## Hicksville - Plainedge Blood Blood Donors

Hicksville and Plainedge residents will have the opportunity to donate blood on Thursday, January 10th, from 12:00 Noon-5:00 P.M., at a donor drive being sponsored by the Plainedge Union Free School District No. 18 at John West Grade School on the intersection of Boundary Avenue, Hicksville Road, and Stewart Avenue, in Hicksville.

Blood supplies are especially needed during the Holiday Season when casualties, illness, and

injuries are increased. Those Hicksville and Plainedge residents who donate blood will receive a credit through the Greater New York Blood Program which is good for one year, for protection coverage of immediate family members.

Giving blood is a sound, medically safe procedure. In 1974, the Greater New York Blood Program hopes to collect 400,000 pints as its goal. For more information on how you can participate, call 516-536-7100.

WINGS OF EAGLES: Oyster Bay Town Councilman Howard T. Hogan Jr. presents a certificate of merit to newly inducted Eagle Scout Michael Nieminski. Fellow Eagle Scouts Stuart Munk (second from left),

John Klein (second from right) and George Thiergartner (right) look on. The Scouts are members of Troop No. 508 which meets at the Holy Trinity Church in Hicksville.

## Park Task Force To Gather Info At Public Session

The Hicksville Park Task Force and the Hicksville Community Council will meet on Thursday, January 3, 1974 to discuss the development of two community park sites, according to Town Councilman Warren M. Doolittle.

The Community Council, meeting at the Hicksville Public Library will begin its regular meeting at 8:15 P.M., and has set aside a period beginning at 9:15 P.M. for the session with the Task Force.

"I'm certain I speak for both the Town and the Task Force members in saying this opportunity to meet with the public is most appreciated," said

Doolittle. "One of the first aims of the newly formed planning group is to determine the wants and needs of the people of Hicksville and this meeting provides an excellent opportunity for doing just that."

The Park Task Force, a group of Hicksville residents active in community affairs, was appointed by Oyster Bay Supervisor John W. Burke and Councilman Doolittle to assist in planning the development of two park sites. One is approximately seven acres on the west side of Lee Avenue between Ninth Street and North Drive and the other, a six-acre

triangle at Old Country Road, Plainview Road and South Oyster Bay Road.

The object of developing both parcels at the same time is to assure that residents of the area will have park facilities that complement rather than duplicate each other.

"The Hicksville Community Council has made this informational meeting open to the public and has invited all to come and make their feelings known," concluded Councilman Doolittle. "I would urge all interested residents to attend because the Task Force must know the thoughts of local residents if it is to act in their best interests."

## Hicksville Community Council To Meet Jan. 3

The Public Discussion portion of the January 3, 1974 Hicksville Community Council meeting at the Hicksville Public Library will be turned over to the Hicksville Community Parks Task Force to obtain direct input from the citizens and organizations of Hicksville as to what could possibly be incorporated in the parks.

This meeting will be for the purpose of obtaining information only. The Task Force is anxious to listen to the people's desires even before the anticipated questionnaire is mailed to all residents of Hicksville.

Sieg Widder, president of the Hicksville Com-

munity Council said, "Since our Council was approached by a member of the Task Force, requesting time at the Council's January meeting to obtain information, and since one of the main purposes of our Council is the dissemination of information, we are happy to assist the Task Force in the process of gathering information. This session, hopefully, will give the Task Force an opportunity for direct personal input from their neighbors. After they have the time to digest the information, the Council will provide the time and place for more public meetings whenever it is requested."

We are happy that the Task Force came to us for

help. We will do all we can to help them."

The scheduled program portion of the meeting will be conducted by Miss Paula Conrad, Human Relations Coordinator for the Hicksville School District, and by Mr. John Maniec, Program Director of Help, Aid and Direction.

The meeting will begin at 8:15 P.M. on Thursday, January 3, 1974 at the Hicksville Public Library.

All residents and organizations in Hicksville are cordially invited to come and speak face to face with members of the Task Force.

Join us and speak up at a time and place where you will be listened to.

## Negotiations Terminated

LITCO Corporation of New York announced today the termination of negotiations with Long Island National Bank, Hicksville, N.Y. The negotiations were aimed at merging Long Island National Bank into Long Island Trust Company, principal subsidiary of LITCO Corporation of New York.

Officials at LITCO Corporation had no further comments regarding the termination of negotiations.

## Library To Be Open Sundays

The Hicksville Public Library will be open on Sunday afternoons from 1 to 5, beginning January 6.

The decision was made to extend opening hours to better serve students, businessmen and others who find their time limited and who need library facilities frequently. Full schedule of services will be available in the adult area. The children's library will be closed.

## Bd. of Ed To Meet Jan. 9

The Hicksville Board of Education will hold its next general meeting on Wednesday, January 9, at 8:00 P.M. in the conference room of the Administration Building, on Division Avenue in Hicksville.

The Public is invited to attend.

## Jones Beach Causeways Reduced Rate Toll Book Schedule

A. Hollie Patterson, Chairman of the Jones Beach State Park way Authority, announced a new schedule of rates for toll books for Meadowbrook, Loop, Wantagh and Robert Moses State Parkways effective February 1, 1974. As of that date the schedule of rates will be as follows:

**ALL CAUSEWAYS—**  
MEADOWBROOK, WANTAGH LOOP AND ROBERT MOSES STATE PARKWAYS

BOOK	COST PER BOOK
Ten Trip	\$ 7.50
Twenty-Five Trip	15.00
Fifty Trip	25.00
One Hundred Trip	35.00
Two Hundred Fifty Trip	50.00

**FREEPORT-POINT LOOKOUT ROUTE ONLY**

Fifty Trip	\$10.00
------------	---------

## Veterans News

Veterans who sell their GI loan-financed homes can still be legally liable to the federal government for the loan even though they may no longer be owners of the property, according to Frank V. Votto, State Director of Veterans Affairs.

Release from liability, Director Votto said, can be secured either by repaying the loan in full, or by acquiring a release in writing from the VA.

The veterans official explained that if the loan is not repaid in full and the veteran is not released from liability from the VA, the veterans will be required to repay the loan should the new owner default. This is so, he said, even though the purchaser, or future purchasers assume personal liability for repayment of the GI loan.

The informed veteran, said Director Votto, will obtain a release in writing from the VA before signing a sales contract if the new owner intends to take over the GI loan.

Veterans or their widows who are considering selling their homes which are still financed under the GI home loan program are invited to contact the local counseling center of the New York State Division of Veterans Affairs located at Room 505, One Old Country Road, Carle Place, N.Y. 11514, where a State Veteran Counselor will counsel and assist them in procuring a release from liability.

The local office is open Monday through Friday from 9:00 A.M. until 5:00 P.M. Persons unable to visit the office may write, or telephone.

One Hundred Trip 15.00  
Two Hundred Fifty Trip 25.00

The new schedule represents the first rate change since the present reduced-rate ticket book system was adopted in 1966, according to Chairman Patterson.

Patterson said. Income from the cash tolls collected at the Toll Plazas and from the sales of reduced rate books is used to pay the cost of operating and maintaining the causeways and to repay loans advanced by the State of New York for their construction. In making the announcement it was stated "we held the price line as long as possible but rising costs dictated the changes at this time."

The purpose of the toll book system is to enable more frequent users of the Causeways to obtain passage through the Toll Plazas at a reduced cost. Under the new schedule the prorated ticket cost for the All Causeways category is \$.75 for the ten-trip book and decreases to \$.20 for the two hundred fifty-trip

book. A considerable savings over the \$1.00 summer season cash toll. Similarly, compared to the year round \$.25 cash toll for the Freeport-Point Lookout Route, the prorated cost is \$.20 per ticket for the fifty trip book and \$.10 for the two hundred fifty trip book. Both classes of two hundred fifty trip books are renewable within the year of validity as often as is necessary at no additional cost to the purchaser.

Books are sold for use only with a particular vehicle and have a one-year period of validity, February 1 to January 1. They are available for purchase by mail or in person at the Authority's Toll Ticket Sales Office at Administration Headquarters, Belmont Lake State Park, Babylon, New York 11702. Included in the cost of each All Causeways book is parking at Jones Beach and Captree State Parks when available.

During the last week of December the Authority will mail renewal applications to current ticket book holders.

**HI, MY NAME IS STEPHANIE PALEN:** WOW: I just found out that I'm going to be the 1974 MARCH OF DIMES POSTER CHILD: Get those camera's ready - cause here I go.

I love the March of Dimes. Did you know that when I was only one day old I had an emergency operation at the March of Dimes Birth Defects Center at North Shore Hospital? Really, I was too young to know then, but now that I'm four, I know that I was born with an open spine (spina bifida) and water on my brain (hydrocephalus). I just found out that I'm really not alone because there are 250,000 babies born each year with birth defects. Now, I have a chance as the 1974

Poster Child to travel from Port Washington, that's where I live, all around Nassau County (that's the world isn't it?) to represent the children born with birth defects.

Soon I'm going to be Santa's special elf at the March of Dimes Christmas Chanukah party for handicapped children. You know, Mom's helping the March of Dimes too in the Mothers' March in January. Soon I'm going to meet "Dr. J" of the Nets to take pictures because we're going to be together when we lead off thousands of people in the April Walk-a-thon.

Wow, it's really going to be a busy year for me.

## Conference On Job Transportation

Representatives of some of the largest industries in Nassau County met with County Executive Ralph G. Caso today to map plans for transportation of their employees during the fuel crisis.

Caso conferred with officials from the Grumman Corp. of Bethpage, Sperry in Lake Success, Kollsman Instrument in Syosset and PRD Electronics in Syosset. Also attending were representatives of the county's Office of Public Transportation and of the Metropolitan Transportation Authority, which operates Nassau County's buses.

The industry delegation, whose firms employ almost 26,000 persons, agreed to cull personnel lists for data on numbers of employees in individual communities and the hours of the day in which they come and go to work.

The information will be forwarded to county Public Transportation Commissioner Martin Gach for action. Where warranted, the bus authority is prepared to

adjust existing bus routes and schedules to service those employees seeking transportation to their jobs.

Caso emphasized the responsibility of employers to sell their employees on the benefits of bus transportation as an energy conservation measure.

The raw data will also be studied to determine how county organized staging areas for car pooling might assist the larger firms.

"It is very possible that we can run buses from these staging areas to plants within Nassau County and that we can do it without major alteration of existing bus routes," Caso said.

A major effort will also be made to encourage Long Island Railroad ridership where that is feasible, Caso said.

The county executive directed Gach to continue to meet with industry representatives to accelerate efforts to discourage the use of cars and encourage the use of mass transportation.

## Echo Park "Open House" Dec. 30

Hempstead's newest recreation facility, the Echo Park indoor-outdoor pool complex in West Hempstead is holding an "Open House" on Sunday afternoon December 30, according to Presiding Supervisor Francis T. Purcell.

"Echo Park is the icing on the cake of our total parks and recreation system," stated Purcell. "I hope that our residents will visit the new facility and take advantage of the many programs being offered."

The new 8.7 acre park centers around two heated indoor swimming pools

and two outdoor pools. Support facilities include locker rooms, an exercise gym and sauna and steam rooms. In addition there are community meeting rooms, a snack bar and a Little League Baseball diamond.

Built at a cost of three million dollars, it is the only municipality operated complex of its type in the metropolitan area. With parking for over 250 cars on site and an additional 250 close by the four pool facility can service over 2,500 people during the peak summer season.

The pools are open from 10: a.m. to 10.00 p.m. seven days a week to town residents through either family or individual memberships or daily admission.

Official dedication ceremonies will begin at 1:00 with tours continuing throughout the afternoon until 5:00. Aquatic exhibitions will be presented including diving, life saving and emergency rescue. In addition there will be both boxing and weight lifting exhibitions in the community room and the universal gym.

**ECHO PARK POOL COMPLEX:** Winner of the American Institute of Architects Award for excellence in design, the facility includes four swimming pools, community rooms,

sauna steam room universal gym and locker rooms. The 8.7 acre park includes a Little League Ball Field and parking for over 250 cars.

## How To Conserve Fuel

With the increasing possibility of fuel shortages, the American Lung Association of Nassau-Suffolk has endorsed a set of recommendations of the New York State Action for Clean Air Committee, a Christmas Seal supported group. These suggestions for conserving fuel provide the average citizen with 13 ways in which he can cut back on his own home heating fuel consumption.

1. Be sure your home is properly insulated.
2. All windows should have storm sash (unless they are double-glazed), all doors should have storm doors.
3. Loose doors and windows should have weatherstripping.
4. Close off all unused rooms, turn off the heat in them and weatherstrip the doors leading to them.
5. Make certain the furnace is checked once a year.
6. Heating costs increase about three per cent for every degree over 70. Find a comfortable temperature for the home and then lower the thermostat four or five degrees for night-time operation and when leaving the house for 12 hours or more.
7. If the house has a fireplace, the damper should be closed when it is not in use. If there is no damper, block the opening with a movable cover such as a piece of plywood.
8. A humidifier should be used to keep humidity at a comfortable level (40 or 50 per cent) if necessary, so that less heat will be required for comfort.
9. Dust the thermostat often. Take a piece of fine quality paper and pass it between the two contacts to get rid of dust. After a time (12-20 years), thermostats begin to lose sensitivity and should be replaced.
10. On clear days, blinds and curtains should be open to admit maximum sunshine. Shades and curtains should be down at night, to keep the heat from escaping.
11. The opening and closing of doors should be kept to a minimum.
12. Floor registers and radiators should not be obstructed by furniture and radiators and radiator covers should be free of knicknacks. Be sure the radiator cover allows heat to circulate.
13. Gold, silver and bronze paint, as well as all flat paints, can decrease a radiator's heating capacity by up to 25 per cent. White or cream enamel will increase heat output.

## BOCES Center Provides Excellent Program For Handicapped

The Career Development Center in Syosset, a secondary school for handicapped adolescents, has been cited for its exemplary educational program and individualized teaching methods.

In a report soon to be published by the U.S. Department of Health Education and Welfare, the Center is said to provide "a flexible experimental program responsive to individual needs."

It offers "a secondary education free of many of the restraints and demands" of the typical high school, the report adds, and its curriculum includes "a wide variety of alternative components, from which the student can assemble his own program and schedule."

The report also cites the Center's guidance services, its offerings in occupational education and its special provisions for meeting a variety of student needs.

Operated by the Nassau Board of Cooperative Educational Services (BOCES), the Center was singled out as part of a federal project to "assess and document exemplary programs for the education of the handicapped."

The project's findings researched and written by the firm of Abi Associates, Inc. of Cambridge, Mass., eventually will be published in four volumes. The report on the Career Development Center is one of six case studies included in the volume on career education for

the handicapped.

"Program operations, as best described as flexible and experimental," the report says of the Center, which enrolls about 275 moderately to severely handicapped teenagers, who come from 45 of Nassau's 56 local school districts.

"New approaches and ideas are initiated eagerly."

But at the heart of the program, the report goes on to say, are guidance activities designed to build healthy social attitudes and skills.

"Every aspect of school life is geared to providing this guidance. Staff members are prepared to help each student build a positive self-concept through successes, overcome the stigma of being 'special' or 'handicapped,' find strengths and areas of interest, acquire social skills and friends, and develop hope and positive plans for the future."

But given the nature and degree of the students' handicaps, the job is not easy, as the report points out.

"When students enter the Center, they are generally confused and feel defeated by previous failures. Frequently they are hostile, fearful, and resentful of the school and its staff. They have no sense of themselves—their strengths, goals, and interests."

"The Center tries to bring about the attitudinal changes necessary to reverse these feelings. Through exposure to a

variety of subjects and occupations, the Center helps the student begin to explore his interests. By experiencing tasks which he can master, the student begins to develop a sense of competence and a knowledge of his specific strengths."

"Staff hope that through a series of positive experiences, the student will find some direction and purpose to his life."

The report cites several of the Center's more notable successes, including its attendance record.

Eighty-five percent of the students attend school on an average day, the report points out, whereas some of the students, prior to being enrolled in the Center, were absent from school as many as four days out of five.

The report also notes that in more than 80 percent of the cases, the school was successful in returning students to the mainstream of general education, placing them in full-time employment, or enrolling them in other programs in which they would receive further training.

Among other notable program features described in the report were occupational exploration, driver education, academic instruction, speech therapy, art instruction, remedial reading, and an outdoor education activity in which students go on a three-day camping expedition with the school staff.

## Open Skating Rinks

A variety of scheduled events are now underway at Oyster Bay Town's outdoor ice skating rinks in Syosset, Bethpage and Massapequa, according to Councilman Salvatore R. Mosca.

Full programs of competitive and instructive hockey, which are conducted by the Town's Department of Recreation and Community Services, and public skating sessions will continue with the exception of Christmas Day and New Year's Day through March 10th, 1974.

The rinks, which are maintained and operated by Oyster Bay's Parks Division, are available during scheduled sessions at a general admission of 75c; multiple admission discount books may be purchased for use by children up to and including 15 years of age at the cost of \$5.00 for ten tickets.

One hour sessions at the Bethpage Community Park skating rinks are priced at 35 cents and are in effect at specified times throughout the season.

Rental of the ice rinks by groups may be arranged by

writing to William H. Brown, Superintendent of Parks, at 800 South Oyster Bay Road, Hicksville. Detailed information regarding such rental may be obtained from the manager at each of the parks where rinks are located.

"Basic rules and regulations governing use of the rinks have been established to assure the safety and pleasure of those who use them," said Councilman Mosca. "Youngsters under 10 years of age will be permitted on the rinks only when accompanied by a person 17 years of age or over."

The schedule at each ice skating rink has been tailored for the residents of that particular area. Information regarding rink schedules may be obtained by calling the facility in your park district. Syosset-Woodbury Community Park on Jericho Turnpike in Syosset (921-3178), Bethpage Community Park on Stewart Avenue in Bethpage (681-5460), R. Post Community Park in Massapequa (541-3934).

## Veterans News

**INSURANCE LOANS** Veterans holding permanent type GI insurance policies should consider the advantage of borrowing on the cash value of their policy, rather than cashing in their policy when confronted with financial emergencies. This is one of the desirable features of having a permanent type policy and should be exercised when needed. They can borrow up to 94 percent of the cash surrender value.

**VETERANS** who return to their former place of em-

ployment must receive the same pay rate they would have received had they never entered the Armed Forces. This applies to all "across the board" type wage increases, as well as periodic increments which are granted regardless of the worker's proficiency. Wages increases based on evaluation of skill, performance, and management discretion, however, are not automatic and must be earned.

# Supervisor JOHN W. BURKE REPORTS

"It's not nice to fool Mother Nature," as we learned from last week's ice storm.

iced roads, downed trees and power lines virtually paralyzed many sections of Nassau County. Mail and highway transportation was a nightmare. Many homes were without electricity for more than three days.

The emergency made it evident that a better plan to cope with such disasters is necessary. Better coordination and communication between various municipal agencies and volunteer emergency services and utilities are needed.

Despite the problems encountered, I would like to pay tribute to the many men who worked long hours under extreme conditions to restore our Town to a condition of normalcy. Road

crews from our Highway and Parks Divisions quickly turned to as conditions worsened to spread sand on icy roads and clear fallen limbs and trees. Under a disaster plan worked out several years ago with the Long Island Lighting Company, the Town forces worked closely with the LILCO emergency crews to provide access to fallen power lines and assist in restoring normal service.

Special praise should go to the police, volunteer firemen and emergency crews who were on call around the clock.

And, last but not least, I want to pay tribute to the many Town people who were quick to aid their neighbor in distress and who patiently endured the hardships brought about by the storm.

**TOWN NOTES** Applications are now available for qualified college students who would like to participate in the Supervisor's Internship Program this coming summer. Applications and more information can be obtained by writing to the Director of the Supervisor's Internship Program, Town of Oyster Bay, Town Hall, Audrey Avenue, Oyster Bay, New York, 11771.

In order to expedite the removal of abandoned vehicles along the Long Island and Seaford Oyster Bay Expressways, the Town Board recently authorized Nassau County to take such action. This will allow the Town to concentrate on the removal of these hazardous eyesores from the more than 700 miles of Town roads under its jurisdiction.

## Fuel Shortages Delay Tobays's Newspaper Recycling Program

Town Supervisor John W. Burke announced recently that the Townwide newspaper recycling program scheduled to begin January 1 will be delayed because of the existing fuel shortage.

Burke said the mandatory recycling program will be phased in as fuel allocations permit.

David Mafrieci, Director of the Town's Division of Environmental Control, said that in order to avoid any confusion as to when the program will begin in a specific area, the Town is arranging to provide individual households throughout unin-

corporated areas with notices the week before recycling will begin in their areas.

"Except for households already participating in the current pilot program—which will continue as usual—all those in the unincorporated areas of the Town should not separate their newspaper until they receive notification," Mafrieci said.

Residents of incorporated villages were not scheduled to join the recycling program until June and need not be concerned with the initial delay.

According to Mafrieci, the energy crisis and cutbacks of Town fuel allocations have

prevented the initiation of this new service because it requires putting more Town vehicles on the road.

"We are attempting to limit services to absolute necessities," Burke explained. "Before we determine that we should add extra pickups for newspapers, we must be certain we have enough fuel for our regular sanitation collection."

In a related matter, Burke announced that the Town collected 362,400 pounds of newspaper in November in its pilot program.

## Marino Sees, New Tough Issues Ahead

State Senator Ralph J. Marino (R-Syosset) characterized the upcoming legislative session as "jammed with all kinds of new conditions and crises."

Remarking on the tough session ahead for Albany lawmakers, Marino pointed to the national energy shortage and its effects on New York's citizens, the mass transit crisis and national campaign financing revelations which are riveting attention on New York's election law revisions.

Marino noted that when the legislators return to Albany they will be dealing with a new Governor, Malcolm Wilson. "The majority of the members of both houses worked under no other Governor. We are looking forward to Governor Wilson's Message to the Legislature on January 9th to get a picture of the

priorities he will set." Marino praised Mr. Wilson as an astute and able statesman, well prepared to assume the role of Governor.

As Chairman of the high-powered Select Committee on Crime, Marino intends to survey the impact of the judicial process, probation and penal programs on the State's high recidivism rate. "With 60 percent to 70 percent of felons returning

to prison for subsequent crimes, it's clear that our system of justice is rife with weaknesses. I intend to study all aspects of the situation and call public hearings when necessary to get at the root of our failings."

Marino also said he is in favor of using a budget surplus to continue suspension of the 2.5 percent state income tax surcharge and hold down personal taxes.

**CITED:** Nassau Recreation and Parks Commissioner Richard A. Fitch, left, presents Angelo Palange of Hicksville with a Certificate of Appreciation for his seven years of dedicated service in the county park

system. Deputy Commissioner Edmund Ocker looks on. Palange, a former sportscaster and radio newsmen, has been institutionalized following a recent stroke.

## Youth Board Needs Bands For Community Concert Series

The Nassau County Youth Board is expanding its popular community concert series into a year round program. Last summer, the Youth Board and various local youth groups and community organizations sponsored a total of 5 concerts in communities throughout Nassau County. This year, a series of indoor concerts in the winter, spring, and fall months will supplement the summer program. The Youth Board is in need of bands and folk singers who would be willing to donate their time to make this program a success. Bands that have participated in this program in the past have found that the exposure, publicity, and practice before large audiences at these concerts to be well worth their effort.

As an added feature of this

year's program, the Youth Board will be compiling an Entertainment Resource File of all the bands that take part in the community concert program. This file will be used to refer bands to colleges, high schools, youth groups, and other non-profit community organizations who are interested in getting bands for paid and volunteer work. Any band or individual who applies for the community concert program will be placed on file automatically and at no charge. You can get an application for the community concert program by calling the Youth Board at 335-4011, or by writing to them at 1 Old Country Road, Carle Place, N.Y. 11514. If you would like further information about this program, please call Bill Reilly at the above number.

## CYO Sports

### JOHN SHEEHAN MEMORIAL BASKETBALL TOURNAMENT

On Sunday December 23rd the first of two qualifying rounds of the John Sheehan Memorial Tournament got underway. In the first game of the day saw the St. Ignatius Bulls play Holy Family Brown team. The St. Ignatius Bulls team coached by W. Purcell & B. McCormick beat the Holy Family team by a score of 32 to 9. The St. Ignatius team was led by the scoring of B. Fallam 18 pts and Bob Lagrecca 6 pts. High scorers for the losing Holy Family team was J. Rodney 7 pts and C. Doyle 2 pts. Coach for the Holy Family team was D. Kellington. Referees for the first game were: D. Briody and J. Killmeyer.

Our Lady Of Mercy Gold team coached by B. McDermott and led by the scoring of K. Dowling 10 pts and B. Haggerty 10 pts and some great basketball by the team both on offense and defense the Lady of Mercy Gold team beat the Holy Family team by a score of 45 to 17. High scorer for the Holy Family team was B. Ahearn 8 pts and R. Carson 7 pts. Coaching the Holy Family Team was J. Scott. Referees for the second game was J. Killmeyer and T. Smith.

Our Lady of Mercy 45 St. Ignatius Pistons 9 Our Lady of Mercy's Red team led by the scoring of N. Aversano 12 pts and an all out effort of the rest of the boys on the team led the Mercy's Red team to an easy victory over the St. Ignatius Pistons team by a score of 45 to 9. High scorer for the losing Pistons team was J. Gallagher 5 pts. The coach for the St. Ignatius Pistons team was V. Brennan. Referees for the 3rd game were J. Gallagher and V. Brennan.

4th Game  
Our Lady of Mercy Blue 43 St. Ignatius Hawks 32  
For the third time today Our Lady of Mercy sent a team to the Tournament. The Our Lady of Mercy Blue team was not to be out done by the other teams from Our Lady of Mercy winning there game by a score of 43 to 32. After losing by a score of 3 to 9 at the end of the 1st quarter the Mercy team came to life and out scored the St. Ignatius Hawks team No 17 to 5 making the score 20 to 14 going into half. The Mercy Blue Team came out in the 2nd half and continued to play good ball and led by the scoring of C. McCoy 19 pts and J. F. Wier 18 pts won by a score of 43 to 32. Our Lady of Mercy's Blue team is coached by Ed Swell and J. Giacchino. High scorers for the losing St. Ignatius team were J. Conway 17 pts, J. Magner 7 pts. Coach for the St. Ignatius team was J. Conway. Referees for the 4th and final game of the day was J. Gallagher and V. Brennan.

To the losing teams and their coaches, even if you didn't win you showed some real good sportsman ship. To the winning teams we say congratulations.

Following is the scoring by quarters of the games:

	1st quarter	2nd	3rd	4th	Final
Holy Family Brown					0 4 4 3 9
St. Ignatius Bulls					8 12 4 8 32
2nd Game					
Holy Family Green					5 4 4 4 17
O. L. of Mercy Gold					14 10 19 22 65
3rd Game					
O. L. of Mercy Red					16 10 4 15 45
St. Ignatius Pistons					2 3 0 4 9
4th Game					
O. L. of Mercy Blue					3 17 8 15 43
St. Ignatius Hawks					9 5 5 12 32

The Tournament will continue on Wednesday Night with four more games in the Qualifying round. The First game will start at 6:00 P.M.

## Men In Service

Cadet George W. Bowne, son of Mr. and Mrs. George D. Bowne of 17 Clark St., Plainview has been accepted for the professional officer course of the Air Force Reserve Officers Training Corps (AFROTC) program at Norwich University at Northfield, Vt.

Cadet Bowne is working toward a degree in business administration and upon graduation will be eligible for a commission as an Air Force second lieutenant.

The cadet is a 1971 graduate of Bethpage (N.Y.) High School.

Cadet John H. Parker, son of Mr. and Mrs. Perham S. Parker of 34 Shevman Ave., PLAINVIEW has been accepted for the professional officer course of the Air Force Reserve Officers Training Corps (AFROTC) program at Norwich University at Northfield, Vt.

Cadet Parker is working toward a degree in physical education and upon graduation will be eligible for a commission as an Air Force second lieutenant.

The cadet is a 1971 graduate of Wachusett Regional High School at Holden, Mass.

Airman Edward V. Paige son of Mr. and Mrs. Edward L. Paige of 4 Kadnor Road, Plainview has been assigned to Kessler AFB, Miss., after completing Air Force basic training.

The airman has been assigned to the Technical Training Center at Keeler for specialized training in the air traffic control field.

Airman Paige is a 1973 graduate of Plainview Old Bethpage High School.

Marine Sgt. Robert S. Conaghan, of 11 Genesee St.,

HICKSVILLE, was awarded a Meritorious Mast while serving with the Third Marine Division at the Marine Corps Air Station in Okinawa.

A Meritorious Mast is a personal commendation from his commanding officer.

Navy Hospitalman Apprentice Donna J. Tatem, daughter of Mr. and Mrs. Francis Tatem of 14 Cottage Blvd., HICKSVILLE, graduated from recruit training at the Naval Training Center in Orlando, Florida.

A former student of S. U. N. Y., Farmingdale.

Navy Seaman Apprentice Mark Moskowitz, son of Mr. and Mrs. Cy Moskowitz of 444 Division Ave., HICKSVILLE, was commended as a crewmember of this guided missile frigate for his efforts as part of the U. S. Sixth Fleet task force in the Mediterranean during the latest Middle East crisis. The powerful force stood ready to evacuate American citizens from danger areas and to back up our government's diplomats as they helped negotiate a cease fire.

# Around Our Towns

LINDA NOETH SCOTTI - 796-1286

IRIS WIDDER - WE 1-0853

Happy Birthday to Jennifer Giannelli, 145 Bay Ave. HICKSVILLE, who will be three years old on Dec. 29.

On Jan. 1, Nadine Emlaw, 65 Fordam Rd. HICKSVILLE, will be 13 years old. Happy Birthday, Nadine!

William Dodge, 50 Arrow Lane, HICKSVILLE, will be 12 years old on Dec. 30. Happy Birthday!

Happy Birthday to Jimmy Polansky, who will be 8 years old on December 31. Jimmy is the son of Michael and Susan Polansky of 62 Sylvia Lane in Plainview.

Happy Birthday to Julie Robin Eisenstein, who celebrated her 7th birthday on December 27. Julie is the daughter of Mr. and Mrs. Paul Eisenstein of 8 Ruth Road in Plainview.

Robert L. Steven was appointed Deputy Director of the Applied Electronics Division of Cutler-Hammer's AIL Division. Prior to this appointment, Mr. Steven was Head of the Filter Technology and Applications Department, where he guided the development and production of

state-of-the-art RF filters, ferrite devices and other microwave components.

Mr. Steven received the B.E.E. degree from the City College of New York in 1953 and the M.E.E. degree from the Polytechnic Institute of Brooklyn in 1959.

Before joining AIL in 1956, Mr. Steven worked in the field of electronic countermeasures at RCA and at the W.L. Maxson Corporation.

Mr. Steven is a member of the IEEE and serves on the editorial board of the IEEE Transactions on Microwave Theory and Techniques.

He has published over 20 papers on filters, parametric amplifiers, noise-figure measurement and multimode power measurement.

He and his wife, Rita, live at 34 Gilbert Lane in PLAINVIEW. They have two children, Paul, 17, and Deborah, 15.

## Receives Varsity Letter

Purdue's Ralph Perretta was among 34 members of the Purdue U. football squad awarded major Block "P" letters for the 1973 season. The junior from Westbury, repeated the honor he won in the 1972 campaign.

An eleven game starter at his strong guard position, Perretta cashed in on the dreams of every offensive lineman in Purdue's first game of the season, recovering a teammate's fumble in the end zone for a Boilermaker touchdown.

Although nursing a weak ankle throughout the season, Perretta finished the year with 306 minutes playing time, just 15 less than the team leader in that category. Adding his 176 minutes played during his sophomore year to the 1973 total finds Perretta owning 482 valuable minutes of varsity playing experience. Only one returnee for next year tops that figure (defensive back Fred Cooper with 531).

Perretta and his mates on the offensive line, who call themselves "Fools", short for

"Fraternal Order of Offensive Linemen", opened the way for the Boilermaker backfield to gain 2,278 yards on the ground (207.1 per game average).

The Riveters placed fourth in the Big Ten, knotted with three other teams at 4-4.

## Basic Sign Language Class

The Adult Education Department will offer an additional class this spring in Basic Sign Language to help deal with the deaf. The course will be taught by Mr. Terry Pepples who is associated with Help-Aid. Direction of Hicksville and will begin on Monday, January 28, at 8:00 P.M. in room 205 of

the Hicksville High School. Each session will last approximately one hour and there will be eight sessions. There will be no fee charged and registration will take place the first night of class.

Please call William Golleeke at 733 - 2102 for further information.

## LaLeche League To Meet Jan. 15

The Plainview Group of LaLeche League for Nursing Mothers will hold its monthly meeting on Tuesday, January 15, at 8:30 P.M. at the home of Mrs.

Carol Otto, 44 Stephen Drive, Plainview. Telephone 516-433-8761.

The discussion leader is Mrs. Joyce Strober.

## Holiday Concert

One of this area's most unusual music organizations, the LONG ISLAND HOLIDAY FESTIVAL ORCHESTRA, will present its fifth annual concert on Sunday evening, December 30th, at Jericho High School at 8:00 p.m. The orchestra, composed primarily of alumni of the Long Island Youth Orchestra, will be conducted by Martin Drowatz of Sea Cliff, founder and director of both organizations. The Holiday Festival Orchestra is unique in that it meets just once a year, during the Christmas vacation when most of its members are

home from colleges, conservatories and professional engagements.

This year's program will include all neglected works of Delius, Rhapsody "Brigg Fair",

All proceeds from this gala concert will go toward the support of the Long Island Youth Orchestra's annual scholarship fund.

Information about tickets, at \$5.00 for adults and \$1.00 for students, can be had by calling 853-2242 or 484-1381.

The League of Women Voters along with many other organizations is asking for timely action to make the State Legislature accountable on public issues. "We want to see progress toward open government this year while public attention is focused on the dangers of government in secret," said a LWV spokesman.

We urge residents to write or call their Senators and Assemblymen as soon as possible requesting these immediate changes:

1) All Committee meetings should be regularly scheduled and open to the public.

2) All votes taken in committees on bills should be open, recorded, and made immediately available to the public.

3) Agenda of bills to be heard at committee meeting should be announced by name and number for several legislative days preceding the meeting, thus enabling

the public and other members of the Legislature to be present.

4) A complete transcript of legislative proceedings should be available to the public within a prescribed time.

5) Electronic voting should be restored and all votes recorded and made available to the public.

## Caso Inducted As Executive

State Court of Appeals Judge Sol Wachter will administer the oath of office to Ralph G. Caso as Nassau County Executive at induction ceremonies on Tuesday, Jan. 1, at 12 noon in the Supreme Court Building, Mineola.

The occasion also will mark the induction of Harold W. McConnell as Nassau County Clerk, M. Hildesheim as Nassau County Comptroller and Alie Seldin as chairman of the Nassau Board of Assessors.

In making friends, remember these words from the Bible: "He who walks with wise men becomes wise and the companion of fools shall suffer harm."

BETHPAGE LAWMAKER WELCOMED TO SUNY FACULTY. Dr. Frank J. Cavanah, left, and Dr. Robert Blank, right, both of State University at Farmingdale, are shown welcoming Stuart B. Levine (R-Bethpage), center, to the faculty. Assemblyman Levine has joined the university staff and is teaching a course on State and local government.

## "The Music Man" Auditions

We need people of all ages, with or without experience, actors, singers, dancers, musicians, stagehands, and even a barbershop quartet, said Mr. Edwin Lager, producer of the North Shore Synagogue Players' fifth annual musical show, "The Music Man."

Auditions for this year's Temple production will be held on Wednesday, January 3 and Thursday, January 4 for adults and teenagers who are 14 years and older, and on Monday, January 7 for those who are 8 to 12 years old. Musicians and barbershop quartets will be auditioned on Monday, January 14. All auditions will be held at the North Shore Synagogue, 81 Mattitown Road, Syosset, and will start at 8:00 P.M.

Singers and dancers should come prepared with a song from "The Music Man" or other singing or dancing material. No

one need audition solo; you can audition with a group. Musicians should bring with them a resume telling how long they've studied, with whom, their stage experience, and prepare a song to play solo.

Although a great deal of work goes into putting on a show, said

Director Robert Maher, "it's a lot of fun too, and 'The Music Man' is a great show so everyone come on down, dress comfortably, and do your thing."

Performance dates are April 20, 21 and 27. Call 931-7354 for more information.

## Polish Cultural Society Established At Hofstra

For the first time in the history of Hofstra University, The Polish Cultural Society has been established on its campus.

The Society's goals are to promote knowledge of Polish culture and traditions through lectures, exhibits, films and music events and to act as a link between Hofstra University and the Polish-American community on Long Island. The Society plans to engage in research on con-

tributions of Polish-Americans to the cultural and economic life of the US, and also to sponsor social events such as dances, picnics etc.

Last Friday, members of the Society organized Christmas party in the Student Center of Hofstra University. It was a very pleasant evening enabling the members, their relatives and friends to get to know each other better. One of the students, Mike Nawrocki, with great talent read

the story "Christmas in Poland". Mr. Felix Stevens, president of Ampola and Society's guest of honor, brought very appropriate gifts, Oscar Halecki's HISTORY OF POLAND and presented one copy to Dawn Senko, the president, and another to Dr. Maria Starczewska, faculty advisor of the Society.

With 17 members made up of students, faculty and staff, the Polish Cultural Society is on the road of expansion and is looking to a very busy and rewarding year of 1974. Any member of Hofstra Community who would like to join is welcomed to call Dawn Senko 516-481-7460, or 516-481-5573, or Dr. Starczewska (212-NE-4-3346).

## Local Resident Was Promoted

Thomas C. Murphy of Hicksville has been promoted to an Assistant Vice-President of Franklin National Bank, it was announced recently by Harold V. Gleason, Chairman and Chief Executive Officer.

Mr. Murphy, who has 11 years of banking experience, is assigned to the Bank's Investment Portfolio Unit, part of

Portfolio-Money Market Division at Hanover Square here. An Investment Officer since last year, Mr. Murphy joined Franklin National in 1962, later being promoted to Supervisor of General Accounting in 1969 and to Assistant Investment Officer in 1971.

Married, Mr. Murphy has one daughter.

## New Energy Conservation

Grumman Aerospace Corporation's Final Assembly and Flight Test Facility located here has instituted a number of new energy conservation measures that will help alleviate the current fuel shortage. The announcement was made by George M. Skurla, Grumman Vice President and Calverton Manager.

Among the steps that will be implemented immediately is the reclamation of jet fuel that is drained from aircraft engines and fuel tanks prior to each flight. Skurla said that this fuel, which amounts to between 10,000 and 15,000 gallons per month, will be reprocessed and used for other applications, possibly heating the facility.

In another step, a closed circuit TV system will be utilized between Beltsville and Calverton to minimize personnel travel between the two sites. The TV system will allow conferences and meetings to be conducted which would otherwise necessitate private automobile trips which are approximately 100 miles roundtrip.

In the course of preparing aircraft for test flights, it is often necessary to power up various systems for checkout. Electrical power for such activities is now supplied by gasoline or diesel driven generators. Modifications are being made that will permit the necessary power to be drawn from Calverton's normal elec-

trical power which is not only more efficient but will alleviate the need for the multiple auxiliary driven devices.

## Crime Statistics

Serious crime in the United States increased one percent during the first nine months of 1973. Acting Attorney General Robert H. Bork announced today.

This compared with a two percent decrease in serious crime during the same period of 1972.

Mr. Bork said 71 of the Nation's largest cities, including Washington, D. C., reported actual decreases in serious crime during the January-through-September period of 1973.

"This increase in serious crime in the Nation means that all of us must continue to support our law enforcement agencies in their efforts to combat crime in the streets," Mr. Bork said.

The latest figures were contained in the FBI's Uniform Crime Reports, which was released today by Director Clarence M. Kelley. The report of nationwide statistics is made possible by the voluntary cooperation of local, county, and state law enforcement agencies.

The Uniform Crime Reports divides serious crime into two categories: violent, which includes murder, forcible rape, robbery and aggravated assault and property, which includes burglary, larceny-theft and auto theft.

Violent crime increased three percent during the first nine months of 1973, the same increase as for the 1972 period.

Property crimes, which are far more numerous than violent crimes, increased one percent during the 1973 period, compared

with a two percent decrease the year before.

Forcible rape rose eight percent, compared with a 13 percent increase the year before. Murder

was up five percent, the same increase as a year ago. Aggravated assault increased five percent, compared with a seven percent increase for the 1972 period. There was no change in the level of robbery, however, in the 1972 period it declined two percent.

Burglary rose three percent, compared with a two percent increase during the 1972 period. Auto theft was up one percent, compared with a four percent drop the year before. There was no change in the level of larceny-theft; however, in 1972 it declined four percent.

Cities with more than 100,000 or more inhabitants reported a one percent decrease in serious crime during the first nine months of 1973. Crime in the suburban areas continued upward with a five percent increase, and crime in the rural areas rose six percent.

## Inservice Course On Local History Was Held

The Inservice Course on Local History for the Faculty of the Oyster Bay East Norwich Central School District was held yesterday in the Town Board Hearing Room at Oyster Bay Town Hall.

Mrs. Ann Ocker, Town Clerk, described the duties and operations of her office, and showed reproductions of the Oyster Bay First Purchase (1683) and the Andros Patent (1677).

Deputy Supervisor Steven H. Saunders addressed the group on "Town Government — A Three Century Span." He traced the development and importance of towns and boroughs from the English background, to the New England Town Governments and the Oyster Bay Town operation today.

The Inservice Local History Course was prepared by Dr. Daniel F. Stevens, Assistant Superintendent, Oyster Bay East Norwich Public Schools and Miss Dorothy McGee, Coordinator.

## Help Needed To Save Lives

"Will you give some of your time to save lives?"

This appeal was issued today by Mrs. Clifford G. Martin and the Hon. Ralph G. Caso co-chairmen of the 1974 Nassau Heart Fund campaign, in seeking volunteers to aid in the drive to educate the public about the dangers of heart and blood vessel diseases during February - American Heart Month.

Volunteers are asked to give just a little of their time to call on friends and neighbors, telling them how to recognize the warning signs of heart attack and stroke, how to reduce the risks of these diseases and what action to take in an emergency.

"One out of every eight Americans has some form of heart and blood vessel disease," the Heart Fund chairman said. "More than a million Americans die each year - one every 30 seconds. The death toll is greater than for all other causes combined."

They stressed the need for volunteers to bring this vital information to the public and added that contributions are needed to support programs to reduce premature death and disability from heart attack and stroke.

Volunteers may register in person at Heart Fund headquarters, 365 Willis Avenue, Mineola, or by calling 741-3532.

## SAVE ENERGY

You can help conserve precious energy whenever you stop at a hotel or motel suggests the American Hotel & Motel Association by simply turning off the TV and light before leaving your room and by keeping windows closed when heat or air conditioning is on. It doesn't take much energy to conserve energy, all you have to do is try.

### PENALTIES

The following scale of penalties is hereby prescribed for neglect to pay State Court & Stenographers' Expenses, County, Town and Highway and Special District taxes after they have become due and payable.

If the first half is not paid on or before February 10, 1974, penalty will be added at the rate of one per centum per month from January 1, 1974 calculated to the end of the month during which payment is made.

Penalty on the second half will be added after August 10, 1974 at the rate of one per centum per month from July 1, 1974 calculated to the end of the month during which payment is made.

### DISCOUNTS

If the full year's tax is paid on or before February 10, 1974, discount will be allowed on the second half of the tax at the rate of one per centum of the second half. No discount allowed on payments made after February 10, 1974.

Taxes are payable by cash, check or money order. Uncertified checks will be accepted subject to collection and payment made therewith will not become official until collection has been effected.

When requesting tax bills, please state the School District location, Section, Block and Lot numbers in accordance with the Nassau County Tax Map.

After August 31, 1974, the 1974 Tax Roll will be turned over to the County Treasurer and all payments after that date should be made at the Office of the County Treasurer, Nassau County Office Building, 240 Old Country Road, Mineola, New York 11501.

## Social Security News

**Q.UES:** I'm a widow with five young children. I expected my social security checks to stop when I went to work full time, but I still get the same amount every month. Why?

**A.N.S.:** With five young children, your family is still entitled to a maximum family benefit amount based on your husband's earnings. Since your five children continued to collect social security, your family keeps getting the same monthly amount — the family maximum — whether you work or not. Stopping your check and increasing the monthly amount paid to each of your children could cause an interruption in your family's payments. For this reason, and to save administrative costs, the checks continue in your name.

**Q.UES:** My husband and I have had custody of our two granddaughters, who were 19 and 12, since the death of their parents in 1968. My husband is retiring in December at 65. I'm 63. Can our granddaughters receive any social security payments when my husband starts getting monthly benefits?

**A.N.S.:** Your granddaughters might be eligible for a monthly payment when your husband retires. Grandchildren can get benefits if they were under 18 when they began living with their grandparents, if the children were living with an being supported by the grandparent for the year immediately before the grandparent retired, and if the children's parents have died or are disabled. When your husband applies for retirement benefits, he should also file an application for your granddaughters.

**Q.UES:** My widowed, 65-year-old mother has just taken a part-time job working in a cafeteria kitchen, but she only gets called to work when one of the

regular employees is absent. She seldom earns more than \$75 a month. Since her only other income is a small monthly social security check, can she get any additional help even though she's working?

**A.N.S.:** Starting in January 1974, your mother may be eligible for Federal supplemental security income payments even though she's working. The first \$20 of her monthly social security payment, for example, would not count as

income. In addition, the first \$63 of her monthly earnings would not be counted. One-half of the rest of your mother's monthly earnings — if she earned more than \$63 — would count against the federal payments. Your mother should contact any social security office for more information about supplemental security income payments. Your local office is at 1 Station Plaza North, Mineola, NY 11501. The telephone number is PI 7-5470.

## Course at Hofstra

Poet Arthur Gregor, for many years a senior editor of the Macmillan Company, will teach a workshop in creative writing and a course in the theory and practice of publishing at Hofstra in the 1974 Spring Semester, which begins January 28.

Both will be given in the evening hours. The creative writing workshop on Wednesdays from 6:00 to 8:30 P.M., the publishing course on Tuesdays and Thursdays from 7:30 to 9:05 P.M. They are open to non-matriculated students as well as

to students enrolled in a specific program, and earn credit toward a degree. Part-time and non-matriculated students should register through the University College Office, 207 Weller Hall, (516) 560-3511.

Mr. Gregor is the author of six volumes of poetry published by Doubleday and Company: Selected Poems (1971), A Bed by the Sea (1970), Figure in the Door (1963), Basic Movements (1966), Declension of a Refrain (1957) and Octavian Shooting Targets (1954).

## ORT To Hold Open Meeting

The Plainview Chapter of Women's American will hold its regular meeting on January 15th at 8 P.M. at the Plainview Jewish Center located on Floral and Oak drives. A Chinese Auction will be held. Bring an item valued at \$2 wrapped. Items will be auctioned off. Proceeds to the school building fund.

## Hoarding Could Threaten Syringe Supply

Supplies of disposable plastic syringes, on which most insulin-dependent diabetics rely, are available at normal levels, according to the New York Diabetes Association. A spokesman for the voluntary agency, which provides education and service programs for diabetics and their families, emphasized that a critical situation could arise if users of these supplies were to panic and begin buying and hoarding stocks of plastic syringes.

In a survey of manufacturers, the Association has discovered that consultations are underway with federal officials to assure adequate raw materials for the production of vital health care products. Assurances have been received that petrochemicals will be allocated at levels somewhat above the 1972 base usage. Steps are now being taken to insure that allocations within the petrochemical field recognize the importance of the health care products industry.

If allocated supplies should fall short of what is needed, other alternative systems are available which do not use the critical materials. The New York Diabetes Association joins with the manufacturers in stating that everything possible will be done to make certain that no diabetic who must rely on injections will be without that vital capability.

# The largest savings bank in America opens new, larger quarters in Westbury.

## Here's what's in it for you:

"The Bowery's new office is going to make banking a pleasure in the Westbury-New Cassel area."

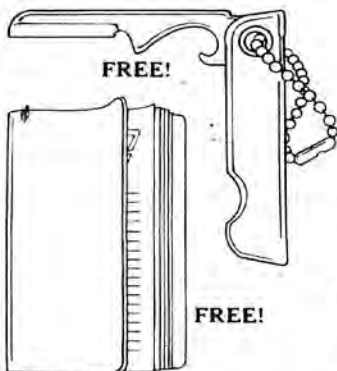

JOE DIMAGGIO

**W**HEN THE BOWERY opened in the Westbury-New Cassel area more than a year ago, we took the first available space we could find. A fried chicken stand.

While we love chicken, a short-order place is not exactly ideal for banking. So, we've built a big, beautiful, spanking-new building near the old place. And it's terrific, if we do say so ourselves.

### New Features

In addition to all this new space, we've got some new features for

you: safe deposit boxes, two drive-up windows and one walk-up window.

**FREE!** The Grand Opening of the fabulous new Bowery office is December 24, 1973 through January 19, 1974. There'll be free prizes, all kinds of gift certificates for lucky sweepstakes winners, special events, and last, but hardly least, high rates on all savings and term accounts and 33 other services. (Home Improvement Loans, for example. In the market? See Manager Peter Pranzo.)

### Free Prizes

We've ordered something like 24,000 gifts and we'll be giving them away absolutely free of charge to help celebrate the opening of The Bowery's new Westbury-New Cassel office. Here's a rundown:

#### FREE!

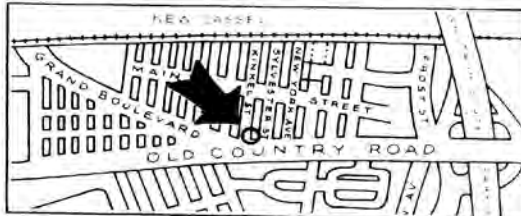

#### Pocket diary.

Contains 1974 calendar with ample space to make notes for each day. Plus map of U.S. with telephone area codes, inch and millimeter rulers and a table of metric equivalents. (Offered week of December 24 only.)

#### Metal key tab...

perfect for keeping together all those loose keys you've got in nooks and crannies all over your house. (Offered week of December 31 only.)

How to get to the new Bowery office in Westbury, New Cassel, Long Island. We're at 947 Old Country Road, between Westbury and Hicksville, one mile west of Wadsworth Parkway. Convenient to Westbury, New Cassel, Hicksville, Levittown, Old Westbury, Williston, East Meadow, Carle Place and Mineola.

**Penknife.** Pretty sharp blade for such a little knife. Will make you want to whittle, even if you've never tried before. (Offered week of January 7 only.)

**Ballpoint pen** in "Bowery" red. Fine tip, blue ink. Ideal, if we may suggest, for writing deposit slips at The Bowery in order to take advantage of our high rates. (Offered week of January 14 only.)

P.S. There will also be lollipops and balloons. For your kids.

### Special Sweepstakes

Each week for four weeks The Bowery's Westbury office will be running all kinds of sweepstakes. Every day we'll give away three \$5 Ohrbach's Gift Certificates. Every week we'll give away three \$50 Fortunoff Gift Certificates. And there will be Grand Prizes: One \$250 Fortunoff Gift Certificate and two \$150 Fortunoff Gift Certificates.

All sweepstakes are open to everybody. You don't need to be a Bowery depositor to qualify. (But why not become a depositor? Think how much money you'll make on your savings.)

### We are open from:

9 a.m. to 6:30 p.m. Monday, Tuesday and Wednesday.

9 a.m. to 8:00 p.m. Thursday and Friday.

9 a.m. to 3:00 p.m. Saturdays.

Drive-up windows open at 8 a.m. Monday through Friday.

Remember our Grand Opening Celebration ends on January 19, 1974. Looking forward to seeing you and saying hello.
