Candidate For Water Commissioner

Harry Borley, a long time resident of Hicksville, is a candidate to succeed himself as Water Commissioner of the Hicksville Water District. Harry is Chairman of the board and has guided the growth and improved water quantity and quality in Hicksville. His efforts were recognized when he was elected by his fellow Water Commissioners and other water experts to serve as Chairman of the Long Island Water Conference. Harry has also served on several important committees of the

Conference. He has spearheaded the Water District's efforts to obtain an exception to the State Health Department requirement to chlorinate all water.

Harry lives with his wife Ann on Birchwood Lane and is a proud father and grandfather. He has been very active in the Hicksville Fire Department activities, having served as its Chief. He hopes his efforts will be acknowledged by the voters on August 30th, 7-10:00 P.M. at the Marie Street Firehouse.

LWV Pamphlet

Do you know where and when to register to vote? Did you know that this year, for the first time, absentee ballots are available for the September 10th primary? Of course, you must be enrolled in a party that is holding a primary contest in order to vote in their primary.

Do you have any idea how many constituents each Congressman has in his district? Do you know where to contact the various political parties?

Answers to these and many more questions about voting and government are contained in the "Nassau County Handbook for Voters 1974".

To obtain a copy of this valuable booklet, stop in at any of the public libraries in the Town of Oyster Bay, or send a self-addressed, stamped envelope to the League of Women Voters of the Town of Oyster Bay, Box 288, Syosset, N.Y. 11791.

FIRST SCHOOL: Mrs. Margaret Wolff, former teacher at the Burns Avenue School, recently presented a model of Hicksville's first school to the Gregory Museum. It will be on display in the museum's

historical room. A detailed history of Hicksville's first school house is on file at the Gregory Museum, and in the Hicksville Public Schools Curriculum Materials Center at 283 Newbridge Road.

Homecoming Dance

The Hicksville High School Alumni Association is sponsoring its 18th Annual Homecoming Dance on Saturday, October 19, at the Hicksville V.F.W. Hall from 9 p.m. to 2 a.m. This year we are honoring Judge Julius J. Schwartz, a graduate of Hicksville High School and one of the incorporating directors of the Alumni Association. Judge Schwartz, a Hicksville resident, is prominent in many civic and fraternal organizations.

This affair is also special for another reason. It is the 50th Anniversary of Hicksville High football, and a grand reunion of football players of the past 50 years is anticipated.

Tickets are \$12.50 and can be purchased at Holden's Stationery Store on Broadway in Hicksville. Tickets are limited and should be purchased early.

The Association also wishes to give their sincere thanks to Bill Moran for his photography work at the Varsity Dinner.

REUNION: Sitting at a table at a recent Hicksville High School Alumni Association function are (standing from left to right) Harry Guckenberger, Charlie Montana, Edward Beneke, and

(seated from left to right) Helen Hanlon, Ruth Paton, Dorothy Willant, and Dorothy Brown. This happy group is celebrating their 40th class reunion, having graduated from Hicksville H.S. in 1934.

Hicksville Library News

The Hicksville Public Library will be a hopping place this week. On Thursday, August 22 and 29 science-fiction films will be shown. "Marooned" with Gregory Peck on the 22nd, "Journey to the Far Side of the Sun" on the 29th. All films are shown in the library auditorium at 8 p.m. The community are always welcome to attend.

The Annual Book Sale, sponsored by the Friends of the Hicksville Public Library, will be begin at 10 a.m. on Monday, August 26.

PETSHOW

Judging by the huge turnout a few years ago, there should be a large crowd of animal lovers enjoying the pet show at the Hicksville Public Library this

month. Sponsored by the Children's Room, the show will be held at the front and side patio of the library on Wednesday, August 28th at 2:30. Every pet, from a skunk to a mutt, has been entered, and there are loads of categories for which awards will be presented. Ribbons will be given for honorable mention. Our judge will be Mrs. Loretta Pastella of Westbury, who has

been raising dogs, mainly Boxers, since she was ten years old. Her mentor has been her father, Mr. Ezio Ceccarini, a doghandler for many years. Mrs. Pastella has judged at the Boxer Club of Long Island, the Eastern Boxer Club, the Eastern Boxer Club Sweepstakes and the Albany Kennel Club. So whether or not you have a pet entered, come down and see the fun.

Board of Ed To Meet

The Hicksville Board of Education will hold a public meeting on Wednesday, August 28, at 8 PM

in the conference room of the administration building. The public is invited to attend.

WOULD YOU LIKE TO RIDE? Oyster Bay Town Supervisor John W. Burke (left) gets ready to take a test drive in the Hicksville Fire Department Rescue Squad's new ambulance.

Burke and Town Councilman Warren M. Doolittle (right) were on hand for dedication of the new vehicle. Looking on is Fire Chief Mario Misturini.

Tennis Party

There will be a Tennis Party on Saturday, September 21, from 7:30 to 1:00 p.m., at the Bethpage Tennis Center on Norcross Avenue, sponsored by the Hicksville Kiwanis Club Scholarship Fund.

Reservations are limited to the

first 40 persons. There is a donation, which is tax deductible, of \$15.00 per person, or \$25.00 per couple.

Included will be plenty of tennis, food and drinks, and locker room facilities with showers and saunas for both men

and women.

Make and mail all checks to Hicksville Kiwanis Club Foundation, c/o Harvey Kolin, 29 Richbourne Lane, Melville, 11746. Please include your rating on the back of the check. The deadline on all reservations is September 1.

Neighborhood Carnival

A neighborhood carnival against Dystrophy will be held on August 26, at 46 Flower Street, Hicksville. Craig Blazo, son of Mrs. Carol Blazo, will serve as Ringmaster, assisted by Mrs. Helen Miller.

The Carnival, which begins at 11:00, will feature such games as Fortune Teller Booth, Win the Duck, Wet Sponge Throw, and Pie Toss Game, and all proceeds will go to aid the fight against dystrophy and related diseases affecting millions.

Craig got the idea for staging the Carnival while watching TV personality Bob McAllister, who is promoting Carnivals on his "Wonderama" children's show, seen on WNEV.

Last year, in cooperation with Muscular Dystrophy Associations of America, 42,165 Carnivals were held by children across the country, and over \$1,259,753 was raised for MDA's research and patient service programs.

For additional information, please call 433-1229.

Teen Talent Show

Talented teen amateurs who have passed auditions will perform in the Teen Talent Show and Competition on Friday, August 30, at Eisenhower Park. Judges will select the best individual and group performances for awards in the twelfth annual show.

A wide variety of entertainment will be generated by the participants; however, rock bands are excluded by competition rules.

Young singers, dancers, musicians and comics will perform as soloists and in groups

in an effort to gain the recognition that might be the first step on the road to stardom.

Spectators should come with chairs and blankets to insure comfortable seating for the free event, which will be held at the Lakeside Theatre starting at 8:30 p.m.

Teen Talent '74 is being co-sponsored by the Nassau County Department of Recreation and Parks and Newsday.

The rain date is the following Friday, September 6, at the same time and location.

Skate-A-Thon To Benefit MDA

North Shore Roller Skaters will take part in a "45-Hour Skate-A-Thon" scheduled for August 23, 24 and 25 at the Pine Hollow Skating Rink, 275 Pine Hollow Rd., Oyster Bay.

The event is sponsored by the

Roller Skating Rink Owners of America (RSROA) as part of its participation in the annual Jerry Lewis Labor Day Telethon for Muscular Dystrophy Associations of America, Inc.

The skaters will be skating for the benefit of those who cannot skate - the victims of muscular dystrophy - and all funds raised will be turned over to MDA to benefit its Long Island Patient-Service programs and the worldwide research dedicated to finding cures for neuro-muscular disorders.

More than 420 are already signed up for the event. Each skater will enroll friends and neighbors as sponsors and the sponsors will contribute money for the total number of hours skated.

The event will open August 23 at 7:30 p.m. and the skaters will skate 55 minutes out of every hour until 4:30 p.m. on August 25.

BOCES Plans School Opening

A wide range of alternative educational opportunities offered by the Nassau Board of Cooperative Educational Services (BOCES) will be available to Nassau County's youth in the 1974-75 school year.

Among the alternatives are numerous occupational preparation courses for career-minded teenagers; comprehensive courses in fine and performing arts for gifted high school students; and a variety of special education programs appropriate to the needs of the handicapped.

OCCUPATIONAL EDUCATION
This coming year, the Nassau BOCES will again offer more than 60 occupational preparation courses at its five area centers.

Career-minded students can choose from among such diverse courses as licensed practical nursing, commercial art, classical cuisine and catering, data processing, building trades, automotive mechanics, medical assisting, conservation services, and new this year-heavy duty truck repair and maintenance.

The more than 6000 Nassau County high school boys and girls who will be taking BOCES occupational preparation courses this fall will spend half of each day pursuing their academic work at their home high schools and the other half-day at a BOCES center taking a one-, two-, or three-year course.

SPECIAL EDUCATION
The more than 3000 handicapped youngsters enrolled in programs conducted by the Nassau BOCES will continue to be served either full-time at BOCES centers or part-time in their own districts.

Among those in full-time programs are students who were

regrouped last year according to their educational needs rather than their disabilities. The plan is currently undergoing formal evaluation.

A new venture this year for the Nassau BOCES is the development of an outdoor education program for the handicapped. Under a federal grant, the Nassau BOCES will conduct a one year pilot project designed to train and enhance the skills of special education teachers in using the out-of-doors as a learning environment for their pupils.

Another new project, now in the negotiations stage with a supermarket chain, is the construction of a 6-lane supermarket at the BOCES Rosemary Kennedy School for the trainable mentally retarded. Youngsters who are considered capable of holding jobs in supermarkets will receive hands-on training and experience in the miniature supermarket.

CULTURAL ARTS CENTER
The BOCES Cultural Arts Center for public high school students who seek professional careers in the arts will begin its second year in September with an enrollment of nearly 100 pupils from Nassau County high schools.

The school offers pre-professional individualized and group training in vocal and instrumental music, dance, drama, and art.

Youngsters are admitted to the Center upon referral by their home districts, subject to a successful audition and interview. They attend the Center for half of each school day and spend the remaining half day in their home high schools pursuing their other academic subjects.

Big Brothers - Big Sisters Needed

The Nassau County Department of Social Services Volunteer division is looking for "Big Brothers" - and "Sisters."

Social Services Commissioner Joseph A. D'Elia explains that there are many youngsters known to the Department's Family Bureau and Protective Services sections who need a "friend."

A volunteer, he says, is often the ideal person to help a child through a difficult time, extending friendship and the knowledge that someone cares. Fatherless youngsters, in particular, need "big brothers" to provide a male image, absent in the natural family. A "big

sister," according to Commissioner D'Elia, can be helpful in households where the mother is burdened with care of very young or ill children.

Volunteer "big brothers" and "sisters" are requested to give a minimum commitment of one year to the program, because time is required to develop a meaningful relationship with a child. There is no age restriction. "From 19 through the senior years, you can be a friend."

Those who are interested in learning more about being a Big Brother - or Sister - to a child in need are urged to call Mrs. Ruth Dintenfass, Volunteer Coordinator, at 535-2020.

Looking on is Mrs. Paul Peyser of Merrick, newly installed president of prestigious Council of Cerebral Palsy Auxiliaries.

NCPD Reports Cycling Problems

With bicycling becoming an increasingly popular pastime and means of transportation, the Nassau County Police Department reports a sharp upsurge in police activity related to cycling.

Although there are no accurate figures on the number of bikes in Nassau, since unlike automobiles, they do not have to be registered, the Department estimates there are about one million of them in use. This compares to approximately 850,000 cars.

Accompanying this huge volume of bicycle traffic are sizeable increases in the number of accidents involving bicycles, stolen bikes, arrests for bicycle thefts and official notice of violations by bike riders.

The most alarming increases are those involving accidents between bicycles and

automobiles and the number of cyclists injured. During the first six months of 1974 there were 373 such accidents in the Police District (that portion of the county physically patrolled by the Department's eight precincts), as compared to 301 during the same period in 1973 - an increase of 23 per cent.

The number of injured cyclists during the same period also rose by 23 per cent - 343 for 1974 as compared to 279 for 1973. Fatalities for this six month period increased from two to six.

Significant increases have been reported in the number of bicycle thefts with an increase of 19.5 per cent. During the January 1 through June 30 period there were 2591 such thefts in 1973 as compared to 3096 in 1974. The monetary loss of the bikes was even greater, \$211,820 for 1974 as

compared to \$159,103 for 1973, an increase of 33.1 per cent.

These increases have taken place despite intensive drives by the Department for several years to promote bicycle safety and prevent bicycle theft. As far back as May, schools throughout the county were plastered with posters regarding bicycle theft and safety and pamphlets distributed by the thousands by the police.

During this period special squads of police officers saturated trouble-prone theft areas to deter bicycle thefts, but as Police Commissioner Louis J. Frank pointed out, "To be truly effective it is mandatory that we have the cooperation of the residents of an area, the merchants and the youngsters and their parents."

Dear Friends...

Dear Friends:

We have mentioned to you several times in the past, that it is the policy of this newspaper to print "Letters To The Editor" only if the name and address is included. It may be withheld upon request, of course, for we do understand that there are reasons that may at times justify this. But unsigned "Letters..." cannot be used. This week we received one that contains a real problem, but it was unsigned. However, we'd like to assure its writer that we are forwarding it to the correct authority, in order that your very real problem may be solved. We hope it is.

The first meeting of the Hicksville Community Council will be the second (rather than the first) Thursday in October at the Hicksville Library, starting at 8:15 p.m. A program regarding the planning of the Hicksville Park Task Force, will be the main subject of

Supervisor JOHN W. BURKE REPORTS

I was deeply impressed by President Ford's forthright approach to the nation's No. 1 domestic enemy, inflation, in his address last week to the Congress and the people of the United States. As the President pointed out the American wage earner and the American housewife are not better economists than most economists care to admit, and have long recognized the need to mount a major effort to stop the inflationary spiral.

At the local level of government, inflation has been a major consideration in the decision making and planning for the past four and one-half years. Through prudent planning and the application of sound business practices by our officials and department heads, the Town has been able to continue to provide improved services to a growing population without any increase

in the general tax rate since 1970. The problem of inflation has intensified since the first of the year. The Town has experienced an overall increase of 46 percent

in the cost of the materials and supplies it must purchase. Since January, 1974, for example, the price of gasoline to the Town has doubled. On the average, the Town uses in the neighborhood of 750,000 gallons of fuel to operate its various vehicles each year. Fuel oil to heat the more than thirty Town buildings has also doubled in price, as many homeowners know. Increases of up to 50 percent have also been experienced for such items as chemicals for pool treatment and sanitary waste disposal facilities, paper products, and, even materials for the hundreds of traffic signs installed along Town roads.

You have demonstrated a firm commitment to the American people by your twenty-five years of service in the House of Representatives. In your recent address to the Congress, you reaffirmed this commitment and thereby restored the faith of millions of Americans in their government and their country.

We are all grateful.

I also pledge the support of the Town of Oyster Bay in your fight against inflation, which you identified as domestic enemy No. 1. This has also been a top priority item of my administration since taking office in January, 1970. With the support and efforts of both our elected officials and department heads, we have been able to avoid any increase in the general tax rate for our 370,000 Townspeople over the past four years.

I am urging all of our constituents to support your administration in its efforts to bring the American economy back on an even keel.

Faced with this continuing problem, we look forward to and will fully support at the local level the efforts of the Ford administration to bring this problem under control. I have so informed the President of our intentions in the following letter:

Dear Mr. President:
I wish to express to you my full confidence and support as you assume the awesome task of President of the United States.

Letters To The Editor

Dear Editor:

I read with some dismay your remarks concerning the political make up of the Executive Board of the Greater Plainview Community Association.

The Greater Plainview Community Association is a non-political organization devoted to making our town a better place to live. Our members encompass every political spectrum and we all seek to achieve the same goals.

All we ask is a concern for our community and a willingness to devote the time and effort needed to achieve these goals.

Very truly yours
Greater Plainview
Community
Association, Inc.
Paul Eisenstein
President

Dear Editor:

As one of the founders, and

recent past president, I feel it necessary to respond to your recent editorial re admission of "Republicans to serve on the Board of the Greater Plainview Community Association."

First some clarification... The Board, not now, not last year, nor the first year, has ever been made up of all Democrats. As a matter of fact, our first President of two years, was indeed a registered Republican. So, if in fact, someone bothered to check on the registration of our officers at any time, although it escapes me as to what the registration is of anyone who expresses a desire to work for their community is, then I would say they did an incomplete job.

As someone who has constantly received our monthly Newsletter, you have seen full well, our call both for members (political registration notwithstanding) as well as the call for active workers. (political registration

notwithstanding.) An unnecessary gasoline tank farm, gas station, or garbage dump is not beneficial to Democrats, Republicans, or anyone else.

We thank you for your fine words about our civic association, but as a non-partisan newspaper why worry about the political registration of the G.P.C.A. members.

Yours truly,
Carole Fishman

Editors Note: I've worked in several non-partisan organizations and find that it is always better when they really are just that. That's why I made last week's suggestion. Hope you are really working toward that goal. Please continue to expect the amount of publicity that your efforts deserve. If you keep a publicity scrapbook, you'll realize it is a fair amount.

CW Post To Offer Reading Course At Library

The improvement of reading skills will be the subject of a non-credit course to be offered this fall at the Syosset Public Library by C. W. Post Center of Long Island University. It is just one of a wide range of college level courses being offered in local high schools and public libraries for personal and professional enrichment through the C. W. Post non-credit Continuing Education Program.

"Speed Reading" will con-

centrate on development of correct reading habits, perceptual accuracy and improvement of individual reading speed and comprehension. The most modern aids to reading efficiency will be used to teach techniques of skimming, rapid reading, reading to select important ideas and reading for critical appraisal. Classes will meet on Wednesdays from 8:00 to 10:00 p.m. beginning October 9. There is a \$30 registration fee

which includes materials.

A detailed brochure containing descriptions of all course offerings, registration and fee information may be obtained by writing to the Office of Special Programs, C. W. Post Center, Greenvale, 11548, or telephoning 299-2431.

Save Gas Shop Locally

Gasoline Station Tow Cars Must Be Licensed

Oyster Bay Town Clerk Ann R. Ocker reminds owners of gasoline stations who operate tow cars during the regular course of business that they must now be licensed.

The fee for the license is \$25 for the first vehicle, and provisions of the license permit all tow car operations except responding to accident calls or removing cars from the scene of an accident.

"A good number of gas station owners offer tow car service to customers who have flat tires or breakdowns while driving," said

Mrs. Ocker. "We certainly have no intention of prohibiting or hindering this service, but the license is required."

"Local police are aware of this requirement, and operators will be found in violation if they are doing business illegally," Mrs. Ocker concluded.

Applications can be obtained from and filed with the Clerk's office in Town Hall, Oyster Bay hamlet. There is a non-refundable \$25 application fee, but no late registration penalty will be levied.

Social Security Question Box

QUES: I heard that the premium I pay for Medicare medical insurance was increased in July. Why?

ANS: The basic monthly medical insurance premium rate went from \$6.30 to \$6.70 starting July 1. The Medicare law requires an annual review of the

medical insurance program to determine if individual premiums and Federal funding will cover estimated expenses for the next 12 months. The premium rate increase is related to a rise in the cost of medical services that are covered by Medicare and used by people who have the protection.

PUBLIC NOTICE

NOTICE is hereby given, pursuant to law, that a public hearing will be held by the Town Board of the Town of Oyster Bay, Nassau County, New York, on Tuesday, September 10, 1974, at 10 o'clock a.m., prevailing time, in the Hearing Room, Town Hall, Oyster Bay, New York, for the purpose of considering an application to modify certain covenants, conditions and restrictions heretofore imposed upon and affecting the following described premises in connection with the adoption of a resolution which granted a change of zone of premises which included the subject premises by deleting the following covenants, restrictions and conditions and rescinding any and all other provisions which, expressly or impliedly, prohibit enlargement of the existing building:

"Second. No industrial plant shall be erected upon a plot of less than two (2) acres.

Third. The total coverage of buildings and structures, including off-street load-

ing and unloading space, shall not exceed fifty (50) per cent of the plot area. The remaining fifty (50) per cent of plot area may be utilized for landscaping, recreational areas, and other miscellaneous purposes in harmony herewith.

Fourth. Accessory off-street parking shall be provided for a number of cars equal to at least thirty per cent of the number of employees working at any one time in the industry or business operated on the said plot.

Fifth. No building shall be erected within seventy five (75) feet of any street, nor within fifty (50) feet of any interior lot line."

The permission to modify said aforesaid resolution is being sought by 111 BLOOMINGDALE REALTY CORP. and said premises affected are described as follows:

All that certain plot, piece or parcel of land, situate at Hicksville, Town of Oyster Bay, County of Nassau, State of New York, which is bounded and described as follows:

Said premises being located on the southerly side of Willis Court, approximately 137.58 feet east of Bloomingdale Road, fronting irregularly approximately 274 feet along the southerly side of Willis Court, and designated on the Land and Tax Map of Nassau County as Section 46, Block S, Lot 496.

The above mentioned petition and map which accompanies it are on file and may be viewed daily (except Saturday, Sunday or Holidays) between the hours of 9 a.m. and 4:45 p.m., prevailing time, at the office of the Town Clerk.

Any person interested in the subject matter of the said hearing will be given an opportunity to be heard with reference thereto at the time and place above designated.

Caso: "Nassau Paying More For Gas"

Gas prices at the pump may be declining across the nation, but per gallon cost in Nassau County is still well above the national average.

County Executive Ralph G. Caso cited the price situation in Nassau today in viewing a statement by U.S. Treasury Secretary William Simon, who said a decline in gas prices of six or seven cents per gallon is soon expected.

"Every motorist welcomes the idea of a decline in price of gasoline," Caso said. "Nassau drivers in particular, are looking for a price break since we are paying more than the national average now for gas at the pump."

Nassau's Energy Coordinator Francis E. O'Connor pointed out several days ago that his monthly energy survey questionnaire

indicated prices in the county were well above the national average.

"Secretary Simon says prices are going down," O'Connor said, "but our indicators show a steady level above the national average."

The county's July survey showed a price decline to an average 57.7 cents per gallon of regular gas. The June average was 58.9 cents. The national average in July was figured at 56 cents a gallon.

"We can see no valid reason why Nassau motorists are paying almost 2 cents per gallon above the average," Caso said.

In a letter mailed Monday to State Attorney General Louis Lefkowitz, Caso cited the average price differences and asked Lefkowitz, as part of his continuing investigation into fuel

prices, to seek to determine why the variance exists.

O'Connor has received the backing of the state's Emergency Fuel Office in his charges that oil company practices can and do create artificial shortages.

In statements to the EFO, O'Connor said his surveys have found that some suppliers would not make deliveries of less than a full tank truck load. At times, the end of the month allocation is not equivalent to a full truck-load and the suppliers refuse delivery, he said. O'Connor also questioned the practice of so-called "seasonal adjustments," a system of evening out deliveries on a month-to-month basis.

"The state concurs with our interpretation of the law in these cases," O'Connor said. "We intend to cite individual instances to be turned over to proper authorities for investigation and eventual prosecution if the practice continues."

VFW Auxiliary News

By Joan Chwalisz

At the regular meeting of the Ladies Auxiliary to the Wm. M. Gouse Jr. Post No. 3211 it was announced by ways and means chairman Virginia Byrnes, that we will have a Fall Dance. It will be held at the Post Hall on October 26, 1974 at 9:00 P.M. Price of tickets will be \$7.50 per person and can be obtained by contacting the chairman at 938-4840 or our President, Pat Williams at 931-4677.

Price of tickets will include dancing to a live band, beer and refreshments. Come out and join us for an evening of fun and

relaxation.

Anyone interested in working in the cloakroom or in the kitchen on a Friday evening, please contact our President so that she can set up a schedule. We will start this in September and need all the help we can muster. So if you have a few free hours, won't you volunteer the time.

Attending the National Convention of the Veterans of Foreign Wars this week in Chicago is Ed and Joan Chwalisz. Should be a great convention as the organization is celebrating its 75th Anniversary this year.

DEVOTIONS

By the Rev. John H. Krahn,
Trinity Lutheran Church

Praise The Lord!

A Christian salesman was in a strange town over the weekend, so on Sunday morning he went to the church closest to his hotel. He noticed that the worship was a little different but soon he became so inspired by the sermon that at one point he just couldn't control himself and shouted out loud, "Hallelujah!" as he had been accustomed to doing in his home church.

Not noticing the stares of his fellow worshippers, he shouted, "Praise the Lord!" when another stirring sentence came along. After this second outburst an usher came forward, tapped the man on the shoulder, and whispered sternly, "Nobody can praise the Lord in this church!"

A Christian should be an "Hallelujah" from head to toe. Long faces, stooped shoulders, and downward glance are products of a life foreign to Christianity. Much of the church must begin to realize that Christianity is more than breast

beating and pious pretense.

At Pentecost spirit came into the Church, POW! The Holy Spirit arrived in full power. God rocked that band of fearful, squeaky, sometimes followers right out of their inactivity. Out they came from behind locked doors—right into the streets telling about Jesus.

The placenta was now broken, the labor subsided and the Church was born. Peter and John stood in the market place telling everyone who would listen that Jesus was the Lord. And nobody and nothing except death itself could quiet them.

Hey Christians, listen! Our God is a happening God. He belongs to the living present, the passing moment, the now. His powerful Spirit wants to make its impact upon our lives. God wants to happen in us.

Let Him in powerfully and your whole being will "Praise The Lord!"

Park Security Can Issue Summonses

The 90-man security force of the Nassau County Department of Recreation and Parks has begun exercising its newly-acquired power of issuing summonses for infractions of park rules and regulations.

The force, which is unarmed, was granted the summons power by the State Legislature in 1973—effective last October 1.

Commissioner Richard A. Fitch has instructed the Security

Unit to "use the instrument wisely and effectively."

The most common violation in the county's park system is illegal parking. Summonses issued by the security force are returnable in First District Court, Mineola.

Prior to receiving summons power, it was necessary for security guards to call upon county police officers when violations occurred.

Radioactive Lungs

Tar and nicotine are some of the hazardous substances in tobacco smoke, but not the only ones.

Dr. Edward A. Martell of the National Center for Atmospheric Research says the cancer-causing ingredient in cigarette smoke may be radiation instead of tar. Tiny, radioactive particles become imbedded in a smoker's lungs, he says, and build up over the years until he or she is getting radiation doses that rival those of uranium miners.

In his research, Dr. Martell has discovered that radioactive particles in the atmosphere can collect on the sticky hairs of tobacco leaves. When the hairs burn, radioactive lead is fused into the hair particles. Dr. Martell is attempting to prove that damaged lungs are most likely to collect and hold the radioactive particles, because the lungs' defenses are already deficient.

In a smoker's lungs, Dr. Martell says, thousands of

particles gather over the years in tiny clusters. A longtime smoker is still being bombarded with radiation caused by cigarettes smoked years before.

Researchers at the Swiss Institute for Experimental Research have found that the gases in cigarette smoke—carbon monoxide, nitrogen dioxide, and acrolein—cause even more damage to lung cells after four days than do the tars. Still another substance in cigarette smoke, a metal called cadmium, is suspected as the chief cause of a crippling lung disease called emphysema.

Scientists are still counting the hazards in cigarette smoke. But there is no controversy about the facts. Cigarette smoking is the chief cause of emphysema, chronic bronchitis, lung cancer, and coronary heart disease.

To find out more about the hazards of cigarette smoking and ways to help people quit, contact your lung association. It's a matter of life and breath.

Each limited partner shall have the right to substitute by assignment to any other person, firm or corporation, his whole share upon the consent and only upon the consent of the general partners. Any partner shall, however, have the right to assign his interest in shares to his lineal descendants, spouse, or spouses of lineal descendants and to his executors and administrator without the consent of the general partners providing he shall forthwith give duplicate originals of such assignment or assignments to the general partners immediately upon the execution thereof. Upon the death of a limited partner, the limited partner may bequeath his interest to his executor or trustee to be distributed in accordance with the terms of this will, or, if such limited partner shall die intestate, his interest shall pass to his administrator and to his heirs at law and next of kin pursuant to the Intestacy Law of the State of New York, and such recipients shall continue as limited partners under the terms and conditions of this agreement.

In the event of the death, incompetency or bankruptcy of either of the general partners or upon the bankruptcy or dissolution of M. F. Development Corp., the remaining or surviving general partners shall have the power to appoint a new general partner or partners. The general partner so dying or becoming incompetent or bankrupt and the corporation upon its becoming a bankrupt hereby irrevocably empower the remaining general partners to appoint the new general partners as aforesaid and do hereby assign to him or it the interest of the general partner who is then ceasing to be a general partner.

Notwithstanding the foregoing nor the provisions of Section 109 of the Partnership Law of the State of New York, the surviving general partner or partners shall have the right and power upon the death, incompetency or insolvency of any general partner, to reconstitute the partnership by the formation of a limited partnership either in another name or in the name of this partnership.

Upon liquidation or termination of the partnership, the limited partners herein shall receive property and or cash pro rata as repayment of their contributions insofar as the contribution remains unpaid. The balance of any proceeds of liquidation shall be disbursed pro rata in accordance with the interest of all partners, general and limited.

The certificate referred to above has been sworn to by all of the general and limited partners.

IN HAPPENED IN HICKSVILLE: We finally gave up on trying to get a picture of the birds IN their nests ... but here is a close-up picture of one of the nests, and another picture showing the three holes where the mason contractors building the addition to the Church of the Redeemer on New South Road in Hicksville, built around the three nests so that the birds could raise their families. Soon, these spots will be closed forever. But, these pictures will immortalize this unusual event. News is made up of tragedy ... comedy ... and what have you. But to think that someone cared enough to bypass the completion of a building for the sake of three bird families, is news too. We share it with you. (Pictures by Bob Berkowitz).

In the event of the death, incompetency or bankruptcy of either of the general partners or upon the bankruptcy or dissolution of Leeefeld Realty Corp., the remaining or surviving general partners shall have the power to appoint a new general partner or partners. The general partner so dying or becoming incompetent or bankrupt and the corporation upon its becoming a bankrupt hereby irrevocably empower the remaining general partners to appoint the new general partners as aforesaid and do hereby assign to him or it the interest of the general partner who is then ceasing to be a general partner.

Notwithstanding the foregoing nor the provisions of Section 109 of the Partnership Law of the State of New York, the surviving general partner or partners shall have the right and power upon the death, incompetency or insolvency of any general partner, to reconstitute the partnership by the formation of a limited partnership either in another name or in the name of this partnership.

Upon liquidation or termination of the partnership, the limited partners herein shall receive property and or cash pro rata as repayment of their contributions insofar as the contribution remains unpaid. The balance of any proceeds of liquidation shall be disbursed pro rata in accordance with the interest of all partners, general and limited.

The certificate referred to above has been sworn to by all of the general and limited partners.

Caso To Break Ground For Work-Release Facility

Nassau County Executive Ralph G. Caso will break ground Friday morning (Aug. 23) for a \$1,300,000 work-release facility at the County Jail in East Meadow.

The facility, outside the main building on jail-farm property, will include 11 small buildings to house and maintain the 96 inmates who can be accepted in the pioneer program.

"It is with pride and pleasure that I will turn the first shovel of earth for this project," Caso said. "We will be taking another giant step forward in the corrections field with completion of this facility. It will be a bridge helping men and women who have brushed with the law make it back into society."

The work-release program at the county jail, the first such project in the state, has been more than four years in development. To date, it has been strictly limited in scope because of a lack of separate facilities for the inmates involved. Only male prisoners have been allowed to

take part and the number has been restricted to less than 30.

The law requires that participants in the program be separated from the general jail population for security reasons. Until now, they have been housed in a converted carpentry shop with only a single bath. Additionally, the men involved have been unable to join in some evening vocational and recreational activities because of their separation.

The new facility will ease those problems of housing and rehabilitation.

Eight of the modules will be used for housing, with 12 single bedrooms for prisoners in each. The housing units also will contain two baths and two living rooms.

The three other units will be utilized as a library and dayroom, an administration center and a security control room.

Sheriff Michael P. Seniuk said the two-acre site would be fenced and patrolled by corrections

officers.

"It is our belief this program helps a man or woman regain his self-respect, improves his manner of thinking and lets him or her feel wanted and needed. With new confidence in their own ability to function in normal society, these people will have a fine chance to stay out of difficulties and make it in the world."

The program is limited to sentenced prisoners serving terms of one year or less on misdemeanor convictions. Eligible inmates must file letters of application, which are reviewed by the work-release board. Interviews follow and a decision is made by the board.

Prisoners go out to work each day in civilian clothes and on their own. They return at night. From their weekly pay checks, the county receives \$5 per day toward their room, board and clothing. The rest of his pay can go toward support of his family.

CURTAILING ENVIRONMENTAL HAZARDS - Assemblyman Stuart R. Levine (R-Bethpage), right, and Donald P. Hirschhorn, Assistant Attorney General in Charge of Department of Laws Legislative Bureau, discuss the wide-ranging benefits of a new Public Health law effective Sept. 1. The Commissioner of Health is empowered to conduct public hearings on complaints of serious sanitary problems. This bill will permit him to request the Attorney General to seek injunctive relief in addition to the presently

provided \$1,000 penalty. This is consistent with existing legal provisions controlling water and air pollution. The new Public Health Law establishes statutory restrictions on water supply to temporary residences, including children's camps and other temporary residences, including children's camps and other temporary dwellings such as hotels, motels and trailer parks, and will provide significant environmental protection by alleviating sanitary conditions which create ecological hazards.

Law Regulates Trailer Sales

Motor Vehicle Commissioner Arnold R. Fisher today reminded motorists that a new law, effective August 11, prohibits the sale of any trailer lacking an official identification number.

He said an amendment to Sections 421 and 422 of the Vehicle and Traffic Law has added trailers to the types of vehicles which may not be sold or held for more than 30 days with a destroyed, removed, altered or defaced vehicle identification number. Any violation of these sections of the law is a misdemeanor.

Advising trailer owners to check these numbers carefully, Commissioner Fisher said that if the number is found to be missing or unreadable the owner should file an immediate application for a replacement number with the Department of Motor Vehicles.

School Tax Roll Final

The Nassau County 1974-75 School Tax Roll showing an increase in assessments of \$25,160,885, for a total of \$3,506,500,910, became official today according to the Chairman of the Nassau County Board of Assessors Abe Seldin.

"The .723 percent increase in assessments over last year is reflective of the dramatic reduction in building activity in Nassau County and the entire Metropolitan Area," stated Seldin. "The number of building permits issued show a significant decrease in the construction of

both new homes and businesses and an over 60 percent decline in permits for the refurbishing and expanding of existing structures."

In addition to new construction and additions to existing buildings, increases in the assessment roll can be attributed to several factors:

1) With the release of the Town of Oyster Bay Master Plan many properties were rezoned for either commercial or multiple dwelling development. These

zoning changes increased the value of the land and hence the assessments.

2) Increases in assessment on public utility properties including New York Telephone equipment such as communications towers, switching stations etc.

3) A new ruling from the New York State Board of Equalization and Assessment permitted the assessment of private telephone equipment including switchboards, computer terminals and other telephonic and telegraph equipment for the first time.

Other factors affecting the roll were a \$1.30 million loss in franchise assessments brought about by the lowering of the equalization rate by the New York State Board of Equalization and Assessment. Franchise assessments are those levied upon property and equipment of public utilities such as the poles and wires which utilize public roads as right of ways and cross public property.

"The lowering of the equalization rate is a constant drain on our rolls," asserted Seldin. "The State Board must be convinced that the methods they use to arrive at the rate are not accurate as it relates to Nassau County. This will be one of our main goals for the coming year," continued Seldin.

Of the 62 school districts in Nassau County 58 increased their assessments and 4 decreased.

Hicksville PBC Winter Bowling

The Hicksville Police Boys Club is now accepting boys and girls between the ages of 8 and 15 for their winter league, which is to begin on September 14, at 11:30, at Mid-Island Bowl, Broadway.

Registration is being held on August 29 and 30 at the PBC Clubhouse, 35 Bethpage Road, from 7:30 to 9:30. Registration fee is \$3.00. Chance books will be given to defray the cost.

Anyone wishing to help or for further information, please call Mrs. Blazo at 433-1229.

Regents To Conduct Academic Convocation

The Regents of The University of the State of New York will formally commemorate their 190th birthday with an academic convocation to be held on Friday, September 20. More than 2000 invitations to the event have been mailed this week to public and private school educators, college administrators, legislators, and other top State officials.

This will be the 94th convocation conducted by the Regents. Its theme will be "Great Expectations," as the Regents

use the occasion to take a look ahead at new directions that can be expected in both society and education in the coming decade.

The convocation will be highlighted by the conferring of honorary doctoral degrees, and awarding of Regents external degrees to candidates who have successfully completed the requirements. Dr. Jerome Niosi, Hicksville Superintendent of Schools, will be introduced to the convocation as well as college and university presidents.
