## Communion Supper St. Ignatius CYO News

Friday night Nov. 3rd, 1972 St. Ignatius Loyola CYO will hold a Communion Supper. There will be a 7:00 PM Mass in the old cafeteria, followed by a Family style spaghetti supper in the

auditorium. Tickets for this affair are \$2.50 for persons over 14 years of age and \$2.00 for persons under 14 years of age.

Tickets and table reservations

may be made by contacting either Mr. Tom Cusack WE 8-2139 or Mr. Harry O'Brien at WE 5-9526.

The ladies of the CYO will be doing the catering and any assistance to them will be greatly appreciated. For information please contact Mrs. Arlene Smith GE 3-6995.

The St. Ignatius CYO are grateful to Police Commission Louis J. Frank for allowing our guest speaker to be none other than Patrolman Benson Huggard of the Nassau Police Department. Patrolman Huggard, as you probably know, successfully succeeded in swimming the English Channel this past summer.

The Annual Paul J. Sullivan Memorial Award will also be presented at this time.

### Door To Door

Elected officials, Republican Party leaders, and more than 2,000 Republican Committeemen and volunteers will attempt to ring every bell in Nassau County on Saturday, October 14th from 10 a.m. to Noon to ask voters to support the President and the local Republican candidates.

In announcing the county-wide door-to-door campaign, Assemblyman Joseph M. Margiotta, Nassau County Republican Committee Chair-

man, explained that the effort will be made, "so that voters will realize how important this year's election really is not only to Republicans but all Nassau residents."

He explained that at each door, Republican representatives will ask residents to be sure to get to the polls on election day and support the President and the

**BARGAINS GALORE** was the byword at The Gregory Museum Antique Treasure Sale held at the Hicksville Public Library in conjunction with the Annual Old Time Country Fair on September 27th thru 30th. The Fair offered many unusual antiques, as well as assorted bric a brac for all ages. The Gregory Museum wishes to thank Mr. Ken Barnes, Director of the Library, Mrs. Bernice Neufeld and the entire library staff who were so very helpful, as well as all Museum Volunteer Workers who gave of their time. Under the capable Chairmanship of Mrs. Rosemary Barrow, The Gregory Museum received donations of "antique

treasures" from many sources, which made the sale highly successful. The goal of moving into the Heitz Place Court House next month is that much closer thanks to the opportunity and hard work from the Antique Sale. The Board of Trustees of The Gregory Museum invites the public to attend "Open House" at their monthly meeting held Monday October 16, 8:00 P.M. at the Old Heitz Place Court House, Heitz Place, Hicksville. Work progress, committee reports and future plans will be presented at this time, so if "you" have a little spare time come on down to the meeting and get acquainted.

## Fallon Named Hicksville Chairman For United Fund Drive

Peter J. Fallon has accepted appointment as Hicksville Community Chairman for the 1972 Fall Campaign of the United Fund of Long Island, it was announced by Owen B. Walsh, Oyster Bay Township Chairman. Mr. Fallon is vice president of Long Island National Bank, 11 Broadway, Hicksville. A past president of the Hicksville Chamber of Commerce, Mr. Fallon is vice chairman of the Hicksville Advisory Committee on Transportation and Development, and a member of the Columbia Society of Appraisers, the Long Island Society of Residential

Appraisers and the American Society of Appraisers. In the next few weeks, Mr. Fallon will appoint a Schools Chairman, an Advanced Gifts Chairman, a Small Firms Chairman and a Residential Chairman. They in turn will be enrolling volunteer workers in what is hoped will be the greatest United Fund drive in Hicksville's history. "I want to have Hicksville stand as an example to other communities on Long Island of just how much can be done for our United Fund when all sectors of the community coordinate their efforts," Mr. Fallon said.

## "H.A.D." Launches Sunday Night Community Bowling League

H.A.D. (Help-Aid-Direction) in an effort to bring various civic, fraternal, educational, religious, and community service organizations together has launched a community mixed bowling league to begin in early November. This league will meet every Sunday night at 8 p.m. at the Mid-Island Bowling Alley and run for approximately thirty consecutive weeks. Each team belonging to this league will be made up of two men and two women representing different clubs and organizations of the Hicksville community. The main purpose of this league will be to bring residents and members of community organizations together under a friendly and informal setting. There, they can learn more about each other's group and develop ways to work together for the benefit of the Hicksville community. H.A.D. would like to have this league work toward accomplishing a common project for the benefit of the Hicksville community. A portion of each participant's bowling fee could be set aside each week toward the completion of this community-service project. By the end of the league in May 1973, enough money would be in this fund to

pay the costs of a beautification project, youth scholarship award, or whatever goal the league members select to complete. Furthermore, money will be left over to establish a prize fund, have trophies for the winning teams, and hold an end-of-league buffet party. Any person or community group interested in participating in this community mixed bowling league, should contact John Maniac, H.A.D. Program Director at the H.A.D. storefront, 87 Broadway, Hicksville, or call WE5 - 6858. The H.A.D. storefront's hours of operation are 2 p.m. to 11 p.m., Monday through Friday, and 3 p.m. to midnight, every Saturday. Please call and tell us as soon as possible, the number of people who will participate in this league from your club or organization. H.A.D. expects that the cost of bowling in this community league will be only \$3.50 per person per week. Come on and join this community endeavor. Not only will you meet new Hicksville residents and enjoy an inexpensive night out each week but you will also be helping your community come closer together. Call H.A.D. today at WE5 - 6858. You will be glad you did.

# Tobay To Stomp For Bond Issue

BY JANET GOSNELL

The kick-off of what Tobay Supervisor John Burke promises to be an active campaign in favor of a \$6,000,000 bond issue to appear "probably as proposition 1" on the ballot November 7th took place on Friday Oct. 6, at the Maine Maid Inn in Jericho. The controversial bond issue is to finance the purchase and equipping of a new 65-acre tract in Plainview for a sanitary landfill. The Board approved the issue on August 29th, was forced to a referendum on the issue by the receipt of petitions signed by 7,262 persons on September 27th, and voted in the mandatory referendum at an emergency meeting of the Board on Thursday evening, September 28th. As explained by Supervisor Burke the bond issue is for the maximum to be expended for the landfill, i.e. \$5,000,000, tops for purchase of land, and \$1,000,000, for preparing and equipping the site. The ultimate cost of purchase of the land would be decided by the courts after condemnation proceedings. He cited the case of a bond issue for a park in East Norwich approved for over \$1,000,000, after which actual purchase price was \$750,000. Present land value for industrially zoned property, which the Plainview site is, he says, is about \$75,000 per acre. However, he added, other factors

such as accessibility and means of ingress and egress, topography of the site, etc., effect the value. This value, he said is up to the courts to decide. Present to describe alternatives to this site, which was second choice, he said, was David Mafrici, Director of Environmental Control for the Town. Primary selection was a 43-acre tract adjacent to the present landfill at Old Bethpage, presently owned by the county. According to Mr. Mafrici, this property was purchased with funds specifically allocated for parkland; hence the county attorney felt it could not allow the Town to use it for a landfill. Other alternatives included an 11-acre site behind the City of Glass in Farmingdale, which Mr. Mafrici said, would have been used as a supplemental landfill for agricultural wastes had the Old Bethpage site been available as a primary landfill. The fourth alternative is a 23-acre tract in East Norwich, whose liabilities include, Mr. Mafrici said, a half-hour trip from the incinerator for trucks and lack of cover material which goes for \$1.50 to \$2.00 per yard. No Organic Wastes. "What will you do with the sea gulls?" one newsman asked. "We don't expect any seagulls, as the organic wastes will be deposited

at the site," said Supervisor Burke. He explained that the site would be used strictly for incinerator residue and non-burnable items, such as old bedsprings, cement objects, etc. The Town presently disposes of about 1200 tons of solid wastes every day, six days a week. Mr. Mafrici said. The present landfill at Old Bethpage will be full in 13 to 15 months, he said, at which point, lacking another site, the Town would be in crisis. Should the bond issue be defeated, Supervisor Burke said the Town would have to make arrangements to export garbage at high cost or would have to cease the collection of garbage and let each property owner make his own arrangements. "The best aspect of this situation is that it is meeting a need on a planned basis," Mr. Mafrici said. By the time the Bethpage site is full, this Plainview area would be ready to take over. Municipalities are always meeting the problem of waste disposal on a crisis basis, which is wrong. Supervisor Burke said that he and other councilmen would speak at fraternal and civic associations, women's clubs and "anywhere they can secure an invitation" to explain the urgency of the problem of waste disposal in the town.

# Civic Assns. Air Views On Plainview Landfill

BY JANET GOSNELL

Leaders of civic associations in Plainview / Old Bethpage and Councilman Lewis J. Yevoli, a resident of Old Bethpage, held what they announced as "our own press conference" at the Pickwick Motor Lodge on Wednesday afternoon to counter arguments in favor of a town landfill in Plainview. Speaking for the civic associations were Mrs. Carole Fishman, president of the Greater Plainview Community Association, and Paul Widelitz, of the Washington Avenue Civic Association. A statement was read from Susan Turner, unable to attend, President of the Old Bethpage Civic Association. The press conference was held, according to Mrs. Fishman, specifically in reaction to one conducted by the Town last Friday at the Maine Maid Inn, so that their side might be heard. Cents and Sites The civic associations' opposition boils down to two points: the "dollar factor" and the location of the landfill, which they feel adds insult to injury to their community, considering that the Town's solid waste disposal operation is now totally located in Plainview / Old Bethpage. Mrs. Turner said in her statement: "We will be the place between two dumps, the fill of an unappetizing sandwich." The civic associations feel some other community should bear part of the burden of disposing of the Town's garbage. Dollar-wise, Mrs. Fishman figures that the Town is not just asking for \$6,000,000, the face amount of the bond issue, but actually for \$11,000,000. to

\$12,000,000, when the interest of about \$5,000,000 over a 30 year period is added to it. She also noted that the Plainview Old Bethpage school district will lose \$86,000, in school taxes should the town take over the land. A representative of the Pickwick, sitting amongst the group, said his taxes on 1 1/2 acres are \$42,000. "Imagine the revenue if that land were developed for another purpose!" he said. Yevoli Won't Say While conceding that the garbage situation in the Town of Oyster Bay could be a mess in a year's time if another site were not found for a landfill, Councilman Yevoli would not endorse one site over another of the four considered by the Town via a report by William F. Cosulich, Environmental Engineer. "That's not my job," said Councilman Yevoli. He did seem to find some good arguments in favor of the Izzo Sand Pit in East Norwich, cover for which, he said, might be taken from the adjacent 40-plus acres now earmarked by the Town for a park. He also said the Town did not sufficiently pursue acquiring the property adjacent to the Old Bethpage disposal area for lease from the county. According to the Town, the property had been purchased with state funds designated for a park, hence it could not release the land for use without an act of the New York State legislature. He also spoke in favor of an 18-acre tract behind the City of Glass in Farmingdale. Need Overestimated According to an analysis of a report on two sites by the Cosulich firm, Paul Widelitz said

the landfill need for the town was grossly overestimated, and that the Plainview 65-acre site, by his calculations, would last 90 to 140 years. "Who of us here today will enjoy the delights of the park which the Town says it will ultimately locate on the site at the end of the 21st century?" queried Mr. Widelitz. The fact that no funds earmarked for park development are included in the bond issue was also underscored by the civic associations. Handy Tour The Pickwick Motor Lodge, conveniently located for the press conference, is directly across the Long Island Expressway from the proposed landfill site. Hence reporters, at Mrs. Fishman's suggestion, were able to travel east on the south service road to Round Swamp Road, which the town of Huntington refused to let owners Gruber & Levin use for any of their previous plans for the property. Hence north on Round Swamp to make a left turn and a westerly trip on the Long Island Expressway, seeing first-hand the south border of the property. The small access road to the L.I.E. tranche, is the only means of ingress and egress to the site in the Town of Oyster Bay, as stated by Mrs. Fishman. A closer look at the property shows that some residents are jumping the gun on the landfill, having deposited on it some old bedsprings and other dumpables in some profusion.

**HERALD NEWS COPY DEADLINE WEDNESDAYS AT NOON**

# Dear Friends

Although it is not a local obituary, we extend our condolences to the family of Armand "Ray" Esposito, well known and liked mailman for many years here in Hicksville, who was killed in an automobile accident in the vicinity of the Hicksville Post Office last Saturday. Also, many many on Mr. Esposito's route phoned to tell of his demise and to extend condolences to his family.

IN PLAINVIEW, Central School District 4, the famous Orchestra Da Camera will be performing "Lollipop Concerts" in elementary schools, during the coming week. They are scheduled at the Fern Pl School on Monday, Oct. 16, at the Parkway School on Tuesday, Oct. 17, at Jamaica Ave School on Wed., Oct. 18 and at Old Bethpage School on Thurs., Oct. 19. The highlight of the program will be Haydn's Toy Symphony in which all students will participate as imitators of the toys used in this performance.

FISH of MID-ISLAND, serves the communities of Hicksville, Bethpage, Old Bethpage and Plainview. It's phone number is WE 8-NEED, and its address is P.O. Box 438, Hicksville, NY 11802. The FISH program consists of a 24-hour telephone answering service which, when called, will contact the FISH telephone volunteer for that day or night. The telephone volunteer calls the person asking for assistance to determine what is needed. Each FISH telephone volunteer has a list of county and community services, and lists of names of members of FISH volunteer committees to which he may refer requests for assistance. RIGHT NOW Fish of Mid-Island needs additional volunteers, not only the telephoning answering areas but also on the emergency transportation, emergency baby sitting and emergency hot meals committees. Please call or write to FISH if you are able to give some of your time for this worthwhile community organization which extends non-financial help to all who are in need, without charge, obligation or lecture and without regard to race, color or creed. Their basic purposes are based on Matthew 25:31-46, the 40th verse of which reads in part: "I say unto you, as you did it to one of the least of these My brethren, you did it unto Me." What opportunities are available to each of us, through such organizations as FISH!

TRYOUTS for the St Ignatius CYP Swim Team will be held at the Plainview High School on Mon., Oct 16 and Tues, Oct 24 at nine o'clock in the evening. For further information call OV 1-8494 or WE 1-2529 after 6 p.m. Everyone is welcome.

WE HAD ONE OF THE BEST Hicksville Community Council meetings on record last Thursday evening. . . it was really great and new president Sig Widder, along with all who participated, did a great job! We will have a complete report of this meeting for your information next week. There is so much to learn about and so many areas that need one's help and understanding, right in one's own community. Why not mark the first Thursday of every month on your calendar and join with many other interested citizens and delegates from many many community organizations, and help to "make a better Hicksville"?

UNTIL NEXT WEEK, stay well, and don't waste a day. . . .

## LETTER TO THE EDITOR

Dear Mrs. Noeth: It is a constant concern of mine and the women I represent of Church Women United why Nassau County is not doing more about environmental controls. The glass recycling programs save tonnage two-fold - the Department of Sanitation has less to pick up and the solid waste is not taking valuable land fill space.

Why can't Nassau County have a certain day to pick up "glass only" and sell it or give it over to the proper agency who return these menacing bottles back to their natural state? New glass can be made of 100 per cent cullet.

I would be remiss if I did not commend the Coca Cola Bottling Company who have allowed their plant in Westbury to collect glass from interested citizens.

It's time the Town of Oyster Bay began to wake up to the fact that the women are willing to separate glass and aluminum from garbage - just give us a depot and a pick-up service and we'll "Save the Environment". Can't our Environmental Control Man, whom we support with our tax dollars, come up with any plans other than buying estates to fill up with garbage?

Yours truly,  
Edith Schryver  
38 Belmont, Plainview

Dear Mrs. Noeth

During the past few weeks, I have received a number of letters and telephone calls from Town residents concerning parking meters. There appears to be some misunderstanding about this program and I think the following information may help clarify the situation.

At a public hearing held on February 15, 1972, the Town Board considered a proposal to spend \$350,000 for the purchase and installation of 3,148 meters in 25 commuter parking fields located at Bethpage, Hicksville, Massapequa and Syosset. The proposal had its origin in a 1969-70 engineering study of parking facilities and parking problems.

Following the hearing, the Town Board directed that our Department of Public Works, in conjunction with the consulting firm of Samuel J. Green and Associates, research the matter further and submit a revised

# Morning And Evening Town Budget Hearing

The Town Board approved the preliminary Town Budget for 1973 and set Tuesday, October 31, as the date for morning and evening public hearings on the matter.

"This proposed budget reflects a basic hold-the-line principle with respect to ad valorem taxes," Town Supervisor John W. Burke said, "however, mandated adjustments in such items as debt services and employee salaries and benefits have required a slight upward adjustment in the 1973 tax rates."

"The approximately 3,000 items in the 1973 budget represent 3,000 dilemmas with which the Town Board and the Budget Officer must contend: maintaining the level and quality of services now being provided to a growing population without unduly adding to the financial burden the residents already face" Burke added.

The General Fund budget, which covers the major portion of the costs of Town government, totals \$13,916,754 for next year, an increase of \$1,643,411 over the 1972 budget. A portion of this will cover increased services to senior citizens, youth programs and program for the handicapped all of which will be reimbursed through Federal and State agencies.

Another increase of \$216,111 is to cover anticipated increase in incinerator operating costs to handle the evermounting volume of garbage the Town must dispose of. The resulting General Fund tax rate has been set at \$686 per \$100 of assessed valuation, an increase of 7 cents over the 1972 rate. In the combined Part Town budget of \$977,111 for the Building Department and the Zoning Board, \$79,641 has been designated for the creation of a new Department of Planning and

Development to implement the planning programs the Town has been working on for the past two years.

The 1973 Part Town tax rate is \$104. up .021 from last year.

Other significant budget figures include Highways at \$5,537,891 (.726 tax rate), and Garbage Collection at \$6,131,602 (1.113 tax rate).

The budget also covers many special district services, such as parks, drainage, public parking and lighting, which the Town provides and which are taxed according to the services provided.

To the average homeowner with an assessed valuation of \$8,000 on his property, the General Fund tax rate increase will mean an additional \$5.60 on his tax bill next year plus the costs of other special district services which vary from one community to the other throughout the Town.

Town officials have conducted considerable research with Federal and State officials on the proposed Federal revenue sharing program. "Because of insufficient information," Burke said, "we have concluded that, at this time, it would be too speculative to include any such funds among our sources of revenue."

Following the format adopted last year, the 1973 budget includes a 6-year Capital Improvement Program carrying through 1978. This is a long-range, planned program for the replacement and acquisition of equipment, improvements in parks and beaches, drainage systems and highway improvements. Such advance planning levels out the peaks and valleys in the operating budget and provides a more systematic control over the required debt service.

proposal. Under the plan now in progress, 1,779 twelve-hour, 25-cent meters will be installed for less than \$170,000. More than 2,000 stalls will remain free of meters.

Even this was a difficult decision, although it is principally a question of dollars and who will pay them:

(1) The 1972 operating budget

for all municipal parking fields maintained by the Town of Oyster Bay (commuter and otherwise) is over \$1.2 million. About 94 percent of those funds are raised by the ad valorem tax, paid at the rate of .74c per \$100 assessed valuation by all property owners other than those in the incorporated villages. Only 6 percent of the revenue is

# Supervisor JOHN W. BURKE REPORTS

On November 7, Oyster Bay Town residents will be asked to approve a proposition on the ballot that will initiate a major solid waste management program that will take care of the Town's needs through the year 1985. Town Proposition N 1, asks for your approval of a bond issue to finance the acquisition and preliminary development of a 65-acre landfill - park site in the Plainview community.

We feel that this is an extremely important phase of our program, and it must be initiated now in order to achieve our objectives of an orderly, planned approach to the solution of our solid wastes problem.

Since many of us stop thinking about our garbage once it is in the

can at the curb for collection, it might be well to consider the magnitude of the problem with which all of us are faced.

Basically, it is this: The Town of Oyster Bay is responsible for the disposal of an average of 1,200 tons of refuse per day that is collected six days in all of the villages, special districts and unincorporated areas throughout the Town.

To put it in terms that might be more meaningful: Each day more than 400 truckloads of refuse come into the Old Bethpage Sanitary facility where it is burned in the incinerator residue in the sanitary landfill. Since 1968, approximately 45 acres have been landfilled, and we are

now filling the last 16 acres at this site which were acquired in 1971.

There is only a little more than one year of useful space remaining at this site.

The town's two updated incinerators plus the planned bulk refuse burner will consume 91 percent of the total refuse collected. However, there still remains some 300 tons of unburnable material, incinerator residue and cover material to be disposed of each day.

This is the problem facing us today. We cannot afford to wait for a major technological breakthrough to take action. We must act now and continue to explore every new innovation that holds some promise for a more effective solution to this problem.

## Tax Burden On Typical LI Suburban Family Will Increase

Angelo D. Roncallo, Republican candidate for Congress in the 3rd C.D., charged this week that the tax burden on the typical Long Island suburban family will increase by 42 percent and more if the McGovern Tax Reform proposal is ever adopted.

Roncallo, who as Comptroller of Nassau County has his finger on the economic pulse of Long Island, made his charge at a debate conducted by the L.I. Association (Tuesday, 9/26), and followed up on this issue in a week of vigorous campaigning that brought him to both Nassau

and Suffolk county on an almost daily basis.

"If the proposals of the Democratic Party on tax reform are adopted they would send the taxes for a typical Oyster Bay-Huntington family of four sky rocketing," Roncallo said.

In explanation of a typical L.I. family situation, Roncallo pointed out that a husband with an income of \$10,500 and a working wife with a supplemental income of \$5,500, for a net family income of \$16,000 would, under McGovern's plan, receive absolutely none of the tax

deductions now available.

By comparing the present tax system with the McGovern proposal the increase in taxes is dramatically seen," Roncallo said.

The present system allows for a \$275 medical tax deduction while the McGovern plan allows for no deduction at all at this bracket. The same holds true concerning deductions allowed on mortgage interest. The typical homeowner in the Third Congressional District can claim a deduction of

## Not Our Bag

If we in Oyster Bay don't sit up and take notice before the November 7th referendum on financing a new landfill site in Plainview, we may be featuring a new, if not unique or lovable export by the end of next year.

This export will be garbage - 1200 tons of it collected every day from our spotless homes and meticulous places of business.

The present landfill site will be full by the end of next year, the Towns environment experts say. Without a new place to put incinerator residue and non-burnable trash, the town will have to get rid of it out of its boundaries at high cost.

Another alternative would be to let property owners dispose of their own trash, leaving the Town out of garbage collection completely.

In our opinion, both alternatives are unacceptable.

The matter of the purchase price of the property will be decided by the courts, eliminating any extraordinary profits by speculators.

We say to all our readers: watch the news for information on the urgency of the solid waste situation in our Town, and vote in favor of the Bond issue on November 7th.

## MEN IN SERVICE

Navy Petty Officer Second Class Dean D. Herrick, husband of Mrs. Linda S. Herrick of 41 Kansas St., HICKSVILLE, is deployed at the ice-laden Antarctica, with Operation DEEP FREEZE '73.

Along with about 2,000 Navy, Army, Air Force and Coast Guard personnel, he will help in the construction of two new stations and provide logistic support for some 200 scientists conducting research throughout the 5-million square mile continent.

Navy Airman Ralph L. Ault, of 16 Garden Blvd., HICKSVILLE, participated in Exercise "Strong Express" off the coast of Norway aboard the aircraft carrier USS John F. Kennedy.

"Strong Express" is the largest combined land, sea and air exercise ever held by the allied countries of the North Atlantic Treaty Organization.

Navy Petty Officer Third Class Michael Connors, son of Mr. and Mrs. Gerard R. Connors of 58 Vincent Road, HICKSVILLE, has returned to his hometown at Alameda, Calif., from a Western Pacific deployment aboard the aircraft carrier USS Hancock.

He is a 1968 graduate of Hicksville High School.

Technical Sergeant Auguste A. Novel, son of Mr. and Mrs. A. A. Novel, 115 Park Ave., HICKSVILLE, has retired from the U.S. Air Force at Sheppard AFB, Tex.

Sergeant Novel served as a medical technician at Sheppard prior to his retirement.

The sergeant, who has 22 years military service, served with the U.S. Navy prior to entering the Air Force. He has also served in Vietnam.

A 1948 graduate of Hicksville High School, he attended Long Island Agricultural and

Technical Institute at Farmingdale, and Hofstra College, Hempstead.

His wife, Iona, is the daughter of Mr. and Mrs. Wesley Schoene of 25 E. Third St., Trenton, Ill.

Navy Fireman Peter E. Kunzweiler, son of Mr. and Mrs. George Tienken of 591 Parker Ave., LEVITTOWN, graduated from recruit training at the Naval Training Center in Orlando.

Navy Fireman John V. Kostyrka, son of Mr. and Mrs. Victor F. Kostyrka of 15 Sunset Lane LEVITTOWN, visited Norway, the Netherlands and England while on a North Atlantic anti-submarine warfare training cruise aboard the aircraft carrier USS Intrepid.

### Sisterhood To Meet October 22

The sisterhood of the Hicksville Jewish Center located on Jerusalem Ave. and Maglie Drive, will be holding a Used Book Sale on Sunday October 22, from 10 a.m. until 4:30 p.m. There will be a selection of childrens books, magazines, novels etc.

## ELECTION DAY: TUESDAY, NOVEMBER 7

"Don't be a political drop-out!" This is a slogan being used throughout the country to put a different emphasis on the trite but true theme being trumpeted by both political parties: Vote Tuesday, November 7.

One reason our democracy has thrived is that our political party system narrows the voter's choice on election day. Political candidates and their supporters have spent much time and effort to persuade each one of us that their programs will be best for America.

All that they ask is that we take the trouble to vote. This means obtaining an absentee ballot if we expect not to be able to vote at the polls on Tuesday, November 7 because we are on a trip or ill. However, most of us will be able to get to our polling place if we plan ahead—which means we should learn how we can vote, where we can vote, when we can vote, and then plan our day so that we will vote.

Since the last election, when only 55% of the citizens went to the polls, the electorate has been enlarged with young people over 18 years old and residency requirements have been eased for Presidential balloting.

In 1968, more than 7 1/2 million registered voters did not vote and in 1970 that figure climbed to 16 million. Surely we can do better than that.

Don't be a political drop-out!

## Special Exhibit At the Museum

Nassau Recreation and Parks Commissioner Richard A. Fitch today announced that the Garvies Point Museum of Natural History, Glen Cove, has scheduled a special exhibit entitled "Archaeology of Bible Lands" which will be held from December 9 through January. Fitch has invited private collectors of Biblical art to loan

any suitable item for the display. The exhibit will cover archaeology from the period of the Patriarchs to the time of Christ and will include special features such as guest lecturers and slide presentations.

The display will be sponsored by the North Shore Archaeological Society.

## SHOE BUSINESS

Many men are told by shoe salesmen that their feet are "hard-to-fit".

It's an unwise thing to say for two reasons:  
1) The customer won't appreciate it, and  
2) It's probably not true

The problem is the dealer's inventory, not the man's foot. Many people, not truly hard-to-fit, need an uncommon size not in the dealer's stock.

The answer is a store like GOLDMAN BROS. in Hicksville. Their shoe department has an 8,000 square foot stockroom filled with work and service shoes (steel-toe safety shoes, too), dress shoes, casuals, sneakers, boots, slippers — anything in footwear—with a selection in men's sizes from 5 to 17, widths A to EEEEE.

And in athletic shoes (for golf, bowling, tennis, boating, hiking) they have women's sizes, too. Just as for the men—narrow and wide sizes, short and long.

Careful attention, too, to filling prescriptions for modified, corrective, and special support shoes.

Remember GOLDMAN BROS. for the best selection, the best service, the best fit.

# St. Ignatius Bumblebees Win 26-7

Playing their first game of the short season under the lights at St. Raphael's School field, the St. Ignatius Bumblebees remained undefeated by beating St. Raphael's of East Meadow 26-7. The game started slowly with St. Raphael's out playing the Bumblebees in the 1st quarter defensively and offensively, but with the start of the second period, the Bumblebee offense started to roll. Starting at their own 10 yd. line, the Bumblebees marched in for a score in 10 plays. The big gainer being a fine 40 yd. run made by John Rupp, which was made possible by a well executed block thrown by John McInerney. After Rupp's win, Joe Johnston, the Bumblebee's running back, scored on a sweep from the 8 yd. line. The extra point was converted on a

pass from Gerard Siry to J. Johnston making the score 7-0. On the ensuing offensive series by St. Raphael's, the St. Ignatius Defensive End, intercepted a series pass intended for a St. Raphael's back at the 35 yd. line and carried it in for the score. St. Ignatius again converted the extra point with Johnston going in off tackle making the score 14-0 at half time.

At the start of the third period the Bumblebees showed its solid offense by taking the kickoff and marching in to score in 5 plays. Paul Rupp was the man who scored on a 10 yd. blast over right tackle. St. Ignatius missed the conversion and the score remained 20-0.

In the fourth period, St. Ignatius again went into score on a 10 yd. pass from Gerard Siry to

Joe Johnston made possible by the fine running of the St. Ignatius mini backfield of R. Willis, Mike Tururo and Nick Tallero. Mike Tururo made the big gainer on this series with a fine 40 yd. run bringing the ball to the St. Raphael's 10 yd. line. The Bumblebees missed the conversion making the score 26-0.

St. Raphael finally got on the boards with a fine 85 yd. pass play on the very last play of the game. St. Raphael converted after the game was officially over making the score 26-7.

St. Raphael's, basically a fine hard-hitting football team, was just out gunned by this fine St. Ignatius team. Next week, St. Ignatius meets St. Martha's of Uniondale at 2:00 P.M. at Uniondale H.S. field.

# March of Dimes Evening Swim Program Reopens For Handicapped

Evening swimming for fun and therapy is again being offered to all handicapped as the March of Dimes unites with North Shore Hospital to open another series of swimming programs. The sessions will begin Wednesday, October 18th from 7:30 to 9:00 p.m. at the North Shore Hospital Swimming Pool.

"This is a joint effort on behalf of the Nassau County March of Dimes and the North Shore Hospital to meet the needs of the individuals who have not been able to avail themselves of the two daytime programs offered by the March of Dimes," announced Dr. Gene Pressel, advisor to the program. "The sessions will be

staffed by volunteers experienced in water therapy, as well as qualified water safety instructors and life guards", he added.

The pool is open to anyone, without geographical boundaries, who can benefit from its use for swimming or water therapy. Applications are available and can be obtained by calling the March of Dimes office at 248-4950. A registration fee of \$3.00 entitles the swimmer to participate in the ten sessions of the program. The fee will be waived, if necessary, upon the applicant's request. Persons wishing to volunteer their services may obtain information by calling the above number.

Fitch reminded golfers that the 18 hole courses at Eisenhower Park will remain open all Winter weather permitting.

## CYO Sports News Girls Volleyball

The 1972 Diocesan girls volleyball program of the Catholic Youth Organization, has gotten under way with St. Ignatius CYO entering two teams in the league, one in the Intermediate division and one in the Teen Division.

In the Intermediate division the St. Ignatius team took on the St. Elizabeth team from So. Huntington. With the high scoring of Helene Reesa who scored 15 points in the first match and Mary Flynn scoring 7 in the second match the St. Ignatius team took both matches by scores of 15-4, 15-4 in the first match and 15-4, 15-1 in the second.

In the Teen Division the St. Ignatius team also played the St. Elizabeth team from So. Huntington. The St. Ignatius team

easily took the first match by scores of 15-2, 15-3. High scoring for St. Ignatius was Margaret Stucco with 9 points. The second match was a little different after losing the first match the St. Elizabeth team came back to win the second game by a close score of 15-13. Not being discouraged by the loss the St. Ignatius team bounced back to take the final game 15-3 and win the match. Keep up the good work girls we are all cheering for you.

## HJC Sponsors Rummage Sale

The Hicksville Jewish Center is having a rummage sale on: Saturday, Oct. 14th, 9:30 P.M. - 11:00 P.M.; Sunday, Oct. 15th, 10:00 A.M. - 4:00 P.M.; and Monday, Oct. 16th, 9:30 A.M. - 12:00 P.M.

Chairing this program is Mrs. Martin Miller, Tel. No. Pe 1-0066.

The Hicksville Jewish Center is an edifice located at Jerusalem Ave. and Maglie Drive, Hicksville. Approximately twenty years ago, its' origin came about, due to a handful of people, who had the foresight and generosity to contribute \$50.00, per family, to purchase the land is now inhabits. Today, through many continued efforts and struggles, a very lovely building stands erected, to serve the surrounding community in many different phases and aspects. Amongst some of its' many benefits, it serves as a meeting place for Senior Citizens and Boy Scouts, for peoples of all denominations. Many charitable

needs are filled, such as work donated by the women in Sisterhood towards the Veterans Hospital in Northport, Braille typists for the blind, etc.

Naturally, our doors are wide open to any people who wish to worship with us on Friday evenings, Saturdays, or Holidays. If any one in the community wishes to sponsor an affair, our House Affairs Vice Pres. Bruce Libster would be very accommodating to give an account of all the details involved. He can be reached by dialing 731-4891.

Down through the years, this structure has been maintained solely by just a marginal amount of families, in relation to the mounted expenses it involves to run the Center. At the present time, there is an open enrollment drive in our Sisterhood, in Congregation and welcome all new members wholeheartedly. Each member plays a very important role, in our over - all

picture, and anyone interested will find a very receptive and warm - hearted greeting when within our midsts. Many functions are sponsored by our Sisterhood, such as a gala Bazaar to be held on November 18th, a Flea Market and Antique Fair to be held on April 22nd, Fashion Shows, a week - end in the Catskill Mountains, a marathon Mah Jong tournament, plus many other fund raising affairs during the year. Through our individual Circles, many feasts are mastered and enjoyed. A member may join as many Circles, as she desires, and within each Circle, the feeling of comrades' and warmth permeates the atmosphere, while one is learning an art such as bead making, rug hooking, needle work, literary affiliations, etc. Our Vice President of Membership, Mrs. Mel Baron, Tel. No. 798-8090, would be very happy to further enlighten any interested callers.

## Extensive Tour of Burns Ave. School

Approximately sixty enthusiastic parents visited Burns Avenue School on Monday, October 2nd, for the New-Parent Principal Meeting. Mr. Burke, principal, and host for the day, led them on an extensive tour of

the school. Later, as coffee was served, he answered questions from the parents on such varied topics as ... the merits of standardized testing, and this school's report card procedure, Teacher-

Conference format and parents' school visitation privileges. Parents are now looking forward to the next activity at the school. This will be the meeting of the Joint Hicksville Council of

P.T.A., on October 18th at 8:15 P.M., at the Burns Avenue School. Mrs. Vera Galante will be the guest speaker. Refreshments will be served. Everyone is invited, please come.

local Republican candidates. In addition the Republican representative will leave a very important leaflet at each home, pointing out the major differences between the two major parties.

"This year when the differences in the philosophies of the two major parties are so clearly expressed in the party platforms, we feel voters must be made aware of them," Margiotta said. "The 1972 election can determine the path of the nation, the state and the county for the next decade," Margiotta noted. "So, now, more than ever, the people must be made to realize what the two parties and their candidates stand for."

In case of rain on October 14th, the door-to-door campaign will be conducted the following Saturday, October 21st.

## Christian Science News

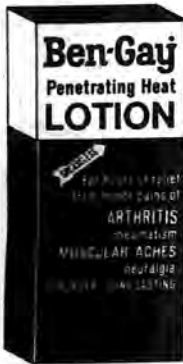

Is there a source of reliable guidance? How can people find it?

These questions will be discussed in a public lecture to be given in Levittown on Monday, October 23 by Robert H. Mitchell, C.S.B., of Edinburgh, Scotland. "To many faced with the stress of decision-making, the temptation is to try to escape, to 'cop out,'" the lecturer will state. He will share insights on coping with both the stress and the decision-making.

A Christian Science lecturer, teacher, and practitioner, Mr. Mitchell will speak in Church auditorium, 80 N. Bellmore Road, Levittown - 8:30 p.m. at the invitation of First Church of Christ, Scientist, Levittown.

Mrs. Norma Bartelstone, Second reader will introduce the lecturer. Local arrangements for the event are being coordinated by Mrs. Gertrude Persina of Levittown. A native of Scotland, Mr. Mitchell received his education in Edinburgh. When he was a young man he was healed through Christian Science of deafness. Soon after he devoted his full time to the healing ministry of Christian Science. He became a Christian Science teacher in 1964 and a member of The Christian Science Board of Lectureship in 1969.

He is currently on an extensive tour. His local lecture is called "Let God Direct Your Life." The public is invited to attend without charge.

**CONGRESSMAN AND "CONGRESSMAN-TO-BE" TOUR HICKSVILLE PLANT:** United States Congressman Norman F. Lent and Nassau County Comptroller Angelo D. Roncallo, a candidate for Long Island's 3rd District seat in the House of Representatives, were given an extensive tour and briefing at General Instrument Corporation's Hicksville plant recently, concluding in the round-table session pictured above. The two legislators are seated at the left, along with Field Engineering Supervisor R.

Lavors, who arranged their visit. Others included in the briefing session were Marketing Director James Adams, at the chart; Group Vice-President Irving Kaufman; Product Marketing Manager Stanley Schiller; Data Processing Director Stanley Freeman; Director of Industrial Relations, Daniel McConnell and Director of Operations Max Adler.

Lent and Roncallo have both pledged continuing heavy efforts to direct federal funding of the type now benefiting General Instruments to Long Island.

## Open Roncallo For Congress Headquarters

More than 400 people from all parts of the Third Congressional District came by car and bus to the opening of the campaign headquarters of Angelo D. Roncallo, Republican candidate for Congress.

The headquarters, at 139 New York Avenue, Huntington, was filled with supporters who offered to actively campaign to bring about an overwhelming victory for Roncallo.

In addition to the crowd inside the building, a band musically welcomed the enthusiastic supporters as they arrived for the opening.

As Roncallo greeted his supporters and vowed that when elected he would make sure the people of the Third Congressional District were well represented in Washington, the crowd repeatedly interrupted to cheer.

"With the support I see here tonight," Roncallo said, "I think there is little doubt that we will have a great victory in November."

By the end of the evening, hundreds of campaign kits, offered to those volunteering to campaign for Roncallo, had all been taken.

## PTA's First General Meeting

The Woodland Ave. PTA will hold its first General Membership Meeting on Tuesday, October 17, at 8:15 PM. Short business meeting and then "Meet the Teachers" will follow, for grades K-3rd grades. A film will be shown thru out the evening, called "STRATEGY FOR QUALITY AND EQUALITY IN EDUCATION".

Parents are asked to pick up their member ship cards that night.

Second Meeting will be held the following week grades 4-6th and for the students of the Primary and Intermediate E.M.R. on Tuesday October 24, at 8:15 PM. with the same program.

**NEW LIBRARIES:** Mrs. Libby Jane Goldman, East Street School Librarian, working setting up the new library at East Street School. Hicksville's new libraries are rapidly taking shape at East Street and Willet Avenue Elementary Schools. Libby Jane Goldman and Beverly Berkowitz have been busy processing and cataloging over four thousand books in each library.

The district custodial staff, under the direction of William Becker and Henry Johnson have also been making the necessary arrangements to hose these volumes along with their accompanying audiovisual equipment.

It is expected that before the snow falls, both libraries will be completely in operation.

## Endorses Stuart R. Levine

The New York State AFL-CIO has endorsed Stuart R. Levine's candidacy in the 10th Assembly District. The announcement was made by Raymond R. Corbett, president of the labor organization.

Levine said in accepting that he considers it an endorsement for the working man who wants a moderate representative in Albany responsive to the needs of the people.

# Festival of Memories or "Antiques Are Not Just Old"

The second annual "Festival of Memories" Antique Show and Fair, featuring rare and unique merchandise at attractive prices, will be held Friday, Saturday, and Sunday, October 27, 28 and 29 at Human Resources School in Albertson. This year's show will feature some 50 dealers from the tri-state area, exhibiting a wide variety of items including early American furniture, china, silverware, bric-a-brac, hand-crafts and bronze art work. Proceeds of the event will go

towards Human Resources School's programs of education of some 200 severely disabled children from pre-school through senior high.

Visitors to the show will also be aiding Project Senior Abilities, a unique non-profit program of part-time and temporary employment for the senior citizen.

"It's a natural," says Antique Show coordinator Hedley Gordon Graham, who also directs the Senior Citizen Project. "The idea behind an antique is not that it is

old, but that it has gained in value as it gained in years. This is the same philosophy behind Project Senior Abilities—we are a living demonstration that the worker over the age of 55, whose skills have been improved and refined for over thirty years, is a valuable asset to society."

Graham, who is himself 71, has considerable experience in running and coordinating antique shows, including the Avenue of Antiques at the Island Inn and the Long Island Fair.

## August Commercial Construction Level Highest Since November 1971

Marking the highest total since November 1971, an aggregate value of \$3,193,368 on the issuance of commercial construction permits in the month of August was reported by the Oyster Bay Building Department, according to Town Councilman Gregory W. Carman.

A total of 213 permits for all types of construction was recorded for the month at a value of \$4,259,817. This was the highest figure since March of this year when the cost value of all permits was \$4,841,127.

"I think the increase in commercial construction in Oyster Bay indicates that our economy is creating a favorable atmosphere for business to operate under," Carman stated. "I hope we will experience more of the same in the months ahead."

## TRIPAC To Hear Candidates

Three candidates for the New York State Assembly in the 12th Assembly District will be the speakers at an informational forum to be held on Wednesday evening, October 18, at 8:00 p.m. at the Division Avenue High School in Levittown. The speakers will be George Murphy, Republican; Joseph Curran, Conservative; and Anita Weisman, Democrat. The meeting is sponsored by TRIPAC, the political action affiliate of the Tri-County Teachers Retirement Council. "All teachers in the area as well as all those concerned about the educational needs of our children are invited to attend," said a spokesman for TRIPAC.

# Oyster Bay Acquires 23.8 Acres For Park Use

Town Supervisor John W. Burke announced that the Town took legal possession of its 23.8-acre share of the former Nike missile site in Brookville this week for use as a public park and recreation facility. The remaining acreage will become the property of the Village of Brookville and the Nassau County Board of Cooperative Educational Services (BOCES) as soon as they receive approval from the U.S. General Services Administration for their proposed use of the land.

"This is a unique intermunicipal venture," Burke stated. "The plan for the use of the former military installation is a concept of shared usage that may be without precedent." Burke also pointed out that the park land was acquired at no cost to the Town.

Oyster Bay submitted its application for conveyance of its portion of the 45-acre federal surplus property last summer

after many meetings with County, Village and BOCES officials. The application was given to the U.S. General Services Department which turned the property over to the U.S. Department of the Interior for disposal as park and recreation land. While for all practical purposes Oyster Bay has assumed full responsibility for maintenance of the parcel, final legal arrangements are still being worked out for conveyance of the title deed.

Planned uses of the property include a school for 200 handicapped children to be constructed and maintained by BOCES; recreation and play areas to be developed and maintained by the Town for year-round use by local residents and for special use during the summer by Oyster Bay's Group Activities Program (GAP) for the handicapped, and an experimental farm to be developed and maintained by the Town and BOCES for use during the

summer by students enrolled in local schools as part of the academic curriculum, by BOCES for teaching, and during the summer for provide a first hand agrarian experience for young people interested in farming. Two acres will be earmarked for a possible Brookville Village Hall. Also, nature trails for the blind, and horticultural and ecological study areas will be developed and jointly maintained by the Town and BOCES.

Burke praised the high degree of cooperation demonstrated by Village, County, Federal and other officials in acquiring the new facility. He singled out Nassau County Executive Ralph Caso whose support was in evidence throughout the acquisition proceedings.

"I feel we have set an example for others to follow in future ventures of this nature," Burke said. "I hope we will see more of this type of intermunicipal cooperation in coming years."

# Conservatives for Effective Government Campaigning For Roncallo

"What we need is an effective Congressman teamed with an effective President," is the way Alfred Kelleit, chairman of Conservatives for Effective Government, explained his group's intention to hit the campaign trail to elect Angelo D. Roncallo Congressman in the Third District.

In announcing that Mario Colleluori will be coordinating efforts of the organization on behalf of Roncallo, Kelleit said "it's time the people started realizing that if they are voting for the President they shouldn't allow a McGovern supporter to sneak into Congress. A vote for any candidate but Roncallo can only hurt the President and may allow a McGovern Democrat to get into office."

Colleluori, who has long been active in conservative organizations on Long Island, said the voters must be made to realize that if they would like to see the President be more effective they must give him a Congress that at best won't be out to prevent him from helping this nation.

"Roncallo is the man we need in Washington and Roncallo is the man the President will need," Colleluori said. He noted that the present Democrat Congress has done all in its power to prevent the President from succeeding. "This Congress received more than 60 programs from the

President but has only acted on 20," he noted.

With this type of Congress, the President is being frustrated in his attempts to solve the problems of this nation. Roncallo, although not in total agreement with all of the President's programs, at least will not be in Congress solely to prevent the President from reaching some of

his goals. To send President Nixon back to the White House without giving him support in Congress by electing Roncallo, is unthinkable," Colleluori said.

"If the people are opposed to the radical schemes of McGovern then in this Congressional race they can only vote for Roncallo," Colleluori declared, adding, "There are no alternatives."

**Letters**  
 (Continued from page 4)  
 derived from parking sticker sales and existing meters  
 (2) Commuter parking lots at the four stations in question are used daily (according to M.T.A. data) by 8,944 regular commuters and 743 infrequent or occasional users. Of the 90,000 households in the Town, 8 out of 10 seldom, if ever, use the railroad.  
 The question is: As improvement, construction and operating costs continue to rise and as the demand for commuter parking increases year by year, how shall the Town meet its aggregate parking district ex-

penses anticipated to be in excess of \$1.4 million in 1973? And how shall the burden be shared?  
 One immediate step will be to increase the parking sticker fees of village residents and out-of-towners from \$20. to \$25. and from \$50. to \$75. respectively. Town residents will find their \$1.00 stickers increased to \$3.00 on March 1, 1973. At the new rates, sticker sales can be expected to produce about \$50,000 annually.  
 Secondly, a three or four cent increase in the parking district tax rate for 1973 will yield an overall \$1,200,000. And finally, all meters should bring in the required balance of about \$150,000.  
 It has been strongly suggested to us that the Town solve this problem merely by increasing the charges for parking stickers. We find, however, that the annual charge to residents would have to be \$50. to \$55 a year, taking into account that the volume of sticker sales will decline as the cost of a sticker increases. Obviously, the infrequent user would find the cost totally prohibitive. Looking to another alternative, if meters are not utilized and if the tax rate were simply increased to cover all costs, every resident would then be required to bear virtually the entire cost of facilities that few

families have the opportunity to use.  
 Therefore, it is believed that a combination of revenue measures is fairest to the greatest number of people and that most commuters will frequently be able to choose between metered and unmetered parking.  
 Please note also that metering will be enforced only between the hours of 8:00A.M. and 6:00P.M. daily, Monday through Friday.  
 I hope this information is helpful to the understanding of a very difficult problem the Town faced and the rational behind its decision.  
 Very Truly Yours,  
 John W. Burke, Supt. TOB  
**Fall Colors**  
 Nassau Recreation and Parks Commissioner Richard A. Fitch suggested to flower lovers and photography buffs that a visit to the Veteran's Memorial at Eisenhower Park might be an ideal way to spend a Fall afternoon.  
 According to Fitch, there are approximately 4,000 chrysanthemums made up of six different varieties set in attractive arrangements and patterns. The flowers, consisting of Fall pastel colors, were grown in the Eisenhower Park Greenhouse.

**Tax Burden L.I.**  
 (Continued from Page 5)  
 \$975 for mortgage interest, but the McGovern proposal permits no consideration at income-tax time.  
 "If we continue this comparison we see the same thing happening to deductions concerning the real estate tax, the New York State income tax and the New York State sales tax," Roncallo explained.  
 "The net result is a loss of \$3,260 in deductions for the average family of four--and that is without even an attempt being made to analyze the loss involved in such deductions as charitable contributions, unpredictable casualty losses and the like."  
 Roncallo said loss of such deductions means \$747 more in annual taxes will be paid by the average family and breaks down to more than \$14 a week that will not be available to the housewife heading for the supermarket.  
 Roncallo added that any candidate advocating the adoption of this tax program is using the people of the 3rd C.D. to promote political ambitions and has a complete lack of understanding of the particular problems facing suburban residents.
