## Fair Was Successful

The Old Time Country Fair held at the Hicksville Public Library September 27 - 30 was truly a wonderful event for the people who participated. The items displayed were entered by our neighbors who worked many long hours to produce these objects of art and beauty. Blue ribbons were awarded to first prize winners, red ribbons to second and green ribbons were given to honorable mention. The Sterling Book Company also gave a book in three divisions of

original crafts, with a grand prize to the "best in show". These awards were won by: Mrs. Kostoln for sculpture; Mrs. Edith Jarvis for paper craft; Collette Bonnett for sewing, and the "Best in Show" was awarded to Mr. Nicholas M. Hansen for woodworking.

The judges were all professional in their fields, many from Nassau County Departments of Co-operative Extension

# What Happened At The School Board Meeting

BY SHIRLEY SMITH

Contracts for teachers, custodians, clerks, cafeteria personnel and non-instructional supervisors were signed at last Friday's Hicksville Board of Education meeting. Salaries and benefits for these employees account for half of the annual school budget.

The board voted unanimously to join the New York State, Nassau-Suffolk and National School Boards Associations. There was some discussion about giving blanket approval for school board members to attend conferences, at district expense, during the school year. This would do away with securing approval before each specific meeting. School board attorney, Harry Goebel, said he had prepared a policy which would meet state requirements of obtaining approval prior to conference attendance. The board did not take action, but will consider it under policy matters.

Neil McCormack said the board had received memos regarding additional jobs given to employees, which the board had not first approved. He objected to this and said he expects administration to discuss ideas with the school board before carrying them out. Mr. McCormack also brought out that the board had not approved establishment of the Curriculum Materials Center on Newbridge Road nor the Homecoming Parade. He objected to principals being taken out of the schools for meetings and suggested principals meetings be held after 3 P.M.

Board president, Thomas Clark, requested that taxpayers

not call board members at work.

In answer to several letters objecting to Friday night meetings, Mr. Clark said the board was still considering the matter. Mr. McCormack moved that meetings be changed to the second and last Thursdays of the month. Mr. Clark asked for a compromise—one Thursday meeting and one Friday, but Mr. McCormack would not change his motion. The change to Thursdays was defeated, 4-2—voting yes: McCormack and Pirrung; voting no: Zindulka, Pappas, Bello, Clark (Mr. Bruno was not at the meeting.) Meetings will still be held on Friday nights.

The board defeated a motion allowing Charles Fetta and several other Hicksville residents (who are all New York City police officers) to examine employees' cancelled checks and Jr. and Sr. High students' papers for handwriting which might match that of a threatening letter sent of a trustee, William Bruno. Trustees Zindulka, McCormack and Pappas voted against the motion; trustees Bello, Pappas and Clark voted for it. Those board members opposed felt the police and District Attorney's office should request such volunteer help if they need it. After a request, the school board could consider granting approval, Superintendent Jerome Niosi agreed with this opinion. He said he would discuss Mr. Fetta's proposal with the District Attorney and report back to the board of education. Registration records and copies of petitions are a matter of public record and the board therefore directed administration to cooperate with

Mr. Fetta and his fellow officers in examining these documents.

The board approved various bills for routine expenses of the district and awarded bids for needed supplies and equipment. An authorization to purchase seventeen manual typewriters for business education classes at the High School was denied. Frank Zindulka moved that electric typewriters be purchased instead and the additional money (\$300 was allotted for the manual models) be taken from the equipment bond issue. This was defeated, due to a lack of four positive votes—voting yes: Zindulka, McCormack, Pirrung; voting no: Bello, Pappas, abstaining: Clark.

The school board approved various personnel replacements, transfers, leaves of absence, extra-duty compensation and substitute employment. However, a request for a part-time audio-visual aide was tabled.

The board voted unanimously to waive fees for the use of buildings and grounds for all PTA activities this school year. Also approved was the request to celebrate United States Week from October 19 to October 26. The board approved payment of services in the cleaning and modernization of the High School Print Shop.

Mr. Clark said he wants to establish a health and safety committee to keep a check on schools and buses and report on any potentially hazardous conditions. Those interested in volunteering should contact him.

The next school board meeting is scheduled for Friday, Oct. 13.

## Report from Hicksville Chamber of Commerce

The Hicksville Chamber of Commerce is an organization of business people and citizens dedicated to the continued development and improvement of the entire community. The proposals and accomplishments of this group of business, professional and retired citizens have covered major economic, safety and aesthetic concerns. For several years the Chamber has been discussing and analyzing the complex question of what should be done about the downtown area, particularly the West side of Broadway which fell victim to the widening of this state highway some time ago. Surely how to replace about one-third of the entire downtown area of a community must be one of the most difficult and complicated problems to face any civic organization. The entire West side is now a series of unattractive vacant lots, unproductive to business and the general taxpayer alike. A number of suggestions have been made, plans have been proposed and even architectural models have been drawn up for the area, so far for naught. The Chamber of Commerce generally speaking is not in total agreement with the recent zoning changes put into effect by the Town of Oyster Bay.

The thinking is that the area should include much more than office buildings - specifically apartments for upper and middle income people, senior citizens' dwellings and multi-use buildings to help alleviate the parking pressures. Some members believe that a good portion of the downtown area should be used for relocation of the Town Hall and offices possibly within a park. These are some of the suggestions made by the Chamber officially by individual members. The Chamber has been actively seeking expressions of public opinion for comments on rehabilitation of this most vital area.

The Hicksville Chamber of Commerce has also been active in other areas of concern. We have been assured that the long sought after new street lights on Broadway will be installed soon. The Eye-sore Elimination Committee has been active in a campaign to remove or renovate unsightly dwellings, clean up vacant lots and generally improve the often cluttered appearance of the Long Island Railroad, Duffy Avenue, Newbridge Road area. As a result so far, the appearance of the Broadway entrance to the Mid-Island Plaza

has been improved and a very decrepit abandoned house on Newbridge Road near Nelson Avenue has been demolished. The Chamber has also been active in the campaign to landscape the Kennedy Memorial area, a project now under way. A traffic and safety committee has been formed and will soon make some recommendations concerning traffic and street crossings. The widening of Broadway, New Bridge Road and Old Country Road have created several very dangerous crossings for pedestrians.

These are a few of the concerns and objectives of the Hicksville Chamber of Commerce. We are most anxious to receive expressions of opinion from the citizenry concerning the state of downtown Hicksville, street crossings, cluttered or dangerous vacant lots, or any particular situation that they feel needs attention. Models of a future downtown Hicksville, prepared by the students of the New York Institute of Technology, have been on display at the banks and the public library during the summer and have occasioned many interesting comments. The Chamber of Commerce will analyze the comments and make a report at a later date.

## Library To Honor Volunteers

"Those teenagers were responsible, helpful, cheerful and anxious to work hard and they didn't get a dime for their efforts". You don't hear remarks like that very often these days, but that's how Plainview-Old Bethpage Library Director, Stanley Eddison described the 38 young volunteers who worked with the Library's Summer Children's Programs.

In the summer of 71 the Children's Department experimented with a handful of volunteers in their summer reading clubs. These girls worked so well that the library decided to have a really ambitious program for the summer of 72 using many volunteers. It planned, in addition to the usual two reading clubs, a Friday game program, two bus trips, and a series of special events including a puppet show, a movie every week and 2 plays. All these activities needed many people to work with and supervise the children. The library asked the Red Cross and Plainview Youth Council for volunteers and they came through handsomely. Many more teens from the community just walked in and asked if they could help out during the summer and shortly 38 young people were signed up.

The volunteers listened to the book reports prepared by the reading club members, they taught and played chess, scrabble and checkers with the children in the game program and they supervised the crowds that turned out for the special events.

When a library prepares a full program for children, it never knows how many kids will show up until the program actually starts. Unfortunately there is always the danger that the library will be overwhelmed. This almost happened the second week of the game program when 75 youngsters showed up instead of the 40 who came the first week. However a hurried call was put through to three 14 year olds, Carol Ciosek, Doreen Heller and Susan Marin who immediately rushed down to the library, and the game program proceeded in an orderly manner.

The evening reading clubs usually drew 80 people but one night 120 kids decided to show up. Again, another hurried call was put through and Dale Orenstein, Laura Parrotta, Carol Ciosek, Susan Marin, Jody Marin and Doreen Heller hastened to the rescue.

Perhaps the biggest test for the library staff and volunteers came with the outdoor puppet show. The library is used to giving indoor programs which draw a maximum of 140 young children who are admitted by ticket only and it has mastered this bit of crowd control. No tickets were required for the puppet show which was to be held outdoors on the library's spacious lawn. Much to everyone's surprise over 300 children of all ages and 150 parents showed up for the event. Plainview-Old Bethpage

Children's Librarians Selma Ness and Janet Hoffman were sorely tried but everything turned out beautifully with the help of volunteers Elizabeth Ackerman, Dena Keppler, Lynne Prehal, Bambi Moe and Karen Gold.

The Library Board of Trustees, grateful for all they did, will thank the 38 volunteers at a reception in their honor Thursday, October 12 at 7:30 P.M. at the library.

The names of the volunteers to be honored are: Elizabeth Ackermann; Joanne Beck; Barbara Bernhardt; Sharon Bienstock; Dara Cardillo; Sara Chenetz; Carol Ciosek; Carol Cusano; Jennifer DeLuca; Donna Desideri; Debbi DiMartino; Ruth Ephraim; Elisa Garcia; Barbara Gewirtz; Pam Goerlich; Karen Gold; Doreen Hgler; Judy Hustick; Lori Hstick; Dena Keppler; Judy Marin; Susan Marin; Karen Merkinger; Bambi Moe; Micki Nevelt; Dale Orenstein; Laura Parrotta; Guy Pidkameny; Lynne Prehal; Barbara Sanchez; Kori Sarnier; Marion Shulman; Bonnie Smith; Joan Statattel; Ellen Sekreta; Andrea Glick; Aileen Meshover; Robin Hacke.

## Contract Signing

In continuation of its existing policy of maintaining good labor relationships with all of its employee groups, the Hicksville Board of Education has directed its administrative staff to immediately begin negotiations for the 1973-74 school year.

Hicksville was unique in having all of its major personnel contract economic packages negotiated PRIOR to the adoption of its budget for the new school year, 1972-73. Thus, when the residents of our district were given proposed budget and tax rates to be voted upon at the polls, the Board could confidently predict what the personnel costs would be and could assure voters that there would be no additional tax increases necessary beyond the figures stated in the budget.

Our school district employees are divided into six major negotiating units. These are as follows:

Hicksville Classroom Teachers Association, The Civil Service Clerical Employees group, The Civil Service Custodial and

Maintenance Workers group, and The Civil Service School Lunch Employees group.

In addition to these, there is also a Council of Administrators group and a Council of Non-instructional Supervisory Employees group.

Each of these groups is recognized under the Taylor Law as a separate bargaining unit with its own individual contract terms. Many of the benefits provided and the requirements established are the same for all of the groups involved. However, each must be separately negotiated and agreed upon by the particular group covered in each of the contracts.

The Board of Education has appointed Dr. Fred Hill, Assistant Superintendent, Dr. John Cadden, Assistant Superintendent, and Mr. Erwin Rozran, Administrative Assistant as its negotiating team working under the supervision of Superintendent Niosi. This panel will begin its negotiation efforts in October and it is planned to

have negotiations completed prior to the end of December in order that the Board's initial budget estimates established in December may again include realistic estimates of all personnel service costs for the forthcoming budget year.

Generally, each of the negotiating units has its own negotiating team consisting of from four to seven members and either side has the legal right to bring in consultant or expert witnesses wherever they may be required at any stage of the negotiations process.

The Board of Education instructs the negotiating team of the limits within which it has authority to negotiate and administration attempts to bring together the recommendations submitted by members of the operating groups as experience during the school year dictates. No contract is deemed to be in effect until it is formally ratified by both the Board of Education and the members of Teachers Association.

# It's Your Choice

Among the many new groundrules in this year's election is a tax "loophole" that politicians, especially, will be watching closely. It is a new provision which allows each taxpayer to deduct a portion of contributions made to a political committee or to federal, state, or local election candidates. Here is how it will work:

If you are single, you can deduct political contribution up to \$50 from your taxable income. Or, you may subtract a credit equal to half of your contribution from the tax you pay on 1972 income up to a maximum of \$12.50.

If you file a joint return, you can deduct a political contribution up to \$100 or subtract a credit up to \$25.

Congress also passed a new Federal Election Campaign Act which places comparatively strict limits on the amount of money which may be given by any one contributor and on what candidates may spend. The new law requires publication of the names of the larger contributors.

Campaigns are very expensive. For example, more than \$35 million was spent by the two political parties in 1968 on the presidential election campaign alone and the total is expected to be higher this year. The cost of an informed electorate in a democracy is high, but the election of able public officials who enjoy the independence that only broadly based financial support permits is well worth the price. Give what you can to the candidate or party of your choice; you probably will find more personal satisfaction from making the contribution than from the tax deduction.

## Fire Prevention Week

The nation will soon be observing Fire Prevention Week in an attempt to reduce the terrible toll in lives and property taken each year by fire.

In 1971 alone, fires in the United States killed approximately 12,200 persons and caused well over \$2 billion in damage, according to the Insurance Information Institute. Every 46 seconds, on the average, fire breaks out in a home. Every 43 minutes, fire claims a life.

It is against this background of tragic and unnecessary loss that the nation prepares for the observation of Fire Prevention Week the week of Oct. 8-14.

It is in the home where most fires occur - 70 per cent of the overall total last year - and thus it is in the home where fire prevention should begin.

The single most important element in fire prevention is common sense. For instance, it does not take a fire prevention engineer to realize that such things as faulty electrical wiring and smoking in bed are among the leading causes of fires.

Here are a number of steps that can be taken to help save lives and protect property:

- Develop and rehearse a family escape plan to be used in case of fire in your home. A difference of only a few seconds in the time it takes to leave a burning building can be the difference between life and death.
- Never leave children alone at home without responsible supervision.
- Clear debris from every nook and cranny of your home or business establishment.

### LETTER TO THE EDITOR

Dear Mr. Burke:  
I have been a resident of Hicksville and a Long Island Railroad commuter for over twenty years. During those years, railroad parking was always available to Town of Oyster Bay residents free of for a \$1.00 per year. Local politicians have long realized that the commuters pay exorbitant travel expenses, yet still make a substantial financial contribution to the town. Certainly, we pay all the taxes any other Hicksville resident does!

Recently, I observed that parking meters are being installed in the railroad parking fields. I am writing to strongly protest this action. I am already paying Federal, State, County, and New York City taxes, plus high transportation fees. This added burden would be just about the last straw, and totally unfair. If increased costs in maintaining parking lots had to be met, why didn't you just raise the annual parking sticker fee. This would have cost nothing extra in terms of equipment or personnel. Now we must not only pay daily parking fees, but as taxpayers, pay the cost of buying, installing, maintaining and supervising the parking meters. I'm sure you could have gotten the funds you needed without such a waste of money, and without so overburdening the taxpaying commuter. Further, no advance notification to the commuter was given, even though you have the names and addresses of all those holding parking stickers.

As a registered Republican, I am distressed and disgusted at my own party's lack of foresight and discriminatory action toward commuting Hicksville residents. I can only urge you in the strongest terms to abandon this unfair action.

Yours very truly,  
WILLIAM J. KELLY

Dear Sirs:

We of the Social Action Committee of the Hicksville Jewish Center Sisterhood are appealed at the recent change in the School Board meetings to Friday nights. Attendance at these meetings would cause those of the Jewish faith to violate their Sabbath. We strongly urge that you reconsider this matter so that a very concerned portion of the Hicksville community can attend.

Most Sincerely yours,  
Social Action Committee of the H.J.C. Sisterhood  
Mrs. Leon Teplin, Secretary

## Environmental Quality Bond Act

The \$1.15 billion environmental quality bond act, which already has been endorsed by Nassau County Executive Ralph G. Caso, received the unanimous support of the New York State County Executives Association.

Caso, who is the association's vice president, said that Proposition One on the ballot in November, will "provide much-needed funds to help preserve and enhance New York's environment."

"The county executives of the largest counties in the state recognize that 81 percent of the bond issue will go directly to municipalities," Caso said. "The bond act gives the people the opportunity to get things moving toward purer water, cleaner air and a better environment." He added that passage of the bond issue will entitle New York to federal aid which otherwise would not be available.

The county executives are meeting at the 48th annual fall seminar of the State County Officers' Association, at Kamesha Lake.

### DOUBLING YOUR PLEASURE!

## Parking Meters

Stuart Levine, Republican Assembly candidate in the 10th A.D., and Nassau County Comptroller Angelo Roncallo, Republican candidate for Congress in the 3rd C.D., criticized the installation of parking meters at railroad station parking lots in Oyster Bay Town, indicating that all avenues of financing the operation of the fields have not been explored.

Levine and Roncallo said they will request a meeting with Metropolitan Transportation Authority Chairman William Roman to discuss possible other sources of revenue.

Levine noted that at a time when wages are being held in check and there is a national effort to halt inflation "every avenue has to be explored as an alternative to imposing metered parking."

In order to make up a projected \$140,000 deficit in the operation of railroad parking fields in Beth-

page, Hicksville, Massapequa and Syosset, the town is metering approximately half of parking spaces at the stations. The 25-cent meters would allow parking for 12 hours.

Roncallo stated that he intends to explore the possibility of federal funds being available under a \$800 million federal mass transit bill now before Congress.

"More and more, at the federal, state and local levels of government, officials are recognizing that the future of public transportation lies in mass transit," Roncallo said. "It does not help to drive people from the railroad to their cars and I think meters are a step in that direction."

Levine added that he will ask the MTA to allocate some of the station maintenance money paid by the county to the Long Island Railroad to parking field operations.

## March of Dimes

The Central Nassau Committee of Nassau County chapter of the March of Dimes will hold their next regular meeting on Tuesday, October 20th, at 8:45 p.m. in Levittown Hall, on Levittown Pkwy.

The Committee's first en-

deavor, a garage sale, was a huge success. This success can only be attributed to the involvement and awareness of the Community.

Next on the program will be a Boutique Sale scheduled for Sunday, November 19th, at Levittown Hall.

## Post Office Columbus Day Schedule

Hicksville Postmaster Ralph G. Cascardo announced that the Hicksville Post Office and its stations and branches will follow regular holiday schedules on Monday, October 9, 1972, Columbus Day. No regular window or delivery services will be available on Columbus Day, but Special Delivery services will be provided. The Main Post Office

Lobby will remain open for access to lock boxes and the Self Service Postal Unit.

Collections from street letterboxes will be on holiday schedules and will include pickups from "Air Mail Only" boxes and "Next Day Service". PLEASE NOTE: The Self Service Postal Unit located at the Hicksville Main Office is never closed.

## Film On Garden Approaches

Composting, crop rotation and mulches will be considered along with other topics in a two-hour program on organic gardening, scheduled for presentation free of charge at the Hicksville Public Library on Thursday, October 12, at 1:30 p.m. Titled "Practical

Garden Approach With and Without Chemicals," the program is co-sponsored by the Agricultural Division of Cooperative Extension in Nassau County, the Nassau Library System and the Hicksville Public Library.

## "Carnival in Flanders"

The first film of the 1972-1973 Cinema Series will be presented on Wednesday evening October 18 at 8 p.m. "Carnival in Flanders" is the film selected to begin the season.

"Carnival in Flanders" was made in 1934, and has withstood the years admirably. The film was directed by Jacques Feyder, based on a novel by Charles Spaak. The two leading players, from the French theatre, are Louis Jouvet and Françoise Rosay, who also appeared in French and American films.

The entire 1972-1973 Cinema series at the Hicksville Library is from the Nassau Library System made possible from a grant from the New York State Council on the Arts.

## Awards Night

Deadline for making reservations for the Hicksville American Little League annual dinner awards night will be Monday, October 9. Tickets are \$5.00 a person and we ask you to specify how many adults and how many children will attend. Please send check, payable to Hicksville American Little League, 152 Ohio Street, Hicksville.

The dinner will be held on Tuesday, October 17, 7:30 PM at the Old Country Manor in Hicksville. A roast beef dinner will be served. Guest speaker will be New York Met catcher Duffy Dyer.

## First Meeting

The East Street P.T.A. will hold the first meeting of the 1972-73 school year on October 12th at 8:15 P.M. The program will be an Open House for the kindergartens and grades 1, 2, and 3.

### Operation V.F.W.

William M. Gouse, Jr. Post No. 3211  
By Lou Palladino

You probably already know about the next Assn. meeting to be held October 9th. No doubt it will be held right after our regular meeting. So why not come, and listen to the pros and cons. Maybe you might even have something to add. So you put your bit of fuel on the fire too.

Not too many comm. reports have been coming in, so there isn't too much to talk about. You may know that the completion date for our new building is on or about October 10th. Plans are being made for the dedication of festivities for what to us is a very important event. Time will be needed for invitation to go out and refreshments to be ordered. To do it all proper, and come out smelling like a rose, it had to take a lot of time and planning. Our building comm. had had a long hard pull, and now is not the time to loose it all up. Many things have been said on the meeting floor, for and against the comm. We all have our own ideas, and it may not coincide with the group, but they have put so much time and effort for this building. It took a lot of courage, and determination to see this project through, and they're still at it. You just have to give time a long salvo of salutes before seeing this through. A thankless job, to say the least.

Meetings are held at the second and fourth Monday of each month, so why not come over and join us.

# "Fall Festival"

Four hundred members, friends and guests gathered to dine and be entertained last Saturday, September 30th.

It was the "Fall Festival" Dance sponsored by the Galileo Lodge No. 2253, Sons of Italy and held at the lodge hall on Levittown Parkway, Hicksville.

Dom Valente and Carl Melusso, entertainment chairman and their committee set up the event in superb fashion. Joe Ionotti, house chairman and his committee put on each table, plates of delectables you would never believe. And there was more food than enough to last well into the wee hours of the morning.

Jim Marchese of the Tony Forlano orchestras provided the dancers with a continuous variety of music. Many songs reached back to years gone by as well as the "pop" tunes of today. Barbara Nitti, womens auxiliary, SOI Columbus Lodge, John Franzino, Turin Lodge, SOI, Suffolk and Marge Russell, guest from Hicksville entertained all with their beautiful voices.

Lodge Venerable, Joe Giordano presented the guests of the evening to an appreciative audience.

In order were Marty Ginsberg, Family Court Judge, Ralph Diamond, District Court Judge and Joe Reilly, Assemblyman, each accompanied by their lovely Wives, Joan, Beatrice and Margaret-Mary.

Also in attendance were Assemblyman Stuart Levine and George Murphy and T.O.B. Councilman Warren Doolittle.

Guest speaker of the evening was Senator Ralph Marino. Mr. Marino presented an American flag that had flown over the State Capitol building in Albany. Venerable Joe Giordano accepted the flag for the Lodge.

It was like Senator Marino that on a previous occasion Congressman Norman F. Lent presented to our lodge an American flag that once flew over the U.S. Capitol. And like

**VENERABLE JOE GIORDANO (L)** waits to receive a flag that had once flown over the New York State Capitol Building, from Senator Ralph Marino (5th S.D.).

The occasion took place at the "Fall Festival" given by the Galileo Lodge No. 2253 Sons of Italy last Saturday, Sept. 30th. Photo by Al Pasillo

Senator Marino who is a candidate for Senator (5SD), Congressman Lent also is a candidate for Congress (4CD), whose jurisdiction covers Hicksville.

Interviewed during the festivities were Assemblyman Joe Reilly and Assemblyman George Murphy. Mr. Reilly, for years, our representative in Albany, will be prime sponsor at the next legislative session, of the "Flag Day" bill. This bill to designate June 14th a State Legal Holiday was a resolution that was endorsed and supported by the Hicksville Republican Club. Mr. Jerry Trotta, Republican Leader of Hicksville together with Bill Gaborow (resolution sponsor) had Assemblyman Marty Ginsberg (now Family Court Judge), Joe Reilly and State Senator John Caemmerer carry the resolution as a flag day bill to Albany. Now Joe Reilly is the prime sponsor together with Senator Caem-

merer and they are getting support from other legislators among who is Senator Marino. Other representatives who are interested in preserving the respect for our countries flag, please contact Assemblyman Joe Reilly. Joe did anticipate passage of the bill in the up Coming Legislative session.

Assemblyman George Murphy when interviewed expressed absolute awe at the structure of the Galileo Lodge and the exciting dynamic spirit that prevailed within its halls. He also said it was heart and soul, brother with brother joining in a common bond with God and Country. And the common effort that produced this building is the same that built this great nation. He added that we better hang on to it for dear life and stick together with the republican form of government in pursuit of it.

## "Fire Report"

## Aero-Ground Curriculum At JFK

The Aero-Ground course of federal at Kennedy is based on the belief that every student in this nation's schools:

- 1 should be given the opportunity to become literate in the dominant transportation of our nation and world.
- 2 should be given basic factual knowledge which will help him gain insight into the implications of aviation on the social, political, economic, and technical facets of society.
- 3 should have the opportunity to survey the many vocational and career possibilities for himself in this growing industry.

4 should become aware of aviation's potential to serve him as a user of transportation in his work and recreation.

5 and should recognize his civic responsibilities in supporting and promoting the aviation industry at community, state, and national levels.

This course includes topics for study which go beyond the usual ground school type aviation course, including such topics as history and background of flight, airports, manufacturing of aircraft, and economic importance of aviation. The ground school portions are presented in such a way that those students wishing to do so may take the

## Many Leagues And Teams Utilize Fields

Nassau Recreation and Parks Commissioner Richard A. Fitch announced that a total of 101 leagues, 2,666 teams and approximately 41,500 players utilized Nassau County's baseball and softball fields during the 1972 season.

During less popular hours, the Special Facilities Unit was able to schedule 268 non-league games on non-scheduled fields, Fitch noted.

The statistics were taken from the nine major parks operated by the Recreation and Parks Department.

## St. Ignatius Beats Holy Family

In one of the finest exhibitions of Grammar School football. The St. Ignatius Bumblebees came from a 13-6 deficit a half time to score two touchdowns in the second half. The last coming with 40 seconds to play in the game to beat the Holy Family "B." team 18-13.

The game was filled with exciting moments for both ball clubs. The first coming for St. Ignatius on the second play from scrimmage. The ball was resting on the Bumblebee 40 yd. line following the opening kick-off, and Gerard Siry, the Bumblebee Quarterback, faked a hand-off to his Fullback, then threw a pass to Clint Bergen, at HF's 48 yd. line. Bergen then put a fine move to the inside on the Family Safety

and was home free with the first score of the game. St. Ignatius failed to convert the extra point. The next exciting moment came when the Bumblebees took over the ball on a blocked punt on the H.F. 32 yd line. After one running play, Gerard Siry set up to throw a short pass over the middle, but was hit by a fine charge by the HF right guard. The pass went array, and M. Gossett intercepted and ran the ball to the Bumblebee 11 yd. line. HF then moved the ball to the Bumblebee 1 yd. line which gave them first and goal at the Bumblebee front line proved fruitless. In an attempt to get boys out to "run for fun" St. Ignatius this past Sunday held a half mile and mile run. Boys of the parish are welcome to come to the next run on October 15th at the Junior High School. The time will be 4 p.m.

thru eighth ran the mile. Scott Fitzpatrick won the fifth grade mile. In the sixth grade, Tim Gallant finished first, he was followed by Don Anglin and Mike Collins. Wayne Gluf was a strong winner in the seventh grade. The eighth grade mile produced a fine race between Bob Cochrane and Ray Cesare. Bob Cochrane won followed closely by Ray Cesare with third place going to Jim Sheehan.

The Hicksville International Little League will hold its Annual Awards Dinner at the Old Country Manor on Thursday, October 12, 1972 at 8:00 P.M. Gary Gentry of the New York Mets will join with other local dignitaries to honor all of the boys, managers and coaches who participated in the 1972 Little League program.

At our first run, boys from the third and fourth grades ran the half mile. Greg Bonsignore won the third grade race. In the fourth grade, Jim Gineti was first followed by Doug Cochrane for second and John Anglin was third. Boys in the fifth grade and up

In the runs scheduled for October 15th, the distances will be one quarter mile for boys first thru fourth and half mile for fifth thru eighth graders.

October is "Cerebral Palsy Campaign Month." To join your local CP Auxiliary, call 483-6862 or 489-0791 now!

touchdown. The Bumblebees held on the extra point was 6-6. With one minute left in the first half, HF, on their own 35 yd. line split the Bumblebee defenses and the HF Quarterback threw a strike to his right end for the 65 yd. score. HF converted and the half ended 13-6.

In the second half, St. Ignatius was not to be denied. They took the kick-off and with a series of runs, combined with passes from Siry to J. Johnston and P. Rupp, they moved the ball to the HF 6 yd. line. After a pass being dropped in the end zone and a penalty, the Bumblebees gave the ball up on the 1 yd. line. HF tried to move the ball but St. Ignatius held on the 7 yd. line causing HF to punt. With a tremendous rush by the St. Ignatius front line led by R. Muller and J. Santo, the punt was blocked and recovered for a touchdown by R. Rupp. The St. Ignatius left DE, St. Ignatius again failed to convert the extra point. The game then settled down to a 13-12 give and take ballgame until J. Johnston in-

tercepted a HF pass and ran it to the HF 40 yd line. The Bumblebees then moved the ball to the 2 for a first down but on the third down they were penalized back to the 7, with third and goal to go on the 7, Siry threw a strike to C. Bergen at the one yd. line. From that point, P. Rupp the St. Ignatius running back took a hand off and scored the winning touchdown with 40 seconds to go.

The Bumblebee defense played an exceptionally strong ball game led by R. Muller, J. Hurlley along with J. Haggerty, J. Schubert and J. Santo. The offense which played an inspired game was bolstered by the fine punt and kick-off returns of J. Rupp.

St. Ignatius with this come from behind win, won a very important football game in their quest to win the C.Y.O. "B" Division championship. Next week, the Bumblebees go to St. Raphael's of East Meadow for a Friday night game at St. Raphael's school field. The game time is 6:00 P.M. at St. Raphael's.

Navy Fireman Edward J. Forrester, son of Mrs. Claire M. Forrester of 37 Green Lane, LEVITTOWN, N.Y., is a crewmember of the Norfolk, Virginia-homeported repair ship USS Vulcan, which won the battle efficiency and engineering excellence awards.

Army Specialist Five Robert K. Henry Jr., 25, (center), whose parents live at 9 Donald Drive, Old Bethpage, receives the army commendation medal during recent ceremonies at Ft. Huachuca, Ariz.

The medal was awarded for meritorious service. Such service can be over an extended period of time or for outstanding achievement in a single situation. In either case, the recipient must have demonstrated skills and dedication far above the average.

Spec. Henry earned the award while assigned as a systems analyst with headquarters, U.S. Army strategic communications command.

Representing the award was Colonel Robert B. Hamilton, Army Chief of Staff for personnel at Ft. Huachuca.

Spec. Henry entered the army in December 1970 and completed basic training at Ft. Dix, N.J. A 1965 graduate of Plainview

High School, Long Island, N.Y., he received his B.S.E.E. degree in 1968 from the University of Pittsburgh (Pa.).

His wife, Patricia, lives at 502 Patton St., Huachuca City, Ariz.

# Hicksville Students Offered American History Award

Students at Hicksville Senior High School will be offered an opportunity to win \$50.00 prize awards in a program to encourage knowledge and study of American History. To participate, entrants will read 25 books on American history before May 15, 1973. The award is limited to five students during a trial competition period proposed by the donor, Albert Hirst, a retired attorney of New York City.

Purposes of the award are to encourage young people to learn about their country, and understand its traditions from the past and its role in the present. Through these awards, Hicksville High School students are being encouraged to further their readings in American history.

Mr. Hirst, the donor, proposes that after testing out the award program in Hicksville, a committee will select other communities in Nassau and Suffolk Counties in which to try out the award program. He is also making provision for a sum of money to pay for these awards. However, this sum is limited and he hopes that other interested individuals and organizations will see fit to make additional contributions to keep the awards going.

Following is the official award announcement:

Albert Hirst READINGS IN AMERICAN HISTORY Award.

A prize of \$50.00 will be awarded to each of the first five students who complete the following requirements. The awards will be presented on an occasion deemed suitable by the school administration.

To be eligible for the award, the candidate must read 25 titles from the approved list to be obtained in the Hicksville High School library. There are several categories of books.

No less than five nor more than 10 titles must be from one category (major field.)

The remaining titles (making the total of 25) must be from at least five other categories.

Before May 15, 1973 the student must submit to the awards committee, in care of the library, a list of the 25 titles read. (see note below.)

He must take an oral examination given by a committee, at least one member of which is an American history teacher.

THE EXAMINATION:

The student will talk for about five minutes on his major field. He will discuss one of the titles in his major field, the title to be

selected by the examiners.

He will discuss two other titles from the remaining categories, the titles to be selected by the committee.

Note: Since in this trial competition period only five prizes will be awarded, the first five students to complete the requirements and to be APPROVED BY THE COMMITTEE will receive the awards. Winners may not participate in future competitions.

## JFK School To Host METMUNC '72 Group

From October 20-22, 1972, the United Nations Club of John F. Kennedy High School in Plainview, will host the Metropolitan Model United Nations Conference (METMUNC) '72. This Model U.N. conference will be attended by 200 students representing 20 schools from 4 states. The students will play the part of U.S. delegates, debating current world issues and formulating opinions on international issues. The conference will provide an atmosphere conducive for the exchanging of views and ideas among students of different backgrounds.

The weekend will consist of sessions in which delegates will debate issues brought up in resolutions they themselves prepared. These resolutions try to solve problems of an economic, social, cultural, or humanitarian character.

Keynote speakers for MET-

MUNC will include Mr. William Deane of the International Institute for Environmental Affairs, and a representative of the Palestinian movement. Mr. Deane, former director of Arthur Goldberg's campaign for the governorship, is a veteran United Nations observer, and an expert on ecology, which he will discuss. The Palestinians will speak on recent terrorist attacks and the goals of the movement.

The conference has been in the planning stages for many months, with many people working to make this a success. Further information will follow in future releases. Please direct any questions which you may have to:

**Appointed Director**

Miss Jancie Rogger, daughter of Mr. and Mrs. Raymond Rogger of Lee Avenue, Hicksville, has recently been appointed the Director of the "Preparatory Department For The Arts" at Roberts Wesleyan College, Rochester, New York. Janice is a graduate of Hicksville High School, and Houghton College. She has just received her Master of Arts degree from Teachers College, Columbia University, New York.

**"Financial Reports"**

Nassau County Executive Ralph G. Caso added his name to those applauding the 1972 annual financial report prepared for county taxpayers by Comptroller Angelo Roncallo.

"Most financial reports require experts to interpret," Caso said. Comptroller Roncallo and his staff have overcome that drawback by designing an abbreviated report readily comprehensible to taxpayers. The more taxpayers know about the government and how their tax money is spent, the better citizens they will be," he said.

The county executive noted that the Municipal Finance Officers Association of the United States and Canada has recognized the Nassau report as the best it has reviewed this year. In a letter, the association said that at present, standards have not been established for the preparation of an abbreviated financial report for general distribution to citizens. "Your report would indicate that informative fiscal reporting of this type can be accomplished," the association said.

Copies of the report are available at the Office of the Comptroller, Mineola, N.Y., 11501.

# "Adopt Edith Into Your Home"

BY CAPT. OWEN MAGEE

ALL PART OF COMMUNEL interest and cooperation, a check for over \$2000 was presented to the Nassau County Hotel and Restaurant Liquor Dealers Assn Robert Keck, secretary of the

Association, who spearheaded the drive with Rudy Bouse, chairman of the Board of the Association, shared in the presentation of the check. Bouse has been Hicksville Chairman of the March of Dimes for the past ten years. Mr. Bouse was elected President of the N.C. Hotel and Restaurant Liquor Dealers Assn. during the past week. Included on his staff of officers are two other local tavern owners, Bob Keck of the Little Country Pub, and Charlie Van Winkler of the Hicksville Inn.

Why not make room for an additional inhabitant in your home. The new inhabitant is Edith. Actually EDITH is not a person but a code name for Exit Drills In The Home.

Exiting from your home in an emergency could be difficult. Why not practice it now. Fire strikes without warning. Don't even begin to think you will be able to direct your family out safely, without a plan. There are 800 or more fires EACH DAY in homes. 12,000 or more people die each year from fires in their own homes. Before you attempt to jump out a second story window, a few things should be taken care of first.

Every family should set up a home exit plan. Designed specifically for your home. The plan should be set up with everyone in the family present. In this way many ideas can be considered before the final plan is set. Guests and baby sitters should be made aware of the plan especially if they are to stay overnight. In fact, anyone who is to be left in charge of your home or alone in your home should be told exactly what precautions you

have taken to save their lives. Before retiring for the night someone should have the responsibility to make sure that all bedroom doors are closed. This one precaution will insure that occupants are not overcome by smoke if a fire should occur, or at least they will have more time to escape. Remember, most deaths occur because people suffocate long before the fire ever reaches them.

If any occupant should smell smoke he should attempt to alert the rest of the family by shouting or some similar means. Before anyone leaves a room a parent should crawl to the bedroom door and touch it. If the door is too hot to be touched then it is not to be used as an exit. Please instruct your family on this point. On the other side of that hot door are super heated gasses which can kill instantly. One point to look for. Do you have solid doors or are they hollow? The hollow doors will not stand up to heat very long. The only other way you have is the bedroom window. Another point to check - Can you get out your bedroom window - Or do you have a built in fire trap?

Now let us assume you can get out your window. Please don't call me and tell me that it is impossible to jump out of a second story window without getting hurt. I already know that. However, it is not impossible for someone to hang out the window and drop to the ground. (A chain fire escape ladder could do the trick easy.)

Small children can be told to wait if circumstances permit it, until someone comes for them. There may be a porch or garage roof below the window, in this case escape is easy. There are many safe ways to get to the ground. Personally, even a brokenleg is preferable to burning to death.

Remember, be careful when you practice. Hold drills, review your plan so everyone remembers his or her emergency route. When you get our meet at a central spot - take a count to be sure all are out. NEVER reEnter a burning building. Remember EDITH. Although she is not a real person, she can be extremely helpful. Take her into your home. She may just save a life.

## HAD Speaker's Bureau

The H.A.D. Program is stepping up its efforts in the area of the Speaker's Bureau as a part of its continuing efforts to keep the community informed of the ever-present dangers of drug abuse and the related social problems affecting our youth.

Our speakers are now available for presentations at the meetings of local civic, service, fraternal and religious groups. Subjects include general problems facing our youth, the

role of H.A.D. in the community, ideas about the ways we can all help to combat drug abuse, or on any specific related subject the host organization would like to hear.

Contact Jim Fouassier, V.P. in charge of Public Relations, c/o H.A.D., 67 Broadway, Hix, or call 935 - 6858. We hope everyone will take advantage of what we feel will be a valuable service to the community.

## Hicksville Kiwanis

At the regular weekly meeting of the Hicksville Kiwanis Club, Inc. held on Wednesday at Milleridge Inn in Jericho, the following officers of the Blub for 1972-1973 installed by Leut. Governor Long Island North Division William Spataro - President, Richard Botto, Vice President Thomas, Secretary, Frank Chlumsky and Treasurer, Monroe Tenner

At this meeting President Botto appointed all the Committee Chairmen for the ensuing year.

Pres. Botto's first big project will be "Kids Day" at Cantiague Park on Saturday, October 7th, at which time there will be many contests; prizes and medals will be awarded to the winners of these events. It is expected to have some 400 children present.

On October 21st Charter Night will be held at the Galaxies in Plainview, an overflow crowd and many dignitaries are expected to attend.

The next Kiwanis meeting will be held next Wednesday, October 11th at 12:10 at Milleridge Inn.
