VOL. 26 No. 25 Thursday, July 12, 1973 (copy 10c)

From Our School Board President ...

Dear Parents and Taxpayers:

In view of your rejection of our proposed school budget on June 13, members of the Board and school staff have re-examined areas of the budget where economies could be effected without jeopardizing our line educational system.

As a result of this review we are recommending a revised budget which is \$147,500.00 lower than the amount previously submitted. We feel that this revised budget and the resultant tax increase of approximately \$.51 per \$100.00 of assessed valuation will provide not only the best value for your educational tax dollar but will allow your Board and school staff to achieve the educational objectives that best meet the needs of our community.

We, therefore, urge you consider this revised proposal very carefully and support the proper education of our children by voting its approval.

Very Truly Yours,
Robert L. Pirrung, Pres.
Hicksville School Board, Dist. 17

Marino's Select Committee

State Senator Ralph J. Marino (R-Syosset) was today confirmed chairman of the Select Committee on Crime, Its Causes, Control and Effect on Society. The committee is a successor to the Joint Legislative Committee of the same name to which Marino was assigned chairman in January following the death of former Chairman John Hughes, Syracuse Republican.

Despite a climate in which legislative leaders favored abolishing the committee at its expiration following the end of the session, Marino picked up the threads of Hughes' work. He has held hearings into the unethical uses of influence by staff members of former Queens District Attorney Thomas Mackell's office for the benefit of Avis ITT. He has also spotlighted a breakdown in the system of suspending New York City school teachers arrested on drug-related charges.

Said Marino, "I have felt all along that the work of this committee is imperative to legislative reform. No other body could as effectively serve as an intelligence-gathering conduit permitting us to confront problems of crime as they emerge."

Marino's Select Committee has been renewed with an appropriation of \$125,000 for the next fiscal year. His immediate goals are to complete his Queens probe, and begin a study of the disparity of sentencing among felons convicted of the same crime in order to discern its

impact on the effectiveness of our criminal justice system.

Housewife Escapes, Firemen Injured In Hicksville House Fire

By CAPT. OWEN MAGEE

Mrs. Schwinger of 15 Jackie Drive Hicksville was talking to a friend in Huntington on the telephone when she noticed her home filling up with smoke. She told her friend her house was on fire and hung up, and rushed outside. Her friend in Huntington tried to help by calling firemen in Hicksville. But Suffolk operators could not connect her with Hicksville directly, they had to turn her over to a Nassau operator who in turn had to figure out what exchange area Mrs. Schwinger was in. What must have seemed like hours, but took several minutes, was very frustrating when trying to help a friend.

About the time the call was put through to the Hicksville Fire dispatcher the alarm box a few hundred feet from the fire was pulled. I might add this is one of the few times that firemen would find a fire when they arrived instead of a false alarm.

The fire on Saturday July 7th

came in at 11:49 AM. Nine pieces of apparatus, 50 men under chief Louis Mertz responded. Firemen, stalled by intense heat and smoke fought their way into the basement of the split level house. Two firemen suffered minor burns, one, Fr. Sullivan of Engine Co 2 was taken to Central General Hospital in Plainview, treated and released. Several other firemen suffered from effects of heat and smoke.

The fire, which apparently started from a back fire of the oil burner, spread rapidly to a wood enclosure covering it and then to the wood paneled walls. The one room was gutted, another, a recreation room was heavily damaged and the rest of the house suffered smoke damage.

We wish to advise our residents that it is not safe to cover any heating unit with a combustible material. Only metal, sheetrock or plaster is recommended. The fire then would be confined to a small area.

"FIRE REPORT"

During the period June 26 thru July 10th Hicksville firemen responded to 25 alarms. Six false alarms, nine rescue calls and 20 fire calls. The totals for the month of June were: Total Alarms - 101, Sounded Alarms - 55, Silent Alarms - 26, Rescue Calls - 30, False Alarms - 20, Mutual Aid - 1.

In other fire department news, Hicksville vamps at the July department meeting presented ex-chief John Specht of Eng. Co 2 with a gold watch for service to the department. John just completed the year 1972 as president of the Nassau County fire chiefs council. The officers and men of the Hicksville fire department congratulate ex-chief Specht on his achievements.

REMEMBER - ITS A NO-NO TO TURN IN FALSE ALARMS - FALSE ALARMS COST MONEY - FALSE ALARMS COST LIVES.

Junior Olympic Swim Championship

Hicksville's first annual Jr. Olympic Swim Championship game were held on Saturday, July 7 at the Lutheran High School pool.

The ceremonies were opened with the playing of the Star Spangled Banner, Ted Walsh, president of the Hicksville Athletic Games, Inc., presented the guest of honor, Mrs. Richard Hendelman, the former Lyn Burke, Olympic Gold medalist in swimming.

Thirty four events were held as a result of former eliminations. Several youngsters did an outstanding job, amongst them the McGuirk family who between the three of them won six medals.

Terriann McGuirk took first place in girls under eight, 25yd. free. In 16.0. John Stolz in the same event for boys earned a gold medal for 18.5. In the girls 10 and under novice free. 25 yd. the McGuinness Sisters Moureen and Kathleen, tied for silver medals with 17.8.

An exciting backstroke event for girls 13-14, 50 yd. netted Nancy Yorke gold with 29.7, Sue Handschuh silver 40.6 and Jane Harman bronze with 43.8. Boys 13-14 50 yd. Backstroke saw Andrew Garger first with 44.2, J. Dergin second place 45.9 and R. Hoffman third with 58.1.

This was the first of the scheduled events slated for the

Jr. Olympics 1973. Many more events will follow and will be reported here. Thanks again to all the volunteer parents, Mrs. P. Tinguely, our chief official and her staff, the personnel of Lutheran High, especially Mr. Richard Rath for donating their pool time and to Miss Lyn Burke for her gracious assistance.

In next week's edition the names of all the finalists will be published.

July 2 - Gilson 8, Maxwood 2 - This game marked M. Diaz's one hundredth strike out in 64 innings giving up a total of 14 runs. The four big batters of the day for Gilson were B. Spettman, (2-4-3RR), R. Flanagan, (2-4-2RRB), M. Valle, (3-5-1RB) and G. Schweitzer, (2-2-1RB).

July 5 - Gilson 2, LINB 1 - In the bottom of the seventh inning Gilson was losing 1-0 when G. Schweitzer singled, stole second and third and scored by the single of T. Campollettano. Campollettano followed in Schweitzer's footsteps and came home on a suicide squeeze by J. Petry. R. Flanagan pitched five innings and gave up one run. M. Diaz finished to get the win. LINB showed a strong team effort and

the only run was scored by Bobby Willis.

July 6 - Information of this Game's highlights were not given to me by the managers. The game was between Maxwood and Agway.

AA League

By Bob Cassagne

The "AA" LEAGUE came to a close this week with LONG ISLAND COLLISION finishing in first place. They had a first record of 17 wins and 1 loss.

In their first game of this week, they beat FIRESTONE by the score of 9-5. Tom McCann was the winning pitcher, and Tom finished the season with six wins on the mound. Joe Maggio had a perfect game going three for three including a three run triple. Tom McCann and Steve Playne collected two hits apiece. Steve Hayes, George Madine, and Gene Madine rounded out the hitting

for COLLISION. Mike Game made a fine play at short, traveling out into short left field to nab a line drive. Joe Maggio also made a fine play in right field, an unassisted double play at first base.

LONG ISLAND COLLISION picked up their seventeenth win when the PANCAKE HOUSE had to forfeit the game. Mr. Madine, COLLISION manager, said he would like to give special thanks to his coaches Bob Hayes and Bill Murray for the excellent job they did. Congratulations to the whole COLLISION team on being champions of the "AA" LEAGUE.

The DODGE CHARGERS finished in second place for the season. They played two games this past week against FIRESTONE and WON THEM BOTH. The score of the first one was 17-16. Lee Mohan, Jimmy Flanagan, Ed Yoon, and Ted Sora knocked in most of the runs. Steve Weiss, Paul Heller, and Keith Erickson all played a brilliant game. Jimmy Flanagan was the winning pitcher.

Game number two saw the DODGE BOYS win by the score of 9-7. Mark Sadowski, John Bradley, and Ed Yoon had the big hits for DODGE. Tom Loeffler and Steve Weiss played exceptionally well in the field.

Mr. Mohan, Manager of DODGE, would like all the boys to bring their uniforms to the house. The address is 178 Penn Cross Street.

LONG ISLAND COLLISION finished in first. The DODGE CHARGERS in third and PANCAKE HOUSE in fourth. It was a very good year and at this time I would like to thank all the managers for turning in their game reports. Congratulations in all on a well played season.

LINB won the Championship of the second half Thursday night by defeating Gertz 3-1.

The Championship, on Friday, July 6, at 6:00 p.m. Gertz and LINB fought it out for the Championship on Field A at Canteague Park. After the players had lined up on the diamond the game was opened with the playing of the National Anthem. Little eight year old Donald Baracavage was asked to throw out the game ball. The fans were made aware of important plays by the fine sportscasting of Eugene Larkin.

FIRST INNING - with LINB on at bat third baseman G. Sora made a double play. Third to first LINB's own S. Pisani made a diving catch at S.S. for the third out, saving 2 runs.

SECOND INNING - LINB scored in the second on a sacrifice by L. Bianulli. Gertz also poked up a run on a low throw to first and doubles by Busch and Garvey. A line drive to centerfield by Sora scored a run for Gertz. LINB replaced starter B. Clark with M. Humphreys.

THIRD INNING - with one out S. Pisani and M. Humphreys singled for LINB but were left stranded on base. LINB CF Williams made a Willie Mays catch on a well hit fly ball. Gertz scored three runs this inning, two being scored on an infield hit by P. Virga.

FOURTH INNING - S. Pisani relieved pitcher M. Humphreys this inning and LINB started a rally with two runs scoring.

FIFTH INNING - G. Sora came in relief for Gertz. B. Clark doubled for LINB. Garvey, Gertz centerfielder, made a spectacular catch on a long drive by Pisani.

More ways to get the most out of your phone service

29. Everything has its price. You pay a monthly premium charge for some types of phone equipment, in addition to monthly charges for telephone service and extension telephones. If you prefer, you can eliminate this monthly premium charge by making one lump-sum payment. How long you keep the equipment determines which payment plan costs less. This chart will help you decide.

Item	Monthly Rate	Single Payment	Break-Even Point
Automatic Telephone	\$1.00	\$12.00	12 months
Telephone Extension	\$1.00	\$12.00	12 months
Telephone Answering Machine	\$1.00	\$12.00	12 months
Telephone Intercom	\$1.00	\$12.00	12 months
Telephone Mailbox	\$1.00	\$12.00	12 months

*Includes premium charge of \$6.00. If you already have a Premium Charge, the single payment is reduced by \$6.00.

30. Free personal directory: you can get free "personal directories" in which to jot down numbers. The personal directory comes in two handy sizes: one for your desk and a smaller version for pocket or purse. Your business office representative will be glad to send them to you.

31. An extra-long cord? If your apartment is too big for one phone but too small for two, maybe a 9 or 13 foot cord would be a happy compromise. The one-time charge is \$6.15, but you save the monthly extension charge of \$1.23. A \$12.50 connection charge applies either way.

32. Convenience has its price. A telephone credit card is a handy item to have, and we're in favor of them. But credit card calls are charged at the higher operator-assisted rate.

33. Every little bit helps. If it's convenient, pay your phone bill in person at one of our public offices to save postage and checking costs. Or pay at an authorized agency - there is no

charge for this service. Look for the one closest to you in the front pages of your phone book.

34. Be a better buyer. Use the Yellow Pages and follow these suggestions. Don't shop for price alone - service after the sale may affect selling price. Get estimates on major purchases, receipts for all payments. Check on cost of service calls by telephone. Ask for estimate of repair, then get itemized bill before paying. Read all contracts before signing. Check on credit details, get written guarantees. See more hints in the front of your Yellow Pages.

35. Cheaper after ten. Need a lot of color telephones? For 11 or more, the one-time charge drops from \$6.15 to \$4.31 each.

36. Free number-change cards. If your telephone number is changed or you move, your business office representative will be happy to supply number change cards so you can notify your friends. And if you are informed about a friend's new number, jot it down.

37. If you lose your dime. Although pay phones generally are working well these days, there's a chance you might lose some money in one sometime. If you do, dial the Operator, give the number of the coin phone, your name and address. A check for the refund will be mailed to you.

38. Plan your calls. Jot down the things you want to talk about, and mark them off as you go along. You'll be able to cover more conversation in less time. It will help keep down the cost of long distance or multi-message unit calls.

39. Reduced rates for overseas. Long-time users of overseas service are generally familiar with rates. But for those who don't know, reduced rates, many points apply during certain night, Friday, Saturday and holidays. For details dial 0 (Operator) and ask for the Overseas Operator.

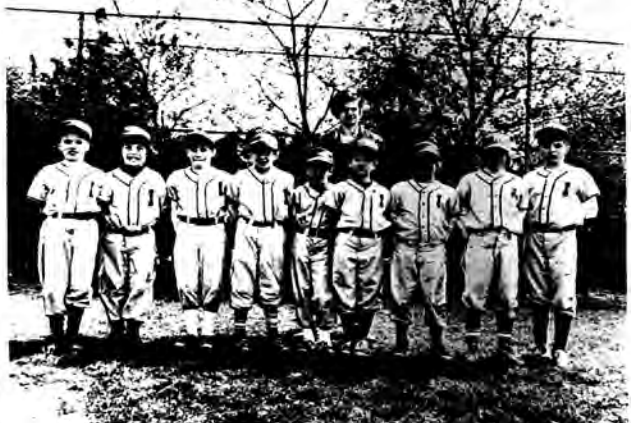

40. Advice from the phone company. The service representative is trained to help you decide just how much telephone service you really need. And businessmen can get free service from communications consultants. Ask service advisers and building industry consultants.

Always mail the tips in our previous ads. Be sure to send for a copy of our free booklet "How to Get the Most Out of Your Phone Service" 315 Hudson Street, New York, New York 10013.

The rates, values, and the tariffs referred to are those in effect as of June 1, 1973. Rates do not include tax.

Tobay Moves To Acquire Theatre Bldg.

BY JANET GOSNELL

REVAMPED THEATRE BUILDING, located adjacent to Town Hall on Audrey Avenue in Oyster Bay, was approved for acquisition at an expected cost of \$1,300,000 by the Town Board on Tuesday at its regular meeting. The building will be used as an annex to relieve presently overcrowded conditions.

What portended to be a quiet meeting in Oyster Bay this week turned out to be a sleeper as hassles arose over the acquisition of the Lyric Theatre building as a town hall annex and charges of fraud and character assassination with regard to parking meter installation in town lots were heard during the more than three hour course.

A public hearing and a decision to acquire the building shell, now

in the process of being renovated, appeared on the same calendar. Although it appeared at first no one would speak on the subject of the expected \$1,300,000 acquisition through condemnation, the slow start was spurred by comments offered by Councilman Lewis Yevoli, who asked for a list of stockholders of the Oyster Bay Development Corporation, owners of the building, and recommended

alternate sites which he felt might be less expensive and more convenient to the town at large. Sites mentioned were the vacant Pine Hollow Bowl building and an office building in Jericho.

His comments were followed by offerings by Toby Kennedy and Eileen Chernomas, democratic candidates for councilman and town clerk respectively, who were against the acquisition on the basis of profits from the condemnation accruing to the owner.

Edward Robinson, of Syosset, supported the acquisition with the comment that the renovation was being done in "exquisite taste," and that the price of the Pine Hollow Bowl was "out of sight."

Fred Evers, of Hicksville, said he'd like a "big annex" in Hicksville. The inaccessibility of the present town hall to the town's largest population density south of Jericho Turnpike was also brought up.

On the decision to adopt the map, amend the capital budget to include the acquisition, and engage the services of engineers and an appraiser, Walter B. Smith, both councilman Yevoli and Councilman Salvatore Mosco voted "nay." The motion passed, however, with five "ayes."

Charges of fraud

Yevoli after the meeting to investigate alleged fraudulence in the much-disputed installation of parking meters in town commuter lots, one speaker arose to elucidate on the allegations and to also charge character assassination by the town against himself and Councilman Yevoli.

He was Jules Bernstein of Old Bethpage, operator of a small advertising agency in New York City and president of the Central Island Commuters Association. Before listening to Supervisor Burke state that he was fully aware of the charges and that said charges were currently under investigation by the town attorney's office, Bernstein alleged that an overpayment of \$50,000 was made for the meters; that the contract was tailor-made for one company, M.H. Rhodes, of Connecticut and NRD Development Corp., its sole distributor on Long Island; that there was collusion on the bid; that the town public information office attempted to discredit him and Councilman Yevoli by implying collusion between the two arising out of their having started a small advertising agency on Long Island together. According to both partners in the agency, it has no clients or staff.

According to Mr. Bernstein, who had copies of the indictment with him, a suit was presently in preparation by attorneys in the

event the town failed to investigate the allegations of fraud.

According to the town hall public information office, the release distributed this week pointing up the business relationship of Bernstein and Yevoli was strictly a response by a government official to the joint attack of Yevoli and Bernstein last week. "We felt the public should know where the attack comes from," said the public information officer, "strictly as a point of information."

Mr. Bernstein's position on the business is: "After all, Mr. Yevoli will be out of business in November. He is not an attorney and has no other means of income. I'm just trying to help him out."

YMCA Suits

In other business, the town resolved to retain the firm of Raymond, Parrish & Pine as planning consultants and expert witnesses in the forthcoming trial of a suit instituted against the town by the YMCA of Nassau and Suffolk Counties declaring the rezoning of their Jericho property to O-1 office building unconstitutional. According to the resolution, the planning firm will be paid a fee of \$300 per day for a period not exceeding 10 days, and will be required to provide a traffic analysis and court appearances.

Dear Friends...

In Hicksville as you know, the school budget has been turned down. Next week this board of education will submit a revised budget for your consideration.

We have spoken with the new board president, Robert Pirrung and feel that we can urge you to consider this budget favorably. Much of our rejection of the June 13 budget proposition was that the purpose for which some of the monies which were provided was not spelled out (such as the amount for the assistant principals.) this is now corrected. We have a new board. One which we hope will be able to go forward within the framework of what has been established for years in district 17, to see that our children receive the best possible education that we can afford.

We wish the new board well. We hope that all who are concerned, both with the quality of our children's education and our tax dollar will continue their interest. We urge you to consider this new budget (which is for a smaller amount and will result in a smaller tax increase) favorably.

However, whatever your vote may be, don't forget to go to the polls on July 19 and we also suggest that if you have strong opinions on any matters pertaining to your school district, don't keep them to yourselves-write to your Board of Education or bring it up at a Board of Education meeting. We're sure your suggestions and opinions will receive courteous consideration.

July 30 is the date set for the Plainview School District vote. We'll have more on this next week.

MANY FAMILIES were unable to see the July Fourth fireworks display at Eisenhower Park, due to an unprecedented traffic jam....it's probably that we have grown so much population-wise, in Nassau, that having the fireworks display in only one place on Independence Day, is no longer feasible. Suggestion....in the future schedule this type of program in several areas throughout the County.

SPEAKING OF Eisenhower Park, approximately seventy-five vintage automobiles are expected to be there this Sunday, July 15, when the members of the Model A Club of LI display their cars of yesteryear. Club members will be on hand to answer questions about antique autos and discuss restoration of pre-World War II vehicles. The show will be held from 10 a.m. to 4 p.m. at Parking Field No. 1. Rain date, July 22.

THAT's all for this week, stay well, don't waste a day, and remember the old adage, "Envy and jealousy erode one's soul and warp one's personality."

Sincerely,
SHEILA

Supervisor JOHN W. BURKE REPORTS

The summer recreation program conducted by the Town of Oyster Bay is designed to appeal to a wide range of interests with something for every age group. There are magicians, clowns and puppet shows for the younger set, rock concerts for teenagers, and musical programs ranging from jazz to Bach to suit various adult tastes.

An exciting summer also has been planned by the Town for our Senior Citizens. Free buses will take those who made reservations to Seniors Night at the Jones Beach Theatre for a performance of "Carousel" every Tuesday buses will be available at the community parks and

senior housing centers for a day out at Nassau Beach Park. Other town-sponsored trips range from same-day tours to nearby points of interest to a magnificent 9-day cruise to St. Thomas and St. Maarten aboard the luxurious "Canberra." For more information on senior citizen activities, you may call 921-5770.

Another special program of the Department of Recreation and Community Services is conducted for the handicapped at Teddy Roosevelt Beach and the Town community parks in Bethpage, Massapequa and Syosset. No registration fee is charged for the special summer activities, each of which is supervised by a

licensed teacher and at least one qualified aid. The program is for those between the ages of 6 and 21 years who are mentally retarded, brain injured, physically handicapped, learning disabled or emotionally disturbed who are found eligible by our professional staff.

Over 100 shows have been booked by the Cultural and Performing Arts Division which will tour the five community parks. There are story hours and puppets for the preschoolers, a skatemobile with over 200 pairs of roller skates for free use on the park rinks, a fashion-mobile to

Congressman
NORMAN F. LENT
3rd District, New York

One of the many tasks with which the Nixon Administration has been concerned since taking office has been fulfillment of its promise of a broad new approach to planning for effective use of our nation's energy resources.

While current Congressional investigations will prove whether claims of an existing "energy crisis" are real or artificial, the likelihood of a genuine crisis in the not-too-distant future will remain very much with us. The reason is simple: the so-called "fossil fuels" which are fulfilling our current needs for energy are limited; they simply won't last forever.

Until last week, the search for energy sources which must replace the oil and natural gas we

are now devouring at a wasteful rate was at a virtual standstill. Far too few people in government and elsewhere in the United States recognized what many of us have foreseen. With off-shore drilling hanging over our heads, we here on Long Island can not and will not wait for all of our oil and natural gas to be exhausted, because attempts to find "the last drop" will never justify the environmental risks required to exploit them.

Now, the President has committed the first substantial sums to explore the laboratories as well as the oceans for new sources of energy. In a message to the Congress, he has requested ten billion dollars to be spent over the next five years, to ex-

pand our research and development efforts toward alternative sources of energy.

The areas in which these sorely needed funds will be spent are varied, and in some cases, exotic. You might want to keep in mind, for example, such phrases as coal gasification, oil from shale, tar sands and organic wastes, geothermal energy, "fast breeder", nuclear and solar reactors. Hopefully, research into their possible usage to augment and eventually replace our current reliance on petroleum and natural gas will make not only their names, but the operating processes they describe, common in the United States, well before our current supplies of energy "dry out" on us.

RONCALLO REPORTS

by CONGRESSMAN ANGELO D. RONCALLO

We had a wild week, here in Congress, last week but I think the eleventh hour compromise on Cambodian bombing was well worth every ounce of extra time and work.

As I explained last week in this space, the Congress sought to reestablish its Constitutional prerogative in making U.S. foreign policy and I think we succeeded.

We demanded an end to the U.S. involvement in Cambodia and Laos on the grounds that a fundamental Constitutional question, i.e. who makes foreign policy, was at stake. Congress is given that power in the Constitution—but a vacuum has existed in the exercise of that power for sometime.

We secured a commitment from the President to end all U.S. involvement in Cambodia and Laos by August 15th. I sincerely hope we have learned this bitter lesson and will stay out of South East Asian affairs for good.

In the midst of the Cambodia action some other important and varied legislation surfaced — a mixed bag of human consideration.

I cosponsored legislation making instant citizens of Vietnamese orphans adopted by Americans. I joined several other New York Congressmen and women on a bill to save Rockaway Beach. My own bill to prevent live fetus research picked up new steam as several Congressmen joined us as

cosponsors and two Senators indicated their interest in the bill.

I've found that being a Congressman is about as rewarding a profession as I know of. I don't think I have ever worked harder in my life. Several of my days recently seemed to start at 6:00 am and go on past midnight. One day we cast fourteen votes which, you can imagine, kept me running from the office from Committee—from lunch and dinner—to the House Floor so as to get our vote, yours and mine, in there.

I am glad to have this brief Fourth of July Recess to get home and get rejuvenated by the tremendous people I represent. I've got a lot of "Home-work" to catch up on!

O. Bay Construction Continues To Climb

The value of construction permits issued in May by the Town of Oyster Bay Building Department was \$2,930,876, according to Councilman Howard T. Hogan Jr. This figure marks a continual rise in construction activity since the first of the year.

Fifty-four (44) permits for commercial construction totaling \$2,307,625, or slightly more than

78 percent of the monthly total, were issued during May.

The May total of 228 separate permits is the greatest number issued since December of 1970, when 234 permits were issued, the greatest number of permits issued in one month during the course of the past five years was 255 (May, 1969).

"The continual increase in the

value of permits issued each month this year," Hogan noted, "and the parallel increase in the number of individual permits—a figure rapidly approaching the 5-year high total—are strong reflectors of a willingness to live, work and raise a family in the town of Oyster Bay."

Ralph Caso on OTB: The Sooner The Better!

BY JANET GOSNELL

After more than a year's delay, it looks like it's almost past time for Old Track Betting in Nassau County, according to comments made by county executive Ralph G. Caso at a press conference following the regular Nassau County Board of Supervisors meeting on Monday.

Mr. Caso described efforts by himself and Suffolk County Executive John V.N. Klem to coordinate developments so that the betting parlors would be off and running on January 1, 1974. A public hearing on a local law to adopt off track betting in Nassau County is set for July 23rd, after which, Mr. Caso said, it is expected that the supervisors would approve the law at a meeting in August.

In order to fund the initial operation, the county executives agreed to a maximum investment of their county funds of \$1,500,000 each.

In the regular business of the supervisors, three public hearings were held, including one in respect to a map showing real property to be acquired for park purposes on Stillwell Road in Woodbury. No one spoke relative to the petition.

Present at the meeting, and looking as if they didn't know quite what was going on, were about a dozen teenagers from Montreal who are spending a few weeks as guests of families in Garden City as participants in the "Experiment in International Living." Present with them was a Dr. Raymond Rupp, coordinator for the project, who said the chairman of it was Vincent Raskopf of Garden City.

During the course of the meeting, the supervisors approved an expenditure of \$50,000 for a new ventilating system in the county garage on County Seat Drive, engaged the services of Mobilized Community Resources, Inc. and Versor, Inc. to work with the Nassau County Youth Board in specific projects, and authorized a budget of \$100,000 to

repair local bridges in Nassau County.

The Inwood Recreation Area, County Office complex was approved, at an expected cost of \$623,000. Several road resurfacing were approved including Old Country Road between Salisbury Park Drive and Wantagh Parkway.

EOC representatives from Roosevelt were present to protest the attempted unseating of its Board of Directors by the Nassau EOC, a matter now in court. A statement from Fred Haith, president of the Board of Directors read by Emily Moore said: "We are not professionals, but we know a power grab when we see one. We will not become slaves on John Kearse's plantation."

Greg Foster, Jr., project coordinator for the EOC Youth Development Program, expressed gratitude to the super-

visors for their help in maintaining the Community Action Programs, but asked for more help in finding summer jobs for youth.

William Deeley, democratic candidate for County Executive was present to protest the means by which Nassau Community College was operated and to charge political interference in it. The college is operated on "Plan A" which calls for money to come from the county and reimbursed to the county by the State. Mr. Deeley said he spoke for students and faculty of the college saying that a change to Plan C was wanted.

The County Executive reminded him that Plan C had been considered and rejected by the previous administration.

The college now serves about 15,000 students, equally divided between day and night students.

MAJORS

In the final game of the season PERKINS TRUCKING beat CHAS. WAGNER 11-2 to take the second half. Last Monday they faced the first half winner, TROIANO for the championship of the Majors. TROIANO was down by 3 after 4 innings but came back with a big 5th inning scoring 3 runs. Dave Joyce went all the way for TROIANO allowing only 4 hits. He also went 2 for 4 at the plate, a single and a triple. Rich Staibitz had 4 triples in 4 attempts. Ed Johnson shone for PERKINS with 4 rbs. and an outstanding defensive effort at shortstop. Final score TROIANO 6, PERKINS 4. After 3 years of leading TROIANO to a playoff berth manager Don Joyce deservedly won a championship. MINORS.

PARAGON OIL took the second half with an enviable record of 6 and 1. Last Saturday's decisive 11-2 victory over FRANK'S ALBI clinched it for PARAGON.

There is a 3 way tie for the first half winner with MARDER SHELL, THE METS and FRANK'S ALBI meeting each other this week to determine who faces PARAGON next Monday for the Championship of the MINORS.

ANCIENT ORDER OF HIBERNIANS faced SMITH PHARMACY last Thursday for the Farm championship. John Holm pitching his usual strong game for A.O.H. shut out SMITH striking out 17 and allowing only 2 hits. Doubles by Holm and Robert Keening and a triple by Steve Britton gave the IRISH the 2-0 victory. Congratulations to coach Jim Ryan and the Hibernians and to 2nd place winner Billy Kirsch and SMITH PHARMACY. The H.I.L.L. all star team will play their first game on July 21. Further details will be given next week, but keep the date open and come and lend some moral support.

Hicksville Americans Win Northport Soccer Crown

The Hicksville Americans Soccer team won a one day soccer tournament last Saturday at Northport. They played a total of one one half hour games, beating Deer Park 3-1, Mississippi 3-0, Northport 2-1 and Irving Huntington 2-2. Their record gave them a total of seven points for the day, just edging out Deer Park for the championship. Coach Pat McHugh cited Bill Dalton's fine goal play as the deciding factor in an otherwise extremely close series of games. In regular league play, this Monday evening the Hicksville

Americans beat Gottschee 1-0 to retain their hold on first place. In the opening minutes, Tom Cusack led a cross in front of the Gottschee goal and Bobby Murphy drove it into the nets for the only score of the game. Outstanding defense on the part of Steve Solaski and Mike Humphries enabled the Americans to hold their lead and defeat Gottschee in the second round of play in the German American Summer Soccer League. With only two games remaining, the Americans need only one more win to clinch the division championship.

Monday morning, July 16th at 9:00 a.m., Trinity Lutheran School, at 40 West Nicholas Street in Hicksville, will open its doors for Trinity's first annual Basketball Camp in an effort to give boys ages 10-14 an opportunity to learn the basic skills involved in basketball. Trinity has put together a program especially aimed at developing good sound fundamentals. The boys will be able to use both the indoor and outdoor facilities at Trinity. The equipment will be in both regulation and modified sizes which will give each player an opportunity to learn the skills in relation to his own physical size. The video tape recorder will allow each boy to analyze himself and with the help of the coaches, correct and improve his form. Many other aids and techniques are being readied this week so that in each of the two one week sessions young boys will become more fundamentally sound. If you are interested, you may call for information at 931-2211.

BILL KUCK, one of the Directors of Trinity Basketball Camp in Hicksville, is seen here readying the many regulation and junior-size basketballs and T-shirts for camp's sessions July 16-20 and July 23-27. (931-2211)

Social Security Question Box

Q. I'll soon be 62 and plan to quit work then and retire. I have raised my two grandchildren since they were babies. Now they're both in grade school. Will they be able to get social security checks on my record when I start getting monthly benefits?

A. Possibly. Under recent changes in the social security law grandchildren can get monthly checks based on a grandparent's earnings record if certain conditions are met. You should file a claim for benefits for them at any social security office and receive a formal determination on the matter. This can be done when you apply for your retirement benefits.

St. Ignatius Girls' Cadet Corps March

"Everyone has been looking forward to our first contest. Well, for the uninitiated, it happened this past Saturday night in Kings Park at the Long Island Kingsmen contest, and what a happening. Our girls, sporting their new uniforms, thanks to Mrs. Gomez and her staff, looked extraordinary. They did an outstanding job as they marched into 2nd place. That is quite a feat when competing against other corps with 6 and 7 contest streamers hanging from their flags."

"Mr. Hy Dreitzer, our horn instructor, won a steak dinner on the contest. Keep betting with us Hy, and you will be going to some

fine restaurants this season with no cost to you."

"Mr. Larry Wallace and Mr. Steve Schnauser, who are just great guys in the eyes of our girls, were overheard talking about capturing that 1st place flag at the 'World Open' in Lynn, Mass."

"This weekend, July 7 and 8, finds our girls in Enfield, Conn. and Norwich, Conn. respectively. This is sure to be a one night sleep over with lots of fun."

"On July 28th, 1973 at 7:30 P.M. our girls will be holding their own annual 'Pageantry in Brass' at the Hicksville High School. The girls are celebrating their 15th anniversary this year. We hope

that all past St. Ignatius Girls' Cadet Corps members will attend. There will be a special reserved section for the alumni if you purchase the tickets in advance. You can do this by calling WE 8-3392. Anyone wanting tickets may purchase them at a reduced rate. Adults \$1.50. Children 75 cents by calling the above number. If you call, the tickets will be delivered by one of our girls. You may purchase tickets at the door on the night of the contest. Adults \$2.00. Children \$1.00. We hope you will support the St. Ignatius Girls' Cadet Corps this year with as much enthusiasm as you have shown in the past," said the spokeswoman.

Sincere condolences to the family of Marian (Mrs. George) McMunn, who passed away recently. The McMunn's, who reside in Merrick are former Hicksville residents. Mrs. McMunn was the secretary at the United Methodist Church, Hicksville. She was a lovely person and we shall all miss her.

Happy Birthday to Harry Smith of George St. HICKSVILLE. He was 73 years old on July 10.

Happy Anniversaries to Mr. and Mrs. George Abrams, 35 Barber Lane, HICKSVILLE, who celebrated their 40th wedding anniversary on July 7. A surprise party was held for them at the home of their son and daughter-in-law, George and Marie Abrams, 41 River Lane.

40th Wedding Anniversary

Mr. & Mrs. Herb Johnson of Myers Avenue, celebrated their 40th wedding anniversary on July 9th. On July 10 they were guests at a surprise party given by their three children: Bob, Carol and Nancy. The party was held at the home of Carol and Bill Height in Malverne and was attended by 30 persons, including the couple's nine grandchildren. Bob, his wife and seven children drove across country from Scottsdale, Arizona and Nancy flew in from Spain to surprise their parents. This is the first reunion for the three children in eleven years.

HICKSVILLE. Their daughter, Mrs. Ruth Weiss, flew in from California to join in with the many close friends and relatives who attended the party on July 4.

Things have not been dull at the home of Mr. and Mrs. T. Ringelsen, 88 Myers Ave., HICKSVILLE. Katherine Ann Ringelsen, a graduate of Hicksville High School and Glen Cove Nursing School, became the bride of Geoffrey Henry of Islip on May 19. Leslie Anne Ringelsen was confirmed in the United Methodist Church of Hicksville on June 10 and graduated from Hicksville Junior High School on June 22. Cecilia Alice Ringelsen graduated from Hicksville High School on June 24. Elizabeth Ringelsen, an employee at General Instruments, is recuperating from an operation at Nassau Hospital, Nassau. So, congratulations and best wishes to one and all, and we hope that Elizabeth will be feeling better soon.

Welcome home to the Verduyn family: Eddie, Barbara and children, Pauline, Bobby, June and Eddie, Jr., of 41 North Lane, who have just returned home from a trip to Buffalo.

Congratulations to Judy Principe of Lottie Ave., HICKSVILLE, who had a birthday on July 8th.

The Misses Eileen McCarron of 467 Broadway, BETHPAGE, and Deborah Speranza of 39 Bruce Ave., HICKSVILLE, are recipients of full tuition scholarships to The Berkeley-Clearmont School of Hicksville. Miss McCarron will begin her studies in the fashion merchandising program in July. Miss Speranza will enroll in July in the one-year executive secretarial program designed to provide students with a broad knowledge of the business community in addition to their secretarial skills. She was a member of the Drama Club and the school chorus.

Happy Birthday to little Miss Cathie Ellen Zike who celebrated her 2nd birthday on July 8th. A party for family and friends was given in her honor. Cathie is the daughter of Cynthia and John Zike and sister of John Vincent, all of Third Street, HICKSVILLE. A happy birthday also to "Aunt" Ruth Saurer of First Street who had her celebration on July 8th.

FIRST OF A SERIES OF NEW 10-PASSENGER, 10-CAR FERRIES scheduled for service next summer by New London

New Ferries Scheduled For Orient-New London Service By Summer of 1974

Designs for the first of a line of modern ferries to be built for entry into Orient Point-New London service by next summer have been released by New London Ferry Lines.

The company is prepared to construct up to five of these vessels, at an estimated cost of over \$1.5 million each, in forthcoming years as traffic warrants, according to Gerard McAllister, executive vice president of McAllister Brothers, Inc., New York towing company that is parent to NLFL.

The new ferries will have capacity for 40 cars and 400 passengers, and with cruising speeds of 20 mph, they will make the 14-mile run across Long Island Sound in less than an hour. Design of the first ferry, which is now out for bid at several ship yards, calls for a vessel of 217 feet with a 42-foot beam and a 9-foot, 9-inch draft when fully loaded. Power will be furnished

by two 1,024-hp GM diesel engines.

A bow thruster will add maneuverability and speed up docking operations, and the latest automated navigational, communications, and safety devices will increase efficiency.

A passenger lounge for 300 persons and a snack bar are features of the vessel, which will be manned by a crew of seven union-member officers and seamen.

Robert A. Simons, naval architect of Paramus, N.J., is the designer.

In discussing NLFL's 16-year operation of the ferry service, McAllister said, "Until very recently, our studies indicated that investment in new boats could not be economically justified if based only on seasonal and weekend traffic demand. Additionally, we were faced with the threat of a bridge over our ferry routes.

power, her 20 mph speed will enable her to make the 14-mile Orient Point-New London run in less than an hour.

Last summer we were forced to retire one boat due to age, just at a point when traffic increased dramatically.

"We believe, however, that we have reached a midcourse position. Traffic seems destined to remain high. It appears unlikely that a bridge will be built for many years to come. Legislation we supported that gives the Metropolitan Transit Authority jurisdiction over ferry terminals would, if passed, give hope for much-needed port modernization at Orient.

"With these prospects in view, we believe our function as the only authorized carrier in the area is to expand and modernize the ferry service that links these two growing areas and to give the public fast, dependable, and frequent cross-Sound transportation," McAllister concluded.

Accident Reports

July 8-7:10 p.m. - Automobile-bicycle accident on Robbins Lane at Birchwood Park Dr. Syosset, involving a car driven by Sidney C. Best of Bicentennial Contest Entries

Miss Dorothy Horton McGee, Chairman of the Oyster Bay Town American Revolution Bicentennial Commission has announced that photographs taken by the winners and runner-up of the Commission's contest, "The American Heritage: Oyster Bay", will be on display at the Locust Valley Office of the Hempstead Bank. The contest, recently held in conjunction with the commemoration of the

Robert Williams Purchase, was open to all junior and senior high school students, college and graduate students attending school or living in the Town. According to Robert Esposito, manager of the Bank's local branch, the photographs will be displayed between July 1-13 during the regular banking hours: Monday through Friday 9 AM - 3 PM, and 6-8 PM on Friday evenings.

Cost-Of-Living Allowance

New York telephone said it will pay an \$8 weekly cost-of-living allowance starting this month to 68,000 union-represented employees, including 8,400 in Nassau and Suffolk.

The allowance is based on the increase in the U.S. Consumer Price Index since May 1972. Annual cost to the company will be \$37 million.

The cost-of-living allowance comes on top of scheduled weekly wage increases ranging to \$8.

Both were covered in contracts negotiated with seven unions. The three-year contracts, which became effective in mid-1971, provided for cost-of-living allowances in the second and third years. Last year the allowance was \$4.50 a week.

This year's allowance, together with 1973 wage increases and related benefits, increases the company's annual wage bill by \$60 million for union represented employees.

Increase Interest On Ordinary Savings

The Long Island National Bank, with offices in Nassau and Suffolk Counties today increased the interest paid on ordinary savings from 4 1/2 percent to 5 percent, retroactive to July 1st on

all accounts existing on July 10th, it was announced by the bank's president, James C. Dunkelacker.

The action was taken in accordance with an announcement made in Washington, Thursday, that Federal financial regulatory agencies had authorized commercial banks to increase, from 4 1/2 percent to 5 percent the interest on ordinary savings passbooks. At the same time, savings banks and saving and loan associations which have been paying 5 percent have been authorized to increase their interest to 5 1/4 percent.

Mr. Dunkelacker who is also president of the Long Island Bankers Association, termed the Federal action "a step in the right direction toward closing the discriminatory gap which heretofore gave a competitive edge to thrift institutions, while militating against the competitive efforts of commercial banks." He added:

"By bringing all interest rates within a more realistic proximity, full-service banks should benefit greatly by virtue of their one-stop banking services offered to those who need both savings and checking accounts."

Mr. Dunkelacker said that new interest rates on certificates of deposit and savings certificates will be established by his bank soon after full instructions are received from the Federal Reserve Board.

Daylily Festival July 29

The Long Island Daylily Society will be presenting a DAYLILLY FESTIVAL at Planting Fields Arboretum in Oyster Bay at 2 PM on July 29. There will be educational displays, a daylily show featuring some of the many varieties grown on L.I., flower arrangements featuring daylilies, a display of perennial companion plants, the annual public auction with loads of exciting varieties to go on the block, and a bargain sale table. Best of all, those in attendance will receive free a one year old daylily seedling of a leading L.I.

hybridizer. Door prizes will be awarded and refreshments including a cool punch and cookies will be served. Admission is free! For those who have few daylilies or no daylilies at all, the sale table will feature starter packs of between three and five varieties at bargain prices of 50 cents a plant. Create an instant garden of these delightful daylilies, which come in all shades of red, orange, yellow, pink, lavender and purple. The daylily thrives anywhere in sun or shade and is easy to care for. So come out to a fun filled, bargain filled Sunday afternoon.

SOCIAL SECURITY

"Older Americans in Action" will be the theme as the Nation observes Senior Citizens Month in May, according to Sydney Savrin, social security district manager in Mineola.

In proclaiming Senior Citizens Month President Nixon said the theme "points our attention to the basic fact that most older people are not mere onlookers in our society—nor are they society's wards. They remain vital, versatile, and highly valued con-

tributors to the quality of American life."

According to Savrin, social security now pays over \$2½ billion a month in retirement benefits to about 18 million people. "Payments have increased more than 50 percent since 1969," he said. "Recent changes in the social security law have increased payments to widows 62 and over and to workers who delay retirement past 65."

FIELD DAY AT FORK LANE: Fork Lane School held its annual Field Day athletic competition Friday, June 1, in the school yard under the direction of Mr. Howard Bowers and Mrs. Carol Weber, physical education teachers. Randy Evans, (top photo), and Gregg Jordan (bottom photo) compete in the standing broad jump, one of

several events for fourth, fifth and sixth graders. Winners were: Grade 5 Mr. Siegel's class; Grade 4 Mr. Pisan's class, and Grade 4 Mrs. Mangiaracina's class. Trophies were awarded the winning classes, and a special trophy went to Mr. Pisan's class for achieving the highest total number of points. (photos by Jon Spindel 6th grade student).

Vacation Bible School

For the past two weeks Trinity Lutheran Church Hicksville has conducted a very successful Vacation Bible School. Some 50 teachers and assistants have worked with 180 children in a program which stressed telling the news about Jesus and sharing His love.

Each day all of the children gathered in the church to begin in His Name. Returning to their classrooms they discussed the lesson for the day, followed by a music period, recreation and arts and crafts. Trinity Lutheran School's excellent facilities, a number of its professional staff, and many talented laymen made the Bible School a delightful and meaningful experience.

An evening worship service attended by over 350 parents and children climaxed the two week

program. The covers of all the congregational bulletins were colored in the students' expressing the theme "Tell The News - Share The Love." Each class processed into the church lead by a banner it had made. The children led their parents in singing and used rhythm instruments to add to the joyous occasion. The Junior Class gave an illustrated sermon stressing God's love and plan of salvation for all men.

Reverend John Krahn, assistant pastor of Trinity commented, "We thank God for the opportunity He has given us to work with so many of His children. Mrs. Marge Boehm, our coordinator and the rest of our staff saw an occasion to serve the Lord and totally gave themselves to His work."

demonstrate and advise teens on beauty culture, and a crafts mobile for the artistically inclined.

For the adults, a series of concerts is being offered to meet a wide variety of musical tastes. "Music Americana" features the Lyric Singers in a program ranging from Gospel Rock to selections from Broadway musicals. At the other end of the

spectrum is a fully staged and costumed production of Puccini's opera, "Bohème," also admission free.

There is a summer of fun for the whole family in Oyster Bay. Check the bulletin board in your local community park, or call the Department of Recreation and Community Services at 921-5875 for more details.

Mrs. Howard Hastings of Hicksville helps children with their arts and crafts project.

"Local Accident Scene" To Be Improved

A 4,800-foot long section of Old Country Road in Hicksville which has been the scene of 233 accidents in the past nine years will be improved without major land taking under plans approved by County Executive Ralph G. Caso.

The plans, developed by the Department of Public Works, call for the removal of the existing six foot wide concrete median, paving of the shoulders on each side of the road and creation of

left-turn lanes by means of painted pavement markings. The changes will enable the section from the Long Island Railroad to South Oyster Bay Road to conform to the width and pavement markings of adjoining sections of Old Country Road to the east and west.

A substantial number of the 30,000 vehicles using this segment each day make left turns", Public Works Commissioner

John H. Peters pointed out. "These turns block one of the two lanes in each direction for much of the day. By creating left-turn lanes we can improve traffic flow and reduce the accident potential."

Peters said only minor property acquisitions will be required primarily for widening corner radii. He estimated the construction costs at \$365,000.

Approval by the County Board of Supervisors is required. Start of construction is tentatively scheduled for early fall with completion in four months.

Oyster Bay Construction Continues To Climb

The value of construction permits issued in May by the Town of Oyster Bay Building Department was \$2,930,876, according to Councilman Howard T. Hogan, Jr. This figure marks a continual rise in construction activity since the first of the year.

Forty-four (44) permits for commercial construction totaling \$4,397,625, or slightly more than 78 percent of the monthly total, were issued during May.

The May total of 228 separate permits is the greatest number issued since December of 1970, when 234 permits were issued, the greatest number of permits

issued in one month during the course of the past five years was 255 (May, 1969).

"The continual increase in the value of permits issued each month this year," Hogan noted, "and the parallel increase in the number of individual permits - a

figure rapidly approaching the 5-year high total - are strong reflectors of a willingness to live, work and raise a family in the town of Oyster Bay."

B.B.B. Role Redefined

How the Better Business Bureau evolved from an organization sponsored by the New York Stock exchange in 1922 to fight fraud in the sale of securities and real estate to the unique public service organization it is today is described in a commemorative 50-year report released by the Bureau.

Today, our most significant service to the public is in the area of prevention," Woodrow Worsag, president of the Bureau, emphasized. "Consumers call us to ask about the reputation of companies or officers before

responding to them. Last year, the Bureau provided 345,000 instances of services, and this year, requests for service are running 12 percent higher.

The commemorative issue also contains an annual report for 1972 and a membership roster as of February, 1973.

St. Ignatius Fourth In Nassau Track Championship

On June 10th the CYO Nassau Championship track meet was held at C. W. Post College. This was the biggest meet ever held by the CYO. A total of twenty seven parishes participated with twenty two hundred boys running.

St. Ignatius began its' point collecting when Greg Bonsignore won the 60 yard dash in the bantam division. Doug Romeo was our next winner, he took the silver medal in the midjet 30 yard dash in one of the days closest finishes. Unfortunately our turn out in the first four

grades was not what we expected, but with the boys that did show up we tried our best. Some of them are Jackie Willis, Mike Crowley, Doug Cochrane, John McMuller, Robert Rupp, Roy Trapasso, John Dalton, Keith Madine, Chris Scotto, Anthony Neff, Tom Collins, Jim Garger, John Mitchell, Dave Smythe and Tom Crawley.

In the afternoon our welterweight junior and teen divisions came to help. There again, a soccer commitment kept some of our runners away, but the ones who came did very well.

By GRACE COCHRANE

Tom Sager won the fourth place ribbon in the welterweight 60 yard dash. Scott Fitzpatrick competed in the long jump and the 220 yard dash. In the long jump Scott placed seventh, he then came back to win a silver medal in the 220 yard dash. Moving into the welterweight relays our 240 yard team came up with a gold medal. Peter Janette was the lead off with Jamie Garhardt, Scott Cahalen and Paul Wiedenhafer following in the order for the win. In the junior division our 440 yard relay

team became the silver medal winners for us. Those four boys were John Ripp, Tom Gallant, John Shea and Mike Bell.

Last, but by no means least, were our teen division. In the field events Chris Dachille placed third for a bronze medal in the high jump. Bob Cochrane and Tom Pasquerlla were sixth and seventh in the long jump. Ralph Guadagno in the 60 yard dash finished in sixth place. Our next entry was Kevin Hopkins in the 800 run, there were twenty one boys entered, and Kevin came away with the gold medal. By

now we were down to the last two events of the day, the 440 yard medley relay. For both races we had saved our fastest boys. In the 440 yard relay, there were fifteen teams entered, with the winners determined by the times run in heats. Roland Davidson our lead off, exploded from the start and by the first hand off to Mike Garger was ten yards ahead. Robbie Garhardt was the third leg, and he gave Tom Pasquerlla a fifteen yard lead to carry to the finish. For their efforts, the boys

Environmentalist To Attend Workshop

Oyster Bay Supervisor John W. Burke has announced that David Mafriet, Director of the Town's Division of Environmental Control, will attend a two-day "Noise Workshop" conducted by the United States Environmental Protection Agency.

The workshop, which will be held in New York City on August 8th and 9th, is designed to assist municipalities with the development of local noise pollution control ordinances. Study of guidelines, measurement techniques, enforcement problems and existing ordinances are among the items on the workshop's agenda.

Oyster Bay To Assist In Emergency Service

The Oyster Bay Town Board recently passed a resolution to provide independent emergency service organizations with the quantities of vehicular fuel they may require during the anticipated gasoline shortage.

Town Supervisor John W. Burke hailed passage of the resolution as a "positive action assuring the protection of lives and property throughout Oyster Bay. It is vitally important," said Burke, "that service organizations such as fire departments and ambulance

units have sufficient fuel with which to rapidly and effectively meet the emergency needs of their communities."

Burke, who is Chairman of the Nassau County Board of Supervisors' Committee on Firemen, explained that the resolution specifies that those qualified organizations within the Town availing themselves of this opportunity will be required to make repayment at a rate per gallon equal to that which the Town paid for the initial purchase of the fuel.

Free Bus Service To Parks

Free bus transportation is provided to and from the Town's four community parks. Councilman Salvatore R. Mosca reminded Oyster Bay residents this week.

The free service, which began on July 2, will continue through August 10. It is available to all residents who reside in one of the four parks districts.

The four community parks serviced are Sunset Woodbury with five routes, Plainview Old Bethpage with four routes, Bethpage with three routes and Marjorie R. Post with three routes.

Councilman Mosca pointed out that the bus service was especially advantageous for senior citizens and for youngsters below driving age for whom long distances are a problem. He said the buses should enable them and other park district residents to take full advantage of the many special programs and facilities provided at the community parks.

For further information on bus schedules, contact the Town of Oyster Bay Department of Recreation and Community Services at 921-5875.

"Sense in The Sun"

Mrs. John Duffy, Education Chairman of the Syosset-Jericho Branch, American Cancer Society, passes on an important warning of Dr. Janith Stewart Kice, Long Island Dermatologist, to use "sense in the sun."

Skin specialists have definitely established that excessive exposure to the sun is unhealthy. It is ironic that in our culture, being tanned is equated with being healthy. Actually, not only does skin exposed to the sun age more rapidly than skin that is

not, but skin cancer and excessive exposure are related. Therefore, it is only sensible that we protect ourselves from too much sun. That means taking the sun in small doses and using screening lotions, as well as wearing broad-brimmed hats and cover-up clothing for times when long exposure is unavoidable. Dr. Kice further stresses that our most powerful weapon against skin cancer is prevention, and she urges everyone to use their sense in the sun.

FOUR Nassau County Police Department college graduates from the Police Science Department pose at the college graduation ceremonies in the Veterans Coliseum. All are members of the

Nassau County Police Department. Left to right are Detective Sergeant Eugene Fasano of Levittown, Sergeant Lawrence Ahern of the 7th Precinct, and Lieut. Edwin Meyer of the 3rd

Precinct, both residents of Hicksville, and Detective Sergeant Brian McQuillie of the 7th Precinct who resides in North Bellmore.

Position Open In Tobay Summer Lacrosse Program

Town Councilman Joseph J. Saladino announced recently that there are still positions open on several teams in the Tobay Summer Lacrosse Program.

The program is open to boys who are residents of Oyster Bay

and still in high school. Saladino said that boys who are interested in playing lacrosse should contact the Department of Recreation and Community Services at 921-5875.

The lacrosse program, which is

in its fifth year, recently opened its season with a double header at John J. Burns Park where Councilman Saladino assisted in the face off of the first game. The games played were Farmingdale vs. Bethpage and Berner vs.

Lutheran high schools. Bethpage and Berner emerged victorious by scores of 7-3 and 11-1, respectively.

In other action, Massapequa High School met Syosset High School and Massapequa won 8-6

Mike O'Neil. Mike Duffy and Tom Marino of Massapequa were the leading scorers with two goals each. Charlie Sullivan of Syosset also scored two goals.

Holy Trinity (Hicksville) High School played the Massapequa Mohawks and won, 8-2. Tom Kavanaugh of Holy Trinity led his team in goals, scoring three.

Each team in the Tobay Summer Lacrosse program will play 8 games. An all-star team will be selected to compete in a county tournament sometime in August. Games are played on Monday, Tuesday and Wednesday evenings at John J. Burns Park (weather permitting).

St. Ignatius C.Y.O.

(Continued from Page 16)

won the gold medal in a time of 54 seconds flat, one tenth of a second faster than St. Francis. The next race was the 440 yard medley relay, there were ten teams entered. The first heat was the seeded heat with the five fastest teams going. Steve Moore was our lead. Mike Kennedy was on the third leg followed by Chris Diachille who shifted into high gear for his 220 yard leg and ran away from the rest of the field. Again, for their efforts they won the gold medal in the record setting time of 52.1 seconds.

Again at this time of year our 8th grade teens wind-up their running careers with us. Our coaching staff wishes these boys the best of luck in their future ventures. Also, at this time I would like to single out three boys who have excelled in our program. First, Ray Cesare who was sidelined this year with a leg injury, he has run for us since first grade. Next, Mike Garger and Bob Cochrane, both have run for St. Ignatius since first grade and have been in every championship meet, a total of sixteen plus many other track meets. With a record like this one, boys now in our program have something to strive for.

Finally, after eleven years coaching track at St. Ignatius I am retiring. I feel that after all that time new blood and new ideas are essential to keep any program going. Looking back over that time there have been many exciting meets, and some boys who have gone on to become outstanding runners. I would also like to thank for their help in years past, Artie Murphy and Norm Glut. Thanks are also in order for our coaching staff now, Jack Steele, Pete Collins and new head coach Mike Crowley. I would hope that the people in our C.Y.O. program will help these men continue our fine track program. Good luck to all Gene Cochrane.

The St. Ignatius girls softball team in the Tyro Division clinched 1st place in their section. By winning their section the St. Ignatius team went on to play Our Lady of Mercy for the Division crown. The results of this important game are as follows:

St. Ignatius Topped Our Lady of Mercy 6-3 thus making the team eligible for the Division Crown.

The St. Ignatius rally started in the top of the first. Patti Dilallo walked and then stole second. She moved to third on a ground out by Diana Fordham and then Patti came home on another grounder hit by Robyn Sadowski.

St. Ignatius' outstanding defense was supplied by Betty Voorhies and Laura Tricarico held O.L.M. scoreless for three innings. Lori O'Neil pitched for the St. Ignatius team had good control which also contributed to the shutout innings. It was then in the top of the third with two outs that Patti Dilallo doubled. Diana Fordham followed with an other double scoring Patti. Robyn Sadowski also came through with a double scoring D.

Fordham thus giving the St. Ignatius team a 3 to 0 lead at the end of 3 innings. In the top of the fourth the St. Ignatius team scored another run on a walk to Janet Travis who scored all the way on a double by Lori O'Neil. Lori scored also on a careless error made by O.L.M. team this gave the St. Ignatius team a 5-0 lead. In the end of the 4th O.L.M. started to make a comeback by scoring 2 runs and in the bottom of the 5th they came back with 1 more thus making the score 5-3. The St. Ignatius team came up with one more run in the top of the seventh for security. The run was scored on a walk to Patti Dilallo. She stole second moved to third on a ground out by Diana Fordham and scored on a ground out by Laura Tricarico. The run in the seventh made the score 6-3 which was the final score of the game.

The St. Ignatius team is coached Marge Steinhach. The CYO officers and members wish to thank Marge and the Girls for a job well done and wish them good luck in their final game which will give them the championship in their division.

1973 Long Island Fair Invites Amateur Gardener Participation

Many Long Islanders will be harvesting home-grown fruit and vegetable crops this year, and besides consuming the results of their labor, amateur home gardeners can compete for prizes in the Long Island Fair's "Home Garden" section.

The Home Garden section of the October 1973 Long Island Fair, which is sponsored by the Agricultural Society of Queens, Nassau and Suffolk Counties, Inc., contains fourteen different classes which are open only to private family gardeners. Professional farmers and their families are ineligible to enter this section. Cash prizes of up to \$50 will be awarded to first,

second and third place winners in each of the classes which include cucumbers, tomatoes, squash, radishes, zucchini, peaches, apples and a display class of home-grown vegetables and roots.

Techniques and methods of choosing and preparing

agricultural products for exhibit will be the subject of an instructional program scheduled for early September, and home gardeners interested in receiving notice of this meeting or obtaining "Home Garden" section entry information should send the name and address to

Long Island Fair, Muttontown Road, Syosset, N.Y. 11791. Information may also be obtained by calling (516) 364-1050.

The Long Island Fair is scheduled for October 5-8 at the Old Bethpage village restoration and a September 15 deadline is set for all entries.

Free Lunches For Needy Youngsters

For the second consecutive year, Nassau County Executive Ralph G. Caso has made arrangements to have free lunches supplied daily to needy youngsters in the county.

The program, which began today, initially involves 46 agencies in the county operating summer programs for nearly 13,000 young people. They are participants in special programs in schools, youth corps projects, Economic Opportunity Commission activities and programs operated by religious organizations.

"A lot of time and effort has gone into organizing the free lunch program, but the results are worth it," Caso said. "Now these boys and girls are assured of nutritious lunches during the summer that contain everything from meat sandwiches to fresh fruit and milk."

Arrangements for the program were made by Caso's executive assistant, James Murphy, who coordinated with the various local agencies and the U.S. Department of Agriculture and the State Education Department, co-sponsors of the program. The distributing agent in Nassau for the federal-state program is the Long Beach City School District, which will provide supervisory personnel to monitor the free lunch distribution.

Murphy explained that two local food vendors will deliver the lunches daily in refrigerated trucks to each participating agency individually. The State Education Department also inspected each site where the lunches are being dispensed.

Your Hurricanes Are Coming

If your name is Alice, Brenda, Christine, Delia, or Ellen, be prepared for some good-natured kidding when this year's hurricanes begin blowing up from the Caribbean or the Gulf of Mexico. The Nassau County Office of Civil Defense today announced that these are five of the female names chosen to identify the big winds expected to blow during the storm season.

The names that identify hurricanes are used in alphabetical order. Following Ellen, the following names will be used this year: Fran, Gilda, Helen, Imogene, Joy, Kate, Loretta, Madge, Nancy, Ona, Patsy, Rose, Sally, Tam, Vera, and Wilda. There will be no names starting with letters Q, U, X, Y, or Z.

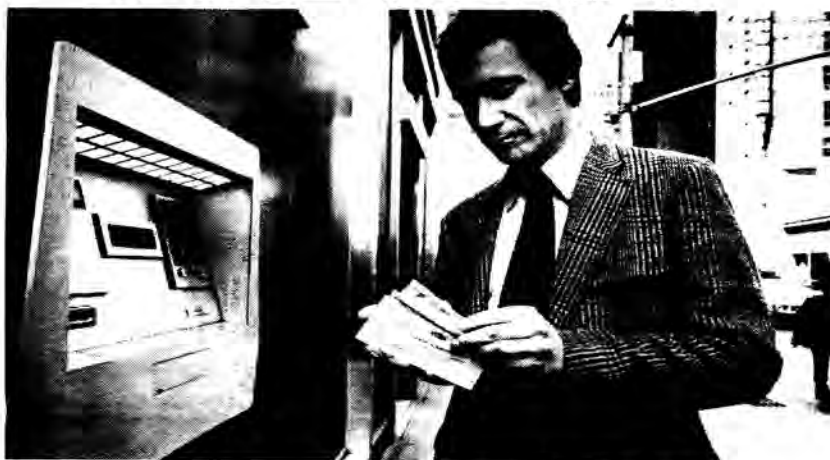

Mrs. Muriel Antokal of Great Neck, Nassau Civil Defense Administrative Officer, said the National Weather Service does the actual naming of hurricanes and then notifies all agencies concerned with protecting against storms and natural disasters. She said the custom of using female names began in 1953, replacing the old system of identifying storms by numbers or geographical coordinates. At one time, hurricanes in the West Indies area were named after saints.

Recently, crusaders for women's rights have criticized the practice of identifying disastrous storms by female names but Weather Service officials say they are not casting any aspersions on women.

"Rather than slurring women, we feel we are complimenting them," Dr. George P. Cressman, director of the National Weather Service, recently reported. "Forecasters regard hurricanes with great respect. These storms

THE 24 HOUR CHEMICAL CASH MACHINES ARE HERE!

Now you can get cash all around the clock, right around the corner.

Introducing the machines that are going to revolutionize New York's banking habits...the Chemical Cash Machines. They were a smashing success when we experimented with a few machines last year, and now there's one at a location convenient to you.

So now you have a way to get cash twenty-four hours a day, seven days a week, whether the bank is open or not.

How can you get to use the machines? Simple. Just stop by any Chemical branch and we'll offer you a choice of two convenient plans.

Plan 1: You use a specially encoded Chemical Master Charge® card in the machine, and at the end of the month your cash transactions appear on your regular Master Charge statement as a cash advance, or if you prefer, on your Chemical checking account statement. If you already have a Chemical Master Charge card, we'll just add a special magnetic stripe on the back. If your Master Charge account is with another bank, you can still sign up for the Cash Machines and get a Master Charge Card from Chemical.

Plan 2: You use a ChemBank card in the machine, and the cash withdrawals are charged on your Chemical checking account statement. If you

already have a ChemBank checking account, just stop by and sign up for a specially encoded ChemBank card. If you don't do your checking with Chemical, we'll be glad to open an account for you — we've got some very convenient plans to choose from, including No-Bounce checking.

Whichever way you prefer, all it costs you is three dollars a year membership fee and twenty-five cents for each transaction. And your Cash Machine account will be fully protected, because only you and ChemBank will know your personal security number needed to operate the Cash Machines.

You can sign up now at over 150 branches of Chemical Bank, the first bank in New York with Cash Machines, the first bank you should think of for all your banking needs.
