'Concerned Citizens' Continue Fight Against Discotheque

"Keep those letters coming!" This was the plea of the Concerned Citizens of Hicksville to residents during a meeting at Dutch Lane school on December 2. The meeting, attended by over 150 people, was called to appraise local residents of the Towns efforts with regard to preventing Oak Beach Inn (O.B.I.) from opening a discotheque on Levittown Parkway.

Representing the Town were Councilman Warren Doolittle and Deputy Town Supervisor Owen Walsh. They explained why Judge L. Kingsley Smith lifted the Temporary Injunction the Town had obtained earlier. His decision was on a procedural point and is only a minor setback. The Town is pushing on for a speedy trial to determine the merits of their case. They hope the case will be heard this month, and that they will be successful in their efforts. Councilman Doolittle and Deputy Supervisor Walsh also explained the Town moratorium on new bars, restaurants, discotheques, etc. for 90 days so that the zone F & G ordinances can be looked at and revised if necessary.

Chairman of the Concerned Citizens, Jack Drutman, explained how letters to the S.L.A. have stalled the granting of a liquor license. The S.L.A. which normally has one member decide on the merits of a license application has elected in this case to have the full 5 member board do so. They have also directed the A.B.C. (Alcohol & Beverage Control) in Mineola to furnish them with additional information and re-evaluation.

Lawrence Wolfson, Community Liaison Chairman, explained how various community and religious groups have written letters to the S.L.A. and town Board on behalf of the Committee.

Joe Pieper, Town Board Liaison Chairman, told us that the Town and its attorneys are keeping the Hicksville Concerned Citizens fully cognizant of developments in this case.

The Concerned Citizens of Hicksville emphasized that the battle is still in progress and letters from the public and town groups does have impact. Write TO:

Supervisor John Burke, Town of Oyster Bay, Town Hall, Oyster Bay, N.Y.

(TOP) IMPROMPTU CONFRONTATION between leaders of Concerned Citizens of Hicksville and Oak Beach Inn part-owner Bob Matherson (2nd right) came about during a tour of the now-renovating 400-600 capacity discotheque on Levittown Parkway near Stewart Avenue by this newspaper's reporter/photographer Janet Gossnell. Matherson said that all but one of the four other OBI's had met community opposition, and that the Hicksville OBI is not affected by the Town's moratorium on discotheque applications since all permits were obtained before it went into effect. In photo, from left: Philip Concerino, OBI West Manager; Mrs. Joan Jones; Matherson; and Mrs. Claire Ainsworth. "They're very nice fellows, but this is just NOT the place for a discotheque," said Mrs. Jones, recording secretary of Concerned Citizens of Hicksville.

(BOTTOM) "THAT'S NOT OUR GARBAGE," said Matherson, indicating an overflowing dumpster nearby. Adjacent residents evidently use it as a dumping ground for old mattresses, leaves, bedspreads, and other cast-outs, he said, adding that it is emptied once a week.

Your letter should concern itself with Oak Beach Inn's proximity to local schools, Levittown Hall, Town Pool; the envisioned parking space problem; the

nuisance of the previous Sherwood Bar; the residential nature of the neighborhood; and the zoning F for small neighborhood business.

Write to Concerned Citizens at 73 Abbott Lane if you have time or talent you can volunteer.

The Board of Appeals, which meets every Thursday at 8 PM in the hearing room of Town Hall, considers requests for variances from the Town's building and zoning ordinances.

property on Twin Lawns Avenue, Hicksville.

Vehement community protest was raised at a day-evening public hearing on June 25th.

The petitioners sought the

rezoning of two lots adjacent to their nursery business and stationery store on the corner of Bethpage Road for the purpose of making a parking lot.

Plainview - Old Bethpage High School News

On November 26th fourteen members of the Plainview High School Community Services Club went to Daleview Nursing Home in Farmingdale to perform for approximately fifty residents of the home. With the aid of Linda Richards' talent on the guitar, the club sang over twenty songs, including two Christmas parodies. At the end of the singing refreshments were served.

This was the club's third community trip.

The Community Services Club is participating in Newsday's Adopt a Family and is sponsoring six orphaned boys. The Club is requesting each student and faculty member to donate only ten cents in order to raise the \$150.00 needed to provide funds for the boys to spend the Christmas holidays with their grandparents.

Throughout the year college representatives visit our school to present information to our students. During December we will be visited by representatives from Dowling College, Milwaukee School of Engineering, Polytechnic Institute of New York, Elmira College, Long Island University, US Merchant Marine Academy.

Supervisors Meeting Report

Police Out "En Masse"

BY JANET GOSNELL

The Board room at the Supervisors meeting was strictly SRO on Monday, with the crowd spilling out into the anterooms. The multitude represented Nassau County's finest, the boys in blue came in support of their commissioner, Louis Frank, who, they heard was about to turn in a requested resignation. Speaking in their behalf were both incoming and outgoing presidents of the Nassau County Patrolmen's Benevolent Assn., Dave Greenwald and Cliff Schmitt, respectively; as well as the

president of the New York City PBA and others.

The impetus for the reports, which were rejected as unfounded rumors by County Executive Ralph Caso, was the search in October of the place of business and residence of a Roosevelt pharmacist. The police had been charged with brutality in the case, but were cleared later this Monday of any criminal charges by a Nassau County grand jury.

Office of Volunteer Services Suggest Party Calendar

With the holidays just around the corner, a festive air prevails and many charitable service and fraternal organizations plan holiday parties for the needy, the hospitalized, old and the young.

It's a wonderful thing to remember the less fortunate at holiday time," said Mrs. Phi Fleer, administrator of the Nassau County Office of Volunteer Services. "There are, however, about 11 months between Christmas and Thanksgiving. Those are long, cheerless months for many people.

"Because of this situation, I have suggested to County Executive Ralph G. Caso that my office establish a year 'round party calendar to try to fill some of those non-festive days in the year."

Needed at the moment are suitable holiday gifts for needy children and generous people willing to adopt a family for a day

through Social Services department.

Mrs. Fleer said her volunteers would serve as coordinators for those who need cheering-up and those who would do the cheering-up.

"A few holiday volunteers have already come forward with offers to do things for people," she said. "There's a group of 17 Valley Stream housewives who plan a Christmas cookie bake-in to provide cookies for needy children and the elderly.

"Three Girl Scout troops have offered to give holiday parties for needy children. More such offers will be received. As in the past, my office will be in contact with the Nassau County Social Services Department, the A. Holly Patterson Home, hospitals and other agencies, so that these offers can be accepted.

"There are years when offers of such parties exceed recipients for them. A wonderful lady at the Patterson Home told me she was

exhausted last Christmas because of the round of Christmas parties and entertainments. "Too bad we couldn't save some for next month or Valentine's Day she told me."

A party as indicated in Mrs. Fleer's party calendar idea need not be anything more elaborate than cookies and iced tea.

"It would be great if Valentine's Day, Columbus Day, the first day of Spring, Easter, or just an ordinary day could be marked by some festivities for people out of the mainstream," she said.

"For very many, it isn't the refreshments or the holly wreaths, but the visit of a friendly people, that makes for a memorable day."

People or groups interested in giving parties and organizations in need of parties should call Phi Fleer at the Nassau County Office of Volunteer Services at 535-3897 and help get a year 'round Party Calendar started.

Official Christmas Tree Dedication at Eisenhower

Shine up those jingle bells and join the festivities at Nassau County's official Christmas tree dedication in Eisenhower Park on Wednesday, December 18, from 4 to 5 p.m. (raindate, December 19).

Santa Claus will attend the ceremony in a horse-drawn sleigh, with county Executive Ralph G. Caso at his side. Local girl scout troops will turn out to trim trees and Unioandale's Lawrence Road Junior High School Chorus will fill the air with holiday song. Santa will have candy canes for the kiddies.

The event, presented annually by the County's Department of Recreation and Parks, will take

place in an area adjacent to parking field No. 7. Caso has extended an open invitation to all county residents for the ceremony.

Holiday ceremonies are also planned for several other county parks, with Girl Scout troops and others trimming the trees and caroling.

At Nassau Beach Park in Lido, on Friday, December 13, from 1 to 3 p.m., the tree for senior citizens will be decorated by children from the Long Beach Headstart program, who will also do the caroling. Also at Nassau Beach, Santa will trot in on horseback on two other days: Wednesday, December 18, at 1 pm for senior citizens, and

Saturday, December 21, at the same hour for the children. Both groups are invited to tell Santa what they'd like for Christmas.

Other parks are planning Christmas tree trimmings on Saturday, December 14, or Sunday, December 15, but scheduling has not yet been finalized. For the exact date and time, the public is asked to check with the individual parks. Participating are: Oak Meadow Park in Freeport, Inwood Park, Wantagh Park, Christopher Morley Park in Roslyn-North Hills, Bay Park in East Rockaway, North Woodmere Park, Grant Park in Hewlett, and the Nassau County Arena in Long Beach.

Dear Friends:

COMMUNITY COOPERATION was certainly displayed most effectively when members of the Plainview PTA Ecological Committee joined with the Plainview Rotary Club and the Beautification Committee of the Greater Plainview Community Association, plus many members of the local faculty and student body, to plant 200 bulbs at the Pasadena and Parkway Schools, last month. Great work.

WHILE BACK AT THE RANCH...at the Town of Oyster Bay Public Information Office, the town's public information officer Don Kehoe has resigned to accept the position of director of press and community relations and advertising for the Nassau Off-Track Betting Corp. whose Headquarters will be in Hempstead. Don, who is well known for the excellent job he has done while employed by the TOB, has our best wishes for continued success in his new position.

WE ARE HAPPY TO SAY THAT there will not be an OTB Office in the Woodbury Road, South Oyster Bay Road Shopping Center, as originally planned. As leases are presently being negotiated it is not possible to reveal all Nassau OTB locations planned for 1975. However, as soon as possible we will bring you specifics on this new County operation. We can tell you this, OTB Director Mr. Easa told us that at no time does his Commission wish to locate where residents are opposed. Many hard-hit small shopping centers are anxious to bring more traffic into their business areas, so, if one area does not seem satisfactory, another will be chosen. Mr. Easa also told us that for those who pass the initial aptitude test, there will be part-time work, of four-hour shifts, and flexible days on and off, so that the opening of these betting parlors will be of help to those looking for this kind of employment. As to what will be brought into the County coffers Mr. Easa said that no one could assess this with any accuracy for the first year. However, after that, the County general fund will receive a large percentage of the monies received. More on this as the project progresses in 1975.

IT IS TO BE HOPED THAT democrats and republicans alike, on all levels, recognize the fact that the tax-paying voter has just about had it. The democrats had better send this message loud and clear to our democratic-controlled Congress...and the Republicans also, to those on the County and State levels wherever they have power which has been entrusted to them by the voters, would be well advised to do the same. In our opinion, the individual taxpayer wants to cooperate with the "only spend sensibly and save wherever possible", line which we hear on all sides. But in these critical times, our elected officials on both sides of the aisle, should LEAD THE WAY by their personal example...then, and only then, will the overburdened taxpayer be willing to do the same. We respect much that has been accomplished with wise spending in the past...right now, we'd like to see some wise saying...and wise "holding the line", and that's the truth.

Dear Editor:

I was pleased to read in last week's Herald that our new Congressman, Jerome Ambro, has set aside virtually the entire day on Saturday, December 14 for an "open forum" to give the citizens of his District a chance to express their views, and help him to formulate his position, on the vital issues that will face him in Washington.

We all spend a good deal of time talking about the problems of our country and what should be done about them. Now we have a chance to give a purposeful

direction to that talk!

On behalf of the Greater Plainview Community Association, I urge the people of Plainview to come to Bethpage High School on December 14 (from 10 AM to 5 PM) and take this opportunity to give Congressman-Elect Ambro the benefit of our views.

Let's make sure Plainview's voice is heard in Washington!

Very truly yours,
Michael Polansky
Secretary,

To the Editor:

I often wondered why Hicksville, with such history and potential, looked so much like a disaster area! Your recent series by Mr. Lawrence Scalera helps to clarify the issue and is fascinating reading.

My husband and I support his recommendation of building apartments in the Hicksville Triangle and hope others have been encouraged by Mr. Scalera's forceful writing. Thank you for publishing these articles.

Yours faithfully,

Our Chamber of Commerce Fights For Hicksville's Future

BY LAWRENCE M. SCALERA, A.I.A.

G - I Zoning

An interesting idea put forth by the Nassau County Planning Commission in its proposal for the rezoning of Hicksville was presented to the Oyster Bay Town Board about five years ago. This was the concept of MULTI-USE BUILDINGS. The idea was to maximize construction while minimizing parking areas. The developer would be permitted a bonus of three extra floors with no additional parking required provided he devote those three additional floors to luxury apartments. The ground floor of the building would be for Retail uses, the next four floors would be designed for offices and with them, and, at night, the top three floors parking spaces for the devoted to luxury apartment offices would be empty.

Thus a dual use of these spaces is afforded.

Raymond, Parish and Pine, the planning consultants for the Town of Oyster Bay stated "there is merit in this approach to land development", but felt the required rents would be "considerably in excess of that which apartments in Hicksville could possibly be expected to command". In our opinion this kind of dogmatic approach is what results in stagnation. To state in 1971 that an idea such as Multi-Use would not work at any time in Hicksville because the rents would be too high is to play God. Who else can predict the future with such certainty? Our

That's Lots Of Bread!

Over \$11,000 has already come into March of Dimes Headquarters from the County-wide Bread Sale launched this past weekend, in some 40 participating towns in Nassau County. Hundreds of volunteers visited neighbors in their towns offering loaves of bread for Thanksgiving stuffing and a Family Medical Record in exchange for donations to the March of Dimes.

Loaves sold, "bread" counted, some 300 volunteers celebrated a successful '74 Bread Sale at the Ice Cream Jamboree at Nassau Community College. Chairmen

and their top volunteers were rewarded Sunday night at the Jamboree. Treated to folk rock music of "Friends," all the ice cream they could eat, donated by Friendly's, volunteers were able to hear their towns' returns as they came in, announced over WGBB radio by Gil David, reporting from the scene of the Jamboree.

All that bread really raised a lot of dough for the March of Dimes in its fight against birth defects.

Jeff Feldman of Plainview and Debbie Sudok of Old Bethpage, were Chairmen for their area.

JUNIORS WIN

On Saturday November 30th, the St. Ignatius Juniors played 2:2 Notre Dame team from New Hyde Park. This game was a must for the Notre Dame team. A win by Notre Dame meant a tie and a win by St. Ignatius meant the Championship in the Northern Section of Nassau County CYO Soccer League. Scoring for the St. Ignatius Juniors was C. Calahan and J. Willis. Defense for the Juniors was outstanding. The win gave the Juniors an 11-0 record for the season. Helping the team to their 11-0 record was their outstanding goalie Keith 8 shutouts to his credit. Coach Rich Howe and assistant coach P. Harkins are well pleased with the overall play of the team. The next step for the Juniors will be the playoffs against the winner of the Southern Section of Nassau for the County Championship.

MIDGETS WIN

The St. Ignatius Midgets (2nd & 3rd grade) lead by coaches Oliver Bell and Jack McCann ended an outstanding season with a record of 10 wins and 0 losses; thereby,

CYO Sports

becoming the Champs of their section of the Nassau CYO Midget Division. To pick out an outstanding player for the Midgets would be very difficult since the coaches feel that every player on the team was outstanding. Mr. Bell and the other coaches find that their season was outstanding due to the enthusiasm of the CYO Cheerleaders regardless of weather conditions.

INTERMEDIATES

The St. Ignatius Intermediates coached by Jerry Cullen and assisted by Peter Collins finished their season in 2nd place. The coaches were well pleased with the outstanding play of their team. Sincere thanks to all the fans who came out to give them the morale support they needed.

APPOLLOS

The St. Ignatius Appollos completed a very successful season with a record of 8 wins and 0 losses. They too finished in first place in their division of the CYO Soccer and have a chance to play in the Nassau Championship. Mr. Charlie Muse and Mr. Pat

McHugh feel that all members of the team could be considered "All Stars".

Congratulations to all the coaches for a tremendous season. Congratulations to all the boys who played their best. Good luck to all those involved in the upcoming playoffs.

How To Save!

When Nassau drivers use their cars less, they save two ways, a County survey shows.

"The first saving is obvious," said County Executive Ralph G. Caso. "Drive less and you have to go to the gas pump fewer times." The other saving, according to a survey by the Nassau County Bureau of Energy Conservation, is in price.

"When there is less demand for gasoline, the price drops. At times of peak demand, the price has been at its highest," Caso said.

Each month since March, the Energy Bureau, directed by General Services Commissioner Francis E. O'Connor, has surveyed 1,200 gas station operators throughout the county. The station operators are asked about fuel supplies, price - per - gallon, the amounts of gasoline sold per day and other data.

These figures are used by the bureau to keep track of supplies available to the public and determine trends.

Charts on gas prices and sales volume were begun by the bureau starting with last March, when the countywide average of gallons - per - day sales was 1,660. The average price for the regular fuel was 54 cents per gallon.

In April, the sales volume was about the same - 1,607 gallons and the price was 54.8 cents.

The next month - May - sales rose to 1,782 and the price jumped with it, to 56.6 cents - per - gallon.

In June, the high point in cost was reached, when sales volume touched 1,841 gallons and the price was 58.9 cents.

In July, the peak sales month, sales hit 1,966 gallons - per - day and the price was 57.7 cents - a - gallon.

August saw volume fall to 1,741 gallons with a drop in price to 56.9.

In September, the price fell away to 56.6 cents, while the volume also was reduced to 1,648 gallons.

In October, the price was down to 54.1 cents - a - gallon and

Hicksville Soccer Club News

The results of the First Annual Ralph Caso Tournament established the position of the Hicksville American Soccer Club as the outstanding team in Nassau County.

The Hicksville Team roared thru the tournament, undefeated. Their toughest game came in the semi-finals when they squeaked out a 2-1 victory over Massapequa Park. Later in the finals they demolished the best team that Garden City produced. Coach Michael Sini has produced a powerful team that has achieved the respect of all Nassau County. This team will probably be top-selected in the upcoming winter indoor tournaments around Long Island.

The success of the First Annual John Burke and Ralph Caso Tournaments will hopefully guarantee the continued existence of these tournaments. This endorsement of the swelling popularity of soccer has helped to establish the sport as one of the major athletic activities in Nassau County.

Recent intramural developments include: The Midget Penn team took S. Carolina 2-1 on scores by B. Schuck, assisted by W. Probst; and W. Verhagen scored on an assist by A. Greenberg. The entire Penn team, particularly G. Geigle, G. Marco, J. Morrisroe, S. Thompson, and M. DePinto provided the

winning effort. F. Schnur scored for S. Carolina on an assist from D. Burke. Supporting play by V. Christiano, C. Habersaat and B. Garvey kept the team in contention to the final whistle.

Later in the week, S. Carolina lost another game to N.J. 5-1. This time G. Gitlin scored the single goal, again on an assist by D. Burke and C. Habersaat, while M. Lagnies, J. Frattini and goalkeeper J. Rubins maintained the defense.

N. Jersey's M. Sini put in a "hat trick" (3) while A. Pepi and M. Adrio each scored 1. Defensive work capably handled by D. Ench, H. Meltzer, M. Lozito, R. Pierce and A. Strickland.

The squeaker of the week was between N. Carolina & N. York. The only score was a combined effort by N. Storms & J. Swakata for N.C. The winning pressure was provided by C. Bortkus, W. Cheslock, D. Galloway, P. Copp & W. Burke, while S. Tandy at goal energetically maintained the shut-out. The disappointed N.Y. squad had expected the heroic efforts of T. Lewis, R. Bell, J. Davidson, K. Jung & L. Moore to produce a victory.

In their next game N.Y. lost to S.C. 2-0. F. Cunningham and J. Rubins both scored on assists by C. Habersaat for S.C. The defensive line of V. Christiano, M. Lagnies & J. Frattini kept the ball in scoring position. F.

Schnur also helped put the ball into position for scoring. Meanwhile T. Lewis, L. Moore & K. Jung kept the action going for N.Y.

In the Boys Division Kentucky defeated Vermont 2-0. S. Borg & D. Cleary scored for Ky. as E. Thompson, R. Steveling, T. Devlin & J. Garvey kept the ball up from their defensive positions for M. Meyers at C.F. to bring the ball up into scoring position. The defensive efforts of Vermont's J. Mejia, D. Chow, D. Bortwick, B. Drier, S. Perkins, M. Singer, & P. Rubins kept this team in the game.

Later, R.I. rolled over Virginia 6-1. T. Handshuh scored 4 and W. Bauman & C. Fiscolare each scored one. The assists came from G. Gates, P. Heller, St. Stafford & K. Cunningham while F. York, N. Stafford & J. Stafford did outstanding work. In spite of valiant efforts by A. Menzin, P. Bedell, J. Morga, J. Silbergleit, M. Murray, P. Weisberger, J. Petril, O. Malmad & A. trafficante the Virginia team couldn't quite "put it together".

In the late game of the day, Penn. lost a close one to N.J. 2-1. M. Sini and A. Pepi scored for the winners while being helped along by M. Acevedo, R. Pierce, M. Lozito, D. Ench, H. Meltzer & M. Adrio. For Penn., B. Schuck scored on an assist by M. DiPinto.

Fires, Accidents Make Busy Month For Hicksville Vamps

BY EX-CAPT. OWEN MAGEE

The Hicksville Fire Dept. reported a whopping total of 81 alarms received during the last 3 weeks Nov. 12 thru December 3rd. There were 14 needless malicious false alarms sounded, several of which came from the Alarm Box at Lee Ave. and Lawn Place. It clearly shows that this alarm box and many others in Hicksville are a hazard instead of a Safety Device. In a majority of the cases education by parents could have prevented these false alarms. At a time when money is tight, these false alarms are costing taxpayers money and as in the past, and possibly in the future these needless runs will result in an accident and a life may be lost. We hope it won't happen here, but the past record doesn't give much hope. False alarms are YOUR problem too... you could be the victim of the next false alarm.

The Fire Department also received 32 Rescue Calls and 35 Fire Calls. Hicksville Vamps responded to Plainview Fire Headquarters to Stand-By while Plainview Vamps fought a house fire. The Call was received on November 22 at 1:22 PM.

Charter Bus Overturns, Students Injured

A chartered Bus carrying students from North Babylon J.H.S. enroute to Washington D.C. went out of Control on the L.I.E. near Exit 41 Syosset. Some 45 Students were aboard. The Accident, which occurred on November 23 at about 5 AM, tied up the Expressway for hours. A broken front axle is suspected to be the cause.

Over 25 Police Cars plus several ambulances were on the scene within minutes. A pre-arranged Disaster Plan was ordered into action. The Nassau County Fire Communications Center in Mineola as a result called out 7 local Fire Departments. Rescue trucks and Ambulances from Syosset, Plainview, Jericho, Hicksville, Bethpage, So. Farmingdale, Farmingdale responded. The E-Norwich F.D. stood by in Syosset whose District the accident occurred in. The Melville F.D. Rescue unit sent in one Ambulance to stand-by in Plainview. Fire officials complained that too many rescue units were called in. There was no command Post were transported via Police Car instead of Ambulance to local hospitals. The Disaster Plan calls for Medical Technicians to check out each Victim and then ship them to Hospitals nearby. The most seriously injured would go first and would go to the nearest Hospital.

Fire Officials stated they would investigate what went wrong with the Disaster Plan and take action to prevent another over Reaction. It was fortunate that while the rescue units from the 7 Departments were caught in the jam up of Police units and traffic that they were not needed in their own Districts. 44 Victims were treated and released. Several others were held for treatment. One victim is in Critical condition at Syosset Hospital.

One Fire official said the operation would have been

High blood pressure doesn't hurt. It usually has no symptoms and its victims often don't know they have it. Undetected, it can lead to heart attack or stroke. See your doctor for a checkup. Help your heart. And give to the Heart Fund.

smoother if the local Fire Dept. (Syosset) had made requests for mutual aid as they needed them. This is the way it is done at major fires and every thing runs according to plan. In this case, we wish to point out the operation was not directed by the Syosset Fire Department. At this point it is still unclear who ordered the call up of the 9th Fire Battalion.

Car-Train Accident - Kills One
Hicksville Vamps responded to a Car-Train collision on November 28 at 1:18 AM at the New South Rd. grade crossing. A Car driven by Thomas J. Cuccaro 25, of 17 St. John Ave. Hicksville skidded and went through the gates which were down and was struck by an East Bound Passenger train. The Car was was dragged 100 yards down the tracks. The Victim was thrown from the wreckage, and killed instantly. There was no fire involved.

Shortly after a car with 4 youths struck a tree in front of 283 Jerusalem Ave. Hicksville Vamps were called at 3:35 AM. The injured were removed, treated and transported to the Hospital, 1 youth was reported in

critical condition.

House Fire
A Fire gutted 1 room, and damaged several others at 59 McAllister Ave. The Alarm came in on Nov. 27 at 3:08 PM. 7 Pieces of Apparatus, 40 men under Ast. Chief Roy Schaaf battled the fire and heavy smoke. The Fire was under control in 15 minutes. Damage was estimated at close to \$10,000.

A sudden storm on December 1, with high winds resulted in 4 alarms for Hicksville Vamps. One of the Alarms was a false alarm. Two calls were for burning Power Lines and one Oil Burner Fire.

Holiday Open House - Dec. 8
Ast. Chief James Huttie announced that the Annual Hicksville Fire Department Holiday Open House will be held Sunday December 8, 1974 between 2 and 5 PM. At the Main Fire House on East Marie St. just off Broadway. There will be Fire Safety, Fire Prevention, Rescue Squad Displays and Demonstrations. Santa will be on hand to greet the kids. Plainview Girl Wins Nat'l. 4-H Citizenship Scholarship

A New York State high school girl, who has been a leader in many civic activities although she is legally blind, has been named one of six national winners in the 4-H citizenship program.

Celeste Lopes, 16, of Helen Ave., Plainview, received a \$600 scholarship at the 53rd National 4-H Congress in Chicago, Dec. 1-5.

Her scholarship was donated by the National 4-H Service Committee. The six winners selected by the Cooperative Extension Service.

Miss Lopes, daughter of Viator

Celeste Lopes

and Enid Lopes, is a high school junior and plans a career as an educator or medical researcher.

The Nassau County girl led a campaign against re-zoning a site containing an old farm house for use as a new medical building. She gathered signatures from neighbors and then went to a shopping center to obtain more.

"Whoever said, 'You can't fight City Hall,' was wrong, because we won, and to this day there is no medical building on that site. The farm house that was to be torn down is now a church," said the seven-year 4-H'er.

Miss Lopes also had a major role in a campaign to continue a state drug prevention and rehabilitation program. She traveled to Albany, the state capital, to picket and meet with state assemblymen and senators from her area. The state program, which was in danger of having funds cut off, is still in existence.

The 4-H'er also has raised money for a number of charities, including cancer and muscular dystrophy fund drives. She assembled more than 100 collection boxes for UNICEF, the United Nations charity that helps children worldwide.

Miss Lopes said that one of her biggest thrills was being able to carry one of her school's flags in the 1974 Memorial Day parade in her community.

Her other 4-H projects have included home management, horticulture, safety and animal husbandry. She is a junior club leader.

Trinity Lutheran Players Presents Covenant Players

The Covenant Players, the largest Christian touring repertory drama company, will be appearing at the Mid Island Plaza Mall across from Gertz on Thursday, December 5th from 2:00-10:00 pm. The groups appearance is sponsored by Trinity Lutheran Church, 40 West Nicholas Street, Hicksville.

The Covenant Players were formed in 1963 and have given over 100,000 performances throughout the United States and overseas. Working out of Reseda, California, the 28 touring units of Covenant Players perform at churches, prisons, schools, civic organizations, military installations, or wherever there is a need.

Using satirical humor, the Covenant Player drama is designed to relate Christianity to the modern world. Their purpose is to

generate people into a more exciting, deep and purposeful dedication to the commitment they have already made — or begun.

The particular unit appearing at Mid Island Plaza is comprised of the unit leader, the Reverend Jim Krapf of Hazelton, Iowa, leading lady Sara Thornhill of Charleston, West Virginia, Mike Stowell of Santa Ana, California and Judi Sanderson of Calgary, Alberta, Canada.

Trinity Lutheran Church is happy to present the Covenant Players for the people of the Mid Island area. The members of Trinity feel that Christianity is not ancient history but current events. God is made relevant to man's needs today. The community is also invited to worship at Trinity. Sunday services are held at 8:30, 9:45, and 11:15 am.

UP THE DOWN ESCALATOR

You are in a department store, it's five minutes to closing, every second counts. You must make one more purchase on the top floor, so you rush to the escalator only to find yourself trying to go up the down escalator. Frustration sets in, your heart beat increases and under your breath you say a few choice words as you rush to the other side.

Another setting. Dinner is just about served. Some very special people are your guests. Candles are lighted, the food is on the table, and you've waited to the last possible minute to uncork the wine. You want the temperature to be perfect for your guests are connoisseurs of the grape. Down goes the corkscrew, you are careful, you begin to pull the cork out only to find it

disintegrating with pieces dropping back into the wine bottle.

The times that try men's souls are usually not the times they plan to have their souls tried. Trouble is never convenient. None of us would say, "Well, I feel great today, everything is going fine, I think it is a good time to have a little trouble in my life."

Yet to become sad or mad over these types of problems is to protest the very FABRIC of the world. It would make just as much sense to protest that water is wet, that snow is cold, and that studying is hard work. So, what else is new? Therefore react to the down escalator with a smile and walk to the other side.

In Christ we have the power to meet annoyance and problems both great and small with patience

and joy. God's power was released as the seal was broken on a borrowed tomb and later when tongues of fire danced on surprised disciples' heads.

Resurrection power. Pentecost power.

This power is available to us today. Patience and even a smile can be our response when the baby spits up all over her Sunday dress as we walk proudly into church with her. She is not the first baby who has messed up a dress nor will she be the last.

So you have problems and annoyances? - congratulations. Problems are part of being alive - they only leave with death. But remember, you also have Jesus Christ, therefore, there can be joy in all things.

Receives Military Citation

Lieutenant Commander John F. Anderson, SC, USN the son of Mr. and Mrs. Francis J. Anderson of East Street, HICKSVILLE received a military citation from Brigadier General E.F. Braucher, USA Commander of the Defense Industrial Supply Center (DISC) in Philadelphia, upon earning the First Oak Leaf Cluster to the Joint Service Commendation Medal at a recent ceremony.

DISC is a field activity of the Defense Supply Agency and procures vital industrial hardware for use by the Military Services throughout the world.

Commander Anderson has been assigned to DISC since 1971. He is now being transferred to the Navy Postgraduate School in Monterey, California.

His medal was awarded for meritorious service while serving as DISC Executive Officer and as Chief of an Inventory Management Branch in the Directorate of Supply Operations. The citation that accompanied his award noted that "His exceptional understanding of the many facets of military and civilian personnel administration, his expertise in inventory management, and his direct personal contributions to the successful conversion of DISC to the Standard Automated

Material Management System substantially contributed to the Defense Supply Agency success."

volume was down to 1,571 gallons. The October sales and cost were virtually back at the March levels.

"It is plain to see, the oil companies are reaping a harvest of profit at those times of year when people use their cars most, during summer vacation and leisure time," Case said.

"The survey shows the best way to save money is by using your car only for essentials. It's a matter of less use, lower cost."

Plainview - Old Bethpage High Sports News

BY MARK SILVERSTEIN

For Plainview Gull Basketball Coach Jim Amen this season will be very different from those in the past. No longer will the Gulls have a dominating player like they did with Vinny Aversano and Steve Tipa. This year, and very possibly for the next three years, the Gulls will be a team, not a one-man show. Sharp shooting Jerry Zanfardino will team up with junior "sensations" Gary Catania and Brian Sullivan for what hopes to be a winning season.

In early September I talked with Coach Amen about this coming season and he told me that the Gulls should do much better than last year even though 1,000 point scorer Steve Tipa and Steve Samuels have graduated. Last year the Gulls didn't play as a team-Tipa controlled the ball and the game. This season there will be balanced scoring which should help their defense.

There hasn't been much disappointing season that our Football team had. However, the Basketball team has played 2 scrimmages and they won one and lost one. Here's the schedule for the last 7 scrimmages:

- Dec. 5 Thurs. Manhasset Home 4:00
- Dec. 6 Fri. Clarke Away 4:00
- Dec. 9 Mon. Wyandanch Home 4:00
- Dec. 11 Wed. Lynbrook, Away 4:00
- Dec. 12 Thurs. Massapequa, Away 4:00
- Dec. 14 Sat. Locust Valley, Home, 10:00
- Dec. 16 Mon. Oyster BAY, Home 4:00

Black Artists Exhibit

Recent works by members of the Black Artists Association are now being featured in the art gallery section of the Black History Museum in Hempstead. The exhibit will run through January 15.

The Association, which draws its membership from the Long Island - New York City area, was founded in 1968 by four Nassau County residents, Ernest Snell, James C. Counts, Ray Miles, and Charles L. Winslow.

Barbara V. Powell, who serves as president, explains that the organization was prompted by "the realization that many trained and semi-trained artists with similar needs existed. The purpose was to exchange ideas, techniques and information through periodic interaction."

Paintings, sculpture, graphics, and multi-media constructions are included in the current exhibit, in which 15 Association members are showing from one to three new works.

The Black History Museum is a facility of the Nassau County Department of Recreation and Parks. The art gallery section presents a program of changing exhibits designed to emphasize the achievements of contemporary black artists of the Long Island Region.

The museum is located at 106 North Main Street, Hempstead and is open Monday through Saturday from 9 am to 5 pm. Admission is free.

CHAMBER OF COMMERCE (Continued from Page 5)

country is still a Free Enterprise System and the law of Supply and Demand still prevails. Zoning permitting the type of Multi-Use outlined above would give the developer a bonus of over 35 percent more floor space without providing more parking area provided the extra space is used for luxury apartments. It would depend on Demand how many are supplied. He would not have to build them if he felt they would not rent.

The G-I Zone now requires that all plans be approved by the Planning Advisory Board (PAB) of the Town Board. Section 499 of the ordinance outlines the procedure required for a developer to obtain approval for his plans. He must hold conferences with the PAB, discussing the site plans, making changes and revisions until the plan is approved. After agreement the PAB submits the plan to the Town Board for approval. All this is good - except for the fact that, because of the unworkable law, every plan has parts of it at variance with the law, and even though approved by the PAB and the Town Board, it must then be submitted to the Board of Appeals for approval of the Variances. Lawyers must be hired, radius maps drawn up, applications filed and a hearing date obtained. Time marches on! But the Town Board approval is only good for 120 days. If the variance application is submitted at a busy time or during the summer vacation period or the Christmas Holiday season, the time could run out, and the application must be again resubmitted to the Town Board for approval. The point we are trying to make is that the mechanism is too cumbersome and too costly to work. And you were wondering why Central Hicksville is only puddles and weeds!

The Ordinance must be changed so that some of the Bureaucratic red tape is eliminated. When the Town Board approves the site plan after recommendation by the PAB - this should be the whole ball of wax. This approval should include any and all variances required and should make issuance of a Building Permit contingent ONLY upon conformance to the State Building Code. In other words, all items relating to Zoning should be part of this Town Board approval. This accomplishes a

number of things:

A) Cuts down on the time required for approval (or disapproval) and thus the cost of same. More developers will submit plans if answers are received in a short period of time. Time is money - options on land become costly, legal fees go up as the process stretches out and the hearings proliferate, etc.

B) Builds flexibility into the law. The plan recommended for approval by the PAB can be the solution for the particular site at a particular time to fill a particular need and not something predetermined in an ivory tower and confined by a rigid set of rules and regulations from which variances must be sought. Variances should be for the unusual situation - not the commonplace.

C) Gives the Planning Advisory Board more power to deal with new concepts - such as Multi-Use Buildings. An application for a Multi-Use Building can be examined from every aspect: size of plot, land coverage, size of building, number and size

of apartments, type of retail occupancy, amenities included (such as walk-through arcades, landscaping, elevated plazas, reflecting pools, etc.)

D) The PAB should then be composed of persons who would bring a particular talent or insight to the problem - a planner, a local businessman, an architect, an engineer, a representative from the building department, a member of the Town Attorneys Office, the local councilman, etc. Perhaps the PAB should be composed of a basic core with special members brought in to represent the specific area in which the project is located.

Some of you must have comments to make on this article and the ones which have preceded. We would like to hear from you. We would also like to hear from anyone interested in writing for or against. SUPERVISORS REPORT

(Continued from Page 2)

announced a meeting planned in regard to community relations by the Nassau County Police Department with Commissioner Frank and "whoever Commissioner Frank thinks should be present." Cliff Shmitt and the patrolmen, as evidenced by their cheers, thought the PBA ought to be represented.

Other Business

In other business, the Supervisors approved an additional capital expenditure of \$2,600,000 to finance the construction of a fire house in Mitchell Field, under the jurisdiction of the Uniondale Fire District. Upon completion, the firehouse will be leased to the Uniondale Fire Department for \$1. a year and will serve all the

present and planned facilities at Mitchell Field.

The supervisors also approved an expenditure of \$1,276,250. for reconstruction of an addition to the Nassau County Public General Hospital, and appropriated additional monies in the sum of \$26,207. to an occupational alcoholism program, reflecting a grant from the New York State Department of Mental Hygiene.

County Remap

Regarding the restructuring of the Nassau County government, a project faced presently by the supervisors following the rejection of their plan for reapportionment by the electorate in November, Richard Kessel, unsuccessful candidate for N.Y. State Senator

Melinda Sue Meade, a former resident of HICKSVILLE and the Valedictorian of Hicksville High's Class of '63, has received her Ph.D in Geography from the

(Democratic) from Merrick, gave his opinions.

He recommended that the new plan be set up by a non-partisan body selected for the purpose; that the new government be patterned after legislatures of Westchester and Suffolk; that such a legislature should consist of 15 members. Qualifications include a minimum age of 18 years and residency in the county of one year; in the district of 90 days. For legislators putting in a minimum of 1.5 working days, Kessel recommends a salary of \$12,000.

BRING IN A FRIEND... TAKE HOME A 19" COLOR TV

You can take home a **FREE GE 19"**
Color Television just by following these
simple rules...

Bring in a friend or relative who is not a mem-
ber of your household. Have that person open a
National Bank of North America Time Savings
Account (Supreme Savings Certificate) with a
\$10,000 deposit for 2½ years; or a \$5,000 de-
posit for 4 years.

The Supreme Savings Certificate pays 6% in-
terest per annum, which compounded daily,
gives a 6.18% effective annual yield. Interest
will be paid from day of deposit and can be
received either at Maturity, or Annually, Quar-

terly, or Monthly. All deposits are insured for up
to \$40,000 by FDIC. As a sponsor, you receive
the **FREE GE 19"** (measured diagonally) color
television. Your friend gets 6% interest per
annum.

Come in with your friend. Have that person
bring in his or her check or passbooks so that
we can arrange to transfer the funds from other
banks. The account may be opened individually,
in trust for another, jointly with another individ-
ual, or as a custody account for a minor.

Federal regulations permit the redemption of Time Savings Certificates
before maturity provided rate of interest on amount withdrawn is re-
duced to Supreme Passbook rate (currently 5%) and three months
interest is forfeited. However, such withdrawals prior to maturity can
be made only with the consent of the Bank. Funds transferred from
other North America offices are not eligible for TV sets. This program
may be terminated at any time at the option of the Bank.
