On February 24, the Most Reverend Clarence Kelly of the St. Pius V Chapel, celebrated his first Mass here in traditional Latin. Father Kelly was very pleased by the work of his parishioners in the preparation of the hall for Mass and Jr-Vice Commander Harry Wurth of the Nassau County Council

One hundred and eighty seven people attended this Mass which was served at 10 a.m., and will be served at that time every Sunday. Next Sunday, March 3rd, is the first Sunday in Lent and we are looking forward to seeing many more people in attendance. All are welcome.....

## "Ground Breaking" Planned For Sunday March 3

At a time in our life when many churches are feeling the effects of lowered attendance and the strained economy, Redeemer Evangelical Lutheran Church of Hicksville continues to move ahead. On Sunday, March 3, following the 11 a.m. worship service, the Reverend Theodore S. Grant will lead his congregation in a ground-breaking ceremony for their proposed 5,000 sq. ft. wing, which is being added onto the North side of their existing facility.

Redeemer Church celebrated its Fifteenth Anniversary as a Congregation last October. The new addition will actually be the third such ground breaking they have experienced. The original building was built in 1960, an addition to the East was added

and dedicated in 1963, and it is expected that the new wing, which will almost double the size of the church building, will probably be completed by early summer.

Redeemer Church is well-known as "The Church of The Open Door." One of the main thrusts of this congregation is reaching into the community to bring the love of God where it is needed. This is, comparatively speaking, a small congregation of dedicated people, who acknowledge their dependence on God, but at the same time, work hard to sustain themselves, their church and people in the community and elsewhere who are in need of help.

Much of the financing for the new project is being done through

the sale of bonds. These bonds are available to members and non-members at competitive interest yield. If anyone is interested in finding out more about this kind of investment, which would benefit both themselves, and this dedicated congregation, Redeemer would be happy to hear from you. There are still some bonds left to be sold.

The congregation extends to one and all a most sincere invitation to join with them in worship and fellowship at any time. Most especially they would welcome anyone who wishes to share with them the joy of this historical event in the life of Redeemer Church...their latest groundbreaking.....Sunday, March 3, 1974.

# A Last Long Look At Radio

By Mark Silverman

With a week off from school for midwinter recess, some people went on vacation, some just relaxed and slept late, but for me it was back to the radio stations. On February 14th Jim Foster and I went to five radio stations: WNBC, WNEW, WMCA, WHN and WABC.

At WNBC I interviewed Big Wilson. Biggie is on between the hours of 10 A.M. and 3 P.M. After 12 years on WNBC Big Wilson will be leaving at the end of March. I first asked him how he got started in broadcasting and he told me that it started 20 years ago when he was in a band. When the band broke up his buddy who worked at a small station in New York told him that he needed a disc jockey until Biggie found another band. Biggie said that he thinks radio is stretching out a little because you get a chance to communicate with people, get their thoughts on things that are going on. I then asked him what he acclimated his success to an he replied that he is easy going, likes to be honest, and he thinks people

believe him when he does a commercial. Biggie's suggestions for a person wanting to get into broadcasting were to speak into a tape recorder and replay it and listen to your mistakes. Then he said that after you get all of your schooling it is very important to go to work at a

station even if it's for \$40 a week, get that first job.

Biggie will be leaving WNBC by the end of March but wherever he goes his fans will follow.

At WHN John Neumann gave us a great interview telling us why WHN turned to Country Music and how successful it has

been. He told me that WHN used to be called WMGM and the station was just a regular station having music, news, and sports. The ratings were not high so they looked at the market, spent a lot of money on research, and decided on Country Music. Since they've turned to Modern Country their ratings have skyrocketed. He then told me that with the change of format they did not have to change their personalities.

WHN has always been a sports-minded station. At one time they had the Knicks, Rangers, and Mets, but now they cover the Nets, Islanders, and Mets.

## At T.O.B. Board Meeting

## Burke Refuses to Resign

By JANET GOSNELL

The Oyster Bay Town Hall's hearing room was crowded with people and charged with drama Tuesday in the face of recent Town of Oyster Bay indictments. Reporters were there from everywhere, about twenty in number; Channel 67's TV camera played over the Town Board and its supervisor; those who came to repudiate Supervisor John Burke were present; and many, many staunch defenders were present to offer their support.

Judy Jacobs, president of the South Woodbury Taxpayers Association led off the requests for Supervisor Burke to suspend himself from his office until clouds caused by his recent indictment were cleared up.

Under the harsh glare of Channel 67's TV lights, which made his face appear red and his blue eyes seem to glisten, Supervisor Burke maintained his innocence and that of Town Attorney John Conroy. He maintained that he had not violated his office or the confidence of the Town of Oyster Bay. To Mrs. Jacobs, who remained standing during his entire address, he said, "I will not do it."

Burke also said that letters of support had poured in from residents all over the Town of Oyster Bay since the indictment was announced and that "literally an army" of supporters had been prepared to descend upon Town Hall on Tuesday, but had stayed away at his urging.

Carole Fishman, president of the Greater Plainview Community Association, asked Burke to resign, as she put it, "pro bono publico," and Pauline Widelitz, representing the Washington Avenue Civic Association said the public officials "should suspend themselves and we hope for a just and speedy trial."

Also calling for Burke's resignation was former Town Councilman Lewis J. Yevoli, whose thunder was stolen by Councilman Howard Hogan's reading of an irregularity in his press release issued the week before, an obscenity which Mr.

Yevoli said was added to the release by "an overzealous aide." The obscenity was signed "Love and kisses, C.Y.," according to a reporter who saw it.

## Many Supporters

Several people spoke in support of Supervisor Burke, and many who did not personally come forward gave him a standing ovation at the end of his address. Councilman Joseph Saladino read a statement in his favor and Cornelius Ryan, active in the senior citizen affairs of the Town and County also spoke in support of Burke.

In the face of it all, reporters were somewhat taken aback by the address to the Board by Patricia Kennedy, of Oyster Bay former candidate for Councilman in the last election. Mrs. Kennedy avoided the indictment issue and asked that parking meters be free for residents of the Town until that contract is deemed just, and spoke about the Town's alcoholism problem.

## Other business

In other business, the Town Board heard the petition of R.A.K. Tennis Corp. for a special permit use to construct and maintain indoor tennis courts with office and facilities on a sizable tract of land fronting about 100 feet on the south side of Jericho Turnpike about 375 feet east of Underhill Boulevard and running about 650 feet deep. The irregularly shaped building shown on the site plan which conforms to the boundaries of the property, would contain 13 tennis courts, 32 parking spaces are provided in the plan.

No one spoke regarding the petition and the Town Board reserved decision.

The Town Board also set a public hearing date of April 2nd for the petition of Alan Wolnek for a special permit use to construct, operate and conduct a nursery school on the east side of Berry Hill Road, south side of Fox Hunt Crescent, Syosset, for April 2nd. Public hearings begin at 10 a.m. at Town Hall.

## Bowling Tournament

The Nassau County Womens Bowling Association announces that its 28th Annual Tournament will be held weekends from March 23rd through April 7th at the Jericho Lane on Jericho Turnpike, Woodbury.

Sanctioned women league bowlers may enter the team, and or singles and doubles scheduled at 1:00 PM, 3:30 PM, 6:30 PM on Saturday's and Sunday's. A 9:00 PM squad is scheduled for Saturday nights. Entry forms are available at all local bowling centers or in-

formation may be obtained by calling the Nassau County Womens Bowling Association office, IV 9-3388.

Once again, the association is planning an award for the lanes fielding the largest number of entrants, as well as an award for the lanes with the highest percentage of their bowlers participating in the tournament.

A record turnout is anticipated, and bowlers are urged to submit their entry forms early, to beat the March 2nd deadline.

## REPORTS

It was gratifying to learn last week that the U.S. Supreme Court supported the position of the Board of Supervisors on its proposed modified weighted voting system.

The proposed plan, developed at the direction of the Court of Appeals to correct alleged constitutional deficiencies in the County Charter, preserves the integrated Town-County form of government which has proven to be one of the most efficient, economical and effective systems since its adoption in 1938. It should be noted that this plan has had the full support of both Democratic and Republican representatives on the Board of Supervisors.

One of the principal keys to the effectiveness of our county government is the coordination and control achieved through the governing body of the county

being composed of the top elected officials of the towns and cities it comprises. Extensive interdependence and cooperation between the county and town-city levels of government are required to provide many interacting municipal services such as traffic control, highways, health services, fire prevention and investigation, recreation and solid waste disposal.

The integrated form of government also preserves the voting power of the cities of Long Beach and Glen Cove which would have been diluted in a county legislature composed of numerous members representing a multitude of population districts.

This, then, should be considered as not only a victory for the Board of Supervisors, but, more importantly, a victory for the citizens of Nassau County.

EASTER SEAL COFFEE DAY was officially launched this week with the purchase of the first lapel button to help crippled children by County Executive Ralph G. Caso. Coffee Day buttons, to go on sale in hundreds of Nassau County and New York City restaurants on February 25th at a dollar each, will yield a free cup of coffee to all who wear them at participating restaurants on Coffee Day, March 13th. The darling button salesgirl, above, is Kristin Behrmann, 3, of North Bellmore. ## AT NASSAU SUPERVISORS MEETING

## Caso Granted Emergency Powers Over Gas Sales

By Janet Gosnell

At the Board of Supervisors' meeting this Monday, the legislators approved an emergency resolution passing an ordinance giving County Executive Ralph Caso emergency powers to regulate the sale of gasoline by service stations in the county.

According to the ordinance, service stations must display a flag or sign if they are selling gas. In addition, the county will regulate the usage of roadways by lines of cars waiting for gas, so that traffic is not impeded by them.

The ordinance sets \$3. as the minimum sale of gasoline by gas stations. It also officially puts into the law the "odd-even" system, whereby cars with an even number ending their license plates will be served on even-dated days, and odd plates on odd-dated days.

The ordinance gives the County Executive the right to make special provision for emergency vehicles or persons active in

emergency services, and for holiday seasons when gas stations may be closed several days in a row.

## More on the Gas Crisis

Several speakers arose to address the Board after the meeting on a few topics, leading off with the gasoline crisis. One was Irving Flaumenbaum, president of the Civil Service Employees Association, who said special provision should be made for public health nurses and others involved in emergency services who use their own cars. Richard Kessel, of Merrick, who plans to run for Congress this year, urged the Board to push the Congress into action. "It is really the United States Congress which is out of gas," said Mr. Kessel, noting that national legislators from both parties have been guilty of lack of foresight in the gas crunch.

## Want Impeachment

Several speakers from many different Nassau County communities stepped forward to ask the

Board to take a stand on impeachment of President Richard Nixon. Some of the speakers identified themselves as members of the Nassau County Democratic committee.

After several speakers had finished, the meeting went a bit to pieces, with speakers arising to address the Board from their seats, not bothering to identify themselves nor to come forward to the microphone. One woman asked the Board to take a stand right there on the spot.

County Executive Ralph Caso, said that the supervisors never make decisions on the spot, but must first consider a question and then draft a resolution. He questioned whether such a stand might even be legal.

Hannah Komanoff, of Long Beach, said she planned to draft a resolution urging that the Congressional Committee studying the possible impeachment of the President get its work done quickly.

## "More Gas For Long Island" Roncallo

Congressman Angelo D. Roncallo (R-NY-3rd) today urged that both New York State Governor Malcolm Wilson and Region II Energy Chief Gerald Teretsky free up more gasoline for Long Island.

Roncallo made the plea after reviewing the new allocation plan as released this afternoon by the

Federal Energy Office. Under this plan, New York is slated to receive 2 percent more gasoline over the February allocation to the State.

Roncallo warned that unless some help is forthcoming to Long Island there will be severe economic repercussions. "I cannot understand while some

parts of the country are being forced to suffer like this while most of the country goes on with business as usual. Perhaps the new allocations, as outlined today, will help," he continued, "if not I will continue to demand that the Energy office give us at least the minimum of what we need to function."

## Dear Friends . . .

AS YOU KNOW, our coverage of Town Hall activities is done by a professional writer, Ms Janet Gosnell, who has done an excellent and impartial job of covering both Town and County Board meetings for us for the past few years. Ms Gosnell's coverage of this particular TOB Board meeting appears in this issue.

AS TO OWN OWN feelings in regard to the federal grand jury indictments issued against TOB Supervisor John W. Burke and TOB Attorney John M. Conroy, naturally, we were shocked, which we shouldn't have been, when we consider the recent indictments against such a man as Perry Duryea. However, this seems a political "way of life", these days and we are quite sure that, along with Congressman Angelo Roncallo and others so indicated, these matters will be cleared up in due time, according to law. Naturally we believe in the innocence of these fine public servants, and deplore the hurt to them and to their families. Being lawyers, they too must be sure that they will be vindicated. But who can remove the political hurt accomplished by these indictments? In the final analysis our country will suffer on all political levels, when such harassment reaches the heights it has today. Those who are extremely well equipped to serve us as public servants will stay in (or return to) the private sector, where they can make much more money. Consequently we will end up with those far less capable attempting to serve us on many political levels.

OUR OPINION of these proceedings coincides exactly with that of William F. Cosulich of Syosset, head of a Plainview environmental engineering firm that allegedly was forced to kick back five per cent of the money it received in contracts from Oyster Bay Town to the Town Republican treasury. This man, who was portrayed in federal indictments as the principal extortion victim of Oyster Bay Republicans said in an article in a Nassau County daily newspaper, that he

was "shocked" by the indictments and believes the defendants are innocent. "John Burke and John Conroy are two of the finest men I know," Cosulich said. "If this (the indictments) is based on my testimony, I just don't understand it. I'm shocked. I just hope that it goes to a speedy trial. These men are innocent. It's incredible that people can be menaced like this." We say "Amen" to this man's honest opinions. And we hope that all who are being so hurt in these unfortunate proceedings, will not be discouraged from serving us as they have done in the past. I'm sure that there are many who read this column who will disagree with me, as there are many who agree. Time alone will tell, on all political levels, who is right. . . who is wrong. . . and who is actually hurting our country most by their actions.

IN PLAINVIEW. Joe Dowd has been writing the Plainview-Old Bethpage High School Sports News or us for the past few years. Last week, his name was inadvertently omitted from his column, for which we apologize. Thanks for a job well done, Joe.

We must also apologize to Ex-Captain Owen Magee of the Hicksville Fire Dept. for listing his byline incorrectly for the past two weeks. Especially because his weekly articles are so informative and make a really fine addition to local news, as well as helping us all to realize the really great job done every day by our volunteer Fire Department. Thanks a million Owen.

IN THE MEANTIME, let us all, in spite of these legal diversions, which must be followed to their conclusion, do all we can to serve, on whatever level and in whatever capacity, is ours at present. For in a democracy, we all serve.

THAT'S ALL for this week. Stay well. . . don't waste a day. And re-read and give careful thought to Kipling's immortal poem, "IF".

Sincerely,  
SHEILA

## Letter To The Editor

Dear Editor:

As a resident of Hicksville for the past 9 years, and as a housewife and mother of two children, ages 6 and 13, I would like to announce my candidacy for the upcoming seat of Jette of the Hicksville Public Library.

My background is essentially a financial one, having been employed for 15 years by a major New York City bank, where I worked my way up to the position of Platform Assistant upon my retirement in 1966. My prime duties at the time were credit analysis and commercial credit investigation on a nationwide basis. Also was affiliated with the New York Credit & Financial Management Association, having served as the President of the Women's Group in New York City. Graduated the New York Institute of Credit and was the winner of the Hubman Factors Scholarship in Accounting.

My interest in Hicksville affairs consists of membership in the Holy Family Rosary Society, serving as Publicity Chairman

for three years; member of the Hicksville Community Council, currently serving as Publicity Chairman; former member of the Health Curriculum Committee of the Hicksville School District; member of the Hicksville Parks Task Force; Reorganizational member of the Friends of the Hicksville Public, currently serving as Treasurer; member of the Dutch Lane P. T. A., currently serving as Cultural Arts Chairman; member and leader of the Levittown Chapter of the Nassau Council Homemakers Council.

Am an active and frequent user of all areas of the Hicksville Public Library, including the Bookmobile and Children's Room and in particular the Pre-School Story Hour.

I feel that with my financial management background, coupled with my interest and use of the Library and services it holds available to the community, as well as my concern and interest to the needs of the people of our community in all

areas, bearing in mind the financial strain so many of us are faced with during this current economic crisis, that I would like to have the opportunity to serve as Trustee. I too must shop wisely to get the most and best for my dollar and I would like to do the same for you as a Trustee of the Hicksville Public Library.

Very truly yours,  
Clara T. Bennett

Among the many wonderful volunteers who so graciously give their time to helping at The Gregory Museum, are quite a few Senior Citizens. To the delight of all, a great many time-consuming & challenging duties are being competently handled by our experienced elders, such as Helen Gazzaniga, Massapequa, pictured, who sorts colorful polished stones which

are one of the items available in the museum gift shop, which is manned by volunteer help. Other activities handled by senior citizens are typing, tour guides, addressing envelopes, cataloging, packaging, specimens, baking and serving at museum functions, etc... The need for more help is imperative, and not only is the museum benefited, but, many of "our

senior citizens" have found "new friends" and stimulating "new interests" thru their museum affiliation. Don't be shy, no experience is necessary; if you have time on your hands, contact The Gregory Museum, 822-7505, or come on down to visit - Heitz Place, Hicksville (one block east of Hicksville Fire House). ## The Newest VW—the Dasher Easy on the Eyes and on Gas

Volkswagen's new Dasher, the first water-cooled, front-wheel-drive VW in the U.S., combines VW economy with handsome styling and lively performance. Averaging about 25 miles per gallon, the Dasher is economical—and not only in gas mileage. Extended maintenance intervals, VW's "Security Blanket" program, Computer Analysis and a comprehensive 12-month, 20,000-mile warranty are other aspects of Dasher economy.

In addition to two-door and four-door models, the Dasher line-up includes VW's first four-door station wagon.

The Dasher is powered by an economical overhead cam engine. In the VW tradition of mounting the engine over the drive wheels, it is installed at the front where its weight presses on the driving wheels and increases traction. Radial tires, rack-and-pinion steering and power front disc brakes are standard. The interior will

accommodate a family of five in comfort.

Reclining front seats, a woodgrain dashboard and comfortable, easy-to-use inertia reel safety belts are among the Dasher's features.

Styling of the new VW is credited to the Italian designer Giorgetto Giugiaro, recognized for his work on expensive sports cars.

According to a VW spokesman, "The Dasher is just the car for cost-conscious motorists who want excellent operating economy and flair with comfort."

## Plainview - Old Bethpage High School News

THE MATHEMATICS DEPARTMENT takes great pleasure in announcing the names of 30 outstanding math students nominated to take the "Annual High School Mathematics Examination" sponsored by the Mathematical Association of America, Society of Actuaries, Mu Alpha Theta, and the National Council of Teachers of Mathematics. The examination will be administered on Tuesday, March 12, 1974. The content of the examination is limited to material from elementary algebra, plane and simple coordinate geometry, intermediate algebra, and trigonometry, but the questions are of a more sophisticated nature than one would find on the usual classroom type test or Regents examination. The examination aims to create and to sustain interest in mathematics among the students as well as supplementing classroom work as it broadens and deepens mathematical concepts. The students nominees are: Sophomores Matthew Berchuck, Kenneth Freeman, Steven Froehlich, David Gordon,

Edward Hirschhorn, Charles Landau, Karen Merking, Richard Rosenberg, Andrew Schneider, Cindy Schwarz, Steven Sklar; Juniors Andrew Adler, Wayne Bender, Charles Froehlich, Gary Gordon, Sherri Gorelick, Mara Hurwitz, Beth Kornreich, William Martins, Jean Singer, Robert Stein, Ellen Stopsky, David Wasserman; Seniors Kenneth Bernstein, Peter Hanson, Andrew Katz, Bonnie Koreff, Loren Mernoff, Kenneth Romaine, Joel Warburg. Alternates are: Edward Weissman and Arthur Heine.

THE NORMAN E. MERRY MEMORIAL COMMITTEE would like to offer their sincere thanks to the parents and alumni of Plainview - Old Bethpage High School, Staff and personnel of Plainview - Old Bethpage School District and to all who have made donations to this worthy cause. Mrs. Edith Lustgarten, chairman of the language department of POBHS, is the recipient of a colored television set; and Mr. Charles Harwood, principal of

POBHS, received a basket of cheer. All monies donated will help the committee to realize its goal of an electric football scoreboard at the Merry Memorial Athletic Field at Plainview - Old Bethpage High School.

## Law To Be Enforced On Basis of Complaints

The Nassau County Police Department will enforce the new mandatory state regulations for gasoline distribution on the basis of complaints it receives.

Commissioner Louis J. Frank said, "It is obviously physically impossible for us to police the hundreds of gas stations in the police district and the only practical way we can enforce the law is by acting on complaints." There are a total of 952 stations within the police district which patrols about 70 per cent of the county's 300 square miles.

Commissioner Frank stated that when complaints are received, whether against in-

dividual motorists or station operators, appearance tickets will be issued. He noted that the charges are considered misdemeanors and can be punishable by fines of up to \$500 and or a year in jail.

A directive has been issued by Commissioner Frank to all commands within the district ordering them to respond to all complaints to determine if willful violations exist. Appearance tickets will be issued under the Department's rules and regulations and if deemed appropriate, summary arrests will be made.

## Social Security Question Box

QUES: In a few weeks I'll be changing my job and moving to another state. Should I notify a social security office of my new address?

ANS: No, not unless you're getting social security checks. Social security doesn't keep an up-to-date record of your mailing address until you start getting benefits. Regardless of where you work or live, social security keeps one central record of your earnings in work covered by social security. You use the same social security number in any State, and your number and name are enough to credit your earnings to your record no matter where you are.

QUES: I'm retired and my 18-year-old son, who gets monthly social security checks, will finish high school in June. After graduation, he wants to take a training program in heavy equipment operation. Will he still be able to get monthly checks while he's taking this training?

ANS: Possibly. Your son's student checks can continue until he's 22 as long as he's in full-time attendance in an accredited vocational school or program supported by the State, local, or Federal Government and he remains unmarried. You should get in touch with any social security office to see if your son's training program would qualify him for student benefits. Your local office is at Station Plaza, North, Mineola, N.Y. 11501. The telephone number is PI 7-5470.

QUES: Is the supplemental security income program the same as social security?

ANS: No. Even though the Social Security Administration will make payments and administer the program, it is entirely different. Supplemental Security Income is not financed out of social security taxes, but from general revenues.

## Junior Fire Report

By Lt. C. Calma

On Saturday, February 23, the Juniors held their Third Annual Installation Dinner at the Marie Street Headquarters. Richard Christ and Mike Provenzano demonstrated fire chemistry. Carl Calma and Bob Dybec demonstrated the Scott Air Mask.

During the regular meeting, on Thursday night, the Junior voted on an amendment that will change the status of lieutenants. Now, to become a lieutenant, you have to be better qualified by knowing more. Also, at the meeting, Harold LaPlante was sworn into the Juniors.

On Sunday, February 26th, 18 Juniors, under the supervision of the members of Engine Company 2, had a Scott Air Mask Drill. All members, were instructed in the use of the mask, how to put it on and how to change the air bottles.

On Monday, February 25th, again, some Juniors assisted at the Gregory Museum, moving some chairs from the upstairs to the downstairs.

## JFK Students Attend Model Congress

Congratulations to four Kennedy students, Joel Peck, Howard Schwartz, Bonnie Smith and Scott Herschman, who recently attended the 34th Annual Model Congress held at American International College in Springfield, Massachusetts. Special congratulations to Joel Peck, the first Kennedy Student ever to win an award at a Model Congress, for outstanding performance. The students from Kennedy attending Model Congresses are not presently a club, and do not receive allocations from the Student Government, but hope to, in the future, resulting from this recent success.

## The Parks Factor

It is almost certain that the Little League State finals will be played at the Plainview-Old Bethpage Community Park this year, it was announced by Town of Oyster Bay Councilman Kenneth S. Diamond.

"In an effort to get approval for the two-day tournament, the Town has erected a ten foot wire fence along the outfield on Washington Avenue," Diamond said. "This will bring the playing field into the proper specifications to be eligible for the State finals and other Little League Tournaments."

"Last year, the park was the host site for the sectional Long Island finals. The area of Plainview has a tremendous program of Little League play and Bob Keidan, District 33 Administrator, feels certain we

can entertain teams in the State Finals (10-12 year age groups) at the park. Irwin Zolotorof, President of the Plainview Little League and park manager, Ted Zervos, are also confident we can host the teams from Metropolitan New York and northern parts of the state for the two-day tournament," Diamond said.

The previous fence was only three and one half feet high and a ball hit over the fence was an automatic double. With the present ten foot barrier, located 180' from home plate, it requires a good, long, lofted poke to put a ball out of the park under present conditions.

The new fence is 320' long and was designed and installed by the staff of Parks Department Superintendent William Brown.

## Needs Your Support

During the summer of 1973, Hicksville Athletic Games, Inc., a non-profit organization sponsored the Hicksville Junior Olympics. Approximately 875 boys and girls of our community competed in events of swimming, track and field, chess and table tennis. More than 500 medals and ribbons were awarded.

On three occasions since August 1973, we have made personal appeals to the Town, County and State for funds to operate our program. All have been in vain. "There are no funds available for your type of program." Since your tax monies are not available to us and if the success of this past summer is to be repeated and expanded during 1974, we must have your financial support. Applications must be printed, medals and ribbons must be purchased and funds must be available for mailings. Our expenses are great but so is our dedication.

## John F. Kennedy High School News

### J.F.K. Sports News by Lori Hustick

Last Tuesday, by beating Mineola 75-63, the Plainview Kennedy Basketball Team concluded its regular season undefeated in league play, 16 and 2 overall. Marcus Iavaroni, controlling the

boards, had 11 rebounds, 7 blocked shots, and scored 15 points. Although Mineola's Redmund was high scorer with 31 points, Kennedy was still able to win decisively as all the team members greatly

contributed in the Kennedy victory.

Kennedy's super record brought them into the first round playoffs on Saturday as they won their 15th straight, beating Great Neck South 57-53. The game was tight in the first half after which Kennedy led by only 3 points. However, in the third quarter, Kennedy broke loose with an exciting rally. Brian Doyle was greatly instrumental in the third quarter, as both he and Seth Greenberg scored 8 points each. Marcus Iavaroni set it up for them by playing great defensively. Overall, Iavaroni and Greenberg scored 15 points each.
