## Norman C. Godfrey, Veteran L.I. Banker Dies at 85

Norman C. Godfrey, 85, a prominent figure in Long Island banking for 35 years, died on Wednesday, Oct. 6th in Syosset General Hospital, following a brief illness.

A director and vice president of Long Island National Bank since 1936, Mr. Godfrey had conducted a large farm supply business in Bethpage, for close to 40 years, prior to 1965. His sympathetic concern for, and friendship toward, countless Long Island farmers earned him a wide circle of friends in the farming communities and their industry.

Mr. Godfrey was born in Snow Hill, Md. He came to Long Island shortly after World War I. Active in various patriotic and philanthropic causes, he was an enthusiastic member of the Manetto Hill Masonic Lodge.

He is survived by his wife, Lena Toddyin Godfrey, with whom he resided at 505 South Broadway in Hicksville; a son, Howard of Lindenhurst; one granddaughter and two great grandchildren.

Services were conducted at the Henry J. Stock Funeral Home, 132 Newbridge Road in Hicksville. Interment was in Salisbury, Md.

Dr. Niosi, recently appointed as Superintendent of the Hicksville School System will address the Chapter on the subject of "Geopolitics:

Blueprint for American Foreign Policy."

The meeting will be held on Tuesday, October 19, at 6:30 p.m., at the Salisbury Restaurant in Eisenhower Park.

For reservations, contact Mrs. Mildred D. Hill, CPS, Dinner Arrangements Chairman, at 516-746-2322.

## Board of Education Oct. 12 Meeting

By Shirley Smith

School Board president, Thomas Muratore, announced that since attendance has increased at Board meetings, the time allotted for the public to speak has been extended when necessary.

In answer to questions about the walls in some second grades, Dr. Jerome Niosi, Superintendent, was instructed to confer with the principals of the schools involved and see to it that the walls which provided individualized instructions, down as soon as possible. In many of the individualized instruction classes the wall between two classrooms is removed and students and teachers of both classes work together with the machines and on projects.

The Board was questioned about their decision to subscribe to the supplemental tax role. This means there are two assessments of Hicksville during the school year rather than one. But for the

people who want to pay their yearly school tax before January 1, 1972, and thus get a deduction on their income tax, this presents a hardship. They cannot obtain the tax rate for the second half of the 1971-72 school year until February. Therefore they lose the deduction on this year's income tax. Mr. Muratore said he was sorry but "this is the way it is." He did direct Dr. Fred Hill, Assistant Superintendent, to look into the matter and report back to those concerned.

After some discussion on the mechanics of making deletions from the proposed Strand II (alcohol, narcotics, smoking) Health Curriculum the School Board unanimously approved the program. The two exceptions made were the deletion of a learning activity in the High School (involving a psychodrama of an alcoholic) and a stipulation that the School Board must be notified two weeks in advance before inviting outsiders

in to speak about narcotics.

New library books and language arts textbooks were approved, as was the auditor's report and equipment for parochial schools under a Title I, federally funded program.

The Board voted 4 to 3 (no: Clark, Pappas, Zindulka, Muratore; yes: McCormack, Kershen, Bello) to pay \$1000 for extra-duty compensation to teachers who serve as advisors and work with non-athletic activities at the Junior High. This is the budgeted amount but \$1400 had been requested by the school's administration. The Board also moved to pay band directors \$75 for the Memorial Day Parade (and all work in preparation for it), even though this is stipulated in the teachers' contract. Mr. Clark abstained on this vote.

The next Board meeting is Tuesday, October 26 at 8 p.m. in the Administration Building on Division Avenue.

## Annual Scout Rally Nov. 6

Nassau County Council, Great Bear District, will be holding its annual scout rally at the Mid-Island shopping Plaza, Hicksville, on Saturday November 6, from 9:00 A.M. to 5:00 P.M. in the middle of the mall.

The program will consist of a flag raising ceremony, demonstration of scout skills, such as signaling, simulated first aid, rope tying and knots, conservation, and many more. The

great bear district includes Hicksville and the following troops: No. 293, 291, 377, 375, 591, 435, 683, 259, 91, 508, 421, 172, 64, 381, 158, 378, 685.

The above troops will have the webelos of their respective troops present. Webelos is the highest classification a boy can attain while in cub scouting. It is the preparation for entering the regular scout troop program.

Mr. Robert Hughes, District

chairman, in conjunction with Mr. Joseph Petrino, District commissioner, indicated this will be the biggest single event in the annual life of the great bear district. "The execution of such a public rally, not only assists the boy in public exposure, but also demonstrates to the general public the rich full value of boy-scouting," said Mr. Robert Hughes. The public is cordially invited to join the boys at their high point in their lives.

"WE SALUTE YOU, TOM NAGLE": Some of the honored guests gather round for "seconds" of delicious coffee, at a surprise buffet which was given to honor retiring president of HAD, Thomas Nagle, last Saturday night at the United Methodist Church in Hicksville. ## Margiotta Supports Transportation Bond Issue

Assemblyman Joseph M. Margiotta of Uniondale announced his strong support for approval of Proposition No. 1, the \$2.5 billion transportation bond issue, which will go before the voters November 2.

"After carefully examining the many projects that will be sponsored through this Bond Issue, I must recommend that the people of Long Island, as well as residents throughout the state, go to the polls and vote YES for their own benefit," Margiotta said.

Pointing out that passage of the bond issue will assure the State of matching federal funds, Margiotta explained that, "this means \$5 billion will actually be poured into improving highway and mass transit facilities if the voters approve this proposition."

"Such a massive program will

do wonders for helping commuters on Long Island," Margiotta noted. He pointed out that through the bond issue, the state will be able to extend the electrification of the Long Island Railroad and purchase a fleet of gas turbine and electric cars, assuring high speed rail transit on the remainder of the line.

"In addition," Margiotta said, "the Long Island Railroad extension to the east side of Manhattan through the 63rd Street Tunnel will be paid for through this Bond."

And for the motorist the bond issue also offers some relief. "The Nassau Expressway can be explained, 'only if the funds become a reality.' He noted that Proposition No. 1 can bring it about.

"But more than just helping the commuters," Margiotta added, "the pouring of \$5 billion into the state economy will greatly aid the people by providing jobs. It takes thousands of people in many occupations to successfully complete these vast improvements in our transportation systems. In today's economy many of these skilled workers are

unemployed or underemployed. Passage of this proposition can go a long way toward solving their problems," according to Margiotta.

"It's for these reasons that I believe people voting in favor of this proposition are, indeed, voting benefits for themselves as well as other residents of this state."

## Notice To Hicksville Residents

Superintendent Harold Hawhurst has been advised that the New York Fire Insurance Rating Organization will make a complete inspection of the fire protection facilities.

These tests will be conducted on October 20, 21 and 22, 1971 and

involve flowing water from hydrants; and in some instances, several hydrants may be used in one general location. Large flows of water through the distribution system may stir up accumulated sediment, this discolored water could cause damage to clothing in

automatic washing machines.

Although the drinking qualities of the water will not be affected, the Superintendent urges all residents to use extreme caution during this period in order to prevent staining of clothing in washing machines.

## Vote No

We are strongly opposed to Amendment 1 on the statewide ballot at the November 2, 1971, General Election.

It's approval would threaten the power of local governmental officials and citizens in every community of our State to decide local affairs.

The amendment would further strengthen the already powerful state Urban Development Corporation, an organization not directly responsible to the people.

The proposed 'community development' article would grant sweeping powers to the State to be exercised by the Urban Development Corporation in any community of the State for a broad range of programs.

The amendment would further strengthen the already powerful state Urban Development Cor-

## Dear Friends:

I HAVE DELIBERATELY deleted certain remarks made by a spokesman for the Board of Education of District 17, Hicksville, at their last meeting, from Shirley Smith's article on Page one this week and I'll tell you why. They are absolutely untrue. If I print them, I would be in duty bound to refute them from the source which they are attacking. I feel this would create more confusion in this district than already exists. For the sake of the children and their education I will not do this. And I would suggest that those on this Board who are doing this cease to attack a man who isn't there to defend himself, since they didn't have the courage to bring any charges against him when he was with us. You say you care about the children's education, gentlemen - well, take care of this and don't lower yourself with this type of conduct, . . . it is unworthy of those who are serving on a Board of Education. . . .

NOW to more pleasant matters. . . those who didn't attend missed an excellent and informative meeting of the Hicksville Community Council last Thursday evening. We'll have all the details on it in next week's. The G-1 Zoning was explained. The PTA Objects were explained and the public part of this meeting was varied and interesting to the sixty or so Hicksvillians who attended, either as delegates from local organizations or as "interested citizens of Hicksville". Why not mark the first Thursday of each month on your calendar, and plan to join us for the next eight months? You will be proud of your town when you realize how many fine groups and people are working together for the benefit of Hicksville. Also we'd like to hear more of what the groups of which you are a member are doing along these lines. So come on down. the Hicksville Community Council is dedicated to working "for a better Hicksville". Many have worked with this aim in the past. . . now its our turn. You are all welcome to join. . . it's everybody's Council in the hamlet of Hicksville.

Sincerely,  
Sheila

## Mrs. Petito Addresses Club

Mrs. Adeline Petito, Coordinator of the Drug Abuse Program of the town of Oyster Bay and Consultant to the Nassau County Board of Supervisors on Drug Abuse, and widow of the late Nassau County Family Court Judge Michael M. Petito, addressed the October 6th meeting of the Exchange Club of the North Shore Long Island, at the Mah Jong Restaurant in Syosset.

Mrs. Petito emphasized the distinctions between the addictive personality and the non-addictive personality amongst addicts. She pointed out that only the latter can possibly be saved without protracted psychoanalysis. She also charged that it is the general dependency on common household drugs found in the medicine cabinet and freely dispensed by parents, that frequently leads to a specific dependence and possible ultimate addiction to drugs.

## Torch Clubs Blaze Trail Of Hope For The Handicapped

The sparks of a new year of  
unique fund raising and service  
programs to help the han-  
dicapped are being kindled this  
month in creative planning  
meetings of the Torch of Hope  
Council of Nassau County,  
comprised of high school and  
college students dedicated to  
helping the handicapped.

In a series of informal and  
productive meetings at Human  
Resources Center in Albertson,  
the Council, a youthful firebrand  
of the Nassau (Easter Seal)  
Society for Crippled Children and  
Adults, has lit the fuse to ignite a  
variety of events planned to in-  
crease membership in the more

than 60 Torch of Hope activity  
groups in schools throughout the  
county, and ultimately to support  
needed Easter Seal programs  
here to help the handicapped.

Ideas are popping at the Torch  
of Hope Club at Jericho High  
School for a wheelchair  
basketball game to benefit the  
disabled. Torch of Hope chair-  
man, Karen Eunin needs the help  
of students here to assure success  
for this major "fun-raising"  
event. Call Karen today at WE 1-  
5148 to become involved in this  
county wide campaign in the  
fight against crippling!

Events planned in other  
communities include wheelchair

basketball games, white elephant  
sales, raffles, olympic contests,  
carnivals, dances, guessing  
competitions, sports clinics and  
folk rock concerts.

The primary goal of the Torch  
of Hope is to broaden educational  
and recreational opportunities  
for the handicapped and to help  
break down prejudices toward  
the disabled by stepping up  
public education programs in  
schools and communities. Among  
the many vital service projects  
are a continuation of a variety of  
projects to help eliminate ar-  
chitectural barriers in public-  
serving buildings; a home  
tutoring program for han-

dicapped children and adults;  
recreation mixers between  
handicapped and able-bodied  
students; the dissemination of  
information to eliminate  
misconceptions about the han-  
dicapped; home visiting  
projects; and programs to help  
open the doors to employment for  
the handicapped.

Easter Seal programs, which  
Torch of Hope funds support,  
include summer day camp for  
over 150 severely disabled  
children; physical therapy and  
dental care for physically han-  
dicapped children; field trips,  
recreation and adapted sports;  
legislation; public education;

and information & referral  
services.

Easter Seal programs are  
available to all disabled persons,  
regardless of their handicap, or  
the means by which they become  
disabled.

The Hicksville Junior High School football team opened its 1971 season with a solid 20-8 win over Howitt of Farmingdale on the picture book passing of Kevin McAuley and the running of seven assorted backs.

Steve Solasky barged over from the two yard line, after a 55-yard march downfield, for the first Hicksville score, in the third period.

The future Comets struck soon again on a perfect 45-yard spiral pass from quarterback McAuley to end Mike Robilotto.

The final tally came when Brendan Wallack skirted the right end for 25 yards.

Farmingdale scored in the last 25-seconds of the contest on a 55-yard pass play as coach Jay McAuley flooded the game with Hicksville subs.

It was an encouraging start for Hicksville and came at a time when the football program badly needed a shot in the arm.

Many players were featured in the devalued attack. Fullbacks Solasky, Joe Musacchio and Joe Fanara were ably supported by

halfbacks Artie Cunn, Wallace, John Cagliene and Bob Stefiniw.

It was Stefiniw who alertly recovered a Daler Fumble on the stone pit Hicksville Junior High Field to set up the second Hicksville score.

Adding to the determined offensive play were starters Robilotto and Frank Nobile at ends. George King and Jim Culbertson were guards along with Jim Mauro and Harold Jacobs.

The center was Joe Ramos.

A surprisingly large crowd watched as the Blue and White defensive team closed down the Daler attack. The visitors only penetrated the Hicksville 40 once in the contest.

The defensive ends were Joe Fanara and Stefiniw. King, Culbertson were joined by Eric Scher, Paul Lamoureux and John Mahon at the tackle spots.

Mauro and Jacobs did double duty as guards on defense and were spelled by Frank Cerone.

In the defensive backfield were Guastella, Joe Musacchio and Chris Salamon, Joe Fischback,

Rick Povit and Ernie Hupfer.

McAuley filled in at Safety when he wasn't passing. He had 8 completions for 12 attempts. Robilotto was his prime receiver with five receptions. One reception accounted for a two point conversion for Hicksville.

The Junior High team will play this Friday, 4:00 p.m. at Island Trees.

The bleak outcome for the Hicksville Varsity Football team was extended, Saturday, as Farmingdale scored a 33-8 victory over the Orange and Black.

Sticking to the direct facts it was the ninth straight league defeat over a two year period for Hicksville.

In the ancient series with the Dalers which Hicksville once commanded 21 wins to 6, Farmingdale has now won four straight.

The Comets play at McArthur this Saturday. Hicksville could win 26-18.

Saturday morning the Farmingdale Junior Varsity team came on the field strong and blew the Hicksville Comets off the ground, 26-6.

## Sports Stars Join Oyster Bay In Fight Against Drug Abuse

A brilliant array of professional athletes from four major league clubs in the New York area have joined forces with the Town of Oyster Bay to combat drug abuse, it was announced by Town Supervisor John W. Burke.

"I'm delighted to say Oyster Bay has become the first Town in Nassau or any other county to form an all-sports council of professional athletes. The new council will be named STAND-Sports Talk Against Narcotics and Drugs," Burke said. "Gil Hodges, manager of the Mets, has been named Chairman of the sports council."

Tom Seaver and Ed Kranepool will represent the baseball Mets; John Schmitt and Randy Rasmussen the football Jets; Rick Barry and Ollie Taylor the basketball Nets; and Vic Hadfield and Brad Park the Ranger hockey team in the all-star line up of STAND.

"The willingness of the New York clubs and the participating players to cooperate in this meaningful program is commendable," Burke said of the STAND program. "It is indeed gratifying to know that people in the field of professional sports are vitally concerned in the growing menace of drug abuse."

"In baseball terminology, the STAND Council is truly a grand

sland for our drug agency in Oyster Bay. These athletes represent the highest standards of physical and mental discipline. Their participation in our program will be one of the strongest channels of communication to young people in our efforts to curb drug abuse and turn on with sports," the Supervisor concluded.

The STAND program was arranged and proposed to the management of the respective New York clubs by James C. Arvanitis, Director of Recreation and Community Activities in the Town of Oyster Bay. He will be assisted by Mrs. Adeline Petito, Coordinator of the Town's Drug Abuse Control Agency in scheduling the sports stars.

In the program arranged by Arvanitis, sports stars will participate as speakers in each of the 11 school districts located within the Town of Oyster Bay. The talks conducted by the athletes will highlight the special drug abuse education programs to be offered. Local youth councils, school districts and community drug groups are expected to participate in the program when the sports stars speak out on the dangers and hazards of drug abuse.

Experts in the field of drug education and prevention programs will also be on hand to

respond to any technical aspects of questions asked by the young people.

The Town's Drug Abuse Control Agency is presently scheduling STAND drug abuse programs with school district officials. Specific dates will be announced shortly through newspapers and flyers distributed to students in school districts.

## Polo At Bethpage

The polo season at Bethpage State Park will be climaxed on Sunday, October 17th when Westbury crosses mallets with Bethpage in the Long Island Industrial Recreation Association Match. Although the players will not be nominated until gametime nearly rolls around it will be a grudge match as those who have not picked up a piece of silverware during the playing season will be out to try to snatch it now in the final game, action sizzling!

Rains forced the cancellation of the Shaw W. Robinson Memorial Tournament finals that was scheduled for October 10th at the park, the match going to Hickox Field in Old Westbury instead, Bethpage with John Greenleaf.

John Gayer, Dave Rizzo and Peter Daly to attempt to put down Brookville fielding John Wittmore, Paul Rizzo, Russell Corey and Frank Mortimer. Too bad it couldn't make it to the polo field at Bethpage Park but who can control the weather?

It's been a bit of a rainy season but the games that reached the park have made up for those cancelled out by the drenching, everyone enjoying the afternoons watching a great sport, admission free to children when accompanied by an adult and only \$1.50 to adults, the park always a fine background. One more week-fingers crossed for the sun to take over, and it's all over for 1971, starting all over again in May of 1972.

## Youth In Government Committee

Another phase in the program to encourage government participation by young people in the Town of Oyster Bay will be fulfilled by Town Supervisor John W. Burke on Tuesday evening (Oct. 5) when he meets with 44 youth Council representatives at the Youth Bureau headquarters in Woodbury at 8:00 P.M.

The purpose of the meeting will be the presentation of a proposal by Burke to form a "Youth in Government Committee" which will comprise the selection of two youngsters from each of the 11

existing Youth Councils to maximize communication between the young people of the Town of Oyster Bay and their Town government.

"This is a meaningful addition to our Youth Bureau program," Burke said. "It will give our young people an opportunity to further voice their interest in government structure and to add their opinions on critical social issues on a town-wide basis."

"The proposal, which I heartily recommend, will have two representatives from the student

government of every public, private and parochial high school within the designated boundaries of the public school district which the Youth Council serves.

"The Youth in Government Committee, I might add, is the outcome of a suggestion by Cary Kessler, a Plainview High School student who was president of the Nassau County Student Government Association.

"Our Youth Bureau worked on the format in the structure of the new committee and it's powers of application in conjunction with

Youth Council members. Basically, it gives them a stronger voice and adds youthful vigor in community affairs. And that's a good, healthy indication," the Supervisor said. "Some of our young people concerned in community affairs today could well develop into important government administrators of tomorrow."

Following Burke's proposal, the Youth Council representatives will take it back to their respective school district areas for a vote. If approved, it will then be presented to the Town Board for final confirmation.

The selected members of the Youth in Government Committee will have an effective means for action in matters pertaining to the youth and their town. The committee's recommendations, projects and proposals may emanate from the youths of a single Council, the Town Coordinating Youth Council, or the Town of Oyster Bay Youth Bureau.

If a proposal by the new committee has not been resolved on the above levels, it will have the power to make a final appeal directly to the Town Board.

James C. Arvanitis, Director of the Town of Oyster Bay Department of Recreation and Community Activities, and James J. Dahl, Coordinator of Community Youth Services are confident the new committee will be acceptable to the members of the Youth Council.

## Birch Society Opposes Nixon Trip To Red China

The John Birch Society has launched a new campaign. Under the firm and direct appeal, "Please, Mr. President, Do Not Go!" the nationwide conservative group is urging President Nixon to cancel his plans to visit Red China.

The plea appears in the form of a four-page "Protest Letter" to the President, with spaces at the end for five signatures. Members and friends of the anti-Communist organization are being asked to get the letters signed and sent directly to the

White House. The Birch Society reports that already, nearly two million copies of the letter are in circulation.

Mr. Joseph Noonan, a local John Birch leader, stated that the campaign is meeting with a very good reception in this area, and that most persons who read the "Protest Letter" agree to sign it. He also said that copies of the letter are available upon request, simply by writing to him at: The John Birch Society, P.O. Box 122, Levittown, N.Y. 11756.

WHAT IS KEY CLUB? The Key Club is a service club for boys from the tenth, eleventh, and twelfth grades in high school. Although a Key club is similar to other high school organizations in that it operates under the school's regulations and draws its membership from the student body, it is uniquely different from any other. This uniqueness stems from its sponsorship, its aims, and its programs.

First, the Key Club is unique for it is sponsored in cooperation with the school officials by a local Kiwanis Club composed of the leading business and professional men of the community. Through this sponsorship and the associations developed, the members learn more about their community and how it functions; they learn what responsible citizens banded together in service clubs can do to make theirs a better community; and they have the opportunity to gain knowledge of various businesses and professions.

In the second place, the Key Club is unique for its aim in the development of initiative, leadership ability, and good

citizenship practices. These qualities so vital for a useful and successful life are encouraged by each member accepting responsibilities in the administration and activities of the club, and by allowing each member to use his own initiative in carrying out the project selected by or assigned to him.

Last, but by no means least, is the uniqueness of the Key Club's service program. Not only does the club provide the school with many services which make it a more pleasant place for students and teachers alike, but it goes into the community as well, to undertake various projects for the benefit of the entire community.

The Plainview-Old Bethpage High School Key Club is under the sponsorship of Mr. Peter DeNinno. Its officers for this school year are: Lee Cort, President; Ray Resnick, Vice-President; Barry Cardiner, Secretary; and Elliot Lefkowitz, Treasurer.

Editor's Note: All high schools in the Hicksville, Plainview, Old Bethpage Areas, have always been invited to send us their news. We report this invitation for the coming school year.

Cascardo (R) presents the first day issue of a new 6 cent post card commemorating America's hospitals to Assemblyman Martin Ginsberg (R-Plainview) left, as Lawrence E. largest central mail distribution centers on Long Island. The new post card officially recognizes the vital role hospitals play in the health of a community. ## Art Exhibit Of Students

Thursday morning October 7, Assemblyman Martin Ginsberg opened the art exhibit of Mrs. Naci McDonald's students at the Hicksville Public Library.

The artists in the exhibition range in age from 7 years to 18

years old. The names of the students and their friends and or little brothers and sisters are: Robin Alexander, Karen Ashner, Diane and Margaret Bergin, Cathy Castiglia, Peter Forman, Roy Hansen, Lynn Henderson, Melissa Kramer, Regina Mauro, Carolyn and Susan McBride, Jim and Florence Reimer, Jeanne Schilling, Peter Swiatocha, Kathy Stokely, Arlene Travis, Jeff White, Eleanor and Robin Wicks, and Cheryl Wright.

## St. Ignatius Apollos Preserves Winning Streak

By Richard Fromgen

The St. Ignatius Apollos of the CYO Soccer League were facing their first defeat in league play. St. Raymonds of East Rockaway lead 2-1 in a hard fought game, with less than one minute remaining Joe Gallant broke through a strong defense and preserved St. Ignatius record when he scored the tying goal. Joe's game tying goal kept the Apollos in first place over a strong St. Raymonds team.

Meanwhile in other divisions, Ignatius continued their winning ways. The generals representing St. Ignatius in the Junior Division defeated St. Mary's of Roslyn 9-0. Raymond Dalton led the attack with three goals.

The midwest division Santo's rolled over Our Lady of Lourdes 11-0. Jackie Jablonski scored the hat trick with three goals and Dennis Barcavage and John Rupp each scored twice.

## Hicksville Couple Celebrate Fiftieth

In special service on Sunday afternoon, September 26th, Mr. and Mrs. John G. Krupp of Hicksville, New York, joyfully and gratefully repeated their wedding vows before the altar of Trinity Evangelical Lutheran Church, Hicksville. The Holy Communion service was conducted by the pastor, the Reverend Edward H. Stammel.

The "living festival Communion Chalice" of the Parish was used. This Chalice, dedicated to Christ on the occasion of Trinity's 120th Anniversary, was a gift of the families of Trinity to

our Lord. Practically every family in the Parish contributed old gold and silver and precious stones, and a silversmith, Mr. Louis Glasier fabricated the Chalice. Set in 24 karat gold on the base of the Chalice are 166 precious stones. As jewels are received in the future they will be set in a pre-determined plan.

The Chalice is used by the Parish at Christmas, Easter and Pentacost. Also at the first communion service for children and for twenty-fifth and fiftieth wedding anniversary services.

MR. AND MRS. JOHN G. KRUPP and their matron of honor, Mrs. Vivian Liljefors, examine the "Festival Communion Chalice" held by the Reverend Edward H. Stammel, pastor of Trinity Lutheran Church, Hicksville.

## GUTTERBALL GOSSIP

By Herb Mahler

"Your turn to bowl ALBERT." "Must I?" This could very well be the answer many of us are giving because of the calibre of bowling that has been going on since the season started. This being the case, let's see how the Merry Men of Birchwood did last Monday night between throwing the ball and running the relay team to the lounge to watch the Giants give away another game.

My prediction has come to pass. The bid from the other side of the tracks, bombing Bernie Kaplan, by taking the YO-YO Hoffmans 17-13 has taken over possession of first place. It was Bernie himself again to inspire with a 201 that outlasted Milt's 200.

Just one point behind in second place was Rapid Robbie Goldstein whose crew lost to the Vladens 16-14. It was Robbie himself making like a one-man army as he took his three games and hit with a 200 as well. Meanwhile, the Vladens climbed to fourth place.

Rising one spot to third was the "Marshmallow Ball" Murry Sussman's as they performed a painless extraction on the Sachs 26-4. It was side man, "Shorty" Gittleman, who responded from a pep talk with a sweep of his three games.

The big jump was by the Marks as they went from thirteenth to fifth with an 19-11 victory over the Simons. With Lew being away, his team suggested an extended vacation. This was overheard by some of the other members of the league and, within minutes, five thousand dollars was collected which will be wired to Lew today. Hy Shapiro's 202 and Sid Simon's 234 went down the drain.

Our happiness candidate "Mr. Warmth" Herb Brody, led the charge and his team swept the Karbels 20-10. Bernie Grill's three game win was so thrilling emotional Herb burst into tears. With Capt. Nat Warren away, his team fell asleep and lost to the Lieberman's 28-2. It was Bernie Lieberman and Lew Truchil who swept their three games.

He's back! The news swept over the alley like wildfire and to make it all plausible, Silent Dave Kayeled the Buddy Flanders to a resounding 21-9 victory over the

Kolowitz's. Dave won his three games but Buddy chipped in with a 216 and 203 in between crying over splits. I can't shut Dave up as it is and now I'll have to live with it until next week.

"Free Loading" Freddie Rothman went on a personal tear to victimize the Kellersmans 21-9. Freddie took it upon himself to roll a 214 and sweep his own three games.

It's all in fun, just a night out, lots of laughs, I keep telling Hal Goldenberg as he chases me around the alley with his jet drill. He doesn't seem impressed with my other fine qualities, just wants to know when I'm going to start bowling. At any rate, the Springers lost to the Geysers 20½ to 9½ with Irv Simes hitting with a 208.

Our system has been referred to as man-to-man bowling. In some cases it's man to boy, in mind, man to girl. Let's all snap out of it and start to really throw that ball.

We need more bowlers as Norman Ney and Horace Bernstein have left the league. If you know any, have them contact Sid Lang or Billy Sussman.

See you at the Nevele?

## Jericho Little League Dinner October 25th

The 1971 Annual Awards Dinner of the Jericho Athletic Association for its Little League will be held on Monday evening, October 25th, at the Four Seasons Country Club starting at 7:00 P.M.

As is the usual custom, there will be a guest speaker from the professional sports world. This year, it will be Ed Kranepool of the New York Mets who finally blossomed out and lived up to most of his potential during the past National League campaign.

The highlight of the dinner — as far as the Little Leaguers are concerned — after the speeches and the awards — is the drawing for door prizes. League officials want to assure all the ballplayers that this year's array of prizes will be the largest and best ever assembled.

## Educators Selected For National Honors

David Nydick, Superintendent, Robert Manheimer, Assistant Superintendent and Robert Perna, Administrative Assistant, have been selected as Leaders of American Secondary Education for 1971.

Nominated earlier this year by the school's administrators, these educators were selected for this national honor on the basis of their professional and civic achievements.

Leaders of American Secondary Education is an annual program honoring the men and women who have distinguished themselves by their service and leadership in the field of secondary education. Each year, the biographies of those honored are featured in the awards volume, LEADERS OF AMERICAN SECONDARY EDUCATION.

"These men chosen for this high honor," Dr. Beers, Director of the program said, "have explored new paths, developed new insights, and effectively communicated their knowledge to students and colleagues."

## Dinner Fashion Show By Deborah Hospital

A dinner fashion show has been calendared by the Westbury-Jericho chapter of Deborah Hospital for Tuesday, October 26 at 7:30 P.M. at the Swan Club, Shore Road, Glenwood Landing. The donation is \$7.50 per person and tickets may be obtained by calling Marlene Levine at 433-5560. A "his and her" fashion show given by Field Brothers and Lenore Siegel will be presented at the dinner. Both men and women will be welcome.

## Bowlers Attention

Two openings exist in the BCA Men's Winter Bowling League. Interested parties are asked to contact Vice President Bill Sussman at OV 1-3634.

The league, which bowls every Monday night at Syosset Lanes, is open only to paid-up members of the Birchwood Civic Association.

## Syosset Band In Fund Raising Campaign

The Syosset High School marching band will launch a districtwide door-to-door campaign during October. The student musicians will be calling on friends and neighbors to support a 1971 fund raising effort with an "all American patriotic theme."

Residents will be asked to purchase American flags for home display on holidays. The band members will offer a variety of flag sizes and styles, in addition to the necessary hardware, brackets and poles.

According to Mr. Elliot Bean, Associate Director of the band, the drive will serve a dual purpose. "We would like to see the spirit and zest displayed by the

band spread throughout the community. Of course, we will get satisfaction in raising the necessary funds for our many band activities, but we will also be proud to see the American flag displayed by our neighbors when walking through the streets on holidays.

The Braves Band will be featured in the annual Newsday Marching Band and Festival at Hofstra University on Thursday evening, October 26 at 8:00 p.m. The band will also be seen at all home football games and has been invited to keynote the entertainment for the Chamber of Commerce Exposition scheduled for Sunday, October 24. It has been a popular fixture in the local high school for many years!

## Bloodmobile At Jericho Firehouse October 27

The Jericho Community Blood Bank will be in operation on Wednesday, October 27th, while the Bloodmobile is at the Jericho Firehouse from 3 to 9 P.M. This is a non-sectarian community service and is jointly sponsored by all of Jericho's most active organizations, including: Birchwood Civic Association, Jericho Jewish Center, Princeton Park Civic Association, Temple Or-Elohim, St. Paul the Apostle Roman Catholic Church, West Birchwood Civic Association, Jericho Lodge of B'nai B'rith and the White Birch Civic Association.

All residents of the Jericho Post Office district and members of sponsoring organizations are eligible to donate blood and participate in the community's family group blood insurance plan. The premium is only one pint of blood annually per family; the dividend is all the blood your

family may need for the entire year.

This is a very unusual opportunity to assure your family a full supply of blood for any medical contingency which may arise. Protect your family by becoming a member and be assured that in time of emergency, you will receive the necessary blood without red tape, delay or cost.

If either a husband or wife — for various reasons — cannot give blood, they and their family will still be entitled to the benefits, provided they both appear at the Blood Bank and are rejected.

It is no longer necessary to go without eating before giving blood. Past experience has resulted in a modification of this once stringent regulation. Donors may now eat a normal breakfast, lunch or dinner. However, avoid heavy fats, salad dressings and cream.

The programs are as follows: Oct. 19th: Circus, Jenny's Birthday, Circus Baby

The Jericho Youth Council will hold an important meeting on Thursday evening, October 21, at 8 p.m. at the Jackson School Coffeehouse. The proposed slate for the 1971-72 year will be offered to the membership. Everyone in Jericho is invited to attend.

## Reminder To BCA Officials

If unable to attend, please notify Vice President Art Rosenthal beforehand (WE 8-1965), or contact any other fellow officer.

## For Girls Only

Would you like to do something different and rewarding? Then the St. Ignatius All-Girl Drum and Bugle Corps is for you.

This non-sectarian, self-supporting organization consists of a bugle line, a drum line, and a banner section. It is divided into three groups: the third group is the training corps; the second group is the parade corps; and

the first group is the competing corps.

A drum corps competition blends the military precision of West Point with the musical perfection of a symphony and the spectacular appeal of a Broadway musical. Each corps takes the field for thirteen minutes of music, marching and

maneuvering under the searing eyes and ears of a roving squad of eight judges. The maximum possible score is 100 points. Each error-spot, mis-step, and off-note that the judges detect costs the corps one-tenth of a point.

New members need not worry about experience, for they will be fully trained. The members of the first group train in the winter at an indoor field house, to prepare for competition in the summer.

The girls, through superior team work, have achieved many victories. They took third place at the All-Girl World Open Championships in Lynn, Mass., and also third in the All-Girl U.S. Open Championships, in Marion, Ohio.

The corps opened the year of 1971 participating with some of the top drum corps in the East, at the Felt Forum in Madison Square Garden. They have attained top honors in many parades, including St. Patrick's Day, Puerto Rican Day, Columbus Day, and the Steuben Day all which were televised from Fifth Ave., New York.

Along with the serious training, there is an equal amount of fun and enjoyment. You have the

chance to meet new people and travel throughout the country. Together you learn and grow, and gain a sense of sportsmanship.

Now, at the close of a successful season, the corps is seeking new members to carry on its success and share in its promising future.

There will be an Open House,

Oct. 16, 2:00 P.M. at the St. Ignatius School, Hicksville. An exhibition will be presented by the first and second corps, and refreshments will be served. Girls of ages 10-18 are asked to join. Registration and further information will be available at this meeting. All are welcome to attend.

What makes dissatisfaction out of acceptance? Television has that answer. On Saturday night, this pillar saw The New Don Adams Show, 'Partners,' The new Dick Van Dyke Show and the New Mary Tyler Moore Show. They are collectively poor and non-inventive in concept and individually bereft of imagination. The former Adams starrer, 'Get Smart' had a hone that bubbled with fun. 'The Old Dick Van Dyke Show with Rosemarie, MISS MOORE and MOREY AMSTERDAM had a spirit of joie de vivre. The three new shows are excuses to follow the old. In the case of Miss Moore, a viewer finds it difficult to dislike anything she does in spite of the show's excuse. However, when a formulae is conclusive by support and proven by precedent, an equation must one day evolve that would disallow any new show merely

## Antique Cars At C.W. Post College

Antique cars and football will be featured at the C. W. Post Homecoming Day program scheduled for Saturday, October 16. Approximately 1000 alumni are expected to attend.

In addition to the football game at 1:30 P.M. with Gettysburg College, Homecoming festivities will include morning tours of the campus, a reunion cocktail party and buffet supper, and the antique car show.

Following a tailgate parking lot at 12 noon, antique cars from the collection of Phil Wichard of

Halesite, N.Y. will be on display. The cars will also be included in the half-time show. Wichard is the father of Gary Wichard, Post's quarterback, and two graduates of C. W. Post, Neat '67 and Alvin '67.

Included in the display will be a 1931 LaSalle Roadster and a 1931 Phantom Rolls Royce. Both cars are one of a kind models.

This will be the 11th Homecoming at C. W. Post, which graduated its first class in 1959. That class numbered 78. Presently there are more than 10,000 alumni.

## Caso Calls On LILCO To Withdraw Increase

Nassau County Executive Ralph G. Caso called on the Long Island Lighting Co. to withdraw its application for an increase in electricity rates.

"The request to the Public Service Commission for a 2.48 per cent increase is inappropriate at this time in light of the President's plan to continue wage-price controls when the current freeze ends Nov. 13," Caso stated.

"If, in fact, it is not a violation of the letter of wage-price stabilization, it is a violation of the spirit of the program," he added. "I cannot see asking Long Island residents to pay more for their electricity when their wages are being held in check."

The county executive noted that LILCO has raised electricity rates twice in the past year.

"I believe the time has come

for LILCO to tighten its own belt instead of asking customers to tighten theirs," Caso said.

### Many Shun Belts

More than 75 percent of all cars in the United States now have seat belts, including older models in which belts were installed after purchase. But only about 35

percent of drivers and other occupants are fastening belts regularly, estimates the Department of Transportation. The agency credits seat belts with saving 2,500 to 3,000 lives a year.

### Cousins Accommodated

In the 26-year period between 1946 and 1969, the U.S. government loaned foreign countries a total of \$138 billion. The largest single sum—nearly \$10 billion—went to the United Kingdom.

### Fingerprints Grow

During fiscal 1971 the FBI received more than 6.7 million fingerprint cards, an average of 26,000 per day. This pushed the total sets of fingerprints on file over the 200-million mark, representing more than 86 million persons.
