Youth Counsellors Deal With Youths

The Youth Counsellor program at H.A.D. was established in January 1972 with the participation of 5 youths and has reached the capacity of 13. This has proven to be a workable direction towards youth problems and their solutions.

The qualifications of youth counsellors are very basic. First, you must have been involved in one of H.A.D.'s rsg groups. You must be willing to meet new people and be able to open up to them and discuss different problems. You are given a thirty day trial under the supervision of the staff and the five original youth counsellors. You must be

able to devote one night a week to come up to the storefront and assist the staff by being aware of any individual coming up with bad feelings, tensions or problems.

On Wednesday, May 10, an advanced group started for H.A.D.'s youth counsellors. Here, we hope that the counsellors will be able to reach out better for people who visit our facility and make them feel welcome and at ease.

In conclusion, H.A.D.'s youth counsellors work with other youths who come up to our facility, supporting and encouraging them when their ac-

tions are constructive and positive. But they also have the important task of confronting their peers when they violate the rules of the storefront or "act out their feelings" in negative, destructive ways.

H.A.D. is succeeding in Hicksville because of programs like its youth counsellor approach. If you would like to know more about the services that H.A.D. offers both the youths and adults of the Hicksville area, please feel free to visit our storefront at 75 Broadway anytime we are open. Presently, H.A.D. operates from 2 p.m. to 11 p.m., Monday thru Friday and 1 p.m. to 12 midnight on Saturdays or call WE 5-6858. Our emergency hot line number is: 433-6118. Hopefully, by early summer 1972, this crisis phone number should be in operation 24 hours, 7 days per week.

Grandparents Day At Burns Ave.

Burns Avenue School's Fourth Annual Grandparents' Day will be held Friday, June 2, in the school beginning at 9:15 A.M. Grandparents will be honored guests. Welcoming ceremonies, musical selections and prizes will be awarded. Winners in the categories of:

Oldest Grandparents, Youngest Grandparents, Most Grandchildren, Youngest Grandchild, Most Distance Traveled to Hicksville and Most Grandchildren at Burns Avenue School, will be honored during the assembly of grandparents.

Grandparents will be hosted by representatives of the P.T.A. who will serve delicious coffee and cake. Guided tours of the school plant and visits to the grandchildren's classrooms will be conducted by Principal, Frank E. Burke and Assistant Principal, Lee Firester.

Children whose grandparents can not attend have been requested to adopt a Hicksville Senior Citizen for the day. Afternoon kindergarten grandparents will be welcomed to the school at 1:00 P.M. for the festivities.

Grandparents For A Day

"Grandparent's Day" for the public schools will be celebrated on Friday, June 2, in Nassau County by declaration of Ralph G. Caso, County Executive. The children of Old Country Road School, in Hicksville, chose to honor grandparents by adopting the elderly folks at the Jones Institute in Hicksville for the day.

The children of Old Country Road School Band, Orchestra and Chorus are going to visit and give a concert for these folks. The Art Dept. of the school is preparing crepe paper flowers for all of the residents at the home to honor them.

The children are delighted to have the opportunity of entertaining and being on the "giving" end of the relationship. It represents an opportunity for these two generations to learn from one another and enjoy each other.

GAIL IS A WINNER: Mrs. John Leach, Children's Librarian of the Hicksville Public Library, presents an autographed copy of "Danny and the Pol Pup" to Gail Sharp, who won an Honorable Mention Award in the Henry Walck Creative Writing Contest for her entry (through our library) "The Christmas Kitten"; to accompany the illustrations in a textless book by Ruth and Ethrobe Carroll.

The Contest, only open to third graders was entered by 6,900 youngsters from 49 states. Mrs. J. Sharp, Gail's mother, looks on approvingly.

Vamps Respond To 10 False Alarms

BY OWEN MAGEE

During the period of May 16 through May 23 Hicksville Firemen received 15 alarms, 10 of them malicious false alarms. Past records show that well over 90 percent of the alarms being turned in from the street fire alarm boxes are false alarms. It is getting to the point where a decision should be made as to the usefulness of these alarm boxes. It would appear that quite a bit of hard earned taxpayers money is being wasted on a system that is being used as a playtoy for reckless people who have no regard for the safety of the people of Hicksville or its firemen.

Something should be done now before there is an accident with responding fire apparatus, or before a fire gets out of control and a life is lost because firemen, answering a false alarm, are

delayed answering a real fire. It is something to think about.

Hicksville firemen won the April N.Y. Daily News 3rd Pl. Vamps Award for its work in containing a fast spreading fire at the Mid Island Plaza. Hicksville Vamps were assisted at that fire by firemen from Jericho, Westbury and Plainview.

Hicksville firemen will March and display their equipment on Monday, May 29 during the

Memorial Day Parade. The Ladies Aux. and Post 778 the Award-winning Explorer Post and advisors Capt. Keyer of Co. G and Capt. Hudson of Co. 4 will be marching with the Department.

False Alarms Can Kill. Educate your family and friends on the dangers of sounding a false alarm.

If caught the penalty is over 6 months in jail and a \$500 fine. Please help your Firemen.

At Town Hall

Neighbors Say 'No' To Motel, Mufflers

By Janet Gosnell

In a rare instance at Town Hall on Tuesday, the Town Board heard two applications concerning parcels in Syosset which are in very close proximity to the south side of Jericho Turnpike in the vicinity of Greenfield Road affecting a similar group of residents for both applications.

Strongest opposition came to the first petition heard, that of Peter Chinn and Arthur Jong, owners of the Mah Jong Restaurant, two lots west of Greenfield Road, who were seeking a special use permit to erect an 86-room Sheraton Motor Inn on the one-acre parcel adjoining the restaurant property to the east.

The small but staunchly objecting group of residents came primarily from Preston and Locust Lane, behind the subject property. A primary objection to the motel was its height, which would be three stories on the high grade and four where Jericho Turnpike grades downward toward the west. Locust Lane residents, in particular Michael Preuss, whose house faces the site, objected to the petitioner's plan to change the grade of the property, bringing it down to their level with the result, Mr. Preuss said, that he would be "looking right at it" and "freaked by headlights turning in at night. Plans also bring use of the parcel to the property line which is at the curb across the street from his house.

According to the architect's rendering, the structure would have windows and balconies all around, including on the side facing the single family residences on Locust Lane.

Speaking in behalf of the petitioner, in addition to his attorney were a traffic expert, real estate appraiser and John Burdis, professional planner. Also speaking for himself was Peter Chinn, who was said to have already invested \$12,000 in the project.

"This is a project which is very close to my heart and my pocketbook," said Mr. Chinn. He spoke of his immigrant background and his wish to provide a life for his children easier than his has been. He described a meeting which took

AGAINST MOTEL: Richard Ward of Preston Lane, was one of several residents who spoke at Town Hall on Tuesday in opposition to a proposed Sheraton Motor Inn on Jericho Turnpike. The application for a special permit use to erect the three story structure was made by the owners of the Mah Jong Restaurant, adjacent to the site of the proposed motel. Live Wolves At Library Conservation Lecture

The North American Association for the Preservation of Predatory Animals will present a film lecture at the Plainview-Old Bethpage Public Library, Tuesday, May 30 from 4:00 p.m. to 6:00 p.m. on the need to preserve the American Timber Wolf which is now in danger of extinction. Attending the lecture will be two live wolves, Jethro, a McKenzie River Valley Timber Wolf who has already appeared on "To Tell the Truth", "The Dick Cavett Show", "The Today Show" and other television programs and Clem, a Brook Range Alaska Wolf.

During the period the United States was being settled by Europeans, the predatory animals were seen only as nuisances to be exterminated as quickly as possible. Now with the predatory animals facing extinction their value is being perceived and strenuous efforts are being made to save them. The film lecture at the Plainview-Old Bethpage Public Library will explain that the wolf has a right to live because of its value to the ecological balance, its value to humans, and also for its own

value as a beautiful, intelligent animal.

Free tickets are being distributed at the library.

Remember Me

Hello, remember me? Some people call me Old Glory, some call me the Stars and Stripes and the Star Spangled Banner. But, whatever they call me, I am your flag, the flag of the United States of America . . . Something has been bothering me, so I thought that I might talk it over with you because it is about you and me.

I remember some time ago, people lined up on both sides of the street to watch the parades and naturally I was leading every parade, proudly waving in the breeze. Then your daddy saw me coming, he immediately removed his hat and placed it against his left shoulder so that his hand was directly over his heart? . . . remember?

And you, I remember you. Standing there as straight as a soldier. You didn't have a hat but you were giving the right salute. Remember little sister? Not to be outdone, she was saluting the same as you with her right hand over her heart. . . remember?

WHAT HAPPENED? I'm still the same old flag. Oh, I have a few more stars since you were a boy. A lot of more blood has been shed since those parades of long ago.

But now I don't feel as proud as I used to. When I come down your street, you just stand there with your hands in your pockets and I may get a small glance and then you look away. I see children running around shouting . . . they don't seem to know who I am. I saw one man take off his hat and then look around. He didn't see anybody else with theirs off so he quickly put his back on.

Is it a sin to be PATRIOTIC anymore? Have you forgotten what I stand for and where I've been? Anzio, Guadalcanal, Korea and Viet Nam. Take a look at the Memorial Honor Rolls sometime, of those who never came back to keep this republic free . . . one nation under God . . . When you salute me, you are saluting them.

Well, it won't be long until I'll be coming down your street again. So when you see me, stand straight, place your right hand over your heart . . . and I'll salute you, by waving back . . . and I'll know that

YOU REMEMBERED.

LETTERS TO THE EDITOR

Dear Editor:
We need your help in our crack-down against heroin trafficking now underway across the country.

The President on April 7 announced establishment of the "Heroin Hotline," a nationwide, toll-free telephone number to provide American citizens with a quick and convenient way to report information on heroin pushers.

That telephone number is (800) 368-5363. Anything you can do toward publishing this number in a prominent place in your newspaper, such as within a box on page one, will be a tremendous help in moving this program forward.

The telephones are manned at a center in Washington around the clock, seven days a week. Trained operators on duty are under the supervision of experienced Federal agents. The caller need not identify himself, and the rights of all callers will be fully protected.

We believe this national "turn in a pusher" program has tremendous potential. But as I said, we need your help in promoting the telephone number. Anything you can do will be greatly appreciated.

Thank you for your cooperation. With every best wish, I am,

Very truly yours,

Myles J. Ambrose

Dear Editor:
I hope Mr. Charles Loiacono would seriously consider putting his strong convictions and feelings regarding Dr. Kershen to the ultimate test. Mr. Loiacono should have the courage to run against Dr. Kershen, instead of pitting the more modest Mr. Pirrung in this position. Certainly Mr. Loiacono with less than a year of active interest in school matters and the quotations of Dante should be able to straighten out all our problems after June 13th. According to Mr. Loiacono, he represents the "people" of Hicksville. I'm afraid to ask him how he classifies all the other poor, uninformed souls who will dare vote for other candidates.

At the expense of incurring another Loiacono temper tantrum, I believe this new "Saviour" realizes that a Kershen-Loiacono match will meet with the same success as his inept petition to the Commissioner of Education, the disloyal strike led by Loiacono against his own union resulting in his ouster from his position in the United Federation of Teachers, and his failure to stop the endorsement of Harry Kershen by Hicksville High School students' "Students For a Better Education."

With this pitiful record, is someone trying to tell Mr. Loiacono something?

Sincerely,

Marvin Goldberg, Hicksville

Dear Mrs. Noeth,
The voters in Hicksville should be made aware that the present School Board majority is attempting to deceive them with the presentation of the 1972-1973 School Budget.

The separation of school transportation cost from the rest of the budget is a budgetary gimmick. The people have the right to expect the inclusion of every essential expenditure for school services in a budget, not gimmicks, and the Board has the obligation to present a total

budget they can stand behind, not hide behind.

Why has the majority of the Board shirked their responsibilities?

Why have they refused to conduct Public Hearings on the major elements of the Budget? The reasons for these evasions are obvious:

a) The separation of transportation costs from the budget allows the majority of the Board to claim they are reducing taxes 22 cents per \$100 when in reality they are excluding the 65 cents per \$100 cost for maintaining the current transportation service. The results will be a net increase in taxes of 43 cents per \$100. According to Board President Muratore "This is a Budget in which there is no diminution of instructional programs or supportive services and yet which generates a reduced tax rate". Isn't transportation a supportive service? This budgeting "game" allows the majority of the Board to hide behind the guise of promoting "fiscal economy", while in truth, it will cost the taxpayers 43 cents more per \$100 to maintain instructional programs and supportive services. Why is the majority of the Board hiding this tax hike from the voters?

b) Many voters are unaware that a no vote on the transportation referendum results in State mandated limits, which in effect means a drastic reduction in current bus service. Apparently the majority of the Board prefers keeping the people in the dark regarding the true value of the budget "economies".

I strongly object to the manipulation of the School Budget for the purpose of deceiving the voter into believing he will get a tax reduction for the same services, when in reality he will get a tax hike if he chooses to maintain those services.

The children of Hicksville should not be forced to walk 2 and 3 miles to school to pay for the No-Show and patronage jobs this board majority has created.

Sincerely,

Robert L. Pirrung
Candidate for School Board
Trustee

Dear Editor:

Charles Loiacono, like Cassius, has a mean and hungry vitriolic sneer. His latest missile appearing in the May 12th edition of the Mid-Island Herald, had his customary long-winded rhetoric with its usual distorted semantics quarter-truths. He is once again "shooting from the hip."

Since "Cassius" has refused me every challenge to confront me publicly, I will save my retorts for the scheduled district meeting at Candidates Night. (Unless this self-proclaimed fearless spokesman for righteousness hasn't the courage to appear). At that time I will respond to references regarding character analysis (his and mine). I will also offer this teacher (who poses as a New York City Assistant Principal) the opportunity to scrutinize my record as a Board Trustee, and will provide him with facts resulting from research (a technique he apparently never bothered to master).

I am extending an invitation to our entire community to be present at the Dutch Lane School, June 6th, in order to listen and question the candidates seeking office. It will be my pleasure to strip away the thin veneer of Mr. Loiacono and puncture the myth generated by this egocentric self-appointed savior.

Sincerely,

Harry Kershen, Trustee
Hicksville Public Schools

Dear Editor:

Re: The two letters from Charles Loiacono in the May 18 issue of the Herald, I am very concerned and interested in the candidacy of Mr. Loiacono and notice that he avoided answering the questions about his union activities. How about some short, concise answers instead of long-winded character assassinations, a trait Mr. Loiacono has viciously displayed.

Mr. Loiacono's, or any other educator's, candidacy for a school board is, in my opinion, a conflict of interest. Regardless of where a person lives in respect to where he teaches, he has a vested interest in the betterment of his profession and in the welfare of his colleagues. I am especially concerned about this since Mr. Albert Shanker's stated aim is to organize all teachers throughout the State under one powerful union.

I, too, noticed his unlisted phone number last Fall when he said in Newsday that his "phone was jumping off the hook because so many other people wanted to know what to do". How did all these people get his "unlisted" number? Apparently Mr. Loiacono isn't beyond a little deceiving to prove a point, something he has accused everyone else of doing. It was perfectly obvious that since Mr. Abt didn't contest the Board's action, a petition in his behalf didn't have a chance. Thus, I believe Mr. Loiacono's petition was nothing more than a means of getting his name before the public and establish himself as a candidate, and the people who signed the petition were used by him. This is borne out by his own statement that only one signature is needed if the charges merit it.

Why then, all the other signatures? To get his name known, I suspect, and at the same time create ill feeling towards the Board by harping on this one dead issue. I ask Mr. Loiacono to tell me specifically what this Board has done to harm the education of our children which, when all else is put aside, is what it all is about.

Mr. Loiacono has extrapolated at length about the waste of taxpayers' money then tells us he intends to create a log jam at school board meetings. Any delaying tactics of Board decisions is a waste of taxpayers' money. Anyone who tells me he intends to create chaos at school board meetings is not my man. We need viable candidates who will recreate an amicable atmosphere in Hicksville. There's too much bitterness already, and only the children will suffer from it.

So, Mr. Loiacono, let's stick to the facts, dispense with the character assassinations, conjecture about pork barrels, quotes from Dantes, etc and answer the questions put to a candidate for Trustee, especially the ones regarding your union affiliation.

Sincerely,

Jerry McCarthy, Hicksville

Dear Friends:

NEWS has been particularly heavy this week, so we must curtail the length of this column. Also, both last week and this week we have been unable to use ALL the "Letters to the Editor" we received, mostly because of length. We have tried to give both sides a fair amount of "Letters". We are sorry about this because, whether or not we agree with the writers, we are always glad to give as much space as possible to our reader's opinions, so don't be discouraged, and keep on sending us letters whenever you feel it important to do so.

NEXT WEEK, as well as more news of school board candidates, we also expect to have several pictures taken at the Kiwanis Testimonial Luncheon for a wonderful Hicksvillian, who is 87 years young...Mr. Frank Chlumsky! Until then, we wish you all a Memorial Day that will be just that...for none of us should ever forget what we in America owe to those who gave their lives for us in all wars. I hope we have memorials, not only in our communities, but in our hearts...and in our minds.

After three weeks of play, it hasn't been possible to report fully on all the teams since several managers haven't notified me of the highlights for the week. Let's go Managers! It takes only a few minutes to fill out the reports and the boys will enjoy reading about their efforts and accomplishments throughout the season.

As the week progressed, Circle Texaco extended their winning

streak to 5 games nosing out Malvese 3-2. In a losing effort Bob Kappel and Rich Genelle each had 1 hit.

On Tuesday, Mid Island Plaza fell prey to the red-hot Dodge Chargers with a final score of 13-7. Great hitting by John Bradley, who had 3 hits and 4 RBI's. Other stars were LeRoy Mehan and Matt Ryan who had 2 hits each.

On Thursday, Malvese upset the previously undefeated Circle Texaco 5-1. Chris Martin's home run and the timely hitting of Jackie Willis and Bob Strack lead the team to victory.

The week came to a close when Dodge Chargers routed Mid Island Plaza 7-0. The great pitching of John Bradley and Bill Vollono allowed the opposition only 1 hit. Billy Hazelton starred at the plate with 2 hits.

The Majors

BY MIKE PAKALUK

Another week of play highlighted by fine play has passed us by. In case you missed any games, here are the results:

Tues. 5 - 16 - LINB 9 - Gerts 5 (winning pitcher, Brian Damm) In a hitter's ballgame, LINB beat Gertz by four runs. Homeruns were hit by Tom Campolettano and Mike Valle, with a triple by Jim Pakaluk contributing to the win. In the field, Steve Cosentino made 6 big assists, the winning Brian Damm pitching three no-hit innings. Coach Eaton of Gertz had this to say about the win "In the beginning, it looked as though Gertz had put it all together for its first win. Then we saw a 5-1 lead dwindle away due to errors and tremendous hitting by LINB."

Tues. 5 - 16 - Nathan 3 - Sizzler 1 (winning pitcher, Richard Rath) In the second inning Nathans went ahead with a triple by Andrew Klaffer. The 3rd and 4th were dead-heat pitching duels - Gerard Stry vs. Richard Rath - scoreless. Sizzler came up to bat hitless and scoreless and went down with one hit and one run - Mike Tuturo getting the hit. With the game tied, Nathans promptly untied it in the bottom of the inning, with Jim Holohan, Steve Pisani and Mike Humphreys combining for two runs. Steve Pisani then came in and struck out two for the save. Gerard Stry struck out 11 getting the loss. Nathans has now run up a winning streak of four, in four games played.

Thurs. 5 - 18 - Gertz 2 - LINB 1 (winning pitcher, Tim Curley) The field was mystically transformed into Yankee Stadium, the players into their favorite all-stars, or so it seemed, as Gertz defeated LINB 2-1. Four scoreless innings were the prelude. Robert O'Connor of Gertz battling it out with LINB ace Jim Pakaluk. Bob was replaced in the fourth by Tim Curley. Then, in the bottom of the fifth, Jim Pakaluk's double was followed by Tom Campolettano's single, scoring a run FINALLY! Well, that wasn't the end of it. In the top of the 6th, John Rupp homered tying the score! Quote pitcher Jim Pakaluk "He hit a

hanging offspeed pitch - a little high", a little, not for John - he creamed it. Next John Powell singled, stole second, and scored on Pete Virga's single. What a game. The managers had this to say: Gertz, "For our first win, we picked up a manager's dream to do it, the play by both teams was great"...LINB, "In this league, the team that makes errors will lose the ball game."

Thurs. 5 - 18 - Sizzler 4 - Nathans 3 (winning pitcher, Philip Tancora) Tommy Anastasio supplied the power hitting a three run homer in the first. The winning run was scored by Richard Famigletti, knocked in by Mike Tuturo.

A big hubarb resulted from the move replacing starter Philip Tancora with Gerard Stry in the sixth. Gerard pitched more than three innings in Tuesday's game and Rule VI (b) of Little League regulations states "If he (the pitcher) pitched in four or more innings on Tuesday, he can pitch again on Saturday". Because of this rule, a protest has been filed by the manager of Nathans and further decision is pending.

Fri. 5 - 19 - LINB vs. Nathans - RAIN
Fri. 5 - 19 - Gertz 5 - Sizzler 2. Rain shortened this game by 1 1/2 innings but the score is official. Two double plays wiped out Sizzler scoring attempts in the

Hicksville Postmaster Ralph G. Cascardo announced that the Hicksville Post Office and its stations and branches will follow regular holiday schedules on Monday, May 29, 1972, Memorial Day.

No regular window or delivery services will be available on Memorial Day, but special delivery services will be provided. The Main Post Office Lobby will remain open for access to lock boxes and the Self Service Postal Unit.

Collections from street letterboxes will be on holiday schedules and will include pickups from "air mail only" boxes and "next day service." PLEASE NOTE: The Self Service Postal Unit located at the Hicksville Main Office is never closed.

Hicksville has been selected to make available to postal customers a pocket size book depicting American heritage on stamps. Postmaster Ralph G. Cascardo said today.

"I am pleased we have been chosen to place these interesting books on sale," Postmaster Cascardo said. "Each page displays U.S. stamps in full color with an accurate, concise description and their current value."

The stamps and stories of the book carry the reader on an eventful journey from Columbus' discovery of America to the Apollo 15 landing on the moon. These pocket books, 5 1/2 x 7 inches, are available for \$2.00 each.

These books, Postmaster Cascardo said, are being made available because of the interest expressed in the 1971 Mini-Albums the office placed on sale in December. A limited number of the Mini-Albums containing 1971 commemorative stamps also are available.

The publication is now on sale at Hicksville and its stations and branches.

Postmaster Cascardo urged stamp collectors and those interested in becoming collectors to obtain the book as soon as possible as the supply is limited.

Hicksville - Jericho Senior League Major Division

By Bill Nalepa

Major Division

Al Poggioli's Agway team laid it on Par & Hanson Trees by the score of 15-0. In their half of the first, Mike Pakaluk, with the bases loaded, missed a grand slam homer by inches, the ball hitting the top of the fence, bounced back on the playing field for a double. Paul Schkolpnko singled for a 5 run inning. Chris Coletta drove in 2 in the second with a single and the 8 run 4th winning was helped by the bats of Poggioli and Curley. Add to that fine pitching by O'Connor, Cecere and Curley and evened Agway's standing to 2&2.

Agway's pitching by O'Connor & Curley was too much for Gilison's Knitwear, who got only 1 hit, a single by Tom Hogan, losing to Agway 5-0. Big inning for Agway was the

4th for 4 runs on the bats of Poggioli, Massapesa and double by Werner Busch. Sixth inning singles by Poggioli, Curley & Nalepa for 1 run rounded out the scoring. Some five fielding

plays by Gilisons, Hauck and Scharer kept score down.

Minor Division

Only report received was a game between

Hicksville VFW & Great Eastern won by VFW 1-0. Kappel pitched a strong game, helped by 2 double plays, Squillace to Greiner to Spettman.

NEIGHBORS SAY 'NO'

(Continued from page 3)

Need for expansion was the basis for the request, which, if granted, would change the parcel's zone to Business G and would allow a six bay structure for the installation of mufflers in cars.

The parcel is usually swamped with water because of poor drainage, according to Mr. Cronin, which would be corrected by the petitioner. These waters have been befoiled, he said, by cesspool cleaners, who have on several occasions dumped the waste from their trucks into it, he said.

There would be no outside lighting, according to Mr. Ohrbach, and no noise, except as cars with bad mufflers enter the lot. "When they leave, they sound like kittens," he said.

Mrs. Mallenda, an adjacent resident, objected to the prospect of having this automotive activity on the other side of her rear fence.

"The way it is, I don't like it but this!" she said.

Other residents objected solely on the grounds that they were against "downzoning."

At the close of both hearings, the Town board reserved decision.

William M. Gouse, Jr. Post No. 3211

By Lou Palladino

We held our installation last Saturday night, May 20th and what a great time. Of course the ceremonies are about the same each year. After all how exciting can it be to move live bodies to different chairs with a minimum of effort. Although it is exciting for the one being brought up to the number one spot, and often causes you to be speechless. You have to go through it to really know the feeling. The Ladies had their installation first, Rita Aug was officer in charge, and Esther Palladino (my war Dept.) moved

the bodies around. They always do a good job, they make us look like soldiers with two left feet. Can anybody imagine Kathleen Kane speechless and ready to cry. Well she was. She said her tranquilizers worked. If they did work, imagine what would have happened if she didn't take any. She might have gone into a tantrum. She did introduce her son Glen and his wife, and other members of her family after she regained her composure. She also thanked everybody responsible for her being elected president.

Then came the men. Artie Fuelling was installing officer and did a very nice job. However he was almost sabotaged by Lou Klein. When Ed Chwalisz was escorting all the newly elected officers to the front to be sworn in, Lou overlooked one little thing. He forgot to call the newly elected Cmdr. Jim Sotille. Well now, it wouldn't be much of an installation without the new Cmdr. This brought out a good laugh and relieved the sternness of the rites. Leave it to good old Lou to do the right thing at the wrong time. It was the best thing that could happen. After that it went without any other occurrences. Jim also did a lot of thanking, as his wife Mary Ann looked on approvingly. She just wanted to make sure he did everything right. Then Jim pulled the blockbuster, he said he'd need more time to do his job right. In front of so many people, what could she say. Jim also introduced his parents who were so proud. Ed Chwalisz introduced Cmdr. of the American Legion Wes Teitjen and his wife and Frank Molinari 2nd Vie, and his wife. Our own Al Kreigel who is Chief of Staff of the J.W.V. for Nassau and Suffolk and also on the Dept. of N.Y. executive Comm., and his wife Bertha and Cmdr. of the Ben Levitt post in Hicksville, Ed Greir and his wife from our own County Cmdr. Walt Borgym and wife, Cmdr. elect

Hicksville Community Council Met May 4th

Sheila Noeth opened the meeting with Emi Immesberger leading us with a salute to the flag.

May being the month for the nomination of the officers for the 1972-73 year, the slate of officers proposed by the nominating committee was announced by Richard Evers:

- Siegfried Widder, President
- Emil Immesberger, First Vice-President
- Warren Doolittle, Second Vice-President
- Anne Gregory, Recording Secretary
- Iris Widder, Corresponding Secretary
- Stephen Weinblatt, Treasurer

Nominations were then open to the floor, there being none, Richard Evers made a motion that the secretary cast a vote for the slate of officers. Motion was unanimous.

Sheila next announced the first annual dinner of the Hicksville Community Council to be held on Thursday evening, June 1 at 7:30 p.m. at the Trinity Lutheran Church, 40 W. Nicholas Street, Hicksville. Tickets are \$4.00 per person, and everyone is urged to attend. For reservations, call Iris Widder WE 1-0853.

I.R.'s Mr. A. Arietta Speaks

Our first speaker of the evening was Mr. Alphonse Arietta of the Internal Revenue Service, who proceeded to outline new withholding laws that have gone into effect in the amount of tax that may be withheld from an individual. Mr. Arietta passed around literature and discussed the tax tables. While a Special withholding allowance may be claimed (3 exemptions) in the case of a man and wife, providing the wife is not employed, only two exemptions may be claimed at the time of filing. In the case of a single individual, they may now claim two exemptions, but when filing only one. These changes have been made to get more money back into the economy. There is a special form W4E for students where withholding tax is not withheld. Earnings of \$1,700.00 or less do not have any tax liability. Same would apply for senior citizens. Mr. Arietta stated that retired or not, interest is taxable.

Chief Thornton Speaks

Chief Thornton, "Chief of Inspection", for 33 years with the Police Department, was our next speaker. Chief Thornton stated that everything in the police department comes under his inspection. Chief Thornton stated there is a group of very efficient policemen working under his supervision. The Police Department is also run very economically. Chief Thornton. The Nassau County Police were organized in 1935, and has grown to the 7th largest in the entire country, second in the state of New York. New York City being the largest. We have 3,500 sworn personnel, and a little less than 1000 civilian personnel.

Chief Thornton stated the people and problems dealt with today are much different than those dealt with years ago.

The Police Department is financed through a separate tax on all "real property", no matter where the property is. "Police Headquarters", -this is where we assign all of our directives from, Highway patrol, Detectives, Sophisticated police department, etc.

The innovative approach of having the uniformed police guards at school crossings has resulted in a savings for the police department. Today we have color photos on crime, laundry marks on cleaning garments, -these originated in the Nassau Police Department. Chief Thornton Many a positive identification has been made by the laundry mark on the shirt. Inquiries came from other

parts of the world for setting up this system.

With respect to the Knapp Hearings, -25 policemen were indicted for taking money. We are neighbors of New York City, and recognize that everything in the city spills over into our area. Aware of this corruption, we told our policemen that they would be charged criminally for any corruption, as well as being discharged. Our men are the best paid, best equipped, -each man has a "bible" which regulated his action when they are both on and off duty. We are living in a very complex society. In Farmingdale-one of our men was shot, we have stick-ups about every 30 minutes, compared to possibly 2 a week years ago. We are the front line of defense, -we do not make the laws, we are just there to enforce them. We want to live in an orderly society, -riots, crime, -hopefully we want to keep this away from Nassau County.

Chief Thornton stated there have been changes in the requirements to join the Police Department. In 1973, 2 years of college credits will be required, with the emphasis on Psychology to better understand our current society. Today we feel that our policemen must be better educated and have a better understanding of our society. A policeman does not have to live in Nassau County to be a policeman in Nassau County.

Chief Thornton spoke of the Presidents Commission On Crime "Safe Streets Act" Criminal Justice System. We have to develop programs that will be acceptable to Nassau County. We have been drawing up contracts to attract federal funds. 1 1/2 million federal funds are available. \$17,500. used for "Emergency Call Outs".

Wherever a man is within 50 miles, we can still contact them and bring them back if we need them. Money was available to improve our communications system. \$223,000, available for "Safety Town", located in Eisenhower Park. Children will be taken and taught by policemen on safety. For every dollar of federal funds brought into the police department, we are saving these tax dollars for Nassau County.

Chief Thornton stated we should have people on the police force from all over, and do recruit people to take the examination for service.

A question from the audience "Do we have anything in Nassau County like the FBI building?"

Chief Thornton explained that every day in Mineola they are taking groups through to the pistol range, communication room, identification room. Any group is welcome to come and visit.

"Be Your Neighbors Keeper" -this program was next discussed, and Chief Thornton stated that if this program had not reached our neighborhood, eventually it would.

Another question from the audience, "On Vandalism, do they ever do anything on this juvenile misbehavior?"

Chief Thornton stated that if you want to hold them and call us - we will have a man down there. We take them into family court rather than criminal court.

Another question. Could a teacher directly involved with a violent student, call the police and have the student apprehended?"

In response Chief Thornton noted that youngsters under 16 we do not carry on an arrest in juvenile detention. We have specialists that work with the family to try to correct the situation. With a citizens arrest where you are apprehending a child, you also hold the responsibility for making that arrest.

A request for consideration of a

police booth in the area of Newbridge Road and Old Country Road was made from the audience.

Chief Thornton stated they would note what the crime picture was in this area, and make a complete analysis before setting up such a booth. It was noted that up such a booth. It was noted that any complaint on a traffic situation should be referred to the "Accident Prevention Bureau".

Chief Thornton spoke of the fine ambulance service available equipped with highly specialized equipment, where the heartbeat, as well as other messages can be relayed to the hospital before a patient arrives. Two ambulances are always available. We have 8 precincts within a 300 mile area. Chief Thornton explained that all bicycles stolen or found eventually go to the Mineola "Property Bureau".

The emergency number for police is 911 "Central Communication Bureau" in Mineola. Suppr. Burke Speaks

The next speaker was our Supervisor, Honorable John Burke, who stated "We have the finest police force anywhere in the nation."

Supervisor John Burke spoke on "How We Should Conduct Ourselves in The Affairs Of Government".

Supervisor Burke noted the changes that have taken place going back as far as the assassination of Lincoln, and noted in the time of President Garfield, how a telephone call to New York City was capable of quelling a riot or disarray of the people. This is quite a contrast as to what we can expect today.

Supervisor Burke noted that throughout the 19th century we had a concentration of power in Washington. In 1918 we had the City of Glen Cove, break away from the Town of Oyster Bay. In the 1920's we saw the formation of our Villages, - in the 1930's and 40's our Special Districts, - fire protection, school districts. In the 19th century it was felt what a small government could do, a large government could do even better.

In the 1950's the Town of Oyster Bay had a huge population increase of over 30,000 in one decade. The people began to identify themselves with the government that was closest to them. This brings a greater responsibility to local government, and all the tensions that responsibility creates. Our approach to government on the local level is to achieve better government.

We are now in an age where we are involved with our environment, caring for the problems of our young people and our senior citizens. We have super zoning laws to transact the powers of local government.

Also, other agencies that have tried to assert their power, thereby disturbing our local government. We like to think of doing things on a human scale. Government affects our human values. When citizens call on local government, somebody is going to be home. All of you should really join with our government to really make it work.

Question from the audience, "What is the status on the bridge?"

Supervisor Burke stated there was a measure that came up restricting the MTA from proceeding with the bridge. However, this has not gone through all the procedures before going into law. However, Governor Rockefeller and his people would like to see this bridge built. The cost of this bridge was \$175,000,000 about 6 years ago. We don't know what the cost of this bridge would be today. Also, we are talking about a link from the north to points south, and the damage that such a bridge can be. This would be a by pass for a lot of interstate

AT THE MAY COUNCIL MEETING: (1 to r seated) Nassau County Police Dept. Chief Thornton, Program Chairman Ebery Bean, TOR Supervisor John Burke (standing) Council VP Siegfried Widder and Hicksville Chamber of Commerce President Kingsley Kelly, talk over the many challenges and problems besetting present-day Hicksville, and how some of them may be solved.

traffic. There are those that favor this bridge for the commercial and industrial development. We do not need this kind of development in the Town of Oyster Bay. Supervisor Burke stated writing letters to Albany indicating our feelings in this matter would help to get the message across.

Another question from the audience - what is being considered for covering one of the ice skating rinks, - also, the improvement of the area along Broadway?

Supervisor Burke stated there is a feasibility study being made with respect to the rink in either Bethpage or Syosset. In Syosset we have some underground waters flowing, causing some problems. The study will indicate the feasibility of enclosure.

Supervisor Burke stated he had met with Kingsley Kelly, and have scheduled another meeting to discuss Broadway. We are hoping that we will get a good response to our recommendations.

From the audience, it was suggested to Supervisor Burke that some consideration be given to retired people to "forgive some of the property tax" before the age of 65. Supervisor Burke stated that any forgiveness of tax was authorized by the state legislature, and each year will encompass more and more people.

Supervisor Burke spoke of the alarming problems of our environment, and that each of us have a responsibility in the contamination of the air and disposal problems. Non-deposit bottles should be controlled. Pilot programs on newspapers have been set up - if we don't take these matters seriously, we are in serious trouble.

Supervisor Burke stated that our branches of the LIHT going through it, the way Hicksville has.

Downtown Hicksville must have special planning, and that is what we are trying to give it. We are open to suggestion. Next Tuesday there will be a discussion on the first office building to be considered," he said.

Chamber President Speaks
Kingsley Kelly, President of our Chamber of Commerce, was our next speaker of the evening. Kingsley stated we have a Chamber of Commerce with 85 active members, made up of professional people, banking people, Lilco, Telephone Co., Gramman, office people, businesses, and some people in retirement that have elected to stay on.

We are concerned with the future of Hicksville. We feel the community, the residents, are all affected by the business community. Our emphasis is on downtown Hicksville, and what is good for Hicksville. We are

working toward closer coordination by Town Government and the Chamber of Commerce," he said.

Mr. Kelly stated there are groups working to clean up areas that are an eyesore, - unsightly trailers and ironworks - being removed. Also, with cooperation with the town, the Dwyer property, 2 Newbridge Rd., partially burned, action has been taken to get that place "straightened out", one way or another.

"Also, we have a "Safety & Traffic" committee, concerned with state, county, and major highways. We have a "Beautification Committee" for Hicksville," he continued.

Mr. Kelly stated that the G-I Zone as it is presently standing cannot do anything to improve the business section of Hicksville without changes or variances.

"This is what we are concerned with. Sound planning must come eventually for the business community, and must be economically feasible so that after sundown it will not be a "ghost town" but vibrant and a credit and relief to Hicksville, the most important community in both Nassau and Suffolk Counties. We have here a golden opportunity to build a vibrant community," he stated.

Mr. Kelly noted the flags displayed on Broadway were from the Chamber of Commerce.

Public Portion
From the audience suggestions were made for further necessities and improvements: refuse baskets, litter baskets, more trees, etc.

Also, a question directed to Kingsley Kelly "Is the Chamber concerned with the state project going on at the Charlotte Avenue crossing?" The conditions at West Village Green were also discussed.

Mr. Kelly stated he would check into the Charlotte Avenue Crossing. Also, that any area which is a particular eyesore should be reported for checking into.

One resident attending the meeting, stated that when pressing the button to cross Old Country Road in the area of the Methodist Church, not sufficient time lapsed to allow for crossing. Richard Evers announced there would be a meeting on May 17th at the American Legion Hall to plan our Memorial Day Parade.

Eileen Jackson announced there would be a meeting on June 8th at Dutch Lane School, and June 8th at the Jr. High School to which all candidates for the Board of Education were invited to attend and participate. Please contact Eileen Jackson GE 3 3224.

Respectfully submitted,
