Bd of Ed Meets Dec. 17

The Hicksville Board of Education will hold its next general meeting on Monday, December 17, at 8:00 P.M. in the Conference Room of the Administration Building, Division Avenue, Hicksville, N.Y.

The public is invited to attend.

THE FRIENDS OF THE HICKSVILLE PUBLIC LIBRARY purchased an 8mm projector for the library from the proceeds of the used book sale held in September. The projector was presented to Mr. Kenneth Barnes, Library Director at a recent Friends meeting by Mr. Emil Immesberger, president of the Friends group. From left to right in the photo are: Mr. Immesberger; Mrs. J. Jones, corresponding secretary; Mr. Barnes; Mrs. C. Wolf, first vice-

president; Mr. P. Goldberger, second vice-president and Mrs. C. Bennett, treasurer.

This projector will be loaned to community organizations providing a qualified operator is available. The library has more than sixty 8mm films that have been available to the public for several years on a three-day loan. The subjects of the films are varied from Charlie Chaplin, Laurel and Hardy, W.C. Fields to Mary Pickford, Rudolph

Valentino and Shirley Temple. Also included are historical films, such as "Lindbergh's Transatlantic Flight", "Kennedy, the Man, the President". There are also children's films, sporting events and travel films. Come in and see our film catalog.

This projector can be used for either 8 or super 8mm films, sound or silent.

Come in to inquire what the procedure will be on the loan of the projector.

Election For Fire Commissioner Tues Dec. 11

Three men are running for the five-year term as Fire Commissioner of the Hicksville Fire District. They are incumbent Commissioner James J. Taxter, William Foley and John R. Specht.

Voting will be held Tuesday, Dec. 11, from 7 p.m. to 10 p.m. at the East Marie St. firehouse.

Anyone who is a registered voter in the Hicksville Fire District may vote.

Voters must be 18 years of age and have resided in Hicksville for 30 days. Supporters of Commissioner Taxter who has had 25 years of firematic service, said, "The taxpayers demand quality performance for their tax dollar. Once again we enjoy one of the lowest fire tax rates on Long Island. Let's keep it that way! Return a known quality to office. Do not gamble with your dollars. Support and vote for Jimmy Taxter. If you are 18 years of age or over, live in Hicksville for 30 days, you are eligible. Vote for Jimmy Taxter, vote in confidence."

Those advocating the candidacy of John R. Specht stated: "Mr. Specht is an ex-chief of the Hicksville Fire Department and was voted fireman of the year for 1972. He has been an active fireman for 21 years and is the delegate of the department to the Ninth Battalion and other firematic organizations and recently completed a term as president of the Nassau County Fire Chiefs Council. Mr. Specht was the first captain of the Rescue Squad and represents the Fire Service on the Nassau County Emergency Medical Care Committee which was formed by the Commissioner of Health to improve medical care for victims of medical emergencies. He is employed as a Fire Inspector in the office of the Nassau County Fire Marshal."

Those supporting the candidacy of Mr. Foley said, "Born and raised on Long Island, Bill Foley has been an active member of the Hicksville Volunteer Fire Department, Engine Co. 7 for

fifteen years. He has served on various and numerous committees and is presently active as treasurer for the Hicksville Fire Department Welfare Fund, member of the Budget Committee, Company No. 7 Auditing Committee and is the representative of the Hicksville Fire Department on the Hicksville Community Council.

"Bill has been employed by a textile corporation for twenty-seven years and is now serving as an executive for this company on a policy- and decision-making level."

"As your Fire Commissioner, Bill will use this well-balanced combination of firematic and business experience to help carry on, and insure for the future, the reputation Hicksville has achieved as an outstanding and effective Fire Department."

"Your fire protection is of great importance to you and your loved ones. Be sure, vote for someone who is qualified and dedicated. Vote for William Foley for Fire Commissioner."

50th PUBLICATION: Norman Ward, Old Country Road School, Hicksville, Instrumental Teacher celebrated his 50th music publication this month. "FIRST MEN ON MARS" for young bands, features a tape recorder as one of the instruments. The accompanying tape includes synthesizer sounds mixed with live voices. Prior to publication, the work

was successfully performed by the Jr. High "A" and "C" bands and the Old Country Road School Elem. band. Mr. Ward tells us that he was first given the idea for using a tape recorder along with the band by Lois Kent, formerly teaching at Old Country Road and presently the Instrumental Teacher at Woodland Ave. School.

Cerebral Palsy Quarterly Meet

The public is invited to attend the quarterly meeting of United Cerebral Palsy Association of Nassau County to be held Monday, Dec. 10, in the auditorium of the Center for Living at 380 Washington Ave., Roosevelt. The meeting will begin at 8:15 PM sharp.

In making the announcement, Association president Harold Jay Greenberg said the principal speaker will be Earl Cunerd, executive director of United Cerebral Palsy Associations, Inc. His topic will be "The Role and Relationship of National UCPCA to UCPCA of Nassau County, Inc."

Commenting on the meeting, Greenberg said: "On a scale never attempted until this decade, the local and state Cerebral Palsy Associations, through the national organization, have joined hands across state boundaries to serve the entire Cerebral Palsy community. What is being done should be instructive for all of us as we pursue our rehabilitation activities on the local scene."

Altar Society

The Rosary Altar Society of Holy Family Church is having their Christmas Boutique on Sunday, Dec. 9th. It will be held in Holy Family School Art Room at 25 Fordham Ave. Hicksville between the hours of 10 AM to 3 PM. Many nice articles for Christmas gifts will be available. Do some of your Christmas shopping at Holy Family this year.

Johnny Cash, June Carter Cash, and the entire Cash show, including the Tennessee Three will perform Wednesday night, December 12, at the C.W. Post Auditorium, preceding the East Coast Premiere of the new Cash film, "The Gospel Road." The 20th Century Fox Release in DeLuxe Color was directed by Robert Ellisstrom who also portrays Jesus. June Carter Cash is Mary Magdalene and Larry Lee is John the Baptist. Screenplay was written by Johnny Cash and Larry Murray. Songs by Kris Kristofferson, John Denver, Joe South, Christopher Wren, Harold and Don Reid, Larry Gatlin and Johnny Cash are sung by Cash, June Carter and Kristofferson. Music was arranged and conducted by Larry Butler.

"THE GOSPEL ROAD," which tells the story through narration, music and dramatization, is the first motion picture on the life of Christ to be filmed where the events occurred. Cash and his cast and crew traveled throughout the Holy Land filming wherever possible actual historical sites.

This evening is a benefit for Youth for Christ. Campus Life Tickets are on sale for \$10 and \$2 at the J.C. Penny stores in Smithtown, Bayshore, and Roosevelt Field, and at the C.W. Post College at Hillwood Commons. Tickets can also be purchased at the Campus Life office at 38 East Suffolk Avenue, Central Islip. For ticket information call 234-1666.

Public Hearing on Ad Dim-Out December 17th

By Janet Gosnell

The energy crisis continued to loom as the county's largest news story on Monday as Hempstead Town Supervisor Alfonso D'Amato proposed a county ordinance requiring merchants to do away with advertising signs and other lighting not necessary to the security of their operation at night. A public hearing on the ordinance was set by the county Supervisors for Monday morning, December 17th.

If the ordinance becomes law, all merchants, banks, restaurants and other installations will be required to turn off advertising signs and excessive lighting at their place of business if they don't, they will be subject to a \$250 fine on a daily basis.

Supervisor D'Amato said the ordinance, if put into effect, will save about 250,000 gallons of fuel a year in Nassau County, an amount which he admitted was a long way from solving the problem.

In other business, the supervisors approved an in-service teacher course at Nassau Community College using a \$4,000 New York State grant, approved a county-wide nutrition program for the elderly to cost \$335,115, only ten per cent of which is paid for by the county and the rest by the New York State office for the aging, and accepted a gift of remote control heart attack care equipment from the Nassau Heart Association.

East Meadow Drug Program
The supervisors also approved a new program of drug education in the East Meadow schools and in other school districts in connection with the Nassau County Department of Drug and Alcohol Addiction to instruct teachers in the core curriculum and body systems approach in drug and health education. The training program, which took place last summer at the Roosevelt junior-senior high school, was attended by Parents and administration representatives of the East Meadow schools as well as teachers.

In force this year in the fourth grade at the Prospect Avenue School, the program provides a "hands on" approach to drug education, providing three

dimensional models to show the effect of various substances, such as tobacco smoke and alcohol on the body organs. The "hands on" work of students is complemented by diagrams and film strips, according to Sidney Teitelbaum, administrator of the program.

Students concentrate on different parts of the body in each grade. The program is currently slated for expansion into other East Meadow schools next spring, and is the subject of study by teachers from other school districts.

Other Matters

The Supervisors also settled on many other matters. They approved the creation of a "preferred parking" area at the Nassau Coliseum, costing would be parkers \$2 instead of \$1. They also okayed an expenditure of \$90,000 for a comfort station for the firemen's training facility at North Woodmere Park, and an expenditure of \$1,200,000 each for disposal plants in two sewer districts.

The Supervisors also approved the conversion of five double bedrooms at the Nassau County Medical Center for use as "prisoner facilities." This move will reduce the number of security personnel required to guard prisoners taken from the Nassau County Jail in need of hospitalizations.

Speaking extemporaneously at the meeting was Richard Updegrave, of Lynbrook, who asked for a reduced fare on the county bus lines, a rescheduling of the lines and 24-hour service to encourage ridership making the buses profitable "without going hat in hand to the federal government."

Presiding Supervisor Francis Purcell pointed out that the layout of Nassau County precludes profitability for the buses. "We have no built-in fare of riders," he said, comparing the county to New York City. He also said that during a 10 P.M. visit to the bus terminal he saw no more than six people. "When you consider the cost of transporting those six people to their destinations, you can realize how much money the county is losing on the buses," he said.

Residents Protest Salary Raises Budget Hearing

By Janet Gosnell

Of a proposed budget of nearly \$600,000,000 for Nassau County's 1974 fiscal year, just salary raises were primary bones of contention for the hundreds who attended public hearings on it in the Board Room of the County Supervisors on Monday afternoon and evening.

Remaining bones of contention amounted to under \$20,000.

Of the approximately 30 persons who rose to address the Board of Supervisors concerning the proposed budget, most were violently opposed the \$5,000 raise provided in it for County Executive Ralph G. Caso. A goodly number also expressed disapproval that the Supervisors were being raised to \$15,000 each, representing a \$4,000 raise for Francis Purcell and Alfonso D'Amato of the Town of Hempstead and John Burke of the Town of Oyster Bay, and a raise of \$1,500 for Sanzio and Glen Cove and Supervisor-elect Hannah Komaroff of Long Beach.

What shall I tell my students? Winsome social studies teacher (Syosset High School) Joanne Favert of 5 Tennis Court, Plainview sounded plaintive as she asked the question. She pointed out that the raises are above the 3.5 percent wage increase permitted in the president's economic guidelines.

Ms. Favert was backed up by another social studies teacher, Ed Casey of Valley Stream.

"I'll take your job for you," shouted Tony Koehlf of a Seaford mother. "If the heat is too much, get out of the kitchen." Answering the multitude was lame duck Supervisor Julian Jawitz, of Long Beach, who said he was the most fitting individual to answer, since he wouldn't benefit by the raise.

He pointed out that the County Executive could be likened to the president of a large corporation, all of whom make in excess of \$60,000, he said. He also pointed out that the County Executive must give more time and concern to his job than the president of any large corporation, and that the job of the Supervisors is a demanding one, requiring more time than the average citizen is aware.

Jawitz also pointed out that elected officials can only get a raise during their election year, so that Caso, if the budget is approved, will be "shut off" at \$60,000 until 1975.

"After all, it's only \$5,000," said Jawitz. From the audience came the sound of a protracted "Uggghhhhh."

LIVELY DISCUSSION on the proposed County Budget for 1974 took place between Robert W. MacGregor, of Syosset, and Syosset social studies teacher Joanne Favert, of Plainview, after Monday evening's public budget hearing. Mr. MacGregor is the County Commissioner of Labor.

Other Speakers

Most of the people one would expect to be at a budget hearing were there. John Short, now representing himself as the leader of the Life Lobby, Inc., said that much of the federal revenue sharing funds, over \$6,000,000 in fact, was unaccounted for in the proposed budget, giving revenue and expenditure figures for 20 Nassau County Departments.

A former treasurer of the County Social Services department, he took offense at what he felt was the peremptory dropping of needy individuals from the welfare community. He pointed out the case of a man who was dropped from the welfare rolls and subsequently given a new hearing by a judge who said the man had not understood what was happening, and that his first hearing was "pro forma" and inhumane.

"The county seems dedicated to the elimination of people, not problems," said Short. Eleanor Berger, president of the Nassau County League of Women Voters, representing 1700 members in 12 leagues spoke out for improved housing and day care facilities.

Horace Kramer, Fiscal advisor for the Nassau County Democratic Committee, called for the creation of a non-partisan "Citizen Budget Commission" to serve as a "watchdog" year-round. He suggested such individuals as A. Holly Patterson, Eugene Nickerson, Harold Gleason and Timothy Costello to serve on such a committee.

He felt the social services budget was underestimated at \$1.65 million, and decried the fact that no revenue is expected from the Nassau County Veteran's Memorial Coliseum in 1974.

Rae Reiter, representing the New Frontier Democratic Club, asked for mass transportation at low cost.

John Kearse, of the Nassau County Economic Opportunity Commission, speaking in a very low voice, pointed out that his agency operates on a budget in excess of \$600,000, and that it operates on a month-to-month basis never knowing whether funds will be continued. The federal government did order the agency closed this year, but was ordered by the Congress to have it re-opened—to meet the requirements of legislation passed earlier.

"Should the funds not be forthcoming from the federal government next year, the county's allocation of \$127,000, for our agency will be insufficient," he said. He was assured by Hempstead Town, Presiding Supervisor Francis Purcell that County Executive Ralph Caso would meet whatever commitments he had made in regard to the agency.

Mr. Kearse also said that many of his agency's ideas, which were "turned down flat" by the County, are now showing up at other agencies, leaving him out in the cold. "We cannot operate, nor make our programs effective in the face of such uncertainty," he said.

One candidate showed up to speak. He was Richard Kessel of Merrick, seeking the Democratic nomination for Congress. Mr. Kessel was against the pay raises, and asked the county to do more for the elderly.

Howard Blankman, unsuccessful candidate for County Executive, spoke on the topic of Mitchell Park, and expenditure which he opposes.

The National Kidney Foundation's "Gift of Life"

Dolly Perutz, Locust Cove, Kings Point, New York, renowned sculptress, created the David M. Hume, M.D. Memorial Award for the National Kidney Foundation. The Award was presented to Professor Jean Hamburger, Hospital Necker, Paris, for his pioneering efforts in kidney transplantation and immunosuppressant chemotherapy. The presentation was made at the National Kidney Foundation's 1973 National Awards Banquet held on November 17th at the Shoreham Americana Hotel in Washington, D.C.

Inspired by all facets of the oneness of giving, Mrs. Perutz incorporated the concept of Hume, the great humanitarian and scientist, into the design of the sculpture. The late David M.

Hume, M.D., was one of the fathers of kidney transplantation in the United States.

"Gift of Life" is cast in bronze on a redwood base. Two abstract human figures—each with only one arm, signifying the incompleteness of one human without another—are joined in giving, an act which increases the feeling of personal worth. In toto, the figures represent the human aspects of kidney transplantation whether the organ is donated posthumously or given by a living related donor.

Mrs. Perutz, an American born and educated in Prague, Czechoslovakia, has given one-man shows of her work in New York, Washington D.C., Paris, Rome, Salzburg and Munich, and group showings in New York and East Harbor, Maine. Some of her

work is in the Collection of the Metropolitan Museum in New York.

The National Kidney Foundation, organized in 1950, is the only national voluntary health agency working toward the prevention, treatment, and cure of kidney disease. The organization and its 53 Affiliates at the local level sponsor research and detection programs, educate the public and professionals in the field, provide patient and community services, educate and inform legislators and insurance carriers as to the need for health care, and secure organs for transplant through the Organ Donor Program.

Kidney disease afflicts eight million Americans, and is the fourth greatest cause of death in the country.

Studies On The Constitution

by Richard Evers

As part of its Youth and Child Welfare Program, the Charles Wagner Post 421 of the American Legion is sponsoring once again an oratorical contest on the topic "The United States Constitution." This annual competition is scheduled for early January at both the Hicksville and Holy Trinity Diocesan High Schools.

The winners and runnersup in each school contest will be awarded prizes consisting of three United States Savings Bonds, handsome medals and certificates. Contest winners may compete in the higher levels of the oratorical competition for college scholarships. This is a splendid opportunity for all types of active and concerned young people to air their personal ideas, beliefs and evaluations of the great body of laws underlying our Federal government. Richard Evers, Oratorical Chairman for the Hicksville American Legion, believes that today's youth may render a public service to the community by giving voice, in this somewhat disenchanting period, to constructive ideas about our democracy's basic laws and institutions of government.

The American Legion's competition involves a display of oratorical talent. Contestants are invited to research, write and memorize eight-to-ten minute speeches which are delivered before small assemblies or gatherings of fellow students. Hicksville has an honorable

record in Legion oratorical competitions, its students having participated for many years and producing two well remembered New York State Finalists, dynamic Gene Nye of the 'Fifties and the captivating Barry Lebowitz in the 'Sixties. It is hoped that today's school leaders and progressives, the young reformers, debaters and would-be lawyers, teachers and actors will take a part in this constructive appreciation of our nation's Constitution.

Among the many possible and typical themes open to contestants are: "Our Constitution: its relevancy today"; "The Bill of Rights"; "The Constitution's Divisions of Power"; "Law and Order Through the U.S. Constitution"; "Constitutional Provisions for Impeachment"; "The Constitution: Guardian of our liberties"; "The U.S. Constitution: Model for Emerging Nations"; "Barriers to Presidential Despotism"; "Our Changing Constitution"; "Our Ageless Constitution"; etc.

Students are invited to develop their own themes. Entry blanks and contest information are available from Social Studies and English or Language Arts teachers or from Richard Evers, Oratorical Contest Chairman.

Meeting Dates At Lions

Schedule of meeting dates for the Hicksville Lions Club. Meetings are held at 6:45 p.m. in the Maine Maid Inn, Jericho. December 12, December 26 - NO MEETING; January 9 and January 23 - NO MEETING.

Supervisor JOHN W. BURKE REPORTS

Last month, the Town of Oyster Bay took two important steps to insure the preservation of our environmental heritage. The Division of Environmental Control released its comprehensive contingency plan for dealing with oil spills, and the Town Board enacted into law a tree preservation ordinance.

The oil spill contingency plan is designed to bring into play the men and equipment necessary to contain the spill as quickly and effectively as possible and then carry out cleanup procedures. Because time is such an important factor in the amount of damage resulting from a spill, a detailed communications flow diagram was developed to inform

all concerned parties of the location and extent of the spill. The duties and responsibilities of each of the Town, County and Federal agencies concerned with the emergency are spelled out, and a list of key personnel with their business and home telephone numbers is included.

An important part of the plan is a detailed list of organizations and the specialized equipment each can provide to contain and clean up an oil spill, whether in north or south shore waters or inland. The list includes not only government agencies but also private firms that handle petroleum products or specialize in oil spill control.

By being able to bring all the forces to bear in the shortest possible time in the event of an emergency, it is hoped to keep environmental damage to a minimum.

It is unfortunate that the Town found it necessary to enact legislation to protect trees from the thoughtless destruction by landowners and developers, the very people who benefit the most from the additional value that trees give to a parcel of land. This natural heritage, much of which is irreplaceable in our time, is a valuable natural resource that must be preserved for the ecological well-being and aesthetic enjoyment of all Townspeople.

CYO Sports Boys Basketball

On Thursday Nov. 29, the St. Ignatius CYO Senior team traveled to Glen Cove to play the St. Rocco Senior team. Behind the scoring of G. Bickhardt 16 pts and B. Reeme's 13 pts and some great play off the backboards by M. Mayer and T. Moran the St. Ignatius team beat St. Rocco team by a score of 64 to 48.

Friday November 30: The St. Ignatius "Teens" 8th grade traveled to Hempstead to play St. Thomas. The St. Thomas team put up a stiff all court press to subdue the St. Ignatius team by a score of 38 to 34.

Sunday Dec. 2 All four St. Ignatius traveling teams played home at St. Ignatius gym. The first game started at 2pm with St. Ignatius Juniors 15th & 6th grade playing St. Martins from Bethpage. The St. Ignatius team put up a very strong defence and offence to subdue St. Martins by a score of 46 to 8. High scorers for the St. Ignatius team were E. Stocco 14 pts and T. Anistasio 9. It was a good game for St. Ignatius as it gave the coach B. Gray a chance to play all the boys.

2nd game was between St. Ignatius Intermediates (7th grade) and Our Lady of Mercy intermediate team. It was a rough and tough game from start to finish with St. Ignatius coming out on top by a score of 31 to 29. The St. Ignatius team was led by the scoring of Chris Bradley 10pts and J. Rupp 6pts. J. Rupp was also very tough under the boards for the St. Ignatius team.

The 3rd game saw the Teens (8th grade) play Holy Family. After losing Friday night to a tough St. Thomas team it looked like the St. Ignatius team was

heading for another defeat. The St. Ignatius team never gave up. Losing by a score 41 to 37 going into the fourth quarter. The St. Ignatius team came a tremendous 4th quarter to over take the Holy Family team by a score of 56 to 49. Coach B. Durkin never gave up on the boys. High scorer for the St. Ignatius team was C. Wayne 20 pts.

The fourth and final game was played at 8pm. The game was played between St. Ignatius and St. Brigits of Westbury. Behind the scoring of B. Schriber 14pts, M. Mayer & J. Wright to appease and the outstanding play of M. Mayer and J. Wright who controlled the backboards and an all out team effort the St. Ignatius

team won by a score of 78 to 65. This win by the Senior team and the other three St. Ignatius teams gave the CYO a perfect day. The fans that were there were treated to a great day of basketball and the fans that were not there missed a great day of basketball. The next time the four St. Ignatius traveling teams will be home will be on Sunday Dec. 16th. First game starting at 2pm.

On Sunday Dec. the St. Ignatius Girls traveling team will play at home. There will be three games with the first game starting at 2pm. So come on out you basketball fans and see some good basketball and show the teams both boys and girls that St. Ignatius is really behind them.

Gerald Ford and Angelo Roncallo confer on the video, to be aired again tonight, Friday, Dec. 7, 8 P.M., on Long Island's Channel 21.

INDIAN MISSION NIGHT: Sister Joan O'Conner with her Medicine Man and Three Indian Braves taking some time out pose for one of the interested parents, Mr. Landini.

Indian Mission Night

There is a song in Rodgers and Hammerstein's "The King and I" which begins, "The children, the children" so much meaning and feeling is engendered by that phrase, and at Indian Mission Night at Holy Family School on November 19th. The full impact of that small phrase was a reality to all who attended and saw what "the children" accomplished. The seventh grade classes under the direction of Sister Joan O'Conner and the art teacher, Mrs. Alice Schaugnessy brought the American Indians back to Long Island.

Every Indian tribe in our United States and some tribes in Canada were represented. The children were all in tribal dress, the tables abounded with projects, Indian art crafts, and each group had full knowledge of their own tribe and were able to discuss at length the individual cultures. Homemade refreshments and authentic

Indian dishes were offered and the public was also treated to medicinal help by the Indian medicine men, and perhaps our weather has been helped by the able Indian dancers who performed eagle and victory dances.

Perhaps, we may sum it all up in the words of one parent who stated, "I have learned more here tonight about the American Indian than ever before in my life." I would like to add that any money that was donated to this event went to the Red Cloud Indian Reservation in Dakota.

Hicksville Lions News

At the regular Wednesday meeting, November 28, Jack Stollman, of Visualtek, Parkridge, New Jersey, gave a very interesting presentation which answered the following question:

HOW DOES A BLIND PERSON READ?

If he has any residual vision at all, even as low as 5-800 acuity in his better eye, the Visualtek Read Write System may allow him to read and write with remarkable effectiveness. This amazing electronic device is now helping hundreds of blind students, businessmen, senior citizens, and others to do just this to read, even though they are legally blind.

If you know of or are a person who might benefit from the use of a machine of this type, please contact Hicksville Lion Maurice Paul at WE 1-7311 in order to arrange for an individual or

MEN IN SERVICE

Navy Lieutenant (junior grade) Brian J. Cummings, son of Mr. and Mrs. Thomas A. Cummings of 26 Arcadia Lane, Hicksville, received the insignia of his new rank from his wife Betsy, recently upon his promotion at the Naval Air Station in Maryland. He is a pilot and the Education Officer for Fleet Air Reconnaissance Squadron Four. A 1971 graduate

of Gamma College, Erie, Pa., with a Bachelor of Arts degree in Sociology, he joined the Navy in December 1966.

Navy Seaman Recruit William H. Frazer, son of Mr. and Mrs. Henry B. Frazer of 53 Ontario Ave., PLAINVIEW, graduated from recruit training at the Naval Training Center at Great Lakes, Illinois.

Airman James P. Mills Jr., son of Mr. and Mrs. James P. Mills Sr. of 150 Princess St., HICKSVILLE, has been assigned to Lowry AFB, Colo., after completing Air Force basic training.

Airman Mills, a 1972 graduate of Hicksville High School, attended Nassau Community College in Garden City.

Garden Club To Meet Dec. 10

The Garden Club of Plainview will meet on Monday, December 10 at 7:30 P.M., at the home of Mrs. G. E. Manolakes, Mrs. W. John, and Mrs. L. Thompson.

The event will be the Annual Christmas Party. A three course dinner served progressively in the homes of Garden Club members.

News For Veterans

Time is running short for those veterans, their widows and dependent parents, who recently received annual income questionnaires, to complete and return the forms according to State Director of Veterans' Affairs Frank V. Votto.

Failure to return them by the January 15, 1974 deadline, the veterans official cautioned, could result in a discontinuance of future pension checks.

He urged persons having difficulty in completing them to contact the New York State Division of Veterans' Affairs counseling center located at Room 505, One Old Country Road, Carle Place, N.Y. 11514.

State Veterans Counselors, he said, are available to assist pensioners in completing and returning the forms.

Director Votto pointed out that the completion of these forms on an annual basis is necessary since the amount of the monthly pension checks is determined by the income received from all sources.

Monthly pension payments are provided for eligible war-time veterans with non-service-connected disabilities which are permanent and totally disabling. The veteran must have served for ninety days or more, unless discharged because of a service-connected disability. His discharge, of course, must have been under other than dishonorable conditions. The veterans' widow or dependent parents may also qualify for pension payments provided they too meet the income requirements.

MOBILE HOMES make ideal first homes for young married veterans. Low cost VA backed loans of up to \$10,000 for a mobile home may be obtained, with additional amounts authorized for land acquisition and development. Veterans have up to 15 years in which to repay the loan. When the loan is repaid eligibility for a GI conventional home loan is restored. The mobile home loan program terminates July 1, 1975.

CASHING IN YOUR GI INSURANCE? Before you do, stop and consider these alternates. If you're in need of ready cash why not consider borrowing on your GI insurance policy. The interest is only a percent compounded annually on the unpaid balance. But that's not all. Your policy will remain in force and provide you with at least some insurance coverage. The loan may be repaid in installments tailored to fit your financial condition, as long as they are made in multiples of \$5. There are other avenues which you may explore. For instance, you could exchange your present policy for one having a lower cash value. You would then receive a check for the difference in the cash values of the two policies. You might also check into the possibility of reducing the amount of your insurance in multiples of \$500 to not less than \$1,000, and receive the difference in cash. If you are so disabled that you are prevented from working you may be entitled to waive payment of your premiums. These alternate possibilities to cashing in your GI insurance policy still give you needed cash, yet retain some necessary insurance coverage. Want the details on any of these plans? You can get them by contacting the local counseling center of the New York State Division of Veterans' Affairs located at Room 505, Old Country Road, Carle Place, N.Y. 11514.

Jelly Apple Sale To Aid Children's Medical Center

The Home Economics kitchens at the Hicksville Junior High School have been bustling with activity this week, as students in 7th, 8th and 9th grade Homemaking classes have been preparing candied apples for sale.

Held each November, the Jelly Apple Sale draws enthusiastic response from the students and faculty who look forward to buying the delicious hand-dipped apples.

All of the proceeds from the Jelly Apple Sale will be donated to the Children's Medical Center of New York Fund, a non-profit organization, organized to plan, build, equip and support a hospital totally devoted to the care of children in the greater New York area.

The Home Economics Staff directing the students' preparations are Mrs. A. Amato, Mrs. M. Smith, Mrs. S. Lewis, Mrs. T. Giansante and Miss M. Connolly.

General Meeting December 10

There will be a general membership meeting of the Hicksville Junior High School PTA on Monday, December 10th, 8:15 P.M. in Cafeteria C.

Mr. C. Davidson, Consultant-Reading Teacher at the junior high school, will speak to the parents of our students about the goals and objectives of our Reading Department.

A question and answer period will follow. "Refreshments will be served after his most informative program", stated a spokesman for this active organization.

Open Letter To Residents

To the Editor:
I want to assure our customers that employees of the HICKSVILLE Post Office are moving Christmas mail with dispatch and that we fully expect to complete every delivery by Christmas Eve. The energy crisis may impose some added unforeseen burdens. Nonetheless, with broad public cooperation, we expect to make this the best

mailing Christmas in recent memory.

To help us meet this goal, we are urging our customers to mail first class Christmas cards, letters and packages earlier than usual, by no later than December 8. Airmail letters and packages should be posted by December 15.

We are concerned with occasional fuel shortages for both inter and intracity mail trans-

port. To date, trucks and trains, and most planes, are moving with our mail. But periodically shortages do occur. We are also aware that airlines may not add their usual complement of extra Christmas flights, flights which traditionally help carry the extra volume of Christmas mail. I am bringing these facts to your attention with the hope that your newspaper will join with us

in helping to encourage customers to mail their Christmas cards, letters and packages earlier.

So, please help the Postal Service bring Christmas a little earlier than usual-mail earlier, by December 8, or December 15, if by airmail.

Ralph G. Cascardo,
Postmaster

Joseph Dowd, a senior at the Plainview-Old Bethpage High School was selected as the local finalist in the annual V.F.W. Voice of Democracy Scholarship Program.

The contest was co-sponsored by the high school Social Studies Department and the Plainview Chapter of the V.F.W. Participants in the program must write and then tape-record a three-to-five minute broadcast script expressing their personal views on their "Responsibility as a Citizen." Prizes for state and national finalists include five college scholarships totaling \$22,500 and free trips to Washington, D.C.

According to Mr. Carlos, chairman of the high school Social Studies Department and Mr. VanZyl de Jong, V.F.W. coordinator for the contest, students win more than awards and scholarships when they participate in the Program. The Program is an enriching educational and personal experience. It seeks to create in students an enlightened awareness of their responsibilities as a citizen, and an appreciation of the political relationships and influences that shape our system of government and the conduct of its affairs.

Plainview-Old Bethpage High School and Kennedy High School of Plainview held their first annual combined Distributive Education Clubs of America (DECA) installation of new

members on November 8 Richard Iardi, President of the Plainview Chapter and Edward Walsh, President of the Kennedy Chapter, chaired the installation. Miss Patty Breslin, New York State DECA Historian, represented the officers and Executive Board of Distributive Education Clubs of New York (DECNY). Mr. Jeffrey Bernstein, a student of Lawrence High School and Nassau County DECA Vice President, spoke on the value of being a DECA member. Mr. Gregory Piekamany, an executive of Hammacher Schlemmer and a former Plainview High School DECA alumnus, recalled the advantages of being a DECA member and also how DECA has helped him in his present position. Assisting the DECA presidents, Richard Iardi and Edward Walsh, were their fellow officers: From Plainview High School: Michael Schreier, Kevin Bagnasco, Irene Nerenberg, Felice Douglas, Sue Eckhardt, Geraldyn Tannenbaum, Georgann Hall. From Kennedy High School: Sue Delisi, Danie Shube, Susan Pelton, Jeff Seigel, Mike Goldberger, Mari Vittori.

Miss Sue Delisi, Treasurer of Nassau County DECA and a student at J.F.K. High School, conducted the induction ceremony. The entire evening was conducted and supervised by Mr. Fred Alexander and Mrs. Gloria Jones, advisors of the Plainview Chapter and Mrs. Velma Daley and Mr. Morton

Nurkin, advisors of the Kennedy Chapter.

The Plainview-Old Bethpage and Kennedy Chapters were proud to accept into their membership the following students: From Plainview: Michael Appel, Robert Bayer, Patricia Blank, Linda Blumenthal, Harriet Cohen, Neil Cohen, Valerie DiMonda, Felice Douglas, Michael Esposito, Eileen Gordon, Irene Gulack, Keith Gurbles, Jeffrey Hummel, Dana Kessler, Sue Lebensbaum, Joan Liguori, Anthony Manzi, Diane Mancione, Pat Manzo, Craig Martin, Joanna McKenna, Heather Osterberg, Melanie Rapps, Diana Rowe, Joan Stehien, Annette Seppe, Michaelle Taub.

From Kennedy: Holly Bart, Joann Brancato, Jill Casacchi, Jeanne Cullag, Steve Czuby, Ivy Fierman, Michael Fox, Deb Goldman, Edward Gossett, Liz Kairey, Deb Kaz, Camille Kieper, Theresa Krebs, Donna Malech, Joanne Palmer, Janice Russosie, Elyse Stewart, Greg Siragusa, Doreen Thaler, Linda Werner.

The induction ceremony drew an attendance of over 100 parents, guests, and administrators of both high schools. Neighboring DECA Chapters attending the ceremony were Herricks High School with its advisor Mr. Wesley Scott, and Long Beach High School with its advisor Mrs. Anita Alcabe.

Holiday Basketball Tournament Dec. 30

Nassau County's Third Annual Holiday Basketball Tournament will be held December 26 through December 30. The finals will take place on Sunday, January 6, at the Nassau County Veterans Memorial Coliseum.

Tournament plans call for a 64 team single elimination competition. The contest, sponsored by Dairy Barn Stores, the Nassau County Department of Recreation and Parks and the New York Nets Basketball Team, is open to all Nassau boys between the ages of 15 and 18. Players may not be members of Varsity, Junior Varsity or Junior High School basketball teams.

Elimination games will be played at the Nassau Community College gym each day beginning at 9:30 a.m. The finals, on January 6, will follow the 3 p.m. Coliseum game between the Nets and the Kentucky Colonels. Freeport Recreation, last year's champs, will be back this year to defend its title.

Team trophies will go to the two finalists. Members of the winning squad will receive individual awards as well. A Most Outstanding Player trophy will also be awarded, and all con-

testants making the second round will receive basketball shirts.

Further information concerning the tournament may be

obtained by contacting the Nassau County Department of Recreation and Parks, Sports Unit at 292-4285.

The games this past Sunday, December 2, 1973, were as completely enjoyable as the weather. In the 5, 6 & 7 year old league, the All Stars under the direction of Mr. Sin barely edged Mr. Saaks All-Star team when D. Bell scored the only goal of the game despite the superlative efforts and play of goalie Todd Lewis who saved goal after goal continuously for Mr. Saaks team. Final score 1-0. (Imagine 22 players struggling a full two periods to a 1-0 tie. In the 8 & 9 year old league that is exactly what happened. Scores for the league champion Maryland team coached by A. Luzzo, were made by Kevin Cahalan and Jimmy Harkins while the All Stars, coached by E. Camara kept even up by the goals of Gene Tyranski and Juan Mejia. This was a breath-taker right up to the last second of play. In a come from behind 4-2 win, the black All Stars under J. Keri & P. Jung defeated the blue All Stars coached by C. Mues and F. Dunne. Goals for the black team were by D. Barcavage (2), M. Rubin (1) & L. Strickland (1) while M. Collins scored both goals for the blue team. This game was not only exciting but also an excellent example of what soccer is all about.

Congratulations to all participating in this final day of the

season as All-Stars for their respective teams were: 5, 6, & 7 year olds W. Cheslock, T. Levy, D. Bell, D. Smyth, M. Sin, F. Acevedo, R. Nakashian, L. Sheddun, J. Morrisroe, W. Chesham, J. Spadero, D. Spadero, I. Zaretsky, A. Greenberg, E. Geigle, J. Carrol, F. Musumeci, W. Maguire, J. Maguire, J. Freese, M. Adrio, C. Habersaat, J. Rukins, T. Lewis, J. Haupt, W. Verhagen, T. Wenzler, J. Frattini, R. KYoungs and J. Youngs. 8 & 9 year olds: A. Marcus, R. Vinalta, J. Egbert, P. Hubens, R. Hally, S. Peper, D. Barcavage, G. Tyranski, J. Davidson, J. Mejia, J. Mitchell, G. Zakian, M. Shannon, G. Gagliano, F. Grasso, K. Cahalan, R. Kort, R. Spiers, D. Burke, G. Marco, R. Parra, E. Brown, T. Delenzik, J. Moim, R. Zaretsky, A. Carr, J. Wagda, J. Harkins, G. Couteller, M. Singer, & M. Luzzo. 10, 11 & 12 year olds: B. Marcus, J. Bril, P. Fletcher, J. Shannon, D. Chow, U. Mues, A. Cooperman, M. Eikelman, M. Humpheys, W. Macley, G. O'Hara, R. Sheveling, P. Heller, R. Old Fashioned Ladies Fair

An old fashioned Ladies Fair will be held at the Old Bethpage village restoration on the weekends of Dec. 8 and 9 and Dec. 15 and 16.

The ladies of the Manetto Hill Methodist Church will offer for sale a variety of useful and fancy articles, confectionary, books, and a large assortment of toys in the ballroom of the Noon Inn. The fair or festival was a central activity of the holiday season in mid nineteenth century

Long Island. The proceeds were used generally to defray expenses for a charitable cause, such as painting or furnishing a church.

The Old Bethpage village restoration, operated by the Nassau County Department of Recreation and Parks, is located on Round Swamp Road in Old Bethpage. Admission is \$1.50 for adults and 75 cents for children. It is open from 10 a.m. to 4 p.m. seven days a week.

Spelling Champion

Paula Trapani Does It Again! Paula Trapani is the school spelling champion at Woodland Avenue School, Hicksville. She won the contest last year, when she was a fifth grader and now she has won again as a sixth grader.

Dutch Lane Elementary School has its 1973-74 spelling champion in Lea Markotsis. She will represent Dutch Lane in the district finals of the Spelling Bee sometime in February.

Lea is a fifth grade student in Mr. Rudy Blasi's class at Dutch Lane. Mr. Blasi was not too surprised when Lea won her championship—he expects her to win many other honors as she grows up.

Lea is shown in the picture

HARD WORK is in progress on the second floor of The Gregory Museum, which will house classrooms for teaching geology, mineralogy, etc. Mr. Paul Rousseau and Mr. Dick Evers supervised and worked with a group of young people who helped clean out stored materials in the cellar and second floor of the museum. The Sanitation Dept. provided a truck body for refuse to be discarded, while all useful material was conveyed to storage in the basement of the Mid-Island Times Bldg. in a truck furnished by Botto. Local Carpenters Union 1772 will soon start on building

the classrooms; Alto Newer is the Architect; Irwin Botto is in charge of installing heat & air conditioning; and the museum is being painted by the Painters Local 798. Once again the museum is embarking on a new course, and with such dedicated workers and volunteers pitching in with time, money or materials, our teaching classrooms will become a reality, one which many adults, students, and children have been avidly seeking on the island. So, if You would like to HELP in any way, please contact the Gregory Museum, 822-7505

Silver Anniversary

Mr. & Mrs. George Urgo of Magenta Street Hicksville recently renewed their marriage vows during the celebration of their 25th Wedding Anniversary at Our Lady of Mercy Church. The Mass was officiated by Rev. John P. Casey, Pastor. Altar boys serving at mass were Daniel & Mathew Malinowski of Plainview, NY, commentator was Joseph Allison, who read an anniversary scripture, organist & choir coordinator Jeannie Margiotta. The Holy Eucharist was received by the couple and their children in both species of Bread & Wine.

A Cocktail hour and Dinner

Dance reception was given by their children George, Raymon and Darlene immediately following the ceremony, at the Huntington Town House, Huntington NY.

Over one hundred relatives, friends, former class mates, and neighbors attended. A great time was had by all.

The Urgos have been residents of Hicksville for 21 years and active in community affairs, Scouting, and Parish activities.

Mrs. Urgo is the former Yvonne DeSousa of Laurelton, NY. The happy couple recently toured the Caribbean Islands on the S.S. Michelangelo.

SANTA IN TOWN: Sun Dec. 2nd Hicksville Fire Depts 835 Engine Co. from Strong Street chauffeured Santa Claus around Hicksville with a day of throwing popcorns balls and talking to the kids.

Santa Claus and his helpers will be at the Hicksville Fire Dept.

main house Sun., Dec. 9th from 2 to 5. All are welcome to visit Santa Claus and look at the Fire Prevention displays.

Busy Month For Hicksville Vamps

Hicksville firemen responded to 123 alarms during November 1973. Eleven of those calls were malicious false alarms, twenty one were rescue calls and twenty four ambulance calls. Hicksville Vamps have answered 1,033 alarms for 1973 to date.

From the looks of things (found during recent inspection trips all over Hicksville) 1974 will be even busier. Many hazards were found in the residential areas, such as dangerous do it yourself construction in homes, over stuffed garages etc. and of course this years record of fires caused by carelessness and the ever popular malicious false alarms. Also during the tours, 75 per-

cent of Hicksvilles homes it was found do not display their house numbers, which causes the fire dept. to guess and sometimes pass the fire location. Blocked fire hydrants were also numerous.

With the energy crisis in full bloom, we wish to repeat the radio, TV and newspaper warnings that it is not safe to store gasoline in your home or vehicle. Gasoline is just as bad as having a bomb in your home. Excessive use of electric heaters are also a serious hazard.

F.D. presents merchants with awards.

At a recent department meeting Chief Louis Mertz and

Labor Day Tournament Chairman William Stahley presented plaques to several merchants in appreciation for their help every year in making the Labor Day program a success. Those merchants receiving the awards were: Eiseman Buick, Giese Florist, Kuhlmanns Florist, Kroemer & Son, Robert Chevrolet, Suburban Propane. There are of course many more who help and each year awards will be presented. In other news, Hicksville vamps won the highest attendance award at the recent firefighters seminar held at C.W. Post in Brookville.

LEGAL NOTICE

AMENDMENTS TO THE CODE OF ORDINANCES TOWN OF OYSTER BAY

BE IT ORDAINED, by the Town Board of the Town of Oyster Bay, that Chapter 3 "Environmental Control" of the Code of Ordinances of the Town of Oyster Bay, New York, as amended, be and the same hereby amended by including therein a new Article IV to read as follows:

CHAPTER 3 ENVIRONMENTAL CONTROL ARTICLE IV TREE PRESERVATION

Sec. 8-120 Findings and Purposes

Since it has been established that trees provide a natural habitat for the wildlife of our area, absorb air pollution, provide us with oxygen, deter soil erosion and flooding, and offer a natural barrier to noise, and as the removal of trees deprives us of these benefits and disrupts the ecological balance in nature, it is therefore the purpose of this ordinance to prevent the indiscriminate destruction and removal of trees in the Town of Oyster Bay, New York

Sec. 8-121 Definitions

For the purpose of this ordinance the following terms, phrases and words shall have the meaning ascribed herein:

(1) Person: is any individual, firm, partnership, association, corporation, company, public agency, public utility or organization of any kind, or agent thereof

(2) Tree: is any living, woody plant, its root system and the environment within the area defined by the outermost limbs of

its branches, which is eight (8) inches in diameter at a height of three (3) feet above the base of the trunk

(3) Habit: is the natural growing characteristics of any tree which includes branch spread and distribution, branch height above ground and root spread and distribution

(4) Real Property, shall include all unimproved real property and improved property which is subject to further subdivision within the zoning district in which it is located.

(5) Superintendent, shall mean Superintendent of the Division of Parks of the Town of Oyster Bay

(6) Applicant shall be the owner of real property or his duly authorized agent

(7) Substantial Alteration: any cutting, pruning, elevating or other alteration of the "habit" of a "tree" which impairs or endangers the life of such tree or destroys its natural symmetry, and shall include but is not limited to heavy or unnecessary cutting of top branches (topping), cutting of major lower limbs (severe elevating), or drastic pruning and shall not include customarily accepted or ornamental procedures

Sec. 8-122 Prohibition

(a) It shall be unlawful for any person, to remove, destroy or substantially alter the habit of one or more of the trees on any parcel of real property unless a permit has been obtained pursuant to this ordinance.

(b) Nothing in this section shall be construed to prohibit the alteration of habit of any tree made in accordance with customarily accepted or ornamental procedures

(c) This ordinance shall not apply in an emergency situation or to the removal, destruction or substantial alteration of any tree made in accordance with an accepted landscape plan that is part of an approved subdivision, building permit or site plan made pursuant to the Zoning Ordinance of the Town of Oyster Bay.

Sec. 8-123 Administration
 This section of the Town Code shall be administered by the Superintendent of the Division of Parks of the Town of Oyster Bay

Sec. 8-124 Application and Permits
 (1) Whenever a person shall deem it necessary to remove, destroy or substantially alter one or more of the live trees on any real property within the Town, such person shall first make application for a permit to the Superintendent

(2) The application shall be made on such form as may be prescribed by the Superintendent and shall include, but not be limited to the following:

A. Name and address of the applicant.

B. Purpose of proposed tree removal.

C. Site of proposed tree removal.

D. An attached sketch or plan of the area indicating the following:

a. An outline of existing heavily wooded areas on the site showing the tree type and size range

b. Location and size of trees to be removed

c. Location of any improvements on the property.

d. Any additional information that the Department may deem necessary for evaluation of the

application
 (3) The decision of the Superintendent will be based upon the following criteria:

A. The condition of the trees with respect to disease and hazardousness, danger of falling, proximity to existing or proposed structures and interference with utility services.

B. The necessity of the removal for the project in question

C. The effect of the removal on ecological systems

D. The character established at the proposed site of removal with respect to existing vegetation management practices

(4) Upon the submission of an application and other required information and approval by the Department, a permit will be granted.

Sec. 8-125 Removal of Trees - Public Nuisances

(1) Private Property. Any tree growing on private property which is endangering or, in the opinion of the Superintendent, constitutes danger to public streets or public places, or which in any way endangers the usefulness of a public sewer or public utility, shall be removed or trimmed by the owner of the property within fourteen (14) days after receipt of such notice from the Superintendent. In the event the property owner fails to remove or trim such trees within said time, the Superintendent may then remove or trim said tree and assess the cost thereof against the property owner. Ten (10) days prior notice of the hearing before the Town Board shall be given to the property owner and, upon confirmation by the Town Board, such cost shall become a lien on

the property and the Resolution assessing such costs shall be recorded with the County Clerk's Office, or may be collected by court action

(2) Streets and Public Places

No tree shall be removed from any public street or property owned or under the control of the Town of Oyster Bay without the prior written consent of the Superintendent. Such consent shall only be granted if the tree constitutes a hazard to property or persons using the adjoining streets, if its roots are causing excessive damage to the curbs, gutters or sidewalks, or if it unduly interferes with the sewer system and public utilities. Any tree being removed for the benefit of the property owner shall be removed and replaced with an approved tree at the property owner's expense, in the event the Superintendent so requires.

Sec. 8-126 Replacement

The Superintendent may require the planting of the same or agreed upon alternate species of trees, which are as nearly comparable in type and size as practical to the trees to be removed, when the individual character of the trees or the ecological setting requires special consideration, as a condition for the issuance of a permit for tree removal. The location for planting of the replacement trees shall be agreed upon prior to issuance of the permit for removal.

Sec. 8-127 Public Utilities

Any person doing business as a public utility subject to the jurisdiction of the New York State Public Service Commission

(Continued on Page 19)

LEGAL NOTICE

(Continued from Page 18)
and any duly constituted public agency authorized to provide and providing utility service, shall be given a permit from the Superintendent valid for one year from the date of issuance, permitting such person to trim, brace, remove or perform such other acts with respect to trees growing adjacent to the public streets of the Town or which grow upon private property to the extent that they encroach upon such public streets as may be necessary to comply with the safety regulations of said Commission and as may be necessary to maintain the safe operation of its business.

Sec. 8-128 Appeals

Any person aggrieved by any act or determination of the Superintendent in the exercise of the authority herein granted shall have the right to appeal to the Town Board, whose decision shall be final and conclusive.

An appeal shall be in writing, stating the decision appealed from and reasons for the appeal. Sec. 8-129 Violations and Penalties

Any person who shall violate any of the provisions of this ordinance or any rule, regulation or specification promulgated thereunder shall be deemed guilty of an offense against this article and upon conviction thereof shall be fined not more than FIVE HUNDRED (\$500.00) DOLLARS or imprisoned for not more than FIFTEEN (15) days, or by both such fine or imprisonment. Each such violation shall constitute a separate offense and shall be punishable as such hereunder.

Sec. 8-130 Existing Rights and Remedies Preserved

Nothing herein contained shall abridge or alter any rights of action or remedies now or hereinafter existing, nor shall this ordinance, nor any provision thereof, nor any rule or regulation promulgated thereunder, be construed as estopping the People of the Town of Oyster Bay from exercising its rights and fulfilling its obligations to protect the public health and welfare.

Sec. 8-131 Separability Clause

If any clause, sentence, paragraph, section or part of this article shall be adjudged by any Court of competent jurisdiction to be invalid, the judgment shall not effect, impair or invalidate the remainder of this article, but shall be confined in its operation to the clause, sentence, paragraph, section or part of this article that shall be directly involved in the controversy in which such judgment shall have been rendered.

Sec. 8-132 Effective Date

This Article shall take effect immediately.

BY ORDER OF THE
TOWN BOARD OF
THE TOWN OF OYSTER BAY

Annual Christmas Concert
