## Over 4,600 Christmas Candles Sold

In the months of November and December the students of Trinity Lutheran School, 40 W. Nicholai Street, were involved in the selling of Christmas candles. In the beginning of November the students of Trinity took home 250 dozen (3,000) decorated candles or another way of saying it is 6250 pounds or a little over 3 tons of candles!

The totals are now in, and the students sold over 4600 candles! This brought the amount of profit for the school to over 5,000 dollars. The profit will be used in purchasing a new music curriculum for the school and also a video tape system. Both of these items will be used to further enhance the education of the children at Trinity Lutheran School.

**CANDLE SALE:** During the final days of the candle sale, Mrs. Weldon Andoef, principal of Trinity Lutheran School, looks on as Mrs. Sam Zaklan, chairman, and Mrs. Everett Bauer, far left, and Mrs. Richard Larghi, await children.

## From Our Postmaster

Ralph Cascardo

The U.S. Postal Service today announced it will put into effect on January 24, 1972, all temporary third-class mail rate increases originally scheduled for September 15 but postponed because of the wage-price freeze.

The third-class mail involved consists principally of advertising circulars.

The increase would bring most third-class rates up to the full rate levels which the Postal Service originally planned to phase-in over a five year period. The phase-in had been designed to soften the impact of the proposed full rates on third-class mailers. The phase-in must, however, be eliminated because Congress did not appropriate the full amount of subsidy to cover phasing of rates.

Adjustments of the temporary third-class rates are being made under authority of the Postal Reorganization Act.

Permanent rates for third-class as well as other classes of mail have been under consideration in proceedings before the Postal Rate Commission for several months.

These temporary rates will remain in effect for a period ending not later than 30 days after the Postal Rate Commission has given the Governors of the Postal Service its recommended decision on permanent rates. The Board of Governors may put permanent rates into effect before the 30 days expire.

These temporary rate increases will not affect bulk rate mailings by qualified non-profit organizations.

# Library Services For Handicapped

Direct library service to the handicapped and homebound in Nassau County will be initiated in January through cooperation of the Nassau Library System, public libraries in Nassau County, and interested public and private agencies in the County.

The new service will enable the handicapped or homebound patron to borrow books and other materials by mail or delivery service. A flyer to explain the new program will be distributed by individual libraries, numerous County and local agencies, churches and service organizations.

The new loan program will be made available to any person who is unable through illness or injury to avail himself of normal library services. The condition may be temporary or permanent and no age group will be accepted.

To register, individuals may apply by mail or phone to their local libraries for special homebound services. Detailed information may be obtained from the local libraries. Homebound persons living in Nassau County outside a library district may write or phone the following libraries: East Meadow, Great Neck, Hewlett-

Woodmere, Hicksville and Levittown.

A concerted County-wide effort will be made to locate handicapped or homebound people who wish to avail themselves of the service. A mail-order catalog of books - fiction and non-fiction in various categories - is scheduled for distribution in February 1972.

"It's all yours...", the new flyer available at the libraries, details free services to the blind, the homebound and the handicapped. It includes information on libraries having ground-level or ramp entrance facilities.

### Dear Friends . . .

IT IS ALWAYS PLEASANT for those who are proud of their community, to discover yet another group of constructive activists (those who try to put their ideals into action on a community level). This week, through the excellent reporting of Charley Rollins and Bob Willis (who are themselves high on our list) we bring you the story of a group of young people called the Boyhans Brigade, of whom we can all be justly proud. The details and a picture on page 8 and 9. Great work!

BEST WISHES for a successful term of office are extended to all our elected representatives. This, of course, includes "our own" Warren Doolittle whose name is always in conflict with his actions. . . and a friend of many years standing, Isabel Dodd, who started work on the important position of Clerk of the Town of Oyster Bay on Jan. 1. We also wish William O'Keefe retiring Town Clerk, a happy future, for we could never think of him as really retiring completely! We had hoped to be present at their installation, but a heavy cold kept us at home. . . oh, well, someday, they'll find a cure for the common cold. . .

IN CONCLUSION, I want to thank those of you who have encouraged me in this work of publishing your weekly newspaper. The greatest encouragement, of course, is the fact that so many thousands of you continue to be our paid subscribers, as well as the additional thousands who, through the fine efforts of our circulation manager, Judy Strong, have joined the ranks of HERALD subscribers. We also appreciate your phone calls and notes, which usually contain helpful suggestions. . . and, the fine efforts of so many local publicity chairmen in continuing to do an excellent job both for their local organizations and their community. As we continue to grow each year, we continue to add various features which we feel are helpful and informative to our subscribers. . . for example, we have a professional writer who covers the Nassau County Board of Supervisors meetings which are usually held each Monday, and our own Town of Oyster Bay Board of Supervisors meetings which are held on Tuesdays. Also, our Board of Education meetings are covered by Shirley Smith, a highly accurate and objective writer, who has been covering these important meetings for years for THE HERALD. While it is fine to attend all these meetings which affect us all so directly in so many ways, if you cannot attend, you can always rely on THE HERALD, to bring you an accurate report each week. Finally, we'd like to remind all of you that we are happy to receive your local news and Letters To The Editor. Thanks again for your support. . . we'll continue to do our very best to merit it.

Sincerely,  
SHEILA H. NOETH

### Proclamation By The Governor

January has been proclaimed as "Month Of Hope For Children" by Governor Rockefeller in recognition of the contribution being made in diverse areas of the world by the group "Americans for Children's Relief."

Its work initiated three years ago when some concerned Americans organized to aid

children starving during the Nigeria-Biafra crisis, the group reorganized and, the Governor said, under the leadership of Cliff Robertson, Haven Roosevelt, and Mrs. Candice Jordan, "is now dedicated to aiding needy children in such diverse areas as Appalachia, a California Indian community, East Harlem and Pakistan."

## Nassau County Board of Supervisors

The meeting of the Nassau County Board of Supervisors began over an hour late Monday in order to permit the supervisors to attend en masse the funeral services for 22 year old Patrolman Richard Rose, of the Nassau County Police Department, who was shot in the line of duty in Farmingdale last week.

The meeting began with a suspension of the rules in order to propose an emergency ordinance granting the civil service employees their wages for the year. A routine procedure each year, the ordinance was different this year because negotiations were still in process with the Civil Service Employees Association. Agreement was expected to be reached this week, according to county sources.

In another emergency resolution, the supervisors approved the setting of a public hearing, probably for January 17th, on an

ordinance which would allow them to waive the requirement of posting a \$5,000. bond for home improvement firms when applying for a license. According to County Attorney Joseph Jaspán, the Board felt it was imposing an undue hardship on some firms with this requirement, and that the \$50. license was strong enough to keep them towing the mark.

According to the home improvement licensing law, firms must also have supplementary licenses (\$2.) for all branch offices. Failure to comply with the licensing requirement results in a fine of \$500. or sixty days in jail.

Hicksville Sewers  
One of the early steps toward sewer installation

in Hicksville was taken at the Board of Supervisors meeting on Monday, when the board approved the location of the major interceptor sewer from Acre Lane to Old Country Road and along Charlotte Avenue, although an actual sewer system will not be in operation in Hicksville for at least five years, according to the Department of Public Works.

The interceptor sewer, with a 48-inch pipe, serves about 50,000 people, the DPW says, and is the step taken before lateral sewer pipes are installed for individual streets. The location approved Monday keeps the work off Old Country Road and will avoid much traffic snarling.

### TOB Bans Topless

The Oyster Bay Town Board, in one of its final acts for 1971, adopted a local law that will ban topless dancing in establishments operating in the Town.

Town Councilman Warren M. Doolittle, who proposed the legislation, made the motion to adopt the new law on Thursday, December 30th, when the Board conducted its final public hearing of the year. It was approved unanimously.

## Plainview-Old Bethpage High School News

The party is over but the memory lingers on among the members of the Child Development class, under the direction of Mrs. Henrietta Ferguson. Many vivid mental pictures were brought to light as the class discussed the pleasure they received hosting a pre-Christmas party for eighteen Plainview Nursery School "morning" children on December 21st in the Home Economics facilities in the high school.

When groups make an initial encounter there is almost always a moment of uncertainty as to how to proceed. Such was the momentary shyness between the children and the class when they entered the Home Economics room. The uncertainty was quickly dispelled as the children looked about the decorated room and saw they were expected and preparations had been made for them. As the class set about welcoming their guests Mrs. Bernstein, nursery school director, presented the gifts the children made for the Child

Development class: a colorful mobile of balloons intricately strung together with decorated drinking cups, and two unique trees constructed of common articles one might find around a home where there are children. These are on display in the home Economics room.

After their coats were off there was a general rush to the refreshment table. The committee in charge was pleased to see the reaction of the children to the snowman and lollipop clowns shaped from a sugared cereal, as well as the popcorn balls wrapped in red and green cellophane, the silver kisses mice with their little felt ears, and the gingerbread men. About then the door was flung open and in walked Santa with two sacks of toys on his back. What a surprise! The event was even more exciting when Santa asked one of the children questions about his family which only Santa could know. As the party got into full swing the teacher asked one guest if he was having a good time. "No," he replied, but un-

daunted, the teacher asked if he liked Santa Claus. "No." "Do you like the toy Santa gave you?" "Yuk." "How about the gingerbread man?" "Yuk." The teacher then remarked that you can't win them all. "Yuk, yuk" was the reply. As this scene was being recollected the class went into gales of laughter because nearly everyone had already dubbed this great teacher-put-down as "Yuk." Memories of the party brought forth a gush of affection for the children, some brought about discussions as to why the child being described behaved as he did, but most of all there was a glow of pleasure derived by giving to the children. The class members gave of themselves which is the greatest gift of all. Much time, effort and creativity went into planning and making the decorations, the refreshments, and the small gifts.

We will never tell who Santa really was, but Denise DeCesare seemed to enjoy the party most of all.

Kenneth Gold, an Amherst junior, has been cited for out-

standing academic achievement on the current Dean's List of Amherst College. He had also been named to the Dean's List as a sophomore. He served on the freshman council and is a member of Alpha Delta Phi fraternity. He was graduated with honors from Plainview-Old Bethpage High School.

Geoffrey Weisman also graduated with honors in the 1970 class of Plainview-Old Bethpage, where he was a varsity swimmer. He also has been cited for outstanding academic achievement on the current Dean's List of Amherst College. He was also given this honor as a freshman.

During the school year the Plainview-Old Bethpage High School Key Club has sold assorted doughnuts to the student body and the members of the faculty in order to earn money for a worthwhile cause. On December 23rd thirty students from the school Key Club went to the Suffolk State School for the mentally retarded, taking refreshments, toys and games for

the children there. To the members of the Club it was both a shocking and enjoyable experience. The actual realization of, and experience with, mental retardation constituted an extremely profitable learning experience.

Father Ballweg formerly of St. Ignatius and our own Town Councilman of Oyster Bay Warren Doolittle. Unfortunately our Town Supervisor of Oyster Bay John Burke could not attend because of a bout with Hong Kong Flu.

Father Ballweg, our first speaker, spoke of the many things that interested this great man John Sheehan, his tremendous interest in CYO, and the youth of this community. good John Sheehan had done for the CYO. How this helped the boys both spiritually and physically. How the parents were behind this program 100 per cent.

At this time we had the unveiling of the bronze plaque placed very neatly on the wall between the doors at the entrance to the auditorium of St. Ignatius School. Plaque reads as follows:

John Sheehan

1921-1989

His life dedicated

to all people

An original founder

of St. Ignatius CYO

Now followed the awarding of the Memorial patches to all the players of the teams in the tournament by Jack Killmeyer followed by the awarding of the trophies:

3rd Place awarded to

Hicksville PBC by Bob Willis  
2nd Place awarded to St. Ignatius Warriors by Warren Doolittle

1st Place awarded to St. Paul the Apostle, Jericho, by Father Harrer

A thank you for a job well done to the members of the St. Ignatius CYO committee, to the officials of all the games to the announcers, the timekeepers, managers, coaches and players also to the men and boys that kept the soda cold. A special thanks to Pete Collins a great man for allowing me to be a small part of this wonderful program, and a thank you to Bob Willis without whose help this column could not have been completed. From all of us that watched the game and participated in the games, I think we owe a thank you to Father Harrer for the use of his wonderful auditorium ...

I have saved this for the end of my column for a very special reason ...

A group of young people called "Boylan's Brigade" performed for us between games. There are 26 young people of all ages in this group. One of their selections was, There is Nothing Like A Dame, they were really terrific, received a standing ovation too.

I spoke to their leader Diana D'Antuono and found out that this group goes around to hospitals, orphanages, Old folks homes, doing their thing. Singing, dancing, doing little plays at their own expense and will continue to do so whenever and wherever they are needed. Diana told me to mention that anyone wishing to join this talented group or anyone knowing of people or organizations that could use the talents of this group please contact Father Boyhan at the St. Ignatius Rectory.

Here are the names of the 26 talented young people: Gail McCormick, Tara Roach, Aniella Matuza, Dorothy Gariboldi, Linda Gariboldi, Gina Wells, Mary Chepak, Jim Dantuono, Debbie Engel, Donna Mink, Pat Mink, Martha Pellicano, Maryann Cooney, Pat Crawford, Ken Haller, Bruce DePalma, Pat Shannon, Mike D'Antuono, Kathy Willis, Lorraine Malmquist, Toni D'Antuono, William Spettmann, Joann Sicard, Fran Crosby, Diana D'Antuono, Tom Murray.

I am happy to announce that on Jan. 22 & 23, 1972, there will be an indoor soccer tournament at the Hicksville Senior High School from 10 am to 5 pm both days. It is called:

If you were going to design a lawn mower, where would you put the grass catcher?

On the right side, so it bumps into whatever's sticking up on your right? On the left side, so it does the same there?

The fact is, most grass bags are afterthoughts. They stick out to one side. They simply weren't designed to be a part of the mower.

The Snapper V21 or 18 has its grass bag between the handles. You can close trim on both sides,

and vacuum your lawn of pine straw, leaves and light litter while you're mowing. We made the grass bag extra large, too. For less emptying.

In fact, all the good things about Snapper V21 or 18 are logical. The result of sound design and planning by people who make lawn equipment and only lawn equipment. Not afterthoughts.

Snapper has developed a great attachment for vacuuming grass, leaves, pine needles and light litter.

We call it the grass catcher attachment. But it takes care of a lot more than just grass clippings.

And it's mounted in the back, to offer easier handling and greater maneuverability as you vacuum clean your lawn.

- ♦ Optional grass catcher fits all 26" or 30" Comets.
- ♦ Holds six bushels. ♦ Unloads in seconds.
