## IRS Staff Member To Address Community Council

Mr. Julian Acers, a staff member of the Internal Revenue Service, will be the guest speaker at the January meeting of the Hicksville Community Council, according to the Council's Program Mr. Elery Bean. Mr. Acers will discuss important tax changes which affect the individual this year and will answer questions.

following his speech.

The meeting is scheduled for Thursday evening, January 6, starting at 8:30, in the downstairs room of the Hicksville Library on Jerusalem Avenue. As well as organization delegates and members, any Hicksville resident is invited to attend.

All four discharged drivers were hired back by the company after an arbitrator from the Nassau County Dept of Labor found that they

were not discharged for just cause.

The New York State Laborboard conducted the election to determine who will be the bargaining agent for the company's employees. The unofficial count was 17 votes for the company and 51 votes for the Amalgamated Transit Union-AFL-Cio. Photo by Jerry Augusta

## HAD M... Successfully Run Benefit Concert, Dec. 28

More than 500 young people grooved to four hours of great music while under the watchful eyes of 40 teenage marshalls of the H.A.D. (Help-Aid-Direction) organization, a drug prevention and youth guidance center. These youthful marshalls were constantly on the move, controlling this large teenage crowd, keeping everything "cool." These marshalls sacrificed much of their time and energies on Tuesday night, December 28, 1971, so that this rock concert featuring the fantastic Brooklyn Bridge, and held at Levittown Hall, would be so successful. This concert was held for the purpose of raising funds to keep the H.A.D. storefront at 75 Broadway, Hicksville, from closing down its various services at the end of this year.

But far more importantly, the success of this rock concert proved again to the adult community of Hicksville that the young people who are members of H.A.D. do really care about what type of image of themselves they create by their

actions. They organized and ran this concert with such concern and care that the people in-charge of the Levittown Hall were tremendously impressed and have already indicated that H.A.D. may use their facility any time in the future. They also praised highly the manner in which the H.A.D. teenage marshalls watched over the crowd and calmly prevented several potentially troublesome situations from developing.

By way of this rock concert, the H.A.D. organization was able to raise over \$400.00. This money is especially important now since H.A.D.'s contract with New York State expires on December 31, 1971, and the possibility of future financial aid from the State seems very poor. The H.A.D. organization once again must appeal to the Hicksville community and its citizens for financial help. The vital counselling services that H.A.D. offers to both youths and adults of Hicksville is very seriously threatened by the lack of funds needed to

keep the H.A.D. storefront open in 1972. The Hicksville community cannot afford to lose H.A.D. as it has been meeting the needs of the people of Hicksville for more than a year since the storefront opened back in October 1970.

It should be noted that all the local rock groups known as NIGHT BIRD and MIRRWOOD, as well as the very professional BROOKLYN BRIDGE donated their services to H.A.D. and played for free. Anyone with doubts about the professionalism or quality of music of the BROOKLYN BRIDGE had all those doubts erased completely as soon as the BRIDGE began to play. They were tremendous and well worth coming to the concert.

H.A.D. would like to sincerely thank all the members of these rock groups for donating their time and energies so that the concert would be so successful. Finally, H.A.D. would like to extend its appreciation to Mr. Richard Topey for the very fine light show he put on while these groups played.

## St. Ignatius CYO News

The first annual John Sheehan Memorial Tournament, sponsored by the St. Ignatius CYO of Hicksville, successfully opened at the St. Ignatius School Auditorium on Sunday, December 26th with a good crowd in attendance.

The purpose of the tournament is to perpetuate the memory of the late John Sheehan, one of the original founders of the St. Ignatius CYO, and to promote an ecumenical interest in basketball for all of the youth of our community.

In the first game, St. Paul the Apostle beat the St. Ignatius Pros by a score of 35-21. Kevin Divinsky scored 16 points for the winners. Tim Cusack was high man for the losers with 11 points.

Or-Lady of Mercy, with Pat Kilkenny and John Leonard each scoring nine points, defeated the St. Ignatius Bucks 25-10.

The Hicksville Police Boys Club eliminated the St. Ignatius Hawks by a score of 60 to 14. The PBC, appearing to be a well balanced team, was paced by Pat

Madigan who hit for seven field goals for a total of 14 points.

In the final game of the evening, United Methodist was defeated by the St. Ignatius Bulls 47-22. The game was much closer than the final score indicated. Eric Robles and Mark Norton had a combined total of 16 points between them, but unfortunately for Methodist, both fouled out early in the fourth period and Methodist could not contain the hot hand of Mike Segar who hit for 17 points, 15 in the last half.

On December 27, the St. Ignatius Knicks, with Joe Dilluvio leading his team with 17 points defeated the St. Ignatius 76ers 46-34. Larry Lederer had 12 points for the losers.

The second game of the evening matched the St. Ignatius Suns and the St. Ignatius Celtics. The Suns won 28-20. High scorer for the Suns was Bob Tarkowski with 12 points. Chris Lusco was high man for the Celtics with 11 points.

The St. Ignatius Warriors, led

by Tim Bradley with 11 points, defeated Redeemer Lutheran 27-21. High scorer for Lutheran was Jim Grant with 17 points.

The final game of the evening matched the St. Ignatius Bulls and the St. Ignatius Superonics, with the Bulls coming out on top 23-10. Ralph Guadagno and Tom Smith each had 6 points for the Bulls. Terry Morris scored 5 points for the losers.

The quarter finals will be held on December 28, matching St. Paul the Apostle, Jericho, against Our Lady of Mercy, Plainview. The St. Ignatius Bulls will play the Hicksville Police Boys Club in the second game. In the third game, the St. Ignatius Knicks will take on the St. Ignatius Suns, and the final game of the evening will have the St. Ignatius Warriors and the St. Ignatius Bulls competing against each other.

The four winners of these games will qualify for the semifinals, which will be held on Wed. December 29. The final

## On No-Fault Auto Insurance

Governor Rockefeller announced this week that he will make the establishment of a No-Fault automobile insurance system, designed to save car owners at least 25 per cent on required insurance, a "top priority" item of the proposals he will submit to the 1972 Legislature.

"I have urged No-Fault legislation twice in the past," the Governor said in a press conference. "I am quite willing to make changes in the earlier bills to overcome any valid objections raised. And, I am asking our State Superintendent of Insurance, Ben Schenck, to meet with appropriate consumer, business and labor groups, to work out the details."

"But the important point is to get the present discredited system off the people's backs and to give them the real protection of No-Fault insurance."

Noting that under the present "fault" system "you can only collect by proving the other party 100 per cent guilty," a concept he said was designed "for buggy accidents in England in the 1600's," the Governor declared: "The present auto insurance system costs too much. It takes too long to pay off. It delivers too

little protection. The present system overpays small claims to avoid nuisance suits, and makes it up by underpaying seriously injured people. It pays absolutely nothing to one out of every four accident victims. And \$25 out of every \$100 you pay for automobile insurance goes to lawyers arguing whose fault the accident was."

Under a "No-Fault" system, the Governor said, "people don't suffer while the courts try to figure out who caused the accident." The bill he will send to the Legislature, he added, will assure that:

— every auto accident victim will be compensated for substantially all medical expenses and lost income, promptly without having to go to court.

— auto negligence suits will be substantially eliminated, and

— every driver will save at least 25 per cent on present required insurance premiums.

"I don't believe a family should be ruined financially while waiting for an accident case to drag through the courts — maybe as long as 5 to 7 years," Governor Rockefeller declared. "I don't think our already overcrowded courts should be using up their limited resources on these questions."

## Oyster Bay Kicks Off Pilot Newspaper Recycling Collection Program

The Town of Oyster Bay will institute the second phase of its pilot newspaper recycling program on January 10 in the ten districts selected for this environmental effort, according to Supervisor John W. Burke.

Burke said that commencing Monday, January 3rd through Friday, January 7, special personnel from the Town's Sanitary Services Division will personally contact homeowners in the test areas and distribute an educational flyer to inform each resident about the new procedures and the designated day for newspaper collection in their district. Only those residents contacted by the special Town crews are to bundle and tie newspapers for curbside pickup.

The Supervisor said that the districts involved in the pilot program include portions of Bethpage, Old Bethpage, Syosset, Massapequa, West Amityville and the Hicksville-Levittown area. The informational flyer is coded for community identification and pickup day to effect proper dispatch by the Town's Sanitary Services Division.

The basic purpose of the new procedure is not only to preserve natural resources, but to prolong the lifespan of the present landfill facility by reducing the volume of refuse processed at the Town's incinerators.

Residents participating in the special area project are requested to:

1. Bundle newspapers and

place at the curb on the indicated day.

2. Stack the newspapers not to exceed twelve inches in height and tie with cord or string.

3. Place the newspaper bundles at the curb by 6:30 AM on the

designated day of collection.

The Supervisor said that James A. Gildersleeve, Superintendent of the Town's Sanitary Services Division reminded residents participating in the pilot

## On The Campus

The Nassau Community College chemistry club affiliated with the American Chemical Society has been cited by the society's Committee on Education for its outstanding program of lectures, field trips, and participation in conferences which took place during the 1970-71 academic year.

Officers of the chapter during that time were Chairman Peter Wozniak of Farmingdale, Vice-chairman Samuel Blittman and Secretary Timothy Meyer, both

of HICKSVILLE, and Treasurer Paul Hewson of East Rockaway.

More than 400 Cornell College alumni in 45 states and the District of Columbia have volunteered to serve in their geographic areas as part-time admissions representatives of the College.

Serving as Cornell alumni admissions representative in this area is Mr. Dick Meyers, 349 Pickard Ave., E-2, Hicksville.

## USE YOUR SAVINGS—AND HAVE THEM TOO

Take a lesson from the chipmunk!

He investigates outside sources of wealth before he taps his own cache.

Over the past 55 years, our bank has seen people withdraw savings, and never put them back.

That's why Long Island National recommends a simple way you can use your savings and — have it too.

We'll loan you any amount up to your savings account balance. In that way you can leave your savings undisturbed, continue to earn interest, and repay the loan in convenient installments, at a preferred low rate.

Just bring us your savings pass book, on any bank, and we'll let you tap our cash — instead of your cache.

**REPORTS**

This week's column might well be entitled "Random Thoughts in the midst of the Holiday Season." Once again we have experienced the special joy and tranquility that only the Christmas season can engender, and also that tinge of sadness to see another Christmas go by.

The start of another year is only a few days away, which brings moments of reflection on the past 12 months and on the plans and hopes for those ahead.

1971 was a year of both progress as well as problems for Oyster Bay Town. Our master plan to guide future progress and growth of the Town is well into the final phases of development. Housing for our senior citizens

has become a reality. A positive program to combat the scourge of drug abuse has been put into operation. Our Environmental Control Division has made major strides in the preservation of the rich natural heritage that we enjoy in Oyster Bay.

But the problems are there, too. Many vital Town programs are again threatened by further cuts in state aid. Disposal of the tons of solid waste collected each day continues to be a growing problem. There are others, too, and we will continue our efforts to solve them.

**TOWN NOTES:** The Teen Repertory Theatre is starting its winter tour on January 15 with a performance of the comedy "The

King's Creampuffs" at the Main Street School in Farmingdale. These extremely talented youngsters put on a professional calibre performance that is scheduled for performances in schools through the Town.

Residents can now obtain information on recreational activities after normal business hours by calling 921 - 5875. A 3-minute, pre-recorded message gives activities and events for the following day.

We're very proud of the young men and women associated with the Syosset Coffeehouse project who sponsored a Christmas party for underprivileged children in the area.

## Dear Friends . . .

IT IS INTERESTING TO NOTE that Mr. Stuart Levine, a young, ecology teacher in Plainview Junior High, is apparently a leading contender for the Republican nomination as candidate for the assembly seat which will be vacated when the Hon. Martin Ginsberg becomes a judge next year. We'd like to know more about Mr. Levine. . . it sounds as if he has a good background, though. If we don't start solving the problems of modern ecology, we certainly won't be leaving much for future generations to inhabit. Perhaps this teacher will teach all of us something. . . we'll only listen.

IN THE MEANTIME. . . best wishes for the new Judge Ginsberg, who has so ably represented his area (and all of us) in the State Assembly. You've always done a good job, and we're sure you'll continue to do just this, Marty. . . and all your friends and those whom you've represented, wish you the very best!

**SPEAKING OF HONORS.** Hicksville's own sculptor and culinary artist Benjamin Bimstein, has recently been elected to the "WHO'S WHO IN THE ARTS - 1971 - 1972". Library of Congress Edition, identification No. 69-154601. Mr. Bimstein, whom we have known for several years, is worthy of this acclaim, for his ice and plastic sculptures are superb! Also, he is an ardent Rotarian as well as being active in that branch of the Syosset Rotary Club that works with high school students, helping them to understand various aspects of many different local businesses and professions. . . in some cases this enables the students to come to a more realistic decision as to their plans for the future. . . and, it certainly helps both the students and the participating adults, to understand and help each other. Great work, Ben!

THAT'S ALL FOR 1971. . . we wish all of you the very best for 1972. We are proud of those of you who are

## From Your Congressman

James R. Grover, Jr.

Congressman James R. Grover Jr. of Babylon filed legislation this week which could result in the deportation of aliens who seek welfare payments after their arrival in the United States. The bill, which has already won the support of 27 other Congressmen from throughout the nation, is aimed at reinforcing one of the requirements for entry into the country - a guarantee that the alien will not become a public charge.

Under the legislation, the working hard in many local clubs and organizations, to make our town a better place in which to live. Keep up the good work. . . and keep sending THE HERALD your news!

seeking of welfare payments by an alien within 24 months of arrival in this country would be considered a deportable offense.

"Our country has assumed a heavy economic burden in this world," Grover said. "Never in world history has any nation poured out its wealth in an effort to aid other countries. Many have already begun to doubt the wisdom of our foreign aid program, which has weakened us economically and turned many other nations into competitors

who have the advantage of modern equipment paid for with our aid dollars. There is no reason for our immigration program to become another branch of foreign aid. My proposal would insure that we would have more than lip service in terms of guarantees by both aliens and their sponsors and I am pleased that so many of my colleagues have seen fit to support this legislation."

Sincerely,  
**SHEILA NOETH**

**SERVING:** Hospital Chairman James Sotille and President Lucy

Bless with some members serving refreshments.

**GARY KOWALSKI** - son of Mr. and Mrs. William Kowalski of 15 East Cherry St., Hicksville, age 13, a member of the Massapequa Mustangs, 13 and 14 years old Pop Warner Football League, champions of the Nassau - Suffolk - Queens and Metropolitan areas, has been invited to New Orleans to play in the Little Sugar Bowl to play teams from Dallas - Atlanta and host New Orleans.

Gary plays 1st string middle line backer and second string quarter back.

Gary attends the Trinity Lutheran School on Nicholl Street in Hicksville.

The Mustangs has scored 111 points and giving up only 30. They are going down to New Orleans with a record of 13 wins no losses. The Mustangs first game is against the Atlanta Red Devils. Winner will play the winner of Dallas and New Orleans game. Gary has played with the Mustangs for 3 years, 1 years on championship teams.

## Sponsored A Christmas Party

The Wm. M. Gouse Jr. Post no. 3211 Veterans of Foreign Wars of the U. S. and its Ladies Auxiliary sponsored a Christmas Party at Northport Hospital. Fifty patients were entertained by a Barbershop Quartet. Santa Claus arrived in time to give each patient a Christmas gift and then refreshments were served. There were eight patients celebrating Birthdays, so we also had a birthday cake and a small gift was presented to each of these men.

Standing back row on the left is Richard Sullivan and Frank Larkin. The 300 amp electric service is in the process of being installed, the contract to install the electrical panels and the wiring for the heat and air conditioning is held by

J.V. Electric, Inc., Bethpage. Mr. Irwin Botto, of Botto Mechanical, Hicksville, is donating his time to supervise the securing of the heating and air conditioning ducts, equipment, and their installation. Mr. Benjamin Silverstein and Associates, Hicksville, has donated the mechanical plans for the installation of the heat and air conditioning. The following companies have donated duct work to the Gregory Museum (1) Regan Metal Products, Inc., Deer Park; (2) Bass Sheet Metal Co., Lake Ronkonkoma; (3) Aaron Air Systems, Inc., Brentwood. After all the necessary

work on the heating, electric and air conditioning is completed. The Gregory Museum will have to raise \$25,000 to complete Phase I, which calls for completion of the Display Areas on the First Floor of the Court House. 66 cabinets will be needed to be constructed for the Display areas. The various prices of the cabinets are \$100; \$250; \$500; and \$750. Individuals or Organizations may donate money for a cabinet or cabinets. A Name Plate will be placed on donated Cabinets giving the names of the Donors, here is Your Chance to become a Part of the History of Hicksville! Contact Mr. Gregory at OV 1-5011.

Lieutenant Colonel Richard H. Dunwoody—whose wife, Marlene, is the daughter of Mr. and Mrs. Charles Dixon, Sierra Vista, Ariz.—has received three awards of the Distinguished Flying Cross (DFC) for heroism as a U.S. Air Force A-1 Skyraider pilot in Southeast Asia.

Colonel Dunwoody, brother of Mrs. Wayne Kupke, 47 Arbor Lane, HICKSVILLE, was cited for his support of aerial rescue operations over enemy-held territory on Feb 26 and March 5 and 13. Despite constant enemy anti-aircraft fire during the DFC missions, he repeatedly flew his propeller-driven Skyraider on low-level attacks over hostile weapons positions.

His actions enabled rescue helicopter crews to approach and pick up downed allied airmen.

The colonel, who now has a total of four DFCs, completed 120 combat missions in the A-1 while assigned at Nakhon Phanom Royal Thai AFB, Thailand, from July 1970 to July 1971.

Colonel Dunwoody now serves as director operations and maintenance at Air Force Communications Service headquarters, Richards-Gebaur AFB, Mo.

A 1950 graduate of Westbury High School, Long Island, he has a B.S. degree in civil engineering from the University of New Hampshire and is a member of Tau Beta Pi. He was commissioned in 1954 through the

Dear Sheila:

Words cannot express my thanks for the cooperation you extended to us during the 1971 Holiday Mailing Season.

The publicity emphasizing the need to mail early, enabled us to deliver all Holiday mail on time. In addition your news coverage on our self service unit afforded the public the opportunity to mail in the evening hours and on weekends.

Once again many thanks. Sincerely yours, Ralph G. Cascardo Postmaster

Dear Sir:

This is a "thank you" note that is a real privilege to write.

On behalf of The Salvation Army Advisory Board of Nassau County, I want to thank all of our fellow citizens who shared with others by giving to The Salvation Army Christmas Appeal.

Their generosity at a time when demands on the pocketbook are very heavy, made it a happier Christmas for many, many people in our community.

We hope and pray for a happy and prosperous New Year for all who remembered their needy

neighbors at the holiday season. God bless you.

Sincerely, Samuel Sloan, Jr. Chairman, Nassau Advisory Board

Dear Mrs. Noeth:

We wish you and all the good people in Hicksville happy holidays and many good wishes for the coming year.

I am always looking forward to your newspaper every week it keeps me in touch with the community I can no longer be part of. Still miss all of you.

Love from Tony and Mary Raffa & family

## One Man Show By Ray Wallace

A one man show of paintings and drawings by Raymond Lee Wallace, titled "Passive Resistance Preserved", is currently on view at the Black History Center, it was announced today by Recreation and Parks Commissioner Richard A. Fitch. Wallace, a Lawrence resident and graduate of Temple University and the Tyler School of Fine Arts, Philadelphia, received awards during the 1950's and 1960's as a portraitist in oil. With this new exhibition he is making his debut as a painter of events, taking his themes from national occurrences of recent years.

Also included in the exhibit is a painting titled, "Dr. Martin Luther King Jr. and Bust of Gandhi", which the artist feels is central to the philosophy of his recent work. Special focus will be given to this painting during the Center's commemorative program on Martin Luther King's birthday, January 14th. The art gallery section of the Black History Exhibit Center provides the community with a

program of changing exhibits designed to emphasize the achievements of contemporary artists of the greater Long Island region. The Wallace exhibit will continue until January 30. The Center, a facility of the Nassau County Museum, is located at 106 North Main St., Hempstead, and is open Monday through Saturday from nine to five.

## Installation Of New Officers

Human Growth Foundation, a non-profit organization, dedicated to medical research in the field of human growth, such as dwarfism, has just installed a new group of officers as follows: President, Mrs. Stewart Ain; Vice Pres.-Education, Mrs. Nathan Ackerman; Vice Pres.-Program, Mrs. David Tilkin; Vice Pres.-Membership, Mrs. Lloyd Barton; Vice Pres.-Ways & Means, Mr. Nathan Ackerman; Corres. Sec'y., Mrs. Warren Warshawer; Rec'dng. Sec'y., Mrs. Bernard Bigras; Treasurer, Mrs. Warren Warshawer; Little People of America (LPA) Co-ordinator, Mr. George Baehm. If you would like to help us GROW in membership, please contact Mrs. Stuart L. Ain, 38 Dogleg Lane, Roslyn Heights, N.Y. 11577 - HT 4-0472.

## Auxiliary Group Helps Youngsters

Human Resources Center Auxiliary, a volunteer group of 200 individuals who spend time each day helping the severely disabled youngsters at Human Resources School, in Albertson, has initiated a fund-raising drive for the benefit of the School's programs and activities. The Auxiliary, whose staff includes volunteers representing local high schools such as Herricks and St. Mary's High, as well as college students and friends and family of the School's regular volunteers, has set up a Boutique and Glass Shop within the School. The Boutique features items such as jewelry, cosmetic items, holiday handicrafts, and books. The Glass Shop features carved crystalware made by the disabled workers at Abilities Inc., one of the major units of the Center. Proceeds from the sale of

all items go towards helping the private, fully-accredited school conduct its academic and cultural programs for the 200 severely handicapped youngsters who attend its classes every day. The volunteers, whose normal activities include providing a helping hand for those children who find it difficult to push their wheelchairs and helping with the daily hygienic needs of the youngsters, are hopeful that their fund-raising efforts will allow the School to continue with its unique programs in such vital areas as adapted physical education and modified home economics. The Boutique and Glass Shop are open Mondays through Fridays, 9:00 A.M. to 5:00 P.M. and the public is cordially invited to attend. For further information, contact Mrs. Barbara Saunders at (516) 747-2700, Ext. 264.

## 4-H At Officers Training

Four members of the Hicksville 4-H Pinecones, Mid Island Boys Council, attended Officers Training at Abbey Lane School, Levittown, Friday, December 10th. Due to a mix up in accommodations, by the school, the program could not be presented as planned. Approximately 48 boys from the Mid Island Boys Council came for this special training. They were split up into three class rooms for instructions on how to conduct proper meetings and the duties of the office that each boy held. Afterwards they were brought together in the music room for the closing Candle Lighting ceremony. The 4-H boys from the Pinecones who attended were: Kevin Glynn, President; Brett Pietzak, Vice President; Joseph DiFronzo, Secretary; Eric Pietzak, Treasurer. consolation, and final championship game, will be published in next week's edition of the Mid Island Herald.

## DON'T FORGET. HIRE THE VET!

## Hicksville Public Library

A flavor of nostalgia pervades the Children's Room of the Hicksville Public Library as we bid farewell to 1971 and usher in the New Year. We want to thank the people of our community who have helped make 1971 a rewarding and joyous year for all of us in the Children's Room.

This year was a year for contests. In the Spring, we held our poetry contest and ten winners received prizes. During National Children's Book Week, we held our own Fish Bowl Contest and there were three lucky winners. Drew Blake, age 4, hit the nail on the head when he guessed there were exactly 800 titles in our fish bowl. The other two winners were Margaret Bowler and Michael Schnalzer.

"Wheels" was the theme of our Summer Reading Club, and children who read six books wheeled their way to the Suffolk Museum and Carriage House in August. A new summer activity was the production of two plays by our drama groups.

We've had special book collections for each holiday, but our collection for Christmas, Chanukah and New Year's Day is our most extensive. Hurry down if you wish to get a book describing New Year customs round the world. There's a few left for those of you who've not had the time to visit us during this holiday season. Our Christmas decorations are still up and you can see Santa in his chair by the fireplace in our central display. For our varied decor and displays throughout the year, we wish to thank our

talented staff member, Mrs. Mildred McLaughlin, who always makes our Children's Room lovely to look at.

Movies and special programs abounded throughout the year. "Georgie" and "Ghosts and Ghouls" were our special holiday films. A creative dramatics program with Shelley Pazer delighted our children as they transformed themselves into various characters: both plain and fancy.

Story Hour has been in full swing, and this year we have three sessions by popular demand. Our preschoolers celebrated the holidays on December 16 and 17 with a special Christmas-Chanukah story hour and party.

This was the year the Children's Room received additions to our audio-visual equipment. Our new record player is on display near "The Listening Post." There you can hear our newly acquired holiday records which will soon be in circulation. We also acquired a cassette player this year with a good selection of cassettes which have been extremely popular.

The Children's Room staff want to take this opportunity to extend our best wishes to all our patrons for a happy and healthy 1972. We also wish to bid adieu to our full-time staff member Miss Margarita La Rocca who is leaving us at the end of this month to continue her studies. She surely will be missed by our staff, and the many children who know her as "Miss Rita."

## From Our Postmaster

Ralph Cascardo

The U. S. Postal Service today announced graduation of the first women Postal Inspectors in the 234 year history of the Inspection Service.

Assistant Postmaster General William J. Cotter said employment of female inspectors will provide a new investigative capability for the Inspection Service and open new career opportunities for women interested in law enforcement.

Mrs. Jane W. Currie of Ft. Worth, Texas, and Miss Jane E. Gordon of Sacramento, California, joined 22 male inspectors in receiving credentials and badges at the December 17 graduation ceremony for Postal Inspectors at Postal Service Headquarters in Washington, D. C.

Both women completed karate and firearms training identical to the kind taken by their male counterparts. The intensive training course at the Postal Service Management Institute in Bethesda, Maryland, began 12 weeks ago. Since its inception in July of 1969, nearly 700 new Postal Inspectors have graduated from the training school.

Mr. Cotter emphasized that both women are full-fledged Postal Inspectors with the same responsibilities, authority and compensation as men inspectors. "We will expect them to display the same professionalism, dedication, and performance that characterizes the work of all Postal Inspectors," said Mr. Cotter.

As Postal Inspectors, Mrs. Currie and Miss Gordon will share with 1,600 members of the inspector team a long list of duties that include safeguarding the mails and postal facilities, enforcing postal laws, and generally ensuring the integrity and security of the Postal Service.

"The landmark decision to begin training women in-

spectors," Mr. Cotter said, "is based on the recognition that there are many areas in which women can operate not only as well as, but perhaps more effectively than male inspectors."

Mr. Cotter said that many of the nation's postal installations employ a significant number of women, and that is one of the reasons women inspectors can provide a valuable service.

Mr. Cotter said the graduation of Mrs. Currie and Miss Gordon emphasizes the fact that women inspectors are now a part of established policy. Eight other women are now being trained as inspectors, and other female recruits are now being sought throughout the nation.

Mrs. Currie was born in Springfield, Missouri, and is the daughter of a retired Postal Inspector. She attended high school in Fort Worth, Texas, and after graduating from Arlington Heights High School in 1966, she attended Texas Christian University on a four-year scholarship. Mrs. Currie graduated with a Bachelor's degree in 1970, after attaining a 3.3 scholastic average. Later she did graduate study in applied psychology. Before entering the Inspection Service, Mrs. Currie was a business service representative for Southwestern Bell Telephone Company and office manager for an advertising firm.

Miss Gordon became interested in law enforcement work through a relative who is a retired police officer. She graduated from El Camino High School in her native Sacramento, California, in 1966. Miss Gordon graduated with honors from Sacramento State College in 1970, with a Bachelor of Arts degree in Police Science and Public Administration. During graduate study, Miss Gordon obtained a 3.7 grade average, and will receive a Master's Degree in Police Science next January.

# Bumblebees "Sting" Again

The St. Ignace "Bumblebees" won the "B" division championship in the LONG ISLAND CATHOLIC GRAMMAR SCHOOL FOOTBALL LEAGUE by defeating Holy Family 12-0. The "Bumblebees" had a difficult schedule to end their season because of two rained out games. They had to play three games in one week and win all three. They defeated Holy Family 12-0, St. Ann's 12-0 and came back to defeat Holy Family again 12-0 in the Championship game.

The "Bumblebees" won eight games and were tied once, making them the only undefeated team in the "B" division this year. The defense, once again this year as last year, when they won the "C" division championship, led their league in allowing the least amount of points to be scored on them. The league leading "Bumblebees" allowed only 25 points followed by St. Rose with 49 points and Holy Family with 61 points to be scored on their defenses. The

power of the "Bumblebees" defense was seen in the championship game when they allowed only one first down the whole game. The defense intercepted two passes and turned both into touchdowns. The first one was intercepted by Scott Cronin on the 50 yard line and he ran it down to the 2 yard line where Billy Targowski took it in for the score. The second one was intercepted by Billy Stepkowski on the 40 yard line and he ran it all the way in for a touchdown. The defense has strong players at all positions. The line consisted of ends John Poggioli and Chuck Demarco, tackles were Martin Costello and Mike Kelly, guards consisted of Robert Simonello and Mike Valle. The line backers were Billy Stepkowski, Sean Casey and Scott Cronin. The safeties were Billy Targowski and Robert McNierney. The offensive line consisted of Robert McNierney, Martin Costello, Tim Looney, Jim Mahoney, John Bardenhagen, Sean Casey, Chuck Demarco and Mike Kelly. The

backfield consisted of Billy Targowski, Clint Bergin, Billy Stepkowski and John Poggioli. Once again a strong bench with Tim Curley, Mike Caruso, Mike Way, Steve Welti, Bill Meslin, Mike Riscica, Chum Gehm, Bill Horan and Sean O'Neill added depth to a strong team.

The Coaching Staff of Bill Casey, John Bardenhagen and Jim Mahoney worked well together and with the boys to bring another championship home to St. Ignace.

Once again this year, the fans and the Football Cheerleaders were a great inspiration to the football teams and their support was greatly appreciated. The girls showed just how good they were by taking the cheerleading championships in the "A" and "C" division competition. Our girls also took second place in the "B" and "C" division competition. CONGRATULATIONS go to all concerned for a job well done.

## Concert Postponed

The concert featuring the Huntington Training Orchestra scheduled for Sunday, January 9 at the Hicksville Public Library has been postponed. Illness of several of the participants has made this postponement necessary. The program has been rescheduled for Sunday, April 9, 1972 at 3 p.m. in the library.

## Sponsors An Indian Boy

Mr. Lester Robbins, 46 Sylvia Lane, Plainview, is sponsoring Wilbert, an 11 year old American Indian boy of the Zia Pueblo Tribe, through Save the Children Federation, international child welfare organization of Norwalk, Connecticut, it was announced today by Dallas Johnson, Director of the organization's

American Indian program. The sponsorship will help provide funds for the clothing, school supplies, personal books and spending money which will enable the child to take part in school activities. The average Indian youngster leaves school before the eighth grade, often for lack of these bare essentials.

If you were going to design a lawn mower, where would you put the grass catcher?

On the right side, so it bumps into whatever's sticking up on your right? On the left side, so it does the same there?

The fact is, most grass bags are afterthoughts. They stick out to one side. They simply weren't designed to be a part of the mower.

The Snapper V21 or 18 has its grass bag between the handles. You can close trim on both sides,

and vacuum your lawn of pine straw, leaves and light litter while you're mowing. We made the grass bag extra large, too. For less emptying.

In fact, all the good things about Snapper V21 or 18 are logical. The result of sound design and planning by people who make lawn equipment and only lawn equipment. Not afterthoughts.

Snapper has developed a great attachment for vacuuming grass, leaves, pine needles and light litter.

We call it the grass catcher attachment. But it takes care of a lot more than just grass clippings.

And it's mounted in the back, to offer easier handling and greater maneuverability as you vacuum clean your lawn.

- ♦ Optional grass catcher fits all 26" or 30" Comets.
- ♦ Holds six bushels. ♦ Unloads in seconds.
