HAD-Hicksville VFW Softball Game This Sat.

In an attempt to bring better understanding between the young people of the H.A.D. organization (HELP-AID DIRECTION) and the adult members of Post 3211, Hicksville Veterans of Foreign Wars, these two fine community service organizations will participate in a softball game on Saturday, September 2nd, 1 p.m. at the playing field located at Old Country Road School.

Family Court Judge Martin Ginsberg will be present at this softball game to lend his support to these two Hicksville groups and he will throw out the first ball to start this game of friendship.

The H.A.D. Organization is deeply grateful for the tremendous support given to its members by the Hicksville VFW. Whenever, H.A.D. needed a helping hand, Post 3211 was there with financial

support and sound advice. The members of this VFW Post are extremely concerned about the young people of the Hicksville community. Much of H.A.D.'s success can be directly related to community-service groups like Post 3211, whose constant support helps youth-centered groups like H.A.D. survive to provide services to Hicksville residents.

Through this game of friendship and understanding, H.A.D. and Post 3211 hope to work more closely together in the future for the benefit of everyone living in our community.

If any further information is needed, please contact John Maniec, H.A.D. Program Director at WE 5-6858, Monday-Friday, 2 p.m. to 11 p.m.; Saturday, 3 p.m. to midnight.

Hicksville Kiwanis Salutes

Mr. & Mrs. Dominick Sanzoverino for beautiful flower plantings around their home at 42 Thornmann Avenue. A row of amaranthus, one five feet tall, with a border of begonias are in front of the house, and summer poinsettias on the side. The flowers are changed with the seasons. A very pretty sight, worth a visit.

Edward Neuschler, for the neatness and attractiveness of his "EDS BP SERVICE STATION", a plus for Hicksville at an important intersection Southwest corner of Old Country Road and Broadway.

Howard Johnson's, for their restaurant at Old Country Road and Duffy Avenue, neat, clean, with a pleasing shrubbery arrangement.

Kiwanis is very happy to know that this column has been used by

readers to prod owners to clean up untidy business areas.

Louis Seplavy, for the Broadway Body Shop and his adjoining home, at 477 Broadway. Mr. Seplavy, president of the L. I. Garagemen's Association, is stressing the maintenance of neat and attractive establishments to his members.

Mrs. Stephen Chayka, a retired widow, for personally maintaining an immaculate house and yard at 164 Third Street.

Health Insurance Plan, Hip, for the rich appearance of the structure and grounds of the East Nassau Medical Building at 350 Broadway.

If you do not have the facilities or man power to take care of your property, excellent help can be obtained by calling HAD, WE5-6858, after 2 P.M.

Fire Dept. 10 Host Annual Labor Day Parade and Drill

By Ex Capt. W. Stanley

On September 4, 1972, the Hicksville Fire Department will sponsor the 44th annual Labor Day parade and drill. The parade will begin promptly at 9:30 a.m. and this year's honorary chairman will be Harold Hawxhurst, former captain of company 6 and a former fire commissioner. This event is dedicated to Mr. Hawxhurst in appreciation of his many years of service to the fire department and as a member of the "Nicks", the fire department tournament team.

The parade will start at the East Marie Street firehouse, to north on Broadway to Herzog Place and then proceed south on Jerusalem Avenue, where the six divisions of the parade will assemble. The route will then turn left on to West Carl Street and then north on Broadway to West John Street. It will then go west to the entrance to Mid Island Plaza opposite the Hicksville post office and end at the arch at the west side of the plaza, adjacent to the Burns Avenue School. There are 46 fire departments entered in the parade, several of them coming from outside New York State.

The drill will begin at 1:00 P.M. at a new location at the plaza. The starting line will be at the south end of the West John Street entrance, running north along the school fence. At this time, 35 departments have elected to participate in the 8 event drill, including St. James, the winners of the 1972 New York State Drill held at Syracuse on August 19th. The following events will be held: Three Man Ladder, Motor Hook and Ladder, Class "B", Motor Hook and Ladder, Class

"C"
Motor Hose, Class "C"
Motor Hose, Class "B"
Motor Pump
Efficiency
Buckets
500 stands and seats will be available for viewing the parade and drill, and the admission fee will be \$1.00 for adults and \$.50 for children under 12. Refreshments will be available.

Back-To-School In Hicksville

Almost 10,400 students will return to continue their education in the Hicksville Public Schools on Wednesday, September 6. Details pertinent to the individual schools have been included in the Calendar of Events already mailed to all residents last week. Students, who should be ready for a full day of instruction, will notice a more colorful atmosphere in the high school, new libraries at East Street and Willet Avenue Schools, and a general refurbishing of the facilities throughout the district.

In preparation for the school opening, some 620 members of the faculty will gather in the High

School Auditorium for an orientation program. Speaking for the Board will be Mr. Thomas Clark, President. Mrs. Norma Dagna will bring greetings from the Parent-Teachers Association and members of the Central Staff will emphasize targets for the 1972-73 school year.

"Because of the overwhelming approval of our school budget, we have had more time to plan for educational progress", said Dr. Jerome J. Niosi, Superintendent. "Under the supervision of Dr. John J. Cadden, for example, more curriculum materials have been prepared and furnished in time for the opening of school.

Prepared by Mrs. Rosemary Walsh, the Calendar of Events, which contains considerably more information than heretofore, has already been mailed. The Adult Education Brochure, likewise, is in the hands of our citizens. We expect further that the "Bulletin Board" with additional information on our summer activities, will also be distributed this week.

"The cooperation of the staff and aides has been tremendous", declared Dr. Niosi. "It has given us "lead time" - to plan effectively for the future. We are looking forward to an exciting and fruitful school year."

SCHOOL STARTS SEPTEMBER 6th

To Discuss Tax Shelters

Securities and Exchange Commission Chairman William J. Casey heads a list of 11 prominent experts from legal, accounting and investment professions who will discuss tax shelters and their use, at a conference scheduled for C.W. Post College on Saturday, September 16.

The program, titled "How to Use Tax Shelters," is being presented by the Tax Institute of C.W. Post College. Professor Charles Zwicker, director of the tax institute, is the conference coordinator. The program is intended primarily for ac-

countants, attorneys and other professional advisors.

SEC Chairman Casey, who will discuss "The SEC and Tax Shelters," will be joined by attorney Allen Bakst, "Introduction to Tax Shelters - The Tax Elements Involved;" Oscar Hanigsberg, CPA, and partner, Hanigsberg, Delson and Broser, "Syndications and Partnerships - The Tax Rules;" and Joseph P. Sullivan, an attorney and vice president of Physicians Equity Services.

ACCIDENT REPORTS

The following accident reports for the local area have been released by the Second Precinct, Woodbury.

Aug. 19-5:30 p.m.—This is an automobile accident, previously reported, that has resulted in a fatality. It occurred on Newbridge Rd. at W. John St., Hicksville, involving cars driven by John J. Higgins, of Deer Park, Brenda, Baum, of Westbury, Louis Zygmunt of 64 James St., Hicksville; and Robert Scharfman of Wantagh. The Higgins car was going north on Newbridge Rd., when he collided with the Baum and Zygmunt cars which were going west on W. John St. The Scharfman car was struck by debris of the Zygmunt car. John J. Higgins was arrested for driving while intoxicated. Injured and taken to the Nassau County Medical Center were: John J. Higgins, shock; Brenda Baum, shock; June Baum of Westbury, shock; Louis Zygmunt, back abrasions. Louis Zygmunt was pronounced dead on Aug. 29 at 6 a.m. by Dr. Mohr of the Nassau County Medical Center staff.

Aug. 23-11:25 a.m.—Automobile accident on North Broadway at Route 495 south service road, Jericho, involving cars driven by Sharon T. Silva, of Jamaica; Doris Wane, of 41 Forest Dr., Plainview; and Maria E. Espinosa, of Queens Village. At the time of collision, both the Silva car and the Wane car were going north on N. Broadway, and the Espinosa car was going east on the south service road of the Long Island Expressway. Injured and taken to Syosset Hospital were Maria E. Espinosa, pain in the left arm; Robbin Segal of Rego Park, a passenger in the Silva car, pain in the head; Louise Segal, of Rego Park, a passenger in the Silva car, pain in the left leg; Lisa Espinosa, of Queens Village, pain in the head; Christine Espinosa, of Queens Village, lacerations of the right arm; and Hanna Robbins, of 116 Lincoln Rd., Plainview, a passenger in the Wane car, pain in the left arm and head. Aug. 25-8:44 a.m.—Fatality—Paul Kobus, 24 Elmwood Cr., Plainview. Date of birth 9 29 24. He suffered a

fatal heart attack while at the north platform of the Syosset Railroad station. He was taken to Syosset Hospital where he was pronounced dead by Dr. Sabater of the staff.

Aug. 27-2:35 p.m.—Automobile bicyclist accident on Lake Ave. at Mill Hill Rd., Oyster Bay, involving a car driven by Thomas Burt of 214 W. Marie St., Hicksville, and a bicycle operated by Matthew Marchauser of 84 Vincent Rd., Hicksville. At the time of collision, the Burt car was going south on Shore Rd., making a right turn into Lake Ave., and the bike was going south on Mill Hill Rd. Matthew Marchauser was taken to Syosset Hospital.

Aug. 26-2:45 p.m.—Automobile accident on North Broadway at Bethpage Rd., Hicksville, involving cars driven by Peter Augello, of Mineola, and Louis Parmigiani of 15 Harding Ave., Hicksville. While at the wheel of his car, Louis Parmigiani suffered a heart attack, which caused his car to roll northbound and collide with the Augello car which was stopped northbound on N. Broadway. Louis Parmigiani was taken to Syosset Hospital.

Aug. 26-1:50 p.m.—Automobile accident on Bay Ave. at Prospect St., Hicksville, involving cars driven by Laurie Eilenberg, 41 Eaton Rd., Syosset and Marie E. Guertz of 27 Willet Ave., Hicksville. At the time of collision, the Eilenberg car was going east from the Sears parking field to Prospect St., and the Guerra car was going north

on Bay Ave. The Eilenberg car then continued and collided with a LILCO pole and a street sign. Injured and taken to Syosset Hospital were Laurie Eilenberg, lacerations of the face and fractured nose; and Marie E. Guerra, fracture of the nose.

Aug. 26-11:40 a.m.—Automobile accident on Broadway at South Marginal Rd., Jericho, involving cars driven by Barbara Schneider of 32 Middle Lane, Jericho, and Robert Furey, of 11 Roma St., Hicksville. Both cars were going south on Broadway at the time of collision. Injured and taken to Syosset Hospital was Pearl Schneider of 32 Middle Lane, Jericho, severe headache.

Horowitz For Congress

Levittown campaign headquarters for the election of Elaine Horowitz to Congress in the Fourth Congressional District have been set up in the lobby of 2900 Hempstead Turnpike, near the Levittown Library.

The Levittown headquarters will coordinate all activity in this area for the election of Ms. Horowitz, including voter contact and mailing and fund-raising campaigns. The headquarters will be self-sustaining and will be funded solely by contributions from area residents.

According to steering committee members David Deitsch, Nelson Goldberg and Don Ingram, the group could use

(Continued on page 7)

Sanitary Services To Observe Labor Day Holiday

Town Supervisor John W. Burke issued a reminder to Town residents that there will be no pickup of garbage or refuse on Monday, September 4 (Labor Day) by the Town's Sanitary Services Division.

In addition all facilities at the Sanitary Services Division, including the incinerator, landfill and sanitary treatment plants

will close for the holiday observance.

James A. Gildersleeve, Superintendent of the Sanitary Services Division of the Town's Department of Public Works reported that collection of garbage and refuse will resume on the next regularly scheduled day in each community.

LEGAL NOTICE

PUBLIC NOTICE OF CHANGE IN ZONING RESOLVED, That the application of M. & L. "Fire Report"

By Capt. O. W. Magee

Hicksville Firemen have had a busy August. During the period of August 1st thru August 29th firemen responded to 75 calls for assistance, 24 Rescue calls, 21 False alarms, 30 misc. Alarms. There have been 146 malicious False Alarms so far for 1972.

"5 Hour Rubbish Fire"

Firemen, hampered by NO fire hydrants battled a large rubbish fire on State Parkway property on Wantage State Parkway at the end of Duffly Ave. It took 70 men and 8 pieces of apparatus 5 hours to extinguish the blaze. Over a thousand feet of hose had to be used to get water to the fire area. The fire was reported 8:13 at 6:54 P.M.

"4 Firemen injured at Factory Fire"

An incinerator fire at the General Instrument Co. on West John St. on August 16, injured 4 firemen. The firemen were hit with acid which was discarded in the incinerator. Firemen P. O'Malley Co. 3, R. Thunzel Co. 4, M. Scanlon Co. 1, J. Luft Co. 7 were transported to Central General Hospital, treated for acid burns and released.

"Kleins and Gertz hit by Fire"

Fires of a suspicious nature

were reported at Kleins Dept. Store and the Gertz Dept. Store on Sat. Aug. 28th. The fires, one in Kleins and two in Gertz were both in the basement and caused little damage. The Kleins fire was reported at 12:36 p.m. and the fires at Gertz were reported at 1:45 P.M. The N.C. Marshals office is investigating.

Hicksville firemen responded to a mutual aid call in Jericho Sunday Aug. 27th. 1 Engine Co. was requested to stand-by in Jericho while Jericho firemen assisted Syosset firemen battle a blaze in a mansion, on Jericho Turnpike. Firemen were called out at 5 A.M. on Aug. 29 to the Micro-Contact Co. 62 Alpha Plaza when a furnace overheated, tripped an automatic sprinkler and caused an ammonia leak. Firemen were on the scene for an hour and a half. No injuries were reported.

"Parade & Drill Awards"

The Hicksville F.D. Tournament team "Hicks" captured 4th place in the Floral Park Drill August 5th. Hicksville Firemen won 2nd place Best appearing unit, the Hicksville Ladies Aux. won 3rd place at the N.Y. State Convention Parade in Syracuse on August 20.

Hicksville School Board Meets

By Shirley Smith

Before reporting on last week's Hicksville School Board meeting, we would like to correct an item which appeared in our last column. It was stated that Harry Goebel, school attorney, had advised the school board not to loan audio visual equipment to St. Ignatius School. This is an error -- Mr. Goebel said that the board could legally loan the equipment. As yet, the school board has taken no action on Mr. Goebel's decision.

Also, in answer to a letter regarding statements about the Hicksville Fire Department, neither this reporter nor the Hicksville School Board meant, in any way, to imply that the fire department is incompetent and cannot do its job. In answer to a request from Mr. William Bruno, the buildings and grounds department reported there is \$100 grounds, following use by various organizations. It was reported that, in past years, the district felt additional cleaning was needed after the Hicksville Fire Department used part of the Burns Avenue schoolgrounds for its Labor Day Tournament. The money was again set aside this year, but it may not be necessary to use it. This reporter would like to clarify that no criticism was being directed at the fire department, either for its use of Burns Avenue or its performance of duty. We regret the misunderstanding.

A group of 35-40 people arrived late at Friday night's board of education meeting. They had walked from the corner of Old Country Road and Division Avenue to protest the school board's change of meetings to Friday nights. The group spokesman, Raymond Cahallan, explained several had been forced to make a decision regarding their religious convictions and family lives, in order to attend the board meeting. "This is a demonstration of loyalty to our children," he said. He added it was not an organized

action but one started neighbor to neighbor. "This is a general community action, not a singularly religious one," Mr. Cahallan then presented a petition in protest of Friday night meetings, signed by 496 Hicksville residents. He also presented petitions in favor of a revote on the library budget and in opposition to the board changing its practice of not charging community groups for the use of school facilities. Mr. Cahallan said petitions are still being circulated in Hicksville and he would present additional names later.

School board president, Thomas Clark, said the board had not had an opportunity to discuss the Friday night meetings and would take no action until after a study session. He said the suggestion to charge for use of the buildings and grounds was one board member's (Mr. Bruno) opinion and the board had no plans, at this time, to change its current practice.

The school board discussed a letter from the Hicksville High School Student Council requesting to have one non-voting representative at all board meetings. School attorney, Harry Goebel, said there is no legal provision for the "special signalling out of any element in the community for representation on the board of education." Mr. McCormack suggested a liaison committee consisting of three board members and representatives of the Student Council and the High School administration. Hicksville superintendent, Dr. Jerome Niosi, said he had already appointed Dr. John Cadden, assistant superintendent, to head such a committee -- also including guidance counselors and faculty members -- to develop a code of conduct, as required by state education law. It was decided this committee would fulfill both functions.

John Maniec, HAD program director, presented a proposal of

cooperation between HAD (Help-Aid Direction) and the Hicksville School District for the coming school year. He gave each board member an outline of a plan to establish a program centered around working effectively with disruptive students in the schools. He asked the board to study it and take action on the proposal in September. Mr. Bruno asked for a list of HAD's accomplishments. This will be prepared and sent to board members and Mr. Maniec will further explain the list at the next board meeting.

Mary Carton asked the board to make sure that all parents are fully aware of the HAD program before the board agrees to let HAD work in the district schools.

The board of education decided to honor its contract with Vendomatic and retain vending machines installed in the Junior and Senior High cafeterias two months ago. The state had directed that the machines be removed, but Vendomatic's attorney said immediate compliance with this order would cause a hardship on his client. There was also some question about losing state aid because the vending machines could be considered in competition with the cafeteria program. It was agreed the contract would be honored and the machines remain this year. However, if the district will lose state aid, Vendomatic will remove the machines and not hold the district to the contract.

The school board voted to pay various bills for routine expenses of the district. Included in this was the approval of a \$29,000 loan to the Hicksville Library to meet its payroll. This will be repaid when the library receives tax revenues from the state. Mr. Bruno moved to delete this bill, stating the library should use money from its surplus fund. However, the motion was withdrawn on Mr. Goebel's recom-

(Continued on Page 14)

Get Acquainted Dance

Last Saturday August 26th our chairmen Dom Valente and Carl Melluso eagerly watched some 400 members, wives and friends fill 40 tables to enjoy the get acquainted dance. The dance was given by the Galileo Galilei, Lodge No. 2253, S.O.I. Levittown Pky. Hicksville.

Our Congressional Representative Hon. Norman F. Lent, 4th c.d. was introduced. He was pleased to meet and greet many friends and members of the Lodge. Like the Galileo Lodge the 4th c.d. encompasses Hicksville, Westbury and the upper reaches of Town of Oyster Bay. Congressman Lent had a happy countenance as he looked for victory this coming election November 7th. Speaking of victory, Big Ron "Ange" Ron-

callo phoned Ven. Joe Giordano earlier to say he could not attend. Big Ron "Ange" also said he was confident of winning a Congressional seat in the newly created 3rd c.d.. Ven. Giordano went through introductions with expediency for eating and dancing. Sam Weiss candidate for Water Commissioner of Hicksville and his wife Kitty were in attendance. Along with Sam Weiss the audience met the Officers and Trustees of the Lodge as well as House Chairman Joe Iannotti. It was Joe who did such a tremendous job getting the fine food on each table. The floral pieces were made by Rose

(Continued on Page 14)

Hearing on New Zone Code, Landfill on Town Agenda

By Janet Gosnell

In a busy day amidst a lightened summer schedule the Oyster Bay Town Board on Tuesday set a public hearing date on the land zoning plan for Jericho for September 12th and resolved a number of other matters, four resolutions connected with the controversial town proposal to acquire 65 Plainview acres for a landfill site.

The Jericho hearing will offer the public an opportunity to further discuss new zoning classifications to be added to the town building zone map. These are residential BA, designating cluster zoning on a minimum of five acres; Residential E-2, for town houses or garden apartments at six units per acre; and O-1, for office buildings up to three stories with no more than 25 percent plot coverage.

Under the new zoning regulations, 595 new garden apartment or townhouse units, and 1,295,000 square feet of office space could potentially be built in Jericho. This represents a reduction of both types of development from the original plan, brought to bear through pressures by local civic groups.

The town also reappointed Dr. Lawrence Ravich, chairman of the planning advisory board and William Kinzler, member, to full three year terms.

Landfill Resolutions

After a hearing on August 15th during which much opposition was voiced to locating a new town landfill site on 65 acres in Plainview, the board amended the 1972-77 capital program to provide for an increase for acquisition, improvement and equipment for the property; approved a resolution to authorize floating a bond issue to acquire it; and approved the appointments of two appraisers, Joseph J. Blake, Assoc., Inc., of Hempstead, and Walter J. Smith, of Glen Head, to tell the town how much it's worth.

Amendment to the capital program provides for a \$5 million increase for acquisition of the property; 200,000 for fencing, gates and landscaping; and \$225,000 for purchase of equipment.

Hicksville Signs

In another resolution, the Board approved two signs in the G-1 Business District in downtown Hicksville. Fully approved was a proposed sign by Flynn and Neumann Agency insurance at 4N Jerusalem Ave. Approved on the condition that number of words be reduced, that number of colors not exceed two beyond black and white, and that a revised sketch be submitted to the building department was a sign for A and A Distributors, a clothing concern located at Newbridge Rd. and West John Street.

According to town rules, all structures, including signs, must first be submitted to the planning board for approval before they go to the Town Board, along with the planning board's recommendations.

Other Business

In other business, the town withdrew its proposed resolution, on which a public hearing was held this year, to ban handbills in the Town. According to Councilman Joseph Saladino, on whose recommendation a decision on the matter was tabled a few meetings ago, the resolution was originally directed at the "red menace" -- the red plastic bags hanging on doorknobs signalling potential burglars in the absence of residents. It was realized, he said, that such an ordinance would amount to a restraint of trade for the small business man, and for this reason was withdrawn. "Government is supposed to help, not hinder people," he said. He also noted that the red bags have been replaced with clear plastic ones, which are not so striking.

The Town also amended the existing ordinance prohibiting alcoholic beverages on the beaches and parks to state that such beverages could not be carried onto Town recreation properties "for the purpose of resale."

TONY GIANSANTE, Poster Boy of the newly formed Hicksville YOUTH-AHRC puckers up with an "oo" as an announcement is made of its first meeting. Youth Organized United to Help-Association for the Help of Retarded Children, Hicksville branch, will hold its first meeting on Sunday, September 19, at the Hicksville P.B.C. Clubhouse, 85 Bethpage

Rd., Hicksville, N.Y. from 1:00 P.M. to 5:30 P.M. All young people interested in working with and helping the mentally retarded are invited to come and bring a friend. After a simple orientation program we hope to formulate plans for activities for our own Hicksville retarded youngsters as well as other work with children in the Suffolk State school. Please call 935-1680 or OVI-6715 if you are interested.

Dear Friends. . .

A FILM CONTAINER was found on a street near the Hicksville Library, labeled: Ryan, Michael, Age, 3 months; Tetralogy of Fallot r - 60 - 4, with a date. If this film is yours, call Mrs. Neufeld at WE-1-1417, identify the date, and you can pick up your lost film.

THIS IS A REMINDER...if you wish your organization's listing in the Hicksville Library Annual Directory, to be current, if you haven't already returned your questionnaire, get in touch with Mrs. Neufeld at WE-1-1417 as soon as possible. Beyond Sept. 8th, no changes can be made.

PETE POLGER, who is the owner of a local auto body business, deserves a great deal of credit for the help he gave to the flood stricken areas around Shickshank, Pennsylvania, during this summer. Immediately after the floods occurred, Mr. Polger closed his business for a "vacation" period, and with the help of many local businesses, organizations and people, brought necessary materials to those in dire need. As long as he could help, Mr. Polger, drove truck loads of clothing, food supplies and various disinfectant sprays to those in need in this area. When his truck wasn't large enough Roberts Chevrolet loaned him their parts truck and allowed him to use their back lot to store supplies as they were brought in. We commend all who participated in this fine project. You didn't say, "How sad..." You all pitched in and did something about it. We're proud of you.

THIS is the last week of vacation time, and a general BACK TO SCHOOL feeling now prevails. We hope that parents, teachers and students all have a most productive year.

Sincerely
Sheila

Letters To The Editor

Dear Sir:
Hicksville residents learned last week that the Hicksville Library Board has commenced legal action to compel the Hicksville School Board to resubmit to the taxpayers of Hicksville a revised library budget. This is admittedly an unusual step, but one made unusual by the arbitrary, capricious and unreasonable attitude of the majority of the School Board.

For those who have not been following the dispute, here is a chronology of the events which led up to the lawsuit.

- (1) At the regular district meeting, in June, the library budget was defeated by 35 votes.
- (2) Thereafter, the Library Board met, adopted a lower budget and unanimously requested the School Board to resubmit the revised budget for another vote.
- (3) In July, the School Board met, and upon hearing the request of the Library Board, voted 1-3, to resubmit the library budget. After such vote, and after the representatives of the Library had departed from the meeting, and without notice to the Library Board, or giving it an opportunity to be heard on the question, and without giving any reason for its action, the School Board that same night, voted to reconsider its action.
- (4) Since that time, on at least 3 occasions, the matter of resubmission was before the School Board - coming to a vote only once. On that occasion, the vote was 2 for, 2 against, and 2 abstaining. Included among the abstainers were Mr. William Bruno, the most vocal critic of the Library Board, and Mr. Clark, the President of the Board. On the most recent occasion, a motion made by Mr. Pirrung failed even to secure a second. Accordingly, the Library has been frustrated by the actions of the School Board in its attempt to go to the people of Hicksville for a re-vote to secure a needed budget.

No reasons have been advanced by the School Board majority for its refusal to resubmit the budget that would make sense to any observer. Mr. Bruno has from time to time indicated his displeasure with the library's "fines and fees account" and the fact that it is not expended each year - or used to reduce the budget; however, the short answer to this objection is that the fines and fees are used solely for library purposes, and for budget reduction. The School

Board gets a monthly report on the uses of this fund, and, since the Library has no right to establish contingency funds, or borrowing power, it seems sensible to keep some funds in the past, such as expensive repairs of air conditioning, etc. If the fines and fees were turned over to the district, it would help reduce the budget one year, but because all such funds are used for proper library purposes, such action would merely reflect itself in a greater budget the following year. All library expenditures are audited by the State Comptroller's Office, and the Library has received a clean bill of health in its most recent audit. Accordingly, Mr. Bruno's objections are irrelevant to the real issue, which is the right of the people to vote on a budget the Library Board, an elective body charged with the responsibility of managing the Library, deems absolutely essential.

In the face of this attitude on the part of the majority of the Board, the Library Board unanimously voted to seek judicial relief. The Library Board does not believe that the law permits the School Board to constitute itself a road block. The School Board has acted arbitrarily, whimsically, irresponsibly, and without due regard to the responsibilities of a duly elected Board of Trustees, and without due regard to the rights of Hicksville residents to make the final decision.

Yours very truly,
Abraham Fishman
Vice President

Hicksville Library Board of Trustees

Dear Editor:
Every citizen should be made aware of the Suister Child Development Act pending before Congress. If this Act is passed and signed by the President, all children between the ages of six months and six years will have to attend a day care center. These day care centers can so mold the child that his mind, personality and future potential are greatly affected.

To hear the politicians tell it this Act is all for the good and will greatly benefit all especially the Welfare Mother who must work, despite the fact if the act is passed it will cost the tax payers billions of dollars annually.

The communists are making a tremendous effort to reach the minds of our youths and the Child Development Act and forced busing are but a few tactics the communists are using to destroy the present generation of Young Americans.

If you want our children and our children's children to enjoy the fruits of our American heritage then it is up to us to rally

LITTER PATROL—Lt. Bernard Jeffery and Sgt. Joseph Furber (right) perform their ecological duty as the "litter filter gitters" at Ft. Jackson, S.C. The two are part of a number of participants in the "Litter Patrol" recently established at the post to promote awareness of pollution problems. Privates Jeffery and Furber are taking their basic training at Ft. Jackson. (U.S. Army photo by Sgt. Ernest Hudson Jr.)

to their rescue.
Let your congressman, your two senators and President Nixon know that you are against government control of pre-school children. Voice your protests loud and clear and above all do not let the liberals deceive you with their high powered talk, the liberals of our day who have left the back door open for creeping communism.
Sincerely,
D.M.

Children who have had rheumatic fever can be protected against further strep infections. Nassau Heart Association advises. Medical supervision and long-term treatment are called for.

No middle-aged sedentary person should rush into unaccustomed physical activity without a medical checkup, says Nassau Heart Association. It would risk the possibility of a heart attack.

Supervisor JOHN W. BURKE REPORTS

The diversity and complexity of the problems and matters handled by the Oyster Bay Town Board each week were highlighted last Tuesday (18-20) when the Town acted on a number of resolutions.

The scope of the decisions affected almost all-no, make that all-Town residents. Ranging from passage of a bond resolution for close to six million dollars to provide for the acquisition, improvements and equipment necessary to acquire 65 acres of land in Plainview for future use as a land-fill park to matters as localized as approval for a fireworks display (at Massapequa High School).

The Board scheduled a hearing (for September 12th) to consider amendments to the Town's local law which would offer a measure of relief from real property taxes for the elderly.

It also scheduled a hearing (for

September 12th) to consider changes in the Town Building and Zoning Code that would allow cluster zoning and new office district and apartment districts (six units per acre) zoning to be implemented in Jericho, one of the few remaining undeveloped areas of the Town.

Dr. Lawrence Ravich, Chairman of the Town Planning Advisory Board, and one of his fellow members on the Board, Dr. William Kinzler, were reappointed for three-year terms.

Both of these men have devoted innumerable hours of their time and energy as unpaid members of the Advisory Board, and they do all of us honor by accepting these reappointments.

Decisions were also made last Tuesday to deny a petition by Sunrise Mall Associates for special permit use to construct and operate a service station within the 78-acre Sunrise Mall

shopping complex in Massapequa, and approval was granted on a request for special permit use to conduct a school for pre-school age children in Glenwood Landing.

Included in the 39 resolutions were authorization to proceed on certain projects relating to the Department of Public Works and the awarding of a number of bids after careful perusal by various departments of the Town as well as the individual members of the Board.

I bring these matters to the attention of the readers of this paper because this week, more than most, the Town Board calendar reflects the varied matters for which your local government is responsible.

The next time an inquiry is made as to just what the Town Board does, I think I will refer to the Tuesday of August 29, 1972 as an illustration.

Henry Convery Becomes Scholarship Recipient

Henry W. Convery, of 29 Liszt Street, Hicksville, and a graduate of Hicksville High School, became the recipient of a Regents War Service Scholarship for Veterans beginning in the 1972-73 school year.

The program established by the 1972 Legislature, entitles the holder to a maximum of \$350 a year for four years of full or part-time graduate or undergraduate study. Participating students may attend day or evening classes in any college, university, business, professional, vocational, or technical school located in New York State and licensed or approved by the Board of Regents.

HICKSVILLE HIGH SCHOOL STUDENT Carl Dickert, Jr., with Congressman Norman F. Lent, in whose office he's been working this summer.

Seventeen-year-old Carl Dickert, Jr., of Hicksville has been working for the better part of the summer in the Long Island District office of Congressman Norman F. Lent, as a Summer Intern.

Earlier, Carl has served as a A Hicksville High School

Student Government Representative and a member of the Pre-Med and Ski Clubs. He has also accumulated almost 1,000 hours as a member of the Volunteer Medical Corps in the Emergency Room of Nassau County Medical Center, and plans on a career in medicine.

He is the son of Carl and Patricia Dickert, the family is active in Hicksville's Holy Family Church.

NOTICE LEGAL

PUBLIC NOTICE
NOTICE IS HEREBY GIVEN that a public hearing will be held by the Town Board of the Town of Oyster Bay, Nassau County, New York, on Tuesday, September 12, 1972, at 10 o'clock a.m., prevailing time, in the Hearing Room, Town Hall, Audrey Avenue, Oyster Bay, New York, at which hearing citizens and parties interested will have an opportunity to be heard upon the following proposed amendment to the Building Zone Ordinance of the Town of Oyster Bay and the Building Zone Map, Town of Oyster Bay, Nassau County, New York, which map is made a part of said ordinance.

PROPOSED AMENDMENT: To change the zoning classifications mentioned and described on the "Building Zone Map of the Town of Oyster Bay, Nassau County, New York" as adopted by resolution dated March 31, 1969, and thereafter amended, with respect to the following parcels in the general area of Jericho, Nassau County, New York from the present classifications to the classifications indicated below:

- (a) To u-1 Office Building District All of Lot 3089, in Block A, Section 17 as the same is shown on the Land and Tax Map of Nassau County.
- (b) To u-1 Office Building District All of Lot 737, in Block C, Section 11 as the same is shown on the Land and Tax Map of Nassau County.
- (c) To Residence E-2 General Residence District All of Lots 1125 and 1126 in Block A, Section 12 as the same are

LEGAL NOTICE

shown on the Land and Tax Map of Nassau County.
(d) To Residence E-2 General Residence District All of Lots 2767, 2801, 2800, 2798, 2799, 2821 and 2820, all in Block A, Section 17 as the same are shown on the Land and Tax Map of Nassau County and that part of Lot 2827 in the same Block and Section which is bounded on the South by the Long Island Expressway Service Road, on the West by the westerly line of said Lot 2827, on the North by a straight line running in a north-easterly direction from the Northeast corner of Lot 2820 in said Block and Section to the Northernmost Northwest corner of Lot 2800 in said Section and on the East by the easterly line of said Lot 2827.

(e) To Residence B-A Residence District All of the remainder of Lot 2827 in Block A, Section 17 as the same is described on the Land and Tax Map of Nassau County

(f) To Residence B-A Residence District All of Lots 2840, 2839, 276, 2721, 2841, 2718, 2747, and 2757, all in Block A of Section 17 as the same are shown on the Land and Tax Map of Nassau County and so much of Lots 2756 and 2760 in said Block and Section as is South of a straight line beginning at the Northeast corner of Lot 2718 in Block A, Section 17 on the Land and Tax Map of Nassau County and running thence N 82 degrees 34' 07" E to a point

PUBLIC NOTICE

PLEASE TAKE NOTICE that pursuant to law, a public hearing will be held in the Hearing Room, Town Hall, Audrey Avenue, Oyster Bay, New York on the 12th day of September, 1972 at 10 o'clock a.m. prevailing time, in the forenoon of that day, or as soon thereafter as practicable, to consider the following amendments to "The Building Zone Ordinance of the Town of Oyster Bay, as revised and amended" and now set forth as Appendix A of the Code of Ordinances of the Town of Oyster Bay, New York.

Amend "Sec. 1 Definitions" of Article I as follows:
Change the definitions therein of "A single or one family dwelling" and of "A two family dwelling" to read as follows:

A single or one family dwelling is a building designed for and occupied exclusively as a home or residence for not more than one (1) family and may not contain more than one (1) kitchen. The term "detached" when used in conjunction with the term "one family dwelling" shall be deemed to mean that the said dwelling is free standing on a lot and surrounded by open space on all sides.

A two family dwelling is a building designed for and occupied exclusively as a home or residence for two (2) families living independently of each other, each with its own interior entrance door, separate kitchen and separated by party, partition or common walls, floors, and may not be used for boarders or roomers. The term "detached" when used in conjunction with the term "two family dwelling" shall be deemed to mean that said dwelling is free standing on a lot and surrounded by open space on all sides.

Add the following definitions thereto:
A habitable room is a room having one (1) or more windows opening directly on a street or yard as required by the building code of the Town of Oyster Bay and, except as set forth herein after, designed to be used for living, sleeping, eating, or cooking. Any floor space enclosed on four (4) sides by permanent walls, having a height from the floor of seven (7) feet or more, shall be counted as a habitable room. Neither a bathroom, toilet room, vestibule or similar passage, or storage area, nor a cooking space or kitchen having an area of less than one hundred (100) square feet, shall be counted as a separate habitable room.
Definition of Town House:
A town house is one of several units in a building, which unit is designed for and occupied exclusively as a home or residence for not more than one (1) family living independently of any other family, served by separate utilities, separated from other units by a party wall or walls, and intended to be rented or to be held in the form of a condominium or in single and separate ownership from adjoining units.

Amend "Article II. Administration and Enforcement" by adding thereto a new section 80 to Division 4 thereof as follows:
Division 4, Planning Board Sec. 80, Planning Advisory Board.

(a) All references to the Planning Advisory Board and the Planning Board in the ordinances of the Town of Oyster Bay shall apply to the board in existence and performing the described function at the time of the application.

(b) In addition to the functions described in Section 79, wherever this ordinance requires site plan review by the Planning Advisory Board, said Board, in considering and reviewing site plans, shall take into consideration the public health, safety and welfare and the comfort and convenience of the public in general and of the occupants of the proposed development and of the immediate neighborhood in particular and may prescribe such appropriate conditions and safeguards as may be required in order to further and expressed intent of this ordinance and the accomplishment of the following objectives:

(1) That all proposed traffic access ways are adequate but not excessive in number, adequate in width, grade, alignment, and visibility; not located too near street corners or other places of public assembly; and other similar safety considerations.

(2) That adequate loading spaces are provided to prevent truck parking in public streets, and that the interior circulation system is adequate to provide safe accessibility to loading bays and building services.

(3) That wherever possible, usable open space is disposed in a way designed to insure the safety and welfare of resident children.

(4) That all service areas are reasonably screened at all seasons of the year, especially from the view of adjacent properties and streets, and that the general landscaping of the site is such as to enhance the suburban character of the town and is in character with that generally prevailing in the neighborhood.

(5) That all existing trees over eight (8) inches in diameter, measured three (3) feet above the base of the trunk, shall be retained to the maximum extent possible.

(6) That all plazas and other paved areas intended for pedestrians shall use decorative pavements and that all paved areas shall use plant materials wherever possible so as to prevent the creation of large expanses of pavement.

(7) That all outdoor lighting is of such nature and so arranged as to preclude the diffusion of glare onto adjoining properties and streets.

(c) Prior to the submission of a formal site plan, a pre-submission conference shall be held wherein the applicant shall meet in person with the planning advisory board or its designated representative to discuss the proposed site plan so that the necessary subsequent steps may be undertaken with a clear understanding of the board's requirements in matters relating to the development of the site. Within six (6) months following the pre-submission conference, two copies of the site plan and any related information shall be submitted to the building department at least ten (10) days prior to the planning advisory board meeting at which review is requested. If not submitted within this six (6) month period, another pre-submission conference may be required.

(d) The building department shall certify on each site plan or amendment whether or not the plan meets the requirements of all zoning ordinance provisions other than those of this section regarding site plan review. The building department shall retain one (1) copy, and send one (1) copy to the Planning Advisory Board, at least eight (8) days prior to the planning advisory board meeting at which the site plan review is requested.

(e) The planning advisory board shall act to approve, or approve with conditions, any such site plan within sixty (60) days after the meeting at which approval is requested. Failure to act within sixty (60) days shall be deemed approval. Conditional approval by the planning advisory board shall include written findings upon any site plan elements found contrary to the provisions or intent of this ordinance. Review of amendments to an approved original site plan shall be performed in the same manner as the review of the original site plan.

(f) Site Plan Elements. The applicant shall cause a site plan map to be prepared, at a scale sufficient in size to permit an adequate review, by an architect, landscape architect, civil engineer, surveyor, land planner, or other competent person. The site plan shall include those of the elements listed herein which are appropriate to

the proposed development or use as indicated by the planning advisory board in the pre-submission conference. This information, in total, shall constitute the site plan.

(1) Legal Data
(a) Name and address of the owner of record.
(b) Name and address of person, firm, or organization preparing the map.

(c) Date, north point, and written and graphic scale.
(d) Sufficient description or information to define precisely the boundaries of the property. All distances shall be in feet and tenths of a foot. All angles shall be given to the nearest ten (10) seconds or closer. The error of closure shall not exceed one (1) in ten thousand (10,000).

(e) The locations, names, and existing widths of adjacent streets and curb lines.

(f) The locations and owners of all adjoining lands as shown on the latest tax records.

(g) The locations, width, and purpose of all existing and proposed easements, setbacks, reservations, and areas dedicated to public use within or adjacent to the property.

(h) A complete outline of existing deed restrictions or covenants applying to the property.

(1) Existing zoning
(2) Natural Features

(a) If applicable, existing contours with intervals of two (2) feet or less, referred to a datum satisfactory to the board.
(b) Approximate boundaries of any areas subject to flooding or storm water overflows.

(c) Location of existing isolated trees with a diameter of eight (8) inches or more, measured three (3) feet above the base of the trunk, and any other significant existing natural features.

(3) Existing Structures and Utilities
(a) Outline of all structures, and location of all uses not requiring structures, drawn to scale.

(b) Paved areas, sidewalks, and vehicular access between the site and public streets.

(c) Location dimensions, grades, and flow direction of any existing sewers, culverts, water lines, as well as other underground and above-ground utilities within and adjacent to the property.

(d) Other existing development, including fences, landscaping and screening.

(4) Proposed Development
(a) The location of proposed buildings or structural improvements.

(b) The location and layout of all uses not requiring structures, such as loading areas.

(c) The location, direction, power, and time of use for any proposed outdoor lighting or public address systems.

(d) The location of any outdoor signs.

(e) The location, arrangement, and materials of proposed means of access and egress, including sidewalks, driveways, or other paved areas. Profiles indicating grading and cross-sections showing width of roadway, location and width of sidewalks, and location and size of water and sewer lines. Any proposed direct pedestrian connection to public parking lots or structures shall also be shown.

(f) Any proposed screening, and other landscaping including types and locations of proposed street and other trees.

(g) The location of all proposed water lines, valves, and hydrants, and of all sewer lines or alternate means of water supply and sewage disposal and treatment.

(h) An outline of any proposed easements, deed restrictions, or covenants.

(i) Any contemplated public improvements on or adjoining the property.

(j) Any proposed new grades, indicating clearly how such grades will meet existing grades of adjacent properties or the street.

(k) If the site plan only indicates a first stage, a supplementary plan shall indicate ultimate development.

(1) Any other information deemed by the planning advisory board to be necessary to determine conformity of the site plan with the spirit and intent of this ordinance.

(l) Approval of a site plan by the Town Board shall be valid for a period of one hundred twenty (120) days from the date thereof for the purpose of obtaining a building permit. Any extension of the said period shall require approval of the Town Board.

Amend "Article IV. Residential Districts" by adding thereto a new division as follows:

Division 2 (A) "B-A" Residence District
Section 212 - Permitted Uses

In a B-A residence district, no building on premises shall be used, and no building shall be hereafter erected, altered, or added to, unless otherwise provided in this ordinance except for one (1) or more of the following uses:

(a) One-family detached dwellings not to exceed one (1) dwelling on each lot.

(b) Public parks, playgrounds, and recreational areas when authorized to operate by a governmental authority, and fire houses, police stations, and other similar uses operated by the Town of Oyster Bay, Nassau County, or any other governmental authority.

(c) A regularly organized elementary or high school having a curriculum approved by the Board of Regents of the State of New York.

(d) The office or studio of an architect, artist, dentist, lawyer, physician, musician, engineer, teacher or other professional person residing on the premises provided that such use is incidental to such residence and provided that such use shall be within the main dwelling and occupying not more than one-third of the first floor area.

(e) A private garage when located not nearer to any street line than the principal building but in no case nearer thereto than seventy (70) feet, unless such private garage is located within or is attached to the main dwelling.

(f) A mother-daughter use, after a public hearing and subject to the approval of the Board of Appeals.

Section 213 - Site Plan Review
In a B-A residence district the following uses are permitted subject to the approval of the site plan by the Town Board and after review by the Planning Advisory Board or its successor agency:

(1) Places of worship, including one (1) parish house, rectory, or parsonage in each case, subject to the following requirements:

(1) Except as set forth hereinafter, no building or part thereof or any parking or loading area shall be located nearer than sixty (60) feet to any street line or lot line. A parish house, rectory or parsonage shall conform to the requirements for a one-family dwelling.

(Continued on Page 10)

Our Visit to Disneyland

By Lynda Scotti

They are advertising Disney World at Kissimmee, Florida as the "Happiest Place in the World" and the Scotti family can attest to that fact. Arriving there with our four children and a pair of grandparents (Mr. and Mrs. John Scotti of Deltona, Florida) on an extremely hot Friday afternoon, none of us were pictures of happiness. But, after parking our car, taking a last minute roll call and head count, and paying our admission, our frowns soon dissolved as we boarded the Monorail for the short jaunt to Disney World. The ride took us through the beautiful Contemporary Hotel, past the shrubs shaped like various Disney characters (Mary Poppins, Snow White and the dwarfs, etc.) and before we knew it, we were on Main Street, U.S.A. There, we rented a stroller for our little one, Lauren. I was secretly hoping they would rent one for me, but no one offered.

With Grandma and Grandpa Scotti as our guide, we strolled over to Frontierland where we waited to see "Country Bear Jamboree". The line was quite long and we waited an hour to get in, but during that time, all the people waiting with us, despite the heat, were very friendly and joking. The line kept moving and we were finally inside enjoying a really great show.

After that, it was off to the Jungle Cruise Boat ride. There was another long line, but all the lines and attractions are set up so that you keep moving and the wait is not that long. And, whatever wait there is, it well worth it.

Following that, we paused at one of the many refreshment stands for a cold drink. Someone along the way said that Disney World is twice the size of Manhattan Island. I hoped that we wouldn't try to cover it all that afternoon.

After a brief respite, we all went to see the Haunted Mansion, which was my favorite. The imagination, ingenuity and know how that goes into all the attractions is absolutely fantastic. To see spirits glide across a dance floor, fade, and then reappear again is amazing.

Then it was off to "Fantasyland". Past a Fire and Drum Corp, a Dixieland Band, through Cinderella's castle and there we were, watching people dressed as the Seven Dwarfs come up to you and shake your hand or pose for your camera with your children. About this time, I called it quits and wandered through the air-conditioned splendor of Tinker Belle's Toy Shoppe, while Daddy, Grandma and Grandpa took the children to see the Mickey Mouse Revue and other attractions.

To see Disney World by day is a treat, -to see it at night is nothing short of spectacular. All the buildings are illuminated and the trees and shrubs are aglow with tiny, twinkling lights.

Having opened last fall, they are still in the process of building more attractions and improving on the ones that are there. And, aside from the incomparable attractions, you will find cleanliness wherever you go, cheerfulness and competence on the part of the employees, and a smile on everyone's face, young and old alike.

It's worth a trip to Florida to see this place. Be cautioned, however, you would have to spend a week there, just to see all that is offered. We look forward to returning there next year to see all the things we missed, offered. We look forward to returning there next year to see all the things we missed.

Truly it is the happiest place in the world and the feeling it conveys is extremely contagious.

NEIGHBORHOOD CARNIVAL, sponsored by WNEV-TV and MacDonald's restaurants, with the profits going to help people with Muscular Dystrophy.

It will be at 5 Vista Road, Plainview, Sunday, August 20, at 1:00 P.M. through 4:00 P.M. The two children who were in charge of the carnival were

Hub Execs Hear About Museum

Many Long Islanders may be missing a great bet in both entertainment and education by not visiting the Vanderbilt Museum and Planetarium in Centerport, but tourists and planetarium directors from all over the world are making it "a must" on their itineraries, according to Vanderbilt Museum Director Walter Fasbender, a former Huntington Town Supervisor.

Speaking at the Nassau Hub Execs Breakfast at the Hempstead Holiday Inn on Wednesday, Fasbender outlined the steps that had been taken to establish the Vanderbilt Museum under the terms of the will of the late William K. Vanderbilt II, who died in 1944.

The Museum is open from May 1 through October, but the Planetarium schedules performances throughout the year. It is best to call for exact dates and times, and admission charges are very modest. Special showings are available.

CYO Soccer

By Ed Camara

1967 saw the birth of soccer in the parish of St. Ignatius. To years later a summer soccer program was formed. Since then soccer has been steadily increasing. This year a fourth division was added made up of six and seven year old boys. As a result the amount of teams increased to eighteen, a new high.

The new league seemed to be the favorite for parents and spectators. There were four teams in the league and although the Hibernians ran away with the championship, all the games were very close. Until the last game of the season, no team scored more than two goals in a game. The Hibernians were coached by Ed Wayte and Joe Scully and following them were Blackpool (coached by Mr. Harris and Mr. Shuck), Liverpool (coached by John Mulligan and Dan Barker), and Aberdeen (coached by Tony Camara, commissioner). The All-Star game was all offense though as Blackpool and Liverpool combined to defeat Hibernians and

Aberdeen 4-1 as David Smyth led the attack with a pair of goals.

The 8 and 9 year old league had five teams in it this year. The season was divided into two halves and both halves ended in ties for first. The first half playoff was won by Rochester (coached by Jack Fletcher). The sad note was that New York (coached by Ann Camara) was forced to forfeit as all their players had gone on vacation. Rochester also tied for the second half championship, but this time with Miami. Since Rochester had won the first half, Miami had to beat them twice to win the championship. They succeeded in the second half playoff winning 1-0 on a goal by Tommy Solaski. The championship was another defensive struggle and at the end of the game the score was tied 0-0. Miami broke loose in the second sudden-death period to win 1-0. Billy McCulloch scored for coach Rick Howe's Miami team. The other two teams in the league were coached by Al Barcavage, commissioner (Atlanta) and Mike Camara (Toronto). The All-Star game was won by the

CYO Soccer

Miami, Toronto, New York delegation 1-0.

The 10 and 11 year old division saw two teams, Hearts and Arsenal, dominate the league, tying both for the first half and second half championships. The Hearts won the first playoff 3-1 and Arsenal came back to win the second half 3-1. The third game to decide everything decided nothing. It ended in a 2-2 tie after four overtimes and the teams were declared co-champs. Sal Musumeci coached the Hearts while Ed Camara coached Arsenal. Three other teams were in close contention for the second half. Catanzaro (coached by Luigi Pelini), United (coached by Jack Warch), and Cosmos (coached by Pat McHugh). One ironic thing was that United was undefeated in the second half but fell one point short of first place. The All-Star game was a high scoring affair won by Arsenal, United, and Catanzaro 5-1. John Rupp led the scoring with two goals.

The 12, 13, and 14 year olds saw one team, the Shamrocks, coached by Pat McHugh Sr. go undefeated. There was no playoff because of this. Commissioner Tony Nobile's team (the Cosmos) finished second and were followed by the Roughriders, coached by Robert Wallis, and the Falcons, coached by Tony Grumo. An All-Star team from this division played the coaches on August 20. The game was very close and not until the last minute was the win clinched. The final score was 3-1. The traveling teams have begun practicing already and with a little luck, St. Ignatius should win several diocesan titles.

If you detect the warning signs of a heart attack and can't get your doctor, get to or have someone take you to a hospital emergency room at once. Speed alone may save your life.

There are several reliable warning signs of heart attack, says the Nassau Heart Association. Ask for leaflets for the whole family and get to know the symptoms.

Reducing the risk of heart attack should be a part of daily living, says the Heart Association. It includes controlling the intake of fats and calories, giving up cigarettes and getting regular exercise.

Swimming Season Extended

If the weatherman cooperates, residents will have the opportunity to prolong their summer swimming season at the two county-operated beaches, it was announced today by Nassau Recreation and Parks Commissioner Richard A. Fitch.

The normal closing on Labor Day, September 4 have been postponed until Sunday 17, at Nassau Beach, Lido, and Hempstead Harbor Beach Park,

Port Washington. The two beaches will be open between 9 a.m. and 7 p.m., daily weather permitting. The normal parking fees of \$5.00 weekdays and \$7.50 for weekends will remain in effect.

Fitch also announced that the Cantiague Park indoor artificial ice rink will close on Tuesday, September 12. The rink will re-open for the fall and winter season on Wednesday, October 11.

Contest Deadline Extended

The deadline for contest entries at the Long Island Fair has been extended until September 15.

As previously announced, the Long Island Fair will be held at the Old Bethpage village restoration between October 6 and 9.

The fair, being held in cooperation with the Agricultural Society of Queens, Nassau and Suffolk will place special emphasis on agricultural and handicraft displays. Long Island Farmers and hobbyists will have an opportunity to compete for cash prizes and all residents of Queens, Nassau and Suffolk may enter. The fair will feature the complete range of Long Island food products from fruits to vegetables. New this year, is a

special category for home gardeners. Craftsmen may compete in culinary, needlework, hobby and floral arrangements. A special contest will determine the best macrame work—a recently revived craft of the 1800's. Awards will also be presented for livestock.

Pre-registration is necessary and applications along with contest categories may be obtained either by contacting the Nassau County Museum, Mulintown Road, Syosset, New York 11791, or by calling 364-1050. The Old Bethpage village restoration is located on Round Swamp Road just south of the Long Island Expressway in Old Bethpage. Fees are \$1.50 for adults and \$.75 for children.

DEPUTY NASSAU COUNTY EXECUTIVE JOSEPH H. DRISCOLL, JR., (left) presents a proclamation to Gordon Bradley, coach of the New York Cosmos professional soccer team. County Executive Ralph G. Caio proclaimed the week of August 26 to September 2 "Soccer Week" in

Nassau County because of the interest generated by the Cosmos and their exciting play at Hofstra Stadium. On Wednesday, August 30, the Cosmos will take on the Moscow Dynamo, the top soccer team in Russia. The game will be played at Hofstra.

Artists Invited to Submit Entries

All artists residing in Nassau County are invited to submit entries for a juried exhibition to be held at the Port Washington Public Library during October. Entries will be accepted personally at the library on Saturday, September 30, from 10 am to 5 pm. A prize of \$500 will be given for the best painting in the show. Prizes of \$100 each will be awarded for the best in each of 3 categories: watercolors, mixed media, and oil or acrylic.

Judges for the October Exhibition are Dr. Leon Frankston, chairman of the Art Department of Nassau Community College; Mr. Robert Doty, curator of the Whitney Museum of New York City, and Artist Ray Parker.

Entry blanks may be picked up at the Port Washington Library, Main Street, daily from 9 am to 5 pm and on Saturdays from 9 am to 5 pm.

Saint Ignatius Girl Cadet Corps

On September 4th, Labor Day, "The Saint Ignatius Girls Cadet Corps" will be marching at their finest, down Broadway, Hicksville, in the annual "Hicksville Labor Day Parade". Applications for joining this wonderful group of girls will be available along the parade route. This is an opportunity for all girls between the ages of 10 and 17 years, of any faith, who like fun and travel.

We appear at competitions in various states. Our girls just returned from Massachusetts where they placed third in the "World Open Competition" competing against other corps from all over the United States and Canada.

For further information, you can call WE 8-3392 or WE 8-7939.

John F. Kennedy High School News

Principal Barry L. Gleim has announced that school will open for all sophomores, juniors and seniors at the John F. Kennedy H.S. in Plainview on Wednesday, September 6th. Students with classes beginning the first module are to report to their classrooms at 7:40 a.m. Students who do not have classes during modules 1 or 2 have the option of reporting to school at 8:20 a.m. (module 3) or of reporting earlier and going to the cafeteria or patio areas. There will be a full day of classes.

Step Ahead At C.W. Post Center

C.W. Post will institute a new part-time evening study program this fall that offers baccalaureate degree courses, with substantial financial aid for eligible students.

The program, called STEP for Scholarship Transfer Evening Program, is open to two and four-year college transfer students who desire to major in business administration, education or criminal justice-sociology. Participating students will be able to take 12 credits during the year on a block programming basis.

A total of 75 tuition assistance awards will be made to accepted students on the following basis: applicants with a 2.0 - 2.9 average may receive grants covering one-third of their annual tuition; applicants with a 3.0 (B) average or higher may receive one-half tuition grants. All STEP awards will be made on a competitive basis.

Minimum requirement for admission to the STEP program is completion of 64 college credits with at least a 2.0 (C) average.

Further information about the STEP program may be obtained by contacting the Office of Continuing Education, C.W. Post Center, Greenvale, N.Y. 11548; or by telephoning the office at (516) 299-2431.

Our Volunteer Firemen

There is still a breed among us, within the borders of our land, Who bravely accept the challenge of tending a helpful hand. When the cry is heard and sirens wail, The answer is swift and sure Without a thought of self they come and answer to the call. One cannot help but wonder in these times of greedy men, How God has smiled upon us. With these brave and noble few, They sweat and strain in training without a cent in pay.

To battle our worst enemy, a ghastly demon of our own. That, uncontrolled, wreaks havoc to our life and to our home. Because they give so very much to help their fellow man, Let us care somehow for them, in any way we can. Join a prayer for our firemen whose dedication is the cause. Honor them, as heroes they are, while in daily life, we pause.

by Mrs. Fran Dechent

Hicksville

The decision to seek medical help for heart attack is too important to be left to the patient alone to make, says the Nassau Heart Association. It also is the responsibility of relatives and friends to act without delay.

Knowing the warning signs is one of the best defenses against heart attack when it strikes. Quick action in securing medical help often is the difference between life and death.

(Continued from Page 6)

- (2) The minimum lot area shall be two (2) acres.
- (3) Off-street parking shall be provided in the ratio of not less than one (1) space for each three seats within the principal meeting room.
- (b) Customary agricultural occupations provided, however, that no storage of manure or odor or dust producing substances shall be permitted within one hundred (100) feet of any side or rear lot line or within one hundred fifty (150) feet of any street line; and provided, further, that such activity may include not more than one (1) non-illuminated sign, not exceeding twelve (12) square feet in area, advertising only the sale of farm products grown on the premises. Such sign shall not be nearer than ten (10) feet to any street or lot line, and shall not project more than six (6) feet in height above grade, and shall not be exhibited unless the products advertised are available.
- (c) Colleges or universities, subject to the following requirements:
 - (1) The minimum lot area shall be seventy-five (75) acres.
 - (2) The sum of all areas covered by all principal and accessory buildings, including any stadium and structures accessory thereto but excluding grandstands which are not a part of a stadium, shall not exceed ten (10) percent of the area of the lot.
 - (3) Off-street parking shall be provided in a ratio of not less than one (1) space for every two (2) students of the total student capacity thereof.
 - (4) No building or part thereof or any parking or loading area shall be located within one hundred fifty (150) feet of any street or lot line.
 - (d) Golf courses and country clubs, exclusive of clubs whose activities include the maintenance, storage, or take-offs or landings of aircraft, subject to the following requirements:
 - (1) The minimum lot area shall be fifty (50) acres.
 - (2) No building or part thereof or any parking or loading area shall be located within one hundred fifty (150) feet of any street or lot line.
 - (3) The sum of all areas covered by all principal and accessory buildings shall not exceed five (5) percent of the area of the lot.
 - (4) Off-street parking shall be provided in a ratio of not less than one (1) space for every four (4) members of each two (2) accommodations (such as lockers), whichever is greater.
- (e) In reviewing the site plan, the planning advisory board may recommend to the Town Board such reasonable restrictions, covenants or conditions as it may deem in the public interest.

Section 214 - Special Exception by the Town Board

In a B.A. residence district the following conditional uses are permitted as a special exception by the Town Board after a public hearing:

- (a) A regularly organized nursery school, providing off-street parking at a ratio of not less than one (1) space for each eight (8) children to be accommodated therein.
- (b) Private clubs, operated by not-for-profit membership corporations, exclusively for members and their guests, including ice-skating, tennis, ski, self-defense or other similar clubs, subject to the following requirements:
 - (1) The minimum lot area shall be five (5) acres.
 - (2) Off-street parking shall be provided in a ratio of one (1) parking space for every four (4) club members.
 - (3) No building or part thereof or any parking or loading area shall be located within one hundred fifty (150) feet of any street or lot line.
 - (4) The sum of all areas covered by all principal and accessory buildings shall not exceed ten (10) percent of the area of the lot.
- (c) Eleemosynary institutions (other than correctional institutions or institutions for the insane), subject to the following requirements:
 - (1) The minimum lot area shall be five (5) acres.
 - (2) Off-street parking shall be provided in a ratio of not less than one (1) space for each two hundred (200) square feet of floor space for office buildings and in a ratio to be determined by the Town Board for all other types of buildings.
 - (3) No building or part thereof or any parking or loading area shall be located within one hundred fifty (150) feet of any street or lot line.
 - (4) The sum of all areas covered by all principal and accessory buildings shall not exceed twenty (20) percent of the area of the lot.
 - (d) All uses requiring approval by the Town Board as a special exception except for that set forth in paragraph (a) of this subsection, shall be subject to site plan review by the planning advisory board, if the Town Board in its discretion deems such review in the public interest.

Section 215 - Lot Area

- (a) Except as set forth hereinafter, in a B-A residence district, no building shall be erected or altered on a lot having an area of less than one (1) acre and a width of less than one hundred twenty-five (125) feet; provided, however, that a single dwelling may be built upon a lot held in single and separate ownership at the effective date of this amendment of this ordinance, having an area of less than one (1) acre and a width of less than one hundred twenty-five (125) feet.
- (b) In the case of any lot substandard in area by the terms of this ordinance, but once legally buildable and thereafter singly and separately held in fee ownership, the rights acquired or existing thereon for the use of said lot as a buildable parcel shall terminate and become coexistent and void should the said substandard plot merge in fee with any adjoining land or property, thereby creating a parcel conforming with the area requirements of this ordinance, or thereby enlarging a parcel already conforming with such requirements. Such merger shall be deemed to occur when the same person or persons acquire, obtain or have fee ownership in both parcels whether by purchase, sale, devise, gift, inheritance or otherwise.
- (c) It shall be unlawful and a violation of the provisions of this section for any person to subdivide any parcel of land so as to create or to reserve any portion thereof as a separate lot which violates the area, width, or street frontage requirements of this ordinance. Such a lot, so created or reserved, shall be deemed an illegal parcel, and the parts or portions of the original property immediately adjoining said illegally created parcel shall not be permitted to be used or improved while it remains in existence as a separate lot.
- (d) With respect to a parcel consisting of ten (10) acres or more, the Town Board, following approval of plans as to the shape and arrangement of all lots and the location of all open spaces by the planning advisory board, may permit the reduction of the area of

- all or a portion of all lots upon which residences will actually be built to a subdivision in a B-A residence district provided that:
 - (1) The total number of lots so permitted shall not exceed eighty-five (85) percent of the total number of acres contained in the entire tract.
 - (2) No lot shall have an area of less than twenty thousand (20,000) square feet.
 - (3) The entire area which shall remain un subdivided shall be reserved as common open space for use by all residents of the subdivision, or, subject to the approval of the Town Board, may be dedicated to the Town of Oyster Bay or any special district, fire district or other political subdivision for public purposes.
 - (4) There such land is reserved as private common open space, the applicant shall provide for and establish an organization for ownership and maintenance thereof. Such organization shall not be dissolved nor shall it dispose of any common open space, by sale or otherwise.
 - (5) Approval by the Town Board shall be contingent upon the submission by the applicant of covenants which the Town Board shall find adequate to assure that the private common open space shall not be built upon; that continued ownership and maintenance shall be properly provided for; that taxes shall continue to be paid upon the open space; that the Town of Oyster Bay shall have the right to take appropriate action to assure compliance with the covenants to maintain such open space and shall be reimbursed by way of assessment or tax levy for all costs incurred by the Town in maintaining such open space; that the Town shall have the right to enter said open space to make inspections for compliance; and that the association or other entity holding title to the open space shall maintain liability insurance and shall execute agreements indemnifying and holding harmless the Town of Oyster Bay for all claims arising out of or in any way related to the use or maintenance of the open space area. The covenants shall also contain such provisions for forfeiture of the title to the Town of Oyster Bay or entry upon such open space by the Town of Oyster Bay and its equipment and employees as may be required by the Town Attorney.
 - (6) If the applicant requests permission to develop any lots of less than one (1) acre in area, the aggregate amount of land set aside as public or private open space shall constitute not less than twenty-five (25) percent of the area of the entire tract, shall have no dimensions of less than fifty (50) feet, and shall be located in a manner satisfactory to the planning advisory board.
 - (7) The minimum required yard dimensions will be determined by the planning advisory board or its successor agency, generally in accordance with the requirements of that district in the ordinance which requires lots with an area nearest to that proposed to be provided.

Section 216 - Height

In a B-A residence district, except as provided hereinafter, no building shall exceed thirty-five (35) feet on three (3) stories, except that a public or semi-public building may be erected to a height not to exceed fifty (50) feet, provided that the required minimum dimensions of the front, side and rear yards shall be increased in an additional two (2) feet for each one (1) foot such building exceeds the height of thirty-five (35) feet.

Section 217 - Front Yard

In a B-A residence district, no building shall have a depth of front yard of less than fifty (50) feet. A yard located along any street line shall be deemed to be a front yard for the purpose of this requirement.

Section 218 - Side Yards

In a B-A residence district, there shall be two (2) side yards, one on each side of the lot. The total of the widths of both side yards shall not be less than fifty (50) feet, and neither side yard shall be less than twenty (20) feet wide, provided, however, that in the case of a lot held in single and separate ownership at the effective date of this amendment of this ordinance, and having a width of lot less than one hundred twenty-five (125) feet at the building line, a single-family dwelling may be built thereon provided that the width of the required side yards may be reduced by not more than twenty (20) percent, and to not less than fifteen (15) feet as to either.

Section 219 - Rear Yards

In a B-A residence district, there shall be a rear yard having a minimum depth of one hundred (100) feet; provided, however, that in the case of a lot held in single and separate ownership and having a depth of less than two hundred (200) feet, a single-family dwelling may be erected or altered thereon provided that the rear yard in such case shall not be less than forty (40) feet.

Section 220 - Coverage

In a B-A residence district, the sum of all areas covered by all principal and accessory buildings shall not exceed twenty (20) percent of the area of the lot.

Section 221 - Accessory Buildings

In a B-A residence district, accessory buildings may occupy not more than twenty (20) percent of the required rear yard, and shall not exceed eighteen (18) feet in height; provided, however, that:

- (a) The yard area occupied by such accessory buildings shall be included in computing the percentage of lot area permitted to be built upon;
- (b) Any accessory building shall be located on the same lot with the principal building;
- (c) No accessory building shall be constructed until the construction of the main buildings has been actually commenced;
- (d) No accessory building shall be used unless the main building has been completed and is in use.
- (e) No accessory building shall be built within twenty (20) feet of any side or rear lot line, or nearer than seventy (70) feet to any street line.

Section 221.10 - Fences and Hedges

Except as set forth hereinafter, in a B-A residence district, no fence, hedges, or other densely growing shrubbery shall exceed a height of six (6) feet. If erected along the street line the height shall be measured from the existing elevation of the center of the street opposite such fence, hedges or other densely growing shrubbery. Within a radius of thirty (30) feet of the corner formed by the intersecting streets the height of any fence, hedge or other densely growing shrubbery shall not exceed two and one-half (2 1/2) feet.

Section 221.20 - Permitted Encroachments

In a B-A residence district, the following encroachments upon required yard areas are permitted:

- (a) Cornices, eaves, gutters, chimneys, or bay windows projecting not more than twenty-four (24) inches.
- (b) One (1) story open porches and terraces not exceeding three (3) feet in height, projecting not more than six (6) feet only into a front or rear yard.
- (c) One (1) story enclosed vestibule not greater than six (6) feet

(Continued on Page 12)

Ink Spots Concert

The world-famous "Ink Spots" will appear in concert at Wantagh Park on Saturday, September 2, at 8:30 p.m. It was announced today by Nassau Department of Recreation and Parks Commissioner Richard A. Fitch.

This will be the last in this year's series of summer concerts held in various county parks for the enjoyment of all Nassau residents.

Wantagh Park is on Merrick Road, off the Wantagh State Parkway, Wantagh.

Wherever you move . . . Call the Welcome Wagon hostess. She will bring her basket of gifts and friendly greetings from civic and business neighbors of the community

Obituaries

Nicolas Negron De Oquenda of HICKSVILLE died on August 27. He leaves his parents, Mr. and Mrs. Frank Negron; and his brothers and sisters, Robert, Minerva, Frank, Lourdes, Marabelle, Sara and Noel. He reposed at the Vernon C. Wagner Funeral Home Inc. in Hicksville and interment was at Plain Lawn Cemetery.

Paul J. Kobus of PLAINVIEW died on August 25. He leaves his wife, Eileen K., a son, James A., three daughters, Paula Conner, Kathleen and Eileen Kobus; and a brother, Anthony J. Kobus. He

reposed at the Henry J. Stock Funeral Home in Hicksville and interment was at Holy Rood Cemetery.

John J. Maerz of HICKSVILLE died on August 25. He leaves his wife, Olga, a daughter, Virginia Erb; a son, Lawrence Maerz; and five grandchildren. He reposed at the Vernon C. Wagner Funeral Home, Inc. in Hicksville and interment was at Calvary Cemetery.

Louis Zygmunt of HICKSVILLE died on August 29. He leaves his wife Olga; a son,

Louis Jr.; a daughter, Joyce Guerrier, and his mother, Mary Zygmunt. He also leaves two sisters, Viola Grasso and Irene Redabid, and three grandchildren. Mass of the Resurrection will be at 9:45 Friday at the Henry J. Stock Funeral Home in Hicksville and interment will follow at Plain Lawn Cemetery.

**DRIVE
CAREFULLY**

CD Auxiliary Police Launch Recruiting Drive

The Hicksville-Jericho unit of Civil Defense Auxiliary Police has launched a drive for new members. Interested persons over the age of 21 who want to join this volunteer organization are urged to contact John Bennett of the Auxiliary Police weekday evenings and weekends at his home in Hicksville. His phone number is 516-OV 1-0013.

The Civil Defense Auxiliary Police conduct safety patrols in their local communities in Nassau County. They have received many awards for their

service in assisting police to reduce the incidence of crime and vandalism.

All members of the Auxiliary Police receive 13 week of basic training by the Nassau County Police Department and operate under the direction of the Police Department. Following an initial period of service, the Auxiliary Policemen are eligible to receive specialized training in various fields of law enforcement.

Young men between the ages of 18 and 21 are invited by Mr. Bennett to join the Cadet Unit of Civil Defense Auxiliary Police.

 wide and five (5) feet deep projecting only into a front yard.
 (d) In any case where the board of appeals, by variances, has permitted the reduction of a required yard, none of the foregoing encroachments shall be permitted into such diminished yard.
 Amend "Article V - Apartment Districts" by adding thereto a new division as follows:

Division 2-A "E-2" General Residence District
 Section 401 - Permitted Uses
 In an E-2 general residence district, no building or premises shall be used and no building shall hereafter be erected, altered or added to, unless otherwise provided in this ordinance, except for one (1) or more of the following uses:
 (a) One family town houses
 (b) Garden apartments
 (c) Public parks, playgrounds, and recreational areas when authorized or operated by a governmental authority.
 (d) Fire houses, police stations and other uses similar thereto.

Section 402 - Site Plan
 All uses in an E-2 general residence district shall be subject to site plan approval by the town board following review by the planning advisory board. In reviewing the site plan the planning advisory board and town board may impose such conditions and safeguards as it may deem in the public interest.

Section 403 - Height
 In an E-2 general residence district, no building shall exceed thirty-five (35) feet or two (2) habitable stories, except that public or semi-public buildings may be erected to a height not to exceed forty-five (45) feet, provided that the front, side, and rear yards shall be increased by an additional three (3) feet in width for each one (1) foot by which such building shall exceed the height of thirty-five (35) feet.

Section 404 - Lot Area and Building Size
 (a) In an E-2 general residence district, no building or group of buildings shall be erected, altered, or added to, so as to result in a number of dwelling units in excess of one (1) for each seven thousand (7,000) square feet of lot area, nor shall any such buildings or buildings occupy a lot with an area of less than five (5) acres. In the case of town houses, the entire tract which is proposed to be so developed shall have an area of not less than five (5) acres, and the lot occupied by each separate unit shall have an area of not less than two thousand four hundred (2,400) square feet.

(b) In an E-2 general residence district not more than eight (8) dwelling units shall be contained in any one building. Two (2) buildings containing in the aggregate not more than sixteen (16) dwelling units may be attached, subject to approval by the Planning Advisory Board if such Board shall find that this will lead to an improved site plan.

Section 405 - Front Yard and Highway Setback
 (a) Except as provided hereinafter, in an E-2 general residence district, no building shall have a depth of front yard of less than twenty-five (25) feet along each street upon which the lot on which such building is located fronts.
 (b) Notwithstanding anything hereinabove to the contrary, no building shall be located nearer than one hundred (100) feet to the right-of-way line of any state highway as such line exists or as it may appear on the official map of the Town of Oyster Bay on the date of application for a building permit.

Section 406 - Side Yards
 (a) In an E-2 general residence district, there shall be two side yards, as follows:
 (1) One (1) on each side of the lot in the case of garden apartments; and
 (2) One (1) on each side of every separate structure containing town houses.
 (b) The width of each such side yard shall be not less than twenty-five (25) feet. However, any other provision notwithstanding, no building shall be located nearer than one hundred (100) feet to the boundary of any one-family residence district.

Section 407 - Rear Yard
 In an E-2 general residence district, there shall be a rear yard having a minimum depth of thirty (30) feet. However, any other provision notwithstanding, no building shall be located nearer than one hundred (100) feet to the boundary of any one-family residence district.

Section 408 - Coverage
 (a) In an E-2 general residence district, in the case of garden apartment, the sum of all areas covered by all principal and accessory buildings shall not exceed twenty (20) percent of the lot. For purposes of this requirement, the area of the lot shall be deemed to be that portion of the entire tract exclusive of the open space set aside in accordance with the requirements set forth in Section 409 hereinafter.
 (b) In the case of town houses, each town house, together with all accessory buildings, if any, shall cover not more than forty-five (45) percent of the area of the individual lot on which it is located.

Section 409 - Open Space
 (a) In an E-2 general residence district, when developed with town houses or garden apartments, twenty-five (25) percent of the entire tract shall be reserved as common open space for use by all residents of the development, or, at the option of the applicant, and subject to acceptance thereof by the Town Board, may be dedicated in whole or in part to the Town of Oyster Bay or the park district having jurisdiction. Such open space exclusive of any off-street parking areas and access driveways or any other paved areas except as may be approved by the planning advisory board for the children's recreation and play facilities required in Section 410 hereof shall have no dimension of less than fifty (50) feet and the location thereof shall be subject to approval by the planning advisory board.
 (b) Approval by the town board shall be contingent upon the submission by the applicant of covenants which the Town Board shall find adequate to assure that the private common open space shall not be built upon throughout the life of any building in the subdivision of which it is a part, that continued ownership and maintenance shall be properly provided for, that taxes shall continue to be paid upon the open space, that the Town of Oyster Bay shall have the right to take appropriate action to assure compliance with the covenants to maintain such open space and shall be reimbursed by way of assessment or tax levy for all costs incurred by the Town in maintaining such open space, that the Town shall have the right to enter said open space to make inspections for compliance, and that the association or other entity holding title to the open space shall maintain liability insurance and shall execute agreements indemnifying and

holding harmless the Town of Oyster Bay for all claims arising out of or in any way related to the use or maintenance of the open space area. The covenants shall also contain such provisions for forfeiture of the title to the Town of Oyster Bay by way of reverter or re-entry as may be approved by the Town Attorney.

Section 410 - Children's Play Space
 In an E-2 general residence district there shall be provided a suitably improved children's recreation and play facility with an area of not less than one hundred fifty (150) square feet for each dwelling unit in the development. The play facility may be located within the open space required to be set aside in Section 409 hereof.

Section 410.10 - Distance Between Buildings
 In an E-2 residence district, the distance between any two main detached buildings shall equal at least the average height of such buildings at the points where such buildings are nearest to one another. The distance between any main building and any accessory building, or between two (2) detached accessory buildings, on the same lot, shall be not less than twenty (20) feet. However, any other provision notwithstanding, a minimum distance of sixty (60) feet shall be maintained between the center of any legal window, other than a legal bathroom or kitchen window, and any wall of the same or of another building on the same lot, the plane of which is parallel to, or which intersects the plane of the wall in which the said window is located at an angle of less than ninety (90) degrees, such distance being measured in horizontal projection at the sill level of the said window.

Section 410.20 - Permitted Encroachments
 In an E-2 general residence district, the following encroachments upon required yard areas are permitted:
 (a) Cornices, eaves, gutters, chimneys or bay windows projecting not more than twenty-four (24) inches.
 (b) One (1) story open porches and terraces not exceeding three (3) feet in height, projecting not more than six (6) feet into a front or rear yard.
 (c) One (1) story enclosed vestibule not greater than six (6) feet wide and five (5) feet projecting only into a front yard.

(d) In any case where the board of appeals, by variance, has permitted the reduction of a required yard, none of the foregoing encroachments shall be permitted into such diminished yard.

Section 410.30 - Minimum Habitable Area
 In an E-2 general residence district, the habitable area of any apartment shall not be less than the following:

Number of Habitable Rooms in Apartments	Habitable Area Required Per Apartment (in square feet)
1	300
2	500
3	750
4 or more	950 plus 200 square feet for each habitable room in excess of four (4)

Section 410.40 - Accessory Buildings
 In an E-2 general residence district, accessory buildings may occupy not more than thirty (30) percent of the required rear yard and shall not exceed eighteen (18) feet in height; provided, however, that:

- (a) The yard area occupied by such accessory buildings shall be included in computing the percentage of lot covered by buildings;
- (b) Any accessory building shall be located on the same lot with the principal building;
- (c) No accessory building shall be constructed until the construction of the main buildings has been actually commenced;
- (d) No accessory building shall be used unless the main building has been completed and is in use;
- (e) No accessory building shall be built within five (5) feet of any side or rear lot line or nearer than the principal building to any street line; and
- (f) Any accessory building shall conform architecturally to the principal building.

Section 410.50 - Fences, Hedges and Shrubbery
 (a) In an E-2 general residence district, a fence not exceeding six (6) feet in height may be erected on the rear lot line and portions of the side lot line; provided, however, that such fence along the rear lot line and side lot lines shall not extend toward the street a greater distance than the rear building line of any residences located on the lot or lots adjacent to such line or lines on which the fence is erected.
 (b) Fences not exceeding four (4) feet in height may be erected without limitation of any kind; provided that if such fence shall be erected along any street, the permitted height thereof shall be measured from the existing elevation of the center line of such street, and provided, further, that within a radius of thirty (30) feet of the corner formed by any intersecting streets the height of any fences, hedges, or other densely growing shrubbery measured from the existing elevation of the center line of the abutting street, shall not exceed a height of two and one-half (2 1/2) feet at any point.

Section 410.60 - Off-Street Parking
 (a) In an E-2 general residence district, off-street parking spaces shall be provided as follows:
 (1) For town houses: not less than one and one-half (1 1/2) spaces for each dwelling unit, of which at least one (1) shall be located on the same property as the dwelling unit with the balance provided in a shared parking area within a reasonable distance, subject to approval by the planning advisory board.
 (2) For garden apartments: not less than the number required in the following table:

Number of Habitable Rooms in Apartment	Number of Off-Street Parking Spaces Required For Each Apartment
1	1
2	1.25
3	1.50
4 or more	1.75

Notwithstanding anything hereinabove to the contrary, in the case of apartments intended for occupancy exclusively by the elderly, the required number of off-street parking spaces shall be not less than three (3) for each four (4) apartments on the lot.
 (b) Detached single car garages shall not be permitted. Where garages for several cars are provided, they may be substituted for such off-street parking areas and shall conform or

(Continued on Page 15)

Operation V.F.W.

William M. Gouse,
 Jr. Post No. 3211
 By Lou Palladino

What do you know, the boys from HAD challenged our post to a game of softball. And like good red blooded Americans we were naturally accepted. We may not be so young and our pots have grown a bit and the blood is running a little thin, but we accepted anyhow. Maybe we can get some of our young tigers out, we could really make it resting. The date set for the tussle is for Saturday, September 2 at 1:00 P.M. It seems that the boys in HAD have a lot of respect for our post, and we hope rightly so. Up to this time, we have never refused any request they submitted to us. So how in the name of sportsmanship could they deny this challenge. Maybe we can get lucky and pin their ears back. Of all the people to ask, they threw it up to Joe Normandy. Now here's a guy that just hates to back down on anything. Can you imagine how many stiff muscles will be aching in the post the day after?

More good news for our post. Harry Wirth was elected to the office of chaplain in county council. As you may know the late Frank Aug had the job until he passed away. And now Harry was elected and on the first ballot no less. Understand this is a pretty good trick if you can pull it off. Our Cmdr. Jim Sotille made the nominating speech and along with Joe Normandy did a little promoting. So again we have somebody going through the chairs in county, and who knows, maybe in a few years we'll realize a Cmdr. from our post.

A little late for talking about picnics, but from the reports it was a great success. Had to miss this one, being out of town. It's bad enough missing the picnic, but even worse when the tickets are paid for and you don't go. Carl Prolist did a fine job, and had a committee that worked very hard. Poor Carl really was busier than a one arm paper hanger. Working his job, trying to study for final exams, and still trying to act like daddy. Of course his wife had to do some pitching in too. We certainly can use young tigers like Carl in our post. Helps to take some of the load off old bags like me.

Tom McCabe is in Mercy Hospital recovering from an operation, and doing nicely. If you can't get to see Tom, maybe you can send him a card. Everybody likes to get well cards, especially in a hospital. Lucky winner for this week's raffle was Chuck Massone. Next meeting will be September 11th, hope to see you then.

Rheumatic fever is one of the most frequent cause of heart disease in children.

It is important that mothers take children in for a medical checkup before school starts. Nassau Heart Association declares, and to get them to a physician if any danger signals develop once school is underway.

Among rheumatic fever's danger signals that teachers should look for are fever, fatigue, sore throat, unexplained nosebleeds, and pain in limbs and joints.

WAABI News

After a two month recess for summer vacations and the national WAABI convention held at Troy, Michigan, the Nassau Chapter of the Women's Association of Allied Beverage Industries is back at work. The first meeting will be held on Sept. 6, 1972 at 7:30 P.M. at the Wagon Wheels, 111 Hudson Ave., Wilton Park.

Midshipman William A. Bennett Jr., son of Mr. and Mrs. William A. Bennett Sr., of 11 Fairview Court, HICKSVILLE, completed one week of summer aviation indoctrination for Naval Academy midshipmen at the Naval Aviation Schools Command, Pensacola.

The indoctrination was designed to familiarize midshipmen with Naval Aviation training and opportunities.

NY #38ZCV

FULL SAIL CAMPAIGN: Angelo Roncallo, Republican Candidate for Congress in the 3rd Congressional District, admires the handiwork and help of two of his supporters who are taking to the seas to deliver their message. The sail was designed and con-

structed by Phil Zweig of Syosset and Carl Delano of Huntington who said they will be displaying their support for Roncallo every weekend as they sail along the north shore of the Congressional District.

Income Tax Benefits

This year, for the first time, contributors to political campaigns may obtain income tax benefits in the form of either a credit against taxes owed or a deduction from taxable income. Would an eligible taxpayer be wiser to take the credit or the deduction?

It depends upon the amount contributed, whether the taxpayer is filing an individual or joint return, and most of all, his tax rate, according to the New York State Society of Certified Public Accountants.

Persons in higher brackets gain greater benefits by taking the deduction, say the CPAs. For example, a person in the 60 percent tax bracket filing a joint return who treats a \$100 contribution as a deduction reduces his taxes by \$60, whereas if he takes the credit his saving is only \$25.

The credit is allowed for one half of the amount contributed, up to a maximum of \$12.50 (\$25 on a joint return), a New York State Society CPA spokesman explains, while a deduction can be taken for the full amount contributed, up to \$50 (\$100 on a joint return).

Who should take the credit instead of the deduction? Generally, say the CPAs, persons with a tax rate under 25 percent, which includes most people whose taxable income on a joint return is less than \$16,000. If in doubt, the CPAs suggest that tax results be computed both ways to see which brings the greater benefit. If the taxpayer takes the standard deduction, he cannot claim the political contribution as a deduction, but he can take it as a credit.

The accounting Society warns that not all political contributions are eligible for the tax credit or deduction. The contribution must be to a national political party, or

"Dripping From A Poets Pen"

Awake...Arise America
Unfurl our banners high,
Make Law and God and Country
Be this our battle cry.

Strike with the Sword of Justice
Make right where evil stands,
God gave us strength and loyalty
In this our hallowed land.

Weed out the crimes of mankind
That plague our streets today,
Give back the youths their
laughter

And their dreams of yesterday.
Let the Stars and Stripes forever
Be a symbol of pride and good,
Let it always be a Sentinel
Over ground where great men
stood.

To the ones who speak rebellion
Let them look beyond our
shore,
To the nations that have fallen
All this and nothing more.

If we lose what we have
treasured
All the battles we have fought,
If we give unto minorities
All our laws have gone for
naught.

Arise...Awake America
Falter not upon your way,
May God give back the land I
knew
And the dreams of yesterday.
Jimmy Cooley

to an announced candidate for national, state or local office (or to an organization set up to help elect him). In the case of contributions to a candidate rather than a party, the money must be for use in the campaign. Contributions to political action groups having functions other

than electing candidates are not eligible. The CPAs recommend that receipts, cancelled checks and other evidence of political contributions be retained, since the Internal Revenue Service requires that the taxpayer must be able to document such gifts.

Get Acquainted
(Continued from Page 2)

Valente and Clara Melluso Music by Jim Marchese of the Tony Forlano Orchestras gave the dancers a chance to test their twinking toes. Everyone, it seemed, danced the "Hokey Pokey" and "Alley Cat".

Between dancing and eating prizes were given out. An early prize winner was Bro. Lou Insalaco. Bro. Lou was seated with Doctor Charles Artale and Mike Molinari. Dr. Artale is Chairman of the Bingo games slated to start Sept. 20th at the Lodge. Bro. Mike is Historian of the Galeto Lodge. The grand prize, basket of cheer went to Bro. Jeff Wallack. The highlights of the evening were Barbara Nitti, troupe Ladies Aux. Columbus Lodge who sang to a hushed audience. Tom Burriocello, Grand Deputy Ven.

S.O.I. sang "Male Fammio" and received with humble pride a great ovation. Danny Lambert, guest of Bro. Ausiello sang "Danny Boy" and then thrilled the crowd singing the ever popular "Wey Marie". And so it went on dancing singing eating prizes - gay moments and happy faces. The Galeto Lodge also proved to be a place to enjoy an anniversary. Mr. & Mrs. Gary Caravana and Mr. & Mrs. Dorn both celebrated their anniversaries.

As the closing moment approached, friends and members sang "God Bless America", Italian, Irishmen, Jew, Pollack, Slav, all Americans joined together in this deeply moving tribute to our great nation. The American flag on center stage ever so gently moved in the air conditioned hall giving its approval to this happy "re-acquainted" occasion.

William Gabarov

The board of education approved purchase of classroom furniture. Mr. Bruno was the only member voting against the motion (Mr. Bello was not at the meeting). This item had been on a previous agenda and was questioned, along with other equipment, because it is to be used in an individualized instruction class at Old Country Road School. Monies for purchase are to come from the remaining \$13,000 of the \$200,000 bond issue, approved by Hicksville voters in 1970. Dr. Niosi said the furniture is needed and can be used in both individualized instruction and conventional classrooms. Mr. Bruno said he wanted to see the old furniture and he also requested that a balance of the bond issue funds be listed each time the district uses the monies to purchase equipment.

Following a half-hour executive session, during which Mr. Bruno had to unexpectedly leave the meeting, the board unanimously approved requests for leaves of absence without pay, clerical substitutes, part-time cleaners, clerical personnel for adult education registration, cafeteria appointments, and monies for extra-duty compensation for 1972-73.

The board also approved raises in salary for the superintendent, assistant superintendents and administrative assistant.

In answer to a request from the Hicksville Council of PTAs the

Meeting opened by President Bob who looked terrific modeling his new red suit. Murray led us in song and pledge. Grace by Al Heuer.

The club is sorry to hear Marion Masek is in the hospital for surgery. We trust she will be back with Charlie soon.

Guests - Eugene Miluk of Russ Coniglio.
Make-ups: Charlie Masek 8:16 and 8:22 at Bethpage.

Fred Sutter reported that our "round robin" that was com-

pleted, was not completed on Thursday at North Shore. We have Roslyn left for Wednesday, August 30, 7:00 P.M., at the Washington Manor.

Welcome back Bob Whearty, Charlie Masek, Charlie Montana and Dick Warburton. When asked how he felt, Dick's reply was "I can't kick".

Walt Dunbar reported on the "clean-up" campaign. He now has the Hicksville mail men involved for places in Hicksville that deserve special recognition for our Hicksville Kiwanis Salutes' column in the Mid Island Herald.

Our annual "Kids Day" Saturday, October 7, 9:00 A.M. Catiague Park.

Charlie Montana reports the tickets for Charter Night, Saturday, October 21, will be in the mail this week.

President Bob, Vice President Dick and secretary Frank are leaving 8:24 for New York State convention at Rochester. I recommend everybody make next week's meeting as this delegation should bring back three different reports of the same convention.

Luncheon drawing won by "Stache" Schlesinger.

In absence of program, today's meeting closed at 1:30 P.M.

"Republican National Convention"

If there was ever any doubt about the President's enthusiasm for youth or youth's enthusiasm for the President, it was dispelled here this week.

The more than 3,200 Young Voters for the President attending the Republican National Convention cheered the President at every opportunity, and he responded by beginning his re-election campaign at one of their rallies a few minutes after his nomination by the GOP Convention.

The President's appearance before the Young Voters was the high point of their five-day stay in Miami Beach. But the week was not without other excitement. Top Administration and GOP officials, show business personalities and sport stars appeared before and spoke personally with the YVPs.

Vice President Spiro Agnew, Secretary of Transportation John Volpe, House Minority Leader Gerald Ford (R-Mich.), U.S. Sen. Bill Brock (R-Tenn.), Sammy Davis, Jr., Miami Dolphin's offensive tackle Norm Evans and members of the First Family were among those who were on hand throughout the five days.

The President and others who spoke continually emphasized the important role youth voters will play in the 1972 election.

After their Miami Beach Convention the Young Voters for the President left for home to begin organizing and conducting YVP campaigns in their own States.

Christian Science

The subject of the Bible Lesson-Sermon to be read on Sunday in Churches of Christ, Scientist will be MAN The Golden Text of the Lesson is from Micah: "He hath sheaved these Omani, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?"

On Sunday, September 3rd at 9 PM on T.V. Channel 5 there will be a Christian Service program entitled "Finding True Freedom - Social Moral and Physical."

Services begin at 11:00 AM at First Church of Christ, Scientist, Levittown, 80 North Bellmore Road, and the public is always welcome.

Aerospace Workers Need Special Help

Stuart R. Levine, Republican candidate for the State Assembly in the 10th A.D. recently called on the State Labor Department to establish a special task force on Long Island to help unemployed aerospace workers find employment.

"It's essential that workers being laid off by the Grumman Aerospace Corp. and other defense-oriented firms find other employment in this area," Levine stated. "Otherwise, this skilled work force is going to

leave Nassau and Suffolk." Levine noted that Grumman, which recently laid off 300 workers because its lost out in its bid for the space shuttle contract, stands to receive a substantial portion of the subcontract work on the project.

"It may be a year before that work materializes," he said. "If the skilled workers are forced to leave in the meantime to support their families, then we'll find ourselves in the position of having work but no one to do it."

LEGAL NOTICE

LEGAL NOTICE

(Continued from Page 12)

chitecturally to the principal buildings. All parking areas for garden apartments and, if grouped, for town houses shall be paved in conformity with the requirements of this ordinance.

(c) All parking spaces (whether open or enclosed) shall be restricted to the parking of private passenger cars. All paved areas used as service areas shall be located not nearer than fifty (50) feet to the right-of-way of any state highway and thirty (30) feet to any other street or lot line. Driveways providing access to parking spaces serving garden apartments shall be not less than eighteen (18) feet wide and not more than twenty-four (24) feet wide, and shall cross the front yard as nearly perpendicular to the street line as possible.

(d) No parking shall be permitted in any required front yard except for any area along any state highway which is located farther than fifty (50) feet away therefrom.

(e) Wherever a parking lot for garden apartments abuts on any street, the entire street frontage, except at points of ingress and egress, shall be screened with a thick hedge, fence, or wall of a material and design acceptable to the planning advisory board. Such hedge, fence, or wall shall have a height above grade of not less than thirty (30) inches nor more than forty-two (42) inches.

(f) All parking lots shall be lighted after dark throughout the hours when they are accessible to the public. Such lighting shall not exceed an intensity of five (5) foot-candles nor shall it be less than one-and-one-half (1.5) foot-candles at pavement level. The installation of such lighting shall be so hooded or shielded as to reflect the light away from abutting or neighboring streets and properties.

Section 410.70 - Landscaping

In an E-2 general residence district, the entire lot of any garden apartment, except for areas covered by buildings or parking or service areas, shall be suitably landscaped and properly maintained. Wherever any lot abuts the boundary of a one-family residence district there shall be provided a densely planted evergreen screen with an initial height of five (5) feet.

Section 410.80 - Refuse Containers

In an E-2 general residence district, all outside storage containers for the collection of solid waste shall be enclosed on not less than three sides by roofed permanent structures. The location of such containers shall be subject to approval by the planning advisory board.

Section 410.90 - Sewage Disposal Systems

In an E-2 general residence district every application for site plan approval shall be accompanied by a prior approval of the town engineer of any proposed sewage disposal system.

Amend "Article VI. Commercial Districts" by adding thereto a new division as follows:

Division 5. "O-1" Office Building District.

Section 560 - Permitted Uses

In an O-1 office building district, no building or premises shall be used and no building shall hereafter be erected, altered or added to, unless otherwise provided in this ordinance, except for one (1) or more of the following uses, subject to site plan approval by the town board following review by the planning advisory board:

(a) Office buildings for business and professional use, including administrative, scientific, research and development, training, statistical, financial, and similar purposes in connection with such use;

(b) Indoor and outdoor recreational facilities provided that such uses are incidental to one of the principal uses in part (a) of this Section and provided that all such accessory buildings and incidental uses shall be planned as an integral part of the office building development; and provided that all such facilities are located a minimum distance of one hundred (100) feet from any residence street or lot line and two hundred (200) feet from any residence district boundary or any street where land on the other side is a residence district;

(c) In-service training schools for employees provided that such use is incidental to one of the principal uses in part (a) of this Section;

(d) Private garages for the storage only of vehicles owned by the proprietor of the principal use and employees thereof and visitors thereto;

(e) On lots having thereon three (3) or more principal buildings, a central heating and power plant accessory to the principal use and serving all structures on the premises, provided that the chimney thereof shall be of such height and design as may be certified by a qualified engineer as being in accord with accepted engineering practices and approved by the planning advisory board;

(f) Maintenance and utility shops and storage facilities incidental to the principal use;

(g) Assembly halls for meetings incidental to the business of the principal use;

(h) Restaurant or cafeteria for supplying meals only to employees and guests of the principal use, and newsstand, post office, branch banking facilities, and similar conveniences serving primarily employees and guests of the principal use; provided that there shall be no external evidence of such use;

(i) The following signs, subject to the following requirements: 1. An identification sign, not exceeding twelve (12) square feet in area. If free-standing, no sign shall extend more than eight (8) feet above grade;

(2). Necessary direction signs, none of which shall exceed five (5) square feet in area;

LEGAL NOTICE

LEGAL NOTICE

3. Illumination of signs from any intended light source, other than opalescent material lighted from within, shall be at or below the bottom of the sign; shall be steady; and shall not be directed at the sign so that the reflection of glare from the sign may be detected from any point beyond the property line.

4. Signs constructed of opalescent material lighted from within may not use a light source of over forty (40) watts.

Section 561 - Enclosed Buildings and Outdoor Storage

(a) All permitted uses and accessory equipment, materials, or activities shall be confined within completely enclosed buildings with the exception of off-street parking spaces, off-street loading berths, and employee recreational facilities.

(b) Fuel storage tanks utilized as part of the heating equipment shall be located underground or within a building. The storage of gasoline, or chemical or petroleum products, shall not be permitted except for the servicing of company vehicles, and shall be located underground unless such storage is prohibited by law, in which case such tanks shall be adequately screened.

Section 562 - Landscaping

(a) In an O-1 office building district, the entire lot, except for areas covered by buildings or surfaced as parking, recreation, or service areas, shall be suitably landscaped. All landscaping shall be properly maintained throughout the life of any use on said lot. Existing retaining walls, trees, or landscaping located within twenty (20) feet of any street line or lot line shall not be removed except upon written approval by the planning advisory board; nor shall the existing grade within that space be disturbed without such approval.

(b) Where any lot line of the subject lot coincides with a lot line of a lot in residential use there shall be planted and maintained along such lot line trees, shrubs, and/or fencing of such types and spacing as shall be required by the planning advisory board to adequately screen all operations on the lot from the view of such adjoining property. Such screening shall not be less than eight (8) feet in height.

Section 563 - Intensity of Development

In an O-1 office building district the floor area ratio of any building or group of buildings on any lot shall not exceed 0.25.

Section 564 - Height

In an O-1 office building hereafter erected or altered shall exceed a height of forty (40) feet or three (3) stories, whichever is less. Elevator or stair bulkheads, air conditioning equipment, water towers, and similar installations may exceed the maximum height by not more than fifteen (15) feet, provided that: (1) the aggregate area covered by such installations shall not exceed twenty (20) percent of the area of the roof of the building of which they are a part; (2) such installations shall set back not less than twenty (20) feet from the outside face of any exterior building wall; and (3) such installations shall be screened by means of architectural treatments acceptable to the planning advisory board.

Section 565 - Lot Area

In an O-1 office building district, no building shall be erected on a lot having an area of less than twenty (20) acres.

Section 566 - Front Yard

In an O-1 office building district, the required minimum front yard depth shall be two hundred (200) feet, except that off-street parking shall be permitted in that portion of a front yard which is located more than one hundred (100) feet distant from any street line.

Section 567 - Side and Rear Yards

In an O-1 office building district, no building hereafter erected or altered shall be located nearer than one hundred (100) feet to any property line other than a street line, except that, where such property line coincides with a residence district boundary, such distance shall be increased to two hundred (200) feet.

Section 568 - Coverage

In an O-1 office building district, all buildings and parking and loading areas, excluding access driveways, shall not cover more than sixty (60) percent of the area of the lot.

Section 569 - Fences

In an O-1 office building district fences shall be prohibited unless required by the planning advisory board for the purpose of screening service activities from view from any street or adjoining property.

Section 570 - Off-Street Parking Area

In an O-1 office building district,

(a) No off-street parking or loading or truck maneuvering area shall be located less than one hundred (100) feet from any street or lot line or the boundary of any residence district;

(b) No truck loading facilities of any type, including platforms, shall be permitted along any wall of any building where such wall faces a highway or street;

(c) Any parking area designed to accommodate more than one hundred fifty (150) automobiles shall be divided into such areas for approximately that number of major fraction thereof by means of flowering trees, shrubbed planting strips, or similar plant material;

(d) Off-street parking shall be provided at a ratio of one (1) space for each two hundred (200) square feet of aggregate gross floor area in all buildings on the lot, exclusive of heating plants, maintenance storage, or other similar service facilities.

Section 571 - Off-Street Loading Requirements

(a) In an O-1 office building district, off-street loading facilities shall be provided as follows:

Aggregate Building Floor Area (in square feet)	Number of Loading Berths Required
8,000 or less	1
8,001 to 25,000	2
25,001 or major fraction thereof to 100,000	3
50,000 or major fraction thereof in excess of 100,000	one (1) additional

(b) Each required loading berth shall be at least twelve (12) feet wide, fifty (5) feet long, and fourteen (14) feet high. No off-street loading berth shall be located in any front yard.

All persons interested shall have an opportunity to be heard upon the said proposed amendments at the time and place aforesaid.

The existing Ordinance is on file in the office of the Town Clerk and may be examined during regular business hours by any or all interested persons.

AN UNMATCHED STORY

ON THE CAMPUS

MINDY C SREBNIK of PLAINVIEW has been named to the Dean's List Alfred University for the second semester of the 1971-72 Academic year. She is currently enrolled as a sophomore in Alfred's college of Liberal Arts and is the daughter of Mr. & Mrs. David Srebnik of Plainview.

Among those persons who have received permanent licenses as nursing home administrators following examinations conducted during the spring were Frederick Annucci, 10 Lenore Avenue, HICKSVILLE, and Gerald J. Fields, 7 Lenmore Drive, OLD BETHPAGE.

Sara Chi - Hui Yang, of 170 Parkway Drive, PLAINVIEW will be a sophomore attending Wheaton College in Norton, Mass. this fall.

Named to the Dean's List at the University of Rochester for scholastic excellence for the

spring semester were Eric J. Carlson, 6 Queen St., Robin L. Jacobson, 1 Edgewood Dr., both from HICKSVILLE.

Named to the Dean's List at the University of Rochester for Scholastic excellence for the spring semester from LEVITOWN was Steven H. Brenner, 105 Neil Court, Faith Cummings, 34 Sandpiper Lane, Alan J. Krieger, 113 Bud Lane, Marc S. Mondshein, 61 Kingfisher Lane, Kenneth L. Sankin, 109 Longfellow Avenue, Stephen M. Teich, 4 Horseshoe Lane, Karen L. Werbin, 42 Sonstable Lane, from PLAINVIEW, Stephen J. Berman, 56 Mitchell Avenue, Scott A. Cardiner, 18 Jeremy Avenue, Richard E. Chodroff, 25 Fresno Drive, Martin D. Cohen, 83 Haypath Rd., Gerald S. Ginsberg, 68 Vivan Place, Thomas J. Gottride, 3 Vivan Place, Thomas J. Jansch, 15 Fordham Drive, Howard JM. Stein, 8 Roxton Rd., Ann G. Tramosch, 52 Sunrise Street and Jeffrey D. Doniger, 28 Mitchell Avenue.

Benefit Art Auction

A special Art Auction is scheduled for Saturday, September 23rd at Human Resources School, Albertson, Long Island.

Sponsored by the Parents and Friends Organization of the School, the auction will raise funds for the school's 20 severely disabled students. The evening begins with a champagne viewing at 8:00 P.M., and the Art Auction will begin at 9:00 P.M., admission is free. Among those whose works will be available are a number of prominent Long Island artists including Mary Vickers, a colorful and popular painter of children's scenes, Richard Smith, an American realist from the Hammer Gallery, and Miriam Ecker.

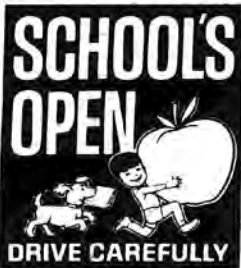

In addition, there will be signed prints from such recognized masters as Picasso and Matisse. None of the works will be sold at higher than standard gallery prices and all contributions will be eligible for tax deductions.

Persons interested in additional information on the Art Auction for disabled children can contact Mrs. Pat Kabram, 42 The Hemlock, Roslyn, New York.

The Parents and Friends Organization runs several such events throughout the school year for Human Resources School. Students attending the school are only those with severely physical disabilities which would prohibit their attending regular public school.

TINA MARIE SMITH, daughter of Thad H. and Christine C. Smith, claims a proud Hicksville heritage. Her daddy, Thad H., a Nassau County Policeman, now attached to the Second Precinct, was born in Hicksville. Her grandfather, Thaddeus J. was also born in Hicksville as was her great-grandfather, Joseph T. Tina also claims the honor of having two great uncles, Leonard and George and one great aunt, Dorothy Geyer, also residents of Hicksville.

Around Our Town

by Linda North Scott
795-1236

Happy Birthday to Marc Bodnar, who will be 10 years old on Sept. 6. Marc, the son of Mr. and Mrs. Perry Bodnar, lives at 47 Kuhl Avenue, HICKSVILLE.

Raymond Wu of 46 Country Drive PLAINVIEW, has qualified as a member of the 1972 Presidents Council of New York Life Insurance Company.

The Presidents Council is composed of New York Life's most successful agents and membership is based on 1971-72 sales records, according to John H. Stimpson, C.I.U., senior vice president in charge of marketing.

Only 525 New York Life agents have qualified for the Presidents Council from a sales force of more than 8,500 agents.

CHANA Plans Social Evening

A social evening is planned by CHANA (The Coalition of Spanish Americans of Nassau). Everyone is invited to join in the fun on September 9th, 9:00 p.m. at The Knights of Columbus, 186 Jericho Turnpike, Mineola, where there will be dancing to the continuous music of two Latin-American orchestras.

This special event will be part

of a fund-raising effort to build the first language and cultural school for Spanish children. For further information, please contact Cecilia Campoverda Murmur at CASA (The Coordinating Agency for Spanish-Speaking Americans) by calling before September 5th (516) 485-9700.

Foundation In Need of Help

The Dr. John W. Tintera Memorial Group of the Hypoglycemia Foundation is in dire need of a place to store literature and a mimeograph machine and where two or three members may work one day a month. If a place is not found we will have to disband after many years of serving the public. We are a group of volunteer workers all of whom have hypoglycemia-low blood sugar and are

dedicated to helping others likewise afflicted. A basement, office space or any area will be greatly appreciated in Hicksville or Levittown. We are a non-profit organization and all funds received are used to reprint literature and cover the postage cost to send this literature out free to the public. If you can help, please address mail to, Elaine Arnstein, Pres. Sec., 149 Spindle Road, Hicksville, N.Y. 11801

It's Great to be Young in Oyster Bay!

Make your local Youth Council your center of activity for recreation and participate in the many volunteer programs it sponsors.

Information on the daily activities of all the Youth Councils in Oyster Bay Town is available any hour of the day or night
