Dr. Niosi To Speak

Dr. Jerome Niosi, Superintendent of Hicksville Schools, will speak at a public meeting in the Hicksville Library, Wednesday, December 15 at 8:30 P.M.

Dr. Niosi will present his views on education and will outline future plans for the Hicksville schools. He will also answer questions from the audience.

The meeting, to be moderated by Abraham Fishman, is sponsored by a group of concerned Hicksville residents. These in-

dividuals — who represent both past and present groups (YES, UNITED, TEACH, BEST AND PRIDE) or are affiliated with any educational organizations — are interested in Hicksville's students and their schools. They want you to be informed and to know your administrators.

Come to the Library December 15. Here is your opportunity to meet our superintendent and ask him questions.

Bid Date Set For Hicksville Parking Field Improvement

Town Councilman Warren M. Doolittle reported today that the Town Board has set Monday, December 20, for the opening of bids on a Department of Public Works project in Hicksville.

Doolittle said the work will cover resurfacing and reconditioning of two parking fields in the community. They are parking

field No. 20 located on the west side of Levittown Parkway, between Beech and Blueberry Lanes, and field No. 19 on the west side of Newbridge Road between Barter and Table Lanes.

The Councilman added that refurbishing plans will commence when the lowest, qualified bidder is accepted by the Town.

L.I. National Bank Records Year-End Cash Dividend

The Long Island National Bank has declared a second 25 cent per share cash dividend for 1971, which is payable on December 15, 1971.

According to James C. Dinkelacher, President, the bank's Board voted a 25 cent cash dividend on April 1st and a similar payment on December

1st. This is in addition to a 5 per cent stock dividend paid in 1971. Last year the bank paid a total of 40 cents in cash and 5 per cent in stock dividends.

Long Island National Bank, which has 11 offices in Nassau and Suffolk Counties has resources in excess of \$125 Million.

School District Seventeen Holds Meeting Dec. 7

On the agenda it reads: "6. General Public (Limited to a maximum of 15 minutes.)" The time was extended last Tuesday night, in order to answer the many questions brought to the Board of Education.

Mr. William Bennett asked that parents have the right to see books their children are using in class. He said he had asked to see a reference book used by his child at school and had been refused. Dr. Jerome Niosi, Superintendent, said the book would be available for Mr. Bennett to see when he so desired.

A Dutch Lane parent was disturbed by the state reading and math test scores reported recently in a daily newspaper. She asked the Board to take immediate action on the reading program so that Hicksville's standing on these tests would improve. Dr. John Cadden, Assistant Superintendent, said the test scores are "an item analysis of children's deficiencies and performances." These latest scores published in the newspaper are from tests taken last fall (1970). He said the scores are not that vital nor meaningful. Our district could teach specifically for the test but he questioned the educational value of this. The district is currently reviewing methods of teaching reading and math with the Hicksville teachers and will hopefully upgrade the teaching of these subjects. A training program will be fashioned and should begin in the spring.

Mrs. Mary Carton asked why a parent could not get his child's scores on statewide achievement tests from the teacher. Mrs. Iris Wolfson said she had always been able to find out her children's test results.

Mr. Catley, a Social Studies teacher at the High School, asked when the School Board would reinstitute its Board - staff liaison

committee. He said he had attended these meetings last year and felt they were productive and helpful. Board trustees Zindulka and Pappas are co-chairman this year and they plan to begin meeting with the committee in January.

Mr. Charles Fetta asked if the "minority report" of the Health Education Curriculum Committee could be read to the Board by Mrs. Carton, Board president. Thomas Muratore, said there was no need, at this point in the meeting.

Strands I (Physical Health) and V (Education for Survival - Safety and First Aid) were to be presented later in the evening, having been studied by the Health Education Curriculum Committee. Several members of the Committee disagreed with certain items discussed and approved by the majority of the group. It was these items on which they wanted to report to the Board.

After a lengthy executive session, the School Board approved the award of bids for various supplies to be purchased by the district. Authorization was given to purchase band uniforms for East Street School. The Board also approved health, art, home economics, and other textbooks new to the district. The revised Social Studies curriculum for grades K-6 was unanimously approved, as were Strands I and V of the Health Education curriculum. In addition, the "minority report" of the Health Education Committee is to be submitted, in writing, to Dr. Niosi, who will be responsible for implementing the new curriculum.

Dr. Fred Hill, Assistant Superintendent, announced that the district has received its first payment from state lottery funds - \$3000.

The Board of Education gave

its authorization to participate in the Emergency Employment Act 7-1971 - Section 6. Nassau County will supply \$59,146 for seven jobs (electrician, painter, and other maintenance and custodial jobs.) Applicants must apply through the unemployment agency.

Our district will have Auxiliary Police patrolling the schools at night, weekends and holidays. The Board approved this program, subject to the Auxiliary group acting under the guidance of the Nassau County Police Department in connection with the Civil Defense program.

A request for retroactive pay (funds of the 1971-72 contract withheld because of the pay freeze) from the department chairmen was denied, since the matter of retroactive pay is still in litigation. Teachers will be paid at the new rate (a 9.13 percent raise over the 1970-71 contract) on the Dec. 15 payroll.

During the public's second opportunity to speak, Mrs. Carton suggested that the district set up a curriculum materials center so that Hicksville residents could see the texts, materials, etc. used in our schools. Dr. Niosi said Administration has been working on such a plan and will present it at the next board meeting.

This reporter asked if the Board could have the district calendar printed a year in advance so there would be no delay in getting it to Hicksville residents. This may involve a legal problem by encumbering funds, but Dr. Niosi said some form of 1972-73 calendar would be in the hands of residents before school opens next September.

There will be only one public School Board meeting this month - Tuesday, December 21 at 8 P.M. in the Conference Room of the Administration Building on Division Avenue.

RESIDENTS AIDING the research drive against digestive diseases Ileitis and Colitis attended the first open meeting of the Queens, Nassau and Suffolk Counties Division of the New York Chapter of the National Foundation for Ileitis & Colitis.

Above, Mrs. Suzanne Rosenthal (extreme left) of Jamaica Estates, president of Women's Division of NFIC, welcomes (left to right): Nassau County Chairman Mrs. Peggy Hemgen, Hicksville; WE 5-9839 Suffolk County chairman Mrs. Ruby

Mancuso, Huntington; and Queens County chairman Gloria Brandler, Whitestone. The meeting heard a Doctors Panel, composed of physicians in the tri-county area, discuss current efforts in the fight against the diseases.

The Dutch Lane PTA is sponsoring a Holiday Boutique on Saturday, December 11th, starting at 11:00 a.m.

Mrs. Robert DePree, Chairman of the Boutique, has assembled a large and varied assortment of gifts and decorations for Chanukah and Christmas.

There are many hand made articles that will make excellent gifts for all those "hard to shop for" people on your lists, and the toys and novelties are sure to please all the children. To give your home a festive look for the

holiday season, we have many beautiful decorations and ornaments from which to choose. There will also be a bake sale, including delicious Christmas cookies. The prices are very reasonable, enabling the children to do all their shopping too.

Hero sandwiches, doughnuts, coffee and soda will also be sold. So remember the date, December 11th, at Dutch Lane School, Stewart Ave., Hicksville, where all the smart people will be doing their holiday shopping. See you there!

Mail Early For Christmas

"Don't take a chance on disappointing someone you love, send your gift parcels and cards early enough to insure their delivery before Christmas, not after," Postmaster Ralph G. Cascardo advised today.

"On the day after Christmas a post office building can be the most depressing place in the world," Cascardo added, "if it still contains a mountain of messages of love and cheer that didn't make it because they were mailed too late."

Such disappointments can be avoided if Christmas mailers will observe the following mailing schedule.

Gift parcels going to distant states should be mailed by December 1. Parcels going to local and nearby areas should be mailed not later than December 11.

The name and address of both the sender and addressee should be enclosed in each gift parcel to permit identity in case of damage or loss of the outside address label. The outside label should be placed on any one side of each parcel.

Greeting cards going to distant states should be mailed not later than December 10. Cards going to local and nearby areas should be in the mail by December 15.

Burke Names Three To Tobay Youth Board

Town Supervisor John W. Burke has announced the appointment of three Oyster Bay town residents to three-year terms on the Youth Advisory Board. The new members are Robert Manheimer, assistant superintendent of schools in Jericho; the Reverend Charles Robert Harrah, minister of the Brookville Reformed Church; and Whitney Dean Pidot, an attorney with the law firm of Shearman & Sterling.

The Advisory Youth Board, composed of 13 unsalaried members, assists the Town of Oyster Bay Youth Bureau in the research and planning of activities devoted to the welfare of youth.

Mr. Manheimer, a Massapequa resident, has served in a variety of educational positions. After teaching in New York City, he

went to Syosset where he served as assistant principal, summer school principal and assistant to the superintendent. He then was named principal of the Jericho Senior High School and now serves as the assistant superintendent of schools in Jericho.

From Your Congressman

James R. Grover, Jr.

The National Associated Businessmen Inc., a group dedicated to achieving economy in government, is circulating an interesting little booklet which rates U. S. Senators and Congressmen on the basis of fiscal responsibility. Using 12 votes cast during the last session of Congress, the NAB rates your lawmakers on the basis of 0 per cent to 100 per cent on whether they cast votes feeding inflation or leading toward economy in government.

I'm proud of my rating on this scale. It's 100 per cent. If you're interested in how some fairly prominent Congressmen are rated, I won't tattle, but my office can tell you how to get a copy of the booklet. As a holder of the NAB Watchdog of the Treasury Award, I hope to continue to merit this group's esteem.

Members of the House were graded on their votes concerning such items as additional staff for themselves, votes on various appropriations and their stands

on various federal programs. These NAB ratings, incidentally, get to the heart of the issue and circumvent a little game some lawmakers like to play. Let's say, for instance, that a real backscratcher of an appropriation bill comes along, just loaded with goodies but a little rough on the nation's finances. Many a Congressman, with some concern over the screams from tax-burdened citizens back home, will vote to table the bill, after being assured that there are enough votes against sidetracking the motion to bring it to the floor. After his courageous vote to table has been defeated, he will then vote for the bill.

That way, he can tell the folks back home that he voted for economy while assuring some of the special interests that he voted for spending. In Washington, some Congressmen can have their cake while devouring it but I'll take my 100 per cent rating on economy instead.

Burke Recommends Three For Membership On Bicentennial Commission

The names of three people, two of them teenagers, have been proposed as members of the Town of Oyster Bay American Revolution Bicentennial Commission.

Town Supervisor John W. Burke said this week that he is recommending to the Town Board that Miss Loretta Williams of Oyster Bay; Mr. Marc Roncallo of Massapequa and Mrs. John F. Budd Jr. of Locust Valley be appointed to serve on the commission.

The Bicentennial Commission was created by Burke in October 1971 to provide a framework that would enable the Town to join with the National American Revolution Bicentennial Commission and its New York State counterpart in planning events honoring the anniversary of the epic struggle for freedom.

The three proposed members will join 14 members already named to the commission which is being chaired by Dorothy Horton McGee of Locust Valley. Burke said that the selections of Miss Williams and Mr. Roncallo comports with his original recommendation to the Town Board that two members who have not yet achieved the age of

majority be appointed.

In addition, Mrs. Budd, who resides on Feeks Lane, has a knowledgeable background of the youth scene. An author, writer and lecturer, Mrs. Budd is currently an associate editor of Scholastic Magazines and former associate editor of Seventeen Magazine. She has also written several books for the youth market.

She is a member of the Oyster Bay Chapter, Daughters of the American Revolution, and is a direct descendant of Jonathan Jonckes Drowne, who served in a company of Minutemen in 1775 and fought in the Revolutionary Army.

Last year she and her husband and two children retraced the trail of the legendary King Arthur in England from his birthplace at Tintagel on the West Coast of England to his burial site in Glastonbury Abbey. This trip served as the basis for an article about King Arthur and whether or not Camelot ever really existed.

Mr. Roncallo, of 226 Toronto Avenue, is the son of Nassau County Comptroller Angelo Roncallo. He is a student at Mount Assumption High School in Plattsburgh.

REPORTS

Although winter is officially still a few weeks away, the Town's winter recreation programs are in full swing, particularly at the three Town ice rinks in Bethpage, Syosset-Woodbury and Massapequa.

Ice skating is a healthful and enjoyable activity for all ages. To add to your enjoyment of the sport, the Town conducts an ice skating school staffed by professional instructors at each of the three rinks. Instructions are offered on the beginner, intermediate and advanced levels and for all age brackets.

A youngster can start when he is just big enough to stand on skates in the Tiny Tots group (3 to 5 years of age), and later move into the more advanced lessons in the children (6 to 13 years), teenagers and adults classes. Dance instruction classes are held at the Syosset-Woodbury rink.

For the advanced skater, membership is available in the Oyster Bay Figure Skating Club upon the recommendation of head pro Patricia Walcott. The club prepares skaters for advanced free style and preliminary figures, preparation for U.S. Figure Association tests, patch and practice sessions.

For the more competitive boys, there is the TOBAY Ice Hockey league, which, this year, has more than 700 boys between the ages of 6 and 18 registered to play on one of 42 teams. The league offers interested young men the opportunity to develop into possible Olympic and college prospects.

The league is conducted under four separate programs: the ice hockey school, and instructional and development program for boys ages 6 to 10; the Tobay ice hockey league with boys in the 10 to 18 year old age bracket

assigned to teams on the basis of age and ability; a separate Oyster Bay High School League with teams from eight of the Town's high schools; and the Town's All-Star teams which compete county-wide.

All three of the Town's ice rinks have extended sessions during the Christmas holiday week. A detailed schedule of ice skating sessions is available at the park manager's office at each rink.

TOWN NOTES: You might find that perfect holiday gift for your children at the Town's Animal Shelter where a number of puppies and young dogs are available for adoption. Check with Dog Warden Henry W. Bailey at 921-5120.

A reminder: All Town offices and departments will be functioning both Christmas and New Year's Eves.

Committee Examines New Rail Operations

Following a recent successful tour of the facilities of the Metropolitan Transportation Authority and an orientation session at the NYS Department of Transportation, attended by more than 50 State Legislators, Senator John D. Caemmerer (R., East Williston) has just conducted another legislative inspection tour, this time of some new departures in train operations in the Philadelphia area.

Under the auspices of the Joint Legislative Committee on Transportation of which Senator Caemmerer is chairman, the NYS lawmakers and aides examined the fully automated Lindenwood operation of the Delaware Memorial Bridge Authority and the streamlined passenger flow concepts of the South Eastern Pennsylvania Transportation Authority.

Senator Caemmerer and his Committee were greeted by a host of Pennsylvania dignitaries including Governor Milton J. Shaap, Auditor General Robert J. Casey, James C. McComon, Chairman of SEPTA, and Vice Chairman Joseph Pyle, Jr.

"The modern rail systems they have pioneered in the Philadelphia metropolitan area represent new significance for mass transportation everywhere," Senator Caemmerer said. "Because of their lower-than-average operating costs and their efficient service,

they throw new light on how to provide truly effective movement of passengers while keeping the lid on fares."

Senator Caemmerer went on to say that his Joint Legislative Committee on Transportation will continue to study new ways of offering better service and keeping costs down by examining successful systems both in and out of New York State.

"Mass transportation is fast approaching the crisis stage just about everywhere," the Nassau lawmaker concluded, "and we in New York State are particularly anxious to benefit from the experience of others whenever we can."

Batik At Library

Colors blended and shaded in unfamiliar ways are worked into unique, imaginative designs on fabric in a display of Batik, on view at the Plainview - Old Bethpage Public Library from December 11 to December 31. While many of the paintings are contemporary in feeling, they are produced by a technique long known. Eleven hanging pieces constitute the display.

In a picture of sailboats, various shades of red, maroon and brick appear against green, blue, buff, rose and darker hues. A portrait of a lion, almost stylized in form, is worked out

mainly in shades of red and oranges against background colorings of green. In a study of blue birds, the more delicate light shades of blue appear against a rose and yellow background.

"Batik" is one of many hanging and showcase exhibits made available to public libraries in Nassau County by the Nassau Library System, the cooperative service center for all 53 public libraries. Art on Tour, which circulates "Batik" is a non-profit school and library exhibit service funded in part by the New York Council on the Arts.

The girls spend the year performing for nursing homes, retarded and handicapped children, and give much of their free time helping others. We are also a competition group, and after one year of competing, our teams own 15 trophies.

P.S. The girls are always busy doing things for other people, and this is their first attempt at trying to earn money for themselves, for their trip.

In forty-six years of basketball Hicksville has won four divisional and shared two court titles.

For more than three decades the orange and black finished second to once powerful Westbury. The Dragons won more North Shore, Nassau County and Long Island Titles than any four top basketball teams combined.

In that great era when Chet Jaworski produced Hicksville's finest teams Oyster Bay had that slight edge in personnel and found its shining hour.

The Baymen won five Nassau County Championships. Hicksville finished second in the division each time. In those days of basketball excellence, Hicksville also beat out Oyster Bay once and tied for another championship.

Ed Petro's clubs achieved a remarkable won lost percentage although early on Mineola and Garden City blocked the throneroom door.

Thus Hicksville's history has been one of an overall moderate basketball power. It has a record of respectable basketball

position.

The target of respectability has been signaled for 1971-'72 by head Coach Buddy Bryan.

Hicksville fans are knowing fans. They realize that without the super talented tall man it is impossible to reach the top rung. The Comets have had good men but not the required status or number in recent seasons.

Despite this Bryan and his assistant Mike Monfredo have welded creditable teams in light of the material at hand during the past three campaigns there is no reason to doubt that they can not do it this year.

Coming off one month and almost a hundred hours of practice the coaches have selected their team.

Tom Desmoine will be the backcourt man while Charlie Westerman, standing at six foot three inches, will be at Forward.

The starting assignment at center is reported to be in the hands of six foot, six inch Paul Parsons.

The Veteran competitor Brian Pinelli is at the other forward.

Richard Moeller is the guard. Backing up Moeller and Desmoine will be Bob Weiss. Bob Bischoff will be a swingman at guard and forward. He is carded for considerable action.

Providing needed bench strength are Pete Gaffney and Bob Goldmacher.

Showing his mood is not foreclosed on anyone who developed Coach Bryan was quick to underscore the fine shooting of Joe McHale in recent scrimmages.

Other names which have a chance to rise to prominence during the campaign are Joe Varccha, Jim Schumacher and John Kovsh.

Bryan has been pleased with the Comets in scrimmages. In the lost the orange operated against Massapequa and its 6 foot 9 inch center and just failed to hold even.

The team makes its debut this Friday at home against East Meadow a full house is expected with the Junior Varsity Contest seated for 6:30 p.m. Our selection: Hicksville 57, East Meadow 53.

Mini-Albums

Hicksville has been selected by the U.S. Postal Service to make available to the public the 1971 Commemorative Stamp Folders, marking the first time in history that such mini-albums have been distributed nationwide through post offices. Postmaster Ralph G. Cascardio said today.

"We are pleased that we can make available these attractive mini-albums throughout our area," the Postmaster said.

They will contain all commemorative stamps issued in 1971, plus two Christmas stamps issued on November 10.

The kits contain 24 commemorative stamps and a mini-album with a description of each. They are primarily designed to encourage stamp collecting by young persons and will cost \$2.50.

"The stamp folders make it possible for young adults and collectors to purchase a full year's issue of commemorative stamps at one time," Postmaster Cascardio stated. Hicksville has been selected to distribute these folders because it is a focal point for the distribution of mail to 101 cities.

"It is contemplated," the Postmaster said, "that mini-albums will be made available annually."

GLEN E. MOORE, JR. 38 Julian St., HICKSVILLE, has been elected an assistant secretary at Manufacturers Hanover Trust's Yorkville office.

Mr. Moore started with the bank in 1957 as a check clearance clerk, and was named chief clerk in 1966 and operations supervisor in 1967. He transferred to the Yorkville office in October, 1968 and was promoted to assistant manager two months later.

Plainview-Old Bethpage High School News

A group of students sponsored by Mr. Paul Ettenson of the English department has formed Albatross Theatre for the presentation of modern one-act plays, produced and directed by its students. The new troupe, headed by junior Meryl Charnow, was formed by Miss Charnow and Mr. Ettenson "to give students interested in new and provocative drama the opportunity to present the plays they choose and to direct them without the direct advice of a faculty drama coach." Albatross is not affiliated with Drama Cadets, the school's traditional drama society which customarily presents musical comedy.

The group has chosen Eugene Ionesco's tragicomedy, *The Bald Soprano* as its first presentation and will also offer Mr. Ettenson's brief "blackout." It shines.

Albatross has also been offered the chance to present radio drama on the FM station that POBHS will be operating later this year. Sharing this aspect of the new group will be Mr. Fred Alexander, of the Business Education department. Mr.

Alexander will also appear in the role of the Fireman in the Ionesco play.

The group's name came about, said Mr. Ettenson, "because Gull Theatre might get them confused with the football team." He also added that the albatross is a bird associated with both good and bad luck and is affectionately known as "the gooney bird."

Albatross will offer its play after school with no admission being charged. The group also hopes to take its productions to other schools in the district and to the Plainview Public Library.

Humanities - This year at Plainview - Old Bethpage High School an interdisciplinary approach is being taken to the Humanities Course given as an elective in the junior and senior year. Mr. Fred Widom, whose background is in Social Studies and Philosophy, is organizing and directing the course. The following faculty members will be called upon: Mr. John Keogh - Teacher of English (Greek Literature Specialty); Mr. Paul Ettenson - Teacher of English (Medieval Literature Specialty); Mr. Michael Carlos - Chairman of

Social Studies Dept. (Comparative Religion Specialty); Mr. William Stevens - Science Teacher (Philosophy of Science Specialty); Mr. Philip Greenberg - Art Teacher (Art Appreciation Specialty). A number of outside resource people have been called in, including a Priest, Rabbi, Minister, and a Psychiatrist.

The major theme of the course deals with how man has sought to express himself with relation to God, Man, and Society throughout history and how man has changed the image he has had of himself throughout history. It is hoped that through the course the student will get a better understanding of where he stands as an individual in Society.

FREE SCHOOL, by Alan Cohn - On December 2nd Mr. Dawson, Director of the Job Development Center, spoke for the Free School on the difficulties which minority group members encounter when looking for a job. The discussion proved lively and informative. He proceeded to relate his personal experiences during the "freedom" bus rides of the South (Continued on Page 13)

From Our Postmaster

Ralph Cascardo

Christmas Card Week begins today.

Ralph G. Cascardo, Hicksville Postmaster, urged everyone to mail their Christmas greetings this week.

"Hicksville's Post Office now serves about 110,000 people. If each person sends 35 Christmas cards, we'll have 3,850,000 cards to deliver. This doesn't include cards received from out of town, nor business Christmas mailings.

Clearly, the postal employees have an immense job to do, and we can't do it alone," the Postmaster said.

He asked the public to cooperate by shopping early, and using ZIP Codes.

"If people mail now during Christmas Card Week, December 10 to 15, we can prevent a last minute jam up in the mails," he said.

"Stamps"

"Stamps" to be produced and issued by a so-called "independent postal system" may not be used on mailer being deposited in the U. S. mails, the U. S. Postal Service cautioned today.

Referring to reports that "ipsa stamps" with denominations of 1 to 50 cents are to be issued by a private firm on November 30, the Postal Service noted that putting such stamps on envelopes or packages would disqualify such envelopes or packages for mailing in the U. S. mails.

This is true even if the mail should carry additional legal U.S. postage stamps, the Postal Service cautioned.

If deposited in receptacles for U. S. mail, letters carrying the so-called "stamps" are subject to return to mailers and postage due charges.

Mailers should make certain that the only stamps to be affixed to their letters and packages are the official U. S. postage stamps, if they want to insure prompt delivery.

Sunday was not a complete success as far as fires go. A smoky fire in a bedroom at 59 New South Road caused considerable damage to the one room. The alarm was received at 11:05 a.m. and 80 men, 9 pieces of

In the next issue of the HERALD we hope to have pictures and a story on the award - one of the first of its kind in Hicksville - presented to babysitter Pat Campbell by Chief Mel Voorhies.

County to Sue Cities On 'Usurpation' Of Penny Tax

Nassau County will institute legal proceedings this week against the cities of Glen Cove and Long Beach for what is described as an illegal usurpation of the additional one cent sales tax in their cities by Nassau County Executive Ralph G. Caso.

Speaking at a press conference following the Board of Supervisors meeting on Monday, County Executive Caso said the suit, to be heard in Supreme Court, Mineola, is one of declaratory judgment holding that enactments by the cities of Long Beach and Glen Cove to preempt the one cent sales tax are invalid.

Considering the loss of an

expected \$765,000 in increased sales tax revenue in the cities if the penny were to go to the local municipality, the County Executive said the local property taxes there would have to be increased to meet the lack of revenue. This would mean an increase from \$3.80 to \$4.81 in Glen Cove and from \$3.92 to \$4.83 in Long Beach.

The basis of the suit, the County Executive says, is that legalities were not met in Glen Cove, since the tax was voted in by a resolution not an ordinance, as required there, and that the action was taken after the County's similar action in the case of Long Beach.

Children's Shelter Approved
During the course of its regular agenda, which lasted 12 minutes, the Board of Supervisors voted to adopt the map acquiring two acres and building of the Community Reform Temple, Carman Avenue south of Old Country Road, for eventual construction of a new Children's Remand Home, or children's shelter.

According to the Dept. of Public Works, the Temple will initially be renovated to house part of the family court now in crowded quarters.

A new building will then be constructed on the vacant part of the property to house the Children's Remand program. Construction is expected to start in mid-1972, with ultimate accommodation expected for 75 children Plans and specifications for this building are presently being prepared for submission to the Board of Supervisors.

At the completion of the building, the family court personnel will then be moved to the present children's shelter across the street from the Temple property, the DPW says.

\$15,000,000 Stricken
Stricken from the calendar Monday was an ordinance authorizing the issuance of \$15,000,000 revenue anticipation notes of the County in anticipation of the collection of revenues due for the year. According to the County Executive Caso, the resolution for the ordinance was put into the calendar to be sure all the county employees got their checks, "in view of the proximity of Christmas. According to fiscal administrator Thomas De Vivo, the item was stricken since, after investigation, it was decided that \$15,000,000 was not needed. A smaller amount could be submitted later, he said in response to questions by press representatives.

HICKSVILLE LIBRARY NOTES

Culture is alive and well on Long Island! Witness the chamber music recital at the Hicksville Public Library on Sunday, December 5th. This marked the first public appearance of the Huntington Symphony's String Quartet ably assisted by two of our favorite performers, Naomi Drucker Clarinet and Whitney Tustin, Oboe. The Quartet - Michael Tolomeo and Patricia Rudoff violins, Alan Arnold viola, and Susan Rubner 'cello, chose the "Respetti e Stromboli" of Francesco Malipiero written in 1920. The work permitted the quartet to demonstrate a remarkable variety of color and instrumental nuance. Although the work is in one movement there are numerous short sections related to each other and bound together by recurring themes and tonal effects such as loud open string passages at the beginning of the work. It was pleasant to hear such good ensemble playing and it is difficult to imagine that this was the group's debut. The Malipiero was preceded by the Mozart Oboe Quartet Which received a furtioso by Mr. Tustin. His effortless playing, dynamic control and rhythmic freedom were obviously enhanced by the sympathetic collaboration of his colleagues and the total result was absorbing and delightful.

The final work on Sunday's program was a stunning performance of Weber's Clarinet Quintet. Mrs. Drucker demonstrated her absolute command of the instrument. This piece is a concerto accompanied by quartet. One could not ask for a more enjoyable performance, musically or technically. A thoroughly enjoyable Sunday afternoon which raises some serious Monday questions.

This is the fifth season of the Hicksville Library Concerts and it was obvious from the capacity crowd that the audience are available and will attend. The history of these events shows the amount and results of voluntary citizen involvement in a worthwhile enterprise.

It is good to see that the series is successful and that such professional events are available to the public. The variety of programs should give something for every kind of music lover and the policy of providing opportunity of students to participate in this otherwise professional series are definite plus. It is also especially gratifying to note that the Huntington Symphony has become such a dynamic force for the musical life of all of Long Island. This string quartet can join the excellent brass ensemble and woodwind quintet as part of the professional music life of Long Island. So, let us give praise to the Library and to County Executive Ralph Caso, Office of Cultural Development and the Music Performance Trust fund for their support, and a hearty welcome to a new and excellent professional group on the Long Island scene. See you at the Madrigal concert, Sunday, December 19th at 3 p.m.

Can't Fill Job Vacancies

Hundreds of jobs in the professional, technical and executive categories in Nassau and Suffolk Counties, and the metropolitan area are unfilled. This was reported today by the Long Island Professionals who said their "job bank" registration of vacancies nationally is up by more than 500 percent in five months. During the same period their registration of qualified candidates is up less than 100 percent.

Richard Sell, a physicist, and current holder of the rotating directorship of the all-volunteer group of unemployed professionals, attributed the imbalance between job vacancies and qualified candidates to a lack

of knowledge of the self-help organization and its work.

"We are getting orders in all kinds of industry, trade and service businesses," Sell said. "Our problem is attracting members at the same pace that we find job vacancies. For example, as of last August, we had about 200 jobs to fill. We had only 250 members then. Twenty-eight were re-employed. Our membership now numbers 550, only a 100 percent increase, against a 500 percent increase in registered job vacancies."

Sell said that even with some problems in matching personnel qualifications to job requirements, the volunteer group has a better than 18 percent record of placement. More

than 95 Long Island professionals have gone back to work in the last five months.

"Many unemployed professionals have never heard of us," Sell explained. We have no budget for advertising - in fact no budget at all. We charge no service fee to either our members or employers. Our only request is for four hours of work per week from each member and only while he is unemployed. Our office space and telephone service are supplied by the N. Y. State Employment Service at their Professional Placement Office at 303 Old Country Road in Hicksville. We have the jobs. We need the people."

HONORED: Fireman Anthony Ocker of the Plainview Volunteer Fire Department (r), accepts his "Fireman of the Year" award from Jack Coffey, Regional Sales Manager for The F. & M. Schaefer Brewing Co. at a recent awards banquet held at the Knights of Columbus Post Hall. Patchogue, L.I. Mr. Ocker's wife Helen proudly looks on. during the 1960's and of a black's view of the South during that period. Later he described contemporary problems in Nassau County and quoted figures such as 6.3 per cent unemployment in Nassau (total) and 12 per cent black and Spanish speaking unemployment.

He conducted an informal discussion in which students and teachers frequently questioned him on various controversial points. Two constructive criticisms were brought against his organization. One, that he should exercise caution in dealing with unskilled workers (giving them chances for educational advancement, and two, that the Job Development Center should be more receptive to the needs of women considering Nassau County does have a progressive law prohibiting discrimination on the basis of race, creed, color and sex. He appeared to be receptive to these constructive criticisms and conducted himself in a healthy and dignified manner reflecting his sincere concern for opposite viewpoints.

The discussion was rewarding in many ways to students and teachers in that a controversial topic was shown to the student by a primary source in a unique learning situation. The Free School wishes to thank Mr. Dawson for making this week's lesson possible.

Lee Cort, a Plainview - Old Bethpage High School student, was guest of honor at a luncheon where he received the Student of the Month Award which is sponsored by the Exchange Club of North Shore. This is a national service organization composed of many of the most prominent business and professional men of the communities. Lee was called upon to speak concerning his school and community activities, his academic interests, and his future career goals. He is presently President of the Plainview - Old Bethpage Key Club and a very active member in Key Club International, Captain of the Audio Visual Department squad, and a member of the National Honor Society.

Health Of American Children Not Good - Need New Programs

Parents and educators have been advised that the general physical and emotional health of young Americans is not good when compared with some other nations, and that little is being done to make the best use of medical facilities and services to improve the situation.

The warning, by doctors and health agency officials, was delivered Saturday at a seminar on school health services sponsored by the Nassau County Medical Center at East Meadow High School. Over 400 persons attended, including the president of the State PTA, Mrs. Alice Willet, and representatives of 130 Nassau-Suffolk school districts.

Dr. Avron H. Ross, associate professor of pediatrics at the State University of Stony Brook School of Medicine, said the ideal place to keep tabs on child health deficiencies is in the schools. He said too many American children including those on Long Island suffer today from obesity, dental problems, poor nutrition and anemia, hearing loss and

neglected infections. "The physical health of our children is suboptimal," Dr. Ross declared. "By standardized tests of fitness, other Western nations outstrip ours. In addition, our children are turning increasingly to the use of drugs, which indicates that their emotional health is not improving."

Dr. Ross and other speakers at the conference noted that youths' juvenile crime and disease are signs of mental health problems among the school population.

As a solution, the doctors and health agency representatives outlined a new system of health care delivery, with heavy emphasis on the schools. To be successful, however, they said it would require "new attitudes and a willingness to collaborate" on new programs by school boards, school taxpayers, educators and members of the medical profession on Long Island and elsewhere across the nation. Disaffection with society, unwillingness to perform manual labor, and the increasing rate of

William M. Gouse, Jr. Post No. 3211
By Lou Palladino

First things first, and number one on the agenda is the two new members added to our roster. Again its a bit of the old and new. We welcome Joe Machione a WW II vet and Steve Luft a young tiger of the Vietnam theatre. We are proud to have you as one of us, so if you get real active you may find that you might enjoy it, and even get some satisfaction from it. Like to introduce new members before anything else, so its not just an after thought. Incidentally, John Dugan attended our last meeting, John finally took his discharge, after serving six tours in Vietnam. Good to see you fella, and hope to see you often. We are proud of you. Hope your watch is still working.

Our service officer Mike Znach made a report which could be of interest to children of deceased or severely disabled Vets. They can get at little more help for their education. An additional \$450 dollars a year. It doesn't sound like much, but added to what they already have, it could make a great deal of difference. Contact Joe McCarthy of the Hicksville V.A. and he'll not only tell you how to go about it, but will help you are best be can.

The nominating committee came back with a slate for the new Board of Directors. They are

Frank Aug. Frank Blesi, Bob Keck, Lou Klein, Bob McGovern, Bob Obermeyer, Rocc Barrella, Jim Sotile, Clyde Stevenson, Harry Wurth and Mike Znach. This is the same group that was on the board this year. The Comm. felt they did a very good job, and would like them to try again. The Bd. has nothing to do with our proposed (Hah) new building. Just added that to let you know.

Didn't mean to mention that sore spot, but how else could you know. Uncle Frank Blesi explained, over 100 applicants applied for our hardship Scholarship. Our course, you know we have only two. A plea was made, to either raise the ante, or expand the program. Now we have a group trying to decide which would help more giving to more kids, or giving more to two kids. Which is fairer? Glad, I don't have to decide.

A correction, our party for the children of St. Mary of the Angels Home will be held at our club on December 4th headed by Al Kreiger. December 4th is the date on a Sat. afternoon. If you want to see unfortunate youngsters faces shine, stop in and have a ball.

Next meeting is December 13th see you then.

Explorers At Open House

By Gene Pietzak

On December 5th, the Hicksville Fire Department held its annual Open House at the East Marie Street Fire Station. At this Open House hundreds of people saw the departments fine equipment on display. Some of the things displayed were Rescue Operations, the Foam House, the Explorers fine display and many other exhibitions and of course Santa Claus.

The Explorers assisted at the Open House by helping to set it up and take it down. Many Explorers who were not working at their display were standing and walking around to assist the visiting people and firemen. The explorers display consisted of pictures of them working at fires, marching and learning fireman's, etc.

Earlier that morning at around

11:00 A.M. an alarm was sounded for a house fire at 59 New South Road. About 80 men and nine pieces of equipment responded under the direction of Chief Voorhies and quickly extinguished the blaze.

Bd. of Ed. To Meet

The Hicksville Board of Education has announced that there will be only one regular Board of Education public meeting this month. It will be held on Tuesday, December 21st at 8:00 P.M. in the Board room of the Administration Building. The public is invited to attend.

SOCIAL SECURITY QUESTION BOX

QUES: Since my father died, I've gotten monthly social security survivors benefits. I will turn 18 next year and will be graduating from high school. Can I continue to receive my checks if I go to college after graduation?

ANS: Yes. You may continue to receive survivors benefits until 22 as long as you are a full-time student and unmarried. You should receive a notice sometime before your 18th birthday telling you to get in touch with the social security office if you plan to continue in school.

QUES: I have been married for 14 years and have never changed my name on my social security record. My social security number is still under my maiden name. Since I have worked on and off in the last few years, will I lose credit for this work?

ANS: No, but your employer has probably been asked about the different name on his employee earnings report. To make sure you get the proper work credit, call or visit any social security office to change your name on social security records. You will be issued a social security card with the same number you have now, but with your married name on the card.

A PERFECT CHRISTMAS GIFT

If you were going to design a lawn mower, where would you put the grass catcher?

On the right side, so it bumps into whatever's sticking up on your right? On the left side, so it does the same there?

The fact is, most grass bags are afterthoughts. They stick out to one side. They simply weren't designed to be a part of the mower.

The Snapper V21 or 18 has its grass bag between the handles. You can close trim on both sides,

and vacuum your lawn of pine straw, leaves and light litter while you're mowing. We made the grass bag extra large, too. For less emptying.

In fact, all the good things about Snapper V21 or 18 are logical. The result of sound design and planning by people who make lawn equipment and only lawn equipment. Not afterthoughts.

Snapper has developed a great attachment for vacuuming grass, leaves, pine needles and light litter.

We call it the grass catcher attachment. But it takes care of a lot more than just grass clippings.

And it's mounted in the back, to offer easier handling and greater maneuverability as you vacuum clean your lawn.

- Optional grass catcher fits all 26" or 30" Comets.
- Holds six bushels.
- Unloads in seconds.
