Fire Report

Ex-Capt. O.W. Magee

1st Place in State Parade

The Ladies Aux. of the Hicksville Fire Dept. took 1st Place-Best Appearing Unit in the 102nd Annual N.Y. State Firemen's Parade held in Lindenhurst, N.Y. on Sunday, August 25th. The parade which took 4 hours to march the 1 mile route featured units from all over N.Y. State.

The Ladies were led by President, Alice Ofenloch. Congratulations for a job well done. The ladies are no strangers to the winners circle. They were champs in 1959, 62, 64, 65, 67, 68, and 1970.

43 Calls for Vamps

Two do-it-yourself workers were putting down new tile in a small room. They were using a volatile tile cement, and neglected to ventilate. One character lit a cigarette and both men were blown through the wall of the building. The fire following the explosion caused considerable damage and serious injuries.

During the period August 13 thru August 27th, Hicksville Volunteer Firemen responded to 43 alarms, 7 malicious flame

alarms, 15 rescue calls, 21 fire calls.

Hicksville Vamps found themselves back at the Hooker Chemical Plant on New South Road On August 21 at 3:01 pm an automatic alarm brought 6 pieces of apparatus and 60 Vamps to the very volatile complex. Chemicals in the plant caught fire. The plant Fire Brigade, however, brought the fire under control quickly preventing a major blaze. During the past year Vamps have been called in for fires at various parts of the complex. All of the fires could have resulted in a major problem due to the chemicals present. The Vamps are in the process of pre-planning the entire complex so that in the future, all members will have a good idea where the potential hazards lie and act fast to protect them.

A fire in a vacant house at 82 Lee Ave. kept Hicksville Vamps busy for 2 hours on August 22nd. The alarm came in at 12:54 AM. 7 pieces of apparatus responded with 85 men under Ast. Chief James Muttie. 2 firemen were treated at the scene for minor injuries.

School Opens September 3

Schools open Tuesday PM, September 3rd. Over 9,550 students will enter the Hicksville classrooms to continue their education.

In preparation for the school opening, some 620 professional staff will meet in the AM for an orientation program, and later to greet the students on their first day.

All students will report to their respective schools in accordance with the following schedule, on Tuesday, September 3rd:

Kindergarten AM	1:15 - 2:15 PM
Kindergarten PM	2:30 - 3:30
Grades 1, 2, 3	1:30 - 3:30
Grades 4, 5, 6	12:45 - 2:45
Grades 7, 8, 9	1:00 - 3:00
Grades 10, 11, 12	1:00 - 3:20

On Wednesday, September 4, the full day schedule will be in effect.

When school opens the district

will be operating on an austerity budget. The Bulletin Board publication has been mailed to each resident, explaining some of the effects in terms of supplies, transportation, lunch, etc.

The Board of Education has received, and will submit a revised budget, to the voters on Thursday, September 12. Details of this revised budget, which will have profound effects on the education of the children of this community, will be forthcoming in a Special Edition of the Bulletin during the first week of September.

"The cooperation of the staff has been commendable under very trying circumstances," declared Dr. Jerome J. Niosi, Superintendent. "We are looking optimistically to a successful and fruitful school year."

AT TOB MEETING

Propose Town Control of Mid-Island Traffic

By Janet Gosnell

Four persons of prominence in Hicksville spoke at Town Hall regarding town regulation of parking at the Mid-Island Shopping Center, which was the subject of a public hearing to consider an amendment to the Town of Oyster Bay Code of Ordinances regarding motor vehicles and traffic.

All in favor of Town control of traffic, the speakers' primary concern was parallel parking around the perimeters of the mall section of the shopping center, and the type of sign to be installed.

Bernie Bruns, General Manager of Mid-Island Shopping Plaza, wanted the signs around the perimeter to be changed from "No Stopping" to "No Parking" to allow for pick-up and discharge of passengers.

Mario Misturini, Hicksville Fire Chief, on the other hand, wanted all three signs reading, "No Stopping," "No Standing," and "No Parking." He was also concerned with the aisle width between parking rows. Width required to accommodate a fire truck's turn is 25 feet, he said. His First Assistant Chief, Roy Shaaf, concurred.

Attorney Anthony F. Corrieri, representing the Hicksville Fire District, supported control of parking, and expressed particular concern over the areas in the vicinity of the supermarket which are used for pick up of groceries.

A meeting after the hearing was to be held with all four speakers present and Town of

TRAFFIC CONTROL at Mid-Island Shopping Plaza, in particular parallel parking around the perimeters of the mall, was the subject of a public hearing at Town Hall on Tuesday. Present to speak in relation to it were (from left): Anthony F. Corrieri, Esq., Oyster Bay Councilman Warren Doolittle.

Tennis Building

In other business, the Board approved a public hearing date of September 10th on a petition of Mid-Island Shopping Plaza for a special permit use to construct, operate and maintain seven indoor tennis courts on the south boundary of its property, with the 350' x 120' building backing up on James Street, on a parcel fronting 439.54 on James, west of Strong Street. The parcel is now vacant, and is bounded by residences on three sides and the shopping plaza on the north.

36 parking stalls are indicated on the site plan on the plaza side

of the building.

Wants "G" Zone

Also of interest to Hicksville residents is the petition of Carnation Property, Inc., for a change of zone from Residence D to Business G in nearby Jericho, on the corner of Burke Avenue and Broadway. The public hearing will be held on September 24th.

This is the second try for a change of zone to Business G for the same parcel by Carnation. The first petition was heard on May 25th, 1971, experiencing much community opposition. The Board denied that petition on June 29th, 1971.

Talent Auditions

The Nassau County Recreation and Parks Youth Symphony Orchestra and Concert Band are now auditioning talented youngsters. There is a particular need this year for trumpet, trombone and tuba players.

Classical, semi-classical and jazz comprise most of the repertoire of the travelling musicians, who are between the

ages of 14 and 19. The two groups have been in existence for eleven years and have performed at the Jones Beach Shell, the World's Fair and at many concerts at county parks and schools.

Interested persons may arrange an audition by calling the Nassau County Department of Recreation and Parks at 292-1121.

GREGORY MUSEUM: On Tuesday, September 3rd, and Thursday, September 5th, at 5:30 p.m. channel 12 and K will present a tour through the Gregory Museum, Heitz Place, Hicksville.

On Tuesday, September 10th, and Thursday, September 12th,

the above stations will present a program showing the museum activities still being carried out at original site of the museum at 207 Cottage Boulevard, Hicksville. This program will show the silkworm moths being raised, the wild flower gardens, including edible wild plants, and photographic equipment used in

photographing micro mineral specimens.

For those interested in seeing these programs who do not have cable tv, they can be seen at the Gregory Museum, Long Island earth science center, Heitz Place, Hicksville. For further information call 822-7505 or 681-6041.

School's Open - Drive Carefully

Sooner than they wish, some 40,000 Nassau County boys and girls will be returning to the County's primary and secondary schools-- and crossing busy streets in the process.

That's why the Automobile Club of New York is reminding County drivers that "School's Open- Drive Carefully."

Police Departments and school officials throughout the county are cooperating in the 29th annual safety program by affixing over 4,100 colorful "School's Open- Drive Carefully" posters of street poles at important intersections and in school zones.

Motorists will receive an additional reminder in the form of more than 130,000 "School's Open" bumper strips being distributed by the Club throughout the metropolitan New York area for display on commercial vehicles and buses, official cars, school buses and passenger cars. Assisting in the distribution of the bumper strips will be members of the Boy Scouts of America.

The Auto Club of New York, together with other affiliated Clubs throughout the state, initiated the campaign in 1946. Since then, the fatality rate among children of elementary school age has been sharply reduced in New York State.

Salute To The Young Executive: Jules L. Stein

Jules L. Stein, the executive assistant to the President, assistant administrator and Nursing Home administrator of the Brunswick Hospital Center, Inc. of Amityville will be feted as the "outstanding young executive on Long Island" by the National Conference of Christians and Jews. The occasion will be a "Salute to the Young Executive" dinner-dance to be held October 9 at the Holiday Inn in Hempstead. Former Suffolk County Executive H. Lee Dennison is dinner chairman.

The announcement was made by Herman Ebeling, Long Island director of the NCCJ.

Jules Stein, a native of Hempstead, after service in the United States Air Force and a few years as a private businessman, joined the Brunswick Home and Hospital, as it was known then, as purchasing agent in 1958. Shortly after the acquisition of Loudon Hall Psychiatric Hospital, Brunswick was incorporated as a hospital center and Mr. Stein was named assistant to the President in 1961. With the further development of the hospital complex, he was designated as executive assistant and assistant administrator in 1965 to which titles was added Nursing Home Administrator in 1970.

Long active in community affairs, he has served the National Cystic Fibrosis Research Foundation, B'nai B'rith, Knights of Pythias, Rotary, the Amity Youth Center, NCCJ and other regional and local community groups.

A licensed nursing home administrator, he is a member of the American Hospital Association, the Hospital Financial Management Association, the American College of Nursing Home Administrators, the Association of Mental Health Administrators,

and the American Academy of Medical Administrators. He serves as vice-president and treasurer of the New York State Association of Private Hospitals.

The NCCJ citation to be bestowed upon Mr. Stein reads as follows:

The National Conference of Christians and Jews Nassau-Suffolk Region

Honors and Salutes Jules L. Stein as the outstanding young executive on Long Island.

A dynamic administrator, an energetic decision-maker and an indefatigable worker, he has, for the benefit of all the people, made The Brunswick Hospital Center the outstanding medical and health care facility that it is today.

He has brought the same qualities of incisiveness and forceful leadership to bear on many noble causes, especially in the service of the young and the sick, earning him the respect and gratitude of the community.

He has been an invaluable friend and supporter of the National Conference of Christians and Jews.

With this honor goes our admiration for an exceptional young man.

Floral Park October 9, 1974

H. Lee Dennison General Chairman

Dr. David Hyatt National President

Herman Ebeling Long Island Director

"There is an enormous emphasis on youth in this country", Ebeling said in making the announcement. "It is time that the achievements of the young executives be recognized and applauded now when they occur."

"SHIELDS" CIRCUSS: Congressman Norman Lent (r) joined officers of the Nassau Shields in offering a word of encouragement to handicapped youngsters Jennifer Denault and Jerry Sheridan during one of the

performances of the Circus Vargas sponsored by the police benevolent organization over the weekend just past at Roosevelt Field.

Officers of the Shields, whose membership is comprised of law

enforcement officers living in Nassau County, include (l to r): Bill Roberts, Sgt. (at Arms) Bob Lucente, President Bill Lombard, V.P. Jerry Malloy and Congressman Lent, an Honorary Member.

AT SUPERVISORS' MEETING:

Reapportionment, College, Budget, Smoking Ban Discussed

By Janet Gosnell

The budget for Nassau Community College, the forthcoming referendum on reapportionment of the Nassau County Board of Supervisors, the prohibition of smoking on county buses and a new name for the Wantagh Sewage Treatment Plant were some of the topics of interest which arose at the Nassau County Board of Supervisors' meeting on Monday August 26th.

Norman Blankman, who ran unsuccessfully last year for County Executive and who presented himself as president of the group AWARE, of Mineola, criticized the Community College budget from the point of view of its accounting system - cash basis, as against accrual basis - which, he says, allows the college to hide the fact that it has a deficit, he said, of \$1,771,158. He also complained that the budget was available to his group only the previous Tuesday, six days previous to the vote on it, leaving little time for study.

He asked the supervisors to table the resolution pending further information and questioned the expansion of the Community College when private colleges are "beating the bushes" for students. He also questioned the \$50 million increase in the budget, bringing the expenditure for the college to \$672 million, and complained about the running deficit of the college, which he said is "not paying its bills."

He also complained that the budget does not reflect departmental requests, only decisions and that the "public has a right to know what the college requested."

Alfonse D'Amato, who serves as a member of the Board of Trustees of the Community College as well as Supervisor of Hempstead Town, said that Blankman was "shotgunning" and "stereotyping," and "making hysterical charges." Hannah Komanoff, Long Beach

Supervisor, voted along with the other supervisors in favor of the budget after Blankman spoke, but preceded her vote with comment that it is too late this year to do anything about the budget and that earlier similar discussions might serve well next year.

"Consenting Adults"

Several speakers arose to praise the supervisors for a resolution passed unanimously prohibiting smoking in county buses, and asked for further restrictions against smokers. Said Plainview's Rhoda Nichter, president of ASH-GASP (Action on Smoking & Health - Group Against Smokers Pollution): "Smoking is an activity which should be limited to consenting adults in private." She complained of discomfort and added expense she underwent to avoid smokers during a recent stay at Central General Hospital, and listed a half-zone other facilities where smoking should be prohibited.

Richard Kessel, of Merrick, Democratic candidate for Congress had expressed similar sentiments.

Supervisors' Reapportionment

The reapportionment of the Nassau County Board of Supervisors, which after two years in the courts is finally coming up for a public referendum in November, was the topic of Eleanor Berger, of Great Neck, representing the

League of Women Voters. Mrs. Berger, who puts out the annual election guide for the League, said: "You're holding up my front page," after describing difficulties in securing the wording of the referendum from the county attorney's office. She was told that three versions had been prepared but that final wording of the resolution had not yet been decided.

The reapportionment system presented by the Board of Supervisors was questioned by the Democratic party, which won

a suit in which the system was deemed unconstitutional by the N.Y. State Supreme Court. The federal court later reversed the state's decision.

New Name for Sewage Plant

Mrs. Joan Kern, of Old Mill Road, Wantagh, representing the group, "The Voice of Wantagh," asked the supervisors if the name of the Wantagh Sewage Treatment Plant or Wantagh Water Pollution Control might be changed so that "people won't think of Wantagh as the place where the sewage gets treated." Mrs. Kern, who was referred to deputy county executive James Shuart for further discussion, asked that the plant be renamed to identify with Cedar Creek, through which facility one must drive to get to the treatment plant.

Also present at the meeting was Dr. Ralph Sorley, of Rockville Centre, who asked that expenditure restrictions be placed upon traveling government personnel, and Ben Perlman, also of Rockville Centre, who was concerned about the elimination of trees in his village.

Polo

Labor Day weekend will see an Aiken versus Bethpage round-up. September first on Bethpage State Park's polo field. In a match at the park on Sunday the 25th Cedarhurst and Brookville blazed into seven all tie, a sudden death play-off kayoed because of too much strain on the mounts. Cedarhurst's John Whittemore, Peter Daly, Russell Corey and Harvey Rhein caught up with Brookville on the scoreboard in the sixth. Chucker-Brookville's Bill Matheson, Frank Mortimer (standing in for Fred Guest who was sidelined after the first chucker due to an injury) Alan Corey III had Ted Brinkmann steadily ahead in points but well matched in searing combat.

TURNING THE EARTH: Nassau County Executive Ralph G. Caso gets a helping hand in turning the first spade of earth for the new Work-Release facility at the Nassau County Jail. State Senator John R. Dunne, left, a leading member of several committees on correctional institutions, and Nassau Sheriff Michael P. Senjuk, are the

helpers. The facility, to cost \$1,200,000 is being built with some \$775,000 in federal funds. It will consist of 11 small buildings within a fenced area just north of the County Jail in East Meadow. Eight of the buildings will provide housing for a total of 38 inmates selected for the rehabilitation program, which allows them to go out each day to work and return at night.

Dear Friends ...

We know these last warm, humid August days do not seem to indicate it, but "beach" weather really does seem to change each year at Labor Day. So, enjoy these last few opportunities for lazy summer relaxation, before Labor Day, and school openings, take over, and a more ordered way of life resumes for most of us.

Action Line which has become successful in our dailies, might not be a bad idea locally. It is a frustrating feeling to drive down Old Country Road each day and to notice that there are STILL no "No Parking" signs, where they really are needed which is in front of the Hicksville LILCO plant, in front of the FAM building, and several other locations. The local authorities have been notified of these dangerous conditions by phone and in writing several months ago. Traffic is very heavy at least twice a day on this road. Will it take a fatal accident to get results? God forbid.

Secondly the intersection of New South Road and Old Country Road, is in correctly marked. Cars proceeding south in New South Road, should stay at least one car's length back so that cars attempting a right turn off Old Country Road can make a turn without going up on the curb. We have seen several cars and trucks being forced to do this. And we have seen one minor accident in the past few months. It is such an easy thing to correct—just one short white line! But it always seems to be "someone else's" responsibility! Frustrating to say the least.

Finally, to top the list of ridiculous actions, the green arrows have been removed from the traffic light at New South and Old Country Roads!! Words fail me!! Maybe from midnight to three a.m. there isn't much traffic here—but these green arrows are definitely needed during busy times of the day.

THAT'S ALL for this week. Enjoy the Labor Day Weekend and remember, when driving, keep it under 55 mph.

Sincerely
SHEILA

LOOKING FORWARD TO SUNDAY SCHOOL: On Sunday, September 8th, Trinity Lutheran Church, 40 West Nicholas Street, Hicksville, will begin its Sunday School program. Trinity has a fine Sunday School program for children age 3 through 12 years.

Children experience Jesus Christ's love for them and learn to love each other. Sunday School is at 9:45 a.m. We encourage parents to worship with us at 8:30, 9:45, or 11:15 a.m. We look forward to meeting you and your child on September 8th.

Supervisor JOHN W. BURKE REPORTS

One need not point to national figures to recognize the tremendous growth experienced by the bicycle industry in the past few years. And one hardly has to point to local statistics to dramatize the traumatic experience of any serious injury or fatality that results from bicycle use.

The fact remains, however, that bicycle sales are expected to reach a national record of 16 million by the end of the year, and that there are already said to be more bicycles than automobiles in our country.

A cycling aficionado recently wrote that "the bicycle occupies a rare position in the works of man, one that borders on the works of nature." Regardless of such enthusiasm, the bicycle has achieved recognized status as a viable means of transportation. While cyclists are required to follow the same rules of the road as motorized vehicles, it is equally important that drivers treat bike riders with the same caution they observe for other traffic.

As the sheer numbers of

bicycles on our streets has increased, the efforts of those actively supporting the cause of bicycle safety have become increasingly significant. Local school and civic organizations have offered valuable safety programs, a number of which utilize the services of the Nassau County Police Department's Accident Prevention Bureau.

Also to be commended are those bicycling clubs which, encompassing all age groups, conduct safety programs and bicycle inspections as well as bike rodeos designed to improve riding skills.

Accidents stemming from structural or mechanical failures should decrease in coming years due to a recently established mandate of the U.S. Consumer Product Safety Commission. The federal agency will require that a number of special safety features be incorporated on all bicycles introduced into interstate commerce beginning January 1, 1975. The new federal visibility regulations will be similar to those already required in New York due to the foresightedness

of the State Legislature.

There is yet another prime factor which must contribute to the assurance of bicycle safety—parental concern.

Parents of young bike riders should be personally aware of the fitness of their youngster's bicycles, and should be certain that their youngsters know and follow the rules of the road and act with proper caution at all times. Little less can be expected when the very lives of young cyclists are at stake.

Each year the Town provides a pamphlet detailing bicycling regulations as well as maintenance and safety suggestions. The pamphlet, "Basic Biking," has been distributed to schools and libraries throughout Oyster Bay, and additional copies are available by calling our Public Information Office at 922-5800.

The Nassau County Department of Recreation and Parks has recommended nine bicycling routes, three of which are in Oyster Bay Town. Maps of these routes may be obtained in any county park.

Washington
Report

Congressman

NORMAN F. LENT

5th District New York

Earlier this year, before the literal trials and tribulations involving "Watergate" reached their now-diminished peak, I had written of the impending dramatic reforms that Congress had hoped to achieve for America's workers in the area of pension reform. Happily, the new atmosphere of confidence and cooperation which pervades Capitol Hill these days has been boosted by the passage of this legislation, and virtually every worker in the country will be, in one way or another, affected.

The bill that will be awaiting President Ford's signature as you read this is entitled The Employee Benefit Security Act of 1974, and "security" is the key word in its description. The legislation is highly complex, and the reforms it will require are far-reaching. As much as I would like to describe the benefits to which each of you, salaried and self-employed alike, will be entitled—this space will simply not permit it. However, a recap of three of the bill's provisions will give you an idea of some of the ways in which the pension plans of thousands of companies will be

made safer and more generous, and how much easier it will be for self-employed workers to build their own retirement fund.

1. More people, particularly young people, will be brought into pension programs and start earning retirement credits. If you are 25 and have spent one year on a payroll, you will be entitled to membership in your company's program. If you're 25 and have worked for your employer for three years or more, you'll be entitled to up to three years of retroactive pension credit.

2. Most workers who change jobs, for any reason, will retain at least a portion of their accumulated pension rights—instead of losing them as they do now, and all pension funds will not only be more adequately financed, but insured against any loss to workers if companies themselves should "go broke."

3. Self-employed business and professional people, and farmers, will be permitted dramatic increases in the amount they can set aside—for their retirement, and employees not covered by any pension plan will be permitted to lay aside a portion of

their salary checks—again, tax free—to establish a personal retirement account.

The great majority of existing pension plans will have to be not merely altered, but rewritten, as a result of the reforms this Act will require, and virtually all of its major provisions must be put into effect no later than January 1, 1976.

With these brief examples of the changes in store for young workers, people in business for themselves and employees who have no pension plan at all, I hope you've gained some appreciation for the monumental effort now successfully made by Congress on your behalf. I plan to insert prominent notices as to where each of you can get further information on the Act's provisions, as they affect you, in an upcoming "Report From Washington."

In the interim, it's a pleasure to pass on this good news regarding pension reform to those of you in the 4th Congressional District—who are among the 70 million Americans who will benefit from increased retirement security.

Leisure Pass Centers on New Schedule

Nassau County's Leisure Pass Centers will be operating on a new schedule starting Tuesday, September 3.

The Leisure Pass is the only acceptable means of resident identification for entry into county-operated parks and recreational facilities.

The Leisure Pass issued senior citizens, county residents age 60 and over, is stamped "Senior Citizen" and may be used for bus discount rates and identification for other discounts available to senior citizens in the park system and elsewhere.

To date, more than 375,000 residents have obtained their Leisure Passes, which cost \$1 per person and are good for a two-year period. The pass, which includes a color photo taken at the center, is required for residents 10 years of age and over. Guests of pass holders will be admitted to all facilities but will be required to pay non-resident rates wherever fees are charged.

Applications can be processed in person only. Applicants must bring proof of residency in the form of driver's licenses or voter registration cards. Youngsters must bring student identification or library cards. A temporary pass will be issued immediately and the permanent photocard

will be mailed shortly thereafter.

US Postal Service to Open PEDC in Hicksville

Along with the steady advance in mechanization, the U.S. Postal Service will mark the opening of one more Postal Employee Development Center to service employees in the Nassau/Suffolk district. This learning center will insure appropriate skill training so that an employee will be operating at high levels of performance. It is a new concept designed to provide employee development opportunities, set in a learning environment equipped with the most modern technology.

In its operation, the individual employee may take the initiative for self-development in his particular craft or for other functional areas. Employees may also be interested in advancing to the supervisory level.

Whatever the motivation, an advisor in the PEDC can assist the individual in preparing both a short and a long term development plan. This preparation may require a number of educational courses which will be available in the Center. Through this training, management can systematically lay out development plans to carry out the aims of the postal service - a faster, more economical, efficient movement of mails.

Strategically located in the Hicksville Post Office annex off Hicksville Road (Broadway) at 160 Engineers Drive, opposite Grumman, it will reach the maximum number of postal employees. The opening date is scheduled for September 20.

Social Security

QUES: My wife's mother applied for supplemental security income payments and was told she was not eligible because she didn't meet some requirements. We think she is eligible. Can she appeal this decision?

ANS: Under the law, she can appeal the decision in four steps - a reconsideration, a hearing before a social security official of the Bureau of Hearings and Appeals, a review by the Appeals Council, and civil action in a Federal court. She doesn't have to take all four steps, but if she does, they must be taken in order. She must ask for the first reconsideration - within 30 days from the date she received notice of the original decision on her claim. People at any social security office will help her make the request. Your local office is at

1 Station Plaza North, Mineola, N.Y. 11501. The phone number is P17-5470.

QUES: I came home from the hospital last week, and my doctor told me he had arranged for me to get home health care. He said my Medicare hospital insurance would pay for 100 home health visits. Does this mean I get 100 days of care?

ANS: Not necessarily. Medicare does not count home health care in "days", because you may not need home health services every day. Home health care is counted in "visits." Each time you receive a home health service it counts as one visit. In your case, each time someone comes to your home to give you covered care it counts as a visit. Twice in the same day counts as two visits.

Contracts

County Executive Ralph G. Caso has awarded four contracts totalling \$325,078 for various projects designed by the Department of Public Works.

DESILTING OF GRIST MILL POND SADDLE ROCK

Sheilmarann Contracting Corp., Island Park, lowest of five bidders, was awarded a \$159,540 contract for removing silt from the pond east of the Bayview Avenue bridge and stream bed leading to the pond from Mill Road. Work includes removal and re-installation of existing drainage pipe where required.

The pond, which was last desilted in 1961, constantly accumulates silt because it is part of an extensive drainage system in the area. Work is expected to start in September and be completed within 90 days.

CONSTRUCTION OF BELLMORE-HICKSVILLE DRAIN

A \$122,642 contract was awarded to Applied Contracting Co., Inc., Lindenhurst, lowest of four bidders, for construction of a 680-foot long channel including a widened culvert under Jerusalem Avenue just west of Wantagh State Parkway in Wantagh which will handle the drainage flow formerly carried by two streams. This diversion will allow the Wantagh Fire District to utilize the land occupied by the stream that will be diverted. The streams involved are part of a drainage system running above and below surface from Hicksville to Bellmore.

EISENHOWER PARK WATER MAIN

Elmore Associates, Inc., East Meadow, was awarded a \$38,496 contract to construct a 1,600-foot long, 12-inch diameter water main in Eisenhower Park to facilitate the blending of the water output from two park wells so that the high nitrate content of one well can be overcome and proper health standards maintained. Elmore was lowest of 10 bidders.

EXPANSION JOINT CORRECTIVE WORK, COLISEUM

A \$4,400 contract was awarded to Standard Waterproofing Corp., New York City, for providing a new expansion joint filler and seal between the plaza and the Coliseum building to overcome leaks.

Mr. and Mrs. Alfred W. Bascomb of East Drive, North Merrick, and Mattituck, have announced the engagement of their daughter, Bonnie Gail, to James William Goris, Jr., son of Dr. and Mrs. James W. Goris, of Plainview.

Miss Bascomb is a graduate of

Calhoun High School and of Berkeley-Claremont Secretarial School.

Mr. Goris, Jr. is a senior at Siena College, and will graduate with a BBA degree in accounting next spring.

A September 1975 wedding is planned.

Basic Boating Courses Offered

Oyster Bay Power Squadron offers free basic boating courses to be held at Oyster Bay High School and Syosset High School. Registration for the course at Oyster Bay High School is September 9th and 10th, the class to begin September 18th. At Syosset High School no registration is necessary and the class begins September 19th.

The course is designed to give the boat skipper and crew basic rules for safe boating, such as handling gasoline, fire fighting, first aid, radio telephone, anchoring, docking, aids to navigation, charting, compass,

government regulations, rules of the road and much more information so that boating can be fun, not a disaster.

Coast Guard Requests Boat Inspections

Thus far this year three lives have been lost in accidents relating to hull failures of wood Broadwater Boats. The boats involved are 25, 27, 29, and 31 foot wooden boats manufactured by the Broadwater Boat Company, Mayo Md. The hull failure is characterized by a split in the planking approximately 9 feet from the bow, which would be the general location of the forward

support when the boat is cradled for maintenance.

To prevent further losses the Coast Guard is requesting that owners of such boats inspect their boats for cracking, bulges, hollows, loose screws, or layers of wood coming apart at the location described above.

Owners detecting damage are urged to contact Broadwater and

the Coast Guard with a description of the damage and the location of the boat or where it may be inspected.

All wooden boats, and particularly those several years old, are subject to hull deterioration in various forms and should be carefully inspected.

As we come to the end of August we come to another month of many activities. We had our Annual Picnic at Teddy Roosevelt Park, with over 500 members and their guests, Carmine Summa, Ronnie Marolda, and Augie Barone did a great job. We had live music, plenty of food plus games. Nassau County Council Com. Vincent Esposito and his wife Carol as well as Rita, Aux. Pres. of the Nassau County Council Ladies Auxiliary were present. Ginnie enjoyed playing in the Bocce Tournament.

Also in attendance were 30 patients from Northport Hospital. Winnie Edwards and Abe Feldman did their usual thing with the help of the Ladies Aux. to make the boys from Northport feel that they were part of our family. It makes me proud to be a member of our post.

Thanks again to Mike Montelione, Charlie and his wife Louise Timpano, Harvey Wurth and Clyde Stephenson. They took a bus load of our kids to Shea Stadium to see the Mets play. As usual the Youth Activities Committee did a great job.

On September 8th the committee is planning a trip to the Museum. Hurry and get your forms in so Mike can make arrangements.

The Soccer team that we sponsor won many titles, they went for the Worlds Championship in Canada and were eliminated. Sorry boys but you did a great thing in reaching towards the World's Finals.

Scholarship awards were presented to the winners by Com. Frank Latti to help defray their college costs. (Photo left to right) Larry Timpano, Cheryl Wurth, Com. Lotti Maureen Stephenson

and Kevin Di Pietrantonio. Good Luck to all of you!

With the summer coming to a close we don't close shop, our programs now get in full swing. I went on to list all the activities that we are involved with this year. Shelia Noeth would have to put out a special edition just for the Hicksville V.F.W.

On Friday nights we have live music in our Club House at no charge. Come out with the Mrs. and do a little dancing. The nights that will be available in September will be posted on the bulletin board. September 14 will be a great fun night for all. We are in need of a lot of help. If you can help out, would you please contact Commander Frank Lotti or Joe Normandy. We would appreciate all the help we can get.

We were happy to see Lucy Blesi is out of the hospital. Also Tom McCabe, Chuck Masone, Jack Aikens, Ed Ortel, and Jack Meyer. Fred Sutter is still in the V.A. Hospital on 24th Street in

N.Y. Drop him a card. Marion Wurth you better get better or I'll give you an offer you can't refuse. We deeply regret the passing away of Mrs. Sutter. For those who don't know Frank, he was the first President of our Association. All that we now enjoy was started way back when Frank was active.

If you don't think we have something going, ask the 100 or more Senior Citizens who come to relax in our building and have a wonderful time besides have lunch. Hats off to all the staff. Our great staff at Operation Outreach for making it possible.

We would be remiss if we didn't mention that the E. Franke Republican Club of Hicksville has joined our family of Organizations who meet in our club house.

Welcome guys and gals, our home is yours.

ALL that certain plot, piece or parcel of land situate, laying and being at Hicksville, Town of Oyster Bay, County of Nassau and State of New York, shown and designated as parts of lots 145 to 148 inclusive, on a certain map entitled "Plan of the Village lots near Hicksville, containing 40 acres, bought of John Ketcham and Willets Robins, by Forgie and Shields, drawn by Sylvanus Titus Surveyor, for Messrs Forgie and Shields, August 10, 1852", and filed in the Office of the clerk of the County of Queens on March 28, 1855, under file No. 459, and filed in the Nassau County Clerk's office as Map No. 96, which said plot is more particularly bounded and described as follows:

Each limited partner shall have the right to substitute by assignment to any other person, firm or corporation, his whole share upon the consent and only upon the consent of the general partners. Any partner shall, however, have the right to assign his interest in shares to his lineal descendants, spouse, or spouses of lineal descendants and to his executors and administrators without the consent of the general partners providing he shall forthwith give duplicate originals of such assignment or assignments to the general partners immediately upon the execution thereof. Upon the death of a limited partner, the limited partner may bequeath his interest to his executor or trustee to be distributed in accordance with the terms of his will, or, if such limited partner shall die intestate, his interest shall pass to his administrator and to his heirs at law and next of kin pursuant to the Intestacy Law of the State of New York, and such recipients shall continue as limited partners under the terms and conditions of this agreement.

In the event of the death, incompetency or bankruptcy of either of the general partners or upon the bankruptcy or dissolution of Lefeeld Realty Corp., the remaining or surviving general partners shall have the power to appoint a new general partner or partners. The general partner so dying or becoming incompetent or bankrupt and the corporation upon its becoming a bankrupt hereby irrevocably empower the remaining general partners to appoint the new general partners as aforesaid and do hereby assign to him or it the interest of the general partner who is then ceasing to be a general partner.

Notwithstanding the foregoing nor the provisions of Section 109 of the Partnership Law of the State of New York, the surviving general partner or partners shall have the right and power upon the death, incompetency or insolvency of any general partner, to reconstitute the partnership by the formation of a limited partnership either in another name or in the name of this partnership.

Upon liquidation or termination of the partnership, the limited partners herein shall receive property and or cash pro rata as repayment of their contributions insofar as the contribution remains unpaid. The balance of any proceeds of liquidation shall be disbursed pro rata in accordance with the interest of all partners, general and limited.

The certificate referred to above has been sworn to by all of the general and limited partners.

Editorial:

55 Is Magic for Labor Day

After more than 60 years of grim body counts on our roads we have good news in abundance. The 55 mile per hour speed limit is expected to cut traffic deaths nationally by about 25 per cent. Thus an anticipated 60,000 deaths in 1974 may be pared to 45,000. The latter is nothing to brag about to be sure. But saving 15,000 lives is cause to rejoice. The State Traffic Safety Council bases this reduction in fatalities on the basis of current monthly returns which are running about 25 per cent behind last year. If this pattern continues to December a miracle will have been achieved.

This saving in lives is an unexpected benefit resulting from the energy crisis. Our solons posted the 55 MPH limit to conserve gas. By sticking to this limit we not only save gas but also lives, an infinitely more important national resource. To any casual observer there is only one thing wrong with this speed limit: more and more drivers are ignoring it. Equally distressing is more police are seemingly tolerating the higher speed. Both instances are deplorable and should not be tolerated. According to a recent Gallup poll 72 per cent of adult Americans favor the 55 MPH speed limit. Even teenagers favor this limit by a two to one majority.

This newspaper joins the State Traffic Safety Council in urging drivers to observe this 55 MPH speed limit. We also recommend that our police enforce this law. There will be a mass out pouring of cars this Labor Day weekend. Let's see if we can break another record: the lowest Labor Day weekend fatality rate in our history. That's a goal worth striving for.

Aug. 23-4:05 p.m.- Cars driven by Thomas J. Reardon, of Merrick, and Melissa J. Aronson, 21 Roxbury Ave., Plainview, collided on Southern Parkway, at Ruby Lane, Plainview. Injured and taken to Central General Hospital were: Melissa Aronson, leg pain, and a passenger in her car, Thomas Verno, pain upper arm.

Aug. 20-9:45 a.m.- Cars driven by Michael T. Lehnert, of Merrick, and Frances L. Entenmann, 23 George Ave., Hicksville, collided on N. Broadway, 600 feet north of Newbridge Rd., Hicksville. The Lehnert car was southbound and the Entenmann car was eastbound. Injured and taken to Syosset Hospital was a passenger in the Entenmann car, Catherine Haller, contusions of the head.

The show, sponsored by the Children's Room of the Hicksville Library, was set up on the side

patio on July 29th. The children reacted with the same glee that the traditional Punch and Judy antics have produced in youngsters for generations.

Tobay Adopts Automatic Increases for Senior Citizen Income Ceilings

Each time the State Legislature approves an increase in the allowable income limits for senior citizen tax exemptions, the change will automatically become part of the Town Law, it was announced by Oyster Bay Receiver of Taxes Solomon Newborn.

"In the past," Newborn explained, "the Town Board amended its law each time the State Legislature permitted a local municipality to increase the income limit of senior citizens seeking property tax exemptions." Most recently the State body approved an increase in the income ceiling from \$6,000 to \$6,500, allowing municipalities to adopt the higher limit so that senior citizens earning up to \$6,500 a year would still be entitled to partial exemption from property taxes.

"Now the Town Board has adopted an amendment to its local law that not only allows the most recent increase in the in-

come ceiling but accepts automatically all future increases in the income ceiling as they are adopted by the State," according to Newborn.

Oyster Bay Supervisor John W. Burke said that the Board voted to make all future increases automatic "because we long ago acted to ease the tax burden of our older residents and increases in the income ceiling as they were permitted by the State always have been adopted by the Board. We felt that since it is our intention to continue that policy, we, therefore, would make such increases automatic and eliminate the need to hold these public hearings amending that section of our local laws."

Newborn also reminded senior citizens that the State Legislature reduced from five years to two years the amount of time a senior citizen must own and live in the house in order to be eligible for the tax reduction.

under the auspices of the Cultural and Performing Arts Division (CAPA) of the Department of Community Services.

Men In Service

Robert G. Smith, son of Mr. and Mrs. Donald C. Smith of Lark Court, Old Bethpage, is among more than 1,500 cadets who have entered their freshman year at the U.S. Air Force Academy.

Cadet Smith was accepted into the cadet wing after completing six weeks of intensive field training, physical conditioning and survival instruction at the academy.

The cadet has begun four years of academic study and military training that will lead to a bachelor of science degree in one of 21 major fields and a commission as an Air Force second lieutenant.

Cadet Smith is a 1974 graduate of LaSalle Military Academy.

Captain Kenneth J. Strafer, son of Mr. and Mrs. Fred F. Strafer, of Plover Lane, Hicksville, completed a 19-week infantry officer advanced course at the Army Infantry School, Ft. Benning, Ga.

During the courses, he was trained in the duties as company

and battalion level as oriented toward infantry operations. He also was trained in the responsibilities of battalion, brigade and division staff officers.

Capt. Strafer's wife, Judith, was with him at the Fort.

Marine PFC Edward J. Good, son of Mr. and Mrs. Robert N. Good of Scooler Lane, Hicksville graduated from recruit training at the Marine Corps Recruit Depot, Parris Island, S.C.

Physical conditioning, discipline and teamwork are emphasized during Marine recruit training.

Classes include instruction in close order drill, Marine Corps history, first aid, uniform regulations and military customs and courtesies.

Coast Guard Master Chief Aviation Machinist's Mate Robert A. Parrella, son of Mr.

Anthony Parrella of Brittle Lane, Hicksville, has retired at the Coast Guard Group, San Diego, after more than 26 years service.

He was awarded a Letter of Appreciation for his outstanding performance of duty at the Coast Guard Air Station there since June 1969.

Navy Lieutenant (junior grade) Charles W. Smith, son of Mr. and Mrs. Wallace C. Smith of Po Lane, Hicksville, participated in the evacuation of U.S. citizens, and citizens of 25 other nations, from the Mediterranean island of Cyprus.

A crewmember aboard the amphibious assault ship USS Inchon, he helped provide support as the evacuees were transported by helicopter from the British Sovereign Base at Dhekelia, on the southern coast of the island, to other ships of the U.S. Sixth Fleet.

News For Veterans

MANY MILITARY RETIREES fail to apply for VA disability compensation because they mistakenly believe they will lose all military retirements if they do. Even though retirement pay and compensation cannot be paid at the same time, a service-retired veteran has the right to elect whichever benefit is greater and may switch from one benefit to the other whenever it is his advantage to do so.

SENIOR CENTERS are open daily from 9:00 a.m. until 5:00 p.m. to assist veterans, servicemen, and their families. Stop in to see your local State Veteran Counselor. . . he's "at your service."

ANNUAL CLOTHING ALLOWANCE: Veterans who use prosthetic or orthopedic appliances because of a compensable service-connected disability and use of such devices tend to wear or tear clothing may be eligible for a \$150 annual clothing allowance. Included are appliances such as artificial limbs, rigid braces and wheelchairs. Soft flexible devices such as elastic supports are excluded. Veterans who use such appliances because of service connected disabilities should apply for the allowance through the local counseling center of the New York State Division of Veterans' Affairs located in Room 505 of One Old Country Road in Carle Place.

EXTENSION OF BLIND ANNUITY. Governor Malcolm Wilson recently approved legislation extending the eligibility for the receipt of New York State Veterans Blind Annuity payments to Mexican Border Veterans. Under the new law, veterans with service during the period May 9, 1916 and April 5, 1917 may now qualify for the annuity if otherwise eligible.

New Arts Council Seeks Teachers

The recently formed Greater Westbury Council (G.W.A.C.) is opening a drive this week for teachers - men, women, and teenagers - who are qualified to lead courses in pottery, music (voice and instrumental), yoga, ballet and modern dance, Dalcroze eurhythmics, puppetry, painting, photography, improvisational theater, and subjects in the multi-arts workshops. Teachers will be paid on the basis of their qualifications.

Kayla Kazahn Zalk of West-

bury, who heads the G.W.A.C. board of directors, said that professional teacher certification is not a prerequisite for the teachers being sought. "Far more important," Ms. Zalk emphasized, "is knowledge of the subject taught and the ability to work with students of any age. In many cases," she continued, "G.W.A.C.'s courses will include young children, teens, adults, and senior citizens side by side. This means we need teachers who can not only communicate skills but

who can also convey their own sense of enjoyment and their enthusiasm about their art form."

People qualified to teach the courses mentioned above, or who would like to offer courses not mentioned, are invited to all Ms. Zalk at 334-5148 or Judy Oberman at 334-5949. Or send a resume and an introductory letter indicating your approach to the material, to: Greater Westbury Arts Council, Inc., 454 Rockland St., Westbury, N.Y. 11590.

COMPENSATION PAYMENT INCREASES PL 93-295 Veterans and dependents scheduled to receive increased payments in their monthly checks from the VA, under newly enacted PL 93-295, are advised that the increases will be reflected in checks received about August 1st and thereafter. A separate retroactive check covering the increases for the months of May and June will be sent to the veterans and dependents by mid-July. The increased payments will be made automatically - no application is necessary.

G.I. Bill

Public Law 93-337 extends the basis for computing delimiting dates for veterans in training under the G.I. Bill from 8 years to 10 years. The delimiting date for a veteran pursuing other than apprenticeship, on job, farm cooperative and flight training will be 10 years following the date of discharge, or June 1, 1976, whichever is later. The delimiting date for a veteran pursuing apprenticeship, on job, farm cooperative or flight training will be 10 years following the date of discharge, or August 31, 1977, whichever is later.

Complete information on all veterans benefits is available at the local counseling center of the New York State Division of Veterans' Affairs, One Old Country Road - Room 505, Carle Place, 11514.

ASSISTANCE TO A VETERAN'S FAMILY does not necessarily cease upon his death. Depending upon whether or not the veteran's death is attributable to a service-connected disability, a variety of benefits are available to the eligible widow, his children and, in some cases, his dependent parents. Assistance in applying for these benefits is available at the local counseling center of the New York State Division of Veterans' Affairs located in Room 505 of One Old Country Road in Carle Place.

League Plans Country Fair

Mrs. Edna Hansen, of Muttontown will be chairman of the white elephant booth at the Old Fashioned Country Fair to be held Saturday, October 5th on the grounds of Mercy Hospital, Rockville Centre. (Raindate, October 6th).

Mrs. Hansen is a member of the Glen Cove-Hicksville Mercy Hospital League which works year round to raise funds for the 391-bed voluntary hospital. The local league is joined by 25 others in Nassau County in sponsoring this 5th Annual Fair.

Wearing old fashioned bonnets and country dresses, Mercy League members will sell fabrics, plants and pottery, books, home-baked goods, preserves, take-home hot foods and a wide variety of hand-made

gifts and flea market bargains. A booth featuring hand-mades by the Nursing Sisters of the Infant Jesus will offer Irish Soda Bread. Square Dancing, Childrens' Carnival Games and Pony Rides, Old Fashioned County Fair Food Booths, an Antique Car Display, Flea Markets and Gift Boutiques promise a day of fun and excitement for every member of the family.

The Fair gives everyone in the community an opportunity to work together for the Hospital. Anyone in Glen Cove-Hicksville who would like to help by donating items to be sold at the Fair may call Mrs. Hansen, at 921-1824.

Another member of the Fair committee is Mrs. B. Aversano.

Tobay Bans Carnival Rides

The Oyster Bay Town Board amended the municipal Code of Ordinances on Tuesday, August 27, to prohibit mechanized amusement rides operated on a non-permanent basis.

"The Town Board has imposed this regulation out of a concern for safety and a belief that vacant land in residential communities should not be allowed to be transformed overnight into amusement parks even if only on

a temporary basis," explained Supervisor John W. Burke.

The maximum penalty for violation is \$250 or 15 days' imprisonment; each day of violation will be regarded as a separate offense.

Amusement rides operated on a permanent basis are permitted with the special approval of the Town Board subsequent to a public hearing.

O'Connor Asks For Federal Leadership

PROJECT INDEPENDENCE: Nassau County Commissioner of the Department of General Services and Energy Coordinator Francis E. O'Connor (right) addresses the panel of Project Independence held at the Carnegie Institute in New York City.

Commissioner O'Connor of Locust Valley asked for specific leadership from the federal government and help to stem the tide against the energy crisis.

Asking for "specific" leadership from the federal government, Nassau's Energy Coordinator Francis E. O'Connor today addressed the Federal Energy Administration's hearing on Project Independence at the Carnegie International Center in New York City.

O'Connor's testimony stressed the need for federal coordination of energy information and research while authority should be at the local level. "Blatant

abuses and improper practices are regularly uncovered by our Bureau of Energy Conservation," said O'Connor. "Lack of enforcement authority dooms them to the file of the forgotten."

Suggesting the need for specific federal leadership, O'Connor cited the "Manhattan Project" to develop the atom bomb as an example of government's ability to mobilize the technology of the nation. He went on to plead for

the consumer who "is paying the bill" for advertising fuels which are in "short supply."

Supporting the stand taken yesterday by County Executive Ralph G. Caso against off-shore drilling, O'Connor warned, "if Project Independence... is just a smokescreen to lull the public into believing that off-shore drilling is the only way out - then we withdraw our support."

Caso Calls For Lindbergh Memorial Service

County Executive Ralph G. Caso today directed the Nassau Museums Division to plan an appropriate memorial service in honor of Charles A. Lindbergh, who died last Monday in Hawaii.

Edward J. Smits, museums director, is proceeding with plans to have the memorial ready within one month.

"I feel it important we take such action in Nassau County because of the long-time, close ties between this county and Charles A. Lindbergh," Caso said. "I recognize Mr. Lindbergh's personal reticence about public displays, but I feel a brief and dignified observance is called for and reasonable."

"Just last year at the dedication of Falaise, the Sands Point mansion of the late publisher Harry F. Guggenheim, as a Nassau County museum, I had a conversation with Mr. Lindbergh. I explained our plans for an Air and Space Museum on the site of Mitchel Field.

"Mr. Lindbergh told me then he would be proud and happy to take part in the dedication of a museum commemorating our county's contributions as the cradle of aviation. When the museum is a reality, a portion of it will reflect his close association with Nassau and the history of flight."

Caso yesterday sent a letter to Anne Morrow Lindbergh, the aviation pioneer's widow, on behalf of the people of Nassau.

It said in part: "There is a strong and abiding link between the people of this county and the fabled 'Lone Eagle,' who took off from Roosevelt Field here in the heart of Nassau and flew alone across the ocean straight into the hearts of hundreds of millions of people around the world. So much of his time, friendships and associations were here that we feel a true sense of loss on the death of a favorite son."

"Your husband's heroism, patriotism, far-sightedness,

professional skills and self-effacing modesty will stand as a lasting memorial to every youngster in this county who learns with pride that Charles A. Lindbergh was first to fly the Atlantic from here."

The exact point of Lindbergh's take-off for Paris on May 20, 1927, is in an open field some 500 yards south of the department stores on Old Country Road next to Roosevelt Raceway in Westbury.

Gerald S. Kessler, president of the Friends of the Nassau County Museum, will be asked to take part in preparations for the memorial service. Plans will be announced as soon as finalized.

2 Sports Car Championships

The 1974 Solo-2 Championships for the Northeast Division of the Sports Car Club of America will be held Saturday and Sunday, September 7 and 8, in the south parking field of Nassau Community College.

The competition, hosted by the club's New York Region, will be held in cooperation with the college and the Nassau County Department of Recreation and Parks. Events both days are scheduled to begin at 10:30 a.m. In Solo-2, a miniature racing

course is set up with traffic cones. One at a time, drivers, competing against a sophisticated electronic timer, strive for divisional championship points and class trophies.

The New York Region has devised a new eighth scale version of the well known Road America racing circuit for this meet. While the competitor tries to go as fast as possible, speeds seldom exceed 50 MPH, due to the twists and turns necessary in this type of event.

The Northeast Division of the Sports Car Club of America covers the most populous area of the United States, ranging from Maine to Virginia and from the Atlantic coast west to Ohio.

Each Region or club in the Northeast Division will send a team to this event. Because it is for the Championship, entry is restricted to three cars in an individual class per Region. This is done to prevent any one Region from dominating a class through a mass entry. Over one hundred and fifty regional representatives will be coming to Long Island from all over the northeast United States.

These are the grass roots racers. Solo-2 events are for the same sort of cars that are sold in showrooms across the country, Pintos, Datsuns, Camaros, MG's, the whole range of domestic and imported automobiles.

The cars are in showroom condition, that is why they haven't been transformed into specialized racing machines no longer suitable for anything but the real race circuit.

Each limited partner shall have the right to substitute by assignment to any other person, firm or corporation, his whole share upon the consent and only upon the consent of the general partners. Any partner shall, however, have the right to assign his interest in shares to his lineal descendants, spouse, or spouses of lineal descendants and to his executors and administrator without the consent of the general partners providing he shall forthwith give duplicate originals of such assignment or assignments to the general partners immediately upon the execution thereof. Upon the death of a limited partner, the limited partner may bequeath his interest to his executor or trustee to be distributed in accordance with the terms of this will, or, if such limited partner shall die intestate, his interest shall pass to his administrator and to his heirs at law and next of kin pursuant to the Intestacy Law of the State of New York, and such recipients shall continue as limited partners under the terms and conditions of this agreement.

In the event of the death, incompetency or bankruptcy of either of the general partners or upon the bankruptcy or dissolution of M. F. Development Corp., the remaining or surviving general partners shall have the power to appoint a new general partner or partners. The general partner so dying or becoming incompetent or bankrupt and the corporation upon its becoming a bankrupt hereby irrevocably empower the remaining general partners to appoint the new general partners as aforesaid and do hereby assign to him or it the interest of the general partner who is then ceasing to be a general partner.

Notwithstanding the foregoing nor the provisions of Section 109 of the Partnership Law of the State of New York, the surviving general partner or partners shall have the right and power upon the death, incompetency or insolvency of any general partner, to reconstitute the partnership by the formation of a limited partnership either in another name or in the name of this partnership.

Upon liquidation or termination of the partnership, the limited partners herein shall receive property and or cash pro rata as repayment of their contributions insofar as the contribution remains unpaid. The balance of any proceeds of liquidation shall be disbursed pro rata in accordance with the interest of all partners, general and limited.

The certificate referred to above has been sworn to by all of the general and limited partners.

CAPITOLIZING: Congressman Norman Lent (L) welcomed Mrs. Martha McMenamin and son Robert to Washington last week, and in the midst of a busy day, they took time out for this picture on the steps of the House of Representatives. The McMenamin's, of Bay Avenue, took in most of Washington's other notable landmarks in addition to visiting with Rep. Lent.

Calls For Repeal of Blue Laws

Declaring that the "police have better things to do than arrest merchants doing business on Sundays," Democratic Assembly candidate Richard M. Naness today called for the repeal of New York State's blue laws.

Naness, who is challenging conservative Lewis J. Yevoli for the Democratic nomination from the Tenth Assembly District, said that any repeal of the blue laws "must be accompanied with measures to permit any worker who doesn't want to work on Sunday to have the day off without penalty."

"What right does the state government have to tell us that we can't purchase certain items on Sundays?" Naness demanded. "And what right does Albany have to tell a storekeeper that he can't open for business any day he wants to?"

Naness added, "What about those people who can't shop during the week because of their jobs, and observe their day of rest on Saturday. Are they to be unable to make necessary purchases because the state has decided to be our Big Brother and dictate when we must rest and how we must rest?"

"People moved out to the suburbs to escape city crime and found out that the crime moved out here, too. So why aren't the police patrolling our neighborhoods instead of enforcing legislation that clearly violates human rights?"

Senior Citizen's Summer Finale

Nassau's Senior Citizens will get together Friday, August 30, at Nassau Beach Park for a "Grand Finale" to top off a busy summer season of recreational activity.

The event will feature an exhibition of work done in Senior Citizen painting and ceramic classes. The Senior Citizens Orchestra will play for the

dancing and listening pleasure of the participants.

The summer finale, presented by the Senior Citizen Unit of the Nassau County Department of Recreation and Parks, will be held from 10 a.m. to 4 p.m., rain or shine, at the East Terrace. The park is located on Lido Boulevard in Lido.

Around Town

Congratulations to Jeremiah and Joyce D'Amura of Massapequa on the birth of twins sons, Michael Allen and David Jeremiah, born August 13 at Mid Island Hospital. Proud grandmother is Mrs. Irene D'Amura, 15 South Elm St., Hicksville. Hope you're feeling better, Irene.

She's at home recuperating from surgery at Nassau Hospital.

Former old-timers from Hicksville, Fred and Helen Kraemer (Kraemer Soda and Beer Distributors) send greetings to all their friends and neighbors from their home in Florida.

New Phone Directories Out

The new 1974-1975 Nassau telephone directories, now being delivered countywide, contain tips for getting the most out of one's telephone service.

The White Pages directory has 20 pages of helpful information on telephone usage.

New this year is a "consumer tips" section, which spells out ways callers can save money simply by knowing the different rates charged and the bargain calling periods available.

For instance, anyone planning to move should know about New York Telephone's money-saving "Take and Save" plan, which

provides a credit when a customer takes his phones (except wall of key sets) with him to his new address.

Among other tips are how to keep track of message units, which determine the cost of a phone call, and how to save on holiday calls, when lower rates are in effect.

Examples of bargain calling rates are included in the "consumer tips" section. For instance, there's information on the new low-cost one-minute station-to-station direct dialed calls, in effect from 11 p.m. to 8 a.m. every day.

This year's Yellow Pages directory, being delivered at the same time, carries a handy listing of all New York Telephone business office numbers for customer convenience.

Studies conducted by the company show that about 75 percent of all calls to directory assistance (411) are for numbers already in the directory. As a result, New York Telephone suggests customers check their directories first—the odds are the number they want will be listed.

As always, all directory delivery personnel will show their identification on request.

Tours of Pollution Control Plant Available

Public Works Commissioner H. John Plock, Jr. today announced that guided tours of the Wantagh Water Pollution Control Plant will be available to individuals after September 1 without advance reservation. The tours will begin at 1:30 PM on Tuesdays, Wednesdays and Thursdays. They take approxi-

mately one hour.

"Many individuals have expressed a desire to tour the Wantagh Plant and we wish to accommodate them", Plock said. "It is a highly modern facility that should be of interest to anyone concerned with protection of our environment."

Group tours continue to be

available through arrangement with the office of Deputy Commissioner James S. Gillen, 1 West Street, Mineola.

The entrance to the Wantagh Plant is located on the south side of Merrick Road a half-mile east of the Wantagh State Parkway. Parking space for visitors is clearly marked.

Town Board Approves Appointments to Senior Citizen Advisory Council

The Town Board has approved the appointment of a new member of the Town Senior Citizens Advisory Council and the reappointment of four members to terms expiring in October, 1976.

Appointed was Mrs. Joan Davidson of Syosset. An interior decorator, Mrs. Davidson received her Bachelor's and Master's Degrees from Queens College. She has been a resident of Syosset for 12 years and is active on the Syosset Board of Education and the Advisory Board of Syosset Community Against Narcotics (SCAN). Her past involvements include President of the Syosset Parent

Teacher Council and President of the Thompson Junior High School and A.P. Willets Elementary School Parent Teacher Associations.

Reappointed were Mrs. Bernadette Monnier, Assistant Director of the Plainview-Old Bethpage Library; Reverend John C. Hirsch of the Church of the Good Shepherd of Plainview; Dr. John Dowling, Commissioner of the Nassau County Board of Health and James McKague, past consultant on recreation services to the aging for Catholic

Charities.

Other members of the advisory council include: Linwood V. Bullock, Walter G. Eichler, Joyce Kaufman, Cornelius F. Ryan, Stanley Drupieski, Stanley Eddison, Rabbi Kenneth D. Poplack and Rev. D.K. Cianella.

The prime function of the Council is to help senior citizens with problems ranging from transportation to medical care to consumer information. The council also suggests ways senior citizens might put their time to productive use.

Paul Rossi Joins TOD

Mr. Don Rienzo, president of T.O.D. Manufacturing Company, Inc. announced the appointment of Mr. Paul Rossi as Vice President of Finance.

T.O.D. Manufacturing Co. Inc. of Hicksville is a wholly owned subsidiary of Transleisure Corporation. The company is the largest supplier of fishing rod components in the world. They are also engaged in contract manufacturing and are suppliers of metal finishing services to the tri-state sector.

Prior to his appointment with T.O.D., Mr. Rossi was employed, for the past five years, by Ernst

and Ernst, Certified Public Accountants, in the position of Supervisor.

Mr. Rossi is a resident of Levittown, and is a graduate of Hofstra University where he received his BBA in public accounting in 1968. He received his MBA in 1973 from the same institution. Mr. Rossi became a Certified Public Accountant in 1971. He is a member of the American Institute of Public Accountants, the N.Y. State Society of Certified Public Accountants and the Beta Gamma Sigma National Honorary Management Society.

Hicksville Soccer Club Registration

Registrations for the upcoming Hicksville American Soccer year-'74-'75, will be taken for ALL participants on Sept. 14 and Sept. 21, from 10 A.M. to 5 P.M. at the Hicksville Public Library. Fees are \$15 for the first child, and \$5 for each additional child, to a family maximum of \$25. The minimum age for eligible registrants is 6 years before Jan. 1, 1975 and the maximum is 13 years before that date.

Girls who were born after Jan. 1, 1963 are eligible, may register and try-out for H.A.S.C. Traveling Teams. No fees will be collected for girls registration until she is accepted on a traveling team.

In the event that girl's registration indicates exceptional interest by the community, the possibility of girl's intramural play will be explored. Again, no fees until specified further.

Registrations for Junior High and Senior High Team players will be held upon completion of their school seasons.

The phenomenal growth and success of the Hicksville

American Soccer Club in competition and in providing almost year-round athletic opportunity for the community, prompts the request for volunteers to offer their services as coaches and referees. Call Pres. R. Fremgen-433-2703.

Recently, the international competition in Ontario Canada, three of Hicksville American Traveling Teams, the Juveniles, coached by Peter Collins, the Boys, coached by Pat McHugh and Bill Cresham and the Mosquitos, coached by Joe Sanna and Mike Sini represented the Club and the community proudly by establishing a record of 5 wins, 1 tie and 3 losses. The teams competed with representatives from various parts of Canada, New Jersey, Pennsylvania, and Missouri.

Closer to home this past weekend, a fourth Traveling Team, The Bantams (under Tony Camara) defeated Northport in a real thriller. They overcame a half-time deficit of 2-0 to come from behind and win 4-2.

New Arts Council Seeks Teachers

The recently formed Greater Westbury Council (G.W.A.C.) is opening a drive this week for teachers—men, women, and teenagers—who are qualified to lead courses in pottery, music (voice and instrumental), yoga, ballet and modern dance, Dalcroze eurhythmics, puppetry, painting, photography, improvisational theater, and subjects in the multi-arts workshops. Teachers will be paid on the basis of their qualifications.

Kayla Kazahn Zalk of Westbury, who heads the G.W.A.C. board of directors, said that professional teacher certification is not a prerequisite for the teachers being sought. "Far more important," Ms. Zalk emphasized, "is knowledge of the subject taught and the ability to work with students of any age. In many cases," she continued, "G.W.A.C.'s courses will include young children, teens, adults, and senior citizens side by side. This means we need teachers who can not only communicate skills but who can also convey their own sense of enjoyment and their enthusiasm about their art form."

People qualified to teach the courses mentioned above, or who would like to offer courses not mentioned, are invited to call Ms. Zalk at 334-5148 or Judy Oberman at 334-5949. Or send a resume and an introductory letter indicating your approach to the material, to: Greater Westbury Arts Council, Inc., 454 Rockland St., Westbury, N.Y. 11590.

Tobay Ice Hockey Programs Announced

Oyster Bay Town Councilman Gregory W. Carman announced that the ninth ice hockey season in the Town will be getting under way in September with registration for the Evening Recreation League.

"Ice hockey is one of the fastest and most exciting sports ever conceived," Carman commented. "And the Town of Oyster Bay Parks and Recreation Department has a program that

has kept up with the growing interest in the sport."

Registration for the Evening Recreation League will be held simultaneously at both Syosset and Massapequa rinks, on September 7 and 14 from 10 A.M. to Noon. The registration fee of \$20 is payable by check made out to "Town of Oyster Bay Hockey". All participants should bring \$1.00 in cash for the American Hockey Association registration fee.

Hicksville Bookmobile

The Hicksville Public Library Bookmobile schedule for September through June 1975 has been revised in order to service the community more efficient. Go over the new schedule carefully to acquaint yourself with the stop nearest your home.

After much planning and consideration, this schedule was made to serve parts of the community that heretofore have never had bookmobile services. We hope that the new schedule will give more people the use of the Library Bookmobile.

The Library observes the following holidays: New Year's

County Hockey Clinics

Youngsters from 7 through 18 are now being signed up for hockey clinics at the Nassau County Arena in Long Beach. Teams will be organized after a number of clinic sessions by age group and skill.

Nassau County Arena players will be known as the Southern Division; however, any Nassau County youngster may join the clinic and play on the teams.

Young hockey players can buy discount books for \$5 entitling them to 20 sessions of either clinic attendance or regular ice skating. Skaters who wish to participate in clinic training and subsequent team play must have a Leisure Pass and bring hockey sticks and safety gear—helmet,

pads and gloves—to every session.

Youngsters who enter the program will have the thrill of playing hockey in a 200 x 85 foot skating arena which will soon be used by the New York Rangers for practice sessions.

Following is the schedule of hockey clinics to be conducted by the Nassau County Department of Recreation and Parks for the month of September:

The Nassau County arena is located at the north end of Magnolia Boulevard just off Leisures Channel. Leisure passes are required of participants 10 years of age and older.
