School Board Meets At Burns Ave.

by Shirley Smith

Approximately 175 people attended Tuesday's School Board meeting at Burns Avenue School. The Board was initiating its new program of travelling from school to school for meetings. A poll of those present showed that only eight or ten people were there specifically because the meeting was held at Burns Avenue. Dr. Kershen said the Board should have voted on the method before putting it into practice. His motion to return future meetings to the Administration Building was defeated, but a subsequent action established the Administration Building as the meeting place, with every third or fourth meeting to be held at various district schools.

The Board of Education voted 5 to 2 to eliminate the position of Public Information Assistant for the district. Trustees Kershen and McCormack voted against this motion. Mrs. Claire Levandov was officially transferred to Mr. Gardiner Gregory's office (Mr. Gregory is Director of Curriculum Materials), reverting to her status as senior clerk-typist. Mrs. Levandov has been working in this new assignment for two weeks. Dr. Kershen questioned the move and particularly whether it complied with the contract which covered the position of Public Information Assistant, and whether the position was Civil Service. Mr. McCormack felt the position should have been eliminated before the change in assignment was made. School Board attorney, Harry Goebel, said that the Board controls Board appointments and Civil Service controls Civil Service appointments. He added that the Board should be advised before transfers are made.

Dr. Niosi stated that the removal of Mrs. Levandov from her public relations position would not jeopardize communication between the district and the public. The Bulletin Board and Etc. (an in-staff publication) will still be published and News releases sent to both local weekly newspapers, as well as to the dailies. Assistant principals or teachers in each school will be responsible for compiling news from their schools and sending it, weekly, to Jim Jones, Assistant Principal at the High School. Mr. Jones will compile the information for Daniel Frank, Special Consultant for Community Affairs for the School Board. Mr. Frank, who was hired Jan. 25, will be responsible for preparing the material for the newspapers and the district publications.

Dr. Niosi assured the public that our public relations department would continue to operate, even though using different methods.

The Board discussed semi-monthly payment of bills, rather than once a month. In connection with this Administration also suggested the possibility of an internal auditor who would have a daily check of bills. This, they felt, would speed up the bill-paying process, which may now take

from one to four months, and the accompanying paper work. Dr. Niosi said it is sometimes six months between the time equipment is asked for and a requisition leaves the district. Dr. Hill will study this problem and present a report to the Board at the next meeting.

The Board approved various changes in personnel and leaves of absences; also foreign language texts new to the district, Social Studies filmstrips and Title II (federally funded) library books and audio visual equipment. There was some discussion before the Board approved the appointment of a notary public for the district (Mr. Muratore abstained and trustees Pappas and Clark voted no).

The School Board approved student personnel to help with curriculum printing at Lee Avenue School on Saturdays. Herbert Cavanagh is in charge of these boys, who are hired from the High School audio visual squad because they are trained and skilled in the use of the equipment being used. The students are paid \$1.00 an hour. Dr. Kershen voted against the motion because he objected to the fact that one of the students is the son of a principal in the district. He stated, "This is nepotism."

The Board of Education tabled approval of additional library books for the district. Mr. Clark said he wanted to finish his study of them before any decision was reached about purchasing. During this discussion, Dr. Niosi announced that East Street and Willet Avenue Schools will have libraries in the near future, due to monies received from federal grants.

The custodial staff has requested a time change in the use of buildings on Saturdays. Currently, activities are scheduled from 9-12 and 1-4. The custodians would like all groups during the morning, so that they are not spending the full day at the school. Dr. Niosi brought this to the Board's attention because he felt it could become an item of grievance. The Board decided to ask the custodians to continue the double session until basketball season ends, so that no groups who have permission to use the buildings will have to cancel their activities.

Use of building facilities was granted to St. Ignace Girls Cadet Corps, the Leukemia Society and Hicksville Jewish Center.

The School Board voted to disburse retroactive pay to the teachers and other district personnel. This sum was budgeted but held back due to the wage freeze. It was suggested that as a condition for the payment, the teachers agree to work out some method of reducing the 1971-72 budget by \$150,000. The budget cut had been proposed last summer, but the method suggested by the Hicksville Classroom Teachers Association (providing substitutes, when possible, by using teachers during their free periods and volunteer curriculum work) was turned down by the School Board. Murray Goldstein,

president of HCTA, told the Board that it was too late in the year to use the substitute method for the \$150,000 cut. No decision was made about this matter.

A proposal to appoint lay consultants for contract negotiations was tabled by a 4 to 3 vote (voting for the motion: McCormack, Kershen, Zindulka, Bello, voting against: Pappas, Clark and Muratore.) Mr. McCormack objected to the fact that the Board president had appointed two consultants who were present at negotiations last week. The Board had not given approval, he said. Dr. Kershen wanted to know what criteria was used in selecting these consultants. Although the option for such appointments is in the teachers' contract, he felt it was not a good idea, saying it turns negotiating sessions into an arena. "I don't see the need for it," he said. He advised the Board against continuing the practice.

During the public portion of the meeting, Lawrence Wolfson asked the Board to explain the function of William Bruno, Chairman of the Budget Advisory Committee. Mr. Muratore said Mr. Bruno was to inspect and review prior budgets and report back to him. Mr. Bruno is in charge of appointing people to serve on his committee. Mr. Wolfson then asked if Mr. Bruno had been given Carte Blanche in his budget study, but he was given no direct answer. Mr. Muratore did state that he would like to appoint a citizens' committee to look into the 1972-73 proposed budget after the School Board sees it.

Mr. Muratore's newly created prize for "Rumor of the Week" (a yellow rubber ducky) was presented to the parent who asked if it was true that there were plans to terminate individualized instruction and the foreign language program in the elementary schools. Dr. Niosi stated there was no truth to the rumor.

The next School Board meeting is Tuesday, March 14 in the Conference Room of the Administration Building.

3 Saved, 1 Dies in Icy Sump

By Capt. O. W. Magee

Three Hicksville youngsters are recuperating after a plunge into an icy sump in nearby Levittown, but their friend could not be rescued in time. The three rescued boys were Edward Zwislner 12, his brother Carl 11, of 41 Sleepy La. and John Lanier 13, of 33 Sleepy La. The dead boy was Patrick McCormack 11, of 7 Cinder La.

Levittown Firemen, assisted by East Meadow and Hicksville Firemen and a Nassau County Police Emergency crew worked for over an hour to locate the boy, who was finally located under the ice. Charles Plass, Vic Fusco and an unidentified 8th Pct. Patrolman rescued the others.

An urgent call was put out by Levittown firemen for divers. Among the several that responded from the area was Hicksville fireman Jay Tranchina, also responding from Hicksville was Mark Cacamis of 22 Ferny St., David Schurman of 29 Somerset Ave., Allen Price 23 Ferny St., Hicksville. Chief Melvin Voorhies wishes to thank these youths for their assistance.

Fire struck Kleins Dept. store in Hicksville again on Sunday Feb. 27 at 8:25 P.M. The fire, of suspicious origin, started near the outdoor garden dept., caused slight damage, but plenty of smoke. It was quickly brought under control by Hicksville firemen.

New Eagle Scout, Alan Meltzer, was awarded the American Legion's Good Citizenship medal at a recent Scout Court of Honor in Hicksville. Sharing Alan's proud moment are Richard Evers, Americanism Chairman, Charles Wagner Post 421; Mrs. Saul Meltzer; Alan and his father, Scout Master, Saul Meltzer, of Troop 158.

Gas Station Seeks Zone Change To Modernize

Representatives of Mobil Oil Corporation were present in Town Hall, Oyster Bay, on Tuesday, to present a petition for a change of zone for a gas station which has been in existence for 17 years on Jerusalem Avenue & 11th Street, Hicksville.

The station is on a business F zoned parcel, where it has been allowed to stay, since its installation pre-dates the current regulation that gas stations must now be on Business G-zoned parcels with a special permit use for a service station.

If the station wished to remain status quo, no appearance in Town Hall would be necessary. However, Mobil wants to remove the old 6-bay building and put in a new 2-bay building with planting and modern pumps. In order to do so, it must acquire the zone change through the offices of the Town Board.

Residents Oppose

Several residents, primarily from 11th Street, opposed any change of zone for the parcel. They protested the storage of waste materials in an exposed area behind the station, the presence of cars outside, and the storage of cars with "for sale" signs prominently displayed.

They also feared that should the zone be changed and the gas station removed, any number of large commercial uses would be applicable to the parcel. Emil T. Immesberger, president of SPOT (Society to Preserve our Town) asked if the zone change might be granted conditional upon the gas

ZONE CHANGE FOES (from left) Mrs. Albert Hack, Mrs. John Edie, and Mrs. Ann Jennett were among about 40 neighbors of a 17-year-old Mobil Oil Station on Jerusalem Avenue & 11th St., Hicksville, whose representatives presented a petition for a zoning change in order to modernize. The station, in an F zone, pre-dates current regulations requiring G zoning for gas stations. The scene is at Town Hall on Tuesday, February 29.

station remaining, and retracted, should the gas station no longer be there. He felt the residents were used to a gas station on the parcel, and were not opposed to it, per se.

Petitions in opposition to the zone change were presented by Mrs. John Edie, and her position was reinforced by neighbors Mrs. Alfred Hack, Mrs. Ann Jennett, and Mrs. Florence Frank, the latter noting that children attending the Lee Avenue School and the junior high school would be endangered by modernization of the gas station, including the two additional curb cuts onto 11th st.

Mrs. Walter Hanson protested the testing of cars on 11th St., remarking that cars were constantly "zooming" on the street.

The nearby Hedges restaurant and its attendant congestion and

noise figured importantly in complaints by neighbors. Mrs. Walter Link remarked that the Hedges "started out like a hot dog stand. We don't want this," she said.

Councilman Warren Doolittle, who noted that he lived in the immediate area, asked the petitioners if they would accept a restrictive covenant to prohibit overnight parking and operation of the station after 10:00 P.M. Attorney John Coffey said the regulations presently call for extinguishment of outdoor lighting at 10:00 P.M., which, he said, "effectively closes the gas station." He said the owners, however, would like to continue working on repairs inside the station, catching up on work he could not get to during the day.

At the close of the hearing, the Town Board reserved decision.

House Fire

For the second time in two weeks fire has struck a home on Arbor La. in Hicksville. On Feb. 7, fire destroyed a garage at 28 Arbor La. On Wed. Feb. 16 at 12:53 P.M. fire destroyed a major portion of the Hass residence at 22 Arbor La. The cause of the fire is so far, unknown, but Chief Voorhies stated there is no connection between the two blazes. Neither blaze was suspicious, but both are being checked by the fire marshals office and are listed as routine. While firemen were fighting this recent blaze on Arbor La. they had to respond to another fire at about the same time.

Forty Hicksville firemen under Capt. R. Ritter Co. 2 and 8 pieces of apparatus responded. There were no injuries reported.

Chief Voorhies wishes to thank the following families for serving coffee to firemen at the Feb. 7 fire at 28 Arbor La. The Carl J. Sheinwold Family of 34 Arbor La., Loyd E. Hass Family 22 Arbor La., Howard B. Taylor Family 29 Arbor La. The officers and men of the Hicksville Fire Dept. thank these good neighbors for their efforts and consideration.

Supervisors Vote To Oppose Bridge

By Janet Gosnell

The vote was unanimous at the Board of Supervisors meeting on Monday on a resolution to oppose the construction of a bridge across Long Island sound from any point in Nassau County.

Duncan Sterling, mayor of Bayville, where the controversial Bayville Rye bridge was planned, expressed his approval of the supervisors' action, speaking for the community of Mill Neck, the Long Island Environmental Commission, and other agencies. On the other pole, Douglas Evans, of Glen Cove, saying he spoke for all the motorists of Long Island, said the bridge was needed, and asked for the supervisors to put a general referendum on the topic on the ballot at the elections this year.

Glen Cove Mayor Andrew De Paola agreed a bridge was needed, but not in Nassau County. "Suffolk wants a bridge, let Suffolk build it," he said. Today Supervisor John Burke underscored his town's opposition to the bridge on the basis that it was simply to alleviate New York City traffic.

Sic Transit Gloria
In other actions, the Board voted to acquire the barge J.J.

Kelly, which no doubt once knew better days, but is now sunk 12 feet into the sand on the county's Nassau Beach. The acquisition was the first step toward disposing of the defunct vessel, means of which were described by a representative of W. & D. Contracting, Glen Cove. The barge should be raised and floated away for disposal, the contractor's representative said, rather than cut up on the spot. The latter method, he said, would leave dangerous debris and slag on the county beach.

Further steps in providing sewers for Hicksville were taken with the acquisition of easements for sewer purposes on the west side of New South Road from Somerset Avenue to Plainview Road.

An expenditure of approximately \$8,500, was approved for the renovation of the incinerator at the A. Holly Patterson home for the aged and infirm in Uniondale. According to the Dept. of Public Works, the present incinerator does not operate in compliance with recently enacted air pollution standards. After its renovation its emissions will comply

School Board Head Says:

"We Can't Wait For Fleischmann-Phase II"

Noting that while many aspects of the Fleischmann Committee Report have much merit, John J. Foley, President of the Nassau-Suffolk School Boards Association, pointed out that, realistically, legislative implementation of Phase II, of the recommendations of the report is one to three or more years away. "The crisis in school property tax rates and budgets is here now and must be dealt with now."

Predicting a record number of school budget defeats this spring if remedial action is not taken by the Legislature immediately, Foley asked the Executive Committee of the Nassau-Suffolk School Boards Association at its meeting on February 17 in Farmingdale, to petition the Legislature for special interim financial assistance pending enactment of some of the recommendations of the Fleischmann Commission. The Executive Committee enthusiastically endorsed his proposal. "We seek," Foley said, "across-the-board high tax aid which will permit school districts to meet their obligations to their students and their staffs without taxing their residents right out of their homes. I am not recommending this additional aid be adopted on a continuing basis. I am suggesting that it be used to

'bail out' those districts presently approaching bankruptcy for the one or two years until the Legislature revises the state's total school financing program."

Foley noted that the Fleischmann Commission on the Quality, Cost and Financing of Elementary and Secondary Education addressed itself first to the problem of public school financing. "We are pleased to see that they recognize the urgency of our need," Foley said, "however, with all the good will and good intentions from the Commission, the Governor and the Legislators, we still cannot realistically expect meaningful basic changes in the Education Law which will affect our situation before 1973 or later. In the meantime, local property taxes continue to rise and the state's real share of the cost of running our schools continues to decline."

The gap between an unrealistically low operating cost ceiling, toward which the state pays its share, and the real life operating cost which must be borne by local taxpayers, has risen from \$90 in 1962-63 to \$351 in 1971-72.

Our current per pupil average operating cost for Nassau and

Suffolk is estimated at \$1400. The state has chosen to ignore this reality and has created a formula which arbitrarily puts the operating aid at \$860 per pupil. That is the figure against which the state will pay its sliding percentage of aid," Foley continued.

Foley concluded repeating his oft stated warning that "we cannot stockpile children; we must educate them as they are brought to us. Meeting the cost of this education can be delayed no further without irreparable harm, both to students and to our system of public education."

Gregory Museum Trustees To Meet

The Board of Trustees of The Gregory Museum will meet on Friday, March 3, 1972, at 8:00 p.m. in the Conference Room at the Hicksville Administration Building, Division Avenue, Hicksville. A MONTHLY FOLK ROCK
SERVICE has been instituted by
the youth of St. Stephen's
Lutheran Church in Hicksville.
This month the service was held
on Sunday evening February
27th. The choir, pictured above, is
directed by Mr. Richard Gagglin
who is organist at St. Stephen's.
It is planned through these
services, to bring new in-
novations in Folk Worship.

St. Ignatius CYO News

(Continued from Page 13)

St. Ignatius and teams from the
New York boroughs and New
Jersey, Clarkstown beat the
St. Ignatius Apollos on opening
day Feb. 5th by a close 2-1 score.
St. Ignatius bounced back to earn
a place in the semi-finals by
beating both Brooklyn and Mt.
Loretto's A Teams. In the
B division our Generals
beat Glen Cove and Copa for a
chance at the championship.
Sunday Apollos meeting with
Clarkstown reversed the
previous score giving us a 2-1
victour over Clarkstown.
Clarkstown and our Generals
shot down Columbiana for a 3-1
victory. Duke Daley, Kevin
Boravagh, Richard Fremzen
and Tom Demien's pass to Phil
Gramaglia held a one to one tie at
half time. One minute to games
end Gottschee Scored for a 2-1
victory eliminating the Apollos
from further competition. The
Generals meeting with Mount
Loretto ended in a 1-1 tie after
furious play. Although the A and
B teams from St. Ignatius
finished 3rd and 4th respectively
both coaches were well pleased
with the boys and are an-
ticipating great things for next
year.

D.E.C.A. Student Wins First Place

On February 1 the Distributive
Education Clubs of Nassau held
their area elimination contest.
John F. Kennedy High School D.
E. C. A. chapter was one of over
30 high schools from Nassau
County.
Kennedy had two Nassau
County finalists in the Super-

market Cashiering contest:
Cindy Miller and Carol Kralstein.
Miss Kralstein was also the first
place winner in the same contest
and will represent John F.
Kennedy High School at the state
contest. The state will hold its
contest on March 27-29 at the
Concord Hotel.

Foreign Language Festival

On Friday night, February 25, students from the various foreign language clubs of Hicksville Junior High School gave an excellent performance for parents, friends and fellow students. For months they have been working on plays, dancing and scenery.

With Frank Crosio at the piano, a chorus of students

set the mood for the entire evening with a medley of songs in all the foreign languages to be represented throughout the evening: French, German, Italian and Spanish.

Some French, Spanish and Italian classes performed short plays in the foreign language (with interpretations by the narrator). The German

Club had an outdoor garden scene with gay music and waltzing, while Gerard Pruziner played the guitar. There was also a modified colorful version of the Can-Can performed by fourteen 8th and 9th grade girls, led by Heidi Manthey and Siobhan McMurray.

Working in lighting and behind the scenes was a cheerful crew led by Debbie Rudoff, Mark Kreditor and Gary Tietjen. All in all, the students proved that there's much more to a language than conjugating verbs.

At the Festival: Pictured with Mr. Clonen, the director are Alice Hauser, Pat Caesar, Marion Breiten, Mona Dastin, Margaret Bergin, Heidi Manthey, Sue Stahley, Selma Turk, Lisa Padrock, Dorothy Green, Siobhan Mc Murray, Lisa Doig, Debbie Gauler and Margaret Van Allen.

Special Concert Program To Honor Beethoven

On Tuesday evening, March 7th, the chorus and orchestra of Plainview High School will present a special concert program in honor of the 202nd anniversary of the greatest composer of all time, Ludwig van Beethoven, who was born on March 17, 1770.

The major work on this concert will be A BEETHOVEN CEREMONIAL. This extended composition for narrator, chorus and orchestra was conceived and arranged from the music of Beethoven by Melvin Berger, a member of the music staff of the Plainview Public Schools.

The program will begin with a performance of the first movement of "Franz Joseph

Haydn's Symphony No. 104", the well-known "London Symphony", played by the Plainview High School Orchestra. The remainder of the program will be devoted to A BEETHOVEN CEREMONIAL featuring Richard H. Hague, District Director of Music Education as narrator, the Plainview High School Chorus under the direction of George Hutchison, and the Plainview High School Orchestra conducted by Melvin Berger. The performance on Tuesday evening, March 7th at 8:15 p.m. will be in the auditorium of Plainview-Old Bethpage High School. Admission is free and everyone is invited to attend.

New Teen Center At St. Stephen's

Debbie Rawehl pictured in left photo is one of the young people who bring along a guitar to Teen Center. Our candlemaking workshop, right photo, drew

many interested teens, who produced a great variety of creative candles. (photo by Sue Amundsen)

One of the many good things about St. Stephen's Lutheran Church in Hicksville is the fact that it does not neglect its youth. Every Sunday afternoon from 2-5:30 P.M., the young people of the church and their guests meet in the Social Hall for what we call Teen Center. Provided for us are all the usual teen-center type facilities: These include ping-pong tables, knock hockey, skittle bowl, pool, shuffle board, chess, and horse shoes. There's also a stereo for which we can bring our own records.

The atmosphere is very informal, and just about anything is likely to occur. Quite often someone brings a guitar and everyone joins in for a sing-along.

In addition to the many spontaneous things that take place at Teen Center, we have several planned activities. For example, at Christmas time some of us used the kitchen facilities at St. Stephen's to make

cookies for servicemen. We also had a series of creative workshops on candle making given by Mrs. Joan Amundsen. This was one of the most popular activities we've had, and we were able to keep whatever we produced.

Other activities have stemmed from Teen Center. Every church has its participants and its spectators. As a rule, those who go to Teen Center usually take part in the Folk Services held once a month. These special services are put on almost entirely by our young people under the direction of our church organist, Mr. Richard Gaggin, and our "choir mother", Mrs. Gladys Jurgens.

I have not yet mentioned the most important roll of Teen Center. It is the creating of a Christian-like spirit, and a feeling of unity throughout the youth of St. Stephen's.

Do you really want your brother-in-law to know how much you earned last year?

Of course not. It's nobody's business but your own.

However, annually millions of taxpayers bear this kind of personal information to people who really shouldn't know. For what? Just so they can save a few dollars doing their income tax.

That's some price to pay.

You see, for only a few dollars more than it costs to do it with any amateur who might not know that work clothes in some instances are deductible, or that income averaging might save tax dollars, you can have your tax return done by a specially trained member of the H & R Block team with complete confidentiality. There are thousands of them in over 6,000 conveniently located offices. H & R Block's fees start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

This means that H & R Block is ready to offer you year 'round tax service for just one low fee a year, with no extra charge for audits and estimates. Yes, we cost a little bit more than your relatives or friends or neighbors but when you think of what we deliver, you can't afford anything less than H & R Block.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

H&R Block.
The income tax people.

Susan Amundsen, age 14, of 12 Garden Boulevard, Hicksville, New York, has just become a contributor to a national magazine. Her composition, "Up In Grandma's Attic" was chosen to appear in the 12th issue of KIDS Magazine, which will be on the newsstands in your area on March 4th.

Susan, who attends Hicksville Junior High in Hicksville, New York likes roller skating, swimming and softball. Her hobbies include taking pictures, painting and making new friends.

LEGAL NOTICE

PUBLIC NOTICE

NOTICE is hereby given, pursuant to law, that a public hearing will be held by the Town Board of the Town of Oyster Bay, Nassau County, New York, on Tuesday, March 21, 1972, at 10 o'clock a.m., prevailing time, in the Hearing Room, Town Hall, Oyster Bay, for the purpose of considering an application for a special use permit pursuant to the Building Zone Ordinance of the Town of Oyster Bay as follows:

PROPOSED SPECIAL PERMIT: Petition of JEROME KAUFMAN, for special permission to continue the practice of dentistry by petitioner, JEROME KAUFMAN, from the premises described below whether petitioners reside there

or not:
ALL that certain plot, piece or parcel of land situate at Plainview, Town of Oyster Bay, County of Nassau, State of New York, which is bounded and described as follows:
Said premises being a rectangular shaped and improved parcel of land located on the northwest corner of Old Country Road and Rex Place having a frontage on Old Country Road of approximately 100 feet, a frontage on Rex Place of approximately 85 feet, with an approximate 100 foot rear yard parallel with Old Country Road and an approximate 85 foot side yard parallel with Rex Place.

The above mentioned petition

Honored

Dr. Jerome J. Niosi, Superintendent of the Hicksville Public Schools, was honored by the Cellini Lodge of the Sons of Italy for extended contributions to the field of education. A crowd of 300 braved the worst weather of the year on Saturday, February 19, to see Mr. Joseph Sciamme of New Hyde Park make the presentation.

Dr. Niosi came to Hicksville from New Hyde Park where, as principal of New Hyde Park Memorial Junior-Senior High

School, scholarship earned annually averaged something in excess of \$200,000; where the dropout rate dropped to 1.6; where the administrators and staff utilization reached 150 percent of capacity, in a school system where vandalism was virtually eliminated. "For these reasons," said Mr. Sciamme, "the committee felt Dr. Niosi epitomized those qualities we look for as recipients for our annual presentation."

Family Fun Day

The Parkway Joyce Road PTA will present at the Joyce Road School Family Fun Day on March 4 and 11 from 1 PM to 3 PM.

Come as a family and try your hand at Ceramics, sewing,

woodcraft, needlepoint, paperflowers and candle making - Together.

Registration will take place at Parkway School February 28-29 at lunch hour.

Hicksville Parking Structure Largest On L.I.

The largest municipal parking structure on Long Island has been built in Hicksville to primarily accommodate commuters using the Long Island Rail Road. The three-tiered structure, completed at less than estimated cost, was designed to be readily expandable.

The 1,200 stall modern structure is scheduled for February dedication after a record, short period of construction. It represents unusual engineering concepts, and makes wide use of specialized construction materials and techniques.

Before construction started in May 1971, detail study of the Hicksville area by the consulting engineers indicated (1) an immediate need for 800 more commuter parking spaces, (2) an acute shortage of land in the vicinity of the Station, (3) sharply rising land costs, and (4) the economy inherent in multi-level construction over Town land as opposed to purchase of land for parking fields.

The Town of Oyster Bay and their Consulting Engineers, Sidney B. Bowne & Sons, had as their objective a structure which could be constructed in a minimum period at a low initial cost with minimal maintenance characteristics:

1. 3-1/2 level structure, 230' x 540' in plan, yielding 10 acres of parking and 1,280 stalls with provisions for three additional levels in the future.
2. 57' clear span construction using prestressed single tees and one piece precast columns.
3. 60' parking with 8'-7" wide stalls and one-way traffic.
4. Four independent 5 percent, internal parked ramps, two up and two down.
5. Three entrance-exits.
6. Parking meters as a concession to the rapid loading and unloading required of a commuter facility.
7. Detailing included the following:

a) A N.Y.S. Building Code variance to permit a 6 inch high monolithic curb 2'-3" from the perimeter wall in lieu of Code required 8-inch bumper block 4'-0" from the perimeter barrier.

b) Slabs and curbs of 5,000 psi concrete to increase resistance to salts and frost action.

c) Continuous footings, including sloped footings for ramp columns, for construction speed and economy.

d) Decks sloped in two directions for drainage purposes.

e) Elimination of stub columns at girders by use of one-piece 24 inch square haunched columns.

f) Reinforced glazed masonry perimeter barrier to provide easy maintenance, resistance to horizontal loads, and a light-stop.

g) Complete detailing of precast members to eliminate field cutting for utilities, etc.

The bidding phase proved to be satisfyingly competitive with seven general contractors bidding in combination with four different precast subcontractors. Shop drawings were started prior to official award of the contract.

Construction was started on May 4, 1971, and footings were still being poured on June 16th when precast erection was started. Twenty-four tees were shipped one to a truck, and 18 to 20 members were erected the same day they arrived on the site. The scheduling during this period was critical as on-site precast delivery routes had to be coordinated with footing construction, underground utility trenches and pouring of slabs on grade. This latter item was required to provide worker parking and working space on a very crowded site in a congested commercial area. The Consultant's Resident Engineer, Frank Capobianco, and all contractors exhibited maximum ductility in working around each other. The prize was completion

of concrete and masonry work prior to winter weather, and scheduling of this phase was the key. Precast erection was immediately followed up with cast-in-place concrete so that by the time the precast work was completed on August 20th, a considerable portion of the composite slabs had been poured.

The construction was completed in February, 1972, approximately nine months after ground-breaking. Unused contingency items reduced the final

construction cost to \$3,900,000.00, one percent less than the awarded total for the four prime contracts.

Project planning and implementation resulted from the close collaboration of Town officials, particularly Supervisor John W. Burke, Commissioner of Public Works Gerard P. Trotta, and Alexandre Mercil, project engineer for the Consulting Engineer, Sidney B. Bowne & Son. The contractors cooperating in the rapid completion of this

project were:
General: Falco, General Contracting Corp. and J & L Concrete Const. Corp., a joint venture, Mount Vernon, N.Y.
Precast Subcontractor: Blakeslee Prestressed Concrete, New Haven, Conn.
Electrical: Aldoro Electric Corp., Westbury, N.Y.
Plumbing: C.F. Mentzinger's Son Inc., Plainview, N.Y.
HVAC: Energy Contractors Inc., Huntington, N.Y.

Mr. Toastmaster, Guests of Honor, Rev. Clergy, Rev. Sisters, Members of the PTA, Ladies and Gentlemen: "It is indeed a distinct pleasure to be here and I wish to thank you, one and all, for bestowing this honor on me. I can't tell you how much I appreciate this, when I know that there are so many others in the educational field, whom, I am sure, are probably more deserving than I.

"For the past 12 years I have only tried to do my very best to serve the education interests of all the children and the residents of Hicksville. I could not have done anything without the backing of you good people.

"I have always recognized the great value that the P.T.A. has been in our educational system. The many meetings, the many functions which have produced monies for scholarships, aid given to our administrators in the various schools and to our

classroom teachers, all in the interest of education.

Again, I cannot say, nor give enough praise to your past performances, and can only urge you to continue with your fervor in the years to come.

"We must remember the many innovations in education that our district has pioneered, which is recognized locally, statewide, nationally and internationally:

(1) Credit must be given to our administrators for their foresight in these matters.

(2) I wish to give special credit to our teachers, who, under present conditions, not only here, but throughout the country, are experiencing trying times. They have dedicated themselves in the past and I am sure they are willing to continue in the best interests of educating our children.

(3) Credit must be given to the parents for accepting and helping to

further our educational goals with their financial help in the passing of our budgets.

(4) I'd like to give credit to our children in the elementary grades and our fine young ladies and gentlemen in our secondary schools for the way in which they have accepted their place in the community and have displayed and excelled in the various disciplines of education.

"I believe that we have one of the better systems and we all should try to keep this the best system and even make it better, and it only can be accomplished by your continued support.

"Finally, I have to give credit to my wife and my children, who are also here, for their sacrifices in allowing me to give up so much time in the interest of all of the children and the people of Hicksville.

"Once again, my sincere thanks.

A TRIBUTE TO A DEDICATED HICKSVILLIAN: At the 19th Annual Founders Day Dinner of the Hicksville Council of PTAs approximately 500 people honored the Council Guest of Honor, Mr. Cornelius McCormack, who has served honorably on the Board of Education of School District 17 for twelve years. The individual Parent Teacher Associations, as is their custom, also honored some members who have served most diligently during the past year, as follows: Burns Avenue School, Mr. Peter Hajzak, Dutch Lane School, Messrs. Robert Whearty and Thomas Hancock; East Street School, Mesdames Marge Royle and Barbara Schirman; Fork Lane School, Mrs. Suzi Gould; Lee Avenue School, Mr. and Mrs. Thaddeus Wudkys; Old Country Road School, Mesdames Lynn Foley and Dorothy Herrel; Woodland Avenue School, Mrs. Betty Scialdone and Mr. Norman J. PLAINVIEW-OLD BETHPAGE SPORTS

By Steve Sadetsky

The Plainview-Gulls basketball team closed out the 1971-72 season on a high note. Plainview came on strong at the tail end of the season winning 3 of their final five games. On February 8th, the Gulls took on Mineola. The Mustangs, at the time, boasted an 8-0 record which the Gulls broke. Coach James Amen inserted Dave Marshall in the line-up early in the second quarter. Marshall was clutch, scoring 8 points during his playing time. Since the Gulls knocked off Mineola, Dave Marshall started the remaining four games. Stephen Coulez scored 11 points and grabbed 12 rebounds for Plainview, while Vinnie Aversano had his average game: 26 points and a game leading 13 rebounds. The name of the game Plainview played to defeat Mineola was defense. Final score was 64-60.

The next game was played against Plainview Kennedy. The game was close only during the first eight minutes. Kennedy, in the second quarter, outscored Plainview 14 to 4 and opened up a 12 point halftime lead. Brad Greenberg for Kennedy only hit seven field goals but his 17 of 18 from the foul line gave him 31 points. Vinnie Aversano scored 27 for the Gulls followed by Stephen Tupa with 18. Kennedy had 7 players score, while Plainview had only 4 scorers. Aversano and Marshall hit the boards com-

bining for 23 rebounds.

After another loss, to Garden City and another 27 point performance by Vinnie Aversano, the Gulls took on Island Trees. Records are meant to be broken, but those records should last for a time longer than a season. Earlier this season Vinnie Aversano scored 44 points. Against Island Trees he scored 46 points, the Nassau County high single game total this year. Aversano hit 20 of his 37 shots from the field, and took off the boards 14 rebounds. Second high scorer for the Gulls was Dave Marshall, with 14 and 11 rebounds. David hit 70 per cent of his shots. Jim Rice had 11 rebounds, and Curt Bass 12 assists, a new Plainview record. Aversano, with his school record 46 points also stole the ball 6 times from Island Trees. The final game was played at Clarke High School. The Gulls won 72-63, with soph Stephen Tupa scoring 23, and Aversano scoring 29. In the process Tupa shot 75 per cent from the field. Each had seven rebounds for the Gulls. Aversano for Plainview was the leading scorer for the 14th time this year, while Tupa took scoring honors four times. Aversano ended up the season with a 23.8 average (third in the county) and led in 16 of 24 categories. Steve Tupa averaged 15.4, George Keckelsen and Steave Coulez deadlocked at

8.1; Dave Marshall finished up with a 5.5 average. The Gulls finished in a fourth place tie, with an 8 and 10 record. Next year is the one for the Gulls. If not the crown, at least the playoffs. Encore Aversano!

Congratulations to the Plainview-Old Bethpage High School Girls Gymnastic Team who have just completed a fine season with a victory over Lawrence, with a final record of 3-2. Not bad for a team's first year in competition. The gifted members, participating in Plainview's rookie season of gymnastic competition are coached by gymnast Miss Parkes. We hope that next year's season will be just as successful despite the fact that the team will be short of its senior members: Cindy Baier, Mary Anne Burckell, Diane Sklar and Michelle Tausig.

Returning members will be Lynn Berch, Lori Concetta, Vicki Heisler, Kim Kepko, Leslie Lewin, and Denise Peskin.

On March 10th at 4:00 P.M. at Plainview the Lutheran High Team coached by Mrs. Schnaars will be exhibiting their talents. Come one, come all!

Also, on April 22nd the Plainview team will exhibit for a group of out of state visitors.

Once again, congratulations and good luck for next year.

Attention Would-Be Boatmen

The U.S. Coast Guard will give "The New York State Boatman's Safety Course" at the Plainview-Old Bethpage Public Library Mondays, 7:30 PM to 9:30 PM from March 6 to June 26. All Those who successfully complete "Boating Safety Certificate". This free course is open to adults and teens. Register at the library.

Girl Scouts State Fair March 18

Hicksville Girl Scouts invite everyone to come to our State Fair on Saturday, March 18, at the Hicksville Junior High School from 10 AM to 4 PM. There will be games, crafts and food for all! A cake and white elephant sale are also planned.

Come for the fun, have lunch and spend the whole day! No admission charge!

This too, can be a fun way to learn about your country. The proceeds from the State Fair will be used for needed Neighborhood Camping Equipment and a Gift for our new camp at West Kill, N.Y. Westdale Farm Resident Camp.

St. Ignatius CYO News

By Charlie Rollins

The standings of the Intermural teams are:

8th grade
The 8th grade Intermural league under Commissioner Pat McCue, which has just completed the first half of their season with two teams tied. The Trailblazers coached by Bill Durkin and the Royals coached by J. Calvacci with records of 3 wins and 1 loss, these two teams will be involved in a playoff and the chance of playing the second half winners. These games are all played for Old Country School on Friday nights.

Team, Trailblazers, Record 3-1, Coach B. Durkin.
Team Royals, Record 3-1, Coach J. Calvacci.
Team Cavaliers, Record 2-2, Coach B. Tuff.
Team Rockets, Record 2-2, Coach M. Appra.
Team Cardinals, Record 0-4, Coach Ed White.

7th grade
At the time that this paper goes to press, the standings of the 7th grade Intermural League were not available. We hope to have all the info from Commissioner Ed Anastasio for next weeks addition of the press.

The games for the 7th grade Intermural League are played at Fork Lane School on Friday evenings.

The following is a list of Teams and Coaches.

Team Mets, Coaches A. Poggoli
Team Floridans, Coaches F. Caputo.
Team Squires, Coach E. Anastasio.
Team Cougars, Coach R. Fino.
Team Percurs, Coach B. McLaughlin.

5th and 6th Grades
The following is a write-up of one of the games played in the fifth and sixth grade intermural league. Other games will be written up in future weeks. Following is the present standings of the league under Commissioner Dick Divis. The games are played on Friday nights at the Junior High.

Team Pros, Record 6-1, Coaches Walter Purcell, Ken Jensen.
Team Warriors, Record 7-1, Coach Hugh Bradley.

Team Bullets, Record 6-2, Coaches Charlie Sager, Oliver Bell.

Team Suns, Record 5-3, Coaches Jim Hurley, Jim Mora.
Team Stars, Record 5-3, Coach Steve Gluchme.

Team Bucks, Record 4-3, Coach Carol Brady.

Team Celtics, Record 3-5, Coach Paul Cesare.

Team Hawks, Record 2-6, Coach Dick Divis.

Team Knicks, Record 2-6, Coach Frank Gallant.

Team 76's, Record 2-6, Coach Tom Collins.

Team Supersonics, Record 1-7, Coach Paul Soloski.

These standings do not include last weeks games.

On Friday night Feb. 18, an exciting game was played at the Burns Ave. School in the St. Ignatius Intermural program by the Bullets coached by Charlie Sager and Oliver Bell, and the 76's coached by Tom Collins. Both teams seemed equally matched both offensively and defensively by the end of the first half. The score then was 22-19 with the Bullets out in front. Going into the second half the Bullets exploded with an additional 37 points and winning by 59-36. Scoring the double figures for the Bullets were Mike Segar with 24, Bob Steen with 11 and Mike Bell with 10. Hitting double figures for the 76's was Burns with 24 Points.

3rd and 4th Grades
Anyone wishing to see the future stars of basketball may see them on any given Saturday at either the Junior High or Burns Avenue School between the hours of one P.M. and three P.M. There is four weeks left of the regular season and then the play-offs between the first teams. The league is under commissioner Jim Conway and the following are the standings after the first five weeks.

Team Colts, Standings 4-1, Coach P. McDermott.
Team Lions, Standings 4-1, Coach K. Cronin.
Team Steelers, Standings 4-1, Coach D. Murphy.
Team Packers, Standings 3-2, Coach B. Roemer.
Team Vikings, Standings 3-2.

Coach J. Conway.

Team Raiders, Standings 2-3, Coach G. Henberger.

Team Rams, Standings 2-3, Coach L. Neuman.

Team Cowboys, Standings 2-3, Coach J. Dempsey.

Team Jets, Standings 1-4, Coach D. Owens.

Team Redskins, Standings 0-5, Coach A. Traylor.

An excited crowd watched the traveling St. Ignatius Tyros play Holy Family for their final game of the season, on Feb. 27th. The Tyros standing of 14 wins and 2 losses includes this 65-43 victory over St. Martin's of Bethpage. Commissioner extends his congratulations to Al Hack and this great team and to all the other traveling teams who have made this a very interesting and successful season. Special thanks to the coaches who have invested so much time and attention. All St. Ignatius is grateful to you.

Tied with Holy Family the St. Ignatius' 5th and 6th Grades Traveling team met at St. Dominic's in Oyster Bay for the playoff game on Feb. 22.

At the end of a slow first quarter the score was tied at 8 even, St. Ignatius dropped behind by three points in second quarter scoring 14 to Holy Family's 17. The third quarter found St. Ignatius, in spite of valiant play scoring only one point to the opposing teams 8 for a score of 33-25. Final score Holy Family 42 to St. Ignatius' 34. McBride with 12 points, Bradley with 11 and Gaffey with 10 contributed mightily to the Holy Family victory. Ronnie Collins' rebounding and ball handling was a joy to watch. G. Sierrre with 9 points, Dick Fyfe with 8 and B. Quinn with 7 points shone in St. Ignatius' gallant loss. Bob Murphy and Frank Princeps contributed great rebounding and ball handling for the St. Ignatius team. Congratulations to both teams for an exciting game.

Soccer
Three hundred boys competed on Feb. 5-6 and 12-13 at the Indoor Soccer tournament sponsored by the German-American Jr. Soccer League. A and B divisions, each consisting of 18 teams included (Continued on Page 6)

Thrift Shop Opened

The Nassau Center of Emotionally Disturbed Children, 72 South Wood Road, Woodbury, proudly announces the opening of their Thrift Shop. The Thrift Shop is located in the rear of the Center's building. Just follow the arrows on the driveway and there is ample parking in the rear of the building.

All merchandise for sale is almost new. There are many fine bargains in women's clothing, men's clothing and children's clothing. All profits from the Thrift Shop will be used to help further the services extended to mentally ill children who are excluded from public education. The Thrift Shop is manned by

volunteers who give all of their time and of themselves to help these children who so badly need help.

The Thrift Shop will be open weekly on Mondays, Wednesdays and Fridays with hours from 10 a.m. to 2 p.m.

Scouts from Delta Junction,
Alaska.

Dear Friends:

With heartfelt appreciation and
thanks from the whole com-
munity of Delta Junction, we
herewith acknowledge the
receipt of your most wonderful
donations of Betty Crocker
Coupons for our badly needed fire
truck. Our contract with General
Mills has been extended, and the
New Expiration Date is July 1,

our goal, and we will appreciate
any further donations very much.

It was a wonderful box full and
it makes us double happy that our
youth thanks of helping others.

Our coupon count to date is
3,393,700. May we please ask for

your help once more before July
1st? We are still in need of
1,406,300 Betty Crocker coupons-
and you may realize, that we
cannot give up!

Congratulation

Congratulations to Stuart
Levine, an ecology teacher in the
Plainview-Old Bethpage school
system, who has recently been
appointed to the Nassau County
Youth Board by County
Executive Ralph Caso. This
unsalaried position is a real
service to the young people of our
Country. Mr. Levine has been the
prime mover in starting up an
ecology course for other teachers
in this school district.

LETTERS TO THE EDITOR

Dear Mrs. North:

In reference to the letter to the editor from Mr. James DeNicola of Arbor La. Hicksville, that appeared in last week's issue I would like to set the record straight. As the reporter and also as a fireman I wish to state that my story was an accurate account of what happened at the scene of the fire on Feb. 7, at 28 Arbor La.

The Hicksville Firemen do thank Mr. DeNicola for his compliments and also the many neighbors who served coffee to us (story on these people was omitted last week due to space not available). It is also understandable that due to the circumstances Mr. DeNicola was busy and did not notice the incidents that happened. But unfortunately the incidents did happen. As a Captain I was working with my men fighting the fire when one neighbor, refused to abide by the order to clear the dangerous area. He was asked several times by two chiefs and myself, to move. The neighbor was very obstinate. Another neighbor was darting in and out of the house and had to be told to stay clear.

I wish to point out that this fire was quite involved and an officers job is to direct his men, keep his men on the problem and be aware of all going on to insure the safety of his men. Anything that forces this officer to be distracted from his duty is dangerous to his men and especially when it is something that is needless as these two incidents were. As reported the 8th Pct. police were requested at the scene to assist.

One of the neighbors involved in the more serious incident, can be identified if Mr. DeNicola so wishes. Our job is hard enough, and I, as well as the rest of the members, are unpaid and will not

tolerate needless interference at the expense of our taxpayers when they are in need. I do thank you for your support and thank your many neighbors for their support, and hope this sets the record straight.

Own W. Magee
Capt. H.F.D.

Dear Editor:

According to Mr. Taxter's report to the Hicksville Community Council, the fire tax rate in Hicksville is the lowest in both Nassau and Suffolk Counties. How he arrived at this decision, I don't know. Just in the Town of Oyster Bay there are only two other Fire Districts that have a higher rate, Farmingdale and Jericho. How the tax rate in Hicksville compares with the rest of the towns in Nassau and Suffolk, I do not know. In 1970 the tax rate more than doubled, from .324 to .667. Who is Mr. Taxter kidding? Anyone can make a statement but can they back it up? In this case I don't think he can. This information was taken from the summary of tax rates which is sent to the people of the T.O.B. with their bills.

Childrens Hour Time Changed

The Plainview-Old Bethpage Public Library's "Story Hour for School Age Children" that delightful blend of stories, films, songs and conversation created to amuse and enchant the 5 to 7 year old set has changed its meeting time to Thursday afternoons at 4:00 P.M.

As of March 1, 1972, Mr. Mainard L. Chittenden will retire as the Director of Attendance for the Hicksville Public Schools, a position he has held for the past twenty-six years. He was appointed to that position by the late Dr. Erie LeBarron at a time when Hicksville was a small country village of some 15,000 people. He has seen the district change from a three elementary school and one high school district to the vast school district it now encompasses. He was also the director of Census, and Registration, and was the district's representative to Children's Court when the need arose. He issued thousands of working papers, and hundreds of proof of age for senior citizens by using their old school records as evidence. He has served as president of the L.I. Attendance Teachers Asso., and two terms as the New York State Attendance Teachers Asso. president. Conciding with his retirement from the school district, Mr. Chittenden is also retiring from his position as Asst. Chairman of the Board of Zoning Appeals for the Town of Oyster Bay, a position he has held over 14 years. He has served as Committeeman for over 40 years in the Jericho, Brookville area where he has resided since the 1920's. He is a past chief of the Jericho Fire Dept., and served nine years as the Chairman of the County Fire Commissioner. He is a 26 year member of the Hicksville Kiwanis, and is chairman of the Salvation Army Welfare Committee. His whole life has been devoted to service to his fellowman in whatever field he was needed. Our village and township are proud of his service and wish him happiness in his retirement.

His wife, Mrs. V. Jean Chit-

tenden, the former Jean LeViness, is also retiring from her position in the Hicksville School District after 16 years of service. Mrs. Chittenden is also a past matron of Emera Chapter,

OES, and past regent of the Oyster Bay D.A.R. Both Mr. and Mrs. Chittenden are community minded, and their efforts will long be appreciated and remembered by the residents of this area.
