"Parents Day" At The East Street School

Parents' Day on July 27 at the East Street School's Primary Learning Center was attended by a record number of interested adults. Teachers Frances Byrne and Bette Banyas introduced a new approach to learning to the parents who watched their children moving through the Primary Learning Center activities. The emphasis of the elementary summer program in operation in all eight of Hicksville's elementary schools is on early prevention and diagnosis of learning disabilities among primary grade children.

In the woodworking shop the parents observed outstanding projects completed by Frank Spinelli, Jeffrey Slezak, Scott Mayfield and Maureen Bryr.

Experience Charts lined the walls of the Primary Learning Center. Kevin Davis, Bryan Benner, George DeVito, Thomas Bruder, Thomas Dunning, Thomas Simon, Kevin Williams, James Abatelli, William De Marco and Richard Parra have dictated, illustrated and take great pride in reading their experience stories to everyone in attendance.

Sammy Potente is the winner of the Reading Contest, closely followed by Charles Spach,

Kathleen Chatterton, Thomas Schuman and Thomas Sellitto. Art Projects such as rock painting by Brian Little and Tina Marie Grillow, clay modeling by Kenneth Meyers, picture painting by Teri Ann Emproto and Michelle Varecha, creative design by James Garga, Keith Silverstein and Kevin Williams are completed with care and creativity.

The gym area has helped John Donlon, Louis Pagnutti, Joseph Geneti and Sharon Strong improve physical fitness and motor perception skills.

The science area has attracted every child with its opportunity to touch, observe and watch growth of living things and to examine carefully non-living things such as rocks and other objects of interest.

Jose and Gilbert Negron have found the audio-visual material helpful and exciting as they are learning their new language, English.

Primary Learning Centers at East Street as well as at the other seven schools of Hicksville continues to be popular with the very young because they find successful experiences make learning important.

"Blaze Destroys Warehouse, 35 Firemen Injured"

By Capt. Owen W. Magee

A stubborn fire burned out of control for two hours Sunday July 23 in the warehouse of the Meadowbrook Paper Co. on South Broadway near Fourth St. Hicksville.

The alarm was turned in from two alarm boxes at 2:24 PM. Two additional alarms were sounded later in the afternoon for additional manpower. 90 Hicksville Firemen and 12 pieces of apparatus responded under Asst. Chief William Ferber. Chief Mertz, who was away at the time, arrived and assumed command.

Thirty five firemen were injured, four of which were sent to the hospital and later released. No serious injuries were reported. Injuries reported were heat exhaustion, cuts, blisters, minor eye injuries, smoke inhalation. Eight Firemen narrowly missed serious injury when one of the buildings walls collapsed.

First arriving firemen on

Engine 7 reported the building totally involved. It was estimated the fire had burned many hours undetected. Neighbors reported smelling smoke Saturday afternoon, but it is not known if it was smoke from this fire. The N.C. Fire Marshalls Office is conducting a routine investigation.

The building is owned by the McKeon Family. Damage was estimated at \$300,000.00 as Hicksville Firemen began arriving at the scene Mutual Aid was requested from the Jericho Fire Dept. For their 75' tower ladder and one engine co. Additional pumpers and manpower were requested from the Bethpage, Plainview, Westbury, and Farmingdale Fire Departments.

Engine 7 and several men remained on the scene until 9:30 AM Monday to Prevent a rekindle. Hicksville Fire Chief Louis Mertz praised the firemen from the six fire departments for

their efforts in containing the fire. Near-by houses, a warehouse and the McKeon Lumber Yard, all surrounding the warehouse, were protected from falling sparks.

During the period 7/18 thru 7/25/72 firemen in Hicksville responded to 56 alarms. 6 malicious false alarms, 16 Rescue calls, 16 fires, among them two mattress fires, one caused by careless smoking in bed, the other caused by a lamp. The Rescue Squad was called to Lee Ave. School Monday July 24 at 12:07 PM to free a small child who got her head stuck between two pipes. A little bit of vaseline, and an assist from a hydraulic Porto-power tool had the child free in five minutes.

It was, indeed a busy week for your volunteers who serve without pay. The Hicksville Fire Departments annual fund drive is underway now. We will answer your call, will you answer ours?

Noxious Needs Make Neighbors Nervous

By Janet Gosnell

The seemingly irreconcilable problem of locating noxious, dangerous, but needed services in an area where they would not endanger the lives or peace of the residents they serve came up again at Oyster Bay Town Hall on Tuesday, when a public hearing was held to decide whether trucks over 20 tons would be restricted from traversing residence-bordered Scudders Lane and Glenwood Road in Glenwood Landing.

The last big brouhaha about gasoline and oil storage came in April at a jammed night hearing at Town Hall when Plainview residents vehemently said, "Thanks, but No Tanks" in response to Northville Industries petition to locate a gasoline and fuel oil terminal in their community. The petition was denied in June.

The roads in question in Tuesday's hearing are primarily used by heavy tractor trailer gasoline trucks by three major oil terminals (Harbor Fuel, Phillips Petroleum and Mobil Oil) located on Hempstead Harbor in Glenwood Landing and adjacent Roslyn.

The incorporated village of Roslyn, it was brought out at the hearing by representatives of the

oil companies, was planning to close its Bryant Avenue to such heavy vehicular traffic next week, virtually closing them in.

Scudders Lane, in particular, has been the center of controversy for over a year. The trucks, which serviced gas stations in Nassau and Suffolk counties, apparently at all hours of the day and night, grind up the inclining thoroughfare, which has no sidewalks, with noise, fumes and potential fire hazard disturbing the residents whose homes line its borders.

The ordinance would restrict traffic to the smaller, one-piece trucks similar to those which deliver fuel to homes, and would require that all truck traffic be stopped between 8 P.M. and 8 A.M.

Attorneys for the oil companies protested that such a restriction would virtually put them out of business with its economic unfeasibility.

Said Lester Chase, representing Mobil Oil: "This is a problem to which there is no halfway solution. The only solution the residents will accept is no more trucks. It can't be solved."

Mr. Chase averred that all

The second meeting of the Hicksville Olympic Committee was held on July 19, at the Hicksville Elks Club. A temporary board of directors was elected, which will serve until the group receives its charter, hopefully some time within the next two months. At that time a permanent board of directors will be elected. Elected to the board were chairman; Peter Collins, Vice Chairman; Charles Miller, Treasurer; William Henny and Recording Secretary; Rosemary Walsh.

The purpose of the committee is to lay the ground work for the formation of a Hicksville Olympics, to be held in the summer of 1973. All boys and girls between the ages

of six and nineteen, who live in school district No. 17 will be eligible to compete. The events to be held will be track and field, swimming, diving, ping pong, badminton and chess.

Plans are to incorporate the organization, and to seek official AAU sanction. Every participant will be represented by one of civic organizations that have volunteered to act as sponsors. At present, twelve civic organizations have joined. They are as follows: L.I.F.E. in Hicksville; Our Lady of Mercy Youth Council; Charles Wagner Post-American Legion; H.A.D. Program; Hicksville Veterans of Foreign Wars; Hicksville International Little League; Hicksville

American Little League; Hicksville Police Boys Club; Galileo Lodge 2253-Sons of Italy; St. Ignatius CYO; Hicksville Elks 1931; and Knights of Columbus.

The Olympic committee is still seeking other civic organizations and private individuals especially those with a knowledge of the events that will be held, or who are affiliated with the AAU. It was estimated that 15,000 Hicksville children will be eligible to compete in the meet. Anyone wishing to volunteer may call Mr. Peter Collins at 935-0386. Volunteers are not required to be Hicksville residents. The next meeting will be held at the Elks Club on West Barkley St. on Sept. 20, at 8 P.M.

Unique County Recreation Program

A unique county recreation program for the visually handicapped has been expended in order to give blind Nassau residents greater contact with a wider segment of the community.

The program at Nassau Beach Park in Lido as been broadened to include blind and aging Senior Citizens in the overall summer beach program. Fitch noted that "in this way, the visually handicapped will jointly participate with the sighted community in

such activities as dancing, shuffleboard, beach and pool swimming, and cookouts."

In addition to these scheduled summer events, the county also offers a year-round drama program for blind and sighted, "The Spotlight Players." The group has scheduled performances of its current production, "The Wonderful World of Musical Theatre," for local recreation departments and nursing homes.

Dear Friends. . .

LAWSTHAT GOVERN VILLAGES, were passed by the last state legislature and signed into law recently by Gov. Rockefeller. The new Village Law is the result of three years of public hearings held by the Joint Legislative Committee on Laws Affecting Local Government. Chairman of this committee, Assemblyman George Farrell told a meeting of the Nassau County Village Officials Association that it is the "first sweeping recodification of this law since its passage in 1909." He said that the intent of the recodification was "to streamline the overly cumbersome Village Law" . . . to streamline the operation of village governments and to eliminate unnecessary or overlapping sections of present laws."

He also explained that the new law eliminates classification according to population, leaving only one Village Law governing the affairs of villages. Eliminated also, he stated, are requirements forcing a village to come to Albany for special legislation if, for example, it wished to erect a village clock, or establish a dog pound, or allocate funds for an Independence Memorial or Columbus Day Celebration. Repealed is Section 89 with its 75 subdivisions and replaced in the new Village Law with one section conferring powers on Board of Trustees to run the affairs of their villages.

Assemblyman Farrell emphasized that "the recodification is a milestone measure because we (the Legislature) are returning power and authority to the local units of governments. They will be more responsible than ever for their own affairs, and local residents will be able to find redress for their problems at the level of government closest to them."

WE BELIEVE that more Home Rule is wise indeed and are pleased to hear that so much has been accomplished in this area. No mention is made of the powers of local governments over zoning, so we assume that it remains as it always was. . . and that is the wisest of all for our form of government, on any and all levels, should be as close to the individual citizen as possible.

OF COURSE, the individual citizen who does not assume his duties and responsibilities, as well as accepting his rights and privileges, is another matter, and a sad one indeed. And just as sad is the elected official who does not realize from whom his responsibilities and duties derive. Hopefully, as our great country matures (for we are still very young as a country), there will be a higher and higher percentage of our adult population who do attempt to exercise their rights to vote, and other duties, wisely. . . which will almost automatically result in a larger percentage of our elected officials responding in like manner.

Local Man Appointed By Governor

Dr. Harold Meiselas of Plainview, a psychiatrist with more than 13 years experience in the field of drug abuse, has been designated by Governor Rockefeller as Vice Chairman of the State Narcotic Addiction Control Commission.

At the same time the Governor and Howard A. Jones, Chairman of the Commission (NACC), jointly announced the appointment of Anthony Cagliostro

of Niskayuna, former Chief Counsel to the Commission, as its First Deputy Commissioner. He succeeds Raymond Wickham.

Dr. Meiselas, 44, who will continue to receive \$40,578 annually in his new position, currently is serving a term that expires December 31, 1975. He was appointed a member of the Commission in November, 1970, after previously serving it in various capacities.

REPORTS

Last week I had an opportunity to visit a few of our local community parks on an unofficial basis. I stopped to chat with a number of Town employees, including lifeguards and other youngsters who work for the Town for the summer, as well as residents using the parks.

I left with a warm glow inside. . . that may sound corny, but that's how I felt.

I have seen municipal operations in other areas that I would not want to be associated with. . . surely employees; unkept conditions. Just a bad scene.

We get a complaint or two—we are bound to, but all in all I cannot feel anything but pride for being associated with the employees and programs we have at our parks.

I watched at one pool while lifeguards were giving tests to children who had just completed an instructional swimming course for beginners and was truly impressed by the manner in which they handled the students—particularly the ones who failed. A kind word to a child of six or

eight after a failure in front of his peers is a gesture that youngster needs at that moment. There's nothing in the rules and regulations to cover an employee doing this, it's just something inside and it is a display of patience and understanding that belies the age of these young instructors.

The imaginative use of the facilities and the ability of the recreation staffs to program to fit the needs of the youngsters is also worth mentioning.

Hockey is increasingly popular on Long Island, thanks in part to the Town's highly regarded winter ice hockey program. And, for example, an innovative street hockey program seems to have captured the imagination of youngsters. Some parks have even started impromptu programs for seven, eight and nine-year-olds in the rinks. You watch, in a year or two many of these youngsters will find themselves on skates and enjoying this fine sport even more.

The Performing Arts Festival held each Tuesday at John J

Burns Park is drawing larger crowds as the word spreads. We owe a great deal of thanks to legislators such as Assemblymen Philip Healey and Joseph Reilly and State Senator Ralph Marino for their assistance in providing for the State financial aid that has made this program possible.

The Oyster Bay Planning Advisory Board has scheduled two informational meetings (Wed. Aug 2 at Massapequa H.S., Thurs. Aug 3 at Oyster Bay H.S. -- 8 P.M. to 11 P.M.) to air their recommendations for the development of the unincorporated areas of the Town, exclusive of Hicksville, Syosset, Woodbury and Jericho, which were the subjects of special studies.

I urge all residents to attend these meetings. Dr. Ravich has assured me that those of you who cannot make it can write to him with your suggestions and recommendations until August 30th. Write in care of Town Hall, Audry Avenue, Oyster Bay, 11771.

Dear Sheila: "On Wednesday, July 19 at 1 a.m. I summoned the Hicksville Fire Dept to transport my 92 year old father-in-law who had been injured in a fall, to Syosset Hospital.

Without any knowledge of the seriousness of the injury they were most considerate in handling him. I can not say enough about their kindness at that time.

HAD Reports To The Community

Help-Aid-Direction (HAD) Reports to the Hicksville Community

Help-Aid-Direction (HAD) is Hicksville's own youth guidance and counselling center, working with young people, parents, and adults in order to bring about improved family relations and help in the solving of personal, social, and/or drug-related problems.

HAD first opened its storefront facility at 75 Broadway back in October 1970 and for more than a year and a half held youth and parent groups, individual counselling sessions, crafts and activities at this facility as well as operating its offices there too. As HAD became known throughout the Hicksville area, the number of youths and adults taking part in HAD's various services greatly increased. By the beginning of 1972 it became very apparent to both the staff and board members of the HAD organization that HAD needed to acquire larger facilities to run its expanding program.

Fortunately, by the end of May 1972, HAD was able to rent a second storefront facility at 87 Broadway, Hicksville, to supplement its original storefront. Presently at 87 Broadway are found HAD's offices, social room, and counselling room. Back at 75 Broadway, HAD has its youth and adult rap group rooms, activity center and additional counselling rooms.

Recently, the HAD organization started its own Hire-A-Youth program, aimed at finding odd jobs for the young people involved with HAD. So far, HAD has been able to place

approximately 10 to 15 teenagers in part and full-time jobs. We hope that more homeowners and businessmen will call HAD at WE 3-6858 when they need reliable youth to help around their homes and/or businesses.

On Saturday, July 29th, from 7:30 to 11 pm, the HAD organization will hold a rock concert at Trinity Lutheran Church gymnasium at West Nicholai Street, Hicksville. Tickets are \$1.50 each and may be purchased at our offices at 87 Broadway. Featured at this rock concert will be three bands: Franc Grittani's new group, Golden Fleece; Rock Bottom, and Archer and Company.

In an attempt to make teenagers' idle time productive and rewarding, the young people of HAD are presently working on a play to present to the people of Hicksville. This play, "Out of the Frying Pan", will be performed on Thursday night, August 17th through Saturday night, August 19th at 8pm at the United Methodist Church, Old Country Road, Hicksville. Advance tickets are now available at HAD. The cost will be \$1.00 each.

Much progress has been made toward getting permission from the owners of the vacant lot located on the west side of Broadway, between Marie Street and Herzog Place to clean it up, plant grass seed and flowers, and thus beautify this present town eyesore. By August, we hope to have fully completed this beautification project.

Right now the HAD organization has one immediate problem which it hopes to solve by appealing to the people of the

HICKSVILLE area. At our both storefront facilities, HAD needs several air-conditioners to cool off the rooms we now use for groups, counselling, and offices. Because the buildings where HAD rents its space are very old, ventilation is extremely poor and room temperatures have exceeded 90 degrees repeatedly during the past several weeks. This heat has greatly reduced our effectiveness to work with and counsel people coming up to HAD for help. Any type of air-conditioners donated to HAD will be greatly appreciated. We hope that the people of Hicksville will help us solve this problem so that HAD may continue to serve the Hicksville community promptly and without any interruption of its services.

For further information, please contact John Maniec, HAD Program Director, at WE 5-6858, Monday through Friday, 2pm to 11 pm, Saturday, 2 pm-12 midnight.

Landfill Site As A Park In PLAINVIEW

Oyster Bay Town Supervisor John W. Burke announced that he has requested the technical assistance of the Nassau County Planning Commission to develop and create a site plan for 65 acres of Plainview property that will be developed in a landfill-park program.

Burke said he made the request of Mr. W. Kenneth Chave, Executive Director of the Nassau County Planning Commission, following preliminary talks between members of Burke's staff and Mr. John W. Follis, Deputy Director of the planning commission.

"It is our thinking that all landfills must be planned for eventual conversion to park and open space," Burke said. "The

time to do that is before-not after."

Two weeks ago Burke announced the Town Board's intention to conduct a public hearing (August 15) to consider acquisition of a 65-acre property in Plainview that will be developed in a landfill-park program.

At that time the Oyster Bay Supervisor said that "the old version of a garbage dump would not be the eventual disposition of this choice property. 'The most modern and scientific techniques will be utilized to turn this property into valuable recreational land,'" Burke said. "I promised a textbook approach to landfilling with inert material into a planned park design and

we will use every technical means available to us."

The Plainview landfill-park site is a triangular-shaped parcel located northwest of the intersection of Round Swamp Road, and the Long Island Expressway. The site is bordered on the south by the Expressway, on the west by the former Shattuck Estate property now owned by the County of Nassau for park purposes and on the east by the Huntington Town line.

Burke said he hoped to set up a meeting with members of the Planning Commission and Town officials, including David Maffrai, Director of the Town's Division of Environmental Control.

Hicksville Boy Survives Elephant Attack

by Claire Levandorf

Mark Goldstein, a Hicksville resident and Hicksville High School class of '70 graduate, miraculously survived being thrown and stepped on by a 7½ ton elephant at Lion Country Safari, West Palm Beach, Florida, recently. His only injury, aside from bruises, seems to be a broken arm.

The pre-veterinarian student at Cornell University has been employed as a warden in Lion Country for the past three months. As a spokesman for the popular Florida attraction said, "Apparently Goldstein didn't realize elephants are weird."

Mark went out to Elephant Island on an errand and was met by Donya, an 18 year-old female Indian elephant. He patted her on the trunk and walked on. As he turned his back, Donya lifted him

with her trunk and threw him down planting one foot on him. Mark was able to distract the elephant by punching her in the eye and making a lot of noise. The disturbance caused the animal to release her hold just enough to enable the young student to roll into a nearby canal, (inhabited by alligators.)

He was taken to Good Samaritan Hospital in West Palm Beach where he was treated and held three days for observation. While there, a constant stream of hospital staff members came to see the "foot print" on his body.

Mark is the son of Mr. and Mrs. Allan Goldstein of Hicksville who happened to be vacationing in Florida at the time of the incident. They report the boy well, and back on the job, cast and all, anxious to make friends with Donya.

Operation VFW

William M. Gouse, Jr., Post No. 3211

By Lou Palladino

We had a couple of members sworn in at the last meeting, but they really weren't new members. No doubt you haven't been at a meeting before. One was an old war horse from WW II Joe Selvaggi, and the other was a young tiger of the Vietnam conflict Mel Grevestad. Imagine sitting in on the meeting, and somebody says, hey, have you been sworn in yet? And you say, who me? And so forth.

You disabled vets with a pension may know that you will be receiving a ten percent increase in the very near future. Just thought it should be mentioned.

We received a number of letters from different organizations giving condolences on the death of Frank Aug. J.W.V. also had two trees planted in Israel in his honor, and sent the cards to us. We decided to have them put in pressed wood and turn them over to his wife Rita. The Plainview VFW had a very nice paragraph put in their little magazine or bulletin, however you refer to it.

Anybody pass our new building of late? Maybe I'm prejudiced, but it looks beautiful from the outside. Now that the building was covered and clean it really looks like something. We expect the

building to be complete before the month of August is out. Cmdr. Jim Sotille asked George Walden to get himself a comm. and take care of the dedication. Our dream is now quickly becoming a reality. Can I speak for those who aren't actively participating, but the rest of us are mighty proud.

Carl Probst said the picnic is doing very well. The date is August 13th. If its anything like the last few we had, it should be a blast.

It will be held in Teddy Roosevelt Park in Oyster Bay. We had the drawing on the picnic chances. First prize was won by a F. Wroblowski from East Meadow. The second and third, members, Sam Potente and Abe Feldman. Hope we get a nice day for the picnic, so we can have another ball.

Jim Sotille told us at the meeting, he attended a County meeting, and enjoyed it. He also made his presence felt with a letter and some nice words. Jim is going to be alright. He's doing fine as it is. Oh yes, Tom McCabe our Jr. Vice is the new Voice of Democracy Chairmen. A little more work for you, eh Tom.

Received a beautiful letter from Howard Darling in appreciation for the use of our

wheelchair. Howard and his mother both made use of it. Those of you who remember know he can write beautifully.

Winner of the drawing at the last meeting was two, not one. Tom McCabe and Joe Normandy, he says end it with "Y" not "I". How come two. Long story.
