapter Has Theatre Tickets

The Jericho Chapter of Cancer Care, Inc. has theater tickets DRAT - Off-Broadway Musical Comedy Burlesque, Saturday night, 10:00 P.M. October 16th, for \$7 and PRISONER OF SECOND AVENUE, a new Neil Simon comedy, at Eugene O'Neill theater in N.Y. with Peter Falk and Lee Grant December 21, a 7:30 P.M. show \$10.50 for orchestra. For tickets, please call Pearl Lewis - WE 5-5957.

### Residents Are Sought For School Service

Although the Jericho Public Schools are fully staffed at the present time, opportunities will likely become available for full or part-time employment. The district is interested in maintaining an active list of citizens who are willing to serve in various instructional or non-instructional positions.

Residents are requested to consider such important positions as the following:

- Substitute teachers - Home tutors in-school tutors (certification is required for the above positions)
- Teacher aides to assist in cafeteria and on playground
- Substitute aides
- Library aides and Media Center aides
- Food service helpers
- Substitutes
- Custodians
- Secretaries (clerks or stenographers)

If you are interested in any of these opportunities, please call 681-4100 for an application.

### GUTTERBALL GOSSIP

By Herb Mahler

I first must preface this column by stating that, due to the fact I have just returned from vacation, I must make it shorter than usual to meet the deadline imposed by my slave driver, Editor Art Rosenthal. The howling was of a garbage variety again and with this new man-to-man system, everyone seems tighter than usual.

Rapid Robbie's Rollers flattened the Sad Sachs 20-10 to remain in first place.

Still bowling a hot hand, bombing Bernie Kaplan again led his team to a 21-9 victory over Red Karbel's crew. Jerry Gold was Bernie's big man winning all three of his games to keep his team only two points behind.

There is a three-way tie for third with the Kolowitz's losing to the Warrens 21-9. Capt. Nat was absent but our roving councilman Ralph gave one of his inspirational speeches to lead his boys on.

Murray Sussman also known as "Marshmallow Ball" struck out in the last game to defeat the Flanders 20-10. Again, star Dave Kaye was sorely missed because of his absence.

The big jump was Bill Kellerman's Killers as they whipped "Muscles" Geysers aggregation 23-7.

Sam Spring, backed up by his

loyal group, victimized the Vladers 19-11. Although Lou won his three games from Sam and hit with a 225, the word is "not enough."

The YO-YO Hoffmans took the measure of the now named Grusha's 19-11. Milt had a hot hand with a 220 and 233-but it was Bernie Spiegel, Bernie Spiegel??? who took all three games. It is nice once again to welcome Al Grusha to our League as he was on my first team, with fond memories. I must not forget my friend, Jack Jacobs, with his 202.

With Lewis Marks in Europe, his team-glad of his absence-took the Brody's 21 1/2-8 1/2. Capt. Herb was also missing and he was seen weeding his lawn by moonlight.

Lastly, the Simons came to life and took the measure of the Rothmans 19 1/2-10 1/2.

Left out Elliot Spencer's 207. Also notice Art Meadow took all three games for the Kaplans.

I have been asked to comment on the bowlers who are absent for the evening. By not notifying their captains in advance, they are put in certain positions in the lineup which they may tend to hurt their teams. Give the team the courtesy of calling; that's not too much to ask. See you at the Nevele!

### Town Planning Meeting At Jericho High Oct. 13th

An opportunity to express your viewpoint about local zoning will be provided this Wednesday, October 13, at the Jericho High School Auditorium. The open meeting for Jericho area residents will be conducted by the Planning Advisory Board of the Town of Oyster Bay.

This group of interested citizens, led by Dr. Lawrence Ravich of Woodbury, has been conducting similar forums throughout the town over the past months. The group was appointed by the Town Board, and provides the firm of Raymond, Parrish and Pine, who are preparing the Oyster Bay Master Plan, with resident viewpoints. It is believed that this input information should result in a plan that closely reflects the desires of the com-

munity. The Jericho area is especially important to the planners. It's one of the three communities which provides the opportunity for comprehensive planning, the others being Hicksville and Massapequa. In fact, it is the only community where open areas allow complete control of future development. As was stated by the Joint Jericho Civic Associations at the Lehman Estate downzoning hearing in July: "Jericho offers a unique opportunity for imaginative planning, planning that will result in development of which we all can be proud."

Residents are urged to contribute their ideas at this open meeting on October 13.

### Elementary Science Program In Schools

Over the past year and a half, teachers of the Jericho Public Schools have been investigating nationally noted science programs for use in their classrooms. The Science Curriculum Improvement Study (SCIS), which was created by the University of California with a National Science Foundation grant, was selected. Each of Jericho's 29 Kindergarten, 1st and 2nd grade teachers are presently enrolled in a thirty-hour science inservice training course in the use of this program.

Joseph S. Verdone, Principal of the Robert Williams School, was selected last spring to participate in a one-week workshop at the University of California for the

purpose of insuring a smooth implementation of this science program. A proposal for teacher workshops and consultant services was submitted by Mr. Verdone to the National Science Foundation. C.W. Post College, on behalf of the Jericho Public Schools, has also applied for a National Science Foundation grant for a Cooperative School-College Science Program, including a summer institute for Jericho's elementary teachers at C.W. Post and consultative services during the 1972-73 school year.

Teacher training and program implementation in all elementary classrooms is planned to continue during the next year and a half.

**Bulletin**

# Lincoln Announces Sweepstakes Winners

The Lincoln Savings Bank's Nassau Office, which recently celebrated its 10th anniversary, today announced the winners of the Sweepstakes Contest,

conducted from September 13th through September 24th.

A modernization and expansion program which doubled the size of the office, had just been completed prior to the anniversary celebration and sweepstakes contest.

The drawing was held at the bank on Wednesday, September 29th and the lucky names were drawn by Leo Gugerty, President of the Plainview - Old Bethpage Chamber of Commerce, who is also manager of the J.C. Penney store in Plainview.

First prize, a 10 day island vacation trip for two went to Rae Lowe of Hempstead. Second prize, an Admiral 25" Color TV Console was won by Mr. and Mrs. Athur Meilinter of Hicksville.

In addition the names of 25 smaller prize winners were drawn as follows: Shelly Heilicer, Plainview; Scott Cort, Plainview; Victor Cardella, Hicksville; Donato J. Liguori, Syosset; James C. Burke, Hicksville; Salvatore & Vincenzina Oddo, Oyster Bay; Debrah Burk, Plainview; M. Feinstein, Syosset, Stanley Rosenblum, East

## St. Ignatius Leads CYO Soccer Loop

St. Ignatius is currently undefeated in all three of Nassau County's C.Y.O. Soccer Divisions.

In the teen division, the St. Ignatius Apollos' rolled over Holy Spirit 6-0. Andy Garger got the hat trick, denting the nets three times. Danny Newton, Jim Ahern and Mike Murphy rounded out the scoring. The Apollos currently hold a 4 - 0 record in league play.

Meanwhile, the Generals, representing St. Ignatius in the Junior Division downed Corpus Christi 10-0. Kevin Anglin and Robert Murphy led the attack with three goals each.

In the midjet Division, the high powered Santos coached by Ed McCahn stormed over St. Raymonds 12-0. To date, the Santos hold a 4-0 record and are yet to be scored upon.

# Morris Proposes Night Sessions For Family Court

Night sessions of Nassau Family Court and "on call" availability of judges on weekends and holidays was proposed on Mon 10/4 by Edward J. Morris, Democratic candidate for Family Court judge.

"Under the present system, juveniles taken into custody after 5 p.m. Friday, for example, must spend the weekend at the Nassau County Children's Shelter," Morris said.

"Just because no Family Court Judge is available, youngsters who may have been apprehended for minor offenses are forced into traumatic contact with those whose offenses and problems are much more serious."

Morris explained he would recommend that at least one of the judges be assigned on a monthly basis to be "on call" and available to handle police cases on weekends and holidays.

Because it is concerned with human rights rather than property rights and dollars, Morris declared he believes

Edward J. Morris

Family Court is "the most important in the court system."

The 38-year-old Hicksville lawyer, currently law secretary to State Supreme Court Justice Joseph A. Suozzi, said he also believes Family Court should be opened one or two nights a week for the convenience of working men and women.

"We hold night sessions of Traffic Court for the convenience of drivers," he pointed out. "Why shouldn't we extend this service to those who are summoned to Family Court?"

It is vital that the Family Court's functions become better known and that it be brought closer to the people, Morris said, noting that he has observed the problems first-hand as a member of the board of Court Counseling Service of Nassau, Inc.

He is married and father of six children, a graduate of Iona College and Fordham Law School and, during the mid-1960's, was director of the Nassau County Department of Franchises and Transportation.

## Plainview Author's First Novel

"Someone Great", an exciting first novel by young Plainview Author Robert Grossbach, is now on display at the Plainview-Old

Bethpage Public Library. The novel which Library Journal described as, "...a sprightly, often gay, but finally poignant

tale," describes the life of Stuart Schechtman a sensitive, bright youth of great promise whose life, after dropping out of college, peters out with a dead end job and an empty marriage. The Library Journal review con-

tinued, "the brief-as-lightning scenes, which flash back and forth from Stu's earlier years to the present, and an amazing economy of language are so picturesque and painted as to delight even the most saturnine."

Robert Grossbach, a microwave engineer at Narda Microwaves Inc. in Plainview began his career as a novelist by taking a creative writing course at the New School after having collected Bachelor's and Master's degrees in Engineering. He plans to continue his engineering career and has already embarked on a second novel. Mr. Grossbach has lived in Plainview for the past three years with his lovely wife and two active sons.

An autograph party for Mr. Grossbach will be held at the library in November.

## Girl Scouts Fall Camping

Girl Scout troops No. 520 and No. 7 enjoyed a weekend of camping at Tobay Beach. Camping on a beach is very different instead of leaves, we have sand, sand, and more sand on everything.

Saturday morning turned out to be interesting as cars of Boy Scouts set up camp around us. Troops No. 74, No. 508, No. 435 all from Hicksville and Troop No. 534 from Massapequa. Well when you have Boy and Girl Scouts together what do you do? "Have a Campfire" and that's just what we did with songs and skits. Everyone had a great time.

Sunday morning arrived all too soon and it was time to pack and get ready for the trip home. Another first to add to our memory books a campfire with Boy Scouts.

## A Boy To The Yevolis

Town Councilman Lewis J. Yevoli was absent from a recent Town Board meeting — the first he has missed since taking office in January, 1970 — but he had a great excuse.

Yevoli was at the Central General Hospital, Plainview, on Tuesday, September 28, where his wife, Carole, gave birth to a 7-lb. baby boy.

The baby's name is Richard and he joins 15-month-old Steven in the Yevoli home at 29 Serpentine Lane, Old Bethpage.

## MEN IN SERVICE

Cadet William J. Jabour, son of Mrs. Arlene Jabour of 56 Walter Ave. HICKSVILLE, is one of more than 940 cadets who have entered their junior year at the U.S. Air Force Academy.

As he began his third year at the academy, the cadet was named to the Superintendent's List for his outstanding achievement in both academic and military performance. He will be granted special privileges and wear a silver star and wreath insignia recognizing the honor accorded him by the academy superintendent.

During the past summer, he completed three weeks of special duty at England AFB, La., in Operation "Thirteen Lieutenant," a program which provides cadets an opportunity to perform as junior officers.

Cadet Jabour also served as an instructor in a rigorous basic training course for members of the academy's incoming freshman class.

The cadet will be commissioned a second lieutenant and receive his B.S. degree upon graduation in June 1973.

Cadet Gennaro Cuomo, son of Mr. and Mrs. Samuel Cuomo of 3 Forest Drive, PLAINVIEW, is one of more than 940 cadets who have entered their junior year at the U.S. Air Force Academy.

Cadet Cuomo also served as an instructor in a rigorous basic training course for members of the academy's incoming freshman class.

Upon graduation from the academy, he will be commissioned a second lieutenant and receive his B.S. degree.
