School Board Holds Last Meeting Of Year

A relatively quiet school board meeting was held in the Administration Building Tuesday night. It was well attended, but the hundreds of people who have been coming out recently weren't there for this last meeting of the 1971-72 school year. Next week the new board of education takes over. Board president, G. Thomas Muratore, and trustee, Harry Kershen, were presented with plaques in recognition for their three years and six years, respectively, on the Hicksville School Board.

The board approved personnel recommendations for summer elementary school, clerical work, buildings and grounds, recreation and the printing of TLUs for individualized instruction classes next fall. Trustees Clark and Pappas said they had received no notice about the recreation program and Mr. Clark wanted it postponed until everyone could be notified. Mr. Tomaini, director of the program, stated flyers had been distributed to all schools and sent home with students last week. The board did not vote to change

the registration date, which is set for Monday, July 3 from 9 am to 12 noon at all elementary schools. The program will continue through August 11.

Elery Bean, president of the Hicksville Library Board, asked the school board to give approval for a resubmission of the library budget, Wednesday, August 16, at the library. He stated the library will assume full costs for the election. School board attorney, Harry Goehls, had prepared a memo for the board of education in which he recommended that the school board approve the re-vote, but that voting be held in the schools with paid personnel, not volunteer workers. Abraham Fishman, vice-president of the library board, stated the library had received a letter from the State Education Department that voting could legally be held in the library—this was done with the resubmission of Westbury Library budget. The school approved the re-vote, 4-3—Clark, Pappas and Muratore voted against; Kershen, McCormack, Bello and Zindulka voted in

favor. However, following an hour-long executive session later in the evening, Mr. Bello moved to rescind the vote on resubmission and this passed 5-2. Kershen and McCormack voting no. Mr. Bello made the statement that approval would probably be given but it wasn't necessary that the library know immediately.

The board did not approve the custodial and clerical contracts, but tabled them for further discussion. Mr. McCormack said there had only been one study session and he didn't feel this was enough.

The school board approved various bills for routine expenses of the district and awarded bids for supplies. All tenure recommendations were approved, except for one in the guidance department because the person resigned. Authorization was given to the school attorney to answer a petition questioning the legality of William Bruno's election to the school board, based on a 40 percent plurality.

Pre-School, Handbill Hearings at Town Hall

By Janet Cosnell

An application for a new Multi-Media Pre-School in Glenwood Landing and a public hearing on the banning of handbills door-to-door in the Town of Oyster Bay occupied the Town Board and about 30 people in the audience at Town Hall on Tuesday morning.

Multi-media Pre-School, which now operates nursery educational facilities in

Manhattan on 59th Street and in Islip, Long Island, would like to start a new branch of its operations on a 103' x 124' parcel on the corner of Glenwood Road and Glen Lane, at the site and in the building of a former bait and tackle shop.

To begin with, the school would accommodate 28 children on the ground floor only, with plans to

accommodate 55 children ultimately with use of the second floor. Annual tuition, paid quarterly would be \$900, with a \$25 registration fee.

Neighbors complained that the school would present a traffic hazard not only to their children, but also to the children attending the school as parents arrived to drop the children off. The school would transport only 20 children with the use of two small buses.

The plan for the school includes nine parking spaces, which would be adequate only if the second story is not developed, according to the Tobay building dept.

The school is adjacent to the post office where, according to one resident, about 200 cars stop each day to pick up mail in this community which does not have mail delivery.

One mother educator pleaded with the Town Board to allow the school, with the comment that those she looked at for her 3-year old son had inadequate facilities. Decision was reserved.

Handbills

Decision was also reserved on the question of banning handbills in the Town. Ed Aulman, of Bayville, spoke in favor of handbills, calling oppression of same an infringement of freedom of the press. Councilman Yevoli took Mr. Aulman's side.

Mr. DeVivo, president of the National Association of Letter Carriers, spoke against the distribution of handbills. Publishers Gerhard Hirsland (Levittown Tribune), Massapequa Observer) and Ira Kahn (Massapequa Post) wrote letters to the Town Board in favor of the ban.

"2 Firemen Felled By Smoke"

Hicksville vamps responded to a house fire at 14 Wedgewood Dr. on Wednesday June 21. The alarm was received at 7:39 PM and 8 pieces of apparatus and 65 men under Chief Louis Mertz responded. A faulty T.V. set in an upstairs bedroom caused a fire which gutted the bedroom and caused heavy smoke damage to the rest of the dwelling. Ex-Capt. James Huttle of Co 4 and fireman Robert Wenner of Co 7 were felled by heavy smoke.

Wenner was transported to Syosset Hosp, treated and released. Wenner was also burn't on the ears. The occupants of the house were alerted by a smoke detector, which by the way is not a bad investment.

These smoke detectors are on sale now for only \$31.00 to \$40.00 per unit. A pretty good bargain. The units are very sensitive. Many times smoke kills before the occupants are aware of any fire. They are on sale in the large discount stores in the electrical-hardware dept.

Hicksville firemen responded to 17 alarms during the period of 6:20 to 6:27, 4 malicious false alarms, 8 rescue calls and 5 misc. calls.

- When reporting a fire... Call WE 1-0026
- Do not dial 911
 - Give the dispatcher this information:
 - (1) Address of fire
 - (2) Nearest cross street.
 - (3) Type of fire

Be careful. Be alert. Remain calm. Evacuate, remain outside and direct firemen to the scene. Conduct your own home fire drill.

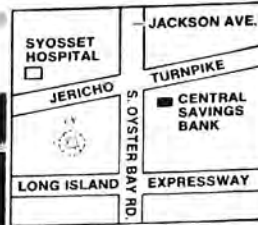

Prevent a fire before it starts. Property can be replaced - lives cannot!

Note: Within the next week Hicksville residents will receive a brochure. Aside from the useful information, it will also request a donation to the firemen's fund drive.

We will answer your call... Will you answer ours?

TO SEE THE NETS: Recently the Hicksville Rotary Club sponsored a trip for the boys of St. Mary's Home of the Angels in Syosset, to see the Nets. Chairman of this committee, Barry Goldsmith, and Hicksville Rotary President, Chris Mazur, may be seen at the rear of the bus. (Photo by Charbonnet)

Best Overall Attendance

A recent report from Northeast Area Center BOCES concerning attendance averages for participating schools during the period from September 9, 1971, to January 1, 1972, indicates that Plainview-Old Bethpage High School has the best overall attendance record of all schools in the Northeast Cluster.

Plainview-Old Bethpage High School, with twenty-five students participating, came out with an average absence percentage of 7.7 percent, which was the lowest absence record of all schools. The highest absence figures were for a school with an average absence

record of 15.1 percent, double the Plainview-Old Bethpage High School figures.

We can be justly proud of our BOCES students and those staff members who work with them. Mr. Murray Becker is the vocational counselor at Plainview-Old Bethpage High School who works directly with these youngsters, in cooperation with Mr. Norman Merry and Mrs. Aletha Alexander, Assistant Principals at Plainview-Old Bethpage High School, and Dr. Jerome Botwinick, Principal of Plainview-Old Bethpage High School.

Editorial

Welcome To The World

Throughout the country, high schools were the scene of the all-important graduation exercises, this past week. Typical of the addresses made by those who are at the top of their class, is Linda Beiswinger, who concluded her Valedictory to the Class of '72 at Uniondale High School with the words we have chosen as the title of this editorial.

The overall feeling this year has seemed to reflect changing attitudes among young people generally, whereby the undercurrent of tension and strain, if not outright rebellion, of the past few years, seems to have given way to a quiet determination by most to do whatever is necessary and possible for they themselves to extract the most possible benefit from their situation and to making their individual contributions to the common good.

This feeling was captured by Valedictorian Linda Beiswinger, who said: "...However, a vague feeling of unhappiness, as well as discontent, has been experienced by each of us. Unhappiness has, of course, tangible roots. But discontent - or rather not being content - is sometimes more difficult to analyse. It cannot be labelled "spring fever" or "senioritis". Personal discontent shows itself in attitudes. At this stage we show boredom toward formal education and negativism toward the creative work and involvement in school problems. Discontent also shows itself in actions, as well as attitudes. We destroy property, our environment, and ultimately ourselves. We become apathetic, and more and more reluctant to join and participate... Last year, I knew this flaying sense of discontent... and showed my feelings by resisting involvement. Resisting fellowship with others, I became more and more self-oriented... Prodded by a few close friends to become involved, I approached cautiously, then participated more and more joyously - forming personal goals and joining in shaping group goals. Gradually, I became happier and more content... To be a part and to give to the whole is essential to the happiness and personal development of human beings..."

It would seem to us that any educational system which can provide the environment for this sort of metamorphosis, whatever else it may or may not teach, has got to be good!

WELCOME TO THE WORLD!

LETTERS TO THE EDITOR

Dear Mrs. Noeth:

The Lions Club of Hicksville, on Friday June 16th was sponsor of the show "Plaza Suite" which was performed at the Hicksville High School. Since the tickets solicited over the phone are always for some worthy cause, we accept them but do not use them - that is, not until this presentation which we understood was to be clean-cut comedy situations. Much to our disgust, the audience was subjected to vulgar, blasphemous dialogue, only to be topped the inexcusable lewd performance of the actors which forced us to leave in the middle of the second skit. We were followed by others who declared the actions "too raw" for them, and we wonder how long some of the other members of the audience remained who had young teenagers with them.

It is our feeling that shows being sanctioned for presentation in our public schools should be very carefully screened and for the general public. We also suggest that the Lions Club be more discreet in their selection of shows in the future.

Most sincerely,

William and Mildred Sauer
30 Indiana St.
Hicksville.

Dear Mrs. Noeth:

Graduation this year went very smoothly although it was held indoors. Everyone waited with baited breath to see if any of the three student speakers would take the opportunity to denounce the war, Nixon or the school board. To our relief, their speeches were both witty and sentimental and also served to set the mood for a very pleasant commencement.

Besides the innovative accoutrements (caps and gowns) of three of the administrators, another aspect of graduation was surprising. After commending the three student speakers for not having taken advantage of their speaking time by commenting on political issues, Dr. Niosi proceeded to speak about the world in which we live, referring to youthful pacifists as "Pied Pipers". He then continued to warn us of the ills of society and to tell us what we should and should not do.

Graduation should be a time of happiness and hopeful thoughts of the future. Perhaps it is more appropriate to discuss the trite and seemingly insignificant than to philosophize on today's youth if one's speech may result in bitter feelings. The Superintendent's speech not only upset the students but it also disturbed many parents.

A '72 Graduate

Dear Mr. Maniec:

What a wonderful idea H.A.D. has for that ugly lot on Broadway. It will take a lot of effort, red tape cutting, frustration, perhaps not all accomplished, but it is a start. I am so happy to hear of someone trying to do something.

There is hope, Mr. Maniec. The junk was removed in May by Park Department trucks. We have to thank the Scouts for cleaning up some of these eyesores. Seventeen children from our neighborhood cleaned up the paths behind Austin Travel Company, Long Island National Bank, and the A & P Shopping Center one Sunday in May.

The Park Department has

straightened the tree and planted shrubs in the little parks near the railroad.

Some of the merchants do not care how their place looks. Thanks to all who do care. It takes just a phone call to the building or park departments to file a complaint. If more people complained perhaps we would have a cleaner town.

Our town is worth the effort, Mr. Maniec. I hope you will succeed.

Sincerely,
Mrs. V.C. Campanello
83 Woodbine Dr.,
Hicksville.

Dear Editor:

To the lady who complained about the air horns of the Hicksville Fire Dept. If it was your house on fire or your husband with a heart attack, the sweetest sound you would ever hear would be the sound of those air horns and the sound of the trucks coming your way.

My son is a volunteer fireman. He works all day and goes to school at night, yet when his radio goes off at all hours of the night he is out to respond. His radio wakes the whole family including my 82 year old mother. We don't mind, because we know some one needs him.

I'm proud of my son as I am of all the men in the fire department. Don't complain, just be thankful you have these dedicated men who will be there when you call.

F.J.

Dear Mrs. Noeth:

I would like to take this opportunity to express my appreciation to all the people who supported me in my recent election to the Hicksville School Board. In my three years as President of the Hicksville International Little League and in this latest endeavor, I have had the privilege of meeting who are vitally interested in our community, its educational system, and the well-being of our youth.

I sincerely appreciate the opportunity to represent this community on the Board of Education. The majority of the voters have placed their trust in me, and I will strive to exercise that trust in a prudent and judicious manner, always with the best interest of the children in mind.

Sincerely,

Supervisor JOHN W. BURKE REPORTS

One of the more fruitful avenues being explored in the constant fight against drug abuse is the study of the causes and the motivating forces that lead a person to the misuse of drugs. It is felt that the defining of these causative factors will provide a meaningful basis for an effective preventive program.

At a recent conference sponsored by the Joint Committee on Education, American Law Institute and the American Bar Association, the following motivating forces were identified:

Drugs and alcohol are frequently employed to escape from stultifying routines of everyday existence.

Boredom, by itself, often has been given as a reason for drug abuse. Individuals in need of excitement and challenge can easily fall prey to drugs and alcohol as a means to attain these ends.

It is an established fact that we are a drug-oriented society and therefore have little or no

tolerance to pain. One method of blocking out pain—whether physically, mentally or emotionally caused—is via the "Soma Pill". These are the opiates and barbiturates most commonly prescribed for the easing of pain.

Another pressure force motivating the abuse of drugs is the "identification syndrome." Conditions such as little or no recognition, an absence of love or lack of confidence are only a few of a multitude of reasons that can produce feelings of depression and inferiority.

Another cause of drug abuse, particularly among young people, is termed peer group pressure. In order for one to be accepted as a member of his peer group, he is sometimes confronted with the challenge to "try it or you're chicken." If the need to identify with his peers is strong enough at this point, involvement with drugs is often the result.

We can no longer conveniently

place the entire blame for the drug abuse problem on the so-called "pusher." The causes are much deeper than that, requiring a coordinated, intelligent and continuous program to eliminate this blight in our society.

TOWN NOTES: It is regrettable that the Governor saw fit to veto the bill that would have guaranteed the protection of Long Island's shores from ecologically hazardous oil and gas drilling operations. We urge our state legislators to continue their efforts to preserve our important wetlands.

Dollar Limit On Money Orders

The dollar limit on postal money orders will be raised early next year from \$100 to \$300, the U.S. Postal Service announced today.

Post offices will begin to offer money orders in the new higher amounts by next March.

NEWS

from your Congressman JAMES R. GROVER, JR.

There was no great sadness among many Republicans four years ago when the Democratic National Convention collapsed in chaos. But there would be no Machiavellian glee among GOP decision-makers this year if there is a repeat performance. Indeed, Republican Congressmen and Democratic senators are wishing each other well insofar as the conduct of the Presidential Conventions go.

There is rare agreement among lawmakers from both parties that the nation can best be served by law-abiding gatherings in which differences are aired through discussion and orderly proceedings, rather than emotionally-charged

demonstrations. Indeed, there are many who feel that this nation is facing a crisis in world opinion and that violence at these most important conventions, no matter what the banner the rioters follow, would be an international public relations disaster which far transcends the immediate incidents.

In view of the recent attack on Gov. Wallace, which follows the tragedies affecting the two Kennedys and Dr. King, we may well ask ourselves how much more shock the American political system can withstand. Although law enforcement officials in the convention city are preparing for trouble and say they are ready for it, the out-

break of demonstrations in itself would be demeaning and embarrassing, not just to a major political party but to our great Republic.

The United States can show the world that our system works by nominating Presidential candidates in a lawful and appropriate parliamentary manner, a style of which we can all be proud. Rioting, clubbing of demonstrators, a splashing of blood and bruises on color TV can only lower our image further—on a level with those banana republics which change leadership regularly through violence and where opponents are jailed rather than heard.

Burke Opposes Lilco Request For Rate Increases

Town Supervisor John W. Burke has again taken the Long Island Lighting Company to task for the latest in a series of rate increase applications filed by the utility with the Public Service Commission.

"Although we haven't had an opportunity for a detailed view of Lilco's a most recent petition (Friday, June 23)," Burke said, "a rate increase of 7.4 per cent for electricity and 7 per cent for gas would seem to be extremely inflationary in the present status of our economy."

Burke called attention to the fact that LILCO has received rate increases for electricity of some 9 per cent or \$18.5 million in the past two years, and an 8.4 per cent hike in gas rates in June 1971 for another \$6.3 million.

The Town Supervisor attributed Lilco's success in getting PSC approval for rate increases to its strategy of requesting piece-meal increases over short periods of time. "Lilco has an excellent batting average when you consider that a survey by a leading electrical trade journal shows that utilities in general are lucky to get more than half of the rate increases they ask for," Burke commented.

He also questioned the ac-

counting procedures used by both the PSC and the utility in justifying a rate increase. "The claims by Lilco that its earnings position is being eroded through inflation is just not consistent with the 12.9 per cent increase in net income it reported in the last fiscal year and a 5.9 per cent increase for the first quarter of

1972." Burke said that he is requesting the Public Service Commission to hold a public hearing locally on this application and that no temporary increase be granted in the meantime. "These 'temporary' actions have a strong tendency to put down permanent roots," he added.

Students Win First Place Award Concert At Library

Five students from Plainview and Bethpage schools were first-place winners in Nassau County's Youth Consumer '72 Competition, a countywide contest sponsored by the Office of Consumer Affairs.

At an award ceremony in Mineola on Tuesday, June 6th, County Executive Ralph G. Caso and Consumer Affairs Commissioner James E. Picken presented engraved plaques to Joyce Lobue and Steven Altman, students at the Pasadena Elementary School. Joyce won for her spoof of an advertised product and Steven for his consumer game. Students were asked to "do their thing" on the subject of consumer-problems.

Holly Moore of John F. Kennedy Junior High in Bethpage won a plaque for her poster on making your own clothes. Sixty Home Economics students, taught by Mrs. Carol James, also won for their composite Class Journal.

Cindy Miller of John F. Kennedy High School in Plainview won a plaque for her booklet on nutrition. Debbie Petio received her award for a diorama on how to save on clothing.

Other winners were Amy Gabelman, Ronald Stein, Joyce Faden and Annette DiMari of Pasadena, Diane Zerillo and Wendy Rubin of JFK Jr. High, and Adrienne Fero and Barbara Kalish of JFK Senior High.

Most of the winning entries will

become part of a "Youth-to-Youth Consumer Road Show" dramatizing consumer education. The road show will travel from school to school throughout Nassau beginning in September.

Said Commissioner Picken, "We are very proud of these young people. They are learning to deal with actual economics, such as the techniques of comparison shopping, credit buying and recognizing deceptions. This is the ounce of prevention that is worth the pound of cure."

WELFARE 'HANGERS-ON' HURT NEEDY

BETTER WELFARE MANAGEMENT NEEDED

Providing welfare aid to the aged, the blind, the disabled, and needy widows with young children is most commendable. Help for those whose situation is deserving serves as a bridge to self-respect and makes sense.

On the other hand, when welfare becomes a permanent crutch for able-bodied people, it should be questioned because it places a drain on hard-pressed taxpayers, siphons off funds for worthier needs and tends to put a premium on idleness.

Welfare has become a divisive factor in national unity, setting workers and producers against a self-proclaimed "welfare class."

After complete investigation, those who qualify for welfare should have it. However, the distribution of funds to borderline receivers not only adds a tremendous burden on all taxpayers but also limits the amount of aid that communities can provide to more worthy cases.

Whether or not Congress passes one of the many welfare "reform" bills which have been proposed, improved administration of present eligibility requirements is needed.

TENDER TRAP FOR THE HUNGRY MALE

If you're determined to land your man... don't underestimate the power of a romantic, home-cooked dinner. Particularly one that proves you can turn a small food budget into a culinary coup.

If you're not so sure of yourself in the kitchen, play it safe with a little outside help. There are two kinds of diners that virtually every man falls for: plain steak, potatoes and salad or a meat recipe that's seasoned so magnificently he's convinced you're a natural wonder in the kitchen.

To turn that trick, here's a recipe that sounds fancy, looks elegant and tastes delicious — but it's made from an inexpensive cut of chuck. It's quick to prepare too, because it uses the easy 15-minute meat marinade mix that eliminates the need for pre-browning and is already detectably seasoned. It's called Pot Roast Florentine, a handsome roast dressed with a superb tomato sauce.

POT ROAST FLORENTINE

- 4 lb. chuck roast, 7-bone or round bone arm
- 1 package Adolph's 15-Minute Meat Marinade
- 2/3 cup cold water
- 1 large onion, finely chopped
- 1 large clove garlic, pressed or minced
- 2 8-oz. cans tomato sauce
- 1 teaspoon sweet basil
- 1 4-oz. can mushrooms, stems and pieces with liquor

Pour contents of 15-minute meat marinade package into Dutch oven or deep pot with tight-fitting lid. Add all ingredients except mushrooms and blend thoroughly. Place meat in this marinade. Turn and pierce all surfaces of meat deeply and thoroughly with fork. Marinate only 15 minutes, turning several times.

Cover and cook in preheated 325° F oven, or simmer slowly over low flame, until tender, a total of about 1 1/2 to 2 hours. Add more water, if necessary or desired. No browning necessary! The Adolph's marinade mix gives it a rich, golden-brown color.

Remove pot roast to heated platter large enough for carving. Add mushrooms and liquor to gravy in Dutch oven, heat through and serve over meat sliced in thin slices at a 30-degree angle. Makes 4 to 6 servings.

HOME BUYER

Buyer Is Helped By Accurate Land Survey

An important part of securing home ownership is a land survey to check for encroachments and overlaps. An accurate survey is your assurance of the correct location of your real estate boundaries.

In some cases, mortgage lenders will request that a survey be made. As a home buyer, you also are aided by an accurate survey before you purchase.

Charges for a survey, by the way, vary in different parts of the nation. In some cases, surveyors charge a smaller fee for updating an existing survey.

The importance of a proper survey was emphasized to a group of home buyers in a mid-western state when it was discovered that their land boundaries overlapped. After many expenses—legal and others as well—this unfortunate situation finally was resolved.

A correct survey is a good illustration of the care you should exercise in purchasing a home.

Another example of helpful precaution is a title search of separately located public records for land title problems that could threaten the security of your real estate investment. This search should be made before you buy. In addition, your purchase of owner's title insurance will safeguard your investment as insured against financial loss from hidden title defects that even the most thorough search cannot reveal—such as forged deed that conveys no title.

Use Sauce for Flavor Accent

Chefs the world over have often built their reputations on the excellence of their sauces. Salsa Criolla de Tomates is the creation of an Argentinian chef. It uses ingredients almost everyone has on hand at all times.

As the name suggests, it has a tomato base. In addition, the flavors of mushroom, parsley and bay leaf go into it. The sauce is seasoned just right and thickened very lightly with a small amount of corn starch. It is good served with chicken, rice, beef and omelets.

Salsa Criolla De Tomates (Parsley Tomato Sauce)

- 1 (1 pound 12-ounce) can tomatoes
- 1 (3-ounce) can mushrooms, drained and chopped
- 1 teaspoon chopped parsley
- 1 teaspoon sugar
- 1 teaspoon salt
- 1 teaspoon pepper
- 1 bay leaf
- 2 tablespoons corn starch
- 1/4 cup water

Mix together tomatoes, mushrooms, parsley, sugar, salt, pepper and bay leaf in saucepan. Cook over medium heat, stirring occasionally, about 10 minutes or until mixture comes to a boil. Reduce heat; cover and simmer 20 minutes.

Remove bay leaf. With a spoon, stir corn starch with water. Then stir into tomato mixture. Stirring constantly, bring to a boil and boil 1 minute. Makes 3 1/4 cups.

- 1/4 cup Tiger's Milk
- 2 teaspoons prepared mustard
- 1 teaspoon Worcestershire sauce
- 1/4 teaspoon sage
- 1/4 teaspoon savory
- 1/4 teaspoon seasoned salt
- Dash pepper
- 2 tablespoons diced pimiento
- 1 (4 oz.) can sliced mushrooms, undrained

HICKSVILLE AMERICAN LITTLE LEAGUE INC.

AA League

By Bob Cassagne

Long Island Collision was beaten by Ernie's Barber Shop on Tuesday of this week by the score of 6-1. Ross Nadleman came in and did some fine relief work for Tony Severino. Mark Guimmie also pitched well. Bob Kaufman made some fine plays in the field. Howie Mann and Mike Spufera hit very well in this game. For L.I.C. George Ober and John Williams had the only hits.

In 7 innings Firestone lost to Cliffs Newbridge Sunoco by a score of 11-5. Joe Pizzolvent 2 for 3 with two ribbys. Werner Heissenhuber won 3 to 4 abd gad 2 RBI's. At this time I would like to thank all the managers. Mr. Moriale, Mr. Madine, Mr. Demas, Mr. Pampillonio for handing in their game reports on time all through the season.

A League

By Jim Pakaluk

The second half has come to a close with the Dodge Chargers and Malvese teams tied.

Monday: The Pancake House-Chargers and Circle Texaco-Mid Island Plaza games were rained out.

Tuesday: Malvese chalked up another win, downing Newberys 8-4. The hitting of Bob Strack, Chris Martin, Tom Collins, and 5 run last inning highlighted this spectacle.

Saturday: Grele Texaco defeated Mid Island Plaza 6-2. In a losing effort John Florio had two hits and Joe O'Connor starred at first base.

Also on that day, Panckae House and Dodge Chargers met in a doubleheader Dodge Swept 5-3 and 8-5.

In the first game Roy Mehan, Peter Byrd, and Billy Hazelton had hits. Andrew Lubash used his batting eye drawing 3 walks. For Pancake House, Mike Marchetti pitched hitless ball.

The second game was a rainout from June 2nd. John Bradley's 2 run homer, Peter Byrd's 2 hits, Billy Vollono's great Pitching and Alan Lubash's 3 walks gave Dodge the win.

Sunday: The rainout game from June 16th was supposed to be played, but a lack of players for Mid Island Plaza ended the game in fifteen minutes as Dodge Chargers racked up their third straight victory.

I would like to thank Mr. Mehan and Mr. Orr for handing every report in on time. Take note managers, these men are good examples to follow.

Only half the game reports were turned in this week. A sign of disinterest and apathy on the part of the offending managers. YOU know who you are.

Agnes got to Little League too, cancelling two games and making the conditions quite muddy and hampering normal play. Here are the results:

5-20 LINB 10 - Nathans 5 (winning pitcher, Brian Damm) Brian Damm, Jim Pakaluk and Mike Valle led pennant bound LINB to a victory with two hits apiece. On of Damm's hits was a well hit double and both of Pakaluk's were solid triples. Tom Campolettano pulled off a

grandstand play, a diving catch on a would-be hit.

6-20 Gerz 2 - Sizzler 1 (not informed of winning pitcher) Gerard Siry pitched a three hitter while getting the loss for Sizzler. I have no idea who the winning pitcher was for Gerz. After pitching a one run game, I imagine he would have like his name in the paper. As I said though, I didn't receive the Gerz reports. I thank Sizzler manager Mr. Turturro for handing in his report, for at least I know Mike Turturro hit a double and a triple (2-3) and Phil Tancona went 1-2 in a losing cause.

Due to tropical storm Agnes the Minor B's, Farm's, Coll, Pony and Stallion Leagues and both Connie Mack teams were rained out for a whole week and fields remained unplayable because of the pools of water around the infields. We would like to congratulate the Directors and managers of the Major League and Minor League who turned out to clear the water off the fields so they could make up some games when the rains slacked off last weekend. The rest of the league's schedule will remain snarled for a couple of weeks when with a little luck from the wetter bureau we may catch up. The following standings are as of June 18:

"If A Fire Chief Built Your Home"

By Robert M. Holmes. Taken From Dec. 1971 Issue VFW Magazine

Note: Due to the alarming rise in house fires and deaths due to fire, we feel local residents should be informed of the many dangers that may be built into their homes. This article is in no way meant to scare anyone, but we feel a more informed public is a safer one.

Capt. O.W. Magee At 3 am in Rockford, Ill, sirens began a mournful wail, and a frantic woman climbed upon a toy express wagon to scream into an open window, of a modern ranch - style home. Inside the house, 11 year old Susie stirred restlessly in her sleep. As the sirens and her mother's voice slowly penetrated her slumber, finally she awoke with a start. The first thing the child saw sent a chill through her small body. Flames licked at the top of her bedroom door. And a thick yellow - black smoke began to darken the ceiling. Susie realized her only way out was the horizontal windows above her head. She reached as high as she could, grasped the windows edge and slowly pulled herself up. For a brief instant her head cleared the window sill and she saw her mother's anxious face smile and the outstretched hands that

meant safety.

Then, the girls grip on the edge of the window relaxed and she slumped back into the room where she died.

What killed Susie?

The coroner said it was the poisonous smoke that crowded the tiny air space at the windows. Actually the killer was more subtle - a hidden, ever present threat in a frightening number of American homes - unsafe housing design.

Susie was a victim of three of the most common faults found in today's dwellings. The fire started in an unenclosed, improperly installed central heating unit. Poisonous gases and flames spread unimpeded through the open areas of the house and down the hall, cutting off the child's only ground level escape route. It hardly slowed when it hit the folding fabric door of her bedroom. The few minutes Susie did have were lost as she struggled to escape through impossibly difficult windows. Firemen see such tragedies repeatedly every year. Many victims only a few feet from safety - blocked by an unanticipated escape barrier.

If a fire chief built your home,

he would immediately eliminate design faults which creep into houses for the sake of esthetics, and efficiency. He would design your home for living not for burning.

A TOUR OF THE GREGORY MUSEUM. Long Island's Earth Science Center, was recently conducted for a group of library aids from Our Lady of Mercy School in Hicksville and some interested relatives and friends. The visitors were fascinated by the beauty and variety of the collection, which consists primarily of choice mineral specimens, but includes fossils, Indian artifacts, jewelry made from gems and minerals, and a magnificent array of butterflies and moths. The collection is temporarily displayed in the home of Gardner and Anne Gregory at 207 Cottage Blvd.,

Hicksville, but will soon move to more suitable quarters in the historic Heitz Place Court House located near the Hicksville railroad station. The ecology-minded Gregorys also maintain a summer wildflower preserve in New Hampshire, and breed several varieties of moths and butterflies which are in danger of extinction. This Spring, they have distributed cocoons and silkworm eggs to Long Island schools for educational purposes. They have also prepared and lend out a variety of slide sets with taped commentaries on minerals, moth, butterflies and wildflowers.

A new service which makes possible overnight mail deliveries between the United States and Brazil has been launched by the U.S. Postal Service and the Brazilian postal system.

The service, an expansion of the Postal Service's International Express Mail program, is designed to provide high-speed, reliable transportation of such materials as general business papers, computer cards and tape, and check clearances between financial institutions.

Under International Express Mail, customers enter a contract with the Postal Service which

From Our Postmaster

RALPH CASCARDO

provides for airmailing of items on a fixed schedule to specified recipients.

The service is available in 56 major U.S. metropolitan areas which makeup the Postal Service's Express Mail network.

The Postal Service began International Express Mail on an experimental basis in June 1971 with a United States-to-London route. The United States-Brazil service is the second facet to be added. Possibilities exist for extending the high-priority mail service to other countries in Europe and the Far East.

The United States-Brazil service has been initiated on an experimental basis of not less than one year under an agreement reached by representatives of the two countries' postal administrations. The U.S. Postal Service has agreed to reciprocate in handling mailings of Brazil's *Servico De Correspondencia*

Agrupada (SERCA), that country's express mail program.

Mailings of up to 50 pounds are permissible in the United States-Brazil service. Distinctive green leather-and-canvas satchels are used to expedite handling. The special satchels are carried in the regular blue international mail sacks with special tags enabling postal employees to locate and remove them quickly.

The United States-Great Britain service allows mailings up to 10 pounds.
