Sanitation Employee Airs Gripes to Burke

By Janet Gossnell

Michael "Rocky" Graziano, of 39 Virginia Ave., Plainview, has had his day in court. On Tuesday at the Oyster Bay Town Meeting, he did what most people have the urge to do at some time or another, but usually keep their mouths shut.

On Tuesday, Rocky aired all his gripes about his boss to a higher up. He really gave it to Jake Freeman, supervisor, and Dominich Arato, Assistant Supervisor of the town's garbage collection operation, where he is employed.

The higher up who called him "Rocky," listened to his gripes and said he would look into them. It was none other than the Town Supervisor, John Burke.

"Nobody likes Rocky," said Mr. Graziano, citing what he believed were unfair practices perpetrated against him. For openness, he objected to a request by Mr. Arato, later negated by Mr. Freeman, that he fill out an accident report after having knocked down a low hanging branch on Yvonne Drive with his garbage truck.

He also objected to his punishment in the matter after 12 years on the job, in that banishment to the back of the truck from the driver's position.

Another inquiry he found in the operation was the practice of sending a man home without pay if he was "one minute late" for the job, even in the absence of a time clock to verify his tardiness.

MICHAEL "ROCKY" GRAZIANO

The man's partner, he said, was then sent out alone on the truck, which he believed was an unsafe procedure in view he said, of his life having been saved by his collection partner on one occasion.

"Well what are you gonna do?" he asked the supervisor. "I have to hear the whole story," said Burke, "before I can evaluate the situation. I've only heard one side."

What do you mean, "one side" says Rocky. "This is the story. After the meeting, while Rocky ran from reporter to reporter."

Is this good for a couple of lines in the paper? Did I make my points right? It was obvious to observers that not only the men in garbage, but also town supervisors are at our disposal.

Town Board Sets Bid Date For Town Drainage Plans

Town Councilman Howard T. Hogan Jr. announced today that the Town Board has set Monday, March 1, for the public reception of bids on two Department of Public Works improvement programs covering the construction of storm drains in Plainview and Oyster Bay.

Hogan said the Plainview plan calls for the construction of storm

drains on Belmont Avenue, Barnum Avenue and Stewart Street, south of Old Country Road.

In Oyster Bay, the drainage project is on White Street and adjacent areas east of South Street.

The Councilman reported that when the lowest qualified bidders are approved by the Town Board, the work will commence.

Board Meeting Cancelled

Out of respect for the death of Mr. Harry Goebel, School Board Attorney the Hicksville Board of Education has cancelled the meeting of

Friday, February 23. The next regular meeting will be held instead on Monday night, February 26, at 8 P.M. in the Conference Room of the Administration Building.

Caso Announces Formation Of New Committee

Nassau County Executive Ralph G. Caso recently announced the formation of a equestrian advisory committee headed by Neal Shapiro, Olympic medal-winning member of the U.S. Equestrian Team to assist the county in planning an equestrian center at the Muttontown Park and Preserve.

The committee will meet with Muttontown Village officials and representatives of horsemen's groups in the county to solicit their professional opinions on the development of an equestrian center.

"One misconception that we want to clear up is that the

county intends to drive the private stables and riding academies out of business," Caso noted. "Nothing could be further from the truth."

"Our aim is to develop the sport of horseback riding and preserve it for the enjoyment of all county residents, young and old," the county executive stated. "The interest is here, but the facilities are not. There are youngsters in Nassau who grow up never seeing a horse, let alone riding one."

The Muttontown Park and Preserve, with its miles of natural trails, is the perfect setting for a county equestrian center and it will allow us to

preserve the land in its natural state," he said.

"We are bringing together men and women knowledgeable in the field of riding activities to assist in designing a facility that will generate interest in the sport of riding," Caso said. He added that the committee will work with Frederick Pinous of Old Westbury, who has been retained by the county to plan the development of the equestrian center.

Besides Shapiro, who lives in Upper Brookville, other appointments so far to the advisory committee are Marvin Midlemark of Old Westbury, a prominent horseman and member of the Old Westbury Horsemen's Association; Peter Mele of Hempstead, an officer of the Nassau-Suffolk Horsemen's Association; Dr. William Reed of Garden City, a noted equine veterinarian; Woodrow Gatehouse of Glen Head, president of the National Horse Show, and State Sen. Ralph J. Marmo of Muttontown.

As the first stage of development, Caso said the county plans to officially open the riding trails in the spring.

TOB Sets Hearing On Waterways Ordinance

The Town Board recently voted to hold a public hearing on Tuesday, February 27th, to discuss a proposed waterways ordinance that will establish rules and regulations for the anchoring and mooring of boats in Oyster Bay Harbor.

"With the boating population on the North Shore continuing to increase, there is no doubt that the Town must act to regulate mooring for the safety of the boatmen," said Town Councilman Howard T. Hogan, Jr. Oyster Bay Harbor has been a mooring and anchoring home for some 600 boats. Without regulations governing this activity it may soon become impossible for a boat owner to safely bring his boat to and from its mooring facility. In addition, this proposed ordinance will set standards for mooring equipment so we will no longer have people

using old radiators and clothesline."

The Waterways Ordinance would set up a grid system for the anchoring and mooring of boats in the Harbor and will require a boat owner to obtain a permit from the Town before he can legally moor his craft. It also defines the minimum standards for anchors, chains, pennant lines and mooring buoys.

If the proposed ordinance is approved, boat owners will be able to apply for mooring permits beginning March 15th each year. Those accepted will be assigned a mooring location and upon inspection of equipment by the Office of the Harbor Master, an approval and identifying tag will be issued.

The ordinance is similar to one proposed last year but withdrawn by the Town Board in order to make necessary changes.

Harry H. Goebel

The district mourns the sudden demise of School Board attorney Harry H. Goebel. Mr. Goebel died on Friday at the age of 68.

Mr. Goebel was a graduate of Columbia College and Columbia Law School. He began his practice in 1929 in New York City. In 1953 the Goebels moved to Hicksville where he continued in his chosen profession in this area. This was his second appointment as School Board Attorney.

Mr. Goebel was a 32nd degree Mason and very active in Jewish charities, the Hicksville Jewish Center and community organizations.

He is survived by his wife Maxine, his son William, his daughter Gale Wasserman and four grandchildren.

Mr. Thomas Clark, President of the Board of Education, said "Harry Goebel's complete dedication to the school can not be comprehended by most. He was available twenty four hours a day, if necessary, and his research of problems big and small left no stone or fact untouched. He never asked for extra compensation, he just loved his work. We all lost a friend."

The district pays tribute to Harry H. Goebel, husband, father, grandfather, attorney, community leader and humanitarian.

LEVINE REFERS TO CONSTITUENT QUESTIONNAIRES: Assemblyman Stuart R. Levine (R-Bethpage) looks over returned questionnaires. The polling was sent to residents of the 10th Assembly District to get views on the major issues facing the State in 1973. Levine says that the response has been

overwhelming. Because he feels constituent opinion is essential to responsible representation, he strongly urges those who wish to express further thoughts on local and statewide issues should contact him at his office: Legislative Office Building, Room 547, Albany, New York 12241.

Around Our Town

LINDA NOETH SCOTTI, 796-1286 -- IRIS WIDDER, WE 1-0853 -- SHIRLEY SMITH, PE 5-1321

Honey and Irwin Skolnick will be celebrating their wedding anniversary February 24. Congratulations to a great couple!

Willet Avenue principal, Jack Mateer, will be cutting his birthday cake February 24. Happy Birthday, Mr. Mateer!

Also celebrating a birthday February 24 is Sidney Fein, the former assistant principal at Dutch Lane School. Mr. Fein is now principal of a middle school in Riverhead. Have a very Happy Birthday, Mr. Fein.

Eleven tired, but happy Junior Girl Scouts of Troop 438 at Fork Lane School, recently returned from a weekend camping trip to Westdale Girl Scout Camp near Westkill, N.Y. The girls had a great time sledding and hiking. All the girls were helpful and a delight to be with, say their chaperones, Mrs. Smith and Mrs. Angstadt.

The George Smiths celebrated

their wedding anniversary February 17.

Cub Scouts of Pack 378 at Fork Lane School, along with their families and guests, will be enjoying their Blue and Gold Dinner this Sunday, February 25 at the Galileo Galilei Sons of Italy Lodge. Awards, prize drawings, entertainment and a chicken dinner are the planned events.

Mr. Haas Moeller will succeed Mr. William E. Byrne as superintendent of agencies of the Public Service Mutual Insurance Company. The Moellers are residents of HICKSVILLE.

Mrs. Josephine Heinemann of Princess St. HICKSVILLE celebrated her 80th birthday Feb. 1st.

Her daughter, son-in-law and granddaughter, Mr. & Mrs. Joseph J. Arnold and Beverly J. Arnold hosted a surprise dinner party for her on Feb. 4th at the Millbridge Inn, Jericho.

The guests included the family, out of town relatives and close

friends.

Her daughter, Olga Arnold, made a keepsake book for all the many birthday cards she received from her many friends who wished her their warmest wishes and love.

Cards came from as far away as Oklahoma and Alaska.

Wallace M. Stein of Bethpage joined the Dartmouth Plan (TDP) as a field representative. TDP is a Carle Place-based financial service organization serving the metropolitan regions home improvement industry.

Happy Birthday to Richie Buck who will be 4 years old on Feb. 26, 1973. He is the son of Mr. and Mrs. Neafie J. Buck, Jr. of 84 Bay Ave., Hicksville. He is the brother of Neafie III and Jimmie.

Congratulations to Kathy Matullo and Bob Weiss on being awarded Honorary Life Memberships in the East St. P.T.A.

CENTURY CLUB... Nassau County Executive Ralph G. Caso presents 100-year old Mary Ann Salisbury Restaurant at Cheney, who resides at the Central Island Nursing Home in Plainview, with a certificate making her a member of Nassau County's One Hundred Plus Club. She and 18 other centenarians were honored at a luncheon at the Salisbury Restaurant at Cheney, who resides at the Central Island Nursing Home in Plainview, with a certificate making her a member of Nassau County's One Hundred Plus Club. At the right is Mrs. Addie Attard, director of the Department.

John F. Kennedy High School News

John F. Kennedy High School will send 19 members of its United Nations Club to participate in the Tenth North American Invitational Model United Nations Conference, to be held at the Shoreham Hotel in Washington, D.C. from February 21-25. This will mark the sixth year of participation for the JFK U.N. Club, in competition with 1700 high school students from the 50 states and several foreign countries. Kennedy has won five "best delegation" awards in those six years, and will seek to maintain its national reputation this year in representing the member states of Panama, the Sudan, and Chile.

Another highlight of the Kennedy trip to Washington will be a meeting with Congressman Angelo Roncallo, newly elected Republican from the Town of Oyster Bay, who will greet the students at his Capital Hill Office. The Congressman will also arrange for the Kennedy delegates to visit Congressional committees and to lunch in the

Congressional cafeteria on the Hill.

The Conference itself is sponsored by Georgetown University's International Relations Club, and will include sessions of each of the U.N. bodies, prominent keynote speakers, a faculty workshop on international relations, a banquet, and a dance. Students will also visit the Washington Embassies of the countries they will represent in the simulation.

The United Nations Club of Kennedy High School has been hard at work preparing for the conference. Each student has researched the issues, submitted resolutions on appropriate topics, and visited the Mission of his country in New York for a briefing by a U.N. official. Leaders of the delegations for Kennedy include Nathan Salant, President of the Student Council, Brad Koshar, Editor of the school newspaper and treasurer of the U.N. Club, and Roxanne Ne-

Hicksville School Board Meeting

By SHIRLEY SMITH

Prior to writing this article, we learned of the heart attack and subsequent death. February 15, of school district attorney, Harry Goodell. Having seen Mr. Goodell at the recent school board meeting, February 9, this comes as quite a shock. We would like to extend our deep and sincere sympathy to Mr. Goodell's family, friends and associates.

Only five trustees were present at the February school board meeting. Messrs. Bruno and Pappas were unable to attend.

The board concluded all the unfinished business from the January 26 agenda, approving the award of bids, authorization to purchase financial transfers and statements, personnel appointments and transfers and adjustments in cafeteria prices.

The board unanimously approved a recommendation from administration to hire a curriculum materials aide and media aides for each of the district schools. The former will work in the Curriculum Materials Center, assisting with film repair, cataloging, processing and related duties. The aides in each school will work in the school libraries, carrying out similar duties. These positions will be advertised and those hired will be trained before beginning work next fall. The curriculum materials aide will begin work this spring.

The board of education denied board members the right to visit schools for the purpose of observing the conduct and method of operation of teachers and employees for the purpose of determining whether they shall accept prospective recommendation of the superintendent for tenure or permanent employment. Also denied was the recommendation that individual board members shall be entitled without charge to secure copies of official records of the district. Mr. Belle asked the board to postpone voting on this matter until Mr. Bruno could be present, but the board did not grant his request. Mr. Belle's was the only vote against the denial.

Following a brief executive session the board voted to suspend all board committees until school board president, Thomas Clark, can review and make revisions. He will then set up ones he thinks necessary and

appoint the appropriate chairman.

The school board voted to change one of the meeting nights to Thursday. Beginning in March the last meeting of the month (the business meeting) will be on Thursday—the last Thursday of the month. The educational meeting will continue to be held the second Friday of each month.

The board postponed action on a request from the St. Ignace Girls' Cadet Corps to hold a drill competition in August on the High School football field. William Beckov, supervisor of buildings and grounds, advised against it because of the damage to the grass. The board has just authorized purchase of a fence to be installed around the football field for its protection. The board decided to advise the Cadet Corps of its reluctance to use the field for any purpose other than football games and ask if other accommodations could be made. The matter will be taken up again at a later date.

The board agreed to a separate vote for the library budget and library board candidates, at the library's expense. By state education law, a separate vote is allowed and must be held six weeks prior to school board elections.

During the public portion of the meeting, Mrs. Iris Wolfson asked how long before the library vote public notice must be given. The answer was two weeks. She asked the board not to delay in setting its own vote as the library must begin its proceedings eight weeks before school board elections. If these are to be held in May, there is not much time left.

Mrs. Dubner asked if letters could be sent home with Lee Avenue students requesting volunteers to ride the buses transporting third graders from Lee Avenue to Dutch Lane. The board agreed. Mrs. Dubner said high school volunteers are ready and waiting to ride buses and aid in embarking, disembarking and crossing kindergarten through third grade students. She asked the board not to delay as the student volunteers may get disinterested and withdraw their help.

The question of insurance of these student volunteers came up and exactly what their duties would be. The students will not assist with discipline on the bus.

only with loading and crossing. Administration does not anticipate any incidents which could cause insurance problems.

Mrs. Mary Carlin asked if records of bus drivers are checked. None are hired who have been convicted of any criminal charges. The question was raised: "What constitutes a clear record?"

The board approved various bills for routine operating expenses of the district. Transportation contracts for the 1973-74 school year were approved, at no increase in cost over this year. Approval was given for trustees, Hello, Bruno and Mr. Cormack to attend the National School Boards Convention in California in April.

The tax rate for the second half of the school year was set at \$6.25 per \$100 assessed valuation. The first half tax rate was \$6.28. Both rates include the library tax, as well as school tax. Dr. Fred Hill explained there has been an increase in the assessed valuation of Hicksville, therefore the slight drop in the tax rate.

The next school board meeting is this Monday, February 26 at 8 P.M. in the Administration Building.

LETTER TO THE EDITOR

Dear Editor:

I could hardly believe what I read in Mr. Fetta's letter to the editor regarding my conduct at the board meeting of February 9th. I deny that I was guilty of "shocking rudeness and unprofessional behavior." The only comment I made to the other parents seated beside me was that Mr. Fetta was speaking publicly when no public session existed. Mr. Fetta failed to mention that I attended the meeting as a resident of Hicksville and a mother of a child

in Mr. Scalia's class. I did not arrive at the Board meeting until 10:15 P.M. and was seated with two other Hicksville parents. This was the first Board meeting of 1973 that I attended. Mr. Fetta has no idea how I feel about the Scalia issue and I resent my professional integrity publicly questioned. The only indiscretion at the meeting was Mr. Fetta's outburst after the Board vote was completed.

KOHLER OF KOHLER

Dear Friends...

LOTS OF COUNTY NEWS: heading the list is the fact that the Hon. Joseph Margiotta (R-Uniondale) has introduced a bill to extend to four years, the term of County Executive. He notes that there are only eight other counties, out of 46, who elect for a term of less than four years, and of these eight, seven are in Alaska and one in Hawaii. ...County Exec Ralph Caso has formed an equestrian advisory committee, headed by Neal Shapiro, Olympic medal-winning member of the US Equestrian Team, to assist the county in planning an equestrian center at the Muttontown Park and Preserve. "Our aim is to develop the sport of horseback riding and preserve it for the enjoyment of all county residents, young and old," he told me. "The interest is here but the facilities are not. The Muttontown Park and Preserve, with its miles of natural trails is the perfect setting for a county equestrian center and will also allow us to preserve the land in its natural state." Mr. Caso also said that the committee will work with Frederick Pincus of Old Westbury who has been retained by the county to plan the development of the equestrian center, whose riding trails will open in the spring. A new booklet, "Property Tax Reductions for Senior Citizen Homeowners," is now available from the County Senior Citizen Affairs Department, to acquaint the county's older residents with tax benefits for which they may be eligible. If you would like a copy, write to this dept. at 1 Old Country Rd., Carle Place, N.Y. 11514, it is free of charge.

ON THE TOWN LEVEL: plans for The Jericho area will probably be acted upon at the Town Board Meeting this Tuesday, Feb. 27th. ...TOB Republican Committee will meet this Friday, and, as well as nominating Supervisor John Burke, Councilmen Joseph Saladino and Howard Hogan, Jr., and Town Clerk Ann Ocker, to run for re-election, it is expected that Ken Diamond, son of Judge Ralph Diamond of Jericho, will be nominated to run for the third seat on our Town Board. ...State Senator Ralph Marino is busy working on a program to crackdown on illegal drug operations in public schools. ...Congressman Angelo Roncallo recently participated in the official opening of the Northport Veterans Hospital new sewage treatment plant. Mr. Roncallo told us that the treated water in this new plant is so pure that it does not even require chlorination.

THAT'S ALL FOR THIS WEEK, Stay well and remember the old adage, "Being born poor need not be a permanent handicap for hard work will always correct it."

Sincerely,
SHEILA

At Dutch Lane

On February 23rd at 8 p.m. the Dutch Lane P.T.A. will hold a General Meeting in their school auditorium on Stewart Avenue. The program will be all musical. The Hicksville Senior High School Madrigal Singers and The Long Island Hand Bell Singers will be presenting an unusual evening of music," said

Mrs. Charles Miller, Program chairman of this active organization.

"Join us and bring the children for an enjoyable and entertaining evening. Refreshments will be served," urged Mrs. Robert Loesch, Dutch Lane P.T.A. presidents.

REPORTS

Last week, Federal District Court Judge Lloyd C. MacMahon granted an injunction against public hearings on the proposed Oyster Bay Rye bridge. He noted that the State failed to comply with Federal law in that it did not solicit sufficient data on the social, economic and planning factors in the project and did not release complete supportive backup material on its decision on bridge approach locations.

Judge MacMahon's decision vindicates our position that these ramrod tactics were not only immoral but illegal as well. It was also another significant ruling in the defense of home rule.

We must be constantly vigilant against such "dubious tactics" of

these agencies which feel they can act with impunity to achieve their own goals without regard for the impact on a community.

It is also gratifying to note the apparent groundswell throughout the Town of opposition to the bridge. People are recognizing that the bridge is a threat not only to the north shore section of our Town or the City of Rye at its northern terminus. The traffic that would pour over this expanse and tunnel down the entire length of our Town would inundate our already saturated highway system. The noise and air pollution will be as equally obnoxious in Massapequa as it would be in Syosset.

Similar concern has been expressed by Senator Rubicoff

and Governor Meskill of Connecticut.

The next logical step would probably be the construction of the Atlantic Expressway, an earlier proposal about which the MTA and New York State Department of Transportation have been strangely silent of late. This roadway will destroy our wetlands on the south shore, thus completing the destruction that bridge construction would start on the north shore.

We still have a long and difficult fight ahead of us, but with the ever mounting evidence that such a bridge will not only fail to solve our transportation problems but also cause irreparable damage to the ecology, we are confident of victory.

Washington Report

**Congressman
NORMAN F. LENT**

5th District, New York

While most skiers in the Fourth Congressional District are hoping that at least one good month in the mountains remains ahead, the month of March here in Washington, for example, generally brings the first Spring-like breezes while New York still blusters in the cold, and those breezes serve as a strong reminder that Washington's almost infamous tourist season is about to begin.

While April really serves as the official "kickoff" for the annual crush of visitors to the Nation's Capital, the time to plan for your own family's visit is NOW.

As your Congressman, I am in a position to aid each of you in planning for your trips to Washington, both in providing you with a rather comprehensive package detailing the many sights open to the public here, and in addition, offering special assistance in helping you avoid the long lines that are a part of the scenery at some of the most popular attractions, by offering a limited number of passes for "V.I.P." tours of the White House and F.B.I. Building.

I doubt if any city in the world offers the number and variety of attractions that you'll find in Washington, ranging from the imposing memorials to Presidents Washington, Jefferson and Lincoln through the impressive collections at the Smithsonian Institution, National Gallery of Art and

JERICHO RESIDENT HAS IMPORTANT LENT ASSIGNMENT: Mr. Robert Kardos of 52 Chesapeake Drive in JERICHO, pictured above with Congressman Norman Lent, has been appointed to serve on Lent's Military Academy Selection Committee. The large group of local residents, leaders in the business and professional communities and the clergy, has been interviewing Lent's prospective nominees to the nation's service academies to determine their interest and fitness for the challenging careers offered at West Point, Annapolis, and the Air Force Academy and Merchant Marine Academy at Kings Point. Kardos, a graduate of King's Point, is working with the subcommittee on Annapolis and Merchant Marine applicants.

Library of Congress and the emotion-tinged history lesson to be found on the tombstones in Arlington Cemetery. And by the way, don't forget one of the city's newest and most popular sights: the Pandas at the National Zoo!

The stalls in my Washington and District offices are well-equipped to assist you in planning a truly memorable tour of Washington, but I must emphasize the importance of contacting me well in advance of your trip. The passes I mentioned, for example, are available on a "first come, first served" basis only, and must be

spoken for thirty days in advance of your expected arrival time.

If you plan to travel to the Capital for a Springtime trip this year, I sincerely hope you'll allow me to assist you in making that trip more pleasant and productive. You may write me directly at 428 Cannon Building, Washington, D.C. 20515, or telephone my District Office in Haldwin at 223-1616 for information and tour assistance.

I look forward to seeing you in Washington, and ask that you drop by my office on Capitol Hill while you're here.

Police Alerted To Possible Differences In Town Permits

Town Clerk Ann H. Ocker announced that the Nassau County Police Department has been alerted that there may be legitimate discrepancies between the numbers on license plates and those listed on Town parking permits.

"I have been assured by Commissioner Louis Frank that the police have been made aware of the possibility that license plate numbers listed on the 1973 Town parking permits will not

coincide with the 1973 license plates being issued by the State," Mrs. Ocker said.

She explained that since residents have until the end of this month to renew their parking permits, some of the license plate numbers on the permits will coincide, since some residents have already received their new plates.

However, many people who have already renewed their parking permits using the 1972

plate numbers, are finding that when they obtain their new license plates the numbers do not coincide since the State is issuing new plates this year," according to Mrs. Ocker.

This matter was brought to the attention of Nassau Police Commissioner Frank, who has confirmed that his men have been made aware of the situation and will make allowances for the discrepancies.

At Hicksville Democratic Club:

Four Candidates Seek Post Of Dem County Chairman

United in their desire to reunify the Democratic Party in Nassau, four declared candidates for the position of Nassau County Democratic Chairman addressed the Edward J. Gammelli Regular Democratic Club of Hicksville at their meeting on Thursday Evening, February 15, 1973 at the Knights of Columbus Hall in Henry Place, Hicksville.

Stressing his close ties with Hicksville Democrats over the years, Stanley Harwood, former State Assemblyman from Levittown called for unity by all factions. Queried from the floor on his position on cross endorsements, Harwood stated that he would favor a re-examination of the county's major party ban.

Abraham Hirschfeld, Industrialist and Treasurer of New York State Democratic Committee since 1968 that if elected

he would build the party as a broader-based community structure, it on the foundation of the talents and capabilities of its working Democrats guided by the direction and supervision of its county chairman.

In seeking unity for the party Hirschfeld declared that if elected chairman his first priority would be to tell the New Democratic Coalition to become part of the regular organization or become a separate party.

Also seeking the nomination was Franklin Grinstein, First Vice Chairman, Nassau Democratic County Committee, who stated that if elected he would work towards a closer alignment of the Democratic Party with communities in the county.

The fourth candidate, James F. Van Norman, an attorney, reviewed his participation over the years in Democratic affairs

at the State and Federal level.

Other speakers addressing the club were James J. Vyrich, Oyster Bay, Democratic Town Chairman, John Burris, former State Chairman Democratic Party, and Patricia Tully Kennedy who is seeking the nomination for candidate for Oyster Bay Town Council.

Among the Democratic notables present at the meeting and introduced by the club president, Fred Hagemann were: William Gulyan, Vice Chairman of the Democratic Party of Nassau County and Leader of Democratic Party, Town of Oyster Bay, George V. O'Haire, Bayville Town Attorney and former Oyster Bay Deputy Town Supervisor, Edward G. Aulman, President, Democratic Club of Bayville-Locust Valley and Assembly District Leaders Betty Ann Ward and Jerry Twombly, 10th A.D., Don Steinberg, 12th A.D. and Mike Steinberg, 14th A.D.

Obituaries

LEGAL NOTICE

PUBLIC NOTICE

PLEASE TAKE NOTICE, that pursuant to law, a public hearing will be held in the Hearing Room of the Town Hall, Audrey Avenue, Oyster Bay, Nassau County, New York, on Tuesday, the 6th day of March, 1973, at 10 o'clock a.m., prevailing time, or as soon thereafter as practicable, to consider the following amendment to the Code of Ordinances of the Town of Oyster Bay, New York, as amended:

AMEND Chapter 8 "Environmental Control" of the Code of Ordinances of the Town of Oyster Bay, New York, by including the following thereunder:

ARTICLE III. THE LICENSING OF OIL STORAGE FACILITIES AND REGULATING THE DISCHARGE HANDLING AND USE OF OIL AND PENALTIES FOR VIOLATIONS THEREOF.

Sec. 8-80 Legislative intent.

The Town Board of the Town of Oyster Bay hereby declares that it is the policy of the Town that there shall be no discharge of oil into or upon any of the lands and waters within the jurisdiction of the Town of Oyster Bay; and it is the intent of this ordinance to prescribe regulations consistent with nationally recognized good practice for the safeguarding of life, property and natural resources from the hazards of pollution arising from the handling and use of oil within the unincorporated areas of the Town of Oyster Bay.

Sec. 8-81 Definitions.

As used in this ordinance, the following terms, phrases, words and their derivations shall mean or include:

1. **Room** shall mean any device designed, designed and used for the purpose of containing oil floating on the surface of water, which device shall have buoyant qualities and be capable of effectively containing oil within its perimeter when the water currents and/or winds are four (4) knots or below.

2. **Discharge** includes, but is not limited to any spilling, unloading, leaking, pumping, pouring, emitting, emptying, or dumping, except discharge for any duly authorized municipal purpose or any customarily required private accessory use, such as resurfacing of roads and driveways.

3. **Division** shall mean the Division of Environmental Control of the Department of Public Works of the Town of Oyster Bay.

4. **Land** shall mean all soil and water of any kind or in any form and shall include all appurtenances whether natural or man-made.

5. **Oil** shall mean oil of any kind or in any form, including, but not limited to, petroleum, gasoline, fuel oil, sludge, oil refuse, vegetable oil, and oil mixed with wastes other than dredged spoil.

6. **Oil Terminal Facility** shall mean any property or any portion thereof which is used for the receipt of oil by vessel, pipe line, tank car or tank vehicle, and wherein oil is stored or blended in bulk for the purpose of transferring or distributing same by vessel, pipeline, tank car, or vehicle, or container, and for the purpose of this ordinance, Oil Terminal Facility shall include all areas and all facilities used in, for, or in connection with, or incidental or accessory to such receipt, storage, blending, transferring or distributing of oil; such Oil Terminal Facility shall also include any industrial or commercial activity having above ground all storage tanks with a total capacity of 1,000 gallons or more and wherein oil storage, handling or use of oil is incidental to, but not the principal business of such industrial or commercial activity.

7. **On-Scene Coordinator** of United States Coast Guard shall mean such person, officer, or official designated by the United States Coast Guard for which the

purpose of undertaking the containment, or removal of any and all oil discharge which may occur in waterways under the jurisdiction of the Coast Guard including, but not limited to wetlands and beaches and the restoration thereof.

8. **Owner or Operator** shall mean:

a. In the case of a vessel, any person owning, operating, or chartering by demise such vessel, or the Master of such a vessel.

b. In the case of an onshore facility, any person owning, operating or managing such onshore facility, whether directly or by lease, contract or any other form of agreement.

c. In the case of an oil truck or trailer, any person owning, operating or driving such a vehicle.

9. **Person** shall mean any individual, firm, partnership, association, corporation, company or organization of any kind.

10. **Person Responsible** shall mean the owner or operator or person in control of the source of an oil discharge or spill.

11. **Remove or Removal** refers to the elimination of oil from the land or the taking of such other actions as may be necessary to minimize or mitigate damage to the public health or welfare, including, but not limited to damage to fish, shellfish, wildlife, public and private property, shorelines and beaches.

12. **Shoreline** shall mean that area situated between 2,000 feet inland from mean high water mark and 1,500 feet offshore from mean high water mark.

13. **Town** shall mean the unincorporated area of the Town of Oyster Bay, Nassau County, New York and all waters under its jurisdiction.

14. **Vessel** shall mean every description of watercraft, pipeline, or other artificial contrivance used, or capable of being used, as a means of transportation of oil on or under land or water.

Sec. 8-82 Discharge of oil prohibited.

The discharge of oil on to any public or private land or water within the Town in harmful quantities is prohibited. Any discharge in excess of 1 gallon of oil is deemed to be harmful. Any discharge onto water which creates a visible sheen is deemed to be harmful. The intentional discharge of oil on to any public or private land or water within the Town in any quantity is prohibited.

The provisions of this section shall not apply to:

a. an act of war,

b. an act of government either Federal, State or local, or

c. an act of God, which causes an unforeseeable act occasioned by the violence of nature without the interference of any human agency.

Sec. 8-83 Oil drilling prohibited. Oil drilling in the shoreline area and in all waters and land under water within the jurisdiction of the Town of Oyster Bay is strictly prohibited.

Sec. 8-84 Permit required.

Notwithstanding any other permits or permission required by any other law, ordinance, or governmental body, it shall be unlawful for any person to construct, operate or maintain an Oil Terminal Facility within the unincorporated areas of the Town of Oyster Bay without first obtaining a permit therefor from the Director of the Division of Environmental Control of the Department of Public Works.

Sec. 8-85 Oil Terminal Facility Permit; application and forms.

Permits are to be issued by the Director of the Division; application for such a permit shall be made in writing to the Division upon forms to be furnished by said Division and shall be sworn to and shall state the name and address of the applicant, the address and location of such Oil Terminal Facility for which the

INSTALLMENT. Nassau County Executive Ralph G. Case congratulates Mrs. Adele Cherry of Plainview, after installing her

as president of the Association to Aid Emotionally Disturbed Children. Mrs. Charlotte Hall of Wantagh, newly installed vice

president beams approvingly (center). Installation ceremony was held at the Dover House, Westbury.

LEGAL NOTICE

permit is requested, the quantity and type of oil to be stored at such Oil Terminal Facility and the total capacity of the storage tanks; the applicant shall submit with the application a plot plan showing the location thereon of all the improvements and facilities required by this ordinance, a scale diagram showing the manner in which oil retention booms shall be deployed, before the issuance of a permit hereunder, the applicant shall file with the Division evidence of compliance with all the provisions of this ordinance and/or such other pertinent information as the Division may require.

Sec. 8-86 Appeal to Town Board.

Any person whose application for a permit or renewal thereof has been denied, revoked or suspended shall have the right to appeal to the Town Board for a review of the determination which denied the application for a permit or a renewal thereof or which revoked or suspended such permit or renewal thereof.

Sec. 8-87 Form of appeal, affidavit.

Such appeal shall be in the form of an affidavit and shall state the grounds upon which the appellant claims the determination to be erroneous.

Sec. 8-88 Period in which to appeal. Such appeal shall be filed with the Town Board by the Appellant within twenty (20) days after notice of the determination has been mailed or personally delivered to the applicant.

Sec. 8-89 Appeal, hearing and notice.

The Town Board shall hold a hearing upon such appeal on a date and at a place and time designated by the Town and shall give notice thereof to the appellant.

Sec. 8-90 Terms of permit, renewal, expiration, revocation and fees.

A permit issued under this ordinance shall be valid for a period of ten (10) years from the date of issuance and may be renewed for additional periods of ten (10) years; renewal applications are to be made in the same manner and upon the same requirements as an application for an original permit. Permits shall remain in full force and effect unless otherwise revoked or suspended for non-compliance with or violation of any of the provisions of this ordinance or

LEGAL NOTICE

until expiration. The fee for the issuance of a permit and renewal hereunder shall be \$300, which sum shall be credited to the Environmental Fund account.

Sec. 8-91 Inspection of Oil Terminal Facility, suspension of permit reinstatement.

All Oil Terminal Facilities shall be inspected by the Division on an annual basis or as often as the Division deems necessary to insure compliance with the provisions of this ordinance. In the event of the discovery of any violation, a second inspection shall be made in not less than thirty (30) days in order to determine compliance with the provisions of this ordinance. Upon such a second inspection, any violation of this ordinance shall result in immediate suspension of the permit, except that the Division may determine that a satisfactory plan for compliance has been established, in which case the Division may grant such extension as it deems necessary to enable completion of such plan. Upon submission of satisfactory evidence of due compliance with the provisions of this ordinance, the Division shall reinstate a suspended permit.

Sec. 8-92 Adoption of rules and regulations; notice.

The Town Board may, upon the recommendation of the Division, and after a duly advertised public hearing thereon, adopt such rules and regulations as it may determine necessary for the administration and enforcement of this ordinance; for the issuance of permits, renewals, and the reinstatement thereof; and for the regulation of all visual site characteristics, including, but not limited to screening, plantings, signs, construction materials, lighting and color of tanks. Such rules and regulations, after adoption thereof by the Town Board, shall be made public by once publishing same in a newspaper designated by the Town Board having general circulation in the Town, and by posting a printed copy thereof on the signboard maintained by the Town Clerk pursuant to subdivision 6 of Section 30 of the Town Law and by sending copies via certified mail to all permit holders of record; affidavits of such publication and posting shall be filed with the Town Clerk. Such rules and regulations shall take

LEGAL NOTICE

effect ten (10) days after publication and posting.

Sec. 8-93 Fences.

Notwithstanding any provision of any other statute, local law, or ordinance, a chain-link fence eight feet high, or other suitable barrier, or a combination thereof totaling eight feet in height shall be erected and continually maintained as a security measure, along the upland perimeter of every Oil Terminal Facility and parking lot used regularly by oil trucks and trailers except those parking lots used exclusively for the storage of empty oil tank trucks and trailers, each not containing oil or oil products contained in the engine of such vehicles, or for parking of passenger vehicles of employees.

Sec. 8-94 Dikes.

All oil storage areas, oil terminal facilities, terminal storage areas or other like facilities used for oil storage shall be securely enclosed by retaining dikes of a height sufficient to contain 110 percent of the oil capacity of the largest storage tank contained within the dike. The materials used for the construction of the dikes shall be in accordance with specifications contained in any rules and regulations established by the National Fire Protection Association.

Sec. 8-95 Parking lots and drains.

All parking lots regularly used for the storage of oil trucks and trailers shall be paved and graded with run-off to storm drains which shall contain an oil-water separator device of sufficient capacity to accommodate the particular lot size, to be installed and maintained by the operator of the Oil Terminal Facility, separate from the municipal storm drainage system except that the water discharge of the oil-water separator may be introduced into the municipal storm drainage system or into any waterway, after the oil is removed, which system shall be approved by the Division; the Division may permit the construction of an oil drainage pit of a type and design and under conditions acceptable to the Division in lieu of an oil-water separator, such a drainage pit to be maintained and cleaned regularly by the operator.

Sec. 8-96 Oil removal equipment.

Every Oil Terminal Facility

Two Store Fires, Warehouse Fire Keep Vamps Busy

BY CAPT. OWEN MAGEE

Hicksville Volunteer Firemen responded to 30 alarms during the period of Feb. 6 thru Feb. 20. A major fire alarm was turned in, along with 9 rescue calls and 13 fires.

A smoky fire in a warehouse at 244 Old Country Road on Feb. 10th was brought under control by 50 Hicksville firemen. The fire in a refrigeration warehouse was reported at 7:45 PM. A fire sprinkler went off and kept the fire confined to one small area. The building, which is located in the rear of the Newbridge Road Shopping Center where no fire hydrants are installed caused firemen to spill out several thousand feet of hose in frigid weather. Minor damage was reported.

On Feb. 14th at 10:57 PM a general alarm fire swept through the Midway Delicatessen at 399 Jerusalem Ave. As fire units arrived flames were shooting out the back of the store. As firemen were entering the building the floor collapsed into the basement, and one fireman fell through the floor, but other firemen held on to the hose line and pulled him to safety by his feet. The blaze gutted the store and injured three firemen. Firemen were on the scene for over 4½ hours in bone-chilling wind and rain. 75 vamps,

11 pieces of apparatus under Chief Louis Merz responded.

Hicksville vamps were called in to assist Plainview vamps battle a spectacular blaze in a dry cleaning store on Old Country Rd. in Plainview. The fire in the Pamper Dry Cleaners gutted the building. The alarm was on Feb. 15th and Hicksville firemen responded at 8:55 PM.

On Feb. 16th a general alarm fire caused heavy damage to the Adam Trent Clothing Store in the Mall Area of the sprawling Mid-Island Shopping Plaza. This fire could have been disastrous had it not been for the new sprinkler system. Firemen were hampered by heavy smoke. The fire apparently started under a platform in the rear of the store and gained considerable headway before it set off an automatic sprinkler. The basement of Newberrys Dept. Store was flooded by water from the sprinkler system. The Adam Trent Store is directly over a portion of Newberrys basement sales area. No injuries were reported.

"Vamps Mourn Loss of Two Firemen" Ex-Chief and Ex-Commissioner-Life Member George Engel died Suddenly on Feb. 12, 1973. Ex-Chief Engel served Hicksville as chief 1943-

1944. Ex-Chief Engel died of a heart attack before firemen arrived on the scene.

Over 50 Hicksville vamps attended funeral services for 45 yr. old Edward Kullman, a 10 yr. veteran of the N. Bellmore Fire Dept. who was killed in the line of duty at a house fire on Feb. 16. An estimated 5,000 firefighters from all over Nassau and Suffolk attended the services.

"Fireman Carl Eiseeman Celebrates 50 Year Membership in Fire Service"

Ex-Capt. Carl Eiseeman of Protection H and L Co. No. 1 was the guest of honor at a dinner at Fire Headquarters on Feb. 17, 1973. Carl, whose brother Joseph of Co. No. 2 just completed 50 yrs. service in 1972, joined the Hicksville Fire Dept. in 1923, and is still an active member today. The officers and men of the Hicksville Fire Dept. congratulate Ex-Capt. Eiseeman and thank him for his dedicated service to the community.

More details on this story will appear in a future issue of the Herald.

"Total Alarms for January 1973" Total Alarms - 73 General or Sounded Alarms - 38 Silent Alarms - 23 Ambulance Calls - 11 Malicious False Alarms - 12

Scuba and Skindiving Program At Library

Summer can't come too soon for the underwater explorer. The Plainview Old Bethpage Public Library is anticipating the return of good weather with a program on Scuba and Skindiving given by Jim Moran, the operator of the

North Shore Outdoor Recreation Center Thursday, March 8 at 8:00 P.M. The program, aimed at both teen and adult novices and experts will cover the training and equipment needed for this fast growing sport.

History of Hicksville On Slides

A special treat for the residents of Hicksville will be made available to them by the Hicksville Community Council at the Council's next meeting on March 1.

A special collection of slides combined to present a "History of Hicksville" will be shown by Mr. Gardiner Gregory, President of the Board of Trustees and Director of The Gregory Museum.

These slides should be interesting to young and old. Fond memories for those who lived through the changes. Fascinating local history for the youngsters to see. Extremely interesting for those residents who came to Hicksville fairly

recently. "I was fascinated with the presentation the first time I saw them, and I'm looking forward to seeing the slides again".

In addition to The Gregory Museum slides, our Program Chairman, Mr. Elery Bean, has scheduled speakers from the Hicksville Fire Department and the Hicksville Post Office to talk to the people of Hicksville about their respective department.

It should be an interesting meeting. The next Hicksville Community Council meeting will be on March 1, 1973, at 8:15 pm at the Hicksville Public Library. Everyone is invited and welcome.

Jazz Concert At J.F. Kennedy

Lew Soloff, the lead trumpet player of Blood, Sweat and Tears one of the nations top rock groups, will be a feature of the Jazz Concert being given by the John F. Kennedy High School Jazz Foundation.

Mr. Soloff, one of the original members of Blood Sweat and Tears, will play some of the current top hits such as "Spinning Wheel", "Go Down Gamblin'", "God Bless the Child", "Smiling Faces" and other popular numbers. The Jazz Concert, directed by Dr. Kirby Jolly, will be presented at the

high school (off Washington Avenue, Plainview), Wednesday, February 28, at 8:00 P.M.

Also appearing at the Jazz Concert is Clem DeRosa and his College All-Stars: the Suffolk Community College Stage Band, directed by Leonard Goldberg and the East Meadow High School Jazz Ensemble, led by Bill Katz.

The JFK Jazz Foundation was organized three years ago and according to Dr. Jolly plays music of today in all forms. The Foundation won the second place

Volunteers To Speak At C.W. Post

Representatives of both the Peace Corps and Vista will speak on their experiences with these organizations at a lecture to be held at C.W. Post Chapel on Monday, Feb. 26.

James Black, former Peace Corps volunteer in Ecuador, will share with our audience stories of his time spent in South America. In addition to sharing stories, he will speak on the opportunities available in the Peace Corps today.

Hugo Espinal, who is from Colombia, will speak on his experiences as a Vista volunteer in New Mexico. Espinal will also talk about the benefits of Peace Corps and Vista service and training.

The lecture, which is free and open to the public, will be held in the C.W. Post Chapel beginning at 8 p.m. It is sponsored by the Post Resident Student Organization.

Hearings

At its regular meeting on Tuesday this week, the Oyster Bay Town Board set hearing dates on two change of zone petitions for property in Plainview.

A hearing date of March 13 was set for the petition of Bruce Mellich and Keith Mellich for a change of zone from Residence D to Business F District for property on the southeast corner of Plainview Road and Washington Ave. According to information on file at the office of the town clerk, the Messrs. Mellich are under contract to buy the parcel from Central School District No. 4, and wish to construct a store for the retail sale of soda and beer.

A hearing date of March 27th was set for the public hearing on the petition of Charles Orlando and

Elizabeth Orlando for a change of zone from Residence D to Business F for property on the southeast corner of South Oyster Bay Road and Cedar Street.

DINER OWNERS WELCOME
PLAINVIEW DINER: John Mvrikis, right, owner of the Plainview Diner, Old Country and Manetto Hill Rds., is welcomed into membership in the Nassau-Suffolk Diner-

Restaurant Owners Association by (front left) association counselor Harry Rosenberg; President John Sourounis, of the Stop "28" Diner, Elmont; and George Malliagos, Past President, of the Embassy Diner,

Hempstead. The association, chartered in 1939, is directed at heightening progress and communication among diner owners in Long Island's bi-county community.

LEGAL NOTICE

(Continued from Page 6)
located within a shoreline shall possess and maintain on site a floating oil retention boom or similar containment equipment of a length capable of retaining discharges from any oil storage tank, pipeline, hose, truck, trailer, tanker, or tanker barge situated at or calling at such facility; the minimum length floating oil retention boom shall be 1,000 feet. Every Oil Terminal Facility shall also possess a water craft capable of effectively deploying the oil retention boom. Each pier at which tanker or tanker barges moor for purposes of transferring oil to an on-shore oil terminal facility shall have immediate access to a mechanical skimming device capable of collecting oil from a boom-enclosed area. The mechanical skimming device shall be located within ten (10) miles traveling distance of such Oil Terminal Facility. In the event of a discharge of oil into a waterway, floating oil retention booms shall be immediately deployed so as to contain the discharge and thereafter the mechanical skimming device shall be utilized to remove such discharge.

Sec. 8-97 Absorbents, accessibility.

Absorbents, including any material recognized as capable of effectively absorbing oil from water and also capable of being collected or skimmed off water, shall be kept in quantities satisfactory to the Division at all oil terminal facilities within the Town of Oyster Bay.

Sec. 8-98 Availability of information.

Upon request of the Division any oil terminal operator shall provide the following information on any transfer of bulk oil delivered by vessel to the terminal operator, with the following information:

1. Terminal name and location of anchorage if off-shore transfer.
2. Approximate amount of oil to be transferred.
3. Product type.
4. Vessel name.
5. Expected time and date of vessel arrival.

Sec. 8-99 Initial telephone report.

A telephone report of any discharge of oil in violation of this ordinance shall be immediately made by the responsible party or

LEGAL NOTICE

his representative to the Division and if the discharge takes place into a harbor or waterway, or into waters flowing into a harbor or waterway, or into any conduit emptying into a harbor or waterway, such person shall also notify the United States Coast Guard pursuant to Federal regulations. The report shall include:

1. Time of discharge.
2. Location of discharge.
3. Type and amount of oil.
4. Assistance required.
5. Name and telephone number of person making report.
6. Other pertinent information.

Sec. 8-100 Written report.

After removal of such discharge has been completed, the person responsible shall prepare a complete written report of the occurrence and submit such a report to the Division within ten (10) days. If circumstances make a complete report impossible, a partial report shall be submitted. This report shall include, but not be limited to, the following information:

1. Date, time and place of discharge.
2. Name of licensee, name and owner of vessel or other party involved.
3. Amount and type of oil discharged.
4. Complete description of circumstances causing discharge.
5. Complete description of containment and removal operations.
6. Procedures, methods and precautions instituted to prevent a similar occurrence from re-occurring.

Sec. 8-101 Mysterious or unidentified discharge.

Any person sighting an oil discharge in or on the lands of the Town may report such discharge to the Division giving such information as might be available. The Division shall immediately investigate the reported discharge and in the event that the discharge is confirmed by the Division, notice shall be given to the person responsible for the discharge; thereafter the person responsible must act according to the applicable provisions of this ordinance.

Sec. 8-102 Reporting a discharge of oil.

Any person responsible for a

discharge of oil in violation of this ordinance shall immediately report the discharge to the Division; and if the discharge takes place into a harbor or waterway, or into any waters flowing into a harbor or waterway, such person shall immediately inform the United States Coast Guard. Failure to report a discharge as specified in this section constitutes a violation of this ordinance.

Sec. 8-103 Removal and clean-up of discharge of oil.

A person responsible for the discharge of oil as prohibited herein shall also immediately undertake to contain and remove such discharges and shall clean and restore any areas affected by the discharged oil under the supervision and to the satisfaction of the On-Scene Coordinator of the United States Coast Guard, and the Division.

Sec. 8-104 Report and Removal of oil discharge not an admission of liability.

In the event of a discharge, action taken by any person to report, contain or remove such discharge shall not be construed as an admission of liability for such discharge.

Sec. 8-105 Removal of oil - costs reimbursed.

The party responsible for an oil discharge shall be liable for costs incurred by the Town of Oyster Bay, or any other party for taking necessary steps to collect, contain and remove discharged oil and to restore damaged property to its original state. In any civil suit pursuant to this section, it shall be necessary for the Town to prove the source of the oil discharge and that the defendant is the person responsible for the oil discharge and it shall not be necessary for the Town to plead or prove negligence, reckless or willful misconduct, or intent.

Sec. 8-106 Civil remedies unaffected.

Any civil remedies heretofore existing under statutory or common law are unaffected by this ordinance.

Sec. 8-107 Enforcement.

Authority to enforce the provisions of this ordinance shall be vested in the Nassau County Police Department and other persons who may be designated by the Town Board, or by the Division of Environmental Control.

Sec. 8-108 Penalties.

Failure to comply with any of

LEGAL NOTICE

the provisions of this ordinance shall constitute a misdemeanor, punishable by fine up to \$1,000.00, or imprisonment not exceeding 15 days, or both such fine and imprisonment for each violation. Sec. 8-109 Action or proceeding to compel compliance.

In addition to the above provided penalties and punishment, the Town Board of the Town may also maintain an action or proceeding in the name of the Town in a court of competent jurisdiction to compel compliance with or to restrain by injunction the violation of this ordinance.

Sec. 8-110 Separability clause.

If any clause, sentence, paragraph, section or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

Sec. 8-111 Conflicting laws.

This ordinance shall be construed to be ancillary and supplemental to any laws now in force tending to effect the purpose set forth in this ordinance.

Sec. 8-112 Effective immediately.

one (1) year to conform.

This ordinance shall take effect immediately except that any oil terminal facility which has been lawfully operating as such on the effective date of this ordinance, although non-conforming with the provisions of this ordinance may continue to so operate until the expiration of one (1) year from the said effective date of ordinance at which time such oil terminal facility shall conform and comply with all of the provisions of this ordinance. The operator of any such prior existing non-conforming oil terminal facility may appeal, in writing to the Town Board, for an extension of no more than one (1) additional year in which to conform, and said operator, in this appeal, must also submit evidence of an effective plan to bring the subject facility into conformity within the duration of the extension requested.

All persons interested shall have an opportunity to be heard upon the said proposed amendments at the time and place aforesaid.

The existing ordinance is on file in the office of the Town Clerk and may be examined during regular business hours by any or all interested persons.

Satisfaction of Certificate of Amendment of Partnership duly signed and acknowledged by all of the partners and filed in the Nassau County Clerk's Office on July 13,

Students Visit The Gregory Museum

Since The Gregory Museum began operations at its new home, Heitz Place, Hicksville, on January 29, 720 children and adults have used its facilities. One of the first Hicksville school groups to visit the museum was Mrs. Mignon's 3rd grade class from East St. School. Three parents accompanied the group, and they as well as the children were fascinated by the minerals, gem stones, sea shells, and historical artifacts of the Hicksville area. They were especially intrigued with the fluorescent minerals. The Curator, Mr. Ben Barley, let the youngsters feel the tourmaline crystals on a mineral specimen, as their teacher Mrs. Mignon looked on.

Since the museum opened its door on 1963, over 7000 Hicksville children and adults have been on tours through the facilities. The museum now serves 65 school districts, with over 50,000 in total attendance to date.

Mrs. Ann Reich, in charge of the Senior Citizen groups in Oyster Bay, is contacting her

AT THE GREGORY MUSEUM: East Street School third grade students visited the Gregory Museum, in which they are feeling the tourmaline crystal.

groups for volunteer workers to help out at the museum. Volunteers are needed to take admissions, conduct tours, do secretarial work, and tend the museum's store.

Volunteer workers now working at the museum include Mrs. Lorrie Datkun, Mrs. Mary Cordier, Mrs. Myrtle O'Toole, Mrs. MaryJo MacDonald, Miss Lourde MacDonald, Mrs. Ruth Marcus, Mrs. Laura Weintraub, Mrs. Anne Atwood, Mrs. Gussie Daines, Mrs. Dorothy

Mann, Mrs. Sullivan, Mrs. Val Conover, Mary Ellen Card, Ellie Goldberg, Sylvia Sobelman, Jo Lindo, Pat Hughes.

One of the museum's traveling gem & mineral displays is now at the Willet Ave. School in Hicksville; the display includes a continuous slide & tape program on Rocks & Minerals. This exhibit has already been at Burns Ave., East St. and Junior High Schools. The Museum's Traveling Art Exhibit is at present in the Merrick Public Library.

LEGAL NOTICE

NOTICE TO BIDDERS

PLEASE TAKE NOTICE THAT

SEALED PROPOSALS shall be received and must be stamped by the Purchase Department of the Town of Oyster Bay at its office located at Fourth Floor, Town Hall, Audrey Avenue, Oyster Bay, New York (elevator in rear), not later than 11:00 A.M. (Prevailing Time) on March 5, 1973 following which time, they will be publicly opened and read and, the contract awarded as soon thereafter as practicable for: Construction of Storm Drains and Appurtenances on Belmont Ave., Barnum Ave., Stewart St. and Adjacent Areas Located at Plainview, L.I., N.Y.

A charge of \$25.00 will be required for a copy of the plans, specifications, proposal sheet and form of contract to be made payable to the Town of Oyster Bay. Any bidder upon returning such set promptly and in good condition within 30 days after the date of receiving bids will be refunded his payment and any non-bidder upon so returning such set in good condition will be refunded the sum of \$15 (fifteen dollars).

Plans and specifications may be seen at or procured from the Office of the Town Clerk, Town Hall, Town of Oyster Bay, New York, 9:00 A.M. to 4:45 P.M., Monday through Friday.

Each proposal must be accompanied by either a certified check on a solvent bank or trust company, or bid bond from a

surety company acceptable to the Town, in an amount equal to not less than five (5) percent of the amount bid, made payable to the Town of Oyster Bay as assurance that the contract will be executed if awarded to such bidder.

The Contractor will be required to comply with all the provisions of the Labor Laws of the State of New York, the provisions of Section 100-D of the General Municipal Law, the provisions of Section 126-D of the State Finance Law, the provisions of Section 2694 of the Public Authorities Law, as amended by Chapter 675 of the Laws of 1966.

The Town Board reserves the right to reject any and all bids in whole or in part, to waive any informality in any or all bids and to accept the bid or part thereof which it deems most favorable to the Town after all bids have been examined and checked. No bid shall be withdrawn for a period of 45 days after being publicly opened and read.

In the event bids are rejected, or no bids are received, the Town Clerk is authorized to readvertise for bids upon direction of the Town Board.

Public Liability and Property Damage Insurance and Construction Bond will be required as set forth in Instructions to Bidders and the Contract Form.

Public Liability and Property Damage Insurance and Construction Bond will be required as set forth in Instructions to Bidders and the Contract Form.

Men In Service

Navy Seaman Richard J. Goldman, son of Mr. and Mrs. Joseph E. Goldman of 19 Simpson Drive, OLD BETHPAGE, completed the submarine Sonar Technician School of the Fleet Anti-Submarine Warfare School, San Diego.

Sonar Technicians maintain and operate electronic underwater detection equipment.

He is scheduled to report aboard the USS Benjamin Franklin, homeported in Groton, Conn.

U.S. Air Force Sergeant George F. Blair, son of Mrs. Dolores Blair of 7 Morris Road, BETHPAGE, has arrived for duty at Bantwaters RAF Station, England.

Sergeant Blair, a vehicle operator, is assigned to a unit of the U.S. Air Forces in Europe, America's overseas air arm assigned to NATO. He previously served at McGuire AFB, N.J.

The sergeant is a 1969 graduate of Plainfield High School, North Massapequa, and attended Trenton State College.

Navy Petty Officer Second Class William H. Grant, son of Mr. and Mrs. Harry W. Grant of 15 Jester Lane, LEVITTOWN, is

in the Western Pacific aboard the aircraft carrier USS Constellation.

He has visited Pearl Harbor, Hawaii and Subic Bay, Philippines.

He is a former student of Island Trees High School, Levittown.

Navy Airman Recruit Keith G. Gilbride, of 66 Marian Lane, JERICHO, graduated from recruit training at the Naval Training Center in Orlando.

A former student of Jericho High, he is scheduled to report to Aviation Structural Mechanic School, Memphis, Tenn.

Airman John J. Lewis, son of Mr. and Mrs. Neal Lewis of 14 Pearl St., BETHPAGE, has graduated at Lowry AFB, Colo., from the U.S. Air Force weapons mechanic course conducted by the Air Training Command.

The airman, who was trained to load and inspect the weapons used in Air Force fighter aircraft, is being assigned to Nellis AFB, Nev. for duty with a unit of the Tactical Air Command which provides air support for U.S. ground forces.

Airman Lewis is a 1971 graduate of Bethpage High School.

Cadet Robert F. Rzemieniewski, son of Mrs. Eileen Rzemieniewski of 41 Andrew Lane, LEVITTOWN, marched down Pennsylvania Avenue with the 178 man contingent from the U.S. Coast Guard Academy in the Jan. 20 Presidential Inauguration Parade in Washington, D.C.

He is a graduate of Division Avenue High School, Levittown, and member of the class of '73 at the Academy in New London, Conn. He will receive a bachelor of science degree upon graduation and be commissioned in the Coast Guard.

Blood And Sand at Library

The hot excitement of the Spanish bull fight world will be brought to the Plainview-Old Bethpage Public Library Friday, March 2 at 8:00 P.M. with the showing of the 1941 film "Blood and Sand." The film stars Tyrone Power, Rita Hayworth, Linda Darnell and Anthony Quinn. The film will be shown again Sunday, March 4 at 3:00 P.M.

Cub Pack 293 News

On Feb. 15th, Cub pack 291 held their Blue and Gold dinner at Trinity Lutheran Church, HICKSVILLE. A delicious roast beef dinner prepared by Mrs. E. Gebhardt, Mrs. M. Viole and Mrs. H. Kellendorfer was enjoyed by all. Paul Walker contributed his talents on the guitar.

The Rev. John Krahn gave the blessing and was also one of the guest speakers which included Mr. A. Lohsen, Mr. S. Widder and Mr. H. Spadaro. Cub awards were presented by Cubmaster

Mr. A. Sulzer to: John Greggo, three year pin; Fred Schaaf, Geologist, Scientist, Naturalist and Scholarship; Paul Viole, Gold Arrow Point; Walter Fricke, Gold Arrow Point; Fred Hastings, Gold Arrow Point.

The entertainment was provided by the Cub Scouts. It included a skit and an oration on what it takes to become a Cub Scout.

A most enjoyable evening of fellowship was had by all. BULLY!

Hicksville Library

The Hicksville Library Cinema Series will present "Kitty Foyle" on Wednesday February 28 at 8 p.m. in the library auditorium. The film, made in 1940, stars Ginger Rogers.

This film, based on Christopher Morley's novel, about a career girl and the men in her life, won an Academy Award for Miss

Rogers, for her portrayal of "Kitty". It is an example of a great romance of the White-Collar girl as portrayed by Hollywood of the 40's.

The Library Cinema Series is made possible by a grant from the New York State Council on The Arts to the Nassau Library System.

"Operation Fitness"

Mr. Anthony Noto, chairman of the 1973 Nassau County Fitness Council, has announced the Fourteenth Annual "Operation Fitness" contest for boys and girls in the High Schools of Nassau County. Last year, boy and girl competitors from over 50 public and private high schools competed for the title, "Most Fit

Boy" and "Most Fit Girl", and the John F. Kennedy Memorial Scholarship Awards. The awards are granted by the Nassau Bowling Proprietors Association. The goal of the Council is 100 percent participation of all high schools in Nassau County.

President Nixon, and former President Johnson have shown a high personal concern for Youth Fitness. It is a priority item in national affairs. Thirteen years ago, the membership of the Nassau Zone of the State Association for Health, Physical Education and Recreation embarked on a high level competitive program. The goal was not only to motivate hundreds of boys and girls to improve their fitness, but also to select and honor Nassau County's outstanding youth annually. The program was dubbed "Operation Fitness" and has earned the acclaim of both the New York State Education Department as well as the President's Council on Youth Fitness.

In the immediate future, high school seniors will begin to vie for the coveted honors. The selection in each high school includes a group of fitness tests, scholarship standing and exemplar

qualities of good citizenship. When the outstanding boy and girl are chosen from each school, these finalists will then

meet at Holy Trinity High School in Hicksville, on Saturday May 5, 1973. Starting approximately 8:30 AM to 1:00 P.M. these students will begin competing for the scholarships, trophies and the honors symbolizing rewards of excellence.

The members of the 1973 Fitness Council are: Mr. Anthony Noto, Dutch Broadway School, Elmont; NYSAPER Pres. Ina C. Fletcher, Baldwin High School; NYSAPER Rec. Sec. Joseph Martini, Uniondale High School; Cleo Georgakis, Seamen Neck Elementary School; Elisa Proly, Westbury High School; Harold Levine, High School of Health, P.E. and Rec. Herricks Public Schools; Al Whitney, Pres. elect, Nassau Zone of NYSAPER; Thomas Casey, Great Neck North High School; Margaret Firth, Maria Regina Dominican High School; Lorraine, Marilyn Munro, Garden City High School; Frederick Bruno, Holy Trinity High School; Bernice Hutchinson, Benhur High School; William Minister, Herricks High School.

At TOB Board Meeting

SAVING OPERATION OUTREACH was the goal of about fifteen Hicksville and Levittown women who appeared at Town Hall on Tuesday. According to Mrs. Sonia Terken, Headstart Director, both funds will be cut off as of July 31st, the fiscal year's end. The women planned to ask town officials to intervene and help with local Congressmen. With Mrs. Terken are Mrs. Christa Landy, Family Planning Aide, and Rosanne Mariani, Operation Outreach community aide. The Hicksville-Levittown Headstart program is located at St. Stephen's Lutheran Church. Operation Outreach operates ten community service programs, including the Levittown Hicksville Fall Year Head Start at St. Stephen's Lutheran Church, English as a Foreign Language, Drug Program and Youth Services, including help in emergencies, remedial tutoring, family planning and others.

PLAINVIEW-OLD BETHPAGE HIGH SCHOOL Sport News

by Joe Dowd

PRESENTING: THE

PLAINVIEW SUPER-SUBS
Who has the toughest job in basketball? Is it the starters, the kid with the 30 point a game average; the local fan's hero? The answer is none of these. The toughest job in High School Basketball is having to sit the bench. Game after game the Plainview scrubbies and mullions must watch and wait for their call to come once in a while the call comes from the other end of the bench, and now, for one of the Plainview scrubs - the moment of truth has arrived. Unlike the 30 point scorer who can rest on his laurels of last game, the scrub must perform admirably or else suffer the consequence of deportation to the end of the bench. He must be a subservient knave to the dynamic, publicized hero. Well, the tables have turned. In the name of fairness and justice, this writer present the Plainview Super-Subs!

Peter Marin, a senior, hold the record for the most Gatoraid drinks consumed during one game. 24. Things can get pretty boring when Aversano and Tipa are dominating the game. So Pete, who is known as "the Captain of the bench" often challenges senior counterpart Steve Morello to a "Gate Aid drink-off." Besides being able to drink that powdery, orange gook, Marin is rather talented at basketball. Aversano said of him, "He's the toughest defensive player I have ever played against." Pete has a fine jump shot besides. Morello, besides having a fine jump shot, is one of the finest baseball players ever to play for Plainview. Despite his rather quiet personality, Steve is a fierce competitor and fine all-

around athlete.

Two of Plainview's Subs, Barry Root and Dave Marshall, have been lost for the season due to torn ligaments in their ankles. The injuries came at a most inopportune time now that Plainview has made the playoffs. Barry Root, a concerned student and an involved person off the court, admirably substituted for Plainview's big men at center and forward. He is interested in music, tennis, and, above all, people. Dave Marshall, another fine individual, is one of the better defensive players on the team. Dave never fails to give 100 percent on and off the court. The absence of Root's tall, afro-headed figure and Marshall's reserved but tenacious personality is a great loss to the Plainview Gulls.

I have had the honor of playing on the same team with juniors Marty Pauker and Steve Samuels. For me they turned a typical school-yard game into an imaginary varsity battle. Their talents are the most underrated on the team. Their only flaw is inexperience and a lack of height. Pauker is deadly around both corners while "Sammy" specializes around the key. Both are excellent playmakers which they proved during that schoolyard game where the team of Forward Pauker, Guard Samuels, and Writer Dowd combined to crush our opposing adversaries. Marty and Steve will undoubtedly be the leaders of the 1974 Varsity.

Whether Scrub or Star, every member of Plainview basketball contributed to the Gull's first playoff berth in five years. But the contributions of the Plainview Subs are great ones, and deserve our highest respect.

Editor's Note: All high schools in the Herald areas are cordially invited to send their Sports and News Columns in.

John F. Kennedy High School News

(Continued from Page 2)

cession, secretary of the U.N. Club Koshier who will lead the Chilean delegation in the Economic & Social Council, was also the Secretary General of the Metropolitan Model U.N. Conference held and hosted by Kennedy earlier in the year. Faculty chaperone for the trip to Washington will be Mr. Hilford Boss, a member of the school's Social Studies Department and an American History teacher.

Four students from the John F. Kennedy High School in Plainview have been selected as finalists in the 1973 National Merit Scholarship Competition. The finalists are Eric Brook, Elisse Ghitelman, Bonnie Menes and Joseph Spirito.

As finalists, these students are part of a group of about 14,500. Finalists who will compete for approximately 1,000 one-time \$1,000 scholarships and for about 2,000 renewable scholarships.

GIANT "MICKEY MOUSE" CARVED IN ICE: Pictured above is "Mickey Mouse, the Fisherman on Ice Skates," hand carved in ice by Benjamin Rimstein and donated to the Gregory Museum at the annual ice show at Coughlin Park in Hicksville by the Syosset Rotary Club. The noted portrait sculptor is the club's bulletin editor.

Shown with him is his assistant and grandson, a budding young artist, Mark Reinfield, age 6. The Ice Show, held annually for the newly decorated Gregory Museum in Hicksville, was a tremendous success. The ice carving created much attention from young and mature alike, and also the many art groups that attended.

On The Campus

Sophomore Bob Dickinson (6-3, 180), a 1971 graduate of John F. Kennedy High School, is a first reserve with the Basketball Bulls this season at the State University of New York at Buffalo. He has played in all 13 games.

Dickinson, who scored 19.1 with the 1971-72 freshmen, backs up a veteran forward line which averages six-six and 16 points per man. Four of U. B.'s first five are seniors.

A 1970-71 captain under Irwin Stewart at J.F.K., Dickinson was all-division and all-county at both forward and guard. He joined Buffalo from a tradition of winning basketball, 59-15 over his four seasons with a 20-2 record in 1970-71. He twice was his team's MVP.

The son of Mr. and Mrs. Donald

Dickinson, 17 Debora Drive, PLAINVIEW, his best games have been in victories over Lafayette, Samford (Ala.), Cornell and Albany, plus a loss to Northeastern.

Jonathan S. Herland, son of Mr. and Mrs. Max Herland, of 17 Gates Ave., PLAINVIEW, is eligible to win a \$9,000 scholarship from Rochester Institute of Technology (RIT).

Herland, who graduates in June from Bethpage High School, is interested in RIT's Biology Program. He recently was accepted for next fall at RIT, a private, do-educational, non-sectarian, four-year technical college, located on the southern edge of Rochester, N.Y. Founded in 1829, RIT has the third oldest cooperative work-

study program in the United States.

He scored in the upper half of one percent of all high school students in the nation who took the National Merit Scholarship Test.

In a spectacular effort to call attention to our bank, the people at Bankers Trust present Pyramid Service.

We figured if we could get you to look at this zany picture, we might get you to look into our very, very sane new approach to banking.

We've named it Pyramid Service, because that's exactly what it is: a pyramid of services. And if you take advantage of it, it could very well make Bankers Trust the most convenient bank you ever banked at.

For starters, there's our new Pyramid Service banking statement for our checking account customers. It not only shows how your checking account is doing every month, it also shows how your savings, loan, mortgage and Bankers Trust

BankAmericard accounts are doing. All on one piece of paper (You might call it your personal financial statement.)

Then there's our new Pyramid Savings account. Instead of carrying a passbook around, you just use deposit and withdrawal slips. And get a detailed accounting once a month on your Pyramid Service statement.

And that's just the base of our Pyramid. Later on we'll be adding other conveniences. And others. And others.

Until every little banking burden is off your shoulders—and like you see in the picture, entirely on ours.

You'll find Pyramid Service at Bankers Trust
