No Action Yet On Staff Reductions

By Shirley Smith

At last Wednesday's meeting, the Hicksville Board of Education disbanded its plans to phase out the Curriculum Materials Center and eliminate the directors of Curriculum Materials and Continuing Education, and postponed action on other proposed staff reductions. These positions had been put forth at a special meeting on March 29th, and again April 17, but no action was taken either time. Board president, Robert Pirrung, explained the board had not received information requested from administration regarding the operation of affected programs with less staff. Mr. Pirrung said he would like to answer rumors circulating in the community and stated the superintendent of schools had recommended the reduction of 4 assistant principals, 3 elementary music teachers, 3 elementary physical education teachers, 4 nurse-teachers, 1 elementary foreign language (plus the reduction of 1/2 clerk in each elementary school, 15 classroom teachers, 1 homebound teacher and 2 elementary guidance counselors. The proposal to eliminate the Curriculum Materials Center and its director, and the director of Continuing Education came from the school board, along with the suggestion of adding 3 learning disabilities classes, 2 guidance counselors

and 8 learning resource specialists. Dr. Niosi explained that administration had listed various alternatives for budget reductions, in response to the board's request. But, he added, these particular reductions were not an administrative recommendation. The school board approved a motion instructing administration to have all the requested information on staff reductions by May 1. They criticized him for not having the information before now. The board did not offer any proposals for the operation of programs in which they had suggested reductions or additions.

The board discussed various codes for the 1974-75 proposed budget. Mr. McCormack asked that the public be given an opportunity, during the discussion, to ask questions but Mr. Pirrung said this could be done at the public hearing when budget figures would be available for study. He said any action taken Wednesday night was tentative. The following budget codes were approved:

000 - Board of Education - \$82,169.00 (the additional \$10,000 over this year's budget is due to negotiator's fees.
800 - Debt Service - \$1,096,660.00 (this is a reduction from the 1973 - 74 budget because the Junior High addition has been paid off)

700 - Undistributed Expenses - \$4,366,161.00 (the \$300,000 increase is due to increased costs of employee benefits, insurance and printing)
900 - Transfers - \$247,500 (this is a \$37,000 increase and covers increases in employee contracts still to be negotiated)
100 - Central Administration - \$495,050.00 (this includes an additional \$32,000 for an assistant superintendent for curriculum)

Mr. Bruno voted against this code because he feels we do not need another assistant superintendent.

The 1973-74 budget included \$60,000 in Code 900 for cafeteria subsidy, but next year the board will set aside only \$7500 to cover the cost of free lunches. The board voted to implement a sandwich and beverage program in the elementary schools next year and a streamlined menu with more ala carte items in the secondary schools. In this manner, the district will retain enough of a Type A menu to still receive government subsidy. The changes will necessitate a large reduction in the cafeteria staff. Mr. Bruno wanted the board to postpone action on Code 900 until he could give them information he had received from two food vendors, but Mr. Pirrung said there would still be time for the board to make changes after studying Mr. Bruno's proposals.

The board postponed action on a Drug Abuse Counselor until the district receives written approval from Nassau County for the funds continue the program. The proposal, now, is that the district pay half the salary and the county pay the other half, with the remainder of the grant going for group leaders. This year the district received \$21,000 for 9 months, but the oral approval from the county is for only \$15,000 for the full fiscal year.

The board did not discuss a proposed change in school hours for next year because it has not yet been discussed with the Hicksville Congress of Teachers. Due to year-round daylight savings time, administration has recommended later starting hours for the Junior High so that students will not be going to school in the dark. This matter will be taken up at the next meeting.

The board approved an ESEA, federally-funded summer school at the Junior High. This project had previously been called "Learning for Enjoyment" but the new plan will concentrate more on skills. The remedial program will emphasize reading and math, with students reading in each subject area (social studies, etc.).

The school board set Wednesday, May 22/for the public budget hearing. Voting will be June 5.

Dr. Madden announced his resignation from the school board, as his house has been sold and he is moving out of Hicksville. Last week was his final meeting and Mr. Pirrung thanked him for his time and service for the community.

The next board of education meeting is Wednesday, May 8 at 8 P.M. in the Administration Building.

Raymond Rusch Honored

A milestone in Raymond Rusch's career was achieved last Friday night when 230 friends, relatives and colleagues gathered at the Old Country Manor to commemorate his 25 years in education.

The evening acquired a special quality for all present inasmuch as it brought together many former acquaintances and colleagues dating back to Mr. Rusch's earliest days in Hicksville.

To mark the occasion, several presentations were made. Mrs. Honey Skolnick, of the Parent-Teacher Association, awarded him a National Honorary Life Membership in recognition of his long association with the organization. Mr. James Fyfe, on behalf of the Alumni Association,

presented Mr. Rusch with a plaque recognizing his service in several levels of education; teacher, assistant principal and principal. A gift certificate was also given by Mrs. John McManus on behalf of all people present for the occasion.

Of special interest was a beautiful scroll made for Mr. Rusch honoring his service to Hicksville. It was hand-lettered and embellished by the 84-year-old grandmother of one of the High School teachers, Mr. Richard Gentile. Presentation was made by Mrs. Pauline Jonason.

Mr. Rusch, with his wife Edna beside him, acknowledged his well-wishers with a short message of appreciation.

Supervisors' Meeting

Needy Senior Protest SSI Payment System

The senior citizens of Nassau County, some of them quite disabled, were out in force at Monday's meeting of the Nassau County Board of Supervisors to protest the shortcomings and inequities of the "SSI" (Supplemental Security Income) system and their dire need of funds for the basic necessities of life in the face of skyrocketing

living costs.

Representatives of agencies promoting benefits for seniors also spoke, most notably Gary Rosenberg, of the Hillside Hospital L.I. Jewish Medical Center, representing the Nassau Action Coalition of SSI Recipients and Advocates; Anita McCauley, Associate Executive Director of

At its regular meeting on Tuesday, the Town Board of Oyster Bay took steps toward establishing a special business district in Hicksville; approved an amendment to the "Unsafe Building" ordinance, and a change of zone for a Plainview Shell gas station; set a public hearing on a proposal to regulate carnivals in the Town, and chopped \$90,000. off its program for the handicapped after having been told that expected funds would not be forthcoming from the county.

Act 9542 introduced by Senator Ralph Marino (R-Muttontown) into the New York State Senate on March 14th would authorize the Town Board of Oyster Bay to create a business development district in any area of the town. Specifically, this action is taken in relation to G-1 Business District in downtown Hicksville and authorizes the town to treat the area and all its improvements as a tax district outside of the regular Town tax. Property owners only in the G-1 district would pay taxes to the special tax district for parking facilities or other enhancements.

The act will authorize the creation of a special improvement district in the town of Oyster Bay to be known as a business development district with authority to issue bonds, construct improvements and otherwise function as an improvement district. The district officers would be the officers of the town. The district's authority would include constructing, maintaining and operating within said business development district a parking facility or other facility designed to enhance the business development district and promoting the business development district.

A memorandum attached to

the bill states as justification for the fact that it would permit the town to construct parking facilities and add amenities to the area to encourage the development of a business community. This relates to several areas of the Town, the memorandum says, where zoning laws have been developed to encourage the construction of stores and other improvements normally found in a shopping area.

Under fiscal implications, the memorandum says there are none.

The resolution supporting the legislation passed the Town Board 4-3, Councilman Saladino, Mosca and Carman opposing.

Unsafe Buildings Ordinance

The 14-page amendment to the Unsafe Buildings ordinance, includes a definition of dangerous buildings, listing 12 characteristics which would make a building a candidate for repair or demolition; procedures for investigation, report and notification.

According to the ordinance, an owner must respond within seven days to a notice that his building is unsafe. If he refuses to repair or demolish the building, the Town can proceed to do the work and charge it to the owner.

Owners can apply for a hearing after receipt of a notice.

Failure to comply will result in a fine of \$250, and 15 days imprisonment, or both.

Carnival Hearing

A public hearing date of June 11th has been set for a revised proposal to regulate carnivals conducted within the unincorporated areas of the town, totally banning rides at any event, regardless of its sponsoring organization.

The proposed ordinance will require all groups except charitable organizations to obtain a Town permit in order to operate a

carnival, bazaar, or other similar event. Charitable organizations must notify the town of the event 30 days prior to its being held.

Other organizations, in addition to obtaining a Town permit 30 days prior to the event, must put up a \$1,000. bond to guarantee clean-up. No activity will take place at any such events after 11 P.M. or before 7 A.M. if the ordinance is passed.

Shell Oil

The Board set nine restrictions on its approval of a change of zone from Business F to Business G for the Shell station at the corner of Old Country Road and Grohmann Lane in Plainview. The gas station is currently operating as a non-conforming use in an F zone with a special permit granted in 1963. At a public hearing on March 12th, attorney for Shell Oil said the change of zone was required in order to make improvements in the station.

Restrictions on the improvements to the gas station concern lighting; outdoor storage or body work; the sale or rental of vehicles; and the cleanliness of the area. Also required is a six foot stockade type fence to be erected and maintained along any boundary line contiguous to residences. No rotating signs are allowed.

Budget Reduction

The Town Board approved a deduction of \$90,000. in the 1974 budget for Town of Oyster Bay handicapped program following notification by the county to James C. Arvanitis, Commissioner of Community Services that expected funds would not be forthcoming.

The sum breaks down into a reduction of \$70,014. for salaries; about \$7,000. for supplies and \$13,000. for psychiatric services.

e) place Community Relations staff at the Social Security Office to eliminate the need for older people to go to two places.

Rosenberg also urged the enactment of a Rent Control Law for Nassau County.

Barbara Kissen, Director of the North Shore Geriatrics Program, described the "anger, confusion, suffering and starvation" among 110 residents of a low income building in North Hempstead over the SSI system.

Elaine Haimis, a graduate student at Adelphi University working with the SSI Coalition, invited the supervisors to a general meeting of the coalition which was to be held Tuesday morning in Hempstead.

Jo Anne Barbarito, a 22-year-old resident of the Jones Institute, after describing a life of hardship which led her to this "home for the homeless," said: "The SSI program makes many people suffer. It does not care for the blind, disabled, retarded or handicapped." She said that many residents of the Jones Institute have not received checks for four months.

Next Week

On next week's agenda is an expenditure of \$2,850,000. for additions to the Nassau County Medical Center; an agreement with Arnold S. Rinaldi for architectural and engineering services in connection with an Equestrian Center at the Muttontown Park and Preserve; and an amendment to the administrative code in relation to the composition of the advisory council for senior citizen affairs.

the Health and Welfare Council of Nassau County; and Henry Doliner, president of The Senior Forum.

As explained to this reporter by Rick Van Dyke, of the Family Service Association, SSI is a flat federal grant for which social security recipients must apply. SSI was intended to replace public assistance to the blind, disabled and infirm which was dissolved as of December, 1973. There are presently about 14,000 SSI recipients in the County.

The maximum a person can receive from Social Security, which for many individuals is their sole source of income, is \$206. per month. It was pointed out by many speakers that many social security recipients, paying more than \$150. per month in rent, are literally starving and living on hand-outs. When they are ill or bedridden, the only help for many is that which neighbors are able to give.

The major protest from the SSI recipients is that they did not benefit by recent social security increases. In what appears to be a bureaucratic system of red tape and pocket changing, the amount received through SSI is deducted from the Social Security Check.

Hennie G. Fuller, of Roosevelt, who is nearly sightless, was on the verge of tears over a three-dollar loss in her monthly income due to the SSI check having been decreased by nine dollars and the social security check having been increased by only six dollars.

Anita McCauley protested recent bills passed by the N.Y.

State legislature which make it impossible for the SSI recipient to avail himself of Home Relief even around an established need. One of the bills sets up an emergency assistance program which her agency believes to be inadequate in solving local problems.

Evidently since the SSI program was instituted in January, there has been a big problem with non-receipt of checks, with a four-week procedure involved in getting a replacement. In one instance, more than 13,000 checks were sent out unsigned, said Rick Van Dyke.

In his address, Dr. Rosenberg asked that the County join with the coalition in bringing the seriousness of the problem to the state legislators.

He also asked for the following measures in correcting the inequities of the SSI program:

a) allocate funds for immediate emergency assistance for SSI recipients to be administered by an expanded Department of Social Services;

b) implement recent judicial decisions requiring a broader interpretation of "emergency" situations;

c) work toward getting financial assistance in conjunction with the Social Security administration for those residential institutions whose operations are imperilled by the lower budgets offered under SSI;

d) provide Medicaid cards and medical reimbursement immediately in cases of emergency need, during the waiting period for issuance of checks, which can be as long as 60 to 90 days;

Dear Friends

Occasionally a teacher appears who is so well-loved by his students and so expert in his profession that he is remembered for all time by those who worked with him. Such a teacher was Bob Hopf, who for just a few years was the band director and instrumental music teacher at the Dutch Lane School in Hicksville. Bob died in his mid-twenties at the outset of a career, that would ultimately lead to the top of his profession. His work is remembered by all who were associated with him — students and staff alike.

In 1972 a memorial Scholarship fund was established and for two years, outstanding Hicksville High School Seniors competed for the \$1,000.00 Scholarship award. The first winner was Christopher Hogan, who is a student at the Eastman School of Music (currently on leave to play in the Lisbon, Portugal Symphony Orchestra). Last year soprano Doreen Hutchings won top honors; she is presently finishing her Freshman year at Fredonia.

Those who were touched by Bob Hopf's humanity and musicality can see some of his goodness perpetuated in the work of these young people. The Concert to benefit the Scholarship which bears his name is a good way to remember him.

A Memorial Concert has been set for Tuesday, May 21.

Your local battalion of Hicksville PBC Nautical Cadets accepting boys & girls. This program offers — Drum and Bugle Corps; Drill Team; Communications; Field Trips; Camping; Color Guard; Rifle Team and Medics, for ages 9-17.

Come on down they meet every Friday night at Hicksville Junior High School, Jerusalem Avenue at 4th Street, from 7:30 to 10:00 P.M. No registration fee or dues are necessary, a representative of this group told us.

DID YOU KNOW That the U.S. Small Business Administration has six new, free publications available to small business owners: Finding a New Product for your Company; Home Businesses; Using a Traffic Study to Select a Retail Site; Reducing Air Pollution in Industry; Business Plan for Small Manufacturers; Solid Waste Management in Industry. These publications, plus over 400 others covering a wide range of subjects of interest to small business owners, may be obtained by calling Ms. Tula Lewnes at (212) 264-4393 or writing the U.S. Small Business Administration, Publications Department, 26 Federal Plaza, New York, N.Y.

ALMOST EVERY WEEK your elected representatives bring you information on what they are working on, in their columns. They are making an earnest attempt to keep you informed on these current matters. We'd suggest that you write them occasionally, either in agreement or disagreement, with your reasons. I'm sure they would be glad to give consideration to your thinking.

IN CONCLUSION, we remember when it was extremely important to us, who served on our local Board of Education. We still feel this way. Do you?

The Twentieth Anniversary of Trinity Lutheran School

On the week of May 12th through May 19th Trinity Lutheran School, 40 West Nicholas Street, Hicksville, will be celebrating its twentieth anniversary. The school began as a branch of Nassau Lutheran School of Mineola in 1952. In September 1953, the growing demands of the parish and the community made it possible for the school to have an enrollment of 166 children. In 1953 Trinity

Lutheran Church accepted the challenge of pledging itself to an expenditure of \$230,000.00 to erect a school for its own purpose. Since that time the school has grown greatly and become one of Trinity Lutheran Church's great outreaches. Today Trinity has seventeen teachers, working with 420 students. The school has 18 classrooms, gymnasium, modern playground, video-taping equipment and modern educational materials. Trinity offers to its students and families a Christ-centered education of

Christian love.

The public is cordially invited to attend the following events: May 12th - Pancake Breakfast 8:00 a.m.-10:30 a.m.; May 13th - 17th - Open House - Parents are invited to visit Classrooms between the hours of 9:00 a.m. and 11:00 a.m.; May 14th - Student Performance 8:00 p.m.; May 18th - Gala Celebration, Carnival type games, Food Served, Noon to Dusk; May 19th, - Thanksgiving Service - 9:00 a.m. and 10:30 a.m.

Career Day and Senior Citizens Recognition Day

On Tuesday, May 7, the Town Board will formally recognize Career Day in Oyster Bay in commemoration of the 41st anniversary of Career Day and Youth in Law Day, U.S.A. sponsored by the Nassau County Boys and Girls Week Committee. Career Day activities will begin with the commencement of the scheduled Town Board meeting at 10 AM and will end in the early part of the afternoon.

Selected students from schools throughout Oyster Bay will spend a portion of the day with ranking Town officials including Supervisor Burke and Town Councilmen.

In addition, May 7 has also been proclaimed "Senior Citizens Recognition Day" by Town Supervisor John W. Burke in recognition of the continuing achievements and contributions

of the Town's seniors.

This is the sixth year the Town has held "Senior Citizens Recognition Day" in conjunction with May being Senior Citizens Month throughout New York State. During ceremonies to be held at the start of the scheduled Town Board meeting, selected Oyster Bay seniors will be honored for their volunteer work and the Senior Man and Woman of the Year will be announced.

Sports News

By Mark Silverstein

The Plainview Gull Varsity Baseball team is on a rampage! They have won 8 games in a row to make their record an amazing 8 and 3. After sweeping Kennedy in the three games the question arose, "Are the Gulls for real?"

And the Gulls answered it by continuing to win. They are playing to the best of their ability. Why are the Gulls winning? Can they keep winning? Those are the questions that are now being asked around school. Coach Tom Murray told me that they are getting superb pitching from Steve Tipa, George Seropian, and Tom Yacuk. Coach Murray added that the team is not overpowering in hitting but when they need a hit or two, the players come through. Trying to answer the question about whether the Gulls can keep winning is like predicting the future while looking through a crystal ball.

It really is amazing how good the Gulls are playing but one thing is sure—There are nine players on the Gulls this year that won't be on the team next year because they will have graduated. So you could say that everyone is trying to make this a successful season and so far it's working!

TRAVEL TOURS — By Norman Diamond

Why a travel agent and not your brother-in-law? Because planning trips happens to be our business. We know what's going on in the travel world right now. From the latest rates to the newest hotels, restaurants, night clubs and more. Things you'd never get wind of on your own. When we get together, we describe the vacation you have in mind and how much you want to spend. A Honeymoon cottage? A family resort? A cruise to the Caribbean or Greek Islands? We know just the place or how to find it. Best of all, we make all the arrangements for you. Prepare your plane tickets right in our office, select reliable hotels, arrange airport transfers and car rentals, travel

insurance and any other snags that might come up. So your trip will run as smoothly as the planning does. However, a charge is made for "special services", such as telegrams, phone calls, or any extra expense in tailormaking your vacation. We will gladly discuss fees with you in advance. But before you make your travel arrangements be sure you are dealing with an appointed travel agency. The validation stamp in the right hand corner of your airline ticket must be the same as the name of the travel agency. So for a sunfilled, fool proof vacation, call us or stop by our office before you do anything else.

You can't go wrong.

"Keep America Beautiful"

On April 27th, Hicksville youths joined to beautify the community. Under the supervision of Troop Leader Miss Frances Wostyniak and co-ordinator Mrs. Vincent Murphy, the following members

of Girl Scout Troop 515 Jr., removed litter and debris from the former Augustine property on the east side of Broadway opposite 4th Street; Marybeth Delaney, Joann Barcavage, Linda Host, Donna Gerhardt,

Eileen Bode, Carole Leogrande, Catherine Hundt, Janet Hundt, Coleen Colreavy, Marion McHugh, Carol Bickhard, Diane Lynck, Brenda Montana, Joanne Ballhofer, Lee Ann Schmalenberger, Mary Sikorski, Susan Manelski, Rosemary Sommers; also Mary Leogrande, Eileen Murphy members of Cadette Troop 551.

Members of HAD under John Maniec, Director, cleaned up the unsightly vacant lot at the intersection of Broadway and New South Road. They included Joe Santaniello, Alan Covais, George Romano, Ray Bennett, Sean O'Neill, Henry Brengel, Sr. past President of Kiwanis joined with them.

Under this program a transformation took place at the N/W corner of Broadway and Herzog Place which has been a depressing sight for years and is now neat and litter free. Unfortunately pictures of the girls who are responsible for this welcome improvement did not turn out. Participating were members of Troop 30, St. Ignatius, Mrs. R. Flahavan, Leader, Kathy Wayte, Ginny Wayte, Ginny Yanuchi, Angela Wieman, Elizabeth Flahavan, Mary Ann Charrette, Eileen Charrette, Tina Gill, Christine Testa; and Woodland Avenue Troop 117, under leaders Nancy J. Sweeney and Carol Cucci, Terri Cucci, Dawn Dunayer, Jodi Salbe, Nancy Santoriello, Linda Sweeney, Barbara Visceglie, Eileen Whelahan, Kathryn Abate, Kathleen Eneerie, Nancy Lofaro, Ellie Greenblatt, Eileen Reinhardt, Janet Howard, Denise Devau, Patti Pangas, Jasmine Wolny.

The area of HICKSVILLE COMMUNITY CORNER at roadway and Old Country Road was also spruced up.

This program had excellent co-operation from the Town Sanitation Department which removed the collected debris quickly and neatly.

The Kiwanis Club of Hicksville, which co-ordinated the program, urges residents to join in the effort to beautify the community by tidying up their own properties.

Hicksville Soccer Club News

Traveling Team News
Apparently, international competition sharpens the edge of a team's performance. Upon their return from Italy, our Boys B Team, on Saturday April 27, defeated a larger, older and undefeated Plainview team 1-0. Our defensive game established the pattern of the day. The forward line capitalized on the few opportunities Plainview allowed by scoring 7 minutes before the final whistle. The frenzy of the pace did not deter our boy's determination to control the game. We were delighted to have been the first team to stop the undefeated Plainview march to victory in their Boys Division. Coaches J. Sanna and M. Sini were very proud of their boys.

Hicksville Soccer dominated the Sunday games as J. Kerti' and R. Fremgen's Juniors sat out a 1-0 win (as all forfeits are scored) over Plainview. On the active front, coach Peter Collins Juveniles maintained a 4-4 tie against a very strong Glen Cove

team. At home, the Boys A team rolled over St. Kevins 6-0. Following this game, the Bantams lost to Deer Park 3-1 in an exciting and inspiring defensive game. The undefeated Deer Park team had their first reason to suffer anxiety during the entire season. Our Middlets, coached by Al Barcavage, lost to Garden City 6-0. The big picture of Club traveling activity during this weekend produced 3 wins, 1 tie and 2 losses.

New York State Cup Play
New York State Cup Play found the Hicksville Bos A team in the running for the quarter finals and looking forward to a semi-finals bout with Massapequa in two weeks. Our Boys A team defeated a highly touted Greek American team in a hard fought contest 4-2. While goal keeper Bill Dalton was valiantly defending our end of the field, offensive scores were made by B. Bedell (1), M. Bedell (2) and T. Cusack (1). Congratulations and Good Luck in the semi-finals.

Intramurals
Opening day for the Clubs intramural program was a coaches and players dream. Perfect weather and 256 enthusiastic boys worked together to create a perfect soccer day. In Bantam competition, Mr. Maguire's New Jersey team defeated the New York team 3-0, scoring by R. Cunningham (2) and F. Musumeci (1). In the same division, Vermont under Mr. Muller pulled out a 1-0 squeaker over Virginia off the foot of N. Storms. Meanwhile Delaware under M. Sini and Georgia under Mr. Greenberg played to a 1-1 tie, with the Georgia goal by L. Sneddon offset by a penalty kick from Delaware's F. Acevedo.

For defensive play, mention must be made of the outstanding goal keeping done by John Rubins of the Virginia team. It was a thoroughly enjoyable day. At the kick off in the Midget Division, N. Carolina under Coach Zaretsky faced S. Carolina

under Coach Florio. N. Carolina's R. Villalta and R. Zaretsky scored a goal apiece to defeat S. Carolina 2-0 in spite of a fine defensive effort by Majia, Moore and Stuppiello. Maryland under Coach A. Lozito defeated Rhode Island coached by E. McCann 3-0. Winning goals were scored by J. Molin (2) and A. Ovila (1)

while facing heavy resistance from Rhode Island's defense in the persons of M. Shannon, P. Hue, F. Grusso and T. Cusack. It was certainly an auspicious beginning.

Boys Division coaches, parents and players will be pleased to participate in their opening day this coming Sunday May 5.

Italian Soccer Trip

At the conclusion of the Hicksville American Boys Soccer team first game against the De Gregorio team in Alghero, Sardegna, the players, coaches and parents proceeded to the social highlight of the entire trip.

The Tourist Office of Alghero had arranged a reception in honor of the first visiting American Boys Soccer Team. Among the dignitaries present and participating in the presentation ceremonies were: Dottore Costantino, President of the Tourist Office of Alghero; Franco Pir as, President of the Alghero Soccer League; Mario Secci, Regional President, Sardegna, Juvenile Division; Franco Serio, Director of the Tourist Office of Alghero.

Also present were the players, coaches and officers of the renowned De Gregorio Soccer Club and the local Alghero Club (our two opponents in the soccer games).

To our surprise and delight, an awards ceremony preceded the general reception. The first award was a large, silver cup proffered in the name of the Italian Federation of Soccer (F.I.G.C.) by its Regional Director, Juvenile Division.

Mario Secci Next, we were honored by the presentation of a magnificent trophy in the form of a soccer player, given to Coach Joe Sanna by the President of the Alghero Soccer League, Franco Piras. As the awards ceremony continued, Assistant Coach Michael Sini received, in the name of the team, two plaques; the first from the Directors and athletes of the De Gregorio Club and the second from the Alghero Tourist Office.

Additionally, each boy on the American team received commemorative medals as personal mementos of their unique experience. A strictly personal gift from our hosts, local wines, further pleased our youthful travelers. The parents were further delighted by still another gift, medalion mementos of this occasion. Following this, Coaches Joe Sanna and Michael Sini presented medals from the Hicksville American Soccer Club to every player and coach, as well as awarding engraved remembrance plaques to the Presidents of the Soccer Leagues.

The awards ceremony was followed by a invitation to join our hosts in a repast of exquisite delicacies, including local

pastries and wines found nowhere else in the world. In spite of the language difficulty, both official and private communications expressed and acknowledged the role that youthful, international athletics can play in securing a truly global "Brotherhood of Man". For their part in producing this spectacular event, our thanks, not only to the Tourist Office of Alghero, but to all those who extended themselves to make our trip a success. BRAVO !!

After a good night's sleep, our boys took the field the next day against their friendly opponents. At 9 A.M. on a sunny Easter Sunday, the Hicksville Americans played with a new found confidence. They eliminated a 2-1 half time deficit with a resurgent second half game that produced a very satisfactory 3-3 tie. Scoring for the Americans was Tom McCann on a penalty kick, Sal Musumeci with an assist by Peter Jannett, and Peter Fletcher with an assist by Sal Musumeci. The entire team played excellent offensive and defensive ball.

Next week, we will describe the personal experience of our team while touring Rome and Alghero.

AMX Collision Offers Rust Protection

Every year, literally thousands of cars in Hicksville bite the dust because of rust.

While most people view rust as an appearance problem, it's far more serious than that — a rusty car is an extremely hazardous one, according to Dick Sofio of AMX Collision, 54 Bethpage Rd., Hicksville.

Documented tests show that accidents involving rust-weakened cars are far more serious, more dangerous, and more costly.

Dick Sofio, who has recently opened a Thixo-Tex dealership in Hicksville, explained that Thixo-Tex differs from undercoating, which does little to retard rusting under the car and primarily acts as a sound deadener. In addition to the undersurface of the car,

Thixo-Tex is applied to all crevices including the inside of the trunk, into the doors, under the engine hood, behind the headlights and fenders and inside the rocker panels. "These are the places where 90 per cent of all body rusting occurs."

Thixo-Tex has been tested and meets the U.S. Military specifications No. MIL-C-0083922 A (MR) and the U. S. Post Office specification qualifies it for use in fleet rustproofing efforts by both the Dept. of the Army and the U.S. Post Office Dept.

AMX Collision is offering motorists a free rust inspection. In terms of protecting your car and making the vehicle you drive safer, the free inspection could be one of the best half-hours you've ever spent.

LEGAL NOTICE

Town Board of the Town of Oyster Bay, County of Nassau, State of New York, that Chapter 17, "Motor Vehicles and Traffic", of the Code of Ordinances of the Town of Oyster Bay, New York, be and the same is hereby amended by adding thereto a new Article V, "Traffic Control in Shopping Centers" to read as follows:

ARTICLE V TRAFFIC CONTROL IN SHOPPING CENTERS

Division "1" Administration and Procedures

Section 17-240 Purpose
It is the purpose of this Article to provide regulation and control of vehicular traffic in shopping centers in the unincorporated areas of the Town of Oyster Bay, where unrestricted parking and unregulated operation of motor vehicles constitute a hazard to the public and cause traffic congestion.

Section 17-241 Request for Regulation; generally

(a) Upon written request to the Town Board by the owner or general manager or traffic manager of a shopping center located in an unincorporated area of the Town, the Town Board shall consider the regulation and control of vehicular traffic in such shopping center and may by ordinance, rule or regulation:

(1) Designate stop signs, flashing signals or yield signs at entrance and exit locations to a parking area or designate any intersection in the parking area as a stop intersection or as a yield intersection and designate like signs or signals at one or more entrances to such intersection.

(2) Regulate traffic in the parking area, and prohibit or regulate the turning of motor vehicles at intersections or other designated locations in the parking area, including regulation by means of traffic control devices.

(3) Prohibit, regulate, restrict or limit the stopping, standing or parking of vehicles in specified sections of the parking area, including designation of safety zones.

(4) Provide for the removal and storage of motor vehicles parked or abandoned in the parking area where they constitute an obstruction of traffic or where stopping, standing or parking is prohibited and for the payment of reasonable charges for such removal and storage by the owner or operator of any such vehicle.

(5) Adopt such additional legislation with respect to traffic and parking in a parking area as local conditions may require for the safety and convenience of the public or of the users of the parking area.

(b) A request for regulation of shopping center traffic shall be made pursuant to the requirements of this Article and shall be deemed a condition precedent to the adoption of any traffic regulation, rule or ordinance affecting such shopping center.

(c) A request for regulation of shopping center traffic shall be made under the express condition that the owner of the shopping center shall provide the necessary traffic control devices and the necessary traffic markings required by law for the proper enforcement of traffic regulations by the Nassau County Police.

Section 17-242 Request for Regulation; elements
A request for regulation of shopping center traffic shall be in the form of a letter to the Town Board stating there-in the desired restrictions, prohibitions and regulations of vehicular traffic in the shopping center and said letter shall have affixed thereto the following:

(1) Affidavit of the owner or general manager or traffic manager consenting to

LEGAL NOTICE

control of traffic by Town legislation and stating therein the intention to provide all necessary traffic control devices and traffic markings by the effective date of the applicable ordinance, rule or regulation. In the alternative a letter from the attorneys for the shopping center may be submitted stating the same therein.

(2) Site plan or sketch showing existing parking areas, access roads, perimeter roads, building complex and bus stops, where applicable, and further, showing thereon the desired traffic controls, parking restrictions and places where traffic controls will be provided.

(3) Any additional information that the applicant believes may aid the Town Board or that the Town Board requests in its consideration of legislation, including such information as police and independent traffic surveys.

Section 17-243 Filing and Adoption

(a) A request for regulation of shopping center traffic shall be addressed to the Town Board and filed with the Town Clerk together with all other necessary papers as required by this Article.

(b) After adoption of traffic legislation for a shopping center the Town Clerk shall keep ready and available for public inspection the site plan or sketch
