Raymond Rusch Achieves Career Landmark

Twenty-five years of achievement will compress into a single climactic moment on Friday evening, April 26, when the many friends of Mr. Raymond L. Rusch will congregate at the Old Country Manor to honor a "local boy made good."

A native of Hicksville, Mr. Rusch has been associated with local education at all levels as a student, teacher and administrator. Except for an interlude in the Navy and at Syracuse University, where he earned his Bachelor's degree, Mr. Rusch has devoted his efforts and attention to his home town.

His leadership talents blossomed early when, as a student, he led in club activities and directed and participated in many theatrical shows. Upon entering Hicksville High School as a Social Studies teacher, his continued involvement in matters educational brought him distinction for innovations such as initiating the Advance Placement American History course. During his tenure, he also served as Vice-President of the Teachers Association.

Appointment to Assistant Principal in 1962 was followed rapidly by elevation to Principal

Mr. Raymond L. Rusch will be the guest of honor at a reception held for him April 26 at the Old Country Manor, commemorating his 25th year as teacher and principal of Hicksville High School.

In 1968, a time of overwhelming growth at the High School, with accompanying problems of school plant expansion and enlarged teaching staff to accommodate the over-3000 student population. It is to Mr. Rusch's credit that his organizational abilities provided him and his administrative staff with effective policies to guide the school through difficult years.

HICKSVILLE - During the past week Hicksville firemen had to contend with two dangerous explosions. The first occurred at the DePew Co. Inc. of 359 Duffy Ave. on April 3rd at 5:08 pm a 35 foot tank containing polyester resins caught fire and caused many nearby 55 gal. drums of resins to explode some flying as far as 150 feet. Four Hicksville Vamps were taken to the burn center at the County Medical Center for treatment after the resins stuck to their faces. They were treated and released.

Quick action by 100 vamps and 7 pieces of apparatus under Chief Louis Mertz saved the DePew Co. Plant from destruction and the near-by Agway Fuel Oil Depot. As the drums were exploding vamps advanced hose lines close up and doused the blaze. No other injuries were reported. (See photos)

"West Cherry St. Blast Hurts 9"
While 15 Hicksville vamps and one pumper were standing by for the Westbury Fire Dept. while they battled a blaze in an auto parts outlet in New Cassel on April 8th at 10:21 AM. A general alarm explosion and fire in Hicksville occurred. As the Westbury blaze was under control the Hicksville crew was released to do battle with over 200 Firemen from Hicksville, Jericho, Bethpage and Plainview. 16 pieces of apparatus also responded to the 11:25 am alarm, under the direction of the newly elected chief of department Mario Misturini. The blast and Fire destroyed the building at 38 West Cherry St. A tank of extreme flammable gas-ethylene-oxide was leaking and was touched off by a spark. The gas is used by the Sterilco Inc. to sterilize medical instruments. The explosion injured 9 people. 5 were taken to the County Burn Center in East Meadow, and 4 were taken to Plainview's Central General Hospital for treatment. 2 of the victims are in serious condition (April 9)

Hicksville Chief Misturini said the blast lifted the roof up, caved in the block walls and dropped it down again. Debris from the blast crushed swings in an adjacent playground and damaged a home next door. It was a miracle no one was killed. Chief Misturini praised the work of the Hicksville and Jericho Firemen who quickly advanced on the honors awarded to Hicksville High. The days of student unrest in the late 1960's had little effect on the High School, where education continued smoothly. With the aid of a series of evaluations made by reputed educators, Mr. Rusch instituted many new programs that have enhanced the school as a learning institution. Changes continue to be effected in the interest of achieving maximum learning opportunity for the students.

The evening affords an additional touch of significance for Mr. Rusch, in that it commemorates his 24th anniversary of marriage to the former Edna Giese who, in reflection of unswerving loyalty to the home town, is also a native and alumna of Hicksville. Their 20 year-old son, Raymond, will help them celebrate this happy occasion.

blaze to search for trapped victims. Of great help was Jerichos heavy duty rescue truck whose winch was used to pull apart the building during the search.

The chief also thanked the county police, Hicksville water district employees, Town of Oyster Bay, for use of payloaders, and bystanders who helped the victims and the vamps. Ex-Chief Water Werthessen was near-by and was first on the scene. He and some firemen from other towns working in the area helped the victims climb out of the ruins. There were several explosions while firemen were setting up hose lines causing them to hit the

ground for protection. The workers in the building said it all happened so fast they just dropped everything and ran, some being knocked down by repeated blasts.

Traffic was detoured off Broadway due to hose lines. The Plainview and Bethpage Departments stood by at Hicksville Fire headquarters to answer any other alarms. The Lawn-A-Mat Co. also of 38 W. Cherry St. was destroyed too. By 2 PM the fire was under control and all persons had been accounted for. Several vamps suffered minor injuries were treated at the scene and returned to duty.

HOUSE ON WEST CHERRY ST. top photo, next to Fire Building suffered some damage. Children playing in back yard moments before left to play down the street escaping serious injury. Childrens playground, middle photo, demolished by collapsed building on West Cherry St. Fortunately no

children in the when the blast hit. Left of building. Bottom photo, at West Cherry St after Mondays explosion & Fire is a burned out frame, once occupied by lawn a mat and the Sterilco Co.

Walk-A-Thon Spirit And Registration Rising

Sunday, April 28th will be a day of fun and yet hard truckin' for the 25,000 people who are expected to walk 20 miles for the Nassau County March of Dimes. The Walk-a-thon will begin and end at Eisenhower Memorial Park in East Meadow.

As the registration number increases, more and more people will be rounding up as many sponsors as possible to make each individual's efforts more rewarding. The average pledge from sponsors ranges from 10 cents to \$1.00 per mile.

The scene at the Walk-a-thon will include marching and rock bands, first aid teams working full force at the seven check-

points along the 20 mile route; free snacks for all participants; smiles seen on many tired faces, young and old; and of course, thousands of people feeling a sense of self-satisfaction knowing that they too have personally helped in the fight against birth defects.

If you're interested in walking with us and have not registered, please call Walk-a-thon Headquarters - 741-4045 before Friday, April 19th. All registrations must be received by that date. Registrants will receive a sponsor sheet within a few days after contact has been made with Headquarters.

People Helping People

Got a yen to open a Japanese restaurant?

Your popcorn sales are great, but the chewing gum bubble has burst?

You say your dirt and water divisions are going fine, but the combination has you bogged down?

Mrs. Would-Be Merchant and Mr. Businessman you can get advice and guidance on problems from highly-qualified professionals right here in Nassau County free of charge.

The person who needs words of wisdom on whether to enter a business, or counseling conferences on how to get his business out of the red, need only call on SCORE to get aid.

SCORE translates to Service Corps of Retired Executives, a group now numbering about 20 men and women who work through Nassau County's Department of Commerce and Industry and serve the federal government's Small Business Administration.

"Their service and the wisdom they dispense is all voluntary and all valuable," County Executive Ralph G. Caso said. "They are ready, willing and able to help anyone in the county with a business problem. In fact, these vigorous business veterans want more to do."

"In the first seven years we were in operation," Eichert said,

"the Commerce and Industry staff received calls for us. We'd pick them up once a week, send out a form, and when we got it back, we'd assign a counselor to the problem."

"We found out there was a great drop off between calls for information and aid and the filled-out forms. We realized people wanted immediate action, so the first of this year, with the help of Mr. Caso and (Commerce and Industry) Commissioner James R. Wells, we changed the SCORE system."

Eichert explained that a SCORE volunteer now is on duty from 10 AM to 1 PM each Tuesday, Wednesday and Thursday in Room 233 of the County Executive Building at 1 West Street, Mineola, to give advice, answer questions or plan major counseling with a businessman or would-be merchant.

"People can just come in and talk to us," Alfred Levinson of Garden City, one of the SCORE counselors said.

"We'd also like to have some more retired businessmen and women join us," said Eichert. "In 1973 we handled about 400 inquiries and we certainly expect far more this year."

Any retired person who has had experience in business or commercial fields can join.

"I was in foreign trade -

mostly metals," Eichert said. "I'm 62 and I've been retired five years. I'm only a youngster compared to Al Levinson here. He's 73, has been mostly retired for 20 years. He was in wearing apparel and textiles."

"Our other problem in Nassau SCORE is seasonal. A lot of our people winter in Florida or some other warm place. It leaves us short-handed. Anyone who wants to join up or ask a question can call 535-2284."

What kind of problems do Eichert, Levinson and company handle? Big ones and little ones, they say.

"A man called the other day with one I think may be complex and take a couple of our older heads to work out," Eichert said. "It seems he and a partner deliver dietary foods to some 900 homes. No matter how they try, they can't do more than meet expenses. There must be a profitable way and I'm sure we'll find a cure for their problem."

"A lady whose husband is about to retire asked our advice on whether to go into a franchise business which they could run from their home," Levinson said.

"When I learned they had no business experience, would have to invest more than \$13,000 in savings and deal with an out-of-state contractor, I urged them not to proceed."

AT COUNTY SUPERVISORS

Senior Citizens Seek Increased Benefits

By Janet Gosnell

One Monday morning when this reporter got off the elevator on the fifth floor of the County Executive Building not long ago to attend the County Supervisors meeting, the immediate plunge from silent elevator ride to commotion and mayhem made it obvious that the nearby hearing room was full and overflowing into the anteroom near the elevator.

"What's the mob scene about?" we asked the policeman on duty, after elbowing our way over to him.

"Somebody wants something," was his succinct reply.

Although the commotion was not quite as great as on that previous occasion, it was obvious Monday by the packed hearing room that once again, "Somebody wants something."

This time it was the turn of the senior citizens of the county, led by spokesman Henry Doliner, of Hempstead, who enumerated their grievances.

In a twenty-minute statement, Mr. Doliner protested the continually skyrocketing rents and the ineffectualness of the various quasi-governmental senior citizen committees, such as the Senior Citizens' Advisory Committee on which he and other seniors serve.

"It was on March 6, 1973 that we came before you—more than a year ago—to protest the rent problems of senior citizens," Mr. Doliner said. "At that time, we were told that the Margiotta-Levy bill would be introduced the following day. More than a year has gone by, and we still haven't got a law."

In addition, said Mr. Doliner, while his group, the Senior Forum is in favor of the Margiotta Levy Bill, his members believe it is too weak. The bill calls for a roll-back of rents to January 11th, 1973, unless the locality selects another date."

Mr. Doliner wants the escape clause removed from the bill.

Other Demands

Other demands in favor of seniors stated by Mr. Doliner

SENIOR BENEFITS are asked of Nassau County Board of Supervisors by Henry Doliner, of

Hempstead, above, who led a large contingent of seniors to the county meeting on Monday.

included benefits for disabled persons to start at 60 rather than 65; that senior tax deductions become mandatory rather than optional for school districts and municipalities; that no liens be permitted on the dwellings of senior citizens; that rentals paid should be in part tax-deductible for seniors.

He also called for a new, uniform probate code which would provide speedy and inexpensive probating of wills; also strong control of proprietary nursing homes, where, he says seniors are served inadequate, non-nutritious, poor food, receive improper treatment and not enough physical therapy.

Hannah Komanoff, Long Beach Supervisor, said that she personally would start a letter-writing campaign from her community, which she said contains only 2 per cent of the county's population, but 8 per cent of its seniors.

County Executive Ralph Caso urged Mr. Doliner and the others to speak to their N.Y. State Legislators about their grievances. "We are only a county legislature," he said. "We can only request or memorialize the state legislature to take action. The state legislators are the ones

to make the final decision."

Other Business

In other business, the supervisors approved bond authorization notes for sewer improvements in District 3, which includes most of the county; Massapequa Park; Seafood; and Roosevelt. The Board also approved the sale of a 12.417 acre parcel of land in Mitchell Field to Hofstra University for \$166,240, and renewed contracts with mental health agencies, including a 5.5 per cent cost of living increase for employees.

The County Executive's appointments were approved, including the appointment of Abe Martin Lerner to the District Court; Isidore Shapiro as Commissioner of Mental Health; and John J. Dowling, M.D. of Syosset and Roger B. Chapey of Hempstead to the newly created Nassau County Community Mental Health, Mental Retardation and Alcoholism Services Advisory Board. Reappointed to the Nassau County Consumer Affairs Advisory Board were David Rothbaum of East Meadow and Michael J. Ricigliano, of Uniondale.

Dear Friends

We take great exception to those who attempt to put older people on one side and parents of school children on the other at school budget time. There are many older people, even those on limited retirement budgets, who still care about the education of all our children. Those of us who have already received the benefits of all who paid taxes so that OUR children could receive the best possible education, still do care and do realize that our children and even our grandchildren in their times must face a world in which they must be ready to stand firm for future generations beyond their own. They need the best possible education to do this, just as our children did. We do not all take the short term view.

Also, much is presently being done to help those whose retirement incomes are limited and inadequate in these inflationary times...and more is being done each year to help our senior citizens. This is good...just as good as what we are trying to do to maintain good education in our public schools. We can manage to do both, if we try to help one another. It's all important...and it's all NOW.

Don't let our children down, any more than you would let our older citizens suffer...and please don't allow yourselves to think of these matters as something to fight about. Wise, well-thought out decisions on all budgetary matters are important and we hope that our Boards of Education will not be pressured by those who would turn the process of budget making into a battlefield. Let us vote on what is best for our children, as we also encourage all that is best for our older citizens.

In Hicksville the next Board of Education meeting is scheduled for Wednesday, April 17.

Condolences to Ex-Captain Owen Magee of the Hicksville Fire Dept. upon the death of his father last week.

THAT'S ALL FOR THIS WEEK. May all our Christian friends have an Easter blessed by their knowledge of the teachings and sacrifice of One who said, "This is My commandment, that ye love one another, as I have loved you."

ON MONDAY AT APPROXIMATELY 11:14 A.M., Mr. Bruce Schaller, Teaching Minister of Trinity Lutheran School and 25 students were on the Trinity playground adjacent to the building which exploded. Four of the students were in the Nursery playground area approximately 25 feet from the building. Fortunately none of these boys were on any of the equipment which was destroyed. The actual story was that at turn around and see the building literally come apart. Richard

approximately 11:14 a.m. Mr. Schaller and his students heard a tremendous blast and had time to Weyer, John Zeldi, Eric Kruse, and Jack Brigaglio were the four students who had cinder blocks landing around them. All of the students realizing the seriousness of this, retreated back to the road some 50 yards from the building, at which time Joseph DiFronzo quickly ran to the Fire Box and pulled the fire alarm. A short time after, the Hicksville fire department was at the scene. Photo by B. Schaller

Letter To The Editor

Board of Education
Hicksville Public Schools
Administration Building
Division Avenue
Hicksville, N.Y. 11801
Attn: Mr. R. Pirrung,
President

Dear Sirs:
I understand that you are being asked to consider the elimination of the Curriculum Materials Department and more specifically the position of director presently filled by Mr. Gardiner E. Gregory.
At the time of my wife's death I had only heard of the Gregory Museum and had never heard of, nor met, Mr. Gregory. In fulfilling a request made by Lee Dell, I became closely associated with both the museum and Mr. Gregory.

Lee Dell's request to help the museum was prompted through her PTA work and stimulated solely by the excitement of school groups having visited the museum, she never did get to see it herself. I have found her faith in youngsters was more than justified. I consider Gardiner E. Gregory a creative genius and his museum an educational wonderland. I realize that it took the coordinated effort of many volunteers but his resourcefulness, inspiration, and especially his drive caused it to happen.

Mr. Gregory certainly needs no accolade from me, his work has been recognized in much more eloquent fashion by his contemporaries in the fields of science and education in many areas of the country.

I find it difficult to grasp, that a man of this caliber and talent is subjected to continuing pressure and innuendo about his museum relationship and school system responsibilities. Mr. Gregory has never, to my knowledge, mixed the two except where the educational program of our community schools are specifically involved. On the contrary, he has been meticulous in his adherence to propriety regarding school and museum relationships.

I hear the term "Resource Specialist" as being needed in the

district. The talent which created the Gregory Museum could, if permitted, create within our area a veritable treasure of curriculum materials, the envy of any on-going program in the state.

I feel it is time this gentleman is recognized as the professional he is by his colleagues and superiors within our own community school system.

Our educational horizons are only limited by the vision of you gentlemen.

Sincerely,
Robert G. Hughes

Dear Editor:

Taxpayers do you want a \$1.00 - \$2.00 or maybe \$3.00 per \$100. of assessed valuation increase in your school tax bill? Well if you really want to get mad...that is an increase from last year of approximately \$1,800,000. to \$2,600,000, and it is not needed. Don't sit back and say nothing can be done, something can be done. Let this Board of Education know that you do not want the same amount of services we had 10 years ago for 13,000 children for the 9500 children enrolled for next year. We want to know from you, one issue for instance. Do you want the Board to feather bed 4 jobs at a cost to you of over \$125,000?? The few P.T.A. leaders that spoke were totally uninformed and repeated the Principals position 100 per cent...but believe you the taxpayer were taken for granted that you would not protest before the budget becomes a fact...only after.

Now if you want to do something about it come to the Board of Education meeting April 17 8 p.m. and let your side be heard. Then under the able leadership of Mr. G. Thomas Muratore, Past Pres. of the Board of Education, (the man who gave you two tax reductions in one year), Mr. Bello and Bruno, (present Bd members) will have an open meeting at the Little Theater, Wednesday, April 24, 8 p.m. Senior High School to kick off a campaign to keep the budget to a minimum increase. It

is up to you, we three can not do it by ourselves. We need the help of all those citizens who want to keep taxes down down down.

Council To PTA'S Executive Committee Speaks Out

by The Hicksville Council of PTA's Executive Committee

Hicksville Council of PTA's Executive Committee urges the board of education to reconsider its proposals for educational and staff reductions and additions. We present the following questions which we feel must be answered before the board takes steps to carry out the proposals offered to the public last Friday.

1. The board has not explained how programs will be carried out with the reductions. Who will handle the functions of the Curriculum Materials Center if it is phased out? How will Adult Education, summer school and the Evening High School be handled?

2. Will a substitute be called in to cover Willet Avenue when the nurse-teacher supervisor must be out of the building on administrative matters? Where will the reduction of the 4 nurse-teachers be elementary or secondary level? By state law, don't all buildings have to be covered, full-time, by a nurse?

3. If learning disabilities programs are to be added, who will handle these programs and how will they be supervised? Does it make sense to eliminate the assistant principals and then further increase the principals' duties?

4. What music, foreign language and physical education teachers will be eliminated? Will the elementary schools share teachers in these programs? Will less students now have the opportunity to participate in these activities? Is the public willing to accept this?

5. In view of the fact that most foreign language teachers are also teaching English to non-English speaking students in our schools, how will this problem be handled with less staff?

6. Physical coordination is one of the main criteria for testing learning disabilities. Does it make sense to eliminate physical education teachers—thus curtailing the program to a certain extent—and extend the learning disabilities program?

7. If these proposals have come about due to financial pressures, what are the cost factors of the "pluses" and "minuses" presented to the Hicksville taxpayers and residents? Will the additions eat up the savings created by the reductions?

8. What are "learning resource specialists"? With the reduction in pay the assistant principals have offered to take, wouldn't this amount to the same a "master teacher" would make? Are you merely changing the title of assistant principal?

9. Shouldn't the public be informed how these proposals came about? We would like you to explain how the surplus was reduced the past couple of years in order to effect a low tax rate increase—now we must "pay the piper."

10. What other cuts are proposed? Have you considered reducing transportation, cafeteria, etc?

11. With the elimination of assistant principals, who will handle curriculum? We no longer have an assistant superintendent for curriculum, therefore who is in charge?

12. Finally, Hicksville has a lower tax rate than many surrounding communities. Are you so sure we can't afford an increase—even for \$2 million?

We sympathize with the board's position and understand how difficult it must be for you to carry out your responsibilities to the residents of Hicksville and to

our students. PTA Council is also concerned about the education of our students and the finances needed to achieve that education. We feel the school board's primary function is not to present a budget which the voters will approve, but to present a budget which will implement the educational goals of the district. The board just committed itself to a set of goals, which we feel are outstanding. But do you fully realize the extent of your commitment? Aren't you reneging with these proposed reductions? Please reconsider before you take action. Don't cut the budget to pieces before you give it to the voters. We would like to see you live up to the standards of the goals you voted to implement.

We would also like to request that the school board meeting be changed to April 24. To hold it during the winter recess will prevent many people from attending.

'H.A.D. Asks Hicksville Area Residents Write NYS Senators And Assemblymen'

Help-Aid-Direction (H.A.D.), Hicksville's own youth and family counseling and drug abuse prevention center appeals to its residents, businessmen, service organizations, clubs, and religious groups for help in its time of need. The H.A.D. agency is presently facing serious financial problems. While H.A.D. is certain that it will soon be re-funded for its fourth consecutive year by the New York State Drug Abuse Control Commission (DACC), there is a very clear indication from the NYS Legislature that the 1974-75 allocations to local community groups like H.A.D. will be reduced significantly in comparison to last year's funding grant.

H.A.D. feels that since its creation back in November 1969, it has developed into a viable community-service agency. The highly qualified, professionally-trained staff of H.A.D. are actively involved in various individual, group, and family counseling services with approximately 100 youths, parents, and adults each week. Along with these counseling services, H.A.D. provides many recreational and socialization activities for teenagers living in the Hicksville area. H.A.D. also has a very fine referral and resource file available to people in the Hicksville community who need immediate help and assistance in

solving their problems.

H.A.D. and the other 50 funded community groups in Nassau County desperately need the written support of the people and organizations that their agencies serve. Time is running very short.

H.A.D. asks that interested people and community organizations immediately write their NYS Senators and Assemblymen. H.A.D. hopes that these letters and telegrams will request that "the NYS Legislature restore the original DACC allocations for the 1974-75 contract year to the state budget." Furthermore, that "the funded community groups in Nassau County like H.A.D. be given a fairly share of Youthful Drug Abuser (YDA) funds soon to be distributed by DACC."

The Nassau County Department of Drugs and Alcohol, who administer these funds, has developed a very fine cooperative relationship with its subcontract community agencies. H.A.D. feels that the community counseling and drug prevention programs in Nassau County are very efficiently and professionally run and have proven themselves to be important additions to their respective communities. They are only asking DACC for reasonable financial increases to cover inflation, minimum salary

increases, and moderate program growth.

The NYS Senator and Assemblyman representing the Hicksville area are: State Senator Ralph Marino and Assemblyman Stuart Levine. Correspondence to them should be sent to them in care of the NYS Legislative Office Building, Albany, New York 12244.

Finally, H.A.D. asks the people of the Hicksville area to personally contribute money to support the positive and constructive efforts of its agency which are not covered by state funds. During the 1973-74 contract year, close to \$3000 had to be raised by local efforts and was expended on staff salaries, client emergency housing, clothing, food, recreational, other needs which were not paid by DACC contract. As the H.A.D. program grows and provides more services to the Hicksville community, more local effort funds must also be raised. Since H.A.D. is a non-profit, tax-exempt organization, all contributions to its program are tax deductible. All donations may be sent to the H.A.D. facility at 389 New South Road, Hicksville, New York 11801.

Help-Aid-Direction needs your financial support. Please help H.A.D. help youth. For further information on H.A.D., please feel free to visit our facility at anytime or call WE 5-6858.

Death - The Sad Celebration

By Rev. John H. Krahn
Trinity Lutheran Church

Before one becomes very old he comes to the startling realization that one day he will die. Death is the universal enemy of mankind. Although life has been extended through medicine, all eventually die. Death is always decisive. It holds the only perfect winning record.

But for the Christian death loses some of its sting. It loses the sting of finality and eternal separation from loved ones. There is no sadness for us who die in the Lord. It is replaced by a wonderful, eternal life with God. There is only sadness for those who remain, for when someone loves, then loses, they grieve because they first loved.

Jesus Christ's death and resurrection is still the most important news for

mankind. With the empty tomb death was put to death. Jesus now gives each of us the possibility of an eternal lease on life. We simply must claim His promises for our lives.

I like to think of life as a long hallway with a door at each end. We have all gone through the first door called, "birth." Someday we will all pass through the second called, "death." For each of us the hallway is a different length. For some it is very short: 3 years, 10 years, 21 years. For others somewhat longer: 33, 47, 58 years. Still others rather long: 66, 78, 90 years. The length of the hallway is not as important as what happens in our lives.

As we meet and know Christ in the hallway of life, He has promised to know us in death. Then as

we pass through that second door we are assured of His company. Jesus goes with us and takes us to the celebration of the saved in the Father's house.

For those who die in the Lord death is never a funeral march to the grave but a triumphant march to the throne of God.
