## Toby Kennedy Addressed Hicksville Dem. Club

Toby Kennedy, candidate for the Oyster Bay Town Council addressed the Edward J. Giannelli Regular Democratic Club of Hicksville at their opening meeting of the new year on Thursday Evening, January 18, at the Knights of Columbus Hall, 45 Heitz Place, Hicksville.

Mrs. Kennedy stated "That if elected to the Town Board I will devote my full time energies and attention to the problems of the taxpayers of Oyster Bay."

Mrs. Kennedy who was instrumental in forming the Town Youth Bureau is also a member of the Oyster Bay Chamber of

Commerce, Secretary and member, Board of Directors, President of Town of Oyster Bay Chamber of Commerce, Secretary and member, Board of Directors, President of Town of Oyster Bay Coordinating Youth Council, Trustee, Oyster Bay-East Norwich Youth Council, Advisor to Nassau County Youth Board, Member C.W. Post Library Association and a member of League of Women Voters.

Mrs. Kennedy's address was preceded by a short introduction by her campaign manager, Edward G. Aulman.

## Girl Scout News "It's Cookie Time"

On Saturday, January 27, Hicksville Girl Scouts will be ringing your door bell and asking you to buy Girl Scout Cookies. Over 1,000 Scouts in the Hicksville Neighborhood will be conducting the 1973 Annual Girl Scout Cookie Sale.

This sale which the Scouts plan and conduct helps produce the necessary funds for good Girl Scout programming.

The large economy size box

sells for \$1. and comes in five delicious flavors. Profits from this sale not only allow Scouts to plan troop trips and camping experiences, but also to learn poise and self-confidence in meeting the public.

You the public can do your part in helping provide a Girl Scout program for all Hicksville girls by buying an excellent value product, which will give you many days of enjoyable eating.

# Hicksville Community Council To Meet February 1

The next scheduled meeting of the Hicksville Community Council on Thursday, February 1, 1973, promises to be another interesting and informative meeting.

As Article II of our Constitution states: "The purpose of this Council is to foster community spirit and activities, to encourage, share and disseminate information for and between the residents, professionals, organizations, schools, churches, synagogues or temples, commerce or industry, government and governmental agencies, located in the area known as Hicksville in the Town of Oyster Bay, Long Island, New York."

Since the dissemination of information is such an important function of our Council, the Executive Committee scheduled a series of informative topics for our nine monthly meetings. The

topic listed in the yearly schedule for the month of February is "Private Training Schools in the area." Our Program Chairman, Mr. Elery Bean, contacted all of the known Private, Commercial Vocational Training Schools in the area. To date, five of them have indicated that their representatives would be at our meeting to discuss with us the type of training which they have available for those people who wish to take advantage of it. Undoubtedly, many people in Hicksville might not be aware of the existence of these schools or the type of training they make available.

We invite all residents and business people of Hicksville to join us at our meeting. Again, quoting our Constitution, Article III: "Membership — any resident of the Hamlet of

Hicksville, any professional maintaining an office within the Hamlet of Hicksville, any person affiliated with and or representing any Hicksville organization, school, church, synagogue or temple, commerce or industry, government and governmental agencies, shall be eligible for membership." From this you can see that we will welcome all of you at our meetings.

Besides the scheduled topic at each meeting, the Board of Directors of our Council decided that a portion of each of our meetings shall be set aside for open discussion or questions, by anyone on any subject providing it pertains to Hicksville.

Our February meeting will be at the Hicksville Public Library on Thursday, February 1, 1973 at 8:15 P.M.

## Fire Report

By Capt. Owen Magee

16 alarms were received by Hicksville Firemen during the period Jan. 16 thru Jan. 23. 3 malicious false alarms, 4 rescue calls and 9 misc. alarms.

Hicksville Firemen during the concluded their 1972 fund drive. The officers and members wish to thank its supporters.

"Labor Day 1973"

The 45th Annual Labor Day Parade and drill committee under chairman and grand marshal ex-capt William Stanley had its first meeting recently. This year Hicksville firemen must also sponsor the annual 9th Battalion Parade and Drill. It is under consideration to hold the parade Sunday night instead of Labor Day so that the tournament could start earlier. In recent years, the parade being so long pushed back the tournament and the events ended late at night with few spectators the Battalion Parade would be combined with the Labor Day Parade Sunday night. The Battalion Tournament would be held Sunday afternoon.

Whatever the outcome it will be a lost weekend for Hicksville Vamps.

"Carbon Monoxide-Silent Killer"

In the past several years especially during the winter months a silent killer has crept into our midst, Carbon Monoxide,

a colorless, odorless, tasteless gas produced everytime a carbon containing material is burned.

Your automobile stalled in heavy snow or just parked can be a killer if left running with no ventilation. Always have a source of fresh air oxygen entering a stalled or parked motor vehicle if you must keep motor running.

Prevent "Carbon Monoxide" attack in your home.

The following precautions are suggested:

-Have all heating systems checked, make sure that vents, pipes, flues, and chimneys are tight.

-Make certain that your heating plant is not starved for air.

-Be sure that all heating devices designed for venting are properly vented to the outside.

-Provide additional fresh air for charcoal grills and hibachies used inside.

-Never tamper with ducts or vents of a heating device to get more heat out of it.

-Be sure that heating devices have been tested by a reputable firm. Follow the manufacturer's direction for installation and use.

-When changing types of fuel, ask a qualified service man to adjust all the appliances involved.

-Don't close your fireplace damper until you are certain that the fire is out.

-Be sure that your garage is sealed from the house. Never run a car in a closed garage.

-Use your nose to detect smoke that often accompanies carbon monoxide.

**GOOD PLANNING:** Oyster Bay Town Deputy Supervisor Steven R. Saunders (second from left) chats with members of the Hicksville Community Council following a recent meeting at which he explained the G-1 zoning classification in Hicksville and implementation of the Hicksville Triangle Plan for development.

Talking with Saunders are (left to right) program coordinator for the council Edgar Sweet, Town Councilman Warren M. Doolittle, council chairman Elery Bean, president of the Downtown Hicksville Association Siegfried Widder, and president of the Hicksville Chamber of Commerce Kingsley Kelly.

## PTAs Pick Unit Honored Guests

Hicksville PTA units have selected their honored guests for the 20th Annual Founders' Day Dinner to be held Thursday, February 22 at 7:30 PM at the Old Country Manor.

In addition to the district's honored guest Mrs. Grace Cranmer, each PTA chooses individuals from its own membership who have given outstanding service to the unit and the school. These people have worked long hours, cheerfully helping to promote the objects of PTA, for the children of our community. Hicksville's PTA units are proud to announce the names of these deserving people: Burns Avenue Dorothy Leiza and Martha Riegelesperger, Dutch Lane Roslyn Brechner and Henry Capuano, East Street Harnet Haas and Virginia Uprichard, Fork Lane Shirley Smith and

Phyllis Sym; Lee Avenue Ethel Heidt and Audrey Hupfer; Old Country Road Margaret Mantello and Marie Ricciardi; Willet Avenue Hiram Torres; Woodland Avenue Mary Haller and Irene Powers; Junior High Henry Gates, Sylvia Gorlin and Eileen Jackson; and Senior High Josephine Prokopek and Runheld Wesseld.

Founders' Day Dinner chairman, Barbara Smith, reminds you that tickets are now on sale and can be purchased for \$5.50 from the council delegates. She would also like to add Mrs. Norma Dagna's name to her committee list (it was inadvertently left out of last week's news release.)

Buy your tickets early and plan to attend this year's Founders' Day Dinner on February 22.

## Senior Citizens Must Reapply For 1973

Town Receiver of Taxes, Solomon Newborn, announced today that senior citizens who applied for and received the senior citizens' tax exemption on their real estate taxes in 1972, MUST REAPPLY in 1973. Applications must be filed with the Department of Assessment at 240 Old Country Road in Mineola. As a convenience for taxpayers, they may also be filed at the Town Annex, 65 Broadway,

Hicksville. (WA 2-5800).

In general, eligible persons are those over 65 years of age, with a deed made out in the name of all the owners, and who have incomes of less than \$6,000.

The exemption applies to Town, County, School and General Municipal taxes, including Village taxes. It does not apply to special distret levies or assessments such as those imposed by Water, Sewer, Light or Fire Districts.

Residents who have not filed before or who become eligible this year are likewise urged to file for the tax reduction.

The last date for filing is May 1, 1973.

## Lent, 40 House Members Resubmit Busing Amendment

Rep Norman F. Lent and 40 other Representatives from 24 States yesterday re-introduced a controversial Constitutional Amendment proposal to halt involuntary school busing. The Lent Amendment was the object of much parliamentary bickering during the last Congress when the House Rules Committee, exercising a rarely-used procedure, plucked it from the House Judiciary Committee in an abortive effort to move the amendment toward a House vote.

The amendment reads: "No public school student shall, because of his race, creed, or color, be assigned to or required to attend a particular school."

The second-term Republican conceded that the amendment is likely to wither again "unless the Supreme Court upholds some of these sweeping busing orders issued by lower courts." "I think we might see a shift toward the amendment if the high Court upholds either the Richmond or Denver decision," Lent said.

The Denver case will present the Supreme Court with its first-busing order based on a situation of de facto segregation, while in the Richmond case, a Federal District Court judge has ordered school consolidations and busing in a three-county area. The Court has agreed to review both decisions this term. "Both cases

could have a major impact in nearly every metropolitan area in the country," Lent said.

The Long Island Congressman, who authored New York State's neighborhood school law in 1969, said Nixon Administration endorsement of his plan could also boost the amendment's chances. "Last year Congress was divided on whether to impose a statutory limit on busing or adopt a Constitutional Amendment. I'm hopeful that the President will choose to back the Constitutional Amendment this year," Lent said.

President Nixon has hinted that he may indeed back the plan if Congress does not act on his own statutory busing ban.

## Addition & Change To Teen Rep Performance Schedule

The Town's Teen Repertory, performing in the children's production, THE MAGIC SHOES, announces the following change and addition to its schedule for February 24:

The 11 AM performance, originally scheduled at the Dutch Lane School in Hicksville, will be held instead at Hicksville Junior High School on Jerusalem Avenue.

For further information, call Lois Manning, CAPA Recreation Supervisor, at 921-5944.

In addition, a second performance has been scheduled for

February 24. It will be held at 2 PM at Hicksville Junior High School.

The Teen Repertory Theatre performances, offered by CAPA (Cultural and Performing Arts Division, Town of Oyster Bay Department of Recreation and Community Services) are being presented in cooperation with the Dutch Lane PTA (morning performance) and the Lee Avenue PTA (afternoon performance). The admission charge of twenty-five cents goes to the support of these organizations.

## Flashing Lights For Religious School Buses Asked By Caemmerer

A bill to provide children with an added measure of safety while traveling to and from religious school has been introduced by Senator John D. Caemmerer (R-East Williston).

Caemmerer's legislation calls for buses seating seven or more used for transporting children back and forth from religious services or instruction to be equipped with colored flashing lights, both front and rear. The proposed legislation also states that the vehicles should be marked to indicate that they are school buses as prescribed by the Commissioner of Motor Vehicles.

By researching available safety records, Caemmerer said, "we have been able to determine the results of discharging children from school and camp buses properly equipped with flashing lights. In

such instances, there has been remarkably little injury reported. Therefore, it seems prudent to afford the same protection to children who ride buses in order to worship or receive religious instruction."

## Yevoli Swears In New Hicksville Dem. Club Officers

In solemn and moving ceremony Lewis J. Yevoli, Oyster Bay Democratic Town Councilman presided at the swearing in rites of the newly elected Edward J. Giannelli Regular Democratic Club Officers at the Annual Installation Of Officers Dance held Saturday Evening, January 20, at the Knights of Columbus Hall, 45 Heitz Place, Hicksville.

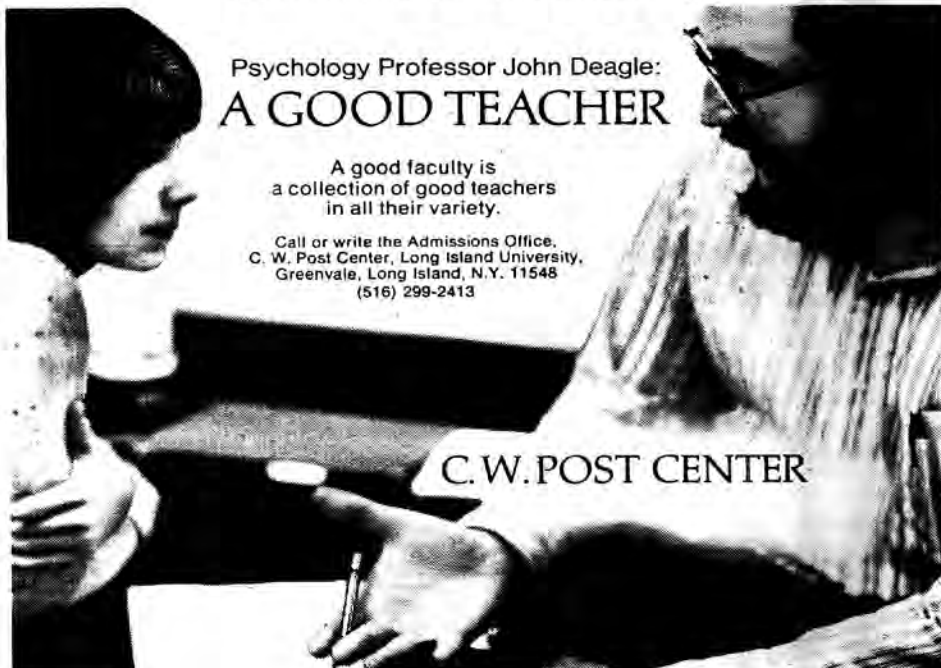

Inducted into office for the coming 1973 term were Fred W. Hagemann, President, Dominick Lauro, First Vice President, Jim

Foursarrier, Second Vice President, Charles Dolgin, Recording Secretary, Audrey Hagemann, Corresponding Secretary and Ellen Donatiello, Treasurer.

Vincent Jones, retiring president of the club reviewed the progress and accomplishments of the club during his year of office and in a short ceremony that followed presented the gavel to the incoming president.

Joining Oyster Bay Democratic Town Councilman Lewis J. Yevoli in the Inaugural

Festivities were William Colvin, Vice Chairman of the Democratic Party of Nassau County and Leader of Democratic Party, Town of Oyster Bay, George V. O'Haire, Bayville Town Attorney and former Oyster Bay Deputy Town Supervisor, Stanley Harwood, former State Assemblyman, Stanley Meltzer, former candidate for State Assembly from the 14th A.D., Don Steinberg, 12th A.D. Leader and Toby Kennedy, candidate for Oyster Bay Town Council.

## Oratorical Contest To Be Held

The 36th Annual Oratorical Contest of the Nassau County American Legion will be held on January 31 at the Charles Wagner Post, 24 East Nicholas St., Hicksville at 8 PM.

There are six contestants participating, representing the following schools: Hicksville High School, Holy Trinity High School, John F. Kennedy High School of Bellmore, Baldwin High School, Long Beach High School and Lawrence High School.

The winner of this contest will represent Nassau County at the District contest to be held on February 15, 1973 in Northport.

The public is welcome to attend to hear these fine speakers.

## Dear Friends...

THE NATIONAL and international situations have changed drastically in the past week. Although it is not our practice to cover in depth these scenes, which are covered each day on TV and in the daily newspapers, certainly we want to express our condolences on the death of ex-president Lyndon B. Johnson, and to add our hopes and prayers to all those who view the Cease Fire due this Saturday in Viet Nam, as the entrance of our world into a period of comparative peace, for which we are all striving.

WHEN THIS is accomplished we must all turn our energies to solving the many problems which still beset our country and our world. There are many and they are serious. None of us, from our President down to the humblest of our citizens, can sweep these problems under the rug. And, in the final analysis, we should all be active, on whatever level we are most effective, in helping to solve these challenges which require

our attention until they are finally solved.

TO NAME just a few. Air, water and land pollution, Inflation, National and World Health, National and International Corruption, Poverty and the national and international training of those who need it, so that welfare should always be preceded by the word "temporary".

BUT every problem can be solved. Believe it, work for it. Insist upon it, and we will move in the right direction in our journey to achieve and maintain a great country and the ultimate brotherhood of men. As I said last week, "No one absolutely no one, can pass the buck, about anything."

WE CANNOT achieve results alone...but we can and will succeed as a team, if each of us does his share.

IF YOU haven't already, won't you join the Team?

Sincerely,

SHEILA NOETH

## Scouts Celebrate 63rd Anniversary

For 63 years, the Boy Scouts of America has provided an educational program for the youth of America, and members of this area will celebrate their anniversary during the month of February with special activities, competition, and recognition.

More than 40,000 boys, young adults, and adults will show that Scouting today's a lot more than you think, according to Francis B. Looney, Deputy Police Commissioner of New York City and Council President of Nassau County Council.

A special program emphasis for 1973 is "citizenship," and many of the 740 Cub Scout packs and Scout troops will undertake anniversary projects during the anniversary celebration.

Major features of the local anniversary celebration will be the recognition of partner organizations that use the BSA program in this area and the recognition of pack and troop leaders.

"Without the cooperation of local organizations and the

dedicated leadership by volunteers, we would not be able to make available to youth our program of character development, citizenship training, and physical and mental fitness," Looney said.

Organizations in this area that use the program include churches, synagogues, PTA's, service clubs, veterans' organizations, unions, professional societies, and business and industry.

Also in the spotlight during the anniversary celebration will be Operation Reach and Project SOAR, Looney said.

Operation Reach is the BSA national action plan related to drug abuse prevention which was launched in Scout troops last year.

Project SOAR, which stands for Save Our American Resources, is the Scouts education and action program for environmental improvement.

Each of the 832 BSA units in Nassau County will also schedule

## Letters To The Editor

Dear Sirs,

The prime concern of our community is the safety of our children. We have become painfully aware, due to the tragic death of Patricia Baggia, age seven, that sufficient precautions have not been exercised. The present procedure used to transport our children (specifically those in grades K to 3) places their lives in jeopardy. We are now living up to our responsibility of placing our youngsters' safety above all else.

An emergency meeting was attended by members of the Administration and a committee of parents whose children attend East Street School, to discuss our concern, which centers around the 38 school buses for grades K to 3 driven home at 3:30, and the nine kindergarten buses, driven home at 12:00.

We will accept nothing less than supervision, taking the form of paid lay help. This will allow the driver to concentrate exclusively on driving, to assist the youngsters in disembarking and crossing, and to signal the bus driver when it is safe to proceed.

In the interim, Mr. Rusch has announced our concern over the P.A. system and has called for volunteers to monitor the buses. The overwhelming response to this stop-gap measure from our High School students, was most gratifying.

We have been in communication with as many elements in the community as could be reached within the short time since this tragedy, and our request for their support has been met with their whole-hearted approval.

We implore you to search your hearts and, acting in your capacity as Board members, see to it that a similar tragedy will not happen again in Hicksville.

Very truly yours,

For East St. Parents

Dear Editor:

Understandably, a teacher also should be allowed his (or her) share of (acknowledged) human error. But, here a teacher persists in error by berating a concerned parent in a recent local newspaper article, apparently because she criticized the distribution of his "poem" to 9th grade children. He doesn't even stop there, he continues by berating other members of the community!

Add to this that he, reportedly, freely admitted that he had distributed the same "poem" in our schools on, at least, two previous occasions. The implied rationale being that if no one complained before, why now? The answer, of course, is - How many courageous Mary Cartons does a community normally enjoy? This is, but, one of the reasons why she also is Vice Pres. of "Life In Hicksville".

On January 15th, 1973, I showed this "poem", which satirizes the before, during, and after, Birth Of Christ, to a Catholic Monsignor and a Father from two different churches. After reading the "poem", both expressed exactly the same word - "BLASPHEMOUS". The Monsignor went further by adding, "can't see how they can get away with it".

In conclusion, my observation is, how far astray have our Hicksville Schools gone when they prohibit children from expressing their sacred religious (prayer) beliefs, while they have not prohibited a teacher from ridiculing the same sacred religious beliefs of these same children?

My recommendation is that if all of the above reports are true, and I am fairly confident that they are, this teacher should be

held strictly accountable!! In addition, his superiors, right on up the line to the Supt. of Schools, if necessary, should be held similarly accountable, because of their obvious laxity and negligence in allowing this to occur on three (3) separate occasions!!

And, again, the "PTA" remains strangely silent, nor has that recently formed "Hicksville Citizens For Better Education" group, headed by Larry Wolfson, taken a position on this crucial issue!!

Dear Editor

I am very sorry to hear my good friend past was Lyndon B. Johnson. It was a great honor for me to work with the very best interest of the whole of the people and our country and world peace has a volunteer worker.

He was a good friend of the senior citizens and elderly people and he will be missed by us all.

A month ago I sent him a letter thanking him on behalf of the whole of the senior citizens and elderly people. He never forgot me on my Birthday or Christmas and New Years, this goes also for Mrs. Johnson.

I have something to remember him by his autograph letters and pictures.

I have now out lived my friend who was president of the USA. My deepest sincerity to Mr. L. Johnson and family.

Alfred M. Kunze

Dear Editor

I was shocked when I read the account of the "Christmas Story" poem as published in the Mid-Island Herald as having been distributed to Jr. High School children.

I hope that the Board of Education will take the necessary steps to prevent a recurrence. Also, the Board should be mindful of the fact that wrist-slapping is certainly not effective as a future deterrent.

Respectfully,  
Mr. & Mrs. John Menig  
Hicksville, N.Y.

Dear Editor

On behalf of the Board of Directors of the TB and Respiratory Disease Association of Nassau/Suffolk, I thank you for the coverage that you have been giving to the work of our Association during the past year and to our Christmas Seal Campaign which supports our activities.

I would also like to take this opportunity to say a public "thank you" to those citizens of Nassau and Suffolk who have so generously supported our Christmas Seal appeal. There is much to be done to combat the rise in death and disability caused by respiratory diseases. Those who have neglected to answer their Christmas Seal letter are reminded that there is still time to do so.

Your continued interest in our work and the participation and support on the part of the public are essential ingredients in this matter of life and breath.

Very truly yours,

Lillian Hoffman  
Program Associate

Dear Editor

Continuing and new upcoming activities of Joseph Lamb Council, need and merit the support of all members. Don't just look on get active. Perhaps you can help our blood bank, contact Robert King Jr. Visits in Jones Institute to cheer up the residents contact Jim Surless for

this. Visits to Northport Veterans Hospital are made every Sunday, all groups involved in this could use help. If you have a son eligible for the squires, encourage him to join.

Aid our council efforts to repeal the sadistic abortion law. Keep writing to the legislature and Governor. A point to think about in this legalized murder of innocent children, is the fact N.Y. laws require the issuance of a death certificate for the aborted child. If they are not legal human beings, why is this required?

Along the lighter side, plan now for Irish Night Mar. 15. Get going on the Nassau - Suffolk Charity drive. Finally come out to the next regular meeting on Feb. 1.

Thank you  
Public Relations Chairman  
Frank E. Stuyvesant

Open Letter to the Hicksville Board of Education

Dear Mr. Clark

I am writing this letter to express my anger and disgust over the "poem" distributed to ninth grade students by a teacher in the Hicksville School District.

The piece of writing must be considered in the poorest of taste and one can only wonder what type of mentality would write or distribute it. As a parent and taxpayer, I must demand disciplinary action be taken against all responsible for its distribution.

Richard Risoli

Dear Editor

I am writing in regard to the poem "Mary's Complaint". I am in agreement with Mrs. Carton, who was good enough to inform the parents and taxpayers of the type of information our children are exposed to in the classroom. It is time the School Board acted firmly in this matter and help restore the good faith many of us have in the school system. Thank you.

Sincerely,  
Mrs. J. Dunne

Dear Editor

After reading the article of "Mary's Complaint" in the newspaper, I was shocked. I can't imagine what this teachers purpose was to write such blasphemy. I hope the School Board will take some action.

Respectfully yours,  
Mrs. Nancy Cullen

Dear Editor

I found the poem "Mary's Complaint" to be insulting and an outrage. I don't feel this has any place in the public schools. Thank you.

Sincerely,  
Sheila Ort

## C.Y.O. Sports News

On Sunday Jan. 21 once again the St. Ignatius C.Y.O. traveling teams played all their games home to a very small audience. It is two bad that these boys go out on the court and play their hearts out and have such a few loyal fans on the side to cheer them on. We don't expect a "Madison Square Garden" or a "Coliseum" crowd. But it would be nice to see more fans from St. Ignatius out to cheer the boys on.

In the first game the St. Ignatius "Juniors" played their rivals from Holy Family. Along with the scoring of J. Rupp and Don Anglin 6 points respectively and an all out effort of the rest of the team both on defense and offense the St. Ignatius team won by a score of 28 to 21. High scorer for the Holy Family team was B. McBride with 10 points.

The second game saw the St. Ignatius Intermediate team play St. Anne's team from Steward Manor. The St. Ignatius team behind some real good defense and the scoring of G. Siry 17 points was to much for the St. Anne's team. The St. Ignatius team won by a score of 37 to 31.

The third game saw the St. Ignatius team take on the Teen team from St. Aloysius Great Neck. The St. Ignatius team behind some great team effort and some great scoring from Per-goli and Lanhorg 16 and 12 points respectively the St. Ignatius team proved to be to much for the St. Ignatius team proved to be to much for the St. Aloysius team. The St. Ignatius team won by a score of 63 to 44.

The next game was between the St. Ignatius Tyros and the Tyro team from St. Vincent Elmont. Your reporter wishes to

apologize to the coach and the players of the Tyro team for not having a complete report of the game other than to know that the St. Ignatius team won.

The fifth and last game of the day saw the St. Ignatius Senior play an undefeated senior team from St. Catherine Franklin Square. It was a game that saw the St. Ignatius team go ahead in the first quarter and fall behind in the second quarter. The St. Ignatius team was still behind at the end of the third quarter. The fourth and final quarter saw the St. Ignatius team down by 4 points with 35 seconds to play. The St. Ignatius team put up a great defense and their offense went on to outscore the St. Catherine team and bring victory to the St. Ignatius team. This victory came about because of an all out team effort. The final score was St. Ignatius 84 St. Catherine 82.

On Monday Night the St. Ignatius Juniors played the Junior team from St. Edwards. Once again the St. Ignatius team behind a great defense and an outstanding offense the St. Ignatius team won by a score of 41 to 25. This win gave the Junior team a record of 10 wins 1 loss.

## Saint Ignatius C.Y.O. To Host Boys Indoor Soccer Tournament

Saint Ignatius C.Y.O. will host their Third Annual Boys Indoor Soccer Tournament at the Hicksville Senior High School. On January 27 and 28 a Midget Division will compete for the indoor soccer championship of Long Island. The following weekend, February 3 and 4, a Boys Division will vie for similar honors. Twenty four teams from six New York Counties have accepted invitations to compete. Ocean-side United, Blue Star, Clarkstown, Mount Loretto, the German Hungarians and last year's champions Blau - Weiss Gott-schee will represent the German American League. Glen Cove and the Deer Park Celtics are two strong entries from the Long Island Soccer League. The Queens, Nassau and Suffolk C.Y.O. Leagues will be amply represented by Our Lady of the Blessed Sacrament, Saint Ignatius of Hicksville and Saint Elizabeths of Huntington. Kick-

off is scheduled for 10 A.M. and games will be played throughout the four playing dates.

For those unfamiliar with the sport of indoor soccer, it is played by six men teams. Using a rubber soccer ball, the game is lightning fast and usually high scoring. Not only is skill and speed required, but durability as well. Each team will be required to play six games on Saturday, with the top eight teams in each division being invited back the following Sunday for semi-final play. On the basis of total wins, goals scored and goals allowed in the semi-finals, two teams will be selected to compete for divisional honors.

### C.H.I. To Meet

The Council for the Hearing Impaired, will hold the next general meeting on Thursday, February 1st, at 8:30 p.m. at the County Room - 19th Hall of the Salisbury Restaurant in Eisenhower Park, East Meadow (Parking lot No.7).

**NEW OFFICERS:** Oyster Bay Town Supervisor John W. Burke, right, congratulates new officers of the Town Youth Coordinating Council. The new officers, from left, are Frank DeBenedetto of

North Massapequa, President; Mark Potak of Hicksville and Barry Katz of Plainview, both members of the Board of Directors.

## Banker Optimistic About Nation's Economy

A leading banker warned today in an economic forecast that unless "the Federal Government, business and labor join together to insure that business expansion is based on increased productivity rather than just another inflationary spiral, there could be trouble ahead for 1973.

E. Virgil Conway, chairman and president of the Seamen's Bank for Savings, noted that it seems likely that corporate profits will continue to grow for at least the next six months and that labor will undoubtedly expect its share of the profits.

"There will be even more pressure for wage settlements in excess of the Federal guidelines than we witnessed in 1972," Mr.

Conway said, adding, "If the rate of this business expansion can be moderated, there is a much greater likelihood that the increase will last for a sustained period.

Mutual savings banks, Mr. Conway said, had another record year in 1972 for deposit growth, although this had declined in the last half of the year and the trend could continue into 1973. Mr. Conway noted that the decrease occurred despite the inducement of high dividends provided by regulatory changes in the method of calculating dividends that resulted in a number of institutions raising the level of their maximum effective interest rates.

## PLAINVIEW-OLD BETHPAGE HIGH SCHOOL Sport News

By Joe Dowd

Once again it is mid-term examination time at Plainview High School. And once again Plainviewites go into their annual rut. They will climb out of this rut Friday night after the last day of testing has expired. But in the meanwhile teachers grind out review, tempers are on edge, and general morale among the troops is at a low. Plainview's basketball team is off course, not exempt from this grind which is possibly the reason it has lost its last two games. In each game the Gulls have not played up to par.

Plainview lost to Garden City by two points in overtime 80-78 on January 16th. Vinny Aversano blew a lay-up at the 4th period buzzer that would have given the Gulls the game. The ball hung on the rim for one anxious second as if deciding which way to fall. The orange sphere decided in favor of Garden City as it fell off the rim as the horn sounded. Garden City then took command in the overtime period, leading at one time by 4.

10 and 6 Island Trees plowed into a let-down Plainview team and defeated the Gulls 76-69. A weak team last year, this year the Bulldogs have reversed the tide of North Shore Div. II. Trees led by 11 at the half, but Plainview battled back to tie by the end of the third period. With 6 minutes remaining in the 3rd quarter Steve Tupa hit two consecutive three point plays. Tupa drove in and made two sensational layups and was fouled on both accounts. At 5:06 Jim Rice jumped over the rim to tap a carrying shot through the net. Rice made a lay up about a minute later but not after Island Trees had scored another 4 points. Then the fireworks started. Aversano made a tap in from under the basket. Coulez hit a foul shot and Tupa then hit two Tupa added a layup closing the once out of sight score to within 4. Then Island Trees Brian Powers, who scored 31 points, hit a 5 foot jumper for the Bulldog's only bucket in the last 4 minutes. After Aversano hit two foul shots and Tupa one, Aversano connected on a 5 foot jumper that

brought the Gulls to within one. Mass panic engulfed the undefeated Trees bench as time was called. Each time Trees would get the ball it was either stolen, dropped out of bounds, or banged off the backboards into Plainview hands. Once again the Gulls got the ball and this time, Curt Bass was fouled. Trees was over the limit so Bass was shooting one and one. With nineteen seconds left a hush came over the partisan Plainview crowd who most of the night had been roaring at the top of its collective lungs. Bass looked up at the rim, bounced the ball characteristically, and proceeded to drop the ball through net. Bass missed the second but at the end of the period the score was tied 54 all.

It would be nice to end right there, but the Plainview heroics were over. Trees scored five consecutive points before Steve Tupa made a lay up almost three minutes into the period. Trees from then on kept the Gulls out of reach and held on to win.

The fireworks were not all on the court, however. About 25 members of the newly formed "Gull Gallery" whooped it up in unison to the delight of the Plainview crowd and players. Group's leader, Gary Burke, has high hopes for the "Gallery." "We wanna let the team know we're behind them all the way," he said. The Gallery is something else to see or be a part of. They are absolutely the funniest bunch of cheerleaders you will ever see.

Vinnie Aversano has been voted by the North Shore League 2 Basketball coaches as Player of the Week for January 9th through 12th. Congratulations. Being aware of the increase in an interest in street hockey, Mr. Donald Hauswirth, chairman of the Physical Education Department in Plainview High School, decided to include this sport in the gym classes on an experimental basis. Inexpensive plastic equipment was purchased and street hockey was received enthusiastically by the boys. In

addition to playing in gym classes, Mr. Hauswirth invited anyone interested to attend the enrichment program during period 8 (after the normal school day). Within ten minutes sixteen teams had signed up for this activity. It was decided to have a single elimination tournament. After playing two days a week for one month, Team No. 4 came out the winner. Congratulations go to its team members: Paul Astrow, Steve Bauman, Leo Loucas, Scott Stadler, Bob Wolf, Bruce Barach, Keith Hiegel, Jeff Gorelick, Benjie Plotch. The team has challenged Kennedy High School to an intramural game to be played in February after the midwinter recess. Mr. Hauswirth hopes to make this sport part of the regular intramural program next year.

Congratulations to the Girls Varsity Basketball team for defeating Cold Spring Harbor High School with a crushing 56-13 victory. High scorers for the game were Debbie Carney with 16 points and Judy Riley with 13 points.

## Men In Service

Midshipman William C. Sanderson, son of Mr. and Mrs. Robert J. Sanderson of 54 Field Ave., HICKSVILLE, participated in the Naval Academy's Operation Information designed to interest qualified young men in investigating opportunities of Annapolis.

He and other selected midshipman volunteered to use part of their Christmas leave making personal appearances on radio, TV, high schools, and civic organizations explaining admission procedures and other facts of Naval Academy life. Upon graduation from the

Academy in Annapolis, Md., he will be commissioned an officer in the Navy or Marine Corps. He is a 1969 graduate of Hicksville Senior High School.

A Cadet entering in the Army during ceremonies held at the University of Connecticut on

January 18 was John D. Davis, Jr., of 115 Grohman's Lane, PLAINVIEW.

Navy Seaman James A. Nicolet, son of Mr. and Mrs. James A. Nicolet of 6 Harkin Lane, HICKSVILLE, was recently entertained by the Bob Hope Christmas Show aboard the aircraft carrier USS Midway in Singapore.

Navy Ensign Richard E. Robey Jr., son of Mr. and Mrs. Richard E. Robey Jr. of 8 Jonathan Ave., HICKSVILLE, was designated a Naval Aviator and received his "Wings of Gold" during ceremonies at Kingsville.

He completed more than a year of intensive ground and in-flight training and will now be assigned to specialized advanced training.

Navy Petty Officer Third Class Michael J. Coyle, son of Mr. and Mrs. John Coyle of 83 Cornflower Road, and husband of the former Miss Susan J. Hiadki of 75 Squirrel Lane, all of LEVITTOWN, has left his homeport at Mayport, Fla. for an extended operations in the Middle East area aboard the destroyer USS Noa.

For her return trip home, Noa will sail east across the Pacific Ocean, transit the Panama Canal thereby completing a circumnavigation of the globe.

## Radical Changes

(Continued from Page 1)

Savitt, Superintendent of the Plainview-Old Bethpage School District said:

"Dr. Webster provided some interesting suggestions regarding Redesign. The last several years, Plainview has been embarked on a major program of Redesign in our schools and our professional objectives have included refinement of existing elementary programs for the purpose of individual instruction. This has involved such areas as team teaching, non-graded, individually prescribed instruction, learning and instructional resource centers, open classrooms, learning disabilities and diagnostic prescriptive teaching. Our secondary Redesign efforts to date have involved many staff members and students in planning for a secondary school program including evaluation of the modular scheduling program at Kennedy High School, independent study programs, off-campus educational experiences, curriculum and classroom education geared to individualization of instruction and utilization of instructional resource centers."

William M. Gouse, Jr. Post No. 3211  
By Lou Palladino

First things first, and its always a pleasure to welcome new members. These two new comrades are not young tigers, but old cats, like me, August Birone and Ronald Marolda. Welcome to our post fellas, and I hope you enjoy it. Get yourself involved, and you will.

We had a program last Friday January 19th on Drug education a lot of big wigs were in attendance. Out post chairman is Joe Selvaggi, and our own Joe Normandy is for County, and did the welcoming. Attending was Charles Ward, now read this title, Director, Community and Agency Liaison N.C. drug abuse and addiction Comm. Quite a handle eh.

Oh yes, John Manioc was there, but was not called to speak. As you know, John is headmaster for HAD in Hicksville, and very dedicated to the cause. You may close your eyes and ears to this program.

but our Hicksville, like so many other towns do have a drug problem. If you haven't been touched by this cancer thank your lucky stars. It's a very serious thing and steps must be taken to try nipping it in the bud. Joe Normandy thought a good captain would be, VFW declares war on drugs. This is great, but every person in Hicksville should be declaring War on drugs. Lets just do what we can and hope for the best. Not to be outdone John Manioc came to our meeting to give a talk, and to clear up a lot of misplaced rumors. After his talk, he answered all questions with honesty. He didn't try to skip or avoid answers. So if you have any doubts or any questions you'd like to ask, just call HAD, and ask for him, and you will get sincere truthful replies.

The next meeting will be Feb 12th. Come on over

## Dangers of Oven Cooking Bags

A report on the dangers of exploding oven cooking bags in the recent edition of Consumer News, published by the National Office of Consumer Affairs, credits the New York State Health Department with initiating action which led to safety improvements in these kitchen products.

Dr. Hollis S. Ingraham, State health commissioner, said that the Department became involved in the matter when its Burns Care Institute learned of three reports of oven cooking bag explosions during January, 1972 from local newspapers. Detailed investigation of the three incidents showed that the cooking bags were being used according to directions and that there appeared to be no external cause for the explosions.

"In order to determine the extent of the problem, a statewide press release was issued by the State Health Department requesting information on similar cooking bag incidents," Dr. Ingraham explained. "Within the next 60 days, 126 incidents of fires or explosions - 18 of which resulted in burn injuries - were reported to us. At least one of the burns was second degree with injury to 18 per cent of the victim's body. Twenty-eight detailed investigations were made."

As a result of these additional

reports, Dr. Ingraham said, the Department alerted the public to the proper handling of the product and necessary precautions to be taken. Members of the Burns Care Institute staff then met with several cooking bag manufacturers to assist them in finding a solution to the problem. Basically, the solution proved to be rather simple: In bags where a seasoning mix was not supplied, at least one tablespoon of flour had to be added to coat the inside of the bag, thus lessening the chance of bursting. In most cases, a change in package instructions was all that was needed to correct the problem.

The Burns Care Institute supplied data of its investigations of the cooking bag hazards to the U.S. Food and Drug Administration's Bureau of Product Safety. Subsequently, the FDA met with manufacturers of the plastic oven bags and worked out an agreement of uniform nationwide compliance to ensure the safety of the product.

"The work done by the Burns Care Institute in this situation exemplifies the Department's concern for consumer safety," Dr. Ingraham noted. "It is heartening to see that our efforts were rewarded ultimately and early with safety improvements in this popular household product before its mass distribution nationwide."

## The Rev. John C. Hinch's Installation As District Vice President

A "Day of Consecration" will be observed by the Church of the Good Shepherd, Lutheran, 50 Central Park Road, Plainview on January 28 as it marks the beginning of its participation in a new Atlantic District of the Lutheran Church - Missouri Synod.

The highlight of the celebration events and worship services at 9:00 & 10:30 a.m. will be the installation of the Rev. John C. Hinch, Pastor of the congregation as Regional Vice President of the Atlantic District for Nassau and Suffolk Counties. The Rev. Hinch will also be consecrated as the clergy delegate to the church body's synodical convention to be held in

July at New Orleans.

The President of the Atlantic District, the Rev. Rudolph P.F. Resmeyer, has deputized Mr. Walter Lanning, President of the congregation to perform the Rite of Installation and Consecration.

The Rev. Hinch has held numerous positions in the former Atlantic District, which had included New Jersey and the New England States. He served as Vice President, as a member of the Board of Directors. He also served on the Committees of Missions, Finance, and Management Survey and was Chairman of the Missions Committee. He was Secretary of the New York State Pastoral Conference, Secretary and Chairman of the Long Island

Pastoral Conference, Member and Chairman of the Board of Long Island Lutheran High School and a Circuit Counselor for North Nassau County. He presently serves on the Senior Citizen Advisory Board of the Town of Oyster Bay. The Rev. Hinch will complete his twentieth year as pastor of the Church of the Good Shepherd on February 1st.

The Atlantic District now serves the eastern part of New York State. It is one of 40 jurisdictions of the 2.8 million member Lutheran Church - Missouri Synod which operates schools, colleges and seminaries, and numerous health and welfare agencies.

## Caemmerer Aids Disabled Who Drive

In an effort to facilitate the mobility of the disabled who are qualified to drive, Senator John D. Caemmerer (R-East Williston) has introduced legislation to provide them with special motor vehicle registration and identification plates, as well as special parking permits. The Caemmerer bill would give responsibility for issuing the special plates to the Commissioner of Motor Vehicles.

"At present," Caemmerer explained, "the law does not provide for the specific identification of vehicles operated for or by a disabled person, nor does it make special provision for parking their cars. An easily identifiable tag on a license plate, for instance, would be of much value to the disabled who drive in case they were having difficulties and needed assistance and would so inform others. Important, too, is the fact that many physically handicapped drivers are denied access to municipal buildings, office buildings, and other places of business because of the lack of parking."

Caemmerer said that his bill gives the Commissioner of Motor Vehicles power to request pertinent information and establish

standards necessary to granting the special registration. "The bill also allows the Commissioner to deny such a registration, as well as to suspend or revoke it in certain instances," he added.

To make certain that a privilege is not abused, Caemmerer's proposed legislation also contains a provision that the special plates can be used only for the operation of vehicles owned or driven by the disabled person to whom the registration was issued.

"As I have said before," Caemmerer concluded, "physically disabled people who are qualified to drive should be encouraged to do so. Passage of this bill should make it clear that we admire and support their efforts to lead full lives."

## Hicksville Public Library

The Hicksville Public Library Cinema Series will present "I Married a Witch" on Wednesday, January 31 at 8:00 p.m. This light comedy, typical of the era, was directed by the famous French director, Rene Clair in 1942. Starring in this film are Veronica Lake and Fredric March.

The Hicksville Cinema Series this year is made possible by a grant to the Nassau Library System from the New York State Council on the Arts. The films are shown in the library auditorium and the public are always welcome.

The Hicksville Public Library will present the second Lys Lane Repertoire Company per-

formance at the library Saturday evening, February 3 at 8:30 p.m. The play to be performed will be "The Subject was Roses" by Frank Gilroy.

Tickets for this performance are available at the library desk and on the bookmobile. Get your tickets early, the demand is greater than the seating capacity.

The Hicksville Public Library Board announces a special meeting to be held on Wednesday evening, January 31 at 8 p.m. to discuss the 1973-1974 library budget. All the public are invited to attend this very important discussion.

Today's tip for safer winter driving from State Parkway Police Chief N.T. Landers: "Pump your brakes when trying to stop on icy pavement - don't jam them on. An intermittent pumping action keeps the wheels rolling and helps maintain steering control. Moreover, this technique produces a flashing brake light warning to following motorists."

LEVINE MEETS WITH HEALTH CHAIRMAN. Assemblyman Stuart R. Levine (R-Bethpage) meets with Assemblyman Chester R. Hardt (R-C-Erie County). Assem-

blyman Hardt is chairman of both the Assembly Standing Committee on Health and the Temporary State Commission to Study the Drug Laws. The Health Committee is the

one through which Assemblyman Levine's bill, requiring mandatory programs of preventive drug education in public elementary schools, will be channeled.

## Bd of Supervisors Meeting Changed

Two holidays and a convention have forced a change in the February meeting schedule of the Nassau Board of Supervisors. Hempstead Town Presiding Supervisor Francis T. Purcell, the board's vice-chairman, explained that the Feb. 5 meeting has been cancelled to allow the supervisors from Nassau's three towns to attend the annual convention of the State Association of Towns in Manhattan.

Since Monday, February 12, is a holiday — Lincoln's Birthday — the board meeting scheduled for that day has been changed to Feb. 14 at 11 a.m.

The February 19 meeting has also been cancelled to observe another holiday — Washington's Birthday — but no substitute meeting will be held.

The regular schedule of supervisors' meetings will resume on Monday, Feb. 26.

## Bethpage Man Joins Leading Helicopter Firm

Peter Byrne, 2 Cambridge Avenue, Bethpage, today joined the staff of Garden City-based ISLAND HELICOPTERS, the largest and most diversified helicopter firm in the United States. Joining the firm at this time is opportune for both Mr. Byrne and the firm as ISLAND is currently engaged in relieving the dilemma of commuters resulting from the Long Island Rail Road strike, increasing the number of daily passenger bookings between Roosevelt Field and Manhattan from forty

to over four hundred.

Peter Byrne graduated from Brooklyn Prep in June, 1969 and joined the United States Army shortly thereafter. He attended helicopter flights schools in Ft. Rutgers, Alabama and Ft. Walters, Texas. Sent to Viet Nam, he devoted most of his tour to flying "Huey" helicopters, utilized for troop carrying and medical evacuation principally in the Mekong Delta. Shortly after his military discharge in April, 1972, he enrolled in the ISLAND HELICOPTERS Flight School,

seeking his Flight Instructor Rating, one of the many courses offered by the school. As a former serviceman, his training at ISLAND HELICOPTERS was made possible by the Veterans Administration, under the so-called G.I. Bill. He successfully completed the course and now joins ISLAND HELICOPTERS, where he will serve as a charter pilot and a faculty member of the firm's flight school.

The twenty-one year old bachelor lives with his parents in Bethpage.

## On The Campus

Named to the Dean's List at Emory University was Russell Wiener, son of Mr. and Mrs. Max Weiner of 2 Ardley Circle in PLAINVIEW.

Matt Kwiat of PLAINVIEW, has been elected I.F.C. Representative of the Ithaca College chapter of Theta Alpha Phi, the national professional and honorary dramatic fraternity.

A junior drama major at Ithaca, Kwiat is the son of Mr. and Mrs. Harold Kwiat of 20 Charlotte Place in Plainview, and is a 1970 graduate of John F. Kennedy High School.

Steven J. Thalman, of 11 Milford Drive in PLAINVIEW, a Senior, Sociology major will be leaving for Cambridge, England to study through the University's Overseas Study Center there. He is now attending Valparaiso University in Indiana.

Among those students that the State Education Department named, who have successfully completed the latest examination for state licensure as certified social workers were George John Danas, HICKSVILLE, and Rona Gold of LEVITTOWN.

Lewis Charles Goidell of PLAINVIEW, achieved a 3.0 or better grade point average for the 1973 fall semester at the University of Oklahoma.

Anne E. White, 61 Sleepy Lane, HICKSVILLE, a junior, elementary education, 3.7 made the Dean's List at Saint Francis College in Penn.

## 10 Supervised Ice Skating Areas

When the weather cooperates, natural ice skating becomes one of the most popular activities at county parks. The Nassau Department of Recreation and Parks maintains 10 supervised areas where residents can enjoy safe ice skating.

The areas are located at: Loft Pond, Merrick Road and Surrey Lane; Baldwin Mill Pond, Merrick Road and Abby Court; Bellmore Eisenhower Park, East Meadow Bay Park, First Avenue, East Rockaway, Inwood Park, Bayview Avenue, Inwood; Whitely Pond Park, Community Drive and Northern Boulevard; Malibasset, Bayshore - Pond Park; and at the intersection of Route 100, Washington, Lockport.

Pond, Merrick Road and Seaford Avenue, Seaford; and Hall's Pond Park located at Hempstead Avenue and Nassau Boulevard in West Hempstead.

As soon as the ice reaches the safe thickness of four inches, skating is permitted at all locations between the hours of 3:30 p.m. and 10 p.m. on weekdays and 10 a.m. until 10 p.m. on weekends and holidays.

Because temperature conditions throughout the county may vary, some ponds may have skating while others are closed. By calling 466-4433 or by listening to your local radio station, residents will be able to find out the areas that are open closest to their homes.

## Third Annual Photo Contest

Area starter bugs both amateur and professional are invited to submit black and white photographs for the C.W. Post Library Association's Third Annual Open Photographic Print Competition and Exhibition.

Open to photographers who reside in Brooklyn, Queens and Long Island, the competition will include cash awards totaling \$500. A panel of three judges will select the prints for prizes and exhibition. All winning prints will become a part of Post's permanent art collection.

Only black and white photographs may be submitted, and must be prepared for hanging (not glass framed). The size, including mat, should not exceed 16" x 20". There is a \$3 entry fee for each print, and a limit of five entries per person.

The judges for the competition are Jack Deschin, contributing editor to "Popular Photography", Julia Scully, Editor, "Modern Photography", and William Barksdale, photographer and teacher at Mercer County Community College.

All work must be submitted between Friday, Feb. 16 and Friday, Feb. 23 to the Post Library Association Room 121, Schwartz Memorial Library, C.W. Post Center, Greenvale, N.Y. 11548. Further information in our community section, page 20.

## "Dolls For Democracy"

A "DOLLS FOR DEMOCRACY" Contest has been planned by the Children's Room of the Hicksville Library for boys and girls in Grades 3-7.

Prizes for originality in costume, preferably home-made, will be awarded on 3 levels: grades 3-4, grades 5-6, and grade 7.

Each doll-entry must represent a person, living or dead, who has championed the cause of democracy and brotherhood. The contestant's name and grade, and a few words describing the contribution to humanity which the entry represents, must be included with the entry. Entries

will be accepted in the Children's Room Room January 30th.

On Feb. 21 at 3:45, here at the Library, a program "Dolls for Democracy" will be shown by members of the Anti-Defamation League of B'nei B'rith, in observance of Brotherhood Week. Everyone is invited to attend.

After this program, our contestant's entries will be judged, and prizes awarded. The Children's Room plans an exhibit of these dolls for a week or two after the contest.

We hope many boys and girls will enter this contest - who will be the lucky winners?

## At the Trinity Lutheran Church

A day of consecration will be observed by Trinity Lutheran Church, 40 West Nicholas Street, Hicksville, on Sunday, January 28, as it marks the beginning of its participation in a new Atlantic District of The Lutheran Church-Missouri Synod. The Reverend Edward H. Stammel, pastor of Trinity, says that "formerly the northeast portion of the country was served by one geographic district, but now we have organized a new district to give more concentrated attention to the eastern part of New York State."

The president of the Atlantic District, the Rev. Rudolph P. F. Hessmeyer has departed the Rev. Edward H. Stammel of Trinity to perform the "rite of consecration" designating those church members who will hold official positions in the district. From this area, Mr. David B.

Webster Jr. will be consecrated to serve as delegate to New Orleans. Mr. Frederick E. Trunklin as a member of the Board of Directors of the Mission Services Board, and Mr. Richard L. Rath as a member of the Education Services Board and delegate to New Orleans.

They are among the elected district officers, members of the Board of Directors, Mission Services Board, Education Services Board, Finance Board and those who will be delegates to the church body's synodical convention, being consecrated in the 125 congregations which comprise the new district.

Pastor Stammel added that "we are partners with other congregations in order to do work together which we could not do singlehandedly, and to demonstrate our sharing of the Gospel message and mission that Jesus Christ is Savior and Lord of all."

The district is one of 40 jurisdictions of the 2.8 million member Lutheran Church-Missouri Synod, which operates schools, colleges, seminaries and numerous health and welfare agencies.

Lutheranism is the third largest Christian grouping in the world, with more than 73.5 million members.

## Bus Trips

Museums, art galleries and antiquities are focus of this Spring's New York Bus Trip program sponsored by Oyster Bay Town's Department of Recreation and Community Services.

Offered by CAPA (Cultural and Performing Arts Division), this latest in a series of five trips will begin February 28 and continue through May 9.

As a result of many requests, the concurrent bus trip itinerary will include tours of locations that emphasize art and artifacts from the 14th century to the present. The Frick Collection, the Jewish Museum, the Antiques and Garden Show at the N.Y. Coliseum and SUNNYSIDE - Washington Irving's House at the Tarrytown Restoration (with luncheon at the Tappan Hill Restaurant).

Main registration will be accepted if postmark no later than February 19. Enclosed checks should be made payable to: Butternut Tour and sent to: CAPA, Department of Recreation & Community Services, 7800 Jericho Turnpike, Woodbury, N.Y. 11797.

For further information call Kathleen Boyle at CAPA: 921-5944.

## Named To Committee

Oyster Bay Town Supervisor John W. Burke announced that Edward J. Gaviner, Commissioner of the Town's Department of Planning and Development has recently been appointed to the Legislative Committee of the New York State Conference of Mayors. The appointment was made by Conference President Robert J. Prazuch, the mayor of Lake Placid.

Employed by the Town for more than 20 years, Gaviner is a member of the New York State Building Congress and has been a frequent speaker at various conferences and seminars. He is also a member of the American Institute of Architects and the American Society of Professional Engineers.

## Nassau County Senior Citizens Program

Recreation and Parks Commissioner Richard A. Fitch today reminded Nassau's senior citizens of the many activities which are offered for golden agers at Eisenhower Park, East Meadow; at East Terrace, Nassau Beach, Lido; at Christopher Morley Park, Roslyn; and at North Woodmere Park, North Woodmere.

The Special Activities Center in Eisenhower Park is open to Seniors every Monday and Tuesday for ceramics (basic and intermediate), craft, painting, music, choral group, billiards, bumper pool and cards. Areas are set aside to socialize, just sit and read, or for Seniors to eat their "box lunches" with amiable companions.

The East Terrace, at Nassau Beach, is programmed on Tuesdays, Wednesdays and Thursdays. Senior Citizen clubs can ask to be scheduled for bus transportation to this facility. In addition, Seniors who are not

affiliated with any club and who can provide their own transportation are welcome to come out and enjoy the warm clubhouse atmosphere and to participate in the activities offered by Recreation and Parks personnel. A newly formed orchestra and band meets at Nassau Beach on Wednesdays between 10 a.m. and 12 noon.

At North Woodmere Park painting is offered on Wednesday mornings and music and arts and crafts on Thursdays. So far the Thursday program has integrated 20 nursing home residents into a community recreation program for Senior Citizens. Both institutionalized and community based residents are working together in the morning to establish a choral group. It is anticipated that the group will entertain throughout Nassau. According to Fitch, the Thursday afternoon arts and crafts program offers a change of pace and is much enjoyed.

Oil Painting is offered at Christopher Morley Park on Searingtown Road in Roslyn on Friday mornings from 10 a.m. to 12 noon.

Eisenhower Center, North Woodmere Park and Christopher Morley Park also have outdoor facilities for shuffleboard, horseshoe pitching, picnic and barbecue areas.

Identification cards are also available for any Senior Citizen who is a resident of Nassau County. These cards entitle the bearer to enjoy free or reduced rates in all Nassau County facilities and programs.

For additional information regarding these programs please call the Nassau County Department of Recreation and Parks, Senior Citizen Unit, 292 - 4247.

## Aliens Must Report Their Addresses

Mr. Sol Marks, District Director of the New York District, Immigration and Naturalization Service has again reminded all aliens to report their addresses during January.

Cards with which to make the reports are available at Post Offices and offices of the Immigration and Naturalization Service throughout the country. The reports must be submitted to one of those offices.

Parents or guardians submit reports for alien children under 14 years of age.

Mr. Marks urges all aliens to report before the end of January, as willful failure to do so may lead to serious penalties.

## OBITUARY

### May McNamara

The Earnest F. Francke Republican Club of Hicksville joins with the rest of the community in mourning the loss of our sister member, May McNamara.

May, who was well known to us all, was the wife of Joseph McNamara, a committeeman, and she will be sorely missed by all.

## Cultural Arts Workshops Registration

The Spring semester of the Syosset Cultural Arts Workshops will begin February 5. This non-profit self-sustaining program is conducted at the Syosset-Woodbury Park Community Center and the Syosset Library

by CAPA (the Cultural and Performing Arts Division) Town of Oyster Bay Department of Recreation and Community Services.

Now beginning its seventh year, the Syosset Cultural Arts Workshops are designed to meet the current, diversified interests of creative and inquisitive adults, said Oyster Bay Town Councilman Lewis J. Yevoli, "as well as to challenge teens and expand their experience, to stimulate a meaningful growth experience for pre-schoolers."

Registration is open to Town of Oyster Bay residents; however, those living within the Syosset-Woodbury Park District are given preference. The fee for most courses is \$18 for 12 sessions.

In person registration has been extended and will take place at the Syosset-Woodbury Park Community Center, 7800 Jericho

Turnpike in Woodbury, from 10 AM until 3 PM on January 29 - Feb 2.

Workshops for adults, which are conducted weekdays from 9:30 AM until 3 PM, include the over-popular Yoga, NYC Trips (3 trips for \$24), Bridge, Crafts for Compliments, varied art courses, etc. Workshops in Batik is being offered for the first time.

Newly-added to the Teen Program is Exploration in Movement (Body Conditioning). The following favorites will be repeated: Photography, Yoga, Guitar and Sewing.

Due to their popularity, the following children's workshops will be conducted again this spring: Baton Twirling, Tap Dancing & Tumbling, Dance, Drawing & Sketching, Oil Painting, Crafts, Puppetry and Guitar. A workshop in Magic has been added to the program.

## Plainview Old Bethpage High School News

The Plainview-Old Bethpage Public Library will present "Man The Measure: A Narrative in American Poetry," a dramatic reading of modern poetry, on Thursday, February 8th at 8 P.M. The reading is the brainchild of Paul Ettenson, a teacher of English at Plainview-Old Bethpage High School and a published poet and dramatist. Mr. Ettenson will be sharing the reading with Joseph Gastiger, a student at Stony Brook and a talented young actor.

"Poetry as an oral art," says Ettenson, "is almost extinct. There are poetry readings, but what we've attempted to do is revive it as a dramatic art."

The two readers will read on such subjects as "Alienation," "Man and Machine," "Madness," and "Growing Up in America." The poems, mostly contemporary, will touch up what Ettenson calls "the most vital facets of the human spirit." The reading is free to the public and a discussion will follow.

### Dr. Smith Speaks

Dr. Laurence P. Smith, a practicing Optometrist in Hicksville, and Recording Secretary of the Nassau County Optometric Society, spoke on January 10 at a meeting of the Herricks Senior Citizens Club at the Hillside United Methodist Church, New Hyde Park, New York. There were approximately 70 members in attendance and Dr. Smith gave a talk entitled "Vision and the Senior Citizen." Among topics covered in the talk were: what are cataracts? what is glaucoma? and what can the Senior Citizen expect in the terms of his vision in his remaining years?

There followed a question and answer period during which such items as the pros and cons of tinted lenses for post-cataract surgery cases was discussed.

# Supervisor JOHN W. BURKE REPORTS

The hundreds of pieces of mail arriving in my office on any given day provide an interesting insight into the state of the Town, the changing times, and the concerns of our residents.

On occasion, we will hear from someone residing outside our borders who recognizes the beauty and value of our Town's natural heritage and feels he should express his concern when it is threatened.

We recently received such a letter from Mr. Howard L. Herbert of Brooklyn, N.Y., and, with his permission, I would like to share some of his thoughts on the proposed Oyster Bay Rye bridge with you.

Mr. Herbert writes: "A great psychological need of lifelong city dwellers is to get out in the countryside once in a while to see, continuous greenery, lakes and farmland, hear birds rather than bedlam, and breathe fresh air rather than fumes."

"The closest such area to NYC is the part of the Town of Oyster Bay north of Jericho Turnpike. Here is an area where those of us urbanites who prefer meadows to mayhem, peace to pronography, seascapes to screaming sirens, Planting Fields to pollution, beauty to bestiality, spend rewarding moments of leisure on foot, bicycle, or (for those who must) car."

"Yet one man intends to devastate the most pristine, scenic and ecologically viable and valuable parts of the Town of Oyster Bay... so he can slash and

smash his monstrous bridge and its many wide ancillary feeders across the face of the land."

Mr. Herbert goes on to delineate what he feels are Governor Rockefeller's motives in advocating the bridge.

What most impressed me, however, is his understanding that the destructive impact of this project is far ranging and by no means a local issue of concern only to the north shore.

Thank you, Mr. Herbert, for

your eloquent support. I assure you that we will continue to seek and use every avenue open to us to stop this desecration of our land.

**TOWN NOTES:** The New York State Conference of Mayors has appointed Oyster Bay Town Commissioner of Planning & Development Edward Gaynor to its 1973 Legislative Committee, marking his twelfth year of service to the Conference.

## Children's Art

Art can be excellent form of self-expression, but for emotionally disturbed children at King's Park State Hospital, it is also an integral part of therapy.

An exhibit of work by those children, representing the winners in an art contest held recently at the hospital, will be on

display Feb. 4-26 at the Schwartz Memorial Library Gallery at C.W. Post Center.

Sponsored by the Post Library Association, this exhibit has been assembled by Mrs. Peggy Barron of Westbury, an artist herself, who teaches the children art at King's Park.

## Letters To The Editor

(continued from Page 4)

distributing and condoning this publication have demonstrated a total lack of good judgement and responsibility.

"NOW, THEREFORE, it is RESOLVED, that the Parish Council of Holy Family Roman Catholic Church of Hicksville condemns the distribution of a poem entitled "Christmas Story or 'Mary's Complaint' and it is further:

"RESOLVED, that the Parish Council demands that the Board of Education of the Hicksville School District undertake strong and immediate measures to censure the individuals responsible for writing, promulgating and approving the use of said poem and promptly take all steps necessary to avoid further actions which are demeaning and offensive to the religious beliefs of any persons in the community.

Very truly yours,

## Scouts Celebrate 63rd Anniversary

(continued from Page 4)

special activities during the anniversary celebration.

These will include traditional events such as the Cub Scout blue and gold dinner, Scout troop parents' nights, courts of honor for the presentation of awards, participation in religious services, window displays, shopping center demonstrations, and flag ceremonies.

Important dates for the anniversary celebration include Thursday, February 8, the date when Boy Scouts of America was incorporated in Washington, D.C., in 1910, and Saturday, February 10, Scout Sabbath, and mental fitness," Looney said.

## Know Your Schools

The Adult Education Department of the Hicksville Schools is presenting a new course this coming semester entitled "Know Your Schools" featuring members of the Hicksville educational team. In a quiet and unemotional atmosphere, these educators will explain their roles in the schools and then will solicit questions and discussion from the floor.

It is recommended that those people interested in this course register through the Adult Education Department, but registration is not mandatory. William Collette, Director of Continuing Education, hopes that Hicksville residents will avail themselves of the opportunity to learn more about their schools.

All classes will meet on Thursday evenings with the first session being on 25 January at 8:00 P.M. Mr. Erwin Rozran, Administrative Assistant, will be the guest lecturer. For those who would like to plan ahead, Dr. John Cadden, Assistant Superintendent of Schools, will be speaking on 1 February.

## "Class A" Player

Robert Stein, Captain of the Kennedy Varsity Tennis Team, has added still another honor to his list of accomplishments for 1972-1973. In the Eastern Lawn Tennis Association rankings for 1972, Stein was named as a "Class A" player, thus becoming the first tennis player in Plain-

view school history to receive an Eastern ranking. "Class A" indicates that he is rated between 25 and 35 in ability of all 16 and under tennis players in the Eastern area. To attain his ranking, Stein defeated several highly-ranked players in U.S.L.T.A. tournaments over the

summer.

In the fall 1972 varsity tennis season, Stein was undefeated in league play, and was the unanimous selection of North Shore coaches as the top player in Division IV. He was named All-Division and All-North Shore, receiving a plaque at the all-County Tennis Dinner in November. In the course of the season, in non-league play, he also defeated several other All-

North Shore selections.

A junior, Stein has been playing tennis for five years, and has received advance training at Tennis Camp, Port Washington Tennis Academy, and at Woodbury Country Club. At 6'1", he has the ideal build for a tennis player. His greatest assets on the court are a powerful cannonball serve, and a driving determination to excel.

## School Board Report (Continued from Page 23)

Complaint," written by a ninth grade English teacher and distributed to his students before Christmas. Charles Feita also spoke against the poem and the teacher's action. The board took no action, but met later in executive session to discuss what would be done. Mr. Clark said Monday that the board would make an announcement regarding disciplinary action at the January 26 board meeting.

Mrs. Fran Loiacono requested the board to take action regarding bus safety in view of the recent, tragic death of Patricia Baggia. A suggestion of matrons on the bus was made, but Dr. Hill said the cost is about \$250,000. Volunteers were suggested with the district providing insurance for them, but the district can only insure employees. Another suggestion was volunteers to

watch small children cross at the bus stops. These will all be discussed during budget hearings. Mr. Clark asked for a meeting of the Health and Safety Committee Thursday, January 18 and invited interested citizens to participate.

The board approved the following items: taking of an inservice course to be reimbursed by ESEA Title I federal funds, requests for maternity leaves, tenure recommendations, cafeteria promotion, claims and warrants, disposal of old student accident records and emergency transportation for students who ride the Long Island Railroad to schools in Jamaica and Mineola. The board also approved the change of the official name of the district to Hicksville Union Free School District.

Mr. Bruno made a motion to do

away with the Adult Education course, "Family Experiences and Problems," which is being conducted by a volunteer staff member of H.A.D. There is no fee for the course because the teacher is donating her time. Mr. Bruno objected to H.S.D. being in the schools stating the board had previously turned down their request to work with students during school hours. He said this Adult Education course had not been discussed with the board or the Adult Education Advisory Committee nor had the board approved the new brochure. Mr. Bruno's motion failed due to a lack of four positive votes - voting yes: Clark, Pappas, Bruno. It was decided, however, that all new Adult Education courses planned for the future will first be discussed with the advisory committee and the board.

# School Board Report

By Shirley Smith

It was a long school board meeting Friday night—most of it taken up by unfinished items from previous agendas. The meeting had to be extended to 12:30 before these and new agenda items were all completed. Neil McCormack was not in attendance, due to illness in his family.

There was a great deal of confusion over the interpretation of several votes recorded in the minutes. The first dealt with the transfer of a home teacher into a vacated first-grade position at Burns Avenue, with the home teaching position to be filled by another person. William Bruno's motion to deny the transfer had passed and this was interpreted by some to mean there was no home-teaching position vacant, therefore no other personnel could be employed. Thomas Clark felt the motion meant that the home-teacher remained in her position, but the other teacher moved to the first grade at Burns Avenue. In the interim, the substitute in this classroom had been hired by the board to fill the vacancy.

Robert Pirrung made a new motion, to turn down administration's recommendations regarding the home teacher's transfer and the other teacher's employment. All board members present voted yes, except Mr. Clark, who voted no.

The question then arose about the hiring of the substitute. Mr. Clark did not think she had been hired. There had been a motion to hire which had been amended so the effective hiring date was December 18. The amendment had passed, but there had been no vote on the original motion, even though the minutes recorded an affirmative vote. To clear up this question, Mr. Bruno moved the board accept the minutes as read—the substitute hired for the vacant first-grade position at Burns Avenue, effective December 18. This motion passed—voting yes: Bruno, Pappas, Pirrung; no: Clark; abstain: Zindulka.

The board also clarified another item in the minutes. The motion to loan audio-visual material to non-public schools was actually to loan the material to the student.

The board approved the installation of a wire fence around the high school football field and the purchase of equipment from

the 1972-73 budget. Mr. Bruno voted against the latter motion.

The board did not approve the mini-trips for foreign language students to European countries during the Easter vacation. Trustees Zindulka, Bello, Pappas and Clark voted against the trips; trustees Bruno and Pirrung voted for them. The reason behind the vote was the question of insurance. It was felt the district could be held legally responsible if any accidents occurred on the trips.

The board approved adjustments to the 1972-73 budget appropriations. Dr. Fred Hill, assistant superintendent, explained the school board could, by law, transfer any item in the general fund as long as the total budget figure is not exceeded. He further explained that the adjustments were simply balancing the codes in the budget. The board of education also approved the updating of the voter registration books.

However, the board did not approve a recommendation from the Health Education Curriculum Committee to reinstate portions of the high school health curriculum dealing with family living, which had been removed by board action last fall. The only board member who voted in favor of the reinstatement was Mr. Pirrung. Trustees Zindulka, Pappas, Bruno and Clark voted against it. (Mr. Bello left the meeting just prior to the vote.) Mr. Pirrung then moved that the Health Education Committee be dissolved and this passed, with Mr. Clark the only board member voting against the motion.

Mr. Bruno had placed several items on the agenda dealing with his difficulties in obtaining information from administration. He criticized the superintendent for various actions which he has taken without board approval and said he wanted to establish "who the boss is—the board or the superintendent." Mr. Pappas added some items to Mr. Bruno's list. No official action was taken on any of these items, but certain procedural outlines were set: (1) When a board member writes the superintendent, the latter shall acknowledge and respond (if the superintendent needs to do research, before supplying an answer, he shall so indicate); (2) Letters addressed to the board of education shall be reproduced and sent to all trustees; (3) All labor difficulties or other problems in the district shall be reported to the board.

During the public portion of the meeting, William Thomas read a letter from L.I.F.E. in Hicksville, objecting to a poem, "Mary's

## Finishing Touches Being Put On New Home of the Gregory Museum

The carpet has been laid in the main display room, office, and hallway by Marc Sheryll, Hempstead, and Joseph Schlagetes, West Babylon, members of Carpenters Local No. 1772.

A new floor has been laid in the jail area by Richard Datkin, general contractor, Hicksville, and Dominic Taglienti, member of Carpenters Local Union No. 1772, under the direction of Mr. Richard Evers, Historical Chairman of The Gregory Museum. The cement was donated by the Hicksville Ready Mix Company. Kevin Evers and his uncle are painting the jail.

Mr. Richard Datkun is bricking up the old doorway and window in the passageway to the jail.

Mr. Charles Greenberg, Plainview, employee of Hicksville Auto Spring, has cut old metal in the jail and has welded a piece on the rusted

bottom of the exterior door to the jail. He has also welded a bolt to the exterior door so that the door can be locked.

Mr. Richard Evers will set up a historical display of artifacts of the Hicksville area in the jail and passageway for open house on January 27.

Michael Searle, North Babylon has spent numerous days painting the office and hallway assisted by Richard Sullivan, Frank Larkin, and Mr. Herbert Johnson.

Joseph Kopinski, of Franklin Square from the Painters Union No. 798 did all of the spackling in the hallway.

Mrs. Rosemary Barrow, Mrs. Lorrie Datkun, and Mrs. Frances Rousseau have been working doing painting, window cleaning, installing displays, and typing.

Mrs. Helen Garlinghouse of Benjane Arts in Franklin Square, has set up beautiful displays of sea shells.

A Petrified Wood display has been set up by Mr. Sherwin

Berger of Nature Arts Co. 100-35 Metropolitan Avenue, Forest Hills 11375.

Mr. & Mrs. Ben Daines, Hicksville, have set up a display of "Herkimer Diamonds" from Middleville, New York.

Mrs. Ronnie Wheeler of Oyster Bay has assisted Mrs. Gregory in mounting the butterflies and moths in cabinets built by Mr. Robert Hughes.

All construction work is under

the direction of Mr. Paul Rousseau, Building Committee Chairman, and Mr. Glenn Kerbs of Carpenters Local Union No. 1772.

The setting up of the displays are under the direction of Mr. Benjamin Barley, Curator, assisted by Val Conover, Hicksville contributing art work background in the display cabinets.
