**Impressive AOH Turnout
Honors Peter Collins**

HICKSVILLE - Hicksville Hibernians and friends of Peter Collins in record numbers were present last Saturday evening, November 25, at the 14th Annual Fall Dance of the Commodore John Barry Division Eleven, Ancient Order of Hibernians, honoring this distinguished Irishman.

Presentation of plaques were made by John Hartly, Dance Chairman on behalf of the Division and Bob Willis representing the Hicksville American Little League.

Oyster Bay Town Supervisor John W. Burke, a proud member of the Hicksville Division, addressed the assemblage praising the dedication and sincerity of purpose of his Brother Hibernian Peter Collins for his work with the youth of the community.

QUITE A GUY: Oyster Bay Town Supervisor John W. Burke, a proud member of the Hicksville Hibernians and Mrs. Annie Collins admire plaque presented to her husband Peter Collins, left, by the Commodore John Barry Division Eleven, Ancient Order of Hibernians, last week. Mr. Collins was honored by the Division at its 14th Annual Fall Dance, in recognition of his outstanding contributions in promoting sports activities with the youth of our community.

John Hartly, Dance Chairman addressed the following remarks to the guest of honor: "Who is this man we are honoring tonight? He is not a statesman or politician, priest or minister, doctor or lawyer, neither is he a rich man or poorman. For this man has done more in my opinion than all of the aforementioned when it comes to children. To my knowledge, he has never taken a course in psychology, nor has he ever written a thesis on child behavior. He has moulded goodness and fair play into so many of their minds that it would be so hard to count how many children have come under his wing.

"We as parents can direct our children to what is right and wrong. Some heed what we say, but do they do what we say? But when Peter Collins tells them what he wants from them, they all seem so influenced. By his words and actions; that they all do right and proper. Think what it might be like all these years without Peter Collins? Where would your children be tonight. I am positive that some of them would be calling from the local precincts asking to be bailed out. Think about what I have said. Is it not the truth? So let us all stand and show him with a big round of applause what we think of him! Pete all these people are from all walks of life, who have come here to break bread and honor you for

your work with our children. If we could have rented out the Nassau Coliseum I am sure that we could have sold it out tonight!"

Distinguished guests present on this auspicious occasion were: Reverend William Galloway, Chaplain and Pastor St. Paul the Apostle, Jericho; Reverend Patrick Fleming, St. Paul's; President William Patrick Collins, Division Eleven; President-elect Vincent Jones, who will be installed on December 3rd; Mrs. Grace Halcott, President Ladies Auxiliary; Honorable John W. Burke, Supervisor of the Town of Oyster Bay; Francis J. Anderson, former County Clerk (member Division Eleven); Tom Hogan, Hicksville Republican Executive Committeeman; Honorable Francis J. Donovan (Division Eleven member); Town Councilman Warren M. Doolittle; George V. O'Haire, Hicksville Democratic Leader; Tom Clark, President Hicksville School Board (member Division Eleven); Charles Lynch, Senior Deputy Town Attorney; Bob

Willis, Hicksville American Little League.

Division Eleven was organized 14 years ago under the guiding hands of Jim Cummings, Frank Mangan, Edward Quins and John Flanagan, who are charter members. Past Presidents attending were: Bill Minihan, Robert W. Corcoran, Jim Cummings, Jim Crimmins, now serving as Nassau County Board Vice-President; Peter Collins, Pat Dowling, Bill Smothergill, Steve Ryan, and George Harkin.

Representing the Joseph Barry Council, Knights of Columbus were: Grand Knight Jack McKenna; and Past Grand Knights John Mulholland, Joseph Kaprinski and Robert DeLorenzo.

Music by Pete Kelly and his "All-Irelanders" till the wee hours and a delicious buffet prepared by Brother Ned Bergen rounded-out a most enjoyable and successful event chaired by John Hartly and Steve Ryan and committee: George Harkin, Pat Dowling, George Donahue, Jim O'Sullivan, Ned Bergen and Jim Cummings.

**Hicksville Community Council
Informative Meeting**

The planned program for the December 7th meeting of the Hicksville Community Council will undoubtedly be a most interesting and informative program.

Mr. Elery Bean, Program Chairman of the Council has invited adult leaders of Youth Organizations in Hicksville to come and speak on the subject, "What the Youth Organization are doing for their community". To date, commitments have been made by representatives of such organizations as 4 H Clubs, Police Boys Clubs, Boy Scouts, Girl Scouts and Campfire Girls to come to the Council meeting to speak.

Mr. Siegfried R. Widder, president of the Hicksville Community Council commented about the coming meeting, "It is encouraging to see that Youth Organizations such as these are active in our community. I look forward to the information the representatives of these organizations will bring to our Council meeting, especially with regard to what their programs consist of and what our young people are doing for our community. This fits in very well with the purpose of our Council, namely, the dissemination of information. Information concerning the productive activity of the youth of Hicksville is always welcome. As always, at each of

our meetings, a portion of the meeting will be set aside for public discussion and questions on any subject, providing it pertains to Hicksville. Our Council is progressing and growing. Each month more organizations and individuals are indicating their support by joining and paying their dues.

All organizations and businesses in Hicksville are welcome to join by sending representatives. Equally important, individual interested citizens who are concerned "For A Better Hicksville" are always welcome.

Remember the date December 7; the time: 8:15 pm; the place: the Hicksville Public Library.

Social Security Questions And Answers

QUES: My friend told me to wait until the end of this year to file for Social Security benefits because that is when I plan to retire. However, I understand that the paperwork takes time, so this could delay my check next year. Who is right?

ANS: You are! Don't put off until the end of the year what you can do today. It does take time to process a retirement claim - as much as two to three months, sometimes. Contact your Social Security office immediately so that they can help you.

QUES: My wife recently had a stroke that left her with a severe speech problem. She's 66 now. If she gets speech therapy at home through home health visits, will our Medicare coverage pay for it?

ANS: Yes. Medicare will pay for up to 100 home health visits each calendar year - if your wife needs speech therapy, if she's confined to her home, and if her doctor has determined she needs home health care and sets up and periodically reviews a plan for the care. Also, the home health agency must be one that participates in Medicare.

QUES: I'm 62 and planning to retire within the next year or two. Must I wait until a birthday to apply or can I apply at any time during the next 2 years?

ANS: you can apply for retirement payments any time. If you decide to have your checks start before age 65, your benefit amount will be permanently reduced. The amount of the reduction depends on how many

months you get checks before you're 65. For every month that you are closer to 65, the reduction in payments is less. You should apply for Medicare 2 or 3 months before the month of your 65th birthday.

QUES: I just started working and paying into social security. Can you tell me how long a person must work under social security to be eligible for benefits at retirement age?

ANS: Anyone starting his or her working career now will be fully insured for retirement benefits after 40 quarters (10 years) of work under social security. But don't forget that younger workers are also protected by social security disability and survivors insurance before they have worked that long.

QUES: I'll retire in a few months and start collecting social security retirement benefits. Will

Buying a Bike For Christmas Don't Sell Safety Short

Buying your child a new bike for Christmas is not the same as buying him a toy.

According to the Automobile Club of New York, some serious thinking by parents before the bike is bought - can help exclude their youngsters from the roughly 30,000 bicycling injuries and deaths that occur each year.

Fathers and mothers, the local AAA affiliate says, would do well to ask themselves such questions as:

Is my child old enough to understand his responsibility in traffic, to keep a bike in good shape, to practice a safe bicycling code?

Will I see to it that he or she gets proper instruction in bike safety before being permitted to ride in

traffic?

To help parents guide their youngsters, the Club is offering - free of charge - the AAA Bicycle Safety Kit, an assortment of rules and suggestions designed to take the risk out of bike riding, while leaving the fun and good exercise in. The kit contains information on buying, maintaining and riding a bicycle, as well as such useful items as a bicycle inspection checklist, a bike driver's ID card and a reflectorized decal for the rear fender of your youngster's bike.

To obtain it, simply send a self-addressed stamped envelope to Bicycle Safety Program, Automobile Club of New York, 28 East 78th Street, New York, New York 10021.

The proceeds of the Man of La Mancha opening night on Long Island will go to benefit the programs of the Association for the Help of Retarded Children (AHRIC), Nassau County Chapter.

I have to pay Federal income tax on these monthly benefits?

ANS: No. You do not have to pay Federal income tax on social security benefits.

QUES: My husband, who served 20 years in the U. S. Army, was recently killed in Vietnam. My 9-year-old son and I now get monthly social security benefits?

ANS: Yes. Since service in the United States Armed Forces is covered under social security, you should call or visit any social security office immediately to apply for survivors insurance benefits. Our address in Mineola is 1505 Kellum Place, Mineola, New York 11501. The telephone number is P17-5470.

Hicksville Wind Ensemble Off To Rochester

Jubilant members of the Hicksville High School Symphonic Wind Ensemble are very proud of themselves today. First, they were selected as one of the finest bands in New York State and invited to perform for the State's music teachers at the NYSSMA Directors' Conference in Rochester, New York. Then, faced with a lack of funds, they worked to raise all of the money necessary for their expenses. They did it with the help of Parents, Teacher Associations, relatives, friends of music in the community, music faculty and of course their own fellow students.

This valuable and educational field trip begins early this Saturday morning when the Wind

Ensemble leaves the high school by chartered bus at seven A.M., arriving in Rochester in time for a concert by the Eastman School of Music Jazz Ensemble that evening Sunday. They will observe rehearsals of the All-State band and orchestra, attend an afternoon band concert, rehearse for their own concert and perform that evening in the world famous Eastman Theatre. Monday is the long trip home.

The members of the Wind Ensemble are grateful for the assistance they have received from the community. They are confident that their efforts will bring honor to the community, to the schools and to the Music department.

SEVEN OF THE TEN HICKSVILLE High School Musicians who have been selected for the 1973 All State Groups are (standing, left to right) Karen Shapiro, oboe; Peter Matzka, violin; Lisa Palella, violin; Nancy Jackson, bass. (Seated left to right) Merrill Weiss, piccolo; Robert Estrin, horn; Lorraine Heuer,

viola. Not present for the photograph were Ariene Travis, oboe; Nancy Sarstedt, violin; and Sharon Konits, bass.

These students will rehearse and perform under noted guest conductors from December 2nd through December 4th at the Eastman Theatre, Eastman School of Music, Rochester, New York.

CASE HELPS LAUNCH SALVATION ARMY CHRISTMAS APPEAL IN NASSAU COUNTY: The Salvation Army Christmas Appeal got underway this week with the appearance of the traditional "Christmas Kettle" throughout Nassau County. Donations dropped into the kettles are used to maintain the Army's year 'round program of service to members of the community in need. One of the avenues of assistance is the Christmas program of providing food, clothing and toys for the

Joyous holiday season to those families who would otherwise face despair. The spirit of Christmas is also brought to the homeless, the alcoholic, the derelict and others to whom the Salvation Army means hope and help.

In the above photo Nassau

County Executive Ralph G. Case launches the Nassau County Salvation Army Christmas Kettle Drive, accompanied by Salvationist Mrs. Lawrence Moritz of the Hempstead Corps and Samuel Sloan Chairman, Salvation Army Nassau County Advisory Board.

Supervisors Cancel Dec. 27 Meeting

The December 27th meeting of the Nassau Board of Supervisors has been cancelled due to the holiday season.

Because the Christmas and New Year holidays fall on Monday - the regular board meeting day - meetings have been scheduled on successive Wednesdays, Dec. 27 and January 3.

The January 3 meeting, at which the annual salary ordinance for all county employees is approved, will be held as scheduled. The meeting begins at 11:00 a.m. in the Board of Supervisors' meeting room Fifth Floor, County Executive Building, Mineola.

Kiwanis Notes

At a recent meeting of the Hicksville Kiwanis Club Scholarship Awards Chairman, Russ Coniglio, reported Kiwanis has paid their last award for 1972, having seven boys and girls attending various Colleges and Universities, such as Hofstra, Adelphi and others. Russ also read some of the letters received from the School and the students commending Kiwanis for their fine work.

Key Club Chairman, William Heberer, reported progress is being made with forming a new Club in Hicksville.

It was also reported twenty five turkeys were delivered to the schools, where the school children were adding the "goodies" for Thanksgiving, which will make many families happy for the Holiday.

On December 20th, Santa will visit many "Shut-ins" with gifts for all. That night Kiwanis members will visit Jones Institute with entertainment and gifts for all of the residents.

Man of La Mancha Proceeds To Benefit AHRC

The proceeds of the Man of La Mancha opening night on Long Island will go to benefit the programs of the Association for the Help of Retarded Children (AHRC), Nassau County Chapter.

The movie, which stars Peter O'Toole and Sophia Loren along with James Coco, will have its Long Island opening on December 12th at the Cinema 150 Theatre in Syosset. A simultaneous opening will be held in New Jersey. Both will be the second public showings.

A spokesman for AHRC said that one of the highpoints of the musical score, "The Impossible Dream," had great significance to AHRC which many thought was an impossible dream when the organization was founded nearly twenty-five years ago in Nassau County. Today, AHRC has over seven thousand members and provides a program of

pre-school education, occupational day training, recreation, vocational training and placement for over a thousand children and adults, and a hostel program for adult retardates.

The organization, which is one of the few alternatives to institutionalization for the retarded, operates a day training center at its educational center in Brookville and the largest vocational training center to be found in the United States, in Freeport. Much of the program cost has to be borne by individual contributions and it is for this purpose that the funds from Man of La Mancha will be used.

The motion picture, which was produced by United Artists, is directed by Arthur Hiller and the same award winning team responsible for the stage production has brought the show to the screen.

More Around Our Town

Good luck and best wishes go to Paul Walker, of Carl St. HICKSVILLE, and his refreshingly new singing, swinging group, "Municipal Beef." In its early stages, this group of local young men, used their talents entertaining shutins at the holiday season. On Dec. 28th, they will play for the Kappa Sigma RHO, dinner dance at Four Seasons Country Club in Woodbury.

Sandra and Philip Krumm of Schiller St. HICKSVILLE, have just returned from a Thanksgiving visit to Copenhagen, Denmark.

Mr. and Mrs. Van-Tyler Lane and daughter Bonnie, of

Arlington Texas, are visiting their many relatives and friends in HICKSVILLE. Mrs. Lane is the former Meryl Widder of First St. Hicksville.

Dear Friends

SCHOOL DISTRICT 17, did have a Board Meeting on Tuesday, Nov. 28, and our able reporter Shirley Smith was present. However, due to circumstances beyond her control, Shirley couldn't make the news copy deadline, so we will have to bring you her usual factual report of the school board meeting in next week's issue. Several important matters were considered, so, don't miss an issue!

THE HICKSVILLE ROTARY CLUB has extended its carpet sale through Sat., Dec. 2. You can buy these interesting scatter rugs at a store in the Mid Island Plaza opposite Newberrys, adjacent to Pet Land. The rugs cost only \$1.00 each, and proceeds go to help the town of Painted Post, New York, which was so devastated by floods this past season.

TONIGHT (Thursday, Nov. 30th), the Nassau County Republican Committee meets and is expected to name M. Hallsted Christ, seni or TOB Councilman to replace Angelo Roncallo as Nassau County Comptroller. Rumor also has it that the Town of Oyster Bay officials plan to appoint Steven Saunders of Syosset to take the place of Mr. C. Tese, (who is now a judge) as Deputy Town Supervisor. Those of us who have heard Steve Saunders on several occasions are not at all surprised

Women Trainers

USPS Hicksville, was designated as a key training area in Nassau/Suffolk District. Training commenced on June 1, 1972 and as of June 30, 1972 a total of 132 postal employees were trained and qualified as USPS Road Test Examiner/Trainers. As other post offices within Nassau/Suffolk district became motorized additional examiner/trainers were required, so an additional 30 employees received training and were qualified as of October 18, 1972, bringing the total trained at Hicksville to 157 employees.

USPS Hicksville, lays claim to a first in the new postal service for having trained and qualified the first women as USPS road test examiner/trainers. In a class of 25 students Miss Maryrose Bartsch and Mrs. Ann E. Allen were among the three highest scores in the road test examiners test. Upon completion of their training Miss Bartsch and Mrs. Allen were presented with USPS road test examiner/trainer certificates

by Mr. William Collins, N.Y. Region Safety Engineer.

Also, present to extend congratulations were Mr. Don Melee, Area safety counselor of Jamaica, and Mr. Mortimer Sullivan, safety officer, JFK-Air mail facility. USPS Hicksville, has developed one of the most complete training programs, in the vehicle craft, including the latest testing equipment, supported by dedicated and qualified instructors who value the need for specialized training in the field of vehicle operation.

The responsibility for vehicle training, on all types of vehicles in use at this facility, rests with Mr. Frederick J. Coleman, Mr. Salvatore D. Diglio and Mr. Frank Sepi. LETTERS TO THE EDITOR

To Mr. Lawrence Wolfson
An answer from a resident of District 17

Are you aware Mr. Wolfson that many people here in this district are indeed AWARE of what is going on in our district? That is why we elected the men of this school board? We know, very well, sir what is going on. We have all the confidence in these men, to settle the massive problems of running a school district. Only with the "pressure Groups" would be forbidden to interfere with the board members. Thank God there only few in number.

You speak of the foreign language not being settled immediately. Hurry up you and the pressure group are screaming, well now sir, with such a huge decision to be made, what is the hurry? While the board is deciding what is to be done, language is still going on, the teachers are teaching, and when the decision is finalized, if the people don't like the decision, then put the pressure on. If you hurry, Mr. Wolfson, you may make a mistake, and I am thankful, your not the one on the board, if you are a hurry up decision maker, with such a huge problem at stake.

So as not to make the mistake of thinking that the majority of people here in Hicksville, don't know what is going on, we do Mr. Wolfson, We most certainly do.

Sincerely,
I carry many titles,

A wife, a mother, a taxpayer, I also hold down a job, and I prob ably pay more taxes than you, so I am a large taxpayer to this community. I am a P.T.A. member.

More Police Protection

Commenting on the \$63,300,000 recommendation for police protection in his proposed 1973 county budget, Nassau County Executive Ralph G. Caso said today that "the greatest single proven deterrent to crime is the sight of a uniformed police officer."

Caso said that there were 14 per cent fewer crimes reported in the first three quarters of 1972 than during the same period last year. He attributed the decrease to the department's policy of maintaining a highly visible police presence and to the Crime Prevention Unit that patrols high-crime areas.

"To keep the crime rate down and to lower it even more we need more policemen on the streets," Caso said. "We are the fastest growing suburban county in the country and the need for more police is growing right along with our population and the expansion of business and industry."

Caso said that the 1973 police budget would let him add 200 men to the uniformed patrol force and boost his drive to replace uniformed police officers assigned to headquarters duties with civilian employees.

"Our police department is the seventh largest in the country and our men in blue are second to none in technical skill and professional ability," the county executive said. "It does not make sense to have a highly skilled police officer assigned to headquarters duties that we can train a civilian to handle. The additional men for 1973 and the freeing of police officers for police work will give us the manpower we need to continue

Supervisor JOHN W. BURKE REPORTS

This past week, all of us took time from the daily grind of every day life to reflect on some of the more positive aspects of our lives on Thanksgiving Day. Despite the troublesome times in which we live, each of us can be grateful for the many things that make our lives worthwhile.

It is also a time to remember those who are less fortunate and reaffirm our commitment to strive for a better way of life for everyone. In the Town of Oyster Bay, I consider this to be a mandate for all elected officials, and, on this Thanksgiving Day, I am thankful to see our efforts bearing fruit.

The sixth senior citizen housing project in the Town was dedicated this month and was the fourth such project to be dedicated within a year. We now have 364 units of housing for our seniors and plans for at least 200 more.

We are thankful for the suburban way of life we enjoy, and the progress made in the development of a master plan to

preserve it for ourselves and our children.

Through the efforts of a concerned population, we are taking active measures to maintain the ecological balance and conserve our precious natural resources.

The Drug and Alcohol Control Agency is advancing in its fight to preserve another valuable resource - our youth.

We are grateful for the interest and participation of our Townspeople that make local government a living and working force for the betterment of all citizens.

TOWN NOTES: The Wightman House, dedicated this past Saturday as the headquarters of the Oyster Bay Historical Society, dates back to about 1720.

A great deal of credit for its authentic restoration must be given to John Collins of Oyster Bay Hamlet who not only served as Chairman of the architectural committee on the project, but also personally carried out much of the research, planning and actual restoration work himself.

"Another example of the work of your Chamber of Commerce. Through the efforts of the Eyesore Elimination Committee Road has finally been demolished." under the direction of the Rev. Roland Perez, this decrepit and dangerous house located near the Downtown area on Newbridge

The Hicksville Chamber of Commerce Meeting

A membership meeting of the Hicksville Chamber of Commerce was held on Tuesday, November 14th at the Milleridge Inn. The featured speaker was Steven Saunders, Assistant to the Supervisor of the Town of Oyster Bay. Mr. Saunders assured the audience of the concern of the Town for the rehabilitation of downtown Hicksville. He pointed out that the recent G-1 zoning for this area, while not in entire agreement with the position of some civic and professional groups, was a step in this direction. The Town of Oyster Bay at present is committed to commercial development with mostly offices and some retail establishments to be located in

the area. The need of a special parking district, long advocated by the Chamber, is definitely included in the future plans of the Town of Oyster Bay. Mr. Saunders displayed keen interest in a suggestion made by the Chamber several weeks ago. A committee of the Chamber advocated a pilot project for the area be developed by the various property owners with the assistance of the Chamber of Commerce. A site plan would be developed and, if approved by the Town of Oyster Bay Planning Advisory Board, would be offered for commercial development. Chamber committees to expedite this project and others to improve the area have been formed.

Jones Institute Seeks to Expand

FOR SCHOLARSHIPS: New York Jets football star Ralph Bkaer (center) gets the first set of tickets to the 1st Annual Richard Rose Scholarship Memorial Cocktail Party, to be held Monday evening, December 11th, at Carl Hoppl's Restaurant, Baldwin, in honor of the late, slain Nassau County Policeman. Presenting the tickets is

Scholarship Chairman Bernard Nelson (left) of South Farmingdale, as the late patrolman's father, Charles Rose of Farmingdale, looks on. Over 700 Nassau residents are expected to attend the event where proceeds will go toward local college scholarships. Tickets can be obtained by calling 516-746-7777.

The Jones Institute, at the corner of Charlotte Street and West John Street in Hicksville, will be the subject of a public hearing at Town Hall, Oyster Bay, on December 12th.

The 136-year-old adult home[®] for the indigent is seeking to construct a three-story addition to its present stately Georgian building, set on 20 acres.

The needy from the Towns of Oyster Bay and North Hempstead and the City of Glen Cove are eligible to reside there, via a referral by the Nassau County Department of Social Services.

It was endowed at its onset with a bequest of \$30,000, in the will of Samuel Jones, a resident of the Syosset/Laurel Hollow area. This amount

has now swelled to about \$200,000, in insured deposits, to be used only for capital expenditures.

The cost of each resident's stay, about \$315 per month is paid for by the Nassau County Department of Social Services.

"The institute now is serving 75 residents," said

From Our Postmaster

RALPH CASCARDO

"Don't take a chance on disappointing someone you love, send your gift parcels and cards early enough to insure their delivery before Christmas, not after," Hicksville Postmaster Ralph G. Cascardo advised today.

"On the day after Christmas a post office building can be the most depressing place in the world," Cascardo added, "if it still contains a mountain of messages of love and cheer that didn't make it because they were mailed too late."

Such disappointments can be avoided if Christmas mailers will

observe the following mailing schedule.

Gift parcels going to distant states should be mailed by December 1. Parcels going to local and nearby areas should be mailed not later than December 10.

The name and address of both the sender and addressee should be enclosed in each gift parcel to permit identity in case of damage or loss of the outside address label. The outside label should be placed on only one side of each parcel.

Greeting cards going to distant

states should be mailed not later than December 10. Cards going to local and nearby areas should be in the mail by December 15.

Postmaster Cascardo also emphasized the importance of using ZIP Codes and adding a return address to all Christmas mail. It only takes a couple extra seconds, but pays big dividends.

ZIP Codes enable postal employees to sort and handle the mail faster. A return address insures that mail that can't be delivered because of an illegible or incomplete mailing address will be returned to the sender.

Modern Music Masters

Chapter 503 of Modern Music Masters will have their annual Induction and Alumni Recital on Friday evening December 22nd at 8:00 p.m. in the High School Auditorium.

Candidates for induction are chosen on the basis of their musical ability and musical sensitivity. Officers for this year are: Nancy Jackson, President; Alison Dick, Vice President; Merrell Weiss, Secretary; Arlene Travis, Treasurer; Herbert Bradenstein, Historian; Elliott Jacobsen, Student Gov't. Rep.; and, Mr. Thomas Buttice, Faculty Advisor.

Among those performing will be Robin Jacobsen, Judith Ciurman, Christopher Hogan, Hilary Sperber, Bill Madden, and Coren Estrin. Refreshments will be served afterwards. Everyone is cordially invited to attend!

the kitchen calendar

by Carol Arnel Greenberg

Have you ever thought of cloth napkins? Try to - in the name of ecology and gracious living. Pretty-print (NOT solid color - they're not as durable), wash-and-wear napkins are inexpensive, so much more substantial to use, a snap to launder, match any kitchen or dining room decor, and have made us feel as though we're helping the earth a little bit! We have several changes of napkins, and neutral

napkin rings, each with the name of its owner, printed on with model paint.

Of course, paper napkins go in the school lunch bags and may be used as supplements for fried chicken, spareribs, pizza, and lobster. But by-passing the paper napkins at the store makes us feel almost as good as lugging the newspapers to Jackson!

In these days of soaring beef prices, it is a good idea to extend

small amounts of leftovers. This wonderful hash recipe, aptly titled for December, "Recycled Roast Beef" amply feeds our family of five. Serve with stewed or baked tomatoes and a green salad.

RECYCLED ROAST BEEF

- 5 tablespoons butter
 - 6 tablespoons onions, finely chopped
 - 3 tablespoons green pepper, chopped
 - 3 cups cold roast beef, trimmed of all fat and gristle and finely chopped - NOT ground
 - 3 cups cooked baking potatoes, peeled, boiled, cooled and coarsely chopped
 - 5 tablespoons beef stock - fresh, canned, or dissolved bouillon cube
 - salt and freshly ground black pepper
 - 2 tablespoons Worcestershire sauce
 - 1 tablespoon vegetable oil
 - 2 tablespoons parsley, finely chopped
- Melt 3 tablespoons butter in a 10" skillet, and, over medium heat, cook onions and green pepper 5 minutes, or long enough to soften without browning. Scrape into a large mixing bowl.
- Add roast beef, potatoes, stock, salt and pepper to taste, and Worcestershire sauce. Mix gently but thoroughly with two forks or your hands.
- Cover the bowl and let it sit for ten minutes to allow the meat and potatoes to absorb the liquid and seasonings.
- Heat 2 tablespoons butter and 1 tablespoon oil in the same skillet and when hot but not sizzling, add the hash, patting it down with a spatula.
- Cook over medium heat about 40 minutes, shaking the pan occasionally to prevent sticking. As it cooks, the hash will produce some fat, which you can remove by tilting the pan and using a bulb baster to remove. If it still seems fatty, during the last 10 minutes of cooking lay a double thickness of paper toweling on top and press down on the hash. Repeat if needed.
- Serve directly from the pan, or turn out onto a platter. In either case, sprinkle the top liberally with parsley and serve as it is, or with condiments, such as ketchup, mustard, relish, or horseradish.

IT WAS GREAT! The Annual St. Ignatius CYO Communion Supper which was held two weeks ago, was enjoyed by over 500 enthusiastic boys, girls and adults. PLAINVIEW-OLD BETHPAGE HIGH SCHOOL Sport News

by Joe Dowd

The 1972 Plainview Football campaign may not have been all that Head Coach William McNamara had hoped for, but for Coach "Mac" and the rest of the squad, 1972 had many bright spots.

Like the running of Junior half back Rich Owen. Despite torn ligaments in his knee, that hampered him for the last part of the season. Owen rushed for consistent rugged yardage all year. He also scored the only T.D. against Island Trees in a game won by the Gull 8-6. Senior Jim Maccaro led the team by netting 377 yards. Maccaro, who is only 5 ft. 9 and weighs 160 pounds, showed above average courage on the gridiron against huge linemen and linebackers. Jim played the final two games of the

season limping with a sprained ankle.

Plainview's defense matured steadily this season highlighted by the work of Bob Tonik. This season, as a Junior, Bob led the team in tackles. Tonik has been known to ward off two and three offensive blockers, run across the field and made diving, one handed tackles of unsuspecting ball carriers. Sophomores Scott Stein and Mike Rogers learned from their early mistakes and developed into quick-thinking safety men. Look for them next season.

The Plainview answer to Butch Cassidy and the Sundance Kid are Captain and veteran running back Dom Gio, and Quarterback Bill Skarren. The Plainview

offense and defense was run by these two young men who are great friends off the field. Both had unique specialties - Skarren a kick-off man and Gio a punter. Both showed gutsy determination in a season hampered by a bad start, injuries, and seemingly incessant foul weather. The members of future Plainview squads will miss their humor, cool, and leadership on and off the field.

The climax of the 1972 season was the Plainview victory over its crosstown rival, Plainview Kennedy, by a score of 14-12. The entire team should take pride in this great effort. Despite Plainview's losing season, this game made the cold, the rain, and the frustration all worthwhile.

As another season comes to a close, a partial sports writer instinctively looks to next season. With the return of the talented underclassmen, and the inspiration of the graduating Seniors, Plainview might be the team to beat in 1973. But the 1972 squad is to be commended for a fine effort and thanked for the memories.

Anybody thinks he's lucky enough to win a new 19" color television, or a black and white. Both will be raffled off in the not too far future. So says Frank Lotti. Our fund raising comm. came up with the idea, and nobody seemed to object to the proposal. It was just brought up at the last meeting. Remember somebody has to win. The color T.V. will of course be the first prize, and black and white will be second. Naturally we will all be trying for number one. WE admitted a new WW2 Vet at this meeting Ed Koudracke. Last meeting we had Jim Jacobs come in, also WW2 and Carmine Somma, a Korean Vet. Welcome to our post fellas. We hope you enjoy us. Our Christmas party is set for December 17th. and Jack

Mulligan is chairman. And of course Bob Williams will again be, you know who. He does great job of it, and he seems to really enjoy it. We're getting to the stage now where lots of the youngsters will be grandchildren. Time is sure passing us by. So Don't forget to send in your information. This way, there is no more guess work. Artie Fuelling reported the New Year's Eve party is sold out. It will be held in the new (pardon the pun) building. This is the information we received, and passing on. I don't believe it, but Artie says it definite. It seems to be too late, but the price is 25 dollars a couple. There is always a great time at this party. It's too bad we don't have room for everybody. Our course you know that our

Dinner Dance will be held at the Huntington Town House again this year. We haven't had it there for a few years, and they decided to go back. The tickets are \$20. each, or 40 dollars a couple. Everything seems high these days, but for the price, you get the whole sheenar cocktail hour, Dinner and Venetian Table. Those of you who have attended in the past know what its all about. Frank Lotti is chairman, and Vinnie Edwards is co-chairman.

A Christmas party will be held at the Northport Hospital on Dec. 12th. Incidentally, they are raffling off a case of liquor. The drawing date is Dec. 14th. Next meeting will be held on Dec. 11, or the second Monday. Come on down.

Supervisors Appeal Decision

The Nassau Board of Supervisors agreed unanimously, today, to appeal to the State Court of Appeals to validate their proposal for reapportionment of the Board.

Hempstead Town Presiding Supervisor Francis T. Purcell, the Board Vice-Chairman and Majority Leader, said the determination to appeal Nassau Supreme Court Justice Mario Pittoni's adverse decision came after board members consulted with their special counsel, George Pratt.

"All the board members agreed that we would be remiss if we failed to utilize every possible opportunity to maintain the town

and city representatives on the county board", Purcell said.

"We feel confident that the Court of Appeals will take a more favorable view of this plan which we believe accomplishes the objects of retaining town and representation while meeting court-imposed requirements for proper representation."

Purcell noted Justice Pittoni's admonition: "For the benefit of all parties concerned and especially for the people of Nassau County, defendant-Board is directed to perfect an appeal, if it is advised, with reasonable haste."

Funds expected from the State for lands taken for the widening of West John Street lead the Jones Institute to believe it has the "purse strings" for the expansion, Mr. Cronin said.

The cost of renovating the existing building and constructing the new addition will be in the neighborhood of \$1,000,000., he said.

Case Assures

Continuation of Federal Program

Nassau County will step in to assure the continuation of a highly successful federal program that provides financially needy college students with part and full-time county employment, County Executive Ralph G. Case disclosed today.

The value of the Federal College Work Study Program is such, Case noted, that he has directed the Nassau Office of Manpower Development to double the county's participation by increasing the student work force from 70 to 140.

"This is a small investment in relation to the dividends this county will derive when these young men and women graduate and enter the business com-

munity," Case said, adding that the county's aim is not just to give students work, "but to place them in jobs that relate to their course of study in college."

Since the program's inception in 1970, the county has participated through the Metropolitan Regional Council in New York City, which coordinated student requests. The council, however, is withdrawing from the program at the end of the year.

Case explained that the county now intends to contract directly with colleges and universities in the area. The first such contract will be with Hofstra University. A second contract is being prepared with the State

University at Old Westbury and others are expected to follow.

Under the College Work Study Program, the county is reimbursed for 80 per cent of the salary cost from federal grants given to the respective schools. Financial eligibility is determined by the schools.

According to William Higney, director of the Manpower Development Office, past experience proves that while the program is an invaluable aid to the students, the county also benefits significantly by being able to utilize their talents in the operation of government at minimal cost to county taxpayers.

Tobay Grants Training Building To Race Forms

(Continued from Page 1)
tranquility of horses grazing in its front paddock on Plainview Road.

According to Frank Rice, who was busy scooping up hay when seen this week, the new building will be on the southerly side of the property, near the Northern State Parkway.

Restrictions
The resolution states that the 90' x 150' building shall not exceed 14 feet in height nor its eaves be more than 14 feet high.

Restrictions on the building itself state that no horses shall be housed or stabled therein except for the sole purpose of exercising; that no heating or air conditioning be installed; that there be no external lighting except for security purposes, and that such lighting be shielded and deflected away from any residential property.

There are also to be no prominent signs, and there will be a required 8-foot belt of Japanese black pine or an equivalent on the east and north sides of the building, planted on 10 foot centers and staggered.

Other general restrictions, dating from 1962 when Rice Farms received its special use permit to operate a riding club, include a limitation of 200 members, with facilities limited to use by members only; no night operations; no public shows or exhibitions; no loud speakers of

PA systems. Also, sufficient and adequate off-street parking must be maintained and no expansion of the present stable and training facilities be allowed, nor any new building except the new enclosed paddock. Manure must be removed daily; all vehicles must be stored in the designated parking area; no horses are to be picked up or delivered between the hours of 10 P.M. or 7 A.M.

The purpose of the new building, according to attorney James Moffatt, who presented the petition last year, is to safeguard the lives and limbs of animals and riders during icy and snowy winter months, when jumping and training activities are continued, presently in one paddock laboriously cleared of snow.

Supervisors Schedule Budget Hearing Dec. 4

Day and night hearings on Nassau County Executive Caso's proposed \$475,144,000 budget for 1973 will be held by the Board of Supervisors on Dec. 4, it was announced today by Hempstead Town Presiding Supervisor Francis T. Purcell, the board's vice-chairman.

The first session will begin at 2 p.m. and the second at 8 p.m. Both hearings will be held in the Board of Supervisors' Meeting Room on the Fifth Floor of the County Executive Building, 1 West Street, Mineola.

The proposed budget contains increases in spending of

\$48,315,000. over the current budget, but calls for a tax reduction for most taxpayers. The tax cut would be 12.1 cents in Hempstead Town, 11 cents in Oyster Bay and North Hempstead Towns and 10.6 in the City of Glen Cove. The City of Long Beach, which receives sales tax revenues directly rather than letting them offset county taxes, will see a tax reduction of two mills.

Assessments for the state courts will increase 7 cents, for community college 1.4 cents and for the county police district 8.8 cents.

Any interested county resident will be permitted to address the board at the hearings. Copies of the budget are available to the public now in the office of the Board of Supervisors, Third Floor, County Executive Building. Additional copies will be available on the day of the hearings.

The board may increase or decrease the proposed budget. However, if it wishes to increase any item it must hold another hearing. Deadline for passage of the budget is the third Monday in December - this year December 18.

More Police Protection

(Continued from Page 4)

our job of protecting lives and property and driving down the crime rate."

Caso said that another deterrent to crime will be initiation, early this summer, of a countywide emergency telephone number linked directly with the most sophisticated radio communication system in the nation. By dialing "911" county residents will be able to summon immediate police emergency assistance.

Caso said that an additional 105 personnel will be required to put the central dispatch headquarters of the emergency system on an around-the-clock operation and that provisions for the additional manpower were made in his proposed budget. He said, "This is another instance where hiring civilians can give us the needed manpower to run the system and release uniformed officers for patrol work. I want trained civilians doing the job at half the cost of a uniformed policeman so that the policeman can be out in the streets doing the job for which he was trained."

The county executive added that "one of my highest priorities is making sure that county residents are getting maximum police protection. It is the first responsibility of government to guarantee the safety of people in their homes, places of business and in the streets. You cannot live up to this responsibility by cutting corners in the police department."

Republican Club To Meet December 8th

The regular monthly meeting of the Ernest F. Francke Republican Club of Hicksville will be held at the Masonic Temple on East Nicholas Street, between Broadway and Jerusalem Avenue on Friday, December 8 at 8:30 pm.

There will be a short business meeting, followed by the annual Christmas party. Everyone attending is asked to bring a present costing under \$1.00 for the grab bag. Music will be supplied by Bob Sauer.

Supervisors Appeal Decision

(Continued from Page 13)
Because of the nature of the case, Pratt said he plans to seek permission to appeal directly to the State Court of Appeals, bypassing the Appellate Division. He said he expects his papers to be ready within three to six weeks.

The Board of Supervisors, as evidence of good faith, has pledged to come up with a new reapportionment plan, not utilizing weighted voting, within 60 days of a final court determination, assuming that the final determination is negative.

Final determination, in view of the supervisors, would occur after all appeals have been exhausted.

The supervisors are proposing a plan which would alter the weighted voting system slightly to insure that each supervisor would have "voting power" equivalent to the population of the municipality he represents. "Voting power" is defined as the mathematical possibility of a supervisor casting a decisive vote on a particular issue. Purcell noted that Nassau

STANLEY MRUZ of 10 Switzerland Road, Hicksville, celebrates his 30th anniversary with Grumman Aerospace Corporation, formerly Grumman Aircraft Engineering Corporation, on September 28. He is one of 19 Grummanites marking three decades with the company this month.

County has grown and prospered under the present system which, he said, appears to satisfy all but those with selfish interests. He noted that County Executive Caso, when he was a town supervisor, was an outspoken advocate of town and city representation on the County Board.

Dear Friends (Continued from Page 4)

at this appointment, even though we understand that he is 26 years of age. Personally I don't believe that a person's age should be held against him at any time. His qualifications and ability to do the job are all that should enter into the selection of anyone to serve in any capacity. This doesn't always happen, but in this instance, we feel sure that it has.

ONE MORE RUMOR, it is expected that Don Kehoe who is doing such a fine job of heading the Public Information Office of the TOB, will be appointed to head up the TOB Republican Committee Public Relations Department.

BEST WISHES for a happy Chanukah to all our friends of the Jewish Faith.

That's all for this week ... stay well ... and don't waste a day,

Four Centuries Of French Prints

A new exhibition from the collection to the Brooklyn Museum will be shown at the HICKSVILLE PUBLIC LIBRARY from December 8th through December 29th. The exhibit is being circulated by the New York Foundation for the Arts, which receives funding from the New York State Council on the Arts.

This exhibition presents the best examples of 50 French printmakers of the last four centuries. Beginning with the works of Robert Nanteuil, portrait engraver to Louis XIV and the Watteau school of engravers. The exhibit continues into the end

of the 19th century with practically every major painter on the Impressionist and Post-Impressionist schools involved in making prints, including Daumier, Toulouse-Lautrec, Manet, Bonnard, Meryon, and Gauguin.

With the advent of the 20th century, the great tradition of French painter-engraver was firmly established and the original print as an art form emerged triumphant. The period is studded with illustrious names—Matisse, Braque, Picasso, Rouault, Villon. Prints were being produced by artists in the forefront of the major movements in modern art.
