Dear Friends:

IT DOES SEEM that if any group knows how to hop quickly from the frying pan into the fire, it is the Board about three quarters of the community who were about ready to throw them out of office (bodily!) Then, lest they should spend a quiet weekend without benefit of irate phone calls, they promptly adopted a school calendar which, to all intents discriminated against those of the Jewish Faith, as explained in our lead story on Hicksville Page One this week!! All of this is difficult to understand. . . why would you want to do this, gentlemen? You know that Christianity teaches "do unto others as you would have done unto you."

COMMISSIONER JERRY TROTTA plans an official recognition for acts of heroism performed by three brave Sanitation workers, John DiPrima, Edward Lauritsen, Jr. and Frank Pasqueralle, who, on their regular rounds last Tuesday, noted smoke and flames coming from a house on Spray Lane. Their prompt action in rescuing three people in this house is com-mendable. When the Fire Dept. arrived, these unsung

heroes went quietly on their way. PUT JUNE 1, Thursday night starting at 7:30 down on your calendar. TAX LOAD REACHES NEW HIGH

Bedraggled American taxpayers are having another reeord thrust upon them.

Each household will average \$1,530 in state, local and federal taxes for fiscal 1972, according to the Tax Founda-tion. That's up \$200 from 1971 and is, once again, an all-time high.

This year's hike is due to boosts in social security taxes and state and local taxes, which will more than devour some relief we all will enjoy in our federal income tax load, the Tax Foundation said.

In the past ten years estimated total taxes have in-ercased 77.5 per cent per bousehold. Total current tax payments at all levels, (Federal, state, and local) amount to \$2356 billion-6.5 per cent above (iseal 1971.

The spending side of the picture is even more startling. The Foundation predicts total spending to rise by 12 per cent from \$363 billion in 1971 to \$405 billion in 1972. This means, of course, deficits at all levels of government and, probably, higher taxes in the future to help pay the interest on money governments must borrow to pay their bills.

This accelerating tax burden is very nearly out-of-hand. It is estimated that 71 per cent of the federal budget is "uncontrollable"—that it involves spending already com-mitted by previous Congresses. If Congress won't call a halt, others will have to by refusing to send the "big spenders" back for another spending spree.

No one spoke in opposition to the application of Meenan Oil Co., Inc., for a special use permit to use an existing building on the south side of Duffy Ave. (738:90 feet east of Henrietta St.) for office space at the regular public meeting of the Oyster Bay Town Board on Tuesday.

A few residents of nearby homes were present to make inquiries on the application, but had to leave before it was heard at 12:45 P.M. They spoke with George Pratt, Mineola atforney, and, according to his report to the Board during his #resentation, had their concerns and queries satisfied.

The purpose of the petition is to relocate Meenan's corporate and Long Islandheadquarters from its

(Continued from Page 5) Under the revenue-sharing proposal, New York State would get \$650-million a year for five years, with Suffolk County get-ting almost \$22-million of that total. Our state would get more of this money than any in the nation, with California second, at \$610-million and no other state getting even half as much.

million and no other state getting even half as much. With the crushing load of real property taxes on our back, we need this sort of massive aid and the federal government is the only hope teft. They have for decades pre-empted most of the areas of state and local taxation and I, for one, am glad to see that some of the money may be on the way back. But revenue-sharing must be only a first step towards way back. But revenue-anaring must be only a first step towards comprehensive and universal tax reform which will return the taxing authority and respon-sibility to the state.
