Benefit Concert At Hicksville H.S.

The Hicksville High School State Band will perform Friday night for the benefit of the Symphonic Wind Ensemble Rochester Fund. Music from the big band era will include "Sentimental Journey" and Glenn Miller's "In the Mood." Rock, pop and Broadway will be represented in a concert which will be interesting for all ages. The school's Madrigal Singers will switch hats for the occasion to sing some special "blues" and Broadway arrangements.

All these students are pitching

in to help send their classmates in the Wind Ensemble to perform for the state's music teachers after being invited by the New York State School Music Association. This is the highest honor the state can accord a music and the entire music department has unified to assure Hicksville of a representation of which it can be proud.

Concert time is 8:30 Friday, October 27th in the high school auditorium. Adults \$2.00, Students \$1.00. Further details call We 5-9000 ext. 355.

"\$200,000 Blaze Hits Lumber Yard"

A spectacular general alarm fire struck the McKeon Lumber Yard on Old Country Rd. in Hicksville. The fire on Sunday Oct. 22 was reported at 9:20 p.m. 100 firemen, 11 pieces of apparatus responded under the direction of Chief Louis Mertz. Upon arrival flames were 100 ft. in the air. The blistering heat injured 6 firemen, destroyed a portion of the lumber yard and damaged a house next to the yard.

Mutual aid was requested from the Westbury, Jericho, and Plainview fire departments for additional men and equipment. Several alarms were transmitted. It was reported that an automatic fire detector failed and the fire burned undetected for an undetermined period of time. The cause of the fire is at this time undetermined and the Nassau County Fire Marshals Office is investigating.

Destroyed were two storage sheds loaded with lumber and tar paper and sheet rock. The intense heat ignited piles of lumber 60 feet away. Firemen using tower ladders and water deluge guns

knocked the fire down fast, so firemen using handlines could advance. Several other fires were ignited by sparks and were quickly extinguished.

Chief Mertz praised the work of the four fire departments in that they confined the damage to one corner of the yard and prevented a house on Hanover St. from being destroyed. The house, which was slightly damaged by the heat, was right next to the lumber storage shed. At about 8:30 p.m., the owner reported nothing unusual outside. One hour later the flames were spotted. The home owners car suffered blistered paint. Firemen made sure the family, which included three handicapped children, were safely evacuated.

One pumper and a crew from Co. 5 remained on the scene over night. The injured firemen were Vic Nawrocki, Co. 4, smoke inhalation, R. Dubesteg, Co. 5, burnt hand, M. Galdo, Co. 6, eye injury, C. Couteri, Co. 1, smoke inhalation.

"VAMPS AWARD"

Hicksville Vamps won a 2nd place award in the September

N.Y. Daily News contest. The award was for an outstanding job on a warehouse fire on Tec St. Sept. 10th. The Plainview, Jericho, and Bethpage Vamps assisted.

"Hicksville Vamps Aid Westbury F.D."

Hicksville's 85' Aerial Platform (Co. 1) was called in to help battle a spectacular blaze at the Long Island Paneling Co. on Old Country Rd. Wednesday, Oct. 18, at 8:48 a.m.

"FALSE ALARMS"

False Alarms are once again on the rise. 16 malicious false alarms have been turned in since Oct. 1st. 14 rescue calls were received since Oct. 1st. A serious fire was averted at the old 3-story Hi-Way Tavern on Woodbury Rd. Oct. 10th. Fire from a faulty chimney got into the walls. Firemen were on the scene for over two hours checking to be sure all the fire had been extinguished. Several families on the upper two floors were evacuated.

Next Week: A report on Hicksville's two firemen of the year.

Hicksville Democratic Club Hosts Local Candidates

The Edward J. Giannelli Regular Democratic Club of Hicksville hosted the local Democratic candidates at its meeting on Thursday evening, October 19, at the Knights of Columbus Hall, 45 Heitz Place, Hicksville.

Appearing and addressing the Democratic Club were Sandra Ghelman, candidate from the 10th Assembly District, James Valenti, candidate for Town Council, Town of Oyster Bay, Bill La Marca, candidate from the 5th State Senate District and representatives for Anita Weissman, candidate from the 12th Assembly District and Martyn Friedenberg, candidate

for Judge of the Family Court. Also appearing and addressing the group were Lewis J. Yevoli, Oyster Bay Town Councilman and William Colvin, a Vice Chairman of the Democratic Party of Nassau County and newly elected leader of the Democratic Party Town of Oyster Bay.

Mr. Yevoli as well as the other speakers keyed in on the performance of the Republican office holders in such matters as the Bethpage Land Fill, the installation of parking meters in the Town of Oyster Bay, the \$6,000,000 bond issue, the Northville pipeline and other town, county and state issues.

36th Annual Charter Night For Kiwanis

A gala affair was held on October 21st at the GALAXIE by the Hicksville Kiwanis Club for their 36th Annual Charter night, when they honored their retiring president, Robert Warner. Mr. Richard Botto, the incoming president for 1972-73 was the very capable dinner chairman. The Rev. John O'Mara gave the invocation and the Benediction. About 180 persons attended.

In making the presentation of a plaque to Mr. Warner for his year as President, Mr. Frank Chlumsky mentioned some of the outstanding accomplishments of the Club during the past year under Bob's leadership: - con-

ducted a "Flea Market" raising over \$1700.00, which enabled the Club to give a \$1,000.00 scholarship to a student from Holy Trinity High School, the help given to the residents of a small town in Pennsylvania that was practically wiped out by the flood, by delivering seven truck loads of clothing, etc. to them.

Past Lt. Governor, Richard Mahoney, L.I. North Division, complimented the Club and its President on the outstanding work that had been accomplished thru the year, and extended his congratulations to the newly elected officers.

Town Receives Support For Landfill Proposition

The Nassau County Parks, Recreation and Conservation Association has joined the growing list of concerned community groups urging support of the Town of Oyster Bay's proposed landfill park in Plainview.

The proposal, which will be on the November 7th ballot in Oyster Bay as Town Proposition No. 1, calls for the acquisition of 65 acres of land north of the L.I. Expressway in Plainview for use as a sanitary landfill and development as a recreational facility.

Word of the endorsement of the

Parks, Recreation and Conservation Association came from Arthur Mittelstaedt, Chairman of the Community Affairs Committee, and Mr. Edward Walsh, President.

"We are endorsing this proposal on the basis of sound planning," Mittelstaedt said. "The concept of this project helps to satisfy a need for additional open space that exists in Nassau County and opens the doors to intriguing possibilities for recreational use."

Mittelstaedt said, "The fact that the Plainview property is adjacent to the Shattuck Estate,

Old Bethpage Civic Assn. Backs Plainview Landfill

By Janet Gosnell

The plot thickens as developments continue toward election day, when a Town wide referendum on a \$6 million bond issue will decide whether or not a triangular 65-acre tract bordering on Round Swamp Road and the Long Island Expressway in Plainview will become the answer to the Town's waste disposal problem.

At a meeting of the Old Bethpage Civic Association last Wednesday, according to its president, Mrs. Susan Turner, the executive board of the organization voted in a resolution to support the purchase of the Plainview site or any site outside of Old Bethpage for a sanitary landfill. The meeting and the board's decision followed

by just a few hours a press conference held by the civic associations during which a statement by Mrs. Turner was read in opposition to the Plainview landfill.

She later said it was the feeling of the board that the Town would further pursue the acquisition of a county-owned site in Old Bethpage, denied it by the county, if the Plainview site did not go through. She also said her organization was in the process of making up a flyer for Old Bethpage residents making them aware of the civic association's position.

Comments Unprintable

When asked for comment on the move, Mrs. Carole Fishman,

President of the Greater Plainview Community Association and organizer of last week's press conference, said "My comments are unprintable. They are very parochial in their attitude. An effective civic association should be concerned with what happens in the entire town, not just in their small area. That's what we try to do in the Greater Plainview Community Association."

Ongoing plans continue, nevertheless, she says. The group plans distribution of flyers, visits to various civic associations, ads in some local papers. Funds for the drive come from the treasuries of the GPCA and the Washington Avenue Civic Association.

Restrictions On Great Bear Permit

By Janet Gosnell

The petition of L & L Tire & Brake for a special permit use to operate as it has been doing for some time was granted by the Town Board at its regular meeting on Tuesday.

Thirteen restrictive covenants placed upon the approval by the Town are presumably the result of complaints of residents of 18th Street, located behind Great Bear, heard at the public hearing on the application on July 11th. The restrictive covenants are as follows:

1. The permit will expire in three years from the date of the resolution and may be granted an extension at the discretion of the Town Board.

2. The exterior of the presently existing building which faces east shall be painted in one color only, either light gray or white.

3. No public address system or paging amplifying system of any kind shall be installed or maintained upon the subject premises or used in connection with any other business on the subject premises.

4. All exterior lighting shall be located on the subject premises so that it will not be directed toward any residential property

and all such lighting shall be shielded and directed away from any residential property or shall not cause annoyance or inconvenience to residents in the area.

5. There shall be no outdoor storage of materials of any kind or nature on the subject premises and no garbage, rubbish, refuse, litter or debris or waste matter of any kind or nature shall be permitted, allowed or suffered to accumulate outdoors on the subject premises or any part thereof and all garbage, rubbish, refuse, litter and debris shall be deposited in locked containers which shall be located not less than 35 feet from the street on a line except in the case of storage of petroleum products or waste, which shall be stored in concealed containers underground.

6. The doors presently located in the east wall shall not be used except for emergency.

7. The working hours shall be from 8:00 A.M. to 6:00 P.M. Monday through Friday and 8:00 A.M. to 1:00 P.M. on Saturdays, and no work shall be performed on Sunday or legal holidays.

8. Outdoor repair work shall be prohibited at all times and no

such work shall be performed on the east of the presently existing building.

9. The strip of land to the rear of the property shall remain and shall be kept free at all times of garbage, rubbish, refuse, litter, debris or waste matter.

10. The rear yard shall not be utilized for storage of commercial vehicles.

11. The pumps, lubricating devices and other tools of the trade shall be located not less than 20 feet away from the line of any street or highway right-of-way.

12. The vehicular opening in the fence at the rear of the property shall be closed by means of a chain and padlock during non-working hours.

13. There shall be no access to 18th street from the premises, and there shall be no access from 18th street to the premises.

The vote on the approval of the permit was 5 aye, 1 abstain and 1 absent. Councilman Warren Doolittle, of Hicksville, abstained on the grounds that he has served as legal counsel to Great Bear. Councilman Lewis Yevoli was absent.

Business Zone Approved

At its regular meeting on Tuesday, the Town Board of Oyster Bay approved the petition of Jerry Spiegel Associates for a change of zone from Residence D to Business G for a parcel of land on the north side of West John St., Hicksville, about 100 feet

west of Sackett Street.

According to attorney Joseph Giordano, who presented the petition, the intention is to erect a retail store on the premises. Jerry Spiegel also owns the adjoining parcel of land.

Retreat Set For Pius Emblem Candidates

Catholic Boy Scouts who are candidates for the Pope Pius XII Emblem will be able to satisfy a requirement for the honor by attending a closed retreat on Saturday, November 11.

The Bishop's Committee on Scouting advises scouts who hope to receive the emblem that attendance at a closed retreat is one of the diocesan requirements.

Editorials

Marks Should Count!

Thousands of Grade A high school have just learned that their four years of effort have been in vain.

Nassau Community College has changed the rules—instead of being accepted on a scholastic basis, all applications with 75 or better average will be "put in a barrel" and chosen at random. Can this be the start of a trend?

In this great country that has prospered under fair competition, we are now telling our youth "Don't bother to do your best—just get by". What will happen when our students of today become the statesmen and engineers of tomorrow? It's frightening, indeed, to contemplate them in competition with the youth of Russia who have been taught excellence is the norm and mediocrity is a disgrace.

We do NOT believe in this solution to the problems at Nassau Community!! Back to the drawing board, gentlemen.

Dear Friends...

ONCE AGAIN, we must remind you that, no matter how worthy of being published your "Letter To The Editor" is, we do not consider it without your name and address attached, although, we will withhold it if you so request.

NEXT WEEK, THE HERALD will bring you its stands on the propositions upon which we will all be asked to vote on Nov. 7, and will endorse candidates. A newspaper, be it large or small, usually does endorse and take stands. We do so, knowing full well, that one cannot please everyone...not even all those we like. But let us agree or disagree amiably, my friends, and be glad that we are all living in a country where we are still free to do so.... "Here in our editorials, we are not saying arrogantly, "This is what you must think". Rather, "This is what we think and why. Won't you think it over?" Come, let us reason together....

UNTIL NEXT WEEK, stay well, and don't waste a day.

Sincerely,
SHEILA

Letter To The Editor

Dear Editor:

The Hicksville School Board is a dictatorship. The foreign language is being dropped in the elementary schools; the book, "Ten Top Stories", currently being read by the 7th graders in Junior High School, is reportedly banned; they refuse to meet at any night other than Friday nights, so Jews who observe the Sabbath, may attend a meeting. The first two items have been decided without proper announcement of public hearings. The last item will probably take a

court order to change.

How can the Hicksville taxpayers allow indiscriminate authoritative activities to go on concerning the School Board? They'll argue about a \$2.50 expenditure for over an hour, but won't spend precious time finding ways to better the curriculum of our school children. It is in much need of improvement and updating.

Public minded citizens and taxpayers, be aware!

Yours truly,
Carol Lapidus

REPORTS

Last week, this column noted that there have been several misconceptions regarding the proposed landfill - park and attempted to clarify one of them concerning the selection of the Plainview site. This week, I would like to comment on another aspect of this project that apparently is misconstrued: the cost of this piece of property.

After the State, Town and consulting engineers established that the Plainview site was the only available one that meets all of our solid waste disposal needs, the Town Board then took the next step in a standard procedure for acquiring any piece of property for municipal use purposes: the establishment of the means to finance the project.

Many of you have followed this same procedure in the purchase of a home or automobile. You determine the maximum amount of money you want to borrow to finance the purchase, as well as the amount a lending institution is willing to loan. The home or car that you eventually buy more than likely is less than the maximum previously established, and only that amount is what you borrow to complete the contract.

This is the same procedure followed by the Town Board when

it first authorized, on August 29, a bond issue of \$5.97 million to finance the acquisition and improvement of the 65-acre site. In response to a petition by a number of Town residents, the bond issue has been made the subject of a referendum.

This involves the whole concept of condemnation. This \$6 million bond issue is not our offer to the landowner; it merely sets out, for everyone to see and consider, the maximum impact of this project on the tax rate. If this bond issue is approved, the Town will condemn the land, and then it will be up to the Supreme Court of New York State to decide the fair market value. If it is less than the amount authorized by the bond, the Town will only sell enough bonds to pay the cost - and no more.

The courts will decide the price of the land, not the Town and not the landowner. This is to protect both the taxpayers of the Town and the seller.

The resolution establishes the maximum estimated cost of the property at \$5.5 million, with the balance being for the initial improvement of the land, such as fencing and landscaping, the equipment required, and the costs of floating the bond issue. Will the landfill site cost \$5.5

million? It is very doubtful that the price will be that high; this is the outside limit of possible costs arrived at by using the dollar figure paid for similarly zoned land in that general vicinity. There are many factors that must be considered in determining the true market value of the land.

The Town resolution authorizes acquisition through condemnation proceedings, and it will be up to the court to determine a fair price for the land. It will be this cost, as set by the court, that will determine how much of the bond issue will be spent.

The Town must move now to acquire the site so that the proper planning and site preparation can be carried out to ensure that we have a facility providing an efficient waste disposal operation and an ongoing recreational area.

The Town of Oyster Bay Proposition on the ballot this Election Day is not a political issue, despite the efforts of some to make it one. This is a non-partisan issue that cuts across all lines, and to consider it otherwise is to gamble with the health and safety of the Townspeople.

Town Asks People Not To Burn or Sweep Leaves Into Street

Oyster Bay Town Councilman Gregory W. Carman reminded residents in unincorporated areas of the Town that for the second consecutive year, they can take advantage of a program offering collection of bagged leaves.

"Residents in the affected areas should leave their bagged leaves by the curb for pickup by the Public Works unit assigned," Carman explained. "On regular garbage day, a maximum of four bags will be picked up and, on rubbish day, a maximum of eight." He added that if more than the allotted number were put out, a special highway department truck would be sent

to pick them up.

Carman asked residents to refrain from sweeping their leaves into gutters or burning them. He reminded the people that a county ordinance prohibits burning in many municipalities and piles of leaves left in the road interfere with regular street cleaning operations.

The pickups will be made by a coordinated effort of Town forces (Highway, Parks, Beaches and Sanitation). Carman noted that the Highway Division would still maintain its normal cleanup of the almost 70 miles of roads in the Town and that in cases of an abundantly heavy fall of leaves resulting from a drastic weather

change, the number of pickups would be increased to accommodate the overflow.

"This program was enormously successful last year," Carman said. "We collected an estimated one million plastic bags of leaves." He added, "I feel, however, that last year's result is only a small indication of the type of cooperation we can expect this year."

Collection began October 1 and will continue through December 1, at which time Town vehicles will be converted for snow removal use.

Gregory Museum Exhibition Display

The Gregory Museum Traveling Art Exhibit is currently on display at the Bethpage Public Library, 47 Powell Avenue, Bethpage. 33 prominent Nassau County Artists, who have achieved eminence in their area of the Arts, either by teaching, museum affiliation or professional activities in other areas are participating in this unusual high calibre art show, assembled and coordinated by Reta Soloway, well known Artist and Teacher of Franklin Square and Elmhurst. This exhibit is unique because it was originated

to help people to know and appreciate The Gregory Museum, Long Island's Earth Science Center, and will eventually be a permanent phase of The Gregory Museum. The prominent artists whose pictures are on display are: Ruth Baderian, Cyril A. Lewis, Bernice McKay, Walter Smith, E. Williston, Dorothy Bedell, Marion B. The LENT Record On The Environment

Politicians are few and far between who aren't crying out for better protection for our abused environment ... but Congressman Norm Lent's record is one of ACTION ...

Dedication Of Flags

United States Week was inaugurated at Hicksville High School with the dedication of ten historical flags commemorating the Colonial, Revolutionary and Modern eras of American history.

Kenneth McGinniss, Chairman of the Social Studies Department, acted as Master of Ceremonies for this occasion.

Mr. Raymond Rusch, High School Principal, spoke on the significance of United States Week and Dr. Jerome Niosi, Superintendent of Schools, recalled for the students past accomplishments of the United States.

The presentation of the flags was accompanied by the Hicksville Concert Band under the direction of Mr. R. Gerard Pellerin. The band played a series of compositions which were indigenous to the period signified by the flag. The selections included Chester, Yankee Doodle, The World Turned Upside Down and ended with You're A Grand Old Flag.

The ceremonies concluded with over 700 students and faculty standing for the Star Spangled Banner.

HICKSVILLE CELEBRATES UNITED STATES WEEK: Dr. Jerome Niosi, Superintendent of Schools, top left, addresses the student body on the ac-

complishments of the United States. "On October 19, 1781, with the victory at Yorktown, the colonies emerged as a nation." Flag presentation is shown at the

RONCALLO SAYS TAYPAYERS ARE AN ENDANGERED SPECIES UNDER DEM TAX-WELFARE REFORM PROGRAMS

Nassau County Comptroller Angelo D. Roncallo, Republican candidate for Congress in the Third C.D., points out flaws in McGovern's tax-reform program which would eliminate income-tax deductions for mortgage interest, real estate taxes and medical expenses for most Long Island families. Roncallo says the loss of these and other deductions would raise taxes by 42% for a working family with an income of \$16,000 a year. This breaks down to \$747 more a year in taxes or \$14 less available each week for food and clothing.

"After studying the tax reform proposals of McGovern and those running on his ticket, I can only conclude that the Democrats intend to add the American taxpayer to the endangered-species list." — Angelo D. Roncallo

ANGELO RONCALLO SUPPORTS

- The moderate policies of President Nixon
- A Constitutional Amendment to stop the forced busing of school children
- The right of local residents to charge outsiders to use the beaches and parks local taxes have paid for and to restrict use of these facilities to prevent overcrowding
- A strong national defense program that will enable this country to negotiate for peace from a position of strength.
- Welfare reform instead of welfare handouts
- Penalties for those who break the law by avoiding military service

Flag Burning Ceremony On Veteran's Day

Over one hundred faded and worn-out national flags were properly destroyed in a dignified and moving ceremony at the Charles Wagner Post American Legion Clubhouse, Hicksville on Veterans Day.

Commander Mathew Brennan lead post officers, members and Auxiliary members in disposing of the flags by committing their tattered and unserviceable remnants to fire in a public ceremony.

The American Legion's ceremony to which the general public was invited consisted of the posting of colors, the playing of the National Anthem; the advance of the worn flag detail; the inspection of the flags by three Vice-Commanders to attest to their worn condition and unfitness as national emblems; a brief commentary by Commander Brennan on the value and the idealism embodied in flags and the order to "let those faded flags of our country be retired and destroyed with respectful and honorable rites and their places be taken by bright new flags, that no grave of our soldier or sailor dead may ever be unhonored or unmarked." After a prayer by Chaplain James Carter thanking "God, Captain of all hosts and Commander over all, for our country and its flag, and for the liberty for which it stands..." the many old flags gathered by Legionnaires were burned with respect and care. Master of Ceremonies for the occasion was Americanism Chairman Richard Evers.

COMMANDER MATHEW BRENNAN (saluting, behind the fire) and Post members pay their respects as the Charles Wagner

Post, American Legion demonstrated the proper disposal of over 100 worn flags on Veterans Day.

Orientation Night At Holy Family

On Friday evening, October 20th Holy Family School, Hicksville, held its annual Orientation Night. Rev. Daniel F. Nelson, pastor and Mr. John Durgavish, president of the School Board welcomed the parents.

The guest speakers were Dr. M. Ronald Minge and Dr. Henrietta L. Isler, both licensed psychologists. In Dr. Minge's talk "Preparing the Child to be a Successful Adult," he pointed out the fact that half of the children presently in first grade, will hold jobs that have not yet been invented. Therefore we have the enormous responsibility of preparing the children to meet the stress of life. Though Dr. Isler spoke briefly, she gave some very fine techniques for helping the child to improve his self concept, and thereby develop a better personality.

Each member of the faculty prepared an outline of the area of the curriculum that he (she) will

be teaching during this school year. The evening closed with an informal gathering of parents and teachers as they enjoyed refreshments in the cafeteria.

Obituaries

Mrs. Esther (Wahlquist) Wessell, 94, a resident of the Elizabeth Carleton House in Roxbury, Massachusetts, died on October 18. She was the widow of Rev. Nils J. Wessell of Plainfield, New Jersey. Mrs. Wessell was born in Stockholm, Sweden, and came to the United States in 1901. For a number of years she had made her home in Hicksville with her daughter, Miss Runhild E. Wessell, a teacher in Hicksville Senior High School.

She also leaves two other daughters, Mrs. O. M. Talbot of Bridgewater, Massachusetts and Mrs. Frederick K. Teichmann of Scarsdale, New York, and one son, Dr. Nils Y. Wessell, president of the Sloan Foundation and former president of Tufts University.

Francis R. Bishop of HICKSVILLE, died recently on October 11. He was the beloved

husband of Anne, father of John E., Mary E. Nigro, Joseph F., Margaret Kane and Joan M. Bishop. He is also survived by a brother John J. Bishop and 10 grandchildren.

She reposed at the Thomas F. Dalton Funeral Home and interment took place at Holy Rood Cemetery.

Donald F. Moran of HICKSVILLE, died recently on October 12. He was the beloved husband of Ada, father of John, Donald Jr., Thomas, Candy and Patricia.

He reposed at the Vernon C. Wagner Funeral Home and in-

terment took place at L. I. National Cemetery.

Hicksville Public Library

The Hicksville Public Library is presenting a varied program for the 1972-73 season. For the first time the library will be offering live drama to the Hicksville community. Six neighboring libraries have joined together to bring 'theatre' to the Mid-Island area.

The group presenting the three productions in the Ivy Lane Repertory Theatre. The first play will be Arthur Miller's "The Price", to be held Saturday evening, December 2, at 8:30 p.m.

The six libraries are sharing the costs of scripts, printing of programs and tickets, etc. thereby enabling the libraries to cut the expense of each production.

The other plays scheduled by the Ivy Lane Group will be "The Subject was Roses" to be held on Saturday, February 3, and "Mary, Mary" on Saturday, March 30. Programs of all the plays are at the main desk of the library and on the bookmobile. Tickets will be given out on a first come basis three weeks before each showing.

The Town of Oyster Bay Department of Community Activities is co-sponsoring a performance by the Studio Theatre of "Jacques Brel is Alive and Well and Living in Paris" on Friday evening, January 19 in the library auditorium.

The library will also continue to be the showcase for Long Island musicians with a series of ten concerts to be held on Sunday afternoons at 3 p.m. through May. The next concert will be the Nassau Community College

Faculty Chamber Music Group on November 22.

The Hicksville Library Music Series is made possible by grants from Nassau County Office of Cultural Development, Ralph Caso, County Executive, and directed by John Maerhoefer and the Music Performance Trust Fund.

Twelve films are to be shown in the Cinema Series on Wednesday evenings. These films have been obtained from the Nassau Library System by a grant from the New York State Council on the Arts. All the films are "oldies, but goodies" from John Barrymore to Fred Astaire and Ginger Rogers "The Bill of Divorcement" with Katherine Hepburn and John Barrymore, made in 1932, will be shown on Wednesday, November 8 at 8 p.m.

Also in the offering is a series of lectures on "Retirement" to be held in the spring.

This year's library programs are planned with the interests of all the people of the community in mind. We hope that we have planned something for everyone.

Besides the music, drama and cinema programs, the library will have a different art exhibit each month in the glass showcase in the lobby and in the small auditorium.

The Hicksville Library for many years has been a music center and now it hopes to become a true cultural center for this area. Members of the community no longer have to go many miles to enjoy live theatre, classic films and good music. The Hicksville Library has it all.

Bumblebees Extend Win String

The St. Ignatius Bumblebees extended their unbeaten string to 6 last Sunday by nipping a strong St. Ann's team from Garden City 7-0.

The Bumblebees scored with 20 seconds remaining on the clock. After three and a half hard fought quarters St. Ignatius received a punt on its own 45 yd. line with 4 min. to go in the game. With a combination of fine running and swing passes the Bumblebees moved the ball to St. Ann's 5 yd. line, with 30 seconds to go on the clock J. Johnston moved the ball to the 1/2 yd. line behind the blocking of R. Muller and J. Hurley. Then with time running out G. Siry the Bumblebee QB sneaked across behind the blocking of S. Welti and J. Haggerty. The Bumblebees converted on a pass from Siry to Rupp to make the score 7-0.

Next week The Bumblebees travel to Deer Park to meet St. Cyril at Deer Park H.S. field at 2 PM. This Game should be a real Pier 9 Brawl with both teams needing a win to stay in contention in the Eastern Div. of the CYO "B" div. St. Cyril's record stands at 5-1 and the Bumblebees at 5-0-1. Along with the Bumblebees at the top of the Eastern Div. is St. Rose of Massapequa with a record of 5-0-1. With this in mind St. Ignatius knows it cannot afford nothing but a win in the last two games remaining in their division. So off to Deer Park and BEAT ST. CYRIL!

Tax Exemption Clarified

Town of Oyster Bay Receiver of Taxes Solomon Newborn announced recently that the Supreme Court has clarified the eligibility of Senior Citizens for the real property tax exemption.

He said "Return of capital from an investment in mutual funds is not included in a taxpayer's income for purposes of determining eligibility for the partial property tax exemption provided for persons 65 years of age or older with limited income."

"In addition," he continued, "depreciation is allowed in determining rental income, and capital gains may be offset by capital losses."

The Oyster Bay Town Board passed a resolution last month amending the Local Laws of the Town of Oyster Bay raising the limit of real property tax exemption to the elderly from \$5,000 to \$6,000.

Hicksville High Football Games On The Cable In Nassau County

Sterling Nassau Cable Television will present two Hicksville High School football games and two local elementary school skits on its local

origination channel 10, President John Tatta announced today. The first game, Hicksville High School vs. Port Washington High School, will be cablecast on a

delayed basis, on Thursday, October 26th at 4:00 P.M. and 7:00 P.M. The cablecast will be repeated Sunday, October 29th at 7:00 P.M.

The second game, between Hicksville High School and Herricks High School, New Hyde Park, will be cablecast Thursday, November 16th at 4:00 P.M. and repeated Sunday, November 19th at 7:00 P.M. Each game will run approximately 2 hours.

Both games will be videotaped on half-inch equipment by Hicksville High School audio-visual students.

The two elementary school skits, Hansel and Gretel with students from Willet Avenue Elementary School, and The Spirit of 1776, performed by students at Dutch Lane School, will be shown on Channel 10 on Saturday, October 28th and Sunday, October 29th at 10:00 A.M.

"Raking Leaves And Branches"

Public Works Commissioner John H. Peters today reminded Nassau homeowners that the practice followed in some villages of having homeowners rake leaves and branches into the street for subsequent removal by village forces is not applicable to County roads and is specifically forbidden by the highway law.

"If you don't know whether or not your street is a County road, call 333-9400 extension 404 and our Road Maintenance people will

advise you," Peters said.

"It should also go without saying that sewers are not set up to handle such material," Peters added. "Blockages in sewer lines, if they are serious enough, can cause backups into the cellars of nearby homes. Also, leaves can foul the machinery at the disposal plant causing expensive repairs."

Peters stated that bundling leaves and branches for pickup by local sanitation departments

"Bicycle Jubilee"

Long Island bicycle enthusiasts, young and old, are due to have a new and exciting opportunity. Commissioner of Parks and Recreation, Alexander Aldrich and A. Holly Patterson, Chairman of the Long Island State Park and Recreation Commission announced that a Bicycle Jubilee will be held on October 28.

The Bicycle Jubilee will provide a chance for those interested to ride bicycles to Jones Beach and back on the Wantagh State Parkway between the hours of 9 a.m. and 4 p.m. Autos will be directed to the beach that day via the Meadowbrook Parkway.

The Long Island State Parkway Police will be hosts and directors of the pilgrimage down the parkway. Commissioner Aldrich said as he praised the recognition of the popularity of bicycle riding as a recreational activity.

The Long Island State Park and Recreation Commission has received many suggestions and requests for bicycle routes in conjunction with the state parkway system. Promoters of the

idea of a bicycle trail network have consulted with park officials. Numerous letters have been written to the Commission suggesting certain bicycle trail developments. Senator George A. Murphy of Bellmore has taken the time and trouble to confer with park officers in behalf of his consistent support of the bicyclists interested in trails along the parkways.

Senator Murphy applauded the Bicycle Jubilee Day and indicated his pleasure at this responsive program action by the State Park and Recreation Commission.

Bicycle enthusiasts may enter the Wantagh Parkway at Merrick Road on October 28 beginning at 9 a.m. Riders will be directed to Field 5 at Jones Beach and will be permitted to use the boardwalk to its westerly terminus at Field 1. Cycling areas will be defined in order that walkers may use the boardwalk safely. Special programs for the day are being developed and will be announced at a later time.

Madeline Cohen Wins Second Place

Madeline Cohen, 13, daughter of Mr. and Mrs. Murray Cohen, 34 Gerhard Rd., Plainview, won second place in the junior high school division of the National Virginia Hardy's Oven Short Story Contest. The contest was sponsored locally by Virginia Hardy's Oven, 744 Old Bethpage Rd., Old Bethpage.

Miss Cohen is a student at Mattlin Junior High School,

Plainview. Her English teacher is Mrs. Weinberg.

The story, "Journey Into Time," won a \$50 U. S. Savings Bond for Miss Cohen. Stories were submitted to the contest in cities where Virginia Hardy's Oven has outlets, in the midwest and eastern United States, and also from students in other states who sent their stories directly to National headquarters, Chicago.
