Hicksville Community Council To Meet

On Thursday, May 3 at 8:30 p.m. in the Hicksville Library, the Hicksville Community Council has scheduled an interesting meeting on the programs available in some of our local youth-oriented organizations. HAD, the Hicksville Youth Council and Operation Outreach are all sending speakers to explain in depth what is offered by their respective groups.

As in a previous youth-oriented meeting when all scouting organizations, campfire girls, and PBC

programs were discussed and explained, it is the aim of this program to foster better activities of these fine groups by a better understanding of their programs.

The third part of this meeting will be devoted to questions and answers on any subject relating to the community of Hicksville. Finally, refreshments will be served.

"All interested citizens of Hicksville are cordially invited to attend," said the Council's president, Siegmund Wider.

L.I. N.Y. it was announced by Fred Hagemann, President of the club.

THE 2nd ANNUAL "Gem & Mineral" Show, sponsored by the Gregory Museum, was a great success and a very enjoyable one at that. Held the week end of April 14th & 15th, at the Hicksville High School, many visitors learned a little bit more about the Wonder, Beauty and Value of Nature's Gifts to Mankind, and how we can help to Preserve these Gifts. The

Educational Exhibits, many with our own school children demonstrating their own work, was rewarding to see. The displays of Gems & Minerals both in exhibits and by Dealers, was indeed awe inspiring. Lecture Programs as well as slide programs were well attended and received. The Gregory Museum wishes to thank all Committee

Members who worked so hard to make this show possible; to all volunteers who gave of their time on the week-end to help; and to the Board of Education for the use of the school facilities, as well as William Becker, Supervisor of Bldg. and Grounds, and his staff, for the work involved in preparing for this show. It Was Indeed A Gem Of A Show!

Salvation Army House And Gardens Tour on May 17

Mr. Frank Chlumsky, Chairman of the Hicksville Salvation Army Service Unit, has announced that the Nassau Women's Division will sponsor its Eleventh Annual Tour of North Shore Homes and Gardens on Thursday, May 17th from 10:30 AM to 4:00 P.M. rain or shine.

Tour Co-Chairmen Mrs. George D. Hegeman of Glen Head and Mrs. Norvin H. Hooser, Jr. of Sea Cliff disclosed that this year's tour will include five places of interest in Kings Point and one in Great Neck. They are: in Kings Point - the home of Mr. and Mrs. Franz J. Gross, the Mariners' Chapel of the Merchant Marine Academy, the home of the Merchant Marine Academy Superintendent, Rear Admiral Arthur home of Mr. and

Mrs. Donald A. Sheff, historical "Steamboat Square" and, in Great Neck, the Saddle Rock Grist Mill.

Women's Division Chairman Mrs. Myles S. Gaythwaite of Brookville stated that the proceeds from this Tour would be used to continue the Army's program of services in Nassau County. These include the Wayside Home School for Girls in Valley Stream, the Rehabilitation Center for Homeless Men in Hempstead, the two Corps and Community Centers in Freeport and Hempstead, and the fifty-nine Service Units throughout the County which provide emergency and supplementary assistance to those in need.

Donations for House and Garden Tour tickets, including

Syosset Plan Meets More Opposition

Further opposition to the Syosset Woodbury plan as presented by the Planning Advisory Board to Town Hall and as opposed at a public hearing last month was expressed to the Town Board after the regular meeting on Tuesday by Judy Jacobs, president of the South Woodbury Taxpayers Association.

After presenting opposing petitions bringing total signatures submitted to over 700, Mrs. Jacobs zeroed in on parcels 12 and 13, the crux of contention, where apartments are zoned in the plan. The parcel is same for which an apartment petition was submitted over a year ago, with virulent opposition by the civic association.

She also protested the proposed

road which would traverse parcels 12 and 13, connecting Woodbury Road and Jericho Turnpike. "Nobody needs this road," she said.

"We find this booklet almost useless in trying to find out what they are recommending for Woodbury," she said.

Supervisor Burke's response to Mrs. Jacobs was that the road through parcels 12 and 13 had been proposed to go along with the proposed use for the property, if such use was approved by the Town Board.

Bad Time for Hearing

Mrs. Jacobs also represented her association in protesting the setting of a hearing date of May 15, changed to June 12th during a

recess of the councilmen before the agenda item came up for a public hearing on petition of Seymour Maiman and Robert W. Phillips for a change of zone from Residence A to E-1 Apartment House District for a 182 acre parcel fronting on the west side of Woodbury Road and the south side of Uphill Lane. 800 Condominium units for adults patterned after Brookhaven Town's Leisure Village are proposed for the property.

Mrs. Jacobs asked that no public hearings on apartments be heard until the master plan was approved. Burke said the date had been changed on the premise that a decision on the plan will be reached before June 12th.

Town Of Oyster Bay Sponsors Art Show

Town Councilman Lewis J. Yevoli reminded all artists that the third annual Spring Arts Festival for the benefit of the Gregory Museum will be held May 10, 11 and 12 at the Mid-Island Plaza Mall in Hicksville.

dition, honorable mention plaques, art materials and Mid-Island Merchants' Gift Certificates will be awarded to prize winners in each category. Awards will be presented at a special reception to be held at the Mall on Saturday, May 12 at 4 P.M.

New Communication System For CD Auxiliary Police

A new, centralized system of two-way radio communications will be established in the near future to facilitate the operations of the Civil Defense Auxiliary Police, according to an announcement today by Gen. Otto C. Van Exel, Nassau County Civil Defense Director.

Gen. Van Exel said the details for setting up the system are being worked out by Major Harold Hammond, CD Director of Communications, in co-operation with Police Department personnel. He said Hammond has arranged for the communications network to be coordinated at the underground CD Emergency Operating Center in Mineola.

The new system, which will operate on an FM frequency with "sophisticated" equipment, will provide two-way communications between Auxiliary Police on patrol and the various police precincts as well as bet-

ween the men on patrol and a central control point.

The CD Auxiliary Police are volunteers who patrol schools, parks, recreation areas, and other public sites in support of the Police Department. They patrol both in Auxiliary cars and on foot.

Gen. Van Exel said the purpose of the new system is to increase the operating efficiency of these volunteer patrols. Up until now, radio equipment has been provided by individual CD Auxiliary Police units on a local basis. The frequencies they used were often marred by interference.

According to Major Hammond, there will be no problem of interference in the new, centralized communications system. Operation of the sophisticated equipment in the new system has been made possible through the recent construction of two radio towers above the county CD Operating Center.

Fashion-Show & Dinner May 10

affair will be used to further treatment for Nassau County's cerebral palsied children and adults at the "Center for Living" in Roosevelt. Tickets, still available, are \$7.00. Further information may be had by calling 935-3224 or 931-0737.

including representatives from business, labor, government, education, the clergy and other interests, meets several times a year to screen Congressman Lent's applicants for nomination to the nation's service academies. Mr. Previte and the Congressman are pictured at Lent's recent reception for his 1973 Academy Nominees.

No Opposition To B'way Gas Station

BY JANET GOSNELL

There was no opposition at Town Hall Tuesday to a petition by Gel Car Wash, Inc., for a special permit use to construct, operate and maintain a gasoline service station at its now existing car wash on Broadway, just south of the Farmer's Market, on the corner of Engineer's Drive.

According to John F. Coffey, Hempstead lawyer who presented the petition, the operation would simply sell gasoline and oil and perhaps some automotive cleaning or preserving products, and operate the car wash as it now is with three self-service bays and one semi-automated bay. This, he

said, is an example of "cross merchandising" — the latest in gas stations.

Ingress to the station would be off Broadway, a thoroughfare which carries about 25,000 vehicles a day. Egress would be onto Engineer's Drive, which is not a dedicated road but a 30-foot right of way leading to buildings in the rear, including the Central Processing Plant of the Post Office.

The client is currently the lessee of the property, which is in an industrial H zone.

Traffic congestion is not a concern, Mr. Coffey said, since the car wash is set back about 110 feet from Broadway, leaving room

for over 20 cars waiting. Taking into account the "queue factor" (the amount of time it takes a waiting motorist to get exasperated, estimated at 23 minutes) congestion will not result, he estimates.

According to a communication from the building department, the petition meets town ordinance requirements; however, taking into account that there is a warehouse at one end of the parcel requiring parking for 75 cars, a further investigation would have to be made.

At the close of the hearing, the Town Board reserved decision.

Residence Zone Change Asked

BY JANET GOSNELL

There was no opposition, just a few questions, at Town Hall Tuesday concerning the petition of Paul J. McNamara, Ira H. and Susan Scheinerman for a change of zone from Residence B (one acre) to Residence C (½ acre) District at Old Bethpage.

The acre-plus properties of McNamara and the Scheinermans are contiguous parcels, two of three parcels which oc-

cupy a triangle of land bordered by Round Swamp Road, Point of Woods Rd. and Winding Rd. The third parcel is owned by Mr. and Mrs. Gasser. Mr. McNamara's property is vacant.

The Scheinermans wish to improve the land at the rear of their property bordering on Point of Woods Rd. with a house. According to Dr. Scheinerman, the property

is currently the target of vandals and idle teenagers who litter and carouse on the property.

A Mr. Syetta, who lives on Farragut Rd., a street perpendicular to Round Swamp Road, requested that the plot plan submitted by Dr. Scheinerman be binding upon anyone else who purchases the property.

At the close of the hearing, the Town Board reserved decision.

Poverty Funding In Abeyance

By JANET GOSNELL

"They're demanding answers that I haven't got," said County Executive Ralph G. Caso to newsmen Monday after the regular meeting of the Board of Supervisors which once again saw and heard a multiplicity of poverty program protagonists plead for a commitment on operating funds.

Monday was the third consecutive meeting at which poverty spokesmen arose to urge the continuance of the Community Action Programs in 11 poverty areas of the county, funds for which had been declared cut off by the federal government at the end of this fiscal year on June 30th.

Representatives of the Economic Opportunity Commission, the administering body for CAP funds, have also been present to urge the continuance of the commission.

Since the county has previously guaranteed continuance of the local CAP administering bodies through December 31, 1973, Caso said he thought these agencies ought to continue as though there would be no cut-off, and to plan ahead. The agency representatives said they could not plan without knowledge of funds.

Pictures Changes

A change in the whole picture came about, Caso said, with the decision by the Supreme Court that the discontinuance of the Office of Economic Opportunity in Washington, D.C., was an unconstitutional act, since it had been voted into existence until 1975 by Congress.

It was behind the decision of Congress to discontinue the OEO that federal poverty funds should be in the hands of the local municipalities, he said. In view of that action, Caso, undecided about continuing the EOC in Nassau County, felt it might be better to eliminate the "middleman" and disperse the funds through existing county agencies.

While Congress voted to discontinue the OEO, he said, it did not discontinue the funds for poverty programs, funneling these through other agencies. For instance, funds for the Headstart programs would now come through the Dept. of Health, Education and Welfare.

The cost of continuing the Nassau EOC from July 1 through December 31, he said, is \$250,000. A like amount would be expended for its continuance from January through June of next year.

The Supreme Court decision is

behind his indecision, Caso says. If the OEO is reinstated with all its local branches, there is nothing to decide. The EOC will continue. If, on the other hand, justification for funneling funds through other government agencies is found, the decision as to the continuance of the EOC remains to be made.

Caso said he had conferred with the Long Island delegation to Congress on getting the federal government to take some action.

Those who spoke at the meeting included Hazel Dukes, who asked the Board "not to delay another hour, another day in making a commitment to us of Nassau County. We have a clean record," she said. "We have abided by the spirit of the law of the poverty programs."

Mrs. Vivien Sturdevant, representing the Welfare Rights Coordinating Committee of Nassau County, also asked for the continuance of funds by any means whatever. "Form a commission," she said. "Call it the Caso-Sturdevant Commission if you want, but get us the funds."

Also speaking were James Couch, Deputy Director of the Nassau EOC, who said the

Oyster Bay Sets Schedule For Summer Board Meetings

Town Clerk Ann R. Ocker announced that the Oyster Bay Town Board has approved a summer schedule of eight Town Board meetings.

Mrs. Ocker said the Board will conduct hearings on regularly scheduled business on the following dates: June 12th and 26th, July 10th and 24th, August

14th and 28th and September 11th and 25th. During the remainder of the year, Board meetings will continue to be conducted every Tuesday at 10 A.M.

The Town holds meetings less frequently in the summer because there is usually a lull in the amount of business to be

covered. Mrs. Ocker explained. Town Board meetings, which are held in the Town Board hearing room on the second floor of Town Hall, are open to the public. "Everyone is invited to come and watch their Town government in action and to air their views on the matters before the Board," Mrs. Ocker said.

Bar Association To Present Liberty Bell Award

Michael F. Rich

The second annual Liberty Bell Award of the Bar Association of Nassau County will be presented to Michael F. Rich, chief clerk of the Surrogate's Court. It was announced by James M. Pedowitz, president of the Bar Association.

The award presentation will be a highlight of the Law Day celebration on May 1. It will take place at the luncheon sponsored by the Young Lawyers Section of the Bar Association at the Westbury Manor, Westbury. The luncheon is at 1 p.m.

Mr. Pedowitz said that the Liberty Bell Award is presented annually at the Law Day Luncheon "to honor a non-lawyer who has served the legal profession in a distinguished and outstanding manner." Last year's recipient, the first so honored, was Bishop Walter B. Kellenberg of the Catholic Diocese of Rockville Centre.

Appointed in March 1938 to the Surrogate Court of Nassau County, Mr. Rich has supervised, over the years, the operation of practically every department of the Court. He was appointed chief clerk in February 1957. Though not an attorney, he is widely known and respected, particularly by the legal profession, for the courtesy, efficiency and dedication of his office staff and for rendering notable and outstanding service to the legal

profession and the people of Nassau, which merits the recognition and honor not only of the Bar Association but of the entire county.

Guest speaker at the luncheon will be the Hon. John L. Scileppi, associate judge of the New York Court of Appeals, retired.

A former news reporter for Nassau weekly newspapers before his appointment to the Surrogate's Court, Mr. Rich has been intensely active in community and fund-raising activities and countywide semi-pro sports promotion for about 25 years. He served as president of both baseball and basketball countywide leagues; is prominent in fund-raising for United Cerebral Palsy Association; elected to two terms as commander of Quentin Roosevelt Post, American Legion, Oyster Bay; chairman of the Roosevelt Memorial Park Advisory Committee and a member of the Knights of Columbus.

A veteran of World War II, Mr. Rich lives with his wife, Regina, at 160A Ivy Street, Oyster Bay. They have one son, Michael F. Rich, Jr.

The luncheon is sponsored by the Young Lawyers Section of the Bar Association, whose chairman is John M. Armentano. In addition, the Boy Scouts will have one of their numbers make a short speech at the luncheon.

Supervisor

JOHN W. BURKE

REPORTS

There is a particularly insidious hazard that boatmen face at this time of the year which should get more attention than it does. Although we have had a number of warm spring days with air temperatures in the 70s, water temperatures, for the most part, are still in the low 40s.

For the boater, this means that a mishap over the side can be more than an uncomfortable experience—it could be a fatal one. A healthy adult male in water of 45 degrees Fahrenheit would become exhausted to the point of unconsciousness in 30 minutes to an hour. Even if supported by a life preserver, death from exposure would occur within one to three hours.

These data were developed

through research by the U.S. Navy's Bureau of Naval Medicine and present a somber picture, particularly with the growing popularity on the North Shore of year-round "frostbite" sailing. It might be well for these wintertime sailors to realize that in seawater at 32 degrees or less, unconsciousness from exhaustion occurs in 15 minutes and death from exposure within 45 minutes. Later in the spring, when sea temperatures reach the 50 to 60-degree mark, unconsciousness will result in one or two hours in the water and death in one to six hours. Even in the summer, when the sea temperature can range from 60 to 70 degrees in Long Island waters, a swimmer will lose consciousness in from two to

seven hours, and death can result in from two to forty hours of exposure.

If cold or cool-weather sailing is your avocation, a worthwhile addition to your safety equipment might be a wet suit of the type worn by skid divers and surfers to maintain body heat in the event of an unexpected dunking.

TOWN NOTES The Cultural and Performing Arts Division is sponsoring an exciting series of productions this spring, ranging from opera to jazz concerts. The performers are professionals who have received considerable critical acclaim. You can get more information on the series by calling 921-5944.

Roncallo Reports

by Congressman Angelo D. Roncallo

As we all know only too well, transportation strikes when they occur, have a serious effect on our daily lives and a near crippling impact on the national economy. Burned dinners and traffic jams are only the beginning of the personal inconvenience we suffer when some part of this industry goes out on strike.

In view of this fact, I have introduced legislation on the Floor of the House of Representatives which would improve the mechanism for settling labor disputes in all facets of the transportation industry, including railroad, maritime, airlines, longshore and trucking.

My bill would transfer railroad and airlines disputes to the

Federal Mediation and Conciliation Service under the Taft Hartley Act, enabling the President to convene a Presidential Board of Inquiry if necessary, get an 80-day Taft-Hartley injunction against the strike. In other transportation industries, labor disputes are already covered under this procedure.

At the end of the 30 days if no settlement has been reached the President could then choose one or more of the following alternatives—an additional 30-day cooling off period, a partial operation order or final offer selection.

My final offer selection procedure is more flexible than other existing proposals as it empowers the 3-man panel

considering the proposals to formulate a binding agreement on an item by item basis rather than an "all or nothing" deal.

My legislation encourages quick settlement of these disputes without actual work stoppage and public inconvenience. I think it's a fair bill with the emphasis on non-disruption of service.

There are several major transportation contracts up for renewal this year and it seems to me that unless we can come up with a strong piece of legislation to deal with possible strikes, we will once again be the victims of a long unreasonable strike. Our economy cannot afford a long transport strike and neither can we.

From Our Postmaster

RALPH CASCARDO

Postmaster Ralph G. Cascardo announced today that "Postal Week" will be observed here April 29 through May 5.

Postmaster General E. T. Klassen said the Postal Week observances are "an appropriate occasion for recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be jointly met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives."

"Every community in the United States is linked to the nation and the world by our national mail service. The welfare of every citizen, every business, on every street and across the countryside, is dependent upon this vast communication network, available to all our people the year round, at a cost everyone can afford."

As part of the observance, the Hicksville Post Office will join with the nation's 31,000 other post offices in issuing 10 special stamps honoring postal employees.

The attractive new stamps—the first such comprehensive set specifically honoring postal people—will be on sale at the Main Post Office and the Plainview and Old Bethpage branches on April 30, 1973.

In addition, the Postmaster

said a quantity of cacheted envelopes will be prepared in advance bearing all 10 Postal People stamps. These "first day"

covers as they are known to collectors, will be postmarked by hand with the local post office (Continued on Page 5)

LETTERS TO THE EDITOR

Dear Editor:

Have you been curious as to how the Library is spending your money? Are they spending it wisely? Well, I have been curious and sought out information on programs of the Library to which I have not availed myself and on which I heard much criticism, perhaps even my own. The information I received was very revealing and I would like to share these facts with you.

1. Sixteen feature film showings were held with an average attendance of 50 to 75 people and at an average cost of \$11 per film since most were provided through the Nassau Library System, through which films are available to our Library.

2. Twenty eight children's film showings were held with an average of 75 to 100 children and at a cost of 0 (that's right, zero) since the films were made available to our Library through the New York State or Nassau Library System.

3. Nine concerts were held with an average attendance of 100 to 150 people and again at a cost of zero since they were available through grants from the Nassau County Office of Cultural Development and the Music Performers Trust Fund.

Since no Puppet Shows were held this year, nor were there any purchases of works of art these figures, naturally, were unavailable.

I could go on to list other cultural endeavors provided by our Library, for our Community, but feel that the above are enough to make us realize that the Library is, indeed, "shopping wisely with our dollar" in providing events which were attended by over 4,325 citizens of Hicksville (total of averages attending performances) at a cost of \$176. Don't forget Vote YES for the Library Budget on May 1.

Very truly yours,
Clara T. Bennett

Dear Editor:

My primary communication with B of E Trustee Mr. Bruno was my confirmation of his "ducking and white-washing" the issue dealing with a teacher who had distributed a satirical poem on the birth of Christ.

Remaining silent on the above in his last letter, and apparently conceding that issue, I now respond to his diversion.

Mr. Bruno naturally omitted that I have always advocated that similarly qualified parents/taxpayers of HICKSVILLE,

especially the most needy, should receive PRIMARY consideration for employment, as opposed to people outside the district.

Accordingly, not only privately, but at an OFFICIAL BOARD MEETING with an audience of about 400, I PUBLICLY pleaded that this "principal-certified" parent taxpayer teacher IN NEED, be considered for the teacher-vacancy at the time. In addition, this was the hope of many other concerned parents who personally, and rightfully, related these same feelings to Mr. Bruno, Himself!

Therefore, certain minority officials publicly expressed concern, empathy, humility, and dignity for the plight of this teacher. However, Mr. Bruno lead, and apparently influenced, the majority Board to do otherwise (not for the average \$18,000 professional cost, but at any cost and in any position).

Given the opportunity, I would do the same again, even for Mr. Bruno - if he was in need! Here we had the same sad historical commentary of the majority not learning from the anguish of a person in need until they, too, become in need.

Why Mr. Bruno "white-washes" one teacher while contributing to the excessive punishment of another teacher by denying him a job, is a question only Mr. Bruno can answer.

While Mr. Bruno and I would probably agree that we stand for all those admirable causes, let's also stand on our respective two feet toward constructive progress. For example, for more years than I (and Mr. Bruno) can remember,

1. one Bank has received tens of millions of dollars and continues to receive the lion's share of school deposits! WHY?

2. one insurance broker continues to receive an estimated \$200,000 yearly cash premiums with absolutely no competitive bidding that I am aware of! WHY? Mr. Bruno, himself, an insurance man, complained of this bitterly in the past.

3. The shoddy procedure in the disposition of taxpayer school-surplus-property continues unabated. WHY?

Instead of more words alone, why not deeds? Board trustee Bruno has the power of the motion and "vote" I DO NOT! The question is whether he will continue to fumble, or ultimately decide to perform the job which he was elected to do.

Performing Arts Funding To Be Discussed

Oyster Bay Town Councilman Gregory W. Carman announced this week that the Town of Oyster Bay has invited a representative from the New York State Council on the Arts to discuss funding opportunities available through its touring program.

Mr. Rudolph Nashan, Performing Arts Assistant, will address a special informational meeting scheduled CAPA Cultural and Performing Arts Division of the Town's Department of Recreation and Community Services.

The touring program is that arm of the council which funds sponsoring organizations exclusively. Mr. Nashan will discuss how support is given, how to apply for it, the eligibility of sponsoring organizations and the eligibility of arts attractions.

Mr. Nashan's remarks will be limited to the touring program only; he will be unable to answer any questions regarding the status of applications now before the council.

The meeting will be held on Thursday, May 3, 1973 at 1:30 PM at the Syosset Library, 225 South Oyster Bay Road. Those representatives from sponsoring organizations who wish to attend are invited to call Lois Manning, CAPA Supervisor, at 921-5944.

ON APRIL 18 and 19, twenty three groups of Camp Fire Girls and Bluebirds visited Carvel on Old Country Road at the A & P Shopping Center. The owner, Mr. Leipski, aided by Joe Jannace, graciously toured the girls thru

their store. All the youngsters received free ice cream and booklets illustrating the marvelous treats in stock. The girls, totalling over two hundred from the Hicksville area had a truly delicious time.

ON THURSDAY, APRIL 19, the Ladies of Trinity Lutheran Church, 40 West Nicholas Street,

Hicksville, sponsored a Paschal Supper for the entire congregation. Over 250 members and friends feasted on the traditional foods of the seder: lamb, matzoh, bitter herbs, charoses, and wine. This dinner marks the beginning of the Passover celebration, one of the oldest festivals in history, and is the first celebration of human freedom. Then as Christ instituted the Lord's Supper almost 2,000 years ago, on Maundy Thursday, Pastor Edward H. Stammel led the congregation in the act of Holy Communion which is a precious worship experience for all Christians.

"PBC President Home Recuperating After Operation"

Bill Henne is at home recuperating from another back operation. The time he spends at home he will be missed by all the youth of Hicksville. Bill has devoted many, many hours of each day making the Hicksville P.B.C. one of the greatest on Long Island. We all hope it won't be too long before Bill is up and

around again.

The PBC's 10 & 11 year old baseball practices have started. Patrolman Director Al Wells is enthusiastic about the new season and invites everyone to come out to cheer our teams on. Hicksville P.B.C. Late Registration For 8-9 Year old Baseball

Anyone interested in registering their child for baseball in the 8-9 yr. old teams may do so at the P.B.C. clubhouse, located at 80 Bellpage Rd. Hicksville, from 7 to 8 P.M. on Thurs. & Friday evening, May 4 & 5. The age requirement is that the boy not be 10 years old prior to Oct. 1, 1973.

CYO Sports News

On Sunday, April 15, the St. Ignatius CYO closed out another very successful basketball season. The season would not be as successful as it was if it was not for a lot of people willing to give up their time to help with the program.

First, the CYO would like to thank Father Harker, our Pastor, for the use of our own St. Ignatius gym. For the first time in many years basketball games were once again returned to St. Ignatius school. A lot of thanks also has to go to Mrs. Rose Mary Walsh, coordinator for the public school gyms. Her job is not an easy one because of all the other organizations who look for gym time.

The CYO basketball season started back in October with the

try outs for our 6 traveling teams. The coaches for these teams have a real tough job. On our 5th and 6th grade traveling team the coaches have to pick 12 boys out of 100 or more who try out for the team. After 2 or 3 nights of tryouts the coaches pick the 12 boys they think will represent the traveling team. The 7th and 8th grade coaches have the same task as the 5th and 6th grade coaches, except they hope won't lose to the Junior High school team, because of the State rule which states that any boy playing basketball for a school team cannot play outside ball. Next is the 9th team which is made up of boys who did not make their high school team but who want to continue playing basketball. The coach also has the job of picking only 12 of many boys who try out. Same goes for our Senior Team. For the boys who do not make the traveling team, it is not the end. For these

boys there is our intermural program. The names of all the boys who did not make the traveling teams are turned over to the commissioner of the intermural program. His job is a real tough one getting people to coach the teams, then the big job of going through the list of all the boys who registered for basketball and selecting the boys who will play for their team, and coach. The intermural program is made up of 5 leagues starting with the 1st and 4th grade league, 5th and 6th grade, 7th grade, 8th grade and the tyros. Each of these leagues has its own commissioner. To the commissioner of both our traveling teams and our intermural program who do a real good job, thanks a million.

To all the coaches who give up their time to coach the teams, not only basketball but also help to teach the boys good sportsmanship, thanks a million for a job well done. To the boys in the program, congratulations for a real great season. The CYO also has a girls basketball program which has 4 traveling teams and 12 intermural teams. Their program is run about the same as the boys. So to the commissioners and coaches and the girls who took part in the girls program, congratulations. A lot of thanks has to go to the people without whom the basketball season would be a mess. Those people are the referees who do our best of a good job. Thanks a lot.

This year our 7th grade traveling team entered a tournament which was held at St. Ignatius School. Out of 12 teams that entered the 7th grade team finished 3rd.

The St. Ignatius CYO wishes to thank Our Lady of Mercy, the Hicksville Jewish League and St. Kieran's of Farmingdale for taking part in our intermural program, and will be only to glad to welcome you back next year.

Judo Registration
Registration for Judo sponsored by the St. Ignatius CYO will take place on Tuesday and Thursday, May 1 and 3, from 6:30 to 7:30 p.m. in the old cafeteria of St. Ignatius School for boys and girls (ages 10 to 14). Parents must accompany the child.

Men have become fashion conscious during the past several years and the day for sloppiness in looks for the young is passe. Hair is not as long and it is trim and neat. There are pastel colors in shirts and colorful slacks for casual wear.

Ties for men are striped, dotted or in plaid designs for four-in-hands but the large bow tie is quite popular.

Social Security

Q:ES My 20-year-old daughter attends college and gets monthly student payments from social security since her father died. She's getting married on February 4 and we have notified social security of this. I know her checks will stop when she gets married, but will she receive a check on February 4?

A:NS Yes. The check she will get on February 4 is a check for the month of January, when she was not married. Her February 4th check will be her last one.

Q:ES When I become 62 this year, I want to retire and get social security benefits, but I can't find any document to prove my date of birth. Now what can I do?

A:NS Get in touch with any social security office, and the people there will be glad to help you. Although you may not have a copy of a birth or baptismal certificate, one of these may still be shown on official records. If not, there are other documents, such as a census record, a school record, or an insurance policy, that can be used to establish your age.

Second Program Of T.O.B. Spring Performing Arts Series

OYSTER BAY — Town Councilman Gregory W. Carman has announced that a special performance of BILLY MITCHELL'S LIVING THEATRE OF JAZZ will be held on Sunday, April 29 at 3 PM at the Farmingdale High School on Intervale Avenue.

The program is the second offering of Oyster Bay Town's Spring Performing Arts Series, co-sponsored by CAPA (Cultural and Performing Arts Division of the Town's Department of

Recreation & Community Services) and the Nassau County Office of Cultural Development. The series is made possible by assistance to the Town from the N.Y. Foundation for the Arts, Inc. and the N.Y. State Council on the Arts.

In addition to Billy Mitchell, foremost modern tenor sax stylist, his Living Theatre of Jazz features vocalist Miss Ruth Brown and dancer Conrad Buckner.

Over the past three decades,

Mr. Mitchell has worked with such jazz greats as Woody Herman and Count Basie, among others. He's made numerous recordings, conducted a U.S. State Department-sponsored tour of the Middle East, received Down Beat magazine's New Star Award, has functioned as musical director for such stars as Dizzie Gillespie, Della Reese, Sara Vaughn and Jackie Wilson, and, with Project R.E.A.C.H., has appeared in the public schools in lec-

ture demonstrations. Last year, under CAPA's aegis, Billy Mitchell and his Sextet performed in the Syosset schools.

Currently, Billy Mitchell is musical director of the Town of Brookhaven, featured soloist with the Brookhaven Symphony and music specialist for the Nassau County Target Area Program.

Miss Ruth Brown is the recipient of five Gold Records and considered by many jazz authorities to be one of the

world's leading living exponents of this one purely American art form.

Conrad "Little Buck" Buckner is a veteran performer who has appeared in major night clubs throughout the U.S. and Europe, including Russia, receiving highest acclaim and gaining recognition as "one of the finest tap dancers alive."

Tickets for the jazz performance are \$1 and may be obtained at the door or by calling Joan Todd at CAPA: 921-5944.

Re-Opening of Old Westbury Gardens On May 5th

Lying only forty-five minutes by car or train from midtown Manhattan, the Old Westbury Gardens make a perfect one day vacation for New York City and suburban families and a must on any sight-seeing tour for out-of-town visitors. The Gardens, which are illustrated in "Great Gardens of the Western World," are filled with thousands of blossoms throughout the summer season.

Come and spend an interesting afternoon in the beautiful classic park and gardens and the Georgian house filled with rare English furniture and paintings. Or bring a picnic and enjoy a peaceful day in the country in the midst of such rural scenes as wild geese on the ponds and lakes, a thatched roof cottage, and meadows and woods filled with native flowers.

The interior of Westbury House, furnished now with the same pieces as it was during the family's occupancy, is distinguished by its English furniture and objects d'art of the 18th and earlier centuries. Paintings by Joshua Reynolds and Henry Raeburn and many family portraits are to be found throughout the house.

Old Westbury Gardens is open this year from May 5th through October 22nd (Veterans' Day). The Gardens are operated on a non-profit basis for the benefit of the public. It is the former estate of the late Mr. and Mrs. John S. Phipps.

Entering the estate from Old Westbury Road, just off the Long Island Expressway, the visitor drives through a massive

wrought-iron gate more than thirty feet tall, up the quarter-mile driveway lined with European linden trees to the free parking area on the rolling lawns. Before going into the house, most visitors stroll through the grounds to see the many colorful gardens, the beautiful trees, the quiet ponds and lovely lakes. Among the outdoor highlights are: the rhododendron bank west of the house that comes into full bloom in late May; the formal English Boxwood Garden with reflecting pool and Grecian colonnade, the Lilac Walk, and the expansive two-level walled Italian Garden with plantings changed throughout the season to provide a summer-long blaze of color. This garden also has a central pool and fountain, and at its far end a Pergola covered with wisteria and grape vines backing a lily pond bordered with iris and day lilies.

Going out of the Italian Garden's east gate, the visitor can meander through the Ghost Walk, a tunnel of trained hemlock paved with very old and hand-some flagstone. At the end of this walk is a niche, surrounded by twelve-foot evergreen hedges, with two large bronze peacocks. Fresh flowers form the backs of the birds while their tails are fashioned of espaliered yews. Nearby two real peacocks stroll the lawn.

Under a rose-covered arbor, paved with old brick, one walks along the path bordered by primroses. Then, just a few steps from the Cottage Garden bring the visitor to the South Allee of

European linden, over a quarter of a mile long. This lead back toward the house and across the manicured Great South Lawn under the twenty-foot high brick terrace. Giant Wisteria vines cover this wall and their flowers look for all the world like a lavender waterfall during their blooming period.

A tunnel at the northeast corner of the Great Lawn opens onto the swimming pool, which borders a large natural lake. The meandering path then winds through a lovely woodland garden planted with thousands of wildflowers. The walk continues past the Roman Temple of Love, a marble pillared gazebo. From the Temple, the view back to the house across the lake and pool has inspired many photographers to take prize winning pictures.

Scattered throughout the grounds are some outstanding specimens of trees - fourteen of them known to be the largest of their species on all of Long Island.

Wildlife, particularly birds, find Old Westbury Gardens delightful, too. Canada geese, mallards and wood ducks have settled down and built their nests on several of the larger lakes while pheasants find shelter in the tall grasses. Goldfish by the thousands swim in the ponds.

Old Westbury Gardens is easily reached from Exit 38S (Guinea Woods Road South) of the Long Island Expressway; from Exit 30 of the Northern State Parkway (cross over Parkway), and from Exit 30 of the Northern State Parkway (cross over Parkway).
