Fire Destroys Garage

A fire of undetermined origin destroyed an attached garage on Feb. 7 at 28 Arbor Lane. (The Levitt section of Hicksville.) Two firemen were injured fighting the blaze. Fireman David Crosby sustained a back injury and Fireman Jack Hanftan suffered smoke inhalation. Both firemen were treated at Central General Hospital and released.

45 men under the direction of Hicksville Chief Voorhies and 9 pieces of apparatus responded. Firemen were hampered by a frozen hydrant, but brought the blaze under control quickly with

the water carried on their pumps. Firemen were also hampered by neighbors who interfered with firemen as they fought the fire. The 8th Pct. Police were called to the scene. The fire was reported at 9:38 PM.

All the occupants escaped unharmed and the house sustained smoke damage only. The apparatus of Co. No. 5 was involved in an accident while responding at the intersection of Elmira St. and Newbridge Rd. No injuries were reported. Firemen were back in quarters at 11:08 PM.

Questions and Some Answers At School Board Meeting

By Shirley Smith

School Board president, Thomas Muratore, announced that future Board meetings will be held at various schools in the district. Although many people have been coming to recent meetings, he hopes this will encourage more attendance. Neil McCormack said this method had been tried in previous years with little success. Harry Kershen objected to moving the meetings from school to school because of the extra costs involved. Administration was directed to look into the costs and problems which could occur with these moves.

Dr. Kershen objected to the form and substance of the latest issue of the Bulletin Board, intending, he said, no insult to Claire Levandov, the editor. He also objected to just receiving a large packet of correspondence between the present superintendent, Dr. Jerome Niosi, and Donald Abt, former superintendent and currently the district's Education Consultant. He said the letters dated back as far as October and November, but he made no mention of their content.

Mr. McCormack asked for a reactivation of the bus committee. He read the article in the Long Island Press (regarding Mr. Muratore's suggestions of using public transportation for some school transporting needs) and said as far back as 1968-69 the Board had looked into the use of public transportation for its students. He asked why the Board of Education president had taken the prerogative of submitting such an article without consulting the rest of the Board. Mr. McCormack stated he had received many calls from mothers who are upset about their first through third grade children losing one hour of class on ten consecutive Mondays, in order that the teachers may participate in a reading retraining program. Dr. John Cadden, Assistant Superintendent, answered this by saying that Administration hoped the value gained from this retraining would compensate for any loss of children's class time. (Dr. Niosi, Superintendent, was unable to attend Thursday's meeting.)

The Board approved bills for routine expenses of the district, excluding ones for the payment of trampolines. Dr. Niosi had stopped the use of trampolines last fall, but when it was found that new equipment could not be returned, he gave permission (in January) to continue their use. Dr. Kershen suggested that the district investigate the reuse and records of past accidents. The School Board suggested the trampolines not be used until further notice and when more information as to safety is known. The Board approved the use of Diners' Club Cards by the Superintendent and his two assistants. Dr. Kershen voted against this action. Mr. Muratore said the Board had given informal approval several months ago. Edward Bello questioned past use of the cards—how explicit tighter controls and more explicit

documentation of expenditures. A budget code for Auxiliary Police was set up, for \$2500—this money has been coming from the maintenance and personnel code. The Board also approved reimbursing the auxiliary police for loss of time, since these men had to take time off from their regular jobs to appear in court.

The Board approved a request for maternity leave, but shortened the return date by one year. Dr. Kershen and Mr. McCormack voted against changing the return date. Also approved were replacements for two teachers and science texts and filmstrips. The tax rate for the second half of the 1971-72 school year was set at \$6.052 (including \$.172 for library tax.) This is a savings of three cents per \$100 assessed valuation over the first half tax rate, or approximately \$1.80 per household. There was a gain of \$572,410 in the assessed valuation of Hicksville.

Dr. Fred Hill, Assistant Superintendent, stated the use of the supplemental tax roll can cost the district even though the taxpayer saves on his individual rate. The district loses interest on full payment of taxes when it only can accept half payments. He estimated the district's loss at approximately \$36,000 per year for interest. (Editor's note: The loss of \$36,000 would cancel out the 3c savings to the individual taxpayer. It should be noted that the district's loss is also the taxpayer's loss, since the district's money comes from its taxpayers.) George Pappas insisted that the taxpayers of Hicksville have saved money. Dr. Hill said he would give more exact figures in the near future.

Mr. Muratore took exception to his name and phone number appearing on a letter sent to the public by the Hicksville Classroom Teachers Association. The letter informed people that one of the foreign language teachers at the High School was teaching a subject in which she is not certified and asked that the superintendent and the School Board president be contacted and protests be made to them.

Murray Goldstein, president of HCTA, was allowed to discuss the letter. He said the HCTA had gone to Mr. Rusch, High School Principal, Dr. Niosi, Dr. Cadden, Mr. Muratore and Mrs. Vera Galante, Supervisor of Languages, requesting a meeting but there was no response. The situation in question concerns a language teacher, Dr. Altobelli (certified for Latin, Italian and French), returning from sabbatical and replacing a teacher certified in Spanish. Dr. Altobelli was to assume the teaching of Spanish I and 6 but did not want to do so because she is not certified in this language.

Mr. Muratore said he had spoken to Mr. Goldstein and wanted to have a meeting. He told Dr. Niosi to set it up. But Mr. Goldstein said he had never been called directly about this. He did have a meeting Monday with Dr. Niosi.

Dr. Cadden said that as far back as last spring an effort was made to bring student-teacher ratio into better proportion.

Mr. Goldstein stated a teacher

should not teach a specific language unless certified to do so. The Spanish I and 6 classes have now been taken over by Mrs. Galante, who is certified.

Mr. Muratore promised to call a meeting this week with Mr. Goldstein, Dr. Niosi, Dr. Cadden, Mr. Rusch, Mr. Rozran (Administrative Assistant), Mr. Goldberg (Foreign Language Department Chairman in the High School), Mrs. Galante and himself. Mr. Goldstein suggested that Mr. Gentile (the Spanish teacher replaced and sent to the Junior High) and Dr. Altobelli be present.

During the public session, a student in Spanish 6 (which now meets only twice a week) complained that all other six-year foreign language classes meet five times a week; also Mrs. Galante is often busy with supervisory responsibilities and Tuesday the students had a total of fifteen minutes class teaching time.

Mrs. Iris Wolfson wanted to know if it was true that a reduction of \$150,000 in Code 200, supposed to come from the HCTA, was never given. Mr. Goldstein stated the commitment to the Association was made in the approval of the Association members. Suggestions had been made to the Association about how to effect the reductions, but counter-suggestions from the teachers were not approved by the Board. Mrs. Wolfson wanted to know where the money comes from now.

Mrs. Mildred McCarthy was upset about the fee (\$125 per hour per man) to be paid the three instructors in the reading retraining program. Twenty-five percent of this cost will come from federal funds. The total cost to the district will be approximately \$2800.

Mrs. Mary Carion questioned Mr. Muratore's statements in the Long Island Press about the combining of public and school transportation. She does not want inter-district busing and suggested one way to save money is to cut back transportation to state minimums.

Mrs. Betty Fetta wanted to know when the High School will get report cards, due now. No one seemed to know.

Mrs. Rita Greenstein asked what Daniel Frank's connection is with the bus committee (and Mr. Muratore's comments on transportation) and if the rest of the Board knew about it. Mr. Frank (the newly-hired public relations man) said he is working for the School Board.

Lou Caporale said his son is in Spanish I and he has not had a teacher for one week. He wonders how much longer it will be before he does have one. He is concerned with his child's passing or failing. Mr. Caporale commented that Dr. Niosi has not maintained the program of instruction as promised.

The vote to continue the meeting and the public session failed when Frank Zindulka voted no. At 11:30 p.m., the Board must vote unanimously to continue the meeting.

Next School Board meeting, Tuesday, Feb. 29 at 8 p.m. in the Administration Building.

So extremely rugged it will easily shred hardwood tree prunings 1½" thick. Occasional stones accidentally introduced into the feed hopper are instantly pulverized. The balanced rotor has 24 hardened steel hammers that are free swinging and will not snap or bend under strain. Exterior sealed ball bearings, large feed hopper, ball bearing rubber wheels, 5 H.P. gasoline engine, epoxy painted steel body all add up to quality. It is difficult to find a shredding or grinding chore the PH-510 will not handle easily. Even tin and aluminum cans, newspaper and cardboard or plastic bottles can be instantly pulverized.

The fineness you process your materials is determined by the screen used in the machine. Each unit is shipped including one screen with 1" diameter holes. Other screen hole sizes available. Screens are changed by simply removing two rods. Clutch idler pulley on the gasoline engine permits easy starting.

Dear Friends:

JOBS, the National Alliance of Businessmen now have their Nassau-Suffolk Metro Office located at 131 Jericho Turnpike, in Jericho. Their telephone number is 333-9300. This fine group is concerned with finding jobs for the returned veteran. "To a Vietnam veteran who traded the front line for the unemployment line, PEACE IS HELL." their advertising message states, "Reach out, Mr. Businessman. Declare your own peaceful war on despair. Hire a Vietnam veteran. You'll get a loyal employee. And a hard worker. And if special training is needed, we can help pay for it. Reach out. . . For a phone of a pen. Right now," they conclude. We agree. And we hope that the business people who are reading this message will keep this in mind when hiring personnel.

"QUESTIONS AND ANSWERS" will be the heading for a new column which the Hicksville Public Library plan for you as a public service. Actually, the library ran such a column for many years, in THE HERALD, when Fred was alive. It will be our pleasure to carry it again. The Reference Staff of this fine library stands ready to answer any question you send in to them. Address your questions to QUESTIONS AND ANSWERS, c/o Hicksville Public Library, 169 Jerusalem Ave., Hicksville, NY 11801.

CONGRATULATIONS to Paul F. Corcoran, son of Mr. and Mrs. Robert Corcoran of Jerusalem Ave., Hicksville, upon his two-year appointment as law clerk to the Hon. Adrian Burke of the New York Court of Appeals, commencing this August. Paul is a former editor of the St. Johns Law Review, who was admitted to practice law on January 17th. He is presently employed as a law assistant in the Appellate Division, Third Dept. in Albany.

Dear Mrs. B. Rosman:

This has reference to Mrs. Barbara Rosman's statement "Call for Action" in your January 20th edition. Mrs. Rosman states the school board is out to destroy the education of our children and because two teachers are not going to be replaced in the schools. Mrs. Rosman I say to you there is a weakness in your tactics which generally results in no action at all. You devote much time to the prosecution of the school board that to the general welfare of the community. You and your peers have judged, tried and convicted the school board half the distance to the goal line. Each of your illusions constantly condemning the school board is stirring up confusion, which I believe is your ultimate goal. However, with this type of tactic the common cause imperceptibly fails.

Hatred and fanaticism, the flabby spirit of complacency that has permitted the preachers of fanatical hatred to appear respectable, and the self-righteousness that labeled all who disagree with you, call the people who elected the school board as traitors or dolls provide the way for vile deeds.

To discriminate, Mrs. Rosman cause harm not only to those being discriminated, but maybe even more so to those discriminating. The freedom to speak is a wonderful freedom, but it is not a license to run, hurt and remove dignity where dignity is essential.

The question your son David asked in the February 3rd edition of this paper, "How the people who elected the school board rank with the Hicksville High School students?", Mrs. Rosman, I only hope that no one will give dignity to that question with an answer.

Sincerely,
Mrs. Winnie Hughes

Dear Editor:

I am flattered to read that I, alone, have managed to "incite" over 200 people to attend the recent school board meetings. However, let me state that I do not "spread rumors." Conversely, I feel it a duty to check on each rumor that reaches me and to "squell" them when they turn out to be false. At the time of the school board meeting of January 11, two teachers were not being replaced at the high school. Public pressure has forced the school board to do the right thing (as it has in other districts). It would behoove all of the public to get their facts straight: Dr. Niosi stated 9 not 7, teachers were leaving the district and 7, not 5, were being replaced.

Any person interested in the subject matter of the said hearing will be given an opportunity to be heard with reference thereto at the time and place above designated.

LEGAL NOTICE

PUBLIC NOTICE

NOTICE is hereby given, pursuant to law, that a public hearing will be held by the Town Board of the Town of Oyster Bay, Nassau County, New York, on Tuesday, February 29, 1972, at 10 o'clock a.m., prevailing time, in the Hearing Room, Town Hall, Oyster Bay, for the purpose of

It is also incumbent upon the public to check into the inequities of class size as stated by Dr. Niosi. There could be many reasons for these smaller classes, for instance scheduling difficulties which are not uncommon at high school. I believe that all of us are responsible to ask questions of the board, the superintendent, and the administration and to see that the facts and figures presented to us are true and not fabricated from the truth.

For instance, many statements in the January issue of the "Bulletin Board" are twisted fabrications. Mr. Abt was not "added" to the staff - he was already here. Dr. Niosi was added to the staff and now we are paying the salaries of two superintendents. Add together the monies paid over a period of 9 years for surveys in the district - they total \$54,000. Mr. Abt's salary (according to the attorney for the school district), plus fringe benefits, totals \$47,566.35. . . FOR ONE YEAR. Multiply his salary by 9 - years' worth of surveys and you certainly have a lot of surveys!

As for "Economy in the Air" - that's exactly where it comes from. Saving money which the district has not spent is tantamount to the \$3000 I saved my husband by not buying a mink coat (at that rate, he'll be a millionaire in a week). We have not had a Math Supervisor in the district, we have never had a negotiator, not replacing an assistant principal (not even allowed for in the budget) causes 4 of our elementary assistant principals to rotate to the East Street School on a daily basis (incidentally, some members of the Board of Education were not aware of this). The children at that school have no idea just who their assistant principal is. Just what is "a regrouping of students" and how does that save us money? And "stretching out" of curriculum writing - is that just another way of making it take longer? How does the board plan to adjust in the 72-73 budget for the \$540,000 it will cost the district for the new equalization of tax rates? There has been no mention of the supplemental tax roles and whether there will be a savings there on our tax rate and whether the thousands of dollars it cost the district to apply for the supplemental tax roll will be worth its while.

I and many others, would be only too happy to treat the elected members of the school board with respect. However, in order to receive respect, one must give it first. Mr. Bennett, you, too, are a member of the general public. Do you really believe the board has

treated us with respect? I would not be happy with a board that was "top-heavy", whether politically, religious or geographical. I believe that a school board should not be politically - oriented as did the late Commissioner of Education Allen and the present Commissioner Nyquist. A more representative, well - rounded board would be to the benefit of all of us - taxpayers and students alike. I did not always accept the policies of the so - called "liberal" boards of the past and will not accept the actions and policies of this heavily conservative board, elected by a plurality, not a majority. As a citizen, I have the right to speak and write my opinions and, although I am not a "spokesman" for any group, believe that I echo the opinions and feelings of many others in Hicksville. It is difficult to "work together" when one is denied the right to speak at a public meeting, when members of the public are cut off in mind - sentence, when board members are treated rudely, and when the president of the board assumes "perogatives" which are not truly his.

My argument, my fight, is for justice, equality, and democratic behavior. I believe that is the American way. The present board does not behave democratically, and their policies and actions will destroy the education in Hicksville simply by frightening the students, the parents, and the teachers. An atmosphere of fear cannot lead to a good educational atmosphere.

Very truly yours
Barbara Rosman

Dear Mrs. Noeth:

I hope every reader passes out copies of your February 3rd article by Mr. Charles Loiacano concerning his petition to Commissioner Nyquist. It was a well reasoned analysis of an unwarranted expenditure of \$47,566.35 by our School Board. If as Mr. Loiacano points out, Superintendent Abt was replaced because of the School Board's "lack of confidence" in him, can they in good conscience have hired him at his former salary as an "expert consultant." One cannot help but draw the inescapable conclusion that Mr. Abt's value as a consultant will run out when his contract does next year. Commissioner Nyquist should use the full powers of his office to stop this duplicity.

I must take strong objection to Mr. Bennett's Letter to the Editor in that same February 3rd issue. I also attended the January 25th

Letters

(Continued from Page 4)

School Board meeting, Mr. Bennett, neither as a student nor as a Hicksville teacher, but like many others in the audience as a concerned parent.

I also heard Dr. Niosi's statement concerning the 9 teachers leaving and the replacement of 7 of them, because of the High Schools imbalanced class sizes. Yet, nowhere did I hear Dr. Niosi say that any of the nine "affected" classes had imbalanced class sizes. A skillful omission I fear, since some of the teachers who left did not teach on the High School level. I am sure that Hicksville High offers several highly advanced classes that may have low registers. Are we to suppose that Dr. Niosi wants to disband or merge those classes? For example, should an advanced chemistry teacher teach your child regents English to settle an imbalance discovered at mid-year? Students need the most knowledgeable teachers we can offer them. To give them teachers teaching "out of license" to satisfy an imbalance is false economy.

Yes Mr. Bennett, as Mrs. Rosman is quoted as saying, the School Board through the actions described above, either overtly or covertly, is effectively destroying the education of our children.

You state that only two students inquired about the teacher issue. Perhaps you forgot those of us on line who still had questions to ask that Mr. Muratore REFUSED to hear. I hope his constituents won't forget at election time when his term expires.

Your final remarks, sir, about polarization and the practices of democracy were rank. I think that this Board, and particularly it's President Mr. Muratore, has increased polarization more than any individual or group. Anyone.

who witnessed Mr. Muratore's actions at the January 25th meeting should see clearly how he stands under a false flag. Mr. Muratore refused to permit a citizen and taxpayer permission to speak at the public portion of the meeting. He did not recognize or permit Dr. Kershen and Mr. McCormack to speak in opposition to some of the evenings proceedings. Mr. Muratore and company succeeded in forcing through an unnecessary new Public Relations position for Mr. Muratore friend Mr. Frank. It is particularly exasperating in light of the fact that Mr. Frank was never interviewed by the full Board, in fact two of the Boards members had no idea who he was. How UNDEMOCRATIC Mr. Muratore to pledge allegiance to our flag and forget the tenets of our Constitution - e.g. freedom of speech. Did you forget also Mr. Bennett?

I hope that the majority electorate you spoke of start attending Board meetings. Then it won't be out of forgotten campaign promises that they make the same mistake twice. Our Board must be a balanced representation of all the people, because power in the hands of any particular political persuasion is not in the best interest of our children. Education and politics DO NOT and SHOULD NOT mix.

Sincerely,
Arlene Rudin

PATTY

One small reason
why we are planning
far into the future.

Patty has enjoyed the benefits of electricity from the day she was born in the hospital.

We forecast that when Patty is 10 years old, she and her parents and all the residents of Nassau and Suffolk counties will need DOUBLE the amount of electricity they use today! Obviously, new power plants must be built and transmission lines installed to deliver that power.

That's why at LILCO we are planning today for the future. We want to continue to provide our customers with a reliable supply of electricity, at a reasonable cost, and in line with environmental considerations.

Someday we're sure Patty will be glad we did.

After all, electricity is for people. This is the theme of National Electrical Week, February 6th thru 12th.

St. Stephen's Lenten Program Fastnacht Celebration

"We the Jury" is the theme and title of the mid-week Wednesday evening, Lenten program at the Lutheran Church of St. Stephen's in Hicksville.

The program is set amid a formal worship service. In place of the normal sermon, a jury trial will be held. Each week a different witness will be called to testify in the people, plaintiff vs. Jesus of Nazareth, defendant. The witnesses will include Peter, Mary Magdalene, Judas and Nicodemus. On the basis of their

testimony, the prosecuting attorney will endeavor to establish that the world would be better off without Christ.

Pastor Perez in speaking of the program said "Today's Christian is sometimes too far removed from the reality of what went on back then. We need to feel, in our non-feeling world, the tension, the drama, the anger that was expressed during the trial of Christ."

As is customary, coffee, tea and cake is served following the service.

A second annual pre-Lenten Fastnacht Party will be held at St. Stephen's Lutheran Church in Hicksville on Sunday, February 13 at 5:30 P.M. The program is sponsored by the Evangelism Committee of the church as a means of celebration before the Lenten season begins.

Fastnacht is an old custom usually celebrated on Shrove Tuesday, the day before Ash Wednesday.

This year a covered dish supper is planned with fast nacht donuts for dessert. A community sing will follow. The main attraction of the evening will be the appearance of the "Yankee Clippers" a well known Barber Shop Quartet.

Since last year's party was so well attended, it will be necessary to make reservations. Call Mrs. Humann at WE 1-5261 or Mrs. Brengel at WE 1-8352. There is no charge and all are welcome.

Congratulating the American Legion's County Oratory Champion (from left to right) Senator George Murphy, Councilman Salvatore Mosca of Oyster Bay;

the winner, James Drohan of East Rockaway and County Oratorical Chairman, Richard G. Hochbrechner.

Winner of A.L. Oratorical Contest

James Drohan of East Rockaway won the American Legion's County Oratorical Championship at Hicksville this past week. Delivering a stirring speech on the United States Constitution, the parochial high school orator bested the semi-final winners, Alison Dick of Hicksville High School, Bruce Cohen of John F. Kennedy Memorial High School, Bellemore and Kenneth Nichbar of Oceanside Memorial High School.

Judging the contest which was held at the Charles Wagner Post Clubhouse were: State Senator George Murphy, himself a one-

time Legion oratorical winner; Town Councilman Salvatore Mosca of Oyster Bay, John Rough, Past County Commander, American Legion and Louis Cesta, President of Hicksville Kiwanis Club, Master of Ceremonies for the contest was Past Commander Richard Hochbrechner of Hicksville's post, the County Oratorical Chairman. Oratorical champion Drohan is meeting the champions of forensic delivery from Suffolk and Queens County this week and, if he is victorious, will move on to the metropolitan and state finals for thousands of dollars in American Legion scholarships.

Beatrice Jeanson ReElected CSEA President Tobay Chapter

Mrs. Beatrice Jeanson of Hicksville won re-election as President of the Town of Oyster Bay unit of the Nassau Chapter, Civil Service Employees Association in a vibrant four-way race. Other officers elected were: William McCord, first vice-president; Daniel Lescasse, second vice-president; Charles Nemer third vice-president; Thelma Powell, fourth vice-president; Kenneth Herzlinger, fifth vice-president; Lydia

Zehertovich, corresponding secretary.

Elected to the Board of Directors were Helen Gaynor and Bert Shimmer, and Board of Directors at large, Frank Shannon and Ray Kahler.

H.H.S. Art Show Display On Exhibit At Library

The Hicksville High School Art Show on display at the Hicksville Public Library was judged on Friday afternoon by Mrs. Ann Gillette, Miss Lynn Marron, Mrs. Elizabeth Horning and Mrs. Linda Carpenter of the Independent Art Society. The prizes were donated by Chroma Paint Shop, Gertz, Klein's and Holden's Stationary.

The winning entries were: Best of Show, Jan Devlin, Crayon; First Place, Nancy Robinson, watercolor and ink; Second Place, Elyse Basses, pencil.

Third Place, Mary Brennan, watercolor, Honorable Mention went to: Patty Lynn Williams, ink; Kathy Richards, watercolor; Barbara Leorgrande, crafts; and Larry Crespo, pencil.

The show is worth seeing for the originality, ingenuity, and craftsmanship of juniors and seniors at the high school. Talent is always latent, but by the fine instruction of the Art Department of the Hicksville, all the potential is brought out in the young people.

Services Set

Services for Ash Wednesday, Feb. 16, have been announced by the United Methodist Church, Old

Country Rd., Hicksville. Personal Communion will be held from 1 p.m. to 5 p.m. Corporate Communion will be held at 8 p.m.

On The Campus

Jeffrey Newcorn, son of Mr. and Mrs. Alexander Newcorn of Jerusalem Avenue, Hicksville, has just been elected Editor-in-Chief of the Campus Times of the University of Rochester. Jeffrey is a Junior at the University and presently holds an overall 3.8 average in his scholastic work, and was a 4.0 student during his freshman year. In addition to his other activities, Jeffrey is also a member of a University Presidential Committee for four Professors and four undergraduates. The Campus Times which he will direct is published three times weekly, and is almost a completely sustaining paper, operating under a very small budget grant of the University. Jeffrey, a pre-

med candidate, is hopeful of attending medical school upon the completion of his college education, and is certainly, a credit to the Hicksville School System.

The Berklee College of Music, Boston, has accepted Thomas L. Bowman, 18, son of Mrs. Rosemarie Bowman of 36 Island St., PLAINVIEW for entrance in September, 1972. His curriculum will include courses in Arranging, Composition, Improvisation, Solo and Orchestral Performance, as well as courses in the Humanities.

Because of Thomas' musical and academic achievements, the Berklee Board of Admissions extended "early acceptance". Upon graduation from Berklee, Thomas Bowman will be qualified as a teacher, musician, arranger and composer.

Alexandra B. Stim, 4 Cynthia La., Plainview, is among 508 students of the University of Wisconsin at Madison who were honored for their outstanding work in their studies at the University's winter commencement on the Madison campus at 3:45 p.m. Tuesday, Jan. 25.

Among those students named to Beloit College in Wisconsin were from PLAINVIEW, Steven H. Cohen, son of Mr. and Mrs. Irving Cohen, 71 Jamaica. (Continued on Page 9)

Open Registration

The Hicksville Baseball Association will hold its only open registration for the National Little League, Pony League, Colt League and Connie Mack Leagues in Levittown Hall on Beech Lane and Levittown Parkway on Sunday Feb. 20, from 1 P.M. to 4 P.M. and Monday Feb. 21, from 10 A.M. to 1 P.M.

Registration fees are \$10.00 for 1st boy or \$15.00 per family. First year boys must be 8 years old no later than Aug. 1, 1972. Parents must accompany boys to sign registration form.

The Hicksville National Little League boundaries are the L.I.R. tracks on the North, the west side of Jerusalem Ave. to the East. The school district lines to the South and West.

Pony, Colt and Connie Mack League are open to boys age 13 to 18 and covers all of Hicksville.

Fork Lane School Opens Program

Fork Lane School P.T.A. in Hicksville has opened its first year of a Pre-School Program for local four-year olds who will be enrolled in a Kindergarten class at that school in September.

The program's main purpose is to "Cut, Color, and Paste" as well as to acquaint the youngsters with some of their peers, and to familiarize them with classroom equipment they will be using next year.

There are two classes in the program with almost forty children enrolled. The groups meet every Tuesday at 3:45 P.M. It is hoped that this project will become an on-going part of life at Fork Lane.

Mrs. Carol Dunston, Mrs. Dolores Fuchsman, Mrs. Ursula Nassisi, Mrs. Helen Pershinsky, Mrs. Judy Talbot and Mrs. Connie Wojcik are the mothers of the Fork Lane P.T.A. who are supervising the children.

Plainview Old Bethpage High School News

FREE SCHOOL
(By Alan Cohn)

On February 3rd the Free School presented one of its most interesting and controversial speakers. Mr. Sanders, President of the Freeport-Roosevelt NAACP. Mr. Sanders spoke to the Free School on the topic "The Killing of the Black Roosevelt Youth and Police Brutality in the Black Community".

Many important issues and questions were raised, among them, does a policeman have the right to kill a human being on suspicion of an illegal act, and why is the distinction in terms made between the killing of a policeman by a civilian ("in cold blood") and the killing of a civilian by a policeman ("justifiable homicide").

Initially, Mr. Sanders related the case as objectively as possible similar to a statement made perhaps in a court of law. As the topic developed its controversial character, many questions of opposite or different viewpoints were presented. Several interesting points mentioned were (1) the stereotype of Blacks carrying knives is unfounded, (2) the easiest way for society to deal with outspoken critics of society, as well as criminals, is to silence them, (3) an evil deed has occurred within our county, this deed a disgrace to western civilized society, (4) the government apparatus of Nassau County should take stronger steps to give a certain degree of community control to its police force, (5) once the minority group (Black) member loses his freedom of "innocent until proven guilty" the majority group member (White) also loses this constitutional right. For freedom cannot be meaningful unless enjoyed by all.

Mention was also made of the controversial federally funded "Ramsey Report" which dealt in detail with the racial disturbances in Freeport High School and of how the city government of Freeport has put pressure to relegate this report to a nice dusty shelf. As long as the "Ramsey Report" remains censored, the freedom in Nassau County (especially Freeport) is likewise censored.

Perhaps the most important point brought up is that freedom for you or me is not necessarily the same as freedom for Black people in Nassau County. For in a great many instances the Black man's freedom is less than the White man's freedom. For when the "No Knock" Law can go into

effect in Washington D.C. with a 65 percent Black population and when the police can force any person to fill out a questionnaire (field survey) then, beyond a doubt, the freedom of America's

citizens is in jeopardy.

The Free School would welcome the opportunity for any opposing spokesmen to represent their views on these extremely controversial issues.

ON TARGET!

If you were going to design a lawn mower, where would you put the grass catcher?

On the right side, so it bumps into whatever's sticking up on your right? On the left side, so it does the same there?

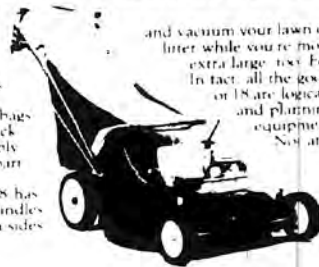

The fact is, most grass bags are afterthoughts. They stick out to one side. They simply weren't designed to be a part of the mower.

The Snapper V-21 or 18 has its grass bag between the handles. You can close trim on both sides

and vacuum your lawn of pine straw, leaves, and light litter while you're mowing. We made the grass bag extra large, too. For less emptying.

In fact, all the good things about Snapper V-21 or 18 are logical. The result of sound design and planning by people who make lawn equipment and only lawn equipment. Not afterthoughts.

SNAPPER

Snapper has developed a great attachment for vacuuming grass, leaves, pine needles and light litter.

We call it the grass catcher attachment. But it takes care of a lot more than just grass clippings.

And it's mounted in the back, to offer easier handling and greater maneuverability as you vacuum clean your lawn.

- Optional grass catcher fits all 26" or 30" Comets.
- Holds six bushels. • Unloads in seconds.
