Harmonica Players Unite

Long Island harmonica players are rallying to the tunes of the Empire State Harmonica Club, a newly formed group open to harmonicaists of all levels of skill.

An offshoot of SPAH - the Society for the Preservation and Advancement of the Harmonicas, the Empire State Club was organized by Douglas Yarbough of Franklin Square and Vincent Venturini of East Rockaway.

Like the national group, the Empire State Club offers members instruction, demonstrations, and a chance to play with other harmonicaists.

1974 Champs!

1974 WORLD OPEN CHAMPIONS: On this past August 9th and 10th The St. Ignatius Girls Cadet Corps won the 1974 World Open Competition in Lowell, Massachusetts. Mr. Costa, the director, would like to thank all of you, who because of your support made this possible. Everyone in Hicksville and the surrounding towns can be very proud of the girls.

As you already know, our girls are a non-secretarian group and always recruiting new girls, to carry on the tradition of a top all girl corps in the country. For further information you can call WE 8 3392.

On Labor Day we will be marching in the Hicksville Parade for the Jericho Fire Department. Come on out and see your girls, the 1974 WORLD OPEN ALL GIRL CHAMPIONS. Thank you again for putting Long Island at the top of the national marching and maneuvering map.

Board Set Third Budget Vote

BY SHIRLEY SMITH

Hicksville voters will go to the polls a third time on September 12 to decide on a school budget. This resubmission consists of two propositions:

Proposition I is the total budget, including cafeteria, interscholastics activities and transportation (with an increase in the limit at the Junior and Senior High Schools—the limit to be 1½ and 2 miles respectively). The total figure is \$25,209,238 and represents an increase of \$1.20 in the tax rate.

Proposition II will add ½ mile to the Junior and Senior High transportation (this will make it the same as in previous years). This proposition adds \$231,400 to the proposed budget and an additional 23 cents to the tax rate.

It is important for voters to be aware that Proposition II can only be passed if Proposition I is, because it provides solely for the additional transportation at the secondary schools. If a majority of the voters vote "no" on Proposition I, then Proposition II is automatically defeated, regardless of the votes cast in its favor.

The Hicksville Board of Education made a number of reductions in the budget before arriving at the figures now proposed:

- \$30,000 - school monitors (a 50 percent reduction in staff)
- \$45,000 - cafeteria (reduction of \$20,000)
- \$50,000 - supplies and equipment

\$45,000 - fringe benefits

\$32,000 - salary for an assistant superintendent for curriculum

However, there were also additions to the budget: \$100,000 for BOCES (increased tuition fees and more students than originally estimated will be attending) and \$136,000 in increased interests costs. At the same time, additional revenues were announced: increase in interest earned and adult education fees.

Board members voiced various opinions, pro and con, on the proposed budget. Mrs. Iris Wolfson was opposed to the reduction in supplies and equipment and salary costs for an Assistant Superintendent for Curriculum. She stated there has been a total of \$95,000 in supply and equipment reductions since the first budget (with cuts prior to the time a budget was submitted to the public) and with increase in paper costs and other educational materials, she felt the further cut was unwise and unrealistic. She also reminded the board that the third budget vote will cost an additional \$40,000. William Bruno repeated his objections to the budget, mainly the retention of the four elementary assistant principals and the Director of Continuing Education, he feels these positions should be eliminated to reduce the budget even further.

There was some discussion of the petition Mr. Bruno is circulating in order to have his own budget submitted to the voters.

Board attorney, Joe Campanella, said the first proposition (on Mr. Bruno's petition) would have to be submitted if the required 4775 signatures were obtained. However, the second proposition, relating to the elimination of elementary assistant principals, elementary and Junior High summer schools, etc., is not valid and would not have to be presented.

Regarding the moneys allotted for cafeteria, Board president, Robert Pirrung, pointed out that \$25,000 could be used to cover deficits in the program, but the board would have to be consulted and give its approval before the additional \$20,000 set aside could be spent. He added this may result in some staff reductions and changes in the lunch program.

The school board spent most of Monday's meeting discussing budget, but late in the evening transacted other business. They approved a Pre-Kindergarten Screening Program, federally funded, for the 1974-75 school year and an agreement with the Council of Administrators for continuance of pay as provided last year, until a new contract is approved. The board approved the contract with the Hicksville Clerical Personnel Unit of the Nassau County Education Chapter CSEA. Also approved were various bills for district operating expenses.

The next school board meeting is Wednesday, August 28 in the Administration Building.

Hicksville Library News

The happy puppetmobile will be returning to the Hicksville Public Library on Thursday, August 20th at 9:30 A.M. The children will once again be delighted by the performance of the puppets—this time in an enchanting fantasy called "Indian Summer". They'll even get a chance to go back stage and see how the puppets are handled. The talented group is sponsored by the County of Nassau Department of Recreation and Parks. The show, under the auspices of the Children's Room will be presented on the side patio, and all are welcome.

If you've signed him up for the pet show sponsored by the Children's Room at the Hicksville Public Library. After all, he deserves a chance to compete for one of the many prizes that will be offered at the big event on Wednesday, August 28th at 2:30. If it rains on the scheduled date, the show will be held the next day (the 29th) at the same time. So tie a yellow ribbon around your finger and bring in that great pet you've enrolled for the Library's Show.

The Friends of the Hicksville Public Library are sponsoring a book sale to be held at the library on August 26th beginning at 10 a.m. Emil Immesberger, President of the Friends, is issuing a call for donations of books from members of the community. Volunteers are needed to help set up the sale on August 21st and 23rd at 7:30 p.m. Book donations will be accepted at the Hicksville Public Library, or if you wish, will be picked up at your home. You may volunteer your service and/or your books, by calling WE 1-1417.

Rte. 106-107 Improvements

State Senator Ralph J. Marino (R-East Norwich) has announced that the State of New York will open bids for the reconstruction of the intersection of Routes 106 and 107 in Jericho, and the improvement of Route 25 and the Seaford-Oyster Bay Expressway, on September 5, 1974. The 106-107 reconstruction is designed to eliminate the dangerous traffic situation encountered by motorists traveling south on Routes 106 and 107. The

project involves the construction of a seven hundred foot ramp between Routes 106 and 107 within the area of the present cloverleaf. It is anticipated that this will double the area available for motorists to merge from Routes 106 and 107 before turning on to Route 25 (Jericho Turnpike). Lane delineators, improved signals and guide rails will also be installed to facilitate the funneling of traffic from 106 to Jericho Turnpike.

reconstruct and improve the Seaford - Oyster Bay Expressway between Old Country Road and Jericho Turnpike. In announcing these projects, Senator Marino said, "These improvements are the result of years of discussions between the Department of Transportation and interested members of the community. During that period I have had uncounted meetings with Austin Emery, the District Director of the Department of Transportation and representatives of various community groups interested in these projects. I have been assured that the opening of bids will be promptly followed by beginning of construction. I hope that these improvements will go a long way towards reducing the frequency of accidents in these areas."

Hicksville Author's Book At Library

There is a new book on the Hicksville Public Library shelves this week, which isn't really anything new. However the book that we are referring to is rather unusual. The title is "The Isolated" and the author is Robert G. Waldvogel, a 17-year old who is planning to attend Nassau Community College next year. He has completed four short stories and two other books, one of which is to be published this fall. He also has had an offer for "The Isolated" to be filmed in Hollywood.

The State will also open bids for the improvement and widening of Jericho Turnpike between South Oyster Bay Road and the County line. By widening the highway, a 12 foot flush median will be installed separating the oncoming lanes of traffic. New traffic signs and signals will also be provided. In a third project the State will

United Way Thanks Ind. Stabilization Board

At a recent Board of Directors meeting of the Industrial Stabilization Board for the Electrical Industry of Nassau-Suffolk counties, the United Way of Nassau-Suffolk acknowledged the Board's continuous history of support with a special plaque presentation.

According to John J. Shinker, United Way's Executive Director, "The United Way of Nassau-Suffolk, through its predecessor the United Fund of Long Island, and the Industrial Stabilization Board have had a long and favorable relationship manifested by a continuity of giving that displays the Board's concern for the

welfare of Long Island citizens. We are certain that this relationship will continue in the future."

The Industrial Stabilization Board, representing two thousand members, is a joint effort of both the electrical contractors and members of local No. 25 of the International Brotherhood of Electrical Workers in the Nassau-Suffolk area. It was established to maintain a stable labor-management relationship, and its record shows that it has been responsible for maintaining more than 30 years of peace and harmony in a \$6 billion dollar industry."

Incorporated in 1919 as the YMCA of Nassau Suffolk Counties, the 11 branches have for many years been informally referred to as the Long Island

"Y". The organization recently decided to make the informal designation its legal name. The Long Island "Y" serves approximately 45,000 members from Elmont in western Nassau County to East Hampton on Suffolk County's eastern tip. In addition to year-round programs at its 11 branches, the Long Island "Y" operates a number of summer camps, storefront operations and other decentralized programs in areas where there are no permanent "Y" facilities.

Mineral Club Festival

On August 24 and 25, Island Rock Hounds, Inc., is presenting our second annual Gem & Mineral Festival at the Multi-Purpose Room of the Hofstra University Student Center, Hempstead.

Featured will be educational exhibits in the mineral, fossil and lapidary fields, as well as the following working demonstrations by skilled craftsmen: cabbing, faceting, silver channel, carving, micromounting, silversmithing and repousse. There will be dealers, door prizes and free grab bags for the children. Refreshments will also be available.

Donations are \$1 for adults and 25 cents for children.

Jazz Festival

On Sunday evening, August 25th, at the Lakeside Theatre, Eisenhower Park, at 8:30 PM, the Nassau County Office of Cultural Development will present the Fourth Annual Nassau County Jazz Festival. The program is as follows:

6:00 PM - The Nassau Youth Neophonic Jazz Band, directed by Joe Dixon. This group is made up from Nassau County high school students.

7:00 PM - Alexander's the Great, an exciting new Jazz group featuring Ray Alexander and Moussey Alexander with Lou Forestier and Doctor Lyn Christie.

8:00 PM - "Zoot" Sims, legendary saxophonist and jazz giant.

8:30 PM - John "Dizzy" Gillespie with his concert jazz ensemble. Residents are advised to bring their own lawn chairs or blankets. There is no rain date.

This program is part of the Big Name Summer Series brought to Nassau County residents by the Nassau County Office of Cultural Development. For further information regarding programs sponsored by the OCD, please call 516-484-9333.

LWV Pamphlet

Do you know where and when to register to vote? Did you know that this year, for the first time, absentee ballots are available for the September 10th primary? Of course, in order to vote in a primary, you must be enrolled in a party that is running a primary contest.

Do you have any idea how many constituents each Congressman has in his district? Do you know where to contact the various political parties?

Answers to these and many more questions about voting and government are contained in the "Nassau County Handbook for Voters 1974" published as a community service by the League of Women Voters.

To obtain a copy of this valuable booklet, stop in at any of the public libraries in the Town of Oyster Bay, or send a self-addressed, stamped envelope to the League of Women Voters of the Town of Oyster Bay, Box 288, Syosset, N.Y. 11791.

Cerebral Palsy Fair at Hofstra University, gets a few pointers from the stars of the Twin Rinks Skating Show, a major attraction at the fair which runs from August 26th through September 2nd. Joining the supervisor are (l-r): Dawn Smith of North Bellmore; Ruth Cohen of Woodmere; and

Deborah Wilker of New Hyde Park, all members of the Long Island Figure Skating Club. At right is Bobby Denard, choreographer of the show. This will mark the first time an outdoor ice show has been featured in a summer fair. There will be four shows daily, admission is free. The Fair, featuring Emmet Kelly Jr.'s All-Star Circus and hundreds of attractions for all ages and tastes, will be the biggest ever to be held on Long Island. It will be at the Hofstra University Fairgrounds.

Mounted Security Patrol Expanded

The Mounted Security Patrol of the Nassau County Department of Recreation and Parks has expanded its range into the county-operated

Massapequa Preserve. The two-year-old unit, headquartered at the Muttontown Park and Preserve, now numbers six horses and six men. It is designed to patrol park areas that are not easily accessible by regular auto patrol.

A two-man mounted team has begun patrolling the 423-acre preserve on a regularly scheduled basis. The area, heavily wooded

and shrubbed in parts and dotted with small ponds and streams, runs about 4 miles in length between Massapequa and Massapequa Park.

The mounted patrol has been making daily rounds at Muttontown since its formation. At times, the horseman are also deployed by trailer to other areas under the department's jurisdiction for special events or when certain security problems arise.

Further expansion of the unit is contemplated for the future.

Dear Friends...

WE HAVE RECEIVED MANY QUESTIONS as to the progress being made by the Hicksville Parks Task Force. To date, the questionnaires are still being tabulated. A community meeting will be scheduled, probably in late Sept. or early Oct. We hope that by then all who are interested will have returned from their vacations and will be able to attend this meeting and contribute to the findings of this Task Force, which is, of course, advisory to the Town Board.

OUR ABLE PHOTOGRAPHER Bob Berkowitz is having a rough time getting the birds to stay at home in their nests in the new addition to the Church of the Redeemer on New South Road. So, we have no picture for you this week. But Bob is determined....we hope he meets with success.

WE CANNOT SAY ENOUGH GOOD about the community service given day in and day out, year in and year out, by our volunteer Fire Department. As you will read in Ex-Capt. Magee's story This week on another page of this issue, some of our residents have been phoning the dispatcher with complaints about the noise of the sirens, when he is busy on his regular duties. May we suggest that instead you put your complaints and suggestions in writing for the consideration of the Dept. and its Commissioner. However, also, please bear in mind that the requirements of the Fire Underwriters are essential for our safety. This may be hard to live with but, consider the alternative. We also urge you all to support our Fire Department's Annual Fund Drive, as you have in the past. They serve us, as we have said, all year long. 'Nuff said.

We're sure that there must be many members of the Greater Plainview Civic Association who are Republicans, but they do not seem to be elected or appointed to serve on this active organization's Board of Directors, who at present are all Dems. Come on, you Republican members.....why not help to make this group non-partisan by volunteering to serve in this capacity. I'm sure they'll welcome your help.

We hear that Judge Geiler of Suffolk has ruled that Congressman Angelo Roncallo may run in the Sept. 10 primary race on the Conservative Ticket, in the Third District. Joan Jensen of Massapequa will oppose.

WE WERE NOT AROUND, but it must have been exciting, last Sunday evening when our WORLD CHAMPS the St. Ignatius Girls Cadet Corps (for the second year) were met by the Hicksville Fire Department and 30 or 40 cars in a motorcade of fans, as they came off the LIE around 7:30 p.m. What an escort! So, with the church bells ringing, all

Letters To The Editor

Dear Editor:

More likely than not, most of your readers are unaware of the races for State Committeeman and State Committeewoman in the September 10 Democratic Primary. This is unfortunate, because no other contests will have more impact on the future of the Democratic Party in the Plainview-Hicksville-Bethpage area.

If our local Democratic Party is to become strong and united, it must have the kind of leadership that can only be provided by sincere, dedicated people like AARON BRITVAN and CAROLE FISHMAN. Mr. Britvan and Mrs. Fishman have proven their qualifications for election to the Democratic State Committee by their long records of selfless community involvement.

Carole Fishman has served with distinction as the President of the Greater Plainview Com-

munity Association and is also a past President of TOBAY Hadassah. Long a leading figure in the Plainview-Old Bethpage School District, she was Executive Vice President of the Manetto Hill PTA, a delegate to PTA Council, and Secretary of the District's Citizen's Budget Study Committee. She is perhaps best known for her leadership in the community's battles against the Northville gasoline tank farm and the Plainview garbage dump. In addition, she was the leading local advocate for the Town's recently adopted Safe Building Ordinance.

Aaron Britvan's record is as distinguished as that of his running mate. A local attorney, he has served as Community Chairman of the United Cerebral Palsy Association, as Vice-President of the Nassau-Suffolk Chapter of the New York State Adoptive Parents Committee, and as President of the New

Jefferson Democratic Club. He is presently Chancellor-Commander of the Knights of Pythias (Commuter Lodge) and Democratic Leader of the Plainview-Syosset Zone.

Mrs. Fishman's record of community leadership stands without parallel. Mr. Britvan's distinguished record stands in stark contrast to that of his opponent, the incumbent State Committeeman, who was decisively repudiated (in favor of Mr. Britvan) by an overwhelming majority of the rank-and-file Democratic Party workers at the May Democratic convention.

The choice for local Democrats is clear -- the future of our local Party depends on the election of AARON BRITVAN and CAROLE FISHMAN to the Democratic State Committee on Primary Day, September 10.

Very truly yours,
Michael Polansky

Supervisor JOHN W. BURKE REPORTS

The cost of higher education has become one of the heaviest financial burdens for students and parents alike in recent years. In order to provide additional financial assistance to a greater number of families, the New York Legislature unanimously approved the Omnibus High Education Bill of 1974 which was signed into law on June 14 by Governor Wilson.

The new law provides a total of \$30.3 million in outright grants to students attending independent colleges and universities, in addition to present tuition assistance programs.

In order to qualify for this financial assistance, a student must be a legal resident of New York State and have graduated from high school after January 1. Assistance is based on the family's income level which is

shown on the previous year's New York State income tax return as net taxable balance (gross income less all exemptions and deductions).

The new benefits will apply to full-time Freshmen who will be attending a college in New York State this fall where tuition is at least \$200. These benefits will be extended to include full-time Sophomores as well as Freshmen in the fall of 1975 and to all four undergraduate classes in the succeeding years.

The financial assistance available under this new law ranges from \$1,500 for families with a net taxable income of \$2,000 to \$100 grants for families with a net taxable income of \$20,000.

Students and their parents should also investigate the many

other sources of financial aid offered by private colleges and universities in the form of scholarships, student employment and various loans such as Federal Supplementary Education Grants and National Direct Student Loans. For those who are eligible, there are Federal basic opportunity grants of up to \$1,050 per year, New York State guaranteed loans for residents which range up to \$2,000 for Seniors, and Federal nursing loans of up to \$2,500 per year for students in programs leading to a degree in nursing.

I hope this information will be of some value to the young people of our Town who are interested in furthering their education at one of the many fine institutions of higher learning in New York State.

Polo at State Park

Sands Point and Muttontown will be at it on the polo field at Bethpage State Park on Sunday, August 18th.

And the match on Sunday August 18th sure was a crackerjack, every play crackling-Brookville's Ted Brinkmann, Paul Rizzo, G. H. "Pete" Bostwick and Frank Mortimer taking it five to four-Huntington's Ted Shapiro, Adie von Gontard III, Dave Rizzo and John Whittemore giving them blow for blow. Clamping down on Huntington, Brookville set them a merry pace, outpacing them five to one at the end of the fourth chukker. Brinkmann's triple and Bostwick's and Paul Rizzo's singleton piling it up on the scoreboard, Mortimer piling it on thick. Wild-the next two chukkers, both teams tearing in, Bostwick and both competing Rizzo's tearing it up-Dave Rizzo's three on the spot conversions almost tying it up, Huntington zipping Brookville at the winding up.

Winding up the week with a Sunday afternoon at Bethpage Park's polo field makes for a great day-the games starting at 3:00 P.M. Youngsters under twelve accompanied by an adult are admitted free and admission to adults only \$1.50

Fire Underwriters Requirements Essential For Your Safety

BY EX-CAPT. OWEN MAGEE

During this past week (August 7 & 8) Hicksville Firemen received 7 Alarms in a short period of time. The First Alarm was for a TV Set Fire at 11:15 PM at 11:16 PM A False Alarm was sounded, also at 11:16 PM A Rescue Call was received for an Auto Accident with a man trapped at 11:32 PM A Fire Box was pulled for a Rescue call, at 12:16 AM on the 8th A False Alarm was sounded, at 12:40 AM A False alarm was sounded and at 2:47 AM A rescue call was received.

Busy? You Bet. The Dispatcher was kept hopping dispatching apparatus, calling Hospitals etc. All during this period and on other recent occasions the Dispatchers had to put up with irate complaints from local residents. If this isn't bad enough we have been told by certain folks that they don't wish to contribute to our fund drive until we stop the noise of the Fire Horns and Sirens.

We would like to set the record straight. We, in the Fire Service have no way of preventing false alarms. It has to start at home with stern lectures for the kids. The older ones who know better

need another type lesson. The Board of Fire Commissioners have curtailed the sounding of the Air Horns and Sirens as much as they can. The Sirens shut off at 10 PM and go back on at 7 AM. The Air horn on Headquarters on E Marie St. must stay on at all times, as required by the Fire Underwriters. They also require the Alarm System to be tested once each day. That's why it is sounded at noon time, not to tell you its lunch time.

The Members of the Hicksville Fire Department do have Radio Receivers in their homes. However, we can't rely on those alone as they do fail from time to time. Electronic Equipment anyplace can fail. Computers fail, etc. We are not held responsible for these problems.

It is not fair to expect the Volunteer Fireman to stay next to his radio. He has his life to live too, and he too is annoyed by the Fire alarms But he does care enough to give his time to answer your calls. We are sorry that we don't have a Utopia here. The only other solution is to hire a paid crew. The going rate per man is now \$14,000 to \$18,000 per year. Officers are even higher.

Recently, it was reported in a daily newspaper that the Nitty Gritty of the Local Volunteer Fire Departments is the social events, parties, etc. This was stated by a person who must be blind folded! The Nitty-Gritty, friends is when the Alarm sounds and between 100 to 200 of your neighbors drop everything and run to help you ... not to mention the training that goes on every night of the week, Fire Prevention talks and Inspections.

We give you our best, we don't ask much in return, but a little respect would be nice. We request that any complaints you have be addressed to the Chief. He will see to it the best he can. Harassment calls to the Dispatcher during an Alarm will be dealt with severity in the future. It is against the law to interfere with Fire Department operations.

We ask that you pass this information on to your neighbors. All we ask is co-operation. We sincerely hope that we have explained the situation. We are always looking to the future for better ways to serve and protect the Community.

Fire Report

BY EX-CAPT. OWEN MAGEE

34 alarms were answered by the Hicksville Fire Dept. during the period August 6 thru 13th. There were 5 malicious false alarms, 18 rescue calls, 11 fire calls.

On the night of August 7th there were 7 alarms. The 1st alarm came in at 11:15 pm and the last was received at 2:47 am. On Sunday August 11th the department received 8 alarms.

A grease fire on August 12th at 2:28 pm at the Cantiague Park ice skating rink snack bar injured 2 youths.

We wish to make note of last weeks article in the Herald. In that article we stated the fire department stands ready to answer your calls 360 days a year, actually we have been known to respond in past years 365 days, we lost 5 days someplace.

Part of our article was somehow misplaced and it looked like it left off in mid-sentence. What we wanted to say is that during 1973 the Hicksville Volunteer Fire Dept. answered

your calls (1, 130 alarms) Will you answer our call.

The Annual Fund Drive is now underway. We would appreciate your support. Thank you.

COULD IT HAPPEN TO YOU?

A man carrying a gallon jug of gasoline into his basement to fill his lawn mower dropped the jug on the floor. Before he had an opportunity to clean up the mess, his oil burner went on, ignited the fumes and blew out the side of the dwelling.

Junior Fire Report

On Wednesday, August 7, Junior Firemen Carl Calma, Ed Gallagher, Dave Kauffman, and Eric Piezak discovered a unconscious man under the rail road overpass at Bethpage Road. Acting quickly, they started aid measures and notified the Fire Department via alarm box, and continued first aid until the F.D. arrived.

It's a shame how many cars passed this man without thinking twice about notifying the police or F.D. It would have taken 5 minutes of their time to turn in the alarm and wait until help arrived. Remember! If you see someone in trouble, don't wait their life may depend on it.

On Friday, August 9, the Hicks Junior Racing Team won 4th place for Jr. Cart Hose at the Bellport ournament.

During the meeting of July 18, the Juniors held elections for the vacant offices of Vice President, Secretary and Financial Secretary. The results were: Vice President: Tom Busse, Secretary: Nick "Boo Boo" DiPalo, and Financial Secretary: Tony Wigdinski.

Also at the meeting the following Juniors were appointed to the position of Lieutenant: Scott Pearson, John Hemberger and Ralf LaPolla.

It was also announced at the meeting, that the Juniors will be selling potatoe chips, pretzels and candy during the parade and tournament on Labor Day.

Because they are leaving the state, the following Juniors were the first to be put on the Junior Honorary Membership list: Jim and John Lehmann, and Rich Christ.

Grease Fire Burns Two

A grease fire in the snack bar, at the County Park on West John St. injured two youths. Hicksville Vamps received the alarm at 2:28 PM on August 12 and upon arrival found two burn victims. One victim, Richard Jones, 22, of 44 Gardners Ave. Hicksville received 2nd degree burns on his arm and 1st degree burns on his face and chest. Nearby workers put him in the swimming pool. As fireman were preparing to treat him he went into shock and stopped breathing. He was revived by firemen and trans-

ported to the burn center at the County Medical Center. His condition was listed as satisfactory. The other victim, R. Martland, 16 of 50Z Bourbon St. Westbury received 1st degree burns on one arm. He also was transported to the County Medical Center via the Fire Dept. Ambulance.

40 men and 6 pieces of apparatus responded under 1st Ast. Chief Roy Scharf. Cause of the Fire was not known but it was learned that one of the youths

Washington Report

Congressman
NORMAN F. LENT
5th District, New York

Hardly anyone who witnessed the final moments before the transfer of Presidential power last Friday could avoid feeling, at the very least, solemn. For whatever one thought of the man who was vacating the Presidency - and the man who was to assume it - we all received a sobering lesson in the human frailties each of us possess in varying degrees.

We witnessed one family's personal tragedy - another's personal elevation. Through it all, however, one consistently strong impression was the fact that all of the players were mortal - all of them subject to the same emotions which blanket us during our own personal tragedies or challenges.

The office, to be sure, is lofty. The men who occupy it - and their families - are throughout, reassuringly ordinary. That fact, along with the inescapable institutional durability which hovered over the passing of

power - makes one marvel at the absolute sensibility of our American system.

The times are begging for a national bromide, and Gerald Ford will be a good President. For he is a bread and butter, meat and potatoes man, and it seems that the period calls out for that.

On the other hand, these months will allow only for a brief sigh of relief before demanding an energetic attack on the problems that confront us - and Gerald Ford is capable of that too. He is a tireless worker who is likely to comb the country's resources for solutions to our domestic problems.

As a product of the Congress, and one of its most respected leaders, he is far more likely to seek - and receive - Congressional cooperation in moving legislation aimed at our current ills, the most prominent of which is inflation.

The President has previously

visited Long Island, as my guest, and is schooled in our local problems and strengths. Knowing him personally as I do, I can attest to his honesty and sincere concern for our prosperity, our peace and our prosperity. Above all, he has already acknowledged our immediate need to regroup. In time, differences between the political parties will surely reappear - but I fully expect Gerald Ford to dedicate himself to the task of renewing every citizen's faith in our system of government and its President. Our national conscience and esteem have been battered, and I'm certain Gerald Ford will set out to soothe them.

In short, the sad chapter of American history which became known as Watergate seems to be closing. The psychological exhaustion we have all suffered during "our long national nightmare" has become, at last, a condition from which our Nation can recover with a well-deserved and welcome rest.

Cotton Sails Around L.I.

"On Monday, August 12, Dr. Donald Cotten, Democratic candidate for State Senate in the 5th S.D., embarked on a sailing trip around Long Island to examine the quality of the marine environment. His boat, the "Wetlander", was skippered by Dr. Cotten, advisor to The Atlantic Coalition, and crewed by his son Glenn, and Stephen Lewis, who is the executive director of The Atlantic Coalition. Comparing this trip to common

campaign practices of bike-athons, and walking tours, Cotten said, "This will emphasize the fact that the 5th Senatorial District stretches from Long Island Sound on the north, to the Atlantic Ocean on the south."

The Cotten expedition cast-off from Oyster Bay and will sail east around Long Island to Massapequa, the southern end of his district. They will be doing some chemical testing of the water quality of Long Island Sound, Great South Bay, and the Atlantic Ocean. Cotten expects to rendez-vous in the Atlantic Friday morning with a flotilla of boats from the Atlantic Coalition on a sludge finding expedition less than one mile off Atlantic Beach. Cotten said, "The

Coalition is diving in this area because sludge has been found this close to shore. We are checking to see how extensive the near-shore sludge patches are."

The Atlantic Coalition, an organization composed of numerous East coast aquatic groups, alerted the press and the public to the sludge's encroachment upon Long Island's shore. It was their efforts that led to the recent Senate Subcommittee hearing on this subject.

The "Wetlander is expected to dock in Massapequa early Saturday evening. They will be welcomed by a party of supporters at the home of Norman Rabinowitz, 70 Riviera Drive South, in Massapequa.

Museum Sponsors Field Trip

The Gregory Museum will sponsor a field trip Saturday, August 17th at 9 AM on the 200 acres of the Muttontown Nature Preserve. Events will include viewing the Kame (glacial deposits), and observing wildflowers, wildlife, also demonstrations of butterfly collecting and nature photography will be given. Geologists, Mineralogists, Ornithologists and other specialists will be on hand to answer questions.

Bring a lunch, wear suitable clothing, especially shoes with rubber heels and soles. If you have a camera and binoculars, bring them along.

Those interested in making this trip should meet at The Gregory Museum, Heitz Place, in Hicksville at 9 AM for a brief free tour of the Museum, where you will see some of the flora and fauna to be observed at the Muttontown Nature Preserve. A car pool will be formed, and the tour will leave the Museum at 9:45 AM.

While most Museum field trips are open to members only, this fieldtrip will be open to everyone, ages 9 - 100, free of charge. For more details call 622-7505. Rain date - August 24th.

Have your own neighborhood Oktoberfest. Grill bratwursts, then keep them hot in a broth of beer, butter and a little allspice. Serve other German specialties alongside: potato salad, low cheese pickles, and more beer.

AT T.O.B. MEETING

No Opposition To Rezone Petition

By Janet Gosnel

There was no opposition at Town Hall on Tuesday (Aug. 14) to a petition to rezone two parcels on Jericho Turnpike in Woodbury from BA (one acre cluster residential) to Business F.

In addition to the rezoning hearing, petitioners for which were Lawrence and Jean Goldsmith and Howard Van Sise, the Town Board acted on several resolutions of interest to residents of this newspaper's readership area.

The rezoning concerned two adjacent parcels on Jericho Turnpike east of Woodbury Road, on 60' x 150' and the other 75' x 100'. Both parcels had been zoned Business F before the approval

last year of a master plan for Woodbury, which changed the zoning to BA.

Attorney Joseph Carrieri, of the firm of Fritz, O'Brien & Farrell, pointed out that the two parcels together would not equal one acre. He also pointed out that the properties are not adaptable for residential use, since they are bordered by the four Seasons Country Club on one side and a shopping center under construction on the other.

A real estate appraiser pointed out that the value of the properties in the residential zone is about \$30,000 each, while in a Business F with their current uses, the value is estimated at

about \$80,000 each.

One property is presently improved with an antique shop and a residence, and the other with a TV repair shop and a residence.

The Town Board reserved decision at the close of the hearing.

Other Business

In other business, the Town Board set a public hearing date of September 10th on a petition of 111 Bloomingdale Realty Corp. to modify certain covenants, conditions & restrictions imposed at the time of rezoning of premises on the south side of Willis Court east of Bloomingdale Road in Hicksville.

The Town also agreed to pay Joseph Blake Associates \$7500. in connection with appraisal services rendered for the landfill site in Plainview, and approved a contract for \$196,520. with Lizza Industries for the bituminous resurfacing of Cambridge Road, Parkway drive, Market Drive, and adjacent areas in Plainview.

Relating to Syosset-Woodbury, the Town Board approved the site, building, lighting and landscaping plans of R.A.K. Tennis Corp.; tabled a bid award for construction of a guide rail on Avery Road; denied the petition of John & Dorothy Ryansky (Syosset) for a special permit use to store construction equipment on their residential plot because such would be to the "detriment of the health safety, peace, quiet and comfort of the residents of the area," and tabled a resolution relating to the application of BP Oil, Inc. for a change of zone and special permit use in Syosset.

AT SUPERVISORS' MEETING

146 New Patient - Care Jobs Ordered for Medical Center

BY JANET GOSNELL

A dire picture of patients in need showed between the lines of an emergency resolution introduced by County Executive Ralph G. Caso at the Board of Supervisors meeting on Monday, August 12th, calling for 146 new positions in the nursing and supportive departments at the Nassau County Medical Center.

Present to encourage the passage of the resolution, which, with 42 positions already provided for in the budget will bring to 188 the number of new positions, were Doris Kasner, President of the Civil Service Employees Association at the medical center; Irving Flaumenbaum, Nassau County CSEA executive; Alice Honig, a nurse, of Baldwin; and a bevy of white-capped nurses whose presence spoke louder than words.

In introducing the resolution, which was passed unanimously by the supervisors, Caso said that discussions on personnel needs had been submitted to him by the medical center's acting superintendent following visits on August 1st and 2nd, and that this

resolution is the result. "While a job freeze is in force in other county departments, we believe that the welfare of patients should come first at the medical center, and that an exception to the job freeze should be made in this case," he said.

The ordinance passed calls for the hiring of 78 registered nurses at salaries ranging from \$10,810 to \$16,728 per annum; 20 licensed practical nurses at \$8,655 and \$9,289 per annum; 12 patient care assistants at \$6,498 and \$7,237; 9 clinical technicians at \$8,655 and \$10,906; and 28 clerks in two civil service categories at \$6,498 and \$7,648.

Personnel Complaint
A jarring note in the proceedings arose in the person of Mrs. Dorothy Bryant, of Elmon, who said the problem at the medical center was not lack of personnel, but what she felt was discriminatory administration of those working there. Mrs. Bryant, who said there is a "cancer" at the medical center, said she was speaking for her daughter, now on the housekeeping staff and formerly a nurse's aide, who, as a Roman Catholic, refused to work

in the labor rooms in the abortion division at the hospital and was refused a transfer by a superior. Mrs. Sharowsky "She either had to stay in the abortion division or quit," said Mrs. Bryant. She said her daughter then asked for a subordinate position on the housekeeping staff in order to maintain her pension. Mrs. Bryant said she had discussed the matter with Mr. Flaumenbaum, of the CSEA and also with the Human Rights Commission. All said they must abide by the decision of Mrs. Sharowsky.

"Not Germane"
"This is not germane," shouted a voice from the audience after Mrs. Bryant had carried on for some time. The voice was that of Dr. Ralph G. Sorley, of Rockville Center, ubiquitous governmental gadfly, who had earlier taken the floor for some time in regard to a resolution allocating an additional \$2,000,000 to the Metropolitan Suburban Bus Authority because, the resolution states, adequate provision had not been made in the budget for the MSBA. "How much is the MSBA going to cost us this year?" asked Mr. Sorley, and "Who's minding the store, Mr. Caso?" he asked.

He also covered other topics while he had the podium, including his recurring theme of District Attorney William Kahn's expense account, which he has been watchdogging for some time, via communications with county comptroller M. Halsted Christ and others. He questioned a trip by Ralph Caso and his wife to the convention of the association of district attorneys last year and was told by the county executive that the trip had been paid for by the association.

In other business, the supervisors allocated the following monies, primarily state or federal grants: U. S. Department of Labor Grants in the sum of \$87,000 in connection with the Hometown Plan Program;

\$516,900 in connection with the Emergency Employment Act, \$100,000 for the Public Service Careers Program, \$22,267.71 as death benefits for policeman Theodore H. Jones, Jr., who died of a heart attack while on duty; \$7500 for a historic brass band at Old Bethpage Village Restoration; \$100,000 for the Roosevelt Mental Health Clinic; \$166,740 for a project titled "Bicycle Safety Patrol," \$4,395 for "Cardio Alert Remote Equipment and Training Aids." Also, \$96,200 for Highway Safety Program and \$94,457 in behalf of county and national safety agencies for a project titled "Planning and Administration."

The supervisors also authorized the County Executive to execute a further agreement with the N. Y. State Dormitory Authority for the financing and

construction of a physical education building, athletic fields and office tower at Nassau Community College. The agreement is for \$31,832,000. Total cost of the first three phases of construction of the permanent campus at Nassau Community College is estimated at \$70,332,000.

Merit Awards

After the meeting, Town of Oyster Bay Supervisor John Burke presented Merit Awards to several county employees for introducing new techniques or jobs. From this newspaper's readership area were Maurice Osmond and John Pasquell, of Wantagh, who introduced a dye dilution method for tracing sanitary sewage; and James Mango, of Hicksville, who introduced a new envelope design at the Board of Elections.

QUES: I plan to apply for supplemental security income payments, and I understand my life insurance will count as a resource. Does this include term insurance?

ANS: The cash surrender value of your life insurance will count as a resource if the total face value of all your life insurance policies on any one person is over \$1,500. Term insurance has no cash surrender value, and therefore, is not considered as a resource.

Lent Urges DST Revision

Congressman Norman Lent, one of the original sponsors of legislation that brought the Nation under year-round Daylight Savings Time, told a House subcommittee on Monday (August 12th) that he favors returning to Standard Time during the darkest winter months of November through February.

Lent told the Subcommittee on Commerce and Finance of the House Commerce Committee that he favors eliminating the months of November, December, January and February from the Daylight Savings Time plan "because parents are universally concerned for their children's safety while traveling to school in pre-dawn hours during these

months."

The panel held one day of hearings on proposals to revise the Nation's time scheme, including Representative Lent's bill to create an "Eight On / Four Off" observation of DST.

The East Rockaway Republican said "this past year's experience with winter Daylight Savings Time indicates that during these months, a great majority of people would rather revert to Standard Time, and I urged the Subcommittee to approve legislation I have introduced to accommodate so many American parents' concern for the return of that extra daylight hour during the months of November through February."

Urges Supervisors To

Revise Tax Laws

Assemblyman Stuart R. Levine today urged the Nassau Board of Supervisors to adopt revisions in the Property Tax Law that would make more senior citizens eligible for property tax exemptions. "The economic problems that effect all of us are especially hard on senior citizens, many of whom live on fixed incomes," Levine said, "I feel we should assist them in any way possible to remain in the homes where they have lived for years."

The new law, which Levine supported in the legislature and which was signed by Gov. Wilson, raises the income limitation for 50 per cent property tax exemptions from \$6,000 to \$6,500 per year. It also replaced the previous five-year residency requirement with a two-year requirement.

Incidentally, the Audabon Bon-Bons of New Jersey, who did not participate last year, lost by one point to our girls. This is the first time that this team lost in 30 years. However, they did not enter either in 1973 or 1972. St. Ignatius Girls, we are very proud of you. (see picture on page one of the Hicksville edition).

ON SUNDAY, AUG 18, the Irish-American Social Club of Huntington have scheduled a Field Day of Gaelic Games and Sports at Caledonia Park, in Dix Hills (Caledonia Rd near Wolf Hill Rd) from 1 till 6 p.m.

SO MUCH has happened in the last week, on the national level...and there has been so much daily and TV coverage on the subject, that we can only say that the prayers of all have been answered—for a leader who will always put God, and the request for Divine Guidance first. So, building on what has been good in the past, and learning from what has not been good in the past, we may take the next step forward with confidence. Let's all do our part, for no matter how small it may be, in a democracy it is important.

Sincerely,
 SHEILA

Each limited partner shall have the right to substitute by assignment to any other person, firm or corporation, his whole share upon the consent and only upon the consent of the general partners. Any partner shall, however, have the right to assign his interest in shares to his lineal descendants, spouse, or spouses of lineal descendants and to his executors and administrator without the consent of the general partners providing he shall forthwith give duplicate originals of such assignment or assignments to the general partners immediately upon the execution thereof. Upon the death of a limited partner, the limited partner may bequeath his interest to his executor or trustee to be distributed in accordance with the terms of his will, or, if such limited partner shall die intestate, his interest shall pass to his administrator and to his heirs at law and next of kin pursuant to the Intestacy Law of the State of New York, and such recipients shall continue as limited partners under the terms and conditions of this agreement.

In the event of the death, incompetency or bankruptcy of either of the general partners or upon the bankruptcy or dissolution of M. F. Development Corp., the remaining or surviving general partners shall have the power to appoint a new general partner or partners. The general partner so dying or becoming incompetent or bankrupt hereby and the corporation upon its becoming a bankrupt hereby irrevocably empower the remaining general partners to appoint the new general partners as aforesaid and do hereby assign to him or it the interest of the general partner who is then ceasing to be a general partner.

Notwithstanding the foregoing nor the provisions of Section 109 of the Partnership Law of the State of New York, the surviving general partner or partners shall have the right and power upon the death, incompetency or insolvency of any general partner, to reconstitute the partnership by the formation of a limited partnership either in another name or in the name of this partnership.

Upon liquidation or termination of the partnership, the limited partners herein shall receive property and or cash pro rata as repayment of their contributions insofar as the contribution remains unrepaid. The balance of any proceeds of liquidation shall be disbursed pro rata in accordance with the interest of all partners, general and limited.

The certificate referred to above has been sworn to by all of the general and limited partners.

POTTER'S WHEEL: Children at Trinity's Vacation Bible School watch a potter's wheel as they learn how to make a clay vase.

On Friday evening, August 2nd, over 600 people attended a closing worship service for Vacation Bible School at Trinity Lutheran Church, Hicksville.

For the past two weeks 250 children ranging in age from 3-14 studied about Bible Times. They sang songs, wrote plays, made musical instruments and banners as well as many other activities. One group visited a nursing home to act out a play they wrote, while another group sang songs to a shut-in. Each class helped build a market place where many activities took place.

Everyone involved with the Vacation Bible School agreed that it was a great experience and are looking forward to next summer's program.

Welfare Rolls Drop

The downward trend in the number of people on welfare in Nassau County resumed during the second quarter of 1974.

Statistics compiled by the Social Services Department show a drop of 1,181 persons from the welfare rolls between April 1 and June 30. At the end of the first quarter of the year, there were 37,706 people receiving assistance, compared to 36,525 at the close of the second quarter. "Credit for the continued downturn has to go to Social Services Commissioner Joseph D'Elia and his staff for their diligent effort to tighten administrative procedures," County Exec. Ralph Caso said, adding that "the requirement of face - to - face reapplication every six months has been the single most effective tool in removing ineligible from receiving public assistance."

Since Caso took office in 1971, the number of people on welfare has gone down steadily from 58,000 to today's figure. Only in the first quarter of this year was there a slight increase, which was attributed to the problem of transferring persons to the new Federal Supplemental Security Income program, inflationary pressures and general economic conditions. The second quarter reduction, however, leaves a net reduction of 513 people since the beginning of the year.

Caso noted that the second quarter reduction was made despite an increasing number of home relief recipients being added as the result of continued delays in the processing of applications for the blind, disabled and elderly into the SSI program. SSI applicants awaiting processing are placed in the home relief category, where the cost is shared by the state and county.

Social Security Question Box

QUES: When an insured worker dies, I hear social security pays a lumpsum death payment, in addition to monthly survivors benefits. How much is it, and who gets it?

ANS: The benefit is \$255 and it generally is paid to the widow or widower who was living with the worker. If there is no widow or widower, the \$255 may be paid toward funeral expenses.

DEVOTIONS

By the Rev. John H. Krahn,
Trinity Lutheran Church

How To Be Smart

There was just no way Joshua could logically explain his battle plan to take Jericho. God told Joshua exactly what He wanted him to do. Can you picture Joshua trying to relate the plan to his generals?

"Well, we're going to march around the city."

"Then what?"

"We're going to do it seven times."

"Uh huh, then?"

"We're going to blow the trumpets and make a lot of noise."

"Really?"

"Then the walls are going to fall down."

They probably thought Joshua had battle fatigue. But as the trumpets blasted on the seventh trip around, the walls began to crumble. God wouldn't let Joshua down when he trusted in Him.

Solomon, one of the wisest of the wise, said that the mark of wisdom is to put your trust in the Lord. However bright we might be, whatever our many gifts and talents, they do not compare with those of the Almighty God. To put our trust in the Lord and have Him guide our lives is the smart thing to do. To others such an act of confidence in the Lord might seem as foolish as Joshua's battle plans.

The Christian life is not difficult; it's impossible. Jesus said, "Without Me you can do nothing." When life came crashing in upon Martin Luther, he would shout, "Christ is risen! He lives! He lives!" In this way Luther reminded himself that the same power of God which raised Jesus from the dead was now his. With God's help he could meet and overcome his problems...however large they were.

If God is powerful enough to create the Universe and raise a dead man, He is able to help us handle whatever difficulties life throws our way. Do the smart thing—trust in the Lord.

Young People Play Major Role In Naness Assembly Campaign

One of the major strengths in Richard Naness' drive for the Democratic nomination for Assembly in the Tenth Assembly District is the large number of students who have given up their summer vacations to work in the campaign.

Campaign manager Eric Ullman said that large numbers of students have willingly volunteered their time to help elect Naness. "The response we've gotten from students in the 10th AD is fantastic," he said. "It's unbelievable how much support Naness has from the young people."

Ullman said that one explanation for the large student response might be Watergate. "Students, like a large number of Americans, are turned off by politics-as-usual. They are pleased with the fact that an unknown, non-politician like

Richard Naness has decided to run for office."

Two students have been appointed assistant campaign managers. They are 17-year-old Michelle Livingston of Plainview and 18-year-old Jim Twombly of Bethpage. Eighteen-year-old Steven Bremmer is acting as assistant campaign coordinator, and the large number of students working on the campaign enables the headquarters to remain open from early morning to late at night.

Many students, like 18-year-old Les Brown of Old Bethpage, are opposed to the conservative policies of Yevoli. "When I was protesting the Vietnam War, Lew Yevoli was supporting it. When I was campaigning for the Democratic candidate for Oyster Bay Supervisor a few years back, Robert Gutheil, Yevoli was running against him on the

Conservative Party ticket. And when I walked my neighborhood for McGovern, Yevoli was being named New York State coordinator for Henry Jackson. How can I support a person like that?" Seventeen-year-old Karen Zmoss of Plainview has been working at headquarters daily. "I just like the candidate," she said. "No matter what, Richard is never too busy to take some time to listen to your suggestions."

"I haven't seen so much enthusiasm in a campaign for a couple of years," added 18-year-old Ira Berkowitz of Plainview.

"Art on Rye"

Opens Aug. 22

Nassau Community College's innovative luncheon lecture program, "Art on Rye," which proved so popular when introduced early this summer, will open the fall season on Thursday, August 22, in the Firehouse Gallery at noon. Admission is free, but seating is limited.

The bring-your-own-lunch program is to be continued as a regular Art Department feature, said Prof. Leonard Goldblatt, because it grew in popularity with each summer session lecture. Some 75 persons attended the last lecture on "Impressionism" at which Professor Goldblatt, originator of the program, discussed the works of Degas, Monet, and Pissarro.

The quiet bank around the corner.

When Queens County Savings Bank was founded, traffic noises went clippity-clip. And alarm clocks wore feathers.

That was in 1859. And we were the first savings bank in the County.

Today, we're a \$550 million bank with five offices in Queens and two in Nassau. And we've grown to where we are by going quietly about our business — advising people on the best way to save and then paying them the highest rates the law allows: 5.25% a year on Regular and Day-of-Deposit to Day-of-Withdrawal accounts, compounded daily, credited quarterly. Higher rates are available on Time Savings Certificates.

Just tiptoe in to the Queens County office "just around the corner" from where you live or work.

We'll tell you about all the things we can do for you.

Quietly, of course.

Station Drops Lent Appearance

Congressman Norman Lent, invited to appear on WABC-TV's "A.M. NEW YORK" program this Friday to discuss the hazards attributed to "sludge" near south shore beaches, said he had been asked to withdraw from participation by the New York station because of an unexpected request the network affiliate had received from a member of Lent's November election opponent's staff.

Franklin Ornstein's publicist, Phyllis S. Holtzer, told WABC-TV personnel that Ornstein would demand "equal time" under provisions of the Communications Act which would, under certain circumstances, obligate the station to provide the Democratic candidate with free broadcast time for as many minutes as the Congressman might have consumed in a previous appearance.

The East Rockaway Representative, who has recently received national attention for pointing up the "sludge" problem, called the complaint "a

effort to deny 4th District citizens the strong Congressional voice they expect, and I have tried to provide, on this issue."

Bona fide news interviews are not subject to the "equal time" provision, but Lent decided not to press the matter after learning that Dr. William Harris, the Brooklyn College professor who made the initial "sludge" discoveries, would be his replacement. "Dr. Harris will ably raise the issues and concerns many of my constituents have," said Lent, "and that would have been my own objective in appearing." Concluding, the Congressman added, "I will continue to try to alert people about the 'sludge' problem and propose remedies for it in every arena I can."
