HAD in Financial Crisis

H.A.D., Inc. will be facing a critical financial crisis due to a cut in our State funding. In order to continue operating at the present capacity, H.A.D. must raise between \$7000 and \$8000 by March of 1975. In order to keep all present part-time staff, we must raise \$2500. by September 1st.

Many of H.A.D.'s vital services, such as the Behavioral Management Program, deaf counseling, family counseling, and youth and parent group counseling will have to be eliminated. Also, there will have to be a cut in the hours that the

facility is presently open.

H.A.D.'s board and staff is appealing to all community residents that are interested in seeing H.A.D. continue providing these services. Any donations would be acceptable at H.A.D. or through the mail. If people are unable to make donations, but would like to participate in volunteering for different types of fund raising campaign, there will be an open meeting on July 11th between 8:00 and 9:00 p.m. at 389 New South Road to organize fund raising.

For further information, please call 935-6858.

Austerity After Second Budget Defeat

By Shirley Smith

The Hicksville Board of Education adopted a \$24,315,464 austerity budget after voters defeated the proposed school budget for the second time. By law, a school district must adopt an austerity budget if there is none passed by July 1. The new budget is \$1,066,174 lower than the one defeated—a 53 cent tax rate increase. However, it eliminates the following programs:

Interscholastic athletics (except the Americanization program)
Transportation (except a 2 mile limit for K-8; 3 mile for 9-12, outside the district, K-12, 10 miles; handicapped, 20 miles)
Cafeteria
There are also reductions in maintenance (part-time help, inside "beautification"), central administration (insurance ap-

praisals and curriculum consulting), recreation (\$100 for arts and crafts supplies—participants will have to pay this cost), and elimination of funds for educational supplies and library books. In addition, under austerity, no outside groups (Little League, Scouts, etc.) will be allowed to use school facilities unless they pay for the use beforehand.

During the regular school board meeting Thursday night, Dr. Joseph Madden was presented with a plaque, in gratitude for his service on the board.

The School board approved job descriptions for the Assistant Superintendent for Personnel and Pupil Personnel Services and the new assignments for the four elementary assistant principals. The board appointed William

Feigin (assistant principal at the High School) as acting principal of the Junior High. He will serve while Mr. Glass is on sabbatical. Richard Greenfield was appointed assistant principal at the Junior High, replacing Mrs. Mari Redding, who retired. Robert Passamante will be acting assistant principal at the Senior High. Martin Loepidus was appointed coordinator of special education.

The board of education appointed Seaman and Eisenman as the district insurance broker, with the stipulation that legal fees on board liability insurance be clarified. Mr. Bruno objected to the appointment and charged that Seaman and Eisenman had not initiated a price reduction on insurance rates, but the impetus had come from the board.

School Board Reorganization Meeting

By Shirley Smith

from Albany that this is legal under austerity.

STATUS OF DISTRICT UNDER AUSTERITY

Mr. Pirrung explained there are certain things a district may and may not do when on austerity. He said the board is not trying to punish the community or students nor are they being unreasonable—these restrictions are mandated by state law and the board has no alternative. He further stated there is no law limiting a school district to three votes, that, in fact, there is no limit. However, he said there would probably be no additional vote this summer. The board feels there must be time for them and the community to think it over. In addition, many people are unavailable during July and August.

After checking all the ramifications and getting the latest word from Albany, these are the facts about austerity (or contingency) budgets:

Transportation limits: K-8, 2 miles 9-12, 3 miles inside the district; K-12, 15 miles - outside the district; Handicapped - 20

miles; NO summer transportation for handicapped
NO supplies can be given to children

NO cafeteria
NO interscholastics - unless outside group donates money for uniforms, referee fees, etc. (coaches, other personnel) can be paid for by district)

NO use of buildings and grounds by outside groups, except by PTA for business meetings (unless the group pays for any costs prior to use)

NO additional non-certified staff may be added to payroll

NO salary adjustment or increments may be paid to non-certified personnel (this is still not clear and the attorney is checking further)

NO new equipment or replacements can be purchased
NO library books may be purchased

Only necessary building maintenance (necessary for safety and health of children) is allowed

NO adult education - except for the Americanization classes

Work-Release Program At Jail

County Executive Ralph G. Caso has awarded a \$127,000 contract to Ace Hoeffner Contracting Co., Inc., Amityville, for preparation of the site for the work-release program at the Nassau County Jail. Hoeffner was the lowest of four bidders.

The contract calls for construction of concrete pads and foundation walls to support 11 pre-fab modular units - seven living units, a mess hall, an

administration building, a security building and a building divided between recreation and living quarters. Parking accommodations, interior walks, a service road, site lighting, fences, electrical and water facilities are also included.

Work is expected to begin in July and be completed in 60 days. A separate contract will be awarded for installation of the modular units.

Peter Duchin At Old Westbury Gardens

Peter Duchin and his Orchestra will perform at the second Twilight Picnic Pops of the season at Old Westbury Gardens on Wednesday, July 10 (rain date, July 11).

Mr. Duchin leads a many faceted life. Aside from entertaining for elegant parties of society, he used his talents to inspire those whose impoverished background so often precludes an appreciation for the arts. He has played for royalty and at the White House, but music has been half a way of life for Peter. He himself performs at least one hundred times a year, raising millions of dollars for the underprivileged or cultural institutions. He is currently working on a ballet score with Arthur Mitchell for the Harlem Dance Theatre.

On Wednesday, July 24 (no rain date), for its third musical evening the Gardens will feature Lionel Hampton and his Band. The final Picnic Pops of the

season will be on Wednesday, August 7 (rain date, the 8th), when the American Concert Band will perform.

Concerts start at 7:00 p.m. Gates open at 6:30 p.m. and close at 9:00. Bring your picnic supper and blanket. Come early and stroll through the magnificent gardens, which are now abloom with Campanula, lavatera, Japanese iris, phlox, day-lilies and a display of hybrid annuals.

The concerts are held at the Gardens with assistance from The New York Foundation for the Arts, Inc. and the New York State Council on the Arts; the Long Island Trust Company; and the Nassau County Office of Cultural Development, Ralph G. Caso, County Executive and John W. Maerhofer, Director.

Proceeds go to the Old Westbury Gardens Education Fund. Admission to the Gardens is \$1.50 for adults, 50 cents for children 6-12. Members free.

THE NATION'S 198th Birthday

On July 4th, 1826, Thomas Jefferson wrote, in a letter from his death bed: "All eyes are opened to the rights of man... let the annual return of this day forever refresh our recollection of these rights and an undiminished devotion to them."

As we celebrate the Nation's 198th birthday today (tomorrow, if applicable), there will no doubt be a pervading concern about the present in the Nation. Yet Independence Day is an opportunity to reflect on the struggle and sacrifice which made possible the freedom virtually every one of us take for granted.

The 'founding fathers' are too often envisioned as a group of stuffy, dignified old men in wigs meeting in a formal atmosphere and giving long-winded speeches. The reality surrounding the drafting and signing of the Declaration of Independence was far different. A group of scattered settlements was planning to take on the most powerful empire in the world, and the chances for success were slim. What kind of men were willing to take these risks?

They were hardly stuffy. Only seven of the 56 signers of our birthright were over 60. Eighteen were in their thirties and three in their twenties. A few who signed the Declaration were wealthy and they stood to lose everything; but most were men of modest means. Several were dirt-poor. Anonymous friends had to chip in to buy a new suit and provide pocket money for Samuel

Adams before he left Philadelphia - he couldn't afford them himself.

Caesar Rodney rode all night through mud and a fierce thunderstorm so he could cast Delaware's deciding vote in favor of independence.

In poor health, he arrived just as the meeting began, covered with mud and still wearing his riding boots and spurs. He cast his vote and sank back, exhausted, in his seat.

The Declaration's closing words: "And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our Sacred Honor" were no afterthought. Seven of the signers lost their lives in the coming conflict. Many were driven from their homes. Others were financially ruined. Carter Braxton of Virginia had been a wealthy ship owner. Donating most of his vessels to the war effort, only to have many of them seized by the enemy or sunk, he spent the rest of his life struggling with his debts. Governor Thomas Nelson of Virginia raised \$2,000,000 for the war by putting his own properties up as collateral. When the loans came due, he had to forfeit them all.

There are few dates in history that cast long shadows ahead of them, but one is certainly July 4th, 1776. Today, (or tomorrow), 198 years later, over 200 million Americans owe their freedom and independence to the men of the Revolution and those who have reiterated the aims of the Declaration down through these last two centuries.

Youth Board To Sponsor Festival

On Sunday, July 14, the Nassau County Youth Board will present the first in its series of summer festivals at Christopher Morley Park in Roslyn, in cooperation with the Department of Recreation and Parks. This "FESTIVAL OF LIFE" will run from 12 noon to 11 p.m., and will feature various cultural, educational, entertainment, and

recreation programs. Highlights of the FESTIVAL will include crafts exhibits and workshops in such areas as candle-making, pottery, tie-dyeing, painting, and leather working, as well as educational, informational, and counseling booths. An evening entertainment program, consisting of top rock and folk groups, will run from 7 p.m. to 11 p.m.

All Nassau County residents are welcome to come for a day and night of free fun and entertainment.

The Park is located on Seaview Road, just north of the Long Island Expressway.

For more information, please contact the Youth Board at 335-4011.

Dear Friends ...

The ultimate in happiness and sadness. That's the scene as 2,500 foreign students converge on Nassau Coliseum (Uniondale, Long Island) for their final day in the United States.

On July 10, young people from 60 nations say goodbye to the U.S. In previous years, it has been described by the media as one of the most powerful, dramatic events involving teenagers.

The students, between the ages of 16 and 19, have spent the past 10 months living with U.S. families, attending high school and becoming involved in community activities. Their stay was arranged by AFS (American Field Service) International Scholarships. "I will leave a part of myself here," said Jean Demussy from Chile.

The students leave their families on 28 June and begin a 12 day bus trip to New York. Over 60 buses from all areas of the country will carry the students, stopping at different communities along the way.

These short stops will give AFSers a glimpse of different life styles across the country. A vital part of the reorientation program, the stops are arranged so that the students may better see their own stay in its proper perspective.

"Departure Day" activities in the Coliseum are the second step in the reorientation. Students will be regrouped according to their nationalities for departure and listen to a "homeward bound" speech. This is also the time for final goodbyes.

John Richardson, the Assistant Secretary of State for Education and Cultural Affairs, Coliseum Director and candidate for N.Y. Lieutenant Governor, Ralph Caso, and AFS President Stephen Rhinesmith will speak to the departing students.

"The most important part of the student's experience is yet to come," Dr. Rhinesmith notes. "Now they will return home and share their understanding of the United States with others in a way that will promote understanding and bring the world a little bit closer together."

Over 30 commercial flights and 12 charters will be used for the departing students. Departures will start at 10 a.m. and continue on through the evening. Some students who do not depart until the next day, will be housed by volunteers in Nassau county. Over 100 students will be on a chartered bus to Miami where they will depart, and over 350 will fly to the Los Angeles/San Francisco area to catch their flights home.

Even as these students are returning home after their AFS experience, 2,600 foreign students are anticipating what '74-'75 will be like in the U.S. and 1,627 American students are getting ready to leave for their year abroad.

That's all for this week. Stay well and enjoy our beautiful Long Island.

Letter To The Editor

To the Editor-

Last February having just received the happy news that my son was to be married in July to a very dear girl I began making for them a white knit coverlet for a twin-size bed. I like to think that "Love isn't love til you give it away" so as I knit, ripped and re-knit I gave my love for them in each stitch. Many times during the night if I was awake I got up and knit a few rows just to be sure it would be ready for the July wedding. I had composed a very special card to enclose with my gift which was truly "A work of love."

I find it difficult to believe that

anyone could be so cruel as to deliberately steal such a gift from someone. However, about two weeks ago I realized all of my hours of labor had been apparently in vain when some one took my "Labor of love" (just a few stitches from being completed) from my car when it was parked in the lot at the Administration Building of the Hicksville public school.

All of my tears haven't brought it back but should the one who took this gift read this and feel a bit guilty I can be reached at OV1-2429 and my address is 11 Field Avenue, Hicksville.

Supervisor JOHN W. BURKE REPORTS

A personal nightmare is over. Last Thursday at the request of the United States Attorney, Jundge Edward Neaher dismissed the indictment pending against me for an alleged false statement to a grand jury.

It is difficult for me to express the many feelings I experienced with the lifting of this terrible burden I have borne for over four months. I am elated to see the smiles that have replaced the expressions of pain and fear on the faces of my family and friends. There is a feeling of buoyancy, as if a physical load has been lifted from my shoulders. There is also a sense of inner peace in the vindication of my honesty and integrity, although there will probably be scars that will never heal.

I am grateful beyond words for the encouragement and support given freely and often by my family, friends, associates and even strangers that sustained me during those dark days. And I am thankful for a loving God that heard my prayers and the prayers of many others which gave me the strength to carry out the responsibilities of my office and kept my spirit alive.

The events of the past six months have also left me with a feeling of concern as to why an indictment was ever handed up, particularly in light of the U.S. Attorney's comments in requesting the dismissal. Mr. Trager, the U.S. Attorney, said his action was the result of an exhaustive review of the charges

which adduced the following information:

The evidence would not be sufficient to withstand a motion to dismiss at the close of the Government's case, and if the case was submitted to the jury, it would almost certainly result in an acquittal.

In the more than 2,000 questions and 425 pages of my testimony before the grand jury, Mr. Trager noted that the Government could come up with only one, single instance of testimony upon which to base the indictment, but it cannot even supply a motive for the claimed perjury.

To what motive, then, can the action of the U.S. Attorney's office last February 21 be attributed? All citizens should be concerned.

School Board Reorganization Meeting

(Continued from Page 1)

NO workbooks for grades 7-12; K-6 may be supplied if the workbook is the primary source of study material.

Textbooks may now be supplied to all grades.

The board approved the establishment of BOCES Satellite Class for ten learning disabled children at Burns Avenue. BOCES will provide the

teacher and instructional material and supplies, and, in addition, pay (on a pro-rata basis) for school nurse-teacher, physical education and other necessary special teachers. The district will provide the classroom and the equipment. This program is part of a current trend to keep children with special problems in as close to a

"normal" classroom setting as possible, and preferably, their own class (rather than segregating them from other children). As these ten children improve, they will be replaced by other elementary students in need of special help.

The next school board meeting will be Wednesday, July 24 at 8 P.M. in the Administration Building.

Newborn On Tax Exemption

Solomon Newborn, Receiver of Taxes, Town of Oyster Bay, today advised residents that the State Legislature had passed, and that Governor Wilson had signed, a bill liberalizing the requirements for senior citizens to apply for real property tax exemptions.

The maximum amount which senior citizens can earn and still receive their exemptions has been raised to \$6500. Also, the period for which they must have resided in the district and owned their house has been reduced to two (2) years.

"This is a fine piece of humane and social legislation to help ease the burden of living for our senior

citizens," Newborn said, "and I recommend that all school boards, towns and incorporated

villages pass the necessary resolutions to conform with the amended law."

Special Newsletter From Dr. Robert Savitt

Dear Resident:

The budget resubmitted on June 20th was defeated by a margin of 2,110 to 2,102. As result, a contingency budget will be established by the Board of Education.

The Board of Education has made a decision regarding budgetary provisions for the Summer School and have officially acted in the following manner:

1. The Elementary Enrichment Program and the Secondary Enrichment Program will not be provided as part of the Summer School Program.
2. The regular High School

Summer School Program will be offered only to those students who take courses that they have failed, or take courses that they must pass in order to complete graduation requirements in order to graduate with their original graduating class.

3. The Special Education Summer Program will go forward as scheduled.

4. Administrative service for the Summer School will be reduced to the minimum extent necessary to carry out the modified summer program.

5. All staff summer curriculum activities previously scheduled will take place.

6. The Drivers Education Program will go forward as scheduled.

7. The Summer Swim Program will be carried out on a self-sustaining basis as will the Camp Apollo Program.

This special Newsletter is being sent in order to clarify details of the Summer School Program that will be offered. If you have any questions regarding the Summer School Program please call the Summer School Office any day between 7:00 A.M. and 1:00 P.M. at 938-5400.

Very truly yours,
Robert F. Savitt, Ed. D.

LONG ISLAND RAIL ROAD
Metro Mini-Maid Marlene Roussey shows Harold Naumann, member of the JFK Airport Kiwanis Club, how helpful his "Pitch In" stickers are in the current clean-up campaign conducted by the railroad. LIRR is asking its riders to deposit

newspapers, coffee cups and other litter in specially-marked containers located at all stations. Naumann, who is manager of Harbor Distributing Corp. (Hicksville), is chairman of the Kiwanis Club's special "Keep Long Island Beautiful" committee.

Electronic Music

The Plainview-Old Bethpage Public Library will present "An Introduction to Electronic Music" on Wednesday, July 10 at 8:30 P.M.

Producer and performer will be Don Muro, magna cum laude in music and master of high fidelity. In a lecture-demonstration performance, Don, by using a tape recorder and by playing seven different in-

struments, can create the effect of an entire musical group. He will also explain and demonstrate the basic concepts of electronic music in every musical idiom — from classical to rock.

Free tickets for this unique musical event will be available to local residents at the Library, one week in advance of the performance date. Others will be seated just before the program, as space allows.

Performances by the Helen Pakule Ballet Troupe and the Balalaika and Domra Society, the group responsible for the background music for the movie, Dr. Zhivago, will assure spectators authentic Russian entertainment starting at 7 p.m. at the roller rink off Parking Field NO 4.

Dr. Mary A. Emery, Professor of Languages and Russian Club advisor at Hofstra University, will be special guest of the Pomuda. The Russian Department at Hofstra contributed its expertise in arranging the event.

Madame Pakule, a prima ballerina graduate of the State Opera Ballet School in Latvia, has had a distinguished dancing career both in Europe and in

America. She is a former ballet mistress and choreographer at Radio City and the CBS Theatre School and an examining board member of the Metropolitan Opera Ballet.

The audience will be invited to participate in Russian folk dancing toward the end of the

free program.

In case of rain, the event will be held the following Thursday, July 18, at the same time and location.

A Leisure Pass is now required for admission into all county-operated recreational facilities. Guests of passholders will also be admitted.

News From St. Ignatius Girls' Cadet Corps

For more than 15 years, the girls of St. Ignatius Girl Cadet Corps, have represented Hicksville at many competitions and parades. We are proud of their accomplishments.

In 1966, we were ranked third in the nation at a contest held in Washington, D.C. We went on to win the Nassau American Legion Competitions in 1968, 1969, 1970, through 1974. In March of 1971 we were selected as the best corps at New York City's St. Patrick Day Parade. In 1972 third place was ours at the United States Open and the World Open Competition held at Marion, Ohio and at Lynn, Massachusetts, respectively. The corps travelled to, and performed

memorably, at other events throughout New York, New Jersey and Connecticut.

On this past August 3 - 4, 1973, while competing in the "World Open" contest in Lynn, Massachusetts, our girls won first place, becoming the new "ALL GIRL WORLD OPEN CHAMPIONS".

The corps is recognized nationally as one of the finest groups of its kind for the intricacy of its precision marching as well as for the quality of its music.

The St. Ignatius Girls Cadet Corps is made up of girls of many different faiths. The things that bind all of these young individuals together are their love

of music, their willingness to learn, their respect for teamwork and their desire to put forth the best possible image for both to Ignatius and Hicksville.

It's a nice feeling to be recognized as one of the best in what you do. We have tried, and will continue to try, to make Hicksville proud of us. We believe that back in 1958, that Mr. Costa, in founding our corps had more than one motive. We believe, that beside loving music and this community, he wanted to prove that the "Younger Generation" was not "Lost" and that we could and would make the sacrifices necessary to achieve championship form.

HICKSVILLE INTERNATIONAL LITTLE LEAGUE

By JOE MARCUS

Agway, Gilson Knitwear and AOH all came up with impressive victories in the Hicksville International Little League's Senior Majors Division last week.

Joe Talento smacked a grand slam home run with other key blows hit by Tony Williams, Scott Cronin and Mike Kretz as Agway tripped V.F.W. 13-10. Ken McCormick was the winning pitcher while for the losers Bob Schriber got two hits and two RBIs and Gary Schweitzer hit a triple.

In Gilson's 5-2 win over Parr-Hansen the big hit was a bases loaded double by Arty Kappel. Marty Diaz was the winning pitcher while a back-handed catch in left center field by Mike Sager with the bases loaded saved the victory. Tom Mullaly went two for four and drove in one of the runs for the losers while the other run was knocked in by Dave Joyce.

Kevin Lorentson belted a round tripper over the fence to spark AOH's 7-6 win over Maxwood.

Scott Ferraro was the winning pitcher.

Troiano Express continued to roll in the Major League with a 4-3 win over Goldman Brothers and a 7-2 thrashing of Wagner Post.

The winning run for Troiano in the game against Goldman came when Mitchell stole home. In the game Jerry Sozio doubled and tripled while Pat Brennan hit a two-run double and Mark Doyle got a double. Jerry Sozio was the starting pitcher with reliever John Harper getting credit for the win.

There were plenty of heroes in the team's win over Wagner. Jerry Sozio and John Harran hit back-to-back home runs. Harran tripled his next tie up. Mark Doyle banged out a double while Sozio made a shoe strong catch to end the game. Harran was the winning pitcher. For the losers Bob Sour hit a homer.

Steve American was on both ends of shutouts in the exciting

Farm Division.

They beat Miss Chocolate 3-0 with Paul Savalano singling in John O'Reilly in the first inning. O'Reilly then homered with John Mitkonski on base via a single in the fifth for the icing on the cake. O'Reilly struck out nine in the three innings he worked on the mound.

Jimmy Decker's home run was all Smith Pharmacy needed in its 1-0 win over Steve's American. John Curley, Brian Rinkel and Jimmy Decker combined for the pitching win. Connie Kilmatis, Rinkel and John Donlon all came up with some fine defensive play for the winners.

Smith Pharmacy came up with an impressive 4-2 win over Miss Chocolate.

Brian Rinkel and Jimmy Decker each hit home runs for the winners with John Curley driving in two more runs following a single by Rinkel and double by Decker.

The \$30 registration fee includes ten one-hour lessons. Participants will supply tennis racquet, sneakers and balls.

Students will be divided into classes according to their playing ability. Beginners will learn basic strokes, service, ball control, tennis strategy, net play and scoring. Intermediates will study baseline and service control, tennis strategy, net play, singles and doubles strategy, volley and lob play, while Advanced players will practice singles and doubles strategy, net play (singles and doubles), analysis of opponent and counter strategy, service and lob control and variations in shots. Classes will be small to permit a maximum of individual attention.

VFW Round-Up

The Ladies Auxiliary to the Wm. M. Gouse Jr. Post No. 3211 was scheduled for Naturalization ceremonies on June 21. These ceremonies are held in the Supreme Court. Attending were Theresa R. Aug and Joan Chwalisz. Presiding judge was the Hon. Steven B. Derounian.

One-hundred and forty-one new citizens were sworn in that day, of these there were eight children. Boy Scout Troop No. 177 of Albertson gave the history of the American Flag from its inception to the present day. This was very impressive and they are to be complimented for an outstanding job. Principal speaker was Mr. Peter Affatate Esq. who gave a beautiful talk about our country and flag. This ceremony is very impressive and I think it helps to make one aware of how lucky we are to be living in this great country.

Coming Events

July 9—Northport VA Hospital Ward Party for the patients
July 11—Auxiliary meeting

We of the Wm. M. Gouse Jr. Post and Auxiliary can be very Proud. At the Department of New York Convention held in Binghamton, N.Y., we received a few awards. First on Community Service, a citation for placing seventh in the State on this program and the Ladies Auxiliary received an award for the Poppy program, chaired by Theresa Aug.

A few of our members received personal awards—Joseph Normandy received an award for his work on the Drug Abuse Program and Joan Chwalisz received a citation for her work as Rehabilitation Chairman for Nassau County Council and honorable mention for her work as Americanism Chairman for District No. 1. Harry Wirth also received an award for his work as Community Service Chairman for our Post. We are all very proud of these hard workers and are glad to see our Post and Auxiliary recognized for the work.

Attending the Convention was our new Post Commander Frank Loti and his wife, Harry Wirth and his wife, Ed Chwalisz and his wife, Joseph Normandy and his wife, Clyde Stevenson and his wife, Theresa R. Aug and outgoing President of the Ladies Auxiliary Kathleen Kane. Quite a representation, don't you think.

Our own Sister, Joan Chwalisz, received a Department President's Citation for her work as the Department Safety Chairman. On Saturday morning she made a presentation to two volunteer Firemen from the Vestal Fire Department. These two volunteers had performed a daring rescue in May and both received National Certificates of Appreciation. With these certificates went the thanks of over 22,000 members.

As was stated by Department Adjutant Gumo—HICKSVILLE VFW IS ALIVE and this is so very true.

Donald May

The Real Donald May

By Mark Silverstein

Can a man who in real life lives an easygoing type of existence transform himself in a dramatic role to a man who faces peril everywhere he turns? In the case of Donald May this is exactly what he does.

When Mr. May was a kid, he was fascinated by acting, in conversations he would just listen and study people's reactions. Mr. May got "bitten by the bug" when he switched from Pre-Med course to Fine Arts and Drama at the University of Oklahoma. From there it was all uphill. He appeared on Television in the "Kraft Theatre" and the "Philco Playhouse". Mr. May also starred in two Warner Brother Television series, "The Roaring Twenties" and "Colt 45". In 1967, he joined the Emmy award winning C.B.S. "Edge of Night" series playing the role as Adam Drake. He has also just finished starring in a hilarious comedy called "The Fourposter".

I had the privilege of interviewing Donald May before a performance at the P.A.F. Playhouse in Huntington and I also met and talked to him during rehearsals for the "Edge of Night".

When I asked Mr. May what's the best way to act out a role he said simply "to live it," then he added that his whole life is his homework, he watches people do things and how they react to different situations and he stores it in the back of his mind because someday he might have to use it for particular character. Mr. May told me that if he had to do it all over again he would indeed still pick acting because it's given him a great life and also has given him a temperament of an actor. For people who are interested in going into acting, Mr. May suggests that first you must be philosophically and mentally prepared, then go to a school and learn all of the fundamentals of acting and then finally you have to go on stage.

When Mr. May is not doing his T.V. duties he pursues his hobbies: Golf, Sailing and people. He appreciates and enjoys being around people. That's a main reason why people like myself, enjoy being with him.

In the near future, I'll be doing a special feature on C.B.S. Award Winning drama "The Edge of Night", which is so much different than the other soap operas.

Pennies For Profit

To aid the Treasury's appeal to increase pennies in circulation, the 88 Marine Midland Bank branches in the Metropolitan New York area will pay \$1.10 for every 100 pennies they receive between now and August 1.

This 10 per cent bonus, which is available to both customers and non-customers, is being made to dramatize the growing shortage of pennies in circulation. Government estimates indicate that over 30 billion pennies are stored away in piggy banks, drawers, jars, etc. If just half of these pennies could be returned to circulation, the Mint could stop making pennies for almost two years.

This offer is available at all Marine Midland branches in the five boroughs of New York City, Nassau, Suffolk, Westchester, Rockland, Sullivan, Putnam, Dutchess, Orange and Ulster Counties.

'Fade Away' Your Gray

Time-lapse photographs show how gradual action of Grecian Formula 16 lets him control just how much gray he slowly gets rid of - some of it or all of it.

WHITE PLAINS, N.Y. - Thousands of men all over the country are discovering they don't have to dye their hair a solid dark color to look younger. Grecian Formula 16 is not a dark messy dye. It is a colorless liquid as easy to use as hair tonic. Used every day, the gray slowly 'fades away' and is replaced by natural looking color. The change occurs so

slowly over a period of time even closest associates don't notice it happening. The user has complete control of just how much gray he slowly gets rid of - some of it or all of it. Once the desired results are obtained weekly use thereafter is all that's necessary. The hair definitely does not have a dyed look. Get Grecian Formula 16 today at

Concert At First Baptist Church

A unique program of sacred music will be presented by The Bob Jones University Ensemble at First Baptist Church of Hicksville on Sunday Evening,

July 14th beginning at 7:00 PM. The public is cordially invited to attend the service. Jim Berg of California is in charge of this talented group and

will bring a short Gospel Message. Mr. Berg was graduated in May with a Major in Bible from BJU. Other members of the ensemble are Mrs. Berg, Miss Dianne Gustafson, and Tim Fisher of South Carolina; Richard Murray of Alabama, and Miss Beth Cook of Maryland.

The young people are typical of Bob Jones University, Greenville, South Carolina, which draws its student body of more than 5000 from every state in the Union, and about 40 foreign countries and territories.

Typical, too, of the institution is the spiritual and musical quality of their program. These musicians offer a combination of vocal selections including quartets, trios, duets, and solos. Both well-known and seldom-heard selections will be presented — all of them especially adapted for this ensemble.

Flower Show

The Long Island Daylily Society will be holding a Flower Show on Saturday, July 20 from 2-5 PM at Planting Fields Arboretum.
