Policy Statement H.A.D.

H.A.D. exists for the primary purpose of helping create a drug free environment within our community. We recognize that in order to accomplish this a high level of cooperation must exist among all agencies in the community who have responsibility for children, youth and adults.

In cooperation with these agencies H.A.D. will attempt to discover problem areas and focus upon possible solutions. Since our emphasis is upon drugs and drug related problems, we shall attempt to provide and disseminate accurate and honest information about all drugs which may have adverse affects upon people and which may be illegal to possess or use.

We recognize the controversy regarding the use of certain

drugs. Since there is at present no authoritative answer, we feel compelled to stand on that side of the issue which discourages completely any use of drugs, legal or illegal, addictive or non-addictive, unless under medical supervision.

It shall be our policy to offer help to all people in matters pertaining to drugs. We shall supply direct or referral services to youth and adults alike in those areas where help is needed.

We shall attempt to serve as a reconciling agent between youth and parents. Strengthening of home and family life by providing assistance to both parents and youth will enable H.A.D. to better serve the community.

In Memoria Of Two Friends

BY RICHARD EVERS

This summer has been marked by the passing of two well known graduates of the Hicksville schools. Mrs. Caroline Berning of the class of 1927, a senior teacher at the Junior High School, and Mr. Barry Lebowitz of the Class of 1970, and an outstanding orator. Hicksville is certainly the less for their sudden, unexpected deaths, and their many friends mourn the personal and community loss.

Caroline Berning, nee Neubrech, who died this past week after a brief illness, was well known to many of Hicksville's older residents. She was born in the house on Cottage Road in which she was living when death came. Graduating from the Hicksville High School and from the State Normal School at New Paltz, she had taught for twenty-seven years in School District 17, imparting arithmetical skills and wholesome attitudes to two generations of pupils.

Her knowledge of old-time family names and kinship relationships was extensive. Many of the talk this sometime community historian enjoyed with this gentle colleague who so tactfully, but assuredly, shared her memories of sixty-odd years of life in this one-time farm community. Equally helpful to her many friends on the Junior High faculty where she was a senior teacher of mathematics, Caroline Berning epitomized those qualities we associate with "memorable teachers." Her large, generous person held an abiding liking for young people and a patience and understanding with their distract-

tions and learning weaknesses. Thousands of students benefited by the experience and guidance of this good teacher whose work on basic skills enriched their later lives. She was possessed of a genuine vocation. Although sometimes wistfully hoping for fewer of the slow learners - as would any teacher eager to communicate the keener aspects of her subject and her interest Caroline Berning constantly accepted the teaching load assigned to her (because of her talents) and gave those scholars struggling with arithmetic all she had to give. Motherly in appearance, with children of her own, no one knew better than she that poor learners, if given attention, can achieve much that will prepare them for self-reliance and adulthood.

As one who shared lunch and preparation periods with this dear colleague these last years of her career, I found her friendly and helpful with younger and older teachers alike. Highly efficient, unstinting in her aid to administrators in keeping the vast Hicksville Junior High functioning well, courageous in expressing not always popular views. Mrs. Berning was devoted to her three grown children and to the memory of her husband, Herman, who died nine years ago. Her many colleagues her relatives and her friends will miss Caroline's composed maturity, her hearty laugh, her scorn for irresponsible politicians and her steadfast loyalty to family and church associations. The Jewish Sabbath:

Urges Schools Board Not To Meet On Friday Night

Fred W. Kanter, Chairman of the Long Island Regional Board of the Anti-Defamation League of B'nai B'rith, today made public a letter sent to the Hicksville Board of Education protesting the holding of meetings on Friday night, the Jewish Sabbath.

The letter written by I. Joel Komarow, Director of the League's Long Island office states: "School Boards are concerned with the educational needs of a total community... To deprive attendance to any

one group is also to deprive a Board from many helpful ideas and counsel. We fear that this may happen by holding meetings on Friday nights - the Sabbath Night for Jewish parents and neighbors."

The letter continues by reminding the Board "that they took an oath to serve the community be its residents Catholic, Protestant, Jew or any other - or non-religionist", and concludes by urging a change in the meeting night "and thus

welcome - not deprive - your citizens to attend meetings and help in your work." Nearby boards "meet on week day nights" and "do not interfere with Sabbath."

Mr. Kanter suggested that criticism would be equally warranted if a Board were to set a meeting for a Saturday or Sunday morning and thus interfere with a temple or church-goer's desire to attend a Board meeting. It is hoped that the Hicksville School Board will reconsider its decision.

Roncallo Attacks New Busing Orders

The need to fight the concept that busing is an integral part of providing quality education became ever more clear when it was revealed that the State Education Commissioner had ordered the reassignment of students in Huntington according to racial quotas, Angelo Roncallo said today.

While not directly attacking the order as it effects the Huntington School District, the Republican candidate for Congress in the 3rd C.D. noted that the decision pointed out how important it will be for opponents for forced busing to work for passage of an amendment to the U.S. Constitution which would ban the assignment of students to a particular school because of race, creed, or national origin.

Such an amendment has been drawn up by Rep. Norman Lent (R-East Rockaway) but needs greater support in Congress before it can start along the path to becoming part of the Constitution.

"It should be obvious now that there is still a mentality in this country that believes the neighborhood school concept should be cast aside and children should be placed on buses every day in order to improve their quality of education," Roncallo

said. "To me a ride on a bus seems to offer very little to the child who is having difficulty learning how to read."

Roncallo expressed his belief that "the Lent amendment to the Constitution seems to be the only weapon the people have to force certain governmental agencies to start looking for methods to improve the educational system so that we can be sure Johnny is learning to read and not be concerned as to whether Johnny is learning to ride."

Not having seen Commissioner Ewald Nyquist's order concern-

ing the schools in Huntington, Roncallo could not comment on that specific case. However, he noted that he never believed that a racial quota or any other discriminatory quota could be considered an aide to education.

"I have felt that the closer the school building is to a student's home, the more the educational system can offer," Roncallo explained. "It is difficult for a student who has a bus to catch to get home, to stay after school to become involved in extracurricular activities.

Public Transportation: A Needed Service Despite Decline in Use

By Janet Gosnell

By the early part of 1973, according to announcements and plans by Nassau County Executive Ralph G. Caso, the now privately owned bus lines of Nassau County will become public property, purchased at a cost of about \$10 million.

The announcements hit the papers last month, including page one of the New York Times, after a press conference in which Mr. Caso underscored the increasing insolvency of the bus companies and accompanying need for county subsidies to keep them in operation.

Mr. Caso said at the time he would seek to have the Metropolitan Transportation Authority take over the system, or create an independent authority within the county to regulate public transportation. \$3 million of the funds would come from the state and the MTA. The balance would be taken from the \$16 million earmarked for Nassau County under the Federal Revenue Sharing bill now pending in congress, or would be raised by floating bonds.

Paradox in Decline

The paradox in the decline in bus ridership in Nassau County is that would-be riders complain of lack of buses and insufficient routes, while bus companies complain of lack of riders. Representatives of the elderly and the handicapped have appeared several times at the Board of Supervisors meeting in Mineola to request more adequate public transportation.

White transportation department statistics show that 50 per cent of county residents cannot drive because of youth, old age or infirmity, a bus official estimated that only 4 per cent of residents are regular bus users. Jonathan D. Boyer, of the transportation department, estimates that 10 to 15 per cent of residents use the bus, including those who are just occasional riders.

These bus users, who might number from 60,000 to 325,000 riders, depend solely upon the bus as a means of getting to work, play, shopping or errands.

For this reason, public transportation is a necessary service provided by municipalities for their residents, even though this service will cost the county about

PUBLIC TRANSPORTATION in Nassau County is a paradox in which the people are screaming for buses and the buses are screaming for riders. As the Nassau County Department of Transportation tries to promote ridership with buttons like the one superimposed above said by uniform schedules, maps and central information number (626-3000), the county is seeking to purchase the privately owned bus lines at a cost of about \$10,000,000.

\$750,000 this year in subsidies to three main bus companies — Hempstead Bus, Bee Line and Schenck — and that in the nation as a whole, municipalities expect to lose \$300 to \$400 million on their public transportation.

Without realizing it, the government and merchants are discouraging public transportation, according to Mr. Boyer, who is assistant to Nassau County Transportation Commissioner Andrew G. Schiavone. "In downtown Chicago, 87 per cent of people use public transportation," he says. "Yet the merchants in the area are crying for and building more parking spaces." Road widening also is a detriment to the growth of mass transportation, Mr. Boyer says.

Promoting Buses
In the face of the decline in ridership, the Transportation Department has launched a promotional effort, using marketing techniques, to encourage the use of buses in the county. If you're lucky, you can get a red and white button that says, "Try it!" and a telephone dialer supplying the central telephone number for bus in-

formation, 626-3000.

Unfortunately, these goodies can't be distributed in the un-governed bus terminal in Hempstead, Mr. Boyer says.

The department will also publish a bus map and standardized timetables, the funds granted recently by the MTA.

Part of the program of promoting bus use is to provide better, more comfortable service, Mr. Boyer says, quoting nationwide surveys showing that fares are not as important as

Concert Soon At Jericho

The New Chamber Orchestra will give two performances this summer on July 30 and August 2. The first concert will be held at the Stepping Stone Park, Great Neck, 8:30 PM, and the second at the Newbridge Road Park, Bellmore, 8:15 PM.

The identical concerts will include works by Britten, Vivaldi, Grieg and Vaughan Williams. The featured work of

the concert will be the Vaughan Williams Violin Concerto which will be performed by violinist Cora Gordon Silberman. Conducting the orchestra is Gene Forrell.

The concerts are being sponsored by the Great Neck Park District and the Hempstead Department of Recreation. Admission is free to the public. For information call GE 3-6324.

comfort and convenience in public transportation.

Presently, the most used bus lines are those which travel between Mineola, Hempstead and Freeport, to Jones Beach during the summer; and to Jamaica, the latter bus lines used instead of the railroad, saving money at the cost of time. The buses into Queens also take riders to locations which are not conveniently served by the railroad, Mr. Boyer also notes.

Transit's Golden Age
Bus service in Nassau County started some time around 1920, taking over the old trolley routes, which have left their mark in other ways. The Stop "20" Diner, on Hempstead Turnpike in Elmont, for instance, is named after an old trolley stop.

Most bus companies started with one man and one bus. At the Hempstead Bus Company, this man was Henry C. Bickmeyer, now president of the company which owns 50 buses and pays 79 drivers a wage of \$4.34 an hour for a minimum 8-hour day, 5-day week, the wages regulated by the Amalgamated Transit Union local 1181.

Mr. Bickmeyer and his staff, including Ted Galvin, vice president, recall the golden age of buses in the 40's. They feel, as do other transportation officials, that bus transportation will pick up in the county.

County statistics on bus

ridership bear out the decline from 47,343,000 rides a year, or 12 million miles of operation in 1948 to 20 million rides in 1968.

The change in the way people spend their evenings, notably staying home and watching TV, has affected public transit all over the country, Mr. Boyer says.

In addition, the county's \$10 million bus business, as in other areas, is hampered by its susceptibility to inflation — you can't automate buses. One way to increase business is through chartering buses, however the business is highly competitive and it is difficult to get the necessary permission of the Interstate Commerce Commission to travel out of state and of the Public Service Commission to go out of county, Mr. Boyer says, because of this competition.

The official outlook statement of the Transportation Authority is expressed in these words by Mr. Boyer: "We feel that the present trends, if allowed to continue, would result in reductions in service and high fares. We don't believe that is desirable. It is and should be public policy to encourage public transportation for economic and ecological reasons, and also for the mere fact that the county doesn't have the street space to devote to so many cars."

Dear Friends...

INCREDIBLE.....is the word for the suggestion by the Board of Education of Hicksville School District 17, to change its meetings to Friday nights. It is either the heights of thoughtlessness, or a deliberate attempt to invite publicity in the daily newspapers. This is the type of thing that was done some years ago, meeting after meeting after meeting... with great success. The representatives from the dailies were always present for they knew they would find contrived controversy... but not because the board was working hard to see that our children received the best education we could afford.

Gentlemen, whatever your excuse, please correct this situation as quickly as possible. And then, why not devote the rest of the year to serving the interests of our School District?

LAST WARNING: just hours before his death, the late J. Edgar Hoover warned Congress that official Soviet-bloc personnel in our country has been steadily increasing. Mr. Hoover testified before a House appropriations subcommittee—that, as much as 80 per cent of that personnel has spy assignments. On Feb. 1, 1972, there were 2,593 officials and their dependents living in the United States from the USSR, Bulgaria, Czechoslovakia, Hungary, Poland and Romania, with 1,166 from the USSR alone. On July 1, 1967 there were only 2,094.

CAR ACCIDENTS continue to grow in number. At the International Convention of Quota International, more than 1,000 delegates heard a plea for simple, common courtesy on the road, by Charlotte Montgomery, a magazine columnist. "Fifty per cent of all accidents would never happen if drivers were considerate, polite and a bit more patient," she said. Among her other suggestions were these: "Make it

your job to drive smoothly, thinking ahead to avoid jerks and sudden stops or swings. Don't let your foot jab nervously on and off the brake pedal. Key your speed to the flow of cars around you and plan your stops and turns. Most emergencies can be anticipated because the unexpected must be expected. AND, the words for entering a fast road, such as a turnpike or expressway, are match and merge. On most-up-to-date thoroughways you don't need to come to a full stop before you enter. While still in the lane that leads in, begin to speed up somewhat. Yield to oncoming traffic, but when there's a good space, blend in smoothly." We will add two more words to Mr. Montgomery's good advice, and they are CONCENTRATION AND CONTROL. Anything that distracts the attention of the driver from his or her driving, even for seconds, may prove disastrous, at the speeds that we may now legally drive...so, concentration is essential at all times. Also, a complete feeling of control of the car at all times is equally essential, and more important than one's actual speed, for road and traffic conditions may affect this. Think about it... concentration and control.

THAT'S ALL for this week, stay well and enjoy our beautiful Long Island.

SHEILA

LETTERS TO THE EDITOR

Dear Mrs. Noeth:

As I read Shirley Smith's report in the July 13, 1972 issue of the Mid-Island Herald, regarding the activities of the Hicksville School Board at the reorganization meeting, I hoped that for once Mrs. Smith's reporting was less than accurate.

The question of school related activities being held on Friday night has always been a problem for a certain percent of the Jewish parents and residents of Hicksville. I look back on my children's years in this school district, and remember the compromises made because they were informed that they had to appear at the Friday night performance of an activity if they wanted to be included at all. It is my feeling that people in the business of education should not put any child or parent in the position of having to choose between his interest in school affairs and his own manner of welcoming his Sabbath.

If Mrs. Smith has captured the essence of the remarks made at that meeting, Mrs. Carton was championing the cause of those members of our community who have school age children and have difficulty in obtaining babysitters to "cover" while they attend school meetings. Has any consideration been given to holding board meetings on Sunday afternoon? Our teenagers could be enlisted as volunteers to run activity programs for the children in unoccupied rooms of the high school, while parents attend the board meeting. Parents would not be tired due to late hours; children would be learning to relate to new groups and activities, and teens would be serving the community.

The reporting that Mr. Bruno felt Mr. Maier's objection to Friday night meetings on religious grounds was invalid,

Major League

(Continued from Page 6)

Nathans, moreover, had strong disadvantages, such as having the worst second half record and coming off of a two week layoff. It was all but certain that my pick for this season (Gertz) would wrap it all up as second half winners have done for the past four years in this league. Well, they won. Nathans, that is, by five runs, 9-4. Steve Pisani was the WP.

Nathans took the initiative early with two runs in the top of the first. In the bottom of the third, Gertz scored their share—four runs on errors. Sloppy field play didn't stop Nathans, who picked up one an inning later and five more (all they needed) in the 5th. Gary Madine knocked in the winning runs (2) on a blast that would have easily cleared any Little League fence. However, in Cantague's deep, made for softball fields, the ball bounced through the fence for a ground rule double. In the final inning, the coup-de-grace was another double by Gary Madine capping a one run inning. All told, Nathans had 11 hits. Other Little League big men were Jim Holohan (3-4), Russell Barth (2-4), Andrew Klaffer (2-3), Steve Pisani (1-2) and Mike Humphreys (1-4)... Mike Humphreys (SS) made a tremendous diving catch near the foul line in shallow left field... Steve Pisani ended up 8-2 for the year, boasting a strikeout average of 1.6 per inning and allowing an average of just 4.0 hits per game... Jim Holohan led Nathans with a .584 average and 23 RBI's.

"What this country needs is a good five-cent bumper sticker remover."—Ward Program, News and Reporter.

because at one time a board member of the Jewish faith failed to object to Friday night meetings must be in error. Even Mr. Bruno must be aware of the fact that election to the Board of Education does not carry with it the responsibility to be spokesman for an entire religious community.

It is my fervent hope that the study sessions mentioned, will be made up of objective people, concerned with the total Hicksville community.

Very truly yours,
Sonia K. Sternberger

Dear Editor:

I wonder if you are aware that approximately 2,800 people in Nassau County are single parents? Statistics indicate that better than 4 percent of the population falls into this category. Whether the cause has been death, divorce, separation or unmarried status, the parent who is newly alone faces enormous loneliness, anxiety and isolation in our couple-oriented society. Children in the single-parent home often feel "different" and awkward. Parents Without Partners attempts to meet many of these needs and to help the single parent family find a new direction in life.

Parents Without Partners, Inc., is a non-profit, non-sectarian educational organization devoted to the welfare and interests of single

parents and their children. Founded in 1957 in New York City, the organization has spread rapidly through the United States and into many areas in Canada. In addition, we have affiliated organizations in Australia and England. Our current international membership is well over 70,000 single parents which represents approximately 210,000 children living in single parent homes. We would like you to know that a chapter exists in this area and we are enclosing a recent newsletter so that you may be aware of the type of program we offer.

The Nassau Chapter No. 13 meets at 8:30 p.m. on the second Friday of each month at the Elks Club in Freeport on Merrick Road. In addition to these program meetings, we often have Discussion Groups where members can "talk out" some of their anxieties, Family Activities, which include the children and social activities where the single parent does not need to feel like a "fifth wheel."

If you have any questions about PWP or this chapter, or if one of your staff would be interested in visiting one of our meetings or activities, please do not hesitate to phone me at 516-764-5277 and I will be glad to help you in any way possible.

Sincerely yours,
Claire Edelman

League No. 2

After a long season of 3rd and 4th grade intermural baseball and a lot of wet weather the 2nd league finally has come to an end. The league was made up of two divisions the East and the West. The winners of the Eastern division was the Reds managed by Lou Neuman and coached by Artie Lorentsen, and the winners of the Western division was the Cubs Managed by John Toner and coached by Artie Zogorski. The both teams met in a two out of three game playoff. The scores of the playoff games was us follows:

1st game was won by the Cubs by a score of 5 to 2

2nd game was won by the Reds by a score of 2 to 1 in extra innings

3rd game was won by the Cubs by a score of 3 to 2

Thus the Cubs winning 2 out of three become the champs of the league. Their was also an allstar game made up of boys the Managers felt should represent their team from each division. The Western division won the game by a score of 8 to 3. Congratulations to the winning teams both the Cubs and the Western division, but also congratulations to all the boys who took part in the league along with the Managers and Coaches who did an outstanding job all through the season. HICKSVILLE AMERICAN LITTLE LEAGUE INC.

A League

By Jim Pakaluk

In every sport, young boys will work to the bone with the hope of making the All Star team. This was the case with our A league whose All Star members

were: John Bradley, Lee Mehan, Mark Sadowski, Matthew Ryan, Steve Jankowski, Ted Siry, Ed Baques, Andy D'Aquila, Chris Martin, Mike Marchetti, Bob Strack, Joe O'Connor, Charles Virga, Joe Filadillo, Pat Buckley and Frank Behr. These boys worked hard to be the best in the league. Let's give them a hand.

were scoreless. The second innings gave Firestone a 1-0 lead. In the bottom of the third, Firestone produced 2 more runs, increasing their lead to 3 runs. The "A" All Stars were held back once more, but Firestone managed to score 1 more runner, giving them a 4-0 lead.

In the top of the fifth, Lee Mehan led off the inning with a double. Then Matthew Ryan drove in the first All Star run. Matthew showed some fancy base running giving the team 2 runs. The scoring still wasn't over. Firestone knocked in 3 runs, giving them a 7-2 lead.

Coming to bat in the sixth, the All Stars showed off their hitting, tying it up 7-7. In the last of the sixth, Firestone scored the game winning run on a disputed call.

Starting in the field were Mark Sadowski, Ted Siry and Steve Jankowski. At the plate, Bob Strack went 2-2 while John Bradley, Lee Mehan, Mark Sadowski and Matthew Ryan each had 1 hit.

AA League

By Jim Pakaluk
(filling in for Bob Cassagne)

On July 12th the AA champs, Ernie's Barber Shop, were confronted with the mighty AA All Stars.

Ernie's came to bat and were held scoreless. In the bottom of the first the All Stars scored 5 quick runs. The second inning brought in 8 more runs for the All Stars giving them a 13-0 lead. After three innings the All Stars increased their margin by 2 runs, giving them a 15-0 lead. Both teams were held scoreless for the rest of the game, the end result being All Stars 15 - Ernie's 0.

For the All Stars Steve Playne, Greg Knight, Dave Dechent, Bobby Clark, Joe Pizzo, Bob Sommer and Mike Ninterall each had hits. Dave Dechent and Greg Knight pitched a 4 hit shutout. Peter Demas, Joe Pizzo, John Williams and Harry Stryker played heads up ball.

For Ernie's, James Flanagan, Mark Giummule, Tony Severino and Mike Embat each had 1 hit. Good fielding plays by Robert Kaufman, Rose Nadleman and Mike Sprufera.

The following boys comprised the 1972 All Star squad: Raymond Pampilonio, Mark Giummule, Ross Nadleman, Mike Sprufera, Joe Pizzo, Steven Playne, Werner Heissenhuber, Dave Dechent, Peter Demas, Greg Knight, Harry Stryker, Mike Winterall, Francis Anderson, Robert Clark, Chris Coffy, John Williams and Bob Sommer. These boys and their manager, Mr. Demas, deserve credit for a job well done. Congratulations and good luck in future years.

Special Memo

The A season closed out with Ernie's taking both halves. I would like to congratulate the following boys for making Ernie's number one: Ray Pampilonio, Mike Sprufera, Don Duenbeck, Tony Severino, Howard Mann, Mark Giummule, Andrew Harris, Robert Kaufman, Ross Nadleman, James Flanagan, David Martin, Michael Babat and Manager, Ben Pampilonio, who handled the team so well, gathering 15 wins and only 2 losses.

These boys worked hard to claim the championship of the AA league. They did a fine job, and we'll be looking forward to seeing you next year.

Majors

By Mike Pakaluk

Little League now? Isn't it a bit late? Not at all. A series of victories ended up in a three way tie for first in one of the most exciting seasons ever (and one of the longest). Here are the results:

July 10 - Sizzlers 7 - Gertz 1 (winning pitcher, Phil Tancaora). Just about everyone in the H.A.L.L. knew that if Sizzler could manage to pull this one off, Gertz would be denied a lone first place and the 3 way tie would result. Sizzler went out there determined to win and did. Phil Tancaora pitched a diving catch. Sizzler put it all together. Hitting, they had it in full. Gerard Siry (2 3, 2 RBI's), Billy Meslin (2 RBI's) and Tom Smith (DB, 1 RBI) ... A two game playoff was decided on. Gertz drew a bye, thereby playing the winner of Sizzler - LINB for the second half championship.

July 11 - Sizzler 10, LINB 2 (winning pitcher, Gerard Siry). What can you say about a red hot team that has won two in a row. Well, you could begin with saying Gerard Siry pitched six strong frames, Dennis Barcavage went 3-3, and Bobby Famigletti knocked in two runs ... LINB fought valiantly. Jim Pakaluk (2-4) knocked in the pair of runs with a double. Steve Cosentino and Bobby Willis starred with the glove in a defensive game.

July 12 - Gertz 7, Sizzler 4 (winning pitcher, Tim Curley). Again no game reports for the winning team. Bobby Famigletti (3-3) and Mike Turturro starred in a losing battle.

July 13 - Championship Game. Gertz, who beat Sizzler to win the second half, had the key momentum going into this game.

All Star Game

By: Mike Pakaluk

This year's Hicksville American Little League represents the league's best talent. Here is the squad:
 Manager: Mr. Joe Curley, Coach: Mr. Jim Turturro
 Players: Russell Barth, Timothy Curley, Brian Damm, Andrew Klafter, William Meslin, Robert O'Connor, James Pakaluk, Steven Pisani, Jeffery Powell, Gerard Siry, Phillip Tancora, Michael Turturro, Michael Valle, Robert Willis. Alternate - Gary Madine.
 July 17 - Hicksville American Little League met Hicksville National in elimination play - the winners playing other winners and the losers hanging up their uniforms. Hall lost 3-0.
 In the top of the first, Turturro

to Pakaluk to Siry wiped out a runner in a climatic opening. The game continued - all defense - for four innings. In the fifth, H.N.L.L. broke it open, scoring three runs off Steve Pisani. Gerard Siry came in, and both teams failed to score. The 3-0 score resulted. Doug Mizzi (H.N.L.L.) pitched a one hitter, giving a niggardly single to Brian Damm in the fourth. All told, Steve Pisani gave up 2 earned runs, 5 hits and whiffed 7 in 5 1/3 innings. Gerard Siry Fanned 1, allowed 1 hit in 1 2/3 innings. In any event, I congratulate Mr. Curley for a well done coaching job, and commend the team on a full-hearted, fight-to-the-end effort, which is deserving praise.

In Memoriam

(Continued from Page 1)

honors he achieved. And Barry Lebowitz was the recipient of numerous academic awards. He was a member of the National Honor Society, graduating twelfth in the 1970 class of over nine hundred. Winner of the Henry Eismann Memorial Scholarship, New York State Regents Scholarship and Paragon Oil Scholar Incentive Award, he brought honor to his parents, Mr. and Mrs. Harold Riechman, to all of Hicksville and Nassau County by his splendid oratorical abilities in American Legion forensic competition. Members of the Charles Wagner Post will not easily forget hearing his fine speech on "Law and Order Through the United States Constitution," an oration which took the young man to the State Finals of American Legion Oratorical competition at Rochester, in 1970.

Barry Lebowitz's appreciation for his native land and its institutions reflected his inherent moderation, intelligence and good citizenship. These qualities, combined with a projected sincerity, vitality and zest for participation, and tempered by a sense of humor, endeared the young man to all who knew him. His wit and stage presence, for example, enhanced numerous musicals produced by the High School Theatians.

Those who knew him well were aware of his interest in human welfare, attested to in part by his volunteer summer work while in high school at the Waldemar Cancer Research Foundation. This year, while at Cornell University, he was using his own car to help bring patients undergoing therapy to the university for psychiatric treatment.

Although Barry's friends find the world diminished now that he is gone, perhaps there is some solace in the thought that he accomplished so much living, made so many lives brighter and must be among the many noble youths the Creator seeks for company.

Hicksville Baseball Association President W. Wannan

by Ed Conte

Hicksville's Connie Mack A team continued their winning ways by winning three more games after last week's twin killing. The powerful first place Plainview team fell victim to Hicksville's bats on Wednesday evening July 12 at Hicksville High School. Plainview quickly took the lead by scoring three runs in the first inning and it looked like Hicksville was going to be another pushover for the Plainview Sluggers. Greenstein all county shortstop from Bethpage High tripped in the first inning to drive in two runs and

scored on a sacrifice fly. John Porlschy, who when he is not pitching takes a turn playing in the outfield, came up to bat in the third inning with two teammates on base and hit a home run over the left field bleachers to tie up the game.

Hicksville sealed up the game when they scored four runs in the fifth inning on a walk and four hits by Castellano, Rybak, Broussard and Pace. Frank Pace went 3 for 3 in the game.

Last Sunday July 16 Hicksville again met Syosset at Hicksville High School. The last time these two teams met, Hicksville suffered a double loss because of a record total of twenty one errors but our Hicksville players have learned a lot since then. Steve Conte pitched his second consecutive shut out and has a streak of 15 scoreless innings going. Hicksville scored one run in the first inning when John Santa got on by an error by the shortstop and stole second base. Bobby Daub singled him home for the only run of the game, which was all that Conte needed for the win.

In the second game Hicksville edged out Syosset 5 to 4. Richie Glueckert started for Hicksville but after giving up three runs in the third inning was relieved by Frank Pace who pitched a strong game in relief. Hicksville was losing 3 to 1 when they came to bat in the fifth inning. Tommy Bergin got on after being hit by a pitched ball, Steve Notskas walked, Bobby Daub singled them both in. Frank Rybak singled and John Santa got two RBI's when he singled Daub and Rybak home to give Hicksville a 5 to 3 lead. Syossett tried to make it

up in the seventh but could come up with one run.

"Modular" Learning

Trying to start a course of study in a school during the middle of the course is almost impossible. Usually you could not even enroll once a course has started.

Not so, says Mike Lerner, founder of Education Unlimited. He has adapted convenient "Modular Learning" concepts to Career Education for adults. In the process he has overcome the problems of "missing the beginning" and "catching up when absent."

Each session in the course is an independent unit. These sessions can be compared to educational blocks, which can be mastered in any order and at any one of E.U.'s locations, for the purpose of completing the course sooner or for making up missed sessions without loss of time.

As a result of this "Modular Learning" concept, tuition fees are low. There are no contracts to sign or registration fees to pay.

At present, Education Unlimited is concentrating on teaching a 7 week, low-cost Real Estate course in Hicksville, Manhattan, and Westchester. This course is for the novice wishing to obtain a license as a Real Estate Salesman or Saleswoman qualifying them for a new part-time or full-time career with a future. Additional courses are being developed in the careers of: Notary Public, Travel Agent, Bookkeeping, etc. In all cases where licenses are required by the state, Education Unlimited states "Become Licensed or Full Refund". They are proud to state that as of this date "not one graduate has requested a refund".

Education Unlimited supplies the knowledge and the motivation, the student supplies the initiative. For your nearest school or more information, call Mike at (212) 868-8238 collect, at your convenience.

Operation VFW

William M. Gouse, Jr. Post No. 3211
By Lou Palladino

This may not be considered news, but something should be said about Frank Aug. He completed his term as commander last year in June, and now he is gone. Here was an average man, with an average family and an average income, just like most men of our time and age. Yet he was so dedicated to the causes of the VFW, that as a comrade, he went beyond the ordinary. He was highly esteemed in both County and District I. There is no doubt in

any of our minds, with his drive, he would have commanded both in due time. But time is the one thing he ran out of. Not devotion, not dedication, only time. He would help anybody in the VFW, at any time. Even in his waning days, he tried to gather his strength to be of help. So many comrades and sisters in arms, plus friends came to pay their last respects. You got the impression a VIP was being mourned. But it was just our Frank. The average guy with the super average drive

HICKSVILLE INTERNATIONAL LITTLE LEAGUE

By Eileen Donohu

The MAJORS season came to a close with a Championship game between the first place winners of the First and Second Halves of the season, GOLDMAN BROS., managed by Bob Werner clinched the title by downing Don Joyce's TROIANO EXPRESS team 5-2. Joe Catalano pitched

It is a terrible loss to District I, to County, and to our Post, but especially to his wife Rita, and their children, Patricia, Mike and Eileen. Our deepest heartfelt sympathy goes to them. Of this you may be sure, he will not soon be forgotten. In all our minds we offer Frank Aug a twentyone gun salute.

shut-out ball for five innings before TROIANO scored their two runs in the sixth.

The MINORS moved to the end of their regular season with nine contests being decided. On Tuesday, July 11, MARDER SHELL edged HICKSVILLE PENNYSAYER by scoring the decisive run in the bottom of the final stanza. Bill Shacklady's second triple of the game was the key blow, scoring the winning run. MARDER SHELL is certainly consistent, this is the third time this year that they have beaten PENNYSAYER by one run, and scored that run in the last inning! The final score: 6-5. In other Tuesday action, a powerful L.I. NATIONAL BANK nine rolled over a hapless HILLS SUPERMARKETS squad 13-4. PARAGONE OIL, the most improved team in the division, slipped by a determined CERONE FLOOR COVERING club 12-11. Paul Yanopoulos, recently moved up from the farm division, went two for three, and collected two RBIs on a well hit triple. Barry Goldberg added to PARAGONE'S offensive punch by delivering a four for four performance. Brian Morgan pitched with a fine three run homer, and Paul Basist was two for two. Paul's last hit produced the winning run.

Still in the MINORS, Friday, July 14, saw two out of three contests decided by forfeiture. HILLS SUPERMARKETS dropped their game to HICKSVILLE PENNYSAYER, and MARDER SHELL conceded to CERONE FLOORS. In the single contest decided between the lines, PARAGONE OIL turned in an inspired team effort

against the powerhouse from L.I. NATIONAL BANK. When the dust had settled, PARAGONE had outscored the BANKEFS 15-4. Paul Yanopoulos once again provided the spark with a four for four night at the plate. In addition, he showed the way on defense with two unassisted double plays. Barry Goldberg and Paul Basist combined pitching talents for the winners.

Tuesday, July 18, saw the final games of the MINORS regular season. In Division II the race for a playoff berth was hot and heavy as PARAGONE OIL made a last minute drive. Their game with HICKSVILLE PENNYSAYER was a "must win" and they gave it an all out try. The PENNYSAYER nine prevailed in an exciting 8-7 contest which saw PARAGONE'S final out in the final inning come with the bases loaded. Johnny Wandell saved it for PENNYSAYER with a fine defensive play of a sharply hit ball deflected by the pitcher. It was a close play, and it decided a close game. In other action at Lee Avenue, L.I. NATIONAL BANK continued their impressive march to the playoffs with a crushing defeat of CERONE FLOOR COVERING 21-4. MARDER SHELL played a smooth game behind the pitching of Joe Parella in downing HILLS SUPERMARKETS 4-1. Joe had a no hit game going through five innings.

This coming Friday, July 21, Lee Avenue fields will witness the MINOR championship playoffs. The first two finishers in each division will go into a double elimination playoff to decide first through fourth place rankings. Double elimination means two losses and a team is out. The third place finishers in each division will meet in a consolation game to decide fifth and sixth place finish. Playoff games are scheduled on Tuesdays and Fridays through August 4th, at Lee Avenue School fields. Come on down, relax, sip something cool, and enjoy some fine Little League baseball.

Children's Films At Library

The Plainview - Old Bethpage Public Library's Children's Summer Film Festival will have an international flavor on July 25 with fine films from three different countries. "The Merry-Go-Round Horse" is a French made fantasy about a boy who falls in love with a wooden merry-go-round horse, his sorrow when the horse is sold to a selfish child who abuses it, and his efforts to recover it. "Little Joys, Little Sorrows" was filmed on a Polish farm. It is the touching story of a girl, her doll and her cat. The American contribution brings us the slapstick antics of the wacky Magnificent 6 1/2 Gang in "It's Not Cricket."

There will be two showings - one at 1:15, the second at 3:00 P.M. Free tickets will be distributed at the library starting July 18 to children between the ages of 6 and 12.
