## Improvement of Route 106/107 Interchange

The Department of Transportation has advanced plans for the improvement of Route 106/107 Interchange, Hicksville, and has started design of an improvement to be let to contract later this year. The improvement will be an at-grade intersection which will provide better traffic flow and longer weaving distance. No grade separation is planned at this time.

At the meeting with the community, February 27,

1974, many citizens expressed concern for the safety of traffic using this intersection. We are pleased that a solution has been made possible by using 100 per cent State Reconditioning and Preservation funds allocated to the Department in Governor Wilson's Executive Budget. Commissioner Schuler authorized this work to be performed on a priority basis within the current fiscal year.

## Hicksville Chamber Of Commerce

The Hicksville Chamber of Commerce is dedicated, simply, to the development of a better community. A community in which business, education, the arts and recreation flourish. A community which is esthetically attractive to new residents, shoppers or businessmen.

To this end, the Chamber has consistently supported efforts to develop the largely razed downtown area, support the Community Park Project and urge the implementations of the Master Plan submitted by the

Town Planning Commission. These recommendations include improved East-West transportation and the grade separation at Broadway and Old Country Road and at Newbridge Road and Old Country Road.

At present, much of our downtown area is unsightly, unsafe, and undeveloped. For six years, we have been working to modify zoning regulations to attract commercial and residential developers, landscape the many parking lots and beautify areas, such as the

On Sunday April 21 the official opening ceremonies of the Hicksville International Little League took place and a crowd of over 150 turned out to see the proceedings.

Leading the parade around the Lee Ave. School field were the Hicksville Junior High School band followed by the American Legion honor guard. After the players from the four divisions marched in the Rev. David Myers of St. Steven's Lutheran Church delivered the invocation.

Brief but inspiring talks were then made by Warren Doolittle, John Burke, Assemblyman Stewart Levine and League president Bob Gary who also reminded everyone that the

## Free Preformance of "Maret-Sade"

Oyster Bay Town Councilman Warren M. Doolittle said that a performance of Marat / Sade by the Studio Theatre is being presented admission-free, by the Hicksville Public Library and is co-sponsored by CAPA (Cultural & Performing Arts Division, Town of Oyster Bay Community Services Department).

The fully-staged, avant-garde production of Peter Weiss' disturbing drama will be held at the library (169 Jerusalem Avenue) on Saturday, May 4, at 8:30 P.M. Admission is free, but

tickets are required and can be obtained at the library, from the Hicksville Bookmobile, or can be reserved (WE 1-1417).

In Marat / Sade, a notable manifestation of the Theatre of Cruelty, Peter Weiss implies that the world today, like that of the French Revolution and its aftermath, is a teeming madhouse. The play assuited the senses of world-wide audiences with its pandemonium.

The Studio Theatre is a highly-acclaimed, semi-professional acting company formed twelve years ago. Throughout the year it

operates in its own three-quarter round theatre in Lindenhurst.

Marat / Sade, winner of the 1966 Drama Critics Award, is part of its current production season. Previous Studio Theatre performances, sponsored by CAPA in the Town of Oyster Bay, have been "Death of a Salesman", "Jacques Brel..." and "The Fantasticks."

Information of additional performing arts activities in the Town can be obtained by calling Lois Manning, CAPA Superintendent, at 921-5944, 5876.

## Hicksville Library News

National Library Week was touched off at the Hicksville Library on

Kennedy Memorial and the Gregory Museum.

Much of the work, necessarily is to be done through communication with the Town of Oyster Bay. This means the voice of the people must be heard. So, we need members and we hope the many businessmen and citizens eligible to join will consider the needs of the community. Membership is open to any Hicksville resident or taxpayer and all organizations, religious, social, or fraternal that may be in support of Chamber objectives.

Our Annual Installation dinner will be held at Old Country Manor on May 16th.

Sunday, April 21 with the Gilbert and Sullivan Workshop presentation of "Iolanthe" to a capacity audience.

All who attended this performance enjoyed the presentation enormously, and we are happy to present another production by the same company.

The library will end National Library Week with the Gilbert and Sullivan Workshop mini-production of "The Mikado" on Saturday, April 27 at 8:30 p.m.

Some tickets are still available at the library and on the bookmobile.

## New Chamber Orchestra

The New Chamber Orchestra will give its Spring concert on Saturday May 4th at the Wheatley School in Old Westbury at 8:30 p.m.

Featured in the concert will be violinist Cora Gordon and cellist David Moore.

Miss Gordon will perform the Vaughan Williams' "Lark Ascending."

Mr. Moore, principal cellist of the orchestra, will be heard in the Haydn Cello Concerto in C Major.

Other works on the program will be the Bach Brandenburg Concerto No. 2 and the Tchaikovsky Serenade for Strings. Ralph Affumado will conduct the orchestra.

Tickets - \$4.00; students and senior citizens \$1.50.

**One day with us and Willis Reed can tell you a thing or two—on how to get the most out of your phone service.**

I said: "Me? Willis Reed? I'm a ball player, not a technician. Why does New York Telephone want me to spend a day working with them?" And they said: "We'll show you ways to get the most out of your phone service. And if you can pass some of them along to other people, then you'll have done a good day's work." Now that made sense, so I did it.

Hey, they gave me a real workout. I learned that when you move, there are lots of ways to keep that first month's bill down. For instance, watch those extra calls you tend to make from the new place. And if you have extensions, have them all put in at once. Because if the installer has to come back, it'll cost another \$15.00\* for the visit.

Call the business office before you move and ask if you can take your old phone with you. Maybe you can save another \$5.00. There are lots of other tips like these and New York Telephone has them down in a booklet called "How To Get The Most Out Of Your Phone Service." It's free. Send for it. Then I'll know I've done my job.

## Report On Supervisor's Meeting

# Propose County Doctors Treat Private Patients

by Janet Gosnell

What portended to be a quiet meeting of the Nassau County Board of Supervisors on Monday turned out to be a lively one when some controversy arose over a proposal to allow salaried physicians at the Nassau County Medical Center to treat private patients using county facilities and charging these patients independent fees.

The item on Monday's agenda, Resolution 518-1974, is what was termed "enabling" legislation which would be the first step toward the above practice. The resolution, approved unanimously but with some reservations by the supervisors, requests the legislature of the State of New York to enact and the Governor to approve a bill to amend the general municipal law and the county law in relation to charging and collection of fees by salaried physicians and dentists in the Nassau County Medical Center, pursuant to section 2 Article IX of the Constitution of the State of New York and the County Government law of Nassau.

The practice of charging independent fees by physicians or dentists salaried by a municipality in the State of New York is contrary to the constitution, and requires a waiver by the New York State legislature. According to a spokesman for the Supervisors, the only public hospital which presently allows such a practice is the Buffalo public hospital.

If the practice eventually comes about, a private patient admitted to the hospital will receive two bills at the end of his stay—one from the hospital and one from his private physician. Patients at the hospital now receive only one bill at the end of their stay. This bill is from the hospital and includes the physician's services.

**Potential for Abuse**  
Jack Dillon, executive director

of the Nassau-Suffolk Hospital Council, which includes 8 voluntary hospitals and the Nassau County Medical Center, said the proposed practice contains "potential for substantial abuse," and asked for strong regulations.

Leon Goodman, who represents the investor-owned hospitals of Nassau and Suffolk, spoke against the proposal. His hospitals, he said, account for 50 percent of the beds in the county. Dr. Harvey K. Roth, of Coram also spoke against the proposal with the statement that "a county hospital is for all county residents." He suggested that doctors' salaries be increased and that they be paid in salary steps, like teachers.

Speaking in favor of allowing doctors to admit private patients and charge fees was Dr. Leon Mann, of Plainview, who said the practice would attract outstanding specialists to the medical center, and would eliminate "moonlighting," or as he termed it, "earning a living with outside practice."

He asked for repeal of section 13 of the County Municipal Law, and asked for steps in making the proposal work. He asked that doctors' salaries be frozen at the present levels except for cost of living increases. He asked also that a percentage of each dollar earned be kept by the physician as income and that a total income ceiling commensurate with a doctor's experience and responsibility be imposed. He also asked that a plan for reviewing the practice regularly be set up.

Also speaking in favor was Warren J. Freeman, of Rockville Centre, president of the Medical Center's Board of Managers.

Joan Saltzman, of Great Neck, speaking for a group called Community Advocates, said her group was "concerned with care

and cost." She expressed the fear that the proposal on the agenda would create a "two-tier" system of treatment at the Medical Center, with private patients receiving better attention.

Supervisors' buff Carl Schmidt spoke against the proposal.

### Assurances Needed

Hannah Komanoff, Supervisor from Long Beach, based her affirmative vote on assurances that strict regulations would be worked out as to percentage of private patients allowed to occupy beds at the hospital, so that public patients would not be edged out.

The County Executive spoke in favor of the proposal, with the prediction that great doctors would be attracted to the Medical Center. The county, he said, could not possibly pay them salaries commensurate with their abilities.

"Just think what all your taxpayers' groups would say if we announced that we were going to pay a doctor \$125,000, possibly even \$200,000 per year. We couldn't possibly do it," he said.

### Other Business

In other business, the Supervisors authorized all expenditures for the construction of buildings in connection with the work release program at the County Jail; appropriated monies not otherwise appropriated in connection with drug abuse treatment service in the county; and spent some money to modernize the police department for a "two-part voice identification program for criminal identification purposes," a "modernization of police communications," and "analysis and administrative use of police data."

## RONCALLO REPORTS

by CONGRESSMAN ANGELO D. RONCALLO

In my opinion, the Government needs to balance its books just as carefully as any homemaker keeps the family accounts. You shouldn't spend what isn't there in the first place—either at home or in the government. If you do it's going to catch up with you—a bill collector or runaway deficit spending.

I have tried to vote during my tenure here in Congress to keep a sane level of spending. I believe that the Congress has a duty to the people we represent to remain fiscally responsible. In fact, I voted for a \$7.1 billion reduction in the overall federal spending ceiling.

I have taken a long hard look at every spending bill that's come up to make sure that we had the money to spend in the first place and secondly to satisfy myself that the proposed project was worth its tab.

I strongly supported a Budget Reform bill which passed Congress before Christmas, especially its provisions for pilot testing of contemplated programs and more limited time periods of authorization for federal programs.

Pilot testing means that a mini-program being proposed is funded and tested and evaluated on a smaller and cheaper scale before Congress funds the entire program. This practice prevents possible waste of taxpayers' money and has worked well in such areas as geo-thermal research and child abuse prevention projects. I also strongly supported an urban mass transit pilot program as a good beginning to solving this massive problem.

Limiting the period of authorization for a program means that instead of Congress giving a carte blanche for spending, a program's basic authorization would be debated and scrutinized periodically to make sure the program was still valid. Particularly in such areas as environmental education this should keep federal action effective and timely.

fective and timely.

I do not think that any program, no matter what area it is concerned with, should escape thorough evaluation by Congress before it is OK'd. I believe it is Congress' duty to look at a bill and all its amendments before it votes and to make up its mind responsibly. There should be no "sacred cows" above evaluation in this process. After all, it's our money—yours and mine.

As a result of several letters from constituents of mine who are employed at the Air National Guard Unit at Westhampton Beach, I contacted Secretary of Defense Schlesinger and requested that that base not be closed this summer as scheduled, but that the Pentagon reevaluate the Unit's mission with a positive eye toward keeping it open and people on the job.

We seem to have been successful. The Pentagon has advised me that the base's mission is being reevaluated and that there is hope that the Suffolk County base will stay open. However, contrary to a misleading article in one of our daily newspapers last week, the decision is not yet final and no extension has been approved. The closing date for the base has always been "sometime during the first quarter of Fiscal Year 75"—the last day of which is September 30, 1974. I think it is premature for anyone to consider the closing date extended YET. I am doing everything that I can try to help keep that base open and will continue to. I think it's an important part of our strategic defenses on the East Coast, by its very location, and it should be kept.

Despite rumors to the contrary we're glad that the Federal government will continue to fund materials for the talking book program at the same level as last year. It also appears that this year the State will pick up the tab for staff and distribution on this very worthwhile program.

## Women's Tennis Instruction

Are you aspiring to be a Billie Jean King? Or maybe a Chrissie Evert? Or perhaps you'd just like to be able to hit the ball. Well, now is your chance to register for Town of Oyster Bay tennis instruction given with the women's touch.

Starting on August 12 and continuing for 10 weeks, students will be able to receive one hour of professional tennis instruction each week. Classes will be small (maximum 12 students) so there will be plenty of individual attention.

Registration is open now through July 29 for residents of the following park districts: Bethpage, Ellsworth W. Allen, Marjorie R. Post, Plainview-Old Bethpage and Syosset-Woodbury. The fee is \$30 and checks should be made payable to: Town of Oyster Bay Tennis, Department of Parks and Recreation, 800 South Oyster Bay Road, Hicksville, New York, 11801.

For further information on women's tennis instruction, contact Jean Larsen at 433-8020.

### REPORTS

Recently, I have received a number of letters from homeowners in the south shore area of the Town whose homes are being hooked up to the Nassau County sewer system. Their main concern is the protection they have against shoddy workmanship, property damage and personal liability.

This is also a major concern of your Town officials, and a detailed review of our plumbing code has been made with this in mind. I would like to review briefly a number of the requirements that provide adequate protection to the homeowner.

First of all, individuals permitted to install sewer connections must be licensed plumbers. In order to secure a license from the Town of Oyster Bay, the plumber must prove his competency by passing both written and practical tests. Any plumber performing shoddy or defective work will jeopardize his license.

All plumbers licensed by the Town of Oyster Bay must have a Public Liability Insurance Policy to cover liability arising out of operations under permits in limits of not less than \$100,000/\$300,000 for bodily injury and not less than \$50,000 for property damage. Additionally, the plumbers must have a bond in the amount of \$5,000 running to the benefit of the Town of Oyster Bay for work performed in the Town's right-of-way.

At all phases of the job, Town plumbing inspectors, who are also licensed plumbers and certified by the Nassau County Civil Service Commission, will inspect the work done. Only when the completed job meets all qualifications will a Certificate of Approval be issued. Any defects in workmanship must be corrected before a Certificate of Approval will be issued.

We believe, therefore, that a mandatory requirement for an additional Surety Bond is un-

necessary in view of the above regulations and would place an additional cost on the homeowner. Our investigation reveals that the cost for a Surety Bond, per individual household, would be up to \$50.00. We do not want to mandate this additional cost by law. However, if any individual homeowner or group of homeowners wish their plumber to have such a Surety Bond, the plumber could obtain one, with the additional cost being passed on to only those homeowners requesting the bond.

The procedures and regulations governing sewer connections in the Town of Oyster Bay are similar to those in effect in the Town of Hempstead, which has had considerable experience with sewer hookups.

The Town Division of Buildings has prepared an information package concerning sewer hookups which is available on request. Write to the Division of Buildings, Town Hall, Oyster Bay, 11771, or call 922-5800.

## Dear Friends ....

AS YOU KNOW, the March of Dimes is sponsoring a Walk-a-Thon this Sunday. We received a note from Pt. Salvatore DiBenardo of the Hicksville Unit of the Nassau County Auxiliary Police, urging as many of his members as possible to come on down and their County brothers, who are also planning to march. Cheer on their Aux. Police brother, Douglas Griffin, who is in this Walk. The route of this Walk-a-Thon is carried in this week's HERALD, so you can all come on out and cheer your participating neighbors on, in their efforts in this fine county-wide project for a worthy cause.

AN APOLOGY to our own photographer Bob Berkowitz, for neglecting to add his credit line to the pictures of the accident on page one of the Hicksville edition last week.

OUR CONDOLENCES to the family of Bea Jeanson, on their loss Bea was truly a fine and friendly person who was helpful to all who needed her help and active in many areas. She will be missed.

WE MISS our staff writer and educational expert Shirley Smith who has been doing such a fine job for us covering Hicksville District 17 school board news for yea these many years. For we were unable to bring you news of the April 11th meeting in the objective manner in which Shirley always reports it to you. However, she is back from a trip to New Mexico where she visited with her family, and you can look forward to Shirley's factual reports bringing you up-to-date on these important matters again by next week.

THE HICKSVILLE COMMUNITY COUNCIL regular meeting is scheduled for Thursday, May 2, at the Library, starting at 8:30 p.m. sharp. We are pleased to see that many more individual Hicksville residents are attending these informative meetings, as well as the dedicated representatives of most of our local organizations, who take the information of each meeting back to their respective organizations. Why don't you join us?

Best wishes,  
SHEILA

NASSAU COUNTY WALK-A-THON 20 MILE ROUTE

Walk-a-Thon set for Sunday, April 28.

## March of Dimes Walk-a-Thon This Sunday!

The Nassau County March of Dimes will launch its annual Walk-a-Thon against birth defects this Sunday, April 28th.

Pre-registration for the walk has already topped 17,000. All walkers will meet at 8:00 a.m. at Eisenhower Memorial Park in East Meadow to begin a 20-mile walk around Nassau County. Walkers will pass through the following checkpoints: Pergament in Bethpage; Bethpage High School; Mid Island Shopping Plaza; Levittown Hall; East Meadow High School and Eisenhower Park.

Each checkpoint will be equipped with a first aid station manned by members of the Nassau County Podiatry Society and many nurses. Snacks will be given out to all walkers at all of the checkpoints.

People who haven't registered for the Big Walk are urged to round up as many sponsors this week and register on the morning

of the Walk-a-thon at Eisenhower Park.

For further information contact Gail Grossman, Walk-a-thon

Coordinator at 741-4045 or drop in at Walk-a-thon Headquarters: 366 Jericho Turnpike, Mineola, N.Y.

### ANOTHER BIRTHDAY FOR ISRAEL

The close of Israel's 25th Anniversary Year, marked by the occasion of her 26th Birthday this month, should provide each of us with a vivid illustration of the strength and inspiration to be found in freedom. If monuments were ever built to commemorate birthdays, certainly each passing anniversary of Israel's birth, and hence, her survival, would deserve such a tribute.

The watchword that perhaps best befits the first quarter-century of Israel's existence is determination. It is truly difficult to imagine any other nation of comparable size weathering four major military attacks on its people and sovereign territory. It is difficult to imagine any other nation of comparable size weathering four major military attacks on its people and sovereign territory. It is difficult to imagine any other nation less resolute enduring repeated assaults on its religious and cultural heritage. Yet the still young Israeli nation has survived both the physical and mental wars with a will few other nations could claim.

Now entering her twenty-sixth year, that nation still suffers the pain and the price of unresolved conflict with her neighbors. The "detente" being engineered through Secretary of State Kissinger's masterful diplomatic efforts is still too far from reality to offer any concrete hint of permanence. Internal problems, occasioned by the resignation of Prime Minister Golda Meir, are unfortunate but something of a classic example of the "growing pains" which any young parliamentary government might be expected to undergo. The continued good health of Israel's government, in my

view, is assured.

The continued existence of the nation itself provokes far more serious concern. Until the efforts being made to resolve Middle Eastern differences bear fruit (in the Syrian situation, for example) and thereafter as well, eternal vigilance must remain the watchword for Israel and her friends, including the United States.

I'm personally certain that the almost matchless will of this young nation will carry it through many, many more years. During those years, Israel's determination should be flattered by continued U.S. support for this staunch friend and close ally in the Middle East.

# Nassau County's 75th Anniversary

A special exhibit marking Nassau County's 75th Anniversary officially opens at the Historical Museum in Eisenhower Park on Saturday, April 27.

The exhibit, entitled "75 Years of Progress," traces the 19th century efforts by residents of North Hempstead, Hempstead and Oyster Bay to separate from

Queens County. The opening date coincides with the April 27, 1898, passage of the State Assembly Bill which created Nassau County, effective, January 1, 1899.

Artifacts and photographs portray the story of the county's movement for independence and its subsequent growth. The history of the county's lion seal is explored and more than one dozen current variations are displayed.

The exhibit explains the first County Executive's role in setting up the changing government relationships after the establishment of the Nassau County Charter in 1938.

Nassau's industrial development, from its agricultural heritage to today's sophisticated

aerospace, electronics and computer industries, is illustrated along with Nassau's role as the "Cradle of Aviation." Displays include products made in the county from 19th century Colonial brick to a model of the 20th century lunar module.

The change from the county's dirt roadways of the 1800's to the super highways of today is depicted by road maps and pictures from as early as 1900.

The special exhibit, which will run through September 15, highlights the changing face of the land, the people and events that have shaped Nassau County.

The museum, operated by the Nassau County Department of Recreation and Parks, is open from 9 a.m. to 5 p.m., daily. Admission is \$2.25.

## County Wheelchair Games

The 5th Annual Nassau County Wheelchair Games will be held this year on Saturday and Sunday, May 11 and 12, instead of the previously announced dates of May 3 and 4.

More than 200 disabled adults are expected to compete in the two-day event, which is the regional meet for wheelchair bound athletes who wish to qualify for the National Wheelchair Games and the Wheelchair Olympics.

The May 11 competition, which will include events in swimming, weight lifting and table tennis, will be held at Uniondale High School from 9 a.m. to 6 p.m.

The location will switch over to Eisenhower Park in East Meadow on May 12 during the same hours for track and field and archery competition.

## Violin Recital

On Sunday, May 5th, Richard Sortomme, winner of first prize in the National Young Artist Competition will give a "Showcase" violin recital at the Gillary Gallery, 62 Maiden Lane in Jericho.

Mr. Sortomme will perform a program by Beethoven, Faure, Hindemith, Kreisler, Chopin, Milstein and Wieniawski. He will be accompanied at the piano by Leslie Sixtin. Donation \$3.00.

# Buys Hot-Pants After Losing 72 pounds

There's nothing like reaching 30 and weighing 214 pounds. When she got off the scale, Dee McManus said to herself: "You're over the hill, kid." But deep inside, she didn't believe it. She knew she had to try to look her age—by losing weight. That's when she tried Ayds® Reducing Plan Candy.

Dee wasn't born fat. Fact is, food didn't agree with her as an infant, so her mother had to force her to eat. Well she learned to like to eat, all right . . . too much.

Incredibly, at the age of 20, she married a man who was as thin as she was fat. But that didn't help her weight problem . . . and neither did having children. After each child was born, she'd gain instead of lose—until she was the biggest parent at Parent Teachers meetings.

But the day she heard a friend say, "You don't want to look like Dee, do you?", she decided she had to do something about her weight. She'd read about Ayds Reducing Plan Candy, so she bought a

box. It contains vitamins and minerals, no drugs or artificial sweeteners. You take one or two Ayds as directed and it helps curb your appetite. Following the Ayds Plan, you eat less because you want less, so you lose weight.

Now, after losing 72 pounds on the Ayds Plan, Dee McManus has a figure good enough for hot-pants. And she's going to be the first one in her home town of Butler, Pennsylvania, to wear them.

Ayds comes in four great flavors: chewy vanilla caramel, plain chocolate fudge, chocolate mint fudge, and butterscotch fudge, the latest Ayds flavor.

## H'sville American Boys Play Internationally

The Hicksville American Boy's Soccer Team, sponsored by the Marco Polo Lodge, Levittown Sons of Italy, returned on Monday, April 15, from an impressive tour of Italy and Sardegna, (particularly Alleghero).

From the touchdown of the airplane in Rome, to the last farewell eight days later, the boys represented America with all the courtesy, we could hope for. In return, they enjoyed all the hospitality accorded them.

Each member of our party, player and parents alike, experienced a feeling of instant communication and warmth. One of the out-standing experiences of the entire trip was the visit to Alleghero. The total acceptance and rapport with the Hicksville

Club by the people of Alleghero was beautiful.

Our boys were greeted at the soccer Stadium in the heart of Alleghero, with a standing ovation, as they took the field for the first game in front of 4,000 spectators.

Fan reaction to the scene was intensely and enthusiastically warm as the teams lined up on the field for introductions. The language barrier was completely non-existent as the crowd roared its approval of the token - gift exchange ceremony between players. Opposing coaches received unrestrained approval during the introductions, equaled only by the response given to the presentation of flowers to the parents of the American Team.

Following formal proceedings, where our Captain and the

Captain of the Alleghero De Gregorio team exchanged official team gifts, the 'Hicksville Club maintained its dignity by playing a very strong defensive game producing a more than satisfying 1-0 loss. Coaches Joe Sanna and Michael Sini were justifiably proud of their boys.

Victors and losers alike, wore smiles of admiration for each other at the end of the game, acknowledging the satisfaction of having been in a well-matched game of the highest calibre.

This attitude was continued at the reception given later by the Tourist Bureau of Alleghero. The details of this reception and the next day's game, plus highlights of our experience into the heart of international soccer - land will continue next week.

## Hicksville PBC

On Saturday, April 20, fourteen boys from the Hicksville Nautical Cadets went on their first bike hike to Bethpage State Park, under the supervision of Policeman Director Mr. Toldest, Mr. Rhodas, Mr. Giansante and Mr. Thode, who

followed in the PBC van in case of any fatigues peddlers.

The boys participated in bike races, football and a hike through the park.

An enjoyable day was had by the boys and officers despite the flats that

were fixed by Mr. Rhodas and his son, John.

Anyone age 9 through 17 is welcome to join cadets, any Friday evening at the Hicksville Junior High School on Jerusalem Avenue. Girls are also welcome.

## Hicksville Soccer Club News

This past weekend, we saw a mixture of wins and losses which did not affect our Club's standings to any great extent. Saturday, the Midgets, under the direction of Al Barcavage fought St. Kevins to a 0-0 tie, while the Boys B team, coached by Joe Sanna and Michael Sini contained Garden City to a 1-1 tie. Our Boys A team, coached by Pat McHugh and Bill Cresham rolled over

Cambria Heights 6-0 to end the day.

Sunday saw our oldest team, the 16 to 19 year old Juniors, under the direction of John Kerti and Roger Fremgen sustain a 2-1 loss to So. Huntington, while the Bantams (our youngest traveling team) coached by Tony Camara, were playing to an identical 2-1 loss to Northport. The 13-15 year old Juveniles, coached by

Peter Collins saved the day by defeating Garden City with a 7-0 score. Win or lose - it was a beautiful weekend for soccer fans.

The opening games for the intramural program commence on this coming Sunday, April 28th at Dutch Lane and Cantiague Park. The Hicksville American Soccer Club is happily forced into an expansion situation by such increased registration as to require the establishment of fifteen intramural teams. The original team name designations after the thirteen original colonies will be increased by teams called Vermont and Kentucky. We are all looking forward to an exciting and productive intramural season.

## Pennysale

On Wednesday evening, May 1st, the Women's Auxiliary of the Hicksville International Little League is sponsoring a Pennysale.

The Sale will take place in the Charles Wagner Post American Legion Hall, 24 Nicholas Street, at 8 p.m.

"Come and spend a 'fun-filled' evening with us and help us raise

money for our boys," urged an Auxiliary member. "Remember the time and date. We'll look forward to seeing you," she concluded.

the community organization's Beautification Program.

## Hearings Set

By Janet Gosnell

Tuesday was a quiet day in Oyster Bay with no speakers on one hearing for a special use permit in Massapequa and no controversy over the decision calendar.

Of interest to readers in this newspaper's area were the setting of public hearings for May 28th for two BP service stations, one in Hicksville on Old Country Road and Broadway, and the other in Syosset on Jericho Turnpike and Jackson Avenue.

In both cases, the purpose of the petition is to modernize the service stations and to convert them to strictly gasoline dispensing operations, eliminating repairs to automobiles. In the case of Hicksville, the petition is for a

special permit use, expressing the intention of installing two 6,000-gallon tanks and two 8,000-gallon tanks underground.

In the case of the Syosset station, which predates the zoning ordinance of 1929 and is a non-conforming use in a Business F zone, the petition requests a change of zone to G, now required for all gas stations, and a special permit use to operate a gasoline filling station.

In another decision, the Town Board appointed Martin Silberg as appraiser of a parcel of land in Syosset which the Town wishes to acquire for the purpose of installing a traffic light. The proposed light will be on Jericho Turnpike east of Underhill Blvd., in the vicinity of Lafayette Radio, according to a Town Hall spokesman.

Court Queen of Angels No. 869, Catholic Daughters, will celebrate their 50th anniversary on Sat., April 27 in St. Ignatius Church at 12 noon mass. Father Frederick Harter will celebrate the mass. It will be followed by a smorgasbord at the Royal Viking Restaurant, Woodbury.

Congratulations to Lori Maiorino, who celebrated her 13th birthday on April 21, and will be making her confirmation at St. Ignatius Church on Wed., April 24. Proud Mom and Dad, Jean and John, will host a family party at home at 3 Moeller St., Hicksville, on Sunday, April 28.

Joseph Paul Eberle, son of Mr. and Mrs. William Eberle, 9 Switzerland Rd., Hicksville, will receive his First Communion, on April 28 at St. Paul the Apostle R.C. Church, Jericho.

Michael Geottemann, 21 Byron Pl., Hicksville, will be two years old on April 27. Happy birthday.

Birthday greetings go to Ronald Mitchell, 31 Ronald Ave., Hicksville, who will be 9 years old on April 29.

Sallie O'Neill, 10 Liszt St., Hicksville, and Martin Schneider, 25 Lawrence St., Hicksville, will both celebrate their birthdays on April 30. Sallie will be 8 years old and Martin will be 14 years old.

Friends of Mrs. Lois Ambron of 4 Rhodes Lane, HICKSVILLE, are happy to hear that she is now recuperating at home from open-heart surgery at Nassau Hospital. Her husband, Charles, a life-long Hicksville resident, had quite a time of it. The evening before Mrs. Ambron's surgery, their 16-year old son, James, had to undergo an emergency appendectomy. His mother was never told of it until Jim was able to visit her. James has now

recovered nicely, and his mother is also resting comfortably at home.

Get well cards can be sent to Edgar Sweet, who has undergone surgery recently at Mid Island Hospital, 4295 Hempstead Tpke., Bethpage, N.Y. A local banker, Ed is well known to many in our town, who are used to seeing him and his lovely wife at Hicksville Community Council meetings where he has represented both the Hicksville Rotary Club and the Hicksville Chamber of Commerce effectively. Get well soon, Mr. Sweet.

Best wishes also go to Mr. and

Mrs. Frank Clements, who recently celebrated their thirtieth wedding anniversary. And we should thank Harvey Kotin, who edited the April 17th Kiwanis Club of Hicksville Bulletin for the last two items. The bulletin was fine, as usual....in fact, it also made mention of Harvey's birthday....so, hope you had a happy, Harvey!

Well, well, to Mr. and Mrs. Frank Chlumsky have recently celebrated their 67th wedding anniversary. We think that's wonderful...and couldn't happen to nicer people. Stay well and as active as you always are, friends.

## Engaged

Mr. and Mrs. John R. Niederauer of 43 Michigan DR., HICKSVILLE, announce the engagement of their daughter, Lynn Marie, to Mr. John Flynn of Cornwall Lane, Hicksville. Lynn is attending Nassau Community

College and Mandl School for Medical Assistants. John is a graduate of Hofstra University currently employed by GEICO Insurance Co. They plan an April, 1975 wedding.

## Abandonment Of State Plans By John W. Burke

I am pleased to have learned of the State Department of Transportation's abandonment of its proposal to widen Route 107 and to alter surrounding properties between Northern Boulevard and Jericho Turnpike.

The State's decision not to widen this thoroughfare (from two lanes to four lanes) but rather to implement specific improvements through less extensive changes is in keeping with the opinion of local citizens and public officials.

When Department of Transportation officials held an informational session at Jericho High School last February 27th, they learned of the active and wide-spread opposition of local public officials, civic leaders and

other concerned individuals. The people, working together with the elected officials at the State, Town and Village level have caused the Department to reassess its plans and abandon the road widening.

State Senator Ralph Marino, Assemblymen Joseph Reilly and Joseph Margiotta, Town Councilmen Howard T. Hogan, Jr. and Kenneth Diamond, and Brookville Village officials including Mayor Kevin Wait have been effective in adding weight to the universal opinion of local residents that the now-defunct proposal was unacceptable. I'm pleased to note this concern of representative government and the victory that the people and their elected officials have achieved.

### ...I Want To Be Noticed

How many hairs on a human head? Have you ever stopped long enough to count yours? Even to count the hairs on a balding head would be nearly impossible. Who cares anyway? God does! "Even the hairs on your head are all numbered," the Bible says. So intimate is God's interest in you that He keeps a personal count of every hair on your head.

Everyone goes through life wanting to be noticed. Few view life as a terminal illness. Few live in perpetual apathy. Friends and fame are sought by most. Success in sports, in business, with the opposite sex is important. We want our lives to count. "He's a great guy," is the least we want to hear about ourselves.

But few lives are even second page news: Most

are not distinctive at all. At the end they can be encapsulated in a simple dash.... John Doe, 1944-1974. Thirty years summarized so briefly.

Jesus said things can be different for you. There is life after birth. Good life. Meaningful life. Abundant life. When you permit Christ in your life He brings with Him the gifts of joy, peace, and happiness. Purpose and direction for living become apparent to you. Saying "yes" to the Lord is saying "yes" to yourself and the full life God wants you to have.

There is also life after death. During His life Jesus spoiled every funeral He ever went to. Even His own. After His crucifixion they buried Him, but He did not stay buried. He is also willing to spoil your funeral if you will only let Him. Letting Him means believing that in Jesus there is forgiveness for your shortcomings and wrong actions...that in Jesus there is a bridge from this life into eternity.

The next time you comb your hair, making sure each piece is in place, remember who cares enough to subtract the several strands that inevitably come out in the comb. Even the seemingly insignificant aspects of your life are noticed by God. He cares that much for you.

### ON CAMPUS

John W. Funfgeld of 16 Harrie Court in Hicksville, has been accepted for admission in September to the State University, Agricultural and Technical College at Delhi. He will study in the Business Management Division. John plans to graduate from Hicksville High School, Class of 1974 and is the son of Mr. and Mrs. John Funfgeld.

David Rosman, a former Hicksville resident, graduated on April 9th from Parks College, University of St. Louis, with a degree of Bachelor of Science in Aeronautics. David was a graduate from Hicksville High School.

**RABBI STUART WARNER**, the new spiritual leader of Congregation Shaarei Zedek located at the intersection of New South Road and Old Country Road in Hicksville.

"The Congregation extends a cordial welcome to all who wish to worship with us," said Rabbi Warner. "Sabbath services begin each Saturday at 9 a.m."

### Church Women United

Church Women United will have the leadership of Edith Schryver as Area Chairlady for another two years. She was installed at Our Lady of Angels Seminary in Albany, N.Y. on April 23rd.

There are fourteen C.W.U. units in Nassau Co., ecumenically represented. Its achievements are evident in the No. East Nassau Psychiatric Hospital, Mineola Childrens Shelter Emergency Food Program for the hungry, Literacy Volunteers teaching some of the 25,000 illiterates of this county how to read, visiting and teaching in the Nassau Co. jails, arts and crafts and high school equivalency subjects—there are more: visiting homes for the aged, Fish, etc. donating to Red Cross for emergency disasters and to social services when called on to help a distressed family in our county. However, its main function as a

movement is coming together as one faith to praise our Lord and rejoice in the fellowship and joy experienced as active forceful and fulfilled females of Church Women United.

"All women who love and revered the name of, JESUS CHRIST, are welcome to join in our units. Many of you may have belonged to C.W.U. in other states, since there are 2,000 of them in the U.S.A. It is understandable then, that this is the work of the Lord, and that all participants of C.W.U. are given His Special Blessing. Won't you join us at our next Celebration Day?" urged a spokeswoman for C.W.U.

The May Fellowship Day is set for May 3, at 11 A.M. at the United Methodist Church on Main Street, Farmingdale. Luncheon is \$2.00. Please call Lillian Miller, chairlady, at Ch. 9-7454 for reservations. Baby sitting provided at the church.

### Conference For Clergymen

In an effort to help clergymen in helping people in the community, Nassau County Executive Ralph G. Caso has scheduled a unique series of seminars to better acquaint spiritual leaders on available government programs.

"Most clergymen are in the front lines when it comes to helping people with a problem," Caso said. "In many instances, clergymen can draw upon the resources of county government to help someone in need. For this reason, it is important that the clergy be knowledgeable about what county programs exist and

whom to contact."

The first Nassau County Government Clergy Conference will be held on May 2 at the Salisbury Restaurant in Eisenhower Park, East Meadow. Caso is sending invitations to the more than 600 clergymen in the county. At the conference seminars will be conducted on the following areas: Children and Family Problems; Health Services; Problems of the Aging and, Employment and Vocational Training.

County officials who work in each of these areas will give brief presentations on the services they offer, followed by open question and answer sessions.

Caso stated that the topics for the first conference had been determined by the types of questions most asked of the county by clergymen. He said that the subject content for future seminars will be designed around the interest expressed by clergymen at the initial meeting.

"Obviously, we can't cover every field in depth in just one afternoon. However, the conference will be an important first step in helping the clergy understand what the county has to offer and how to take full advantage of our many programs and services," Caso said.

## GOP Club

## Mourns Loss

It is with deep grief and sorrow that the Ernest F. Francke Republican Club of Hicksville reports the news of the passing away on April 20th of BEATRICE M. JEANSON, corresponding Secretary of the club. Known by her friends as "Mrs. Republican", because of the efficiency with which she got things done, she had served in the office of Corresponding Secretary for most of the period since the club was organized. She was a Hicksville resident for all of her life and had served on many different committees.

BEATRICE JEANSON worked as assistant to the Assistant Supervisor of Highways Town of Oyster Bay. She was president of the Oyster Bay unit of the CIVIL SERVICE EMPLOYEES ASSOCIATION (C.S.E.A.) for many years and was also Vice President of the Nassau Chapter of the C.S.E.A. for over 15 years. In honor of her achievements her friends and associates had planned to hold a Testimonial Dinner for her in May.

The Ernest F. Francke Club joins with the rest of the community in mourning the loss of BEATRICE M. JEANSON. She will be sorely missed by all.

## TRAVEL TIPS — TOURS — TOPICS By Norman Diamond

Looking for a vacation spot where you can truly "get away from it all"? Do you want sun and fun in an exotic paradise? If your answer is yes, then the Caribbean is the place for you. Whether you fly to one of the lovely sun-drenched Caribbean Islands or take a leisurely cruise aboard a luxury liner, you're sure to enjoy a vacation you'll long remember.

Also known as the West Indies, the Caribbean Islands dot the splendid Caribbean Seas from Puerto Rico to intriguing Trinidad, the birthplace of Calypso, just 40 miles off the coast of Venezuela. Between these two are the voodoo drums of Port-au-Prince, Haiti, Granada, the Isle of Spice; and countless other islands you've only dreamed of visiting.

**LEVINE BATTLING FOR EQUITABLE STATE FUNDING TO LOCAL SCHOOL DISTRICTS** - Assemblyman Stuart R. Levine (R-Bethpage), right, has been battling to assume increased State funding to our school districts. Assemblyman Levine has been meeting regularly with

Senator Owen H. Johnson (R-Nassau), left, and Senator Leon E. Giuffreda (R-Suffolk), author of the Tax Limiting Equalization bill which would pour meaningful State aid into education in Nassau County and equalize present inequities in the present formula.

## Who Invented The Telephone?

Who was the original inventor of the telephone; Alexander Bell or Antonio Meucci? That was the question that (40) students of 'Italian' at the Hicks Senior High were faced with as they recently visited the Garibaldi Museum of Rosebank, Staten Island.

The Museum is made up of a 6 room split level house which used to be the house of the Florentine born Antonio Meucci, friend of Giuseppe Garibaldi, the leader of the Italian Revolution for the unification of the country and a guest of Meucci in 1853.

Mr. Arnaldo A. Ferraro, teacher of 'Italian' at the High School and sponsor of the Trip, informed his students that Antonio Meucci filed the plans for the invention of the telephone with the U.S. Patent Office in Washington, D.C., in 1871 and was issued a 'Caveat' or a temporary patent for that invention for the validity of one year. It was in 1876 that Alexander Bell applied for and received the patent for the invention of the telephone; 5 years later.

Mr. Ferraro also said that the trial and court decision of the Meucci VS. Bell Telephone Company, the twenty more

## Nassau Psychiatric Care

The Northeast Nassau Psychiatric Hospital was set up about four years ago on the grounds of Kings Park State Hospital as a separate, new community-oriented hospital serving the townships of Oyster Bay and North Hempstead. In addition to in-patient and out-patient services for adults from the two townships mentioned, the Northeast Nassau Psychiatric Hospital is the only psychiatric hospital that provides in-patient and out-patient psychiatric services for ALL

ADOLESCENTS AGES 14-18 FROM THROUGHOUT NASSAU COUNTY.

The philosophy of the hospital is oriented towards a close liaison with community mental health agencies, rapid intensive treatment of hospitalized patients, and a return to community life for the treated patient.

The hospital has five out-patient facilities in Nassau County. There is a Community Day Center in Glen Cove; adult clinics in HEMPSTEAD, HICKSVILLE, and Glen Cove; and an Adolescent Day Hospital in HEMPSTEAD.

# Can Business Be Heard, If Nobody Listens?

If a tree falls in the middle of a deserted forest is there any sound?

Answer: There are only vibrations. Sound is a physical phenomena which occurs as a result of a sympathetic ear drum, which carries the vibrations to a receptive mentality.

All over the world—including Westbury, Long Island this Monday businessmen are meeting to discuss a program that will similarly help them to be heard.

"We're all making a lot of vibrations right now, but I'm not so sure anyone out there is listening," says Arthur Hug Jr., President of Long Island Trust Company and its parent holding company, LITCO Corporation of New York. Hug who is also Chairman of Operation Enterprise, Long Island, said that "never has it been more difficult for business to communicate its position to the public at large."

"The energy crisis, and all the other over-communicated crises assailing the concerned American, tend to promote a rejection of rhetoric, or any position pronounced to the general public, regardless of its merit," Hug continued.

The result is that the condition has the capability to worsen, and if businessmen would make their problems understood, and the contributions of the businessman comprehensible, they must literally begin at the beginning with a grass roots effort "to explain the business method, the function and role of the businessman in our society, and the abilities and skills demanded of business managers."

Essentially, this is the purpose of Operation Enterprise, an international program which is being spearheaded by J. Kevin Murphy, President of Purolator Services, Inc., who is mustering

businessmen to participate in the program, in association with the American Management Associations.

Already underway in major capitals in the U.S., Canada and Europe, Operation Enterprise is aimed at the high school and college student's opinions and understanding of business in general, and the role of the business functionary specifically. AMA and businessmen sponsor a two-week seminar or rap session conducted during the summer, which places top businessmen in front of students "in an environment which is unlike any seminar any businessman is familiar with," Hug says.

"These kids are smart, combative and very often opinionated and they ask all the tough questions, the kind businessmen would sometimes like to shy away from," Hug states. "But they must be answered... candidly... and with a great deal of explanation if business is to be truly understood," he states. He added that AMA for ten years has conducted the program and that these rap sessions have contributed significantly to a better understanding of the realities of the business environment.

"Too much of what the student knows, or thinks he knows about business comes from secondary sources, which is an unfortunate circumstance for those considering the possibility of what to study, what career to follow, as

well as what to believe," Hug concluded.

More than 60 leading Long Island businessmen, many of them Presidents of leading companies on Long Island, are expected to attend a luncheon meeting April 22 in Westbury (Westbury Manor) where the details of the program will be discussed.

The Operation Enterprise international program is expected to engage more than 20,000 students in a dialogue with businessmen in the next two years. The Long Island program is expected to be held at C. W. Post Center of Long Island University in the last two weeks of August.

**LENT PETITIONED TO RETAIN "CLEAN AIR ACT" MUSCLE!**  
Congressman Norman Lent (r) met with a large group of members from the Coalition Against An Un-Sound Environment in his Long Island office last weekend, to accept petitions urging retention of tough anti-pollution controls under existing federal law, despite the efforts to weaken them due to the "energy crisis." Included among the groups leadership were (left to right) Karen Ralston, Environmental Quality Chairman of TOBAY's League of Women Voters, Tony Joseph of Syosset, Vice President of the Nassau County Sierra Club and Al Lemke of East Meadow, who serves as Chairman of the Long Island Audubon Council and the President of the South Shore Audubon Society.

## HOT LUNCHES (Continued from Page 1)

Ave., and sponsored by the EOC and the Three-Community Action Program.

The locations were determined by the Social Services Department by the density of isolated, low-income elderly in each area.

Social Services Commissioner Joseph D'Elia said: "This program will enable us to reach out to many lonely elderly by bringing them to pleasant surroundings where they may dine together and enjoy the warmth of new relationships." The funding was arranged

through the U.S. Older Americans Act by the Nassau Department of Senior Citizen Affairs, according to Commissioner Adelaide Altard.

The lunches are free, but anyone participating may donate up to 50 cents for their meal if they are able. Transportation will be arranged at each of the five centers either by a bus or through volunteer drivers.

No pre-registration is required. A person over 60 who wishes to take part need only go to the

center nearest them, present proof of age and residence in the county. They'll be issued identification and scheduling will be arranged.

All they need do then is take their appetites to the table and enjoy a solid meal of chicken, cornbeef, meat loaf, scallops or the like.

The sponsoring organization at each center will contract for the food to be prepared by a caterer under guidance of a county nutritionist.

# Brigade of the American Revolution Creates Living History

One of the most colorful and glorious periods in our history--the War for American Independence-- will come alive for Long Islanders on Saturday and Sunday, May 4 and 5, as the Brigade of the American Revolution comes to Eisenhower Park in East Meadow.

Members of the nationally famous "Brigade"-- dressed in authentic uniforms and equipped with flintlock weapons identical to those carried 200 years ago-- will present drills, tactical battlefield demonstrations, and exhibitions of skills and crafts of the 18th Century soldier.

The Brigade is composed of amateur and professional historians who have researched and re-created individual regiments which fought on both sides of the American Revolutionary War.

Its units come from as far as northern New England, the mid-west, and the deep south to re-create such famous American Regiments as Morgan's Rifle Corps, which was armed with the deadly Pennsylvania long rifle, the Corps of Light Infantry (the Green Berets of the period), the Jersey Blues, Continental Marines, and Knowlton's Connecticut Rangers.

Also among the Americans will be several state and militia regiments representing the citizen army of long ago--the farmers, cobblers, merchants and schoolmasters-- who stood shoulder-to-shoulder with their muskets at the ready to face the pride of the British Army.

They will be drilling according to the manual-of-arms taught by Baron Von Steuben during the bleak winter of 1777-1778 at Valley Forge when the colonials finally were transformed from a collection of armed amateurs into a fighting army.

Marching with swinging cadence behind the fife, bagpipes, and flowing banners of the King of England's forces will be such famous units as the killed 42nd Royal Highland Regiment--the famed "Black Watch," and the 23rd Regiment of Foot--the Royal Welsh Fusiliers--The

Troops re-creating the soldiers of the American Revolution drill in preparation for their program at Eisenhower Park in East Meadow on Saturday, May 4 at 11 A.M. 2 and 3:30 P.M. and on Sunday, May 5 at 2 and 3:15 P.M. The nationally known Brigade of the American Revolution will present drilling, a military review, volley firing, music, crafts, and battle demonstrations of our colonial period.

Tories--those colonists who remained loyal to the King-- will be represented by such groups as the green-coated Staten Island Loyalist Militia. Also present will be the Hessians of the Fusilier Regiment Von Dittfurth, in tall grenadier hats and long pigtales, shouting commands in guttural German.

It was the custom in some 18th Century armies for the wives of the soldiers to follow them on campaign. These women, skilled in the every-day crafts of the period, did much to provide the army with a feeling of family life.

Often accompanied by their children, they did the soap-making, cooking, candle-dipping, spinning, and weaving that the army required. At Eisenhower Park the wives of Brigade members will demonstrate some of the skills of the period, just as they were done during the American Revolution. Other

crafts shown will include the skills of the blacksmith, gunsmith, and leatherworker.

The Brigade will appear near Parking Field No. 3 on Saturday, May 4, at 11:00 a.m., 2:00 and 3:30 p.m. and on Sunday, May 5, at 2:00 and 3:15 p.m.

"We are trying to recreate the life of the common soldier who fought on both sides of the American Revolution," said George Woodbridge, Brigade Commander and noted historical artist. "The Brigade is a national historical society dedicated to capturing the spirit of the times and creating a living history for today's Americans so that they might better understand their heritage."

The appearance is sponsored by the New York State American Revolution Bicentennial Commission and the Nassau County Department of Recreation and Parks.

# Eastern Savings Bank Plainview Branch Hears Nears Completion

George W. Coalter (West Islip) president, Eastern Savings Bank John Forelle (Great Neck), Schumacher & Forelle, Inc., turnkey contractors, check the blueprints of Eastern's first branch on Long Island. Located at 525 Old Country Road,

Plainview, the bank is of white split face masonry block construction with large glass areas, on a plaza of brick pavers, giving the feeling of a pavilion or transparent, open structure.

Mr. Coalter said, "Construction is right on target and we should be able to fix our opening day for June 15 as scheduled."

Dating back to 1906 Eastern Savings Bank will, with Plainview, have eight branches in the Bronx, Westchester and Long Island. The Old Country Road location will have a total of 7,200 square feet including a lower level

# Hicksville Man To Pilot

## Copter Flight Around The World Planned For U.S. Bicentennial

The first around-the-world flight by a helicopter is planned at the start of the U.S. bicentennial celebration on 4 July 1976. Julius P. Taubman of HICKSVILLE, will pilot a Bell Jet Ranger copter, "Spirit of America", on a history-making flight sponsored by the Aviation Council of Long Island.

The six to eight week flight will take Taubman and his crew westward across the U.S. to Alaska, through Siberia, Europe, the British Isles, Iceland, Greenland, across the Atlantic to Newfoundland, then back to Long Island.

During the flight, first-day philatelic covers will be signed at each fuel stop in cooperation with various philatelic groups.

The pilot is a philatelist of long standing.

Taubman, 55, an experienced pilot and flight instructor, is licensed and rated for a number of different types of aircraft. He will be accompanied on the flight by co-pilot, Hou Shang Lavi, and an airframe-and-power plant mechanic. Other than extra fuel tanks, communications and navigation equipment, no special equipment will be on board.

Married, and the father of eight, Mr. Taubman decided on the around-the-world helicopter trip as his personal demonstration to the rest of the world that the pioneering spirit is still a hallmark of the people of the United States. "It's

also man's insatiable thirst to be part of a 'great adventure', and to communicate with his fellow man in far-off lands." He emphasized that he plans to make the flight a private-citizen project, without any connection with any government agency.

The flight will start and finish at Roosevelt Field on Long Island, where Charles Lindbergh took off on his historic solo flight across the Atlantic. "It's appropriate that the flight will be from Long Island, the birthplace of aviation," Taubman added.

It is calculated that the "Spirit of America" will average 600 ground miles each day, with the copter capable of airspeeds up to

1967 around-the-world helicopter flight planner, Julius P. Taubman of Hicksville.

140 miles each day, with the copter capable of air speeds up to 140 miles per hour. Since such aircraft will be fitted with extra fuel tanks to extend its range, particularly benefi-

cial for long flights over water or uninhabited land masses.

In addition to being a member of the Aircraft Owners and Pilots Association (No. 143814).

## Social Security

QUES: I just retired a few months ago and started getting monthly social security checks. I plan to help out a friend in his repair shop this spring. How will the job affect my social security payments and when should I report my earnings?

ANS: If your annual earnings exceed \$2,400; \$1 in benefits will be withheld for each \$2 of earnings above \$2,400. Regardless of total yearly earnings, no benefits will be withheld for any month you do not earn more than \$200 in employment and do not do substantial work in your own business. If you think you'll earn over \$2,400 in 1974, you should report it to your nearest social security office as soon as you can. Then social security can withhold your benefits during the period when you have income from working and make payment accordingly. If you delay reporting your earnings to social security, you could be overpaid and have to pay back some benefits.

Also, if your estimate of earnings changes during the year - either up or down - you should report the change to social security immediately. Your local office is a Station Plaza North, Mineola, New York. The phone number is PI 7-5470

# TOB Pool Regulations

Alarmed by the potential hazards of having a backyard swimming pool, Town Councilman Kenneth S. Diamond issued a reminder to residents about the pool safety ordinance which was enacted by the Town Board in 1969.

The ordinance covers those pools retaining water to a greater depth than 18 inches and covering

an area larger than 100 square feet. Building permits are required for all in-ground, permanently-installed swimming pools regardless of size, along

with above-ground, temporary pools which have a capacity in excess of 5,000 gallons. "A building permit must be obtained before any construction

begins," Diamond explained. "The homeowner will receive a copy of the permit and it should be displayed so it is visible from the street. In addition, a certificate of completion must be obtained for all swimming pool permits before the pool is used."

Fences are required for all pools and must be erected before any water is placed in the pool. All gates or doors should be equipped with self-closing, self-latching devices on the inside gate or door. The fencing should be no more than one inch from the ground at the bottom and must be a least four feet in height. Fences over four feet may not be erected without a building permit (not the pool permit). Fences will not be required if the pool is at least four feet in height from grade and of such a construction that the sides are smooth and perpendicular to the ground and have no apertures for hand or footholds.

In addition to the regular pool permit, a special permit must be obtained for all pool heaters. Heaters must comply to all fire safety rules and ordinances. Also, all electrical work must be done by a licensed electrician and inspected by the New York State Board of Fire Underwriters.

"A swimming pool can provide

years of enjoyable and healthful recreation for a family," Diamond stated, "if a few simple safety rules and regulations are observed."

Councilman Diamond also offered a few helpful hints on maintenance of pools. He explained that many summertime ear, eye, nose and throat infections can be blamed on improper maintenance of private swimming pools. He stressed the importance of properly disinfecting pools.

"The disinfecting procedure most widely used is chlorine," the Councilman stated, "which can be purchased under several trade names." He added that any chemicals should be kept out of the reach of children and should be stored in a dry, clean place away from heat.

Diamond suggested that pool owners drain their pool and disconnect all electrical connections when going on vacation. He stated the pool covers are a good investment, adding to the useful life of the pool and acting also as an additional safety feature.

"Most important," Diamond concluded, "is that children never be left alone in a pool, even for a few moments. Pool accidents do not occur when pools are properly policed and maintained."

Inquiries about the pool ordinance should be directed to the Oyster Bay Building Division Town Hall, Audrey Avenue, Oyster Bay, or call the Building Division at 922-5800, Ext. 211.

## Former Hicksvillian On Hospital Staff

Executive Director Michael Rodzenko has announced the appointment of Thomas Voss to the post of Industrial Systems Engineer on the staff of South Nassau Communities Hospital. According to Mr. Rodzenko, Mr. Voss, who was formerly a Senior Systems Analyst with Doubleday & Co. of Garden City, will be responsible for the design and analysis of systems to increase the effectiveness of delivery of patient care at the voluntary, non-profit Oceanside hospital.

Mr. Voss was born in Brooklyn but raised in Hicksville. After earning a B.S. in Economics from the Wharton School of Business of the University of Pennsylvania, he obtained his Master's in Business Administration from St. John's University in Jamaica, New York.

In his leisure time Mr. Voss enjoys photography, chess, golf, tennis and basketball.

The hospital's new Industrial Systems Engineer and his wife, Regina, are residents of Freeport.

with storage and conference rooms.

Mr. Coalter said that one of the unusual features of the bank is a Community Room on the lower level for use by local civic, fraternal and community groups. "This room", he said, "will have its own separate entrance and be available for use upon application to the Bank. "This is one way we feel Eastern Savings Bank can perform a needed service and show that we intend to become a vital part of this community."

Another feature of the bank will be "Ready Owl Service" which provides for around-the-clock deposits and withdrawals.

THE "ECOLOGY BANK": The Long Island National Bank, which was founded in Hicksville in 1917, took its nationally-acclaimed ecology campaign to Hauppauge last Wednesday when it launched a new branch office and received an ecology flag from Smithtown Supervisor Paul Fitzpatrick (center left) in recognition of "the banks' great public service, in promoting a better quality of life through ecological practices, on Long Island." The ecology flag, hoisting replaced the traditional ribbon-cutting ceremony to officially open Long Island National's twelfth branch, at Nesconset Highway and Mt. Pleasant Road. Participating in the flag-raising are: l. to r.: Albert L. Schachner, a director of the bank; Patrick F. Caputo, a director; James C. Dinkelacker, president; Mr. Jean Tuttle, Suffolk County Treasurer; Mr. Fitzpatrick; James Clavell, Manager of the new branch; Charles R. Carroll, Board Chairman, and Herber W. Purick, a director of the bank. (Graphic News Photos)
