**Hicksville Democratic Club To Host Yevoli and Schafer**

In a continuation of its program to present topical meetings and discussions The Edward J. Giannelli Regular Democratic Club of Hicksville will host Oyster Bay Town Councilman Lewis J. Yevoli and Don Schafer, Nassau Chairman of the New Democratic Coalition at their meeting on Thursday evening April 20, 1972 at the Knights Of Columbus Hall, 45 Heitz Place, Hicksville, L.I. N.Y.

According to Fred Hagemann, chairman of the program committee the two guests will discuss the many issues and conflicts that separate the Coalition Democrats and the Regular Democrats.

Mr. Hagemann further stated that George V. O'Haire former Oyster Bay Deputy Town Supervisor will act as moderator for the evenings discussion.

The meeting will be open to all those wishing to attend.

**Opening Day Ceremonies Sunday, April 23**

The Hicksville International Little League will conduct Opening Day Ceremonies at the Lee Ave. School fields on Sunday, April 23 at 12:00 noon. Councilman Warren Doolittle and Assemblyman Marty Ginsberg will join the Little Leaguers and their families in the ceremonies to inaugurate the 1972 baseball season. The Hicksville Junior High School Band will be on hand to lead the boys in a short parade. Refreshments will be available and all mothers are asked to bake a cake for the Ladies Auxiliary Cake Sale.

The league would like to express its appreciation to the following businesses and organizations which have provided their financial support to make our program possible:

**SENIORS:** Parr & Hanson Trees; Hicksville Dairy; and Worlds Fair Liquors.

**MAJORS:** Goldman Bros., Perkins Trucking, Troiano Express, and Chas. Wagner Post American Legion.

**MINORS:** Hicksville Pennysaver; Faragon Oil; Hills Supermarkets; L.I. National Bank; Marder Shell Service; and Cerone Floor Covering.

**FARMS:** H & S Auto Salvage; Respiratory Care Group; Island Star Restaurant; Smith Pharmacy; Ancient Order of Hibernians; Frank's Alibi; So. B'way Carvel; and Steve's American Serv.

**Republican Club To Meet**

The Teen-Age Republicans of Hicksville will hold their regular monthly meeting on Friday April 21st at 8:00 p.m. The meeting will be held at the Seaman Eisemann Building 167 Broadway, Hicksville.

**Ballet Comes To Hicksville**

The Children's Room of the Hicksville Library invites children and their parents to "The Enchanted Bird", a ballet presented by the Tietjen Ballet Company.

Everyone is welcome to this colorful presentation on Friday evening, April 21, at 8 o'clock.

**Environmental Expert Urges  
Planners To Oppose  
Construction Of Bridge**

Oyster Bay Town's Director of Environmental Control, David Mafri, urged the Nassau County Planning Commission to take a stand opposing construction of the proposed bridge across the Long Island Sound from Oyster Bay to Rye.

Mafri attacked the proposed bridge from a variety of environmental considerations including noise pollution, oil

pollution, air pollution, preservation of the shellfish industry, conservation of the wetlands and aesthetic considerations, during testimony he offered as a technical expert during hearings held by the planning commission in Mineola.

The Town representative hammered away at conflicts and incongruities in the state-authorized Creighton, Hamburg

Inc., report on the bridge and issued the following warnings:

—Oyster Bay Harbor would, as a result of the drainage and oil drippings from the bridge, undergo a dramatic change in its water quality which would literally wipe out this area for shellfishing.

—The quantities of carbon monoxide, nitrogen dioxide and hydro-carbons and particulates generated by the projected volumes of traffic over each travelled mile would be equivalent to the allowable particulate emission from a 500-ton per day incinerator (N.Y. State Air Pollution and Nassau County Standards)

—Traffic projections indicate that by the year 1975, vehicles will be passing a given point on this six-lane highway at a rate of 24 per second.

Mafri is a public health engineer who was employed by the New York City Department of Health (1968-71) and the Nassau County Department of Health (1967-71) before being named by Supervisor John W. Burke to head the Town's Environmental Control Division last year.

He is Executive Secretary of the Town of Oyster Bay Environmental Control Commission and is a member of the Nassau County Environmental Management Council.

**Summer  
Elementary School**

Principal, Frank E. Burke, announced that Hicksville's Primary Learning Centers will again be open at each of the District's eight elementary schools.

Children presently in Kindergarten and Grade One are recommended by the home school (parochial or public) for this program.

In the same manner of referral, children in grades 2, 3, 4 and 5 attend the remedial reading program that is located, this year, at the Lee Avenue School.

Both programs start Wednesday, July 5th and end August 2nd, for a total of 21 days of pupil attendance.

Two sessions are planned for both programs: 9:10-10:30 A.M. and 10:30-12:00 Noon, daily.

Parents will be notified in several weeks, if their child is referred for either program.

The Speech program will also be held at the Lee Avenue School from 9:00 A.M.-12:00 Noon, with specific time blocks to be determined at a later date.

There is a \$3.00 fee for the above programs payable prior to the registration deadline of Friday, May 26th.

**Gem & Mineral Show April 29-30**

The Gregory Museum of Hicksville will hold a "Gem & Mineral" show on Saturday, April 29th, and Sunday, April 30th, 1972, at the Hicksville High School, Division Avenue, Hicksville, New York. Show hours will be 10:00 A.M. to 8:00 P.M. Saturday, and 10:00 A.M. to 6:00 P.M. Sunday. The theme of the show is "OUR MINERAL HERITAGE" and will abound with educational and school exhibits. Retail Gem & Mineral dealers with a large variety of materials will be on hand, as well as demonstrations of faceting, cabbing, micromounting, silversmithing, photomicrography, and photomacrography. There will be a series of illustrated lectures on all phases of mineralogy, geology, ecology, etc. by experts in these fields. Grumman Aerospace Corp. of Bethpage is exhibiting a 4 foot replica of the Lunar Space Module, plus a number of colored photos taken on the moon. Door prizes will be drawn every hour. Grab bags for children will be available. A lady's amethyst 14K gold ring with a beautiful "Scintillated Brilliant" cut stone, a tumbler, and a pair of "amethyst geodes", will be raffled off at the show. The Curator of the Gregory Museum will be on hand to identify rock & mineral specimens brought by the public.

Heitz Place Court House in Hicksville. The museum, which serves 65 school districts, has outgrown its present premises and cannot accommodate all the groups and individuals requesting tours, nor can it display all the specimens it has collected. Both amateur and professional hobbyists, as well as the average family, will gain an enriching experience by attending the show. For further information, call OV1-6941.

# National Library Week, April 17-22

The slogan is "The library brings it all together." In a very real sense we believe the Hicksville Public Library does bring it all together - not just the information that is so vital to the community, but the community itself. An information center we are able with the 175,000 volumes in our collection to aid the homeowner, student, professional man and housewife, and all of the many other age and occupational groups to perform their daily tasks better and lead more productive lives. We also try to reach those people of the community who are not able to take advantage of our normal facilities. Special visits to the

homebound and service to the blind have long been offered. We try also to fill the vital role of a center of culture and community activities where citizens may meet, enjoy and discuss the art, music and films that influence us and our society. The library, in addition to presenting many special programs of this nature also serves as a meeting center for some 42 community organizations many of whom use the facilities on a regular basis. We serve as host to the Hicksville Community Council, an organization of community leaders and interested citizens who meet each month to discuss the functions and problems of

various public service agencies of the Town. The Nassau Police Department, the local Fire Department, the Board of Education, the Internal Revenue Service, and the Town Planning Commission have all sent representatives to speak before this group.

In these and other ways the Hicksville Library have attempted to bring us all together. A community's character is very often measured by the quality of the public services, the libraries, schools, hospitals, transportation facilities, etc. We hope that we have done our part to make Hicksville a little better place to live.

# The Saint Ignatius Girl Cadet Corp

For more than 13 years we, the girls of St. Ignatius Girls Cadet Corps, have represented Hicksville at many competitions and parades. We are proud of our accomplishments and would like to take this opportunity to sincerely thank all of our supporters; for it is because of you that we have had the chance to grow as an organization and to develop as individuals.

In 1971, we were the Nassau American Legion Jr. Champions and we were selected as the best corps at New York City's St. Patrick Day Parade. Third place was ours at the United States Open and the World Open Competition held at Marion, Ohio and at Lynn, Massachusetts, respectively. The corps travelled to, and performed memorably, at other events throughout New York, New Jersey and Connecticut.

Who would have thought that the 120 girls who volunteered to participate in a new drum and bugle corps back in November, 1958 would someday develop into a world-class organization? For sure, one man did... Mr. Thomas Costa, our director. He coaxed us, he disciplined us, but most of all he guided us. His patience and tolerance were really unbelievable in those early days. At first we learned that the opposite of our left foot was our right foot, although we were so clumsy that we sometimes forgot. Our music came next and in the next few years we progressed from what can only charitably be described as noise to the performance of

enjoyable music. With the backing of our many supporters, we received beautiful uniforms; our instruments were thebest that money could buy.

In 1965, we competed for the first time; the place was Gaelic Park in the Bronx. We lost the contest but we felt that we had won something more important. We learned that through our performance we had brought pleasure to the spectators and we realized at that moment that our hard work had reflected well on our families, our church and community, and on ourselves.

We felt that all we would need was more practice and that we would be winners. In 1966, we were ranked third in the nation at a contest held in Washington,

D.C.; we had already won the competition at the American Legion Convention in Albany. We went on to win the Nassau American Legion competitions in 1968, 1969, and 1970.

What a feeling it is to be recognized as one of the best in what you do! We have tried, and will continue to try, to make Hicksville proud of us. We believe that back in 1958, that Monsignor Bitterman and Mr. Costa, in founding our corps had more than one motive. We believe, that beside loving music and their community, they wanted to prove that the "younger generation" was not "lost," and that we could and would make the sacrifices necessary to achieve championship form.

"LEADERS AND MEMBERS of the "Birthright" and "Right to Life" anti-abortion groups from the mid-island area are shown before leaving from Sears, on Sunday, to take part in the large New York City Knights of Columbus-sponsored parade and rally to repeal the Abortion Law. (L to r) Aundrea Sadler, Mrs. Paul Vetrano; Mrs. Patricia Shea, a founder of the "Bir-

thright" group; Lawrence LaMara, Bruce Duncan, and Mary Anne Ellinger leaders in the "Right to Life" movement. Also participating in the demonstration from Hicksville were the Joseph Barry Council, Knights of Columbus, the St. Ignatius Girls' Cadet Band and members of the clergy.

BRINGING HOME THE BLUE RIBBON: Jerry Fairclough, left, took first place honors at the recent Second Annual Art Festival held at the Gregory Museum in Hicksville. Admiring Mr. Fairclough's entry, from left to right, are General Chairman of the show Mr. Elliott Fairbanks, Town of Oyster Bay Councilman Warren M. Doolittle and Mr. Gardiner Gregory.

PRIZE EASTER EGGS: A traveling exhibit of the prize-winning decorated Easter eggs entered in a contest at the Greenlawn office of the Long Island National Bank is proudly displayed, by James C. Dinkelacker, "president of the bank. The exhibit of the 25 best entries of some 800 will be shown

at the bank's eleven offices in Nassau and Suffolk counties in the coming weeks. It is on display till April 21 at the bank's main branch at 11 Broadway in Hicksville. The contest is part of the banks celebration of the 55th anniversary of its founding. (Graphic News Photos.)

## HICKSVILLE AMERICAN LITTLE LEAGUE INC.

Once again the familiar cry "Play Ball" will echo in another season of Little League baseball, but before we can start we need help from you, the good people of Hicksville. You have always come thru in the past so I know you will come thru again.

Our problem is a small one to you but a very big one to us. We need umpires badly. Any boy 17 years or over is eligible, their voluntary contributions will be justly rewarded. We also need managers for our A League, our minor league you might say. This is the league that molds boys into ballplayers and could very well

be the start of their baseball career. Also we need sportswriters to cover our games. Anyone interested please contact Dick Eaton 681-4097 or Bob Willis GE 3-9329.

Remember we have a brand new Senior League starting this season, it will consist of a major senior league and a minor senior league each one having two teams under the watchful eyes of some of our finest managers.

But most of all we need you, the fans of Little League without whom their would be no baseball. I have sat on the sidelines and watched these youngsters

especially the younger ones, the expression of delight on their faces when they see their mothers, fathers, sisters, brothers and friends come out to cheer them on. This is something a painter could not put on canvas. So remember to come out and see baseball at its best in Hicksville.

The schedule will be published at a later date along with our new sponsors, so remember to support our sponsors because they are helping Hicksville too. Here is the numbers to call if you want to help us with becoming umpires managers, or sportswriters. Dick Eaton 681-4097 or Bob Willis GE 3-9329.....

## Marina Available To Nassau County

The Town Board passed a resolution permitting the Nassau County Department of Health to park its mobile laboratory in a boat slip at the Tappan Beach Marina. Nassau County had petitioned the Board by a letter dated March 10, 1972 for the use of the

boat slip for the purpose of conducting a study of the quality of the waters in Hempstead Harbor.

Town Supervisor John W. Burke and the Board passed the resolution with the stipulations that the parking area will be designated by the town, and that

the electric hook-up for the operation of the mobile laboratory will be installed and maintained by the Nassau County Department of Health.

The use of the boat slip and parking area will be available at no charge from April 15 through September 30, 1972.

## High School Drama Cadets Successful

Plainview High School's Drama Cadets, following last year's successful, "Hello Dolly" have another hit in the making with the much acclaimed Broadway musical "Fiddler On The Roof."

Set for four performances on April 28 and 29 and again on May 5 and 6, the production will be staged in the Plainview High School Auditorium on Southern

Parkway at 8:15 p.m. on each of those dates.

The role of Tevya is being played by Jay Leister, with Gail Klein Steiner as Golde. The supporting cast includes Ralph Potente as Perchick, Jane Margules in the role of Hotel and Pat Iallegio as Tzvetel.

Based on Sholom Aleichem's stories, the Plainview production (Continued on Page 7)

## Keep America Beautiful Day

Girl Scouts of our Council are sponsoring a Neighborhood Ecology program as part of the National program to make April 29th a giant effort in combatting pollution.

A halting of all private traffic for 60 seconds at noon on April 29th, to emphasize the need for more mass transit, bicycling and walking to help control air pollution.

This public service program will see all local, civic, school, business and governmental agencies joining forces with Girl Scouts and other private citizens in cleaning up their towns.

Waste paper, as well as aluminum cans and beverage bottles will all be collected for delivery to reclamation centers.

General clean-up of all "eyesore" areas will be undertaken. Mass planting of bulbs, soil conservation work, and installation of litter containers will be instituted.

We commend our GIRL SCOUTS and urge your support of "ECO ACTION" on April 29th.

## On Abandoned Auto Legislation

Visual pollution has been dealt a blow with passage in the New York State Senate of a bill introduced by Senator John D. Caemmerer (R-East Williston) that clamps down on the owners of abandoned automobiles.

Caemmerer's legislation, now under consideration by the Assembly, prevents a car owner from re-registering his vehicle until he has paid the local municipality for the "removal, storage, and/or disposal of the abandoned automobile."

Commenting on his proposal, Caemmerer, Chairman of the Senate Standing Committee on Motor Vehicles and Transportation, said, "Time after time we see the sad act of the irresponsible car owner who, with no thought to his fellow citizens, has dumped his car by the side of the road and left it to rot. This action, on the part of the New York State Senate, will serve notice on all such people that, if they have no regard for the sensibility and inconvenience of others, we do!"

Caemmerer added: "Aside from the blight on the landscape an abandoned vehicle presents, there is the time and trouble caused the local authority who has to remove it. Perhaps, by fining the culprit, in addition to permitting a municipality to charge him for the cost of handling his deserted car, we can encourage him to get rid of his own junk."

In an effort to protect the innocent, Caemmerer's action purposely does not include the last registered owner of a stolen vehicle who has filed a report of the theft with the appropriate police authorities.

## Tobay Construction Costs Reported

Town Councilman Gregory W. Carman announced that figures compiled by the Town Building Department indicate that the cost of construction work in the Town during the month of March reached \$1,466,745. Family

dwellings and alterations and additions accounted for approximately 75 per cent of this total.

Carman said that the figures were based on the 190 building permits issued during this period.

# LETTERS TO THE EDITOR

Dear Editor:

I read with interest your article on the most recent fire at Mid Island Center. To us fire insurance underwriters, this Center is one big headache. To me as a resident of Hicksville who has shopped many times here, I am well aware that this Center is a potential threat to human life. His main reason for this statement is that the 1 story store sections were originally constructed of frame material with no standard fire walls every few stores.

After several serious fires now one would think that the owners of this Center would INSTALL A STANDARD & APPROVED SPRINKLER SYSTEM IN THE STORE SECTIONS. It amazes me to find that the owners installed a sprinkler system in the fairly new MALL but neglected the stores. The premium dollars saved for fire insurance would have by now paid for the sprinkler system. After a while, one begins to think why shop at a place that is always, it seems like, having a fire. I agree with you when you say this is not the last fire here. The Fire Marshall's office should insist now on installation of a sprinkler system to preserve life and property.

Best regards,  
John Gundell

To the Students, Parents & Taxpayers of Hicksville:

On Thursday, April 13, at an assembly program devoted to the control of drug abuse, Mr. Ron Swoboda, baseball athlete, in presenting observations to the students, compared the use of marijuana to the use of alcohol. He indicated that he favored legalizing marijuana on that basis. Alcohol, like drugs, can be abused and has been abused, unfortunately, by millions of individuals throughout the world. Legalizing marijuana would not improve the abuse of alcohol. We do not know, and cannot know, the long-range effects of the use of marijuana. Since we ban items like bicycles, it is prudent to continue the ban on the use of marijuana until its long-range effects can be determined with complete accuracy. This is what occurred in the matter of the use of tobacco.

Mr. Swoboda speaks for himself and expresses an opinion. He does not represent the community, medical or scientific. The students of Hicksville ought not consider Mr. Swoboda's opinions as carrying any more weight than an individual speaking outside of his area of competence. It is indeed unfortunate that such a statement was made at our assembly program.

Dr. Jerome J. Niosi  
Superintendent

Dear Mrs. Noeth:  
On the whole the TOB Sports Talk Against Narcotics and Drugs which featured John Sebmill of the Jets and Ron Swoboda of the Yankees at the Hicksville High School on 4/13/72 was great with one unfortunate exception:

Mr. Swoboda should develop meaningful foundation before volunteering an opinion on a volcanic issue, and even then, certainly, not with an unsuspecting, captive and impressionable teenage student audience, unless proper rebuttal is provided.

However, I was somewhat relieved to see that Mr. Swoboda clarified his position in the following day's news release whereby he was quoted, in part: "If more investigation shows it is no more dangerous than alcohol" he said, "then to take it out of criminal hands, I could see legalizing the drug in the future. To legalize it is not to

# HAUNTED HOUSE

## BETTER HOUSING SOLUTIONS NEEDED

Subsidized housing does not work. After thirty-five years of experimentation, \$11 billion in direct housing subsidies and related programs, such as urban renewal, it has created more problems than it has solved.

Layer upon layer of new programs has added new complications. George Romney, the Secretary of Housing and Urban Development, said to a House subcommittee that "These housing subsidy programs are so complicated that they are practically impossible of administration." He calculated that a \$17,500 apartment unit built under Section 236, with tenants receiving rent supplements, could cost taxpayers anywhere from \$108,358 to \$141,854 over 40 years.

President Nixon's report on housing goals calls for a fresh scrutiny of subsidized housing policies. "Clearly, the public interest demands that the Federal government not stand impassively at the cash register and continue to pay out whatever is necessary to feed runaway inflation of housing costs," the reports says, and it is right.

Now is the time to sharply scrutinize the entire Federal housing operation, detail complete costs, consolidate the many programs, and seek sound solutions.

condone it," he said, "I'm not in favor of a nation of pot heads."  
(4-13-72 LI Press)

Nevertheless, he should acquaint himself with factual information which is common knowledge among veteran police officers down to police rookies - the overwhelming single contributor toward crime is the hard-drug user, and the overwhelming single contributor toward the hard-drug user is the marijuana user, and the most well known killer on the road is alcohol. In other words, the overwhelming majority of our youth who become criminal and/or fatal casualties are those who were flirting with alcohol, marijuana or other drugs.

Therefore, instead of popularizing the idea of legalizing marijuana (whatever the reason) and, in effect, compounding existent problems, Mr. Swoboda should redirect his efforts toward reducing current alcoholic and drug tragedies, and the (do your thing) existentialism that has already overburdened and decimated our youth. Taking "one more thing (grass) from (resourceful) organized crime" is obviously not the answer, but vigorous prosecution and sentencing is!

In closing, I commend that outstanding (unknown) young man who, during the "Question and answer period," in substance, asked Mr. Swoboda what he would do if he knew his children were using marijuana. Mr. Swoboda's answer indicated that it would be a difficult decision, he confessed to not knowing the answer.

Sadly but necessary,  
Charles Fetta -

To the Editor:

I was pleased when I read the letter printed in the April 13th edition of the Herald referring to the Lioacono, McCormack, Pirrung slate. I was disappointed, however, when I read that the name of the writer was withheld on request.

What read as a rational, intelligent appeal became suspect when anonymity was revealed in the closing. Things anonymous are always suspect - and indeed they should be. For he who will not openly support or denounce should not expect his voice to be heard.

I know not why this "riter chose anonymity, but the anonymous negates the force of support because the reader rejects the writer's reluctance to stand up and be counted. It puts the candidates on the defense since it gives the opposition an opportunity to accuse the candidacies of ghost writing the copy or indeed writing it themselves. If the writer is a Hicksville resident, he has a right to voice an opinion on the coming election. If he has the courage of his convictions, he should voice that opinion publicly. If he holds a public office, or if he is associated with an organization, he should realize that holding public office or being associated with an organization in any capacity does not remove his rights as a resident of this town. He can speak, he can write, he can vote. So long as his advocacy represents his views and does purport to represent the views of a particular group or organization, who would dare deny him these rights, or criticize

him for exercising them?  
The campaign for school board trustees is about to begin. The current school board majority has miserably failed the people of Hicksville. For this, I oppose them! I am proud of that opposition! I, and my fellow candidates, Bob Pirrung and Neil McCormack welcome the support of every Hicksville resident, but we want them to proclaim that support openly - we will openly accept it.

think there should be something done about the LACK of litter baskets in our town.

On a recent hike to Cantigue Park we wanted to do a good turn on our way. We had along with us plastic bags which we filled with litter found along the streets.

To our dismay we found after filling the bags there were no litter baskets to dispose of the trash. We did not want to leave them just anyplace, so we had to carry the trash from Broadway and Division Avenue until we reached the railroad station where we were able to find litter baskets. Along the way there was much more litter which we would

## How to speed up slow-running drains...

The many things that make you and your home beautiful also create ugly and expensive plumbing problems. Cosmetics, soaps, detergents — and especially cooking grease and fats — all gang up to clog and slow down your drains. Should you stop using them? Not at all. Just use CPM™, the safe liquid that dissolves grease build-up from your drains down to the sewer. CPM deodorizes too! So keep yourself and your home beautiful. Just give your drains an occasional "beauty bath" too with CPM, the beautiful drain cleaner.

\* CPM IS CONCENTRATED. YOU MIX IT WITH WATER AND APPLY IT THROUGH YOUR BATHROOM BOWLS AND SINK DRAINS. MONEY-BACK GUARANTEED WHEN USED AS DIRECTED.

# Nassau Mall To Open

Nassau County's first enclosed shopping mall acclimatized from conception, will open on Hempstead Turnpike in Levittown, in May. Called Nassau Mall, the shopping center will have 275,000 square feet of selling space, as well as parking for 1,500 cars, according to an announcement today by Sid Feldman of Feldman Brothers, builders and developers of over \$1 billion worth of property.

The 19-acre center already has 65 percent of its space rented, including a 110,000 sq. ft. Rickett's hard goods department store and a 48,000 sq. ft. Pathmark.

It will connect with Crescent Office Park, a million sq. ft. complex of four office buildings.

Now under construction, Crescent Office Park will have many innovative features and environmental advances like executive terraces and employee roof gardens.

Pathmark enjoys the reputation of being one of the best supermarket operations in the Metropolitan Area, while Rickett, a home products department store, is expanding to Long Island from their New Jersey base.

Nassau Mall will offer several unique, community-oriented features. For the tired shoppers, its approach causeway, attractively floored by variegated ceramics, will include rest and seating areas, fountains and gardens.

In addition, for further relaxation, the central Mall dominated by a sky-view dome, contains an exhibition area where various cultural displays will be seen. Scheduled so far are travelling museum exhibits from the Smithsonian Institute and the National Art Museum in Washington.

There will also be a lower level mall area of 20,000 square feet containing a community center seating 200. Under consideration for this section are a public library, a boutique farm and outdoor eating facilities.

The community center is being offered for the use of non-profit organizations such as Senior Citizens, youth and civic groups.

## Opinion Split at Hearing On Ban of Non-Returnables

BY JANET GOSNELL

An overflow crowd had lots to say for and against a proposed ban on cans and non-returnable bottles in Nassau County at a public hearing on the subject at the regular meeting of the Nassau County Board of Supervisors on Monday.

Those against were mostly representatives of the soft drink industry or of labor or merchandising in the industry, while those in favor were individuals, students, teachers and groups interested in the progress and well-being of Nassau's ecological community.

The proposed local law worded on the agenda as relating "to prohibiting the sale of certain non-returnable or disposable beverage containers" was initiated by Alfonso D'Amato, Hempstead Town Supervisor who produced petitions he said contained 24,000 names in favor and only 500 against the ban.

Lead-off speaker William Pearce, vice President of Coca-Cola, called the proposed ban a "diservice to the people of the county," serving no practical purpose, since, he said, soft drink containers account for only 2 percent of the county's solid wastes. He said that over 100 independent distributors, local businessmen, would be severely damaged, and that people would purchase non-returnables outside of the county.

Others who spoke against, citing the damage to labor and the creation of a what might be called a bootleg bottle business, were Ray Kimkowsky, of the United Steelworkers of America, AFL-CIO Local 5640, who said the "cure" would be worse than the disease, and recommended magnetic separation of waste; Robert Doherty, N.Y. Food Merchants Association, who said cost of handling and storing at

**FOR THE BAN:** One of many speakers who spoke in favor of a proposed local law to ban the sale of non-returnable soft drink containers was Martin Cohen, teacher of ecology at Hicksville High School. Opinions were heavy against the ban as well at a public hearing held Monday by the Nassau County Board of Supervisors in Mineola.

retail and wholesale level would be prohibitive, and would be passed on to the consumer; Leo Kirsch, Pres. of Kirsch Beverages, who called the proposed law of "Non-scientific, non-technical, non-solution." He said it might not put people out of work, as D'Amato insisted it would not, but that it would put businesses out of work. "With the technology we have today, I can't believe we're going back to the simplistic approach . . . back to the old way."

A representative of 7-Up said the company had increased its deposit bottles in recent years, and backed up the increase with advertising campaigns. Yet the

bottles were still being thrown away. There were in all, 21 speakers in opposition.

### In Favor

Claire Stern, for the Long Island Environmental Council, endorsed the proposed local law without reservation, and said she hoped for more progress. She said the Suffolk Environmental Council is having a hearing on banning no-returnables this Friday.

Two Hofstra law students, William Signer and Norman Himmelfarb, brought a report for amending and adding to the proposed legislation, which they considered too lenient, and too full of loopholes. Among other things, they recommended fines for retailers who throw the bottles away after have received returnables back. They added that Hempstead's law of mandatory paper separation should be expanded to include glass and metal.

Various ecology groups, clubs and classes, and even the Girl Scouts spoke out in favor of the ban, as did a group called "Residents for a More Beautiful Port Washington."

will also be tours of the campus and a viewing of a film about the College and its capital campaign.

Miss Garfinkle is a graduate of HICKSVILLE Senior High School. At Vassar she is vice-president of the sophomore class, a senator from her dormitory, a member of the Student Activities Committee and of Owl and Torch, a group of students serving as guides for campus visitors.

Richard Kowalchuk, son of Mr. Beh Kowalchuk of 38 Liszt Street, is a prominent member of the Johns Hopkins University varsity lacrosse team. Richard, a sophomore and a graduate of Hicksville High School, runs in the second mid field and is one of the team's highest scorers. Richard who is also a member of the Phi Gamma Delta is pursuing requirements for a degree in social and behavioral sciences.

This year Hopkins is fielding a very young team, with only five starters returning from last

year's varsity. Complementing them and the four other lettermen from the 71 team will be a strong group of sophomores who had an undefeated season last spring. Under the leadership of head coach Bob Scott Hopkins hopes to better its record over last year's three wins and seven losses and eliminate any rumors of its dark horse contention for national honors.

**AT PENN STATE UNIVERSITY**  
Dr. Kirby Jolly performed as a soloist with the Penn State Concert Blue Band on Sunday, April 16, 1972, at University Park, Pa.

Trumpet soloist Dr. Kirby R. Jolly is both a performer and a teacher. For the past two years he has been trumpet soloist at Lincoln Center, and he has been featured as soloist with the Goldman Band, the New York Symphonic Band, and a member of orchestras and bands in Long Island communities.

As a teacher, he has directed bands, orchestras, and music programs at various Long Island schools since 1963. For the past seven years he has been band director and instrumental music teacher at the John F. Kennedy High School. During the past year he founded and directed the Nassau County Teachers Band. Throughout his career he has also been engaged in private instrumental music teaching. Dr. Jolly's wide experience as a professional

musician has included playing with the Syracuse Symphony Orchestra and in orchestras for Broadway musicals, including "Fiorello" and "Do Re Mi".

A graduate of New York City's High School of the Performing Arts, Dr. Jolly received his bachelor of music education degree magna cum laude from Syracuse University, where he also earned the master of science in school administration. He pursued graduate studies in educational administration at Teachers College, Columbia University, and last year received the doctor of philosophy degree in music education from New York University.

Dr. Jolly is a member of the National Education Association, Music Educators National Conference, New York State School Music Association, Nassau Music Educator Association and Long Island Musicians Society.

# Plainview-Old Bethpage High School News

"Togetherness" was the theme of the 20 mile second Annual March of Dimes Walkathon. Among the 7,000 walkers who started from Eisenhower Park at 8:30 A.M. and completed the 20 mile walk back at Eisenhower Park were the following from Plainview - Old Bethpage High School: Mrs. Henrietta Ferguson, Mr. Fred Alexander, Larry Richek, Debbie Stow, Rich McHugh, Lorraine Goia, Judi Olenckie, Laura Dottone, Lori Concetta, Rose Wunderlich, Claudia Wheeler. To all those who walked we say Congratulations!

On Friday, April 14th, Martin Buskin, Education Editor of Newsday, spoke to the FREE SCHOOL on the topic of busing. Mr. Buskin took a strong pro-busing stand, one which he termed as constitutional and law abiding. Mr. Buskin first focused on the disparity between Black and White, education-wise, in this country. Of the two predominantly Black school districts on Long Island - Roosevelt and Wyandanch, not a single Regents Scholarship was

won this year. During the discussion one teacher remarked that it was interesting to note that in one school in Harlem there was no qualified English teacher, no regular Social Studies teacher, and only one regular Math teacher. This disparity in education between white and non-white is the core of the educational problem in America.

Of all the integration proposals now in consideration, only the Richmond decision would have any immediate effect on Plainview. In other words, with most other integration proposals Plainview would probably maintain its status quo.

Mr. Buskin criticized both White segregationists and Black separatists stating the Coleman Report as evidence in support of integration. The Coleman Report was an educational survey of a non-white socioeconomic group being placed in school with a White high socioeconomic group. The report showed that the non-whites received higher grades than previously and that almost in every case the level of white schooling did not in any way

decrease. The concept of integration, Mr. Buskin added, must include remedial courses, courses for teachers, student exchange trips, and bi-racial crash courses.

The biggest enemy of integration is the student's home environment. In the Ocean Hill-Brownsville section of Brooklyn the public school teachers were recently told by the local school board to visit their students at home. Certainly, many teachers were shocked to know that human beings could live in such degrading and dehumanizing conditions. Teachers, both Black and White, for the first time found out what they were really up against - the ghetto. What integration boils down to is the struggle between the haves and the have-nots. The have-nots demand equal protection under the laws (U.S. Constitution) and the haves refuse to sacrifice for a better, healthier America. Mr. Buskin said that massive government assistance is available to help local school districts in their bid for constitutional integration.

According to Mr. Buskin the

## Police To Host Pistol Match

Nassau Police Commissioner Louis J. Frank today announced County Police will host the fourth annual pistol match between the West Point Cadets and the Nassau Police Pistol Team.

The match will be held at the County's Outdoor Pistol Range, Weir Street, Hempstead at 11:00 A.M. on Saturday, April 22. The teams will compete in 22

and .38 caliber slow fire, timed fire, rapid fire, 600 and 900 aggregates and police "L" course events.

The teams have competed at West Point and at the Nassau Range each year and, during the three years of competition each team has always won on its own pistol range.

## "Cougars" Win Hockey Game

The Cougars continued their mastery of the Bantam division of the Nassau County Recreational Hockey League at Cantiague Park by winning two playoff games 8-5 and 3-2 for the championship. Coached by Buzz Alyn, they dominated the regular season play with a 17 win and 9 loss record. Members of the Cougars were J. Ambron, J. Bussi, R. Bussi, M. Chambers, R.

Chambers, T. Chambers, R. D'Albora, M. DiCario, J. Grams, E. Green, S. Green, A. Kabacianski, J. Lambert, R. Lang, R. Lang, P. Lavin, M. Littman, L. Lucarelli, M. Orth, M. O'Rourke, D. Schwartz, B. Shuttleworth, W. Steteman, and D. Sternfeld. Most of the boys were from Hicksville and surrounding areas.

only viable alternative to busing is extensive low-income housing. "Housing cannot be divorced from busing. School integration is a slow and imperfect way, but Nixon is now trying to stop this." Perhaps a temporary alternative is one way busing. Mr. Buskin, though, is in doubt if any of the 135 Long Island school district would accept a sizeable number of those from different economic background (welfare), color, etc. Title One which supposedly would help deal with minority problems has become a national disgrace, where money was earmarked for the poor, but instead most went to wealthy bureaucrats.

The FREE SCHOOL would once again like to thank Mr. Buskin for coming and presenting his controversial opinions on Busing.

Richard Stern placed 4th in the Merchandising Math contest at the 12th Annual State Leadership Conference of DECNY (Distributive Education Clubs of New York) held at the Concord Hotel at Lake Kiamasha. There were approximately 120 contestants.

**SPORTS (by Steve Sadetsky)** - Each year in high school there is usually a student who stands out among the rest. The Class of 1972 is no exception, and the student who many consider to be superior to the rest is Robert De Simone. Bob, since junior high, has been a three letterman for three years and a two letterman twice. In seventh grade Bob was a member of the track team, scoring the most points for the team in overall events. In eighth grade he played in his first basketball campaign, helping the Gulls to reach maturity. In the spring the first Lacrosse team was formed Bob was new to the school. Recognition was quickly established when Bob impressively took charge of the team. As a freshman Bob played football, basketball and lacrosse. In basketball he received the Most Improved Player Award. He was a member of the starting five which went on to an undefeated, 14-0, record. In the second season of lacrosse, Bob scored 56 goals and had eleven assists for Coach Slagle. Bob was also awarded the Outstanding Athlete of the Year as a freshman.

# Hicksville Community Council Meeting

Sheila Noeth opened the Council meeting and Shirley Smith announced the slate of officers presented by the nominating committee to be voted upon at the May meeting: Siegfried Widder, President; Emil Immesberger, First Vice President; Warren Doolittle, Second Vice President; Anne Gregory, Recording Secretary; Iris Widder, Corresponding Secretary.

The format of our regular meeting was changed, and the public session held first, since Warren Doolittle had another

commitment to which he had to attend.

Warren went over all the questions that had been directed to his attention at our March meeting, and outlined in each case what he had done.

Warren also brought in the plans and rendering of the proposed building which will be known as "One Hundred Duffy Avenue", which will be 5 stories high. Buildings in the G-1 zone that have 4 stories would be permitted to add onto their building and go up another story. There has been some discussion on how it can be economically feasible to go up 5 stories, and

down 3 stories.

In response to a question from the audience, they were advised the fire department can take care of up to 8 stories.

There was a general discussion on the price of 50cents per day being charged to park. Most people attending the council meeting felt this should be changed to 25cents per day.

In response to questions on a Hicksville Pool, it was announced that in addition to the Cantiague Pool, family memberships could be purchased to the Bethpage Pool.

The parking problem at the post office is a serious one, and it was suggested possibly the federal government could buy one of the lots across the street, solely for parking.

Supervisor John Burke and Mr. Kingsley Kelly will be our speakers at the May meeting, the first Thursday of May, to discuss the business district and planning of Hicksville.

Dr. John Cadden, representing the Hicksville School District, was our next speaker, and since the budget was not available for discussion, he touched on various aspects of our curriculum.

Dr. Cadden stated a reconstruction of the curriculum is being studied from the first grade up, on the objectives of what a child should learn, particularly on the subjects of English, Science, Mathematics, Social Studies, and History. What is taught in any one grade with respect to another school of the same grade, is also a matter of importance. Teachers are interested in a curriculum that they can teach, where basic skills are assured to be taught in the

classroom.

Dr. Cadden stated that while the state requirements are written with some clarification, they lack some concreteness. They are more general than they are specific.

A question from the audience on the transition to a metric system was directed to Dr. Cadden. While Dr. Cadden felt this change would eventually take place, it would probably be done on a national level, rather than just on a local level. However, it was felt that anyone that could master our present system, could certainly master the metric system.

Kenneth Barnes, next speaker of the evening, had literature available and passed out on the modest library budget, and urged everyone to vote "yes" in order that all the programs and services of the library could be maintained.

Kenneth Barnes also outlined many of the coming events scheduled for the library, which he urged everyone to attend.

Mr. Abraham Fishman, a member of the Library Board, running for reelection, spoke with a great deal of pride of the accomplishments of the library and

services supplied by the library. Mr. Fishman felt our library was the "cultural institution of Hicksville".

Next on the program three candidates who are running for the Board of Education introduced themselves. Mr. Charles Loiacono, 37 years old, 2 children, a resident of Hicksville for 7 years, with credits beyond a Masters degree, served as an assistant principal, and written several educational books, announced he was running for Mr. Muratore's seat.

Mr. Robert Furring, a resident of Hicksville for 8 years, 3 children in the school district, active in little league, involved in company planning and quality education, announced he is running for Harry Kershaw's seat.

Neil McCormack, on the board for 12 years, an incumbent to succeed himself, is running again because he is concerned with good quality education. Mr. McCormack feels our educational program is in serious jeopardy if we curtail certain expenditures for education.

Respectfully submitted,  
Anne Gregory

## Bus Fare To Be 25-Cents

Nassau County Executive Ralph Caso announced today that a 25-cent fare will be in effect on all buses in the county going to and from Roosevelt Field during "Seniors Citizens Week," May 1 through 6.

During the week, the Nassau Department of Senior Citizens

Affairs, in cooperation with Roosevelt Field, will host displays from various county and local agencies designed to familiarize senior citizens with the services that are available to them. Caso said the bus companies agreed to lower their fares to allow maximum participation in the event.

Seniors citizens will be required to show a Hempstead, North Hempstead, Oyster Bay or county Senior Citizen Card or a Medicare card in order to take advantage of the fare reduction. The following companies will be participating in the program which will be in effect between the hours of 9 a.m. and 5 p.m.:

Bee Line, Hempstead Bus, Jerusalem Ave Bus Line, Rockville Centre Bus, Roosevelt Bus Line, Schenck Transportation Co., Stage Coach Lines, Inc. and Utility Lines.

Adelaide Attard, Department of Senior Citizen Affairs' director, said the booths at Roosevelt Field will be open from 9 a.m. to 5 p.m. and in the evening from 7 p.m. to 9 p.m. Eight lines run directly to the field. Schenck routes - 23 Manorhaven-Hicksville, 22B Jamaica-Hicksville, 24 Jamaica-Roosevelt Field (via Jericho Tpke.), 22 Jamaica-Roosevelt Field (via Hillside Ave.), and 77 Glen-Hempstead (does not require any transfers). Hempstead bus routes - 36-37 Baldwin-Lynbrook-Westbury and 45 Bellmore-Roosevelt Field also runs directly to shopping area. Jerusalem Ave Bus offers Route 51 which operates between Merrick and Roosevelt Field. All buses going into Hempstead make connections with Roosevelt Field buses. For further information call the Nassau Bus Information Center at 826-3000.

### Study Navigation Hazards

A three-year hydrographic investigation of navigational hazards, including more than 20 reported sunken wrecks, will be started in April along an 80-mile stretch of Long Island's south shore by the U.S. Department of Commerce, Congressman James R. Grover, Jr. announced this week.

Over 80 navigational features are being investigated between Coney Island and Southampton as part of a long-range program of Commerce's National Oceanic and Atmospheric Administration

# Boy Scout Cavalcade

Roosevelt Raceway will be transformed into a vast array of all kinds of Scouting skills and crafts on Friday, Saturday, and Sunday, April 21, 22, 23. "Today's World of Scouting" Cavalcade being conducted by the Nassau County Council, Boy Scouts of America will be opened with a ceremony scheduled for 7:00 p.m. on Friday, April 21.

County Executive Ralph Caso and Francis B. Looney, President of the Council, will untie the square knot to signal the opening of the show. The entire Board of Supervisors will also attend and participate in the ceremony. Explorer Post 713 Bugle and Drum Corps, sponsored by the Levittown Roller Rink, will provide music for the ceremony.

John J. Burns of Sea Cliff, Cavalcade Committee Chairman, announced that over 500 booths will be manned by Cub Scouts, Boy Scouts, and Explorers exhibiting and demonstrating literally hundreds of skills and crafts.

Show hours are 7:00 to 10:00 p.m. on Friday, April 21; 2:00 to 10:00 p.m. on Saturday, April 22; and 2:00 to 6:00 p.m. on Sunday, April 23. Admission will be by ticket which can be purchased from any Cub, Scout, or Explorer. It is expected that over 100,000 people will visit the Cavalcade.

# Funny Fathers Minstrel Show

The Holy Name Society of Our Lady of Mercy Church Hicksville, presents: THE FABULOUS FUNNY FATHERS MINSTREL SHOW, Saturday, April 29, 8:30 p.m. in the School Auditorium. Admission: Adults, \$2.00, children (14 and under), \$1.00. Ticket on sale after Masses at Church garage, or from Chairman Billy Kelly-GE 3-1503.

As you may know, the "Funny Fathers" are the fathers and other close relatives of Jesuit Missionary Priests. This highly professional group has been giving Minstrel Shows at churches and civic organizations throughout the Metropolitan area for many years. Our Lady of Mercy Church itself hosted this group a number of years ago. We are bringing them back by popular request. The proceeds from this show are divided between the Jesuit Missions and the host organization, so attendance at this performance will reap three-fold good: for the Missions, for Our Lady of Mercy Church, and for the entertainment of the audience.

man. DeSimone played the same three sports for the high school in the tenth and twelfth grades. As a sophomore he was on varsity lacrosse, scoring goals and assists and leading the team. He was selected by the coaches as All-Division, All-North Shore, and All-county - this only as a sophomore. He also played varsity football and J.V. basketball.

As a junior Bob made the basketball team but decided not to play for academic reasons, but he still played varsity football and lacrosse. He and quarterback George Keckeisen combined on many plays, gaining the most yards on the ground. He and Mark Liguori were the outstanding players for Plainview High. DeSimone was named to the lacrosse All-division and All-North Shore teams, and was an All-county Honorable Mention.

In his senior year Bob again played three sports. In football he scored 7 touchdowns and 4 conversions for fifty points, to lead Plainview. He also gained 531 yards on offense, had 45 tackles, and once quick kicked a ball for 64 yards. He was named

to the All-division, All-County Honorable Mention, and the Gridiron 44 teams, as was co-captain Mark Liguori. Bob played varsity basketball for Coach Amen, and in his first appearance scored 11 points, but more important, his clutch defensive work allowed his high scoring opponent just six points. Currently playing lacrosse for the fifth consecutive year, Bob leads the team in goals with 29 and also has nine assists. He tied the school record of 7 goals in a game against Plainview Kennedy. In the next game, the first league game, he tallied 8 and contributed 5 assists. The eight goals is a new school record, eclipsing the one John Naughton set in 1961.

The Daily News wrote, "Plainview's Bob DeSimone seems to be the top attackman (he is actually a midfielder) on the Island. He'll make All-Division, All-North Shore, and All-County."

# Supervisor JOHN W. BURKE REPORTS

One of the most popular summer recreation activities enjoyed by Oyster Bay Town residents of all ages is boating. Whether cruising the inlets and islets of South Oyster Bay in a motorboat or running before the wind in a sailboat on Long Island Sound, boating is a healthy, relaxing activity for the knowledgeable, considerate boatman.

I would recommend that all boatowners and operators avail themselves of the free boating safety courses offered by the U.S. Coast Guard Auxiliary and U.S. Power Squadrons. A young boaters safety course is mandatory under New York State law for boat operators in the 10 to 15-years age group.

Here are some boating tips to increase your own enjoyment and add to the safety of you and your fellow boaters:  
Always let some responsible

person know where you are going and the time you expect to return. Make sure he has a description of your boat and its occupants.

Check that your boat and motor are in top condition and that all safety equipment is aboard and ready at hand. The Coast Guard Auxiliary offers a free courtesy examination of your boat's safety equipment.

Courtesy is a requirement of safe boat operation. Be constantly aware of those around you and their intentions. Obey posted speed limits, particularly in restricted waterways. Your boat's wake can cause considerable damage for which you are responsible. Never overload your boat; this is the shortest route to tragedy.

Please help to keep our waters clean by retaining all refuse on board for a deposit in a suitable shoreside container and using the Town's holding tank pumpout

stations.

**TOWN NOTES:** State Senator Ralph Marino informs me that the State Public Health Council is expected to approve the exemption of water districts that meet specified criteria from mandatory chlorination, a procedure that would be unnecessary and undesirable for most of Oyster Bay Town's water districts.

The week of April 16 through 22 has been proclaimed "Earth Week" in Oyster Bay Town, and I ask all residents to rededicate themselves to the improvement of the quality of our environment.

The beautiful Bailey Arboretum on Bayville Road in Lattingtown opened this week. The 42 acres of magnificent trees and plantings is open every day except Monday, from 10 AM to 6 PM.

## NEWS from your Congressman JAMES R. GROVER, JR.

Both the Senate and the House have passed water pollution control bills designed to clean up the nation's navigable waters with financial assistance for sewer construction programs. The Senate bill is sponsored by Sen. Muskie and, in the House, I am a co-sponsor and floor manager of our bill. Many conservationists and environmentalists are enamored of the Muskie bill while criticizing the House bill as not doing enough. The bills will now go to conference and I predict that the conferees will lean toward the House measure.

The Muskie Bill, a fiscal and economic disaster, would legislate all sorts of lofty ideals while the House Bill leans toward

the art of the possible—what we can achieve. As an example of the practical as opposed to the ideal, my bill would provide more than \$18-billion in federal aid for sewer construction, where the Muskie Bill would give \$14-billion. And the Muskie Bill would cost New York taxpayers \$239-BILLION over the next eight years without in any way telling them how they'd find the money. It would provide Long Island taxpayers only one half the federal aid and relief of the House bill, with no provision for such mundane matters (to idealists) as paying for the sewer pipes which must go into our streets.

The Muskie Bill is long on public relations and short on federal aid, with absolutely no

regard for the bludgeoning burden on the backs of property owners and taxpayers. The House bill, in all modesty, sets achievable goals, with generous federal aid and a Grover amendment to apply the new higher funding formula to the unique geological and geographical conditions of Suffolk County.

There will be considerable rhetoric concerning our efforts to reconcile the two pure waters bills and the public relations guns will be doing most of their firing for the Muskie Bill. But I am confident that the House version will prevail because even the Democrats in Congress have called the Muskie version, very simply, Mission Impossible.

## Nominations To Military Academies

Competition for Congressman James R. Grover, Jr.'s nominations to military academies will open with an examination July 5, the Babylon lawmaker announced today.

Young men interested in the classes entering June, 1973, should write to Mr. Grover's office, 1234 Longworth House Office Building, Washington, D.C. 20515, to receive written authorization to take the test. All

candidates will be notified approximately two weeks before the examination of the time and place for testing.

The competition, which also includes a personal interview and a check of each young man's background, will produce nominees for the United States Military Academy, Naval Academy, Air Force Academy and Merchant Marine Academy. "The education offered to young

men considering careers as service officers is among the best in the world," Mr. Grover said. "By employing impartial testing and interview procedures, I am insuring that the very best candidates are named. My previous nominees have made enviable records at these fine schools and I am sure that the men selected in the current competition will do equally well."

## Lecture On Psychic People In Books

The Plainview-Old Bethpage Public Library will host a stimulating lecture on "Psychic People in Books" by Eleanor Touhey Smith, author of the best selling paperback "Psychic People". Mrs. Smith will discuss some fictional characters, but the primary emphasis of her talk will be clairvoyants and mystics whose books have been puzzling and intriguing us these past few years. The lecture will be Thursday, April 27 at 8:00 PM. Free tickets will be distributed at the library starting April 20.

## Legion Post To Meet

Commander Walter Ernst, announced that the Plainview American Legion Post 1812 has been designated to be the host Post for the 3rd Division Caucus.

The meeting is to be held on Friday evening, April 28, at the Plainview Legion Hall, on Southern Parkway beginning at 8:30 P.M.

The 3rd Division is comprised of 21 Legion Posts in the northeastern part of Nassau County.

Road and David Propper, Cello, Central Park Road.

These students will have the experience of rehearsing on three Saturdays, April 8, 15 and 22 under the direction of outstanding music directors before presenting their festival concert on Saturday evening at 8:00 o'clock April 22nd in the Oceanside High School auditorium.

## Local Youths Run For Olympics

The Track Teams of Holy Family and St. James Elementary Schools are among the many entrants of the St. Frances deChantal Invitation Track meet to be held at Wantagh High School on Sunday, April 23, 1972, at 1:00 P.M.

This unique event will open with an Olympic type Parade of athletes, bands, cheerleaders and twirlers.

The Franklin Savings Bank of Wantagh has donated Olympic

type medals for the top three finisher of each event. All proceeds of this event will be given to the U. S. Olympic Committee, which will give each participant a certificate of appreciation.

Your support of these dedicated youngsters will also assist our athletes in Munich this summer.

Admission is 50 cents for adults and 25 cents for children. Tickets are available at the gate.

## Luncheon And Fashion Show

The Nassau Center for Emotionally Disturbed Children is holding its annual Luncheon and Fashion Show on April 26th at the El Patio Beach Club. This is one of the more gala fund raising events of the year. The afternoon

will begin with a cocktail hour, followed by a fabulous luncheon and after that a showing of August Max Fashions and boutique furs.

For information, call Mrs. Fred Isenberg, WE 8-1881.

## Earned Red Cross Advance Certificates

The following men of the Plainview Old-Bethpage Auxiliary have completed requirements and have earned a Red Cross Advanced First Aid Certificate:

Donald C. Maffatore, Willy Metzler, Edward Tkacik and D.L. Bashoum.

Thomas E. Lang was Instructor for the Course.

Holders of these Certificates are capable of giving immediate and temporary care of an injured person until medical help arrives since they are trained to apply the basic principles of first aid in controlling bleeding, resuscitation and combating the effects of poison.

All Courses are given by the Nassau County Red Cross; and all instructors are trained and certified by the Red Cross.

Further information on any Water Safety or First Aid Courses may be had by calling the Safety Programs Office, 264 Old Country Road, Mineola, N.Y. 747-3500.

Both snapshots and polaroid pictures may be submitted for use in THE HERALD, but they must be clear. THE HERALD deadline is Wednesday at noon.
