Vol. 25 No. 31 Thursday, August 17, 1972 COPY 10c

## Hicksville Kiwanis Salutes

JAMES GILDERSLEEVE, Superintendent of Sanitary Services Town of Oyster Bay, and his supervisor, JACOB FREEMAN, for their efficient service in a large scale operation - garbage and rubbish removal from our community; also, for their cooperation in other aspects of beautifying Hicksville.

MR. & MRS. STEPHAN MALESKY for presenting a picture piece for our community, "THE LAWN", at 104 Bay Avenue, the Northwest corner of Bay and Notre Dame Avenues.

CLIFF BARDWELL, JR., proprietor of the Sunoco Station on the Southwest corner of Newbridge Road and W. Nicholas Street, for a well tended service station made attractive with flowers and evergreen shrubs.

### To Benefit Museum:

## Attic Treasure Sale

The Hicksville Public Library announces that in conjunction with the Second Annual Old Time Country Fair, an Attic Treasure Sale will be held in the library auditorium with all the proceeds going to the Gregory Museum.

Mrs. Rosemary Barrow, a member of the Board of Advisors of the Gregory Museum, will be in charge of the event. She can be contacted at WELLS 8-5643 for any information regarding items to be donated to the sale, and for pick-up and delivery of articles. All items for this sale must be at the library the week of September 11 for pricing and setting up.

Success of this sale depends on the quality and quantity of the merchandise donated. The

committee welcomes small pieces of furniture and working appliances, children's toys, games and books; old china and glass, especially colored glass of the 30's and 40's; bric-a-brac, jardinières, vases; anything marked "Occ. Japan"; picture frames, novelties, and anything else you may think will be interesting and salable. The value of all contributions is tax-deductible - ask for a receipt.

The Gregory Museum plans to be in their permanent headquarters, the Heitz Place Courthouse, by the beginning of the fall season. Perhaps through the efforts of the community with contributions to the Attic Treasure Sale, we can all hasten this move.

### Teen Age Republican Club To Meet

The Teen-Age Republicans of Hicksville will hold their regular monthly meeting on Friday

August 18th 8:00 p.m. The meeting will be held at the Seaman Eisemann Building 167 Broadway, Hicksville.

## General Report Hicksville School District

By Shirley Smith

During the public portion of last week's school board meeting, Ray Cahalan offered an apology for those people who could not attend due to conflicts of religious services. He again asked the board to reconsider and change its Friday night meetings.

John Maniet of HAD presented invitations to all board members to attend the play, "Out of the Frying Pan," which HAD is presenting at the Methodist Church this Thursday, Friday and Saturday nights at 8 P.M.

William Bruno suggested that all employees be paid their total vacation pay before leaving on vacation. Administration will look into this and have a report for the next meeting.

The board unanimously voted (Mr. McCormack arrived late and was not present during this voting) to add "subject to board approval" to all contracts which employees sign when they are hired.

Mr. Bruno moved that all spelling errors (in any subject area) be marked by teachers and corrected by students. Lacking a second, this motion failed. Mr. Bruno also suggested that "Stop" signs be installed at the corners of Fifth and Division Avenues and Sixth and Division Avenues, to discourage speeding and "drifting" in front of the High School. He proposed that a compensatory day off (either the time off or pay received for it) be given to all clerks and custodians on July 3, when the 4th is on Tuesday. It was estimated this could cost the district \$9000, so Administration will get more exact figures and report at the next meeting.

George Pappas suggested that information pertaining to scholarships - the availability, requirements, etc. - be published in the Bulletin Board so that all residents may be made aware of it.

The board voted 4-2 to have the school attorney send two conflicting legal opinions on the request of St. Ignatius for the loan of audio visual equipment to the State Education Commissioner and get his ruling. Mr. Goebel, the school attorney, had advised against loaning this equipment and listed Professor Hagany's (of New York University) opposing viewpoint in his memorandum. Trustees Pappas and Clark voted against this motion. Trustees Zindulka, Bello, Bruno and Pirrung voted for it.

The board approved various bills for routine expenses of the

district. Certain reworded proposals of the teachers' contract were also approved. There are additional portions which must be reviewed before voting to approve.

Robert Pirrung's motion to approve the Hicksville Library Board's request for a revote on the library budget August 30 received no second and therefore no action was taken. Kenneth Barnes, library director, asked the board to make public its reasons for denying the request. Mr. Bruno was the only board member to speak on this subject, stating the failure of the library board to list in any literature its savings account of \$25,000 as his reason for not favoring a revote.

The board set the tax rate for the first half of the 1972-73 school year at \$6,278 per \$100 assessed valuation. This is a 22.6 cent increase over the 1971-72 tax rate.

The board voted unanimously to offer information about available student accident insurance to Hicksville parents. This has been done the past two years.

The board awarded bids for a maintenance service contract and for school supplies (games, toys and puzzles.) Mr. Clark abstained on this voting.

A request by Administration for all-purpose tables and chairs, language master, headsets, cassette and record player to be used in a second grade individualized instruction classroom at Old Country Road School was held for a study session. The request had been tabled at the July 28 meeting. Cost of this equipment is \$785.50 and will come from monies still uncommitted in the \$200,000 equipment bond account, approved by voters in 1970. Dr. Niosi stressed the need for this equipment and stated the tables and chairs now being used are in bad condition. Mr. McCormack arrived at the meeting during this discussion.

The board approved an employee resignation but offered no motion on a request for leave of absence.

The board voted unanimously to hire a student to bind film catalogs for the curriculum materials center. These catalogs, which list all district films, filmstrips, etc., will be distributed to all teachers in September. Mr. Bruno wanted to set a ceiling on the amount expended for this, but none was set, since the work must be completed by September 1.

The board unanimously approved the Hicksville Fire

Department's request to use part of the Burns Avenue field for its Labor Day tournament. The cost to the district will be \$100 for clean-up. Although the fire department has agreed to leave the grounds in the same condition as they receive them, it has been found in the past that additional cleaning is necessary.

The following school board committee appointments were announced: Adult Education, Mr. McCormack; HAD, McCormack and Bruno; Policy, Mr. Bruno; Public Relations, Bello and Bruno; Liaison (to staff), Bruno and Zindulka; PTA Liaison, Bruno and Pirrung; Bus, Mr. Bello; School Visits, Bello, Bruno and Zindulka; Legislative, Pappas and Pirrung; Record Assessment, Zindulka; Safety and Health, Clark, Zindulka; Budget Advisory and Ethics, Bruno and Pirrung; Primary Learning Center, Mr. Bello; Audit Control, entire board.

No appointments were made for the Nassau-Suffolk School Boards Association, voting delegate to Syracuse, or Health Education committee.

Mr. Bruno moved that the audit report be placed on the August 25 agenda for public discussion. But this motion was defeated 2-2 (voting Yes: Bello and Bruno; voting No: Pappas, McCormack and Clark). Mr. Pirrung then moved that a study session be held September 13 to discuss the audit report. This motion passed unanimously. The meeting will not be open to the public and the 1962 and 1967 audits will also be discussed, as requested by Mr. Bruno. A public session on this topic will be scheduled later.

The board unanimously voted to hire additional personnel to help in the collating of TLUs which are being printed in Lee Avenue School this summer.

Also approved was a recommendation of school attorney, Harry Goebel, that agenda books be made available to the public for their review. The books will be available after the meeting for which they are prepared and only those portions dealing with financial matters, such as claims and warrants, will be open. Items concerned with matters of confidentiality - situations personal to status of students and teachers, approval or non-approval of tenure, retention, discharge or resignation - will not be open for perusal.

The next school board meeting is Friday, August 25 at 8 P.M. in the Conference Room of the Administration Building.

## Policy Statement H.A.D.

HAD exists for the primary purpose of helping create a drug free environment within our community. We recognize that in order to accomplish this a high level of cooperation must exist among all agencies in the community who have responsibility for children, youth and adults.

In cooperation with these agencies, HAD will attempt to discover problem areas and focus upon possible solutions. Since our emphasis is upon drugs and drug related problems, we shall attempt to provide and disseminate

accurate and honest information about all drugs which may have adverse affects upon people and which may be illegal to possess or use.

We recognize the controversy regarding the use of certain drugs. Since there is at present no authoritative answer, we feel compelled to stand on that side of the issue which discourages completely any use of drugs, legal or illegal, addictive or non-addictive, unless under medical supervision.

It shall be our policy to offer help to all people in matters pertaining to drugs. We shall supply direct or referral services to youth and adults alike in those areas where help is needed.

We shall attempt to serve as a reconciling agent between youth and parents. Strengthening of home and family life by providing assistance to both parents and youth will enable HAD to better serve the community.

**SINGING BOYS TO PERFORM IN OPERA IN THE PARK ON AUGUST 20:** Thirty members of the Singing Boys of Long Island, under the direction of Gerald F. Barker, have been engaged by the Office of Cultural Development to sing in the production of Puccini's Turandot with the Opera Company of Nassau on Sunday, August 20. The Hicksville group is composed of boys ranging in age from ten to

eighteen years who are selected through auditions each year in September. Recent appearances include programs at New York City Hall for Mayor Lindsay and a combined concert with the Concert Choir of Pace College in New York.

The performance will begin at 8:30 PM at the Lakeside Theatre of Eisenhower Park in East Meadow and is free to Nassau County residents.

## Wizard Of Oz

The Repertory Theatre Group of Hicksville Public Library presents two showings of "The Wizard of Oz" on Wednesdays, August 23 and 30 at 7:30 p.m. in

the Auditorium at the Library. Free tickets for these musical events are available in the Children's Room.

## Children's Films At Library

Three excellent children's films have been chosen for the final children's film program at the Plainview-Old Bethpage Public Library Tuesday, August 22. They are the Grimm's Fairy Tale "Twelve Dancing Princesses"; an exhibition of

children's pictures, "Trip to the Moon"; and the popular Walt Disney film "Lady of the Light". Showtime is 1:15 P.M. and 3:00 P.M. with tickets being distributed at the library starting August 15.

## GARBAGE ODE (& Repaid)

One day when our repast we ate,  
We rushed out to incinerate  
The garbage that we had amassed  
From many a sumptuous repast;  
We fondly thought that this debris  
Upon this earth we'd never see;  
That when we'd shot it down the chute  
And back into our rooms did scoot,  
Combustion would this mess consume -  
We wouldn't even sniff a fume;  
Alas, with what a fearful pang  
We found we'd hurled a boomerang;  
When fire to all this mess was put,  
An avalanche of lovely soot  
For many days and many weeks,  
Quite inundating our antiques,  
Came wafting in through every crack;  
And thus, we got our garbage back!

-William E. Moore

## Public Works Projects Approved By TOB Board

Town Councilman Warren M. Doolittle reported recently that the Town Board had awarded a public works contract to Leistner Construction Co., Inc., 443 South Oyster Bay Road, Plainview, lowest bidder at \$209,000 of the three submitted for concrete repairs in the vicinity of Hicksville, Jericho and Syosset.

Doolittle said the highway improvements are planned in the following mid-island communities: Hicksville - Crescent and Felice Streets, west of Fifth Avenue; Prince Street, Liberty Avenue

and St. Johns Avenue, south of Old Country Road; Lewis Street, Woodbine Drive, Albert Road area south of the Town lines and west of Bloomingdale Road.

Jericho - Marion Lane, Ellen Place, Ivy Drive, south of Jericho Turnpike and west of Robbins Lane. Syosset - Ira Road, Miller Boulevard, Sherman Drive and adjacent areas east of Jackson Avenue.

The Councilman noted that construction will commence later this month in the specified areas.

## Summer Fair August 18-20

The St. Ignatius Summer Fair will be open and running, starting Friday evening, Aug. 18 thru 20 and will reopen Friday evening

Aug. 25 thru 27. There are many game booths, 7 rides and fun for all.

Also speaking for the town was William Cosulich, of William Cosulich Associates, en-

# Plainview Landfill Foes Admit to Sticky Problem

by Janet Gosnell

Despite valiant efforts on the part of the Town of Oyster Bay in the way of public education and persuasion, opposition was strong and long to the proposal to turn a 65-acre tract of land bordering the Long Island Expressway in Plainview into a landfill site. The property is the same for which an application for an oil and gasoline terminal was recently denied.

No matter how you slice it, garbage was distasteful to all in the neighborhood. Susan Turner, of Old Bethpage and president of the local civic association, said she didn't want her community to be known as "the place between two dumps."

Councilman Lewis J. Yevoll, as a resident of Old Bethpage, and the only Democrat on the Town Board, seemed to take the proposal as a personal affront, noting the problems his family has had with odors and vermin emanating from the present Old Bethpage landfill.

Although those who spoke were primarily against taking the full share of garbage of the Town of Oyster Bay, none disputed that the problem of solid waste disposal is an increasingly sticky one. Noting that landfills accommodate 1,020 tons of refuse per day in the Town of Oyster Bay, with an additional 900 tons incinerated at Old Bethpage, David Matrici, Director of Environment Control for the town, said that, as planned, the disposal area would be encircled by a 100-foot evergreen buffer zone and complete fencing; that at its ultimate fill-up in about 1985, it would be turned into a park.

He said the locale provided its own cover material and a depth capacity up to 100 feet, and instituted now, would represent the first case of "pre-planned, not crisis" action in terms of solid waste disposal. In the year it would take to prepare it for use, the Old Bethpage site would be nearly full.

Also speaking for the town was William Cosulich, of William Cosulich Associates, en-

vironmental engineers, retained in 1970 to study potential landfill sites. Mr. Cosulich noted four potentials: 43 acres adjacent to the present Old Bethpage incinerator, owned by the county; 11 acres behind the city of Glass in Farmingdale off route 110; County Line industrial Park in Plainview (the area proposed) which would provide 129 "acre feet" of potential; and the Izzo Sand Pit in E. Norwich off Route 106, for which, he said cover material would have to be purchased at a price ranging from \$1.80 to \$3.00 a yard. It was brought out by Matrici and disputed by Yevoll that the county refused to grant use of the first site.

Also speaking were Henry Burger, of Planning Associates, who approved the site on the basis of its continuing the "greenbelt concept" for Long Island and also that its size enables its phased use for recreation and landfill. John W. Follis, Jr., Deputy Director of the Nassau County Planning Commission also spoke in favor.

\$5 Millions Cost

Eloquent in her presentation was Carol Fishman, speaking for the greater Plainview Community Association, who asked

that should the proposal be approved, the town should return to the Plainview School the approximately \$86,000 in taxes presently paid annually on the property to the school district. She said that at an appraisal of commercial land in the area at \$75,000 to \$100,000 per acre, the \$8 million purchase cost proposed by the Town was right in line with top dollar.

Supervisor Burke said the sum was a tentative one, and would be altered after full appraisal of the land.

Others who spoke in opposition were Sondra Ghitelman, candidate for N.Y. State assembly; Paul Nortman, co-president of the Washington Avenue Civic Association, who said the hearing was held on too short notice for his community, near the subject parcel, to raise its opposition; Mrs. Streifer, manager of the Pickwick Motor Inn who deplored its effect upon the community; Jack Stein, of the Tuxedo Hill Civic Association (Huntington) who said it would decrease the value of the \$80,000 to \$110,000 homes in his area. From Plainview, Ann Saunders and Pauline Weiditz also spoke in opposition.

At the close of the hearing, the Board reserved decision.

In the first annual Smithtown YMCA Open tournament the St. Ignatius CYO entered two teams. One in the Midget "A" division and one in the Midget "B" division. The games were played on 75 ft. diamond and the played H.S. rules. It was a double elimination tournament. The St. Ignatius Jrs. "B" division team won four games to sweep their division and the "A" division team put on a good show winning 3 out of 5. They lost the final game in the championship game to the Smithtown team. On Thursday August 3rd the Jrs. played and beat a team of allstars from Hauppauge 9-0 behind the two hit pitching of Steve Pisani. Pisani who struck out 6 and walked only 2 men aided by 10 St. Ignatius hits and an errorless performance by the Jrs.

On Friday the Jrs. took on the pride of Smithtown, the Smithtown "Y" team. Smithtown lived up to its reputation as a fine baseball team with excellent pitching. The Jrs. not to be denied met this team head on and defeated them 1-0 in an extra inning ballgame. The game highlighted by the brilliant pitching of Frank Principe and John Montilaro of Smithtown. Montilaro and Principe duled for eight innings pitch for pitch, but after Principe set Smithtown down in the first half of the ninth, St. Ignatius won the game. With two out and no one on, F. Principe singled hard to center. He then stole second and on the next pitch was given the green light for third. The Smithtown catcher fired hard and high off the third baseman's glove and Principe came in with the tie-breaking run. Both teams performed to

their capabilities for that throwing error was the only error committed in this extra inning game. To add to the excitement, both the Jrs. and Smithtown had two men thrown out at the plate. Principe in winning, struck out 11 and walked only 1 man, while Montilaro struck out 12 and

walked four. Both teams collected 5 hits.

On Saturday, the Junior met St. Sylvester CYO ball team and defeated this scrappy little team 7-2 behind the 2-hit pitching of Jim Pakaluk. Pakaluk in winning

walked only two men while striking out 6.

The Juniors contributed eight solid hits and only for fine defensive work by St. Sylvester. There could have been many more. St. Ignatius again played an errorless game with G. Stry being the standout defender in this win.

On Sunday, St. Ignatius being undefeated, had to lock horns again with Smithtown "Y", who had won a double header Saturday to stay in contention, but again St. Ignatius was not to be denied. With little Steve Pisani on the mound, the Juniors defeated Smithtown 4-1. This game started in the same atmosphere as the first game with St. Ignatius hitting the ball hard but right at someone causing two rallies to be wiped out, by line drive double plays. The Juniors picked up their first run in the fourth inning on a walk to Joe Johnston, a stolen base and a hard single to right by Frank Principe.

This held up until the last of the fourth when, with two out and a man on second, the Jrs. committed its only error of the tournament on a ball hit back through the box. J. Johnston made a fine play on the ball, then overthrew first base, allowing Smithtown to score and tie the game 1-1. This lasted until the first of the seventh when F. Principe singled hard to right followed by a line drive to center, by R. Muller, putting men on 1st and 2nd. The Juniors then pulled a pretty double steal putting men on 2nd and 3rd. With men on 2nd and 3rd, the Smithtown Mgr. bought in a fired John Montilaro who pitched Friday night. This hard-throwing lefty was greeted with a solid rap to right by Jim Pakaluk scoring Principe from third. Pakaluk was then thrown out at first on a fine play by Smithtown's rightfielder. After Montilaro struck out P. Rupp, Steven Pisani with two out, lined a homerun to right center putting St. Ignatius in front to stay 4-1. Pisani, in winning, allowed 1 hit, while striking out 3 and walking 2. St. Ignatius had many heroes in this series, but the one that struck out most, was a fine little ballplayer named Joe Johnston, who played this whole tournament under pressure and sorrow, for Joe's Dad passed away the night before the tournament started. Midget "A" Division-

Thursday 8 3 72 - St. Ignatius 8 Hauppauge 7 -- this game was tied going into the bottom of the seventh 7-7. Mike Collins singled, and proceeded to third on a single by Jackie Jablowski and scored

on a perfect bunt layed down by Bob Steen. Bobby Steen was the winning pitcher.

Friday 8 4 72 - St. Agnes 8 St. Ignatius 2 - John Mortati started and pitched good ball for four innings allowing only one hit and one run. In the fifth he gave up three walks, and three hits and seven runs. St. Ignatius never got back into the game. We took an eight to two loss.

Saturday 8 5 72 - Today we had to play a double-header and win with games in order to get into the championship - St. Ignatius 12 - Hauppauge 9 - St. Ignatius only got seven hits, but made them count for twelve runs. Richard Dalardi was the winning pitcher. St. Ignatius worked Hauppauge's pitchers for fifteen walks.

St. Ignatius 21 - St. Agnes 11 -- After being bet by St. Agnes on Friday night St. Ignatius put it all together and scored twenty-one runs on nine hits and twenty-two walks. Tommy Anastasio had a three-run homer; Bobby Steen had a two-run homer, Jim O'Brien a solo homer. Richard Dalardi had a grand slam. Bobby Steen was the winning pitcher.

Championship Game Sunday 8 6 72 - Smithtown 4 - St. Ignatius 2 - St. Ignatius jumped on Smithtown for two runs in the first inning, on a single, a walk, and a triple by Richard Delardi. And that was all we were to get. Smithtown came up with four runs on two errors and three mental errors to win. The leading batter for St. Ignatius was Mike Humphreys with ten hits for eighteen at bats, for a .555 batting average. Richard Delardi was second with six hits for sixteen at bats for a .375 batting average. Good fielding by short-stop Mike Humphreys, outfielders John Rupp, Dennis Barcavage, and Terry Armstrong. The St. Ignatius team was made up of: Mike Humphreys ss, Jackie Jablowski 2b, John Rupp of, Richard Delardi p and c, Tommy Anastasio 1b, Terry Armstrong lf, Bobby Steen sb and p, Dennis Barcavage rf, John Mortati p and c, James O'Brien of, Tom Gallant of, Mike How of, Brian Divis p and Mike Collins of.

**Mitchum Anti-Perspirant Spray contains more anti-perspirant**

## Mitchum Anti-Perspirant Spray contains more anti-perspirant ingredients than any leading spray. You may be able to skip a day and remain dry...even if you perspire heavily.

Mitchum is a remarkably effective anti-perspirant aerosol. Its exclusive power spray formula can cope with problem perspiration and help give protection against perspiration odor.

Yet Mitchum's special buffering process makes it safe for your clothes and gentle to your skin.

Use Mitchum Anti-Perspirant four consecutive nights. Then you may discover that you, too, can skip a day and still remain dry, even if you perspire heavily.

Mitchum is available in scented or unscented spray, cream, liquid and stick to give the anti-perspirant protection you want in any form you prefer.

# On The Campus

Michael Gold of 6 Helen Avenue, PLAINVIEW, has been named to the Honor's List for the Spring Semester at Fairleigh Dickinson University in New Jersey.

Among the 672 students named to the Dean's List for the spring semester at Rider College in New Jersey were Steven Tillman, 31 Debora Drive; Hillary Simon, 27 Newcastle Ave.; and Jamie November, 23 Sherwood Drive, all PLAINVIEW.

David Steven Klapper, son of Mr. and Mrs. Stanley Klapper of 16 Winthrop Rd., PLAINVIEW, will enter the University of Bridgeport, Conn., College of Arts and Sciences, in September. A June '72 graduate of Syosset High School, he will major in Mathematics.

Miss Gertrude L. Tartamella,

76, of HICKSVILLE, is one of more than 600 new students due to arrive at Skidmore College Sunday (Sept. 10).

Miss Tartamella is the daughter of Mrs. Thomas Tartamella of 72 N. Fordham Rd.

Beth Syd Horowitz, daughter of Mr. and Mrs. Richard Horowitz of PLAINVIEW, will enter the University of Bridgeport, Conn., College of Education in September. A June '72 graduate of Plainview High School, she will major in Art Education.

The University of Bridgeport is a private, co-educational institution comprised of six colleges with an enrollment of 8,000 full and part-time students.

Chuck Stewart, son of Mr. and Mrs. Charles E. Stewart of 100 Scooter Lane, HICKSVILLE, stands an excellent chance of winning a starting assignment

with the American International College football team.

A sophomore enrolled in the AIC School of Business Administration, Stewart is one of only four players who earned a varsity letter at AIC last year as a freshman.

Pre-season practice will get underway at AIC Friday morning, Sept. 1, and Coach Milt Piepul expects 65 candidates to report.

Stewart is a 1971 graduate of St. Dominic High where, as a senior, he caught 44 passes and was named to three all-star teams - All-Catholic, All-Metropolitan, and All-Nassau County. He played both ways as a Junior and senior.

## To Meet Kent Brown

Nassau County Executive Ralph G. Caso and Assemblyman Joseph M. Margiotta announced jointly today that they would meet next week with Kent Brown, the head of the New York State Offtrack Betting Commission, for a "reconsideration" of the county's rejected Pick Six plan. The announcement by Caso, as head of county government, and Margiotta, as head of the county's Republican legislative delegation in Albany, came within a day of Brown's rejection of Pick Six, or "Pot of Gold."

MISS SUZANNE ENDRENYI of Batesburg, So. Carolina is engaged to marry Ensign Richard Robey of Hicksville. Ensign Robey is stationed at

Kingsville, Texas Naval Air Station, completing pilot training. An early Fall wedding is planned.

HONORED: Mr. Gardiner Gregory, of 207 Cottage Blvd., Hicksville, was honored with a Public Service Award for "zealous exposition of the wonders of the natural sciences" by the Men's Garden Club of Long Island at their recent Annual Banquet at Bronco Charlie's Restaurant, Oakdale. Some of Mr. Gregory's accomplishments include Nature Director of

Eastern Pennsylvania Y.M.C.A. camp programs; Founder and President of the Long Island Butterfly and Moth Society; Natural Science teacher and coordinator of natural science slides and films for the Hicksville school district; Active member of the Long Island Nature Conservancy; and Founder of The Gregory Museum, Long Island's Earth Science Center.

# Swimmers Aim To Break World's Record of 50-Mile Relay

Town Supervisor John W. Burke announced that 15 swimmers from the Plainview-Old Bethpage Community Pool will be participating in a 50-Mile Marathon Swim Relay on Friday, August 18, in hopes of breaking the world's record of this event.

Three lanes of the Olympic-size swimming pool at the Plainview-Old Bethpage Park will be roped off from 7 A.M. to 8 P.M. for the participating swimmers, while all other swimming areas will remain open to pool members and guests.

The swimmers, who range in age from 12 to 18, will each swim a total of 235 laps in a non-consecutive order. A total of 88,125 yards (3,525 laps) will be swum to exceed the 50-mile mark.

Said Supervisor Burke, "The World's Record for this relay event now stands at eighteen hours

and forty-one minutes, but by more than two hours. We have chosen our strongest swimmers for

this marathon, each with a swimming average of 12-15 seconds per lap, and I

expect that Friday will be a day for congratulations at the park."

## 1972 Scientific Congress To Be Held August 18

The Waldemar Medical Research Foundation of Woodbury, announces that the 1972 Scientific Congress of the Waldemar Summer Research Participation Program will be held on Friday evening, August 18, in its Generoso Pope Memorial Library at 7:30 p.m. Dr. Leo Gross, Director of Educational Programs, will preside.

The Congress culminates a summer of feverish research and learning activity for forty-five high school students representing schools in Nassau, Suffolk, and New York City. The program is supported by a grant from the National Science Foundation. Research teams of talented high school students will report on experimental findings on such diverse subjects as: Environmental Mercury and Biological Consequences; Hyaline Membrane Disease; Breast Cancer; Mammography; and Calcium Deposition; Effect of UV and Chemical Mutagens on DNA; and Pleuro-pneumonia-like Organisms (PPLo), the Smallest Bacteria. The roster of the student participants in the program is attached.

The program was coordinated by Mr. Joseph L. Fisher, a science teacher from East Northport Junior High School.

Waldemar, a non-profit research institution, is supported by government grants-in-aid from the National Institutes of Health, the National Science Foundation, and private contributions. The Waldemar Medical Research Foundation is dedicated to enhancing human life through systematic scientific research of the illness-including, and especially, cancer, that attack human life. The prime purpose of the Foundation is research into the nature of disease. Waldemar is devoted to the ideal of scientific service to the community through teaching programs and other programs of worthy public service.

### Cool off at

#### Ice Capades Benefit

One way to cool off in the heat of August is to attend an ice show. The glittering opening night performance of the Ice Capades is set for August 24 at the Nassau Coliseum and it will benefit your United Fund of Long Island.

Tickets are available at the Nassau Coliseum in Unionsdale by mail or in person, and can also be purchased at all Ticketron outlets. They are at regular box office prices, ranging from \$4 to \$7.

### Yankee Kansas Game, Aug. 26

The Jr. Grenadiers, Inc., cordially invites a limited amount of boys and girls ten years or older to accompany them to a Yankee Kansas City game Sat. afternoon 8-26-72. Please send stamped self-addressed envelope for more information. Entrance to the Yankee Stadium will be with the organization only. The Jr. Grenadiers were also invited to read the monuments and plaques on the warning track and perhaps meet the players.

Our organization has been riding with horses and lands donated at 81 Wheatley Rd., Old Westbury. Every Thursday by Mr. and Mrs. Charles T. Quinn. Thank You.

**MISSION POSSIBLE:** Nassau County Police Officer, Ptl. Benson Huggard sports a grin for the photographer as he steps out of the water at the Miramar Yacht Club, Sheepshead Bay, Brooklyn, upon the completion of a 150-mile swim that began Tuesday, August 8th in Montauk, and ended at the start of this week.

Huggard and his team of swimmers have set a new world's swim record for distance in a swim that began in Montauk Bay, going through the Shinnecock Canal, and following along Great South Bay on Long Island's South Shore.

The other swimmers included: Det. James Olivant, and Patrolmen Richard Boullianne, Martin Rea, George Fecke, and James Wanser, all of the Nassau County Police Department.

The Nassau County Patrolmen's Benevolent Association co-sponsored the event.

## Inter-County Softball Championship

Nassau Police today announced the ninth annual Inter-County Softball Championship Trophy Game between the Nassau and Suffolk County Police Departments will be played at Cantaugue Park, Hicksville, on Saturday, August 12, at 6:00 P.M.

The Nassau team won a double-header (4-3, 10-8) August 5 from the 1971 Pennsylvania State

Industrial Championship American Machine and Foundry team of York, Pennsylvania, with Third Precinct Patrolman Ed McGinley of Carle Place pitching both games.

Among the Nassau team members are Vincent Donnelly of Farmingdale and Louis Vissalilli of Hicksville.

### Speaker On Drugs At K.of C. Hall

The St. Ignatius Loyola Columbian Squires are having a speaker from the Nassau County Department of Drug and Alcohol Addiction. He will speak on various aspects of drugs. Any group or person interested in

attending should contact John Mulligan at 935-1759. It will be held at the Knights of Columbus Hall at 45 Heitz Place. On August 28 at 8 P.M. We would appreciate if you would put this notice in your paper.

## Air Pollution and Health: A Growing Concern

By James L. Whittenberger, M.D.  
Professor of Physiology,  
Harvard School  
of Public Health

Long before cigarette smoking was linked beyond a shadow of a doubt to lung cancer, heart disease, emphysema, and other respiratory diseases, many a health professional began warning smokers of the dangers they were courting. But it was not until several years later that researchers actually proved cigarettes to be a factor in these diseases. And finally -- the

dangers of smoking having been proved -- people began to stop smoking, cigarette machines were removed from many institutions, and commercials were barred from the airways.

The current situation with air pollution and its effects on health may be somewhat similar and is attracting increasing concern among officials of the Nassau Heart Association as well as other public health agencies.

Although there is not yet firm evidence that air pollution increases the death rate from heart attack, stroke, and emphysema, the prudent are assuming that a risk does exist. Public health experts are urging that preventive measures be taken immediately, while -- not after -- studies are done to assess the relative dangers of pollutants. If we wait for definitive proof, we may be risking the good health of many people.

Although we already know that chronic respiratory diseases are more common in metropolitan than in rural areas, we are just beginning to explore the other factors which may have a bearing on this phenomenon. Some of these are the availability and quality of medical care, occupational exposures to noxious agents, personal habits; and economic factors, to name a few. Sorting out the effects of these factors is very difficult and full-scale studies are going to be necessary.

**London Tragedy**  
One of the most serious examples of excess death from air pollution occurred in London in 1952. The cause was an atmospheric condition called "inversion" -- when a mass of warm air forms a dome-like covering over an area, usually urban, and restricts the natural rise of pollutants into the upper atmosphere. Thousands of excess deaths occurred in London in a matter of days.

The great majority of victims were already suffering from advanced respiratory or cardiac disease, and the extra stress of breathing polluted air was more than they could tolerate. There is suggestive but not firm evidence

that this has happened to some degree in major U.S. cities, particularly New York City.

We have ample knowledge of the breathing mechanism to explain what happened in London. Inhalation of many irritant gases and particulates causes an asthma-like response in the lungs. This partial or complete closure of respiratory tubes is presumably protective, but carries with it the penalty that respiratory muscles have to work harder to ventilate the lungs. This in turn is a burden on an already diseased heart, and may in extreme cases be more than the heart can stand.

**Public Private Action**  
Prevention is largely to be sought through public mechanisms for controlling air pollution, particularly in periods of inversion. These include legislation and regulations to restrict emissions from motor vehicles (the largest source of air pollution) power plants (the next largest) and other sources. There are also things an individual can do and anyone with severe heart disease or chronic respiratory diseases (asthma, emphysema, bronchitis) should do what he can to minimize exposure and stress.

Exposure is minimized if one remains indoors, since indoor concentrations of pollutants are usually much lower than outside. Concentrations outdoors vary from place to place (though less so during inversions), so one should try to avoid such local sources as industrial polluters (for example, power plants) and areas of high traffic density.

Remaining sedentary as much as possible during periods of high pollution is also very important. Exercise does two things that are potentially detrimental in these circumstances -- the increase in breathing rate increases exposure to pollutants, and the increased load on the circulation leaves less reserve for handling the demands of increased respiratory work. Additional measures such as use of bronchodilator drugs or specially filtered rooms might be prescribed by physicians for patients who are at greatest risk from air pollution.

**WILLIAM H. KARL**, a Plainview, resident, has been promoted to assistant vice president of Marine Midland Bank-New York, according to Crocker Nevin, chairman of the board.

Mr. Karl, who began at the Bank in 1968 as security chief, has been security officer since December, 1968.

A Navy veteran, Mr. Karl attended John Jay College of Criminal Justice from 1961 to 1965, and is a retired lieutenant of the New York City Police Department.

He is married, has five children and lives on Redwood Drive.

## TO THE 18,000 RESIDENTS OF OYSTER BAY TOWNSHIP WHO SIGNED PETITIONS IN SUPPORT OF OUR PROPOSED PIPELINE TERMINAL

Northville Industries wishes to take this opportunity to thank you for your support, and to inform you as well as your fellow citizens of our current efforts to reduce those problems of tractor-trailer traffic, air and water pollution, unreliable fuel supply, and rising petroleum prices that inspired the support we felt privileged to receive from such organizations as The Glen Harbor Safety Action Committee, The Oyster Bay Harbor Committee and the Sea Cliff Ecology Committee.

As you know, a Long Island petroleum pipeline as recommended by the Master Plan once again has been hamstrung by those who say in effect:

"We may not know of any safer, cheaper, cleaner, or more reliable way to distribute petroleum products than by piping them underground to distribution terminals; but we want any new terminal built in someone else's area."

Nevertheless, Northville feels it cannot in the face of your support abandon its efforts to alleviate these problems. Unfortunately, until a wholly adequate site can be found, our pipeline will be able to pump to the Oyster Bay area only the amount of fuel oil that can be stored in the small one-tank Plainview Terminal owned by Pride Utilities adjoining the Long Island Expressway. Pride approached Northville after the denial of our application for a new terminal, and arranged for a lease and pipeline contract. No new tanks will be added at this terminal, which has been an accepted part of the Plainview industrial park for over 11 years, and no new terminal will be built on this site; but it will hereafter receive product by pipeline instead of tractor-trailer. Steps will also be taken to modernize it in accordance with the new Federal Occupational Safety and Health Act and the proposed new Nassau County petroleum terminal regulations, and to install the necessary fencing, paving, landscaping and fire prevention facilities.

Regrettably, the presence of only one adequate tank makes it impossible to store gasoline at this site, and thus gasoline tractor-trailer traffic from shoreline terminals will not be diminished on the residential streets of Oyster Bay. Nor is this facility sufficiently large to achieve in full the other public interest goals originally pledged by Northville. Nevertheless, the necessary building and other permits having been issued for the extended loading rack and other improvements, Northville hopes in this small way to reduce at least a portion of the environmental and economic corners of this area.

Northville regrets that it cannot at this time achieve its original objectives in the interests of Oyster Bay residents and consumers. But we take this opportunity to pledge our continued efforts to achieve the soundest possible petroleum distribution system for Long Island.
