Redevelopment Plans For Hicksville By Students

Advanced architectural students at the New York Institute of Technology are presently applying their knowledge to create comprehensive redevelopment plans for one of Long Island's most congested areas — central Hicksville.

Their models and drawings will include provisions for a new train and bus transportation center, an improved street system, modern retail and office facilities, a community center, and 400 units of middle-income housing incorporating a minimum 180 units for senior citizens. The designers are encouraged to develop the most practical and effective ideas even if they require some variance in zoning regulations.

The impetus for these intensive student efforts is the Alfred Levitt Prize in the Second Annual Long Island Design Competition. The juniors and seniors are competing for three top awards of \$1,000, \$250, and \$150 in the contest which is sanctioned by the Long Island Society and the New York State Association of Architects, both chapters of the American Institute of Architects. The event is sponsored by the Long Island Architectural Student Awards Foundation, an organization formed in January 1971.

According to Ulindo Grossi, NYIT dean of architecture and the arts, central Hicksville was chosen as the subject for the renewal plans because it illustrates many of the serious problems common to populous Long Island towns. The proposed redevelopment area en-

compasses a circle about a quarter of a mile in diameter with the Long Island Railroad station as its central focus.

"The solutions to be proposed by our students could apply to many Long Island communities," Dean Grossi says. "Most of the problems involved relate to any town with a railroad station and to all commuters who each day face severe situations of vehicular congestion."

All plans drawn up by the architectural technology majors at Tech's Old Westbury and Manhattan campuses will be completed by May 15. Working singly and in teams, students will submit models of the entire renewal area, site plans showing proposed physical developments, plans and elevations for a section of the transportation hub, and realistic drawings illustrating perspective views of the plans in operation.

In addition to the three top prizes, three honorable mention certificates will be awarded by the foundation's Board of Trustees. The Board consists of chairman Norman E. Blankman, the well-known real estate developer; Mrs. Leder; Lee Koppelman, executive director of the Nassau-Suffolk Regional Planning Board; George Meltzer, vice-president of the New York State Association of Architects and a member of the NYIT faculty; community leader Dr. Frank Calderone; District Court Judge Bernard Tomson; and Mrs. Terry Townsend, executive director of the Townsend Communications Bureau.

School Board Reschedules Budget Vote To June 13

By SHIRLEY SMITH

Having decided the vote taken at the March 14 meeting to set the budget date for May 2 was questionable (the board had not voted to continue the meeting and therefore should have been adjourned), this vote was stricken from the minutes. The board then set June 13 for the budget vote. Harry Kershen and Neil McCormack voted against the motion and Dr. Niosi argued strongly for an earlier voting date, so that supplies could be ordered for next year and be here in time for the opening of schools in September. Thomas Clark, who made the motion for June 13, said he needed more time to ask questions about the proposed budget and felt a May date would be rushing things.

The board also turned down an agenda item which set the figure for the 1972-73 proposed budget. This total figure represents a 9 cents decrease in the tax rate. Mr. Clark said he still had more questions to ask and study to be done. Budget codes dealing with Central Administration, Board of Education, Summer Recreation, Plant, Debt Service and Transfers had been approved at Monday night's special board meeting. Codes dealing with Special Schools, Transportation and Undistributed Expenses were tabled Monday night.

Code 200, the largest—dealing with instruction in regular day schools, including teachers' salaries—was turned down Monday. Included in this code was an informal agreement with the Hicksville Classroom Teachers' Association which would have settled the "strike issues" of the teachers' contract, now being negotiated. A spokesman for the HCTA said the teachers had scheduled a ratification of the interim agreement, but this has been postponed pending action by the board of education. He added that the HCTA did not accept the negative vote on Code 200, or the failure to adopt a total budget figure as a rejection of the interim agreement. The HCTA has been assured by the board that the agreement still holds.

Although the board did not adopt a budget figure, they did decide on three propositions which will appear on the ballot June 13.

1. Do you favor an amendment to the U.S. Constitution that would prohibit forced busing and guarantee the right of each student to attend the appropriate school nearest his home.
2. Do you favor an amendment to the U.S. Constitution to allow prayer in the schools?
3. Do you favor providing an equal opportunity for quality education for all children, regardless of race, creed or color?

Dr. Kershen voted against placing these propositions on the ballot, stating "our jurisdiction should stick with the schools." He added that these items should be on the ballot in a general election, not a school election.

Mr. Clark, who along with trustees Zindulka, Pappas and Muratore, voted for the propositions, said we should get the feeling of the community on these issues and send it to our congressmen. Trustees Bello and McCormack arrived at the

meeting late and were not present to vote on these motions.

During the public portion of the meeting Mrs. Iris Wolfson asked Messrs. McCormack and Bello how they would have voted on the propositions. Dr. Kershen objected to this saying it was taking things out of context. He did not feel Mrs. Wolfson's question should be answered. Mr. McCormack said he was opposed to these items being placed on the ballot in a school election. Mr. Bello said he was not opposed to knowing what the public thinks about these issues.

Mrs. Muriel Schwartz objected to the propositions, stating this "opens a breeding grounds of vengeance and hate." Mr. Norman Rubin said she would file a suit against the board because political issues were being brought into a school election.

Also during the public session, Charles Loicano criticized board president, Thomas Muratore, for refusing to let Mrs. Barbara Rosman speak at Monday night's special board meeting. He said Mr. Muratore had brought disgrace on the board and the community. Mr. Loicano said he was disturbed that the public had done nothing about Mr. Muratore's action.

William Bruno chairman of the board's budget committee, asked Dr. Kershen and Mr. McCormack questions regarding the institution of Project PLAN into the district in 1968.

This reporter asked the board to clarify the committee which was set up for early determination of learning disabilities. Mr. Bello, chairman of that committee, stated that work has been done in this area in the district, namely the summer learning centers at the elementary schools. Frank Burke, principal of Burns Avenue School, is in charge of this program. Mr. Bello said this summer's program will be along the same lines as past years but plans have not been finalized. He added that even though no psychologist was appointed to the committee, one would be involved in the work of the committee.

The board of education voted to send a letter to the Baldwin Board of Education supporting their stand to enact legislation requiring the BOCES Board of Education to get approval of its administrative budget from local school boards.

The board approved bills for the routine expenses of the district and awarded various bids. They also approved leaves of absences and the appointment of social studies curriculum writers.

The matter of lay negotiations consultants was untabled and approved. Dr. Kershen and Mr. McCormack voted against appointing William Bruno and Charles Fetta to sit in on negotiations with the teachers.

The board retabled the suggested school calendar for 1972-73, in spite of Dr. Niosi's urging that it be accepted soon.

Mr. Clark wanted to reduce the \$7500 allotted for summer recreation to \$3750. We will get matching funds from the Town of Oyster Bay and he feels we don't

need a full \$15,000 program. This item had been approved at the budget meeting Monday night so no further action was taken. The public was informed that a six-weeks program similar to past year's recreation programs will be set up for this year. Mary Carton asked if we were going to have a psychologist working with the program, as set up by what she said were Town of Oyster Bay guidelines. Dr. Niosi said we would run the program ourselves, and would have no psychologist.

Dr. Niosi gave a supplemental report on individual instruction. He said a copy of the report is now available in all schools and at the Administration Building. Copies of tables included in the report will be mailed to all residents. Further reports will be coming from Herbert Cavanagh, principal of Woodland Avenue School, on the beginning costs of Project PLAN. Dr. Cadden will be interviewing all the teachers involved, because the district has received some negative comments on individualized instruction. After more study a recommendation will be made to the board.

Mr. Pappas questioned the costs of individualized instruction students as compared to students in conventional classes. He had made the motion which requested this action be taken. Danny Frank, consultant on community affairs, said it would be about \$500 - \$700, but was not sure and could not give a breakdown at this time. Mr. Pappas asked for a full report to be submitted later.

The school board turned down the summer high school and driver education program; with trustees Kershen and McCormack voting in its favor. They want a breakdown on the costs between the remedial portion and that for driver education.

Public budget hearings will be set up in the near future. The next regularly scheduled board meeting is April 11 at 8 p.m. in the Administration Building.

"Babysitting"

The 8th grade Home Economics students attended an assembly on Tuesday, March 21st, to hear Policewoman A. Rybicki, speak on the topic, "Babysitting, and Police Safety". A short film was followed by a question and answer period.

This was the introductory assembly to a three-part safety program planned for students studying child care in Home Economics classes.

Demonstration

On April 3, 1972 at 6 P.M. at the Hicksville Public Library - the Long Island Independent Art Society will have Ken Wilkinson - local Long Island artist, give a demonstration in oil painting. He will pick his subject from the audience. This affair is free and open to the public. Please attend and enjoy watching art in action.

Day And Night Hearings

Town Clerk Isabel R. Dodd has announced that the Town Board has scheduled day and night public hearings on an application by Northville Industries Corp.

Mrs. Dodd said that the hearings will be held at 10:00 A.M. and again at 8:00 P.M. in the public hearing room at Town Hall. The hearing date was previously changed from April 4 to April 11 at the request of civic

leaders in the Plainview area who felt the original date conflicted with holiday and vacation commitments made by many residents of the area.

Northville Industries seeks special permission to receive, store and transship petroleum products on a 6.5 acre parcel of land presently zoned Industrial H District on the northerly side of Fairchild Avenue, Plainview.

Supervisors to Request State Hearing on Life

By Janet Gosnell

"I'll pray for her," said the Right to Life lady. "You go ahead and pray, but let her decide about her own uterus," came the retort from Bill Baird, Director of the Parents' Aid Society of Hempstead.

The exchange, in plain English, told the story of the controversy which took place Monday at an extended meeting of the Nassau County Board of Supervisors during which the Board voted unanimously to request a state hearing on the question "When does Life Begin?" The resolution was introduced by Glen Cove Mayor Andrew DiPaola.

The conversation above took place amongst the crowd waiting for the elevator after the 2½ hour meeting, and referred to the young lady named Elizabeth Klein, of Babylon, who addressed the board and asked the supervisors to help her get an abortion at Nassau County Medical Center, which has stopped the practice of elective abortions.

A suit by Miss Klein against the county in the matter was scheduled to have been heard in Supreme Court on Tuesday of this week.

Anti-abortionists, including the Right to Life Committee, Celebrate Life, and a new one, Nurses Against Abortion, and many individuals, predominated. Some advice to those seeking abortions was offered by anti-

abortionist Alberta Rae Schultz, of Hempstead, who said, "An ounce of prevention is worth a pound of cure."

Two East Meadow high school students, Donna Dashington and Thomas Tedesco, gave the teenage anti-abortion viewpoint.

A minority of speakers addressed the Board for the continuation of the abortion law as it now stands. Two were Charlotte Rubinstein, a medical assistant, of East Meadow, and Virginia Latham, chapter coordinator for Zero Population Growth, of Glen Head. Mrs. Latham was subjected to boos, catcalls and groans from the anti-abortion audience.

Each member of the Board of Supervisors, which happens to be all Catholic, as pointed out by Bill Baird in his remarks, had some prefacing words before his affirmative vote. Town of Oyster Bay Supervisor John Burke was eloquent in saying: "I believe that the miraculous spark of life is struck by God alone, and God alone may extinguish it." He referred to the "nine miracles" in his own family.

He cautioned what he called the "life groups" against false hopes for such a hearing, which would deal with a "medical, legal, moral and theological" question. He called such a hearing an "imprecise postulation to elicit an inconclusive response."

ANTI-ABORTION VIEWS were expressed by John Sullivan, left, of Miller Place, Merrick to the Nassau County Board of Supervisors just moments before Charlotte Klein, of Babylon, asked the Board to help her personally get an abortion at the Nassau County Medical Center.

Dear Friends:

A friend shared these thoughts (written by Albert Hubbard many years ago,) with me last week. I in turn would like to share them with you, and to thank Ken Giffes for bringing this encouraging philosophy to our attention. I'm sure that there are times in everyone's life, when discouragement sets in. If that is true at this time, for any of you, reading this should put things in their right perspective and encourage your continued efforts.

ALBERT HUBBERD said:

Genius is only the power of making continuous efforts. The line between failure and success is so fine that we scarcely know when we pass it — So fine that we are often on the line and do not know it.

How many a man has thrown up his hands at a time when a little more effort a little more patience would have achieved success. As the tide goes clear out it comes clear in sometimes in business prospects may seem darkest when really they are on the turn — a little more persistence a little more effort and what seemed hopeless failure may turn to glorious success.

There is no failure except in no longer trying. There is no defeat except from within, no really insurmountable barrier save our own human weakness of purpose.

Until next week, stay well, and don't waste a day.
Sheila

Passport applications are being accepted and processed at 21 Nassau and Suffolk Post Offices.

The fee for issuing a passport is twelve dollars, two dollars of which is returned to the Postal Service to cover clerical costs in processing the application. Applications for passports are processed at the post offices and forwarded to the State Department which actually issues the document.

The plan to process passport applications at post offices was conceived to provide additional service, and to relieve pressure on court and state department facilities resulting from a rise in demand for passports.

To apply for a passport, the applicant must have proof of citizenship such as a birth certificate with a raised seal; proof of identity (driver's license, etc.); and two photographs taken within six months of the date of application. Checks or money orders accompanying the application should be made out to the U.S. State Department. Cash or checks made out to the U.S.

Postal Service will not be accepted.

Nassau GOP Chooses Slate

Republican candidates for Congressional, State Senate, Assembly, Judicial and Councilman races were designated tonight when the 1,698 committeemen of the Nassau County Republican Committee met in convention at the Malibu Beach Club, Lido Beach.

Voicing an overwhelming vote, the committeemen endorsed the following Congressional candidates: Nassau County Comptroller Angelo D. Roncallo of Massapequa in the new 3rd C.D., Rep. Norman F. Lent of East Rockaway in the 4th C.D., Rep. John W. Wylder of Garden City in the 5th C.D., and Rep. Seymour Halpern of Jamaica in the 6th C.D.

In races for the State Senate, the following incumbents were fully endorsed for reelection: Sen. Ralph J. Marino of East Norwich in the 9th S.D., Sen. John R. Dunne of Garden City in the 8th S.D., Sen. John D. Caemmerer of East Williston in the 7th S.D., and Sen. Norman J. Levy of Long Beach in the 8th S.D.

The committeemen also voiced their approval of the candidacy of Hempstead Town Councilman Eugene Weisbein of Hewlett Harbor for the 9th S.D. which takes in southwest Nassau and southeast Queens. Weisbein's candidacy has the backing of the Queens County Republican Executive Committee. He has been a member of the Hempstead Town Board since 1968. Weisbein, who will be 41 years old tomorrow, also serves as the Republican Executive Leader in Hewlett. He is married and the father of two.

In Assembly races, the convention backed the reelection of these incumbents: Assemblymen Philip B. Healey of Massapequa in the 11th A.D., Milton Jonas of North Merrick in the 13th A.D., Joseph M. Reilly of Glen Cove in the 14th A.D., John E. Kingston of Westbury in the 15th A.D., Joseph M. Margiotta of Uniondale in the 17th A.D., and George J. Farrell, Jr. of Floral Park in the 21st A.D. Seeking to keep the fighting efforts of State Senator George

Murphy of Seaford in Albany, the committeemen voted to endorse him for the 12th A.D. Murphy's Senatorial District had to be eliminated because of reapportionment.

In the remaining Assembly Districts, the convention called on its youthful party members. The following non-incumbents were designated:

Stuart Levine of Plainview, 24, an ecology and environmental instructor at Plainview-Old Bethpage Junior High School, was recommended for the 10th A.D. His expertise on the subject led to his being chosen to arrange and conduct an "in-service" ecology course for approximately 100 teachers in the district. He is recently married.

North Hempstead Town Councilman Clinton Martin, Jr. of Manhasset, 32, was chosen for the 16th A.D. First elected to the Town Board in 1969, he has chaired the Town Committees on Narcotics, Youth Services and Parks and Recreation. He is married and the father of four.

Armand D'Amato of Island Park, 27, an attorney, was named for the 18th A.D. His experience in the Legislature includes serving as legislative counsel to Assemblyman Joseph M. Margiotta and as Special Counsel to the Joint Legislative Committee on Laws Affecting Local Government.

Deputy Nassau County Attorney Dominick Minerva, 30, a Valley Stream Village Trustee, was nominated for the 19th A.D. He previously served as assistant to the Nassau County Social Services Commissioner and prior to that reached the rank of Deputy Chief of the Rackets Bureau of the Nassau County District Attorney's Office. He is married and lives in Valley Stream.

The remaining nomination for the 20th A.D. was given to a long time community leader in the Five Towns area, Gloria Chinner of North Woodmere. Mrs. Chinner, who volunteered her services for such organizations as the Five Town Chapter of the

Help for Retarded Children, the Cerebral Palsy League, Girl Scouts of America and the Central Nassau YM-YWCA, is married and has four children.

For County-wide judicial races, the committeemen endorsed Assemblyman Martin Ginsberg of Plainview for Family Court Judge; the reelection of Nassau County Court Presiding Judge Paul Kelly of Freeport, and Nassau District Court Presiding Judge James Neihoff of Baldwin to be returned to office.

Other Judicial nominations included: in the 2nd District covering Hempstead Town, Judge Patricia Collins of Freeport, Judge Anthony Barbiero of Elmont, Judge William Gitelman of Merrick and Charles Heine of Cedarhurst. In the 4th District covering Oyster Bay Town, Judge Ralph Diamond of Jericho was nominated.

In addition, the committeemen set a precedent when nominating their choices for delegates and alternates to the Republican National Convention to be held in San Diego, California in August. Two women were chosen as delegates. One is a black, Mrs. Sinita Walker of Lakeview, member of the Hempstead Town Board of Zoning Appeals and the other is Penny D'Amato of Island Park, wife of Hempstead Town Supervisor Alfonso D'Amato. In addition, four women were named as alternates. They are: Oyster Bay Town Clerk Isabel Dodd of Sea Cliff, Mrs. Joan O'Shaughnessy of Seaford, Mrs. Francine Mintz of Freeport and Mrs. Raye Garfinkle of Great Neck.

Others chosen as delegates were: Nassau County Comptroller Angelo D. Roncallo of Massapequa, Edward Waldman of Babylon Town, Rep. Norman Lent of East Rockaway, Assemblyman Joseph M. Margiotta of Uniondale, and Thomas Pierce of Roslyn.

Other alternates selected were: Thomas Plait of Huntington Town, Assemblyman George Farrell, Jr. of Floral Park and Rep. John W. Wylder of Garden City.

Councilman Yevoli Announces His Intention To Seek Assemblyman's Office

Oyster Bay's lone Democratic Town Councilman, Lewis J. Yevoli announced his intention to seek the office of New York State Assemblyman, 10th District. (Under the recent reapportionment, the 10th A.D. was formerly the 8th A.D. and includes the communities of Plainview, Old Bethpage, Bethpage, eastern Hicksville, North Farmingdale, North Amityville and Wyandanch). Yevoli said, "During the past few months I have received numerous requests from local Democratic leaders, committeemen and residents of the community who felt I could best serve my constituents as their Assemblyman in Albany. My

present duties as Town Councilman, as well as my close relationships with our concerned citizens, have enabled me to develop vast insights into many of the problems confronting our residents."

"It was most gratifying to have so many people of various political persuasions approach me and pledge their support of my candidacy."

"There are numerous complex problems confronting all New York State residents," he said, "and if I am elected in November I intend to utilize the machinery at hand to seek realistic solutions."

Yevoli said, "Locally our problems have increased tenfold:

our unemployment has soared to an intolerable level of 7.2 percent, our taxes have reached astronomical proportions; our school districts are suffering severe financial setbacks, and our suburban way of life is being constantly threatened. The Governor claims we are operating on an austerity budget and all vital state sponsored programs have been drastically reduced, yet he continues to support the construction of a one-half billion dollar bridge from Bayville to Rye over the adamant objections of local residents. A reorganization of priorities is urgently needed and must be forthcoming if our state is to function as a viable entity."

Midshipman James P. Gruber, son of Mr. and Mrs. James H. Gruber, of 16 Alpine Lane, HICKSVILLE, has been named to the Dean's List for academic excellence at the Naval Academy, Annapolis, Md.

Midshipman Gruber, who is scheduled to graduate in 1973 with a bachelor of science degree and an ensign's commission, has to maintain at least a 3.4 semester grade average in a

four-point system to be named to the Dean's List. He is a 1969 graduate of Hicksville High School.

Navy Seaman William A. Schullerman, son of Mr. and Mrs. August W. Schullerman of 133 W. Marie St., HICKSVILLE, is with scientists from the Smithsonian Tropical Research Institute aboard the tank landing ship USS

York County, now off the western South American coast on a scientific expedition.

He and other York County crewmen are supporting the scientists' efforts to determine a pattern in the distribution of animal life on the South American coastal islands, and are scheduled to return to homeport at Little Creek, Va., March 23.

Letters To The Editor

Dear Sir:

Recently, there was an article published in the local newspapers concerning the contemplated legislation for the payment of interest on escrow funds that are held by banks that have accrued to pay the mortgage holder's real estate tax bills.

I believe that I am qualified to present my views contrary to the payment of interest on tax escrow funds. 1. as a mortgage holder, 2. as a taxpayer, and 3. as a supervisor of a tax escrow servicing department.

In this period of recession and in a period of rising taxes, particularly in school and general tax levies, any unnecessary added costs are highly criticized.

There is a cost involved in the maintenance of a tax escrow, which the average mortgagor perhaps is not aware of. Consequently, any increase in the cost of this service by the additional item of interest calculation and payment thereof, maybe detrimental to the status of the present escrow system.

Not only does our institution maintain a tax department for the purpose of checking the title tax search descriptions and the subsequent registration of the mortgaged premises for the receipt of the homeowner's tax bills but also employs the services of an outside tax service agency.

The tax service agency double checks the accuracy of the legal description of the property and other pertinent data prior to the payment of any tax bills. The tax service agency makes periodic tax searches of the various township tax records to see that there are no misposted items or delinquencies in any of our accounts.

In Nassau and Suffolk Coun-

ties, there are quite a number of Townships and Incorporated Villages that issue tax bills.

The various tax receivers more than welcome the service that the banks provide in the payment of the tax bills. (For example: our institution recently paid the first half of the General tax levy to one of the large townships in excess of \$1,250,000.00 for approximately 5000 tax bills.) The tax receiver, in this instance, was relieved of the monumental task of mailing back and forth of 5000 tax receipts, the listing and depositing of 5000 checks and the elimination of other myriad of details involving these bills.

Taxes are the first lien on the property and as homeowners, what better assurance is there that money is set aside each month to provide sufficient funds to meet each tax bill as it becomes due. The interest earned on the average balance in an escrow account will be very small in comparison to the cost to a township if each homeowner was to pay his own tax bills.

In conclusion, the whole controversy pertaining to the present escrow system is blown out of proportion by a few people. On the whole, the methods employed at the present time are for the benefit of every one concerned, homeowner, taxpayer, lender and the tax receiver.

Very truly yours,

Anthony J. Bellacera

Dear Mrs. Noeth:

In a letter to the editor in the August 12, 1971 Herald issue, I criticized the "...previous Board

(for refusing) to apply for the Supplemental tax rolls - an unnecessary cost of ... thousands of dollars to the taxpayers..." I then complimented "...the new Board (because) it applied for the Supplemental tax rolls and an estimated savings of ... thousands of dollars to the taxpayers..."

Charles Fetta "In the August 19, 1971 issue, in part, the following letter appeared: "...I am saving the clipping of Mr. Fetta's letter to the editor and am hopeful that the editor will see fit to rerun the letter alongside the new tax rate six months hence. The newspapers have already carried the story of the virtual non-existent growth in the Nassau tax base..."

Herbert Klein "Over 7 months have since gone by, and whether, or not, Mr. Klein sent a letter to the editor is now academic.

1. As of the latest official publication of the Town of Oyster Bay (922-5800) you will find that as a result of the Hicksville District applying for the Supplemental tax rolls, our School Tax Rate was reduced by .032 - \$100 Assessed Valuation for the 2nd half of the current year. 2. The Nassau tax base has absolutely nothing to do with the Hicksville Supplemental tax rolls.

While I compliment Mr. Klein's participation in school affairs, I would also like to direct his attention to a certain elementary research principle - in the future GO TO THE SOURCE!

Respectfully,
Charles Fetta,
President

Oyster Bay Expanding Newspaper Recycling Collection Program

The Town will "step-up" its pilot newspaper recycling project on Monday, April 3, to include ten new collection districts serving approximately 6,500 homes in the unincorporated areas of the Township, according to Supervisor John W. Burke. A total of 13,500 homes will now be covered in this environmental effort.

Burke said that commencing Monday, March 27 through March 31, special personnel from the Town's Sanitary Services Division will personally contact homeowners in the areas selected, apprising them of the new procedures which will be outlined in an educational bulletin, including the designated day for newspaper collection in their district. He added that only residents individually notified by the special Town crews are to bundle and tie newspaper for

curbside pickup.

The Supervisor reported that the new areas involved will include portions of Oyster Bay and Locust Valley; parts of Jericho, west of Broadway; portions of South Farmingdale and south of Old Country Road, east and west of Jerusalem Avenue in Hicksville.

The program, which started in January of this year by serving some 7,000 homes, has been successful, according to Supervisor Burke.

The basic purpose of the new procedure is not only to preserve natural resources, but to prolong the lifespan of the present landfill facility by reducing the volume of refuse processed at the Town's incinerators.

Residents participating in the special environmental project are requested to:

1. Bundle newspapers and

place at the curb on the day indicated.

2. Stack the newspapers not to exceed twelve inches in height and tie with cord or string.

3. Place the newspaper bundles at the curb by 6:30 AM on the designated collection day.

James A. Gildersleeve, Superintendent of the Town's Sanitary Services Division reminded homeowners participating in the newspaper collection program that the special pickup applies to NEWSPAPER ONLY. Other material, i.e., magazines, catalogs, cardboard, etc., will be collected on the regularly scheduled garbage or rubbish day.

For additional information please phone 921-3850-1-2, Sanitary Services Division of the Town's Department of Public Works.

Keep Record of Your Serial Numbers

Nassau Police Commissioner Louis J. Frank today reminded county residents to record the serial numbers of their possessions to help police identify and return them if they are ever lost or stolen. He urged residents to record the serial numbers and keep them with their other important papers.

The recent surge of interest in bicycles has highlighted the value of serial number identifications.

"Many valuable items, particularly bicycles, are lost or stolen and later recovered and sold at the police auction because detectives had no way of tracing the owner," Frank said.

Bicycle serial numbers are stamped on various parts of the bike depending on the manufacturer. In most instances, they can be located by checking the rear left side of the frame, the seat post or seat tube, or underneath the peddle crank

housing. Newly purchased bicycles should have the serial numbers recorded on the bill of sale.

Bicycle owners are advised to make sure they copy the serial number not the model number. Serial numbers usually contain at least four digits.

If the bicycle doesn't have a serial number, the owner should scribe or stamp an identifying mark on it.

Playschool At Jr High Big Business

On Thursday, March 16th, the 8th grade Home Economics students of Hicksville Junior High School, under the direction and supervision of Mrs. A. Amato, held a playschool. The main reason for the playschool was to give the girls a better understanding of children of different age levels - two through six years old.

The children went first to free play, where there were toys, games and puzzles. They then went to activity where they drew pictures or made a little rabbit. Here they were helped by the girls who explained what to do. Next, they went to the music area where they played musical chairs and hot potato. Finally, they went into the kitchen and each had a cupcake, baked by the girls, and fruit punch. Each child also received a little basket with jelly beans and gumdrops and a balloon.

Spring Foreign Film Festival

The Hicksville Public Library will present the second of the Spring Foreign Film Festival on Wednesday, April 5th at 8 p.m. The film for the evening will be "Potemkin" directed by Sergei M. Eisenstein in 1925. This is the complete silent version of the most famous Russian films. "Potemkin" recreates the spirit of the 1905 revolution through one incident. This film

introduced a new film technique, providing the manipulation of film materials to communicate physical sensations.

On Wednesday, April 22nd, the foreign film will be the German classic, "The Last Laugh" starring Emil Jannings.

All the film programs are held in the auditorium. The public are all welcome.

H.H.S. Choruses And Orchestra In Concert

On Friday evening, April 14, at 8:15 P.M., the Hicksville Senior High School Music Department will give an important Spring Concert involving almost 400 music students. Featured on the program are the Sophomore mixed Chorus; the Advanced Girls Chorus, which will sing

choral selections from the Sound of Music; the Chorus, which will perform the Schubert Mass in G; and the Symphony Orchestra which will play the last movement of the Dvorak New World Symphony. Admission is free.

Youth Sunday At St. Stephen's

by Betty Garner

March 19th was St. Stephen's annual Youth Sunday. Many young people assisted in the 8:15, 9:30, and 11 AM services. Some of the participants were Robin Fitz,

Ellen and Billy Eberhardt, Kenneth Ritter, Lorraine Jurgens, Heidi Mathney, Elaine Perez, Janine Endsley, and Gary Nardin.

This year, Youth Sunday coincided with the Sunday evening Folk Rock service, as well as being St. Stephen's turn to entertain the young people from four other Lutheran churches. We call this activity our Cluster Group. Pam Schaub, Donna Mathews, and Charlie Testa were all active in planning the Cluster Group activities, which were coordinated with the folk service. Charlie wrote a skit which was presented as the sermon, and was quite effective. It was a parody on "All in the Family", in which Richard Christ was a natural to

play the part of Archie. Donna Mathews was his ding-bat wife; Betty Garner and Gary Nardin portrayed Annie and Oscar respectively. The skit entailed Archie complaining first about long hair, then "Commies", "weirdos", and finally the church, claiming that all they wanted was "money, money, money." A workable alternative was reached at the conclusion. Instead of donating money, he donated something even more precious—his time. Archie signed up to be an usher, and everyone was content, at least temporarily.

A group of members of Trinity Lutheran Church prepare for the Paschal Supper with Pastor Krahn. On Wednesday, March 15th, the ladies of Trinity Lutheran Church, 40 West

Nicholai Street, Hicksville, N.Y., sponsored a Paschal Supper for the entire congregation. Over 250 members and friends feasted on the traditional foods of the Seder: lamb, matzoh, bitter herbs, charoses and wine. Then as Christ instituted the Lord's Supper on Maundy Thursday, Pastor John Krahn lead the congregation in the act of Holy Communion.

XPNCTOC BOCKPEC is Happy Easter in the language of the Ukrainians. When you enter the Hicksville Public Library that is what greets you in the form of Easter eggs, greeting cards, pussy-willows (that are used on Palm Sunday instead of the traditional palms in the Roman Catholic Church, because palms are not grown in the Ukraine), Easter bread, candle holders, tablecloths, etc.

The library is very pleased to have an Arts and Crafts exhibit on display in the lobby showcase loaned by Mrs. X. Zarycky of the Ukrainian Womens League of America.

The Easter bread is called Paska, the beautifully hand

decorated eggs are called Pysanky. In the April issue of National Geographic magazine is an article on the traditional Easter in a Ukrainian home, with directions on how to color the eggs.

This display will be in the library lobby through the Easter season. Be sure to stop and admire the magnificent needlework in the blouse made and worn for more than 25 years, and the pillows in use for even longer than that, some of the table covers were made as recently as this year. These people, even though they left their homeland many years ago, are not forgetting their customs and traditions in their new land.

porarily.

After the skit, folk songs were sung with music provided by Janice Adams, Raymond Sceli, Judy Gauthier, Mike Endsley, and Kenneth Amundsen. We took communion with bread Lorraine Jurgens had baked, and the wine was taken from a common cup. Communion took longer than we had anticipated, as there were roughly 160 people in attendance. Considering the size of the church, that was an unusually large showing for a folk service.

High School students from Redeemer, Gloria Dei, Faith, and St. Luke's Lutheran churches came to the service and stayed for a Cluster Group afterwards. Lorraine Jurgens planned the dinner, which served about 100 people. All the food was donated by members of the church. Our special thanks to them, and to Mr. and Mrs. Frank Adams and Mrs. Gladys Jurgens for taking care of the kitchen.

After dinner, we viewed a short film entitled "The Soldier", it's only players being William Shatner and a seagull. It's soul purpose was to present the facts in a way which one would have to

draw one's own conclusions. The film shows a soldier lying on the ground, who, upon waking, walks down the beach. His battalion is not in sight, nor does he seem to be looking for it. He comes across a seagull and offers it a bit of a chocolate bar. The bird approaches him somewhat warily, takes the morsel, and flies away. The soldier throws the rest of the bar into the sky, and in doing so, is shot by some unseen enemy. The action is slowed to an almost unbearable speed, and the victim falls ever so slowly to the sand. Anyone who didn't get some sort of chills up his spine while watching "The Soldier" can't be entirely human. The film was concluded by the seagull standing near the corpse and

regarding it with curiosity, while in the background the 42nd psalm was being read.

Directly after the film, we broke into discussion groups to talk about what we'd seen. Although everyone had different opinions as to what the film was trying to say, some very interesting interpretations were aired. After discussing the film, we saw it a second time to gain a deeper understanding of it.

We have enjoyed making new friends through our Cluster Group experiences, and we hope to see each other again at our Spring Dance to be held on May 6, at 7:30 PM in the Social Hall.

If you missed out on this year's activities, be sure to make time for Youth Sunday 1973!

Plainview-Old Bethpage High School News

What better place to study American Theater than in the capital of World Drama, New York City. Mr. Peter DeNinno is having his students in the American Theater Interest Unit savor the latest of the American dramatists with "Lenny", "One Flew Over the Cuckoo's Nest", "Follies", and Shakespeare's "King Lear". With these plays behind them, Mr. DeNinno and his classes look forward to "Love Me, Love My Children" and "Sleuth", among others. The students present reports on their visits and their views in general on the American Theater, past and present. They feel fortunate in getting the feel of the spirit of America on the stage and in the atmosphere of New York's vibrancy.

The Library Department has embarked on a series of Library Forums. These forums which take place in the library during the 8th period are intended to involve students and faculty in discussions of current problems as well as to provide programs of cultural interest. We have discovered that the Plainview-Old Bethpage High School is rich in faculty who are expert in many areas and who have traveled extensively.

The first event in the series took place on March 8th. Three members of the faculty, Mrs. Eleanor Carlson, Mrs. Yves LeMay and Mrs. Edith Lustgarten, discussed "How things look abroad as seen by members of the Plainview-Old Bethpage High School faculty." The Soviet Union and Austria were the countries covered in detail. A small audience of students and faculty attended and reacted with questions and comments. The moderator was David Cohen, Librarian. The speakers told of their experiences and indicated differences and similarities in cultures. One question that aroused interesting comment was, "Did you see any signs of Neo-Nazism in Austria?"

The next program which will take place on March 28th, will be a Chamber Music Concert by soloists and members of the high school string orchestra. This group, led by faculty member Melvin Berger, will play a program of music by Purcell, Bach and Beethoven.

In keeping with National Library Week, April 19th, the Library Forum will have a program of authors discussing their own works. All of these authors are members of our faculty. Among those expected are Mr. Melvin Berger, Mr. Howard Carstens, Mr. David Linton, and Mr. Leroy Ramsey. These speakers, we anticipate, will stimulate an exciting discussion by the audience.

Members of the Plainview-Old Bethpage High School chapter of D.E.C.A. (Distributive Education Clubs of America) took part in the annual Lily Tag Days Coin Cannister Drive, sponsored by the Nassau Society for Crippled Children and Adults, on March 17th and 18th in various shopping centers of the Plainview-Old Bethpage area. Chairman of the drive in the high school was Michael Zeff. Those students who volunteered to collect money were Larry Richek, Richard Stern, Nancy Steffanie, Gary Kaye, and Jane Glanning.

On March 15th, Mrs. Prescott, Supervisor of Nursing at Central General Hospital in Plainview, invited students from Plainview-Old Bethpage High School interested in health careers to tour facilities at the hospital. Mr. Becker, Vocational Counselor,

and Mrs. McNeil, School Nurse, accompanied 25 students who had expressed interest in attending. The tour consisted of visiting the medical records office, X-Ray department, emergency room, EKG, pharmacy, and one of the wards. A brief talk on the educational requirements, starting salary and need for the person in charge of the department. A visit was made to the diet kitchen and a brief talk given by the Housekeeper for the hospital. Students were encouraged to ask questions in their area of interest. Refreshments were served at the end of the tour.

MODEL UNITED NATIONS CONFERENCE

Twelve Plainview High School students and two teacher chaperones travelled by bus to Cambridge, Massachusetts to attend the Harvard Model United Nations Conference held for four days commencing March 16th.

The meetings ran continuously from Thursday evening to Sunday afternoon, with a few hours open on Friday for sight-seeing. There were bloc meetings, committee meetings, General Assembly, Security Council, and International Court of Justice sessions. The purpose of HMUN is to simulate as closely as possible the workings of the United Nations, thereby letting students discover for themselves how the international organization works. They learn the intricacies of foreign policy, the finesse needed for foreign diplomacy, and the game of backroom politicking, as they find themselves involved in deals and compromises to attain certain domestic goals.

HMUN is an educational experience for two other reasons. The first is the experience of meeting many new people from different places, making friends, and learning to fend for oneself in an unfamiliar city. The second, perhaps more important reason, is that the four-day conference is only the culmination of months of work, during which students learned how to raise money to finance the trip, researched their country assignments, and planned the four-day excursion to Massachusetts.

The trips were financed by the Students with the assistance of a small subsidy from the Board of Education and an allotment from the Student Government funds. Fund raising started at the beginning of the school year with after-school pretzel sales. Two film festivals were held and new club members were recruited.

Because the United Nations Club won awards last year for their excellent delegation they were given the honor this year of being assigned U.S.A. as one of their two countries. On the whole, HMUN was an enjoyable educational experience for all those involved. With a little luck the Plainview United Nations Club will continue to grow, adding more students to its ranks, and bringing added academic honors to Plainview-Old Bethpage High School.

Students of the BUSINESS EDUCATION DEPARTMENT were invited to hear guest speakers last week. On March 22nd, Mr. Albert E. Haas, Professor and Chairman of the Business Division of the State University at Farmingdale spoke to the students about curriculum at Farmingdale. He directed his talk especially to those business students who are thinking of careers in business administration, data processing, (Continued on Page 15)

Long Island Game Farm Opens April 1

Metropolitan New York's Long Island Game Farm, with hundreds of animals to be seen, petted and fed by visitors, officially opens to the public April 1 with its biggest season.

Located on Chapman Boulevard in Manorville, just off Exit 70 of the Long Island Expressway, the Long Island Game Farm population includes rare and exotic animals as well as the more common species. Buffalo, llama, elk, prairie dogs, camel and monkeys, as well as the farm's "Bambiland" with herds of wild and semi-tamed deer and "Old McDonald's Farm" and the familiar farmyard animals which inhabit it, provide the perfect setting for a family outing any day of the week.

Long Island Game Farm Director Stanley Novak said the facility would be open from 9 AM to 6 PM daily including holidays and called the 1972 season "the biggest and best ever at the farm." He explained that "later this year we will provide a very entertaining educational animal act for children and their parents." Mr. Novak added that over 5,000 flowers and flowering plants

were added to the farm during the off-season and that "visitors would be delighted with the color we expect the facility to have during 1972."

The farm has proved to be a popular attraction because of its rustic setting and the philosophy upon which it is operated. Located amid hundreds of virgin rolling acres in one of the wildest areas yet to be found on Long Island, tall pine trees provide a covering for the natural setting of woodland nature trails which lead visitors on a pleasant journey "of animal" discovery. Many of the signs throughout the facility read "Please Touch" and visitors are permitted to actually pet and feed a variety of animals. The farm's "Nursery" provides the means for young and old to hand-feed baby animals which are constantly being born at the farm. These include deer, sheep and goats.

Admission to the Long Island Game Farm is \$2.00 for adults and \$1.25 for children aged 5 to 14. Children under five are admitted free. The facility will remain open until November.

The ages of the Girls are from 9 years to 17 years of age.

Coliseum Plans Mapped

Nassau County Executive Ralph G. Caso and coaches of the Section 8 Athletic Council met to map plans to bring championship high school sports to the Nassau Veterans Memorial Coliseum. Caso and the coaches, along with coliseum manager Earl Duryea, met for more than an hour in the county executive's office, making tentative plans to stage tournament basketball, wrestling and track into the new arena next year. The session with the council, which is the governing body for all high school sports in Nassau, was the outgrowth of a discussion which Caso and high school coaches had more than a month ago to find ways to book the schools into the county facility.

"Flexibility is the key to our plans," Caso said during the meeting. "We will work it out, and while it is, of course, not possible to get regular high school games into the coliseum

because of the tremendous cost just to open the arena," we will find a way to get the championships in there," he added. The coaches and the county executive made tentative plans to meet again sometime in July, after the schedules of the New York Nets basketball team and New York Islanders hockey team are formed.

Meeting with Caso were Marc Martone of Carey High School of Franklin Square, the spokesman for the council; Nick Sabetto of Mepham High School, representing wrestling; Al Whitney of Port Washington, representing basketball, and Joseph Martini of Uniondale High School, who is representing indoor track. Speaking for the coaches, Martone expressed appreciation to Caso for his concern and cooperation. "There has never been a doubt in our minds that you would do all possible to help us," Martone said.

FAA Offers Free Course To Pilots

A free 12-hour course in the principles of air traffic control is being offered to instrument rated pilots by the Federal Aviation Administration at the Air Route Traffic Control Center, Islip-MacArthur Airport, Bohemia, Long Island.

The course, known as "Operation Rain Check East," is also available to students taking instrument instruction. It is held Monday through Thursday evenings from 7 to 10 P.M.

Applications to enroll in the course may be obtained by calling the FAA weekdays between 9 A.M. and 5 P.M. at (516) 588-1000, extension 227, or by writing to: Federal Aviation Administration, New York Air Route Traffic Control Center, Islip - MacArthur Airport, Ronkonkoma, N.Y. 11779.

Among the topics covered during the four three-hour sessions are flight plan processing, radar services, navigational aids, terminal control area flying, control of instrument air traffic at airports and in the en route stages, and accident prevention. Participants also will be permitted to sit at a radar scope with an air traffic controller to observe the actual control of air traffic.

Questions and Answers

(Courtesy of Hicksville Public Library)

Question: Now that Spring is here and the baseball season is in full swing, is it true that baseball is not an American game?

Answer: Legend has it that Abner Doubleday invented baseball in Cooperstown, N.Y. in 1839, but historians going back have found a description of a game called baseball in the "Little Pretty Pocket-Book" published in 1744, also in a volume published in London in 1829, the game was described by William Clarke. Authorities maintain that the game was an

offshoot of the English 'rounders' an offshoot of 'cricket'. Although baseball grew up in the U.S. and had many American embellishments, it unquestionably is an adaptation of a game that has been played for centuries in England.

THE HOME ECONOMICS 8th grade students, under the direction of Mrs. A. Amato, Miss M. Bohan, Mrs. T. Giannante, attended a special assembly program on Thursday, March 23rd. Mr. Fink, Industrial Arts teacher in the Hicksville Junior High and Fire Chief, Town of Brookhaven, directed the

program. Chief Fink dealt specifically with Fire Safety as related to babysitting. Slides were shown and discussed, as well as some realistic set-up situations that could prove hazardous. Booklets explaining "Operation Edith" (Emergency Drill in the Home) were distributed. It was an informative session, enjoyed by all. Pictured: Mrs. T. Giannante, Mr. Fink and Mrs. A. Amato (L-R)

and secretarial science. Fifty students attended and were able to question Mr. Haas directly with requirements for admission to the State University at Farmingdale.

Mrs. Ann Bill, Admissions Director at Hicksville Berkeley-Clearmont spoke to the students on March 2nd. Mrs. Bill, a vivacious and gracious speaker, spoke to the interested secretarial students about secretarial duties and practices and emphasized the career opportunities that may be attained. Berkeley-Clearmont awards an associate degree.

Katherine Gibbs Secretarial School has opened a new branch of its famous school at Melville, Long Island. Miss Mary Alice Cook, Admissions and Placement Director, spoke to the students on March 28th. Her speech was both instructional and inspiring to the business students who are interested in further education in secretarial studies.

The speakers were invited to aid students in their choice of further education in the field of business.

SPORTS (by Steve Sadetsky)

The Plainview High baseball team defeated Oyster Bay 7-4 on the afternoon of March 27th. Dave Rose pitched the season's opener and was credited with the win. Steve Tipa relieved Rose in the seventh inning to pick up the save. Strong performances were exhibited by Mark Liguori (two hits and two r.b.i.'s) and George Fortmuller (two r.b.i.'s). Both players were instrumental in the five run fifth inning, driving home two runs each. Tom Perdue was on base three times and stole two bases. The Gulls varsity is composed of SENIORS: Mark Liguori (captain), Jim Carey (captain), Tom Perdue, Bob Mastronardi, George Fortmuller, Dan Frank, Bruce Convisar, Bruce Harris, Dave Rose. JUNIORS: Stephen Morello, Jim Maccaro, Alan Ezagui, Fred Doyle, Drew Cacciola, and SOPH Steve Tipa. The Gulls are hoping for the North Shore Two Crown, the first in Plainview's history.

Both snapshots and polaroid pictures may be submitted for use in THE HERALD, but they must be clear. THE HERALD deadline is Wednesday at noon.

On The Campus

Gertz Hosts Hicksville Students

Hicksville High School students, Ninette Cuzzaniti and Elaine Riebe, became executives at Gertz Department Store last Thursday, March 16.

The girls' visit was part of a cooperative "Shadow" program developed by the general manager of the Mid-Island Plaza store, Mr. D.N. Schlesinger, and the school's distributive education teachers, Mr. Murray Goldstein and Mr. Richard Austin. The students were permitted to tour the store all day, under the guidance of various executives, obtaining at first hand the knowledge of store operations that they had been learning about in the classroom.

Like other employees on their first day, Misses Cuzzaniti and Riebe were instructed to report to the Personnel Office at 10 A.M. where they were met by Mrs. Eda Schmitt, and given a brief indoctrination of store policy and regulations. Then they were assigned to various executives, with whom to perform assorted duties that would serve as a sample of life at the big store.

The Shadow Program will continue over the next 3 weeks, involving two students at a time. Scheduled for future trips are Susan Cressman, Linda

Willet Avenue School News

At their General Meeting, the Willet Avenue P. T. A. will have a Food Tasting Festival. This will be held on Monday, April 10th at 8:00 P.M. The food will be donated by parents and teachers. Please do not report this to the "Weight Watchers!"

"Open House Week"

Nassau Police Commissioner Louis J. Frank announced that the County Police will host "Open House Week" tours of Police Headquarters beginning Monday, April 3, through Saturday, April 8, inclusive.

"We cordially invite the public", Frank said, "to tour police headquarters and view the many specialized areas of law enforcement."

The public is invited to tour Police Headquarters from 10:00 A.M. to 4:00 P.M., and no prior arrangements are necessary during open house week. Persons interested in touring the headquarters facilities will be met by school crossing guards or police cadets at the reception

desk, inside the main entrance, Police Headquarters, 1490 Franklin Avenue, Mineola, and escorted to each exhibit. The tour takes about one hour.

Visitors will be shown through the communication center, the scientific investigation laboratory, the emergency equipment section, the police indoor pistol range, and also a special exhibit area.

Each exhibit section is staffed by experienced police officers who will explain the function of their bureau. Timely police brochures and pamphlets will also be distributed.

Last year open house week attracted over 5,000 visitors to the headquarter's exhibits.

Navy Inaugurates Three Year Enlistments

The U. S. Navy Recruiting Station in Levittown, New York announced today the three year enlistment program by the U. S. Navy.

The new program has two enlistment options, titled the "Seafarer" and "Airman" programs and are designed specifically for the young man who desires to serve in the challenging environment of the sea, without incurring the longer active duty commitment imposed by attendance at an advanced training school.

The programs can guarantee duty with one of the Navy's seagoing units - whether that be a guided-missile destroyer operating in the Pacific Ocean, or a sophisticated aircraft squadron embarked on an aircraft carrier in the Mediterranean Sea. It opens the horizons of the seas or the spaciousness of the skies to additional young men.

The Navy has openings in March for 2,279 men in the Seafarer program and 1,456 in the Airman program.

Under the Seafarer program, young men will be guaranteed duty on board a ship operating from the coast of their choice. Rather than attending a "Class A", or an advance training

school, after recruit training, men will receive on-the-job training in one of three apprenticeships: Seaman (general shipboard duties); Fireman (engineering assignments); or Constructionman (Seabee or construction trade assignments).

A young man in the airman program is guaranteed assignment to an aviation unit on the coast of his choice. Duty may be to a Naval Air installation, aircraft carrier crew, or an aircraft squadron embarked in an aircraft carrier.

Both the Seafarer and Airman programs are open to 17-year-olds who are high school graduates, or 18 to 31-year-olds who hold a high school diploma or an equivalency. (Waivers may be granted to non-high school graduates who score high enough on entrance examinations.)

All enlistments will be to paygrade E-1, with a beginning salary of \$288.00 per month, plus housing, meals, medical care, uniform allowances and other military entitlements.

Men in the Seafarer or Airman programs who later desire to attend an advanced training school will be permitted to apply, provided they contract for the additional service obligation required for school.

NEW YORK'S FINEST: Respected guests Lieutenant and Mrs. Thomas Patrick McCormack of Hicksville let their Irish eyes smile as Town of Oyster Bay Supervisor John W. Burke presented Lieutenant

McCormack with a proclamation honoring his dedication to law and order as a member of the New York Police Department. The presentation was held at the Massapequa Park Ancient Order of Hibernians Annual St. Patrick's Day Dinner Dance.
